NATIONAL SPIRIT IS CANADA'S NEED

BEHOLDING HOME WELL PLEASED WITH MISSION

All Canada Eager To Hear Case of The Maritimes SEES BETTER ERA

Counsels Get-Together On What Is Best To Be Done In Future

A. M. Belding, special representative of The Telegraph-Journal and Times-Star, returned to Saint John today after completing a month's tour of Canada in the interests of the Maritime Provinces.

Interviewed on his arrival by The Times-Star, Mr. Belding spoke of the enthusiastic welcome he had received in every city visited, and the success of his mission. Regarding the features of his tour, Mr. Belding said:

UNIVERSAL WELCOME. "The outstanding feature of my tour from coast to coast has been the universal welcome accorded me as the envoy of the Maritime Provinces, and the sympathetic interest with which my message was received."

"So far as the feeling of the people of the other provinces may be judged by the large attendance at the meetings, the Maritimes are not isolated. Everywhere people said to me: 'Come again, or send someone else, to tell us of your problems and to learn of ours.' The desire to be helpful was not less earnestly proclaimed in Montreal and Toronto than in Winnipeg and Vancouver."

FOR BETTER ERA. "It seemed, however, one thing of which we must take heed. Over and over again I was asked 'What is it you want?' Put it in clear and definite terms. Tell us what we must do to best help to improve conditions for the Maritimes. In other words, we must be specific. All over the Dominion cases in general terms have been presented, for the press of every city has been more than kind, and it is now our people to get together and consider what will best improve our economic condition, resting assured that the other provinces desire to be helpful. If we do our part I believe we are at the beginning of a better era."

NATIONAL SPIRIT LACKING. "But we must do our part. The other parts of Canada have their own serious problems, and are much concerned about them. If the Maritime Provinces are to have reached their true position, it must be as a result of the true of the Dominion as a whole. There is no real national spirit such as that which permeates the Dominion. The central and western provinces as well as ours have suffered heavy loss in population. Those who make soothing speeches, no matter how high their eulogy, would be better engaged in finding a remedy for undesirable conditions. I believe the Maritime Provinces, which were in at the birth of Confederation, have a great opportunity to aid now in a movement designed to make the union permanent. That involves the discovery of an economic policy behind which all the at present conflicting forces may unite in the national interest. It is not a task for opposing political parties, but for the best minds in Canada, divorced from partisanship. The time is ripe."

TRADE BOARDS ACTING. "I am glad to be able to report that Boards of Trade are beginning to take joint action to consider the whole problem. Canadians must get together from coast to coast, and change the conditions under which in every province we are rearing children to grow up and journey south. Those who lecture us about the evil of mentioning secession sentiment ought to fix their attention upon the piecemeal secession which never stops, and which is impoverishing Canada."

"I can only say that, so far as my observation enables me to judge, the people from coast to coast desire to get together, and are thinking very seriously about the need of a genuine national spirit. It is frankly admitted that the Maritime Provinces have very special claims to sympathetic consideration, because of their enforced struggle against geography and economic principles. We must not, however, in brooding over a lack of progress here, overlook the very serious problems which confront other provinces and the Dominion as a whole."

Monday evening Mr. Belding will address a joint meeting of the members of the Board of Trade, Rotary Club, Gyro Club and Canadian Club, giving his views and impressions of the mission he has just completed.

Beasts Take Part In Fierce Battle

PARIS, March 21.—Two elephants and a hippo took part in a fierce battle in a circus near Nimes. In the end one of the elephants had its foot crushed between the hippo's jaws, and the circus manager now thinks it is dangerous to allow hippos and elephants to be in the same arena.

5,000 Wild Geese Arrive At Jack Miners' Bird Sanctuary; Some Had Been There Before

KINGSVILLE, Ont., March 21.—A flock of five thousand wild geese have arrived at Jack Miners' bird sanctuary, here, several of which are carrying tags on their legs, giving him positive proof they are the same birds which visit him year after year. When they arrive from the south, they were flying at least a half mile high, but were found their way down to the feed on the Miners' sanctuary. Jack Miners says the whole secret of his success in taming these wildest of wild birds, is to throw a handful of corn instead of a thimble full of it. When birds are off the Miners' sanctuary one cannot get within gunshot of them, as they soon get to know their friends from their enemies.

ORDER IS RESTORED IN STRICKEN AREAS

Funerals of Tornado Victims Taking Place—Relief Work Proceeds.

CHICAGO, March 21.—The storm-swept territory of the Ohio Valley today continued the tragic duty of burying its dead, while relief workers completed the task of bringing order out of chaos and plans for rehabilitation were advanced.

Relief Measures. "Funeral services for some of the victims of Wednesday's storm were held yesterday but most of the burials were arranged for today, and Sunday. In towns where the loss of life was heaviest, community funerals were planned, with burial in one long grave platform."

Reports from the destroyed districts said that relief work was well organized. A flood of material aid continued to pour in for sufferers in the greatest tornado in the history of the continent, which snuffed out more than 800 lives, injured 3,000 persons and left entire communities homeless.

RECORD SYMPATHY

Saskatchewan Vets of Opinion N. S. Miners Should Get Living Wage.

SASKATOON, March 21.—A resolution passed here by the convention of the Great War Veterans' Association should permeate the nation. The central and western provinces as well as ours have suffered heavy loss in population. Those who make soothing speeches, no matter how high their eulogy, would be better engaged in finding a remedy for undesirable conditions. I believe the Maritime Provinces, which were in at the birth of Confederation, have a great opportunity to aid now in a movement designed to make the union permanent. Saskatoon Crowd Applauds Evidence Against Mennonite, Committed For Trial.

SASKATOON, Sask., March 21.—So intense is feeling against John Wurz, Mennonite farmer, near Guernsey, Sask., accused of the murder of his 17-year-old brother-in-law, Ephraim Jensen, that despite repeated calls for order, a great crowd which filled the Lawton town hall yesterday, cheered Detective Sgt. Sherwill, who investigated the case, while he gave evidence at the preliminary hearing. Cyril Stackhouse, J. P., committed Wurz for trial.

Earl of Ypres Still Causes Anxiety

LONDON, March 21.—A bulletin issued this morning by the physicians attending the Earl of Ypres, the former Field Marshal French, who underwent a severe operation Thursday, says he passed a fair night but his condition continues to call for anxiety.

New Motor Fuel Discovered By 15-Year-Old Astounds Paris

PARIS, March 21.—Remarkable claims are made for a new automobile fuel named "moline" after its discoverer, 15-year-old Irene Laurent, daughter of a well known French chemist. The product which is understood to have for its basis a solution of sugar is said to cost less and go farther than any other of the so-called substitutes for gasoline yet tried.

SHIP SUBSIDY RESOLUTION HAS PASSED HOUSE

Is Sent To Special Committee For Consideration

VOTE IS 133 TO 38

All Liberals and All But Nine of Progressives Present Back Measure

Canadian Press Despatch. OTTAWA, March 21.—After debate which occupied seven days in the House of Commons, the Government's resolution embodying the Petersen ship subsidy contract was adopted early this morning, and on motion of Premier King, was sent to a special committee of the House, for exhaustive consideration.

Contrary to first expectations, no bill was introduced and the resolution did not go through the committee of the whole house. This means that the house committee may, if it chooses, make changes in the contract and refer them back to the house for discussion before a bill to give effect to it is brought down.

High Feeling. Feeling ran high during the last hours of the debate. It had been arranged amongst the whips that the debate would be curtailed and a vote taken before 11 o'clock to permit some members to catch their trains back to their constituencies. Several unexpected speeches developed, however, and at midnight there was no prospect of a close. Hon. H. S. Stevens openly accused the Government of "chuckling" over the prospect of many empty Conservative benches when voting came.

A. B. Boyd, chief Conservative whip, made a frank statement of his position which he said would be unalterable if the Government pursued the policy of forcing important votes on for days that a vote would be reached as early as possible. There were many absentees on both sides of the House when the vote was taken and a number of pairs.

Vote 133 to 38. The resolution carried 133 to 38, supported by all the Liberals and all but nine of the Progressives present. There, with the two Labor members and all the Conservatives present, opposed it. A Conservative amendment to declare the Government's ship subsidy policy ineffective, was defeated 139 to 31, all the Conservatives present and, S. Woodsworth, Labor, leader, supporting, while the Liberals and Progressives opposed it. There was a double dissent.

Premier King's motion to send the resolution to a special committee before a bill was brought down, was contested on a point of order by Hon. Arthur Meighen, but his protest was not upheld by the chair.

ENONERATES DRIVER

Coroner's Jury Frees Montreal Taxi Man of Responsibility for Accident.

Canadian Press Despatch. MONTREAL, March 20.—Leon Allaire, taxi driver, was exonerated today by a coroner's jury in connection with the death of E. Beausoleil, who was killed Wednesday night when Allaire's taxi, in which he was a passenger, struck a tram car at the corner of Notre Dame and Convent streets. Immediately following the verdict, he was released from custody. Latent Judge Montclair dismissed the charge of speeding which had been placed against him.

2 ROBBERS KILLED

Strange Anti-Aircraft Bomb Attracted by Metal on Plane

LONDON, March 21.—The Westminster Gazette reports that secret experiments are in progress with one of the strangest anti-aircraft weapons ever devised. Experiments believe that it will be infinitely more potent in aerial warfare than torpedoes and submarines in naval fighting. It consists of a bomb which when within a certain radius of an airplane "responds to the magnetic influence set up by the metal parts of the airplane," which influences give the bomb immensely increased velocity toward the plane. No amount of maneuvering by the pilot, according to the description, will enable him to escape, and the plane is doomed. The bomb is launched from the ground, and will eliminate the need of aircraft guns.

PREFER CONFERENCE TO STRIKE FIELD

A. F. L. President Declares Cooperation Only Key to Success.

CAMBRIDGE, Mass., March 21.—Modern organized labor "prefers the conference table to the strike field," said William H. Green, president of the American Federation of Labor, in an address at the Harvard Union last night.

Between capital and labor, he said, there is an interdependence so fixed and irrevocable as to make complete success attainable only through understanding and co-operation. It is so these problems of industrial co-operation and understanding that modern trade unions is addressing itself.

3 TRAIN ROBBERS ARE SENT TO PRISON

Convicted of Conspiracy in Connection With Train Robbery in N. Y. State.

BUFFALO, March 21.—Three members of the notorious Perry train robber gang were convicted in Federal Court here yesterday of conspiracy to violate the Garlin Act. Bert Perry, leader of the gang and a wealthy farmer of Niagara Falls, was sentenced to two years in Atlanta prison, and fined \$10,000. Thomas Shanahan of Niagara Falls, was sentenced to two years in Atlanta and also fined \$10,000. Edward Kelly, a city fireman at Niagara Falls, was sentenced to a year and a day in the Federal prison.

The trio were captured a few hours after railroad detectives had killed "Canadian Shorty" Garner, another member of the gang, during a train hold-up at Wilson, N. Y., 1924.

COURT RESTRAINS SALE OF BANKERS' SHARE IN FORD COMPANY OF CANADA.

NEW YORK, March 21.—A temporary injunction restraining the sale of bankers' shares of the Ford Motor Company of Canada, Limited, has been issued against the Continental Company and Marshall and Company of this city, according to an announcement by Attorney General Ottinger. In asking the injunction from the Supreme Court, the attorney general's office asserted that between 5,000 and 10,000 persons had bought the shares under the impression that they were buying Ford Motor Company stock.

IN CABINET?

LORD BALFOUR, who, with the passing of Lord Curzon, is expected to enter the British Cabinet, according to a London despatch today.

BALFOUR IS SLATED FOR CABINET POST

Not Likely, However, to Succeed Curzon as House of Lords Leader.

By HERBERT BAILEY. British United Press. LONDON, March 21.—With the passing of Marquis Curzon, it is expected that Lord Balfour will find a place in the Baldwin Government, although it is doubtful if it will be as Lord President of the Council and leader of the House of Lords, which post is most likely to fall to Lord Salisbury.

An indiscreet Miss Avery, who was strongly supported by Curzon in the cabinet battle against Austen Chamberlain over French security, would like Balfour to come in because he is unwilling to commit Great Britain in Europe and the Dominions will not violently disapprove even if they cannot fully approve.

ALONG HARBOR FRONT

The harbor front came the first reports of the quake, the signal service station stating that about 10:28 a.m. the tower of that building was shaken by a short but violent tremor, while windows rattled and small objects wobbled about quite noticeably.

At the harbor communication building, the shock was also felt, the official stating that it was quite strong, while from other parts of the city, news continues to pour in regarding the latest developments in the earth's crust.

GORMAN WAS ILL

Charlie Had La Grippe in New York and Was in Hospital.

Charles Gorman, world's champion 440 yards slater, returned home yesterday. Following the International championship meet in Pittsburgh, he went to New York and while visiting there contracted la grippe. He was quite sick for several days and was in hospital. When he recovered he started for home, coming via Montreal. Gorman made a good showing in the indoor meet, tying with Leslie Body for second place.

IS HOME FROM WEST

Dr. W. B. Wallace Spent Some Weeks in California—Met Old Friends.

Dr. W. B. Wallace, K. C., returned this afternoon after six weeks in California, the larger portion of the time being spent in Los Angeles. He met many friends from Saint John and other parts of the province, including L. G. Crosby, A. F. Barnhill, J. M. McQueen and James Sealey. Dr. Wallace said that he was in Illinois when the tornado struck that city and that he was in the northern part of the state when the tornado struck in the south. Dr. Wallace is greatly improved in health from his trip.

GREAT BUSINESS CONCERNS.

(New York Sun.) Probably the best single measure of the comparative size of corporations is their gross yearly income. This basis not only affords a fairly accurate comparison of corporations with each other, but it enables one to compare them with leading Governments, considered as business concerns.

In the following table the American Government is compared as a business institution with the British and French Governments and with seven of the greatest American corporations. For the Government's gross receipts are given for the last completed fiscal year with figures for the British and French Governments translated at current rates of exchange. For corporations gross income, earnings are operating revenues are given for the calendar year 1923. Governments, in other words, are compared with corporations on the basis of the gross yearly receipts of each.

Gross earnings of the Ford Motor Company are estimated. They are not made public by the company. But as it sold 1,916,000 cars in 1923, the receipts

American Telephone and Telegraph Company 601,000,000
Bell Telephone Company 278,000,000
Standard Oil Company 278,000,000

SAINT JOHN, N. B., MARCH 21, 1925.

RAILWAY CO-OPERATION. Discussion of the complicated matter of ocean steamship rates in Parliament has recently been enlarged to include some consideration of competition between Canadian railways, and in several quarters the idea is put forward that the Canadian National Railways and the Canadian Pacific might well, in the public interest and in their own, eliminate many wasteful features of competition.

There is no probability at present of the adoption of the proposed plan by Mr. W. F. Macdonald, M. P., that the two systems should be consolidated through considerable weight it attached to his argument that it is unwise that the two railways should continue to build competitive lines into new territory where either of them could meet all the requirements of transportation.

Mr. Euter, M. P. for North Waterloo, agreed with Mr. Macdonald concerning the existence of duplication, wasteful competition and unnecessary overhead charges, the expense of which falls upon the people of Canada.

THE MEMBER FOR SOUTHEAST GREY. In the House of Commons last week, some hours of discussion were devoted to a resolution introduced by Miss Macphail, the only woman in the House, who wished to provide means whereby prisoners in the penitentiaries might have useful employment and also receive some payment for the work they do.

"BAD MEN UNDER TWO FLAGS." When Hays Hammond, the famous mining engineer, contributes an article to Scribner's in which he tells of law enforcement and respect for law as he observed it personally during many years of experience in South Africa, in Great Britain, in every mining district of the United States, and in the Klondyke. Another American writer recently said: "It is reported that the United States has twenty per cent. more laws than England, but he would be a rash man who said the United States was twenty per cent. better off in consequence."

has given assurance that a similar measure will be passed by our Legislature. No doubt, Prince Edward Island will make it unanimous. For many reasons the change is desirable, and it is expected that Parliament will not hesitate to act upon the request of the Maritimes in this matter.

Odds and Ends

"You never know what you'll find among the odds and ends." - From "Notes by a Wayfarer." More Limericks (New York Literary Review) Arthur Guiterman sends along a few limericks which he discovered in an old scrapbook and which he thinks may have escaped the aphorologist - meaning Langford Reed. They are quite new to us, so here goes:

JUNIOR RED CROSS DOING GOOD WORK

Encouraging Reports on Activities Are Contained in News Letter.

The News Letter of the New Brunswick Junior Red Cross issued yesterday tells of one of the greatest works for good which the Junior organization in this province has yet accomplished. Its care for Nettie, the latest Junior patient, Nettie is 16 years old and, although her vision was found to be only 28 of normal, she had never had any glasses and had lived in a shadow world, never knowing anything of the world around her.

The medical inspector of schools reported her case and appealed to the Junior Red Cross to see what care could be given. The New Brunswick Ophthalmological Society was approached and the society's interest and generosity were such that its members donated their services free of charge. Today Nettie is a happy girl with vision which is as nearly normal sight as that of anyone who wears glasses. Just to see things is a marvel of every day in which Nettie is supremely happy.

Six New Branches. The News Letter shows six new branches formed in the following schools: Albert and St. Vincent's in Saint John, Chatham Elementary, Greenwich Hill, Irish Settlement in Carleton county, and in Kilburn school and yesterday a new branch was formed in Saint John amongst the pupils of the Opportunity class in the Dufferin school. This is the third Opportunity class branch in Saint John, the other two being in the Albert school and in Holy Trinity school.

WATCH FOR CHAPLAIN. The members of St. Rose's Women's Society assembled in their hall last evening and presented to their chaplain, Rev. W. J. Mallette, a beautiful gold watch, the occasion being the fifth anniversary of his elevation to the priesthood. The presentation was made by Miss Marion Gillis, and although taken very much by surprise Father Mallette responded feelingly, expressing his appreciation of the gift.

Announces Dates For Easter Recess. OTTAWA, March 20.—The House of Commons would stand adjourned from Wednesday evening, April 8, until Tuesday, April 13, for the Easter recess, Premier King announced in the House this afternoon.

Deaths

Adolph Comesa. YARMOUTH, March 20.—The death took place at Highland Park, Michigan, of Adolph Comesa, formerly of Little Brook, Digby county. He was a son of the late Adolph Comesa and was 27 years of age. His passing was comparatively sudden and he was only ill a few days. Mr. Comesa was survived by his widow, his mother at Little Brook, three brothers and three sisters, all residing in Lynn, Mass. The body arrived in Yarmouth by the Prince George this morning and was sent to Little Brook, where the funeral takes place tomorrow.

Lyman J. Crosby. YARMOUTH, March 20.—Lyman J. Crosby, a lifelong resident of Lake George, Yarmouth county, passed away this afternoon at the home of his daughter, Mrs. Albert J. Wagner, Yarmouth. He had been ill since very early in the year and on Tuesday last, with Mrs. Crosby, returned from Syracuse, N. Y., where he spent the winter years of age and, besides his widow and Mrs. Wagner, he leaves five other daughters, Miss Hatie, at home; Mrs. B. E. and Mrs. I. L. Kilian and Mrs. Harding Langille, in Sydney, and four sons, E. L., in Troy, N. Y.; Lorne P. and W. V., Syracuse, N. Y.; and James L. Crosby, Lake George; also one sister, Mrs. Elizabeth Winter, of Yarmouth North.

Mrs. A. C. Smalley. Relatives in Saint John were greatly shocked yesterday to receive word of the death of Mrs. A. C. Smalley in Toronto on Thursday following serious injuries in the disastrous fire in Toronto recently. Mrs. Smalley was a daughter of Mr. and Mrs. Joseph MacVay, of St. Stephen, and besides her husband two children she is survived by her parents and four sisters, Mrs. Mayes Case, Saint John; Mrs. W. Richardson, Mrs. J. M. Flewelling and Miss Lela MacVay, in St. Stephen. No particulars of the tragedy had been received from Toronto last night.

Mrs. John Gallagher. The death of Matilda, widow of John Gallagher, occurred yesterday afternoon. She was a life-time resident of the north end of the city and had in very high regard. Mr. Gallagher was at one time a butcher in the city market and was widely and favorably known. Mrs. Gallagher is survived by one son, Joseph P., of this city, and two brothers, John McKeever, of Moncton, and Bernard McKeever, of Moncton. The funeral will take place on Monday from her late residence, 284 Main street, to St. Peter's church.

Mrs. John Darling. The death of Mrs. John Darling, of Hammond River, occurred yesterday after a long illness. Mrs. Darling was the daughter of the late Elias Prince and widow of Major John Darling, who died two years ago. She is survived by five sons, four daughters, one brother, 24 grandchildren and two great-grandchildren. The sons are Oscar, of Steveston, B. C.; Henry, William and Richard, of this city, and Winfred, of Hammond River. The daughters, Mrs. Craig W. Nichols, Manville, R. I.; Mrs. Hilmyer Boyd, Toronto; Mrs. Oswald Ford, Oakland, Cal.; and Miss Annie, at home. James Prince, of Stockton, Cal., is a brother.

City Teachers Hear Paper On Biography

"The Value of Biography," was the subject of a much appreciated paper given before the meeting of the Teachers' Association in the Natural History Society rooms last night by D. Gordon Willet, when W. T. Denham, president, was in the chair. Mr. Willet dealt exhaustively with his subject, showing that library records proved that next to fiction the theology, the most read books were those dealing with biography. Biography, he said, gave a valuable insight not only into the lives of the persons concerned, but also into the times in which they lived. He reviewed some half dozen of biographies from Plutarch's "Lives," to Mrs. May's "Gladstone," and touched upon the new style of biography with its greater frankness as illustrated in Strachey's "Life of Victoria," and the short biographical sketches of "The Gentlemen with the Duster." Heartly thanks were extended to Mr. Willet on the motion of Miss Isabelle Cole, seconded by Miss Isabelle Reed. Arrangements were made for postponing the annual meeting next month until April 24, because the regular date falls on Good Friday.

A Story Without Words

Women's Council to Investigate By-Laws of City Re Buildings

The executive of the Saint John Women's Council yesterday discussed civic by-laws regarding buildings and asked Mrs. A. J. Mulcahy to bring in a report on this subject at an early date. Mrs. A. W. Estey presided at the meeting, which was held in the Board of Trade rooms. In the correspondence read were Dr. Mabel Hanington's acceptance of an invitation to address the council, Mrs. D. V. White's letter regarding an address to be given on the League of Nations and a request from the Women's Hospital Aid for the loan of banks for tag day. This request was granted. Mrs. E. A. Young reported Mrs. Estey and herself had represented the council at the recent meeting of the Social Service Council held in Saint John. Mrs. G. Wilford Campbell reported arrangements had been made for the travelling which Mrs. E. Atherton Smith will give on March 28 in aid of the council funds. Interviewed Mayor. Mrs. Estey reported that the civic committee had interviewed the Mayor with regard to recognition of the bravery of Margaret Davis, who rescued her brother and sister in a recent fire, and that since that interview a subscription list had been opened in the Times-Star. Welcome was extended to Miss M. Stevenson, acting superintendent of the Y. O. N. In considering National Council matters the meeting adopted the resolution that the National Council elect its secretary at the time of the annual meeting and decided to write for further particulars regarding the suggestion from Calgary that a National Women's National Council annual meeting convene there. As no member of the Saint John Council will attend the meeting of the National executive in Ottawa this month it was decided to ask Mrs. J. G. Freeman, of Sackville, to be proxy for the Saint John Council. Resolutions to come before the international quinquennial meeting in Washington were held over to be dealt with at the regular meeting of the council.

COMPANY READY TO ASSIST AT GRAND FALLS

International Paper Corp. President Meets Provincial Government

RUMOR THAT FIRM WILL ASK \$1,500,000

Graustein Admits That This Figure Is "Not Far Astray."

BY D. LEO DOLAN (Staff Correspondent of The Telegraph-Journal)

FREDERICTON, March 20—President A. R. Graustein, of the International Paper Company, has been here and gone.

The conference with Premier Veniot and members of the Government and of the New Brunswick Power Commission is now history, and yet no definite announcement of the International Paper Company's reported industrial development in New Brunswick has been forthcoming.

The conference today between President Graustein and the members of the Government brought about a most amicable discussion of various matters pertaining to the proposed development of the Grand Falls water power.

DECLINE TO GIVE DETAILS.

The terms under which the Government can take over the properties now held by the International Paper Company, as well as the quantity of power the company might be in a position to take in the event of the hydro development at Grand Falls being proceeded with, were discussed. But neither Premier Veniot nor Mr. Graustein would discuss the results of the meeting.

"I have nothing to say at this time," was Premier Veniot's reply. Mr. Graustein was almost as brief.

However, it is understood that Mr. Graustein presented to the Government a figure at which the International Paper Company value their holdings at Grand Falls, including the actual cash paid for the lands in the first instance as well as the taxes, interest and carrying charges that have accrued. This figure is generally believed to have been \$1,500,000.

"NOT FAR ASTRAY."

Mr. Graustein, when asked directly on this matter, replied that it had been ascertained at the conference not to mention any figures of land-valuation at Grand Falls.

"Your outlay there, however, in acquiring the lands as well as the taxes, would reach about \$1,500,000, would it not?" was the query put to Mr. Graustein.

"Well, that is not far astray," he replied.

Mr. Graustein made it quite plain today that the International Paper Company has not at present under consideration any plans for the establishment of a pulp and paper mill in New Brunswick.

"Our company is in the newspaper business, and if an attractive proposition presents itself and we think it advisable to proceed with the erection of a paper mill here, naturally we shall grasp the opportunity," said Mr. Graustein, "but at present we have no plans whatever under consideration for the establishment of a plant in New Brunswick."

Mr. Graustein made it plain that the International Paper Company was prepared to assist in every way possible in view for the development of the Grand Falls water power.

"We have not considered any expenditure for a paper mill there, of course," said Mr. Graustein.

He did say, however, that a plant requiring 15,000 horsepower would necessitate an expenditure of \$5,000,000. A plant requiring 30,000 horsepower would result in an expenditure of \$10,000,000.

MANY RUMORS PREVALENT

With both parties attending today's conference silent as to the actual result of the meeting, many rumors concerning the negotiations are prevalent in the capital today. There is one story to the effect that the International Paper Company has stipulated that, in event of the Grand Falls hydro development being proceeded with at once, the company will ask that \$0,000,000 kilowatt hours a year be reserved at Grand Falls for their use. The company should they erect a plant, may or may not utilize all this power, but they desire, nevertheless, to have it available.

The cost of power at Grand Falls is another item for negotiation between the Government and is perhaps the most important of all. The company, so it is said, will ask a cheap rate and some assert that it would be even less than cost. However, there is no one in authority who will vouch for these stories and the matter, so far as the public is concerned, rests today in about the position that it did before the conference was held.

Both Premier Veniot and President Graustein expressed themselves as extremely well satisfied with the progress made today. That another conference, or conferences, will be held in the near future is assured.

Representatives of both the Province of New Brunswick and the International Paper Company will be at the hearing of the International Watersways Commission in Van Buren, Me., on March 25.

Premier Veniot said today that H. G. Acres, of Niagara Falls, consulting engineer of the New Brunswick Electric Power Commission, and J. D. P. Lewis, of St. John, solicitor of the commission, would be New Brunswick's representatives at this hearing. President Graustein will not attend the hearing himself but his company's advisors will be there.

Figures Show Besco Losses

MONTREAL, March 20—In its annual report for the 12 months ending Dec. 31, 1925, the British Empire Steel Corporation makes the poorest showing in its history, total operating income falling short by more than 50 per cent of bond interest requirements.

Other charges, such as depreciation, sinking funds, bond discount and preferred dividends, paid during the year, created a profit and loss deficit of nearly two and a half millions, and reduced the surplus as at date of organization, heretofore carried forward intact, by \$1,325,588. The corporation was able to "weather the storm" only by the liquidation of approximately three and a half millions of its inventories.

Total earnings for the year, after all manufacturing selling and administration expenses had been deducted, amounted to \$223,774, as compared with \$4,443,246 the previous year. Other cuts in the earnings were: Bond interest, \$1,946,495; bond discount, \$75,349, and preferred dividends, payable before all preferred distribution was discontinued, \$145,033. These deductions made a deficit for the year of \$2,357,620, which obliterates the previous balance and leaves a profit and loss debit balance of \$1,325,587.

The property account is up more than a million at \$185,266,919 the increase being largely due to the completion during the year of the new colliery at Glace Bay. The funded debt was reduced \$117,900, bonds outstanding amounting to \$37,822,294.

Total assets are shown at \$155,789,645, as compared with \$158,209,355.

JARVIS JUDGMENT TO COME MONDAY

Decision on Appeal From \$600,000 Sentence Imposed to be Given.

TORONTO, March 20—Judgment in the appeal of Aemilius Jarvis, Sr. from the sentence of Chief Justice R. M. Meredith, imposing a fine of \$600,000 and a jail sentence until the fine is paid, will be given Monday morning, it is announced.

The conviction of Jarvis was upon a charge of conspiracy with Peter Smith, former provincial treasurer of Ontario, in connection with the purchase of Ontario duty free bonds for the province.

A cheque for \$140,000 was recently given to the Government by Jarvis, which he claimed represented the total profit he made out of the transaction.

PLAN PROGRAMME FOR CEREMONY HERE

War Memorial Committee Announces Tentative Arrangements For Unveiling.

The unveiling committee for the soldiers' and sailors' monument met yesterday with Colonel Sturdee, chairman, in the chair, and drew up a tentative programme for the unveiling ceremony, which will be held on the afternoon of May 18, Loyalist Day. Elaborate details will be arranged. It was decided to invite His Excellency the Governor-General, to unveil the memorial, and a request has been sent him, with the approval of His Worship the Mayor, and it is hoped he will accept. Colonel Commandant Anderson, general officer commanding, will be asked to arrange for a guard of honor and band, to receive His Excellency and to salute the monument when unveiled.

Sentries from different branches of the services will guard the monument resting on their arms reversed. The ceremony will begin by the singing of the hymn, "O God Our Help in Ages Past" by the men and boys of all the surrilled choirs in the city, after which an address will be made by R. T. Hayes, M. L. A., the chairman, who will request the Governor-General to do the unveiling, after which, and as soon as the unveiling takes place a two-minute silence will be asked for, all over the city. There are many other details yet to be arranged which will be announced later. Erection will commence about May 1.

Dedication.

The monument will then be dedicated by an officer who is overseas, name to be announced later; the monument will then be formally handed over to the Mayor who will accept it on behalf of the city and reply.

It is probable that citizens will be asked to close their places of business on that afternoon so that all can attend, and as soon as the unveiling takes place a two-minute silence will be asked for, all over the city. There are many other details yet to be arranged which will be announced later. Erection will commence about May 1.

Russia Sends Miners \$5000

SYDNEY, N. S., March 20—An extra edition of the Maritime Labor Herald, issued tonight, carries the announcement of the receipt by its editor, J. B. MacLachlan, of a donation of \$5,000 from the R. I. L. U. and the All-Russian Miners' Union towards the relief of the destitute miners of Cape Breton.

The cablegram from Moscow reads: "On with the struggle against exploitation and oppression. Long live the international solidarity of the working class. The message is signed 'Losovitsky, secretary R. I. L. U.' and 'Shvartsev Semyon', chairman All-Russian Miners' Union."

Note—R. I. L. U. is presumably Red Internationale Labor Union.

CONSULS' DUTIES TOLD OF BY OFFICIAL

Romeyn Wormuth Gives Address of Interest to "Y" Men's Club.

Romeyn Wormuth, United States consul at Saint John, was the speaker at the meeting of the Y Men's Club luncheon yesterday afternoon and he spoke entertainingly of the duties of consuls and gave much new information to his audience.

He spoke of the control of immigration as being one of the most important duties of American consuls in these post-war days and pointed out that the consulates, in issuing the visa, were acting as the servants of the Department of State while the immigration officers are the servants of the Department of Labor had the final decision as to the admissibility of the alien.

He stressed the importance of persons wishing to enter the United States for indefinite residence providing themselves with duplicate copies of their birth certificates or affidavits of their place and date of birth and said that since July 1 of 1924 more than 2,100 persons had obtained consular visas for entry into the United States at the consulate in Saint John besides the thousands of visas issued at other consulates.

Co-operation. He paid a tribute to the friendly co-operation of the local Canadian immigration authorities referring to the kindly consideration given an American seaman by J. V. Lantalam, Canadian inspector in charge of immigration at this port. Roy McKendrick was chairman for the meeting and extended the very hearty thanks of his audience to Mr. Wormuth.

Why Men Crack When on the Highway to Success

"Sleeplessness," Doctor Kennedy tells us, "is one of the commonest signs of nervousness. Another is physical unrest. You are showing signs of nervousness when you cannot keep from twitching your eyebrows, shrugging your shoulders, swinging one foot when your legs are crossed; or when you cannot sit at a desk or table without continually tapping with the fingers."

THE warning symptoms, as outlined above, are well worth careful study because with this knowledge you can detect the indications of failing nervous energy while yet there is time to prevent serious results. Your digestive system has failed to supply proper nourishment to the nervous system. On this account outside help is necessary, such as Dr. Chase's Nerve Food, before you can get back your strength and vigor.

You will not be using this restorative treatment long before you are sleeping, and resting better, appetite and digestion will improve and you find yourself well on the way to health and happiness.

A Wonderful Re-roofing Shingle—

Specialties for Repair and Maintenance

Barrett Liquid Elastigum
A cement in liquid form composed of time-tested waterproofing oils and asbestos fibres. It's unequalled for keeping the surface of all roofs in water-tight condition. Low in cost and easy to apply.

Plastic Elastigum Patching Cement
"The waterproof cement of a hundred uses." Stops roof leaks, repairs flashings, gutters, chimneys, etc., is proof and waterproof. Sticks tenaciously to any sort of surface. Low in price and comes ready for use.

Everjet Elastic Carbon Paint
A glossy, black paint for all metal or wood surfaces. It has scores of uses—for metal roofs, smoke stacks, boilers and radiators, furnaces and registers, machinery, water tanks (inside and outside), fence posts and fencing, farm implements, etc., etc. It prevents rust, has large covering power and is very durable and surprisingly inexpensive.

Made in Canada

Have you seen Barrett Giant Shingles?

While they are ideal for new construction, they're especially adapted for re-roofing jobs.

They're made and laid three at a time. Because of their extra thickness and rigidity, they can be nailed down right over the old, worn-out roof. This saves time, trouble and money.

Giants last! No leaks, no rot, no rust. No painting or patching. And they are fire-safe—proof against any flying sparks or embers. This is a very important point to people living far from a good fire department.

Strikingly beautiful, Giant Shingles with their slate surface in red, green or blue-black, lend distinction to any home. And good looks count a lot should you ever want to sell.

Call on the Barrett dealer nearest you. Ask to see Giant Shingles and other Barrett Roofings. You will find the type of roof you want at a price that spells economy.

GINGER GROUP ASKS PARTY PRIVILEGES

Action Appears to Indicate Another Organized Unit in House.

OTTAWA, March 20.—That wing of the Progressive party which last year broke away from the Progressive caucus and formed a wing of their own on the ground that they did not intend to submit to the domination of caucus or whips, yesterday sent a notification to the Government that W. C. Good had been appointed to represent them in securing their rights to representation on committees and otherwise. The notice is signed by 18 members and it is interpreted in many quarters as indicating that a new party in the Progressives is being organized.

CONFIDENCE VOTED IN HERRIOT POLICY

French Premier Declines to Withdraw Remarks on Cardinal's Manifesto.

PARIS, March 20.—"I withdraw none of my statements," Premier Herriot said in reply to a criticism of his anti-clerical remarks in the Chamber of Deputies today. "The Cardinal's manifesto appeals to banking organizations. I always protested, and still do, against the proposed union of Catholics and money. The Cardinal's letter attacks the fundamental idea of law. They refuse obedience to the Socialist Government. They say the law must be violated. That is intolerable." After Herriot's speech the Chamber voted confidence in his religious policy, 385 to 251.

SAY FAKE RABBIS GET TOO MUCH WINE

U. S. Hebrew Writers Declare Abuse of Exemption Has Become Scandal.

NEW YORK, March 20.—Consumption of wine released by the Government for use in the celebration of Jewish religious rites is increasing at the rate of 400,000 gallons annually, according to the American Hebrew, a magazine devoted to the welfare of American Jews. Dishonest or fictitious rabbis are responsible and "the scandals of the sacramental wine exemption call for high heaven for redress," says Rabbi Abramson, president of the Central Conference of American Rabbis. "Abuses of the sacramental wine privileges approximate a national menace." Prohibition Commissioner James Jones is quoted as saying:

"For the first time in the history of the Jews' religion, there are black, yellow, and even red members of the Jewish Faith," says Rabbi Rudolph Coffer. "Throughout the United States," writes Professor Sack, in describing the situation in the Magazine, "the traffic grows in what are commonly becoming known as 'sacramental wines'."

Beginning a series of Sunday Night Lectures on this subject March 22, 7 p. m., Evangelist Lamont will answer the three following questions:

1. Is the "Seventh Day" Sabbath that Christ made the "Christian Sabbath," or is He the author of another?
2. Is the Fourth Commandment that was spoken by Christ from Sinai's summit and written by His finger in tables of stone the only weekly Sabbath commandment in the Bible, or is there another?
3. Is the Sabbath that Christ kept while on earth and the Apostles kept during Apostolic times the same Sabbath kept now by Roman Catholics and the majority of Protestants, or do they keep another?

Important Announcement

Since the Protestant Reformation and especially during the past four-fifths of a century, during which time the Reformation is being completed, the question of "which is the true Bible Sabbath," Saturday or Sunday? has been pressing itself with increasing urgency upon the attention of Christian people. Because of the religious zeal "without knowledge" of some who are seeking to enforce upon the nation's conscience Sunday Sabbath, this vital question of our duty to God has been wrested from the spiritual realm and has intruded itself into the legislative halls of the nations. No question is settled until it is settled right—and no Bible question is settled right until it is settled by the Bible.

Beginning a series of Sunday Night Lectures on this subject March 22, 7 p. m., Evangelist Lamont will answer the three following questions: 1. Is the "Seventh Day" Sabbath that Christ made the "Christian Sabbath," or is He the author of another? 2. Is the Fourth Commandment that was spoken by Christ from Sinai's summit and written by His finger in tables of stone the only weekly Sabbath commandment in the Bible, or is there another? 3. Is the Sabbath that Christ kept while on earth and the Apostles kept during Apostolic times the same Sabbath kept now by Roman Catholics and the majority of Protestants, or do they keep another? THE · BUILDING · OF · THE · DOMINION

St. John Dry-dock, 1150 feet long—will accommodate the longest vessel afloat.

The Loyalist City - - ST. JOHN

OPEN the year round, the port of St. John, N.B., Eastern terminus of the Canadian Pacific, is rapidly becoming one of the greatest ports on the Atlantic.

Here, Canadian rails meet Canadian Ships—here, a Canadian harbour contributes its share to the Canadian Pacific chain that “Spans the World.”

St. John's strategic position is no accident. The trading post established in 1631 by the dauntless La Tour was refounded by the United Empire Loyalists in 1783, and its position as a trading centre, since its association with the Canadian Pacific, has developed and grown by leaps and bounds.

Not only is St. John a great transfer point in

the commerce of the world, but it is also New Brunswick's most important manufacturing centre, both for export and for domestic trade, and the headquarters of the extensive fisheries of the Bay of Fundy. Among its many industries are two that are the largest of their kind in the world.

DO YOU KNOW

That the Canadian Pacific Railway is one of the largest consumers and purchasers of the products of Canadian industry. Any forced curtailment of purchases due to decreased rail revenue has a marked effect on Canadian business generally.

The Canadian Pacific docks in West St. John, accommodating not only great passenger liners but freighters from all parts of the world.

DENIES HE HAS NOT FULL FACTS OF SITUATION

Criticizes Refusal of Legislature to Send Aid to Cape Breton Miners

DECLARES TROUBLE NOT PROVINCIAL ONE

Mine Minister's Stand Regarding Relief Measures is Attacked.

By Canadian Press. QUEBEC, March 21.—The following letter was sent yesterday by the Premier of Nova Scotia, to Premier Armstrong of Nova Scotia, in answer to the reply of the Premier to the Premier's stand on the Cape Breton strike.

"I regret that I have not been informed as to the true state of the case. The very fact that only yesterday the Nova Scotia legislature, in which your government holds the majority, refused to send money to the relief of the starving people in Cape Breton leads me to believe that you are not so perfectly willing to play the part of a statesman as you would have me believe."

Minister's Stand. "I cannot believe that it is true spirit of the Maritime people as I have known them in peace and war. The trouble in Cape Breton is not merely a provincial one. It is affecting the whole of Canada. Outsiders cannot wait for the Legislature to act. There is no evidence that anyone had died or were likely to die."

Kansas Mystery Cavern

A cavern large enough to house a large building has suddenly opened a full mile north of Lawrence, Mo. The opening of the cave is seven feet across and 35 feet below is a subterranean stream of extremely soft water. Between the roof of the cavern and the water is space enough for a canoe. Scientists are planning to explore the cavern.

URGENT EAST Imitate THE AGGRESSIVE WEST TO OBTAIN ITS RIGHTS

Edward Hazen, Former Fredericton Man, Sends Message From Regina—Maritime Men on Prairie Recall Days in Native Provinces

By A. M. BELDING. Special representative of The Telegraph-Journal and Times-Star now on route home from a tour of Western Canada in the interests of the Maritime Provinces.

WINNIPEG, March 6.—(By mail)—Running down from Moose Jaw to Regina I met Canon Davidson of the latter city. He once conducted a mission in St. John and loves to spend his summer holidays there.

He recalled that during the war when he was conducting a mission in St. John's church he and the late Archdeacon Raymond set out to visit the troops on Partridge Island. At the wharf they met Rev. S. E. McKim and the minister at St. Luke's, and the four went together.

POST CARD RECORDS.

BERLIN, March 21.—Students at Oxford University have formed a combination for the solving of crossword puzzles for which prizes are offered. The profits are to be divided among all the members.

While they were on the island the boat that took them out sank at the wharf. Another was telephoned for, and as it was not a large craft, and the tide was out, and a small boat had weather, and as on arrival it was necessary to clamber up a ladder on the face of a city wharf, and Canon Davidson is by no means a lightweight, his description of the experience is worth hearing.

Mr. Hazen's message to his native province is to adopt the aggressiveness of the west, and where its rights are concerned to assert them without ceasing.

I found Regina a progressive city, looking hopefully to the future, and confident that better times are on the way.

SINN FEIN PLANS CANDIDATES IN DOZEN SEATS

Says Party Opposed to Irish People Entering Partition Parliaments

REGRETS FAILURE OF UNITED ACTION

Declares Vote Will Not Be True Index of Wishes of Population.

DUBLIN, March 21.—Eamon De Valera, the Irish Republican leader, made it known yesterday that the Sinn Fein chief, after consultation with the representatives of their organization in the six northeastern counties of Ireland, had decided unambiguously to put forward Republican candidates in the Ulster elections.

Opposed to Partition. "We are unalterably opposed," he said, "to representatives of the Irish people entering the partition parliaments of Northern and Southern Ireland which are creations of the British Government and recognize British claims to supremacy. Could we have secured the united action of all who are opposed to partition and English domination, our policy would have been to boycott these elections altogether."

The results will in no sense be a true index of the wishes of the Irish people in the north, but they will be used as if they were. The Sinn Fein have been called upon to sign of covering up the boundary commission.

The Republicans are content at least a dozen.

PERCY HUTCHINSON 35 YEARS ON STAGE

Well Known English Actor Has Done Much to Foster Imperial Trade.

Percy Hutchinson, noted English actor, coming to Imperial Theatre this month with the play, "The Luck of the Navy," is a nephew of the late Sir Charles Wyndham, the greatest light comedy actor Britain ever produced.

He has been on the stage for 35 years as an actor-manager for 25. During his career he has controlled at different times several of London's leading theatres. He has also acted in a large number of touring companies.

Mr. Hutchinson has addressed a large number of Canadian and South African Rotary Clubs, and has also devoted himself to addressing the British Empire Club on the great value of "Trade Within the Empire," ending his speeches with a ringing appeal and the recitation of a stirring poem entitled, "The Passing of the Kings," arousing enthusiasm everywhere. He is also a founder-member of the New York Rotary Club. During his previous Canadian tour the noted English actor has addressed audiences on behalf of the Canadian Navy League, receiving the thanks of the president and council of the Dominion organization.

Our Trade Balance Doubles In Year

OTTAWA, March 21.—Canada's favorable trade balance for 1924 more than doubled that of the year previous, according to an official statement. In 1923 this was \$125,468,908 as against \$242,415,943 for the year just ended.

As usual, the United Kingdom and the United States were the leading nations with whom Canada transacted business," says the report. "The aggregate value of trade across the international boundary was \$937,592,101, while that with the British Isles was \$286,052,806. Canada's trade with England carried a favorable balance amounting to \$286,052,806, but that with the United States was unfavorable to the extent of \$111,629,473. These two countries account for approximately 75 per cent of the total business of the Dominion."

TO BAN PLUMBER JOKES

EVANSVILLE, March 21.—The National Trade Extension Bureau of the Plumbing and Heating Industries thinks it is time to stop making plumbers "the butt of superannuated jokes." It is spending \$250,000 a year to create better public relations and higher prestige for the plumbers.

The Maritime Mission Bound To Be of National Service

AN EDITORIAL IN THE TORONTO MAIL AND EMPIRE. consider this matter of dwelling in unity together, of refraining from imputing to their fellow-citizens in one or other of the country's regions ill-will or perversity, and of taking the broad national view of all our problems. Instead of putting the utmost strain on the framework of Confederation, we should all be trying to reinforce that fabric by promoting an all-Canada sentiment. It is to be admitted that there are difficulties, but only Canadians of little faith will deny that there are means of overcoming every difficulty. As long as there is a strong all-Canada spirit there will be Canadian unity and a Canadian people. Let us talk less of old and new differences and build bridges over existing gaps.

MR. A. M. BELDING, of Saint John, N. B., has spent some months touring Canada from coast to coast for the purpose of laying before the general public the economic conditions, by no means uncontrollable, that vex the people of the Maritime Provinces. He has addressed many Boards of Trade, Kiwanis and other public-spirited clubs, and has been interviewed by many newspapers, and in this way has carried on a campaign of education that has already produced a public opinion at large in the Maritime Provinces in good stead when their problems are being considered in the National Legislature. And if he has enlightened the country generally about the Maritime Provinces, he

has also made himself better acquainted with questions other parts of the country are brooding over, and will be able when he returns home to enlarge the knowledge of the people of the Maritime Provinces about the rest of Canada. His mission is therefore bound to be of national service. On his way back home he stopped again in Toronto and yesterday at his instance the Board of Trade here passed a resolution for common action on the part of the Boards of Trade throughout the country to bring about expert investigation of certain national problems as a means of preparing the way for agreement on fundamentals of the economic life of the country. The Board suggests that Mr. Belding's idea of a National Committee be considered, such committee to have referred to it the recommendations of non-partisan Provincial committees constituted by the several Boards of Trade of the country.

WE believe that the study of the problems in question by such an organization of Canadian-minded and otherwise competent inquirers would be productive of great benefit to the cause of Canadian unity.

The town that failed to materialize was conceived in 1908 by the Springs field, Mo., Marine Bank, and is situated south of Bonner Springs, in this county.

Loring Place comprises seven acres and is divided into 25 lots, 50x100 feet in dimensions.

It is bounded on the west by a country road called Bun avenue. John Bun was president of the bank when the plan was drawn.

The northern boundary is Helmie avenue. Derwin avenue divides the "dream city" in halves and Ferguson avenue, also a country road, bounds the town on the south and west.

Loring Place is devoid of houses and according to records, no lots were ever sold.

AMARILLO, Texas, March 20.—(United Press)—"Anton" is the Panhandle's newest town.

Anton was conceived in the heart of the newest southwestern agricultural paradise—on the 170,000 acre Spade ranch between Littlefield and Lubbock.

The ranch has been divided into farms and is being sold to homesteaders. More than 200 farms have been disposed of.

The Spade ranch composed a part of the famous Elwood estate whose colorful and sometimes bloody history is chronicled in western fiction.

Surrounding the vast tract are fields which have been in cultivation some time. Cotton flourishes there and in

GIRLS WIN DEBATE

Daylight Saving is Topic at Meeting of Portland Methodist Y. P. S.

The Young People's Society of the Portland Methodist church listened to an excellent debate at its meeting last night when the girls' team upholding the negative defeated the men's team upholding the affirmative of the resolution, "Resolved that Daylight Saving is more beneficial to the community in general during the summer months than Standard time."

The judges were Miss Molly Linsley, Mrs. John Stephenson and Frank W. Merrill. The affirmative team consisted of Robert Codner, Harold Kirk and Ralph Kirk and the negative team was composed of Miss Nan MacDougall, Miss Lullia Sargeant and Miss Elsie Wilson. At the opening of the meeting Miss Hattie Wright, the president, was in the chair. For the evening programme Kenneth MacLachlan, D.C., was the chairman as vice-president of the literary committee. Rev. H. A. Goodwin, pastor, extended congratulations to the young people on the excellence of the debate. The society is preparing to present a play in the near future.

CONCERT FOR PATIENTS.

The choir of the Portland Methodist church repeated for the pleasure of the patients in the Home for Incurables last night the splendid concert programme which it gave a short time ago, and the patients were greatly delighted. Miss Lillian Bromfield was the accompanist and H. W. Bromfield, choir director. Solos were sung by Miss Elsie Spence, William McEachen, W. Moore, Miss Phyllis MacGowan and Mrs. Percy J. Steel; vocal duets were given by Mrs. R. McConnell and Miss Elsie Spence and piano duets by Miss Lillian Bromfield and Miss Phyllis MacGowan. The choir sang the following choruses, "O Who Will O'er the Down So Free?" "Carnegie," "Hunting Song" and "Good-night, Farewell."

R.T. HAYES, M.L.A. INTIMATES HE WILL RETIRE

Saint John Member Favors Extension of Hydro Electric Policy

PRAISES WORK OF OTTAWA DELEGATION

Favors Sharing With Municipalities Fines From Liquor Act Convictions.

FREDERICTON, March 21.—R. T. Hayes, M. L. A., of Saint John, during the course of his address in the Legislature at Fredericton yesterday, intimated that he would not again be a candidate for the House.

Mr. Hayes said he was in sympathy with the policy that the municipalities, which provide police departments and police courts to assist in the enforcement of the law, should be entitled to some portion of the fines collected under the Prohibitory Act.

FAVORS EXTENSION.

Mr. Hayes lauded the hydro policy of the Government and said the Musquash development had proved its worth. This fact could be ascertained in Saint John and he regretted that the Government had not received the support and encouragement of people in that city for the excellent service rendered through the development at Musquash.

In closing his speech, Mr. Hayes intimated that he would not again be a candidate for the Provincial Legislature. He said he had felt compelled to speak plainly on the prohibition question and realized that he differed with other members of the House and even

members of the Government on this issue, yet he expressed the hope that these differences would not bring about any serious rupture of the good will he entertained towards even those with whom he differed.

The province now had good roads and he felt that the honorable Premier was deserving of great credit for what he had accomplished. No doubt he had many difficulties to contend with and different kinds of people to deal with, and if he had succeeded in keeping down graft, that was certainly greatly to his credit.

FAVORS GOVERNMENT OWNERSHIP

The lumbermen of the province were going through a period of depression, and they, as well as all others, who were carrying on industries, were entitled to every consideration that the Government could give them. He believed that the fewer the burdens laid upon industry the better it would be for the country as a whole.

He was strongly in favor of Government ownership of the water powers of the province. Development at Grand Falls had been tied up by a private company for seventeen years, and all were pleased that now there was a prospect of going ahead with that enterprise. All that the people wanted was to be reasonably sure of the safety of their investment, so it would be

A Sure Relief For Kidney Trouble

SO SAYS MR. L. SOUCY OF DODD'S KIDNEY PILLS.

Quebec man recommends them to all who suffer.

ST. ANTONIN, Que., March 20.—(Special)—Once more Dodd's Kidney Pills have proved their inestimable value in the case of Mr. L. Soucy a well-known resident of this town.

Mr. Soucy writes: "I can tell you that Dodd's Kidney Pills have done me much good. I have suffered for two years from kidney trouble. One of my friends advised me to take them. Two boxes have restored my health. I advise all those suffering from kidney trouble to try Dodd's Kidney Pills, they will surely relieve them."

To avoid disease the kidneys must be kept in good working order. The kidneys are the scavengers of the body. Their work is to strain all the impurities out of the blood. If the kidneys are wrong the impurities, the acids of disease, remain in the blood, and serious trouble is bound to follow. At the first sign of trouble try Dodd's Kidney Pills.

MacPherson Ought to Know. (Victoria Colonist.)

A man by the name of MacPherson—and by his name MacPherson should know he is talking about—says the cost of manufacturing a quart of Scotch whiskey is but five cents.

Mr. MacPherson says such a charge is an outrage to the British whiskey consumer, but he does not name the whiskey distiller. He says the outrageous price of whiskey is due to high rates of taxation. He says that the American consumer, who apparently has not lost his appetite for Scotch whiskey notwithstanding prohibition, obtains his favorite drink from the bootlegger at much lower rates than the British consumer can buy his tipple from the authorized dealers.

We are not interested in the problems of the British whiskey drinker nor in the problem of the Scotch whiskey consumer. But we suspect that some of the whiskey drinkers of Canada who have registered their consumer interest, basing our estimate on the number and the size of whiskey carage landed here and in other parts of Canada, even in the outposts of Ontario.

Mother Slays Child While Insane and Forgets About It

By MINOTT SAUNDERS (United Press Staff Correspondent)

PARIS, March 21.—A young mother's cry for her newborn child has suddenly interrupted the preparation of a murder charge against Mrs. Mary Rees of Swansea, South Wales, by a local police magistrate.

Mrs. Rees, a pretty English girl married about a year ago and sojourning on the Riviera with her husband, when her doctor advised her to leave if she wished to have her child born at home. The couple made the journey to Paris, but Mrs. Rees' condition became such that she was unable to proceed further. Her husband was forced by business reasons to leave her alone.

Child Strangled. The birth was successful and doctors and nurses at the hospital were satisfied that mother and child were doing well. A week later attendants found the child dead, obviously strangled.

The affair was reported to the police. The mother seemed well physically, but entirely indifferent to the fate of her child or the consequences of her act. Her doctors agreed that she was hopelessly insane, the result of puerperal psychosis, and she was kept under close observation. She was moved to another hospital.

Three days later she awoke in the morning and looked about bewildered. She could not understand why she was in a strange room. She called the nurse and asked for her baby. The nurse saw that she was talking to a perfectly normal young mother, with a natural love and longing for her child, completely oblivious of what had happened.

Mother Cleared. Doctors who examined Mrs. Rees found that her mind had been an absolute blank for nine days. She knew nothing about the death of the child.

He was most interested in the statement of MacPherson that the cost of manufacturing a quart of whiskey is but five cents. A "reputed" quart of Scotch whiskey of unquestioned reputation costs the British consumer five dollars. That is a tremendous "spread," and the Canadian Scotch whiskey drinker surely has a legitimate ground for complaint.

RAISERS DELEGATION

During the present period of depression he always advised caution in going ahead with any large enterprise involving heavy expenditures of public money. In the case of Grand Falls he was sure that the Government would not plunge into it without first securing all needed data and information. Mention had already been made of the propaganda begun by Saint John newspapers which had contained the sending of a large delegation to Ottawa to place the views of the Maritime people before the Government and Parliament. He was sure that the movement had been a great success and all should show their appreciation of what had been accomplished.

REPORTS PRESENTED.

Hon. Mr. Messerang presented the report of the committee on standing rules.

Mr. Hayes presented the first report of the committee on corporations. Notices of inquiry were given for Thursday, next, as follows:

By Mr. Dickson—As to the cost of repairing a road in the Parish of Johnston, Queens county; and as to the appointment of secretary to the Provincial Hospital at Lancaster.

By Mr. Gupill—As to road work performed on Deer Island, Charlotte county.

By Mr. Peck—As to whether the Government had knowledge that J. C. Dalzell, road superintendent of Simonds, Saint John county, is a member of the Municipal Council.

By Mr. Smith, Albert—As to the cost of road work performed in sections of Albert county, and as to the cost of a retaining wall constructed near Simons factory, parish of Lancaster, Saint John.

By Mr. Stewart—As to the cost of building a road at Tracadie, Gloucester county.

PREMIER REPLIES. Hon. Mr. Ventiot replying to Mr. Peck, said that an amendment to the Highway Act, passed in 1919, made it permissible for a county councillor to serve as a road superintendent.

Mr. Richards said that he did not think that the Hon. Premier had correctly interpreted the Act.

Hon. Mr. Roberts introduced a bill to amend the Parish of Simonds Sewerage Act.

Mr. Bentley introduced a bill to amend an act relating to re-alarms in the County of Saint John.

Mr. Hunter introduced a bill to incorporate the district of McAdam, York county, for the purpose of supplying light, heat and power.

Mr. Richards wanted to know when the report of the Comptroller-General would be laid before the House.

Hon. Mr. Ventiot replied that the Honorable Provincial Secretary-Treasurer had been called home by illness in

Forty-Year Battle On Plains of Texas

KENTON, Okla., March 21.—A silent warfare which has been raging for the past 40 years on the burnt, rolling plains of the pan-handle area of northwestern Oklahoma still persists.

Forty years ago, cowboys on the old O. K. ranch, twelve miles northwest of here, across a broad expanse of arid land, placed more than a score of ferrets into the prairie dog "town."

It was expected that the ferrets would exterminate the underground rodents in a few months. The thousands of prairie dog holes in the ground made it dangerous for the cowboys to ride over the area.

After 40 years of warfare, a few ferrets are still seen.

The prairie dogs are still numerous and though they nearly exterminated the stealthy little ferrets, the ferrets are believed to be staging a "comeback."

A Woman Who Has Found The Road to Health

Wants to help others who suffer—FREE

I have found a treatment that has transported me from suffering and sickness to good health and a new joy in life. Now I want other women who suffer, to experience the same happiness I have won. I am confident that I can help you. So certain do I feel that if you will write and describe your needs, I will immediately free a ten days' trial treatment, together with names of many Canadian women who have regained their health through my treatment. If you are worried about the health of your daughter, sister or mother, send me particulars (no money) and I will forward a free trial treatment required.

Let me prove to you how easily you can overcome the misery caused by headache, backache, constipation, piles, dyspepsia, extreme nervousness, the feeling of melancholy and depression, morbid fears, the desire to cry, palpitation, exhaustion, loss of appetite, a wallow complexion, dark circles under the eyes, and that feeling of wretchedness through and through.

In later years I always had a cramped feeling in my left side if I sat too long. Five days out of seven I was never well. I underwent an operation and my doctor told me that my bottom rib was growing up over the other and caused my back to be one mass of inflammation and lumbago. He also said that my kidneys were affected. Even sweeping gave me pain. My operation took place in Brazil, South America. After my operation I had a nervous breakdown with insomnia. One time I didn't sleep for three months day or night. My doctor advised me to go home to England for a change. I stayed in England only a short time, but couldn't sleep. I then came to Canada. I have been here two and a half years and have been laid up now and again. I have also been a great sufferer from ulcers in the mouth due to stomach and my food has given me trouble. One night my husband brought home a bottle of Carnol and I still

OVERSTAFFED AT HOSPITAL, SAYS DR. WHITE

Declares Too Large Staff Means Little Opportunity for Practise

MATTER GOES OVER TILL MAY MEETING

Arises Over Motions Re Appointments—Authorize Further Equipment

The efficiency committee of the standardization board of the General Public Hospital had submitted a report with many recommendations which was brought before a meeting of the Board of Commissioners yesterday afternoon and dealt with in committee. Reference to the by-laws showed that the efficiency committee's duties were to be confined to efficiency in the care and treatment of patients and the report went somewhat outside of those limits. Dr. W. W. White remarked that in the old days six men did all the work of the hospital.

M. E. Agur, president, was in the chair. Others present were Mrs. J. Y. McLellan, Alexander McMillan, Dr. W. W. White, J. King Kelley, R. H. Gale, superintendent.

Applications for the post of pupil dietitian was received from Miss Eida W. Wood and accepted, to take effect in June when a vacancy occurs.

The assistant dean of Dalhousie wrote to ask if the hospital desired the services of final year medical students for the summer holidays. Such services were not desired the meeting.

How often do you clean your teeth?

The frequent washing of the teeth with a pure, non-gritty dentifrice, is just as important as the regular use of a good soap on the face and hands.

For the preservation of good looks as well as good health, the teeth MUST be cleaned night and morning, and, if at all convenient, after every meal too.

Colgate's cleans teeth the right way. Its non-gritty chalk removes clinging particles of food, while its mild, pure soap gently washes them away, leaving the mouth pleasantly refreshed.

Its delightful flavour encourages regular use.

PACK OF WOLVES ATTACK TRAIN LOAD OF PIGS

Break Into Cars and Kill Practically All Animals Before Repulsed

WOLF HUNTING ONCE WAS RUSSIAN SPORT

Suckling Pig Was Used to Bait Wild Animals—Shot From Sleigh.

RIGA, March 21.—Country districts of Russia are again becoming infested with wild animals, especially wolves. There are villages and small towns which are now quite inaccessible, as the packs of wolves are a continual menace to travelers. Such is the case especially in northern Russia, where large numbers of people are reported to have been killed and eaten by wolves or bears.

Nine thousand head of cattle, besides a large number of sheep, pigs, horses, and dogs, have been destroyed by wolves in Nizhny Novgorod during the last two months. Two thousand head of cattle have been killed in the County of Lufanovsk.

Pack Attacks Train.
Recently wolves attacked a train carrying pigs near Zimolai. The wolf hunting was a favorite sport in Russia before the war. Special sleighs with a hood of strong wire were used. Four five hunters armed with rifles, shot-guns, and revolvers, and equipped with a dummy pig as a bait, went to the forest where packs of wolves were known to be roaming. The pig was left dangling at the rear of the sleigh. Soon came the wolves nearer and nearer to the dummy pig. The hunters opened fire and the pack began. If the wolves were hungry and the pack large it was impossible to collect the dead wolves, as they were eaten by the others.

Russians today are not allowed to carry firearms, and have really no inclination for sport.

LOGAN WILL REPORT ON INDIES MISSION

OTTAWA, March 20.—A report containing recommendations respecting the trade of Canada with the West Indies will be made in the House of Commons within the next few days by Hance J. Logan, Liberal, Cumberland, who headed the special Canadian trade commission to the West Indies in the last few months.

Mr. Logan, it is understood, will recommend that increased shipping facilities be provided between Canada and the islands. The report will be made to the House verbally either at the conclusion of the present debate on the afternoon contract or during the debate on the budget.

A conference on trade relations will probably be held in Ottawa, in May between Canadian officials and the representatives from the West Indies with a view to revision of the present trade treaties.

GIFT OF MICROSCOPE TO UNIVERSITY

Was Property of Late Dr. William McInnes, Once Student U. N. B.

FREDERICTON, March 20.—Dr. C. C. Jones, Chancellor of the University of New Brunswick, has received a valuable high power microscope, formerly the property of the late Dr. William McInnes, director of the Victoria Memorial Museum, Ottawa, which has been donated to the University by his heirs, A. A. and F. A. McInnes of Boston, brothers of Dr. McInnes.

The presentation has been made in memory of Dr. McInnes, who entered the University of New Brunswick in 1875 and graduated with his B. A. degree in 1877.

Dr. McInnes became director of the Victoria Memorial Museum at Ottawa in 1921. Prior to this appointment he was director of the Geological Survey of Canada, and during his career, carried on extensive geological research and was the author of geological works as well as being prominent in scientific organizations.

BELIEVED DROWNED

Ontario Man Missing Since Gale Hit Launch in The St. Lawrence.

BROCKVILLE, Ont., March 20.—Joseph Cirtwell, 38, a married man with a family of three small children, living on Larue Island, is believed to have been drowned in the gale which raged upon the St. Lawrence yesterday. His brother, Thomas, aged 32, single, belonging to Ash Island, who was with him, escaped and was found today with a party of Indians encamped on a small island at the foot of Grenadier Island. The brothers were together in a motor launch when the gale came up.

FRANCESCO NITTI WARNS OF MENACE

Former Italian Premier Sees Peril in More Soldiers Than Before 1914.

ZURICH, March 20.—Europe has 1,000,000 more armed men now than in 1914, and unless she forewears militarism and unites in a policy of peace, war will come again, according to Francesco Nitti, wartime Premier of Italy.

"Before the war Europe talked about the militarism of great empires. The absurd peace treaties have increased Europe's militarism," he said.

TWO ARE DROWNED

Bodies of Mother and Daughter Recovered From Ontario Lake.

BELLEVILLE, March 20.—A double drowning was discovered at Fraser Lake, near Fort Stewart, when the bodies of Mrs. Nettie Wilson and her 18-year-old daughter, Shirley Wilson, were recovered from the water.

Governor Dr. Lund, of Eldorado, has been called in to investigate.

FUNERAL OF CURZON WILL BE AT ABBEY

Burial of Noted British Statesman Will Take Place at Kestleton.

LONDON, March 20.—The honor of a funeral service in Westminster Abbey is to be accorded Marquis Curzon of Kestleton, one of Great Britain's most distinguished statesmen, who died early this morning after a brief illness. The ceremony will be attended by representatives of the royal household, members of both House of Parliament and a great gathering of prominent personages in all phases of national activity. The ceremony will take place Wednesday. The body will be buried on Thursday in Kestleton.

Aikens Suggests Training Vessel

WINNIPEG, March 20.—Major-Gen. F. L. Lesar, C.B., addressed a meeting here under the auspices of the Navy League of Canada. Sir James Aikens, Lieutenant-Governor of Manitoba, said the Hudson Bay would play a more important part in the upbuilding of Manitoba "than we at present have any conception of." He suggested that a training vessel for boys should be kept on Lake Winnipeg or the Hudson Bay.

Independence

Independence is not an indefinite something which just comes. It is a success quality which very few—in fact only four men out of every hundred at 65, have attained.

A Manufacturers Life policy is not only a stepping stone to independence; it is the very foundation upon which it can be built. Systematically setting aside a part of your income year by year will bring you well-earned independence in later life. Should you not live to old age your life insurance will create a fund that will help to maintain your dependents.

Build NOW for independence. Send for information regarding our Double Maturity Endowment Policy.

FINANCIAL BRISK DEMAND FOR OIL SHARES IN WALL STREET

Prices Display a Strong Tone at Market Opening Today

BUSINESS QUIET IN MONTREAL TRADE

Most of Leaders Show Fractional Losses During Morning Operation.

NEW YORK, March 21.—(Open- ing)—Stock prices displayed a strong tone at the opening of today's market, which is featured by the brisk demand for the oil shares. Initial gains of a point or more were recorded by Chesapeake and Ohio, Worthington Pump, United States Alcohol and National Lead. United States Steel common one-half at 2 1/2, and closed at small fractional concessions. Quiet in Montreal.

MONTREAL, March 21.—The local stock market was quiet this morning, no outstanding changes being noted in the first 12 minutes. National Breweries were down one-quarter at 40; British Empire Steel common down one-half at 2 1/2, Brazilian down one-eighth, and Abitibi up one-quarter at 57.

STEAMER HELD UP BY A HEAVY FOG

Keith Cann Remained Out in Bay During Night Off Yarmouth.

YARMOUTH, N. S., March 20.—The steamer Keith Cann, Capt. Emery Peters, arrived from Saint John and the Island ports this morning after a rather rough experience off this port. The ship left Saint John on time yesterday morning and had a good run across the bay to Yarmouth and other ports. Yesterday afternoon Capt. Peters left Yarmouth for Saint John and although the wind was heavy from the southeast the weather was clear and good time was made. When off Sable Island the wind was heavy from the southwest and the steamer ran into a terrific thick blanket of fog. Capt. Peters kept on his course and about 9 o'clock was off Yarmouth Cape but at that time it was so thick and dark he was unable to make land while not a sound of the fog whistle could be obtained. In consequence he hauled his steamer a short distance off shore and laid to for the night off the Yarmouth Northwest Fairway and came into port none the worse for his experience.

Brokers' Opinions

NEW YORK, March 21.—Block Meloney: "This upward swing in stocks is due to a fair to be held next week, met last evening and completed plans for the opening tonight. It was announced that Mayor F. La Follette had consented to open the fair and that Commissioner Wigmore also would give a short address at the opening. The fair will be continued all week in Orange Hall, Simonds street."

Morning Stock Letter

NEW YORK, March 21.—The rally became rapid in the late trading as several shorts began to cover. This recovery should go further. After the short interest has been reduced, however, look for more irregularity, as it is not likely the market can recover permanently from such a severe set-back. We do not think the bull market is over, though, and on further weakness we think there are a number of issues that can be bought. The greatest danger in this market is the present is the possible collapse of very speculative issues and poor favorites. We would certainly avoid such issues as are not in good standing and financial position. If this market is going higher, the leading stocks must be put in line. The N. Y. C. are good. In fact the rally can be traced to the best of speculative standpoint. S. R. Tex. Pac. MOP Pfd. is good. Besides Steel we consider May 1st. Besides Steel we consider May 1st. Besides Steel we consider May 1st.

Current Events

NEW YORK, March 21.—Dun's review says reaction in speculative markets has not generally affected buying of materials and reports of much free buying of stocks by automobile manufacturers constitute leading feature. Mountaineer and Gulf Oil declared initial quarterly dividends of 2 per cent. and one per cent. extra.

THREE SUICIDE IN NEW YORK IN DAY

Each Person Uses Different Means of Taking Own Life.

NEW YORK, March 21.—Three persons committed suicide in New York city, all three using different methods to take their own lives. A wealthy owner of a chain store system killed himself by inhaling illuminating gas in the kitchen of his home on the East Side, a woman on the upper West Side hanged herself, and a Brooklyn man shot himself in the head with a revolver bullet.

AND tell you not to expect more than a fair allowance on your old car when you trade it in on a New Studebaker.

We can't offer you an inflated price for your used car. But we can give you a super-value in the New Studebaker! And what you gain in extra motor car performance, comfort, design and equipment will more than offset an extra one hundred or two hundred dollar allowance you may be able to get from the dealer selling just an automobile.

Studebaker prices are set at the bottom dollar. There is no provision for "allowances" and "rebates," to make the buyer believe he is getting something extra. Studebaker is giving the public greater value for every Canadian dollar invested than any other car on the market. That's a strong statement, but we're ready to fully prove that it is.

CANADIENS IN FINE FETTLE FOR CHAMPIONSHIP GAME TONIGHT

REACH VICTORIA
I GOOD TRAIN
FOR BIG SERIES

Eastern And Western
Champions To Vie
For Honors

VICTORIA, B. C., March 21.—Montreal Canadiens National Hockey League champions arrived here this morning, and tonight meet the Victoria Cougars in the first of the world championship series for the Stanley Cup. Dandurand's men had a workout of one hour's duration in the Vancouver arena, yesterday, and the balance of the day was quietly spent sight-seeing. Every man was reported in good condition, after the long train journey, and the workout yesterday indicated that the Easterners are in fine fettle for the opening tonight. They are a smooth working aggregation, and their style differs from the west considerably.

Western Rules Tonight

Tonight's game will be played under western rules, and Monday's game under eastern rules, and the third game under the western code. After that if more games are necessary, the codes will alternate. Tonight's game will start at nine o'clock and will be handled by Mickey Ion.

Canadiens Will Rest All Day

Victoria held a stiff workout yesterday and despite the strenuous campaign which led them to the Western Canada Hockey League championship they showed no signs of fatigue. Expect 5,000 Present.

The game will be witnessed by at least 5,000, the capacity of the rink, thousands of fans being unable to secure tickets. Little betting has been reported as both sides are expected to be one another. The game likely will find the players going cautiously. It is known that both lines are fast and neither defence neglects stopping their man at any price. If the play opens up and the teams do not resort to a three-man defence, and a two-man attack, the fans should be treated to one of the most brilliant games seen here in a long time.

A Whirlwind Affair

The teams present and pitched right players to make the game a whirlwind affair. Neither side was what might be called a "slow" man, and it will be something to see how the two speedy forwards, Frederickson of Victoria and Morera of Canadiens, get along. They should have some great old races up and down the ice.

A. Will Take Over
of Intercolligates
Next Season

At the recent meeting of the M. A. A. held in Truro it was decided to form an Intercolligates branch. The following officers were unanimously elected as the nucleus of a Maritime executive, with power to add to their number both for the Maritime and Provincial purposes:

Organization Meeting

An organization meeting of the above executive committee will be held in the near future at some central point, and an endeavor will be made to have a teaching profession well represented at this meeting so that any decision that may be arrived at will not in any way interfere with the scholastic curriculum of the various schools. It is not the intention of the committee to tear down the present structure but to build up on the foundation which has already been laid.

The Herald and Mail Trophy, emblematical of the Intercolligates championship of Nova Scotia and the Herald and Mail Trophy, emblematical of the Intercolligates championship of the Maritime Provinces would be open for competition after the present season under the rules and regulations of the Intercolligates Branch of the M. A. A.

ALLEN CUP SERIES

Port Arthur Will Meet Toronto
Varsity For Canadian
Championship.

WINNIPEG, March 21.—Port Arthur, champions of Saskatchewan, Manitoba, last night won the western Canadian senior hockey title, and will meet Toronto Varsity in the finals for the Allen Cup as a result of a 5-1 victory over Coleman Tigers, title holders of Alberta-British Columbia.

HALIFAX, March 20.—At the annual meeting of the Maritime Badminton Association held here this afternoon, the following officers were elected:—Honorary president, His Honor the Lieutenant-Governor of Nova Scotia, J. Robson Douglas and His Honor the Lieutenant-Governor of New Brunswick, William F. Todd; president, Lieut.-Col. H. C. Sparling; vice-president, Major J. M. Green; secretary, Captain N. Gibson, Halifax.

Vincent Shields Makes Good and Will Be Retained By The Cardinals

Along The Sport Trail
By RAY HANSEN

FLUSHED WITH their recent victory over the Montreal A. A. at the Rideaus of Ottawa will arrive in the city tomorrow eager for their clash with the Trojans in the semi-finals of the Canadian basketball championship series. When they step off the train in the Union Station and gaze at that dilapidated structure they will undoubtedly be convinced that any city with a terminal of that kind could hardly boast of anything more than a "bush league" outfit. They are very apt to suffer from overconfidence and will have a nice little surprise in store for them when they step on the floor of St. Vincent's gymnasium Monday evening. They are called the "Rough Riders" in Upper Canada, but they may find a "bunch of mustangs" here that will not be tamed. The Trojans are keen for a trip to Edmonton to engage in the finals for the Dominion title and it will take more than a few "Rough Riders" to keep them home. The local basketball stars have been training hard and faithfully for this series and the Rideaus will undoubtedly find them one of the stiffest propositions they ever ran up against. According to figures compiled the teams are very evenly matched as regards height and weight so it will undoubtedly develop into a battle royal in which brain and brawn will predominate. The Trojans have the honor of being the first Saint John basketball team to ever participate in the Canadian championship series. Here's hoping they will win and carry the fame of the Loyalist City to the west.

THE EXPECTED, and not the unexpected, has happened this time. Dr. Norman Roberts, Paavo Nurmi's physician, and Lawrence Robertson, one of the greatest track experts in the world, both have expressed an opinion that the Pericles Finn should quit the track and training for a while before he breaks his health. The writer has for several weeks predicted that the Phantom Finn, while possessing marvelous stamina, would sooner or later kill himself if he persisted in keeping up such a strenuous programme. Dr. Roberts is a native of Finland, and his advice should be followed by Nurmi. He undoubtedly has the interest of this great runner at heart. Promoters will laud him just as long as he keeps drawing big gates, but let him injure himself and they will forget he ever existed. It is surprising that none of the sport writers in the States did not warn Nurmi, who apparently did not realize that human nature will stand so much and no more. In compiling statistics, the writer finds that Nurmi has competed in 12 track meets since the first of the year. He established 31 world records, which varied from three-quarters of a mile to 5,000 metres. His total distance raced would be approximately 90 miles. Those who have ever participated in training and running will appreciate just what this means. If Nurmi is wise he will heed the advice of his doctors and leave some one else help fill the coffers of the money sharks.

BASEBALL FANS here will be interested to learn that Charlie Paul, former star twirler of the St. Stephen team is now enroute to Philadelphia to play with some professional outfit. He passed through the city a few days ago. It will be recalled that Paul was given a try-out with the Braves either in the spring of 1921 or 1922, but for some unknown reason failed to make the grade. He was then signed by the Border town team and pitched sensational ball all season. Later he injured his arm and lost much of his effectiveness. It is said that his coaching did much towards developing Vincent Shields, who was his battery mate for two seasons, and who is now receiving a try-out with the St. Louis Nationals.

LOCAL FANS are still asking about the prospects for professional ball here this summer. It appears that time alone will answer it. There should be a good chance to organize two teams composed entirely of local players, who would undoubtedly be willing to play on a percentage basis. A series of games could be arranged for week nights and the teams could alternate in bringing visiting outfits here for Saturdays and holidays. This would mean that those backing the teams would not stand to lose a cent and would have a good chance to make a dollar and the players would be assured that if there was any money going they would receive their share. This seems to be the only solution of the problem and is worth considering. As far as amateur ball is concerned there will undoubtedly be several leagues operating in every section of the city.

Maritime Title Won By U. N. B.

Defeat St. Francis Xavier Team For Intercolligates Hockey Championship.

MONCTON, March 20.—Staging a wonderful last period rally which fell just one goal short, St. Francis Xavier lost the Maritime Intercolligates title to U. N. B. here tonight by a score of 5 to 4. The New Brunswickers scored one goal in the first, while the Xavierians were held scoreless. In the second session U. N. B. added four counters while St. Francis Xavier failed to score in three counters and held the play around the New Brunswick boys' cage for the better part of the final 20 minutes and only sensational work by Carter saved his team from defeat.

Frankie Genaro Wins Fast Bout From Lucas

DETROIT, March 21.—Frankie Genaro, New York flyweight, was too fast for Joe Lucas, Detroit bantamweight, in a ten round bout here last night, and the smaller fighter scored a decisive victory, although both were on their feet when the bell rang. Genaro weighed 112 and Lucas 116.

Branch Rickey Tells About His Baffling Style

STOCKTON, Calif., March 21.—The St. Louis Cardinals of 1925 will be a hard hitting team, but their success in the pennant fight is "up to the pitchers," said Manager Branch Rickey today in commenting on the club's prospects. In summing up the possibilities of his pitching staff, he sang the praises of Vincent Shields, the Canadian recruit, whose fine showing at the training camp is understood to have won him a place on the team for this season. Shields' baffling underhand pitching, "which makes Carl Mays look like an overhand pitcher," he believed would prove valuable to the team.

Makes Carl Mays Look Like An Overhand Pitcher

Depends On Pitching. "I think the Cards will score a lot of runs in the National League race," Rickey asserted, "but just how we finish in the standing of the club depends on the pitching. If we can hold down the opposition I am sure our batters will cause considerable worry to the other pitchers."

Paavo Nurmi Signs to Meet Ritola in Another 5,000 Meter Grid. NEW YORK, March 21.—Paavo Nurmi, beaten by Carl Gustaf, rather than by Willie Ritola, in his 5,000 metres race against his persistent fellow countryman last Tuesday night, is to have another chance at Ritola at this distance next week. Both spectators have signed for a 5,000 metres match race in Buffalo on Thursday night.

Jack Delaney Wins

Was Too Kind Hearted and Refused to Knockout Soldier King. GRAND RAPIDS, Mich., March 21.—Jack Delaney, Bridgeport, Conn., was too kind-hearted to take a knockout against Soldier King, local light heavyweight here last night, and after he pulled King off the ropes to a stalling position in the fourth round, the referee stopped the fight, awarding Delaney a technical knockout. Delaney had all the best of the fight.

MARTIN HARVEY IS PLANNING TRIP HERE

likely Will Visit Saint John Next Christmas in Dickens' Play.

W. J. Douglas, who is at present in the city in the interests of the Percy Hutchinson English players, informs us that Sir John Martin Harvey, the intention of Sir John Martin Harvey to come to Canada next Yuletide and begin a Canadian tour either in Halifax or Saint John. In any case, he will probably play in both cities. It is said Sir John Martin Harvey, lay for his next Canadian tour will be a return to the role he has made basically famous, that of Sydney Carton in Charles Dickens' "A Tale of Two Cities," known under the stage name "The Only Way."

JOHN BARRYMORE PRAISED IN LONDON

His "Hamlet" Commended by Press—Fay Compton Also Accorded Warm Approval.

It is regarding to Saint John folks probably to pick up such papers as the London Times and find therein extended critical references of favorable tone or entertainment stars familiar to us. In the London Times of February 22 the eminent critic "James Agate" reviews a full column criticism of Barrymore's portrayal of Shakespeare's "Hamlet." Mr. Barrymore has invaded Shakespeare's own country with his own conception of the moody Dane and he English praise accorded him is of the highest. One writer claims it is the best "Hamlet" done in the old country since the days of the super-actors. Another famous personage, seen here through the medium of the silver sheet, is Miss Fay Compton, who plays Ophelia in the Barrymore production and with acceptance to all critics, Miss Compton will be remembered as playing the name role in the pictorial production, "Mary, Queen of Scots," in his city last week. The reading of these eminent players and their triumphs on the speaking stage brings to mind again quite forcibly the advantages of moving pictures which disclose to everybody rich and poor, in all by-paths in civilization, the artistry of these notable even though the silence of the entertainment amounts to a drawback somewhat.

PARIS PEOPLE WILL HEAR MARY GARDEN

American Company Will Fulfill Five Weeks Engagement Soon.

WILLIE GRADWELL MEETS KID LEWIS

Boston Star Boxer Will Oppose Montreal Boy Here This Month.

William Gradwell, known as the Blonde Barton Bearcat, has been matched to meet Lou Kid Lewis, of Montreal, here this month. The Commercial A. C., which is staging the bout, had much difficulty in getting these two men to come to Saint John. Gradwell is said to be an aggressive scrapper and is credited with a decision over Mickey Walker by the newspapers of Newark. In his only appearance in the Maritime Provinces he defeated Johnny McIntyre, of Glouce Bay, in a ten-round affair in Saint John. He has a long string of victories to his credit, having lost only three bouts out of 125. Lou Kid Lewis is a favorite with Montreal fight fans. He met Lou Kid Kaplan, the present featherweight champion, and the scrap ended in a draw. He has a long string of victories to his credit. The match here promises to be one of the best of the season and should give the fans a chance of seeing some real action. Gradwell gave further convincing evidence of his right to rank as a contender for lightweight championship honors, when he recently at Pittsburgh secured a win over Francis Rosal of Brooklyn. Gradwell won the bout in clean-cut fashion.

Gifted English Actor Coming to Imperial

An interesting phase of the drama in Canada this season is the visit of the popular English actor, Percy Hutchinson, and his London company in "The Luck of the Navy," which will be presented at the Imperial on Monday and Tuesday, March 23 and 24, when the overseas players come east to embark for home.

"The Luck of the Navy" deals with British naval officers and German spies. It is a rattling good play of the best British type, decorated with some excellent scenic effects. Mr. Hutchinson plays the role of a heroic submarine commander with a resourceful mind. The story is so well told and visualized before the audience by actors with a command of their art, that the superficial evidences of human character into

ARE PLANNING MANUFACTURE IN SAINT JOHN

Canadian Wirebound Boxes, Ltd. Are Negotiating in Matter.

MAKE FOR MARITIMES AND WEST INDIES

Vice-President A. J. Deplante Is Coming Here Soon.

Negotiations are being carried on for another important industry for Saint John. The Canadian Wirebound Boxes Ltd. is contemplating building a factory here with employment for quite a large number of men.

The company is at present manufacturing in Montreal and Toronto, where their factories occupy over three acres of space. The idea in coming to Saint John is to manufacture for the needs of the shippers of the Maritime Provinces and also for export to the West Indies.

The boxes they manufacture are made of veneer, imported from the United States, and faced with wire. They have ends and corners of hard wood. The hard wood will be secured locally and the wire can be secured also in the city from firms manufacturing it here.

A. J. Deplante is vice-president of the company and is coming to Saint John soon in connection with the project of manufacturing here. The company has sales offices here and in Toronto, Montreal, Hamilton and London, Ont.

LONGSHORE WAGES SAME AS FOR 1924

Montreal Harbor Front Men and Shipping Federation Make Agreement.

Word has come to Saint John that longshoremen employed in the Port of Montreal will work for the same wages and under practically the same conditions during the coming navigation season as in 1924. An agreement is announced between the Shipping Federation of Canada, representing the various steamship companies, and representatives of the Syndicate Longshoremen of the port.

The rate paid by the companies will be 62 cents an hour for day work and 72 cents for night work, with a special rate for men handling grain, nitrate, bulk sulphur and china clay of 77 cents an hour for day and 87 cents for night work. The working day will be ten hours and Sunday work will be paid for at double rates. It is said the agreement will be signed by representatives of the longshoremen and the companies on Monday next, it was stated.

J. M. BENNETT DEAD IN MANCHESTER

Was Contractor and Builder in Saint John Thirty-five Years Ago.

Word of the death of Joseph M. Bennett, in Manchester, N. H. Mr. Bennett will be remembered by some of the older inhabitants of Saint John, he having been a contractor and builder in this city some 35 years ago. He leaves three sons, Edward L. of Lawrence, Mass., William of Los Angeles, Cal., and Frank of Chicago, Ill. His wife, who formerly was Miss Margaret McKelvey of this city, died some 18 years ago. Mr. Bennett was 83 years of age. The body will be brought to Saint John and the funeral will be held to Fernhill on arrival of the Boston train on next Monday.

Pilgrimage To Hotel Opening Discussed

The proposed pilgrimage of members of the Canadian Club at Boston to the opening of the Admiral Beatty hotel here in June is being considered by the club members, according to Edgar W. Campbell, who arrived home after attending the automobile show there. He was a guest at the Canadian Club luncheon and found the members discussing the opening of the Beatty. They wanted to know what date had been set and favored the idea of the members attending in a body. Mr. Campbell said that W. J. Gilchrist, general passenger agent of the Grand Trunk, attended the luncheon and told the members the railway would gladly co-operate if such a pilgrimage was decided on.

Vocational School Matters Monday

At the special meeting of the Board of School Trustees, called for Monday night, the completed plans for the new vocational school will be presented by the architect, F. Neil Brodie. It is expected that at this meeting authority will be given for the calling for tenders for the building. The report of the board of arbitrators will not be presented at this meeting as they have not quite completed their valuations.

Hope To Send Sisters Home

"A very sad case, indeed," was Magistrate Henderson's comment in the police court this morning when two young girls, Alice and Ruth Stevenson, sisters, appeared before him on a charge of being loose, idle persons, with no visible means of support. They told the magistrate their home was in Nova Scotia. After hearing the evidence against them as given by Detective Biddiscombe, His Honor gave instructions to get in touch with relatives with a view to having them sent back to their home.

Hiram on Tour

MONTREAL, March 18.--Well, sir--you'll win an' lose more money in the smokin' car than most of us ever seen--with out ever puttin' up a cent. We was comin' down from Sudbury--an' three fellers from that town got talkin' about minni' shares. Out to Winnipeg every body talked wheat--an' a lot of 'em spekked in it just afore they had a bad spell. Up to Sudbury they talk nicker an' gold an' things like that. I sot there an' listened to these fellers tell how much they made or lost on Lorraine--an' Vipond--an' a lot more names that was all most to me--an' how they might have made a pile but just didn't get in at the right time or held on too long--an' they told what they thought o' this or that stock--an' what minnes was going to turn out big--an' so on fer hours. I never said a word. Even Hanner don't know I went minni' on stock, one time when things was boom'n' in Colorado--an' dropped two dollars an' a half. That settled it for me. I lined an anti-gamblin' club after that, an' I do my own minni' in the potato patch a half. That settled it for me. I lined the nible dollar in different parts of this country--yes, sir.

MARK SITE FOR WAR MEMORIAL HERE

Committee Determine Exact Location in Plot in King Square.

The exact location of the Soldiers' memorial was determined this afternoon by a committee composed of Colonel E. T. Sturdee and C. B. Allan, representing the citizens committee and Commissioner Frink and G. N. Hatfield, road engineer, representing the city. It will be set in about the centre of the triangular plot in King square facing the Admiral Beatty Hotel and Imperial Theatre. The base of the monument will be 14 feet square and around this will run a wide walk. Leading in to the walk will be several paths from the street in the square to give the people a chance to get a close view of the memorial without walking over the grass plots.

WILL GO TO STATES ON TOURIST DRIVE

Beatty Manager Plans Trip to Boston and New York Soon.

Matters in connection with the leasing of the stores for the Admiral Beatty are progressing satisfactorily. H. A. Peters, manager, said this afternoon prior to his departure for Montreal. He said he expected to make final arrangements soon after his return on next Tuesday. Soon after his return here Mr. Peters says he expects to make a short trip to Boston and New York to line up matters there in connection with a big drive to develop tourist traffic this summer.

MANY HEAR STORIES

Children Entertained This Morning in Three Places in City.

Story telling hour was a busy time at the three centres this morning, each having a large attendance of children, from the very tiny one in care of mothers to older children. A. M. Gregg, general secretary of the Y. M. C. A., told interesting stories from the "Just So Book" of Rudyard Kipling at the South End gathering. The children sang "O Canada" with intermission. There were about 100 present, and they were ushered by the St. John's troop, No. 7, Boy Scouts. Miss Mary Gunn arranged the pleasant event.

At St. Vincent's. Miss Gertrude Veringer told the story of "Pandora and the Paradise of Children" to more than 40 children at St. Vincent's grammar room. The children listened with interest, and Mrs. Lawrence said "they were very good children."

Library Hours. Mrs. Margaret E. Lawrence told the 76 children in the Free Public Library "The Story of the Tribune Rhoads," by Dr. Archibald MacMechan, of Dalhousie University, Halifax, N. S. The children listened with interest, and Mrs. Lawrence said "they were very good children."

RING IS PRESENTED

Gift to Mrs. Edward Clarke From Ludlow Street Ladies' Aid.

Mrs. Edward Clarke, of West Saint John, was made recipient of a handsome ring with a ruby setting when the Ladies' Aid of the Ludlow street Baptist Church met in the church parlors last evening. Mrs. C. E. Belyea, president, made the presentation on behalf of the members, expressing appreciation for the faithful services of Mrs. Clarke in the work of the aid. She said that she regretted her departure in April to the United States where she and her family will make their home. A social hour was enjoyed with Mrs. Frank Cheyne and Mrs. A. E. Murray as joint hostesses. Mrs. George Doody, Miss Dorothy Cheyne and Miss Mildred Campbell served.

Those present were Mrs. Belyea, Mrs. George Price, Mrs. W. A. Robins, Mrs. Vernon Mitten, Mrs. Alexander Stinson, Mrs. W. Harned, Mrs. J. Allingham, Mrs. C. Northrup, Mrs. J. Black, Mrs. M.
