WEDNESDAY EVENING, MAY 27, 1874

Local and Other Items.

PERSONAL.—Mr. Shirton arrived home from Ottawa on Monday, and Mr. Higginbotham on Tuesday.

NO QUORUM.—The Board of Education was to have met last evening, but a sufficient number of members did not put in an appearance.

ABOUT 5000 bushels of potatoes have been shipped from Kincardine during the last ten days.

ON Saturday night last a large sum of money was stolen at the Grand Trunk Railway station, Cobourg.

AN outrage has been committed in Paisley on the person of a young woman, by a man well known in the neighborhood.

A HUNDRED and fifty emigrants arrived in St. Catharines at noon on Tuesday, and were accommodated with lodgings until they obtain situations.

THE surveyors of the Hamilton & North-Western Railway have completed the survey for that line from Clarksville to Collingwood.

A CRICKET match on the Queen's Birthday between the Paris and Galt clubs, after a well contested game, was won by the latter by 38 runs.

G. W. R.—Attention is called to the changes in the running of trains on the Wellington, Grey & Bruce Branch of this line.

Prof. Swing has sent in a letter to the Chicago Presbytery stating his intention to withdraw from the Presbyterian Church, and informing the Presbytery that he would ask for a letter of dismissal at the next meeting.

NEW CHURCH.—At two p.m. on Monday the corner stone of a new Presbyterian Church, Bedford, was laid with the usual ceremonies, the Rev. W. Cochrane, of Bradford, officiating.

TEACHERS' INSTITUTE.—We would call the attention of the school-teachers in this vicinity to the teachers' meeting and institute advertised to be held in Fergus on Friday and Saturday, 5th and 6th of June.

SUDDEN DEATH.—Mr. George G. A. Smith, who has been in the goal here for a short time past, his mind having become deranged, was sent to the Asylum in Toronto one day last week.

CREMATION still continues to excite much interest in Berlin and Vienna. A lady in the latter city, of the advanced age of seventy, and to whom therefore the subject begins to assume an aspect of personal importance, has subscribed 30,000 florins to the cremation fund, with directions for a furnace to be erected without delay.

THE number of signatures to petitions for a prohibitory liquor law presented to Parliament during the present session from the various Provinces has been as follows: Ontario, 94,831; Quebec, 12,565; New Brunswick, 18,596; Nova Scotia, 12,487; Prince Edward Island, 3,340; British Columbia, 208.—Total, 127,817.

WE observe from our London exchanges that a movement is on foot to enable the working classes of England to purchase consols in small sums through the agency of the Post Office, even to invest so small an amount as £1 18s 4d, yielding interest at the rate of 1s a year.

IN Toronto on the Queen's Birthday a small sail boat outside the Island endeavoring to enter the rap, and failing, was capsized by the rap, and those on board—some five or six—of whom it is believed to have been a mounted policeman, were in the water. None of them succeeded in reaching the shore.

PETITIONS ON BEHALF OF SULLIVAN.—A petition signed by about 150 citizens of this town was forwarded to the Governor-General by Mr. J. P. MacMillan on Monday last, praying that the sentence of Sullivan be annulled, and that he be permitted to remain in the Provincial Penitentiary. Another petition bearing about 200 signatures was sent some days ago from Hamilton to the same effect.

STABBING AT RAY.—On Monday afternoon Michael Doyle was fighting with some person, when his brother Philip attempted to bring him home; Michael, coward like, turned up on the peace-maker, and stabbed him severely in the left shoulder. Had the wound been one-fourth of an inch forward death would have been almost instantaneous. As it is, the wounded man will doubtless recover.

A STRANGE CASE.—Mr. Thomas, Assessor for Elderslie, appealed to have his own assessment reduced, and it was accordingly lowered four hundred dollars. We are sorry that Mr. Thomas should have so imposed upon Mr. Thomas, and think that the Assessor has good reason to be indignant at himself for his carelessness and incapacity.

A VALUABLE work has been lost to the world by an extraordinary accident. Prof. Bunsen of Heidelberg, the chemist, has been engaged for four years preparing a new book, whose appearance was looked forward to with great interest. The professor, recently, in starting for a short walk, left the manuscript, both the rough copy and notes and the copy for the printer, lying on his desk.

DEAN Ramsay, in his "Reminiscences of the Scottish Life and Character," tells the following: The answer of the old woman under examination by the minister to the question from the Shorter Catechism, "What are the decrees of God?" could not have been surpassed by the General Assembly of the Kirk, or even the Synod of Dort; "Indeed, sir, he kens that best himself."

Mr. Thomas Carlyle has discovered in England what is believed to be the only genuine portrait of John Knox. The forehead and brow are strong and prominent; the nose large, aquiline and curved over a small upper lip; the mouth small, but with a strong upper lip; the chin thin and small, and ruddy. The top of the head is bald, dome-like, with waving hair falling each side of it. What, however, is most remarkable in the face is the large, luminous eye, filled with seriousness as unto death, while the mouth seems to curl a little as if in scorn of the idolaters and frivolities passing around him.

Complimentary Dinner and Presentation to Hon. E. B. Wood.

On Monday evening a complimentary banquet was given to the Hon. E. B. Wood at the Kirby House, Brantford, on the occasion of his elevation to the Chief Justiceship of Manitoba.

After the usual loyal toasts, the chairing in proposing the toast of the evening, "the guest," referred in eulogistic terms to the past services of Hon. E. B. Wood, who had ever been foremost in forwarding the interests of the town of Brantford and the country at large.

Mr. Hardy then presented Hon. E. B. Wood with a handsome gold hunting watch and chain, and a massive gold-headed cane. The watch and cane bore the following inscription:—"From the people of the town of Brantford, on the 26th of May, 1874."

The presentation was accompanied with an address expressed on vellum, which referred to Mr. Wood's services to the people of the Province of Ontario, and the establishment on a sound basis of our inter-Provincial affairs, as well as in the settlement of other vexed questions of a financial character.

After passing an eulogy on the new Chief Justice as a citizen and friend, the address closed by congratulating him on his appointment and wishing him and his family God speed on their journey and prosperity in their new sphere.

Hon. E. B. Wood, on rising to respond, was loudly cheered. He referred to his position when he first came to Brantford twenty years ago, and the changes which had taken place in this country. It had changed wonderfully in the last two or three years, and is changing rapidly now, and making history very fast.

He spoke of the Confederation Act, and the part he had taken both in the Dominion of Manitoba and in the Legislature of Ontario. He could say in every great measure that was brought before Parliament he always did his best to serve the interests of this Province and the whole Dominion. (Cheers.)

DOMINION PARLIAMENT.

Ottawa, May 26.

Mr. Skinner, the newly elected member for South Oxford, was introduced by Mr. Mackenzie and Mr. Irving and took his seat.

Mr. Carson asked if the Government intended to recommend an amnesty for all offences committed in the North-west in 1869-70.

Mr. Smith (Westmoreland) said that in the absence of the Premier he could not give an answer to a question of such importance. It would depend upon the tenor of the report of the Committee. The Government would give that report their best consideration.

At three o'clock His Excellency entered the Senate Chamber, accompanied by his suite, and took his seat upon the throne. He then signified his wish that the Commons should attend in that Chamber, and they with their Speaker having appeared at the bar, His Excellency was pleased to give his assent to the bills passed during the session.

His Excellency then delivered the following speech:—"Honorable Gentlemen of the Senate:—Gentlemen of the House of Commons:—I am glad that at a comparatively early period of the session I am able to relieve you from further attendance in Parliament."

I thank you for the devotion you have shown to the public interests in earnest prosecution of the work of the session.

I congratulate you on having passed an election law, adapted to the requirements of the respective Provinces, and I trust that this law with the amended Act for the trial of Controverted Elections, will result in securing for the future more peaceful elections.

The measure you have passed providing for the construction of the Canadian Pacific Railway will enable my Government to proceed as soon as practicable with such portions of the work as are necessary to secure communication with the interior and British Columbia.

I hope that the law for the establishment of a Military College will be found to fulfil its design in securing a class of thoroughly educated officers for the military service.

I trust that the other measures you have adopted with so much unanimity will likewise prove beneficial to the country.

Gentlemen of the House of Commons:—I thank you for the readiness with which you have made provision for an anticipated deficiency and granted the supplies for the public service.

Hon. Gentlemen of the Senate, Gentlemen of the House of Commons:—I trust that the measures I have caused to be taken for the preservation of the peace in the North-west Territories will be effectual in preventing the spirit of lawlessness so much to be feared in civil and unsettled regions, and in maintaining friendly relations with the Indian tribes.

The negotiations in progress relative to the compensation due to Canada under the Treaty of Washington will, I hope, realize our just expectations. We reason to rejoice that within our borders are peace and prosperity, and I pray that the country may continuously enjoy these invaluable blessings.

The Speaker of the Senate then announced that His Excellency had prorogued Parliament until the 6th of July next.

Being probably to the fact that it had been raining nearly all morning and that yesterday was a holiday, the spectators of the closing ceremonies were not numerous. Comparatively few strangers occupied seats on the floor of the House, and none of the ladies were in full dress.

His Excellency was escorted to and from the House by a detachment of the Ottawa troop of cavalry under the command of Captain Sparks, and a hundred men of the Foot Guards, with the band of the corps, constituted the Guard of Honor.

Methodist New Connexion Conference.

On Monday three brethren having completed their four years probation were received into full connection, and will be ordained during the present Conference sessions. A number of brethren were advanced a stage on their probation; four were received on trial, and others were left to the discretion of the Executive Committee.

A deeply solemn and affecting service was held in the afternoon under the presidency of Rev. S. B. Gundy, Rev. John Wilkinson, and Hon. O. Blake, who have died during the past year. Rev. J. McAllister, W. Tindall, E. K. Buggin, and T. Mitchell were appointed a fraternal deputation to the ensuing Conference of the Wesleyan Methodist Church, to be held in Montreal.

An American Minister's Indiscretion.

The Militia Service.

Richardson not to Resign.

London, May 26.—Several Madrid newspapers accuse Cushing, the American Minister, of being present at the banquet given by the Opposition Deputies, including Figueras and Castelar. The editors suggest that Cushing must be ignorant of European diplomatic usages as well as the significance of certain names.

New York, May 26.—A Havana letter of the 20th inst. states that the last advice from Fadockrey were of the 14th inst. when he was in fair health, though somewhat reduced by poor food, poor accommodation, and the heat. He had been ordered to be removed to Puerto Principe for trial, and his fate rests entirely with the Governor-General.

There is a great deal of interest manifested in the drawing of the names of the whites for service in the militia, as none will be spared.

New York, May 27.—A Herald special says that Richardson, on being interviewed, denied the rumour of his resignation from Secretary of State.

Madrid, May 26.—Diplomatic relations between Spain and Mexico were resumed yesterday by the presentation to Marshal Serrano of the credentials of General Cervera as Minister from the latter country.

Rome, May 26.—The Italian Government met with another defeat to-day in the Chamber of Deputies.

The Pope has nearly recovered from his late illness.

The Pope-Macdonald Letter.

CONFESSION OF BOWES.

Bowes' confession is published to-day in the leading journals, an abstract of the Pope-Macdonald letter. Employed as clerk at the Militia office, he states that he went to the Post-office early on the morning of 2nd September last. While serving letters at the office, he found one addressed to the Hon. J. H. Pope, and suspecting that the contents were of a political nature, and as the envelope was open owing to imperfect fastening, he made himself acquainted with the contents. Considering that injustice was being done to the Hon. Mr. Young, he inclosed the letter under another envelope to that gentleman, with whom he never had any communication on the subject. He declares that Palmer knew nothing of the matter, and denies that he ever received any money for what he has done. Bowes wrote recently anonymously to the Minister of Justice, asking for a full pardon in the event of his clearing up the mystery that surrounded this transaction, but obtained no answer. He states that on one side himself had anything to do with the affair, and it appears that he would not have forwarded his confession, which was written on the 11th of April, the date of Palmer's second suspension, had he not feared that the Commissioners having closed their labors, Palmer would receive unmerited punishment. Bowes was formerly an engineer. He has fled, it is supposed, to the States.

Hesperer Items.

The Queen's Birthday was celebrated on Monday much after the old fashion. The Hesperer Brass Band aroused the people about 6 a.m. by playing several times, their position on the top of a high hill south of Queen street, adding very much to the harmony. At 10.30 a procession of school children headed by the Preston Brass Band traversed the principal streets after which the scholars were treated to nuts and candies.

At 1 p.m. the games which were held in Mr. Hesperer's Grove, commenced and continued until nightfall. A list of the fortunate competitors will be found below.

A game of Base Ball was played in the morning between the Silver Leaf Club of Hesperer and the Silver Creek Club of Guelph, the latter winning by twelve runs.

About 20 members of the Hesperer Rifle Company had target practice for prizes, under the command of Captain Price, Sergeant Jackson carrying off the first prize, Sergeant Evans second; and Private Ellis third. Owing to the roughness of the day the shooting was below the average.

Constables Harvey and Mills were kept pretty busy in the afternoon curbing the pugnacity of several young fellows who seemed bent upon disgracing themselves and the occasion by a free fight. It is reported that they are likely to contribute to the funds of the village at the invitation of C. Kerch, J. P.

The day's amusements wound up by a Social Ball in Field's Hall. The Preston Brass Band by its enlivening strains added much to the pleasure of the day's proceedings. Owing to some bungling somewhere, the Hesperer Brass band did not play on the grounds during the day, but went to the Puslinch Lake on a picnic excursion, and had, I am informed, a jolly time.

The list of successful competitors in the various games is as follows: Standing Jump—Chas. Parill, 12 feet 1 in.; Hugh Martin, 11 feet 5 1/2 inches. Three Standing Jumps—C. Parill, 34ft. 6 in.; Oliver Cooper, 32 feet 9 inches. Standing Hop, Step and Jump—C. Parill, 29 feet 4 in.; D. McCaig, 28 feet 7 in.; Standing High Jump—C. Parill, 4 ft. 8 in.; O. Cooper, 4 ft. 6 in. Running High Jump—Wm. McWilliams, 4ft. 10 in.; C. Parill, 4 ft. 6 in. Running Jump—C. Parill, 16ft. 10 1/2 in.; J. Hesperer, 16 ft. 8 in.; Running Hop, Step and Jump—J. Hesperer, 38 feet 2 in.; C. Parill, 36 ft. 11 in. High Leap with Pole—W. McWilliams, 6 ft. 10 in.; C. Parill, 6 ft. 8 in. Hurdle Race—N. O'Connell, W. McWilliams. Step Dance—Thos. Burns, John Jotham. Throwing Heavy Hammer—D. McCaig, 52 ft. in.; G. McCaig, 45 feet 4 in. Putting Heavy Stone—D. McCaig, 24 feet 1 in.; G. McCaig, 23 feet. 100 Yards Foot Race—C. Hesperer; N. O'Connell. Yard Foot Race—G. Hesperer; J. Marwick. Boys' Race, under 12 years—Wm. S 1 2; total 893.

The Market House Extension.

The Council have seen fit to bring the question of increased market and hall accommodation before the ratepayers again. The proposal this time is to make such alterations and extensions of the present building as will meet the desired object, and for this purpose a by-law authorizing the Council to issue debentures to the amount of \$18,000 will be submitted for their approval on the 18th of June. The previous by-law, for the erection of a new building, asked for \$25,000, so that there is a difference of \$7,000 in favor of the second one for the extension of the present building, and if the scheme can be carried out for less money, the Council need only issue debentures for the amount required. It may be a question whether the Council was wise in asking the approval of the ratepayers to the extension so soon after the defeat of the previous by-law for the new building, but perhaps it is better to have the matter definitely settled now, than to let the agitation die out, and bring it up afresh at some future period. We believe, however, that had this extension scheme been submitted for approval in the first place, its chances would have been much better than they now are, for the defeat of the first one will to some extent damage the prospects of the second. Besides, our financial position is better understood now than it was some weeks ago. The estimates for the year, as submitted at the last regular meeting of the Council, show that a rate of two cents in the dollar will be required to be levied to meet our indebtedness. But, then, the ratepayers must remember that we have to assess this year for the payment of our portion of the Municipal Loan Fund debt to the Government, according to the terms of the Act passed in the session of 1873 for the settlement of that debt. This may seem pretty hard, at first sight, but when we consider all the circumstances, we think that the people of Guelph have good cause for thankfulness that they have got off so easy. Our position in regard to that debt is infinitely preferable to that of many Municipalities, whose resources will be seriously crippled in paying up what they owe to that Fund. We must also remember that since 1863—when we stopped levying for the interest and sinking fund—we have not paid a cent of our debt to that Fund, and during all these years our taxation in consequence has been light compared with that of many towns and villages that we could name. Should the by-law be carried, and the work of extension be proceeded with, the additional amount required to be raised yearly, for twenty years, would average about \$1,400, which spread over the assessment of the town, as it stands this year, would be only about eight-tenths of a mill on the dollar—so small an amount as would scarcely be felt by any ratepayer in the Town. The work most likely would not be proceeded with this season, so that an advantage would be gained in the certainty of contracts being entered into at lower figures than could be obtained now. The Council having now done their part, it rests with the ratepayers to say whether they approve or disapprove of the proposed extension. Is there a necessity for such an extension? Nine tenths of the people in town admit that there is. Will this extension benefit us to the extent of the outlay? If judiciously and economically done, we have little doubt but it will, and afford such increased accommodation as the growing wants of the Town require, and which must be obtained sooner or later if we are to keep pace with its progress and requirements.

The Close of the Session.

Parliament was prorogued on Tuesday with the usual ceremonies, and the fruit of its labours is seen in the hundred and nine bills which were assented to by the Governor-General. The session lasted only two months, but into that short period was crowded a vast amount of work, and members can go back to their constituents and honestly say that they did not trifle away their time that there was very little unnecessary talking, and that nearly every measure promised by the Government has become law. Much of this is due to the ability of the different members of the Government, to the promptness with which they brought down all their measures, to their assiduity in forwarding all public business, and to their excellent management of the House in having it carried through.

Of the total number of bills passed, sixty are private and forty-nine public. The most important of the latter are the Pacific Railway bill; the new Election bill, providing for vote by ballot; the Controverted Elections bill; a measure for raising a loan of forty million dollars for canal and other public improvements; the new Tariff bill, a bill; to vest in the Public Works department the power of managing the Intercolonial

Railway; a measure for the better administration of the North West Territories; besides others of lesser importance. The only measure of any consequence, promised by the Government, which was not passed, was the bill for amending the Insolvency Act of 1869. It was introduced too late in the session to be fully discussed, and we think it was wise policy on the part of the Government to delay it for another session, so that members and the business community may have full time to carefully consider its provisions. It is needless to enter into the merits of the measures above mentioned. We have fully discussed these from time to time as they came up for consideration. Suffice it to say that their acceptance by the House, and the general approval they have met with in the country, is the best evidence of their suitability to our wants, and for the development of the resources of the Dominion. By the reckless legislation of the old Government the present Administration were placed in a most difficult position. But they have shown they were equal to the emergency, and by their ability, close attention to business, wise foresight and excellent judgment in legislation, administrative talent, adherence to principle, and honesty in carrying it out, they have fully realized the hopes and expectations of their friends, disappointed and outwitted their opponents, greatly strengthened their position in Parliament, and secured a larger measure of confidence throughout the country.

MERCHANT TAILORS

Since the late rains the country is beginning to assume a promising appearance, and the farming community is much encouraged thereby.

The Division Court sat here yesterday, Judge Chadwick presiding. The business was light; there were more lawyers in attendance than suits to be disposed of. The members of the black robe numbered five, including the Deputy Master in Chancery, and the suits numbered about three.

There was one suit, however, which occupied considerable time, and besides engaged much of the attention of those present. It was a case in which Wm. Meekin was plaintiff and Jas. A. Farrall defendant. The plaintiff's claim was for \$36, three month's wages at \$12 per month. Defendant denied that he owed the plaintiff anything, and endeavoured to make out that plaintiff came to his hotel in the capacity of a boarder, and remained for some time without paying anything. In the meantime he was doing a few jobs at his own instance, for which the wages sued on were claimed. Both plaintiff and defendant were sworn, and the evidence were very conflicting. His Honor was impressed with the idea that the defendant's version was the correct one, and ordered a nonsuit accordingly. A. H. Macdonald for plaintiff; J. P. MacMillan and O'Connor, for defendant.

There is some rumour that it is the intention to remove this Court to Aberfoyle, at least it is believed that Judge Chadwick favors the idea.

A DISTINGUISHED VISITOR.—Dr. Kenaley, of Tichborne notoriety, is in Ottawa. He was the guest of Lord Dufferin on Saturday. He has come on business in connection with the developing of mining interests in Nova Scotia.

BREAKFAST.—Epps's Cocoa.—GRAVEL AND CONSTIPATION.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills."—Civil Service Gazette. Made simply with boiling water or milk. Each packet is labelled—James Epps & Co., Homoeopathic Chemists, London."
