## BELL TELEPHONE COMPANY CUTS THE CONNECTION WITH BYRON

A Disagreement Has Arisen Regarding the Rates To Be Charged, and Also the Service To Be Provided By the Rural Company.

The Bell Telephone Company declared war on the Byron Telephone Company pesterday by cutting the connection. As a result people in both the city and country are inconvenienced today, and will remain so without any relief until some adjustment is made between the rural line and the Bell or until the railway commission orders the Bell Company to resume service.

For some time there has been a working arrangement between the two companies, though neither side seems to have been satisfied. There was no night service, and on Sundays there was practically no service, a condition for which the Bell Company blamed the rural line. The latter claimed that the Bell Company should have provided a larger switchboard at Byron, and then there was a difference of opinion as to rates.

Agreement expired June 30, and in anticipation of a renewal the Bell Company framed a new agreement, calling for a 24-hour service, but insisting upon a ten-cent call rate from Byron in place

The Later—It has been announced that the Bell Company framed a new agreement, calling for a 24-hour service, but insisting upon a agreement being reached.

For thirty-five years (and I am now a man over seventy) I have been a terrible sufferer from Constipation. No matter what remedy or physician I employed, the result was always the same—impossible to get a cure.

About two years ago, I read the testimonial of Hon. John Costigan regarding "Fruit-a-tives," and I decided to give this fruit medicine a trial. I have used "Fruit-a-tives" ever since. They are the first and only medicine that suited my case. If it were not for "Fruit-a-tives," I am satisfied that I could not live. "Fruit-a-tives, could not live.

The liver controls the bowels by giving up enough bile to make the bowels move. The only possible way to cure constipation is to make the liver active and healthy and thus store up sufficient bile to move the bowels. "Fruit-a-tives" acts directly on the diver—insures an abundance of bile—and causes the bowels to move regularian and naturally. 50c a box, 6 for 50, trial size, 25c. ### **BABY MURDERED** AT SANDWICH WEST

Body Found in River With Brick Tied

to its Neck.

Windsor, Ont., July 3. — Coroner Labelle was called to Sandwich West today to investigate the circumstances in connection with the finding of a baby's body in the Detroit River at the head of Fighting Isiand, eight miles down the river, yesterday.

The child, a girl, had been in the water for perhaps two weeks, and the remains were in a much decomposed condition, but the coroner had no hesitancy in declaring it his belief that the little one had undoubtedly met with violence. Around the neck was a piece of string, to which was attached half a brick. A newspaper around the body was so much washed away as to make the date indistinguishable. No evidence or clue of any kind was found, and the body was interred this evening at the expense of the township.

## July Sales

Looks as though the bargain crop would be abundant this month and would yield handsome profits to shrewd investors, but just like the harvest of every crop, the choicest fruits are gathered first. Towards the end of the picking the berries get smaller. Just so with the crops of special sale merchandise, the so-called big plums are picked up right at the beginning of the sale.

July starts off this week with two notable events: a big Cotton and Linen Sale and a big clearance of high-class Carpets and Rugs, besides our mid-summer clearance of millinery. And in the Men's Store, Two-Piece Summer Suits at \$5.60 and \$13.75, worth from \$10 to \$25 each. This store has grown to the size where big quantities can be handled. and at this season of the year manufacturers with balance of season's output or stock lots seek the store where such can be placed, which saves them the expense of peddling it out in little lois to the small dealers here and there. In this way much merchandise comes into this store at less than the cost of production, which makes people question---How can they be sold so cheap? But though such lines are sold at half regular prices, we make our legitimate profit and the maker is glad to unload, and the customers are glad to buy what they want at half what they expected to pay. An example of this is demonstrated in the purchase of a manufacturer's output of shirts this season, 1,900 regular \$1 and \$1.50 shirts which we were able to sell at 69c each. Only 200 left of these.

## Ladies' Golf Coats for the Lakeside

Boating, driving, motoring or any outing or sport you may indulge in; to Muskoka or any summer boat trip you may take the Knitted Golf Coat is the most useful and the most conveniently carried extra garment you can have. When not needed pack it in your satchel, throw it over your arm, sit on it, use it as a head rest-you cannot injure it. Take one of these Coats when you go on your vacation or to the lake; it will give you more comfort than any outer garment made. We show a splendid assortment at popular prices, each \$1.85 to \$4.00.

Ladies' Golf Coat, in white, cardinal, gray and fawn, fancy Ladies' Golf Coat, in cardinal, white, navy, gray and dark fawn, fancy knit; wide and narrow weave, patch pockets, edges and bottom finished with plain knit band. Price. \$2.75 Ladies' Golf Coat, 40 inches long, in white, navy, cardinal, fawn and tan, fancy knit; a very useful length to wear over your thin lingerie dress for cool evenings; takes the place of the cloth coat, is cooler and more comfortable for summer wear Ladies' Ready-to-Wear—Second Floor.

## July Sales

Looks as though the bargain crop would be abundant this month and would yield handsome profits to shrewd investors, but just like the harvest of every crop, the choicest fruits are gathered first. Towards the end of the picking the berries get smaller. Just so with the crops of special sale mer-chandise, the so-called big plums are picked up right at the beginning of the sale.

July starts off this week with two notable events: a big Cotton and Linen Sale and a big clearance of high-class Carpets and Rugs, besides our mid-summer clearance of millinery. And in the Men's Store, Two-Piece Summer Suits at \$5.60 and \$13.75, worth from \$10 to \$25 each. This store has grown to the size where big quantities can be handled, and at this season of the year manufacturers with balance of season's output or stock lots seek the store where such can be placed, which saves them the expense of peddling it out in little lois to the small dealers here and there. In this way much merchandise comes into this store at less than the cost of production, which makes people question---How can they be sold so cheap? But though such lines are sold at half regular prices, we make our legitimate profit and the maker is glad to unload, and the customers are glad to buy what they want at half what they expected to pay. An example of this is demonstrated in the purchase of a manufacturer's output of shirts this season, 1,900 regular \$1 and \$1.50 shirts which we were able to sell at 69c each. Only 200 left of these.

Serious Accident.

[Canadian Press.]

New York, July 4.—New York's first "Safe and Sane Fourth" started out most encouragingly. Up to an early hour this morning no reports had been received of any gunshot or fireworks wounds. Only one hospital had sent a request to the health department for tetarius antitoxin, and his request, it is said, was merely a precautionary measure. A feature of today's celebration was the reading in all the city's public schools of a letter by Mayor Gaynor, in which he tells why the Američans celebrate the day. It is, he says, "lest we forget this is a free country; that no official in this country, however high, can exercise any arbitrary power whatever; officials can only do what the laws empower them to do; that the people we any arbitrary power whatenpower them to do; that the people

Skeeters' Mistakes.

Baltimore, July 3.—Errors by Abstein and Roach were in a great measure responsible for the Jersey Citys' defeat today. Both Jones and Vickers pitched today. Tonneman was chased to the bench in the eighth inning by Umpire Halligan for kicking. Score:
