Sharp Criticism in Supreme Council  
Over Interference is Reported

Paris, Aug. 27.—(By the Associated Press)—Martial law, which was proclaimed in Budapest a few days ago, has been extended to the whole of Hungary, according to a Havas despatch from Budapest.

The U. S. and Turkey.  
Paris, Aug. 27.—(By the Associated Press)—French officials are much exercised over a warning to Turkey that massacres of Armenians must cease, which the United States is alleged to have acted alone in sending to the Turkish government.

The subject has been under discussion in the supreme council, in which it is reported that there was sharp criticism of American interference in Turkey through missions and otherwise, despite the fact that the United States has shown no disposition to accept a mandate for the administration of any Turkish territory.

Poles and Germans.  
London, Aug. 27.—Polish insurgents in Upper Silesia are surrounding the main garrison in Myslowitz, and that town is expected to surrender, says a Polish official statement received here today. Regarding other operations of Polish forces the communication says: "Our troops have reached Pelsino and are pursuing the enemy."

Bolshevik Claim Successes.  
London, Aug. 27.—Pskov, southwest of Petrograd, has been captured by Bolshevik forces, according to an official statement issued at Moscow.

The Bolsheviks also claim successes on the Volga. They report the capture of Kamishin, on the Volga, 120 miles southwest of Saratov, by their forces, which are declared to have advanced toward Tver, 100 miles further south on the Volga.

In the district to the northeast of Kamishin the Bolshevik statement reports the re-occupation by Soviet forces of the town of Borisoglebsk and Pervino.

The Austrian Treaty.  
Paris, Aug. 26.—The supreme council at its session today did not finish its consideration of its reply to the Austrian counter-proposal. The sittings will be resumed tomorrow. It is not expected that the council will be able to hand the completed treaty to the Austrians before the end of the week if then.

Spartan Letter.  
Berlin, Aug. 26.—(By the Associated Press)—A circular letter from the leaders of the Spartan party has been sent to the hands of the league for the protection of German culture. It says the party opposes the clause in the peace treaty relative to labor by which German women in the rehabilitation of devastated districts in France and Belgium, and the pact was signed by the party, with Bonaparte, which the party does not recognize.

The letter states that the Spartan organization will not send its laborers to France from their families, and their quarters in barracks is reminiscent of bodily slavery.

Bringing Out Evidence  
in Edith Cavell Case

Interesting Testimony  
At The Trial Of  
Quien

HE IS PLACED ON STAND

President of Court Points Out That  
Almost Every One With Whom  
Quien Came Into Contact Was  
Put Under Arrest or Condemned  
by Germans

Paris, Aug. 27.—Georges Gaston Quien on trial here charged with communistic military information to the enemy and having collected evidence against Edith Cavell, English nurse who was executed by the Germans in October, 1915, was questioned by the court today relative to his movements in June and July, 1915.

At Monday's session of the court, Quien traced his journey from St. Quentin to Brussels, where he arrived on June 7. After reaching the Belgian capital he decided to cross the frontier into Holland. This he succeeded in doing, presenting himself at the Hague to the French military attaché, who sent him back into Belgium.

He said yesterday that he re-entered Belgium territory on the night of June 29 in company with one Van Der Staeten. The next day he was arrested by the Germans, who accused him of traveling without a passport, and was imprisoned in Antwerp until late in July. This testimony was questioned by the colonel acting as president of the court, who said it was "strange no trace of his imprisonment could be found at Antwerp, and that the Germans later permitted Quien to go to Brussels."

The accused man admitted having seen Miss Cavell on July 26, after he had visited the home of a Madame Bodart, at which time he said that a certain Jean Macs, who, he said, was a fellow prisoner in Antwerp, accosted him in the street.

As Hiram Sees It

The Settlement, Aug. 27  
"Hiram," said the Times reporter, "I have been doing a lot of thinking since I got out here to rest. Things are in a pretty bad way in St. John. I have some ideas that seem to me pretty good, and I have half a mind to run for commissioner next spring. I believe I could be elected."

Mr. Hiram Hornbush turned squarely and eyed the reporter for a minute. Then he asked: "Did the doctor ever tell you you were fit to run?"

"I don't see the point," said the reporter, "with dignity. There is nothing wrong with my head. Everybody knows change is needed at City Hall."

"And that," quoth Hiram, "is where everybody's wrong."

"Do you mean to say," he demanded, "that you are satisfied with the way things are going in St. John?"

"I didn't say no such thing," replied Hiram. "But the trouble is at City Hall. It's in Orange street, an' Princess street, an' Main street, an' Mount Pleasant, an' Brussels street—an' all the other streets where people lives. That's where you got to start in. Young man, the people git just what they work for, and what they deserve. I been watchin' St. John for fifty years. It has a square about once every so long. It's about due for another one now. I kin see the signs when I read about the Board of Trade an' the Rotary Club an' the Merchants' Association sayin' a lot more 'bout 'an' you'd git nowhere. You'd git abused—an' if you posed into a little patronage affair some merchant or some lawyer, or some other sort of a public enemy. An' if you was a real good commissioner you'd be licked next election because the people that vote are 'bout as dumb as a dog."

"You're used to bein' 'an' you kin tell 'em 'an' you kin tell 'em 'an' you kin tell 'em 'an' you kin tell 'em."

"I acknowledge receipt of yours of August 13, and enclose copy of resolution regarding sugar. You might be interested to know that on the last of July, five out of six of the refineries had on hand 100,000,000 pounds of sugar, and the largest refinery refused to admit any more sugar until the government's dominion were laboring under extreme shortage."

Bonds of \$100,000  
Stolen In Boston

SOME \$5,000 IN CASH  
Also Taken

SOUTH STATION THE SCENE  
Vault Is Looted by Yeggs—One of  
Most Skilfully Executed Burglaries  
That Boston Has Known  
—Must Have Been Work of  
Expert Cracksmen

Boston, Aug. 27.—Liberty Bonds of small denomination, non-registered and negotiable, to the extent of more than \$100,000, and between \$5,000 and \$5,000 cash were stolen from a vault of the Boston & Albany Railroad at its South Station offices some time between Saturday afternoon and early Monday morning.

The robbery, one of the most daring and skilful ever executed in Boston, was undoubtedly committed by expert cracksmen, who were familiar with the premises and with the customs and habits of the watchmen and other employees of the South Terminal. The bonds were delivered to the paymaster of the road on last Friday.

Every effort was made by the railroad officials, the railroad police and the Boston police, who were notified of the theft soon after it was discovered, to keep the facts from becoming public.

Warr Banks of Robbery.  
This attempt at secrecy, it was explained, was for the purpose of allowing the Boston & Albany officials an opportunity to check up the Liberty Bonds—to make a tabulation of their serial numbers—in order that the banks of the country might be notified of the robbery and to warn them, as well as business concerns and individuals, against purchase of the stolen securities.

On Saturday at noon—the B. & A. offices are closed Saturday afternoon—the vault and the safes were intact. Paymaster W. R. Holl, through whose office in room 317 the vault is reached by a heavy steel door with combination lock, had directed the payment of several thousand dollars in wages and salaries that day.

Early Monday morning, before the office force reported for duty, H. S. Barney, chief clerk in the paymaster's office, reported back from his annual vacation and was the first arrival at the office. Preparatory to beginning the day's routine he entered the vault through the heavy steel door, which had apparently not been tampered with.

Frederick A. Hazell, C. G. Band Member, Weds Miss J. Roderick  
A wedding of popular interest took place this morning at seven o'clock in St. John the Baptist church, Broad street, when Rev. Father McBride united in marriage Miss Justina Roderick, daughter of Mr. and Mrs. Joseph Roderick, and Frederick A. Hazell, both of this city. The bride was prettily dressed in white Georgette with pearl trimmings and wore a veil with wreath of orange blossoms. She carried a bouquet of Ophelia roses. Miss Ellen O'Regan attended her, dressed in lavender silk with an over-dress of net and wearing a lavender velvet hat with silver trimmings. She carried a bouquet of sweet peas.

His brother Joseph assisted the groom while another brother, Frank, acted as usher. Quite a number of friends assembled in the church to witness the ceremony, which was followed by a wedding breakfast served at the home of the bride's parents, 212 Britain street. Afterwards Mr. and Mrs. Hazell left by steamer on a honeymoon trip to Boston and New York. On their return they will reside at 140 Britain street. Many valuable remembrances were received, including a handsome chest of silver from the City Cornet Band, of which the groom is a member. Miss Helen Sullivan, niece of the bride, was here from Boston for the wedding.

Shovel Fight  
IN THE GALLEY  
The differences of opinion between the first and second cooks on the Canadian "Voyager," a vessel lying at the Sugar Refinery wharf, which resulted on Sunday in a fight with shovels in the galley, and other interesting incidents, wound up at the police court yesterday when the assistant cook, George Marshall, of the "Voyager," was charged with assaulting the defendant, Fred Rooney, a member of the crew of the "Voyager," before Magistrate Ritchie on a charge of assault. On the evidence of the contending parties and a witness called by the defence, Fred Rooney, the magistrate found the defendant guilty; but as the complainant was reported to have been discharged from the vessel, the matter was allowed to stand there.

WAGE INCREASES  
MUST WAIT THE  
1920 ESTIMATES

Petitions of Civic Employes Referred to Various Commissioners

M. E. AGAR APPOINTED

Former Commissioner Added to  
Housing Board—Higher Offer  
For Market Building Stores—  
Weekly Council Meeting

As no increases can be made this year owing to the limitations provided by the appropriations, action on the petition of civic employes for increases in wages will be deferred until the estimates for 1920 are being prepared. Meanwhile, each commissioner will prepare to report on the matter as it affects his department.

This course was decided upon at the meeting of the common council this morning, which had been postponed from yesterday afternoon.

Mayor Hayes presided and Commissioners Bullock, Jones and Thornton were present. The committee of the whole reported, recommending:— That an amount of \$1,636 be appropriated on account of the stand and stage erected at Reed's Point for the reception of the Prince of Wales on August 14.

That the request of James H. McPartland & Sons for permission to remove the gasoline tanks from No. 105 Water street and install the same at their premises No. 2 on the same street be granted.

That the invitation of the City of Montreal for the city to send a delegation of firemen to participate in the labor demonstration there on Labor Day, September 1, next, be accepted and that an amount of money, not exceeding \$200, be granted the firemen to help defray the expenses connected therewith.

That with reference to the offer made by Taylor & Sweeney of \$2,500 yearly rental for a five year lease of two stores on the south side of the entrance to the Market on Charlotte street, upon the recommendation of the Commissioner of Public Safety, who states that the present tenants are willing to pay increased rents so as to produce the said rental of \$2,500, would recommend that no action be taken at present in the matter.

That the comptroller be authorized to pass for payment all accounts now in his hands properly certified and which are in arrears of the city.

Mr. Bullock moved that the matter be referred to the various commissioners, so that they might consider the application in its relation to their departments. It was understood that nothing could be done until next year's appropriations were made up. He was glad to see the men present. Their request, which would give ample time for consideration, and he would be ready to discuss the matter with the men of his department at any time.

Mr. Jones drew attention to an article in a morning paper announcing that a man was leaving the city because of the high cost of living and the high taxes. He deprecated the publication of such articles which were injurious to the city.

The mayor remarked that it was a knock for the city. Mr. Thornton said that the editor, or who ever was responsible for the publication of the article could not have the best interests of the city at heart.

The resignation of W. R. Bennett as a member of the St. John Pilotage Commission was received and accepted. Applications for permission to place on the Aspto building in Union street, purchased by them, an electric sign, and to install a gasoline tank and pump were referred to the various commissioners.

Raising Their Bid  
An offer from Taylor & Sweeney of \$2,000 a year for the rental of two stores in the Market building, Charlotte street, under the same conditions as their previous offer of \$2,500. A reply was authorized to the effect that offers would be considered prior to the termination of the present leases, was authorized.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

CHILD DANCERS MAKE HIT AT OPERA HOUSE

A Lot of Good Features in The New Vaudeville Programme

At the Opera House tonight and for all performances tomorrow are two of the cleverest child dancers that have ever appeared before local audiences. They are little tots, but they have all the steps and turns, do acrobatic dancing—even a sensational neck swing dance, that would tax the powers of the best grown-up professional. Yet they go at it just like play and have just as good a time as the audience. They are the last act on the bill but hold the audience tight, which is certainly a tribute to their cleverness.

Other good features on the programme include Orville Stamm, late physical instructor in the United States Navy, in a decidedly novel exposition of physical culture and feats of strength; Bruce Morgan, who used to visit St. John with Myrtle-Harder Company, and his partner, Franklin Gates, in fifteen minutes of uproarious laughter; Earl and Mullen in a handsomely staged miniature musical comedy with some great eccentric dancing; Henry Keller, Irish songs and stories, and the final chapter of the serial, "The Man of Might." Tonight at 7.30 and 9—tomorrow afternoon at 2.30.

THE PRINCE OF WALES AND BERT LYTELLE AT IMPERIAL

The Imperial has already shown wonderful pictures of the Prince of Wales in this city—two days after he was here, too—yesterday His Royal Highness in Quebec was shown the great points of the belt's welcoming here, taken by the Pathescopie Company of Toronto. These views show the children's chorus from an adjoining roof-vent, depicts the Prince shaking hands with the people at the Rothsay reception and also reproduces most of the splendid features in the parade on Soldier's Joy Day. Besides these interesting pictures there will be the best Bert Lytelle picture yet—the Imperial's honest guarantee that it will make a tremendous hit; the story of a young chrysalis which was found in a desecrated raising funds to build a boys' clubhouse. The Gaumont World News into the bargain.

GOMPERS HOME FROM FRANCE

Mr. Gompers, who has been attending the sessions of the International Trade Union Congress at Amsterdam, declared that "the employers of labor have not yet learned that the time is past when they are the complete monarchs of all they survey."

"Certainly," he added, "men and women who work must have a voice in determining conditions under which they shall give their labor."

One of the charges was against Phillip Bushan, colored, who was arrested last night by Inspector Merryfield. The inspector in evidence said that he saw the defendant with two other colored men in the Old Burying Ground. When he approached, one of the men threw away a bottle and ran. The witness said he gave chase but the man got away. He said that Bushan approached in a threatening attitude and he placed him under arrest. He said he was unable afterwards to locate the bottle.

HARBOR REVENUES.  
In connection with the discussion of the harbor commission plan, Commissioner Bullock this morning pointed out a fact which has been overlooked by some citizens, the fact that the harbor revenues last year were sufficient for the first time in the history of the port to meet interest and sinking fund charges as well as all other charges. Owing to the heavy increase in those charges due to the reconstruction of No. 5 wharf and warehouse, the revenue may not be quite sufficient this year to cover the outlay, but the new rates authorized, some of which already are in effect, will go a long way towards this goal eventually.

HUN AMBASSADOR AT WASHINGTON

Von Haimhausen Chosen — Solf To London — None Yet Named For France

Berlin Aug. 27.—Dr. Haniel Von Haimhausen, former chief counselor of the German embassy at Washington, has been selected for appointment as German ambassador to the United States, according to authoritative information today.

Dr. W. S. Solf, the secretary for the colonies, is the selection for the ambassadorship to Great Britain, and Herr Radowicz, former under secretary of state, for the ambassadorship to China.

Fritz August Thiel, former German consular representative in Japan, has been picked for the post of ambassador at Tokio.

The appointments of the men selected for ambassadorships, it is said, depend upon the attitude of the powers in question. If they send charges d'affaires to Berlin, Germany will take like action as to representation in the capitals of such powers.

There is no mention at present of the selection of German ambassador to France.

Don't Want Him  
Washington, Aug. 27.—No inquiry has been made of the United States as to whether Haniel Von Haimhausen, former chief counselor of the imperial German embassy here, will be acceptable as ambassador, but there is every indication that this government will not accept Haimhausen, or any one else formerly connected with the embassy under the regime of Count Von Bernstorff.

Dr. R. D. Reinsch, American minister to China, has resigned.

GIVE YOUR CHILD A CHANCE  
Every thinking parent will consider the welfare of his children, rather than allow pride or prejudice to interfere with timely help in cases of eye trouble.

If your child has defective vision, it is dangerous to go without proper correction. The vision of young eyes are tender and susceptible to injury from eye-strain. If taken in time they may be permanently helped by wearing glasses for only a year or two.

School days are at hand. Have your child's eyes examined now. You may bring them here in full confidence that they will get the attention they need.

**Giant Airplane Reached Ground Near a Little Village**

Paris, Aug. 26.—The French airplane Goliath, which, after having been missing for a week, was reported to have made a safe landing northeast of Dekar, was found by a Maurelanean chieftain near one of the small villages. The chieftain's caravan was headed toward the sea when he observed what he thought was a huge bird landing in the sandy desert. The members of the caravan scattered through the brush and refused to come out for several hours. The old chieftain finally advanced in response to the signals of the crew, and the waving of white handkerchiefs.

Evidence was given by different witnesses that he was shot and killed by a bullet fired from cover of woods near the home of Albert Nowlan whom he was seeking to arrest. The inquiry is unfinished.

**GREAT BRITAIN FACES**  
SIX FATEFUL MONTHS

London, Aug. 27.—The quarterly report of the General Federation of Trades Unions contains a warning by the management committee.  
"November, 1919, to May, 1920, will be fateful months," says the report. "Unless sanity returns and production increases they will be tragic months." The report continues:  
"Strikes have been precipitated which might have been avoided and union funds have been needlessly dissipated. Some strikes had a distinctly political origin. Political strikes must either fail or end in revolution. They are not against the capitalists but against the community. It is not the capitalist who suffers, but the people. Against such strikes the government must protect the people or surrender its functions. The effect of such strikes is to decrease production and increase the price of all commodities."  
"In view of the national situation and the prevalence of a great shortage, it is imperative that trades unions face the facts. The outstanding ones are that the war is over; that competitive laws, as between nations, are now fully operating; that food and raw materials required for the subsistence of Great Britain must be bought from countries over whose merchants our government has no control, and that commodities must be paid for with goods, not paper."

**EAGLE WINS IN RACE WITH PLANES**

Atlantic City, N. J., Aug. 27.—The first chase of an eagle in an airplane took place over Atlantic City. For the last week the huge bird has been seen from time to time, and those who saw it said that it appeared to have a wing-spread of not less than fifteen feet.  
It was observed while the aviators and aeronautic authorities were at the Atlantic City air port in connection with the aerial tours of the Aerial League of America. Two land airplanes and a seaplane started off in pursuit. The former were piloted by Earl L. Ovington and

The flyers took shotsguns with them. The eagle flew to a height of about 6,000 feet, and it took the aviators over ten minutes to reach that altitude. Then the chase began. For a while it looked like an aerial battle. The bird seemed puzzled at first and flew aimlessly, and the shots fired at it did not seem to have any effect. Suddenly the bird dived clear of the planes and made off in the direction of the Pennsylvania Mountains, where it is believed to have come from.

GETTING INTO LINE

The Toronto Globe of today publishes an article about a proposed Dominion convention of the old-line Conservative forces, which, according to Colonel John A. Currie, M. P., is planned for this autumn.

The Globe quotes Colonel Currie as saying that in his opinion there must be a sort of clean-up of political parties in order that the country may have sound national government.

Men on both sides of politics all over the country are narrowly watching Ottawa as cabinet reconstruction is preceded with the Conservatives being anxious that the Liberals in the cabinet shall not be equal in number to the others, and that there shall be no doubt about Conservative control in such matters as the tariff policy.

THE BY-ELECTIONS

There is much to be said in support of the position taken by Hon. W. L. Mackenzie King in his criticism of the government's position with respect to the by-elections.

IT OFTEN HAPPENS

A few days ago an American automobile party on the way to Fredericton was held up in the Westfield district by a punctured tire, and while the change was being made the owner of the car had time to look about and enjoy the scenery and the pleasant surroundings of the Westfields.

The opening of the new club house of the Westfield Outing Association the other day, and the beginning of a golf course there in addition to the links of the Riverside Golf and Country Club on the Kennebecasis, mark a step forward more important than perhaps is realized at first glance.

MUST REPLANT MUCH OF QUEBEC ORCHARDS

Montreal, Aug. 27.—Warning was given at the summer meeting of the Pomological and Fruit Growers' Society of the province of Quebec at Hemesford on Monday and Tuesday of this week, that efforts must be made at once to replant the orchards of this province, to overcome the devastation caused by the severe winter of 1917-18, which destroyed most of the apple orchards of Quebec, and practically all the plum orchards of the lower parts of the province.

### TWO EXPLORERS LOST IN WOODS

Lived for Three Days on Blueberries and Water in Northern Quebec

Quebec, Aug. 27.—After being lost in the woods for three days, barely living on blueberries, two members of an exploring party in the extreme north of the Lake St. John region, accidentally came across a trail that led them to the camp wherefrom they had departed to take a look round in the bush.

The men, Edmond Dube, a young student of civil engineering and land surveying, and Andre Falardeau, a postmaster, were both employed in the party led by I. Croteau, a land surveyor in the employ of the provincial department of lands and forests. They were taking stock of the timber riches of the Lake St. John region when they got lost.

Croteau, the same night the men disappeared, organized searching parties who, with flares, guns and pistols, made flashes and noises that were expected to lead the men back to safety, but they were too far out in the virgin forests to see or hear anything.

They lived on blueberries, which are exceptionally abundant in that district, and they found all the water they wanted in brooks and streams they met by the score. They did not meet with any big or dangerous game, but spotted scores of hares and partridges. Being without guns or arms, they had to go without the appetizing flesh.

They slept in the open, under branches, but experienced no misery, although they were apprehensive, as none of them were experienced woodsmen. They had no idea as to their position until Dube was struck by the idea that by following the down streams they would inevitably come to rivers and then to civilization. Thus they started on and finally stumbled into camp.

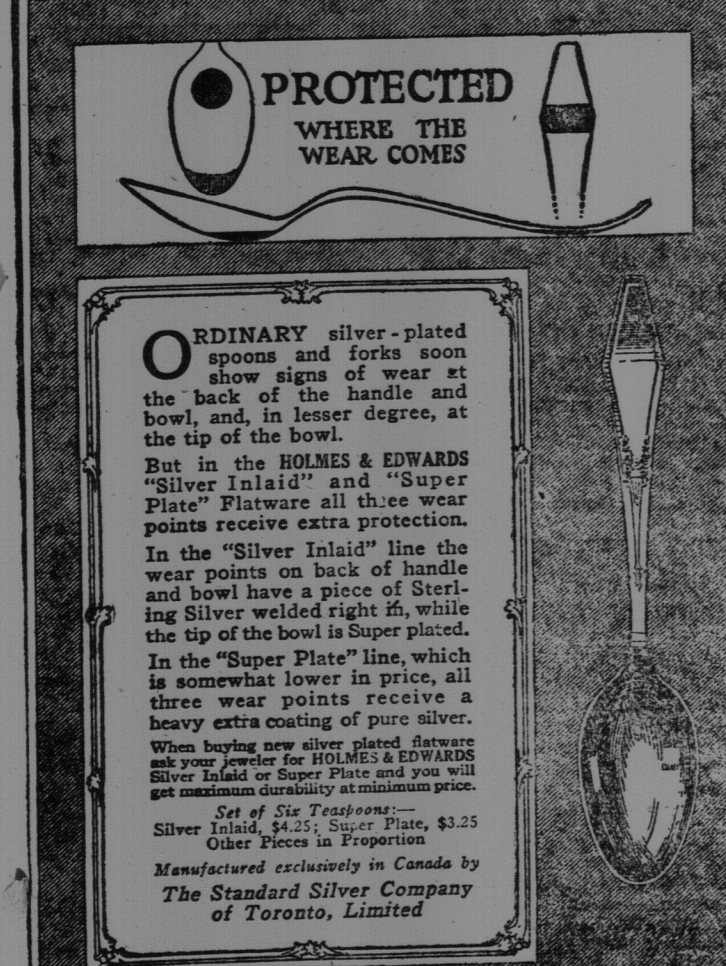

Mr. Croteau returned to Quebec with his men.

### PROTECTED WHERE THE WEAR COMES

ORDINARY silver-plated spoons and forks soon show signs of wear at the back of the handle and bowl, and, in lesser degree, at the tip of the bowl.

But in the HOLMES & EDWARDS "Silver Inlaid" and "Super Plate" Flatware all these wear points receive extra protection.

In the "Silver Inlaid" line the wear points on back of handle and bowl have a piece of Sterling Silver welded right in, while the tip of the bowl is Super plated.

In the "Super Plate" line, which is somewhat lower in price, all three wear points receive a heavy extra coating of pure silver.

When buying new silver-plated flatware ask your jeweler for HOLMES & EDWARDS Silver Inlaid or Super Plate and you will get maximum durability at minimum price.

Set of Six Teaspoons—Silver Inlaid, \$4.25; Super Plate, \$3.25. Other Pieces in Proportion.

**RECENT DEATHS**

Harvey Station, Aug. 25.—Mrs. Sarah Piercy, of Coburn, widow of Robert Piercy, died at her home there yesterday afternoon of a paralytic stroke. She was about fifty years of age and is survived by one son, Fred Piercy, with whom she resided.

The funeral will take place tomorrow.

John W. Tinker.  
 Digby, N. S., Aug. 26.—John W. Tinker is dead at his home here, after an illness of some time. He was twenty-four years old. As a boy he joined the staff of the Digby Courier, where he learned the printer's trade. His health going back on him he left that business and went to Freport in the hope that the outdoor life there would restore him. He improved greatly and this spring joined the staff of the Middleton Outlook as foreman. At the end of June he came to Digby to move his family and the heavy work of packing brought on a hemorrhage on July 1. Since that he failed very fast.

He leaves to mourn his wife and five-year-old son, his parents, two sisters, Mrs. Roland Newman of Wilson's Beach (N.B.) and Miss Lottie, at home, and also a brother.

**Death of Child.**

The death of Eileen Constance, the seven-week-old daughter of William and Lillian Causey, occurred on August 25, at their residence, 380 Lancaster street, West End. Besides the parents, three brothers, Raymond, Douglas and Kenneth, and two sisters, Doris and Marion, mourn the loss of the little one.

At the home of Mrs. J. C. Wetmore, his daughter, Belyea's Cove, Queens, N. B., on Aug. 21, the death of Henry A. Vradenburgh occurred. He was aged ninety-four years and had been a well known resident. In his early years he had been in the customs service in St. John and Ottawa, before which he taught school in Kings and Queens counties. Three sons and three daughters survive, one of the latter being Mrs. A. E. Cowan of St. John.

Had Lived Apart Since 1915—Husband Objected To Her Interest in Stocks When She Lost Suit Against Broken

Mrs. Sarah L. Robertson of the Hotel Webster filed suit in the supreme court yesterday for a divorce from Dr. Joseph A. She names a nurse, whom she alleges she saw in the apartment.

The plaintiff has been living apart from Dr. Robertson since 1915, when she sued the brokerage firm of H. She lost the suit and was directed to pay the brokers \$90,166 on their counterclaim. The testimony showed that Dr. Robertson objected to his wife's speculation.

Mrs. Robertson alleges that she sought evidence against her husband for a long period and finally engaged detectives to operate at the Albemarle. A man and woman detective registered at the hotel as man and wife and several others took

### CHATHAM ALDERMAN

#### ROBBED WHILE HE SLEPT

(Chatham World.)

When Ald. Fitzpatrick awoke from a sound sleep on Friday morning, in his apartment in the Albert House and proceeded to dress, Mrs. F. asked why he had that paper stuck on his trousers. He looked, or rather felt, and found a piece of paper about four inches square pinned on the seat of his pantaloons. He removed it, and found the following message pricked into the paper with a pin—Just for spite, "Tom." Then he felt in his pockets and found that they were empty.

### AUTO KILLS CHILD

New York Chauffeur is Held For Girl's Death

Newport, N. H., Aug. 27.—Viola Howe, five-year-old daughter of Mr. and Mrs. William Howe of Goshen, was almost instantly killed in front of her father's house at Mill Village on the state highway by an auto driven by Joseph Wilinik of Broome, N. Y. Judge Carey held Wilinik for appearance in court on a charge of manslaughter.

Mr. Howe, the child's father, said that he was standing with his little daughter talking with a neighbor when a touring car whizzed past and as it did so he saw his little girl roll out from under the wheels. He picked her up and showed her to the auto to stop, but it continued on its course. The child died within a few minutes.

William Crook, who was nearby with his motorcycle, and saw the affair, gave chase to the auto and finally came up with it in Lemster, about seven miles from Goshen. He told the people in the auto what had happened and told them to return to Goshen, which they did.

In the car with Wilinik were Dr. William C. Deane, a dentist of New York, and Mrs. A. B. Wackley of New York. They said they were on their way from Bethlehem to Keene, and did not know they had hit the child, as after they passed the group on the highway they saw Mr. Howe signal what they interpreted as "go ahead."

Mr. Howe declares that he had his child in his arms and could not have signalled in any way, but that he did shout for them to stop. He said the automobile had twenty-five feet of the road available without running into his child, and he cannot understand how the accident could have occurred. He and Mrs. Howe lost two children last spring from pneumonia and have only one left now.

Had Lived Apart Since 1915—Husband Objected To Her Interest in Stocks When She Lost Suit Against Broken

(New York Times.)

Mrs. Sarah L. Robertson of the Hotel Webster filed suit in the supreme court yesterday for a divorce from Dr. Joseph A. Robertson, house physician of the Hotel Albemarle, in which she alleges that her detectives raided the apartment of the physician in the hotel at 3 a. m. on Aug. 9 last and got the evidence on which the suit is based. She names a nurse, whom she alleges she saw in the apartment.

The plaintiff has been living apart from Dr. Robertson since 1915, when she sued the brokerage firm of H. Content & Co. to recover \$23,778 lost in stock transactions, on the ground that the brokers had agreed to guarantee her against loss. She lost the suit and was directed to pay the brokers \$90,166 on their counterclaim. The testimony showed that Dr. Robertson objected to his wife's speculation.

Mrs. Robertson alleges that she sought evidence against her husband for a long period and finally engaged detectives to operate at the Albemarle. A man and woman detective registered at the hotel as man and wife and several others took

#### REV. MR. COHOE DECLINES CALL TO MONTCLAIR

Former St. John Pastor Remains in Providence—News Notes About Prominent Baptists

(Maritime Baptist.)

Rev. A. E. Kohoe, pastor at Andover, was the preacher at the Tabernacle church, St. John last Sunday. Pastor Tedford is spending a week at Cadelton County, where he is visiting his boyhood home at Windsor.

A news despatch last week announced that the Order of the British Empire had been conferred upon Major E. C. Weyman. Before going overseas Major Weyman served for two years as secretary of the New Brunswick United Baptist Association.

Rev. A. E. Allaby has regretfully declined a call extended to him by the Pointe a Baie church. Various reasons have contributed to this decision, but chiefly those concerning family interests.

Rev. A. B. Cohoe, D. D., has received a call to the pastorate of the Baptist church at Montclair, N. J. He has, however, decided to remain with the church of Providence, where he is exercising an influential ministry. He is spending his vacation period in Ontario.

Rev. J. B. Egan writes that he has felt compelled to decline the call extended to him by the churches on the Coldstream field. He finds the work too heavy for his strength. For the winter at least he will return to the States, when he will engage in evangelistic work. He is sorry to lose him from the work here.

Rev. J. B. Champion has been enjoying a vacation visit on Prince Edward Island. His visit was also enjoyed by all the friends, new and old, among whom he has been tarrying. Dr. Champion is pastor of the Baptist church at White Plains, N. Y. He is returning to his work through his pastorates at Sussex and Gibson.

Rev. J. W. Williamson spent last Sunday on the Florenceville field. He expects to sail for England on August 28, where he will attend the general convention of the Men's Christian Federation. He will also conduct a brief evangelistic campaign. Passage is booked for the return voyage leaving England on September 24.

Capt. (Rev.) Geo. A. Lawson, since his demobilization from the chaplain service, has been serving in the Y. M. C. A. overseas transport service. He has been called to the pastorate of the Union Square Baptist church, of Somerville, Mass., and will begin his ministry there at once. He has many friends in these provinces who will rejoice in this great opportunity for service which has opened to him.

Rev. E. O. Steeves and family passed through St. John last week on their way to Tiverton, where he has accepted the pastorate of the Tiverton and Central Grove churches. This is a new pastorate, formed by the division of the Freeport field. With most commendable energy and liberality the new field has declared for self-support. A parsonage also has been purchased, and the outlook is most encouraging.

It would seem that weddings, like misfortunes, never come singly. Last week we announced the engagement of Light, Milton P. Gregg. This week we chronicle the marriage of his brother, Rev. Ralph S. Gregg. The churches on the Oronocto field will rejoice in the coming of a pastor's wife.

Rev. I. C. and Mrs. Archibald are spending a short time at Andover and

#### FORMER DUKE AND PRINCE SUING FOR ESTATES

Berlin, Aug. 26.—Former Duke Charles Edward of Coburg-Gotha has filed a suit against the republic of Gotha and its commissioners to recover his estates, which was confiscated when he declined to accept a settlement of 15,000,000 marks. The Prince of Waldeck-Pyrmont is also suing for the recovery of half his domain after the failure of negotiations with the new government.

**A Great Game.**

Detroit Aug. 26.—With two tremendous home runs drives, that carried him easy passage around the bases, and a timely single in the last inning, Babe Ruth practically battled Boston to victory over Detroit, 8 to 7, in eleven innings, this afternoon, before more than 24,000 fans.

Three times the Red Sox had to win the game, counting a tieup in the ninth that forced overtime as one of such a trio, before it was theirs.

Detroit runners were on third and second when Heinman, last man to bat, lifted a fly to Roth that caused the home players to see the gap between Chicago and themselves widened by another game.

It was a fighting fray, in the baseball sense; that is, it set the big crowd crazy. Boston acted like a team that had no favors to show to any pennant aspirant and the Tigers were fighting like one that isn't going to give up. On both sides the hitting was vigorous and on neither were the pitchers, of whom each club used three, showing extremely classy form.

#### ADMIRALTY DOES NOT KNOW FATE OF BREMEN.

London, Aug. 27.—(By the Associated Press.)—There is no truth in the report that the crew of the German commercial submarine Bremen was captured during the war and returned recently to Germany, according to official information given the correspondent yesterday. It was added that the British admiralty has no knowledge concerning the fate of the Bremen, but that it is assumed the submarine foundered while endeavoring to cross the Atlantic.

## An Important Discovery

### Swollen Veins Relieved

That Absorbine, Jr., would relieve varicose veins was discovered by an old gentleman who had suffered with swollen veins for nearly fifty years. He had made many unsuccessful efforts to get relief and finally tried Absorbine, Jr., knowing its value in reducing swellings, aches, pains and soreness.

Absorbine, Jr., relieved him and after he had applied it regularly for a few weeks he told us that his legs were as smooth as when he was a boy and all the pain and soreness had ceased. Thousands have since used this anti-septic liniment for this purpose with remarkably good results.

Absorbine, Jr., is made of oils and extracts from pure herbs and when rubbed upon the skin is quickly taken up by the pores; the blood circulation in surrounding parts is thereby stimulated and healing helped.

It is a bottle at druggists or postpaid. A liberal trial bottle will be mailed your address for 10c in stamps. Booklet free.

URGE ADOPTION IN ALL CANADA

Sale of Goods Act and the Partnership Act

Conference of Uniform Laws Commissioners in Winnipeg in Connection With Canadian Bar Association

Winnipeg, Aug. 27.—That the sale of goods act and the partnerships act, enacted in England and in 1890 and 1893 respectively adopted in some of the provinces of Canada should be generally adopted in the dominion was a decision reached at last evening's session of the conference of the Uniform Laws Commissioners who are meeting here in connection with the annual convention of the Canadian Bar Association.

The commissioners felt that the general adoption of these statutes would have the effect of securing on the two subjects of sale of goods and partnership that uniformity of provincial legislation which is intended to be promoted by the appointment of provincial commissioners and of facilitating trade with other parts of the British dominions and with other countries.

The commission expressed pleasure at the fact that since the last meeting in 1918 the sale of goods act and the partnership act had been adopted in New Brunswick, and the sale of goods act in Prince Edward Island.

Gattle, at a conference with the board of trade committee today with reference to his scheme for the reform of freight traffic in London, said that his proposal to use 6,000 motor trucks for the transport of commodities through London in connection with a centralized station, would take 95,000 vehicles off the traffic jammed streets.

WOULD CONSERVE PULPWOOD SUPPLY

Indiana Senator Moves For Survey and Preliminary Investigation

Washington, Aug. 27.—As a step toward conserving the decreasing supply of American pulpwood used in the manufacture of newsprint paper, Senator Watson, Republican, has introduced a resolution authorizing the secretary of agriculture to make a survey and preliminary investigation of the nation's available pulpwood timber supply.

Nearly all of the American newsprint manufacturing industry is located in the northeastern states—half of it in New York, the senator continued, "but in the Pacific northwest—Washington, Oregon and part of California—and the inland empire of northwestern Montana and Northern Idaho, are great forests that have been no more than touched by the few pulp mills in that section of the country."

An immediate and adequate governmental survey of American resources in the field.

Immediate steps to bring about the practice of forestry and the conservation of forests in the pulp-producing regions to the end that the annual inroads upon the forests will be lessened, and eventually will be no more than equal to the annual growth. Development as soon as practicable of the industry in the northwest and in Alaska.

**THE NAVY LEAGUE**

Prince to Be Patron—Hero of Zeebrugge May Visit Canada

H. R. H. the Prince of Wales has consented to be the patron of the Navy League of Canada. A telegram to this effect has been received by Colonel Sturdee, S. S. D. the N. B. president. The prince took special note of the Navy League decorations when here and spoke of them.

The annual appeal for funds for the Navy League will be held on Nelson Day, October 21. Special efforts will be made to raise funds and it is hoped that a ship of war may be here at the time.

It is possible that Captain Carpenter, V. C. R. N., the gallant commander of the "Vindictive" at the attack on Zeebrugge last year, may make a tour of Canada in the interest of the Navy League during the coming autumn.

**"PORTLAND PICNIC" AT SEASIDE PARK TODAY**

The annual picnic of St. Peter's and Holy Trinity churches, known as the Portland picnic, is being held today at Seaside Park. It is customary to hold this picnic at Torriburn, but owing to the scarcity of cars it was found that transportation facilities were inadequate and it was decided to avail themselves of an opportunity to hold it at Seaside Park, which was kindly offered to them.

At 9.30 o'clock this morning four street cars went to the corner of Douglas Avenue and took a large number of children from St. Peter's Sunday school, about the city for a ride after which they proceeded to the picnic grounds. Cars to be taken to Paradise row to get the children from Holy Trinity church Sunday school and they also went around the city.

At the park a large and energetic committee was in charge of refreshment booths, games, etc., and as weather conditions were favorable the outlook was bright for a successful picnic and an enjoyable day for all. The City Cornet Juvenile Band played during the morning and the senior band will play this afternoon and evening. This picnic is being held in aid of the orphanage.

**'SPORT BOOM IN EAST END**

The East End Improvement League deserve much credit for betting the "old dump" fixed up and made a fast baseball diamond. Many fans say it is the best grounds in the city. The bleachers are being put up by carpenters and the grounds are chalked off like a big league diamond. Those who are interested in football are requested to meet after the game this evening between Hampton and the Roses on the East End diamond. A silver cup has been offered for the winners of football matches and good games are expected.

The East End is coming into its own in the line of sport. The schedule below shows how close the baseball teams are in the East End league:

Club	W.	L.	P.C.
Alerts	8	3	720
Cotton Mill	7	4	530
Roses	6	4	500
Imperial	6	5	340
Rockwoods	2	12	140

The Rockwoods dropped out of the league, and a new schedule is being arranged for the remainder of the season. The East End Improvement League are grateful for the use of Thorne Lodge hall, I. O. G. T., for their meetings and committee meetings, free of charge. This is in the interest of good sport in the east end of the city.

**BYE-LAW CASES IN POLICE COURT**

"He didn't come to me in a nice way," was the plea put up by C. J. Bassen in the police court this morning in answer to a charge made by Policeman Linton, who reported Mr. Bassen for allowing a packing case to remain on the sidewalk at the corner of Union and Sydney streets, and when ordered to have it removed, failed to do so. Magistrate Ritchie answered the defendant by saying that the police force should be equipped with kid gloves and that a book on etiquette should be prepared for their guidance. The case presented many humorous phases and was postponed for the hearing of further witnesses.

Policeman Linton said that 11.45 a. m. yesterday he saw the box on the sidewalk where it was obstructing traffic and he asked the defendant to remove it. Mr. Bassen suggested that the policeman look after having it removed, whereupon the witness gave him twenty minutes to get it out of the way and having failed to do this, he made the report. The case is to come up again at eleven o'clock tomorrow morning.

**FIRE MARSHALS ARE MEETING IN TORONTO.**

**AFTER POACHERS AT TEN MILE CREEK**

Inspector Calder Makes Special Trip—Returned Soldier Made Special Warden

J. A. Calder, Dominion fishery inspector for New Brunswick, was in the city this morning after a special journey to Ten Mile Creek, where he went to investigate reports of the illegal netting of salmon, which, it is believed, has been carried on somewhat extensively on Sundays for some time past. The story was that outsiders with a taste for salmon went to Ten Mile Creek in motor cars, and rumors of the poaching reached the fishery inspector's ears. He found some evidence of poaching, but nothing to implicate any of the residents at or about Ten Mile.

He has appointed Arthur L. Rankine, a returned soldier, of Fairfield, as a special warden to look after Ten Mile Creek, and the poachers, it may be assumed, will find their occupation gone hereafter. There has been much talk about the situation at Ten Mile Creek, and the action of the fishery inspector will be widely commented by the people living there and by many interested in the proper protection of the game fish.

**Man In The Street**

Peace, as enjoyed by some portions of Europe, seems strangely like the war that used to fill the front pages.

Twenty cent sugar now seems to be less of a menace than a joke. But who is the joker?

Anxious Inquirer:—No; so far as we can learn, the motto of the Prince of Wales, "I serve," does not indicate that His Royal Highness is an honorary member of the Waiters' Union.

Reports from London indicate that the plan to take Petrograd has been abandoned. Possibly it has been decided that what is left of Petrograd is not worth taking.

These morning fogs may improve the complexion, but not the temper.

Where Father Spends His Time

U. S. statistician has figured that patronage of the movies has increased fifty per cent since prohibition became effective. Will the scene for the once famous song "Father, dear father, come home with me now," be changed from the saloon entrance to the lobby of a picture palace?

In defence of St. John's street paving it has been pointed out that one can travel all the way from Indiantown to Reed's Point over permanent pavements. Sure, but who wants to?

Toronto boy, who attended reception to the Prince of Wales in a bathing suit must have got his ideas of the proper scantiness of clothing for formal functions from some of the ladies' evening gowns.

Ottawa Journal says that Mrs. Martin who died last week, "smoked a pipe every day up to a few days before her death." She was only 108 years old when she passed away and but for her fondness for smoking she might have lived to a ripe old age.

"Monoton jury holds no one responsible" says a despatch. As if it was any different from other juries in that respect!

Judging by the trouble they are having in New York theatre the actors this time have struck more than an attitude.

"Watch Your Step"

Isn't it thrilling to see a big motor-truck sailing down King street, gathering momentum as it goes, rushing like the wind itself to the accompaniment of the merry clank-clank of the roaring machinery? To get the full benefit of the thrill it is better to watch the spectacle from the crossing at the foot of the street, particularly when a couple of street cars have stopped to discharge their passengers and the crossing is thronged. A sporting element is introduced when the chauffeur neglects to swing his arm to indicate in which direction he intends to turn and it is even betting, with life and death as the stakes which way to hop. Around eight o'clock in the morning, when the crowds are getting to work, is the favorite time for this daily thrill.

It Cost Him Thirty

The possible chance of securing a case of forcible entry to a warehouse, "bargain rates" led a local citizen to part with the sum of \$30 a few days ago but up to the present so far as is known, he has not received delivery of the goods. A young man whom he knew entered his office and said he had a chance to get a few cases of whiskey cheap. Would the merchant care to take one or more? Well, considering that the brand mentioned savoured of "the good old days" before prohibition and that it could be had at \$30 a case—yes, he would take two cases. Three o'clock on Saturday afternoon was the time appointed for delivery—a half-holiday when none would be around the warehouse except the janitor. Mr. Merchant was there patiently waiting until about 3.30 p. m. but the goods expected did not arrive and he went home, leaving instructions with the janitor to put the two cases away should they come. About 4.30 the telephone at his house rang and the young man who was to have brought them said that he had been unable to reach the warehouse at the hour appointed, as one must be careful in such matters, but he had the goods now and would leave them at the warehouse. This was agreed to. That evening the young chap called at the merchant's home and saying he was working on a small margin asked if he could get payment for one case and he would call for the remainder on Monday after the whiskey had been examined. He got \$30 and walked off. When the business man arrived at his office on Monday morning his first question was as to the whereabouts of the case but was told none had arrived. There had been no delivery on Saturday afternoon. And applying a slight change to the words of the old proverb, the merchant now realizes that "a case in the house is worth two in the warehouse."

**The Perfection of the Dining Room**

The creation of a certain impression in the dining-room is more important than the selection of any special style of furniture.

The atmosphere, the mental attitude is created, not by the magnificence of any one or of any series of furniture pieces, but by the good taste that is reflected in the complete ensemble.

What is a finer compliment to your guest than entertainment in a perfectly appointed dining-room, or what is a greater family influence in good breeding than perfect meal-time environment?

The perfection of the dining-room is an important responsibility, in the working out of which it is well to seek competent counsel.

This store places this counsel and co-operation at your disposal. While we show very unusual selections in furniture for the dining-room, priced to meet every price limitation, yet we regard the actual furniture as only "the means to the end." Whether your needs may involve the purchase of just some individual piece of furniture or the complete furnishing of your dining-room, it will be our pleasure and policy to see that your selection properly fits your needs and contributes most to the beauty of your dining-room.
