BEAVER BOARD
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

NO FERRY CONTRACT YET
Navigation Open and Department Has Not Awarded Contract.

Navigation has opened in the Restigouche but so far as the Graphic can learn no contract for the Campbellton-Cross Point ferry service has been given.

When Mr. Sinclair refused to sign his contract, the Public Works Department, Ottawa, wrote and asked Mr. John Quinn if he would accept the contract for five years at his tender to which he replied that he would.

Since then pressure has evidently been brought to bear and Mr. Quinn was offered the contract for one year which he positively refused to accept. It now looks as if the citizens will be deprived of the service and those interested should lose no time in pressing for the closing of the matter.

THE DREADED WASH DAY CHANGED TO SUNNY MONDAY

We are agents for the celebrated "Catacract" Electric Washer. Come and see this wonderful machine and its fascinating performances. Will last a life time at slight outlay. Makes work a pleasure.

FRED G. KEER.

Queen St., East End.

ACCUSED OF STORE BREAKING
Two Athol Young Men Are Arrested Under Serious Charges.

Tuesday morning of last week it was discovered that the Richard Mfg. Co. store at Richards had been broken into and a quantity of goods taken. Chief of Police Adams was notified and after some clever work has laid information against Eric Boudreau and Fred White of Athol and these young men are being held for preliminary examination.

White appeared before Magistrate W. D. Duncan and was sent up for trial.

These two young men were also implicated in the theft of two buffalo robes, one the property of Scott McKendie and the other of the Shives Lumber Co. They were also arrested and appeared before Magistrate Duncan on Tuesday and Boudreau was sent up for trial. White's case comes up this afternoon.

NEW LABOR SCHEDULE.
The Graphic understands that the schedule of wages for mill workers has been figured out and that the rate of pay for this season will range from \$4.00 upwards for a nine hour day.

An Eye-opener to Existing Conditions—"The Auction of Souls."

NEW COUNCIL NOW ORGANIZED
Standing Committee Appointed And Business for Season Getting Under Way.

A meeting of the newly elected Town Council was held in the Council Chamber Tuesday evening. His Worship Mayor Murray presiding.

Before the Council was called to order His Honor H. F. McLatchey administered the oath of office to the Councilors elect.

His Worship thanked His Honor for his kindness in coming to administer the oath of office to the new council.

The clerk made proclamation that the Council was duly constituted for the transaction of business.

The minutes of the previous meeting were read and approved. Council moved that the general order of business be suspended and that the Mayor appoint a committee to strike standing committee.

His Worship named Councillors Matthews, Bissett, Currie and Ingram such committee.

The Council took recess and the committee retired.

Council called to order.

The above committee reported as follows:

Finance and Audit—Couns. Ingram, Matthews, Belle-Isle.

Assessment and Appeals—Belle-Isle, Dickie, Jamieson.

By-laws and Legislation—Mayor, Couns. Ingram, Bissett.

Police and Licence—Couns. Jamieson, Belle-Isle, Bissett.

Electric Light—Couns. Bissett, Currie and Matthews.

Fire Protection—Couns. Matthews, Ingram, Currie.

Mayor Murray, Couns. Belle-Isle, Matthews.

Public Charities—Couns. Jamieson, Belle-Isle, Dickie.

Because of the absence of Councilor elect Devereau, who is ill there will be some changes in the above committee when he takes his seat.

A letter from H. A. Marquis, enclosing an account of \$29.50 was read. This was for work done in connection with the stopping of water at Marquis house on Ramsey Street. It was found that the trouble was on the Street and Mr. Marquis thought the town should pay the bill. This was referred to the Water and Sewerage committee.

Petitions for Auctioneer's and trucking licenses were read and referred to the Police and Licence Committee.

His Worship asked about the annual report and was informed that it was well along towards completion.

Departmental reports were adopted and accounts ordered paid.

Coun. Currie said that since he had been elected many citizens had approached him and advised retrenchment and economy in every department.

Others again had advised the building of permanent streets and sidewalks. Now as these matters were under the supervision of his department he felt that he would like to have an expression of opinion of the ratepayers as to what course should be taken. There had been much criticism of the financial standing of the town. He personally did not think that the present, past or any particular council was responsible for this.

It was the result of circumstances. We had too debts to carry for which the fire was responsible. Our bonded debt was \$450,000 to which would have to be added our school debt and the new fire station which would make over a half a million. He favored taking off the lid and allowing the ratepayers to see into the financial pot. Take them into the council's confidence. Show them the amount of debt per capita, and then ask them if they wish the debt increased to provide permanent works.

Coun. Ingram thought Coun. Currie's suggestion was a very good one. His Worship said that Coun. Currie had brought this matter up and it would provide matter for consideration and could be dealt with at another meeting.

Coun. Dickie reported that a citizen had reported that a shack had been moved on a lot on Prince William street and asked the building inspector to see that it was according to the building by-law.

Under the head of notices of motion Coun. Currie gave notice that at a future meeting he would move that all female wage earners, earning a wage of over a stated amount be assessed and he given the right to vote in civic elections.

The Council then adjourned.

TWO YEARS IN PENITENTIARY
Herbert Adams, Madopolis, Que., and Eugene Guimond, of Campbellton, pleaded guilty to uttering a forged check for \$250 and were sentenced to two years in the penitentiary by Judge Wilson, at Fredericton on Tuesday.

CASE THROWN OUT OF COURT
Malicious Prosecution of Former Secretary of Dalhousie School Board.

Upon the complaint of Mr. W. S. Montgomery of Dalhousie, Mr. J. B. Delaney, who was for about six years Secretary of the Dalhousie Board of School trustees was summarily summoned under Section 98 of the School Act to appear before a judge of the County Court to answer the charge of wrongfully keeping \$71.00 of school funds.

It appears that through an agreement with the Board of School Trustees, Mr. Delaney, while acting as Secretary was paid five per cent. for the collection of the school tax. Each year the accounts were audited and the amount at five per cent. passed unanimously at the annual school meeting, and everything was lovely until Mr. Delaney refused to act on the School Board, and came out in opposition to Mr. Montgomery and his clique.

Then things began to happen and the above malicious prosecution was commenced.

The case came up before His Honor Judge McLatchey in chambers here on Tuesday. After hearing the evidence of W. S. Montgomery, Miss LeBlanc, J. E. Stewart, B. McKinnon and the County Secretary, Mr. Currie, the judge said the applicant did not have a leg to stand on and dismissed the summons with costs.

Thus the first round ends and the decision is against Dalhousie's "most popular" citizen.

PRESBYTERIAN MISSION BOARD
(Toronto Mail.)

The Foreign Mission Board of the Presbyterian Church, at its semi-annual meeting held in Knox College, decided on sending out more workers to their foreign fields this year to the number of 38, to India, China, Korea, Formosa, Trinidad and British Guiana. Among the appointments to Korea is Miss Elsie A. Montgomery, nurse, of Richmond, Que.

SHAKE UP IN R. R. OFFICIALS
Dist. Supt. Fitzmaurice Sent to New Glasgow While New Man Comes Here.

Several changes are announced among officials of the C. N. R. It is said that General Superintendent L. S. Brown will leave Moncton for Montreal.

Dist. Supt. W. R. Fitzmaurice who has been in charge of this division for about three years has been ordered to proceed at once to New Glasgow, where he will take charge and Supt. H. H. Min of that division will come to Campbellton.

Mr. Fitzmaurice leaves Friday morning for his new post. During his residence here Mr. Fitzmaurice made many friends who will regret to learn of his transfer. Mrs. Fitzmaurice and family will remain here until the close of the schools for the summer vacation.

McKINNON—JOHNSTON.
At the home of the bride, Oak Bay Mills, Que., on April 16th, 1920, Mr. Stanford J. McKinnon and Miss Mary L. Johnston were united in marriage by Rev. Lewis J. King.

Watch for "The Auction of souls."

BOOM SUMMER FOR CAMPBELLTON
Look Bright For Base-Ball in Campbellton This Season.

The coming season bids fair to be a boom one for Campbellton in building and other lines.

Already many new buildings are planned, and some are already under construction.

The Hotel Dieu Hospital is nearing completion and will be ready for occupancy in May.

The new Roscherry school is about completed and will be occupied next week.

Mr. W. H. Wallace has a crew of men hard at work at the Waverly building and that wreck will soon take on a new appearance.

Trustees of the Soldiers' Memorial Hospital have decided to proceed with the erection of that building and work will be commenced Monday. This will mean an expenditure this summer of at least \$75,000.

Mr. L. E. Renault, who recently purchased a part of the Alexander lot on Water Street is hauling stone for his new block. The contract for excavating the basement has been let to Mr. W. H. Wallace.

Mr. W. H. Gray has purchased from Mr. Jas. Alexander the lot, with basement, walls and material on Water Street, opposite Gray's cafe and will build thereon a large wholesale office and warehouse.

Mr. Belanger, who recently purchased the lot next the Campbellton hotel plans to erect a brick building thereon.

Geo. G. McKenzie & Co., who recently purchased the Intercolonial Hotel building, plan prepared to change the ground floor into stores. This will make one of the most up-to-date fronts in the province.

F. E. Shephard & Co., who some time ago purchased the lot next Lounsbury Co.'s building, has plans for the erection of a modern store building.

Besides the above, there are at least twenty dwelling houses to be built.

DOUBTS ABOUT THEIR LEGALITY
Valuators Appointed At Last Session of Council May Not Be Legal.

At the last session of the Restigouche Municipal Council, valuers were appointed to make a new valuation of the entire county.

At the time of the election of such valuers two of them were members of the Council and voted for themselves as such.

Then the matter of the legality of the vote on the question of whether a valuation would be made this year or not is also doubted a majority of those present voting against taking such valuation.

This is an important matter and should be looked into at once. If the matter is not legally gone on with the entire valuation would be illegal and valueless.

The Graphic understands that steps are being taken to settle this matter, and it will be dealt with at the semi-annual session in July.

TOWN COUNCIL.
The next meeting of the Town Council will be held Tuesday evening, May 4th. The town officers will be appointed at this meeting.

87 Years of Service

The foundation stone of any Bank's success must be service to the public.

GOOD ROADS HELP TO CIVILIZATION

Nations Which Made Their
Mark on History Were Good
Road Builders.

Good roads promote the growth of the religion, education and recreation of every community which they serve.

Because good roads have proved to be one of the most important factors in advancing civilization, ministers, educators and everyone engaged in improving social conditions are supporting the world-wide movement for the immediate construction of more highways and better highways.

By making it easier to reach churches, good roads widen the influence of the pastors by giving them larger congregations and extending the territory which they can cover. The benefits and influence of religion are increased, and the pastors become more potent agents both in spiritual and material matters.

The building of new roads or the improvement of the old ones has enlarged the membership of many churches, both in rural districts and in towns, so that it has been necessary to erect new and much larger places of worship. Many new congregations have been founded as the advantages of religion has spread. When the people must walk or travel over poor roads to attend services and hear sermons, the force of religion is limited.

The best educated nations are the most powerful in every way, and their people are the happiest and enjoy the most liberty; the lack of proper highways keeps many nations unimportant and its citizens discontented and struggling. Would the people of United States have so much power and freedom if they did not have millions of miles of highways and railroads?

Through the centuries of the Dark Ages, when the people were in bondage and even many kings and princes could neither read nor write, and but little was thought of. The highways outside the cities which had meant so much to the progress of earlier nations, were allowed to become mere paths or to disappear altogether. There were hundreds of years when no traveller was safe. In the cities, few streets were improved and all were dangerous.

It was only when road building was resumed that the people began to demand education and to throw off the shackles of despotic rulers; highways opened the era of enlightenment. The opening of roads in France brought the people in closer contact with one another and led to the founding of free government.

"So education today also depends on good highways. If the pupils are kept away from study because they cannot readily reach the schools, education is retarded and the nation's progress hindered. Good roads mean more schools and more students.

Good highways bring healthy recreation to people who have had few or no means of obtaining proper entertainment and social contact with others. They enable people to gather in schools, churches, halls and in one another's homes. They put the theaters of a town within reaching distance of the rural dwellers.

FINDS FAULT WITH

THE HONOR LIST.
LONDON, April 21.—Lady Limerick writes to the Daily Mail protesting against the exclusion from the big list of appointments to the O. B. E. recently issued, of women who assisted at her refreshment buffets for Canadian and other soldiers during the war.

"When, in 1916, by invitation, I visited Canada to address a recruiting meeting," says Lady Limerick, "I found the buffet already known through our splendid Canadians. I cannot estimate how much the work of the women at the buffet helped to keep patriotism alive in Canada and Australia too. Ninety-five per cent. of the wounded passing through London bridge to Kentish hospital were fed and tended on that nine hundred repatriated Mons men came through. They would have had nothing had it not been for us. It was a great big brotherhood of help and comfort which ended with a balance of 2,800 pounds. With this we have bought, thanks to our Canadian friends, the Bramshot huts at Guilford, as the Glenworth ex-service men's club, in memory of my dear son, who died in a gallant air fight, and as a reminder of the buffet. "Eighty-four women, only one of whom was paid, shared in the work of the London bridge buffet, and I have not found one in this honor list. "I hope they have not suffered by my own action, of which they heartily approved, when I returned to the home office the lowest grade of the Order of the British Empire, not considering that acceptance of it would be anything else but a slur upon my wonderful buffet."

Experienced mothers say
Zam-Buk is best for children's
injuries and skin
troubles, because:

It is herbal—no poisonous
mineral coloring.
It is antiseptic—prevents
cuts and burns taking the
wrong way.
It is soothing—ends pain
quickly.
It heals every time.

Just as good for grown-
ups.
Sold at all stores and
druggists.

TWICE THOUGHT TIME HAD COME

Case Was Pronounced Hopeless
Gratitude To Tanlac Is Un-
bounded, He Says.

What is doubtless one of the most
remarkable statements ever published
in connection with a medicine was
made by George Boudreau, a grocery
clerk, living at 1288 Notre-Dame Street
West, Montreal, a few days ago.

The story of Mr. Boudreau's resto-
ration to health is profoundly interest-
ing and is given below just as related
by himself in a conversation with a
Tandac representative.

"Two and a half years ago I began
suffering from stomach trouble and
twice during that time my case was
pronounced hopeless and it was thought
I could not live. My trouble began
with a feeling like a big lump,
after nearly every meal, in the pit of
my stomach. I would then have to drink
a great quantity of hot water in
order to get a little relief. I had to
live mostly on milk and my stomach
pained me so at times that I fainted
and thought I would surely die. The
least efforts would cause me to perspire
a great deal, my legs were swollen
terribly and my heart would palpi-
tate at a frightful rate. Six months
after my trouble started I had to give
up all idea of work. If I ventured to
go for a walk on the street the least
little breeze would almost take my
breath away and I had to go back in
to the house. I could not sleep at
night and had to prop myself up in
bed with pillows. I was bloated all
the time with gas on my stomach, was
constipated the worst kind, and had
absolutely no appetite. I also had
rheumatism in my joints so bad that
I had to take something to ease the
pain. My case seemed to be a puzzle,
as no one understood it, and I got wor-
se in spite of all that was done for me.
I was often caught weeping in despair
over my condition.

"But I am now a happy man and
my gratitude towards Tanlac is unlim-
ited. It has not only restored my health,
but I believe it has saved my life,
and I can see that I will soon be able
to be up at work again that I was do-
ing before my trouble began. Why,
my appetite is so ravenous that I simply
can't get enough to eat and my in-
digestion is so good that I never have
a pain or any uncomfortable feeling no
matter what or how much I eat. My
legs do not swell any more, the rheu-
matic pains are gone, and I sleep ev-
ery night just like a child. In fact,
I am feeling perfectly well, and I
mean to say by that that I haven't
an ache or a pain of any kind. My
recovery has been a surprise to just
lots of people and some who have
met me on the streets lately seemed
absolutely amazed at the wonderful
change that has taken place in me.
All the praise, thanks and gratitude
belongs to Tanlac. It is simply won-
derful and I wish everyone knew its
value as I do." TANLAC is sold in
Campbellton by THOMAS WILSON,
Druggist; in JACQUES RIVER by S. Mc-
ALLISTER; and in Archibald Settlement,
by M. SMEATHER, also in Chandler
by ARTHUR NADÉAU.

A FARMER'S INVENTION.

Machinery Arranged to Feed the
Stock While He Lies in Bed.

A Farmer who "hates to get up in
the morning" has invented a way of
feeding and watering his horses by
clock-work, with out even having to
wake up and push a button. He uses
the machinery of alarm clocks, after
removing the bells. For example, he
sets the alarm at 5.30. When that
hour comes, a spring, instead of ring-
ing a bell, pulls a wire which opens
a slide in a chute and lets a bucket
of oats fall into the manger. By the
same means a sort of window blind
flies up, revealing a feed of hay to
the hungry horse. One clock turns a
faucet over a pail in the manger and
another clock turns off the water
three minutes later, when the pail
should be full. Other clocks let out
the hogs—also the chickens, which
are fed by the same method. "Last-
ness is the mother of invention," de-
clares this U. S. citizen, who insists
that there is one thing an alarm clock
must not do, and that is wake him up
in the morning.

CANADA'S FINEST TRAIN

THE OCEAN LIMITED

Has Modern Equipment and Sleeping
and Dining Car Service Unexcelled
Anywhere.

The premier train of the Canadian
National Railways Eastern Lines, is
the Ocean Limited, and it is safe to
say that on no other part of the Gov-
ernment lines, or on any railway in
America, for that matter is the "Ocean"
surpassed for general excel-
lence and travel comfort. The fine
modern steel cars assure the traveller
of an easy and luxurious journey,
while the dining car service on the
train is renowned for the excellence of
the menu and the splendid service
given.

Experienced travellers probably
realize that with this train the Cana-
dian National Railways furnish a through
service between Montreal and the
Maritime Provinces that is not excelled
by any other railway on the continent.
Notwithstanding the very severe weather
this winter the Ocean Limited has
maintained her schedule remarkably
well. Leaving Montreal at the con-
venient hour of 7.00 p.m. this train af-
fords the only daily service to points
in the Maritime Provinces via the only
A.T. Canadian route.

PUBLIC NOTICE

Under Sub-Section 2 of Section 70 of the Highway Act, 1918,

No Motor Vehicle

is allowed on any highway of the Province in the Spring of the year
while the frost is coming out of the ground, without permission of
the Supervisor, with the exception of Physicians, Clergymen and Am-
bulance Drivers. Sub-section 1 of the same section of the Act forbids
the carrying of loads over 8000 pounds and the hauling of portable
mills on wheels between the Fifteenth Day of March and the Fif-
teenth Day of May, in any year, without a written permit from the
Supervisor of Roads. This notice will remain in force until the Su-
pervisor is satisfied that the road is fit for motor traffic, as applied to
sub-section 2, and until arrangement be made with the Supervisor in
compliance with the Act, as applied to sub-section 1.

Long-Standing Evil

Effective Measures Taken

Since childhood Mr. A. Cull was under the shadow of a great evil, which always menaced his comfort and safety. Read what he says:—
"I was troubled with my kidneys since childhood and spent a large amount of money trying to get cured. Instead of getting better, I kept getting worse until a friend of mine advised me to try Glaxo Pills. I did so, and after taking one box, I was able to get out of bed and walk around. Two more boxes relieved me completely, and since then I have had no return of the trouble."

Many people have kidney and bladder trouble without knowing it. They think nothing of the backache, the pains in the sides, the constant headaches, the rheumatic, sciatic and neuritic pains, the swollen joints, the highly-colored urine—all signs of trouble—all signs which should receive immediate attention and treatment with Glaxo Pills, which are by far the most effective of all preparations, and which may help you to avoid a fatal operation. They quickly relieve pain and heal the congested tissues, bringing the organs back to normal. At drug stores and dealers, or a box. Money back if no relief. Send for free sample.

The National Drug & Chemical Co. of Canada, Limited, Toronto. United States Address, Va. Drug Co., Inc., 502 Main St., Buffalo, N.Y.

LARGE INCREASE IN LUMBER SHIPMENTS

Shipments to U. S. Through Port of St. John Exceed Former Records.

St. John, N. B., April 26.—Lumber shipments to the United States through this port for the quarter ending March 31, show the very large increase of nearly six hundred percent over the corresponding period of last year. The total for the 1920 quarter was \$898,859; last year same period \$192,527.

"SIR JOHN MOORE"

On October 10, six geese came to my place. I went out and called to these six geese, and the old gander answered. He knew me. I got twelve ears of corn, and threw one of them at him. Just as I did so the four baby geese jumped in the air, but he called them and they dropped down. Then I threw more ears of corn, and each time the same thing would happen, he would sound that low note, and every time he did so the geese would come down. By the time I had thrown the eighth ear he had convinced them that I was well, and they did not fly up any more. It was interesting to watch him trying to educate them to take the kernels of corn off the ear, but it was strange to them. He would get a kernel off and drop it down, but it was a terrible thing to see him do that. Those geese to take the corn; when they did start, they cleaned off every kernel of the twelve ears. That told me these young geese had never seen an ear of corn before, and that they had come all the way from Hudson Bay without a mouthful and had dropped down there. The old gander had led them all the way down.

My mother-in-law's daughter and I coaxed this old gander and his five goslings into the coop and she held the door while I went in and clamped a tag on his leg. After I tagged him I took him to the door and threw him out. This same old gander that had been telling his boys and girls to eat the corn and stay there and not be afraid. When I threw the gander out, did he fly to the lake? To know the answer I went to the lake and found him. You cannot show me any of his actions that one need be ashamed of, not one.

The old gander went out, and when he was about two rods away he turned around and looked back. You could hear him calling for the rest of his family in that little catch pen. He came right back to the door until every one of his family had been liberated. He stood right there and fought for them. We caught him the second time, put a cuff on each leg and named him "Sir John Moore" and we put on the tag this verse of scripture: "No good thing will I leave out of them that walk uprightly." They migrated as usual, and on March 17 following, the boys said, "Look, Dad," and there was Sir John Moore, with two cuffs on his legs, looking for more corn. Five of his family had returned; he had taken care of them down in the southern states all winter, and brought them back. The last week in April they disappeared and my heart sank when I opened a letter from Fort George, James Bay, and four of the tags. The letter read: "The Indian says that seven geese came into their decoys, and they killed four of them. Each one had a tag on it." You know just how I would feel, although that is part of the game. To the fellow who wants to shoot, let me say this: I am not opposed to a man shooting a bird or two, but will you not join with us in limiting your bag? Remember, the bird that falls out of the air from our deadly aim gives you and me a little pleasure, but deprives thousands of people the pleasure and recreation in seeing it alive. Let us consider that; let us think it over. Jack Miner, Kingsville, Ont., in National Conference on Game and Wildlife Conservation, Commission of Conservation, Ottawa.

If a friend of yours asked you the above question you certainly would say show me. We will act as your friend. You will be wanting, maybe, a Coat, Suit, Caps, Hats, Pants, Shirts, Overalls, Gloves, Underwear, Raincoat, a Waist, Skirt, Dress, Sweater, Underskirt, Night Gown, Undervest, Stockings, Boots, almost anything in Men's and Women's Ready-to-Wear. Every time you make your purchases from us you will Save Money, because our prices are very reasonable, owing to our large buying capacity. Our quick turn over allows us to work on a small margin of profit. Buying for Cash and selling for Cash give us another concession, which in turn we give to you. Our goods are of Standard Quality, backed by the reputation of good reliable makers who stood the test for years and are sure to give you satisfaction.

Next—Every time you make a purchase, the clerk will hand you our cash register receipt on which is printed the amount and date of your purchase. Keep these receipts together between now and the twenty-sixth of June until 10 o'clock P. M., then bring them to our store clerk, then with the clerk put them in an envelope, which will be provided for the occasion, seal it and leave your name and address. The largest amount of purchases between the thirtieth of April and the twenty-sixth of June, at 10 o'clock in the evening will win the first prize of twenty dollars (\$20.00); the next the second prize, fifteen dollars (\$15.00); and the third prize, ten dollars (\$10.00).

These prizes are as a remembrance of our first anniversary at Campbellton which falls on the twenty-sixth day of June.

Councillor Currie, Town Clerk J. T. Reid, and H. B. Anglow of the Graphic have kindly consented to act as judges for this contest, and will open all the envelopes containing the receipts.

The results will be announced in the following week's Graphic.

CANADIANS WIN OLYMPIC HOCKEY

Defeat Swedish Team 12 to 1 And Thus Win Championship.

ANTWERP, April 17.—The Falcons of Winnipeg, who last night defeated the Swedish Olympic hockey team by a score of 12 to 1, gained an easy victory over their opponents by the mastery style in which they played. They were considered unbeatable. Th attacks of Halldorson, Frederickson and Goodman were superb, while the Swedish defence was disastrous. They were able to offer only a weak resistance to the lightning dashes of the victors.

WHY SOME BEEF IS DEAR

Canadian women can make a marked reduction in the cost of living without aid of law or legislation. The matter is quite individual. It can be great or little, just as the housewife chooses. Indeed a slight change in the buying habits of the home might considerably improve the nutriment return for each dollar spent. It is a simple matter, depending on sound common sense.

The real cause why the prime cuts of beef, the porterhouse, the tenderloin and the round steak, are so highly priced is that many more people in the last two years have the money to buy those parts. The supply remains relatively the same.

Retail prices of the lower-priced meats are now down to a level so near cost, sometimes indeed below cost price, that the butcher-retailer must make all his profit on the higher priced cuts. Roughly, the demand for the hindquarter cuts; the big surplus is in the forequarter cuts. If a steer were produced having nothing but a porterhouse and tenderloin, things would quickly right themselves. But, unhappily, the carcass of the best steer only yields about twenty-two per cent of its total weight in loin cuts.

The following table, prepared from actual returns in Toronto in the last few weeks, with prices averaged over all qualities of beef, makes it plain why a few cuts only must carry a high price if the whole carcass is to yield a profit. Wholesale cuts to ordinary butchers are taken as illustrations. These are, of course, further subdivided before the housewife makes her purchase. "Hips," for instance, include three grades of "rounds."

Wholesale price of whole carcasses 19 to 21 cents per lb.

Cuts	P. C. of Carcass	Av. Ret. Price of cuts per lb.
Hips	23%	25c.
Flanks	5	15
Loins	22	32
Ribs	11	26
Plate	12	16½
Chucks	24	21
Shank	3	8

Average retail price of whole carcasses 24.5 cents a lb.

It is desirable to impress the fact that the nutritive value of most of the cheapest cuts is excellent. The selfsame careful feeding is given by the farmer to the steer whether the flesh is formed on the forequarter or on the hind. Many cuts, of course, by their nature are more suitable for boiling and stews, but it is worth noting that these are popular with many restaurant customers. Many a man lunches appetizingly down town at noon from joints which his wife would not buy.

A campaign is being conducted for the next month in the United States to foster the greatest use of forequarter cuts in the hope that housewife's purchases will be more equalized. Conditions are similar in every way in the Dominion and in the States.

NEXT MEETING AT MONCTON

Orange Grand Lodge Will Meet There Next Year.

Woodstock, N. B., April 22.—Grand Orange Lodge of New Brunswick concluded its annual session during the night. The next meeting will be held in Moncton in April, 1921.

L. A. Palmer of Bathurst was re-elected Grand Master.

A notable change is the election of W. H. Sallis, of St. John, as grand secretary, the post held by Neil S. Morrison, of St. John for many years.

SUPERANNUATION

TO BE PROVIDED

Fredericton, April 21.—The "round table" conference of members of labor parties in the Legislature on the question of teachers' salaries, which was originally scheduled for yesterday, was postponed.

A teacher's salary table for the province was agreed on and voted on by the members of the conference. The table was based on the salaries of teachers in the various provinces of Canada, and provided for a minimum salary of \$2,000 each, with annual increases of \$500.

The second day gave members of the superannuation of teachers' salaries committee an opportunity to discuss the question of teachers' salaries, which had been discussed during the first day. The committee was composed of members of the various labor parties in the Legislature, and was presided over by Mr. A. J. Belliveau, of the New Brunswick Labor Party.

BLIND MEN ON

HIKE TO LONDON

LONDON, April 19.—Strung out in a pitiful array along the country roads of England, nearly one thousand blind men are on a hike to London to lay their grievances before Premier Lloyd George.

They started on their slow "craw" from Manchester last Monday. Collected from various towns in Lancashire, they were fifty strong when they left "cottonopolis," but as they passed city after city their numbers were swelled by hundreds of other sightless unfortunates.

Large parties joined the pathetic parade at Birmingham and Leicester, and now they are approaching Witley, where the poverty-stricken blind of London will join the ranks. Right across England the marchers have met with wonderful demonstrations of sympathy. Collectors have been made in the towns to help them on their way, and along the country roads farmers' wives have come to their aid with offerings of food and drink.

They plan a monster demonstration in Trafalgar Square, London, for April 25, and the following day they will seek an interview with the Prime Minister.

The object of their march is to attract public attention to the wretched conditions in which thousands of the sightless people live. They urge the need of an adequate state allowance to remove them from the cares of mere existence.

TENDERS FOR COAL.
SEALED TENDERS, addressed to the undersigned and endorsed "Tender for Coal for the Dominion Buildings, Maritime Provinces," will be received at this office until 12 o'clock noon, Monday, May 3, 1920, for the supply of coal for the Dominion Buildings throughout the Maritime provinces.

Combined specification and form of tender can be obtained from the Purchasing Agent, Department of Public Works, Ottawa, and from the Carpenters of the different Dominion Buildings.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 p.c. of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or war bonds and cheques if required to make up an odd amount.

By order,
R. C. DESROCHERS,
Secretary,
Department of Public Works,
Ottawa, April 1, 1920.
Apl. 22-2-wks.

NOTICE TO TENDERS.
Tenders will be received for the stock at St. Quentin, belonging to the estate of Andrew J. Mornault, assignee to Thos. Craig, Sheriff, for the benefit of his creditors, up to Friday the 30th day of April, instant. The highest or any tender not necessarily accepted. Copy of list of goods may be had from the Sheriff at Dalhousie, M.A. Kelly at Campbellton, H.A. Carr, Campbellton and J. P. Arsenault at St. Quentin.

THOS. CRAIG,
Sheriff.
Apl. 15-5-wks.

BEAVER FLOUR

Essential—if the best results are to be obtained from your bakings—

Beaver Flour gives to bread a distinctive, delicious, nutlike flavor; and makes pies, cakes and pastry of light, even texture. The only reason why every Canadian housewife is not using Beaver Flour is—all have not yet tried it.

Use Beaver Flour and note the difference in your bakings.

Sold by your grocer.

SERVICE FIRST

Service First is the Motto of **LAWLOR & BARRY** in Vulcanizing and Battery Repairs.

We have established one of the finest Vulcanizing and Battery Repair Shops in the Province and guarantee our work.

A Trial is All We Ask.

LAWLOR & BARRY
DODGE BROTHERS MOTOR CARS.
NEWCASTLE, N. B.

NEW CARLISLE.
We understand our young men organized a baseball club last Monday. The weather conditions do not permit much practice yet, but we hope that very soon they will be able to practice and show us some fancy stunts as the club is composed of several enthusiastic players.

The Messrs. LeBel's returned to their respective homes Tuesday last after a few days here.

Mr. O. Shear has returned from Quebec. Mr. Shear has recently purchased from Major Henry the latter's residence which was formerly known as the "Robitaille House."

Mrs. Will Caldwell has arrived home after spending the winter in Montreal.

We are glad Mr. J. F. Bugeaud's health permits him to resume his office duties in town after being ill these past few weeks.

Rev. J. F. McCurdy spent a few days in New Richmond last week.

Messrs. Gordon Neale and Caldwell of the Quebec Oriental Railway are in Montreal on business.

The funeral of the late J. A. LeBel was held on Friday morning, Father Guimont officiated.

Out of town guests at the funeral of the late J. A. LeBel included Mr. Clapperton of Maria, Mr. and Mrs. Enright of Port Daniel, and Mr. and Mrs. Dallain of Barachois.

Mrs. W. L. Kempfer and grandson Eugene Arnold spent the week-end in Chandler.

Ex. Sgt. Mjr. Edgar G. Caldwell has arrived from Halifax and is visiting at his home here.

We understand the proprietorship of Caldwell's Hotel has passed into the hands of Mr. J. Allard and that the latter intends to take over the hotel next month. We are sorry Mr. Caldwell has retired from the business but we are certain he has sold to one who is capable of running the hotel as we will remember Mr. Allard as the former proprietor of "Menards Hotel," which was burned some months ago.

Miss Lulu LeBrocq has returned home from Montreal. We wish Miss LeBrocq a speedy return to health.

M. P. Henry who was formerly employed with the Meigs' Tailwood Co. here has moved to Montreal.

Miss Florence Cooke is spending her holidays in Montreal.

BLACK CAPES.
Mrs. J. D. Sowerby and children who has been the guests of Mrs. J. C. Fair have returned to their home in Point a la Gerdie.

Mrs. Miller has returned to her home in New Carlisle after spending some time here with her sister, Mrs. Edward Steele.

Miss Mary Murchie and Miss McAlister who have been visiting Mrs. William Johnston have returned to homes on the N. B. side.

Mrs. John Campbell paid a short visit to her former home in Grand Cascapedia this week.

Miss Eve Cyr left on Monday for New Richmond Station, where she is the guest of her sister, Mrs. Ernest Gutie.

Mrs. Albert Burton and child have returned to their home in New Richmond Station Village, after visiting at Mrs. Burton's former home here.

Mrs. D. L. Campbell has returned from Paspheiac West, where she has been visiting at her former home.

Miss Renie Fair and her brother Robert have returned from Point a la Grade where they have been visiting.

MCKINNON-SACKLER.
A quiet wedding took place on Wednesday April 21st at the Highfield Street Baptist parsonage, Moncton, when Rev. E. H. Cochran united in marriage, Miss Helen P. Sackler, of Moncton and Mr. Peter A. McKinnon of Campbellton.

The bride who was a stenographer in the office of the Maritime Sabbath Sunday School Association for the last year, is well and favorably known.

The groom is a well known C. N. R. brakeman.

After the ceremony the young couple left on the Ocean Limited for Campbellton, and other points north. On their return they will reside in Moncton.

TO WOMEN OF MIDDLE AGE

This Woman's Letter Tells You How To Pass The Crisis Safely.

Lascelles, P. Q.—"During the Change of Life I felt so weak and run down I could hardly do my work. The perspiration would pour over my face so that I couldn't see what I was doing. We live on a farm, so there is lots to do, but many who felt as I did would have been in bed. I took Lydia E. Pinkham's Vegetable Compound and it did me a world of good. I tried other remedies but I put Vegetable Compound ahead of them all, and I tell every one I know how much good it has done me."—Mrs. DUNCAN BROWN, Lascelles, Prov. Quebec.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, dimidity, sounds in the ear, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women, and let Lydia E. Pinkham's Vegetable Compound carry them safely through this crisis as it did Mrs. Brown.

You are invited to write for free advice. No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Mr. and Mrs. Harry Fair.

Miss Bessie Burton who is teaching school in Oak Bay, spent Easter holidays at her home here.

Mr. Thomas Fair service and Mr. Thomas Howatson have returned from a trip to Dalhousie.

Mr. Archibald Campbell who has been in the employ of T. Eaton Company Ltd., at Toronto has been transferred to Moncton, N. B. Mr. Campbell spent a few days at his home here enroute to Moncton, N. B.

Mr. J. C. Fair returned on Friday from a trip down the coast.

The Woodman Beach Lumber Company now have their saw mill in operation.

The Woman's Missionary Society held their monthly meeting at the home of Mrs. William Johnston on Thursday last.

The Mission Band held their monthly meeting in the Presbyterian Church on Saturday afternoon.

McKINNON-SACKLER.

Long-Standing Evil

Effective Measures Taken

Since childhood Mr. A. Gail was under the shadow of a great evil, which always menaced his comfort and safety. Read what he says:

"I was troubled with my kidneys since childhood and spent a large amount of money trying to get cured. Instead of getting better, I kept getting worse until a friend of mine advised me to try Gail Pills. I did so, and after taking one box, I was able to get out of bed and walk around. Two more boxes relieved me completely, and since then I have had no return of the trouble."

Many people have kidney and bladder trouble without knowing it. They think nothing of the backache, the pain in the sides, the constant headaches, the rheumatic, sciatic and neuralgic pains, the floating spots before the eyes, the swollen joints, the highly-colored urine—all signs of trouble—all signs which should receive immediate attention and treatment with Gail Pills, which are by far the most effective of all preparations, and which may help you to avoid a fatal operation. They quickly relieve pain and heal the congested tissues, bringing the organs back to normal. At drug stores and dealers, like a box. Money back if no relief. Send for free sample.

The National Drug & Chemical Co. of Canada, Limited, Toronto. United States Address, No. 200, Main St., Buffalo, N.Y.

SHILOH
30 YEARS COUGHS

LARGE INCREASE IN LUMBER SHIPMENTS

Shipments to U. S. Through Port of St. John Exceed Former Records.

St. John, N. B., April 26.—Lumber shipments to the United States through this port for the quarter ending March 31, show the very large increase of nearly six hundred percent over the corresponding period of last year. The total for the 1920 quarter was \$298,559, last year same period \$132,527.

"SIR JOHN MOORE" On October 10, six geese came to my place. I went out and called to these six geese, and the old gander answered. He knew me. I got twelve ears of corn, and three of them at him. Just as I did so the four geese jumped in the air, but he called them and they dropped down. Then three more ears of corn, and each time the same thing would happen; he would sound the low note, and every time he did so the geese would come down. By the time I had thrown the eighth ear he had convinced them that all was well, and they did not fly up any more. It was interesting to watch him trying to educate them to take the kernels of corn off the ear, but it was strange to them. He would get a kernel off and drop it down, but it was fully fifteen minutes before he got those geese to take the corn; when they did start, they cleaned off every kernel of the twelve ears. That told me these young geese had never seen an ear of corn before, and that they had come all the way from Hudson Bay without a mouthful and had dropped down there. The old gander had led them all the way down.

My mother-in-law's daughter and I coaxed this old gander and his five geese into the coop and she held the door while I went in and clamped a tag on his leg. After I tagged him I took him to the door and threw him out—this same old gander that had been telling his boys and girls to eat the corn and stay there and not be afraid. When I threw the gander out, did he fly to the lake? To know the Canada geese is to love him forever. You cannot show me any of his actions that only need be ashamed of, but one. The old gander went out, and when he was about two rods away he turned around and looked back. You could hear him calling for the rest of his family in that little cackling pen. He came right back to the door until every one of his family had been liberated; he stood right there and fought for them. We caught him the second time, put a cuff on each leg and named him "Sir John Moore" and we put on the tag this time of scripture: "No good thing will he withhold from them that walk uprightly." They migrated as usual, and on March 17 following, the boys said, "Look, Dad," and there was Sir John Moore, with two cuffs on his legs, looking for more corn. Five of his family had returned; he had taken care of them down in the southern states all winter, and brought them back. The last week in April they disappeared and my heart sank when I opened a letter from Fort George, James Bay, and four of the boys. The letter read: "The Indian says that seven geese came into their decoys, and they killed four of them. Each one had a tag on his leg. You know just how I would feel, although this is part of the game. To the fellow who wants to shoot, let me say this: I am not opposed to a man shooting a bird or two, but will you not join with us in limiting your bag? Remember, the bird that falls out of the air from our deadly aim gives you and me a little pleasure, but deprives thousands of people the pleasure and recreation in seeing it alive. Let us consider that; let us think it over." Jack Miner, Kingsville, Ont., in National Conference on Game and Wild Life Conservation (Commission of Conservation, Ottawa).

After leaving school, which they usually do when fourteen years of age, the children receive in the Home two years training, which includes housewifery, the making of garments—the latter branch must indeed be valuable, for we learn that all the clothing worn by the children is made on the premises, including even their winter coats. During the last few years two or three very young children have been admitted to "The Nest," it being felt that the baby atmosphere was good for the older girls, and at the same time afforded an opportunity for practical training in babycraft.

While the majority of the girls go to domestic service, the Home Mother is ever on the look-out for those who are more fitted for other spheres of labour. Several of the Nestlings—rather fledglings—are filling excellent positions in offices as private secretaries or in charge of other girls, and the present time three are preparing to become shorthand typists. But whether they go to service or to office life, they are taught to regard all work as ennobling, and that it does not so much matter what their calling is as what they themselves are in principle and character.

"CELLULOID COLLAR" CLUB ORGANIZED St. Louis Women Form "Cotton Stocking" Club—Retail Prices Drop

New York, April 23.—The inception at St. Louis of a "Celluloid collar club" and a "cotton stocking club" were the outstanding features of the campaign against the high cost of clothing in United States Tuesday. In addition to these unique organizations combatants there were still supporting the overall and old clothes movement.

The freshman class of Columbia University voted to purchase at wholesale six hundred garments of overalls.

Five hundred sailors and naval aviators announced Tuesday night they would take part in the overall parade here Saturday. The first overalls box party appeared in a New York theatre Tuesday night, when members of the Chess Club and their friends dressed in denim and ginghams, occupied boxes. Several college students at Middlebury, Vt., wore overalls at chapel and about the campus Tuesday.

The president of Dakota Wesleyan University was attired in bib-overalls Tuesday morning when faculty members headed the first public parade of the campus overall club. An overall club was formed at Manchester, N. H., prices of men's clothing has weakened somewhat, apparently as a result of the overalls and old clothes campaign.

RECONSTRUCTED IN THE NEST

A Glimpse Of One Of The Army's Havens For Children.

Fifty-two children are at present in residence at "The Nest," a Haven established by The Salvation Army eighteen years ago for little girls, rescued from unhappiness and distress. In this Home the little ones—successors to many hundreds of similar girls—are finding comfort, protection, and motherly care. From all parts of this and other lands, letters are received from young women breathing out thanks for the Agency which lifted them from unmentionable circumstances, and not only taught them to forget the miseries of the past, but trained their feet in the way of righteousness and truth, and sent them out trained and fitted for a useful career.

"The Nest" is ideally situated. The house itself is a spacious one, with large, airy bedrooms; while the large garden is a never-ending source of pleasure to them.

A one-time greenhouse has been utilized and fitted up for the use of children requiring open-air treatment; an isolation ward does away with the fear of infection in case of epidemic, and the dining-room, with its small tables, the nursery with its variety of toys, and a well-filled bookcase makes it homelike to a fine degree.

There is also a small room set apart for the use of girls who have gone to situations, but who prefer to spend their leisure hours at "The Nest." The children come from all kinds of sad circumstances, many of them being handed over from the police courts. It seems an impossible thing that a child of five and a half can be an incorrigible, or at six and a half be a practised thief, but such are some of the "problems" being dealt with by the Warden of this Home—and being dealt with effectively as results have proved.

After leaving school, which they usually do when fourteen years of age, the children receive in the Home two years training, which includes housewifery, the making of garments—the latter branch must indeed be valuable, for we learn that all the clothing worn by the children is made on the premises, including even their winter coats. During the last few years two or three very young children have been admitted to "The Nest," it being felt that the baby atmosphere was good for the older girls, and at the same time afforded an opportunity for practical training in babycraft.

While the majority of the girls go to domestic service, the Home Mother is ever on the look-out for those who are more fitted for other spheres of labour. Several of the Nestlings—rather fledglings—are filling excellent positions in offices as private secretaries or in charge of other girls, and the present time three are preparing to become shorthand typists. But whether they go to service or to office life, they are taught to regard all work as ennobling, and that it does not so much matter what their calling is as what they themselves are in principle and character.

CANADIANS WIN OLYMPIC HOCKEY

Defeat Swedish Team 12 to 1 And Thus Win Championship.

ANTWERP, April 17.—The Falcons of Winnipeg, who last night defeated the Swedish Olympic hockey team by a score of 12 to 1, gained an easy victory over their opponents by the mastery style in which they played. They were considered unbeatable. The attacks of Halldorson, Frederickson and Goodman were superb, while the Swedish defence was courageous they were able to offer only a weak resistance to the lightning dashes of the victors.

WHY SOME BEEF IS DEAR Canadian women can make a marked reduction in the cost of living without aid of law or legislation. The matter is quite individual. It can be great or little, just as the housewife chooses. Indeed a slight change in the buying habits of the home might considerably improve the nutriment return for each dollar spent. It is a simple matter, depending on sound commonsense.

The real cause why the prime cuts of beef, the porterhouse, the tenderloin and the round steak, are so highly priced is that many more people in the last two years have the money to buy those parts. The supply remains relatively the same. Retail prices of the lower-priced meats are now down to a level so near cost, sometimes indeed below cost price, that the butcher-retailer must make all his profit on the higher priced cuts. Roughly, the demand is for the hindquarter cuts; the big surplus is in the forequarter cuts. If a steer were produced having nothing but porterhouse and tenderloin, things would quickly right themselves. But, unhappily, the carcass of the best steer only yields about twenty-two per cent of its total weight in loin cuts. The following table, prepared from actual returns in Toronto in the last few weeks, with prices averaged over all qualities of beef, makes it plain why a few cuts only must carry a high price if the whole carcass is to yield a profit. Wholesale cuts to ordinary butchers are taken as illustrations. These are, of course, further subdivided before the housewife makes her purchase. "Hips", for instance, include three grades of rounds. Wholesale price of whole carcasses 19 to 21 cents per lb.

WHY SOME BEEF IS DEAR Canadian women can make a marked reduction in the cost of living without aid of law or legislation. The matter is quite individual. It can be great or little, just as the housewife chooses. Indeed a slight change in the buying habits of the home might considerably improve the nutriment return for each dollar spent. It is a simple matter, depending on sound commonsense.

The real cause why the prime cuts of beef, the porterhouse, the tenderloin and the round steak, are so highly priced is that many more people in the last two years have the money to buy those parts. The supply remains relatively the same. Retail prices of the lower-priced meats are now down to a level so near cost, sometimes indeed below cost price, that the butcher-retailer must make all his profit on the higher priced cuts. Roughly, the demand is for the hindquarter cuts; the big surplus is in the forequarter cuts. If a steer were produced having nothing but porterhouse and tenderloin, things would quickly right themselves. But, unhappily, the carcass of the best steer only yields about twenty-two per cent of its total weight in loin cuts. The following table, prepared from actual returns in Toronto in the last few weeks, with prices averaged over all qualities of beef, makes it plain why a few cuts only must carry a high price if the whole carcass is to yield a profit. Wholesale cuts to ordinary butchers are taken as illustrations. These are, of course, further subdivided before the housewife makes her purchase. "Hips", for instance, include three grades of rounds. Wholesale price of whole carcasses 19 to 21 cents per lb.

Cuts	P. C. of Carcass	Av. Ret. Price of cuts per lb.
Hips	23%	25c.
Flanks	5	15
Loins	22	32
Ribs	11	26
Plate	12	16½
Chucks	24	21
Shank	3	8

Average retail price of whole carcasses 24.3 cents a lb. It is desirable to impress the fact that the nutritive value of most of the cheapest cuts is excellent. The self-same careful feeding is given by the farmer to a steer whether the flesh is formed on the forequarter or on the hind. Many cuts, of course, by their nature are more suitable for boiling and stews, but it is worth noting that these are popular with many restaurant customers. Many a man lunches appetizingly down town at noon from joints which his wife would not buy. A campaign is being conducted for the next month in the United States to foster the greatest use of forequarter cuts in the hope that household prices will be more equalized. Conditions are similar in every way in the Dominion and in the States.

"CELLULOID COLLAR" CLUB ORGANIZED St. Louis Women Form "Cotton Stocking" Club—Retail Prices Drop

New York, April 23.—The inception at St. Louis of a "Celluloid collar club" and a "cotton stocking club" were the outstanding features of the campaign against the high cost of clothing in United States Tuesday. NEXT MEETING AT MONCTON

Orange Grand Lodge Will Meet There Next Year.

Woodstock, N. B., April 22.—Grand Orange Lodge of New Brunswick concluded its annual session during the night. The next meeting will be held in Moncton in April, 1921. L. A. Palmer of Bathurst was re-elected Grand Master.

A notable change in the election of W. H. Sullivan, of St. John, as grand secretary, the post held by Neil S. Morrison, of St. John for many years.

SUPERANNUATION TO BE PROVIDED Fredericton, April 21.—The round table conference of members of both parties in the Legislature on the question of teachers' salaries, which was originally scheduled for yesterday, was postponed until tomorrow.

The second bill goes through for the superannuation of school-teacher George W. Macdonald, formerly director of schools, who has been over thirty years in the service. He took the 1920 pension over one hundred and twenty dollars, and returned in broken health, and Prof. Alphonse Beliveau, M. A., still active as the head of the French department at the Provincial Normal School, and who has been on the staff there for more than forty years.

BLIND MEN ON HIKE TO LONDON LONDON, April 28.—Strung out in a pitiful array along the country roads of England, nearly one thousand blind men are on a hike to London to lay their grievances before Premier Lloyd George. They started on their slow, creaky trudge from Manchester Easter Monday. Collected from various towns in Lancashire, they were fifty strong when they left "Cottonopolis," but as they passed city after city their numbers were swelled by hundreds of other equally unfortunate. Large parties joined the pathetic parade at Birmingham and Leicester, and now they are approaching Wiltshire, where the poverty-stricken blind of London will join the ranks. Right across England the marchers have met with wonderful demonstrations of sympathy. Collectors have been made in the towns to help them on their way, and along the country roads farmers' wives have come to their aid with offerings of food and drink. They plan a monster demonstration in Trafalgar Square, London, for April 25, and the following day they will seek an interview with the Prime Minister. The object of their march is to attract public attention to the wretched conditions in which thousands of sightless people live. They urge the need of an adequate state allowance to remove them from the cares of mere existence.

Dry Goods, Boots and Shoes,
Ready-to-wear Clothing.

CAMPBELLTON, N.B.

If a friend of yours asked you the above question you certainly would say show me. We will act as your friend. You will be wanting, maybe, a Coat, Suit, Caps, Hats, Pants, Shirts, Overalls, Gloves, Underwear, Raincoat, a Waist, Skirt, Dress, Sweater, Underskirt, Night Gown, Undervest, Stockings, Boots, almost anything in Men's and Women's Ready-to-Wear. Every time you make your purchases from us you will Save Money, because our prices are very reasonable, owing to our large buying capacity. Our quick turn over allows us to work on a small margin of profit. Buying for Cash and selling for Cash give us another concession, which in turn we give to you. Our goods are of Standard Quality, backed by the reputation of good reliable makers who stood the test for years and are sure to give you satisfaction.

Next—Every time you make a purchase, the clerk will hand you our cash register receipt on which is printed the amount and date of your purchase. Keep these receipts together between now and the twenty-sixth of June until 10 o'clock P. M., then bring them to our store clerk, then with the clerk put them in an envelope, which will be provided for the occasion, seal it and leave your name and address. The largest amount of purchases between the thirtieth of April and the twenty-sixth of June, at 10 o'clock in the evening will win the first prize of twenty dollars (\$20.00); the next the second prize, fifteen dollars (\$15.00); and the third prize, ten dollars (\$10.00).

These prizes are as a remembrance of our first anniversary at Campbellton which falls on the twenty-sixth day of June.

Councillor Currie, Town Clerk J. T. Reid, and H. B. Anslow of the Graphic have kindly consented to act as judges for this contest, and will open all the envelopes containing the receipts.

The results will be announced in the following week's Graphic.

TENDERS FOR COAL.
SEALED TENDERS, addressed to the undersigned and endorsed "Tender for Coal for the Dominion Buildings, Maritime Provinces," will be received at this office until 12 o'clock noon, Monday, May 3, 1920, for the supply of coal for the Dominion Buildings throughout the Maritime provinces.

Combid specification and form of tender can be obtained from the Purchasing Agent, Department of Public Works, Ottawa, and from the Caretakers of the different Dominion Buildings.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 p.c. of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or war bonds and cheques if required to make up an odd amount.

By order,
H. C. DESROCHERS,
Secretary,
Department of Public Works,
Ottawa, April 1, 1920.
Apl. 22-2-wks.

NOTICE TO TENDERS.
Tenders will be received for the stock at St. Quentin, belonging to the estate of Andrew J. Morneau, assignee to Thos. Craig, Sheriff, for the benefit of his creditors, up to Friday the 30th day of April, instant. The highest or any tender not necessarily accepted. Copy of list of goods may be had from the Sheriff at Dalhousie, M.A. Kelly at Campbellton, H.A. Carr, Campbellton and J. P. Arsenault at St. Quentin.

THOS. CRAIG,
Sheriff.
Apl. 15-3-wks.

BEAVER FLOUR

Essential—if the best results are to be obtained from your bakings—

Beaver Flour gives to bread a distinctive, delicious, nutlike flavor, and makes pies, cakes and pastry of light, even texture. The only reason why every Canadian housewife is not using Beaver Flour is—she has not yet tried it.

Use Beaver Flour and note the difference in your bakings.

Sold by your grocer.

NEW CARLISLE.
We understand our young men organized a baseball club last Monday. The weather conditions do not permit much practice yet, but we hope that very soon they will be able to practice and show us some fancy stunts as the club is composed of several enthusiastic players.

The Messrs. LeBel's returned to their respective homes Tuesday last after a few days here.

Mr. O. Sherar has returned from Quebec. Mr. Sherar has recently purchased from Major Henry the latter's residence which was formerly known as the "Robitaille House."

Mrs. Will Caldwell has arrived home after spending the winter in Montreal.

We are glad Mr. J. F. Bugeaud's health permits him to resume his duties in town after being ill these past few weeks.

Rev. J. F. McCurdy spent a few days in New Richmond last week. Messrs. Gordon, Nealon and Caldwell of the Quebec Oriental Railway are in Montreal on business.

The funeral of the late J. A. LeBel was held on Friday morning, Father Guimont officiated.

Out of town guests at the funeral of the late J. A. LeBel included Mr. Clapperton of Maria, Mr. and Mrs. Enright of Port Daniel, and Mr. and Mrs. Dullain of Harcourt.

Mrs. W. L. Kempfer and grandson Eugene Arnold spent the week-end in Chandler.

Ex. Sgt. Mjr. Edgar G. Caldwell, has arrived from Halifax and is visiting at his home here.

We understand the proprietorship of Caldwell's Hotel has passed into the hands of Mr. J. Allard and that the latter intends to take over the hotel next month. We are sorry Mr. Caldwell has retired from the business but we are certain he has sold to one who is capable of running the hotel as we will remember Mr. Allard as the former proprietor of "Menards Hotel," which was burned some months ago.

Miss Lulu LeBrecq has returned home from Montreal. We wish Miss LeBrecq a speedy return to health.

M. F. Henry who was formerly employed with the Meigs Pulpwood Co. here has moved to Montreal.

Miss Florence Cooke is spending her holidays in Montreal.

BLACK CAPES.
Mrs. J. D. Sowerby and children who have been the guests of Mrs. J. C. Fair have returned to their home in Point a la Croix.

Mrs. Miller has returned to her home in New Carlisle after spending some time here with her sister, Mrs. Edward Steele.

Miss Mary Marchie and Miss McAlister who have been visiting Mrs. William Johnston have returned to homes on the N. B. side.

Mrs. John Campbell paid a short visit to her former home in Grand Caspédia this week.

Miss Eve Cyr left on Monday for New Richmond Station, where she is the guest of her sister, Mrs. Ernest Gutie.

Mrs. Albert Burton and child have returned to their home in New Richmond Station Village, after visiting at Mrs. Burton's former home here.

Mrs. D. L. Campbell has returned from Paspébie West, where she has been visiting at her former home.

Miss Renie Fair and her mother Robert have returned from Point a la Grande where they have been visiting.

TO WOMEN OF MIDDLE AGE

This Woman's Letter Tells You How To Pass The Crisis Safely.

Lacelles, P.Q.—"During the Change of Life I felt so weak and run down I could hardly do my work. The perspiration would pour over my face as that I couldn't see what I was doing. We live on a farm, so there is lots to do, but many who felt as I did would have been in bed. I took Lydia E. Pinkham's Vegetable Compound and it did me a world of good. I tried other remedies but I put Lydia E. Pinkham's Vegetable Compound ahead of them all, and I tell every one I know how much good it has done me."—Mrs. DUNCAN BROWN, Lacelles, Prov. Quebec.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ear, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women, and let Lydia E. Pinkham's Vegetable Compound carry them safely through this crisis as it did Mrs. Brown.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Mr. and Mrs. Harry Fair.
Miss Bessie Burton who is teaching school in Oak Bay, spent Easter holidays at her home here.

Mr. Thomas Fair service and Mr. Thomas Howatson have returned from a trip to Dalhousie.

Mr. Archibald Campbell who has been in the employ of T. Eaton Company Ltd., at Toronto has been transferred to Montreal, N. B. Mr. Campbell spent a few days at his home here en route to Montreal, N. B.

Mr. J. C. Fair returned on Friday from a trip down the coast.

The Woodman Beach Lumber Company now have their saw mill in operation.

The Woman's Missionary Society held their monthly meeting at the home of Mrs. William Johnston on Thursday last.

The Mission Band held their monthly meeting in the Presbyterian Church on Saturday afternoon.

McKINNON-SACKLER.
A quiet wedding took place on Wednesday April 21st at the Highfield Street Baptist parsonage, Moncton, when Rev. E. H. Cochrane united in marriage, Miss Helen P. Sackler, of Moncton and Mr. Peter A. McKinnon of Campbellton.

The bride who was a stenographer in the office of the Maritime Sabbath Sunday School Association for the last year, is well and favorably known.

The groom is a well known C. N. R. brakeman.

After the ceremony the young couple left on the Ocean Limited for Campbellton, and other points north. On their return they will reside in Moncton.

NOT WORTH NOTICE.

The Tribune in its recent issue devotes several columns to the abuse of the editor of the Graphic, to all of which we have only to say that we know his statements are not seriously taken by even his own readers and are thus unworthy of notice.

PROVES OUR CONTENTION.

The Tribune quotes figures to show that the Graphic has during all the years since 1906 received the generous patronage of all town councils. We at no time disputed this, we had no criticism to offer on this score. What we said was that during the many years Mr. Crockett was busy abusing the present Mayor, the present Town Clerk and the Treasurer he was receiving very little patronage from the printing and advertising, as during the past three years everything has been lovely and he is, to a common expression, virtually eating out of the hands of those who so strongly condemned in the past. We are indeed pleased at the transformation and hope that peace and harmony will prevail in the future.

VOTES FOR WOMEN.

Under the notice of motion given by Coun. Currie at the Town Council meeting Tuesday evening the first step towards giving women a vote in

civic affairs has been taken.

Of course the women will be placed on a level with the men, and will be assessed, and will be called on to pay taxes to enjoy this privilege. At the present time there are a number of women property owners who have the right to vote, but if Coun. Currie's motion is favorably considered the number will be largely augmented, and the revenue of the town will also be increased.

And why should not the ladies pay their share of the taxes. They now enjoy practically every privilege of the men and it is only fair that they should help keep up the public services of the corporation.

Then no doubt they also will be eligible to sit in the Council, which might be of great advantage to the town. We would say by all means give the women a vote, and let them pay their share of the town's expenses. We feel sure that Campbellton young ladies who are earning good salaries are anxious to do their share, and would suggest that they appoint a delegation to strengthen Coun. Currie's hands in this matter.

CLEAN UP DAY.

We observe that many of the towns throughout New Brunswick are having again this year their annual "clean up" day and it seems to be becoming more popular with each recurring spring.

While we in Campbellton have had only one officially declared "clean up" day we are sure that it will be remembered as doing much to improve the appearance of the town.

There are many reasons why we should endeavor to place our town in order this spring. The National Editorial Association, comprising about two hundred American newspaper editors will arrive here early in June and we should endeavor to create a good impression.

Then there is the matter of the health of the community. With a general cleaning up the usual typhoid cases will be greatly cut down if not entirely eliminated.

We would suggest that the Council at the next meeting officially set a day for general cleaning of private lots and place the entire street department with horse and carts at the disposal of the citizens.

Watch for the Date—"The Auction of Souls!"

TOWN MANAGER

PLAN SPREADING

The town manager plan of local government continues to gain headway, especially in the smaller communities of the country. Although the idea is only about ten years old it has already gained a vogue, particularly in the western states, which indicates that the concentration of power in municipal administration is a feature that has come to stay. Several cities of considerable size have tried the plan of putting all their municipal departments under the control of one professional expert, and in some cases the results have proved satisfactory. But there are obvious limits to the amount of administrative business that any one man, however versatile, can properly attend to. For that reason the chances are that very few, if any, of the larger cities will ever be persuaded to adopt the managerial plan in its present form. But with towns and villages the problem is different. The administration of the average town, whether in New England or elsewhere, does not present any more difficult or more cumbersome problems than those which the manager of a good-sized business has to face every week of the year. In these small communities the old method of parceling out the work of street maintenance, water supply, sewerage, fire protection, parks, the care of the poor, and so forth, into the hands of divers boards and part-time officers has not, on the whole, proved very economical or effective. A great deal of our town's government has been quite as wasteful, relatively, as our city administration. But being wasteful on a small scale we do not hear so much about the town's "shortcomings." Throughout the country the system of New England town government has a remarkably high reputation which has come down from earlier days, although it is at the present time not altogether deserved. There is room for a good deal of improvement.

The town manager plan is now under discussion in a number of Massachusetts municipalities. Some of them are likely to approach the Legislature with requests for permission to adopt it. If experience in other parts of the country can be trusted, the town manager plan is a good deal of improvement.

The town manager plan is now under discussion in a number of Massachusetts municipalities. Some of them are likely to approach the Legislature with requests for permission to adopt it. If experience in other parts of the country can be trusted, the town manager plan is a good deal of improvement.

THE VALUE OF BOARDS OF TRADE

(Busy East.)

The value of a good live Board of Trade in a town can hardly be over estimated and every town which makes any pretensions to life and activity should have such an organization within its borders. Of course there are many varieties of Boards of Trade. All such organizations do not do effective work, but that is because they are not properly organized. The success of a Board depends upon a few men, who, laying aside personal interest, are willing to sacrifice themselves, to some extent at least, in the public interest. If a man is so entirely engrossed in his own affairs that he cannot spare a little time once in a while to give to town matters, then he should go away back somewhere where it is quiet and commune with himself for a spell. He should try to see himself as others see him. He should look the whole situation squarely in the face and try to solve the problem of why men are put into the world. If a man after sober reflection, comes to the conclusion that the only aim and purpose in life is to make money with which to buy high priced automobiles, and money to leave to his children to fight over, then such a man is hopeless, so far as public spirit is concerned. If on the other hand, the thought comes that he should make himself part of the town in which he lives; that he owes something to the community; that he should leave his town a better place than he found it, then a man naturally joins or helps to organize a Board of Trade which is a forum for public expression, a get-together organization which helps to smooth out civic difficulties and helps to promote the progress and prosperity of the town.

If there is a Board already in your town, then pitch in and see if you can do something to help on its work. If the Board is already progressive, then throw a little more life and energy into it. The result will be that you will derive benefit and your town will be helped on the road to expansion. A town, you know, is a dead town if it can avoid it and if by chance he does come, he gets out at the earliest possible moment.

LUMBER PRICES FIRM.

(Toronto Globe.)

A good question which has been attracting a good deal of attention recently is:

"When will lumber prices decline?" Those who claim to be well informed on the subject say that before any attempt can be made to answer this query properly there are a great many items which have to be taken into consideration, of which the ordinary citizen is not aware.

Among these, one of the most important, and one which is about the best known, is the cost of labor. Wages here, as elsewhere, have increased enormously, but, in addition, in certain districts much efficiency has been lost through frequent changing of the men employed. Restlessness is one of the causes leading to this. The representative of one firm estimated that his company had on their pay-roll the last season about three times as many

MAY PROCURE O'LEARY FIELD

Many Buildings Under Course of Construction or Planned.

At a recent meeting of those interested in base ball a committee was appointed to endeavor to procure a field suitable for a ball park. Mr. M. M. Mowat wrote to Mr. O'Leary of Montreal and has received a very encouraging reply and it is anticipated that this property will be available for this season at least.

Campbellton has enough material for a number of teams and no doubt interest in the wholesome sport will be revived.

EDITOR'S MAIL.

All letters addressed to the Editor must be accompanied by the name and address of the sender, not necessarily for publication, but as evidence of good faith. No notice will be taken of anonymous communications.

Editor of the Graphic.

Dear Sir:

I notice in last evening's Tribune that my friend Mr. Crockett devotes quite a lot of space in referring to his great victory and compliments himself by saying that he is too modest to take all the credit for the great influence he has over the ratepayers in Ward I and II.

Not only is my friend a great editor, he is also developing into a wonderful financial expert. Last year's assessment was for \$70,000, out of which \$24,000 was voted for schools, then by a stroke of his pen he shows us just how His Worship saved \$62,000.

However like many others, I find it best not to take him seriously. Notwithstanding his great efforts, I am enjoying my home and reside in Ward I near our Riverside Park, and I trust with the aid of our historic cannon his poison gas and air gun attack will have little effect. We all hope the editor's brain will soon return to normal, then we will have unity and progress.

Yours truly,
W. H. WALLACE.

PAUL DUFALDT AT OPERA HOUSE

Fair Audience Enjoyed Rare Treat By Noted Artist Last Evening.

Despite the most disagreeable weather a well filled house greeted Paul Dufaldt, Canada's noted tenor, assisted by Emile Taranto and Alfred Carrier, and the expectations of all were fully realized.

Paul Dufaldt delighted his audience and was obliged to respond repeatedly to scores. The entertainment should have drawn a full house and guarantors protected from personal loss. As it is these gentlemen will be called upon to pay a considerable amount to provide this high class entertainment for our citizens and it means that in the future it will be exceedingly difficult to induce such attractions to appear here.

POINTED PARAGRAPHS.

Hash is the ghost of a square meal.

It is easier to applaud than it is to win applause.

A woman says a cloven breath indicates a cloven hoof.

Many a man would starve if his wife did not keep boarders.

A man is apt to take affront if requested to take a back seat.

Microbes have sense enough to pass up tobacco and whiskey.

Most women are generous to a fault if it isn't one of their husbands.

A man may be fast asleep and too slow to get out of his own way when awake.

If a married man thinks he is the head of the house that's all that is necessary.

Yes, Stanley, it takes a lot of ice cream and candy to decorate love's young dream properly.

Nearly every man you meet knows a sure remedy for a cold, but he never tries it on himself.

A cynic is a man who claims to be tired of the world. But in reality the world is tired of him.

men as the number continuously employed. This showed, that men were constantly coming and going, which naturally tended to reduce the total working capacity. Then, too, a great many green men are said to have been employed in the camps this year, which has helped to reduce efficiency, and has also led to increased expenses in compensation for accidents. Besides these factors, lumbermen point to the high cost of supplies especially potatoes and horse feed, and the delay in spring opening. It is claimed that increased production is the slogan of many prominent members in the trade.

Coats, Suits, Dresses, Piece Goods.

Do You Buy At Home?

WHEN YOU require Printed Stationery or Printing of any kind, it is not necessary to send your order to a distant city. Your local printing offices can attend to all YOUR needs.

Buying at home; trading one with another so far as is possible, is the fundamental principle underlying the growth and trade expansion of every community. A dollar spent with your own merchant, manufacturer or printer may again come into your hands, but a dollar sent to a distant mail order house or print shop or factor is gone from your community forever.

The Graphic Limited

Campbellton, N. B.

Troglodyte!
Mrs. Maggie—Yes, my dear, when we quarrel he acts like a savage.
Mrs. Haggis—How do you mean?
Mrs. Maggie—He makes for his club.

ONE POINT OF VIEW.
"What is love?" she asked.
And replied a bachelor bald:
"By it a woman's often bought,
And by it a man is sold."

SLUM LIGHTHOUSES.
The Slum Settlement of the Salvation Army are lighthouses for the poor and down trodden—the dark and stormy coast of adversity.

Newsp Notes of Town and County
Gathered by Graphic

ARBOR DAY.
Inspector P. G. McFarlane has appointed Friday, May 14th as Arbor Day in the Public Schools.

ELITE STUDIO.
Messrs. Beaudet and Gaucher, who have been conducting photo studios here have amalgamated under the name of Elite Studio.

CLAD OF THANKS.
Mrs. David A. Sullivan and family wish to thank their many friends for their kind sympathy in their sad bereavement.

PROFESSIONAL.
Dr. W. H. Coffin, diseases of the eye, ear, nose and throat, will be at the Hotel Dieu Hospital every Wednesday, Feb. 5-12.

ONE CENT SALE.
The Rexall Store is advertising a One Cent Sale for Thursday, Friday and Saturday, May 24th, 25th and 26th. This is an opportunity for our citizens to knock the "H" out of H. C. L. Read adv. on another page.

PLENTY FISH.
There were great runs of gasperaux in the harbor on Friday and Saturday nights last. Prices dropped from \$3.10 to \$1.50 a hundred. It is figured that the weir owned by Bel-yea Bros. took nearly 100,000 fish for the two nights.—St. John Globe.

By the time they reach Campbellton they sell for 10 cents each.

ICE! ICE! ICE
Warm weather will soon be here and now is the time to ensure your ice supply for the coming season. I can meet all demands and will be pleased to receive your order at an early date, not later than May 1st. THOS. ELLS-WORTH, Cor. O'Leary and Reservoir streets. Phone 322—5-wks.

PLEADED GUILTY.
Frederick, April 27—Herbert Adams, of Matapedia, Quebec, and Eugene Guimond, of Campbellton, N. B., charged with uttering a forged cheque of \$250 upon the bank of Nova Scotia at Fredericton, pleaded guilty. They were remanded for sentence.

PRESENTATION.
At the regular meeting of North Star Lodge I.O.O.F. held in the lodge room Monday evening, a Veterans Jewel was presented to Bro. A. F. Ferguson. The occasion was the 101st anniversary of the founding of the order and a very pleasant evening was spent. A number of visitors were present. After the meeting an informal "Smoker" was held.

BASE BALL MEETING.
All those interested in base ball are requested to meet in the Cushing Bank at eight o'clock to-night, April 29th.

A stupendous production is "The Auction of Souls."

PROFESSIONAL.
Dr. A. Pierce Crockett, eye, ear, nose and throat specialist, of St. John, will be at the St. Louis Hotel, Campbellton, Friday May 7th, where he may be consulted professionally.

FOR ORPHANS HOME.
At the meeting of the Grand Orange Lodge of New Brunswick, held at Woodstock, last week, it decided to give annually the sum of \$3,000 to the Protestant Orphan Home, Martello Hotel, West Side, St. John.

GET SLIGHT INCREASES.
Premier Foster has announced that all sheriffs in New Brunswick who have been in office this year have been re-appointed for the year beginning on May 1st. The fees which the sheriffs are allowed to charge for service of writs, etc., is increased from 7 1/2 to 10 cents a mile.

SALE OF WORK.
The Salvation Army Home League is holding a sale of work on Tuesday, May 4th, in the Citadel. There will be a variety of articles for sale, including plain and fancy aprons, children's clothes, fancy goods, etc. Also home made candy. Everything sold at auction. Opens at 8 p.m. Proceeds in aid of winter fuel fund.

"The Auction of Souls" is sensational.

HEINE L. O. L. No. 64.
A special meeting of the above lodge will be held Friday evening the 30th of April at 8 p.m. in the lodge room, Murray Hall. All members are urgently requested to be present as business of importance will be transacted. By order of Bro. Graham, W. M. Visiting brethren always welcome.

FINED \$10.00 AND COSTS.
C. N. R. Police Officer Cole on Monday night arrested two men belonging to P. E. L., who were lying and lurking about the station here. They were brought before Police Magistrate Matheson Tuesday morning when each of them were fined \$10.00 and costs or one month in jail.

SENT UP FOR TRIAL.
Eugene Guimond, Campbellton, and Herbert Adams, Matapedia, were sent up by Police Magistrate Limerick, of Fredericton Saturday morning, to face trial before the York Circuit Court, on May 4th, for uttering a forged cheque for \$250 on the Bank of Nova Scotia in this city.

FOR \$1.00.
Do you want one horse power to help you clean house. We will send our Electric Va. Cleaner to beat and sweep your rugs. An all day service for \$1.00. This does not pay us for delivery, new brushes and care of the machine, but try it for \$1.00. If not satisfied your dollar back.

ANOTHER DOG POISONED.
A valuable Russian Wolfhound imported by Mr. Bishop was poisoned this week. Mr. Bishop does not know the value of the dog, but it is up in the hundreds of dollars. This makes about a half dozen dogs which have been poisoned in the past month. The police are endeavoring to find the guilty party or parties.

THE CAREFUL BUYERS.
Heavy purchases of Baby Carriages gives us a quantity at 1919 prices. Call and see them and compare prices. We can save you dollars.

FRED G. KERR.
Furniture and House Furnishings, Queen St., East End.

BOARD OF TRADE MEETING.
The regular monthly meeting of the Campbellton Board of Trade will be held in the Council Chambers on Friday, April 30th at 8.30 p.m. A full attendance is requested.

H. R. SMITH.
Secretary.

OFFICIAL RECEPTION.
New Brunswick's official welcome to the National Editorial Association's party of American editors, numbering more than 200, who will visit the Maritime Provinces in June, will take place in Fredericton on June 15th. The party are due to arrive there on that date and remain until the following morning, when they will leave in their special train by C.N.R. for Dalhousie, where they will be the guests of the All New Brunswick Tourist and Resources League, at the Inch Arran Hotel.

WHY SOME TOWN'S GROW

Men With Push And Energy Are Not Afraid to Boost.

The following brief article on the subject of "Why Some Towns Grow" culled from an exchange, is well worth careful perusal:

"The reason why some towns grow is because there are men of push and energy in them who are not afraid to spend their time and money to boom their town. They erect good buildings, organize stock companies and establish factories, work for public improvements and use every means in their power to induce people to locate in their city. Whenever they go they tell of the advantages of their town, they write about them in every letter, they send circulars and newspapers to all whom they think they can get to visit the town, and when any one visits them they treat him so kindly that he falls in love with them and their town at once. It is enterprise and every one pulling together that makes a progressive town, and don't let the fact escape your memory.

To hear every person saying something pleasant about its people and interests is the surest quickest and easiest way to make a town attractive to a stranger. One of the best ways in which to make it attractive with that sort of attraction that will draw other people to it is for every man and woman to have a pleasant word for the people and the town generally. Talk up your town if you would have it do well. Talk up your town if you would have others come to you. Talk up your town if you feel an interest in it, and have its people feel an interest in you. There is no better way to do it. And many a time one little word of unpleasant reference to something that does not suit you and not particularly concerns you as to that matter, will turn a good man's influence away from your town and may even drive him away. At your fireside, talk up your town. Among your neighbors talk up your town. When you come in contact with strangers, talk up the most potent agency ever set in motion for helping your town.

MOTORIZING THE FARM

THE horse has been declared by Thomas Edison to be the most inefficient machine in the world. In return for the amount of food and care needed, the horse returns less in work than any other machine.

The average team of farm horses costs \$400, a good set of double harness \$100, a wagon without box \$115, making a total of \$615.

A Ford Truck costs \$750 at Ford, Ont. A Fordson Tractor costs \$850 at Dearborn Mich.

The initial cost of motorizing a farm is slightly greater than the cost of a horse-outfit, but the lower cost of operation and upkeep of the tractor and truck and the greater amount of work done easily put the horse out of the running.

Government experiments have proved that the cost of feeding a horse is 3.7 cents per working hour.

A team of horses cannot plow more than two acres in a ten-hour day. At 8.7 cents per hour or 17.4 cents per hour for a team, the cost would be \$1.74, or 87 cents an acre. A Fordson Tractor plows on an average of seven acres a day. The cost per acre averages not more than 75 cents per acre for gas and oil. The Fordson does three and a half times as much plowing in a day at a smaller cost per acre.

Suppose you are hauling produce to market or bringing out supplies. If the town is twenty miles away it will take you a whole day to make the return trip

with horses. If you have a heavy load and the weather is hot it will take you two days. If it took you twelve hours, the cost at 17.4 cents an hour for your team would be \$2.09. The average cost of running a Ford Truck, for gas and oil, is 4 1/4 cents a mile or \$1.80 for the forty miles. But with the Ford Truck you can make the return trip in four hours. The truck enables you to make three times as many trips and at a lower cost per trip.

But this is not all. If you motorize your farm you can get up an hour later in the morning. You have no horses to feed, groom or harness. You start work after breakfast.

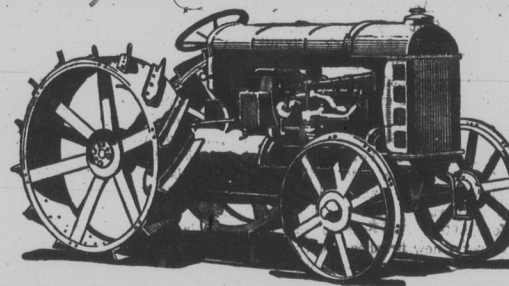

When dinner is ready you stop at the end of the field, drive your tractor direct to the house, eat your dinner, and rest till it is time to go to work again.

In the afternoon your motor works just as well though the sun is hot and the flies are bad.

And at night when work is over you are through for the day, no horses to rub down, feed or water.

You are always free to leave your farm for picnic or vacation—no worry about horses left behind to be cared for.

Every way you look at it the motor has the advantage over the horse. It means shorter hours on the farm, more work done in less time and at less cost.

MARQUIS & CO. Ltd.,

In Case of Colic

Give your horse Dr. J. Woodbury's Horse Liniment internally—and at the same time, build up the general health and digestion of the horse, with Dr. J. Woodbury's Condition Powders.
Colic in a horse comes from the same cause as colic in a baby—acute indigestion.
These remedies tone up the stomach, regulate the bowels and kidneys, help the digestion and soon put the animal in the best possible condition.

Dr. J. WOODBURY'S
Horse Liniment and Condition Powders

used whenever an animal is troubled with Cough, Cold, Distemper, Glanders, Spent, Cuts, Sores, Cracked Hoof, Enlargement, Cut, Sore, Bunch, Fever, these two reliable remedies will give prompt relief and change the sick, lame animal into a vigorous, healthy one.
Keep these standard preparations always in your stable in case of sickness or accident.

FRASER, THORNTON & CO. LIMITED
COORSHIRE, QUE. 103

Local and General News.

Short Paragraphs Which Are of More Than Passing Interest to Graphic Readers.

THE LARGEST YET.

The battleship *Renown*, with the Prince of Wales on board, was the largest vessel yet to pass through the Panama canal. The battleship was delayed three hours in the passage for completion of necessary dredging to enable it to pass through one of the cuts.

EGGS.

In the Summerside market, on Wednesday, eggs were selling from 40 to 42 cents. In St. John eggs from up river sold at 45 cents at the wharf. At Campbellton, they have gone down to 60 cents and in the country districts 55 cents.

ACTED AS NURSES.

The Salvation Army Lasses in many cities saved hundreds from death during the influenza epidemic—went into the homes and cared for the children, cleaned house, brought food and fuel wherever needed.

S. A. RESCUE HOMES.

More than 200 rescue homes for fallen girls are maintained by the Salvation Army throughout the world. More than 85 per cent of those passing through these homes are permanently restored.

SESSION IS OVER.

The New Brunswick legislature was prorogued by Lieutenant Governor Pugsley Saturday afternoon at three o'clock after a session of seven and a half weeks. Included in the 150 odd bills was one which increased the seasonal indemnities of members from \$500 to \$1,000 and which was assented Saturday morning.

WILL NOT BUY POTATOES.

At a largely attended meeting of representatives of various women's organizations held at Toronto on Saturday to discuss the high cost of living, especially the high prices of potatoes, the consumers league of Toronto was formed for the purpose of combating the high prices. The ladies pledged themselves not to buy any potatoes for a month.

OVERALLS NEXT.

Wearing overalls as a means to fight the cost of living is spreading rapidly in the United States. Business and professional men are going about in blue overalls. We're agreed, who will join us?

MIGHT HELP HERE.

The Bolsheviks are forcing everyone in Russia to work twelve hours a day seven days a week. Maybe Bolshevism is what this country needs after all.

THE LOST ARE FOUND.

Did you know that the Salvation Army maintains a "Missing Friends' Bureau" which serves to find persons in any part of the world. Over 1,000 missing persons are located by the bureau every year.

ANOTHER INCREASE.

Because of the increased cost of flour, sugar and molasses, the prices of biscuits have been advanced. All kinds of sweet biscuits are two cents a pound higher and unsweetened one cent.

NO USE FOR THEM.

Everybody hates a knocker. They are not even using them on front doors any more.

SLUM LIGHTHOUSES.

The Slum Settlement of the Salvation Army are lighthouses for the poor and down trodden on the dark and stormy coast of adversity.

NOW FOR GOOD ROADS.

The provincial public works department is asking tenders for the construction of a road from Chatham to Newcastle, St. John to Westfield, road near Spruce Lake and road from New River to Pennfield.

LOAN TO EX-SOLDIERS.

Applications for loans not exceeding \$500.00, free of interest, for five years, for the purchase of tools and equipment, by (1) those men who have satisfactorily completed a retraining course with the Department of Soldiers' Civil Re-Establishment, and who wish to start in business in line with the training they have received, or (2) by disabled men who are not eligible for or have not taken vocational training, for the purpose of continuing training or education substantially interrupted by war services, must be submitted on or before April 30th. Applications from men resident or training in the counties of Restigouche, Northumberland and Gloucester will be received by Mr. A. J. Newlands, Rep. D.S.C.R., Bathurst, N. B.

DAYLIGHT SAVING.

The Bathurst Town Council has voted in favor of daylight saving for the summer months, to go into effect on May 2nd.

GOOD SHOUTERS.

Did it ever occur to you that some of the loudest shouters against the high cost of living are some of the people who are now getting about three times as much in wages as they were a few years ago?

MANY AUTOS.

Canada now has an auto for every 25 inhabitants.

DO IT NOW.

Have you filed your income tax returns? If not, do it now.

ACCOUNTS AUDITED.

The accounts of the Salvation Army are audited regularly and at frequent intervals. Every cent expended goes for the community.

SOME DIFFERENCE.

At one time in this country a good milk cow would be bought for what the hides bring today. That's no joke.

DO YOU?

How many motorists remember their license number, their motor number, make of tires, and the other distinguishing features of their machine? If your car was stolen today could you give the Chief of Police a detailed description that would assist in its recovery?

GOING UP.

The price of overalls is climbing. Better buy yours before the cost is as much as a suit of clothes. Its hard to keep ahead of the profiteer.

AMHERST TAX RATE.

The Amherst tax rate this year has been fixed by the Town Council at \$3.60 per hundred, the highest tax rate in the history of the town. The estimated expenditure of the current year is \$238,000, which is a considerable increase over last year. The increase for salaries alone is \$18,000, about 10,000 of which is on schools account.

ITS COMING.

Cheer up summer is coming. It will be warm next July.

NEW LUMBERING COMPANY.

Henry C. Read, of Sackville, Herbert W. Read, of Stonehaven, Arthur E. Smith, of Bathurst, and Horatio M. Mitton, of Bathurst have formed a general co-partnership for the purpose of carrying on a lumber business at Upsalquitch, in the County of Restigouche. The firm is "Read, Smith & Mitton."

A RECORD BREAKER.

A visitor at St. Quentin on the I. N. R. tells on his return to town, of meeting with a progressive farmer there, who at the present time, has 480 hogs, and that lately he killed one that weighed 1080 lbs. Can any hereabouts beat that?

ANOTHER CLOSE SEASON.

On account of the past severe winter and the fear that partridge had suffered severely, the bill to lift the ban on partridge shooting was withdrawn last week, so this year will also be a close season.

HEAVY SNOW STORM.

About five inches of heavy snow fell Saturday night and Sunday morning. Pedestrians were obliged to walk through this snow and slush instead of having the sidewalks plowed. The present street commissioner appears to have outlived his usefulness. Its time for a change.

BOUGHT FARM.

Mr. Wm. Travis of Lily Lake Road, has purchased the Flemming farm from Mr. Dow, who proposes to move into town.

NOT FOR BICYCLES.

Bicycles riders are reminded that the sidewalks were not built for them.

BE A BOOSTER.

Boost the town you live in.

TRADE ROUTES.

Trade follows the advertisements. Advertise in the Graphic and be in the trade route.

FIRST NUMBER.

The first number of "The United Farmers' Guide" has been issued from the Moncton Office. It is done up in magazine form of sixty-four pages, and contains a large amount of literature of interest to farmers.

LARGE INCREASE.

St. John, N. B. April 26.—Lumber shipments to the United States through this port for the quarter ending March 31, show the very large increase of nearly six hundred percent over the corresponding period of last year. The total for the 1920 quarter was \$398,859; last year same period \$132,527.

CHANGE OF TIME.

With time changes, effective May 2nd the only trains in and out of Campbellton that will be affected are No. 31 and No. 32 between here and Lewis.

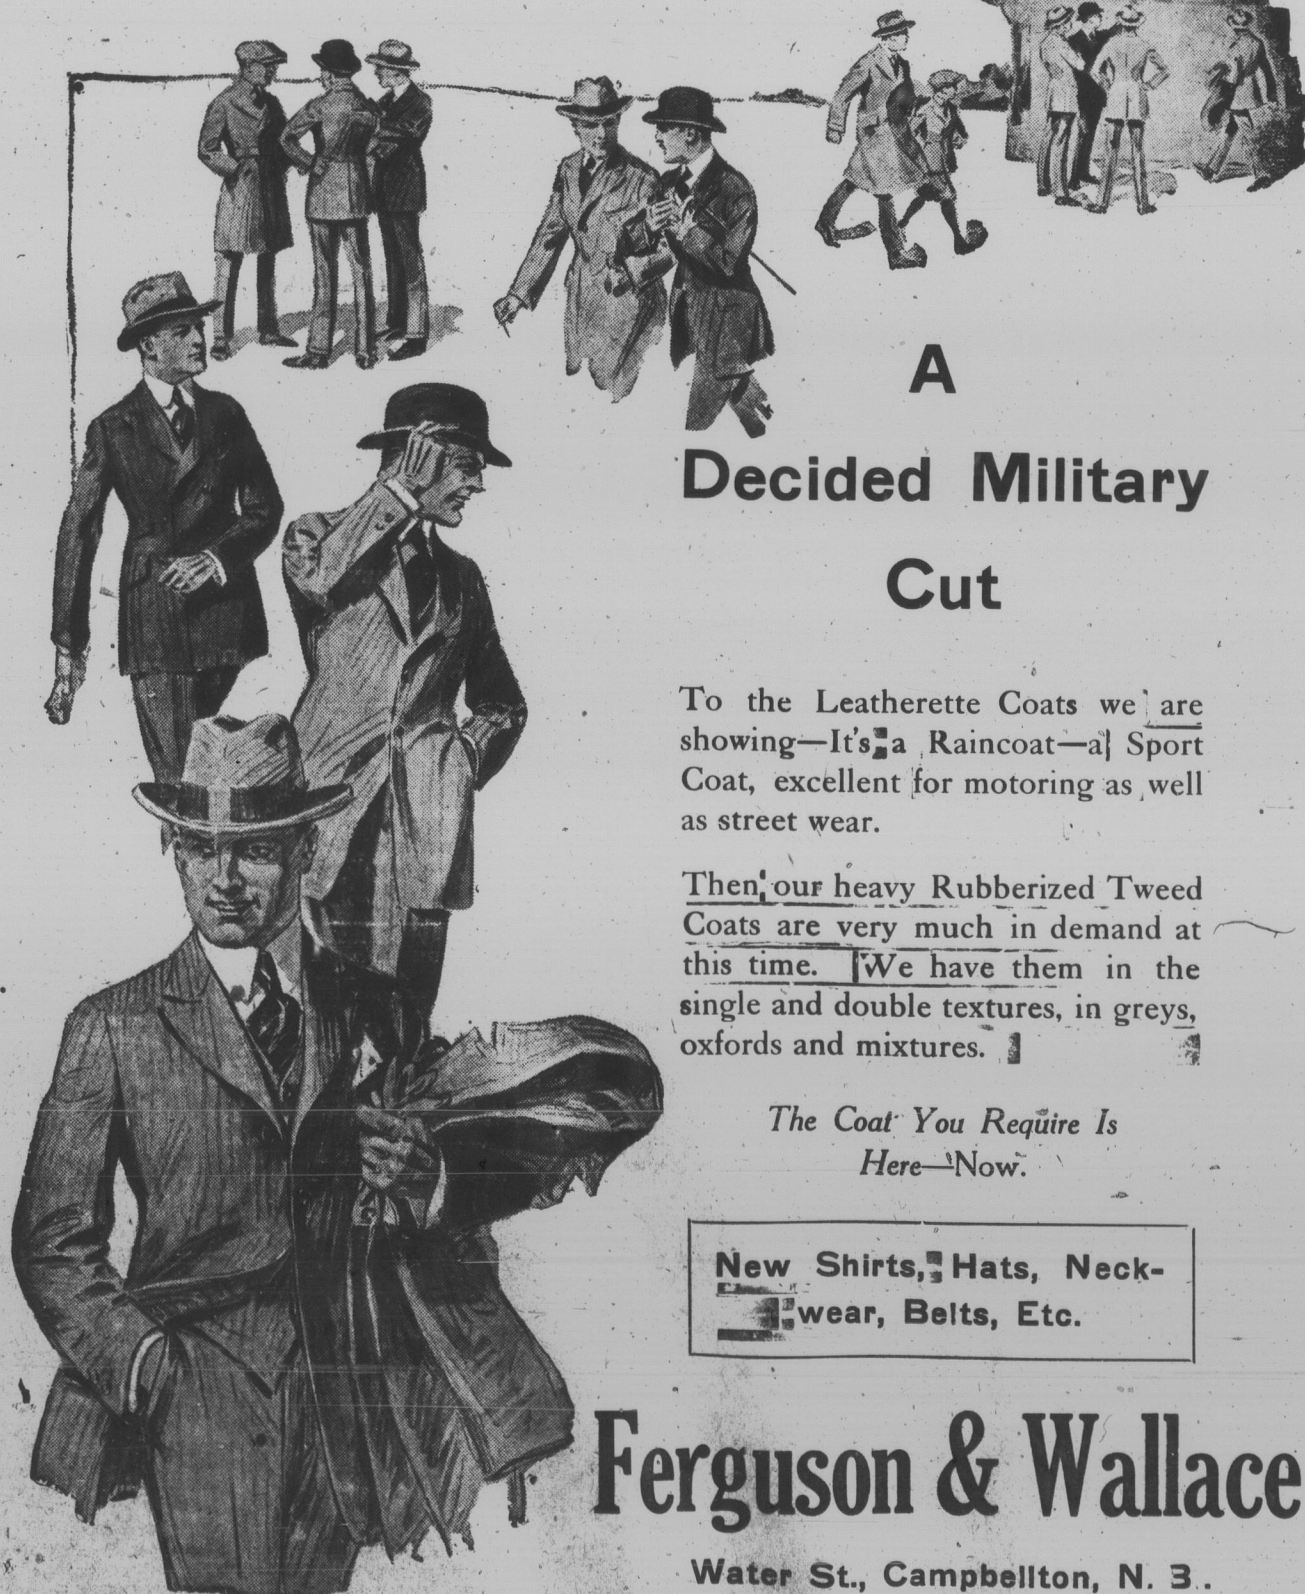

No. 31 will leave daily except Sunday at 9:50 a.m. instead of 7:00. No. 32 will arrive at 8:45 p.m. instead of 9:30 p.m.—April 27-2-wks.

ROBINS ARE HERE.

Robin red breast made his appearance here last week looking as bright and happy as he usually does when he returns to the Restigouche.

Sale - THURSDAY, FRIDAY and SATURDAY - Sale

This ONE CENT SALE Plan was originated by the United Drug Company for the Rexall Drug Stores. The United Drug Company are the largest manufacturers and buyers of Toilet Articles, Remedies, Chocolates, Perfumes, Rubber Goods, Stationery and Drug Sundries in the world, and this is an advertising plan pure and simple, of which they bear most of the expense. Instead of spending money in the regular way, real value of these goods, the cost of which they charge to advertising. We will only be permitted to run this sale occasionally. Beware of imitations in other stores, and take advantage of this exceptional opportunity. We can not afford to charge or deliver goods during this sale. So please don't ask us to do it. These prices do not include the War Tax.

MARQUIS & CO. Ltd.,

In Case of Colic

Give your horse Dr. J. Woodbury's Horse Liniment internally—and at the same time, build up the general health and digestion of the horse, with Dr. J. Woodbury's Condition Powders.
Colic in a horse comes from the same cause as colic in a baby—acute indigestion.
These remedies tone up the stomach, regulate the bowels and kidneys, help the digestion and soon put the animal in the best possible condition.

Dr. J. WOODBURY'S Horse Liniment and Condition Powders

Used whenever an animal is troubled with Cough, Cold, Distemper, Clindery, Spavin, Cuts, Swabs, Cracked Hoof, Intermittent, Cut, Sore, Bunch, Fever, these two reliable remedies will give prompt relief and change the sick, lame animal into a vigorous, healthy one.
Keep these standard preparations always in your stable in case of sickness or accident.

COORSHIRE, QUE. 105

Local and General News.

Short Paragraphs Which Are of More Than
Passing Interest to Graphic Readers.

THE LARGEST YET.

The battleship Renown, with the Prince of Wales on board, was the largest vessel yet to pass through the Panama canal. The battleship was delayed three hours in the passage for completion of necessary dredging to enable it to pass through one of the cuts.

EGGS.

In the Summerside market, on Wednesday, eggs were selling from 40 to 42 cents. In St. John eggs from up river sold at 45 cents at the wharf. At Campbellton, they have gone down to 60 cents and in the country districts 55 cents.

ACTED AS NURSES.

The Salvation Army Lassies in many cities saved hundreds from death during the influenza epidemic—went into the homes and cared for the children, cleaned house, brought food and fuel wherever needed.

S. A. RESCUE HOMES.

More than 200 rescue homes for fallen girls are maintained by the Salvation Army throughout the world. More than 85 per cent of those passing through these homes are permanently restored.

SESSION IS OVER.

The New Brunswick legislature was prorogued by Lieutenant Governor Pugsley Saturday afternoon at three o'clock after a session of seven and a half weeks. Included in the 150 odd bills was one which increased the sessional indemnities of members from \$500 to \$1,000 and which was assented Saturday morning.

WILL NOT BUY POTATOES.

At a largely attended meeting of representatives of various women's organizations held at Toronto on Saturday to discuss the high cost of living, especially the high prices of potatoes, the consumers league of Toronto was formed for the purpose of combating the high prices. The ladies pledged themselves not to buy any potatoes for a month.

OVERALLS NEXT.

Wearing overalls as a means to fight the cost of living is spreading rapidly in the United States. Business and professional men are going about in blue overalls. We're agreed, who will join us?

MIGHT HELP HERE.

The Bolsheviks are forcing everyone in Russia to work twelve hours a day seven days a week. Maybe Bolshevism is what this country needs after all.

THE LOST ARE FOUND.

Did you know that the Salvation Army maintains a "Missing Friends' Bureau" which serves to find persons in any part of the world. Over 1,000 missing persons are located by the bureau every year.

ANOTHER INCREASE.

Because of the increased cost of flour, sugar and molasses, the prices of biscuits have been advanced. All kinds of sweet biscuits are two cents a pound higher and unsweetened one cent.

NO USE FOR THEM.

Everybody hates a knocker. They are not even using them on front doors any more.

SLUM LIGHTHOUSES.

The Slum Settlement of the Salvation Army are lighthouses for the poor and down trodden on the dark and stormy coast of adversity.

NOW FOR GOOD ROADS.

The provincial public works department is asking tenders for the construction of a road from Chatham to Newcastle, St. John to Westfield, road near Spruce Lake and road from New River to Pennfield.

LOAN TO EX-SOLDIERS.

Applications for loans not exceeding \$500.00, free of interest, for five years, for the purchase of tools and equipment, by (1) those men who have satisfactorily completed a retraining course with the Department of Soldiers' Civil Re-Establishment, and who wish to start in business in line with the training they have received, or (2) by disabled men who are not eligible for or have not taken vocational training, for the purpose of continuing training or education substantially interrupted by war services, may be submitted on or before April 30th. Applications from men resident or training in the counties of Restigouche, Northumberland and Gloucester will be received by Mr. A. J. Newlands, Rep. D.S.C.R., Bathurst, N. B.

DAYLIGHT SAVING.

The Bathurst Town Council has voted in favor of daylight saving for the summer months, to go into effect on May 2nd.

GOOD SHOOTERS.

Did it ever occur to you that some of the loudest shooters against the high cost of living are some of the people who are now getting about three times as much in wages as they were a few years ago?

MANY AUTOS.

Canada now has an auto for every 25 inhabitants.

DO IT NOW.

Have you filed your income tax returns? If not, do it now.

ACCOUNTS AUDITED.
The accounts of the Salvation Army are audited regularly and at frequent intervals. Every cent expended goes for the community.

SOME DIFFERENCE.

At one time in this country a good milk cow would be bought for what the hides bring today. That's no joke.

DO YOU?

How many motorists remember their license number, their motor number, make of tires, and the distinguishing features of their machine? If your car was stolen today could you give the Chief of Police a detailed description that would assist in its recovery?

GOING UP.

The price of overalls is climbing. Better buy yours before the cost is as much as a suit of clothes. It's hard to keep ahead of the profiteer.

AMHERST TAX RATE.

The Amherst tax rate this year has been fixed by the Town Council at \$3.60 per hundred, the highest tax rate in the history of the town. The estimated expenditure of the current year is \$238,000, which is a considerable increase over last year. The increase for salaries alone is \$15,000, about 10,000 of which is on schools account.

ITS COMING.

Cheer up summer is coming. It will be warm next July.

NEW LUMBERING COMPANY.

Henry C. Read, of Sackville, Herbert W. Read, of Stonehaven, Arthur E. Smith, of Bathurst, and Herbie W. Mitton of Bathurst have formed a general co-partnership for the purpose of carrying on a lumber business at Upsalquitch, in the County of Restigouche. The firm is "Read, Smith & Mitton."

A RECORD BREAKER.

A visitor at St. Quentin on the I. N. R. tells on his return to town, of meeting with a progressive farmer there, who at the present time, has 480 hogs, and that lately he killed one that weighed 1080 lbs. Can any hereabouts beat that?

ANOTHER CLOSE SEASON.

On account of the past severe winter and the fear that partridge had suffered severely, the bill to lift the ban on partridge shooting was withdrawn last week, so this year will also be a close season.

HEAVY SNOW STORM.

About five inches of heavy snow fell Saturday night and Sunday morning. Pedestrians were obliged to walk through this snow and slush instead of having the sidewalks plowed. The present street commissioner appears to have outlived his usefulness. Its time for a change.

BOUGHT FARM.

Mr. Wm. Travis of Lily Lake Road, has purchased the Flemming farm from Mr. Dow, who proposes to move into town.

NOT FOR BICYCLES.

Bicycles riders are reminded that the sidewalks were not built for them.

BE A BOOSTER.

Boost the town you live in.

TRADE ROUTES.

Trade follows the advertisements. Advertise in the Graphic and be in the trade route.

FIRST NUMBER.

The first number of "The United Farmers' Guide" has been issued from the Munton Office. It is done up in magazine form of sixty-four pages, and contains a large amount of literature of interest to farmers.

LARGE INCREASE.

St. John, N. B., April 26—Lumber shipments to the United States through this port for the quarter ending March 31, show the very large increase of nearly six hundred percent over the corresponding period of last year. The total for the 1920 quarter was \$898,850; last year same period \$132,527.

CHANGE OF TIME.

With time changes, effective May 2nd the only trains in and out of Campbellton that will be affected are No. 31 and No. 32 between here and Lewis.

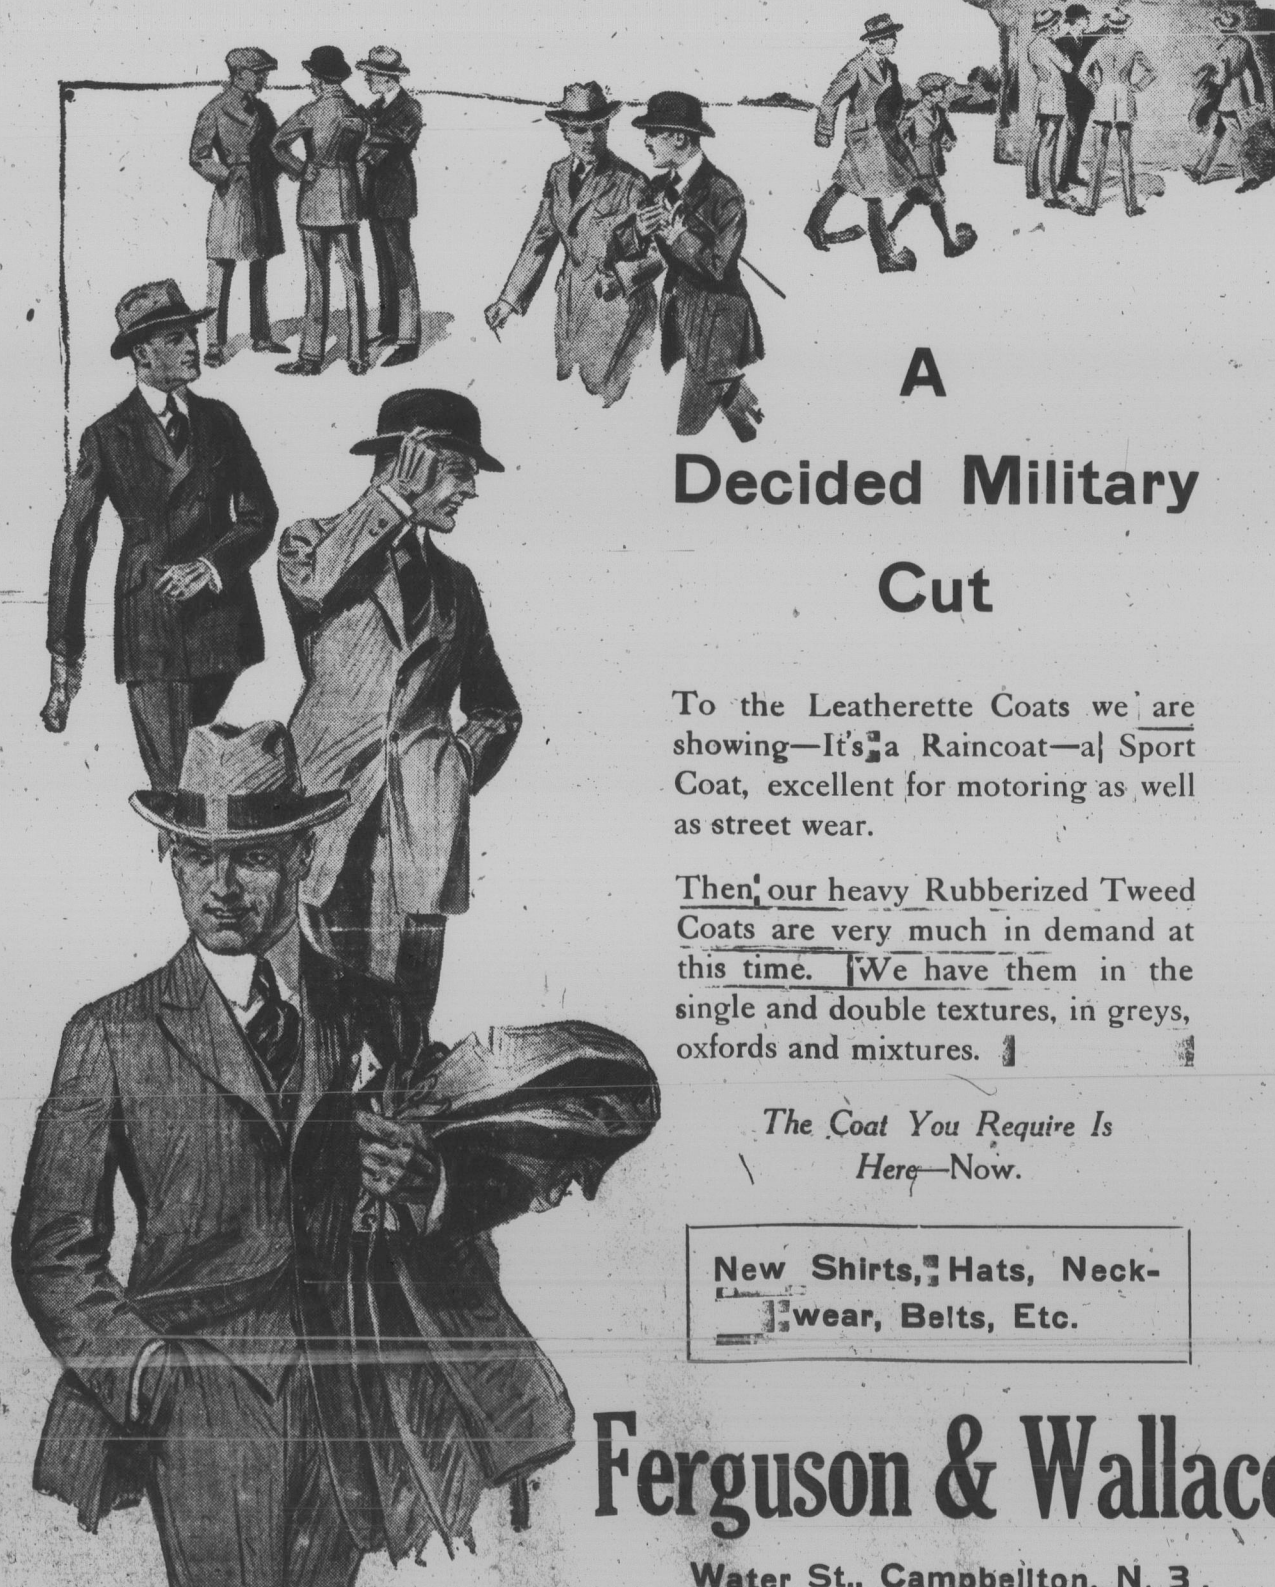

No. 31 will leave daily except Sunday at 9:50 a.m. instead of 7:00. No. 32 will arrive at 8:45 p.m. instead of 9:30 p.m.—April 27-28 wks.

ROBINS ARE HERE.

Robin red breast made his appearance here last week looking as bright and happy as he usually does when he returns to the Restigouche.

or the
2 boxes for .51

Sale - THURSDAY, FRIDAY and SATURDAY - Sale

This ONE CENT SALE Plan was originated by the United Drug Company for the Rexall Drug Stores. The United Drug Company are the largest manufacturers and buyers of Toilet Articles, Remedies, Chocolates, Perfumes, Rubber Goods, Stationery and Drug Sundries in the world, and this is an advertising plan pure and simple, of which they bear most of the expense. Instead of spending money in the regular way, such as Free Samples, etc., it is their desire that we place full size packages, or articles, in your hands, giving you an opportunity to judge the real value of these goods, the cost of which they charge to advertising. We will only be permitted to run this sale occasionally. Beware of imitations in other stores, and take advantage of this exceptional opportunity. We can not afford to charge or deliver goods during this sale. So please don't ask us to do it. These prices do not include the War Tax.

CAMPBELLTON, N. B.

EUROPE NEVER SAW SUCH A GAME

Canadians Defeat American Team—Chatham Boy In Game

ANTWERP, April 26.—Canada and Sweden will meet in ice palace here to-night in a game which will determine the Olympic hockey championship. France and United States were eliminated for first place honors yesterday, the former by losing to Sweden by a score of four to nothing, and the latter by going down to two to nothing defeat before the Falcons of Canada after a stirring contest. That Canada will win the championship seems certain, as the Swedish team has little hope except to hold the Falcons to a low score.

Under the Olympic rules, all teams directly beaten by the champion team must complete for second place. This the United States, Czechoslovak and the loser of to-night's game will draw for opponents following that contest. The American team was disappointed but not chagrined, at its defeat by Canada last night. "It was anybody's game until the finish," said Manager Fellows, "but the best team won."

One hockey expert declared Europe had "never seen a game equal to it." On the American team there are four Canadians, among them Frank Synnott of Chatham. Frank Allen Synnott, centre, was born at Chatham, N. B., Dec. 28, 1891. He weighs 135 pounds, is 5 feet 7 inches in height and 29 years of age. First played hockey with Chatham A. C. Later a member of Boston A. A. Now Haven H. C. Served with the United States Navy.

WOULDN'T TAKE A DARE. "So you advise me to go to work on a farm?" asked the tramp at the back door.

"Advise you?" said the man of the house. "I dare you!"

MAIL CONTRACT

Sealed Tenders addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 28th May, 1920, for the conveyance of His Majesty's Mails, on a proposed Contract for four years, 12 times per week on the route River Chatham and Railway Station from the 1st October next. Printed notices containing further information as to the conditions of proposed contract may be seen and blank forms of Tender may be obtained at the Post Offices of River Chatham and Chatham Station and at the office of the Post Office Inspector:

H. W. WOODS

Post Office Inspector

Apr. 22-23wks.

Old British Industries

Are Enjoying Prosperity

With All Prices Tripled

THAT Great Britain holds her position with regard to export trade in certain lines, such as cutlery, chinaware and toys, greatly strengthened by post-war conditions and that she is prepared to make every effort to improve the opportunities offered is indicated by recent trade reports.

The cutlery industry of Sheffield is again in a most flourishing condition, after a steady decline of almost fifty years. With the elimination of German competition in this field every maker in Sheffield is enjoying undreamed of prosperity. Works are besieged by buyers asking for goods, even the usual order of things, where travelers go out seeking to obtain orders. There is no question of finding a market for goods. The market exists for each article before it is produced. It is reported that the same would be the case if the entire Sheffield output could be doubled.

The scarcity of labor in this line, the greatly increased wage scales of the workers, and the higher prices that will prevail for cutlery and electroplated tableware are strongly marked features of the new conditions. Sheffield cutlery and grinders were poorly paid before the war, this being true of even the skilled workers. Now they find there are opportunities for earning big pay at this work. Operatives are turning into proprietors, almost 500 of these individual manufacturers of cutlery having come into existence overnight.

It were a big and little, progressive or otherwise, they are all making money, and Germany is looked upon as out of the running in this field for several years, at any rate. The silver and electroplate trades report an unusually flourishing condition, with orders far in excess of production, and a scarcity of labor, especially the highly skilled class. Price increases have not discouraged orders, and the growth is particularly marked in the more expensive silverware. Makers report that the heaviest and most costly goods have been most in favor with buyers.

The most marked increase, however, is noted in the sale of spoons and forks in silver, and nickel and aluminum, plated and unplated, and this is largely accounted for by trade taken away from Germany. There has been a big increase in wages in this industry and advances in the selling prices are calculated as averaging about 110 per cent.

Advances in price in cutlery are most marked in cheaper grades, the increases in those grades being much more proportionately than in the more expensive articles. Following are a few examples of wholesale prices, selected from makers' lists, representing a fair average.

Table knives with celluloid handles and penknives with two blades, both of which articles sold in 1913 at 7 shillings and 6 pence per dozen, are 20 shillings per dozen; electroplated tableware and electroplated forks, which sold in 1913 at 15 shillings and 6 pence per dozen, to-day are 35 shillings a dozen; tea-spoons which sold at 6 shillings and 6 pence a dozen have risen to 13 shillings; scissors which sold at 4 shillings and 6 pence in 1913 are now 15 shillings a dozen.

The old-time cheap cutlery, it is said, will never again appear in the market. There is no cheap labor available to produce it.

In the pottery trade many British manufacturers are replanning and enlarging factories and installing waste-saving methods with an eye to the need of export trade, especially in semi-porcelain and earthenware goods. A consistent attempt is being made to raise the general standard of design as to form, decoration and color in all grades. The resultant new shapes and decorations are in evidence in special goods exhibited at the British Industries Fair, in London, Birmingham and Glasgow, and are calculated to make a special appeal to Central American buyers, others being designed for colonial trade, meaning the colonies and dominions of Great Britain, while entire lines are produced with the idea of being of special interest to the United States and South American markets.

German manufacturers of china and earthenware are already seeking the trade of Spain, Latin-American countries, Norway, Sweden and Middle Europe, while they are apparently already regaining their foothold in Russia. British makers point to Germany's coal shortage and state that her output will be limited for some time to come, under any circumstances. Japanese competition is strongest in medical and chemical wares, principally in some sections of South America, in Canada and among her Pacific neighbors.

Japan's competition is not considered of great importance in the toy trade either, wooden toys, small celluloid dolls, animals and low-priced novelties comprising the field in which she is considered able to succeed. British manufacturers point to the marked inferiority of Japan's metal mechanical toys, with the statement that "the springs and putting together are so bad that they break after a few moments' use."

With Germany temporarily out of the running, on account of the shortage of the raw materials for the manufacture of dolls and "soft toys," the United States has become the chief competitor in the manufacture of some lines of toys.

May Sell Beer Without License. The Bank of England has the right to sell beer without a license. This privilege was granted to the bank in its charter of incorporation under date of July 27, 1694.

PROGRESSIVE WOODSTOCK. At the last meeting of the Woodstock Council it was agreed, on the suggestion of the Town Manager, that a road widening of 200,000 be issued for permanent sidewalks. Under the act which passed the Legislature this week the town pays fifty per cent. of the cost and the owners the balance. The work will begin at once and will be finished this summer. A sinking fund has been provided to liquidate the bonds as they come due.

PERSONALS

Coun. J. B. Delaney of Dalhousie, was a visitor to town Tuesday.

A. T. LeBlanc, M. P. P., has returned from Fredericton.

Miss Bertha Ferguson has returned from visiting friends in Sydney, C. B. and Moncton.

Miss Lena Fraser, of Cross Point, Que., spent the week-end with Miss Jennie Doyle, Mann, Que.

Mr. A. Berthelot, of Cross Point, has returned from visiting friends in Quebec.

R. H. Anderson, manager of the Bank of Nova Scotia, left today for St. John's, Newfoundland—St. John's Globe.

Mr. Ned Roy accompanied by his two nephews Albert and George Roy, left on Wednesday morning for Montreal to visit his brother and sister in that city.

Mrs. N. A. Chalmers and little daughter have returned from visiting in Belledune.

Dr. Ferguson and Mr. Thos. G. Scott of Dalhousie were in town on Tuesday.

His Worship Mayor Andrew Barberie was in town Tuesday and was warmly congratulated by many Campbellton friends upon his recent victory.

W. S. Rogers, American Vice-Council, was in Woodstock, last week attending Grand Orange Lodge, and also visited in Presque Isle, Fort Fairfield and Grand Falls before returning home.

Many friends will regret to learn that Count John Devereaux is seriously ill.

Mr. D. MacKendrick of the Railway Mail Service spent Tuesday evening and part of Wednesday in town. He was on an inspection trip along the I. N. R.

Misses Laura Boudreau, Yvonne Cantin, Mabel Culligan, and D. Boudreau, Messrs. J. V. Cole, Dr. H. Brennan, M. T. Brennan, Geo. Bernier, Emile Cantin, Jos. Cantin, and Lionel Roy were in Jacquet River Monday evening attending a party given by Miss D. Frenette. A most enjoyable evening was spent.

Misses D. and C. Brennan have gone to Montreal to complete their musical courses.

Messrs. J. L. Boudreau and C. E. Rioux left on Monday for Lowell, Mass., where they will be for some time.

DALHOUSIE

Dalhousie, April 23.—The ice in front of the town and below, for considerable distance, is still solid, and according to some of the old citizens will not move out till May 4th, the latest for many years.

Your correspondent interviewed Mayor Barberie on Tuesday. It is probable that the first meeting of the new town council will not take place till the second Wednesday in May, the time of the regular monthly meeting in the past? He replied, "We may have a special meeting in April, to appoint the committees, so that some pressing matters may be grappled with without delay. At the regular meeting, on May 12th, important business will engage the attention of the council."

Master Wayne Nelson, celebrated his seventh birthday yesterday. In the evening several of his little boy and girl friends were invited to his home, and the youngsters had a real good time. Mrs. Nelson, whose husband occupies a very responsible position with the P. Q. Lumber Co., saw to it that her little son's birthday would be made pleasant for him as well as his little friends.

Miss Eva Barberie, the efficient stenographer of the Dalhousie Lumber Co., is enjoying a well earned holiday in Montreal, where she is the guest of her brother, Mr. Stockton Barberie.

Mrs. Wm. Doherty, who spent the winter in Toronto, visiting her daughter Miss Mollie Doherty, returned home recently, having much enjoyed her visit. During her stay in Ontario's great city, she met many Restigouche and New Brunswick friends.

Mr. and Mrs. George Simpson and child, of St. John, N. B., are visiting Mrs. Simpson's mother, Mrs. Alex. Savoie.

The many friends of Mr. E. R. Gaudet, proprietor of the Queen Hotel, Dalhousie, will regret to learn that he is quite ill.

Mr. James Duncan of the Customs Dept., has returned home from a trip

GRAND OFFICERS WERE ELECTED

Col. J. D. B. F. McKenzie of Chatham Grand Master For N. B.

St. John, N. B. April 27th.—Grand Lodge reassembled at 3 o'clock in the Masonic Hall and appointed officers were installed into office. The new officers are:

Colonel J. D. B. F. McKenzie, Chatham, Grand Master.

D. C. Clark, St. John, P. G. M.

LeBaron Wilson, St. John, Deputy Grand Master.

J. H. Hawthorne, Fredericton, S. G. W.

Roy E. Crawford, St. John, I. G. W.

Rev. G. C. Lawrence, Hampton, G. Chaplain.

George D. Ellis, St. John, G. Treasurer.

J. Twining Hart, St. John, G. Secretary.

Robert Clarke, St. John, G. Tyler.

D. Arnold Fox, St. John, G. Organist.

District Deputy Grand Masters:

No. 2, General A. Taylor.

No. 3, A. B. McKinnon.

No. 4, Edgar W. Mair.

No. 5, W. B. Hawthorne.

Rev. E. Hallstone, S. G. D.

Simon V. Skelton, G. D.

G. Percy Burchill, G. A. of C.

James McQueen, G. Sword Bearer.

W. P. Stratton, G. Standard Bearer.

D. Arnold Fox, G. Organist.

A. D. McCain, G. Pursuivant.

Grand Stewards—Ernest S. Jack, J. P. Cruikshanks, S. P. McCavour, Geo. H. Smith, Rev. H. Miller, Charles P. Stothart, George Irving, R. M. Owen, A. E. Pearson.

a visitor to town on Wednesday.

Miss Anna Poirier of Balmoral was to Gaspé.

Miss Lucienne Samson, who has been visiting her cousin the Misses Allain, in Montreal, returned home recently. On her return she spent a day in Fraserville, the guest of her friends, the Misses Martin.

Mr. Matthews, Mrs. Matthews and child have arrived here from Calgary.

They are the guests at present of Mr. Matthews's sister, Mrs. S. L. T. Clifford. Mr. Matthews is to open an up-to-date meat store in Dalhousie.

Miss Anna Poirier, teacher, at Eel River Crossing, was in town on Sunday, the guest of her sister, Mrs. Frank Ryan.

Mr. J. W. Wall of the C.G.R. staff, Campbellton, spent Sunday in town, the guest of Alderman John B. Delaney.

Mr. and Mrs. J. W. Cooke, who attended the dance at Jacquet River, were delighted with their trip.

Mr. W. R. McMillan, Jacquet River, was in town on Tuesday.

OBITUARY

David Sullivan.

The death of Mr. David Sullivan occurred at his home here Wednesday evening, April 19th, after an illness extending over a number of years. Deceased, who was in his 68th year, leaves a wife, three daughters, Mrs. Arthur Curtis of Kedgwick, Mrs. McKenzie of Blackville and Miss Lillian at home. Also six sons, Elmer, Stafford, Perley and Ray of Campbellton, and John and Howard of Kedgwick.

To the grief-stricken family the heartfelt sympathy of the community is extended in the loss of their respected husband and father. The funeral services were held on Friday afternoon, Rev. Mr. Camp officiating were largely attended.

OBITUARY

Mr. Ensielle Doherty.

Ensielle Doherty of Matapedia, well known in the Matapedia and Gaspé District, passed away on the 19th. He was 68 years of age, and was very popular owing to his kind nature, his integrity and christian spirit. He was one of the oldest postmasters in Canada. He leaves a wife, formerly Ozena Smith, one son, Francis of Montreal, five daughters, Rev. Sister Mother of Mercy of Gaspé, Helen of Montreal, and Regina, Mathilda and Maria of Matapedia, two brothers, Isidore C. of St. Alexis, and Felix of Lawrence, Mass., two sisters, Olive and Marie of St. Alexis. He was the brother-in-law of Rev. Th. Smith of St. Godefroi, and of Antoine Boulet of Ottawa.

The funeral service was held in the Matapedia R. C. Church, where a large gathering paid their last tributes to the deceased.

The pall-bearers were: Messrs. John L. Lawlor, Chas. Delaney, Geo. J. Gauthier, John C. Doherty, Moses Pitre, Edras Choinard, Albert Dube of Matapedia and Mr. John L. Doherty of Campbellton.

The choir rendered suitable music and many voices from surrounding parishes were heard among them being Dr. Cyr, Andre Arsenault. Mr. Arsenault of Campbellton conducted the singing.

CHANGE OF TIME.

With time changes, effective May 2nd the only trains in and out of Campbellton that will be affected are No. 31 and No. 32 between here and Levis.

No. 31 will leave daily except Sunday at 9:50 a.m. instead of 7:00. No. 32 will arrive at 8:45 p.m. instead of 9:30 p.m.—April 27-28 wks.

"The Auction of Souls."

Coming—"The Auction of Souls."

What Next?

THE organization is attuned to the times.

IT feels—it senses—the changing spirit of men.

CLOSE personal contact magnifies the new responsibility.

IT knows that, as never before, it must preach Christ militant; unceasing, in his war on sin—sins against God, sins against man—sins of the body, sins of the mind, and sins of the community.

NOT forgetting its tremendous responsibilities in the Mission Field.

At Campbellton, N. B., on April 25th to Mr. and Mrs. Stanley Fraser, a son.

At Campbellton, N. B., on April 25th, to Mr. and Mrs. Fred C. Campbell, a son.

At Campbellton, N. B., on April 25th, to Mr. and Mrs. Geo. T. Miller, a daughter.

At Campbellton, N. B., on April 27th, to Mr. and Mrs. J. Hugh O'Keefe, a daughter.

At Charlie, N. B., on April 22nd, to Mrs. L. D. Jones of Dalhousie, a son.

At Campbellton, on Sunday, April 25th, 1929, to Mr. and Mrs. A. Gordon MacNair of New Mills, N. B., a son.

Senators View Great C.P.R. Works

The Hon. Senator White was the head of an interesting party to the C.P.R. Angus Shops at Montreal recently. In the party were Hon. Gideon Robertson, Minister of Labor; Hon. Hewitt Bostock, leader of the Opposition in the Senate; and Senators Wilfrid Laurier, Turfitt, Schaffner, Fowler, Bennett, Murphy, Fisher, Blain, McMeana, Watson and Proudfoot, and Major John Macdonald.

The object of the visit was to further acquaint the senators with the great industrial development in the Province of Quebec. They were met at the shops by the officials in charge of these great works.

The party were escorted through the works, spending over two hours to inspect only a portion of this great plant. First they visited the immense locomotive works and the organization and details were explained. Then they saw the salvage plant that turns what was formerly wasted and lost material into a valuable asset. They also inspected the passenger and freight car works, the office, ambulance and dining halls. It was a splendid education in Canadian industrial development, and the Senators expressed their astonishment at the size of the works and their efficient organization. They all agreed that our legislators should seize every opportunity to familiarize themselves with Canada's industrial life.

The party was present when the great works closed for noon and it was a wonderful sight to see the thousands of employees streaming out of the works. Some conception of the immensity of this enterprise can be gained from the statistics furnished. The area of the works is 200 acres, and number of employees 10,000. As distinctive railway shops the Angus Works are the largest in North America, in fact, in the world.

Wonderful Efficiency. Senator Gideon Robertson, Minister of Labor, was deeply interested in the visit. "It is eleven years since I have been here and I am glad I came. I had no appreciation of the immensity of the enterprise. I never saw an idle man and I believe each was striving to give a fair day's work. I am glad the relationship between the company and its employees is of such a cordial character."

Hon. Hewitt Bostock also was deeply interested and appreciative of this industrial development and said: "One thinks of the Canadian Pacific Railway as a great transportation company with representatives in all the important centres of the world, but cannot realize until they visit the Angus shops, the amount of co-ordination and management required to keep the rolling stock, and the system generally, up to date and in an efficient state of repair. Whilst these shops are the principal shops of the railway they are by no means the only shops where repairs are made. On entering the locomotive building the first thing to attract the attention of the party was the big crane of 60 tons transporting the completed boiler of an engine to its place, to be placed on the wheels. We realized that every effort had been made to install the latest machinery for handling the boiler quickly and economically. The cutting of the metal is done by acetylene gas jets, the welding by the electric arc. All through the shops the machines are worked by compressed air, wherever feasible, and the noise is a locomotive shop is deafening. It is a system."

One of the most noticeable things in the way in which the scrap is used up into something useful, in case the scrap is not used in the work of a freight car was being made up as the wheel of a wheelbarrow. Old pipe is made into the work of farm gates, showing close and careful management of the scrap into every detail, and has been successful in finding not only for all the returned

LIVERY STABLE

As the busy season has opened I have enlarged my livery business. I have put on a trucking team, two new automobiles, and a lot of nice saddles and carriage horses. Anyone wishing trucking done, or a pleasure rig of any kind call or phone 219 and your order will be promptly attended to.
