40 and 42 King Street, St. John, N. B.

OTTAWA NEWS.

OTTAWA, Jan. 18.—Dan Rose, Klondike Dan, was in town today in connection with the publication of the Ottawa report. He secured the permission for Mr. Ogilvie to go to Toronto to correct the proof sheets of the volume and save time. Inquiry at the department of agriculture elicited the information that Mr. Rose will have no difficulty in securing the copyright so long as he is able to prove that and this he has been able to do to procure from Hon. Mr. Sifton.

Information has reached the department of trade and commerce that there is an excellent market for Canadian fish pieced boards in Cape Colony.

The inland revenue department effected two hundred and fifteen seizures last year.

Wm. Dunn of Chicago today secured a verdict of \$3,919 from the Prescott Elevator Co. for alleged careless handling of grain by which it was depreciated in value and the loss sustained in British markets.

The case of Mrs. Sturman, which is exciting such great interest, has taken a new and unexpected turn. She is not to be hanged on Thursday, neither is her sentence commuted to life imprisonment. The executive has in fact taken a new departure in Canadian criminal procedure by ordering a new trial. The sub-committee, consisting of Messrs. Mills, Davies and Scott recommended this course. Although the cabinet was not a unit on the matter, Mr. Mackenzie today approved of the recommendation. The new criminal code provides that if reasonable doubt exists in the case, instead of remitting the sentence a new trial may be ordered, and this has been done. This clause was inserted in the criminal code at the instance of Justice Stephen, who tried the Maybrick case.

OTTAWA, Jan. 19.—The actual amount allowed for damages for the Belting Sea seizures was \$294,153, and interest \$103,265.

The Irish Catholic liberals here have organized an Edward Blake club. They claim the present government is not according them fair play in the matter of patronage.

It is officially announced that the Yukon mining certificates are procurable in Montreal, Toronto, Winnipeg, Calgary, Edmonton, Allbert, Kamloops, Vancouver and Vancouver, and in the old country at London, Liverpool, Glasgow and Dublin. Personal applications to a government official is necessary, as the applicant must sign a certificate in the official presence.

Recruiting for the mounted police has recommenced at Regina. While the strength of the force in the territories will be limited to five hundred, the Yukon force of two hundred and fifty is to be considered independent, bringing the number back to the old figure, but unfortunately the strength of the force has been allowed to go during the past eighteen months.

As foretold the other day, the enlistment for the Northwest mounted police force has recommenced. The government will not send any men from eastern Canada to Regina, but any man possessing the necessary physique and qualifications presenting himself at headquarters at Regina stands a good chance of being enlisted. When the question of reducing the force was under discussion in parliament last session, it was announced that the strength would be five hundred men all told for the territories. This will be done, but as a matter of fact the force will get back to the old number, as two hundred and fifty men in the Yukon will be over and above the minimum number decided upon for the territories.

The farmers are protesting against the restoration of the duty on bladder twine, forgetting evidently that the patrons at Brandon are asking for 12-12 at least.

Mr. Brantford of Toronto will either move or second the address.

OTTAWA, Jan. 20.—Engineer Jennings, who surveyed the route for a railway from Telegraph Creek on the Stikine River, to Teslin Lake, reports that it is quite feasible a narrow gauge railway can be built for \$15,000 a mile. The distance is approximately one hundred and twenty-five miles.

A deputation representing the manufacturers of shirts saw Messrs. Fielding and Patterson today, to ask either that the duty on cotton used for manufacturing shirts be reduced or that the duty on the manufactured article be increased.

It is now stated there will be no Drummond County railway proposition laid before the house at the coming session, but that the government may ask a re-vote of the amount voted for that purpose in the supplementary estimates.

OTTAWA, Jan. 21.—Mr. McKinnon, M. P., was here today, interviewing the ministers and urging them to give effect to the coming session of parliament to their anti-election promise. He expects a five months' session, and says if the government do not introduce a bill to abolish superannuation in the civil service he will.

The trade returns for November

show an increase in the exports of nearly six millions.

The inland revenue report for the past year is out.

Hon. Mr. Sifton says there is no truth that American soldiers will enter Canadian territory with the Yukon relief expedition.

Hon. Dr. Borden returned from England today. Today's advices from Dawson state that at the time of the departure of the mail the food supply was better than for several seasons past. Over fifty head of caribou had been secured, a few miles from the city, giving a fair supply of fresh meat.

OTTAWA, Jan. 21.—The Restigouche Salmon club will apply to parliament for an act to bring the club under the jurisdiction of the dominion, so that it may better carry on its operations in both the provinces of Quebec and New Brunswick, where its interests chiefly lie.

The outspoken utterances of Sir Michael Hicks-Beach on Canada's obligations towards assisting in the defence of the empire will greatly strengthen the efforts of the navy league to induce the government to undertake the training as naval reserves men of hardy fishermen of the maritime provinces during the winter months, when thousands of men are idle. Some time ago Capt. Spain, commander of the fisheries protection service, drew up a scheme for the formation of the government on this very subject, and it is now reported that the government will ask parliament at the coming session for \$50,000 towards putting it into effect.

R. Dandurand, a prominent young liberal lawyer of Montreal, has been called to the senate in place of Bechoard Dandurand, its only 35 year old member controlling the fisheries of the great lakes, have formed a combine with a capital of five million dollars. The members of the militia force here are urging something be done towards acquiring Rockfield range, otherwise it will not be ready until well on in the summer.

Notwithstanding the extraordinary scores made at the last Bideley meeting with the Lee-Field rifle, the council of the National Rifle Association has decided to make no alteration in the targets for the next meeting.

OTTAWA, Jan. 21.—It is reported here that F. A. Heinz, the Rossland railway king, is desirous of re-opening negotiations with the C. P. R. for the purchase of his road and smelter, as Hon. Mr. Blair told him that the pressure was strong from the Ontario liberals in favor of an independent line into Rossland that the C. P. R. is bound to get there soon.

The new trial of Mrs. Sturman is fixed by the minister of justice to take place in May before Judge Robertson at St. John.

The deputy minister of agriculture has gone to Washington to study the workings of the patent office, with a view to the re-organization of the Canadian patent branch. The department of customs has declined to allow a refund of duty paid on the products from Liberia, Morocco, Spain, Salvador, Senegal, and South African republic since the preferential tariff took effect on the 23rd of April last. As with the exception of Spain, Canada does not import much from these countries, the amount of refund will not be great.

Engineer Jennings' report on the Teslin lake route states there is little fodder for horses, hence it will be necessary for parties Yukon bound to take a plentiful supply for the animals.

L. E. Baker, president of the Vancouver Steamship company, arrived here today to interview the government in connection with the severance of the traffic relations between the Dominion Atlantic railway and the steamship company, which Mr. Baker represents. As the government owns a portion of the line used by the D. R. from Windsor to Halifax, Mr. Baker thinks the matter is one in which Hon. Mr. Blair should interfere. The minister of railways left for St. John today, Hon. Mr. Baker accompanying him as far as Montreal.

The deputy of customs has decided that cards, postcards, pasteboard boxes or other coverings containing cut samples of cloth, edgings, textile fabrics, buttons of various materials, and other articles being representative of goods and obviously intended for use only as samples to sell by, and having no commercial value, may be admitted free of duty. The term "no commercial value" does not apply to portfolios, boxes or other coverings used in displaying samples, which are susceptible of being adapted to other uses. Samples such as are carried by commercial travellers, together with trunks and other packages containing them, are dutiable excepting such as are of no commercial value.

TELEGRAPHIC NEWS.

QUEBEC, Jan. 18.—Solicitor General Fitzpatrick left for Ottawa last night. He says that the department of justice has been notified that the privy council will render judgment this week in the celebrated fishery case between the dominion and the provinces relative to the control of inland fisheries.

MONTRÉAL, Jan. 20.—The Club Letellier, one of the leading French-Canadian liberal political clubs, met last night and removed L. J. Tarte, son of the minister of public works, from the second vice-presidency of the club. "If we can't remove J. Israel Tarte from the cabinet," said a member, "we can at least remove L. J. Tarte from the list of officers of the club."

SEBASTOPOL, Que., Jan. 24.—Rev. H. G. Barrage, residing at East Halley, Que., committed suicide yesterday, hanging himself to one of the rafters in his barn. The deceased was about seventy years of age and was a retired clergyman of the Church of England. He had not been in good health for some time, and it is supposed mental derangement caused the rash act.

MONTRÉAL, Jan. 24.—Hon. Henry R. Emmerson paid his first visit to Montreal yesterday since he became premier. He came down from Ottawa yesterday, where he had some departmental business on hand, in company with Hon. Mr. Tweedie, provincial secretary.

W. J. Withall, a prominent business man and director of the Sun Life Assurance Co., died this morning.

ONTARIO.

TORONTO, Jan. 20.—The cabinet met today and fixed the date for the general elections, which, however, it was announced, would not be made public for a few days.

A SEVERE STORM.

It Was Rather of Exceptional Phenomena and Passed Over New England.

Unusually High Tides on the Coast of Maine—Thunder and Lightning Storm.

BOSTON, Jan. 23.—A storm of considerable severity and attended with rather exceptional phenomena passed over New England today, causing heavy rains in the western portions, ten to twelve inches of snow in Maine and New Hampshire, and lightning in the extreme northeast, and practically a tidal wave on the coast from Cape Cod to Portland. Tonight it is blowing a gale east of Portland and the storm seems likely to increase in force as it passes over the province. While the heavy snows in Maine caused some delay in railroad traffic and the severe rains in the south were responsible for numerous washouts, the most destructive feature of the storm seems to have been in the tremendous tide which swept in from the west at noon, inundating a greater portion of the coast and causing a heavy loss to owners of property along the water front and at the beaches.

At Gloucester the tide, according to several records, was the highest since 1870, and it is estimated that it caused an estimated loss to property situated on the waterfront of over \$10,000. Cellars were flooded, and as the owners of stores which suffered were absent, scarcely any goods were saved from the water. Fortunately the east-side wind which during the night blew quite strong, subsided before noon, for if it had increased a tide of tremendous proportions would undoubtedly have caused far greater damage, not only in Gloucester, but to the cottages on Cape Ann. At Hill and Nantasket beach the tide swept up far above the usual mark, carrying away a number of small boats, and causing a number of small houses of other dwellings and causing a loss to the cottages of some hundreds of dollars.

Other localities alongshore also reported losses from the tide of more or less extent.

The reports tonight from Maine and New Hampshire show that the storm has been severe throughout that region. More snow has fallen in some places today in Maine than has been seen all winter, and trains from the north and east into Portland have all been more or less paralyzed. Another peculiar feature of the storm was the electric phenomena this afternoon at Eastport and St. John. For half an hour it thundered and lightened, and this was followed by a shift of wind to the northeast and nearly a blizzard tonight. The wind at one time today at Eastport reached a velocity of sixty miles an hour. Altogether the storm has been rather a peculiar and a remarkable one in New England.

DISTRICT DIVISION MEETING.

Kings county district division, B. of T., held its annual meeting at Lakeside on Tuesday, the 18th inst. Different divisions of Kings county were present.—Grand Worthy Patriarch Woodburn, Grand Scribe Amstrong, and District Worthy Patriarch Hengnagar from St. John district division were present. The officers elected for this year are as follows: H. G. Evans, W. P. C. W. Weyman, W. A. H. W. Folkins, S. R. E. Lyon, T. Rev. G. Swin, chaplain; G. W. Fowler, cord; B. Patrick, secretary. There was a morning meeting in connection with the division, in which a good deal of temperance work was done, and in the evening a very enthusiastic public temperance meeting was held in Lakeside Temperance hall. The grand officers, Rev. G. Swin and others were the speakers. The next meeting of the division is to be held at Fenwick on the fourth Tuesday in April next.

PREPARING FOR WAR

France Purchasing Steamers to be Used as Transports.

A Fleet of Nine Japanese Warships Bound for Chinese Waters.

Japan Could Finish the Russian and German Warships in Short Order.

LONDON, Jan. 22.—A special despatch from Shanghai, dated Friday, says that France has purchased three Chinese steamers and is trying to acquire others for conversion into transports. According to the same despatch the Japanese squadron will sail from Yokohama Saturday for Chinese waters.

LONDON, Jan. 22.—The morning papers comment editorially upon the menacing aspect of affairs in China.

Despatches from Paris say that the report is current there that China is trying by the offer of high interest to obtain a loan without assistance and without the guarantee that Russia and England demand.

BERLIN, Jan. 21.—The Berliner Neues Nachrichten announces that the German warships are still sounding the alarm.

LONDON, Jan. 21.—According to a special despatch received here today from Berlin it is semi-officially announced in that city that Germany will not object to the appointment of Prince George of Greece as governor of the island of Crete, provided the other powers unanimously consent.

BERLIN, Jan. 20.—A bill already approved by the Bundesrat will go to the Reichstag today increasing the North German Lloyd Steamship company's subsidy by 1,500,000 marks for fifteen years, on condition of a fortnightly service to China and an extension of the route to Constantinople.

A significant article in the Cologne Gazette asserts that, according to international law, Kiao Chou is German territory and an attack upon it would enable Emperor William to declare war without consulting the Bundesrat. The paper says:

"Furthermore, being leased territory in a political sense, it remains, as before, foreign territory. Therefore, commercial and customs treaties between either China and European states or between Germany and other nations have no validity there; and consequently foreign states cannot appeal in the favored nation clauses nor claim similar rights to those granted Germany, while Germany is in a position to regulate the customs and com-

mercial relations quite unreservedly as she thinks fit."

Considerable surprise has been caused here by a despatch from St. Petersburg to the Cologne Gazette announcing that Russia has formed two new army corps on the German and Austrian frontiers at Vitis and Mierf.

LONDON, Jan. 21.—A special despatch from Paris, published this afternoon, says orders have been received at Cherbourg and Toulon respectively to immediately prepare the battleship Bruix and the battleship Vanban to reinforce the French squadron in the far east. The Bruix is a steel vessel of 4,754 tons displacement and 9,040 indicated horse power. Her speed is estimated at over eighteen knots, and she carries a crew of nearly 400 men.

PARIS, Jan. 21.—The French warships Bruix and Vanban will sail for China on January 24 (Monday next). Admiral de Beaumont has been appointed commander-in-chief of the French squadron in the far east. He will hold his flag on board the Vanban.

LONDON, Jan. 21.—The St. James Gazette, commenting upon the despatch from Yokohama saying that a fleet of nine Japanese warships will leave Japan in the course of a week for Chinese waters, says Japan is preparing for war. "That, in a nutshell, is the news from Yokohama today, and it is really the first news from Japan since the beginning of the Chinese crisis. It was obvious that the Japanese government has stopped telegraphic communication, which is never done except upon military, sea or navy. That is precisely what it has been doing. It is almost certain that the destination of the fleet is Wei-Hai-Wei, and there is no doubt the movement means that the status quo in China, so far as Manchuria and Corea is concerned, shall not be altered by Russia or any combination of Russia's allies, in defiance of Great Britain and Japan. So long as the defenders' policy is equality of opportunity in China, they are in a position to enforce their claims."

The St. James Gazette also gives prominence to a list of the ships in the Japanese navy, pointing out its immense fighting strength, and adds: "Even with Great Britain's more sympathetic outlook, it is probable Japan could finish off all the Russian and German warships set off. She is in a position to enforce her claims."

LONDON, Jan. 21.—The Peking correspondent of the Times, telegraphing yesterday, says: "At his second interview with the Tung Li Yamen Wednesday the remonstrance of the Russian charge d'affaires, M. Pavloff, was in the nature of an ultimatum against the opening of the Lich Wan. He threatened reprisals and a withdrawal of Russian friendship and protection. The Chinese, while recogniz-

ing the advantages of the British terms of offering the best hope of maintaining the integrity of the empire, are wavering."

REGIMENTARY GATHERING.

A meeting of the Dominion Artillery association will be held at Ottawa on Saturday. As many of the members will not be able to be present, votes upon the questions indicated in a circular will be given in writing, if desired. The circular is as follows:

It should be considered that a large British detachment will most probably join in the competition; that a moving target and sea ranges are indispensable and that sufficient battery accommodation should be provided to enable the group firing with 4-pr. guns on the various platforms group-firing with 4-pr. R. B. L. guns and shifting ordnance competitions to take place without any crowding or delay.

Fort Dufferin, at St. John, N. B., possesses all these qualifications, the sea range is open and unobstructed and the camping ground good.

The camp at the Island of Orleans is very restricted, and the space for guns cannot be increased. The range is a tidal one and unsuitable for continuous firing at a moving target.

St. John is much more central as regards the great majority of the gunnery artillery, and the local regiments have promised every assistance in their power.

At Halifax the sea range is very frequently obstructed. The dominion government has no ordnance available, nor any accommodations from which 4-pr. guns could be used at a moving target.

Lieut. Col. Jones and officers of the 2nd Regiment C. A. are very anxious to have the visiting artillery men at St. John, and will spare no trouble in their arrangements. The matter will not be decided until the general meeting of the association, which will be held in February, and to which the council makes recommendations.

Lieut. Col. Cole and officers of the Montreal regiment are understood to be in favor of St. John as the place for the competition.

WEDDING AT MOSS GLEN.

A very pleasing event took place at the residence of Mr. and Mrs. Cunningham Green, Moss Glen, Kings Co., on Wednesday evening, Jan. 19th, when their daughter, Jennie V. was united in marriage to Charles E. Rogers of Elmfield.

The bride was accompanied by a blue dress trimmed with silver passementerie and white lace and wore a wreath of orange blossoms and lilac of the valley. She was the recipient of a large number of useful and costly presents, the groom's gift being a handsome fur collar and muff. Beaver lodge, I. O. G. T., of which she was organist, presided over with a handsome dressing case. Rev. Mr. Ferguson of Westport performed the ceremony.

Fisherly—Miss Heavyweight is a fine dancer. She doesn't seem to touch the floor. Dasherly (gawking his bruised feet)—She doesn't stand.

PERFECT HEALTH IS OBTAINED BY USING Dr. Williams' Pink Pills for Pale People.

UNDER A FAIR COURSE OF TREATMENT. CONSUMPTIVES PUT ON FLESH. DYSPEPTICS ATTAIN DIGESTION. ANÆMICS REGAIN COLOR. WEAK PEOPLE ARE MADE STRONG.

DO YOU NEED A TONIC?

Are you easily tired, lack energy, feel weak in the back; do not care for food; cannot relish your work and take no interest in life? Are you nervous and subject to headaches? If so it is a tonic you need.

Dr. Williams' Pink Pills for Pale People—the best tonic in the world—can not harm the most delicate.

They make people strong.

RHEUMATISM'S PANGS.

(From the Chatham Banner.)
Everyone in the Village of Wheatley knows Mr. Peter Slipp, who has been a resident of the place for upwards of twenty years, and who, during the whole of the period up to last year, was a constant sufferer from acute rheumatism, complicated by other troubles until he was worn almost to a shadow. At the age of twenty he joined the New York cavalry, and served through the war of the rebellion. He took part in the historic battles of Bull Run, Fredericksburg, Gettysburg, etc., and at one time rode eighty miles at a stretch, carrying despatches through the enemy's lines. On another occasion he was on horseback for four days and five nights, and it is little wonder that such hardships left him, as they did thousands of others, with a wrecked constitution. While in the army as a result of poor food and often bad water, he was attacked with diarrhoea, which assumed a chronic form. This of course was a heavy burden, and he was often unable to do his duty. He was a very healthy man, and he tells an easy prey to the pains and terrors of rheumatism. A correspondent of the Banner he said: "I never expected to be any better in this world, as I had tried scores of medicines which brought me no relief at all. Some times for weeks at a time I could not lie down or sleep, and could eat but little. I was not only troubled with rheumatism, but at times was subjected to fainting spells, and at other times everything appeared to turn black before my eyes. I would often feel sick at the stomach, at which times food would prove poisonous to me. My kidneys also troubled me greatly, and my nervous system seemed completely shattered. Tongue can scarcely tell how much I endured dur-

ing these long and weary years. About a year ago I was advised to try Dr. Williams' Pink Pills, and it was a grand day for me that I began their use. After I had used a few boxes my pains had decreased and I was considerably better. Later, through a continued use of the pills, I could eat, sleep, and felt as able to work as I had done twenty years ago. I now feel well and strong, and if any of my old comrades see this and are afflicted I would urge them to try Dr. Williams' Pink Pills."

ANÆMIA CURED.

(From the Sun, Orangeville, Ont.)
Some months ago Maggie, the fifteen-year-old daughter of Mr. and Mrs. J. Sweeney of John street of this town, began to fall both in health and spirits. Her face was almost as white as chalk, her appetite very feeble, and her limbs began to swell. Notwithstanding her growing weakness she persisted in attending school, until one day her teacher advised her to go home and not return until she felt better.

At the same time the teacher, who knew the value of Dr. Williams' Pink Pills in such cases, advised her to take them. The advice was followed, and Mrs. Sweeney told our reporter that almost from the outset there was an improvement in her daughter's constitution. Her appetite became better, the color returned to her face, and the severe headaches that had made her so miserable, vanished, and she is now feeling better than she has done for many months.

It is quite evident that this young maiden was suffering from a lack of blood, as do so many young girls who are just at a critical point in life, and it is quite as apparent that there is no other remedy the equal of Dr. Williams' Pink Pills in such cases. They enrich the blood, stimulate the nerves, and build up the entire system, and mothers will act prudently if they insist upon their daughters taking an occasional box. We know from experience that Dr. Williams' Pink Pills have done great good in Orangeville and vicinity, and there is scarcely a day that our reporter does not come in contact with some one who has a good word to say for this wonderful medicine.

HAVE YOU INDIGESTION?

Have you a pain in the stomach? Fullness or distention after meals? Wind on the stomach? Hiccoughing and eructation? Sickiness, bile, distaste for food? A yellow tongue, bad complexion, taste in the mouth?

These things arise from indigestion and dyspepsia; they can be cured by Dr. Williams' Pink Pills.

DYSPEPSIA CURED.

Miss Lila McLaughlin, a young lady who is teaching in the Port Stewart public school, says:—"Some months ago I was suffering with a severe attack of dyspepsia. I procured some medicine from the doctor which seemed to help me for a time, then it apparently lost its effect and I became worse. I had a terrible pain in the stomach, which caused me much distress. Then vomiting set in and continued until I was so weak I could scarcely stand, and at times my sight would seem to leave me. While in this state one of my friends advised me to try Dr. Williams' Pink Pills, and I procured a half dozen boxes. By the time I had used them I had fully recovered my health, and I can recommend them to others similarly suffering."

FEMALE WEAKNESS CURED.

Mr. John DeSaire, Sahanation, Ont., writes:—"I take the liberty of writing you a few lines in praise of your Dr. Williams' Pink Pills. For some time my wife was a great sufferer from trouble peculiar to females. She was very weak, suffered from dizziness and headache, and her complexion was sallow. She was not able to do any work, and friends were almost hopeless of her recovery. She was urged to try your valuable medicine, and I decided to get two boxes as a trial. In the course of a week her appetite began to improve and she felt more hopeful. She continued using the pills, and under the treatment has fully recovered her health and activity. We both strongly advise women suffering as she did to use Dr. Williams' Pink Pills."

PARALYSIS.

Do your hands tremble? Are you liable to tremors that you cannot control? Have you lost the full power of using your hands? Do you stagger or falter in walking? Is the face distorted? Is all one side of the body affected? These symptoms indicate the beginning of Paralysis. There will follow agonizing pains, complete disability and death, unless you take it in time. Dr. Williams' Pink Pills will cure you.

HOSPITAL TREATMENT FAILED.

Dr. Williams' Pink Pills have done more to alleviate suffering than any other medicine yet discovered. They have effected cures in hundreds of cases pronounced incurable by physicians, and they have brought relief into the homes of thousands throughout the Dominion. Among those who speak of this wonderful medicine in terms of gratitude is Mr. Lemuel McCready of Shannon, N. B. He says:—"A year ago I was taken with a pain in my hip, which gradually worked down to the knee, where it settled. At first I thought it an attack of rheumatism, and treated it with the medicine ordinarily used for that trouble, but with no benefit. The knee began to swell and the pain became excruciating. I wasted away to a mere shadow, and was no better than a cripple. I then consulted a physician, but still got no relief. Then I went to an hospital at St. John. The physician who examined me thought my trouble was consumption of the bone, and that it might be necessary to amputate my leg. Thoroughly discouraged, I returned home. Then my mother urged me to try Dr. Williams' Pink Pills. After using two or three boxes I found the pain greatly diminishing, and by the time I had taken seven boxes, the limb had regained its normal condition, the pain had all disappeared, I had gained greatly in flesh and was as well as ever I had been in my life. I feel very grateful for I believe Dr. Williams' Pink Pills saved me from a life of helplessness."

It is such wonderful cures as Mr. McCready's that have given Dr. Williams' Pink Pills their great reputation and made them the favorite medicine in thousands of families throughout the land.

HEADACHES AND DIZZINESS.

Mrs. C. C. Baidy of Martville, Que., says:—"After several years of continual suffering, I was persuaded to try Dr. Williams' Pink Pills, and have reason to bless the day I began their use. Prior to beginning the use of the Pills I had been under doctors' care, and had used every remedy, but with no effect, beyond occasional temporary relief. I suffered from extreme headaches, dizziness, and palpitation of the heart. I got so weak that frequently I could scarcely move about, and my whole nervous system appeared to be in a state of complete prostration. When I began the use of Dr. Williams' Pink Pills I doubted very much if any medicine would restore my health, but I determined to give them a trial. After I had taken several boxes I noticed that I could sleep better, and that my nervous troubles were growing less. My illness had been going on for about four years, so that I did not anticipate that it would be easily eradicated, especially as doctors' treatment had failed, but after I had taken about a dozen boxes I was again in the full enjoyment of health. I think people using Dr. Williams' Pink Pills should pay special attention to the directions, and not always expect a cure from one or two boxes. Had I been so unreasonable I would not today be enjoying the good health I have, and I hope this message may benefit some poor discouraged sufferer."

When I began the use of Dr. Williams' Pink Pills I doubted very much if any medicine would restore my health, but I determined to give them a trial. After I had taken several boxes I noticed that I could sleep better, and that my nervous troubles were growing less. My illness had been going on for about four years, so that I did not anticipate that it would be easily eradicated, especially as doctors' treatment had failed, but after I had taken about a dozen boxes I was again in the full enjoyment of health. I think people using Dr. Williams' Pink Pills should pay special attention to the directions, and not always expect a cure from one or two boxes. Had I been so unreasonable I would not today be enjoying the good health I have, and I hope this message may benefit some poor discouraged sufferer."

ANÆMIA, OR POVERTY OF THE BLOOD.

A trouble chiefly affecting young girls between the ages of 13 and 20 years. Symptoms: Pale or sallow, waxy complexions, headaches, indisposition to exertion, loss of appetite, fluttering of the heart, dizziness, sometimes fainting spells, complete loss of ambition, shortness of breath. Anæmia develops into consumption. Check it in time by taking Dr. Williams' Pink Pills—always successful in curing this grave trouble. Dr. Williams' Pink Pills cure when other medicines fail.

IT IS PROVED THAT Dr. Williams' Pink Pills CURE

- Anæmia
- Chlorosis or Green Sickness
- Dizziness
- Palpitation of the Heart
- Nervous Headache
- Loss of Appetite
- Indigestion and Dyspepsia
- After-Effects of La Grippe
- Eruptions and Pimples
- Pale or Sallow Complexion
- Swelling of Hands or Feet
- General Debility
- Insomnia or Loss of Sleep
- Spinal Troubles
- Partial Paralysis
- Loomotor Ataxia
- Chronic or Acute Rheumatism
- Scleritis
- Neuralgia
- Chronic Ophthalmia
- Kidney Troubles
- Nervous Fits
- St. Vitus' Dance
- Consumption of Bowels and Lungs
- Serofula
- All Female Weakness
- Tardy or Irregular Periods
- Suppression of the Menses
- Loss of Vital Forces
- Loss of Memory

But you must get the Genuine.

Always put up in a package just like this

The Wrapper Printed with Red Ink on White Paper.

If your dealer does not keep them they will be sent post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

CITY NEWS.

Recent Events in and Around St. John.

Together With Country Items from Correspondents and Exchanges

When ordering the address of your WEEKLY SUN to be changed, send the NAME OF THE OFFICE to which the paper is going as well as that of the office to which you wish it sent.

Remember! The NAME of the Post Office must be sent in all cases to ensure prompt compliance with your request.

Bark Birman Wood, now at Montevideo, goes to Penzance to load lumber for Rio Janeiro.

William Stevens of 156 St. James street is at the General Public Hospital with a broken leg. While walking along the I. C. R. track from Quispance to Rothesay, he fell and the limb was broken by striking the rail.

Miss McIntyre of Presque Isle, Me., formerly of St. John, and Miss Tilton of Fairville, young lady nurses at Victoria hospital, who have been undergoing the examinations and qualifying as professional nurses, have successfully passed. —Gleaner.

Steamer Birniefield, Capt McEwen from Japan and China ports via Colombo Jan. 6 for New York, before reported seen in the Red Sea in tow, has been towed into Perim by British steamer Geomys. The Birniefield has steam pipe burst, but otherwise is only slightly damaged. She was towed 220 miles. Agreement to service, not salvage service. Repairs will probably occupy about five days.

The causes of death reported at the Board of Health office for week ending January 22nd, 1898, were: Exposure; 1; pyæmia; 1; paralysis; rheumatism; 1; heart disease; 1; imperfect heart; 1; cancer of stomach; pernicious anæmia; 1; total, 8.

The engagement of Clarence L. Chapman and Miss Charlotte M. Jordan of Banor is announced. Mr. Chapman, who had, up to within a few months ago, been connected with the Banor house, is now proprietor of the St. Croix Exchange, Calais.

A public temperance meeting will be given under the auspices of Waring district lodge, I. O. G. T., in the New Brunswick hall, on January 27th, at 7 o'clock, to which all are invited. Some of the best talent of St. John and other places are expected to take part.

H. R. McLaughlin received a telegram Thursday from St. Margaret, the scene of his lumbering operations, of a most satisfactory character. The mill is about completed, which is ten days earlier than estimated, and the prospects for a good season's work are very encouraging.

A gentleman in the western part of the island, who proposes going to Klondyke in the spring, has been experimenting with himself, with a view to ascertaining how much weather the man can stand. During a recent cold snap, after divesting himself of coat and vest, he went to a secluded part of his farm and dug a make-believe gold mine, some seven or eight feet deep, and after sitting on a snow bank, and after the day's work slept in the barn. Experiencing no ill effects from the experiment, his determination to go to the gold fields is stronger than ever. —Charlottetown Guardian.

First Tom Cat—How did you feel when the brick struck you? Second Tom Cat—Say! My past eight lives rose up before me in a second!—Puck.

Cards have been received in this city announcing the marriage on Wednesday, Jan. 19, of Miss Cora Flewelling, daughter of Mr. and Mrs. T. G. Flewelling, to Charles E. Russell. The groom was formerly a resident of this city, and was at one time a prominent athlete. He is now the accountant of the Ottawa Transportation Co. Mr. and Mrs. Russell have gone to Boston on a holiday trip. They will reside at 58 Albert street, Ottawa.

WEDDING BELLS.

A quiet wedding was solemnized Saturday at the residence of Dr. Wm. Bayard, when his niece, Miss Katherine Frances Bayard, was united in marriage to Thomas B. Kirkwood, teller of the Bank of British North America. On account of a recent death in the family of the groom, the marriage took place in the house and the invited guests included only members of the family. The bride wore a most becoming travelling gown of brown, trimmed with pink, with milk cape. Her sister, Miss Ada Bayard, was bridesmaid. She wore a gown of blue cloth. R. R. Ritchie performed the duties of groomsmen. The marriage was solemnized by Ven. Archdeacon Briggs. After the ceremony luncheon was partaken of, at which Mr. and Mrs. Kirkwood took the C. E. R. train for Halifax. They received many beautiful presents, including several costly ones from relatives and friends in England and Scotland. Dr. Kirkwood, the groom's brother, sent a fine set of gold and silver suit cases. The groom's present to the bride was a beautiful diamond ring and a milk muff. The staff of the Bank of British North America gave a set of cut glass dessert dishes.

The steamer Scotia had begun on January 9th the work of laying the cable from Bermuda, which is to establish communication with Turk's Island, Bahamas and Jamaica.

THE DEATH ROLL.

The death occurred Sunday in this city of Mrs. Frederick Coster, wife of a former rector of St. George's church, Carleton, who passed peacefully away at the ripe old age of 94 years and three months.

Mrs. Coster was a very retiring lady, with a most amiable disposition, who endeared herself to all and consequently was beloved by those who had the pleasure of her acquaintance.

Mrs. Coster, since the death of her husband some thirty years ago, had led a most quiet life, receiving only her personal friends, who were greatly attached to her and appreciated her many kindly and Christian qualities. Her most dearest, deeply her death, and who felt most, deeply her death, Mrs. Coster was a daughter of the late Attorney Gen. Chas. J. Peters and was born in the old Hatheway house on Coburg street in 1803. Her husband was the rector of St. George's church for a number of years, and was a man who was held in the highest esteem by all classes and creeds. As a rector's wife, Mrs. Coster filled her position with a befitting dignity and kindly solicitude for those around her that was on the hearts of all. Mrs. Coster leaves only one son to mourn her loss, Geo. J. Coster of New York. Hurd Peters of this city is a half brother of Mrs. Coster.

The death occurred on Sunday morning of Mrs. Morgan, wife of Patrick Morgan, the well known north end dry goods merchant, at the age of seventy-three years. While in poor health for some time, Mrs. Morgan had only been confined to her room for two weeks and no serious results were apprehended until that morning, when a turn for the worse suddenly set in and she expired in a short time. Mrs. Morgan was a native of England and came to this country over forty years ago. A lady of estimable qualities, she had endeared herself to all with whom she came in contact, and her death will be heard with the deepest regret, particularly in the north end, where she was so well and favorably known. She leaves a husband,

three daughters and two sons, the daughters being Mrs. F. H. Foster Mrs. Joseph Harrington and Miss Lizzie Morgan. John Robinson of Vassie & Co. and Mrs. Jas. Hogan of this city are a brother and sister of deceased. Miss Morgan, who has been on a visit to Boston, will arrive home this afternoon. The sons are James and Thomas.

The death occurred at Penobscot on Saturday of Mrs. John Murray, aged sixty-three years, a lady well known and highly esteemed in Kingsport. She leaves three daughters, namely, Mrs. L. Allison of Sussex, Mrs. Geo. T. Baskin of Madam Junction, and Mrs. Roseford of Boston. There are two sons, David H., residing at Schenectady, N. Y., and Irvine B., at Penobscot.

(Campbellton Enterprise.)
The death of Mrs. John Hayter occurred suddenly last week. On Wednesday, 12th inst., she was going about the house in her usual health when she was stricken with paralysis. On Saturday afternoon, the 15th, she passed away. Deceased was 70 years of age. During the last seventeen years of her life she has lived with her son-in-law, A. G. Adams. Previous to her coming to Campbellton she was a member of Main street Baptist church, St. John. But after her arrival here joined the Presbyterian church, of which she was a worthy and earnest member till the last.

David Gordon Mott, recently drowned in Panama, was a son of the late Wm. Mott, and brother of W. A. Mott, M. P. P., was born in Campbellton in 1833, and removed to Boston about 1853, where he resided till 1886, since which he has resided in Colon, Columbian republic, being for a number of years past master mechanic of the Panama railroad. He married Miss Mary Mowat, daughter of the late John Mowat, who with a young son survives him. Mr. Mott was a man of sterling integrity and ability and was a general favorite with all his acquaintances. During his visit to Campbellton last summer Mr. Mott

had expressed his determination to return to Canada shortly, as he found the tropical climate was undermining his health.

FREDERICKTON, N. B., Jan. 23.—Rev. Richard Simonds died quite suddenly at the Windsor hall about five o'clock this morning. He had not been in very good health for the last week or ten days, and on Friday congestion of the lungs developed, resulting in his death, as stated above. The deceased had just passed his seventy-fifth year, and has been an ordained priest of the Church of England for fifty years. His surviving children are Rev. Jas. Simonds of Richford, Vt., R. H. Simonds of Montpelier, Vt., F. E. Simonds of Gladstone, Man., and C. A. E. Simonds of this city. Mrs. Henry Wilmet of Belmont, Mrs. A. P. Tippet of Montreal and Miss Simonds are his daughters. The funeral will probably be on Tuesday afternoon. The burial at Oromocto.

ACADIA COLLEGE, Wolfville, N. S., Jan. 23.—Stanford F. Doleman of Lockport, N. S., a member of the junior class of Acadia college, died suddenly yesterday. He was in poor health, but his death was not expected. He was in conversation with fellow students at a little before ten o'clock and was found dead about an hour afterwards. The physician pronounced his death due to heart disease. A memorial service of much interest was held today. The body will be taken to Lockport for interment.

HALIFAX, N. S., Jan. 24.—James M. Fayshart of Wolfville, brother of the late Godfred Fayshart of Windsor, died yesterday in the ninety-seventh year of his age. He leaves an estate valued at \$20,000, bequeathed to his widow. This lady is ninety-four and remarkable, as it seems has never before seen a death in her own home. H. W. True of the United States has been appointed manager of the People's Heat and Light Co. in succession to Peter Young, who goes to Pittsburg.

DR. BOURINOT'S LECTURE.

He Was Greeted by a Highly Appreciative Audience.

His Discourse on the Loyalists and Their Influence on Canada.

Distinguished and Familiar Names on the Roll of Honor—A Historic Injustice Righted.

Dr. Bourinot's name and the interest attaching to the subject of his lecture served Thursday evening to crowd the spacious school room of historic Trinity beyond its seating capacity, even after every additional chair that could be placed had been brought up and filled.

Dr. Bourinot then went on to describe some of the difficulties the loyalists of 1783-4—between 20,000 and 40,000 souls altogether—had encountered in Upper Canada and the maritime provinces, where at least 25,000 souls settled.

Dr. Bourinot then went on to describe some of the difficulties the loyalists of 1783-4—between 20,000 and 40,000 souls altogether—had encountered in Upper Canada and the maritime provinces, where at least 25,000 souls settled.

VICTORIAN ORDER OF NURSES.

The Meeting Thursday Afternoon Attended by About Three Hundred People.

A Resolution Adopted Looking to the Establishment of the Order in This City.

The Women's Council apparently have carried the day and the scheme for the Victorian Order of District Nurses will in all likelihood be put in operation here.

Yesterday afternoon a very interesting and enthusiastic meeting in the interest of the scheme was held in the Opera House, attended by about three hundred people.

His Worship Mayor Robertson, in calling the meeting to order, explained the course of events, since the first meeting held in the Institute, at which Lady Aberdeen spoke.

Dr. Bourneot was the first speaker. He said that Lady Aberdeen deserved the highest praise for the part she had taken to alleviate distress.

Dr. Worcester stated that of the amount subscribed one-quarter would go to the central fund.

Mr. B. Hanington thought that St. John's 9,000 families could afford 25 cents each, which would give \$2,500, and that it would be inadvisable to postpone action, so he moved the resolution.

Miss Murray seconded it, and it carried unanimously.

The meeting closed after a vote of thanks had been passed to the ladies and gentlemen who had spoken.

WINTER PORT MATTERS.

The royal mail steamer Gallia, Capt. Stewart, from Glasgow, arrived at St. John's on Saturday morning.

The mail steamer Lake Ontario is filling up with cargo. She will move about 50,000 bushels of grain, 50 car-loads of coal, 12 car-loads of apples, 150 tons of flour, 300 tons of pulp, 300 head of cattle and 100 horses.

The mail steamer Lake Ontario has received a lot of cargo from the head office. She had a long passage, due to head winds.

The steamer Dunmore Head arrived yesterday afternoon from Antwerp. She had a long passage, due to head winds.

The steamer Dunmore Head arrived yesterday afternoon from Antwerp. She had a long passage, due to head winds.

VICTORIA CO. COUNCIL.

Reports Show the Municipality to be in a Healthy Financial Condition.

ANDOVER, Jan. 18.—The county council met this morning and proceeded to business. The councillors are: For Andover—W. E. Spike and Jas. Howlett.

The council asked the secretary-treasurer to apply to the governor in council to have the Highway Act of 1886 repealed, and that of 1888 amended.

The council ordered the secretary-treasurer to present a memorial to the government and legislative assembly relating to the collecting of rates.
