**New School House.**

**Money Voted and Building to Be Completed Within a Year.**

**A Unanimous Meeting.**

There was a good representation of the district ratepayers at the school meeting which was called by Inspector Meagher under authority from the Chief Superintendent for the purpose of voting money for the construction of the proposed new school house. It is pleasant to note that unanimity prevailed, notwithstanding the fact that important questions were brought up.

As a result of the meeting the Building Committee have now something tangible to work upon. It is intended that the house will be ready for occupancy by Jan. 1st, 1900, that is, unless the Woodstock people seek to place an injunction upon its construction.

A. W. Rideout was chairman, and E. C. Morgan acted as secretary pro tem. A. F. Campbell, trustee, said the committee thought it well to have this special meeting legally called and to do up all the work, make the money appropriation, etc., all at once. The committee being called upon had nothing to report, as they had had very little authority given them.

Being asked, Mr. Meagher made a few remarks. He suggested that the district would need a house with four apartments and at the very least capable of seating 138 pupils as that number was already enrolled in the three schools. He thought \$3000 would pretty nearly cover the cost. The Andover building is a neat and attractive one and cost \$2500, but it has only three rooms. Mr. Meagher said he would prefer to answer questions rather than to speak, as he thought Hartland people should know what they want better than he.

Dr. Estey moved, C. H. Taylor, seconded, that the sum of \$2,500 be assessed. A. F. Campbell moved in amendment that the meeting authorize the trustees to issue debentures for \$2,500, divided into bonds of \$500 and one coming due every four years.

Dr. Curtis thought we should vote for more money, as we already knew more was needed. Then he thought it a better idea to issue bonds for a term of 20 years and prepare for payment by making a sinking fund, the same as Andover ratepayers did. Therefore Dr. Curtis moved in amendment to the amendment that we strike out the \$2,500 in Mr. Campbell's motion and insert \$3,000; and that the trustees be given option of the plan of raising the money.

The amendment to the amendment was carried.

Moved by J. T. G. Carr, seconded by C. H. Taylor that the building be heated by a furnace. Carried.

It was moved and carried that the

building be two stories and shall contain four rooms. It was also decided that the house be fitted with flush closets.

Mr. Carr moved that the trustees be empowered to apply at the coming session of the Legislature for the passage of a bill authorizing the issue of \$3000 bonds. Carried.

It was decided that the building committee have the new edifice ready for occupancy by the first of next January.

It was moved, seconded, and unanimously carried that the work be done by tenders.

**Progress of the Bridge.**

There was a meeting of the Hartland Bridge Co. on Monday evening. While important business was transacted it is not necessary at this stage to make the proceedings public. It might be stated however, that the officers were: Chas. McCormack, of Somerville, President; A. F. Campbell, Vice President; S. S. Miller, Secretary.

Following are the men who will apply for the charter:

Chas McCormack,	Riley Gillin,
Wm N Raymond,	Nathaniel Shaw,
A F Campbell,	George Palmer,
E M Shaw,	Joseph McGee,
A S Estey, M.D.,	G C Watson,
A Plummer	Geo M Shaw,
C H Taylor,	L E McFarland,
S S Miller	G W Boyer,
U N Boyer.	F R Shaw,
H H McMain,	C J Connolly,
C J. Smith.	

**Mr. Smith Denies It.**

The Fredericton correspondence of the Sun said on Monday: "C. L. Smith, M. P. P., of Woodstock was in the city yesterday. He had no hesitation in saying that the government's chances in Carleton are slim." On being asked the reason of his downheartedness, Mr. Smith simply said, "That item is false. It is a specimen of the Sun's untruthfulness." He further added that did he entertain any doubt (which he does not) of the government's safety in Carleton, he would for very policy's sake hesitate much in saying so."

**Death at Lower Brighton.**

Another of the older and best pioneer residents of Brighton Parish died last week in the person of Reuben Robinson. Mr. Robinson has been in poor health for the past year, the immediate cause of his death was heart failure. He was in his 81st year. Mr. Robinson was a prominent and active member of the Free Baptist church. The funeral services were conducted by Rev. Thos. VanWart, and his pastor, Rev. J. B. Daggett, and it is seldom so large a funeral procession is seen as followed the remains to the grave.

Pratt's Astral oil is moving freely, evidently a good thing is appreciated, for sale by Shaw & Dibblee.

**Carleton County Council.**

(Continued from last week.)

DISCUSSION ON MR. WHITE'S RESOLUTION RESUMED.

Mr. White gave a very able address on the resolution, which is too lengthy to be given again, having already been published in several papers. The motion was lost. Yeas: White, Saunders, Moores, Gilmore Nays: All others.

Mr. Connolly submitted the following: To the Warden and Councillors of the Municipality of Carleton County.

GENTLEMEN:—Your committee, appointed to enquire into the claims of Mr. Samuel N. and Stanley Shaw, to lands lying in the Parish of Brighton, and known and described as School 2 at range 3 Windsor Settlement. The said Samuel N. and Stanley Shaw, having applied in June last, to this council for a title, beg leave to submit a report as follows:—

On the 20th Dec. last, your committee met at Hartland, Parish of Brighton, before us were, Messrs. Samuel N. and Stanley Shaw, and each of them gave a statement of their respective claims, which was taken in writing, which we submit to you annexed to this report. Your committee is of the opinion, from the facts as given, that Stanley Shaw need not ask a title of this council, that he now has a good title, he having cleared and occupied the land, for a period of twenty-two years. The land we believe is not Crown land but has been granted to the County.

In Samuel N. Shaw's case, we are of the opinion that if this council does allow him to occupy the land, on which he now resides for seven or eight years longer, that he also will have a good title. We also think that it would be unjust to these men to put any hindrance in the way of their getting a title to land that they have improved and occupied so long. But if we are in error about the title being good by possession, or if Samuel N. Shaw wishes a title sooner than he could get it by possession then your committee would recommend that this Council do direct the Secretary-Treasurer to prepare a bill to go before the Legislature to pass an act giving this Council power to sell the lands at public auction in separate lots, making the upset price such as will cover the improvements, also the cost of making out the papers, cost of Legislation if any, cost of selling and giving title, the same to be paid to occupants of said lands should it be bid in by any other than the occupants.

Further, your committee would recommend, if legislation is necessary, or is asked for by the parties seeking a title, that the Secretary-Treasurer be instructed not to make out the papers asking legislation until the parties seeking such title, place in the Secretary-Treasurer's hands money sufficient to pay all expenses in connection therewith.

Your committee is also of the opinion that the value placed, on the improvements by the different applicants as given in their statements is not excessive.

All of which is respectfully submitted.

C. J. CONNOLLY }  
Geo. W. WHITE } Committee.  
E. S. GILMORE }

Hartland, Dec. 20, 1898.

Mr. Samuel Shaw's statement as to his claim to land in the Parish of Brighton, known as school 2 at Range 3 Windsor Settlement as given before committee appointed to examine into the matter.

I bought the land from Mr. John Stackford, there were about five acres cleared on it when I bought it. Mr. Stackford was to give me a quit claim deed but died before he gave it to me. I have now about 50 acres of cleared land. I have a house 16x20 and ell 18x20, and cellar under main house. I have one barn 26x40, horse barn 18x24, one shed 14x18, hog house 18x26, granary 10x14. I have well and an orchard of 100 trees.

I value my improvements at \$1,500. There is no adverse claim set up by any other person against mine. The land for which I ask a title is about 65 acres of School 2, at Range 3, Windsor Settlement. I have had it in my possession for 13 years.

SAMUEL SHAW.

Hartland, Dec. 20, 1898.

Mr. Stanley Shaw's statement as to his claim to land in the Parish of Brighton, known as school 2, at Range 3, Windsor Settlement, as given before committee appointed to examine into the matter.

The land for which I am seeking a title is about 7 acres of lot known as school 2 at Range 3, Windsor Settlement. I bought it from Mr. John Stackford for the sum of \$15. The land was not clear when I bought. I have cleared the land and built a house on it 20x44, cellar under house 20x24. I have also one barn 41x50 and an orchard of 72 trees.

I value my improvements on land at \$500. I do not know of any person making any

claims to this land besides myself. I have been in possession of this land for the period 22 years.  
STANLEY SHAW.

On motion, report received and ordered that its recommendations be carried out.

On motion of Mr. Saunders, seconded by Mr. Cheney, the Secretary Treasurer with Messrs. Forrest and Gallagher, was requested to submit tomorrow an estimate of the probable amount required to be assessed in the county next year.

Mr. Henderson submitted the following:

Jan 9, 1899.

On motion received and filed.

Mr. White asked if there was any revenue derived from the Registry office. Secretary-Treasurer answered yes.

Mr. Moores moved, seconded by Mr. Forrest,

RESOLVED, in the opinion of this Council, it is advisable to have a county valuation made the present year for the apportioning of the county assessment, and that such valuation be hereby ordered to be taken and made according to law.

After some discussion the question was laid over till tomorrow.

Adjourned

Jan. 11.

Warden in chair; Councillors all present. Minutes of yesterday read and approved.

Account of J C Hartley, \$58.24, and of Garden Bros., \$8.60, ordered paid Secretary-Treasurer read the following:

Hartland, N B, Dec 20, 1898

To the Warden and Councillors of the Municipality of Carleton County.

Gentlemen.—In accordance with Sec. 70, public health act 1898, I beg to submit the following estimates of the probable expenses of the Local Board of Health, district 10, (which consists of the county of Carleton exclusive of the Town of Woodstock) for the year 1899:

Expenses of meeting of the Board,	\$20 00
Books, stationery and postage,	5 00
Other expenses including disinfecting apparatus,	25 00
Total,	\$50 00

Which you will please assess on the county next year.

Respectfully submitted,  
I B Curtis, Chairman.

Having examined the above estimates, I find them just and reasonable and approve of the same.

Signed G E COULTHARD, M.D.  
Secretary Prov. Board Health.

Dec 31, 1898

On motion of Mr. Cronkhite, seconded by Mr. Henderson, Resolved, That the sum of \$50 be assessed on the county the present year.

Mr. White remarked that he believed the board of health had now no existing claims formulated upon the county, so that this document was entirely prospective and anticipatory of something that might arise, so that the council might go it blind at the instance of one gentleman, Dr. Curtis. Should necessity arise, any just demands could be paid from the ordinary county funds.

**Carleton County Council.**

(Continued from page three.)

Mr. Connolly said it was with this matter as with the ordinary funds of the county; they could not tell exactly how much money would be required or what contingencies might arise. So with the board of health; it required certain available funds to meet its regular legal requirements. The law required that the county provide the funds, which could only be used by the board of health for legitimate purposes.

Mr. Connolly said it was provided by law that by certain process an order could be served upon the Sec-Treasurer, requiring him to pay any just demand. Mr. White had spoken of there being only one man on the local board; it became the duty of this council to appoint two others.

Mr. Saunders could not agree with Mr. White. It was necessary to provide for any case that might arise. It was complained that the board of health was cramped in its operations for want of funds. The board was supposed to hold regular meetings and there were incidental expenses to be met. He did not always think much of Dr. Curtis' judgment, but in this matter he was right.

Mr. Moores read from the law to show the propriety and necessity of making the provision asked for.

After some preliminary remarks, Mr. Saunders moved, seconded by Mr. Gilmore,

Whereas, the 69th Battalion Carleton Light Infantry composed of nine companies, seven of which are made up from the young men of this county, said regiment having been organized some thirty years, and during all those years have not been the owners of any regimental colors, neither have they ever received any grant from said county to enable them to procure the same, and whereas it now becomes necessary by a special request of the District Officer commanding, that Queens and Regimental colors be furnished for said Battalion and whereas there is no provision made whereby the government furnish such colors.

Be it therefore Resolved that the County Council, now in session, authorize the expenditure of a sum, sufficient to purchase Queens and Regimental colors for said Battalion; said colors to be purchased and delivered to said Battalion on or before the first day of June next, the cost of said colors not to exceed one hundred and seventy five dollars (\$175 00).

Kearney and Cronkhite were in hearty sympathy, and so expressed themselves.

On motion Colonel Boyer was heard.

Colonel Boyer said he was there to represent the 67th Batt., which he had joined 30 years ago, and of which he was now in the proud position of Commander, than of his command no better class of boys could be found and, at the last camp they had won the reputation of being the best boys in camp. He referred to the encouragement given to volunteers in the province of Ontario and other Provinces by local Councils. In the cities good help was given to the soldier boys. The volunteers were enrolled for three years, subject to the higher powers as to where to go and when, and our boys always showed themselves ready to submit. They would like to have the 67th up in all respects to other battalions and city corps, and thus it was that the council was asked to give them proper colors.

Resolution was adopted unanimously.

On motion of Mr. Moores, seconded by Mr. Cheney, it was resolved to seek legislation authorizing assessment on the county for the purpose set forth in the foregoing.

On motion of Mr. White, seconded by Mr. Cheney,

RESOLVED, That \$7.55 be assessed on Wilmot to reimburse William Armstrong for money paid by him for statute labor and costs, after he had paid in work.

Mr. White moved, seconded by Mr. Cheney:

Whereas the law relating to the election of Members to the Legislative Assembly of this Province provides that the whole counties (except the county of St. John) shall elect representatives;

And whereas it is advisable, in the interests of pure elections and the proper representation of the people, that the province should be divided into ridings, each to send one member to the Assembly; such a change would have the effect of selecting better men as representatives and would lessen the cost of election; therefore

RESOLVED, That the Secretary-Treasurer be requested to prepare a petition to the Local Legislature asking them to have the law amended so as to affect the purposes heretofore mentioned.

Mr. White said they should not allow the nineteenth century to go out without leaving to posterity some evidence of the disposition of this council of this noble county to mark its progress and inaugurate reforms. While this was a general resolution applying to the province, it might be adopted in principle by other provinces. In the large province of Ontario the counties were divided into ridings, and generally one man, belonging to each riding, was elected as the best person to represent it; there the system was approved. His object mainly was to have the proposed change apply to Carleton county, which might be done if the legislature would not adopt it for the whole province. Carleton county could be divided into three ridings thus: Woodstock, Richmond, Northampton; Peel, Aberdeen, Kent; Wakefield, Wilmot, Wicklow, Simonds. Such a system would be more convenient, less expensive and secure a better local representation.

The resolution was lost. On motion of the Councillors, for the same, respectively, lists of parish officers were confirmed. On motion of the Councillors, for the same, respectively, assessment for poor purposes was ordered as follows:

Aberdeen	\$175 00
Brighton	450 00
Wilmot	300 00
Simonds	100 00
Peel	300 00
Richmond	600 00
Kent	450 00
Woodstock	600 00
Northampton	200 00
Wakefield	550 00
Wicklow	200 00

To be paid as follows: By collector Travis \$53 to O. P. Cronhit; \$33 to O. P. Ritchie; by collector Lunn, \$67 to O. P. Twe die.

Mr. White, from the special committee to investigate Scott Act Inspector's account, had risen to submit a report, when he received intelligence that his son H. B. White, at Centreville, was dying, and he had to leave immediately after stating that the accounts had been thoroughly examined and everything was found correct.

On motion report was received and adopted.

On motion of Mr. Chronkhite, seconded by Mr. Caldwell, ordered that \$2 be paid to P. C. Wicklow for services.

On motion of Mr. Tompkins, seconded by Mr. Phillips, ordered that \$2 be paid to P. C. of Peel.

On motion of Mr. Kearney, seconded by Mr. Moores, ordered that \$2 be paid for use of Orange Hall in Simonds, in 1897.

On motion of Mr. Connolly, seconded by Mr. Richardson,

RESOLVED, That the bounds of road division No. 2, Brighton, be changed so as to include Poll Hill settlement, and the bounds of No. 3 be changed so as not to include Poll Hill settlement,

**THE HARTLAND ADVERTISER**  
 PUBLISHED EVERY SATURDAY.

SUBSCRIPTION RATES: \$1.00 a year in advance

**FRED H. STEVENS,** - Editor & Publisher

HARTLAND, N. B., JANUARY 28, 1899

## THE ADVERTISER'S POSITION.

The ADVERTISER has pleasure in announcing that during the coming campaign it will do all in its power for the support of the present administration of provincial affairs. This decision is impelled by a sense of duty. Not "through thick and thin," but as long as it appears to be best subserving the interest of the people in Hartland, in Carleton County, in the whole province, the ADVERTISER thenceforward will support the Emmerson Government. When the Opposition party can show that it has a better idea of the management of provincial affairs, when it can conclusively show it will effect the best administration the ADVERTISER will then support that party.

## THE BRIDGE A CERTAINTY.

The ADVERTISER is pleased to state that, while it would be imprudent to make full announcements just at present, it can assure its readers that there is not the slightest impediment in view to hinder the construction of the Bridge. Things are going swimmingly. The company is formed, and negotiations with the government are completed whereby the company's bonds will be secured, exactly as promised. Apart from the construction of a free bridge the very best alternative has been secured. We have obtained as much as could be expected from any government under the existing circumstances. The Opposition has promised great things for us, but it is the Emmerson Government that has accorded us our rights. The fair minded individual who has any interest in Hartland can only entertain a friendly spirit toward Mr. Emmerson and his supporters. In a certain way it is unfortunate that the election talk has come on while our bridge negotiations have been going forward. The anti-government pessimists rejoice in throwing cold water on the bridge scheme. These people are traitors to the village, and are like one "biting off his nose to spite his face." They, for the sake of party politics, will sacrifice the village's and their own interests, and refuse to give credit

where it is due. The Emmerson Government has earned the support of all good voters in this section, and the result of the polls will show what degree of appreciation we are capable of manifesting.

## TWO PRICE BRIDGES.

It is currently reported that the alleged engineer who furnished Mr Hazen with the letter upon which he bases his bridge charges against the government does not know the difference between a chord and a cross beam in a bridge and never either designed or measured a bridge in his life. The only capacity ever displayed by this gentleman as an engineer was in doing as little work at engineering as possible and as much as a political heeler as he could find. It is not every heeler that makes a successful engineer and this one lost his job because he was a better heeler than engineer. It will take more than the statements of a political heeler who is not an engineer, and who does not sign his name to the letter he wrote, backed up by the assertions of an ex-blacksmith's helper, seated at the editorial desk of a newspaper owned by a gang of political plunderers, to convince the public that the assertions they make are correct — St. John Gazette.

## Carleton Co. Ticket.

The ADVERTISER is quite warranted in naming C. L. Smith, M. P. P., H. H. McCain, M. P. P., and Frank B. Carvill of Woodstock, as the government candidates for Carleton County. It would have been difficult to have chosen a stronger ticket.

It is not known that the Opposition has its ticket formed. It is well known that J. T. A. Dibblee, M. P. P. and J. K. Fleming will be on it, but a third choice is yet to be made. A strong endeavour has been made to bring out a prominent Hartland merchant, and the names of Hon. G. W. White and John Williams (Wilmot Parish), are also mentioned in this connection.

## Evangelistic Services.

Special evangelistic services will be held in Hartland R. B. church and the Roller Rink, commencing February 9th. Rev. G. W. Wilson, Methodist evangelist of Providence, R. I. will conduct them. Two services will be held each day at 2.30 and 7.30. The evening session will be held in the Rink.

Partial Paralysis Accompanied by Fainting Fits Follows—Doctors Fail to Bring Relief—Dr. Williams' Pink Pills Restore Health.

Brookholm, a suburb of Owen Sound is fairly vibrating with interest in the wonderful cures effected in that place by the use of Dr. Williams' Pink Pills. A newspaper man of Toronto, spending some time in the vicinity was directed to a house on a hill overlooking Owen Sound's beautiful bay, and was told that there he would learn something about a cure effected by Dr. Williams' Pink Pills. The hill was climbed and it is to Mr. J. F. Goodfellow, the genial owner and occupant of that pleasant home, that he is indebted for the following facts:—"On the 12th of July 1895, Mrs. Goodfellow went on an excursion to Collingwood by boat and came home with a severe cold, which developed into a partial or slight attack of paralysis in the left side and limb. In addition, at times she would be seized with a dizziness which often resulted in sudden and severe falls. The paralysis made her unable to lift any weight with her left hand. She called in medical aid and for some months followed the advice and took the medicines prescribed. But it was only money wasted as she did not get any better. As Mrs. Goodfellow has three children and her husband to care for it was a deep trouble to the family for her to be so afflicted. For eight months these dizzy spells and the paralysis continued. Then some friend asked her to try a box of Dr. Williams' Pink Pills. To please the friend she consented to purchase a few boxes. When these had been taken she felt decidedly better. The fainting spells came less frequent, her strength returned to her side and arm and she was delighted with the result. After taking about six boxes and feeling quite well again, she discontinued the use of the pills for a time but later felt some of the old symptoms returning. She again secured a supply and recommended their use, and was overjoyed to find that these valuable little pellets again gave relief. She continued taking them until she felt that she must certainly be over the effects of the trouble when she again ceased to take the pills. That is over a year and a half ago, and only once or twice since has she had any slight symptoms of the old trouble, and then a few doses of the pills would give full relief. Mrs. Goodfellow is decidedly of the opinion that she owes her present health to Dr. Williams' Pink Pills, and is most enthusiastic in her recommendation of them to her friends and acquaintances.

We have nearly got through taking account of stock and we find that we have too much of certain lines of goods. We will sell these lines cheap. Please see our big ad. next week. Shaw & Dibblee.

### Deadly Narcotics

Drag a Lady to the Depths of Despair.

Death Longed for as a Release from Suffering.

Paine's Celery Compound Rescues the Victim and Builds Her Up Physically and Mentally.

WELLS & RICHARDSON CO.,

Gentlemen:—I am happy to tell you that I have completely recovered my health through the use of Paine's Celery Compound. For some years past my nerves and system were almost wrecked by narcotics used to alleviate pain. The doctors could not help me, and I thought I would have forever have to remain a slave to deadly drugs. I often longed for death to relieve me from my sufferings. After enduring pains and agonies that were terrible, I determined to try Paine's Celery Compound, without any full hope, however, that it would cure me. When I had used a part of the second bottle I thought it was doing me good; I could sleep well and did not faint so often, and I decided to continue the use of the medicine. After the use of fifteen bottles I am perfectly cured. I feel so strong and well now, and have such perfect health that I sometimes think it is too good to be true. For the benefit of thousands of poor souls suffering from the effects of deadly narcotics I give my statement as an encouragement to them—an assurance that Paine's Celery Compound will cure them.

Sincerely and gratefully,  
MRS. LOUISA WARNER,

**A Retail Dealer's Association.**

The retail trade would be in a much more satisfactory condition as far as prices are concerned were there a better understanding among those engaged in it.

Unprofitable business is frequently the result of a fall in value after the goods have been bought, but a still more prolific cause is the cutting of prices.

Obviously then, the remedy for unsatisfactory profits lies with the retail traders themselves.

The question, then, is as to the remedy. Where is it and how can it be applied? It seems to us that no better remedy can be found than a retail dealers association. In an association men who have been cutting and slashing each others throats in business, shake hands, crack jokes with each other, and if the organization is a live one, discuss matters appertaining to the welfare of the trade.

Now, then, whether or not there be any attempt to regular prices, the very fact that the retail dealers of a town, village or country, meet occasionally for one specific object, be the gathering of a business or social character, must tend to induce more satisfactory conditions.

Price cutting is based on jealousy, and jealousy is often the result of the want of acquaintance of one merchant with another.

We think an association as named above would be a good thing for this village and county, first for the customer and next for the retail merchant.

We will discuss this subject again, in the meanwhile let all concerned act on their convictions, for in "Union is Strength."

Yong St Fire Hall,  
Toronto, March 16, 1897.

**Death of Randolph K. Jones.**

Randolph Ketchum Jones died on Monday morning after a ten days illness of pneumonia. He was born in Middle Simonds, a son of James Jones. At an early age he studied law with Lewis P. Fisher. He took a course at Harvard, taking the degree of LL. B. After being admitted he entered into partnership with Mr. Fisher, and continued in this relation until 1874, when he entered politics. He stood for the local legislature as an Independent and was elected. In 1880 Mr. Jones succeeded L. P. Fisher as Mayor of Woodstock. He filled this important office most satisfactorily for six years. H. A. Connell succeeded him, and after Mr. Connell's term Mr. Jones again occupied the mayor's chair for two years. Mr. Jones was well known throughout the county as secretary-treasurer, a position he occupied for thirty-two years. He was of great assistance to the members of the county council, who always found in him an efficient officer and a sound and trusted advisor. Mr. Jones married a Miss Raymond of this county. She with five children, two sons, Wendell P. and Thane M., in law partnership in Woodstock, three daughters, Mrs. Atherton, Mrs. Walter Fisher and Beulah, survive. The funeral was at 2 30 on Wednesday afternoon.

**A Ridiculous and False Claim**

As a rule modern newspaper advertisers endeavor to make their statements clear and truthful; they know that an intelligent public—especially the woman portion—quickly condemn untruths and deception.

Some advertisers, intending to soar high, suddenly fall from the sublime to the ridiculous in their statements. Such errors are promptly detected by the class of people the advertisers would influence.

Imagine an advertiser of dyes for home dyeing, after giving a long list of the virtues possessed by his product, remarking, "They cleanse and dye at the same time." This statement made to tens of thousands of intelligent women is so contrary to truth and common sense, that the advertiser is, without loss of time, condemned as a simpleton or deceiver.

Diamond Dyes, the standard home dyes of the world, dare not make any such claim. In their valuable book on Home Dyeing (sent free to all who send for it) they specially mention that "all goods should be cleaned before they are dyed." A Solon, however, arises in the land and formulates a new doctrine by asserting that "Dyes cleanse and dyes at the same time." Soon we will hear of some new starch manufacturer making a claim that his starch will cleanse and stiffen at the same time!

No wonder that many of our women show temper and suffer disappointment when they make use of dyes that pretend to take out dirt and re-color at the one operation. No wonder that deceived women complain of muddy and dismal colors after using adulterated dyestuffs.

Let it be distinctly understood that the inventive genius of man has not yet devised a dye that will take out grease spots, stains and dirt, and at the same time give a decent color. The Diamond Dyes—the world's popular home dyes—give the fullest and richest colors on all materials when the goods are clean. They are the only warranted dyes on the market and always do what is claimed for them. Do not allow the false claims of any manufacturer of common dyes to lead you into trouble and financial loss.
