

80,000 CHILDREN INVADE FAIR GROUNDS

Continued From Page 1.

animation. The sun took the raw edge off the wind and blew from the lake and shook, played with the long trees on many a youthful head, for, if anything, the girls were in the majority.

It was an audience worth performing for. The youngsters were little inclined to be critical and were lavish of applause. The actors on the broad concrete stage caught the inspiration and did their best for the pleasure of the hugely-delighted kiddies, who cheered, whistled, clapped and expressed their pleasure with life in general and present-day circumstances in particular in a thousand ways peculiar to juvenile enthusiasm.

Besieged the Grand Stand.

Folk were lined up in the main entrance to the stand for an hour before the gates were opened and the waiting crowd rapidly grew and spread out fanwise to the roadway, forcing pedestrians to take a circuitous route to get by. When the vaudeville performance opened the grand stand was packed and there was a fair sprinkling of spectators on the lawn in front. But sightseers continued to pour thru in thousands, and when the great festival of empire began so many people had taken up their stand on the broad strip of lawn between the foot of the grand stand and the wire railing fence by the speed track that it was practically impossible to pass along the concrete walk from the western to the eastern entrance. It was a crowd such as one expects to see at a grand stand performance only on an exceptional day. The trouble this year is that the exhibition has started in with every day an exceptional one. The attendance on Tuesday was exceptional; yesterday it was even more so and the pace of progression into which affairs have settled since the Canadian National Exhibition is scheduled to smash in unrecognizable bits everything like the previous record.

Dr. Pyne the Speaker.

Hon. Dr. R. A. Pyne, Ontario's minister of education, responded to "Education: the toast of the day," at the directors' luncheon. He said that at his remarks he intimated that the province was disposed to lend a friendly ear to any request for a permanent Ontario building, to be erected on the grounds for the housing of a big and representative provincial exhibit.

"Coming down thru the grounds I was delighted to notice the great and patriotic motto displayed on the manufacturers' building," said Dr. Pyne. "One flag, one King, one Empire," are surely the most serious words that could be kept before the eyes of the thousands of young people who are thronging the grounds to-day. They are the keynote of a lesson on citizenship that will impress itself firmly on the receptive minds of Ontario's school children.

Dr. Pyne expressed appreciation of Earl Grey's remarks on education at the official opening. "His excellency struck the keynote of the educational policy of the province," declared the minister of education. "It is with a great deal of pride I call attention to the provision our administration has made for the training of teachers. Our normal schools are as thoroughly equipped as modern science makes possible. Special attention is being given to industrial education and a commission is now abroad investigating conditions on the continent of Europe. I am of opinion that this work should be assisted by a federal grant and not left entirely to the provinces to finance."

"The Province of Ontario is especially desirous of putting a good course in agriculture at the service of the farmers and the children. To this end the department of education now has 23 instructors at work in addition to the staff at the Guelph Agricultural College, where arrangements have also been made for teachers to take a special course in agriculture. Before very long we hope to have instructors stationed in every county in the province."

Dr. Pyne advised all his hearers to visit the building devoted to art, applied art and education. "The educational exhibit," he said, "is the finest, most comprehensive and most instructive we have ever had on these grounds. Now I hope that no words will not start deputations sailing. Mr. President, but see day after day come when the province will decide to erect a permanent building on the grounds, wherein to house its own exhibits. They would be disposed to send a sympathetic ear to a request for a grant therefor."

"Gentlemen," said President Gooderham, joyfully, when Dr. Pyne sat down, "I am now going to take the minister of education thru the educational exhibit and the Ontario exhibit in the horticulture. Before you get to his mind the great need for a building such as he refers to."

Amongst the visitors to the grounds during the day was a party of fifteen ladies, winners in a circulation contest of The St. Thomas Times, the management of which arranged the trip.

"Meet Me at the Fountain." The new Gooderham fountain, in addition to its artistic appearance, is already taking on an added sphere of usefulness. Yesterday was Children's Day and the fountain was one of the best landmarks that could be imagined to keep hundreds of enthusiastic youngsters from getting out of bounds during the day was a party of fifteen ladies, winners in a circulation contest of The St. Thomas Times, the management of which arranged the trip.

"Now, Jimmy, be at the Gooderham fountain in half an hour and stay there till I come," was the parting salute to one little fellow, as his mother left him yesterday afternoon near the plaza grand stand.

This was a typical incident and scores of similar cases were noticed all day long. "Nobody fully appreciates how much interest is being taken in the Japanese fireworks. Yesterday afternoon the big stretch of green sward east of the transportation building was a Mecca for thousands of men, women and children, who were afforded the

double pleasure of listening to the band music and seeing the fireworks at the same time. It is really remarkable to see how attractive these aerial missiles have been made. After the explosion takes place up in the air a beautiful balloon of many colors shakes itself out of the smoke and sails away majestically with a string attached carrying a row of fluttering pennants. In one case a huge Union Jack unfurled itself and floated in the air. With the blue sky as a background the spectacle was extremely attractive.

Music Makes Appeal. Everybody likes the music. The outdoor band concerts are a rest and recreation to thousands who like nothing better than to sit on the seats-all afternoon enjoying the fresh breeze from the lake and listening to the musical selections. The coming of the famous Coldstream Guards Band is eagerly looked forward to. The Grenadier Guards created such a favorable impression last year that the Coldstreamers are expected to be back here for the opening of the "Ex." exhibition. They will be in Toronto on Saturday, and, of course, would have been here for the opening of the "Ex." exhibition had they not been prevented by a strike in England which prevented the ship on which they were booked as passengers from sailing.

Scouts Broke Camp. The boy scouts broke camp yesterday, most of the big contingent of 2,500 getting away for home. The tented city is now deserted except for about 25 scouts, and these will probably leave during the day. The boys have put it off until a splendid time and movement has received a great boost from the camp life here and the evening, some very young and others apparently old enough to know better, looking the picture of black despair. Some were howling pitiously, others were sitting on the ground with their lips twitching and ready to burst into tears at a moment's notice. One little mite from the boy's home was in an exceedingly incoherent utterance between his sobs, he imparted the information that he had been deserted by a bigger boy during the afternoon. The combination is charming in the extreme.

Fairweather's Fine Exhibit. In many minds thru Canada the name of Fairweather is associated with the expression, "The House of Quality," and that title seems more appropriate than ever after viewing their display this season at the Toronto Exhibition. Exquisite taste seems to characterize everything on view there, and the most up-to-date ideas in hats, gowns, cloaks and furs are shown in all their beauty.

One is first attracted by a brown velvet dress which was shown in a very latest style with a bodice of white chiffon embroidered in brown. An exquisite evening wrap is of maine satin, with puttees and others appearing on the sleeves, which are finished off with magnificent lace. Peeping out from this wrap is a white lace evening gown, which certainly must be a charming creation.

Another wrap is of rose velvet, trimmed with sable fur and wide bands of oriental embroidery, with a pink and white chiffon gown, which is trimmed on waist and skirt with glittering gold. The combination is charming in the extreme. Fairweathers are noted for their stylish millinery, and the hats on exhibition are very lovely. One is of white felt, the rolling millinery with black and a modish high feather stands up at the side. An odd design is of gray with a royal blue crown and a high gray plume for trimming. The much-discussed Aspirin hat is shown in black and white, the wings giving the necessary pomp and circumstance. In furs the most striking ideas are carried out, one muff being composed of white satin, seal bands, and the fashionable fringe. Another muff is of unique design, and is also adorned with heavy cream fringe. Roll muffs of sable seal and chinilla are also on view. The most interesting is of extremely long haired monkey skin, which is usually the centre of an interested group.

Then there are long coats of seal, ermine, caracul and Persian lamb, all of which show distinctive and attractive ideas of style which make the garments stand out by themselves.

Maltese Cross Rubbers. An exhibit of exceptional interest is that of the Maltese Cross Rubber Manufacturing Co. of Toronto, Limited, in the manufacturers' building. It consists of the crude state, and the finished article, in all the various kinds of work, as to be seen in this unique display. Rubbers for men, women and children; rubbers for rough work, for horse boots, for harness, for an endless variety of uses, are shown in every shape and form, with the Maltese Cross as the sign of quality.

The wet season is coming on, when rubbers are necessary. September 21 marks the equinox, and from that time the Maltese Cross exhibit is used in then order your rubbers. You can make no mistake in buying "Maltese Cross" as only the best quality and most durable rubber is used in the manufacture at the large factories on O'Hara-ave. Special attention is being given this year to the rubber belts. For an easy belt, fashion the Maltese Cross has established a reputation that ranks it as the best.

The display in the manufacturers' building amply demonstrates the superior qualities of these goods. Call and see the exhibit when you are passing. It is the only display of its kind on the grounds.

"Pure Fruit" Jams. A unique method is used by Wagstaff, Limited, in their effort to produce a pure fruit. These are the only manufacturers of jams and jellies who have a chemist of their own to test every fruit that is preserved by them for its acidulous properties. This is but one instance of the scientific methods taken by this enterprising Canadian firm in their large sanitary factory at Hamilton.

When you visit the exhibition call at the stand in the manufacturers' building and try a sample of the jams and marmalades. Attendants are continually demonstrating the excellent quality of their many products.

General Supply Company Exhibit. Chief among the exhibits in machinery hall is that of the General Supply Co. of Canada, Limited, of Ottawa, Toronto and Winnipeg. T. C. McDonald and A. E. Yuhler are in charge of the display.

The "London" 25-inch engine lathe and the domestic gas engine and pump.

Division 1—Wm. Worwood, Emsdale, 1, Banner; Dennis Shea, Warren, 2, Banner; Jas. Fields, Earlton, 3, Banner.

SAVED CHILD FROM FALL

Policeman Hobson's Sharp Feeling Prevented Serious Accident. Policeman Hobson jumped into the ranks of the life and limb saviors again yesterday afternoon when he drew a 10-year-old girl from probable death or injury at Queen and York-streets at 5 o'clock. The child had boarded a northbound College car which stopped for a moment at the southeast corner, which is not a regular stop. The child got into the car, an open one, but the mother was left behind.

—And that's how the sale was lost

Illustration of a woman sitting at a piano and a man standing next to it. Text: "WHY, there's a scratch on it! Have you another like it?" "NO, I'm sorry, madam, it's the only one of that style we have in stock just now."

OTIS FENSOM FREIGHT ELEVATORS. THE piano was a beautiful design of the Louis XV period. Refined and elegant and artistic though its outward exterior, it was the rich, sonorous tone that cast its spell upon the woman and held her captivated as she listened, charmed by its melody. The moment had arrived for decision. The purchaser was prepared to say "yes." She could see already the instrument adorning the

Boxing Wells Vacating Vivia II. Wins Deciding Race

Note and Comment

New York State is about to see a marvelous revival of boxing, one of the best in the category of sports from the ordinary viewpoint.

While no official announcement has been made, it is reasonably sure that the state commission will notify all club promoters that boxes cannot be held for their services until after August 1st.

Final arrangements have been made in Boston for the checker matches which are to be played next week by seven top aspirants for the American checker championship.

After much flourishing of trumpets the Martin O'Toole pitched at Boston yesterday, and just managed to win a double-header in the second and third games.

Confident of the ability of the Athletics to win the American League pennant, the Athletics leader says that his team would win the world's series.

Larry Lajoie came within one of equalling the season's major league record for total bases the other day when he walloped Joe Wood for three straight days.

Washington is the first city to come across with a woman baseball sport. Shevelina in Lowell, Mass., and has written several letters to McAleer concerning ball players in the vicinity of where she lives.

Two More for Leafs Claims Easy Victims

Toronto Put First Game on Ice in Fourth Innings and Second Was Clinched at the Start.

The Leafs won another double-header, this time from the Clams, by 8 to 3 and 2 to 0, and, as Rochester lost to Jersey City, only five-and-one-half games, or 40 points, now separate the Islanders and Leafs.

Bachman and Bedient were opposing twirlers in the first, and while both were touched for the same number of hits, the Leafs bunched theirs better than the visitors, an dwers returned easy victors.

The victors scored in the opening innings. With one out, Atz singled and went to second on a what sent the Leafs to the lead.

Shaw singled in the opening innings, but nothing resulted. In the second, after Phelps had fanned and Vaughn walked, Fitzpatrick doubled to right.

The second game found Dicky Rudolph too much for the Clams, who failed to score in the seven innings played, and in fact, only connected three times.

Perry did some great fielding with a high and a low, and the other day Fitzpatrick worked in several fast double plays.

Only Two Starts in Feature at Exhibition—Four Races Decided.

The second day's racing of the Exhibition Association was concluded at 8 p.m. yesterday after 15 well-contested heats. The first race on the program was the stallion trot, in which there were five entries.

The two horses in the race yesterday were The Bison (black), by Blingen, and Fritz Blingen (black), by Blingen. It was a good race and went five heats before the winner was decided.

WINDSOR, Aug. 30.—Entries for AUG. 31 are: FIRST RACE—Two-year-olds, Canada-ids, six furlongs, value \$500. Monino, 101 Flora's Dial, 101.

Victoria Quoting Club. The members of the club will meet to-night at 8:30 at the Union Station to welcome the members of the Canadian Quoting Club of Hartford, Conn.

FITZBINGEN'S NEW RECORD IN THE STALLION TROT

Only Two Starts in Feature at Exhibition—Four Races Decided.

The second day's racing of the Exhibition Association was concluded at 8 p.m. yesterday after 15 well-contested heats. The first race on the program was the stallion trot, in which there were five entries.

The two horses in the race yesterday were The Bison (black), by Blingen, and Fritz Blingen (black), by Blingen. It was a good race and went five heats before the winner was decided.

WINDSOR, Aug. 30.—Entries for AUG. 31 are: FIRST RACE—Two-year-olds, Canada-ids, six furlongs, value \$500. Monino, 101 Flora's Dial, 101.

Hans Holmer Defeats Pat White. LONDON, Aug. 29.—Hans Holmer of New York, formerly of Halifax, N.S., today won the fifteen-mile Marathon race against Pat White of Dublin by the margin of a half mile.

EATON'S The "Reading-Standard" the Ideal Motor Cycle

See the "Reading Standard" Motor Cycle in the Transportation Building at the Exhibition. It is that same constant improvement on older devices that has given to the "Reading Standard" the position it holds in the motor cycle world to-day.

Independent brakes, one a coaster and the other a powerful foot brake, acting on the inner surface of the belt rim.

Riding positions (using either the pedals or an adjustable foot rest).

Divided gasoline tank, with an emergency compartment, carrying a supply sufficient for at least ten miles.

Intake and exhaust valves, both alike and interchangeable.

Engine equipped with finest imported ball bearings, positively and rigidly secured in frame.

Positive control of lubrication.

Dependable magneto ignition.

The ignition, throttle and compression release are controlled from the handle bars. The brakes and belt tension are foot operated, so that every controlling feature of the machine is under the rider's instant control.

Frame of straight line design, and so thoroughly braced and reinforced at all points of strain that disalignment or breakage is impossible, except under stress or violent accident.

Spring forks of extreme flexibility.

Shock absorbing seat-post of our own design.

Adjustable foot-rest—a feature specially designed; brass lock and a serviceable luggage-carrier. Further information and descriptive literature on request at the Sporting Goods Section, Fifth Floor. Price 285.00

A Knight of the Road

The rapture of the road is the motor cycle. Few realize what they miss by not owning one. Perhaps you are asked to spend the week-end with friends in the country; with a motor cycle you are independent of train connections; if you are delayed ten minutes later than you expected on Saturday morning, you do not have to wait till late in the afternoon for the next train.

So let us show you the "Reading Standard." We recommend it because we believe that it is the best motor cycle that can be had. We shall be pleased to show you its many points of advantage, without obligating you in any way. Our descriptive booklet can be had on request.

The "Reading Standard" is the most satisfactory motor cycle we know of. We guarantee it so, and if you find it otherwise we'll refund your money. Take advantage of your trip to Toronto to learn all about the "Reading Standard." It's on display on the Fifth Floor. Price 285.00

Seagram Horses Arrive in Montreal For Blue Bonnets

MONTREAL, Aug. 30.—The first of the largest Canadian stables has arrived at Blue Bonnets for the autumn meeting from Sept. 10 to 15. The following are the names of the horses owned by Joseph E. Seagram, which includes eight horses ready to go to the track in the morning.

Argos' Fall Regatta Twenty-four Entries Also Many Singles

A fairly large number of entries guarantees the success of the annual fall regatta of the Argonaut Rowing Club, which will be held on Sept. 2. The following is the list:

TAKE "DAVIS" FOR YOUR PILOT

Men used to navigate by the stars before the compass came into use, and when the stars were not shining they were very very much at sea.

THEY WERE SHORT OF A GUIDE When your grandfather bought cigars he got a roll of tobacco, but was often very much at sea on quality. Take a "Davis" for your pilot and be sure of "quality" when buying cigars.

THE "DAVIS" PERFECTION 10c CIGAR

represents a standard of quality hitherto unknown at the price.

"PERFECTION" in the selection of leaf, and "PERFECTION" in the blending of it has been attained by the experience of over half a century.

The "PERFECTION" Cigar lives up to its name, and the name of the house that makes it.

S. DAVIS & SONS, LIMITED, MONTREAL. Makers of the famous "NOBLEMENT" 2-for-a-quarter Cigar.

THE T. EATON CO LIMITED TORONTO, CANADA

DR. SOPER DR. WHITE SPECIALISTS In the following Diseases of Men: Piles, Varicocele, Dyspareunia, etc.

RIGORD'S SPECIFIC The only Remedy which will permanently cure Gonorrhoea, Syphilis, etc.

THE "DAVIS" PERFECTION 10c CIGAR

BLOOD DISEASES Affecting throat, mouth and skin thoroughly cured. Avulsion, Erysipelas, etc.

Subscribers are requested to advise us promptly of any irregularity in delivery of the World.

THURSDAY MORNING, AUG. 31, 1911

EFFECT OF COMMERCIAL UNION.

The World has already pointed out, the contention that with reciprocity in force Canada will not be free to restore the tariff rates which it will remove or reduce, is not countered by cutting from the letter addressed by Messrs. Fielding and Paterson to President Taft's secretary of state.

Domestic ministers and their spokesmen and organs strongly protest against the argument that reciprocity means commercial union and that commercial union means either Canadian independence or the continuance of the Dominion within the British Empire.

Whatever you or I may think on that head, whether we like or dislike, believe or disbelieve, in political union, must we not see that the subject is one of great moment towards the practical settlement of which we should take no serious step without reflecting on, or in ignorance of what we are doing?

Intimate commercial union, based on free trade, in the case of two contiguous countries that maintain a protective tariff against other nations, must produce common interests and result in actual identification of their markets.

GLOBE GAMBOLS. In maintaining its traditional position, as the pantalon of Canadian journalism, the Globe gets off some very funny things.

Witness its frequent citing of American statesmen to the effect that their country has no idea of annexing Canada. In the Globe of Aug. 29, President Taft is quoted at some length to the effect that the annexation idea is a very astute man, with a full knowledge of the strong anti-annexation sentiment that exists in Canada.

statements, their protests to the effect that they do not desire Canada as part of the United States should carry no weight whatever with the intelligent voter. It's what they say, not what they do.

During the exhibition "barkers" are to be heard on Yonge-street and some other thoroughfares in connection with sections of jewelry and other catch-pennies. They have little scruple about how they get people into the doors of these maris, so long as they are got in.

Laurier and larger trusts. Laurier and larger markets for the United States farmer. The strongest argument Sir Richard Cartwright could adduce in its favor was that reciprocity was a discarded policy of the Conservatives.

Samuel Sproule Nesbitt has announced himself in favor of reciprocity. The Liberal party is welcome to all the Nesbitts they can catch.

PRAISE FOR POPULAR CEREAL. Some interesting and at the same time extremely gratifying letters have recently been received by the manufacturers of Kellogg's Toasted Corn Flakes.

They come, for the most part, from fathers and mothers of families, whose children have been benefited by a steady diet of this favorite package of food. Many of them testify strongly and in a whole-hearted way to the general bodily improvement observable in the young ones after they have eaten Kellogg's Toasted Corn Flakes for even a short time.

All of these letters seem to be inspired by an honest desire to testify to the goodness of Kellogg's Toasted Corn Flakes, and are imbued with a spirit of sincerity and frankness of such a nature.

The receipt of an occasional letter of this kind, voluntarily written to the makers of a food product, is most likely not at all uncommon, but such a large number should find their way into the mail of the Kellogg Toasted Corn Flakes Co. is surely a peculiarly favorable indication.

A considerable portion of the crowd at Scarborough Beach last night was obviously from out of town, and there can be no doubt that the Beach offers attractions not to be found elsewhere in this city.

Piano Bargains for Exhibition Visitors. Some twenty or more slightly used upright pianos, of well-known makers, have been put on the floors of the Heintzman & Co. Limited, "Ye Olde Firme," 192-195-197 Yonge-street, marked at very special exhibition prices.

PURE WATER AT THE EXHIBITION. Visitors at the exhibition are assured of absolutely pure drinking water. The public fountains at the entrances of the manufacturers' horticultural and process buildings have all been equipped with a battery of Jarvis Sanitary Filters.

FINE MASONIC TEMPLE FORMALLY DEDICATED

Grand Master Aubrey White Conducted Ceremonials, and Congratulatory Addresses Were Many.

Attired in spangled regalia and with the beautiful ceremonies of the Masonic Grand Lodge, members of the Grand Lodge dedicated and consecrated Freemasons' Hall on College-street, near Bathurst, last night.

The ceremonies were conducted by Most Worshipful Grand Master Aubrey White, grand master of the Grand Lodge of Canada, assisted by the deputy grand master of Canada, and other officers of the Grand Lodge, as follows:

W. D. McPherson, M.L.A., H. C. Scully, F. W. Bliger, district deputy grand master; R. W. Brannan, deputy grand master; G. Guest, past district deputy grand master; St. Thomas; E. M. Carlton, past district deputy grand master; H. T. Smith, past grand registrar; K. J. Dunstan, past grand senior deacon; H. S. King, past senior deacon; C. W. Postelwhite, past grand senior warden, and Frank Saunders, grand senior of work.

TO DEMOLISH AIRSHIPS. United States Army Has Perfected a New Six Pounder Gun.

WASHINGTON, Aug. 30.—A new six-pounder gun, equipped with specially adapted high explosive projectiles and shrapnel shells, to demolish aeroplanes and balloons in battle, has been perfected by the United States army.

BORDEN IN QUEBEC. Conservative Leader Speaks at Bedford and Grandby.

BEFFORD, Que., Aug. 30.—Greeted at the station by Mayor N. A. Pare, who read and presented an address of welcome to the Conservative chief, and followed from the station to his residence, where he was met by a large number of his admirers.

CHEERED FOR BORDEN. Enthusiasm at Laurier Meeting When Opposition Leader's Name Mentioned.

HALIFAX, Aug. 30.—Halifax people turned out well to-night to hear Sir Wilfrid Laurier and Hon. W. S. Fielding, and they filled the arena, which has a seating accommodation of 7000. Sir Wilfrid argued that the reciprocity policy of the government was simply that of the Conservatives under their leaders of some 25 years ago.

VICTIM WAS JOSEPH TEATRO. Through an error the name of Joseph Teatro of 179 Sumach-street, who was killed in the Rosedale sawmill on Tuesday, appeared in The World yesterday as Joseph Tito.

DODD'S KIDNEY PILLS. PURELY VEGETABLE. CURE FOR RHEUMATISM, BRUISES, DIABETES, GRAVEL, NEURALGIA, AND ALL AFFECTIONS OF THE KIDNEY.

Canada Permanent Mortgage Corporation

QUARTERLY DIVIDEND. Notice is hereby given that a Dividend of Two Per Cent. for the current quarter, being at the rate of EIGHT PER CENT. PER ANNUM

on the Paid-Up Capital Stock of this Corporation has been declared, and that the same will be payable on and after MONDAY, THE 2ND DAY OF OCT. to Shareholders of record at the close of business on the 15th day of September.

Good Racing at L.V.R.A. Regatta Yankee Boat Wins

Six races were decided in the L.V.R.A. regatta yesterday, and provided an excellent day's sport for the lovers of yachting. The American boat, the Swamba, a 17-foot run from Rochester finished first in the race for Class B boats. More trophies were won by the Swamba in Class C race, but on the corrected time she was placed third.

Table with race results for Class A, B, C, D, E, F. Columns include Boat Name, Time, and Corrected Time.

Table with race results for Class G, H, I, J, K, L. Columns include Boat Name, Time, and Corrected Time.

HAS ANYBODY SEEN R. J.? Edmonton Newspaper Says Mr. Fleming Has Lost View of Faculties.

With untiring energy The Edmonton Journal is trying to locate R. J. Fleming, who, it believes, lives in or near Toronto. Last night the chief of police received the following telegram from the Edmonton Journal:

Conservative Leader Speaks at Bedford and Grandby. BEFFORD, Que., Aug. 30.—Greeted at the station by Mayor N. A. Pare, who read and presented an address of welcome to the Conservative chief, and followed from the station to his residence.

CHEERED FOR BORDEN. Enthusiasm at Laurier Meeting When Opposition Leader's Name Mentioned. HALIFAX, Aug. 30.—Halifax people turned out well to-night to hear Sir Wilfrid Laurier and Hon. W. S. Fielding.

VICTIM WAS JOSEPH TEATRO. Through an error the name of Joseph Teatro of 179 Sumach-street, who was killed in the Rosedale sawmill on Tuesday, appeared in The World yesterday as Joseph Tito.

Three Engineers Drowned. Their Upturned Canoe Found on Shore of Lake Helen. PORT ARTHUR, Aug. 30.—An upturned canoe found on Lake Helen, above Lake Nepigon, following their non-arrival at Nepigon Station as expected, indicates the drowning of Division Engineer R. H. McCoy and Resident Engineers C. H. Nelson and Drum of C.N.R. construction staff.

Bridge Almost Completed. The pavement on the Queen-street bridge at the Don will be laid next week, and grading for the street car tracks will also be started then.

RIDS FEET OF CORNS. IS SAFE AND PAINLESS. No substitute has ever been devised that gives the quick painless results you get from Putnam's Painless Corn and Wart Extractor.

JAMES PEARSON CHOICE OF EAST TORONTO LIBS.

A. J. H. Eckardt Told Convention Candidly That There Was No Chance in Riding.

East Toronto Liberals chose James Pearson, barrister, to represent them in the contest for a seat in the Dominion House of Commons at the riding of the Oddfellows' Hall, Broadview-avenue, last night. The hall was well filled, and it was remarked that nearly 50 Liberals of East Toronto were there. F. S. Mearns, president of the Toronto Reform Association, was in the chair.

The choice really lay between Mr. Pearson and J. C. Allen, president of the Liberal association in that riding. There were eleven names proposed. Allen was favored by a large number of voters. He, however, declined to decline to become a candidate for the nomination. He said, in refusing that Mr. Pearson was in a position to carry out an expensive campaign, but he was not.

Useless to Contest. The last part of his speech that was audible to the reporters was to the effect that the Liberals should leave things alone in that riding. "All will come right in the end," he said. "What do you mean by saying 'Leave things alone'?" demanded a curious inquirer in the crowd.

AT OSGOODE HALL. ANNOUNCEMENTS. Wednesday, Aug. 30, 1911. Judges' chambers and weekly court will be held on Thursday, Aug. 31, at 10 a.m. Cases set down for hearing in weekly court:

1. Abbott v. McCaffery. 2. Myrman v. Johnston, et al. 3. Toronto v. Shand. 4. Woods v. Canadian Pacific Railway.

Traders' Bank v. Bourbeau. 6. Goldfields v. Harris-Maxwell. 7. Naffel v. Godelrich. 8. Wood v. Green. 9. Maw v. Campbell.

PROBING LEWISTON MURDER. A mysterious murder was committed within a few yards of the dock at Lewiston three or four months ago, which the Toronto police requested to assist to solve, the United States forces being baffled with it for some time, and also having been thoroughly convinced that the victim belonged to Toronto.

True Blues Favor Daniels. The delegates of the Local True Blue Association, in session yesterday morning at Victoria Hall, decided that dancing should be permitted under the auspices of the lodge by a majority of ten. Their constitution, however, demands a two-thirds majority, hence the amendment to the constitution will be taken on this question.

Annual Barbecue. ST. CATHARINES, Aug. 30.—(Special)—Montebello Park swarmed with Picnickers to-day, when the annual barbecue of the St. Catharines Buchers' Association, was held. After speeches by Dr. Jessop, M.L.A., and E. J. Lovelock, Liberal candidate in the Dominion elections, 1500 pounds of prime beef and 500 pounds of bread were distributed to the hungry crowd.

Keeping Tab on Weapons. Because the return which the law calls for from dealers in revolvers, air guns, etc., showing the number of weapons sold, to whom and when, have not been satisfactory, printed forms, leaving blanks for the answers to the questions, will be supplied to dealers.

Will Investigate Drowning. Department of Marine to Enquire into Recent Bay Fatality. An investigation will be made by the marine department of the government into the tragedy on the bay Saturday last in which Mrs. Hattie Gates lost her life. Captain Miller, examiner of masters and mates for Toronto, has been so instructed. A ferry boat ran into the launch in which Mrs. Gates and two others were.

The Hollinger Extension. The Hollinger extension on the Timiskaming and Northern Ontario Railroad will probably be completed by November 15. The bridge between Kelo and South Porcupine is almost finished.

Every genuine bottle bears this seal. Pilsener Lager. The Lager that is driving imported beers out of Canada.

Aikenhead. We carry heavy stocks in the following metals ready for immediate shipment: BRASS TUBING, BRASS ROD, HEXAGON AND SQUARE BRASS, ETC.

GLENERNAN SCOTCH WHISKY. A blend of pure Highland Malts, bottled in Scotland exclusively for Michie & Co., Ltd. TORONTO.

HOFBRAU LIQUID EXTRACT OF MALT. The most invigorating preparation of its kind ever introduced to help and sustain the invalid or the athlete.

Will Investigate Drowning. Department of Marine to Enquire into Recent Bay Fatality. An investigation will be made by the marine department of the government into the tragedy on the bay Saturday last in which Mrs. Hattie Gates lost her life.

You Cannot Afford TO BE WITHOUT GENUINE GAS COKE. Try Genuine Gas Coke for your next fuel—burn it the way our book-let explains. We know it will give you better satisfaction and more heat for less cost.

Consumers' Gas Company AT THE WORKS. 19 Toronto Street Phone M. 4142. The Gas Co.'s Service Is Good Service.

JOHN CATTO & SON

62-64 KING STREET EAST, TORONTO. CANADIANS WIN IN BIG GUN CONTESTS

Prince of Wales Prize Comes to the Dominion—Sussex Company in Second Place.

LONDON, Aug. 29.—(C. A. P. Cable)—The artillery contests yesterday resulted in a handsome victory for the Canadian team, commanded by Capt. Harris of Victoria. Five companies were entered in addition to the Canadian, namely, the 1st Sussex, North Scottish, East Riding, Glamorgan and Dorsetshire. Firing took place at a moving target level across the sea at a range from 400 to 2000 yards in front of the battery, at a speed of about eight to ten rounds a minute with a figure of merit of 588. Second prize went to the Sussex company with 715. The North Scottishmen were credited a figure of merit of 542, giving them third position. East Riding 500, Glamorgan received no marks.

The weather on the whole was favorable to firing and showed an improvement upon that in a similar contest last year, but, excepting that of the Canadians, was only of average quality. This event concludes the principal competitions. It has been arranged that two special competitions which had been left over from last week's program on Salisbury Plain, shall take place on Saturday next at Lydd. The first is the competition for field artillery, between selected territorial units and the Royal Canadian Artillery, for possession of the Canadian Challenge Cup and the trophy for the London Derby Challenge Cup and two other prizes. The Canadian victory is very popular.

Harper, Customs Broker, Meikins Building, 10 Jordan St., Toronto. Ontario Municipal Association Meets. The Ontario Municipal Association holds its thirteenth annual meeting in the city this morning, commencing at ten o'clock. Afternoon and evening sessions will be held to-day and to-morrow and afternoon sessions to-morrow. The executive committee met at the Queen's Hotel last night to arrange the details of the program, which includes papers on such matters as highway improvement, the local improvement act, town planning, etc. Mayor Hopewell, Ottawa, is president.

Visitors Were Shoplifters. Emma Queen and Lily Grant, two Exhibition visitors, will remain in the city a little longer than they planned to. They appropriated some small articles from Eaton's store and were sent down for twenty days for the offence. Inspecting Food at the Fair. Inspector Wilson of the health department is keeping a strict watch over the kind of food served at the Exhibition. Last year some of the visitors were forced to eat food that was not altogether wholesome.

Peterson Patent Briar Root Pipes. Same shape as out. 50c Each. Large Well Pipes, special \$1.25. Medium Well Pipes 88c. Ball Dog, first quality \$1.25. Alfred Wilson, Ltd. STORES FOR SMOKERS. 94 Yonge St. 177 Yonge St.

TAYLOR—On Tuesday, Aug. 29, at 182 Seaton-street, Euphemia Mary Taylor, beloved daughter of John Taylor. Funeral private on Thursday to the Necropolis.

NORMAN A. CRAIG (UNDERTAKER)

253 QUEEN ST. WEST TORONTO Phone Park 2850. JAS. RICHARDS NOMINATED Will Contest East Toronto for Independent Labor Party.

At O'Neill's Hall last night James Richards of 72 Hazelton-avenue, was nominated as Labor candidate in East Toronto. Richards is a member of the Plumbers and Steamfitters' Union, and is chairman of the District Trades and Labor Council. He is also a member of the advisory board of the technical school. The meeting was called to order by C. J. Stevenson, president of the Independent Labor party, who gave a resume of the Labor party's troubles. Allan Studholme, M.L.A., inspired the audience with a speech in which he traced the problems and barriers which the Labor party had encountered and overcome in the past. Richards said, "I am fighting for the position of treasurer, fighting for the opportunity to spend Canada's \$100,000,000 revenues." Richards thanked his fellow-workers for their confidence, and promised to spare no efforts or energy in the election campaign. He believed that concentrated effort could return Labor candidates in every riding in the city. At the close of the meeting subscriptions were taken in the interests of the campaign, and it was announced that meetings on behalf of the candidate would be held in the near future.

Grand Trunk Railway Information Office at the Exhibition Grounds is located in the large tent near the Dufferin-street entrance; full information regarding passenger and freight rates, arrival and departure of trains, also Pullman and parlor cars. Reservations may be obtained on application. Do not fail to see the magnificent exhibit of the Grand Trunk Railway System in the railway building.

Held up at Border. KINGSTON, Aug. 29.—(Special)—Because when he went over to work on one of the boats, Edward Charles was held up at Cape Vincent, N.Y. He returned admittance, although he was on his way to attend the funeral of his sister-in-law. Cheese Boards. MADOC, Aug. 30.—500 boxes of cheese boarded, all sold at 13 5-15 and 18 1-4.

JOINT DEBATE A CONSERVATIVE VICTORY

Continued From Page 1.

The pact from a purely economic standpoint, and entered himself with bitter attack upon R. L. Borden and the Conservative party for what he termed "their shameful departure from the principles of the Conservative leaders and party since confederation." He quoted extracts from Sir John A. Macdonald's speeches to show that he was in favor of a reciprocity agreement similar to that which the Liberal government had secured, and which in fact had seen the expressed desire and policy of every Canadian statesman since the abrogation of the Elgin treaty in 1858. He charged that the Conservatives were left without a policy of argument and were falling back upon the old refuge of waving the Union Jack, and continuing to refer to the anti-Union cry as being unworthy of argument. He pointed out that since 1896 Canada's trade with the United States had increased 50 per cent., and asked his hearers if they thought Canadian loyalty to the empire had waned because of this increase in trade with the United States to the south of them. He attacked the reciprocity agreement which he termed the "Bourassa-Bifton-Borden alliance" and declared that these men were in a line with the Liberal government, as they were divided upon every question but one. Their only united policy was "anything to beat Laurier."

No Higher Prices. Hon. Mr. Lucas followed for the Conservatives and handled Mr. Aylesworth and the reciprocity agreement without gloves. Taking up the question from the standpoint of the farmer, he advanced a host of weighty arguments, backed up by statistics, to show that the boasted market of ninety millions could not possibly mean higher prices for produce, everything which the farmer raised and exported by the farmers in the United States. He also showed that the price for farmed products across the border was lower than in Canada, and was loudly cheered when he challenged his opponents to explain why it was that the Canadian farmer to-day, with his British market, was more prosperous than his neighbor to the west of him in Canada, and the privileges of the markets of the United States. Mr. Lucas received a tremendous ovation as he took his seat.

High Guthrie then followed and declared that the only persons in Canada opposed to reciprocity were the privileged classes and the manufacturers of Ontario, and made a bitter attack on the pork packing industries of Toronto. T. W. McGarry, M.L.A., who replied in one of the best speeches of the day, analyzed the arguments put forth by Mr. Guthrie, and the cheers and applause of the vast crowd, tore them to bits. He told the farmers that they did not realize that the United States had the power to buy their products. They had the British market now, and it was the best and largest in the world.

Rushed Into Agreement. After showing in a masterly manner that this agreement with the United States would be detrimental to the interests of the Canadian farmer, he dealt with the manner in which Messrs. Melding and Paterson had secured the agreement. He challenged Liberal speakers to explain why the treaty was rushed into by President Taft on the eve of the elections, coming into power, pledged to a policy of lower tariff. He declared that the agreement was entered into by the Laurier government and the Liberal party, and that the Laurier government had favored a measure of reciprocity with the United States and the provinces. He declared that the Laurier government had favored a measure of reciprocity with the United States and the provinces. He declared that the Laurier government had favored a measure of reciprocity with the United States and the provinces.

Theological Society's library will be open to visitors to the exhibition daily from 2 till 5 p.m. in Room 204, 22 Colborne-st. Lecture on Sunday evening at 7:15.

CONSERVE NATIONAL RESOURCES.

LONDON, Aug. 30.—The London papers this morning are impressed by Sir John's presidential address at a meeting of the British Association for the Advancement of Science at Portsmouth yesterday. The message of the present rate of consumption is reiterated. England's coal fields will be exhausted in 145 years. The editor strongly supports Sir William in urging the government to follow the example of the United States and adopt measures to conserve the national resources.

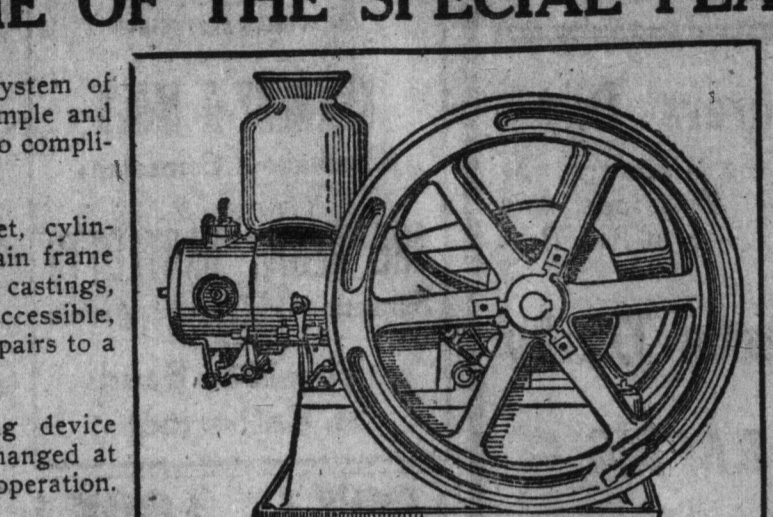

The Eight Palace Girls Coming.

The original Eight Palace Girls are making their next visit to this country and will head the bill at Shea's Theatre next week with eight other offerings. The graduates of the famous Triller School of Dancing, which is in England, will be the Imperial Ballet School is to Russia. The girls are all cultured and highly educated. The special features for next week will be the production of comic opera, in which field he has been extremely successful, as they who have listened to "The Fair Coat," "The Sultan of Sulu" and "The College Widow" will testify. His fables are just as funny as his operas. Begin next Sunday with the first and get them all.

FROM 1 1/2 HORSE POWER UPWARDS Olds Engines

SOME OF THE SPECIAL FEATURES:

- FIRST—The jump spark system of ignition, being the most simple and effective system known. No complicated parts. SECOND—The water jacket, cylinder, valve chamber and main frame are four entirely separate castings, making the engines very accessible, and reducing the cost of repairs to a minimum. THIRD—The speed-changing device enables the speed to be changed at will while the engine is in operation. FOURTH—The cylinder head is cast integral with the cylinder. There is no packing to blow out, nor are there any ground joints to leak. One solid casting. FIFTH—The piston and cylinders are made of the very hardest of iron, and are ground to a perfect fit. Each piston is ground to fit the cylinder into which it is to go. SIXTH—The governor is of the hit-and-miss type. This is the most economical type known. SEVENTH—Our patent Seager mixer permits a perfect mixture of gasoline and air, and is so constructed that the gasoline is lifted to the mixer without the use of a gasoline pump. EIGHTH—The bearings are large, well oiled, and lined with genuine anti-friction Babbit Metal. NINTH—The OLDS combines simplicity and quality in every detail of its construction.

The meeting was well attended and the minutes of the previous meeting were read and approved.

George Ade's Fables In Slang

The Sunday World will begin this week the publication of a series of George Ade's fables in slang by George Ade. It is a long time since the public have had the opportunity to read the fables of George Ade, since he has been confining himself to the production of comic opera, in which field he has been extremely successful, as they who have listened to "The Fair Coat," "The Sultan of Sulu" and "The College Widow" will testify. His fables are just as funny as his operas. Begin next Sunday with the first and get them all.

FOR MONA, a dainty, perfumed, anti-septic, toilet vinegar for swollen, tender, averted feet. E. G. West & Co., Agents, 50 George St., Toronto.

TOOK SICK ON BOARD. While coasting from Hamilton on the boat yesterday morning, Mrs. Mary Cripe, of Cortland, N.Y., became very ill and had to be taken to St. Michael's Hospital when the steamer arrived in the city. She was intending to visit the Exhibition.

1100 Atlantic City and return From Suspension Bridge via Lehigh Valley R. R. Friday, Sept. 1. Particulars 3 King-street east.

CHICAGO. AUR. 30.—Wheat was liquidated heavily on the board of trade today, September in particular, and the close was 1/2c to 3/4c to be under yesterday. Corn and oats found narrow markets, but while corn sold off 1/4c to 1/2c to 3/4c, oats were unchanged to a shade up. Provisions for September pork, lard and tallow suffered from liquidation, closing 1/2c to 1/4c lower on lard and rising to 5/16c for September pork.

Wheat—Canadian Northwest reported a clear sky and warmer weather. The Paris harvesting in full blast. The Paris market was weak, but other foreign markets ruled steady. The cash demand was slow. December and closed bottom at 83 3/4c, and the close was 1/2c to 3/4c under yesterday at 83 1/4c to 83 3/4c.

Cash corn to the extent of half a million bushels was reported today by the market. Futures were narrow and the tone easier. Spot sales so far this week aggregated 1,500,000 bushels, and in addition, new corn was sold for September and February delivery. September prices fluctuated within a range of 1/2c, and the close was 1/2c to 3/4c off at 82 1/2c to 83c. September closed 1/2c to 3/4c down at 64 1/2c to 65c.

Oats were dull, the range of prices narrow and the close was 1/4c to 1/2c. Elevators took September and sold the deferred futures. December sold unchanged at 45c to 45 1/2c, closing unchanged at 45c to 45 1/2c.

Cash trade in provisions was not very active today, but full liquidation and liquidation and sympathy with wheat and lower hog and pork prices were the feature. September was the favorite sale. 100,000 bushels of corn closed 6 1/2c down yesterday at 115 1/2c. January closed 2 1/2c down at 116 1/2c. January lard closed 1/2c to 3/4c lower, and the close was 1/2c to 3/4c lower, unchanged at 82 1/2c to 83c.

Winnipeg Inspection. The Winnipeg market closed today on the basis of the government report on wheat, and was unchanged to 1/4c lower on corn. The government report on wheat was unchanged, and the close was 1/2c to 3/4c lower, unchanged at 82 1/2c to 83c.

Iowa Old Crop Reduced. Chicago wires that, on the basis of the government report on wheat, the market is unchanged to 1/4c lower on corn. The government report on wheat was unchanged, and the close was 1/2c to 3/4c lower, unchanged at 82 1/2c to 83c.

Winnipeg Grain Market. Close. Open. High. Low. Close. Wheat—Sept. 89 1/2. 91 1/2. 92 1/2. 91 1/2. 91 1/2. Dec. 91 1/2. 93 1/2. 94 1/2. 93 1/2. 93 1/2. Corn—Sept. 38 1/2. 39 1/2. 40 1/2. 39 1/2. 39 1/2. Oct. 39 1/2. 40 1/2. 41 1/2. 40 1/2. 40 1/2.

ST. LAWRENCE MARKET. Receipts of farm produce were 20 loads late and several lots of dressed hogs. Twenty loads sold at 116 to 120 per ton. Dressed hogs—Prices firm, at \$10.50 to \$11.75 per 100 lbs.

Market Notes. Joshua Ingram bought 100 lbs. alive at \$6.25 per sheep at 4 1/2c per cwt. Grain—Wheat, fall, bushel, 1.10 to 1.15. Wheat, spring, bushel, 1.10 to 1.15. Oats, bushel, 1.00 to 1.05. Corn, bushel, 1.00 to 1.05. Barley, bushel, 1.00 to 1.05. Buckwheat, bushel, 1.00 to 1.05.

Porcupine Stocks Hold Their Own—Another Strike on Dome Ex

Market Devoid of Any Feature Trading of Desultory Nature

Dome Extension Takes an Advance, But Does Not Hold the Gain—Big Issues Decidedly Quiet—Firmness in the Cobalt Leaders.

World Office
Wednesday Evening, Aug. 30.
The mining markets were to all intents and purposes devoid of any feature whatever to-day, trading being of a purely desultory character and prices practically free from any changes of note.

There was a good demand for some of the usually active Porcupines in the early dealings, but there was sufficient stock on offer to take care of the demand, and while some small advances were recorded during the morning session, these did not hold on the afternoon board, so that the net changes in value for the day amounted to about nil.

Dome Extension was the only issue which showed any signs of breaking away from the dullness which prevailed in the market. These shares had advanced a full point over night, opening strong at 71 1/2, but this proved to be the high point for the session, the weight of stock on offer around that price being too much for the market to withstand. A reaction to 69 1/2 was brought about very gradually, and was succeeded by a recovery which carried the shares back to 71. Most of this gain was lost again, however, the stock closing at 69 1/2 bid.

The movement in Dome Extension was founded on the idea that the shares had something to discount in the announcement of another rich strike on the property. There was considerable short-covering in effect in New York, where the stock sold as high as 74 for cash.

There was no change of any note elsewhere in the list. Hollinger and Rea, both held steady around the previous day's levels, but were decidedly inactive. Northern Ontario Exploration set back to 44 for a broken lot, the first time the stock has touched that figure in a number of weeks.

A weak spot in the list was Gold Reef, which changed hands for one block of the shares at 12, a drop of five points from the last previous sale. The decline was set down as due to the throwing away of a block of the stock when the market was in no shape to absorb the offering.

Firmness in the big Cobalts was the feature of that department. La Rose advanced another ten points to 54, and Nipissing got as high as 37.50 for the first time this week. The cheaper issues were practically unchanged from yesterday.

Several New Finds Made in Porcupine

Dome Extension Strikes It Rich—Big Values at the Dome—New Vein at Pearl Lake.

Another rich strike has been made on Dome Extension, according to a special wire received last night by Messrs. Charles A. Stoneham & Co. from Porcupine. The telegram read as follows:

"Dome Extension found two-foot vein of quartz on the surface, the vein is shot with gold and will run high in values. It is an entirely new strike. The men are stripping the new find to-day."

The following wire also received by the same firm:

"A shot put into the big find at the Dome mine has turned up stibnite, twice as rich as that on the surface. This occurred near the Dome Extension line."

"The diamond drill at the 400-foot level on the Pearl Lake Gold Mining Co. property has run into mineralized schist which assays 112 to the ton. This find is in new territory and there is no doubt but that it is a continuation of one of the McIntyre leads, several of which run direct for the Pearl Lake claims."

MONTREALERS TO PORCUPINE.
A private car leaves Montreal for Porcupine this week, under the auspices of Mr. Henry Timmins. The party intends being present at the auction of town lots on the new Town of Timmins, which adjains the Hollinger property and is on the Campbell Veteran claim.

WETTLAUER DIVIDEND.
The Wettlaufer Mines, Limited, have declared the regular quarterly dividend of 2 1/2 per cent, and the same extra quarterly dividend at 2 1/2 per cent, payable Oct. 20, to stock of record Oct. 10.

ONE KIND OF DIRECTOR.
Commenting on Mr. D. Lorne McGibbon's resignation from the Nipissing board, the New York Curb says: "Mr. McGibbon happened to be one of the kind of directors who like to direct, and at the meeting convened to declare dividends, he had the nerve to suggest that it might be well to keep payments within earnings. A little gap of \$50,000 between net earnings and the total amount required for the last proposed dividend was the point at issue. The management insisted that it would be entirely proper to take the needed \$50,000 from the reserves. It being a mere matter of mining bookkeeping, anyway."

"Mr. McGibbon protested and was overruled. His honest notion that dividends must not be paid until earned was held to be old-fashioned and out of date. He thereupon resigned—quit the board and severed business relations with Mr. Thompson."

"It is a gamble that La Rose pays no unearned dividends while it is under the control of Mr. McGibbon and his party."

VEINS TRENCHED FOR 800 FEET IN LENGTH

Good Findings and Assays Obtained on Porcupine Reserve Properties—Shafts to Go Down.

Superintendent Smith of the Porcupine Reserve Mines, Limited, wired last night that the new vein which was uncovered by trenching on the Birke claim, which belongs to the company and is situated in the southwestern section of Tidale, the vein being 35 feet wide, has now been trenching for 800 feet in length, and is showing good findings and assays for the entire length.

It is believed this strike to be one of the most important made by surface exploration work in the Porcupine district this summer, and has now 30 men exploiting the new discovery and shooting up the vein matter. This new vein is parallel to another one which was uncovered by the original owners which averages 12 feet in width and has been proven for a distance of 1000 feet in length.

So far the Porcupine Reserve has been directing its attention to developing its two Tidale claims with a force of 35 men, but General Manager Plochin is to leave on Friday to put an additional crew on some of the properties in Deloro, where there is over 450 acres of excellent ground, where little work has been done.

It is the intention of the management to keep from now on a crew of 50 men exploiting the surface until fall, when several points will be selected for sinking of shafts. The exploration of the vein systems will be prosecuted this winter underground, arrangements having been completed for ordering the necessary equipment which will be installed.

The Porcupine Reserve, which is controlled by Toronto and Montreal capitalists, is one of the most active among the new companies in the Porcupine camp.

WEST SHINING TREE

Several Prospecting Parties Leave to Try Luck in New Gold Camp.

COBALT, Aug. 29.—Several parties have left here within the past few days for the new gold country that has been located some 40 miles north of Gowganda and near what is known as West Shining Tree Lake.

The formation of the new section in many ways similar to the Porcupine camp and the veins so far located run from mere stringers up to 15 and 20 feet in width. On Gosselin's main discovery free gold is found in several places which date eight properties claim free gold discoveries in veins on the surface. In addition to these free gold finds there have been many good veins found.

The first discovery in the West Shining Tree district was made about the first of the month by Gosselin, a well-known prospector.

LOOKING OVER THE JUPITER.

The Drummond interests of Montreal are taking a party of mining men into the Porcupine in a private car to look over the Jupiter property.
