CRITICAL WEEK ARRIVES FOR HOME RULE BILL

Liberals Are Greatly Concerned Over Outcome—A Bye-Election is Being Fought Out—Balfour Speaks At Aberdeen.

[Canadian Press Despatch] NEW YORK, Nov. 3.—A cable to the Tribune from London says: Another week of exceptional interest in Irish politics has begun. It will be marked by several speeches of importance and will close with the Reading election. Liberals both there and at the party headquarters in London betray the utmost anxiety as to the result. This evening Arthur J. Balfour opens the Scottish campaign against Home Rule at Aberdeen. By common consent he was the greatest chief secretary for Ireland for the last half century and he possesses the historical sense more than any living statesman. Special significance also attaches to the meeting of Ulster businessmen at Belfast to-morrow, at which Sir Edward Carson will speak. All the chief towns and districts of Ulster will be represented, but only by actual employers of labor. The Unionists, too, are making determined fights in every constituency, and are aided in some by the nomination of labor and Socialist candidates, who always draw votes from the Liberals. Hydro Commission Will be Outlined Next Monday—Work on Civic Dyke System.

At the next meeting of the City Council a by-law will be introduced regarding the election of the commission to look after Hydro Electric matters in this city. It has not been definitely settled as to the number of commissioners to be elected, and another meeting of the fire and light committee will be held this week to arrive at a conclusion in the matter. There is a statutory choice of three or five commissioners. The Mayor is an ex-officio member in either case. There is some chance of a commission of five being chosen, which would necessitate the election of four members. In the meantime construction work is reported to be making good progress and Hydro will likely be turned on in Brantford in January. "The construction of the dyke to protect Brantford waterworks property will be completed to-day" announced City Engineer Jones this morning. The gang of men who have been at work during the summer on sidewalks and sewers will be put on by the city to construct a dyke for the Slingsby Manufacturing Company. These two dykes will render Holmedale immune from the rampages of the Grand Mere River which remains in Eagle Place on the city dyke there. In this connection, the civic authorities are worried over the hole in the township dyke near the property of Mr. C. H. Waterous. Reeve Kendrick this morning informed the Council that the River committee will take place immediately, however, is extremely doubtful, though it is known that the King-

Wall Collapsed—Nobody Hurt

A wall in the new core room of the American Radiator Company collapsed on Saturday afternoon, and loss of life might have resulted from the collapse. The wall was a new one put in a year ago when the company extended its facilities. It crumpled up and buried a gas engine, and it was fortunate that no employees were in the immediate vicinity at the time. The cause is said to have been due to a pile of moulding sand, the weight of which caused the collapse.

SPLENDID SERVICES

Are Being Conducted at the Park Baptist Church by Rev. Dr. Troy.

The services at Park Baptist church last evening which was attended by a congregation which packed the big edifice, was very inspiring. Rev. Dr. Troy had a message to deliver and he did it in a very inspiring way. "Does it pay to be a Christian," was the subject and the speaker appealed to his audience in a striking manner. The music last evening was very beautiful. A choir of 46 voices was led by Mr. Cornevin and solos by Messrs. E. Roberts and Cox enhanced the beauty of the service. To-night the Alexandra and Park church choirs will join, making a galaxy of 80 voices. Mrs. Barton will be the soloist.

IMPORTANT DEAL HAS JUST BEEN PUT THRO'

An important deal has just been put through between the Goold, Shapley & Muir Company and the Grand Trunk Railway. For some time the firm have been anxious to secure from the railway the yard situated opposite their factory, but without result. Now a deal has been effected whereby the company exchange property from the subway past Park avenue to Murray street, and the railway will use same, about five acres, for additional yard room. It is understood that the Grand Trunk are anxious to continue a spur right through there to connect with the factory district across the canal. The lot acquired by the Goold, Shapley & Muir Company is 132 by 132. Asked as to whether its acquisition meant an enlarged factory, Mr. Muir diplomatically replied: "We have it in case of future eventualities."

HARRY K. THAW'S LAST EFFORT FOR FREEDOM

[Canadian Press Despatch] CONCORD, N.H., Nov. 3.—The final fight for Harry K. Thaw, in connection with his efforts to resist his extradition from New Hampshire to New York, was filed with Governor Felker to-day. The brief states that the indictment returned by the New York grand jury charging conspiracy to escape from the Matteawan asylum does not charge a crime, because an insane person could not be guilty of conspiracy, if insane to such an extent as to be irresponsible for his acts, while if he was sufficiently mentally responsible to be guilty of the offense, he had a legal right to escape. "A person charged with breaking out of prison may show in defense of that charge that he was unlawfully confined in the prison," the brief states. The brief further claims that the

[Canadian Press Despatch] NEW YORK, Nov. 3.—Henry Ellonsky, the New London long distance swimmer, yesterday swam from the Brooklyn Bridge to Bay Ridge, a distance of about four miles, with hands and feet tied, towing a boat in which were seven men. The total weight of the boat and its occupants was 1365 pounds. Ellonsky took 11 hours at 12:50 p.m., and finished his swim at 4 p.m.

CHANGES MADE IN BANK OF MONTREAL

H. V. Meredith is New President—Other Promotions Are Made.

[Canadian Press Despatch] MONTREAL, Nov. 3.—Changes in the ranks of the officials of the Bank of Montreal were officially announced this afternoon. H. V. Meredith, Vice-President and General Manager, Montreal, becomes President and chief executive officer; R. V. Angus, Montreal, the President, retired from that position at his own request, but remains a member of the board of directors; Sir Frederick William Taylor, manager, at London, England, is appointed to the position of general manager and will assume his new duties when his successor in London is appointed. A. D. Braithwaite, superintendent of Ontario branch, Toronto, has been given the office of assistant-manager. Mr. Meredith, the new President, is a son of the late John Cook Meredith, London, Ontario. He is a brother of Sir William Meredith, Chief Justice of Ontario, and Chief Justice Richard M. Meredith, of the Ontario Court of Common Pleas. Sir Frederick William Taylor was born in Moncton, N.B. He occupied positions in the Bank of Montreal at Platon, Ontario, Peterborough, Oneida and Deseronto, Ontario. He was sent to London in 1905 as assistant-manager of the bank's office there, becoming manager a year later. Mr. Braithwaite was for some time manager of the bank's chief branch in Toronto.

OTTAWA GIRL KILLED ON C.P.R.

Passenger Coach Went Thro Switch Into a Yard Engine.

MOOSEJAW, Sask. Nov. 3.—Lillian Pettipiece, Ottawa, Ontario, aged 16 years, was killed and ten persons were more or less seriously injured in an accident in the West yards of the Canadian Pacific Railway here at 5 o'clock this morning, when a second class passenger car on the No. 4 Toronto express, eastbound, took an improperly closed switch and was splintered against a freight engine standing on the siding. Dead: Lillian Pettipiece, aged 15, daughter of Mrs. C. Waterman, Ottawa, Ontario, and bound there from Calgary, Alberta. Injured: Mrs. C. Waterman, Ottawa, skull fractured; Henry Warren, Calgary, jaw broken; Henry Pope, Vancouver, B. C., bruised; Dan Brooks, Edmonton, broken leg; Clifford Johnson, Resper, Arkansas, bruised and cut; T. S. Thilfin, Gulf Lake, Sask., cut in the head; C. R. Seurlbrug, New Hamburg, Ontario, sprained back; E. Johnson, Cranston, Ontario, cut on forehead; Y. Pick, Toronto, burns on feet.

KILLED BY TREE

CHATHAM, N. B., Nov. 3.—Gordon McRae, aged 28 was killed on Saturday in Red Bank woods by a tree which he was felling, striking him on the head. His time in the woods was up Friday, but he stayed at work one day later and almost at the last working hour of the day, the fatality happened. The deceased travelled for Buck's Stove Works for twenty years, and was highly esteemed by that company. He was a devout member of the St. Andrew's Presbyterian church and was associated with the A.O.U. W. He leaves to mourn his loss a loving wife and one son, Charles of New York city, and a brother, Andrew Hoagg of Detroit. The funeral will take place on Tuesday afternoon.

REDUCTION OF FREIGHT

MONTREAL, Nov. 3.—According to an official statement issued by the C. E. R. this morning the recent completion of the high level bridge over the Saskatchewan River at Edmonton has resulted in a reduction of freight charges on traffic affected by it of from \$5 to \$10 a car.

HOUSE COLLAPSED, TWO ARE DEAD

A Distressing Affair To-day at Hartford—Everybody Asleep.

[Courier Special] HARTFORD, Conn., Nov. 3.—The entire side of a four storey brick store-house in North Front Street collapsed early to-day and crashed through the small frame dwelling house of John Hughes, immediately adjoining, as a result of which two persons are dead, three perhaps fatally injured, and another seriously hurt.

Couldn't Blame Clerks at All

[Canadian Press Despatch] NEW YORK, Nov. 3.—Adams Express Company employees at Greenport, Long Island, took their best and worst bills with fear and trembling to a coal bin fifty yards away from the office to-day, and there transacted the day's business. The unexpected episode from the office was caused by a visit of burglars during the night. After blowing the safe and working and forcing open a mail car, the burglars wired the express safe, charged it with nitro-glycerine and left it. It was primed for an explosion when the clerks reported for duty this morning.

THE MURDER IS ATONED

Firing Squad of Spaniards Carry Out Justice To-day.

[Canadian Press Despatch] MADRID, Spain, Nov. 3.—A firing squad of Spanish troops at dawn to-day executed by shooting, Capt. Manuel Sanchez, a Spanish army officer found guilty by a court martial of the murder of Don Garcia Jalon, a wealthy land owner last May. Detachments of all the regiments in the garrison witnessed the execution. Captain Sanchez was tried and condemned for the crime as a sequel to the confession of a woman, Luisa Sanchez, said to be his daughter, who was sentenced to twelve years' imprisonment as his accomplice. Jalon was missing for several weeks after he had won about \$1000 at cards and the evidence showed that he had been enticed to Sanchez's flat and murdered there by the officer, and threw it into an adjacent sewer.

CONVICT IS CAUGHT

CHATHAM, Ont., Nov. 3.—Edward Labadie, who escaped from the county jail about the middle of August, has been captured by High Constable Peters. He was found in a house in Wallaceburg in which preparations had been made to escape by way of a trap door in the floor. Labadie had been in different parts of the province and had spent considerable time in Wallaceburg, but managed to evade arrest. He was serving a sentence of 23 months for horsestealing and will be tried on a charge of escaping.

OPEN AND FREE

QUEBEC, Nov. 3.—The boot and shoe manufacturers of Quebec inaugurated their new system of open shops and free labor this morning and apparently the new conditions have been accepted by the union labor operators, as the men went to work as usual.

TRANSCONTINENTAL READY

QUEBEC, Nov. 3.—The first section of the Transcontinental Railway declared completed and ready for traffic is the 50-mile stretch from the Quebec bridge west on the north shore, built by the contracting firm of M. P. and J. T. Davis.

BITTER FIGHT IN NEW YORK FOR THE MAYORALTY CLOSES TO-DAY

McCall, Hennessy and Mitchell Are Candidates--Republicans Confident of Securing Control--Tammany Hall Power Said to be in Jeopardy--A Stirring Finish.

[Canadian Press Despatch] NEW YORK, Nov. 3.—This city's bitter mayoralty campaign entered on its last day to-day. Closing speeches of candidates will be made this afternoon, and to-morrow voters will decide whether Edward P. McCall, Tammany, or John Purroy Mitchell, Fusion nominee, shall be mayor. William Sulzer, deposed governor, seeking to return to the assembly from the sixth district, caused to be published to-day letters and telegrams purporting to show that McCall's campaign to get Charles F. Murphy, the Tammany leader, to stop the impeachment trial, provided Sulzer would endorse McCall's candidacy for mayor, and stop the enquiries looking to the exposure of Tammany corruption. The letters and messages in question have the purported signature of Fred Feigl, one of McCall's campaign managers. There was renewed talk to-day that Sulzer's enemies would seek his indictment in Albany county for subordination and perjury in connection with his testimony, before the high court of impeachment. Sulzer will make his final campaign speech on the side to-night, notwithstanding that he has said that he has been threatened with assassination if he does. He has however, appealed to the police and the district attorney's office to "enforce the law and maintain order" in the district. John A. Hennessy, late graft investigator for Sulzer and star Fusion campaigner in the present fight, will deliver his final broadside against Tammany Hall to-night. This afternoon District Attorney Whitman was to resume the John Doe investigation, based on charges against Tammany politicians and others made by Hennessy during the campaign. It was thought that Eugene Wood, known as a lobbyist and politician, would be the first witness. Republicans Confident NEW YORK, Nov. 3.—Republicans predicted to-day that they would regain control of the lower branch of the state legislature through to-morrow's elections. Their hopes are based on Democratic disaffection over the removal of Governor Sulzer and the fact that the Democratic leaders have neglected the state election in their efforts to win New York city. The Progressive party promises to play as important a part in the state election as it did a year ago. To the big Progressive vote last year the Republicans attribute the defeat of their candidate for governor and the loss of the legislature. This year, through fusion with the Republicans in New York city, the Progressives are assured an increased representation in the assembly, and should the election be close they would hold the balance of power in that house between the two older parties. At the same time Republicans assert that their friendly understanding with the Progressives in the Metropolis will benefit the Republican candidates upstate; and with no contest governorship to unite the Progressive in a state-wide effort, they expect that many of the latter will return to the Republican fold. Following the advice of Col. Roosevelt, the Progressives have made a special effort to elect assemblymen. In this city, they have obtained Republican endorsement for their nominees to the lower house in return for their support of the Republican candidates for aldermen. The assembly at present stands: Democrats 140; Republicans 42; Progressives 4.

One Week More to Pass Danger Point

Work on Lake Erie and Northern at Lorne Bridge—Secord Co. Starts Gang South of Bridge.

The stupendous job in progress at Lorne Bridge was witnessed by hundreds of people yesterday. Officials of the company were here from Buffalo Saturday and informed Mayor Hartman that with one week clear weather, the danger point as regards the elements would be passed. The main job this week is to get the walls built for protection against the river flow. This morning Secord and Sons, started a big gang of men with teams at work on the south side of the bridge. The dirt from the excavation is being teamed to the south of the Grand Trunk tracks in the rear of the Massey Harris dyke. This route will mean the construction of a bridge just at the canal headgates. The big job is attracting all kinds of interest in the city, with its night and day work. Progress Made. Considerable progress was made in building the retaining wall and in excavating for the same. Thus far 300 yards of concrete have been put in, 200 of this amount being put in yesterday. Excavating was finished to-day for a distance of 40 feet from Lorne Bridge. Sixty men were working. The northern half of the work of building the wall was started this morning. Only the southern half was undertaken previously, but as the excavations there are about finished, a number of the men were put at work excavating for the northern half of the wall. Started Work South of Bridge. This morning Secord and Sons started a steam shovel at work excavating for the retaining wall to be built south of Lorne Bridge along the property where the storage formerly stood. The earth removed is being put along the dyke between the T. H. and B. and the Grand Trunk tracks, forming the roadbed. A pile driver will start to-morrow morning driving piles south of the bridge for a coffer dam, which will protect the retaining wall. The shovel will be working night and day. The route from the bridge to the point where the earth is being dumped has been illuminated. Trestle Being Built. There is about 250 feet of trestle to be built and filled in before Lorne Terrace will be reached from the north. This work is going on rapidly. It is reported that two weeks will elapse before the work of raising Lorne Bridge will commence.

COURT OF REVISION TO CONSIDER APPEALS

Only Thirty-seven Appeals Have Been Entered---The Lake Erie and Northern Company Are Appellants--Other Cases.

The Court of Revision meets on Wednesday to consider some 37 appeals entered. Sheriff Ross is said to be suffering from indisposition and the remaining members of the board will likely have to conduct the business of the court. They are Messrs. Eddy and Lavery. In addition to the appeals given below, the Lake Erie and Northern Railway is protesting against the assessment of lands purchased by the province and the same basis as other property in the Holmedale and not nearly in accord with the price paid for it. Mr. Ludlow further stated that there would not be \$10,000 difference as a result of the revision to be made. Ward One. Augustus Barche—Overcharge on real: Realty, \$1400. Albert G. Now that everyone is a wee bit tired of the everlasting narrow, slashed skirt, along comes the fetching, feminine, flounced affair beloved of woman-kind in every generation. This new flounced costume is sponsored by a great French couturier, who has lifted the line of the flounces at the front to give a more graceful effect. The little coat with its gay metal braid drops at the back over the wide sash; but the latter shows well in the doorway front opening. The sash and coat are worn over a blouse of very sheer machine embroidery and batiste.

Increasing The Wear Of Your Shoe Sole

Did you ever hear of a VITALIZED Shoe Sole? Probably not. It is a NEW IDEA in shoe building—to be found only in the Slater Shoe. Sole leather, as it comes to the Slater factory, is first cut up into shoe sizes, and then put through A SPECIAL SLATER PROCESS, which greatly increases its wearing qualities.

We call this process Vitalizing the sole—putting into it extra life and vitality, making the fibre of the leather extra plump, tough and resilient, giving them added life, springness and strength.

And this extra process doesn't cost the buyer of Slater Shoes a single penny extra. You get this extra wear in the sole of Slater Shoes FREE OF CHARGE.

OF THE VITALIZED SOLE is one of the features that makes the new Slater Shoe line the greatest shoe values ever shown. Extra style, extra wear, price plainly stamped on the sole at the factory for YOUR protection—these are the things that make the SLATER SHOE attractive to sensible buyers.

RADIAL ROADS.

The rumor that the radial road between Brantford and Hamilton may shortly be double tracked brings to mind the false fears of a few who seemed to think that such easy and efficient access to the Ambitious City might seriously hurt Brantford's trade.

It hasn't, to the direct contrary there has been much mutual benefit. Radial lines do not hurt the smaller cities, towns and villages. Michigan has demonstrated that. The lesser settlements in that state which were afraid to yoke up with Detroit and other centres, are dwindling, whereas those which did so, are going ahead.

The same thing will prove true in connection with the line now building between Brantford and Galt, and Brantford and Port Dover.

The district is rich and settled by an excellent class of people in both directions, and the increased facilities for buying and selling and trading in general, will be of marked general advantage.

And speaking of the Lake Erie and Northern, a well known citizen remarked to this paper that he had been opposed to the line running at the foot of Jubilee Terrace, but had now changed his mind for the reason that he realized how much better it was in the matter of the safety of the public to have the route largely follow the Grand River instead of having a lot of highway crossings.

ENTERPRISING BURFORD.

There is an enterprising and capable set of men in the Village of Burford. The splendid manner in which they have transformed that old time bogey, the Southern Fair, into a most successful enterprise is proof of that, and very likely because of their achievement in this regard they are now pushing on to other things.

At a recent meeting there it was decided to try and get Hydro-Electric for the village and also natural gas. Another important matter which was brought forward consisted of the suggestion that small farms of from five to ten acres should be laid out in the Township for market gardening, poultry raising and so on. Fifty was the number suggested for a start off.

The quality of Burford soil for the most part ranks as among the best in Canada. The geological formation is limestone and there is a rich sand loam, with clay and gravel sub-soil. The latter constitutes a natural system of drainage which is of very great advantage. Some years ago a government estimate placed the value of the territory in this Township, as one-third of the very first quality, and one-third as second class quality, with the balance somewhat inferior. Since then, however, improved farming methods have done much to aid the natural advantages.

Another proposal on hand there is an Old Boys' Reunion.

The residents of all the County are bound to prosper more, and more, as Brantford and Paris develop, and it will not be so very long before this community alone possesses fifty thousand inhabitants.

Our interests are very much bound up with each other, and each year sees that fact receiving a greater and rounder recognition.

THE USE OF POLES.

Brantfordites do not need to be told that the use of poles in Canada is tremendous.

We have in our own community a beautiful and ever growing crop on all the streets, and if they get very much thicker, it will be a difficult job at some corners for Old Sol to get any sunbeams in between them.

The official figures just issued show the enormous purchase of the same for twelve months. For railways, for telegraph, telephone, and light and power companies, the number bought was 608,556 at a cost of \$1,113,525, making an average cost per pole of \$1.83. And this, be it marked, is the story year by year for the upkeep of an ever widening dead forest growth and the depletion of our timber resources. Cedar makes up 86 per cent of the number cut each year, and balsam, fir, tamarack and spruce make

up the balance. For the most part they are between twenty and twenty five feet in length.

In addition to poles, there were purchased for the twelve months spoken of, 21,308,571 ties, at a cost of \$9,373,860, this representing the big increase of 48.1 per cent over the previous twelve months. That fact tells in eloquent terms of the extensive railway extension work now in progress in all portions of the Dominion. Jack pine trees make up 36.5 per cent of the total, and they have a value of 44 cents. Cedar comes next at 45 cents at point of purchase, and Douglas fir ties have a value of 30 cents each.

As to the pole nuisance, one of these days the larger communities will rise in their might and snuff the custom hip and thigh, but they are most certainly not doing so now.

A GHOULISH SHEET.

Under a glaring front page heading the Toronto Globe features the announcement that Premier Borden has gone south for his health, and that he would gladly resign if there was anyone to succeed him.

Here is some of the piffle in this wholly untrue and malicious despatch.

"The Prime Minister had a six-weeks' holiday early in the summer at St. Andrew's, N.B. This second prolonged absence from the Capital, when belated sessional preparations should occupy the time of the Cabinet, emphasizes a belief that finds frequent expression in political circles here. That belief is that there was a satisfactory successor in sight. Mr. Borden would gladly resign the cares of the Premiership and of party leadership. It is certain that he has little zest for the political game as it is being played by his present colleagues.

Lack of harmony within the party, Cabinet bickerings and jealousies, the necessity for political side-stepping and trimming to satisfy conflicting elements of the Government support throughout the country, the lack of strong men and of loyal support within the Cabinet, and the growing signs of popular and party distaste with the present administration, all harass and worry the Premier. The result in South Bruce has caused him further worry in the form of complaints and protests and conflicting advice from the Conservative ranks in all parts of the country.

He has temporarily escaped from it all but the real cause of his physical ills will again meet him on his return. Conservative leaders here are already speculating as to how long he can stand the strain, and who could be brought in to succeed him."

It isn't decent concern for the health of Mr. Borden, which animates the leading Grit organ in this matter, nor for one holy moment, but a ghoulish desire to use an alleged breakdown to make some underhand attacks upon the Conservative party as such.

Here is the real truth with regard to the matter:—

OTTAWA, Nov. 2.—That Premier Borden left Ottawa on the advice of his physician, and that his health has been seriously impaired, has been freely reported in Ottawa. The fact is that Premier Borden left in fulfillment of a month-old arrangement.

The sorrow of the Globe over the above will no doubt be too deep-seated for utterance.

When Sir Wilfrid Laurier, a short time ago was reported, also without warrant as it turned out, to be quite seriously indisposed, there was scarcely a Conservative paper which did not express the hope that he might speedily rally, but the Toronto sheet isn't built that way.

It was that Journal, it will be remembered, which openly gloated over the allegation that Hon. George Foster, whom it personally disliked, had suffered a breakdown. He has been very much on deck ever since, and so also it will be hoped by all decent folk, will Mr. Borden.

NOTES AND COMMENTS

The Toronto Globe, in smacking its lips over the rumored and unfounded breakdown of Premier Borden, asks who could succeed him? There will be time to consider that, it is to be hoped, in the very far distant future, but meanwhile it may be gently remarked that the crop of good material in the Conservative ranks is far, very far, ahead of that among the Grit cohorts. Outside of Laurier, who in thunder have they?

The latest attack by crazy militants upon Premier Asquith, when they used dog whips and red pepper, is one more deep stain upon the conduct of those devilish fanatics—that is if there is a spot left on which another stain could find a lodgement. And that sweet exemplar of all the womanly virtues, Mrs. Pankhurst, when she heard the news, remarked that the assault was "perfectly proper, and another step in the cause for which we are fighting." Would she also regard it as "perfectly proper" to have red pepper and dog whips applied to her fair self on behalf of the

many thousands who simply regard her as a run at large anarchist?

The shades of night were falling fast. As through Brantford city passed A man who with some good advice Bore a banner bearing this device: "Join the Borden Club."

In happy homes he saw the light Of household fires gleam warm and bright, "A happy home's all right said he, But sometimes there other spots to be."

"Join the Borden Club."

"Give me a pass," one close man said.

"Not on your life; not on your head. To enter there costs a dollar bill, You have a good time and help the till."

"Join the Borden Club."

"Oh stay, a maiden said and rest Your head upon this blooming breast. A tear stood in his offside eye But still he answered firm and spry, "Join the Borden Club."

At break of dawn as heavenward A pious monk of St. Bernard Uttered the oft repeated prayer A voice cried through the hurdling air "Join the Borden Club."

Next day as joyous and most gay That canvasser sang a roundelay Down from the skies serene and far A voice fell like a falling star. "Over one thousand members in the Borden Club."

Harry Kemp

When Britain sends her gifted bards to visit "Yankee" shores, we take them warmly to our breasts. Even though we find them bores; we compliment their blooming lyres, we boost their blawzed song, and when they leave our bloody land they take our praise along. We feed them at our groaning board, as though they might be earls, and introduce them to our aunts and all the spinster girls; we try to make them seem at home, we try to make them feel at home, we try to make them feel at home, and Americans are brothers. British and Americans are brothers. England's shores are hard without a lid, it was a burning, screaming shame, the things those Britons did. They didn't take him to their homes or to the banquet hall, they didn't hang this picture where it might be seen at all; they didn't drink the poet's health in brown October ale, they grabbed him where his clothes were slack and fired him into jail. A blooming jurist sized him up and muttered to the bard: "You'll ave to ump yourself in 'ock—three weeks of labor'ard! And when your bloody term is hup we'll ship you from this shore, and don't come 'ustling 'ere again, or you will get some more!" And shall the Eagle now submit, or claw the Lions tail? How can we boast about our flag while Harry Kemp's in jail?

TORONTO FIRE DAMAGE.

TORONTO, Nov. 3.—Fire damage for the month of October in Toronto was \$97,311. The firemen were called to no less than 140 fires, the biggest loss at any of them being to the Granite rink on Church street, where \$50,000 damage was done; and Alexander and Cables, on Pearl street, where the loss was about \$30,000. There were thirteen false alarms, most of them on Halloween and two incendiary fires. At 67 of the calls there was no damage at all.

To The Editor

MR. COOPER EXPLAINS.

To the Editor of The Courier:

Sir, My attention has been drawn to an editorial which appeared in your issue of Oct. 28th, and I desire to set you right on one point. I did not say to the Liberal Club of Brantford that I was opposed to the Borden contribution of thirty-five million dollars. On the contrary I told them that I had no objection to it, if Mr. Borden intended to work for a Canadian navy ultimately. I also said to them that I did not agree with that feature of Sir Wilfrid Laurier's policy which stated that the larger Canadian vessels should be built in Canada. I made it very clear to the Liberal club that I disagreed with that portion of the Liberal naval policy as at present outlined. Moreover, when the matter was before the Senate, the Canadian Courier of which I am editor, advised the Senate to pass the bill. You are therefore misrepresenting my views in your editorial columns. I am sure you are not doing so intentionally, but the result is the same.

Perhaps you will allow me this opportunity of making my views clear for the benefit of your readers. I am a firm believer in a Canadian navy, and am quite confident that ultimately Mr. Borden will adopt the Canadian naval policy. In the meantime,

Yours sincerely, JOHN A. COOPER.

(This paper willingly makes room for the above. If there was misrepresentation with regard to what Mr. Cooper said, the fault rests with The Expositor and not with The Courier as the editorial in this paper was based on the report of Mr. Cooper's address before the Liberal Club, as published in the local Liberal organ. We are willing to admit that this journal was perhaps to blame in not going to a better or more accurate authority.—Editor.)

I am one of those who are advocating that the two parties should get together and settle the big question in a national way. If the two leaders would agree to both the contribution and a Canadian navy, I am quite prepared to accept it. I am not supporting either the present Liberal or the present Conservative attitude, but simply suggesting to both parties that Canada should do as Australia and New Zealand have done, viz., treat the naval question as something too serious to be made the football of partisan politics.

I trust you will give this letter a prominent place in an early issue of your paper.

Yours sincerely, JOHN A. COOPER.

(This paper willingly makes room for the above. If there was misrepresentation with regard to what Mr. Cooper said, the fault rests with The Expositor and not with The Courier as the editorial in this paper was based on the report of Mr. Cooper's address before the Liberal Club, as published in the local Liberal organ. Anniversary Sale

10 Days of Unprecedented Value Giving Sale Commences Wednesday, Nov. 5th.

"LARGE OAKS FROM LITTLE ACORNS GROW"

JUST Eleven Years ago we re-entered our Rebuilt Store, which was a vast improvement on what had been, in point of convenience to our patrons. This change enabled us to demonstrate, most forcibly, to the people of Brant County the great march forward and uplift in Modern-Merchandising, and we have to thank them for the fact that year by year the business has grown 'till it now has a volume of nearly three times what it had then. So now at another Anniversary Period we have determined to signal our appreciation of their patronage, and mark this another Milestone in our business history by a distribution of such a volume of worthy goods, at such advantageous prices, that they will be irresistibly compelling.

THE SLOGAN of this business is and shall be GOOD GOODS AT MODERATE PRICES, and to that we pin our faith. Day by day attractive and money-saving lines will be put before you.

Read, mark, and remember, for they will be well worth your close attention.

You can fill your every need for the cold weather "just around the corner," and in doing it you will ease off the strain on your pocket book.

Look for the Yellow Price Cards! They Will Tell the Story Most Emphatically.

Doors Will Be Open 9.30 A. M. Wednesday, Nov. 5

Come on the Opening Day of the Sale and Every Day After!

PHILOSOPHICAL PHEIX AND THE WEATHER

THE PROB

TORONTO, Nov. 3.—The disturbance which was north of the Gulf of St. Lawrence on Saturday caused very heavy showers of rain in the Gulf of Newfoundland during Saturday night and on Sunday. Another disturbance is now moving eastward across northern Ontario. The weather continues fair and mild in Ontario and the western provinces, and the temperature is rising in the Maritime provinces.

FORECASTS:

Southwest winds, local showers, but partly fair followed to night and on Tuesday by moderate west and northwest gales. Tuesday—Fair.

TEMPERATURE.

Temperature for the last twenty-four hours: Highest 51; lowest 34. Same date last year: Highest 41; lowest 29.

LIEUT-GOVERNOR INCREASED SALARY

His Title in Ontario is Also to be Changed to That of Governor.

TORONTO, Nov. 3.—Sir James Whitney stated today that a bill which will increase the salary of the lieutenant-governor of Ontario to that of "governor." The latter is understood it will be raised from \$20,000 to \$20,000, and even this figure is much below the amount which any incumbent of the office necessarily obliged to spend.

A resolution will also be brought in changing the name of the office from that of "lieutenant-governor" to that of "governor." The latter is considered to be more dignified and distinctly more modern.

Just what effect the discussion on redistribution will have is an unknown quantity. Sir James stated that the representation of Nova Scotia in the Dominion House was very much considered, with a view to solving the problem of how the Maritime Provinces are to retain their present representation with a decreased population. No conclusion was arrived at, as any change there will effect the other provinces in more ways than one.

During the new session a resolution which brought into the legislature under which the Ontario provincial securities will be placed on the lists in which the court permits the investment of trust funds. Ontario has never been able to get on this list.

Story Hour.
The subject for the Story Hour on Tuesday at the Public Library will be "The Dragon's Teeth" by Nathaniel Hawthorne, and on Thursday, "The Dog of Planders," by Ouida.

NEW PARK GIVEN TO THE TOWNSHIP

Deed Formally Handed Over—Parkdale Will Have Playground.

At the afternoon session of the Township Council, which is meeting to-day, a by-law was passed taking over one and a half acres in Parkdale, given by the Cockshutt Securities Co. for park purposes.

A lane in the vicinity of the road which the locks was stated by a resident to be in a very bad condition and almost impassable. The council was asked to do something towards having the lane put in good condition. As the lane has not been taken over by the township, the council are not bound to do anything, but it is quite likely assistance of some nature will be given.

The communications given below will be dealt with this afternoon.

Mr. R. Atwell, Mohawk road, wrote asking the council to place cinders in front of his property to prevent his cellar being flooded.

Mr. J. W. Lewis wrote stating that the drain which was taken up in front of the store in Brighton Place must be replaced, according to agreement, before the fall rains start, or action will be taken for any damage caused by the drain not being there.

Mr. J. Leslie Axford wrote asking for a grant to assist the Children's Aid Society.

The City Clerk wrote the council giving a copy of a resolution passed by the City Council last Monday evening, in which it was suggested that a committee, consisting of three delegates from the township, discuss the increasing of the bridge accommodation between the east and west banks of the Grand river with representatives of other bodies.

The Public Roads and Highways Commission of Ontario notified the council that on Nov. 14 representatives from Wentworth, Brant, Haldimand, Welland and Lincoln will be heard with a view to obtaining information as to local road improvements.

THE GOVERNMENT IS SUSTAINED

Conservative Party in Newfoundland Has 19 Out of 36 Members.

ST. JOHN'S, Nfld., Nov. 3.—The continuance in power of the Conservative or "people's party" government under the premiership of Sir Edward Morris, was assured to-day when the returns from the Placentia district showed the election of three Conservatives. On the face of the partial returns it is believed that Attorney-General Morrison and two of his colleagues have been defeated by three candidates of the Fishermen's Protective Union, the labor organization which amalgamated with the Liberal Party Bond, the former premier.

FIERCE STRIKE AT INDIANAPOLIS

Over 600 Strikebreakers in in Barns Didn't Dare Come Out.

(Canadian Press Despatch)
INDIANAPOLIS, Ind., Nov. 3.—No effort was made up to noon today to resume street car service, which has been tied up since Friday night by the strike of the employees of the Indianapolis Traction & Terminal Company. Although a special guard of police was detailed to guard strikebreakers, the crowd of strikers and sympathizers flocked so thickly that the cars were not run out. The crowd kept orderly and quiet, but remained on watch a block from the barns. Bankers, merchants and professional men are to guard the street to-night in order to let the police devote their full time to preventing the destruction of street car property. Sheriff Porteous served summons on 200 representative business men this morning, ordering them to report for guard duty as deputies later in the day.

Among those summoned were James A. Allison, secretary of the Indianapolis Speedway; Fred M. Ayers, a merchant; Harry Atkins, manufacturer; William H. Brown, an automobile manufacturer; former Postmaster Robert H. Bryson; C. C. Hinch, president of the Chamber of Commerce; Thomas C. Howe, president of Butler College, and others.

The summons stated that lawless disorder, accompanied by many breaches of the peace and destruction of property, prevail in the city, and that the municipal police have de-

AMUSEMENTS.

Division Court was held to-day before his Honor Judge Hardy.

Elected Director.
Mr. George Watt of George Watt and Sons, has been elected a director of the Western Ontario Travellers' Association.

A Concert.
The members of the B.M.E. church are giving a Southern Plantation concert to-morrow night to help pay off the building debt on the church.

Price of Milk.
In Hamilton, the retail dealers have raised the price of milk to nine cents a quart, and Mayor Allen, as a protest, has issued a public appeal asking citizens not to buy any lactated fluid for one week.

Inland Revenue.
Inland Revenue returns for October were as follows: Spirits, \$4860.14; malt, \$844.50; tobacco, \$1889.62; vinegar, \$224.01; methylated spirits, \$532.57; other collections, \$50.24; total, \$8401.08; 1912, \$9203.64; decrease, \$892.56.

Addressed Club.
At the meeting of the Y. W. C. A. "I Will Trust Club" held on Saturday evening, Dr. Troy, who is conducting special services in the Park Baptist church, addressed the club taking for his text, John 3: 16. Miss Wilma Jones rendered a solo very pleasingly.

No Decision.
A meeting of the license commissioners was held Saturday evening relative to the American Hotel the license for which is now held by Mr. Alex. Howarth. The commissioners of the former proprietor are asking the license board for consideration, but it is announced that no decision was reached Saturday. The liabilities are reported to be heavy.

Gideons Speak.
A large congregation at Colborne St. Methodist Church greeted Mr. G. S. Cole and Mr. G. Mackenzie of the Gideons, an association connected with the Travelers' Association, which has as its work the distribution of Bibles in hotels and other places frequented by the travelling public. Mr. Cole, in a very excellent address, told of the work being done. He also gave a gospel address. Mr. Mackenzie rendered several solos.

Football Meeting.
At a general meeting of the Brantford Football League which will be held Wednesday evening in the Conservative Rooms, the election of officers will take place and notices of motions will be introduced. The financial and secretary's report will be received. There are four cups to present, the Courier, won by the All Scots, the John Hill, won by the Cockshutt team, the Brantford League won by the Dufferins and the Dr. Russell cup, given for the most goals scored and won by E. Holland. At this meeting a date will be arranged for the presenting of these cups. As President Speechley has tendered his resignation, this office will have to be filled. In the resignation of President Speechley, the league loses a valuable officer.

BRANTFORD BOY'S EXCELLENT WORK

Dr. Charles Hartley Attains Prominent Position in German Capital.

The Paris (France) edition of the New York Herald contains an illustrated article with reference to an amateur golf championship tourney on the Oberhof links in Germany. They had been established at a cost of 1,000,000 marks (a mark is worth a little over 23 cents), and are under the patronage of Duke Carl Edward of Saxe-Cobourg-Gotha. It is intended to make the club one of the favorite resorts of middle Germany. The article, in referring to the championship competitors, says: "Another excellent player is Dr. Charles Hartley, also of Berlin, who stands a good show in several events. He belongs to the hockey team of the Berlin Skating Club, which defeated France, Switzerland, Belgium and Bohemia in the championship contest at St. Moritz."

Dr. Hartley is an old Brantford boy and son of Mr. Hartley, Pearl street. He has attained a very prominent position in the German capital.

rugby except the stiff wind that was
blowing across the field.

First Quarter.
Hamilton kicked off against the
wind. Wood running the ball back
to centre field, and the first down,
Jones went around the end for 30
yards. Brantford scored their first
touchdown when "Scotty" McDonald
went over on a fake buck after about
five minutes of play. It was not con-
verted. Brantford 5, St. Patrick 0.
Hamilton kicked off and were forced
back to their 40 yard line. B.C.I.
failed to gain their yards on bucks.
Dunstan kicked on the third down to
the dead line, which netted two more
points for B. C. I. Hamilton kicked
off from their 25 yd. line, B. C. I.

By taking an inter-scholastic Rug-

Guelph now has a very fine chance of
winning the silverware. Previous to
the game the points were Brantford
5, Guelph 2 and Galt 1. The winning
of the game put Guelph just 1 point
behind Brantford. There is a game
to be played here Saturday with
Guelph, and should Guelph win, the
locals would lose the silverware by
just one point. Four members of the
Collegiate Athletic Association in the
person of Sweet, Slemm, Dunlop and
O'Neil witnessed the game, and re-
port Guelph to be strong tacklers.

INTERCOLLEGIATE
VARSITY SURPRISE

TORONTO, Nov. 3.—Toronto Varsity's
win from the Royal Military
College, by 36 to 17, on Saturday,
combined with the unexpected de-
feat of McGill by Queen's, put much
heart into the supporters of the local
collegians. Varsity played the best
game they have played this season.
If they are able to win the game here
with McGill on the 15th they can tie
the league. Although in Saturday's
game Varsity showed better form,
the game itself was full of flukes.
The two lines were well matched and
the result was a kicking and running
game in which the back division on
both teams distinguished itself by
several costly fumbles. On Varsity's
side, Carr was the worst offender.
Royal Military College's first try
was almost lost in the same way.

PARIS WON TRACK MEET

Defeated Brantford 58-33-- Local Option Pettition is in.

PARIS, Nov. 3.—The postponed track meet between the members of the Y. M. C. A. of Brantford, Galt and Paris was held here on Saturday. Galt failed to send a team to compete. The track was slow but the events were all well contested, Paris winning the championship by 58 points to Brantford's 33. The various events resulted as follows:

- 100 yards dash: Barker, Waddington, Hey.
- 220 yards dash: Cullen, Waddington, Turnbull.
- High Jump: Moyle, Erickland, Cullen.
- Shot put: Hey, Stickland, Waddington.
- Broad Jump: Stickland, Cullen, Barker.
- Mile Run: Taylor, Cullen.
- Half Mile: Moyle, Barker, Flahiff, Intermediate.
- 75 yards: Smith, Patterson, Stock.
- 200 Yards: Flahiff, Batchelor, Hillborn.
- High Jump: Smith 1, Barker 2, Batchelor and Vansickle, tie.
- Shot Put: Smith, Batchelor, Vansickle.
- Broad Jump: Smith, Batchelor, Flahiff.
- Relay Race: Vansickle, Williamson, Batchelor, Smith.
- Junior Events.
- 60 Yards: Adams, Harold, Shawcroft.
- 230 Yards: Skea, Harold, Bray.
- High Jump: Harold, Bray, Skea.
- Broad Jump: Shawcroft, Adams, Skea.

Relay: Skea, Harold, Stewart, Shawcroft. After the track meet the boys all repaired to the Y. M. C. A. rooms where a supper awaited them, to which they did full justice. Later an impromptu basketball game was arranged between Brantford and Paris, which was won by Brantford. The funeral of the late Mrs. Midgley was held from the residence of her son-in-law, Mr. A. Sinclair, yesterday afternoon, and was very largely attended. Friends and relatives gathered from near and far. Rev. Brandon conducted the services. The local option has been duly presented to the city fathers. It contains over 40 per cent. of the names of those entitled to vote upon it. A special meeting of the council will probably be called this week to draft a by-law to submit to the ratepayers. A hockey meeting is called for tonight in the board of trade rooms.

With the City Police

Two brothers, named John and William McKenzie, created a lively scene on Saturday afternoon just behind the Gem theatre. They had been drinking and started to fight. A passerby named Simpson, who attempted to act as peacemaker, was set upon. Meanwhile a crowd had gathered and intervened, with the result that the brothers grew more violent and kicks, blows and scratches were freely distributed. P. C. Blanchard arrived on the scene and managed, while the men were held by the crowd, to put the "irons" on them. The officer received his share of the kicks and abuse while taking the prisoners to the cells. To-day, at the court, John did not put in an appearance, and William was fined \$10 or given the alternative of 30 days for his part of the affair. John Borthwick, not Police Commissioner, was fined \$2 and costs for cruelty to a horse. The offence occurred as long as Dec. 12 last year, but defendant had disappeared when summoned and had just been apprehended. The cruelty consisted of leaving a horse unattended from 3 o'clock in the afternoon until 11 o'clock at night. "You want him to prove you a liar," asked Magistrate Livingston. "Yes sir," replied Clem Shoebotnick. He and a neighbor had quarrelled over a 5-foot strip of neutral territory which Shoebotnick had used for garbage purposes, much to the complainant's disgust, who contended that Shoebotnick had no right to use the ground. This right he claimed, but he was told that in future he must find another place for his garbage. The case of L. B. Culver, who was brought up on a charge of false pretences, was remanded for a week at the police court to-day.

Around The City Hall

Ald. Ward this morning predicted a big change in the personnel of the City Council for next year. "In Ward 5, if I don't run, there will be three new aldermen because Ald. Spence will most likely be a mayoralty candidate, and Ald. McFarland will continue his work on the Hydro-Electric as a member of the commission and not as an alderman." Another civic deputation may leave the city. This is in response to a request from the Secretary of the Canadian Union of Municipalities for representatives to meet at Toronto to-morrow to join in asking for a change in the Railway Act as it affects municipalities. Sanitary Inspector Glover had his attention called this morning to the disgraceful condition of the yards in the rear of the stores on South Colborne street. Mr. Glover thought it was a matter for the Chief of the Fire Department. The yards are choked with boxes and old building material. If they were cleaned out one day they would be as bad as the next, so great is the accumulation. In the poor relief disbursements by Relief Officer Eddy there is one item \$8 for a funeral during the month. The total amount was \$53.71 of which \$21.45 was for coal. Mr. Eddy said this morning that there seems to be more men out of work than usual at this time of the year. He has noticed it in his office where demands for assistance from the city are greater. With the rush of railway work now in progress, the condition seems hard to explain, although some of the factories are reported to be retrenching.

Critical Week

Reading is Close. The greatest interest centres in the contest for Reading, the seat which Sir Rufus Isaacs gave up to take the Lord Chief Justiceship, and here the Unionists have the best chance of making a break in the Government defences. Sir Rufus Isaacs, although a resident of the city, and an otherwise popular and strong candidate, always held his seat by only narrow margins, which at the last election dwindled to 9. Charles H. Wilson, who fought him at the last election, is again the Unionist candidate. George Peabody Gooch, the Liberal candidate, a former member for Bath, is quite a stranger to Reading, having entered the constituency only on the eve of the contest, and, besides, the Socialists are opposing him. Reading has a most peculiar political history. It is largely a one-firm town. Most of the members of this firm are Unionists, but the head of the firm, the late Sir George Palmer, was a Liberal. The votes and influence of the firm were therefore about evenly divided between the two parties, consequently the narrow majorities. With the death of Sir George Palmer, a few weeks ago, the whole influence of the firm was directed to the Unionist candidate. The Keighley Seat. The Keighley district of Yorkshire, where Stanley O. Buckmaster is seeking re-election, does not give the Government so much apprehension. The Scottish elections will be fought largely on Scottish issues, and in both cases the Liberals are pretty certain of success. Robert Munro, on account of his appointment as lord advocate for Scotland in succession to Alexander Ure, has to go back to his constituency to have his appointment endorsed. He represents Wicksburgh, where he defeated Sir Arthur Bignold in 1910 by a majority of 20. No Unionist candidate has yet been selected. The other Scottish contest is for Leithgowrie, which Alexander Casre vacated to become lord president of the Court of Sessions. He had represented the constituency for 20

years, always being elected by a large majority, the last time by 2070, so it ought to be safe for the Liberal again this time. The candidate chosen by the Government party is Mr. Pratt, a former bailiff of Glasgow and a strong temperance advocate. His opponent will be James Kidd, a solicitor. There will be no contest at the by-election for the northern division of County Cork, where John Guiney has been nominated.

LUCKY BASEBALL FLUKE.

Think of a Player Making a Home Run on an Infield Fly! "In all the years I have been attending baseball games—and they are more than I would care to number—there is one play which stands out in my mind as the greatest I have ever seen," says a contributor to the American Magazine. "There was no wonderful skill embodied in the play. It was, I suppose, pure luck. But the fact remains that I have never seen it duplicated nor approached, and it is, so far as I know, unique in the annals of baseball. The game was one between Washington and Cincinnati back in the days when Washington was in the National League. The score was 1 to 0 in Cincinnati's favor in the last half of the ninth. Two men were out, and Washington had a runner on second with Wilnot at the bat. On the first ball pitched Wilnot swung hard and knocked an infield fly, the biggest I have ever seen. The ball went up and up, until it was visible only as a tiny speck. "With the crack of the bat the runner on second had started for home, and he crossed the plate before the ball began to fall. Buck Ewing, Cincinnati's first baseman; McPhee, who played second, and Germany Smith, the shortstop, all gathered between first and second awaiting for the ball to drop. Wilnot sprang around the bases at top speed and passed third as the ball fell just inside the triangle of waiting infielders. "The ball struck the hard earth of the base line and bounded high in the air. Ewing having to wait for it to descend a second time before he could make the throw home. Wilnot slid around the plate and was safe, having won the game with a home run on an infield fly, a feat which has never been duplicated in professional baseball."

To Move Pictures.

People who stand their family portraits against the walls while packing and unpacking their household goods cause a great deal of broken glass, scratches and dents. The first thing to be done when moving into your new home should be to hang the pictures at any place in order to get them out of the way without waiting to choose a scheme of arrangement. This will prevent a great deal of breakage and other damage.—New York Telegram.

Checkers.

Checkers is said by some to be a very old game, while others declare it to be of comparatively modern origin. Whence it came is absolutely unknown. The game is also called draughts, and there are many varieties of it—Chinese, English, Polish, Spanish, Italian and Turkish. It is also found among the native tribes of the interior of New Zealand.

LIPTON'S YACHT. GOSPORT, Eng., Nov. 3.—The work of construction of the yacht Shamrock IV, which Sir Thomas Lipton intends to compete for the America's Cup next year was begun to-day on the slips here of Charles E. Nicholson, the designer. The challenger is to be ready for her trials in April.

LOOK FOR THE SHEEP ON EVERY GARMENT

TWELVE suits of ordinary Underwear can be made in the time it takes us to make one suit of "CEETEE" Underclothing. "CEETEE" Underclothing is made on special machines, entirely different from ordinary knitting machines, and which are the only machines of their type in Canada. "CEETEE" Underclothing costs a little more but is most economical. All "CEETEE" Underclothing is made from the softest, finest Australian Merino Wool. This wool is put through a thorough treatment of scouring and washing that removes every particle of foreign matter and leaves every strand as soft and clean as humanly possible. "CEETEE" Underclothing is so soft that it will not irritate even an infant's skin. All seams are knitted together (not sewn) making each garment practically one piece. It has no rough spots. Every garment is finished automatically during the knitting to fit the human form, thus rendering it comfortable, easy to wear, and perfect fitting. These are the reasons why "CEETEE" Underclothing is worn by the Best People. Sold by the Best Dealers. 1905.

NEW AUTOCYCLE STANDS THE TEST

Brantford Made Machine Can Pull Automobiles Along Road.

The new autocycle, the product of the Brantford Autocycles Limited, is an accomplished fact, it is no longer an experiment Saturday, following previous tests, a very severe test made this fact patent to the large number of automobile and motor cycle experts, that have witnessed the demonstration.
Bob M. Allan ran the machine at a speed varying from six to forty-five miles an hour under all kinds of road conditions. One feature was evident to every one, that the rider had absolute control over his machine, it being possible to stop within three car lengths from going at a rate of 35 miles an hour, without in any way endangering the mechanism or inconveniencing the rider, the weight being so near the centre of gravity, the car balances with utmost ease.
R. B. Hawkins, factory manager, and the company's expert employee, to whom credit is due for the efficient splendid workmanship of the product, sprang a surprise on the crowd that had gathered to watch the demonstrations. They attached a rope to the autocycle and with it towed a Kewanee car in which were seated Mr. F. M. Keaton of Detroit, and Mr. J. B. Detwiler of this city. Following this, a similar feat was performed by hitching to a car occupied by Mr. Hoag, together with H. B. Rothwell, the President of the Autocycle Company, and towing it from the corner of Queen St. to the Armouries and back again down to the centre of the city. In both instances, of course, these automobiles were not operated by their own power. It was clear that even when towing a weight equal to three thousand pounds, that it had ample surplus power.
Many of the shareholders and directors of the company who have examined the machine carefully, and have seen what it can do, have congratulated Mr. H. B. Rowell, the president and sales manager of the company, on the splendid possibilities before his product. To Mr. Rowell is primarily due the introduction of this new enterprise to this city.
As a result of the Newfoundland election of the Government of Sir Edward Morris is assured of a good majority.

CIVIL WAR MAY COME IN SPAIN

Monarchy, Much in Debt, is Said to be Topping for a Fall.

[Canadian Press Despatch] NEW YORK, Nov. 3.—A cable from Madrid to The Tribune says: The government is becoming alarmed on account of the attitude of the new Catholic party headed by Senor Maura. Men in close touch with the situation predict that if the government is unable to organize a new Liberal cabinet satisfactory to the progressive elements of the country, civil war is inevitable.
Despite the ban placed by the government on any kind of demonstration to-day a meeting was held at which Senor Salillas, a Liberal with republican tendencies, declared that the monarchial government is utterly demoralized and that with a deficit of more than \$40,000,000, it cannot last long.
Military patrols guarded the city to-day, with instructions to disperse any demonstration.
A despatch from Barcelona says: The Clericals held a mass meeting yesterday in support of the new Catholic party launched by Senor Maura. A number of radicals endeavored to break up the meeting and a fight resulted in which several persons were injured.

A Welcome Extended the New Duke and Duchess of Brunswick in Germany.

[Canadian Press Despatch] BRUNSWICK, Germany, Nov. 3.—Great enthusiasm but disagreeable weather greeted the state entry into Brunswick at noon to-day of the young Duke and Duchess of Brunswick, hitherto known as Prince Ernst August of Cumberland and Princess Victoria Louise of Prussia.

They drove from the railroad station to the palace in a state coach drawn by eight horses, through streets packed with crowds of people, who cheered them as they passed. The princely procession was led and followed by troops of cavalry.
At the palace the Duke, after his new courtiers had been presented, read from the steps of the throne, in the presence of the members of the cabinet and of the deputies a speech in which he again asserted his loyalty to existing conditions in the German Empire.
A gala dinner and state performance at the court-opera house were arranged for this evening.

FIVE PEOPLE WENT DOWN IN PLUNGE

Autocar Jumped Into River—One Occupant Was Drowned.

[Canadian Press Despatch] SYRACUSE, N.Y., Nov. 3.—Mrs. Thos. Henderson Bennett, wife of a wealthy Oswego lumber dealer, was drowned here last night when a touring car, driven by her husband, plunged into the Erie canal under a raised bridge.
In the automobile when it leaped into the water were Mr. and Mrs. Bennett, their daughter, Ruth, and Mr. and Mrs. Myron S. Lovell of Oswego. All except Mrs. Bennett were taken from the canal by rescuers in time to save their lives.
A launch was wrecked off Scarborough but its occupants were rescued.
Moose Jaw Presbyterian College, the first boys' college established by Presbyterians in Canada, was formally opened.

ARE WORTH THEIR WEIGHT IN GOLD

What Jas. Ferguson Says of Dodd's Kidney Pills.
Quebec Man Cured of Backache, Rheumatism and Headache Voices General Sentiment in Regard to Greatest of Canadian Remedies.
SELLARVILLE, Bonaventure Co., Quebec, Nov. 3.—(Special)—"I can say Dodd's Kidney Pills are worth their weight in gold." In these enthusiastic words, Mr. James Ferguson, a well-known resident of this place voices the almost universal sentiment in regard to the greatest of Canadian remedies.
"I have taken Dodd's Kidney Pills," Mr. Ferguson continues, "for backache, stiffness of the joints, rheumatism and headache, and found them as represented.
"I cannot say too much in praise of Dodd's Kidney Pills, and give my full permission to have my name published in regard to them."
People who have been sick and are cured, want to tell of it. They are grateful to the remedy that gave them back their health. They want their friends to know just how their ills can be cured.
That is why from one end of Canada to the other, people are talking of Dodd's Kidney Pills. They cure kidney disease, and kidney disease is the root of the great majority of diseases to which the Canadian people are held.
Dodd's Kidney Pills cure backache, lumbago, rheumatism, gravel, diabetes, heart disease and Bright's disease, because any and all of these spring from diseased kidneys.

EXPLORER GETS BACK FROM NORTH

Tells Thrilling Story of a Tragedy in an Eskimo Village.

[Canadian Press Despatch] NEW YORK, Nov. 3.—Dillon Wallace, the Arctic explorer, who was recently driven up for lost by his friends, is back among them to-day with interesting details of his trip to Labrador. He had gone to place a bronze tablet at the head waters of the Susan River, where his companion, Leonidas Hubbard, Jr., died of starvation, ten years ago. He succeeded in finding the camp, but could not erect the tablet as it had fallen out of his canoe to the bottom of Beaver River. Not to be outdone, however, he laboriously chiseled upon a rock.
"Leonidas Hubbard, Jr., intrepid explorer and practical Christian, died here, October 18, 1903."
Wallace and his party visited Grand Lake, which he estimated was over 1,000 feet deep. At an Eskimo village called Nartartuk he found the Eskimos astir over a recent tragedy. An elderly man named Korah, who had come to the village with his sixteen-year-old son, Jonas, to spend the night, woke up in the morning to find a big Polar bear standing over the half-eaten body of his son. The Eskimos went after the bear and killed it. When its body was examined it was found to be half starved. Its attack on Jonas created great surprise, as no one could remember a polar bear being driven by hunger to come down to a village and kill any one to eat.

HUERTA PROVES GOOD ELECTIONEER

He Gets About All the Representatives Needed in New House.

[Canadian Press Despatch] MEXICO CITY, Nov. 3.—The officials designated to supervise the returns of the election of deputies have declared elected eleven out of the twelve candidates to represent the federal district. One of the candidates is declared to have received an insufficient number of votes.
Of those elected one is a son, and one a brother-in-law of General Huerta. Three are members of his staff and one is a member of the staff of the War Minister, General Blanquet.
As a result of the Newfoundland Italian elections the Ministerialists are confirmed in their seats.
Unimpeachable—if you want to see the unequalled volume of unimpeachable testimony in favor of Dodd's Kidney Pills, you would upgrade yourself for so long delaying to take this effective medicine for that blood disease from which you are suffering.

Goes Free

Man Who Wanted to Hire Boys as Assassins

[Canadian Press Despatch] NEW YORK, Nov. 3.—A Paris cable to The Tribune says: Professor Ronquette, of the Stanislaus Boys' College, endeavored last week to hire assassins to murder his mother-in-law. He selected two youths he had casually met in the street and offered them 200 francs or double that amount on condition they murdered a second old lady.
The youths decided to inform the police, but, having their own interests to consider, spent the money first. Ronquette was arrested and immediately confessed, but French law does not permit punishment for an intended crime in which there is no "commencement d'execution."

WILD STEERS ON RAMPAGE

In the Heart of New York City—One Man is Killed.

[Canadian Press Despatch] NEW YORK, Nov. 3.—In a fusillade of shots fired by the police to check the mad rush of sixteen steers which escaped from a railroad stock pen on the West Side early to-day, one man was killed and one wounded. The dead man, George Beemer, dropped from the seat of an express wagon when a stray bullet pierced his brain. Another bullet bored through the foot of Walter Wangerheim, a waiter.
That no more persons were injured, either by the sipping bullets, or by the steers, was due to the fact that there were few pedestrians. One steer crashed into an automobile truck, putting it out of commission, another bowled over a policeman, bruising him badly. One fled into Madison avenue and was shot dead by the police in front of the home of Cardinal Farley.
Mrs. J. Rothschild of Westmount, Montreal, fell while alighting from a car and was decapitated.

Cattle Stopped

Twenty-nine cattle crowded into a thirty-two-foot car, at Paris, shipped by Campbell, of West Toronto, for Chicago, was stopped here by G.T.R. authorities. Three were dead, two had to be killed, and two disposed of. An information has been laid.

Fire on Sunday

A fire, believed to have been of incendiary origin, broke out early Sunday morning, the circumstances of which point strongly to incendiarism. The blaze was first noticed at about 4:20 a.m. Sunday, and was responded to promptly, little damage being done. The cottage is owned by Louis Standler, who estimates a loss of about \$100.

Grating Crushes Foot

J. Painter, a cable man employed by the Canadian Machine Telephone Company, met with a painful accident on Saturday afternoon while at work near the Prince Edward Hotel. With a number of other employees of the company he was running a cable through a manhole in the road and in some way the grating over the hole fell and crushed his foot. He was taken to the office where the injury was dressed.

Rummage Sale

The rummage sale which was conducted in Victoria Hall last week was concluded by a sale Saturday evening. The splendid sum of \$117 was taken in Saturday, and the previous day \$320, making the total amount \$436. The sale this year has proved more successful than the sale last year. There was quite a quantity of a miscellaneous nature left over, and this was placed with the Salvation Army for distribution.

At Bethel Hall

Dr. Westheimer, who preached last night to a large and appreciative congregation, took for his theme the total depravity of the human race, that spiritually considered, man is helpless, hopeless and utterly unable to save himself. The utter free grace

of God alone, through the atoning death of the Lord Jesus Christ, the Son of God, who was raised from the dead and seated on the right hand of the Majesty on high, is the only provision for his quickening and salvation. The blessing of God was on the message.

Lecture at Victoria Hall

Evangelist Wm. M. Patterson, of Nebraska, was here yesterday, and gave a public address under the auspices of the I. B. S. A., on the subject of "Christ's Second Coming: Why? How? and When?" at Victoria Hall. The speaker admitted that his subject was more or less unpopular on account of the foolish theories sometimes advanced. He claimed, nevertheless, that the subject is an important one for all Christian people to consider carefully, and that viewed in the sensible and reasonable light of the Scriptures it is a most interesting and inspiring study. Pastor Patterson called attention to the fact that our Saviour had a two-fold purpose in coming to this earth; first to pay the penalty for Adam's sin (not eternal life in torture, but death), and second to liberate Adam and his posterity from that death.

Had Big Day

Building Fund of Alexandra Church Augmented by \$1300

"The Churlishness of Nabal," was the Rev. D. T. McClintock's theme for the morning service, founded on the text: "But the man was churlish." A solo and chorus, "Win Someone," was pleasingly sung by Miss Waldron and choir. There was a splendid congregation present for the evening service, the largest since the opening services of the new church. The pastor's evening subject was "Evangelism, the proclamation of the Gospel." A solo, "The path of Peace," was admirably sung by Mr. J. Harrison, also the solo by Miss Agnes Heath. In the anthem, "Oh for a closer walk with God," the soprano obligato was delightfully sung by Mrs. Barton.

The third contribution to the new church building fund was due yesterday. The amount placed on the plate for that purpose was \$1,380.25.

The new psalm and hymn boards, the gift of Mr. Victor Heath, were used for the first time yesterday, and proved a great convenience to the congregation.

The Alexandra church choir will assist the Park Baptist choir this evening in their special service of song.

Hot exchanges marked the close of the New York municipal campaign.

Tribute Paid

By Ven. Archdeacon Mackenzie to Late Robert Ballantyne.

At Grace Church yesterday Archdeacon Mackenzie referred in deeply congratulatory terms to the fact that work had been commenced upon the Leonard Memorial tower, the handsome gift of Reuben Leonard, now of St. Catharines, and a former member of the parish. The reverend gentleman added he thought that now would be a favorable time to consider getting ready for work on a Parish House next spring. The Archdeacon further asked the congregation to sing in memorial to the late Robert Ballantyne, the hymn "There Is a Blessed Home Beyond This Land of Woe." He added: "Mr. Ballantyne had always been a kind friend to me, never letting me walk to the chapels when I had occasion to visit them. Although his heart and soul were lately bound up in the welfare of St. John's Church, he still made it a practice to attend Easter and other special services in his old church home, Grace."

Happy Gathering At Business College

The handsome commodious quarters of the Brantford Business College were the scene of a bright, happy gathering on Friday evening last, the result being the first social under the auspices of the newly-formed literary society. Students of the College and their friends, to the number of over one hundred, gathered in celebration of Halloween and succeeded in making the affair one of the most delightful social events ever held under the auspices of this well-known educational institution. The decorations were profuse and highly varied in character, and with those participating, appearing in fancy dress and masked, made up a scene not soon to be effaced from the memory of those privileged to be present. An abundance of dainty refreshments were served and an impromptu program of musical and literary selections gone through with, together with the indulgence in a number of games.

The affair broke up at a seasonable hour and was voted a big success by all present.

STRUCK ICEBERG.
MONTREAL, Nov. 3.—A message signalled by flags from the Manchester Commerce, the British steamer, which Saturday struck an iceberg, in the Gulf of St. Lawrence, to Point Amour, reads as follows: "Struck iceberg. Bows badly damaged. Proceeding to St. John's, Nfld., for repairs."

Big Campaign

Launched on Saturday by the Borden Club—Sides Chosen.

At a well attended meeting of the special committee of the Borden Club to increase the membership of the organization to at least one thousand and probably more, much enthusiasm was shown.

The names of those who have volunteered for the good work were read and sides chosen as follows:

Meanwhile there are some preliminaries to arrange, and the campaign will be launched on Saturday night next, and last for two hustling—HUSTLING—weeks mark you. At the close, the organization will tend a complimentary supper to the workers. There will also be special prizes offered by Mr. W. F. Cockshutt, M.P., and Mr. Brewster, M.P.

A NEW BUILDING FOR SPECIAL CASES

Work on the plans to enlarge and increase the efficiency of the House of Refuge is going ahead splendidly. At a meeting of the board Friday afternoon, the committee consisting of Warden Kendrick, Ald. Minshall and Reeve Simpson, reported progress. New stables with cement floors and modern stanchions are being installed. A new building for special cases, which has been long in demand, is also being put up. It is the intention to make the House of Refuge as near self-sustaining as possible.

Church News For the Sunday

Large numbers gathered at the three services on Sunday at the Congregational church. The pastor delivered an excellent sermon in the morning from the subject, "Putting God First." In the afternoon a large number gathered at the inaugural meeting of the P. S. A., when a fine address was given by the president. An orchestra led the song service. At night the church was crowded to hear the beautiful song

service which has become a monthly feature of the church service. The following splendid musical program was rendered: Anthem, "Come to Our Hearts and Abide; solo, Mr. Hunter; anthem, "The Radiant Morn"; solo, Miss Campion, "Ave Marie," with violin obligato by Mr. Darwen; solo, Mrs. Leeming; anthem, "Glory to Thee My God This Night"; mixed quartette, "Sweetest of the Years Roll By," Messrs. Samlerson and Crooker; Mrs. Leeming and Mrs. Brooks; solo, Mrs. Leeming, selection, Brant Quartette.

Said to be Effort Control of Newfoundland--Chargeman--City

"At every turn they are making dead-set on Ald. McFarland, and trying to whale him whenever they get a chance. The reason is obvious. Ald. McFarland will be a candidate for one of the Hydro-Electric Commissionerships, and an effort is to be made to have the commission controlled by the Western Counties Electric Company. If the effort is successful it will be a serious blow to Brantford's investment in Hydro-Electric. They have even gone as far as to name a local man as manager."

This was the charge made by local alderman this morning to the Courier man who was ruminating around the City Hall for news. It was made following a query as to many members the new Hydro Commission would contain.

"If the attempt is to be made in half of the monopoly, as it appears would favor five members on a commission, four of which are elected by the people, who can be trusted otherwise a commission of three, elected might prove better," said the alderman.

Just what will be done is hard to say. The committee will get together.

Strong Feeling by Pall Stand President An Impe

(Canadian Press Despatch)

NEW YORK, Nov. 4.—A cable from the Tribune from London says:

Some of the London papers, notably The Pall Mall Gazette, are trying to get the British Government to stand with the United States of the Mexico question. The Gazette declares that the building of the Panama Canal makes it imperative that American suzerainty shall prevail continually from Texas to the banks of the canal.

"It is manifest," says the paper, "that the government responsible for the defence and management of the canal cannot take the risk of allowing a regime to establish itself in Mexico or any of the South American republics which in critical circumstances might attempt the thwarting of the"

He Becomes Minister of Public Works in Roblin Ministry, Manitoba.

(Canadian Press Despatch)

WINNIPEG, Man., Nov. 4.—Hon. Colin H. Campbell's resignation as Minister of Public Works in the Manitoba cabinet was received yesterday and the portfolio at once offered to Hon. W. H. Montague.

Hon. Dr. Montague accepted as Sir Rodmond Roblin called later of the lieutenant-governor and received his consent to the change. The new minister will be sworn in this morning at 10 o'clock.

The cabinet change is a complete surprise. Premier Roblin returned from the east yesterday morning and on his desk found the resignation of the Minister of Public Works. Mr. Campbell wrote repeatedly he was improving and hoped to be able to return to business early in the spring but that it was impossible to attend to the duties of his portfolio during the winter.

Dr. Montague has lived in Winnipeg many years. While here he has been engaged in the land and investment business. He was born in Adelaide township, Middlesex county, Ontario, his father having been one of the early settlers in the Adelaide district. From 1886 until 1900 he was member of parliament for Haldimand for some time minister without portfolio in the Dominion Cabinet. During his parliamentary career he was known as one of the best informed debaters in the House. Finally he became Secretary of State and afterwards Minister of Agriculture of the Dominion.

Courier's Campaign for 5000 Paid Circulation

Since the Courier Company, Limited, purchased the Courier last January, the circulation has been increased about 50%. This has been due largely to the improvement in the paper and the service given. Before the first anniversary of the new company, Jan. 1st. next, it is desired the paid circulation be 5000. With the view to securing that number of daily subscribers, or 20,000 readers, arrangements have been made for the latest and most popular premiums in the newspaper world. These premiums will be given to all new subscribers FREE of all cost, and to old subscribers at cost. If you are not now a subscriber to the Courier, fill out the coupon below and mail or send it at once, and a representative will call and explain our free premium plan to you. Do it NOW—it will cost you only a one cent stamp.
