BIG ROAD WORK PROGRAMME FOR THIS COUNTY

Restigouche Farmers May Engage In Potato Raising On Larger Scale

\$50,000 TO BE SPENT DURING THE SUMMER ON THE NEW CROSS-PROVINCE HIGHWAY

Road from Upsalquitch to Whites Brook to be Made Ready for Turnpike—Flatlands-Matapedia Road to be Re-built—Extensive Improvements to be Made on Main Balmoral Road and Highway—Several Bridges Will be Constructed

Probably no more on the part of the present administration is a better intention of progress than for extensive road programme outlined for the season in Restigouche County. The bill for highway improvements this year authorizes the expenditure of \$15,000 for joint work along the roads of the county. The programme as outlined provides for an expenditure during the summer of \$50,000 on the cross-province highway between here and Madawaska County, the rebuilding of the Flatlands-Matapedia road, the turn-piking of the main Balmoral road and extensive highway improvements and bridge work. Care about various sections of Restigouche.

The New Highway
With the work already done and that which is outlined for the season the construction of the new highway from here into Madawaska County so long wished for by the people of the extreme north of the province, will be well under way. The new highway has been surveyed as far as Whites Brook and it is the purpose to have the road finished by the end of the season. It is expected that this portion of the new highway will be ready for summer use by the end of the season.

The survey of the new highway route has revealed the knowledge that the portion of the road from Upsalquitch to Whites Brook will cost considerably less to construct than the part from St. Quentin into Madawaska County. On this former part of the road bridge work will be necessary, only a few concrete slab culverts and a few drains are culverts being required.

Flatlands Road
The news that the Flatlands road will be re-built this season will be welcomed by the people of that district and by motorists throughout the whole north shore. It is possible that contractors may be let for the work on this four miles of road.

In Other Districts
The work on the main Balmoral road will be started as soon as the spring mud has dried up sufficient to permit good work. The Provincial road equipment including scrapers and trucks will be brought to Restigouche and this section of highway will be turpiled and put in proper shape.

As soon as the work in that district is completed the equipment will be used in the Charlo-Bucklands district where, under the supervision of government engineers, this section of the highway will be widened and put in final shape.

Bridge Work
The road improvement programme also makes provision for the construction of necessary bridges on the Charlo, Dundas and Flatlands roads and also for new bridges in the lower end of the county. Provision has been made for the care of the roads in Lorne Settlement and through other villages in that vicinity. There will also be some extra bridge work undertaken in Archibald Settlement.

This agenda of highway improvements is of course over and above the regular road work which will be carried on in the county.

LOCAL GIRL WILL TAKE PART
Miss Gwendolyn Richards in Charge of Exhibition of Physical Work of Y. W. C. A. Gym.
The many Campbellton friends of Miss Gwendolyn Richards, Head of the Physical Department of the Y. W. C. A. at St. John will learn with interest that she will take an active part in a play that will be staged soon in the Loyalist City in aid of that association. The play in which some 300 will take part will be under the direction of T. H. Bird formerly of Texas but recently of Toronto. Mr. Bird has been interested in theatricals for some years and is known to theatre owners and patrons throughout this part of the country.

MOVED TO NEW QUARTERS
The Singer Sewing Machine Co. have moved their office from the La-casse building to the Moore block. The move was made last night.

HOTEL DIEU HOSPITAL
Completes Four Year's Service in July
Erected in 1920

NEW BRUNSWICK'S HIGHWAY PLANS

For 1924 Provides for Expenditure of About \$360,000.

FREDERICTON, May 2.—New Brunswick's highway programme for 1924 provides for an expenditure of approximately \$360,000. Completion of the programme was the subject of a conference which Premier Vautour held here this week with Burton M. Hill, Chief Highway Engineer, but the details are still incomplete. Under new Permanent Roads Policy embodied in a bill passed at the recent session of the legislature, \$200,000 is available for the year, while for maintenance of ordinary roads the amount available is \$100,000. Chief Engineer Hill said that in the southern portion of the province, the trunk roads to-day and that it was expected by the last of next week they would be at work all over the province.

LOCAL RESTAURANT SOLD TUESDAY

L. P. Sullivan and C. J. McClusky are New Proprietors of the "Princess"

A local business deal of considerable interest and one which has been pending for some time was finally consummated on Tuesday afternoon of this week when Lindsay P. Sullivan, until recently a joint partner in the Subway Grocery, and Carl J. McClusky, formerly connected with Gray's Wholesale here, acquired the business of the Princess Confectionery and Tea Rooms which for the past few years has been operated by Yeorgas Brothers. The new proprietors plan to make extensive improvements to the interior of the building, particularly in the way of attractive decoration. The name of the restaurant has not yet been decided on, the new proprietors expect to have their place ready for the summer's business by the 25th of the month.

FERRY BOAT IS GREATLY IMPROVED

Up-to-date Oil-Burning Engine Installed—Local Service Now Unexcelled in Eastern Canada

With the extensive improvements made during the past winter to the Campbellton-Oxap Point ferry boat operated by Mr. John Quinn of this town, the Restigouche River now has the best ferry service to be found anywhere in Eastern Canada. The ferry boat, remodeled and with first class new mechanical equipment installed was launched on Monday. This will be the seventh summer for Mr. Quinn to operate the ferry on the Restigouche at this point.

The most notable improvement in the ferry boat is the installation of a crude oil burning engine. The registered strength of the engine is 45 H. P. but the necessary "tearing" required to adapt such an engine for the moderate speed of a ferry boat adds to its power capacity making it equivalent to 125 H. P. or more. With the north-westerly gale of Tuesday, the river current strengthened by the first froth of the upper streams and a falling tide until noon the new equipment was put to a severe test. The ferryman will not likely experience a more difficult day during the entire season, but the new engine gave entire satisfaction.

The deck of the ferry boat has also been rebuilt making the engine-room and cabin all new. Another cabin has also been added at one end of the engine-room. This has a capacity of fifteen passengers and will no doubt be greatly appreciated on rainy days. With its up-to-date mechanical equipment the boat will be enabled to make faster runs but so far no change in the schedule has been considered.

90-DAY LIMIT ON MOTORISTS TO U. S.

American motorists crossing the border into Canada this summer will be presented a neat little yellow card. Canadians making the trip to the States will be presented blue cards. Failure to present the cards to the Customs' offices on return will make the owner or driver liable to a fine of \$100. This is one of the new rules just announced by the United States Customs' service, which is making plans for handling a big increase in motor tourists to the border. Canadians with blue cards must not remain in the United States for periods longer than 90 days without paying duty on the car.

AUDACIOUS TRICK FAILED TO WORK

Special Agent Harry Culligan Locates Law-breaker At Kedgwick

As a result of investigations carried out by C. N. R. Special Agent Harry Culligan, following the complaint of an Upper Canadian Clothing Firm Peter Clair, an agent of the company, of Kedgwick was taken to account on a charge of attempting to defraud the clothing house last week. A settlement was arranged when Clair paid for the quantity of goods involved and also footed the bill for costs of the proceedings.

It is alleged that Clair returned three suits of clothes to the firm he represented as unsatisfactory, the clothes having been sold by him to men in that district. On the arrival of the return shipment at establishment of the clothing firm it was discovered that each box contained a worthless worn-out suit instead of those which had been shipped out a short time previous. The shipment was, of course, refused and in turn the Express Company laid its complaint. Special Agent Culligan was assigned to the case and in a few days located Clair and secured a confession from him.

TAG DAY DRIVE FOR HOTEL DIEU

A Three Day Drive for Funds for Local Hospital—Closes National Hospital Day

A "Tag-Drive" in aid of the Hotel Dieu Hospital beginning on Friday May 9th and closing on May 12th, National Hospital Day. The Young Ladies of the Catholic Girls' Guild under the direction of Miss Marie Thompson and Miss Ornelia Boudreau will take the field on Friday with an ample supply of tags to mark all Campbellton for their own.

There will be no limit to the amount you may pay for a tag, anything from 10 cents upwards and the more the better for the cause. The holder of the lucky ticket, or any member of the family is entitled to two weeks' attendance in a private room, free of charge, at any time during the coming year, ending May 12th, 1925.

LOSSES OF LAST YEAR FAIL TO DISCOURAGE AGRICULTURISTS ALONG THE NORTH SHORE

Reports Indicate that Raising of Spuds Will be a Leading Farm Activity this Summer—Preparations For the Seasons Planting Now in Full Swing—Farmers in Some Localities in Eastern Part of County Will Amalgamate Their Interests.

MUCH INTEREST IS BEING AROUSED

Summer Celebration Ideas Meets With Numerous Expressions of Approval

If the numerous expressions of approval of the proposed Summer Celebration undertakings voiced by citizens of different parts of the community may be construed as a consensus of public opinion regarding the feasibility of such an enterprise it would appear that the promoters of the project may depend on generous support from the majority of Campbellton people. Since the announcement two weeks ago that such an undertaking was being considered much interest has been aroused over the idea and numerous expressions by prominent rate payers seem to heartily endorse the advisability of the movement.

Discussion of the idea has involved reference to the big Labor Day Celebration which was held here a few years ago and which proved so successful in every respect. Several merchants of a sufficiently imaginative turn of mind have visioned the possible stimulus to local trade that such an event might be and have also spoken with some enthusiasm of the splendid advertising value of such an affair.

At least a number of sport enthusiasts have declared themselves heartily in favor of the proposed celebration and some have already advanced very interesting suggestions along sport lines which if put into operation under capable direction, should prove a great drawing card for outside visitors and contribute much towards the success of the event.

OUT FOR MANY NEW MEMBERS

In all the leading cities and towns in New Brunswick the New Brunswick Tourist and Resources Association have conducted or will shortly conduct drives for members, and the response has been very general. It is now planned to have 1500 paid up members in the province. All this money will be spent in advertising the attractions of this province in papers circulating in Upper Canadian and New England cities.

Next week, May 11 to 17 will be Campbellton's week in this membership drive, and we hope our citizens will respond in their usual hearty manner. The amount required from each is only \$1.00. The plan adopted is to make "baby drafts" for \$1.00 upon every business and professional man in Campbellton. These drafts are being handled through the local branch of the Canadian Bank of Commerce free of charge so that every dollar goes to headquarters and will be spent for the object planned, viz. advertising. We trust that EVERYBODY will sign the drafts promptly and help along a good cause.

WEEK END SPECIAL

Finest Creamery Butter for 40¢ at MILLERS STORE on Friday and Saturday only.

According to late reports from various farming districts along the Restigouche side of the Bay Chaleur most of the farmers who in recent years went into potato raising on a somewhat extensive scale, are not discouraged by the reverses met with last season and are preparing for an even more pretentious venture in this branch of agriculture this season.

Several farmers along the coast in upper Restigouche are preparing for bigger planting this year and at many farms one may see huge piles and scores of barrels of seed, cut and ready for the soil. It is estimated that in some localities, where two or more farmers will combine in the potato business, fields comprising scores of acres will be given over to the cultivation of potatoes. In certain districts in the vicinity of Charlo and New Mills some farmers amalgamating their interests, will plant over one hundred barrels of seed.

Last year the appearance of dry rot in the potatoes in some sections and the unfavorable conditions of raising less lucrative than would otherwise have been. In consequence many farmers lost heavily as in many cases new modern farm machinery was purchased and a considerable outlay made for fertilizer and the necessary labor. In spite of these reverses however, an optimistic outlook seems to prevail and if this year's crop turns out in proportion to the hopes entertained for it, Restigouche County may be established as a leading district in the production of number one table and seed potatoes.

FIRST ACCIDENT OF DRIVING SEASON

Three Men Narrowly Escape Death When Landing on Gimlet Brook Gives Way

Friends of Miss Susie MacPherson will be glad to learn that she has so far recovered as to leave the hospital and return to her home this afternoon. First accident.

As a result of injuries sustained in an accident which occurred yesterday afternoon at the scene of driving operations on Gimlet Brook, Peter Savoy of Dundas is in the Hotel Dieu Hospital here today and is believed to be in a rather serious condition. The accident occurred when a landing on which Savoy and two other men were at work gave way. The unfortunate man's companions also had a close call but managed to escape serious injury by grasping overhanging branches of a tree and thus avoiding danger in the nick of time.

Savoy was taken to Campbellton by auto during the night being unconscious upon his arrival at the hospital. He is badly bruised about the head and body and while he has recovered consciousness today through x-ray examinations will be necessary to ascertain the actual extent of his injuries. The Gimlet Brook is a tributary of the Bel River joining it just a short distance above Bel River village. Savoy it is understood, was in the employ of the Richards Mfg. Co.

CANTATA REPEATED

Of Interest to Women

How to Make Little Labor Savers Help a Lot

Anything that takes the drudgery out of household tasks interests the woman who is striving to do her work with as little friction and as rapidly as it can be done. In large buying centres, new things with this end in view are constantly appearing but it takes a little time for them to penetrate to the smaller markets. If we know about them, however, they may sometimes be procured by letter long before they can be purchased near home.

Some families use a great many chopped onions in their cooking and therefore, will gladly welcome a certain clever little device that has a wee board covered with a heavy glass tumbler, which, in turn has a pickel cover through which a plunger knob protrudes. Little knives attached are worked up and down by the plunger to mince the onion placed on the board below. The glass keeps the onion juice from rising to the point of drawing tears as the onion is chopped. This device is inexpensive and very easily washed.

A real helper that would find a welcome in all homes is the new vegetable washer. It is shaped like a tin pan but is perforated all over. It has a handle at either side and the cover has a perforated disc in the center with a small funnel top. The vegetables are placed in the washer, the cover is put on, the water is started running into the funnel and it does the work of cleaning the vegetables in the washer, the water meantime flowing into the sink and off. The washer, striking the perforated disc, creates a spray, which makes it unnecessary to push the vegetables about, for all parts of the vegetables are reached perfectly by the spray itself. Washing vegetables makes one's hands look lovely. By doing this work, the washer does away with all that. Besides, it may be used to set in a pot to fit as a steamer to sterilize baby bottles or to boil puddings. Best of all, it is modest in price.

One of the biggest inventions, both labor saving and hand saving, is stainless steel. Why did no one ever think it over before? How many hours it would have saved our great-grandmothers and grandmothers. Modern knives and forks used in acid fruit paring and other homely jobs, come through the ordeal without a stain and odorless. When washed and wiped dry they are as good as new. All shaped knives from the carver to the vegetable knife may be had in stainless steel, the handles varying with the price of the knife.

A temptation assails the housewife who lingers in the glazed pottery department of one of the large shops, nowadays. Green, blue, Dutch or mandarin shades, Havana brown, yellow and gray, with or without nickel trim as the case may be, make her choice difficult.

The shape of the dishes are fascinating, any of these dishes are quite suitable to send to the table with their contents undisturbed. They are sure to call forth favorable comment from the guests and add a touch of real homeliness to the table. Liking for pottery is one of our primitive instincts. Every nation and tribe in the world seemingly starts its career by making pottery of some kind. And strange to say, upon investigation we find that we have evolved little that is more beautiful in decoration than that made by some of the earliest tribes with the most crude facilities for doing the work. Much pleasant pottery has found its way to our markets and adds colorful note to the display.

One cannot pass a vacuum freezer without looking over her shoulder with a nod of approval, for they are

Now is the Time To Add New Touches To Home Meals

The flick spring appetite demands a change of diet. To tempt it, we must think of delicacies in season and the best way of cooking and serving them. Fish dishes and salads have a strong appeal for many of us and the simpler kinds are inexpensive and easy to prepare. One of the most useful fish, also the most delicate in flavor and texture, is the flounder—the sole of trade—which can be cooked in many appetizing ways and is also excellent for salad use. For the latter purpose, the filets are poached in hot water, then cooked and flaked. Fresh fish is lighter and more dainty in salad than the canned product and is apt to be more digestible.

Filet of Sole Salad
Select a short, thick fish and have it cut into six filets. Poach them in boiling, salted water, for about eight or ten minutes, drain, cool and flake them. The fish is then ready for use. While it is hot, squeeze over it the juice of an onion and the juice of half a lemon. Dust the filets with pepper and salt and add a little soft butter. Stir the mixture lightly, then let it cool. When you are ready to make the salad, add a cupful of very finely minced, tender celery, a cupful of lettuce, cut into ribbons, and just enough heavy French dressing to moisten it. Or a mayonnaise made with lemon juice and without mustard may be used. A few washed and chopped capers may be added and the whites of two boiled eggs through the ricer and whitesand yokes scattered over the top as an edible garnish.

Creamed Fillet of Sole.
Prepare the sole or flounder as for the above recipe. When it is done, lift the slices with a skimmer onto slices of buttered toast. Pour over it a rich cream sauce made not too thick and having some chopped parsley in it. Garnish with deviled eggs cut in halves lengthways and dusted with paprika for decorative value.

Rolls of Sole
Have six filets cut from a good-sized fish. Rinse and dry them, then spread them with soft, seasoned butter to which a few crumbs and a chopped, hard-boiled egg have been added. Or if desired, an oyster rolled in the crumbs may be used as a stuffing. Then roll the fish and pin it with wooden toothpicks. Roll it in eggs, then in fine crumbs and fry it. Serve the sole garnished with cream and with half lemon filled with tarter sauce.

Moulded Lamb's Salad
Mince very fine, cold lamb enough to make two small cupfuls, add a grated onion, two tablespoonfuls of minced celery leaves, pepper, salt and two diced, hard-boiled eggs. Add a paper of prepared lemon jelly, a pint of boiling water and let it cool. When it is cold, mix it with the other ingredients and pour them into a wet mould. When the salad is cold and set, slice it and serve on lettuce leaves with mayonnaise, garnished with stuffed olives.

Salad Peppers
Cut the tops from green peppers, remove the seeds, then set the peppers aside. Add to a package of cream cheese, pepper, salt, a little sugar, a half cupful of whipped cream and a half cupful of chopped nuts. Mix them well and add a teaspoonful of minced celery leaves and a teaspoonful of onion juice. Dry the peppers, stuff them full with this mixture and set them to chill. Serve the peppers sliced on lettuce leaves with mayonnaise.

such a certain labor saver. Most without looking over her shoulder and now they may be had with the least

BRUTAL ATTACK ON TORONTO WOMAN

Found in Front of Her Home in A Pool of Blood

Toronto, April 30.—Ethel Everingham, aged 33 years, was rushed to the General Hospital early this morning in a very critical condition, having been terribly cut and slashed by a knife, having received five ugly wounds on her face and about her body. The police found her in front of her home in a pool of blood. Women in the neighborhood informed the police that she had been attacked by a man in front of her home at 1.50 o'clock.

Constables apprehended William Robinson, colored, shortly after 2.30 o'clock, whom she claimed to have followed the man who attacked the injured woman pointed out Robinson to the police. Robinson emphatically denied all knowledge of the occurrence.

Ways to Serve Delicious Cereal Dainties

Home cooks do not always realize how many ways there are to cook cereals besides serving them as breakfast foods. When we are crying out for changes in the menu new dishes or new ways with old ones, why not consider cereals and learn what may be done with them? One thing that should recommend them to our notice is the price. Also the doubling in quantity when cooked.

Grits Pudding
Cool down well three cupfuls of wheaten grits and add to them a cupful each of chopped, seeded raisins and nuts chopped fine, a tablespoonful of butter, half teaspoonful of mixed spices, a half gill of honey, a half gill of maple syrup and a half teaspoonful of vanilla. Stir the pudding well and pour it into a buttered mould to cool and set. When it is chilled and firm, unmould it on a dish and cut in thick slices. Serve the pudding with whipped cream or fruit sauce. It is a simple and easily-made dessert.

Minute Puding
Bring a quart of milk to the boiling point, then stir in sufficient ground tapioca to thicken the milk. Add a little salt, sugar, a little butter and a teaspoonful of vanilla. Serve this pudding hot with cream or turn it into wet moulds, and put it aside to cool and set. Turn out and serve it with any simple pudding sauce that is liked.

Fried Cornstarch Cream
Bring two cupfuls of milk to the boiling point. Add two tablespoonfuls of cornstarch, rubbed smooth in a little cold milk. Add a saltspoonful of salt. When the mixture is thickened remove it from the fire and add to it a beaten egg. Pour the pudding into a wet mould and set it to cool and firm. When it is ready, unmould it on a plate, cut it in thick slices, dip it in flour, and fry it in hot fat. Serve this pudding hot with maple syrup.

Oatmeal Jelly
Soak one cupful of oatmeal in cold water to cover overnight. In the morning add boiling, salted water and boil the mixture for several hours, adding more water if desired. When every grain is transparent and looks jelly-like, turn the oatmeal into a wetted mould and set it to cool. When it is set, slice and serve it with soft-spread apricot jam or sweet cream.

imaginable amount of trouble. An ice-bag of heavy canvas with a wooden mallet makes it easy to prepare and the frozen ones pack and fill works while you sew, cook or nap.

OBITUARY

Mrs. George White

The body of Mrs. George White, of Santa Cruz, who died at the age of 86 in that city last Thursday night was brought to Shandon, Cal., for burial beside her husband. Mrs. Jean Blair White was born at Jacquet River, New Brunswick, Canada, January 30, 1838, and was married in 1860 to George H. White in the same house in which she was born. Ten children came from this union, four of whom are living—George of McMillan Canyon, Shandon; John White of Hawaii, Mrs. Robert M. Currie of Saskatoon, Canada, and Mrs. Jane Stocking of Santa Cruz, with whom in recent years Mrs. White made her home until her demise. The children who preceded her to her Heavenly home were Richard, David, Herbert, Jane, Beattie and Nathaniel, and her husband died when 73 years old, and was buried at Shandon Cemetery in 1905. Her remains were laid to rest beside her husband in the local churchyard April 14th, where a large concourse of friends gathered to hear the burial service read by Rev. E. W. Haney of San Luis Obispo, and a eulogy by Rev. J. H. Harrington with hymns by the local choir. The bereaved family has the deep sympathy of the entire community in their sorrow. Among those who came from distant points to the funeral were James McMillan and four daughters of San Luis, Mrs. J. Stocking and two daughters of Santa Cruz, Marion Gates and James Symons of Templeton, and Peter McMillan of San Luis. The D. C. McMillan family and other friends and relatives started out with an accident enroute.

An unfortunate and possibly serious

accident occurred on the state highway near Atascadero Sunday morning when the car in which Mrs. and Mrs. D. C. McMillan, Mrs. Dan Force, Miss Mary Ferguson and Mrs. Flora White, were coming from San Luis to Shandon to attend the funeral, was struck by another automobile pushed from the highway and turned over. Four of the party were rushed to the Atascadero hospital for immediate attention and the fifth member, Miss Ferguson, escaped with only a shaking up. After having scratches, bruises and lacerations treated at the hospital the following were able to return to their homes: Mr. and Mrs. D. C. McMillan and Mrs. Dan Force; but Mrs. Flora White was so seriously injured as to require an immediate operation from which she was resting steadily Monday night, but she was still in a very serious condition. Her entire face was discolored and fearful lacerations of the nose and mouth were suffered.

Perfidious
"Sweetheart, if you do not promise to be mine I will 'kill myself'!" the youth cried theatrically as he knelt before his lady love.

"Oh, surely you will not do that." "I will. I'll go out on your own front lawn and hang myself on a limb of a tree. Then perhaps you will regret your heartlessness."

"George, George, you must! Promise me you won't do that!"

Worth Its Price

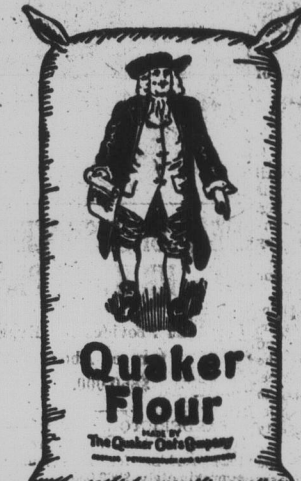

"We have cheaper teas, madam, but I think you'll find 'KING COLE' is worth its price." So said a wise grocer recently to a questioning customer. He was there not merely to serve her, but to serve her well. He might please her palate with the cheaper article but her final judgment of his service would be on the quality of the tea supplied. He wanted a satisfied customer.

This was one of the many merchants using "KING COLE TEA" in their own homes, and so he could say with sincerity: "It is worth the price."

"You'll Like the Flavor."

Hourly Test makes Quaker Best

The superior baking quality of Quaker Flour is due to the selection of the wheat and the scientific manner in which it is milled. Even more important is its uniformity.

Flour must maintain an unvarying quality to produce the best baking results.

Quaker Flour is subjected to severe tests every hour during the milling process. That is why Quaker Flour never varies in quality.

Every sack is milled the same. That is why it always bakes the same.

Quaker Flour

Always the Same—Always the Best

Every sack of Quaker Flour is guaranteed to give absolute satisfaction.

HOSPITAL DAY TO BE OBSERVED AT BOTH LOCAL HOSPITALS

PAPER READ ON LORD SHEFFIELD

Big Timothy O'Brien at Meeting of N. B. Historical Society

(St. John Globe, April 24)
James S. Flaherty, President, was in the chair at the monthly meeting of the New Brunswick Historical Society held in the National History rooms, Friday evening. A paper was read from Dr. Charles Webster, Shelburne, asking the society to name the historical sites in the province, which in the opinion of that body should have markers. The gifts included a copy of the History of the Post Office in British North America from 1689 to 1870, written by William Smith, from Arthur Webster, secretary of the Post Office Department, Ottawa and as the gift of the author a copy of the History of the Post Office in the Province of New Brunswick, written by R. P. Gorman.

The paper of the evening was read by the librarian, Timothy O'Brien having for his subject Lord Sheffield. The noble Lord was one of the first to see the value of the historical sites in the province, which in the opinion of that body should have markers. The gifts included a copy of the History of the Post Office in British North America from 1689 to 1870, written by William Smith, from Arthur Webster, secretary of the Post Office Department, Ottawa and as the gift of the author a copy of the History of the Post Office in the Province of New Brunswick, written by R. P. Gorman.

Lord Sheffield in his day was a recognized authority on commerce and agriculture. He was a great friend of the people and his efforts were aimed at the betterment of the Northumberland Militia. He was active in suppressing the riots that sprang from the conduct of Lord George Gordon in 1793. Lord Sheffield died in 1821, aged 66 years. On motion of D. H. Waterbury, seconded by Judge Henderson, a vote of thanks was passed to the speaker of the evening.

ALWAYS THE SAME
One characteristic of Gray's Ice Cream is that it is always the same. There is never even a hint of the lowering of its standard of quality. Hence its continued favoritism. Try it today. In Brick or in Bulk at Gray's Wholesale.

Public Invited To Visit Hospitals On Monday Next—An Opportunity For Citizens To Become Better Acquainted With The Great Work These Two Splendid Institutions Are Doing.

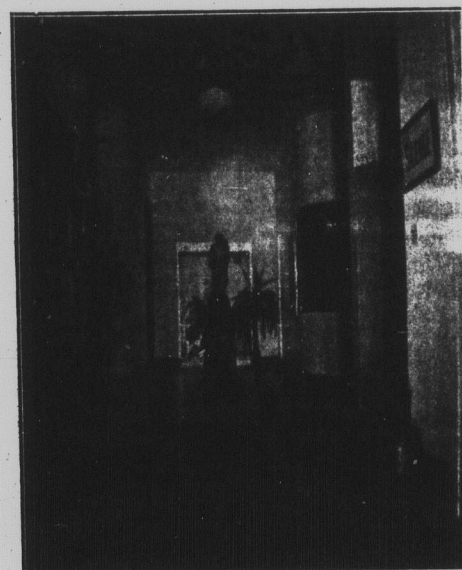

Despite the fact that it may not receive the widespread publicity that is given many other dates on the calendar of really less importance, Monday, May 12th National Hospital Day, is a day of considerable significance to people everywhere who are interested in the splendid work being carried on by hospitals through out the land and the great service they combine to render towards the promotion of health as it effects all phases of modern life.

That the interest in health and hospital work is steadily increasing is shown by the help and co-operation that these institutions are receiving and the steady progress that they are making in their work. Campbellton is no exception. Our citizens will be given a splendid opportunity to visit our two fine hospitals, the Hotel Dieu and the Soldiers Memorial, and become more intimately acquainted with the splendid work they are doing and incidentally gain a more comprehensive knowledge of the varied phases of hospital work.

At the Hotel Dieu
At the Hotel Dieu special arrangements are being made for Monday's event and everyone is cordially invited. A choice programme of music is being prepared for the occasion and many other attractions are being arranged for. A feature of the programme will be a Baby Show to which all mothers and their babies are invited. Refreshments will also be served.

The Soldiers Memorial
From the Soldiers Memorial Hospital, erected in commemoration of the soldiers of Beauséjour and the Battle of Chaleur district who made the supreme sacrifice in the world war and which completed its first year of service on April 17th, comes a cordial invitation for citizens to visit the institution on Monday. Owing to various circumstances relative to hospital work, it has not been convenient for the staff to arrange any special programme but everybody is tendered an invitation to visit the Soldiers Memorial Hospital on Monday next and take advantage of this occasion to become more familiar with the different branches of hospital work.

Reason for Pride
There is ample reason for a justifiable sense of pride on the part of citizens here over the fact that we have two such splendid institutions located in our town. Both local hospitals are modern in every respect and rank as fully standardized hospitals.

THE MAIN ENTRANCE OF THE HOTEL DIEU

tals. In point of equipment and facilities for competent hospital service both institutions are thoroughly up-to-date and the success with which they are being operated should be a source of deep gratification on the part of every resident and especially to those who have helped so generously in their erection and maintenance.

Both hospitals are equipped with an up-to-date X-Ray apparatus and Pathological Laboratories.

They maintain culinary departments serving hundreds of meals each day and all the various other departments that make for thoroughly modern and efficient hospital service. In addition each hospital has a School of Nursing where aspirants to this profession may receive careful and practical instruction.

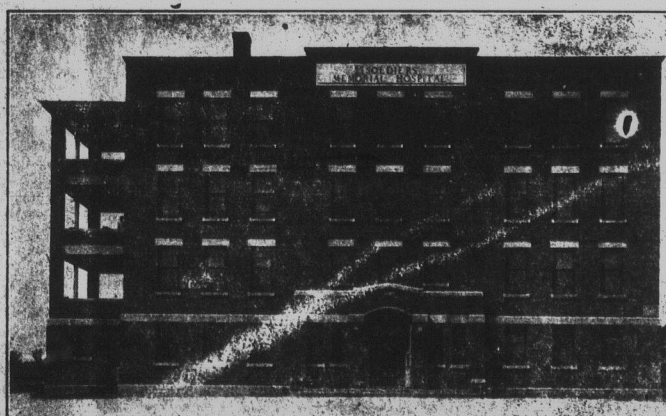

Wall Hospital Day affords people all over the United States and Canada a splendid opportunity to become better acquainted with hospital work as a vital factor in the life today. The occasion is one of dual significance for citizens of Campbellton and the surrounding country for, added to the invitation to personally inspect these

two home institutions is the opportunity to survey at first hand the splendid results of the untiring efforts put forth to keep abreast of the times. In this leading department of health work, the success so far attained has been due very largely to the sustained interest of the people throughout the Bay Chaleur county and it is to be hoped that Monday May 12th may prove that a steady continuance of this interest and support may be depended upon by those who are so usefully engaged in this splendid work.

The teachers were trying to impress on the children how important had been the discovery of the law of gravitation.

"Sir Isaac Newton was sitting on the ground looking at the tree an apple fell on his head, and from that he discovered gravitation. Just think children," she added, "isn't that wonderful?"

The inevitable small boy replied: "Yess miss, and if he had been sitting in school, lookin' at his books, he would never have discovered nothin'."

THE SOLDIERS MEMORIAL HOSPITAL FRONT VIEW

PROVED TO BE MYSTERY POISON

Man and Wife Die Following Eating of Morning Meal—Eight other Members of Family Ill but Recover.

Arco, Sask., May 6.—The uncovering of the mystery poison as arsenic was the development disclosed at the inquest here yesterday into the deaths of Robert and Catherine Mitchener, who died last week, following an attack by poison at the morning meal. Eight other members of the Mitchener family became ill after the meal but have since recovered.

The coroner's jury yesterday brought in an open verdict, which stated the deaths were caused by arsenic poisoning, contained in food, but from what source it came or by what means it entered the food cannot be determined. The theory that the poison might have come from an abandoned grasshopper bait-mixing station was destroyed when witnesses testified that it had been thoroughly cleaned out when the mixing operations were discontinued.

Hopetown

On account of not much stir and excitement, this little village has not been heard from for some time.

We are pleased to see Mrs. Chas. Dent and her little daughter home again after spending the winter in Montreal. She has the entire sympathy of the community over the loss of her husband and little son.

Mr. John E. McRae has returned home after spending some months with his daughter Mrs. David McLaughlin.

Mr. Raymond Ross has returned home owing to an epidemic which spread in the college.

We are anticipating a dance in the Orange Hall, to take place shortly in honor of some of our boys who expect to leave for the States.

A number of our young men of this place left for Niagara Falls, N. Y. some time ago.

There is yet very little improvement in the health of Mrs. Cameron Powers, but we hope when the weather gets fine it will hasten her recovery.

Mr. and Mrs. Irvin of Matapedia were last week the guests of their daughter, Mrs. Ernest McRae. The newly married couple Mr. and Mrs. Chisholm McWhirter expect to move into their new home next week. They have the good wishes of their friends and acquaintances.

CHILDREN'S PLAYGROUNDS

Many papers in Ontario are strongly advocating community playgrounds for the children. In recent years many thousands of dollars have been spent in this way by towns and municipalities all over the country and, for all the initial outlay, in some cases seemed almost to border on extravagance these playgrounds have become to be regarded as valuable assets to their respective communities.

Playgrounds are necessities of modern life in cities because of the increased danger on the streets, from electric cars and automobiles, but even in towns of Campbellton's size it is hardly fair to make the children choose between playing on the streets or not playing at all.

As time goes on there are always new matters of considerable interest and importance coming up for discussion and consideration. This may be one of them.

OLDEST METHODIST CHURCH IN CANADA
 Picton, Ontario, is to be the scene of a Methodist Conference from June 2nd to 9th. It is the 125th anniversary of the first Methodist Conference in Canada which was held in Picton in 1799. This church at Hay Bay, a few miles from Picton, is the oldest Methodist church in Canada and the conference body will visit this church on June 4. It was built in 1793 and is still in a good state of preservation.

Under the Driver's Seat

When you buy a new battery, go to a Prest-O-Lite dealer, who will prescribe the right battery for your particular car. Then wherever you go there is a Prest-O-Lite Service Station to keep your battery in perfect condition.

The battery in your car makes or mars the pleasure of driving. It is usually stowed away out of sight but it is the most important unit in your car. Without a battery your car is lifeless, with a weak inefficient battery it is crippled. But with a powerful, long-lived Prest-O-Lite, the engine leaps into action at the touch of the starting pedal, lives current flows through the spark plugs, the horn responds its warning, light floods the roadway. Prest-O-Plates the final product of the "oldest service to motorists in America" developed in the greatest battery laboratory in the World—give Prest-O-Lite batteries their power and long life.

Douglstown, Que.

Douglstown, P. Q., May 2.—A career that was notable for its long and distinguished service in the Roman Catholic Church in which he labored with unflinching zeal and devotion, almost a half century and a life filled with good works and useful citizenship came to a close on Tuesday morning, April 15th when the Rev. Father J. B. Van de Mortel, pastor of St. John the Evangelist Church, Beloeune, N. B., passed away at the Hotel Dieu Hospital, Campbellton, N. B. after a few weeks illness. In the death of Father Van de Mortel the diocese of Chatham, N. B., suffers the loss of one of its most capable and devoted servants in New Brunswick and the members of St. John the Evangelist parish mourn a pastor who was not alone a spiritual and administrative head but a shepherd to his flock in the fullest conception of the word, a sage counsellor and a discreet sympathizer. Father Van de Mortel was one of Gloucester County's leading preachers being an equal to the Rev. Father Legacy of Beloeune, N. B. (who is a French preacher) and his sermons were examples of piety, learning, clarity and brevity. He preached a practical human religion that held the interest of the congregations wherever he was preaching. Father Van de Mortel was for many years parish priest at St. Albert's Cathedral (now a parish church) in Gaspe Basin and on many special occasions occupied the pulpit in St. Patrick's Church here and was the preacher at the blessing of the Convent of Our Lady of the Holy Rosary in Douglstown, and many of our older residents still remember that great sermon and deep sorrow filled their hearts when they heard of his death. An

impressive funeral service was held at the beautiful Church of Our Lady of Snows, Campbellton, N. B., over his remains on Wednesday morning April 16th after which the body was sent to Beloeune, N. B., for burial. To his assistants the Rev. Father Barry (now elsewhere) and the Rev. Father Violet the present curate of that parish, we offer our sympathy. The untimely and somewhat severe snowfall which struck this village on Monday, April 21st was most welcome to the multitude of spring migrants which have been pouring in from the South during recent days. Their food was buried under more than three inches of snow and doubtless many a little songster went breakfastless on Tuesday.

Mrs. John Coombs and Mrs. Thomas MacGregor of Barachois spent a few days here recently as the guests of Mrs. Jeremiah Simonsau. Mr. Stanley MacKenzie who has been spending a few days in Gaspe Basin on business returned to his headquarters in Campbellton, N. B., on Wednesday morning.

Miss Annie M. McDonald has returned to Gaspe Basin after visiting her parents Mr. and Mrs. Edward McDonald.

Mr. Gurvin, formerly of the St. Maurice Lumber Co. in Gaspe Harbour, but lately with the Howard Smith Lumber Co., Sandy Beach, went up to Montreal on Monday morning and we are informed that he will not return.

Congratulations over the birth of a daughter are coming to Mr. and Mrs. Benie J. Kennedy of Douglstown. The little one was born on Tuesday, April 22nd.

At a meeting of Mount Allison University Theological Convocation held in the Methodist Church, Sackville, N. B., on Tuesday evening, April 15th, certificates were presented to the Rev. William R. Ashford, B. A., of Newcastle, N. B., Rev. Robert H. Baxter, B. A., of Westville, N. B., Rev. Mason S. Sinton, B. A. of St. John, N. B., and Rev. Jesse L. Reynolds, B. A., of Lower Small Point, Newfoundland. The Rev. R. H. Baxter, B. A. who received a certificate is well known here and is now incumbent at the Methodist Church in Cape Oro which is directly across the Bay from Douglstown.

Messrs. Patrick Droudy, Joseph Forten, Duncan Foley and Joseph Droudy left at a recent date for Northern Quebec where they have employment for the summer with a large manufacturing concern.

Mr. Napoleon Rooney spent the Easter holidays in Point-a-Navau with Mr. and Mrs. C. Fournier.

Mrs. Lachure of Rosebridge, P. Q., paid a short visit to her Douglstown relatives and friends during the week-end.

Rumor has it that the branch stores of C. and X. Kennedy situated at Fox River and Cape de Rader and owned by Messrs. Benie and Leo Kennedy of Douglstown, have been sold to parties on that coast.

Mr. Thomas Bond met with a somewhat painful accident while working at the Howard Smith Lumber Co's mill in Sandy Beach on Saturday morning having had his hand badly cut.

Mr. Walter Morris' friends regret very much to hear of his continued illness.

The funeral of the late Mrs. Henry Mahar (nee Elizabeth Finn) aged 37 who died at her home in Seal Cove on Friday evening April 18th after a long illness took place at St. Patrick's Church, Douglstown on Monday morning the 20th inst. and thence to the Roman Catholic cemetery where interment was made. The remains were followed to their last resting place by a large number of friends and relatives from Seal Cove, Brilliant Cove and Douglstown. The Requiem High Mass at the Church and the prayers at the cemetery were said by the Rev. Father G. E. Hyles, P. P. She leaves to mourn her death besides her husband several sons and daughters, her aged mother, Mrs. John Finn, one brother, Mr. Patrick Finn, both of Seal Cove and two sisters, Mrs. Robert Ellement of Montreal and Mary Ann who is a member of a religious community in the United States. To the sorrowing family we offer our sincere sympathy.

Miss Florence Briand arrived here last week from Gaspe Basin to spend the summer in the village.

Mrs. Frederick Langley of Point-a-Navau has been the guest of her brothers Messrs. Donald and Thomas Rooney at her old home here.

Rev. Sister St. Ursula, formerly of the Ursuline Community, Rimouski, P. Q., has been transferred to the convent of that order which will be at Gaspe Basin and will arrive here some time in the summer.

Mr. J. Olive Briand was a visitor to Gaspe Harbour and York Centre during the past week. While in Gaspe Harbour he was staying at Mr. John LaCrosse.

Mr. and Mrs. Sydney Rooney went to Seal Cove on Monday morning to convey the body of Mrs. Henry Mahar who is an aunt of Mrs. Rooney to the R. C. Church here.

Mr. James H. Morris Station Agent

Campbellton, N. B. May 8th, 1924

OUR VISITORS

According to an exchange, all present indications point to a larger influx of summer tourists into Quebec this year than the province has ever received. The Province of Quebec Tourist Association as well as the different Automobile Clubs of the province are leaving nothing undone to aid this very desirable movement and to be useful to the visitors in any way they can.

That a very fair percentage of this traffic may find its way down through the beautiful Matapedia Valley and along both sides of the Bay Chaleur is not only hoped for, but expected. Despite the fact that the Bay Chaleur district has been given very little advertising of a nature that would reach and attract tourists, the North Shore of New Brunswick and the scenic Gaspé Peninsula are yearly becoming better known to travellers in search of a pleasant vacation land. Compared with the great harvest being reaped from tourist trade in numerous other localities, however, the actual return from summer tourist business in this district is rather small, when the possibilities are taken into consideration. This is due almost entirely to lack of advertising of the right kind and lack of preparation.

One thing is certain, should the influx of summer visitors to the different resorts along the Bay Chaleur prove disappointing in numbers or should those who come be in any way dissatisfied with their visit, the splendid and varied attractions of the district will not be to blame. Not anywhere will the vacationist find a greater variety of attractions or opportunities for delightful outdoor recreation than those which Northern New Brunswick and her sister territory across the Bay are possessed of. Here the opportunities

for rest and exhilarating out-door life are delightfully merged while the catalogue of attractions abounds with adequate variety to dispense with the possibility of a single monotonous day. The wealth of scenic beauty, while possibly somewhat commonplace to the year-round resident, holds a charm that retains a permanent fascination for the visitor.

It remains only for those directly interested in the traffic of pleasure and health seekers to make adequate preparation for the visit. Well-to-do tourists always bring money to spend for comforts and enjoyments but the hotel accommodations and other service they desire must be up to the standard they expect. It will pay the country and all those interested in this growing summer business to make every possible preparation.

LEST WE FORGET

Besides affording citizens an opportunity to become more familiar with the various phases of hospital service and the work of such institutions as a vital factor in modern life, Monday May 12th, National Hospital Day, should serve as a reminder to citizens of the cost in effort, time and money at which our two local hospitals were erected and equipped and are being operated. Campbellton has every reason to be proud of its two splendid hospitals but not even justifiable pride nor satisfaction should be permitted to cause any lack of sustained interest in their behalf or slackening of effort in furthering the splendid work that is being carried on.

Probably a fitting tribute has never been paid our local physicians or the personnel of these institutions who bear the responsibility of "carrying on". Although unvoiced there is little doubt but such a tribute—possibly apparently too flattering for convincing utterance—is in the minds of all those who realize the importance of the work. One way to manifest our gratitude will be to pay a hearty interest on Monday and to respond in generous manner to the opportunity which will be extended to the public through the medium of Tag Day of helping to fund the hospital funds and thus aid in maintaining the splendid record of progress which has been established in the past.

PLANTING TIME

With the arrival of spring the planting season is again at hand. All over the Dominion in towns and villages thousands of trees will be planted within the next few weeks and another annual contribution thus made towards beautifying our country which is always so responsive to the cultivator's efforts.

Considering the loss of our ornamental trees through the fire of 1910 the planting of suitable shade trees

along residential streets and in other parts of the town is something that should greatly interest the citizens of Campbellton. Probably nothing would make such an evident improvement in the appearance of the town as an abundance of nice shade trees.

The present is the only time to sow. There is no excuse for not planting trees because they take a long time to grow. It takes a long time to save money, but the massed savings of the people of this country invested in bank accounts, homes and life insurance, form the bulk of Canada's wealth. As we are thrifty with our money, so let us be with our trees. Most of us "turn over a new leaf" at New Year's. The spring, with its revival of life both in nature and in business is an equally opportune time for good resolutions. If we have not already done so, let us start a bank account with nature this spring by planting a few trees. The dividends of such a venture are assured.

EDITOR'S MAIL

To the Editor of the Graphic, Campbellton, N. B.

Dear Sir:

The Saviour when on earth prayed that his people might be one again by suffering on the cross. "Father forgive them for they know not what they do." Do those people who are obstructing the Union movement know that their action in applying to Parliament to obstruct or hinder the forward movement of the three negotiating denominations are kicking against the gods. The Church many years ago through many trials and afflictions freed itself from the power of the state and became a body corporate to carry on the work of the Church in anyway it saw fit and best to advance the Kingdom of God on the earth to reach out the arms of faith and love until it embraced all nations.

Some 22 years ago three denominations saw that more and greater work could be done with less money, and so they decided to unite. If the state should refuse to pass the Church bill, (which I don't think they will) the next general election would have to be fought on church and state lines, and all that has been gained, lost to the church.

Until of late the controversy between the two parties was confined to the church papers, and as few people take church papers, many were ignorant of the history of the move for union, from the start and were easily influenced by statements set out in the secular papers which were not according to facts. I have attended Presbyterian Synods and General Assemblies since union was first mentioned and am in a position to know what I state on this most solemn and important matter.

I would ask the opponents of union if the name of any church is of greater importance than the cause for which the church has been working, viz. The Kingdom of God on the earth. The talk of coercion. Is it not a case of the minority coercing the majority. They say the thing has not been gone about in the right way, but they have never shown any other way, only obstruction.

If space would permit I would be glad to show the way, but for the meantime let me say that it has 22 years of kindly pleading and Christian forbearance on the part of the advocates of union. A vote has been taken in nearly every congregation in the land, time and again, every time strong in favor of union. Union is on. The people are behind it. The Master is leading and gates of Hell cannot prevail against it.

Surely those people who charged their Presbyterian brothers with coercion and aiming to upset all the civil and religious institutions in the world, as E. Scott in his letter to the Tribune has set forth. If E. Scott sincerely loved the Presbyterian

Church he would be sorry indeed to convey to the world that the church has brought up men of like character. I may say it was assumed at the Tribune Editor, being a Presbyterian himself, to print and send to the public such a letter, as E. Scott's. Again in another very acrimonious letter, I don't know if author, he says the people that don't enter the union church will be wandering about as sheep having no shepherd. Is it not true in this case of sheep trying to lead the shepherd? What would happen to those wandering sheep when union is fairly consummated. They would have the same church, only a different name, the same minister, and if they were calling another, the same privilege of choice they ever had. Now Sir, if they stayed away from church it surely is no fault on the part of the union movement.

Yours truly
 JOHN DICKIE,
 Point La Nim, N. B. May 5, 1924:

WEDDINGS

Kirby-McIsaac
 Miss Annie McIsaac, Sydney, N. S. who spent sometime in Campbellton last summer the guest of the Misses Marie and Gertrude Thompson of the St. Louis Hotel, and who made so many friends in Campbellton, was married on April 29th, to Mr. F. L. Kirby of Sydney, N. S. The Sydney Post of May 1st, described the wedding as follows: "One of the prettiest and most novel weddings ever witnessed in Sydney was solemnized in a suite of rooms facing the harbour on the third floor of the Ross Hotel on Wednesday afternoon at four o'clock when Miss Annie McIsaac, second daughter of Mr. and Mrs. J. R. McIsaac, Bay View Street, became the bride of Mr. F. L. Kirby, formerly of Toronto but at present residing in Sydney.

The ceremony was performed by the brother of the groom, Rev. G. J. Kirby, who came to the city from Toronto for that purpose, assisted by the Rev. D. M. MacAdam, under an arch of fern from which hung a beautiful wedding bell of white flowers and green foliage. A very pretty altar covered with white, before which was placed two white satin cushions added a touch of the church atmosphere to the room. The groom, who ten days ago underwent a serious operation was convalescent enough to stand during the ceremony which was made as short as possible on his account. The bride looked very attractive and dainty in a pretty wedding gown of powder puff blue crepe de chene and small grey hat with touches of blue, and grey streamers. A very effective scarf of blue and grey crepe de chene and a beautiful bouquet of white roses and lilies of the valley completed her very pretty costume.

The bridesmaid, Miss Gertrude Thompson of Campbellton, was also very attractively dressed in grey canton crepe heavily beaded with crystal and wore a picture hat of grey trimmed with loops of blue velvet ribbon. Her bouquet was pink roses. Mr. Donald McIsaac, brother of the bride was best man. At four o'clock the bride arrived at the hospital and ascended the stairs on the arm of her father to the strains of Lehengrin's wedding march played by Mrs. P. D. McNeil on an organ furnished especially for the occasion. Mrs. MacNeil wore a pretty gown of blue canton beaded and a blue satin hat with touches of rose and drapings of lace.

A small number of the most intimate friends of the bride and groom witnessed the ceremony, together with the hospital staff of nurses and Rev. C. Landry, Mrs. McIsaac, Mrs. Kirby who also came to the city to attend the wedding, Miss Sarah McIsaac and Miss Stephanie McIsaac.

VISIT THE Hotel Dieu Hospital on MONDAY, MAY 12th

CAMPBELLTON surely has reason to be proud of its Hospitals and of the great work they are doing for the people of this community.

Surely you will want to visit the Hospitals next Monday.

OBITUARY

Mrs. Thomas Kerr
The death of Mrs. Thomas Kerr
occurred at her home on Water Street
on Sunday morning last. The de-
ceased who was in her sixteenth year
leaves a husband to mourn her loss.
The funeral service was held on
Tuesday morning Rev. Father Malan-
son officiating.

James Bernhart
The death of Mr. James Bernhart,
an employee at the C. N. R. Round
House, occurred on Sunday morning
at the Soldiers' Memorial Hospital
after four days illness from pneu-
monia. The deceased was about fifty
years of age. The funeral was held
Tuesday afternoon. Rev. I. W. Wil-
lamson officiated in the absence of
Rev. W. Camp.

Mrs. Margaret E. Dempsey
A dark shadow hung over our
home on Wednesday April 23rd at
9 o'clock p. m. when our dear mother
Mrs. Margaret E. Dempsey wife of the
late Patrick P. Dempsey passed
peacefully to rest. She is missed by
all who knew her, she leaves to mourn
six daughters, Mrs. L. W. Clark of
New York, Mrs. Stella Finn of St.
Louis, Mo., Mrs. Ethel Conley of
Portland, Me., Mrs. Nellie Duplacy,
Mrs. Maud Grey, Mrs. Julia Halligan,
all of Jacquet River and also six sons
John, Albert, Miles, Paul, Wallace
and Thomas all of Jacquet River.
The funeral took place on Friday
April 26th at 9 o'clock a. m. The
Requiem was sung by Rev. Father
Trudell at St. Gabriel's Church, Jac-
quet River.
The pall bearers were Albert Dup-
lacy, Walter Grey, John Dempsey,
Miles Dempsey, Wallace Dempsey and
Paul Dempsey.

Mrs. Marjorie Gilker
Died April 21st 1924 at the home
of her daughter, Mrs. Patrick Haley
Portland, Ore. Mrs. Marjorie Gilker
wife of the late Wm. Gilker, of
Millstream, Que. The deceased was
in her 59th year and until about six
months ago had been in good health.
She leaves to mourn her loss two
sons and four daughters, thirty-six
grand children, three sisters who re-
side in Maine. The sons are William
of Oldtown, Me., Charles of Camp-
bellton. The daughters are Mrs. Ed-
ward Firth, Robinsonville, N. B.,
Mrs. Thomas MacDonnell of Sydney
Island, Mrs. Patrick Haley, Portland
Ore., Mrs. Edward Young formerly
of Campbellton. Her husband pre-
deceased her eleven years ago. Her
death will be mourned by a large
number of friends and relatives. The
funeral took place April 23rd, at
Mount Calvary Cemetery, Portland,
Ore.

PUTS HEALTH AND VIM INTO WOMEN

So Says Mrs. MacPherson of Lydia E. Pinkham's Vegetable Compound

Brantford, Ontario.—"I was always tired and the least exertion would put me out for a day or two. I had a pressing pain on the top of my head, gain in the shape of my neck, and when I stooped over I could not get up without help, because of pain in my back. I did not sleep well, and was nervous at the least noise. I kept house, but I was such a wreck that I could not sweep the floor nor wash the dishes without lying down afterwards. A friend living near me told me what Lydia E. Pinkham's Vegetable Compound had done for her so I began to take it. With the first bottle I felt brighter and got so I could wash dishes and sweep without having to lie down. Later I became regular again in my monthly terms. I have taken ten bottles all told and am now all better. I can truly say that your wonderful medicine cannot be beaten for putting health and vim into a woman."—Mrs. JAMES H. MACPHERSON, 389 Greenway St., Brantford, Ont.

If you are suffering from a displacement, irregularities, backache, or any other form of female weakness write to the Lydia E. Pinkham Medicine Co.,

Colony, Ontario, for Lydia E. Pinkham's Private Text-Book upon "All the Peculiarities of Women."

ALL THE NEWS

DALHOUSIE, THURSDAY, MAY 9, 1924

EVERY WEEK

PERSONAL NEWS

Rev. R. J. Coleman of Dalhousie is attending the 55th session of the Anglican Synod of the Diocese of Fredericton this week. He is accompanied by his daughter Miss Mary Coleman. They are the guests while at the capital of Mrs. J. A. Reid, 56 Waterloo Row.

The ladies of the Hospital Aid Committee of Dalhousie met at the Rectory on Tuesday evening, where they were nicely entertained by Mrs. Coleman.

Billie Williams, the popular little newsboy at the shiretown, took a holiday on Saturday. He spent the day at Dalhousie Junction, where he is the guest of Mr. and Mrs. Nicholson.

Mrs. F. B. Bernard, Montreal, spent a couple of days in Dalhousie recently, she was the guest of her parents Mr. and Mrs. Joseph Cameron. She was on her way to Richibucto and Moncton, to visit her husband's parents and friends. Mrs. Bernard was accompanied by her little daughter, Margaret Wanta.

Mr. Bernice Delaney spent Sunday with his family in Dalhousie.

Mr. and Mrs. Frank LeBlanc, who made many friends during their stay in the shiretown, have gone to reside in Campbellton. Mr. LeBlanc, who has been for many years in the employ of the C. N. R. finds Campbellton more to his advantage as a railroad employee.

Mrs. Charles Dalton, Campbellton was a recent visitor to town, and was the guest of Mayor and Mrs. Montgomerie.

A New Brunswick boy who is forging ahead in Mr. E. L. Lenoir, who formerly lived in Dalhousie. He was recently transferred from Montreal to take charge of the large branch business of "The Canadian Swift Co., Ltd." at Windsor, Ont. Mrs. Lenoir, who went out to Windsor a few days ago with her four children, is delighted with the place.

The many friends of Mrs. Wm. Doherty will regret to learn that she has been quite ill for several weeks. She is improving much to the pleasure of her friends.

Mrs. Eliza Gould, accompanied by her daughter, Miss Ida Gould, Mrs. Gould's daughter, Mrs. H. Leowell and little son William, paid their Campbellton friends a very enjoyable visit recently. While in Campbellton Mrs. Gould, who has been afflicted with her right arm, consulted Dr. Couture with satisfactory results.

Mr. Daniel McAlister, Jacques River, was in town recently and registered at the "Queen".

Mr. Frank McEvoy, Sydney, N. S. was a recent visitor to the shiretown.

TO ORGANIZE NEW GERMAN BANK
Sir Robert Kindersley, well known British financier, has recommended in the Dawes Reparation Report. He is a director of the Bank of England and chairman of Lazard Brothers, one of the most important private banking firms in England. He was knighted in 1917 for his war work.

WILL ESTABLISH RADIO EXPERIMENTAL STATION
Schomedy, N.Y., May 8.—The General Electric Company plans to erect in this vicinity during the coming summer a \$150,000 radio experimental station. It will be in operation for two years, will continue entertainments and educational programmes, it was said, while the new station, not yet licensed, will be given over entirely to experimental work.

Use the Want Ad. way

DALHOUSIE IS STILL HOPEFUL

ABOUT C. N. R. SUMMER HOTEL

Expect Definite Word Will be Received in The Near Future—Efforts to Maintain Strong Interest in Tourist Business and Its Possibilities.

Dalhousie still has hopes of being chosen by the C. N. R. authorities as the location for the proposed large summer hotel which, it is still believed, will be built at some point along the Bay Chaleur in Restigouche County.

Forty years ago, the Tourist Association of the County of Restigouche, in a practical manner by the erection of the "Inch Arran House" with its 142 large airy rooms and its dining room that could easily accommodate two hundred guests and its broad veranda (14 ft. wide), its pool and billiards and bowling alleys, also swings, lawn tennis, clock golf, quoits, croquet and other amusements. The fine beach in front containing eleven bathing houses, its natural attraction for tourists, was calculated by the late Sir John A. Macdonald and other great men, the citizens of the shiretown, "Canada's Great Summer Resort," the citizens of the shiretown, Restigouche Co., have every reason now to boost their quaint little town, when the newspapers everywhere, are giving so much space to the Tourist movement, and the Tourist Associations are being formed in all directions, to advertise each place that has natural attractions for to interest the city folk, who wish to spend a vacation near the salt water.

That Sir Henry Thornton will make an announcement in the near future as to the policy the C. N. R. will adopt on the Hotel question, is pretty well assured, if what was said at the last meeting of the N. B. Tourist and Resources Association, held in the city of St. John, N. B., is any criterion by which an opinion can be formed.

That the Co. of Restigouche occupies a very favorable geographical position at this stage, and has so many large natural attractions, which would make it a very desirable place to build with prospects of success, speaks loudly for the great future that is in store for our people.

No doubt the all important question to decide is the location. Four such interesting sections as Chazoy, New Mills, Black Point and Jacques River, the town of Dalhousie has strong competitors.

It is right thinking people, that the large C. N. R. Hotel be erected, where it is certain that strangers coming from all parts of America, will find a complete variety of outdoor pastimes, and conveniences of churches, stores, mails, electric light, safe sidewalks, etc. etc.

In the humble opinion of your correspondent, who always endeavours to give a square deal, what is missing in Dalhousie at present, and which might injure the chances of the shiretown in future plans, is the fact that our citizenry do not take sufficient pride in their homes.

If every owner of his home in our town would at once make plans to paint the exterior of his dwelling and whitewash all the outbuildings, what a fine impression the stranger would form of the place. Any man can paint his own house. The people must not depend entirely on their Town Council or on the Tourist Association to advertise our attractions. Each person can help in the great movement, which if properly carried out, will ultimately bring thousands of dollars to the county and to the whole North Shore.

A few years ago two New Brunswick politicians were on a visit to River-du-Loup, P. Q., on an important public question. While waiting to meet a third politician, who was expected on the Temiscouata Railway, a trip around the town was made. On the return to the Hotel, one of the committee, who resided in a small town in the central part of N. B. said to the other, "Well if our visitor fails to come our trip will not be lost. What I have seen today repays my trip to this pretty Quebec town. I notice that every building is either painted or whitewashed. There is a flag staff on a great many places. The sidewalks are safe and the streets are so clean. I will have something to tell our people when I return home about what I saw and admired in River-du-Loup." The favorable impression that was left on the mind of the distinguished New Brunswicker on that occasion, is exactly the same idea that would impress any visitor coming to Dalhousie, the pretty little town on the North Shore.

OBITUARY
Mrs. Johnson
The news of the death of Mrs. Johnson, wife of the late H. A. Johnson, who for many years was Secretary Treasurer for the County of Restigouche, and Postmaster at Dalhousie, N. B., which occurred at her home in Dorchester, Mass. on April 29th, after a long illness, was heard with feelings of profound sorrow.

The late Mrs. Johnson, who kept up a regular correspondence with some of her old Dalhousie friends and neighbors, will always be remembered for her kindness of heart, and the new of her death written by one of her daughters, to an old neighbor and friend in Dalhousie, was heard with great regret.

Previous to coming to the shiretown, the Johnson family lived in Black Point, Restigouche Co., N. B., and those who were acquainted with the deceased lady, will extend their sympathy to her sons and daughters in their sad bereavement.

Wm. Murphy
Mr. Wm. Murphy, who for many years was in the employ of the Intercolonial Railway, and who retired after a long period of faithful service, to settle on a farm, at Shannonville, Restigouche Co., passed away on Friday last at his home, after a few weeks illness at the age of 69 years.

The deceased had not been enjoying good health for some time, but was seen recently about town, and his death came as a surprise to his many friends and acquaintances. He was a very industrious man. He is survived by his wife, who was formerly Miss Ellen McGovern, two daughters, Miss May, teacher at Maple Green, and Miss Loretta, at home. Two sisters survive. Sister Seraphine of the convent of Our Lady Immaculate, Dartmouth, N. S. and Miss Sarah Murphy of Edmonton, Alta. The late Wm. Murphy was a brother of the late Thos. Murphy, who succeeded his father, as owner and manager of "Murphy's Hotel," which was so well known on the North Shore of N. B. The funeral took place on Monday morning to the R. C. Church in Dundas, where a High Mass of Requiem was celebrated by Rev. Father Sivret. The pall bearers were James Wright, Alex. McDonald, Donald Campbell, Thomas Elstiger, John Brown and James Allanhan. Interment was made in the Dundas R. C. Cemetery.

The Easter services in the Church Imperial, N. S. on Sunday were 50th largely attended the Rev. R. A. Patterson officiating. In the morning in addition to the regular service Mr. Daniel MacDonald and Mr. Alexander Hart were elected two new elders and quite a number of new members joined the church. Baptismal and communion services were also held. Special music by the choir was rendered in the evening. In keeping with the occasion the church was beautifully decorated with a profusion of plants and Easter flowers.

The Rev. R. A. Patterson who is incumbent at the United Church in Imperial, N. S. is well and favorable known in Dalhousie, N. B. as it will be remembered that during the winter of 1922 before the arrival of Rev. Edward J. Shaw from Barnaby River, N. S. the Rev. Mr. Patterson acted as pulpit supply to St. John's Presbyterian Church in the shiretown for several Sundays. He is a graduate of Pine Hill College, Halifax, N. S.

LOCAL NEWS

The Dalhousie friends, of Miss Mary Lawlor, who was assistant registrar during the first months, that Mrs. Harriet Mobb, was made registrar of Wills and Deeds for the Co. of Restigouche, will extend their sympathy to her and to the other members of the family, on account of the death on Friday last of her father, Mr. J. Rogers Lawlor, Registrar of Deeds and Wills, for Northumberland Co., N. B.

WHIST PARTY
A very enjoyable whist party was held under the auspices of the W. C. L. of Dalhousie on Thursday evening May 1st, at the home of Mr. and Mrs. Fred Basque. The prize winners were Genls 1st Mr. Joseph Elstiger, George Gauthier 2nd. Ladies' First Mrs. Vincent Harquail, 2nd, Eva Gallen. Delicious refreshments were served. The members of the W. C. L. are grateful to Mr. and Mrs. Basque and to their daughter, for the great interest they took in making the Card Party a splendid success in spite of the heavy rain storm on Thursday evening.

SUCCESSFUL WHIST PARTIES
Two very successful whist parties were held recently under the auspices of the Ladies' Farmers' League at Bonaventure, Bay of Chaleur. With the sale of Baskets and Pies at the last card party, the handsome sum of \$347.40 was realized with the two Whists. Many prizes were given by generous persons, and they were presented by Rev. E. Plourde, colonization missionary, assisted by Mr. C. Forest.

BAZAAR
The Don Bosco Bazaar, including a big lottery, to assist the Institution for the Deaf, for the orphan, was patronized by several people of Campbellton, Dalhousie, Est River and Bay Chaleur parishes. Miss Zoe Arsenault, Bonaventure was the lucky winner of the \$5.00 Gold Prize, and Mrs. Edme Levesque Sr., of Mont Joli, P. Q. got a wrist watch. The youngest child in the institution selected the tickets before many friends and benefactors of the Institution. The drawing, took place on April 30th.
