Many More Young Canadians Needed To Help Whip Germans.

SERIOUS TURMOIL IN SPAIN: GOVT. SUSPENDS GUARANTEES

Internal disorders and widespread strikes in Spain have been reported at intervals during the last year. In December a general strike of 24 hours was called by the labor organizations as a protest against the increased price of food. In January rioting and incendiarism at Saragossa were reported. Last summer the railway employees struck, and for a week Spain was under martial law.

THE WAR SITUATION

The Germans are striking back in Champagne in a determined effort to divert General Nivelle from his ceaseless pounding at the base of the shrunken Hindenburg line. The scene of the counter-offensive launched by Field Marshal von Hindenburg, about a 15-mile front, starting about 15 miles east of Rheims. Attacking in force in this sector the Germans have driven the French from some of their advance trenches, but have failed so far to make a serious impression on the defenders' lines.

IRON RING CONTRACTING.

In the meantime the iron semi-circle which General Nivelle has thrown around the southern half of the great St. Gobain plateau is steadily contracting. If the French maintain their present rate of advance it can only be a matter of a very few days before the entire plateau is in their grasp, removing the last great natural barrier to Leon.

The British are moving forward steadily to the north, but the fact that they are capturing villages with cavalry indicates that they are not yet in contact with the main German forces. The most advanced British outposts are still ten miles from the Cambrai line, where Allied observers have assumed the Germans propose to make their real stand.

EXPECT BIG RETREAT.

Military critics in Paris and London believe that the present German retreat is only part of the plan for a retirement on a commanding position to the north. In support of this theory it is pointed out that the withdrawal from the Noyon and Bapaume salients is rapidly forcing the whole German line into the form of an immense right angle. The upright of this angle runs north and south for 120 miles from Neuport on the Belgian coast to Leon. The horizontal runs for about an equal distance north to the Lorraine border. It is at the apex of this angle that General Nivelle is boring his way, threatening to cut the forces of the invaders squarely in two.

Sub Sinks Vessel, Takes Captain, Then British Take Sub

Washington, D. C., March 29.—The British bark Neath from Mauritius for Havre with sugar, was torpedoed without warning at 8:45 a.m. Tuesday, 28 miles southeast of Pointe, according to state department reports today. Two Americans were aboard.

The message in part was conflicting. It said that the captain of the Neath was taken as a hostage by the submarine, but afterward stated that the captain was killed yesterday afternoon at Queenstown. No explanation for the apparent discrepancy was given.

CAPTURED THE SUB.

Washington, March 29.—Capture by the British of the submarine which destroyed the Neath and the consequent release of the captain was suggested by naval officials as a solution of the discrepancy in the dispatch.

The captain was made prisoner of the Neath's crew and taken to Queenstown. Neath's captain landed at Queenstown.

CHARGE OF MURDER HAS NOW BEEN LAID AGAINST C. HOWARD

Detroit Detective Took Action at Noon.

WILL ASK EXTRADITION

Additional Charge of Theft Is Also Laid Against the Prisoner.

Information charging him with murder and the charge against C. R. Howard, alias Robert Rogers, alias Harvey Lowmyer, who is now a prisoner at the post, is the latest in a series of charges against him. He has been confined since his arrest on Sunday night by Detectives John A. Reid of the Detroit police force, laid the information before the police in the act of tapping a wire at the corner of Warren and Grand River avenues in the American city.

Howard is charged with the murder of Patrolman Emil Schmidt of Detroit on the early morning of Tuesday, 28 last, the patrolman being shot to death by a man believed to be Howard, who was caught by the police in the act of tapping a wire at the corner of Warren and Grand River avenues in the American city.

Admits Wire Tapping.

Howard has admitted to the detectives that he tapped the wires, but refused to admit he knew anything about the murder.

He agreed to return to Detroit on condition that he would be proceeded against on the minor charge, but in this assurance could not be given, and as a consequence extradition will be necessary.

Extradition would have been necessary even in the case of a minor offense, as Howard claims to be a Canadian citizen, and consequently could not be deported, as the American government would decline to consider deportation of a Canadian citizen.

Witnesses Will Be Heard.

Howard will appear before Judge Continued on Page Three.

MIDNIGHT GALE RIPS AND RAZES AT TILLSONBURG

Hurricane Lifts Part of the Linen Mills Roof.

KILLS STOCK AT BELMONT

Big Barn in South Dorchester Goes Over, With Heavy Loss.

[Special to The Advertiser.]

Tillsonburg, March 29.—Shortly after 11 p.m. last evening, a hurricane struck the town, which lasted only 4 or 5 minutes, but left hundreds of dollars' worth of damage in its path. At the Dominion linen mills the roof was lifted clear off the boiler-room and one wall partly demolished and causing much loss to the firm.

Only four years ago the entire roof and one wall were demolished and carried across the street, partly destroying two new houses under construction at the time.

A part of the Tillsonburg Shoe Company's roof was lifted, fences and large trees are uprooted, and many large awnings over the business places on Main street are ripped to shreds, and many windows broken. Reports from the country convey the fact that much damage was done to fences, trees and buildings.

The storm was accompanied by a deluge of rain and hail.

FOUR CATTLE KILLED.

[Special to The Advertiser.]

Belmont, March 29.—A heavy windstorm which raged across the district between 10 and 11 o'clock last night demolished the barn of Edward Wismer, near Mapleton, killing four cows and injuring others. A pine grove adjoining was destroyed. On the 9th concession, the barn of Ed. Legg was razed. This blow was very heavy in Belmont, but only minor damage has been reported so far.

Spain Fears Disorders

London, March 29.—The Spanish Government will adopt measures made necessary for the preservation of order in view of an appeal to the people which was characterized as seditious, says a Reuter dispatch from Madrid.

SUPPLY DEPOT TAKEN.

Paris, March 29.—An important munitions and supply depot has been captured by the French, the war office announced today. Artillery fighting continued during the night between the Somme and the Aisne, and the French kept in contact everywhere with the German lines. Soissons was bombarded by heavy German guns.

The statement follows: "From the Somme to the Aisne there is no change in the situation. Intermittent artillery fighting occurred during the night. Our troops everywhere maintained contact with the enemy's lines."

"In the course of the operations of recent days south of the Oise we took possession of important depots of materials and ammunition. Yesterday German long range guns fired seven shells at Soissons. In the region of Rheims we made a successful surprise attack north of La Fismes, where the Germans had a strong attack on the Champagne region, gaining a foothold in the French first line, but, according to the official communication issued tonight by the war office, all their attempts against the communication lines were repulsed."

"There were no important events on the remainder of the front."

SIR WM. ROBERTSON AT ITALIAN FRONT; IS BIG DRIVE NEAR?

Heavy Fighting Undoubtedly Expected Soon.

London, March 29.—The most interesting piece of news from the war theatre today is the announcement of the visit to the Italian front of Sir William Robertson and Gen. Weygand, representing Gen. Nivelle.

It can be assumed that the presence of the British chief-of-staff and the representative of the French headquarters staff at the post of the Italian supreme command means that heavy fighting is expected in that war zone.

Whether or not the Allied chiefs expect the Italians to launch an offensive toward the unguarded southeastern French border (Savoie) through Italy, which is a military factor, is a subject of great speculation here.

In this connection it is interesting to note that the German submarines have been concentrating their efforts against shipping bound for Italian ports, with the possible hope of causing a shortage of necessary war and food supplies.

GEN. LESSARD WILL AID BLONDIN IN RECRUITING

[Special to The Advertiser.]

Ottawa, March 29.—Brig.-Gen. F. L. Lessard has offered his services to Col. Blondin in recruiting a section of trench fighters for the new French-Canadian regiment.

Col. Blondin is naturally pleased at receiving this offer from the most distinguished French-Canadian soldier, and has accepted. He has asked to join in a recruiting campaign for the new French-Canadian regiment.

"NEWS QUARTANTINE."

Washington, March 29.—Officials of the state department today confirmed reports that American relief workers withdrawn from Belgium and Northern France would be taken to Germany and submitted to a short "news quarantine." This procedure was agreed upon to prevent the dissemination of information that might be of value to the enemy.

It is expected that the Americans would have to leave. Officials here, therefore, were entirely correct. Minister Brand Whitlock will not be detained in any way but will proceed immediately to his post in Berlin. France, the temporary Belgian capital.

TO STOP RADICALS, HOLLWEG MAY MAKE A NEW PEACE OFFER

Sweeping Reforms in Government Are Expected.

BY ED. L. KEEN.

[Special Cable to The Advertiser.]

London, March 29.—German Imperial Chancellor von Bethmann-Hollweg may strive to stave off a growing sentiment for peace by making a new peace offer.

At the very least, he is expected to announce sweeping reforms in Germany's governmental structure, including more active participation by the people.

Herr Schiedemann, Socialist leader, who has heretofore supported the Government, is understood to have warned von Bethmann-Hollweg that the democratization of Germany must start at the top, and that the Socialists are demanding immediate institution of a constitutional monarchy like Britain, claiming that Germany is the only autocratic government now left alive.

ENTIRE STAFF TAKEN.

London, March 29.—The entire divisional staff of the 53rd Turkish Division in Palestine has been captured by the British, it is announced officially.

The official statement says that British troops have advanced for a distance of fifteen miles along the southern Palestinian coast of the Mediterranean. The British forces have pushed forward from Rafa to the Wadi Ghuzze, a river five miles south of Gaza (Ghuzze). Gaza is twenty miles north of the Egyptian-Syrian boundary.

THE REPORT.

The text of the official statement reads: "Telegraphing yesterday the commander-in-chief in Egypt, reports that we advanced our troops fifteen miles from Rafa to the Wadi Ghuzze, five miles south of Gaza to cover the construction of a railway. The British forces captured the staff of the 53rd Turkish Division. The capture includes four Austrian officers and 32 Austrian and Germans of other ranks. We also captured two Austrian 4.3-inch howitzers. All the troops behaved splendidly, especially the troops of the Welsh, Kent, Sussex, Hereford, Middlesex and Surrey Regiments and the Anzac and Yeomanry mounted troops."

HAIG'S CAVALRY ROUTS FOE NORTHWEST OF ST. QUENTIN; GOES AHEAD 3,000 YARDS

THE BRITISH REPORT.

LONDON, March 29.—British cavalry today captured the villages of Villers-Faucon and Caucourt, north of Soissons, and also to the north of this region took terrain from the Germans at two points on the Boignes-Lagnicourt road and south and west of Croisilles, according to the official communication issued tonight.

The communication says: "Following up the success of yesterday morning, our cavalry captured during this afternoon Villers-Faucon and Caucourt, and several prisoners and four machine guns."

"Last night a hostile attack on our new positions at Equignourt was driven off with considerable German losses."

"Farther north our troops established themselves during the night at two points on the Boignes-Lagnicourt road, after a short fight and today gained ground south and west of Croisilles, meeting with strong resistance."

"We carried out successful raids early this morning east of Aix-Noulette and north of Neuville-St. Vaast."

THE FRENCH REPORT.

PARIS, March 29.—Heavy artillery fighting between the French and Germans took place today on the Essigny-Benay front. The Germans delivered a strong attack on the Champagne region, gaining a foothold in the French first line, but, according to the official communication issued tonight by the war office, all their attempts against the communication lines were repulsed."

Continued on Page Nine.

PURCHASE MORE HORSES FOR BRITISH CAVALRY

Ottawa, March 29.—The purchase of horses for the British war office will begin again at once in Canada. Recent military operations on the western front show that the cavalry are active, and more horses are required. No horses have been bought in Canada since late last fall.

AMES CONFERS WITH THE WASHINGTON GOVERNMENT, ADVISING AS TO FUND

Washington, March 29.—Sir Herbert Ames today held a conference with the Government today, giving them advice on the organizing a fund for the dependents of soldiers and sailors.

RUSS WORKMENS' ORGAN FAVORS VIGOROUS WARFARE

Petrograd, March 29.—Via London, March 29.—The official organ of the Council of Deputies of workmen and soldiers devotes a leader in its Tuesday's issue to the necessity of vigorous carrying on the war against Germany. The paper says: "Russia, although disturbed by revolution, must not give the Hohenzollerns and their partisans any ground. We must let them know that revolutionary Russia will vote all its forces to the accomplishment of victory."

NEAR JERUSALEM.

London, March 29.—British operations in Palestine are progressing successfully on a large scale, with the British forces closing in steadily on Jerusalem.

On March 7, a British column was reported within forty miles of Jerusalem, at Beit Chail, or Beichon, about 35 miles inland. This column has recently been supported by a stronger force, and is now advancing toward the coast, where it can be supplied and supplied by sea. The column, moving northward from Rafa, has pushed up the Mediterranean shore to within five miles of Gaza, the historic front over which the French and British have been advancing, according to a statement today by Major-Gen. F. D. Maurice, chief director of military operations at the war office. He said that whether the positions taken up by the Germans formed the much-advertised Hindenburg line, would be revealed under the French and British armies had brought up their heavy artillery.

WORKERS OF RUSSIA ASK THE TEUTONIC BRETHREN TO DETHRONE MONARCHS

Petrograd, March 29.—Via London, March 29.—An appeal to the workers of the German and Austrian coalition to rise against the imperial authority and to establish their freedom, says the Petrograd Telegram Agency. (The Russian official news agency), was launched at a mass meeting of workmen, soldiers and deputies held today at the Duma.

By a united effort, the appeal declares, "we can stop this awful murder, which is the shame of humanity."

THE WEATHER

LOCAL TEMPERATURES.

Following were the highest and lowest temperatures recorded in London today, the 24 hours previous to 8 o'clock last night: Highest, 44; lowest, 25.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 43; lowest, 33.

TOMORROW—FAIR AND COOL.

Toronto, March 29.—3 a.m. Forecasts.

Strong west to northwest winds; a few local snow flurries but generally fair and cool today and on Friday.

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today: High. Low. Weather.

Victoria..... 46 34 Fair

Calgary..... 45 30 Fair

Toronto..... 42 35 Fair

Ottawa..... 38 30 Cloudy

Quebec..... 34 30 Snow

Weather Notes.

A depression which was in Manitoba yesterday morning has since traveled quickly, and now covers the Ottawa Valley. It caused light rain and snow over Ontario during the night, and is now giving snow in Quebec.

JAPANESE WARSHIP SUNK BY A RAIDER IN SOUTH PACIFIC?

Vancouver, B. C., March 29.—A dispatch to the Canadian News from Tokyo says that a German raider has sunk the Japanese warship, the Ise, in the South Pacific. The names of the vessels were not disclosed.

The presence of a German raider in the Southern Pacific and in the Indian Ocean has been rumored several times lately. Official reports having been given out to the effect that two British merchant ships had been sunk in that vicinity.

Next Week Is "Bicycle Week!"

Next week is Bicycle Week all over Canada. The millers and haberdashers have their spring openings, why not the bicycle dealers? All the latest models in the bicycle and motorcycle world will be on exhibition, as well as all the latest accessories. With Monday morn the opening is on, and it promises to be a big week for local dealers, who are only too willing to display the "latest thing" in the bicycle and motorcycle line.

Saturday Afternoon—"Around the Mediterranean"

Saturday Night—"England"

Admission—Without this coupon, FIFTY CENTS.

Advance sale daily from 11 a.m.

NO CHANCE OF CONGRESS BEING NON-PARTISAN FOR WILSON'S SPECIAL SESSION

Washington, March 29.—The United States Government continues to prepare for war. National Guard units recently demobilized have been ordered back into service. Representative Mann says he expects to be a candidate for the speakership of the House, which upsets hope of a non-partisan organization at the special session of Congress next week.

SHIPPERS PROTEST NEW RAILWAY RULES GOVERNING TRAFFIC

Prepare Resolution For the
Dominion Railway Board.

Representatives of the boards of trade of Toronto, Montreal, Hamilton, London, Brantford, Belleville and Kitchener met in Toronto this week to discuss the proposed new rules and regulations governing traffic on the railways. The representatives of the boards of trade of the Dominion Railway Board will be sent to the Dominion Railway Board.

It is of great interest to shippers, and is as follows:—The changes proposed by the railways are drastic and seem to be quite unworkable. The commercial conditions existing in Canada, both east and west, are different from those in the United States, which, owing to the difference in volume of traffic and greater population, are different.

2.—No effort has been made on the part of the railways to ascertain from shippers and manufacturers what effect the proposed rules and conditions of carriage would have on the business of Eastern and Western Canada; in fact, they have stated to the board that they are unable to say with any degree of accuracy, what the results would be.

3.—While shippers are unable to determine, generally, the effect of the changes which will have on their business, they are fully convinced that the adoption of many of the proposed rules would be disastrous to Canadian trade, which has been built up under the present conditions of carriage.

4.—The present is not an opportune time to consider such sweeping changes in transportation. Under the present stress of business shippers and manufacturers should not be called upon to consider the proposed changes in the manner and form in which it is submitted, with the acknowledged lack of information.

5.—It is impossible to tell what the commercial conditions will be after the war, and it is, therefore, respectfully requested that the board direct that the principles of the railway freight classification No. 16 be continued.

ESTIMATES GIVEN REST, CONTROLLERS BEING AWAY

Rate Not Likely To Be Brought Below
33 Mills.

The board of control did not discuss the estimates this morning, as was arranged. The members have left the city. It will start again on Friday morning at 2 o'clock, and will work through until the end of the week. The estimates for the year 1917-18, which are presented now will stand. This will make a 33-mill rate, which is about the best that can be expected under the circumstances.

The announcement to the municipal rate-making the minimum rate of taxation for general purposes is the rate of 20 mills as at the present time, will help a little, although the rate for ordinary purposes is still 33 mills. It is possible that a fraction of a mill greater. It seems impossible, however, to reduce the rate by a mill. The estimates of all bodies are considered quite reasonable in view of the conditions. The council will discuss the rate on Monday evening next.

YOUNG PEOPLE PRESENT "THE OLD PEABODY PEW"

Entertaining Play Given at Adelaide
Street Baptist Church.

"The Old Peabody Pew" was the title of a play presented by the Young People's Society of the Adelaide Street Baptist Church on Tuesday evening. The play, which was given before a large and enthusiastic audience, is a dramatic version of Kate Douglas Wiggin's well-known novel by the same name. All the members of the cast did exceptionally well in interpreting their respective roles, and the production as a whole was particularly well received. Miss Eva Boyd, who portrayed the part of Miss Ethel Carson, was the most successful. Miss Ethel Carson, president of the Young People's Society, and Miss Margaret Metcalfe, Miss Mary Ann, and Miss George M. Newbury, Mrs. Short and Leonard, were also in the cast. The play was a success, and all who took their parts well.

A short program followed the play, in which songs were sung by Misses Eva Metcalfe and Elizabeth Boyd. The program was well received, and a reading was given by Mrs. Ethel Reynolds. Miss Ethel Quick was a capable accompanist.

ADVERSE REPORT UPON SUGGESTION EXPECTED

Hydro Commission Not Likely To Support
Incinerator Development Plant.

The hydro-electric commission, according to reports received in the city, will shortly report adversely on the suggestion of Controller R. B. Shaw that an electric development plant be erected in connection with the incinerator. Mr. Shaw was of the opinion that a steam generating plant, burning oil, could be built for \$35,000, and that it would produce 500-horsepower. This would be used for the city buildings, hospitals, and street lighting, and would mean a saving of \$10,000 a year. Electrical engineers here have reported that the scheme is not at all feasible, and the hydro-electric commission's engineers are investigating.

THAT HOSPITAL CHECK TO BE DISCUSSED AGAIN

Council Will Ask Mayor to Sign—If He
Does Not, Another Will.

The question of signing the check for \$13,000 for the overdraft of Victoria Hospital will come up for discussion on Monday evening at the meeting of the city council, and a motion will be introduced asking Mr. Stevenson to sign it at once. If he refuses, a member of the board of control will do so. An effort will be made to change the control of the hospital from the trust to the council, and there is a possibility that the citizens will be asked to vote on the question in January.

RARE DRUG PRODUCTS

We have never yet failed in our
ability to supply any drug
requirement. This means even
in the face of the fact that our
best physicians are at times
seek the aid of extremely rare
drugs. It is because of our
complete stock of these drugs
enabled to put up any prescription
at any time. Bring all of
your prescriptions here, and
you need fear no disappointment.
Ask your doctor—he
knows.

Cairncross The Chemist

216 DUNDAS ST. PHONE 880

NEW LOCAL ARRIVING SUNDAY—The next batch of returned soldiers will arrive here on Sunday morning, according to advices received by the Soldiers' Aid Commission. There are 31 in the party.

SOPA ON FIRE.—A sofa which ignited when it was placed near a stove started a fire which did about \$10 damage at the home of Mr. Howland, 34 York street, last evening.

TEMPORARY CAPTAIN.—Lieut. L. H. Douglas, A. M. C., has been granted the temporary rank of captain, and employed as a member of the medical board at the London mobilization centre.

IN KITCHENER.—Mayor Stevenson, Controller J. S. Moore, and Controller J. M. Moore, at Kitchener today attending the meeting of representatives from municipalities relative to the provincial highway from Montreal to Windsor.

PRANK OF GALE.—During the heavy wind storm last evening a pane of glass in the top part of the front of Wilson's Arcade Meat Shop was blown out and fell with a crash on Richmond street, narrowly missing several people passing.

PERMIT ISSUED.—A permit was issued by Building Inspector Piper to a Chinese firm to erect a one-story frame house on Brookside street, near about \$3,000, as compared with \$40,000 for March, 1916.

BANQUET TONIGHT.—The local branch of the Ontario Vegetarian and Fruit Growers' Associations will hold a joint banquet tonight at the Grand Hotel. It is expected that there will be a number of vegetable and fruitmen present. An excellent program has been arranged.

WOUNDED IN LEGS.—Pte. William Gales has been admitted to No. 8 Red Cross Hospital at Lequembourg, France, because of gunshot wounds in the legs. He was wounded while on duty at the front. Mrs. Louise Gales, 75 Glenwood avenue, gives the date of his admittance to the hospital as March 22.

EUCHE RE DRIVE.—One of the first social ventures of the newly-organized "Jany Canuck" Chapter, I.O. E., will be a military euche drive, to be held in the I.O. E. Hall on Friday night. The proceeds will go to the Soldiers' Comfort Fund. The euche drive will be held in the I.O. E. Hall on Friday night. The proceeds will go to the Soldiers' Comfort Fund. The euche drive will be held in the I.O. E. Hall on Friday night. The proceeds will go to the Soldiers' Comfort Fund.

PRE-COMMUNION SERVICES.—Pre-communion services are being conducted every night this week at the New St. James' Presbyterian Church, Rev. J. B. Silcox, of the First Baptist Church, will preach this evening, and Rev. J. B. Silcox, of the First Baptist Church, will preach this evening, and Rev. J. B. Silcox, of the First Baptist Church, will preach this evening.

WOUNDED MAN VISITING.—Capt. J. J. Turner, manager of the Hudson's Bay Company, spent a couple of days in the city. He has been injured back to Canada to recover from wounds received in September last. He is now recovering from wounds received in September last. He is now recovering from wounds received in September last.

CHANGE IN SPEAKERS.—The Toronto Board of Trade will be unable to come to the joint banquet of the Board of Trade and the Chamber of Commerce on Friday evening at the Tecumseh House and Hotel. The speakers for the evening will be Mr. J. B. Silcox, of the First Baptist Church, and Mr. J. B. Silcox, of the First Baptist Church.

ARMY NEEDS DOCTORS.—Doctors are urgently needed at the front, according to a communication received at district militia headquarters. In order to supply the demand the communication has been sent to the medical faculties of every university in Canada, asking them to send a number of their students to the front. The communication has been sent to the medical faculties of every university in Canada, asking them to send a number of their students to the front.

**MANY WOMEN READY TO
MAKE MUNITIONS HERE**

MAKE MUNITIONS . . . m2 . . . The list of women who are ready to make munitions is growing. The communication has been sent to the medical faculties of every university in Canada, asking them to send a number of their students to the front.

CHILBLAIN CAUSES DEATH

Boy Dies From Blood-Poisoning Which
Developed Month Ago.

A childlain from blood-poisoning resulted caused the death of Roy, son of Mr. and Mrs. J. H. Hyde, of 101 York street, last night. The boy was ill for nearly a month, and his condition grew steadily worse. The funeral will be held at the home of the family on Saturday.

DEATHS AND FUNERALS

DEATH OF PTE. J. W. THOMAS.

The funeral of Pte. J. W. Thomas, of the 1st Battalion, will be held at the Military Hospital of Pte. James William Thomas, of the 1st Battalion, will be held at the Military Hospital of Pte. James William Thomas, of the 1st Battalion.

HEAVY GALE MAKES THINGS LIVELY AND DOES SOME DAMAGE

Part of Cathedral Clock Face
Blown In.

WIRING SUFFERS HEAVILY

All Kinds of Falls Experienced
Within a Very Few
Minutes.

Gathering velocity as it passed on to other Western Ontario towns, a heavy gale made things lively in London last night. No heavy property damage has been reported, although outside electrical wiring of all kinds suffered considerably. The fire alarm system was put out of commission for a short time, but is in working order again.

DAMAGE OF AN UNUSUAL NATURE

When part of the face of the clock on the north side of the tower of St. Paul's Cathedral was blown in. No injury was done to the mechanism of the timepiece, and the other faces of the west and east sides of the tower still continue to tell the time of day, or at least to come somewhere within fifteen minutes of it.

WINDY AND WET

Samples of nearly all the elements in all their various forms were delivered to the public in the form of a storm. The gale was of a most unusual nature, and was of a most unusual nature.

Offers To Send In Potatoes To Sell At \$2.00 a Bag

Calgary Man Writes Friend
That There Is Money
At Price.

That first class potatoes can be probably sold here at \$2.00 a bag is the claim made by O. H. Patrick of Calgary, in a letter to A. Nevin, 312 Wharmell street. There are scores of thousands of potatoes in the Canadian west, he writes, offered for sale at \$1.30 a bag, and he offers to send them to Mr. Nevin so that they can be sold at \$2.00 a bag. He considers a profit. Owing to lack of time to take care of such a deal, Mr. Nevin did not accept the offer.

**WOMEN'S MUSIC CLUB TO
FURNISH WARD AT BYRON**

Decided at Final Afternoon Recital—
Excellent Program Rendered.

At the final afternoon recital of the season yesterday in the Normal school, the Women's Music Club presented a program to raise \$50 towards the furnishing of the ward at Byron. The motion to do so was made by Miss Carling, founder of the club. The program was rendered by the members of a standing committee.

cesan Delegates of Great
Tasks Ahead.

"China is ready for Christianity. The whole of China is open. Students, officials, business people, men and women are responsive and serious minded. God is ready. It seems to me that the great problem is in our own church, how we at home will accept the challenge of the 'China'."

The foregoing was the impressive statement made last evening by Rev. Dr. Taylor of the Y.M.C.A. at the close of an illustrated address "The Present Situation and Christian Opportunity in China," delivered in the hall at the public missionary meeting of the annual meeting of the Huron Diocesan Board.

An assembly of interesting stories was told by Dr. Taylor of the transformed China, and the past ten years of the establishment of the Y.M.C.A. in the country in regard to the modern character of the new China. He said that Thibet border cities under Chinese rule being supported by magnificent slides.

Following the pictures illustrating the material changes that have taken place in the adoption of western ideas and ideals, pictures were thrown on the screen showing the manner in which the Y.M.C.A. is working in China. The pictures showed the Y.M.C.A. working in China, and the manner in which the Y.M.C.A. is working in China.

A PAGE OF GENERAL INTEREST TO WOMEN READERS

A Clean, Rosy, HEALTHY Skin is the birthright of every child. Contact with countless unclean, germ-laden things every day, however, brings the constant quota of danger and the happy, artless ways of children make them especially liable to infection. Even so there is one sure safeguard you can use—

LIFEBUOY HEALTH SOAP

It is a wonderful disinfectant, and a bland, pure, free lathering soap for all toilet purposes. The most tender skin welcomes its daily use.

Cynthia Grey's Mail-Box

For Soldier's Wristlets.
Miss Grey, I am a reader and admirer of your page in The Advertiser. I would like directions for making soldiers' wristlets, with full directions. I think they have a thumb.
SHALLOW WATER.
Ans.—You could get these by writing to the secretary of the Red Cross Society at Hyman Hall here, or you could call and obtain them personally; that is, if you are in haste, as I may not get space to print for a week or more, although I shall try and do so as soon as possible.

An English Girl.

Dear Miss Grey, I am an English girl and pleased to call myself one. How silly to dispute over the advantages of city and country people. I am sure the country people enjoy themselves equally as much as the town people. I have lived in town quite a while, but give me the country.
I saw in your paper a short time ago a formula for making curly hair. Would you please print it, and does it injure the hair? COLLEGIATE KID.
Ans.—I wonder if it was an advertisement you saw? I do not seem to have such a formula among my clippings.

Hospitals in Detroit.

Dear Miss Grey, Re inquiry on your page, the chief hospitals in Detroit are: Harper, Grace (home), Ford, Detroit City, St. Mary's, Women's, Children's, St. Luke's, Providence, Receiving, etc. Best wishes.
H. W. P.
Ans.—Thank you very much for your kindness in sending these names.

Here's Tommy Atkins!

Dear Miss Grey, Will you please send me "Mrs. Gay's" address? I have a few Ladies' Home Journals she might like. She wrote to me while I was in bed, and I mustn't forget her, now she is ill.
SAY, "March Wind," where are you anyway? I wrote you a letter once, and not long after I received a dead letter. Must have mixed the address or something.

Here is a fine recipe for fudge: Two cups powdered sugar, one-half cup milk, two heaping teaspoons peanut butter. Then it begins to boil vigorously, cook five minutes; beat, pour in buttered and cut in squares.
How many robins have you heard or seen this spring? The very first thing heard this morning was a robin chirping down in the orchard. Nice way to be awakened, wasn't it? Good-bye and good luck.
TOMMY ATKINS.
Ans.—It was "Mrs. Gay" herself, I think, who asked me in a postscript to her letter, "How is Tommy Atkins?" And do you know "Tommy"? I've been wondering, too, for it's a long while since you paraded to the Mail-Box. Two robins are all I can boast of seeing yet, and I had to travel all the way to Chatham to see them!

Brown Shoes and Suit.

Dear Miss Grey, Could you tell me if there is a women's exchange in London, or any city in Canada, and the address?
What color would harmonize with brown shoes for suit? Thanking you in anticipation. JASMINE FLOWER.
Ans.—There are women's exchanges in connection with the Y. W. C. A. of London and Toronto. An inquiry addressed to the department would bring you full information.
2. Brown, novelty weave in grey or black and white, and shades of blue or tan, should go well with the brown shoes.

Re Place Names.

Dear Miss Grey, Permit me through your space to thank "Exterior" for his little relative to give names to places. It was this: Seeing that in old days a great number of Belgians settled in Somerset, and most probably their descendants are good Englishmen today.
Well, here goes, another dollar, just to prove that in old days a great number of Englishmen settled in Ireland, and there is not the slightest doubt (the absolute absolute—quid dubitat quin) but that their descendants are Englishmen, first-class Irishmen today.
It often happens that friends need remembrance, and even reproach. When

Advertiser Patterns

A Practical, Seasonable Model.
1974—Child's Outdoor Set, Consisting of Leggings and Coat.
This model is good for zibeline, serge, cheviot, corduroy and velvet. It makes a nice, warm and comfortable suit for sport and outdoor wear. The leggings extend to the waistline. The pattern is cut in four sizes, 2, 3, 4 and 5 years. It requires 3 1/2 yards of 44-inch material for a 4-year size.
A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.

ADVERTISER PATTERN DEPT.
Please send above-mentioned pattern, as per directions given below, to:

Name
Town
Province
Age (if child's or misses' pattern)
Measurement: Bust Waist

Caution: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is sent, please measure your child, and mark 32, 34 or whatever it may be. When in waist measure, 22, 24 or whatever it may be. If a skirt, give waist and length measure. When misses' or child's pattern, only the figure representing the age. It is not necessary to write "inches" or "years". Patterns cannot reach you in less than one week from date of application.

These are administered in a kindly spirit they ought to be taken in good part. It requires but little knowledge of society and history to assure us of the strong, permeating, invisible influence upon society at large of a body of men of clear thought, strong conviction and disciplined conduct.
Dear Miss Grey, I received from an unknown young lady in French, here are the words: "Je vous aime m' and cher." Really, I don't know what she wants—do you?
What are the meanings of End and Marion? Yours very truly, "TIP".
Ans.—This dollar inclosed by "TIP" shall bear the other (as per "Exterior's" kind suggestion) company, in being paid over for Mrs. Adamson's fund for Belgian children's support. Thanks, "TIP".

Live Story-Books.
Dear Miss Grey, I received "Mrs. Gay's" request for magazines in yesterday's paper, and I was wondering if she would like a couple of good, live story-books, as I have a few I would let her have. I gave all my magazines to the soldiers in the park a year or so ago, and I haven't purchased any since. "Mrs. Gay" has my deepest sympathy in her trials. I find that my troubles don't seem near as heavy when I take them to God.
I wonder if any of the readers ever tried any of the bills of fare that were sent in the other winter? Nobody seemed to criticize either of them.
MYSTERY.
Ans.—Will "Mrs. Gay" please say if she'd like "Mystery's" story-books?

VERSE

NEW AND OLD

RISE! BRITONS, RISE!
(Specially written for The People by Mr. Granville Cooke.)

"Every man, every pound, and every effort will be needed"—The Right Hon. David Lloyd George, prime minister.
Rise! Britons, rise! from sloth's disabling sleep.
England appeals to you her guard to keep!
To arms! To arms! the dream of peace is o'er.
Nought now remains but vassalage or war!

Rise! Britons, rise! with one sublime accord.
For all you have, and are, take up the sword!
In man and mine and school and forge and farm.
Arise! Arise! Unite, and toll and arm!
Rise! Britons, rise! and strike the common foe.
Ne'er be it said we struck a traitor's blow!
For Life and Liberty, for God and King!
Strike on until the bells of freedom ring!

Rise! Britons, rise! Salute the battle call—
Kaiser! God!—who stands if England fall?
There's but one choice, for each, one prize to give.
Praised be the Lord!—who dies if England lives!

Rise! Britons, rise! the hour of sleep is past.
Faith's stirring battle cry rings out at last!
"Thy will be done." Not mine, but Thine, until
The Christ is crowned at last with "Peace—goodwill."

Rise! Britons, rise! to that immortal fame
That ever sanctified your glorious name!
Tread now the path Crusaders nobly trod.
That leads to Victory and leads to God!

Rise! Britons, rise! in this titanic fight,
Twist the protagonists of Wrong and Right!
With measured strength and steadfastness repel
The brutal might and tyranny of Hell!

Rise, Britons, rise! Defend your mother-land.
That Truth and Honor, God and Freedom stand!
Ober! Call, den every man today!
Lest England fall and victory pass away.

(These stirring verses deserve such broadcast circulation that the proprietors of The People have decided they may be copied and republished without permission.)

OVERSEAS FRIENDS

Dear Madam, Received your letter and parcel also, and cannot express thanks enough for your extreme kindness. I enlisted in the 33rd Battalion at London, and when we got to England we were drafted into the above regiment. It is Canada's regulars, and a very old regiment.

I had a letter from my brother just yesterday, and he is quite well. Said he received your parcels all right. I would rather that he should get the stuff sent to him, as I would be taking it from one who needs it more than I, for I am "home" in England now, and do not need it like you. You think I will send the parcels on to my brother, it would satisfy me completely. Your parcel stood the traveling pretty well, considering only the candies were spoiled, of course. It was nearly four months on the way before I finally got it. I am sorry to say we lost our dad and oldest brother. They were killed in the Dardanelles, so all our family are soldiers, except our sister. We have no parents now, but thanks to our good friends in Canada, we are still happy and contented.
I have a cousin who has been in the trenches for two years, and has been gassed twice, but he is still all right. Have two uncles out there; one in the British Army Service Corps, and one in the French Ambulance Corps, and I have some more relations over there, but do not know what they are in.
I hope you are all well and happy, as I am at present. I am doing very well, every day.
P. S.—I am getting my artificial leg next week, so I shall be able to walk again. The reason for the four months' delay mentioned in the above epistle, is due to the fact that our reader sent her box to Pte. S.'s trench address; it reached there after he had been gassed and sent back to England, and the box traveled until it finally reached him in hospital.
Mrs. S. E. B. reports the following epistle from one of her "adopted" soldiers, who unfortunately was wounded in the foot some time in January. Mrs. S. E. B. has sent several boxes to the writer and his brother, who is still in the trenches, and the following appreciation must be very gratifying:
"Dear Friend, Very glad you got a letter from me. I am a soldier, and a stranger, that is often the way to a friendship, isn't it? I am glad to tell you my brother got both boxes quite safe, and I think he is more in need of them at the present time than I am. I thank you most heartily for your kindness in remembering our brave boys from across the sea.
I was wounded two days after you sent the first box. I am quite well now, and am getting my artificial foot this morning, so I shall have to learn the art of walking again. I shall wait till the war is over and come back to Canada again. My brother has been very lucky so far. The good Lord spare him to coming through it all safely.
The weather has been very cold indeed, but it has relaxed a little now, and it has rained some. I think we shall see the end of the war this summer, for we have the men, money and shells now to back us up. I should be very glad to get some London papers. Here—this is a very nice place here—mostly all amputation cases here—and we are treated with the very best of

Answering Questions.

The duty of the switchboard operator is to answer your number calls and get connection for you.

If she stopped to converse or to answer questions, the calls would pile up and the service be disorganized.

So the operator is trained to use certain set phrases relating strictly to her work. When, in response to your question, she says, "I'll give you information," she is carrying out instructions and protecting the service.

If you cannot find the information you want in the Directory, ask the operator for "Information" and she will, if possible, answer your question.

The Bell Telephone Co. of Canada

Good service ••• our true intent.

An advertisement by The Bell Telephone Co. of Canada.

Will you please read it and others of the series to follow?

I hope you are quite well. I shall have to visit your place when I come back, for you have done a great service to us and to our noble land of Canada by remembering her sons at the front.
"May you prosper in your work, and Country. God bless you."
The letter is dated from Priory Lane, Rochampton, London, England.

CHOCOLATTA

Add boiling water and serve

—and see how much better your lunch tastes. Chocolatta is a highly nutritious and digestible beverage and requires only boiling water to make—

a delicious palatable drink.

Chocolate and cocoa and tea ordinarily require sugar. Chocolatta (because it contains the chocolate, milk and sugar) is always ready in an instant.

Dry, Hoarse or Painful Coughs Quickly Ended

Home-Made Remedy That Saves You \$2—Does the Work Thoroughly.

The prompt and positive action of this simple, inexpensive home-made remedy in quickly healing the inflamed or swollen membranes of the throat, chest, or bronchial tubes and breaking up tight coughs, has caused it to be used in more homes than any other cough remedy. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, whooping cough, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2 1/2 ounces of Pinex (50 cents worth) into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. You then have 16 ounces—a family supply—of a much better cough syrup than you could buy ready-made for \$2.50. Keeps perfectly and children love its pleasant taste. Pinex is a special and highly concentrated compound of genuine Norway pine extract, combined with eucalyptol and is known the world over for its promptness, ease and certainty in overcoming stubborn coughs and chest colds. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Company, Toronto, Ont.

BIG BOTTLE ASK YOUR DOCTOR ALL DRUGGISTS

WHY YOU SHOULD USE M.S.C. SHAMPOO

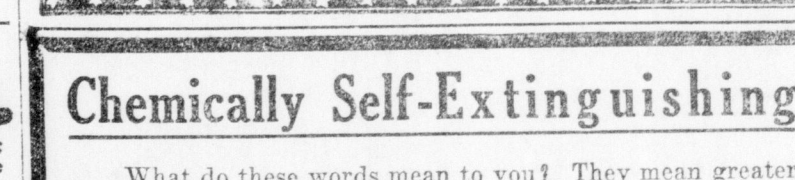

It maintains healthy hair, corrects unnatural scalp conditions, and assists nature in restoring normal, healthy conditions, by stimulating and renewing the hair-growing processes. HEALTHY HAIR NEEDS ATTENTION, and any disorder of the scalp or falling hair will grow worse by neglect.

M. S. C. SHAMPOO contains pure Cocoanut Oil and other hair health ingredients, which by constant use will keep the scalp and hair in perfect condition.
Being in LIQUID form, it is easy to apply: You simply wet the head thoroughly in Hot water, then apply about two tablespoonfuls, which will instantly work up oceans of lather that will thoroughly cleanse the scalp, and after thorough rinsing will leave the hair beautifully soft.

Buy a bottle from your dealer and follow directions carefully, and you, like thousands of others, will be convinced of our claims.

Tonight sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Let

USE "TIZ" FOR SORE, TIRED, ACHING FEET

No More Puffed-Up, Burning, Sweaty, Calloused Feet or Corns.

Just take your shoes off and then put these weary, shoe-crinkled, aching, burning, corn-pierced, bunion-tortured feet of yours in a "Tiz" bath. Your feet will wonder with joy; they'll look up at you and almost talk to children as they take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—almost tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25-cent box of "Tiz" at any drug or department store—don't wait! Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more headaching, snuffling, mucous discharge, headache, dizziness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, balm in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold, catarrh sufferer has been seeking. It's just splendid—Advt.

Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, all the waste, the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste, acid and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have yellow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

Cascarets given your liver and clean your thirty feet of bowels without griping. You will wake up feeling grand. Your head will be clear, breath right, tongue clean, stomach sweet, eyes bright, step elastic and complexion rosy—they're wonderful. Get a 10-cent box now at any drug store. Mothers can safely give a whole Cascaret to children at any time when they become cross, feverish, bilious, tongue coated or constipated—Cascarets are harmless.

CANADIAN VIGILANCE HAS GAINED UPPER HAND OF THE ENEMY

Front Held by Canucks Never Inactive.

LONDON, March 28.—The following communiqué covering the operations of the Canadian corps from March 1 to March 25 was issued by the Canadian war records office today:

If it be said that a week has passed on the Canadian front without incident it must be understood that the term is used only in a comparative sense. The minor operations carried out by the Canadians, any one of which in itself would make a thrilling story if the full details could be told, have been overshadowed by important advances scored by our troops in other regions.

The Canadians have not had the luck to capture a "Bapume" or a "Peronne" during the last week, but there has been no slackening in the activity, which keeps the enemy perpetually on the qui vive, or in our own vigilance.

The best evidence of the unflinching watch kept by the Canadians is the record each week of enemy attempts at aggressiveness which end in disaster to themselves.

Towards dawn one day a raid was attempted against our lines by a party of about fifty Germans. The enterprise was announced to us by a heavy artillery barrage, which must have cost the German Government a large sum of money without any appreciable return. The party never reached our outposts and the prompt response of our artillery caused them to turn back short of their objective.

On another day another small party of the enemy attempted in broad daylight to raid one of our posts situated in a crater. The operation caused them several known casualties and ended in a hurried retreat to their own lines.

Evidence of Bad Morale.

Small events which disclose the unsatisfactory state of the enemy's morale are of fairly frequent occurrence. One morning two of the enemy walked across "No Man's Land" into our trenches in the early of the day. They stated that they were Poles, and that for this reason they were very badly treated by their officers. Not only was their share of the scanty enemy rations curtailed, but they were given double tasks whenever unpleasant work was to be done.

Hand-to-Hand Fighting.

For the most important of the week's raid our men were divided into parties, each with its own objective. None of the operations caused them any appreciable enemy line was strongly held. It was hand-to-hand fighting. The objective of this enterprise was to kill Hun, and in this raid we were eminently successful.

Compare the great advances of the troops elsewhere these operations are mere pin pricks, but it must be remembered that they are all part of the great plan. Their value is not adequately represented by the mere record of the enemy casualties or dugouts blown in.

Similarly the work of our patrol and trench raiding parties, but it has secured us the unquestioned control of "No Man's Land." It is by the constant use of these harassing tactics that we have gained the upper hand with the enemy.

PROF. A. D. SMITH DEAD.

ST. JOHN, N.B., March 28.—Dr. A. D. Smith, a well-known classical at Mount Allison University, Sackville, died today, aged about 70.

WAS TROUBLED WITH SHORTNESS OF BREATH

When the heart becomes affected, there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness, a weak, sinking, all-gone feeling of oppression and anxiety.

The nerves become unstrung, you dread to be alone, have a horror of society, start at the least noise and are generally fatigued.

On the first sign of the heart becoming weakened or the nerves unstrung, Milburn's Heart and Nerve Pills should be taken. They are just what you require at this time. They regulate and stimulate the heart, and strengthen and restore the whole nerve system.

Mrs. C. M. Cormier, Buctouche, N. B., writes: "Since two years ago I was troubled with a shortness of breath, and went to see several doctors, and they said it was from my heart and nerves, but they did not seem to do me any good. One day I got one of your B.B.B. almanacs and read of a case similar to mine."

I bought a box of Milburn's Heart and Nerve Pills, and after taking it I noticed such a change that I kept on taking them until I had used four more boxes, when I was cured."

Milburn's Heart and Nerve Pills are sold in a box, three boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

J. C. ELLIOTT GOES FOR COMBINES AND HEARST RESENTS IT

Premier Says "Trust Attorney-General's Department."

GOVERNMENT CONDEMNED

Prosecution of Rings Formed to Enhance Prices Is Abandoned.

[Special to The Advertiser.]

TORONTO, March 28.—By a vote of 54 to 25, the Government in the Legislature this afternoon defeated a resolution introduced by J. C. Elliott, West Middlesex, condemning the Hearst Administration for abandoning the investigation and prosecution of illegal combines.

Mr. Elliott, in support of his motion thought the matter was not receiving the attention it ought to receive from the attorney general's department at a time when the cost of the necessities of life were falling so heavily upon the people. In 1916 when prosecutions were instituted a number of convictions were secured, but other cases were allowed to go on suspended sentence. He considered that conditions had not improved since then, and maintained that the matter should be diligently investigated.

Condemns Government.

The resolution read: "In view of the increasing burden upon the working classes and the receipt of limited incomes, due to the high cost of the necessities of life, this House condemns the abandonment of the Government of the investigation and prosecution of the illegal combines formed to limit competition and to enhance prices, notwithstanding the advice of the crown attorney of the city of Toronto that these combines were violating the provisions of the criminal code, and that the Government was in possession of the necessary evidence to proceed with prosecution, and that it is the duty of the Government to do so."

Suggests Special Officers.

Mr. Elliott, after dealing with the operation of alleged combines, stated that they should be dissolved if it was possible to do so. He suggested that in all cases where there were suspicious of the existence of combines a complete investigation should be made by a special officer selected by the government, who would be free to devote his time if necessary to these important duties.

Premier Hearst, replying, said the amendment was the equivalent of a vote of want of confidence in the government. The subject of combines was an old one. The House could be assured that the attorney-general would do his full duty in dealing with those who might be regarded as suspected of creating a combine. The premier appealed to his supporters to vote down the amendment.

The Voice of Labor.

Allan Tudhope, East Hamilton, claimed that labor was not in favor of combines to enhance prices. At a time when the Government was appealing to the people to exercise their right to take steps to prevent "the other fellow" from robbing them, the Government did not need to be reminded of the fact that it was not in favor of combines.

On another day another small party of the enemy attempted in broad daylight to raid one of our posts situated in a crater. The operation caused them several known casualties and ended in a hurried retreat to their own lines.

Evidence of Bad Morale.

Small events which disclose the unsatisfactory state of the enemy's morale are of fairly frequent occurrence. One morning two of the enemy walked across "No Man's Land" into our trenches in the early of the day. They stated that they were Poles, and that for this reason they were very badly treated by their officers. Not only was their share of the scanty enemy rations curtailed, but they were given double tasks whenever unpleasant work was to be done.

Hand-to-Hand Fighting.

For the most important of the week's raid our men were divided into parties, each with its own objective. None of the operations caused them any appreciable enemy line was strongly held. It was hand-to-hand fighting. The objective of this enterprise was to kill Hun, and in this raid we were eminently successful.

Compare the great advances of the troops elsewhere these operations are mere pin pricks, but it must be remembered that they are all part of the great plan. Their value is not adequately represented by the mere record of the enemy casualties or dugouts blown in.

Similarly the work of our patrol and trench raiding parties, but it has secured us the unquestioned control of "No Man's Land." It is by the constant use of these harassing tactics that we have gained the upper hand with the enemy.

PROF. A. D. SMITH DEAD.

ST. JOHN, N.B., March 28.—Dr. A. D. Smith, a well-known classical at Mount Allison University, Sackville, died today, aged about 70.

RY. BOARD CANNOT REDUCE LENGTH OF FREIGHT TRAINS NOW

After the War Whole Matter Will Be Gone Into, Is Assurance.

[Special to The Advertiser.]

OTTAWA, March 28.—"Under existing conditions the board is not justified in directing a revision of the length of freight trains," says a judgment of the railway commission, regarding the application for an order directing the minimum length of trains to be hauled on Canadian railways.

The termination of the war and the getting back to more normal conditions the matter of the regulations governing the length of freight trains will be gone into on its merits. In the meantime there is no other one so important in transportation as the movement of freight. The fundamental importance of getting the most efficient movement out of the rolling stock is patent to all.

The order goes on to say that "conditions are such that it is impossible to do so at the present time. The question is to do the best with what there is."

N.Y. LEGISLATURE FAVORS UNIVERSAL TRAINING

ALBANY, March 28.—After a stormy debate, during which personalities were freely exchanged, the assembly today adopted a resolution offered by Democratic Leader Callahan, to place the New York Legislature on record in favor of the principle of universal military training.

DRYS LOSE OUT IN B.C. ON VOTE OF SOLDIERS

Vancouver, B.C., March 28.—A cable today from London, where the deferred soldiers' vote in prohibition in British Columbia is being concluded, containing an official admission by the "drys" that the measure will be defeated by about a hundred. When the civilians voted last September 14, prohibition was passed by 5,000 majority.

M'GARRY LOSES NO OPPORTUNITY TO PLAY UP POLITICS

Will Bring Down More Information Than Asked.

CONCERNS WINDSOR CLUB

Mr. Wigle of South Essex After Gore Bay Riding Association.

[Special to The Advertiser.]

TORONTO, March 28.—In moving today in the Legislature for a return of copies of charters, supplementary letters patent and correspondence with reference to the Gore Bay Riding and Driving Association, L. P. Wigle (South Essex) thought that if the Government had the power to increase the capital stock from time to time, it would have power to regulate what was going on in these race tracks. He considered the province should have some power over these race tracks.

If the provincial treasurer put the same vim into lighting the race track business that he put into lighting the propositions from the Liberal side of the House, he believed that inside of ten days there would be no more race tracks in the province.

Getting Serious.

This was getting to be a serious thing in his part of the country, said Mr. Wigle, "and are going to keep at it until we get something done. I want to do something to wake you up." (Laughter.)

He believed that 90 per cent or more of the people in the western part of the province were against this unlimited race track evil. He could not see any improvement in the breed of horses because of racing up there.

Playing Politics.

Hon. Mr. Elliott's amendment the return would be brought down, but he thought information might also be brought down about the Windsor club. It might be interesting to members of the House who like to play in any uplift campaign. Mr. Sam Carter (South Wellington) I am disinterested in this matter. I am fellow feeling brought with regard to all of them.

Mr. McGarry—I am going to bring them down whether I am asked or not.

JOHN GRIEVE ASKS MORE FOR WESTERN, BUT APPRECIATES

Says Government Should Have Made Increased Grant \$20,000.

[Special to The Advertiser.]

TORONTO, March 28.—When the Legislature was going over supplementary estimates this evening, John Grieve (North Middlesex) said the Western University had asked for \$10,000 each for art and medical branches. The Government had seen fit to grant \$10,000, "so we can't complain very much," said Mr. Grieve. "University is doing a good work, \$50,000 is not a very large amount. Still we ought to be thankful."

The premier said the Government had supplemented the grants to Queen's and Western Universities to the extent of \$10,000 more than the previous year. The universities were feeling the war in common with other institutions.

Mr. Rowell—It is still the intention to appoint a commission to review the whole university situation.

Premier Hearst—Yes, having regard to all the universities, but I do not feel it opportune to go into that investigation at the present time.

BORDER TAX MAY BECOME EFFECTIVE AFTER MAY 1

TORONTO, March 28.—A meeting of the rolling stock committee at Niagara Falls yesterday discussed the imposition of 58 head tax on all passengers going to the United States from Canada after May 1. It is understood such action is to be taken by the Federal Government, the money to be refunded on the return of the passenger to Canada.

SIR RICHARD McBRIDE TO BE FIRED BY GOVT.

VICTORIA, March 28.—It is understood, on what appears to be excellent authority, that the Government has planned to bring down a special act to dismiss Sir Richard McBride, agent-general for British Columbia in London.

It is presumed that some man already on the ground in London will be appointed to act in the meantime, or until a permanent policy regarding the London offices is decided upon by the Government.

SNOW SIX FEET DEEP HOLDS UP RAIL TRAFFIC

NEW LISKEARD, March 28.—For 30 hours no train has been able to proceed further north than Earlton Junction, due to the huge blanket of snow that covers the rails in places to a depth of four to six feet. The Cobalt special from Toronto was cancelled this morning, and the National is held up this evening.

UNITED STATES WORRYING CENTRAL POWERS' HEADS

LONDON, March 28.—There are various suggestions concerning the purpose of Austria and the Kaiser. The Daily Mail says it learns from Vienna, by way of Switzerland, that the conference between the emperors is to decide whether the Austro-German policy toward the United States is to be modified so as to avoid war, or whether the present submarine methods which are certain to provoke war with the United States shall be maintained.

NORTH BRUCE M.L.A. JIBES QUESTIONS PUT TO SCHOLARS

Asked to Draw Pictures of Babbling Geese.

SUGGESTS ALTERNATIVE

Better to Draw Attorney-General With His "Ear to Ground."

[Special to The Advertiser.]

TORONTO, March 28.—When the Legislature was dealing with supplementary estimates William McDonald (North Bruce) was heard at his best in the lighter vein. He cited many instances from the school curriculum to show "that education had fallen into the hands of faddists." The first case was quoted by Mr. McDonald was "draw and paint a box of onions."

"How does that look, or rather, how does it smell?" was the comment of the member for North Bruce, and then he advised "teach them to grow onions instead of drawing them."

Another choice specimen which made the members of the House rock with laughter was "draw a picture of the noisy geese that babble over the pool."

"He is a goose who put that on the paper," declared the member for Bruce. "Draw a picture of the attorney-general with his ear to the ground, and that would be more true to life."

Then turning to Dr. Pyne Mr. McDonald asked: "Why don't you clip the wings of these jackasses who put these things on the paper?"

The member for North Bruce strongly intimated that art should not be made a plucking work.

Out of Proportion.

Sam Carter protested against \$500,000 being given to the Toronto University and only \$50,000 for technical education, which affected 90 per cent of the people.

Hon. Dr. Pyne stated that about \$200,000 was given to technical education, and that the member for Bruce did not tally with the figure that this amount had given at that time.

WHOLESALE THIEF GETS 5 YEARS.

WINNIPEG, March 28.—Charles Wilson, alias Thomas Lafferty, who was sentenced this morning to five years in Stony Mountain Penitentiary for theft and house-breaking, was charged with more than twenty offences of this nature, and pleaded not guilty to only a few.

Grippe!

It is a winter plague which claims thousands every season.

SCOTT'S EMULSION

will strengthen you against Grippe, and if you have had it, Scott's will restore your strength faster than any other medicine.

Scott's is Just Blood-Food

NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save Your Hair! Double Its Beauty in Just a Few Moments.

25-Cent "Danderine" Makes Hair Thick, Glossy, Wavy and Beautiful.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair, and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes, but really new hair—growing all over the scalp.

Danderine is to the hair what fresh air and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and ragged. Just moisten a cloth with Danderine, and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all you surely can have better hair and lots of it if you will just try a little Danderine.

23 BRITISH SHIPS SUNK WEEK ENDING MARCH 25

Thirteen Vessels Unsuccessfully Attacked—Over 5,000 Sail.

LONDON, March 28.—During the week ending March 25, 2,314 ships over 100 tons net arrived at ports in the United Kingdom, according to an official statement issued this evening. During the same period 2,433 vessels of over 100 tons net sailed from ports in the United Kingdom. These figures are exclusive of fishing vessels and local shipping.

Eighteen British merchant vessels over 1,000 tons gross, including two during the previous fortnight, and the hospital ship Asturias, were sunk by mines or submarines. Seven merchant vessels under 1,000 tons also were sunk. Thirteen British merchant vessels, including three during the previous fortnight, were unsuccessfully attacked by submarines. Ten British fishing vessels, including nine sailing vessels, were sunk during the same period.

JAPAN'S RECOGNITION.

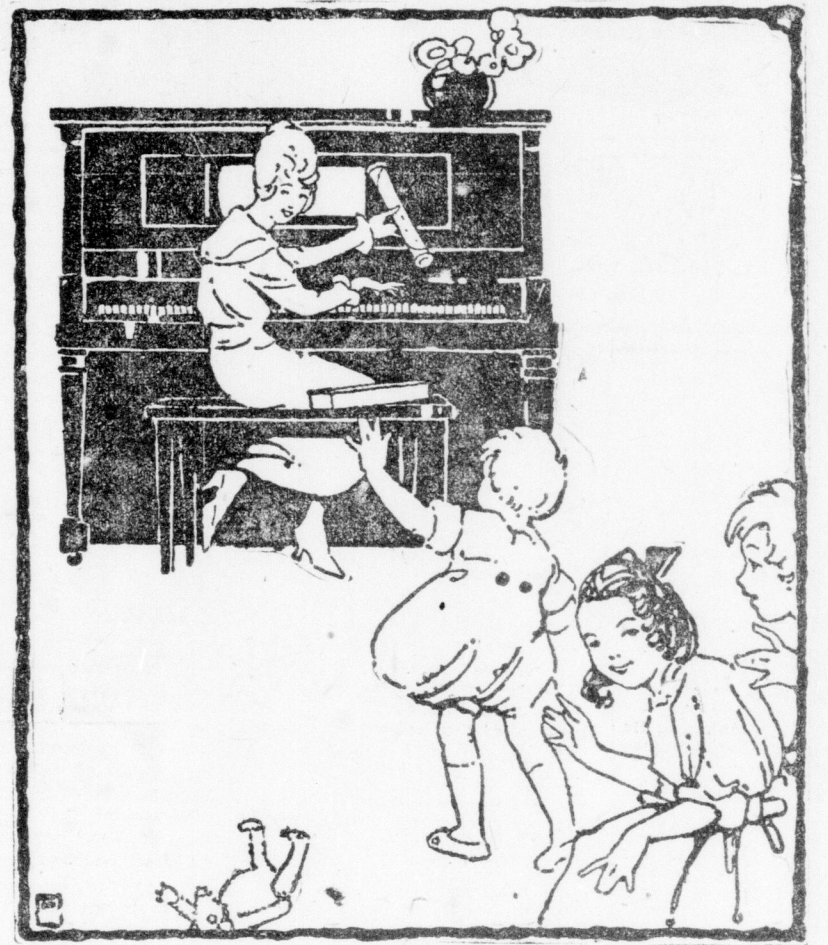

TOKYO, March 28.—Japan has decided to recognize the new Russian Government.

Of course, you can buy cheaper teas, but "SALADA!"

is undoubtedly the most economical and what appears to be 'cheap' in price will prove to be extravagant in use. The fresh young leaves of "Salada" will yield you generous value for your money.

I. C. R. BRIDGE COLLAPSES.
QUEBEC, March 28.—An iron bridge on the I. C. R., near Ste. Germaine, Drummondville County, collapsed at 10 o'clock this morning through the ice pressure. Trains were stopped before reaching the bridge, thus averting any accidents.

BRITAIN BUYS METAL.
LONDON, March 28.—The Australian Government has sold Australia's output of brass and metal for a decade to Great Britain, says an Exchange Telegraph dispatch from Melbourne today. Millions of pounds sterling are involved in the transaction.

Music Enriches the Home

Here's a golden opportunity for anyone desiring to improve the quality of the home music by the purchase of a new Piano or Player.

NORDHEIMER'S 77th Anniversary and Year-end SALE
