BRIGHT OUTLOOK FOR RAILROAD

On interviewing Mr. E. A. McCurdy, who has just returned from Ottawa, we learn that the delegation, which interviewed the Minister of Railways on March the 3rd., with reference to the proposed railway between Newcastle and Tracadie, was composed of the following gentlemen representing the various districts between Tracadie and Newcastle:—J. R. Young, A. J. Witzell, Tracadie; D. D. Haghey, St. Isidore; Rev. G. P. Tattler, Tabusintac; Rev. J. B. Saindon, P. P. Nequac; Rev. J. R. Hawkes, P. P. Eartbogue Bridge; Wm. Anderson, Burnt Church; Donald Fraser, of Fraser Companies, Ltd., Millbank, and Nelson, N. B.; W. G. Stevens, Millbank; R. S. Wood, Douglastown, and E. A. McCurdy, Newcastle. Mr. J. W. Brankley of the Miramichi Lumber Company who have a large industry at Douglastown, was appointed a delegate, but owing to an important engagement was unable to go to Ottawa. He, however, strongly endorses the proposed railway. Messrs. Father Hawkes and E. A. McCurdy were delegated by the delegation to send forth the claims of the North Shore for the proposed railway and the urgent necessity of having a railway constructed as soon as possible.

The delegation was fortunate in meeting New Brunswick's new Senator, Mr. John A. McDonald, on his way to Ottawa. Senator McDonald arranged an interview for the delegation with the Hon. R. W. Wigmore, Minister of Customs and New Brunswick's representative in the Cabinet. Mr. Wigmore stated that he considered the application of the delegation for the proposed railway a very deserving one and it would receive his most hearty support. Mr. Wigmore subsequently arranged for an interview with Hon. J. D. Reid, the Minister of Railways, who after listening to the claims put forward by the members of the delegation for the proposed railway and recommendations made by the Hon. R. W. Wigmore and Senator J. A. McDonald, stated that he would arrange for a survey of the proposed railway this year.

Hon. F. B. McCurdy, Minister of Public Works, and Nova Scotia's representative in the Cabinet was also present at the interview.

In view of the stringency in the money market at the present time and consequent necessity for conservation of the Countries' finances, the members of the delegation were very well pleased with the reception accorded them by the Minister of Railways and felt that what he had promised to do for them was all they could reasonably expect him to do.

The completion of the proposed railway between Tracadie and Newcastle will be of immense benefit to the whole North Shore and especially through the districts where the railway will run. Northumberland and Gloucester Counties will doubtless appreciate the substantial assistance rendered the delegation by the Hon. R. W. Wigmore. His action demonstrated that he is not only interested in St. John City and County but in other sections of New Brunswick as well.

BABIE'S BRANCH OF THE W. A.

During the past year the Babie's Branch of the Woman's Auxiliary of St. Andrew's Church has been amalgamated with the Sunday School and the organization is now known as the Little Helpers of the Font Roll and Babie's Branch of the W. A. For the Newcastle and Nelson Branch the Superintendent reports another successful year. Twenty new Little Helpers have been added to the Membership Roll making a total of eighty (\$80).

The Mite Box returns give the sum of \$40.79 showing an increase of \$8.28 over last year's contributions.

Many thanks are due Mrs. Charles Sargeant who kindly provided a horse which greatly facilitated the work of visiting the homes in out lying parts of the Parish.

RESPECTED CITIZEN DIES SUDDENLY

In the death of Samuel A. Russell, which occurred Sunday, March 13th, at 2.15 o'clock, p.m., Newcastle and surrounding districts, lost one of its well-known and most respected citizens. Always of a kind and genial temperament, he had made many friends, who will learn with deepest regret of his death on Sunday afternoon.

Four years ago, deceased became ill with Anaemia, and was confined to his home for several months, but regained his health to the degree that he was capable of returning to his duties for the period of a year, when he was again suddenly attacked and was obliged to give up his duties. While unable to attend to his work for the past two years, he was able to move about until last November, when he again was confined to his bed. Everything that medical aid could devise to restore his health was attempted, on two occasions "transfusion of blood," being used, but all to no avail, and he gradually became weaker until his death occurred. During all the years of his illness, he was uncomplaining and bore his disease with great fortitude. The late Mr. Russell, was a son of the late Mr. and Mrs. Daniel Russell, and was 64 years of age. Besides his widow he leaves to mourn three brothers, John W., Arthur and Daniel all of Newcastle.

Deceased was engaged in commercial pursuits in Newcastle since a young boy, and held positions with the late James Fish, D. & J. Ritchie & Co., Arthur Robinson of New York and with The Stothart Mercantile Co. Ltd., being associated with the latter firm at the time he was taken ill. For a number of years he conducted a Grocery Store on Pleasant Street, and enjoyed a large patronage. He was a member of the Forresters and Orange Association and always took a deep interest in political matters. He was an Alderman of the Town of Newcastle for several years and for the past four years was a member of the Board of Assessors.

The funeral was held this Tuesday afternoon at 2.30 o'clock from his late residence Pleasant St., to St. James' Cemetery. Rev. L. H. MacLean pastor of St. James' Presbyterian Church held service at the home at 2 o'clock, and also officiated at the grave.

The large number of floral tributes testified to the high esteem in which deceased was held.

The pall-bearers were: Messrs G. G. Stothart, Joseph Jardine, Capt. John Russell, Edward Menzies, Ed. Dunnett and P. J. Wheeler.

Funeral Director—Chas. H. Gough

A WAGE CUT ON ON THE MIRAMICHI

Industrial conditions on the Miramichi are far from satisfactory. It is announced that the Frasers' Limited, and the pulp mill on the Miramichi ask the men to work a ten-hour day with a cut of 20 per cent in wages. The union men say they will not work ten hours and will also stand out against a cut in wages, until the cost of living has been reduced 50 per cent.

The overstocking of the world's lumber market and the fall in prices last year caused a general curtailment in logging, but in spite of this fact, a very respectable total will be made up for the province of New Brunswick in general and the Miramichi in particular from both crown lands and private properties.

Pulpmills have been active during the season. Good stream driving is anticipated for the spring, as the mild weather and frequent thaws have caused ice to form in considerable quantities and ice makes for gradual melting and streams at steady pitch, rather than the sudden rise and fall of freshets which follow deep but light snow.

CENSUS COMMISSIONER
Mr. Frederick Heckbert of Chatham has been appointed Census Commissioner for Northumberland County.

HAPPY HOUR FRI. AND SAT.

If the circus may be said to be "The Greatest Show On Earth", then it may truthfully be stated that "THE LOST CITY" is "The Greatest Film of the Screen", for "THE LOST CITY", a fifteen-episode production starring Miss Juanita Hansen, George Chesebro and a big cast of favorite players, goes the circus one better—in fact, several better. This sensational serial will begin its run at the Happy Hour Theatre, on Friday and Saturday.

Deep into the jungle went the daring company of players to enact the scenes of this thrilling and intensely adventuresome story, braving the very jaws of death in their determination to picture the terrifying dangers of these strange lands, uncivilized peoples and ferocious beasts. So while introducing all of the wild animals usually found with the bigger circuses, "THE LOST CITY" pictures them in their native haunts, and for the most time unfettered and free.

Hazardous indeed was the venture of the big company, but the story called for realism, and this could hardly have been possible with caged or tamed animals; hence the trip into the jungle itself to tempt the many beasts to display their natural ferocity before the camera while the actors and actresses portrayed the many scenes of the exciting story.

To the beautiful and equally courageous Juanita Hansen, who enacts the role of The Lost Princess, must be given a great share of the credit for the realism of this wonderful story, for it was to her that the story called for the most daring chances; and that she met the test again and again in scenes that must have seemed far more real than any spectator can view them can imagine, is monumental testimony to her courage and nerve—the more noteworthy because of the fact that she is but a mere slip of a girl.

To deliberately place herself within reach of ferocious, untamed lions and leopards, trusting entirely to the ability of another person to lasso a springing leopard in its mid-air flight before it could fasten its claws and teeth upon her, must call for more than mere ordinary courage, and one cannot fail to share the thrill that must have been hers when this sensational scene is shown in one of the many episodes of this most unusual screen drama.

One thing is certain, "THE LOST CITY" will grip and hold any audience because it possesses that element of curiosity, as well as sensation, that make one intensely anxious to know the outcome of each episode, and because of this and the big manner in which it has been produced, there can be no doubt of its being an absorbing and thrilling entertainment for all.

SEE PROGRAMME

SUSSEX DEFEATS CHATHAM 8 to 3

The general impression before the game that Sussex would undoubtedly make the best showing on heavy ice was amply borne out Friday night in the championship match between Sussex and Chatham at Moncton. With the exception of the first half of the first period and the last half of the third period Sussex outskated and outplayed their opponents.

In spite of heavy ice the game was fast throughout. Individual play was the rule but now and again brilliant bits brought rounds of applause from the spectators.

For the Chatham team Spratt, Curran and Keoughan were the stars.

For Sussex the Radcliffe brothers and LeClair scintillated. In addition Finnegan played a brilliant game in goal.

Chatham lost the game in the first period when they went to pieces after Spratt had been penalized five minutes for heavily checking one of the Radcliffe boys. This had been Spratt's second penalty. Spratt had been playing a splendid game and continued his good work during the remainder of the game, but not until the latter half of the third period did the Chatham boys really settle down. In the meantime Sussex piled up four scores in the first period, H. Radcliffe notching three of them and LeClair one.

Between the first and second period there was a long delay while the two teams argued over the referee, Chatham declining to continue with Lightner in charge. The matter was finally settled and Geo. Jones went on as Judge of Play with Jimmie Lightner in charge.

The second period was exciting with Sussex getting somewhat the better of the play as indicated by the scoring Chatham netting two to Sussex three. However, Chatham had many shots on goal but Finnegan was blocking practically every thing that came his way.

In the third period Sussex had slightly the edge on the play until about the middle of the period when Chatham bucked up and forced play the long range, having scored three in the meantime as against one for Sussex. Had Chatham's rally come a little earlier the result might have been different.

OFF FOR THE WOODS

Uncle Henry Braithwaite, the veteran guide left Saturday morning for the Miramichi woods to get in supplies and gear in shape for the coming season. Mr. Braithwaite is now in his 81st year, but has lost none of his old time fondness for the woods. He has engaged to take out a number of fishing parties next season and expects to do a big business. The old gentleman has not been enjoying his usual good health this season but thinks a fifty mile jaunt through the woods will put him back in his usual form.

MRS. ALICE GRESHAM DODD, mother of first American soldier killed in France, who gives entire credit for recovery of her health to the well-known medicine ---TANLAC.

The following remarkable statement was made recently by Mrs. Alice Gresham Dodd, the mother of Corporal Jas. B. Gresham, who was the first American soldier killed in France. The statement was made at the Gresham Memorial Home, which was presented to her by the patriotic people of Indiana as an evidence of their appreciation of the services rendered to his country by her son.

The shock of her son's death resulted in a serious breakdown in Mrs. Dodd's health, but every one will learn with interest and pleasure that she is now in splendid health again. Mrs. Dodd gives the entire credit for her recovery to the celebrated medicine, Tanlac.

She said: "After my dear boy's death I had a general breakdown in health. At first it was just indigestion. My food would upset me and I had to diet myself very carefully. I also had rheumatism with severe pains in my shoulder, back and arms and at times I would suffer greatly, and my joints would become swollen and stiff. I was hardly able to do but little about the house and at times could not even cook a meal. I became very nervous and restless and at night would lie awake for hours. A friend of mine advised me to try Tanlac. I am glad I did, for it proved to be the best medicine I have ever taken. It soon gave me a splendid appetite and relieved me entirely of indigestion. My rheumatism also disappeared and I am now able to do my share of work with the greatest ease. My nerves are steady and strong. I sleep well at night and my health is better than in years. I shall always be grateful for what Tanlac has done for me."

Tanlac is sold in Newcastle by E. J. Morris, in Redbank by Wm. M. Sullivan, in Dooktown by C. H. H. Brand and in Nelson by Mrs. James Nowlan.

Mother

"California Syrup of Figs" is Child's Best Laxative

Beware! Say "California" or you may not get the genuine "California Syrup of Figs" which doctors recommend for babies and children of all ages. Nothing else cleans the little bowels and regulates the child's stomach and liver so gently, so thoroughly. Directions on each bottle. But you must say "California." Don't be talked into an imitation fig syrup which hasn't the delicious, fruity taste or the perfect "laxative physic" action.

Every barrel the same, and as a result every baking is the same.

Uniform quality at all times and under all conditions is the policy which earned the reputation of

QUARTERLY MEETING OF PRESBYTERY OF MIRAMICHI

The Presbytery of Miramichi met its quarterly session in St. James Hall, Newcastle, on Tuesday, March 1st, and held deliberations forenoon, afternoon and evening.

There were present Revs. Dr. E. B. Wyllie, Moderator, W. McN. Matthews, clerk, F. W. Thompson, B. C. Salter, McIntosh McLeod, J. H. McLean, J. F. McCurdy, T. Harrison, G. A. Grant, A. D. Archibald, J. H. A. Anderson, H. S. Raynor, L. H. MacLean, G. P. Tatterle, A. Craise, B. H. Penwarden, A. Firth and L. J. King, ministers and Messrs. P. A. Forsythe, Jos. Henderson, Geo. Harper, Wm. Maxwell, J. A. Campbell elders.

The business of the court was taken up after a short devotional service. The roll of Presbytery was completed by appointing four additional elders to those elected by sessions, in order to equalize the number of ministers and elders on the roll. The additional elders appointed were Messrs. Ward McDonald, James Craig, John Williamson and Walter Carruthers.

In submitting the report of the Home Mission committee, J. F. McCurdy made application for grants from the congregations of Bass River, Upper Miramichi, New Bandon, New Carlisle and Escuminac. Applications were also made for appointments by the Home Mission Board to the fields of Kouchibouguac, Millbank, Matapedia, Miscou and Shippegan. These applications were approved subject to possible revision.

The report of Sabbath Schools and the Young People's Societies was submitted by Rev. J. P. A. Anderson and showed a general improvement over the preceding year. The total number of Sunday Schools reported was 92 of which ten are union schools. The enrollment of teachers and officers in 1920 was 522 as against 472 in 1919, and of scholars 4026 a gain of 254. The total enrollment was 4548 a gain of 304. There is a gain of 13 p. c. in cradle roll membership and of 20 p. c. in home department. Teacher training work has not increased much, the enrollment being only 36. For memorizing of Scripture and Catechism 156 scholars received Certificates or Diplomas from Assembly's Board in 1920 \$1220 was contributed to the missionary budget of the church, a slight increase over the preceding year. Young People's Societies and other organizations of young people number 54 including mission bands and various forms of boys' and girls' clubs. A general advance is indicated in the educational, social and missionary programs. There are reported ten young people who are at present looking forward to life service in the Church. Many congregations were reported as showing marked improvement in the matter of church attendance, with the general tone of religious life higher. Family worship of some form in the homes of the people varies all the way from 2% to eighty or ninety per cent in the several communities of the bounds. The report with its recommendation that all possible be done through the agency of Sunday Schools and young people's organizations to strengthen the religious life in the homes of our people was adopted.

Two overtures were passed upon for presentation to the General Assembly, the one aiming at the better administration of the Sacrament of Baptism throughout the Church, and the other aiming to secure a reduced cost, if possible in the literature of the Presbyterian Publications. Rev. J. H. McLean, convener of

the General Interests committee, reported that the congregations of the Presbytery had reached their total allocation for 1920 in the matter of their givings to the missionary budget of the church. While some had fallen below, some others had showed a surplus. The Presbytery of Miramichi ranked third in its percentage of contributions throughout the Synod.

The committee on Presbyterian conferences in congregations in the interest of the spiritual aims of the Forward Movement, recommended that for this purpose the Presbytery be divided into groups, the members of Presbytery within each group to carry out their own series of conferences. The groups arranged for were as follows:—From New Carlisle to Campbellton with Rev. Hugh Miller as convener of committee; Dalhousie to New Bandon, with Rev. A. D. Archibald, convener; Douglastown and the lower Miramichi congregations, with Dr. E. B. Wyllie, convener; Newcastle, Nelson and the Kent county congregations with Rev. A. Craise, convener; and the upper Miramichi congregations with Rev. G. A. Grant, convener. These conferences are to be carried out as early as convenient, and in the spirit of friendly co-operation with sessions, boards of management and the various organizations of the congregations.

The following were elected as commissioners to the General Assembly which meets at Toronto, June 11—Rev. Dr. W. T. Bruce, J. Valentine, L. H. MacLean, F. W. Thompson and G. A. Grant, ministers; and Messrs. Thos. Luriotte, George Harper, Jos. Henderson, J. M. McBeau and Alex. McKinnon with A. S. Matthews (alternate), elders.

An application from the congregation of St. Luke's Church, Bathurst, for a grant of \$1000 from the Church and Manes Board to aid in reducing the debt on their new Church was approved by Presbytery. An application from New Bandon for assistance from the Century Church and Manes Building Fund was given favorable consideration pending further action.

The sanction of Presbytery was given to the sale of St. Andrew's Manse, Chatham, and the prospective sale of St. Luke's Manse, Bathurst West.

The report of the committee on Assembly remits was presented by Rev. B. C. Salter. Approval was given to the sale of St. Andrew's Manse for the appointment of church officers only after nominations from Presbyteries, permanent appointment to follow a three year temporary appointment, and to the proposal that substitute elders be appointed to attend church courts when required. Disapproval was registered on the question of the appointment of a Chief Executive Officer for the General Board of the Church, and on some features of the proposed plan for the settlement of vacancies in the latter instance that Assembly provide plans for the settlement similar to those in the Basis of Union.

It was unanimously resolved to recommend to all sessions and congregations that an effort be made to extend the circulation of the Presbyterian Witness, the weekly church paper, among all the families with in the bounds.

The next quarterly meeting was appointed to be held in St. Andrew's Church, Campbellton, on the 4th Tues day of June.

Foch Forgot To Keep Date Made With King George

London, March 2—How Marshal Foch forgot an engagement to tea with the King at Buckingham Palace became known tonight. The King was anxious to see Marshal Foch and M. Briand, the French Premier, arranged an engagement for the Marshal for yesterday.

The King waited half an hour after the appointed time and then sent an equerry to inquire.

The Marshal was obliged to excuse himself because of complete forgetfulness in his preoccupation over grave conference matters.

The Baptist loom up strong in the new Republican administration of the United States. President Harding is a member of that denomination as also is Hon. Charles E. Hughes, the secretary of State.

ROYAL YEAST is now made in square cakes.

The number of cakes in a package has been reduced from six to five, but the five square cakes are equal in quantity to the six round cakes.

Each cake is wrapped in wax paper, insuring perfect keeping qualities.

Royal Yeast Cakes—make perfect bread.

E. W. GILLET COMPANY LIMITED
TORONTO, CANADA

MADE IN CANADA

Fraser Co. Ltd. On Market For Sale Of Bonds

Montreal—Announcement is made of the purchase by Royal Securities Corporation, Limited, and United Financial Corporation, Limited, of \$2,000,000 general mortgage bonds of Fraser Companies, Limited, the extensive New Brunswick lumber operators and pulp manufacturers. In conformity with current corporation practice the bonds will bear a coupon rate of 5 per cent, payable in Canadian funds, and will be a direct mortgage on the Fraser Company's plants and properties, subject only to the issue of first mortgage serial six per cent bonds underwritten and sold by Royal Securities Corporation in April, 1919. The older issue has enjoyed a wide market among both Canadian and American investors. \$2,250,000 remaining outstanding and maturing \$2,000,000 each year from 1921 to 1929 after which date the new 5 per cent bonds become a first mortgage charge. The purpose of the new issue is to finance the company's treasury for large capital expenditures during the next few years, made almost entirely out of earnings, for the extension of plants and limits. The conservatism and ability of the management of the company which has been under the sole control of the Fraser interests since its establishment in 1877 are well-known in financial and trade circles.

It is understood, that when effect is given to the new financing the working capital position of the company will be exceptionally strong, net liquid assets totalling practically 100 per cent of bonds outstanding.

It is understood that the two investment houses interested in the issue will make public offering early next week at 99 and interest, to yield 8.10 per cent.

Threat To Expel Lord Beaverbrook

London, The Manchester Guardian declares that much soreness is felt in Conservative circles over the result of the Dudley by-election against the conductors of a Conservative newspaper, the Daily Express, in connection with the crusade against Sir Arthur Griffiths-Boscawen on the Canadian cattle embargo question.

There is a rule in the Carleton Club against members attacking other members in elections and there is a movement afoot to put the club in force against two members of the club, viz. the proprietor and the editor of the Daily Express who fought its own party in this election. Members, however, the Guardian adds, do not think this is more than a threat.

The Sunday Express, Lord Beaverbrook's Sunday edition, paraphrases this announcement of the Guardian more bluntly. It says: "The Manchester Guardian discloses the existence of a movement at the Carleton Club to expel Lord Beaverbrook from membership because it is alleged he is responsible for the defeat of Sir Arthur Griffiths-Boscawen at the Dudley by-election. The Carleton Club is a political club, its members being exclusively confined to members of the Unionist party."

Enquiries by the Canadian Press show that the movement is serious and it is understood further that Lord Beaverbrook is quite ready to join issue on the matter with those who have been recognized as his former political associates.

Lord Beaverbrook urged the Canadian Press to dispel from the minds of the public the frequently repeated charges of disease among Canadian

Lower Your Coal Bills

With A **'HECLA' PIPELESS FURNACE**

It will cost you less for coal to heat your whole house with this furnace than it will to try and heat it with stoves. It will cost you less for coal with a "Hecla" Pipeless than with any other heating system!

The "Hecla" Firepot has three times the heat-radiating surface of any other furnace because it is ribbed with flanges of steel. For that reason it gives quicker heat—and more heat.

Owners say that this exclusive "Hecla" feature applied to pipeless heating means wonderful fuel economy.

At today's price of coal you do not need to save many tons to pay for a "Hecla" Pipeless.

Patented Fused Joints are another superiority of the "Hecla" Pipeless. They are proof against leaks of gas and dust.

And in the "Hecla" Pipeless you get an extra big waterpan—that runs all around the furnace. Thus, every room in the house is supplied with air that contains a healthful degree of moisture.

It takes but a day to install a "Hecla" Pipeless. Our booklet "Buying Winter Comfort" describes all the other advantages fully—tells why it keeps the cellar cool for vegetables, why it heats every room properly, why we guarantee it absolutely. Write for it now. There's lots of zero weather ahead. Why not enjoy the comfort a "Hecla" Pipeless gives, and begin saving your coal bills now—this winter.

Lumber Camp Was Destroyed By Fire

Gagetown, N.B., Mar. 2.—The mill camp of Gilbert Stockford, who is timbering at Burton, several miles above Upper Gagetown, was entirely destroyed by fire, with its contents, including blankets, bedding, supplies and the extra clothing of the men employed at the camp, together with several sums of money, which the employees had on hand on Friday last. The fire broke out in the camp during the middle of the afternoon, the only occupant being the cook, who was asleep at the time, the other employees being at some distance away, working in the woods. The cook was awakened by the smoke and hastily summoned what help was available, they endeavored to check the blaze; but it was too late and the structure was soon in flames. It was impossible to save any of the contents of the camp, and the cook was fortunate to escape with his life.

STOPPED HER HEADACHES

Years Of Suffering Ended By "Fruit-a-tives"

112 HAZEN ST., ST. JOHN, N. B.
"It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine "Fruit-a-tives", made from fruit juices. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried "Fruit-a-tives".
After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since". Miss ANNIE WARD.
50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

Most of the employees of the Stockford camp are from the North Shore. Supplies have already been brought in since and a new camp is being built near the mill, which will be in operation during the greater part of the spring and summer.

POLITICAL LETTER FROM OTTAWA

Ottawa, March 7th, 1921.—There is clearer air on Parliament Hill since the debate and division on the Address. The notions of usurpation, constitutionally unfounded and belied by the by-elections, have been definitely destroyed by a decisive majority of the representatives of the people in Parliament. The Agrarians led by Mr. Crerar were careful to disassociate themselves from the usurpation idea in Mr. King's amendment, and the able speech of Mr. Fielding also helped to remove the hiatus from his leader's vision. It is now definitely accepted by the supporters of the administration and by the Agrarians that redistribution should precede a general election; an event that has been anticipated by executive provisions. In a word, Parliament has voted confidence in the Meighen Ministry after the manner in which support was given to the Abbot and Thompson cabinets in 1891 and it remains that with Parliament in session the Government should go forward with its program.

Looking back over the debate, three things are outstanding:
(1) the continued dominance of the Ministry over Parliament;
(2) the high place which Mr. Meighen has already taken as a House of Commons leader; and (3) the almost pitiable feebleness of the Opposition's attack. For perhaps the first time since Confederation Parliament witnessed the spectacle of an Opposition confronting a Government at the opening of a session even without attempting to impeach either its integrity or its capacity. The Meighen Government and its predecessors in office have dealt with problems of war and its aftermath on a scale unparalleled in our time. They have executed measures and reforms involving expenditures unheard of in pre-war days. Yet, despite these vast outlays, despite problems encountered which dwarfed into insignificance difficulties of previous Ministries, there has been no attempted indictment of the Government's administration not even the breath of a charge that a single dollar has been diverted from its proper channel. Under the circumstances, having regard to the great historic achievements of the past five it was perhaps little wonder

that the amendment of Mr. King, lacking even its pretended basis, should have so ignominiously failed.
The Financial Situation
The big question now before the Government and Parliament is the financial situation. It is a question of revenue, during the first two months of the calendar year (January and February) there has been a disturbing reduction of customs duties. Not only was the total amount collected materially less than in the corresponding months last year, but the ratio of duty to dutiable articles fell away to an even greater extent. In January, 1920 dutiable goods valued at \$66,318,000 yielded revenues amounting to \$18,083,990. In January 1921, dutiable goods to the value of \$51,281,000 yielded revenue of only \$10,063,000. The average rate of duty on all dutiable goods fell from 27.3 per cent in January 1921 to 9.6 per cent in 1921. Details of the February customs entries are not yet available, but the revenue shrank almost five millions, as compared with February 1920; and there is reason for believing that the March figures are equally serious.

The lesson conveyed by such a situation is obvious. It is that the country is faced with a decline in customs revenue so serious that the Government cannot hope to avoid a search for new sources of revenue. The plain truth is that with the decline of customs duties and the elimination of the business profits tax (which is widely demanded) the Minister of Finance is confronted with the task of making up something like 60 or 70 millions of revenue. The position shows the utter folly of those who talk about reducing the tariff, without as much as suggesting means for substituting revenue; such a course would spell national bankruptcy. Then, of course, there is the vital question of exchange. Canadian dollars are still at a discount of from 12 to 14 cents in the United States, a humiliating and costly position for Canadians; and any attempt to further decrease the tariff, resulting in the purchase of more American goods would only aggravate the situation. Mr. King and Mr. Crerar, realizing the position, are endeavouring to fight shy of the exchange argument by pretending that it is due to departure from the gold standard, forgetting that Canada's gold basis is second only to that of the United States, which has become the greatest gold nation in the world. The plain truth is that quite apart from the question of adequate protection for Canadian industries, any interference with the tariff at the present time is absolutely prohibited by the problems of revenue and exchange. The coming budget will indicate whether the argument for a turnover tax on all business transactions, which is receiving a good deal of support in financial quarters, impresses the Minister of Finance. Undoubtedly the sales tax as it exists now has been a success; and it is hard to see how its extension would be beneficial. At all events some important source of revenue must be found somewhere, as customs and income taxes will be quite inadequate.

GIRLS! HAVE THICK, SOFT, HEAVY HAIR

A 35-cent bottle of "Dandarine" will not only rid your scalp of destructive dandruff and stop falling hair, but immediately your hair seems twice as abundant and so wondrous glossy. Let "Dandarine" save your hair. Has lots of long, heavy hair, radiant with life and beauty.

Train Service Changes On Canadian National

Slight Changes on Time Ocean Limited—Change on Fredericton Sub-division.

Time changes on Canadian National Lines effective February 27th show that No. 2 Ocean Limited will arrive at Newcastle from Montreal at 2.15 p. m. The time of No. 1 Ocean Limited is unchanged.

Trains No. 31 and 32 will be discontinued between Moncton and Campbellton, and run between Campbellton and Joffre.

On the Loggieville Branch No. 206 will leave Newcastle at 2.20 p. m. instead of 1.55 p. m. No. 207 will leave Loggieville at 3.35 instead of 3.25 p. m. Other trains are on same schedule as before.

Passenger trains No. 239 and 242 on the Fredericton sub-division will run tri-weekly instead of daily—No. 239 leaving Newcastle at 4.50 p. m. on Tuesday, Thursday and Saturday and No. 240 leaving Fredericton at 6.15 a. m. the same days. Passenger trains 27 and 28 will run daily except Sunday on same schedule as at present.

It's preparedness when a tall man takes a clothes brush with him to a dance to keep his vest free from rouge.

NERVE When You Need It

In a trying situation, where quick thought and co-ordinated action is demanded—does your nerve "hold"?
If you are not in good physical condition—if your stomach is not functioning properly—the effect is reflected in your nervous system, and you are due for a wreck.

HAWKER'S Nerve and Stomach TONIC

cleans and regulates the digestive system, correcting all stomach disorders and aiding food assimilation, producing a soothing and strengthening effect on the nerves.— This means good health.
C. H. Dearborn, Merchant, St. John, writes:—"I have used Hawker's Nerve and Stomach Tonic for several months and have received much benefit from it. I find it especially beneficial as a nerve tonic."
A trial bottle will convince you. At all drug and general stores.
The Canadian Drug Co., Limited, ST. JOHN, N. B.

NEWCASTLE C. S. E. T. DE. FEATS ST. THOMAS' COLLEGE

The Chatham St. Thomas' College went down to defeat last Wednesday evening before the senior C. S. E. T. team. The St. Thomas' boys set a pace at the outset and got an early lead which the locals were unable to overcome, during the first period. The score at the end of the first period being Locals 1, Chatham 4. The second period proved more exciting. The locals soon got a few points and their opponents found it a hard task to tally up with them the second period ending Chatham 6, Locals 4. The third period opened up with a rush from both teams. The locals scoring 4 points. The game was fast and clean with only a few penalties being handed out.
Father Spratt referred the game to the satisfaction of all.

HORSE AILMENTS

of many kinds quickly remedied with DOUGLAS' EGYPTIAN LINIMENT
The best all-round liniment for the stable as well as for household use. Cures thrush, sprains, lameness, STOPS BLEEDING INSTANTLY AND PREVENTS BLOOD POISONING. Keep it handy.
At all Dealers and Druggists. Manufactured only by DOUGLAS & CO., NAPANEE, Ont.

Advertising A Public Necessity.

WHEN goods are scarce and prices high, people are more appreciative than ever of the right kind of advertising.

They are seeking information. They want to know how to buy to the best advantage.

They want to know how to fill their needs and avoid waste. They welcome news of desirable substitutes for the things the country needs to conserve.

They read the newspapers carefully.

The dry goods merchant, grocer, jeweller, or manufacturer who does not advertise is not only missing the purely selfish opportunity, but he is failing in the service he owes to his customers.

MACDONALD'S "Pilot" Smoking Tobacco

1/9 lb. Package 15¢

The Imperial Bogy.
The bogy of an Imperial Conference, out of which certain members of the Opposition have been trying to make much, was effectively laid to rest this week by Mr. Meighen in reply to a question of Mr. Archambault. There will be a conference of Prime Ministers of the Empire in June, at which there will be discussions on renewal of the Treaty with Japan, imperial defence and foreign policy, though as yet the agenda for the meeting has not been settled. The Premier informed the House that while the Government could not depart from the invariable practice of making commitments in advance of the meeting, it would be prepared to meet any general desire for discussion in advance, and would welcome expression of opinion from all quarters. "Necessarily any proposals resulting from the conference and affecting Canada must be subject to the approval of the Canadian Parliament" the Premier added.
Thus is destroyed in a sentence an appeal which certain of the Opposition members (Mr. Crerar is among them) have been making to the fears of certain sections of the population.
The coming week will be an active one. It will see the House engage in voting surely; preparation for estimates and the Budget; the probable appointment of the commission which is to inquire into the western grain trade.

CREAM of the WEST FLOUR

"BIDLAKE THE WISE-ACRE"

Editor Bidlake of the "St. John Standard" seems to think that there is as much prospect of a railroad being built between Newcastle and Tracadie, as there is from Newcastle to the moon. The citizens of Newcastle know Mr. Bidlake perhaps as well as any community in the province, and during his sojourn here, he did not by any means display a large amount of sagacity. We are at a loss to know where he is getting all the wisdom he now professes to be possessed of, and would suggest to him that he keep his hands off the North Shore, as we are quite capable of looking after ourselves, and do not require any of his long-winded vituperations to assist us in doing so. Mr. Bidlake will require all his time and egoistic sagacity to look after himself, and we fear he will not even be able to do this. If he does, it will be more than he was able to do while a resident of Newcastle. If the gentlemen, who are doing their utmost to urge upon the Government the necessity of building the Newcastle-Tracadie Railroad, were to tell the members of the Meighen Cabinet all they knew about Mr. Bidlake, his editorials would be regarded by them as absolutely ridiculous. The idiosyncrasies of Mr. Bidlake are so well-known by Newcastle citizens, that anything the Standard may publish, which comes from his pen, is absolutely unheeded. Of course, we are aware of the fact, that in so far as Mr. Bidlake is concerned, if St. John was looking for a million or two for Harbor improvement, it would be perfectly alright, but when the North Shore wants anything, it must necessarily be all wrong. Some Wise-Acre is Mr. Bidlake.

TOWN ELECTIONS

In about a month's time the Town Elections will be held, and the citizens will be called upon to elect a Mayor and four Aldermen. Four of the present Board of Aldermen have another year's term to serve, and four retire. In years gone by no interest in the civic election was displayed by our citizens until Nomination Day, and then severe criticism was heard from all sides. Would it not be a good idea for our citizens to think seriously over the matter of our town government, and endeavor to give the community the best government it is possible to obtain. The position of Mayor or Alderman is a thankless job, but nevertheless they are important positions of trust and while those who fill the positions do not receive the hearty cooperation of all, still they are performing the proper duties of a progressive citizen. While there is yet a month's time before the election, our public-spirited citizens should make up their minds that they are going to do their bit, and by so doing help to make our town a better one to live in. The

material for a good Town Council would be no difficulty whatever, if our citizens would be a little less selfish, and determine to take an active interest in the welfare of the town. There is absolutely no use of complaining about increases in taxation when our citizens sit idle, and do nothing in the way of endeavoring to keep expenditures down. One way to overcome the ever increasing assessment is to become interested and do your part. If an honest effort to do so were attempted, we would readily see a difference in our taxes, and then the continual grumbling which we are all so accustomed to would become a thing of the past. Why not try it this year?

TOWN MANAGER

At a meeting of the Commercial Club held last Thursday evening in the Town Hall, the matter of a Town Manager was discussed and a committee was appointed to gather data, as to the success of this system of government in towns where it had been adopted. The citizens generally are all of one accord that our present system is one under which we get the minimum amount of service and value for our money. If we continue as we are at present, the taxes which the rate payers will be obliged to pay, while at present burdensome, will become intolerable, and any movement to better this condition of affairs should receive the hearty consideration and cooperation of the public. The Town Manager System has its good points and also its weak ones and before anything definite in the matter is decided upon, it should be looked into most carefully.

We do not want to jump out of the frying pan into the fire, but if the matter is thoroughly sifted and the Town Manager System is found to be the better, then by all means let this system be adopted. Newcastle at the present time is in a peculiar situation with respect to our Light and Water Department, and our streets, and full cognizance of this peculiar situation should be seriously considered before arriving at a decision. Under present conditions, we feel safe in saying, that the man who accepts the position of Town Manager if one is appointed, he certainly will have his work cut out for him. Further, it will be impossible for him to accomplish very much, that would be noticeable, in less than three years time, and he would require to be given this length of time, together with the hearty co-operation of all the citizens, who must be prepared to eliminate the customary knocking which an official of this kind usually receives. In other towns where the Town Manager system of government is in vogue, it has been proven that it is advisable to keep the financial department of the town out of the jurisdiction of the Town Manager, and allowing that official to devote all his time and energy in keeping down unnecessary expenditures and to the looking after of the outside work in general.

TOWN PLAYGROUND

Last year in the columns of this paper, mention was made of a project to obtain a suitable piece of ground for a community Amusement Park. This seems to be a good time to bring the matter to the attention of the public again. We have nothing in Newcastle in the shape of a field on which a decent game of baseball or set of field sports could be held. A town or city can not have any better asset than a number of their young men and boys who are physically fit and full of "pep" and who have the spirit of "team work" ingrained in them through participation in outdoor sports. It would be a considerable improvement to the town if the boys and young men were out playing some game instead of standing round the corners doing absolutely no good to themselves or anyone else. There is a fund of some two thousand dollars which was raised to erect a memorial for the boys of the town who lost their lives overseas which has been lying idle in the bank for some time drawing 3% interest. Would it not be a better investment to put this money into a project which would pay considerable better dividends in the improved health and better community spirit which a proper playground would provide? If the Commercial Club, the G. W. V. A. and any other citizens were to get behind this proposal there is no reason why we should not have a playground that would be a credit to the town.

NEWCASTLE TRACADIE RAILROAD

Editor Times: On Thursday the 3rd inst a delegation of twelve from the North Shore of New Brunswick, viz: Messrs. E. A. McCurdy, Newcastle; Storms, Millbank; Wood, Douglas-town; Anderson, Burnt Church; Young, Witcell and Hache, Tracadie; Rev. P. Tatria, Tabusintac; Rev. J. B. Saindon, Neguac, and Rev. Raymond Hawkes, Bartibog with Donald Fraser, of Fraser Co. Ltd, met the Minister of Railways, Dr. Reid at Ottawa.

Present at the interview, which took place in Dr. Reid's private room in the House of Commons were, Honorable the Ministers of Customs and Public Works; Messrs. Wigmore, of St. John, and McCurdy, of Colchester, and we had our New Brunswick Senator J. A. McDonald, of Shediac, with us. Thanks to the Senator the work for the delegates was made easy. He gave us his whole time during our stay in Ottawa.

The Honorable Minister from St. John impressed the delegation as one who had the interest of the whole province at heart and a man who will do things. Getting a peep behind the scenes the delegates are convinced that in the appointment of Senator McDonald Mr. Wilmors made a wise choice. This young man J. A. McDonald is a worker and given support he is willing and able to do something for this Province. He is the kind of man New Brunswick needs in public life.

The delegation to a man says: Give him support, give him a chance, for they know that on this particular occasion, "he prepared the way before them."

A MEMBER OF THE DELEGATION

Moncton Times March 11th

NEW SENATOR FOR N. B.

Judging from the reports from the North Shore delegation, which has recently returned from Ottawa, New Brunswick's new Senator, John A. McDonald is thoroughly alive to the duties and responsibilities of his new position. The splendid service rendered the Delegation by Senator McDonald in connection with presentation of their petition to the Minister of Railways is certainly appreciated by every member of the delegation. Senator McDonald has a residence and farm in Shediac, much money invested in industrial establishments at Moncton, is also connected with the Trust Company doing business in this Province and has other extensive busi-

CHILDHOOD CONSTIPATION

Constipation is one of the most common ailments of childhood and the child suffering from it cannot thrive. To keep the children well the bowels must be kept regular and the stomach sweet. To do this nothing can equal Baby's Own Tablets. They are a mild but thorough laxative; are absolutely safe and never fail to relieve constipation and indigestion; colds and simple fever. Concerning them Mrs. Jules Fauqueau, Nominique, Que., writes:—"My baby was terribly constipated and suffered day and night, I was advised to give him Baby's Own Tablets and from the first they helped him and now at the age of thirteen months he is a big healthy, happy boy." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

PETER MANNING ON HIS TRIP

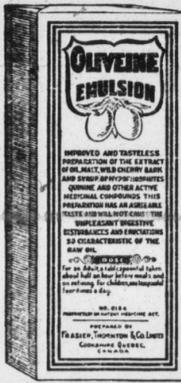

the Grand Circuit this year, writes W. H. Gocher, secretary of the National Trotting Association, in the Bangor Commercial. While at Presque Isle, attending the meeting at which the Maine and New Brunswick Circuit was organized, I met Frank Murchie, one of the delegates from St. Stephen. He purchased the horse from S. J. Boyle, of Fredericton for A. Alcorn in the spring of 1920, and sold him for \$25,000 to Thomas W. Murphy. "I expect Bill Sharen, said Murchie, "to trot a mile close to two minutes this year. When you and I saw him in Boyle's stable about a year ago the horse did not look like one that was being prepared for an active campaign. He was jogged whenever his owner felt like it. The day we saw him his coat still showed the harness marks from his last outing, a couple of days prior to our visit."

N. B. HORSE WILL BE IN LIMELIGHT

All the horsemen in New Brunswick and the potato country, which is the trade name for Aroostook county, Me., are discussing the chances of Sharen duplicating the showing of

HAPPY HOUR
Commencing Friday and Saturday
A Monumental Thriller That Will Startle and Thrill the World!
"THE LOST CITY"
UNQUESTIONABLY the master achievement of the screen—a tremendous spell-binding adventure of the African Jungle, in fifteen episodes of the most amazing and unbelievable situations ever recorded in films.
"REALISM" has been injected into this sensational story from the start of the first episode until the very conclusion of the fifteenth.
No time is lost in the introduction. From the time the picture starts the excitement begins. Fast and furious come the unusual and exciting adventures of the entire serial, climax after climax, crowding one another out, until the spectators find themselves wondering what new thrill it is possible to conceive that has not already been inserted into this strange story.
Never have the lovers of photoplay been offered such a genuinely thrilling and exciting story, and never has such a story been so realistically produced.

Brigadier General H. Macdonnell was in town last week, making an inspection of the Newcastle Field Artillery. General Macdonnell stated that the battery made a creditable showing.

Word has been received from Rutland Hospital, Vermont, U. S. A. to the effect that little Dorothy, daughter of Mr. and Mrs. Fraser Harris who was operated on there recently, is speedily recovering and that the operation has been successful in every way.

Mr. John Blake, of Tabusintac, is in the city on a visit to his sister, Mrs. Jamieson, 7 Gordon Street. It is rumored that Mr. Blake is also here on business with regard to the recent senatorial appointment and also in connection with the proposed extension of the railway from Newcastle to Tracadie—Moncton Times.

OBITUARY

MRS. ROBERT W. FLETT
Mrs. Flett wife of Mr. Robert W. Flett, Supt. of the Marine Hospital at Douglstown, died at her home on Thursday, March 3rd, aged 84 years. Mrs. Flett was formerly Miss Margaret Wilson, of Esquimaux. The funeral took place from her late residence on Saturday, the interment being in St. James' cemetery, Nelson. The services at house and grave were conducted by Rev. Mr. Firth, of Douglas town.

OSWALD RAY
The death of Oswald Ray, for the past eight years a resident of Newcastle, occurred at his home at 5 o'clock Sunday morning. The deceased was employed as clerk in Stables Grocery Store. He was a prominent member of St. Andrew's Church. He had been ill for a long time and confined to his bed for the past two weeks. The late Mr. Ray was a native of New Carlisle, P. Q., and was fifty-three years of age. He leaves a widow and one daughter, Myrtle, at home; also two brothers, James and John Ray of New Carlisle. The remains were taken to New Carlisle yesterday afternoon on the Limited, where interment will be made.

ROGER FLANAGAN
The death of Mr. Roger Flanagan, one of Chatham's most highly respected residents and a man who was well and favorably known all over the province, occurred Friday evening, about 8.30 o'clock, at his home, the Bowser House. Mr. Flanagan had been ill for over a year with heart trouble, but his death was unexpected when it came last night. Deceased was a son of the late Martin Flanagan of St. Margarets and came to Chatham about fifty-five years ago, conducting a general store in St. John street, afterwards in Water street. Seventeen years ago he leased the Bowser House, and has conducted it as a hotel since. He was a genial host, solicitous for the comfort of his guests, and popular with all classes. He is survived by three daughters—Marguerite a trained nurse in Albany, N. Y., Alice, wife of John D. Ward, Esq. Josephine at home, and one son Charles, in the States. The funeral was held at 1.30 Sunday afternoon from the Bowser House to the Cathedral.

Canteen Profit To Come To Veterans

Ottawa, March 9.—The G. W. V. A. have not forgotten that the members of the C. E. F. are entitled to a share of the Imperial canteen profits, and says that the matter is being given due attention by the association. At the present time the authorities in charge of the fund have set aside a proportion of the profits to be used in satisfying the claims of Canada, Australia, New Zealand and South Africa.

The distribution of the amount would mean about \$7 or \$8 for each soldier. However, it is believed that the money will not be divided up among the soldiers, but that the Canadian Government will consider plans by which the proceeds of the fund would go to assist ex-members of the C. E. F. or their dependents. Means to provide for equitable distribution of the fund have been suggested by the G. W. V. A. and other organizations.

Rheumatic Pains Have Disappeared

As a Result of Treating the Trouble Through the Blood

The chief symptom of rheumatism is pain. The most successful treatment is the one that most quickly relieves and banishes the pain. Many rheumatic people suffer pains that could be avoided by building up the blood; when rheumatism is associated with thin blood it cannot be corrected until the blood is built up.

Mr. Ed. Hall, Main-a-Dieu, N. S. suffered from rheumatism for years, but was more fortunate than many victims of the disease for he found a remedy that so built up his entire system that he is now free from rheumatism. Mr. Hall says: "I was taken down with rheumatism, and at times was under the treatment of several of the best doctors in Cape Breton, but they held out no hope for my recovery from the trouble. I was confined to bed for three years and a helpless cripple from the trouble. I could not move, and had to be turned in sheets. My legs and fingers were drawn out of shape, and sprae developed on my body as the result of my long confinement to bed. I was in this serious condition when a friend

Predicts Election Within Six Months

Montreal, March 7.—Hon. Rodolphe Lemieux, addressing the Montreal Women's Club, today alluded to present conditions at Ottawa and prophesied that there would be a dissolution and election within the next six months. Mr. Lemieux discussed the important part taken by the early French colonist in exploring and settling the North American continent and pointed out that Chicago, St. Paul, Detroit, Fond du Lac, New Orleans and others owed their being to the French.

PATRONAGE SYSTEM UNDER DISCUSSION

OTTAWA, March 11.—In the House of Commons this afternoon Sir Sam Hughes moved that the best interests of Canada would be met by restoring political patronage in appointment and promotions to both the inside and outside civil service.

A. E. Frapp, Ottawa, Unionist, supported Sir Sam.

Hon. R. Lemieux and E. Leporte, Liberals, opposed the motion.

Sir George Foster declared he was against any change in regard to either the outside or in the inside services, except in very exceptional circumstances.

Hon. Mr. Fielding declared the government had not abolished patronage. Examination of candidates was the proper method, and this system should be extended to all the larger cities and towns.

How Zam-Buk Saved My Leg!

"For years I could hardly walk," writes Mrs. Jeffrey, of 31, French St., Methuen, Mass. "I was treated by doctors for an ulceration which started in my ankle and extended to the knee. Though sceptical when I read of other legs being healed by Zam-Buk, I gave the balm a trial. Whilst Zam-Buk didn't put my leg right in a day or two, it did ease pain and inflammation wonderfully. Persistence soon convinced me that, thanks to Zam-Buk, I was at last on the sure road to recovery, and in time the terrible sore thoroughly healed. For three years now, I've had no leg trouble."

In obstinate sores, old wounds and ulceration where destruction of the tissues has occurred, Zam-Buk displays extraordinary healing power. Sufferers marvel at the way it soothes pain and inflammation, purifies diseased parts and stimulates the growth of new healthy tissue. Whereas ordinary ointments simply cover over surface trouble, Zam-Buk healing is permanent for it leaves no trace of disease to break out. Zam-Buk proves equally effective in eczema, ringworm, salt rheum, piles, poisoned sores, abscesses, burns, scalds, etc. All chemists and dealers O.C.

A Quick Relief for Headache

A headache is frequently caused by badly digested food; the gases and acids resulting therefrom are absorbed by the blood which in turn irritates the nerves and causes painful symptoms called headache, neuralgia, rheumatism, etc. 15 to 30 drops of Mother Seigel's Syrup will correct faulty digestion and afford relief.

"Cascarets" for Constipation

Just think! A pleasant, harmless Cascaret works while you sleep and has your liver active, head clear, stomach sweet and bowels moving as regular as a clock by morning. No griping or inconvenience. 10, 25 or 50 cent boxes. Children love this candy cathartic too.

Backache—Rheumatism

For over 20 years Minard's Liniment has been a household word in thousands of homes all over Canada. It quickly relieves rheumatism, backache, neuralgia, sciatica, sprains or bruises and pain of any kind. None give better satisfaction.

St. Stephen Smallpox Of Very Worst Type

St. Stephen, N. B., March 7—Dr. Wade, district medical health officer, arrived in town today in connection with the smallpox case which was reported in today's paper. Dr. Wade said tonight that it was genuine smallpox and of the very worst kind. He will be in town for a day or two and every precaution will be taken to stamp out the dreaded disease. Every one that has come in contact with the occupants of the Bargerne home has been vaccinated.

Flax Disease

Flax is one of those plants which fortunately is not very seriously affected by diseases producing fungi and bacteria, although it is subject to a number of diseases which may, under certain conditions, cause considerable loss through reduction of the yield and quality. The most important of these diseases in Canada is the flax wilt. The fungus causing flax wilt lives in the soil, and attacks young plants chiefly, causing them to wilt and die. It may also attack older plants which turn yellow and die slowly. It flax is continuously grown in an infected field the fungus spreads to such an extent as to make the crop almost worthless. This fungus not only lives over in the soil but is spread by its spores clinging to the seed from diseased plants.

This disease can be successfully controlled by adopting three precautionary measures.

First, by the use of clean plump seed, grown if possible in a field which has shown no sign of the disease, and treated before seeding with a solution of formalin, 1 pound in 40 gallons of water. It takes about one-half gallon of this solution to treat a bushel of seed, and it is most advantageously applied by spraying it on the seed as it is being shovelled over seed should then be frequently raked until the entire surface is damp. The seed should then be frequently raked over to aid in thorough drying.

Second, by adopting a system of rotation which would eliminate the growing of flax on the same land in successive years.

Third, by growing those varieties of flax which have been shown to be resistant to the flax wilt in that neighborhood.

The flax is also attacked by a rust which in the early part of the season can be recognized by small, yellow or orange masses of spores which serve to spread the disease in the field. At that stage of its development the rust lives over the winter and becomes the source of infection the following spring. This disease is not usually severe in Canada and can be prevented by a proper rotation and the destruction of waste straw and flax refuse that may harbour the disease.

Thus to protect flax from disease the following measures should be adopted.

1. Use clean plump seed from uninfected fields, and treat it with formalin solution before planting.
2. Do not grow flax in the same field for two successive seasons.
3. Destroy all waste flax straw and refuse.
4. If wilt is very bad, grow only the varieties which have proved to be resistant to the disease in that district.

A.A. Dysart, Kent, Speaker, New House

The address at the opening of the New Brunswick legislature, on Thursday, March 17, will be moved by Dr. L. A. Curren, M. P. P. for St. John county, one of the new members of the House, and will be seconded by A. J. Bordage, M. P. P. for Kent.

A. A. Dysart, Kent, a resident of Pictouche, has been selected for the Speakership as successor to Hon. Dr. Hetherington, who has been elevated to the cabinet. Mr. Dysart will be nominated on the opening day of the session by Premier Foster.

MAN WANTED

Wanted A man for hard work and rapid promotion: A man who can find things to be done without the help of a manager and three assistants.

A man who gets to work on time in the morning and does not imperil the lives of others in an attempt to be first out of the office or store at night.

A man who is neat in appearance and does not sulk for an hours overtime in emergencies.

A man who listens carefully when he is spoken to and asks only enough questions to insure the accurate carrying out of instructions.

A man who moves quickly and makes as little noise as possible about it.

A man who looks straight in the eye and tells the truth every time.

A man who, when he does not know says "I don't know" and when he is asked to do anything says "I'll try"

A man who does not make the same mistake twice, who is not goody goody, a prig or a cod, but who does the very best he knows how with every task entrusted to him.

This man is wanted everywhere.

Age or lack of experience do not count. There isn't any limit except his own ambition. To the number or size of the jobs he can get. He is wanted in every big business throughout the country.

If you are such a man. Watch the advertisements. They tell of most of the big opportunities.

WILD GEESE SEEN
 A flock of wild geese were seen over the town one day last week. It is said their appearance predict an early spring.

Your grocer will tell you frankly that he makes less profit on Red Rose Tea than on other teas. The only object he has in recommending it is to see that you get the best quality possible.

WRIGLEYS

"After Every Meal"

Next time you want to concentrate on a piece of work just slip a stick of WRIGLEY'S between your teeth.

It's a wonderful help in daily tasks — and sports as well.

Hazards disappear and hard places come easy, for WRIGLEY'S gives you comfort and poise—it adds the zest that means success.

The Value Of Culling and Selecting The Dairy Herb

For the past eight years an experiment on the grading up of a dairy herd from the common stock of the district by the use of pure bred sires from high producing dams has been carried on at the Experimental Farm at Nappan, N. S. All females, good and poor alike, have been retained in the herd not because it is the usual policy followed by the Experimental Farms but for experimental purposes. A record has been kept of all feed consumed and all milk produced has been weighed and tested for its butter fat content. Thirty-nine have completed one or more lactation periods.

When checked up by the feed scales, and Babcock test method, eighteen cows in this experiment that had completed their sixth lactation period gave an average yearly production of 5268 pounds of milk testing 3.566 per cent fat and yielding profit over feed was \$23.02 or \$414.36 for the eighteen. The above average production of milk is higher than that of the average dairy cow of the Dominion and may be considered as high enough to keep the cow out of the boarder class but not high enough to return much profit. Let us see how selection would have affected the above mentioned results.

An examination of the records shows that 8 of the 18 cows gave less than 5000 pounds of milk, and of these two gave less than 4003 pounds and one less than 3000 pounds. Taking 5000 pounds as a fair standard of milk production 44.5 per cent of the group would have had to be culled out. The ten remaining cows gave an average yearly production of 6276.8 pounds of milk testing 3.6 per cent fat and yielding an average of 254.46 pounds of butter. The cost of feed averaged \$55.65. The average profit over feed was \$34.18 or \$314.80 for the ten. That is the ten good cows gave within \$72.56 as much profit as the eighteen. In other words if the 8 poor cows had been culled out \$417.74 worth of food would have been saved. This, together with the profits realized from the ten good cows, is \$759.54 or \$314.18 more profit than was realized from the full group of eighteen cows. Who would feed eighteen cows if he could get greater profit from feeding ten?

The efficacy of the Babcock test was also brought out very strongly by this experiment. For example, of two cows, one gave 6039 pounds of milk testing 2.9 per cent fat, yielding 207.75 pounds butter at a feed cost of \$66.57 and a profit over feed of \$17.59, while the other gave 3075 pounds of milk testing 4.5 per cent fat yielding 162.93 pounds of butter at a feed cost of \$37.65 and a profit over feed of \$17.02. From a butter production standpoint these cows were practically of equal value but if milk were the product sold the former would be much more profitable than the latter. The poorest cow in the eighteen gave 2113 pounds of milk testing on an average 2.9 per

Youth and Age

THERE is no time in woman's life that she cannot benefit by the use of Dr. Chase's Nerve Food in order to keep up the supply of pure, rich blood and to ensure a healthful condition of the nervous system.

Headaches, neuralgia, sleeplessness, nervous spells, irritability, tired, worn-out feelings, soon disappear when the vigor and energy of the nerves are restored by the use of this great restorative.

30 cents a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

Forms Ready In Few Days For Income Tax

The Dominion income tax return forms, T1, T1A, an dT2, which, under the act, must be used in filing individual incomes, farmers' incomes and corporations' and incorporated companies' earnings respectively for the 1920 period are not yet available for distribution and those who have already handed in to the inspector of taxation returns in any of these classes on 1919 forms have submitted incorrect returns according to the amendments made to the act in 1920.

Under the amendment to the act any one who does comply with the regulation which obliges those filing returns this year to compute their assessments and accompany them with an amount equal to one quarter of the tax in each case is liable to a penalty amounting to one quarter of the tax.

The new forms which must be employed this year will not be given out until pamphlets of income tax information and instructions directing the manner in which returns in any of these three classes should be made are received. When they do arrive both the forms and the explanatory pamphlets will be available from postmasters. It is expected both would be in hands of the postmasters within a few days.

Under the amendment, those filing returns under any of the three classes named must accompany their returns with a check covering 25 per cent of the amount of the tax or surtax, the balance, if any to be paid in three equal bi-monthly instalments.

"Some returns in these classes covering the period of 1920 forms," said an official at the office of the inspector of taxation, this morning. "These returns are not correct," he continued, "neither have they been accompanied by the check required by the amendment to the act which reads as follows:

"Every person liable to pay any tax or surtax under this act shall send with return of the income upon which such tax or surtax is payable not less than one quarter of the amount of such tax or surtax, and may pay the balance, if any, of such tax or surtax is not more than three equal bi-monthly instalments thereafter, together with interest at the rate of six per cent per annum upon each instalment from the last day prescribed for making such returns to the time payment is made."

The returns made in any of these three classes must be filed on or before April 30, 1921, at the office of the inspector of taxation in the Dominion Savings Bank building, Princess street.

Forms T3, T4, and T5, which are the forms that should be used in making returns for estates, employers' returns for employees and corporations' returns for dividends paid are available at the office of the inspector of taxation. These forms must be filed on or before March 31, 1921.

cent fat yielding 72.07 pounds butter at a feed cost of \$52.05 proving a loss of \$27.42. Such a cow might easily be retained in the herd were not these tests applied.

A careful study of the individuals in a herd to ascertain which makes profitable use of the feed consumed is often warranted. For instance, one cow gave 7999 pounds of milk testing 3.3 per cent fat, yielding 310.56 pounds of butter at a feed cost of \$58.33 and profit over feed of \$50.22. Another cow produced 7590 pounds of milk testing 3.7 per cent fat yielding 330.38 pounds butter at a feed cost of \$64.43 and a profit over feed of \$49.39. This shows that the latter cow did not respond as economically to feed consumed as did the former for even though she consumed extra feed to the value of \$6.10 and had 14 per cent fat in her favor she made \$3 cents less than profit.

Moral: Fix a standard of quantity, quality, and economy in milk production for your cows to go by. Buy a milk scale (which may also be used as a feed scale) and a Babcock tester; weed out the star boarders; fit them for the butcher; feed the real producers the extra feed; then watch the profits grow.

EDUCATION COSTS

Victoria, B. C. March 9Rit cost about \$70 to educate each public in the public schools of British Columbia last year, and of the total cost of education the Provincial Government contribution approximately forty per cent. Nearly three-quarters of the teachers in British Columbia are women. These are some of the features of the annual report presented in the legislature by the minister of education.

Children Cry for Fletcher's

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

THE CENTAUR COMPANY, NEW YORK CITY

Onion Culture

Failure with this crop is due principally to delayed seeding in the spring. If an early start is not possible the crop will not mature before the cool damp weather of fall starts, resulting in continued growth and the formation of thick necks rather than the development of bulbs. This may be overcome by an early start which gives a well developed bulb toward the latter part of August, at which period a maturity in the bulb is hastened because of the hot and usually dry weather. If the onion has not reached a certain development at this time vegetative growth will likely continue uninterrupted and good maturity is not likely to be obtained. Seeding should be done as early as the ground is dry enough to work.

The Extra Flat Red is one of the earliest of red sorts. Yellow Globe Danvers is also early maturing but later than the above and much more desirable for most markets. The Prize-taker is too late for seeding in the open and unless the season is very favourable they will not mature.

Any good garden soil will grow onions. The land is better if matured in the fall, but well composted manure may be applied in the spring and worked into the surface soil. Acid phosphate at the rate of 600 pounds per acre and nitrate of soda at the rate of 200 pounds per acre or a mixed fertilizer at the rate of 500 pounds per acre may be applied to give the plants a good quick start. This should be harrowed or raked in to the surface soil before seeding.

The seed is usually planted in rows one foot apart and the soil well firmed by rolling or tamping. Just as soon as the plants are nicely up loosen the surface soil between the rows and follow shallow cultivation throughout the season providing a shallow surface covering of fine soil. They should be thinned to about 2 inches apart.

The above varieties were grown at the Experimental Station, Kentville, on a light sandy loam from seed sown May 8th, 1920. Early Flat Red yielded 15.18 tons, Globe Danvers 14.52 tons and Prize taker 21.78 tons per acre. The latter were not as well matured as the other two sorts.

The seeds may be started in shallow boxes and transplanted. From the results tabulated below the ad-

vantage of early seeding to get well developed plants for planting to the open is obvious. The seed if of good germination may be sown at the rate of about 10 to the square inch and not be over thick and a box having 2 feet of surface will give plenty of plants for home use. Three inches depth of soil is sufficient. After the plants are nicely started keep in a bright window and not too warm. The Prize-taker is the best sort for the transplanting. Seed started March 22nd and transplanted May 11th yielded 27.06 tons of fully matured bulbs per acre. These were planted 3 inches apart in the row. Prize-taker was thinly planted in flats February 7th and set to the open ground May 10th, 3 inches apart in the rows and produced 53.9 tons. It should be stated, however, that the latter grew on soil in better fertility than where the others were grown, the soil having previously been in onions for several years.

PULPITS EXCHANGED
The local Protestant Church pastors exchanged pulpits last Sabbath morning.

ENGAGEMENT ANNOUNCED
Mr. and Mrs. T. J. Jeffrey announce the engagement of their daughter, Elizabeth Dick, to Cecil R. Locke, the wedding to take place Saturday, March 19th.

SMALLPOX AT DOAKTOWN
A case of smallpox has occurred at Doaktown, and Dr. F. J. Desmond, D. M. H. O. is attending to the necessary precautions of quarantine and vaccination.

ORGAN RECITAL
Good Friday Evening, March 25th is the date of the Organ Recital, to be given on the Lord Beaverbrook Memorial Organ in St. James' Church Reserve this date to attend the recital. A musical treat is in store for all to attend.

LICENSE FEE OF \$100
Retail vendors are now required, under the prohibition law, to pay a license fee of \$100 in cities and incorporated towns and \$50 in smaller communities. The increase was passed by order-in-council. Formerly the fee was merely nominal.

NEW DUTIES FOR POLICEMAN
It was necessary last Thursday afternoon for the Chief of Police to reconcile a married couple, who recently came to town to live. He probably will have numerous occasions for such duties if the couple remain for any length of time as citizens of our community.

MARRIED
On Wednesday evening, at the home of the bride's parents, Mr. and Mrs. Henry McCaull, their second daughter, Miss Ruth Janie Seaman, was united in marriage to Robert Franklin Craik, of Newcastle. Rev. W. J. Bate, Rector of Newcastle, performed the ceremony.

"THE CHOCOLATE SOLDIER"
Moncton amateurs, under the direction of Mr. R. B. Metzler, who so successfully staged "The Chimes of Normandy," will in about six weeks time present the well known comic opera "The Chocolate Soldier," under the auspices of the Moncton branch of the Canadian Red Cross Society and for the benefit of Child Welfare Work.

COMMERCIAL CLUB
At a meeting of the Commercial Club held last Thursday evening in the Town Hall, a committee composed of Messrs. David Ritchie and John A. Creaghan, was appointed to gather all available data regarding other towns which had adopted the Town Manager System of Government and to report back at the next meeting.

SPECIAL SERVICE AT BLACKVILLE
A special service will be held in Holy Trinity Church, Blackville, N. B. on Thursday evening, March 17th, at 7.30 o'clock. Archdeacon Forsythe will dedicate the Miss Basins and a Receiving Dish, which were given by the congregation as a memorial to Corporal T. E. Underhill, who was killed in the great war. He will also unveil an Honor Roll of those who served in the army. There will be no Lenten service on Wednesday evening 16th inst.

DOLLAR DAY A BIG SUCCESS
Today was a big day among the local merchants. Dollar Day had been well advertised and there were many real bargains offered the public. It was noticed that several lines were offered at half and even less than half of what was asked for the same articles a year ago. Several merchants were asked as to the success of the day and they expressed the feeling that the day had been thoroughly satisfactory not only from their own standpoint but that the buying public were also satisfied.

HALF MILE TRACK TALKED OF FOR BATHURST
There is a substantial rumor afloat about town to the effect that an effort will be made shortly to secure a tract of land in the vicinity of Bathurst for the purpose of constructing a trotting park, similar to those enjoyed by a number of other towns in the Province. Details of the scheme have not been divulged so far, but it is no secret to state that the project is in the hands of a number of local business men who will do their utmost to carry it through and give to Bathurst one more distinguishing feature.

NEW SHAFT INSTALLED
Town Electrician Jones had the new shaft installed in the Power House last Saturday, and a vast difference in the current was noticeable.

MARRIED
At the Methodist Parsonage Newcastle on March 12th by Rev. J. B. Champion Robert J. McCullam to Beatrice M. Johnston both of Newcastle, N. B.

CARD OF THANKS
Mr. and Mrs. Gordon Davidson wish to thank all their friends for the many kind expressions of sympathy received by them during their recent sad bereavement.

MARRIED
At the Methodist Parsonage, Newcastle on March 9th by the Rev. J. B. Champion Mrs. Jean Creighton of Newcastle to Thomas H. Ashton of Trout Brook N. B.

BAIL FORFEITED
A young man of Nelson, who was arrested on Monday, with a charge of supplying an Indian and Squaw with intoxicating liquor, failed to appear Wednesday morning at 10 o'clock, before Police Magistrate J. R. Lawlor, and forfeited his bail amounting to \$60.00.

DIED IN MINNESOTA
Chief of Police Ashford received a telegram Thursday morning from Duluth, Minn., informing him of the death there, on Tuesday morning, of Alexander McIntosh, a former resident of Newcastle. No particulars were received. Two brothers, Allan, of Newcastle, and Arthur of Casalis, survive. A sister also resides in Portland, Maine. The remains will be interred at Duluth.

TUXIS LEADER HERE
Mr. A. M. Gregg, who is in charge of the Boys work in the Maritime Provinces, was the principal speaker at the meeting of the Tuxis Boys held in the Methodist Church on Thursday evening.

Mr. Gregg spoke of the work that is being conducted in other parts of the province. He showed how the organization had grown from small beginnings in certain places until now it occupied quite a prominent position in the social life of the community.

NEWCASTLE C. S. E. T. DEFEATS BATHURST
In one of the fastest games ever staged in the Bathurst Rink this year the Bathurst C. S. E. T. team went down to defeat before the Newcastle C. S. E. T. team.

The first period opened up with a rush from both teams. After seven minutes playing the local boys tallied, about ten minutes later the Bathurst boys scored, then the locals in the last three minutes of that scored three goals making the score at end of first period Newcastle 4 Bathurst 1. The second period opened with the locals pulling off some good combination work and after playing for ten minutes the local boys tallied again. It was not long before the Bathurst boys score one, this being all through out the second period for both teams score Newcastle 5 Bathurst 2.

The third period was all for the visitors they netting three goals, Bathurst boys were unable to score. Score at end of third period Newcastle 8 Bathurst 2. The ice which proved very heavy and no doubt the both teams could have made a better showing although the local boys outskated the Bathurst boys.

The people of this town should be proud to know that the C.S.E.T. team of this town is regarded as the best on North Shore compared to size of other teams. The local boys have played four games this season being victorious each time. The C. S. E. T. team of this town have played and defeated the following teams:
Campbellton in Newcastle Rink Score 7 5
Campbellton in Campbellton Rink 5 4
St. Thomas College in Newcastle 8 6
Bathurst in Bathurst Rink 8 2

The manager of this team is very proud indeed to say that he has taken his team through four games being victorious each time. The manager wishes on behalf of the team to thank one and all for any support which they have given the team throughout the season and it is hoped that we will receive a continuance of same next season.

The local boys received a good time while in Bathurst. Particular mention being made to J. S. B. Gilbert, to carry it through and give to Bathurst one more distinguishing feature.

RIVER RACES
On Friday afternoon a number of races were held on the river ice opposite the town. A large number of people witnessed the races from the Public Wharf.

FISH SCARCE
There is a report from all parts of the northern shores that smelt are less numerous this season than usual. In some places in which they are expected to be present in great quantities hardly any are taken. Their scarcity is attributed to the mild winter which most of the Provinces has enjoyed.

POLICE COURT
On complaints of Inspector Quarterman, three residents of Boiestown were taken before Police Magistrate Lawlor for violation of the Prohibition Act. They pleaded guilty and paid fines of \$50 and costs each. A case against Dr. W. T. Ryan, of the same place, for selling liquor illegally, was tried and the magistrate announced that he would give his decision on Thursday next.

MEETING OF MILL OWNERS
A meeting of the millowners on the river was held in Newcastle last Tuesday afternoon to discuss matters of interest to the lumber industry. We understand that one of the questions under discussion was whether it would be advisable to operate the Saw mills this season owing to the stagnant condition of the lumber market, but the consensus of opinion was that in the interest of the country at large it would be better to operate if possible, but all the mills will no doubt curtail their cut very much.

PRESENTATION
Last Friday evening the ladies of the Baptist Church assembled at the home of Mrs. W. H. Belyea, and on behalf of the congregation, presented their retiring pastor Rev. E. A. Kinley with an address and purse of gold, in recognition of the friendship and esteem in which he was held by the congregation. Rev. Mr. Kinley responded in a most feeling manner and heartily thanked the congregation for their thoughtfulness towards him on the eve of his departure and for the hearty co-operation which he had been given while pastor of the congregation. A pleasant social evening was enjoyed by all present after the presentation was made. Rev. Mr. Kinley has accepted a call to Truro, N. S., and left for that city on Monday. He will be greatly missed, not only by his own congregation but by the community in general, and best wishes are extended the reverend gentleman in his new field of labor.

CATARRH CANNOT BE CURED WITH LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials free. F. J.
