BLOOD IS THICKER THAN WATER.

CLEARWATER CASE IS UP BEFORE SUPREME COURT

Returning Officer Does Not Appear in Appeal; Claim Court Had No Jurisdiction; Conservatives Try to Preclude Right of Appeal

THE Clearwater election appeal case was opened in the Supreme court en banc yesterday afternoon, and the very first move was an attempt on the part of the counsel for the Conservative candidate to preclude any appeal, C. C. McCaul, K.C., stating to the court that not the Liberal candidate, H. W. McKenney, but the returning officer, should make the appeal.

This objection was, however, soon ruled out of order by their Lordships, the fact being pointed out that McKenney had to pay the costs of the first action before Judge Beck, and he was, therefore, an aggrieved person.

The case then opened, and Frank Ford, K.C., for the appellant, had barely started on his address when the court adjourned for the day. Frank Ford, K.C., and M. W. Eager appear for H. W. McKenney, the Liberal candidate; C. C. McCaul, K.C., for A. Williamson Taylor, the Conservative candidate, and Alex. Stuart, K.C., for Joseph A. Clarke, who, in the words of Mr. Justice Walsh, was the candidate for Joseph A. Clarke.

Returning Officer Absent. Frank Ford, in opening the case, stated that he had received word from Wilfrid Gariepy, K.C., who represented the returning officer, that he did not think it necessary to appear at the appeal.

This statement at once brought Mr. McCaul to his feet, saying that an objection was in order, as the case was not against McKenney but the returning officer, and it was he who should make the appeal, and not McKenney, and as he did not appear at the appeal the appeal should be dismissed. He pointed out that the order issued by Judge Beck was issued against the returning officer only.

Had to Pay Costs. Mr. Ford: "But Mr. McKenney was ordered to pay the costs of the action." Chief Justice Harvey: "I think he must be interested somewhere. I can see how Taylor or Clarke will come into the case if McKenney does not. They have no more standing than he."

Mr. McCaul: "The returning officer does not appeal against the order, which means that he submits to the jurisdiction of the court. I move that the appeal be quashed as the appellant can take no position in the absence of the returning officer."

Chief Justice Harvey: "That means there will be nothing more done in the case than that." Mr. McCaul said that he would mean that the order of Judge Beck would stand.

After some consultation among the judges the chief justice intimated that they were satisfied with the result of the appeal.

There was then some subsequent argument on the standing of Joseph A. Clarke.

The other two contestants represented the great political parties, according to the great political parties, according to the great political parties.

STATE CAN PLACE FARE AT TWO CENTS A MILE, COURT DECIDES

State of Minnesota Won Substantial Victory in the United States Supreme Court, which Will Mean Much to the Different States of the Union

Washington, June 9.—The state of Minnesota won a substantial victory in the United States supreme court today, when, in the Minnesota state rate case, Justice Hughes, for the court, held that the rates of the Minneapolis and St. Louis railroad were not confiscatory and that the rates of the Northern Pacific and Great Northern were valid.

The decision was a victory for the state on the inter-state commerce clause of the constitution, and on the confiscatory features with the exception of the portion affecting the Northern Pacific and Great Northern.

In effect, the supreme court's decision upholds the right of the Minnesota legislature to prescribe a passenger rate of two cents a mile and a maximum freight rate, provided always those rates are not confiscatory.

WHAT TOWN IN PROVINCE WANTS FLOUR MILL? The Industrial Bureau is in receipt of a request from a party in the Southern States who wishes to erect a barrel flour mill, and if any of the surrounding towns present a satisfactory opening for the proposition the bureau will be pleased to place them in communication with the builder.

TRAIN COLLIDES WITH CRANE ON HAT BRIDGE Medicine Hat, June 9.—A light cast-iron crane coming down the hill crashed head-on with a large steam train at work putting in the double track bridge for the C. P. R. over the Saskatchewan river. The crane was wrecked, its boiler exploding, and the bridge torn away, but the fifteen men at work miraculously escaped injury.

DOMINION GOVERNMENT WILL MAKE THOROUGH REVISION OF TARIFF

Hon. Mr. White, Finance Minister, Will Spend Most of Summer in Western Canada; Next Session Will Be Devoted to Tariff

Ottawa, June 9.—The Evening Free Press Liberal says: "A revision of the general tariff of Canada will be elaborated this summer. Representations are being obtained from recognized representatives of the industries of the Dominion, including the banks and the railways. They will be carefully considered when the schedule is dealt with."

It is expected that the next session will be largely devoted to the tariff. Finance Minister White is leaving for the west within a few days for the purpose of studying at first hand the industrial conditions on the prairie and in British Columbia, in Pacific matters the views of the west and the situation in Alberta. The west has frequently demanded free admission of agricultural implements and other articles which it uses largely. The east has stood for protection. The pinch of comparative hard times has made the west rather more insistent than in the past, when money was easy. In view of the fact and because the financial situation of the west is looking into just now. Mr. White proposes to spend a part of this summer in Manitoba, Saskatchewan, Alberta and British Columbia. The extent to which the tariff will be revised next session will depend largely upon what Mr. White learns this summer.

BACK TO THE COMMITTEE GOES CITY MARKET PLAN

Feasibility of Transportation Idea Is Bone of Contention; Housing Bylaw Will Be Again Submitted to the People; Ads Head and Costello Vote Nay

THE problem of handling Calgary's city market started a warm discussion at the meeting of the city council last night, with almost every member of the council taking active part, and with Alderman Carscallen declaring that the scheme, under any conditions, could not pay. Alderman Frost also declared against the market, asserting that its architectural drawbacks, allowing free and uninterrupted passage for freight (laughter) in the winter made it an impossibility.

Discussion of the market plan finally resulted in the matter being again referred to Alderman McGillivray, chairman of the committee, for further consideration in conjunction with the commission.

The argument centered around the feasibility of transporting goods from the city to the market. One of the plans was to use the freight cars direct in the market, but Supt. McCaul said that the freight cars would not be moved off the street tracks without endangering traffic, the freights being a shade wider than the trolley cars. He further pointed out that the fact that the doors of the market would have to be widened in order to admit the cars, and also that the track from the trolley track into the market would cost \$1,000.

Another plan, that of transferring the produce from the C. P. R. cars to a city car at Sixth street east, and then taking the car to the market, was also discussed. The cost of this plan was estimated at \$2,000, and it was pointed out that the car would be used for other purposes.

The motion finally to refer the matter back again was the only one that was carried, and it was agreed that the matter will be again brought up at a future meeting of the council, which will probably be held next week.

By Care for Hillhurst Park. The council decided to accept the proposition of Frank R. Riley to take the care of the Hillhurst Athletic Club for the time being, and installing a caretaker at the expense of the city. This move will be made until the voters have a chance to vote on the permanent acquisition of the park for the sum of \$10,000. In the event of the voters voting in favor of the proposition the city will return the park to Mr. Riley in the same condition in which it was received, and at no extra cost to the city other than the salary of the caretaker.

Mayor Sinnott was empowered to appoint three aldermen to represent Calgary at the meeting of the Union of Canadian Municipalities, at Saskatoon on July 15-17. He named Aldermen Hammet, Costello and Freese as the city's representatives.

To Resubmit Housing Bylaw. Considerable discussion arose regarding the vote on the Industrial Bureau being again submitted to the voters.

BAPTISTS INSIST UPON RITE OF IMMERSION OF ALL IN THE FOLD

Saskatoon Minister Asks Convention to Permit of An Associate Membership of Those Who Refuse to Take the Plunge Into the Cold Waters of the North

MOORE JAW, June 9.—A question of more moment to the Baptist church than any other was brought up at yesterday's session when the matter of associate membership was considered. The Rev. Mr. Mackenzie, pastor of the First Baptist church, Saskatoon, along with Rev. A. E. Hay, pastor of the Baptist church, Regina, also of Saskatoon, gave argument in favor of associate membership, stating that it was to accommodate those who did not like the baptismal ceremony, and that it was a compromise which could at the same time give assurance of Christian living and membership in the church. This opinion was supported by the majority of the congregation as held in the church, but led to a resolution insisting on the ceremony.

by the Rev. S. J. Farmer, took a tolerant view of the matter and permitted the institution of associate membership. The question, however, was not at all confined to city churches, but also to country missions, one church in particular at Dilke being on record through its pastor that two-thirds of its membership had been lost through its baptismal ceremony. Nothing in every case there was a real fellowship with the church, it was the opinion of Rev. S. J. Farmer that an approach could be made and that the question was not a vital one to the church. This opinion was confirmed by the convention in a special resolution insisting on the ceremony.

NEWSPAPER WOMEN ENTERTAINED IN EDMONTON

'Janey Canuck' Makes Address of Welcome and Mrs. Nellie McClung Makes Reply

Edmonton, June 9.—The newspaper women delegates to attend the triennial meeting of the Women's Press club arrived in this city this morning. More than a hundred delegates came in on the early trains and were met by the entertaining committee, the members of the local club, and a number of the hostesses. All the delegates were enthusiastic over their trip from the east. The first meeting was held this afternoon in the Presbyterian church. All the delegates were present and report were read from branch clubs throughout the Dominion from coast to coast. The address of welcome was read by Mrs. Arthur Murphy ("Janey Canuck"), president of the local club, and replied to by Mrs. Nellie McClung, one of the most distinguished of the visitors. This evening a civic banquet was given in the Empire auditorium over which Mayor Short presided.

Edmonton, B. C., June 9.—A serious accident, resulting in the death of a young man, occurred today on the C. P. R. railway about noon today. The two men were working on the E. & N. railway about noon today. The two men were working on the E. & N. railway about noon today. The two men were working on the E. & N. railway about noon today.

Edmonton, B. C., June 9.—The attempt of the Vancouver-Nanaimo Coal company this morning to open its Jingle Pot mine with a dynamite explosion, which killed two men, was a complete failure. Loss then lay a dozen men, out of a total working force of 250 who responded to the call. Three hundred members of the union were in the vicinity of the mine with the object of inducing the strike-breakers to quit. The men were not allowed to enter the mine, and the company will keep the mine open for several days in an attempt to have operations resumed.

HAMILTON WILL HAVE BUSY TIME IN CANADA

In Toronto Today and in Calgary Two Weeks From Tomorrow

Ottawa, June 9.—The itinerary of Sir Ian Hamilton for the month has been announced. He goes to Toronto tomorrow and Niagara on June 11 and 12. He is at Toronto June 13, Quebec 14 (city corps), Petawawa 16 and 17, Kingston 18 and 19, Farnham 20, London 21 (city corps), Winnipeg 23, Calgary 25, Victoria 27 and 28, Edmonton and Banff 29, and Seattle July 1. Sir Ian Hamilton accompanied Col. Sam Hughes to the new rifle ranges today, and gave a luncheon to several officers at the Chateau Laurier. He spent the afternoon at the militia detachment.

TACOMA TREASURER IS EXTRADITED FOR FRAUD

Vancouver, June 9.—Judge McInnes today ordered that George W. Boggs, at one time city treasurer of Tacoma, should be extradited to Portland to stand trial there on the charge of obtaining \$100 by false pretences from a man named Bell, president of a bank in that city. Boggs stated that there was no intent to defraud.

WINNIPEG, MAN.—

The Hudson Bay company announced the immediate beginning of the construction of a ten-story department store to cost over \$5,000,000. The number of houses under construction is breaking all records. One firm will construct five million dollars worth this year.

LETHBRIDGE, ALTA.—

Showers were general all over Southern Alberta this afternoon, greatly benefiting the growing crops. The Catholics of Lethbridge are building a \$50,000 brick schoolhouse, the work to begin shortly.

CALGARY, ALTA.—

The report of the Royal Commission on Technical Education recommends the granting of \$100,000 to the University of Calgary. If this is granted, it will be the first time that the big C.P.R. shops in Calgary make such very valuable.

CONFESSED TO CRIME; FREED PRISONER FROM CHARGE

Prominent Suffragette Would Not Allow Innocent Servant Girl to Be Tried

Doncaster, England, June 9.—While the examination of a servant girl, charged with an attempt to set fire to Westfield House, was proceeding today, May Bellis, alias Lilian Linton, who was wanted by the police in connection with the Gray's Inn fire, was sentenced last February, caused a sensation by entering the court, and acknowledging that it was she who had tried to burn the house. The servant girl was discharged, and Miss Denby was arrested. Harry Johnson, a young newspaper man, implicated in the same case, was committed for trial.

B. C. CONFERENCE MEETS

Vancouver, B. C., June 9.—Rev. E. Leslie Pidgeon was today elected president of the Vancouver ministerial association.

WHAT THE WEST DID YESTERDAY

VANCOUVER, B.C.—The C.P.R. Empire of Russia arrived at 4:30 yesterday afternoon on the completion of a round-the-world trip, with a crew of 400. It is 25 hours under the record, which begins a new era in trans-Pacific trade. The British Columbia Telephone company will lay a new cable to Vancouver Island from Vancouver on June 8. Seventy-five million feet of fir and cedar in the Fraser Valley were sold today.

WINNIPEG, MAN.—The Hudson Bay company announced the immediate beginning of the construction of a ten-story department store to cost over \$5,000,000. The number of houses under construction is breaking all records. One firm will construct five million dollars worth this year.

LETHBRIDGE, ALTA.—Showers were general all over Southern Alberta this afternoon, greatly benefiting the growing crops. The Catholics of Lethbridge are building a \$50,000 brick schoolhouse, the work to begin shortly.

CALGARY, ALTA.—The report of the Royal Commission on Technical Education recommends the granting of \$100,000 to the University of Calgary. If this is granted, it will be the first time that the big C.P.R. shops in Calgary make such very valuable.

DANDRUFF WOULD LIFT OFF IN SHEETS

Hair Dry and Lifeless. Almost All Hair Out on One Side of Head. Used Cuticura Soap and Cuticura Ointment. Hair Coming in Nicely and Scales All Gone.

176 Adelaide St., St. John, N. B.—"I cured my little boy of a bad case of dandruff with Cuticura Soap and Ointment. The dandruff formed on his head soon after birth. The hair was dry and lifeless and almost all out on one side of his head. I washed the little head twice a day with warm water and Cuticura Soap, dried it, and very carefully applied the Cuticura Ointment and in about an hour took a very fine little comb and the dandruff would lift off in sheets and some of the hair would come too. Then I would put some Cuticura Ointment on and let it remain all time to wash the head again. I used a large box of Cuticura Ointment with the Cuticura Soap and his hair was coming in nicely and the scales all gone. Today he has as nice a head of hair and as free from dandruff as you would wish to see." (Signed) Mrs. C. F. Keast, May 30, 1912.

A single cake of Cuticura Soap and box of Cuticura Ointment are often suggested when all else has failed. Sold by druggists and dealers everywhere. Liberal sample of each mailed free, with 32-page Skin Book. Address post card Potter Drug & Chem. Corp., Dept. 32D, Boston, U. S. A.

FRENCH SENATOR WILL WORK FOR THE POOR AND LOWLY

Would Build Barracks Where the Poor of Paris Could Be Housed

Paris, June 9.—Senator Berenger, the great French reformer, is about to associate his name with a vast scheme for the relief of the out-of-work and destitute, especially those who are burdened with large families. The senator's proposal amounts to creating large barracks for the poor. M. Berenger's attention has been drawn to the subject by the doings of the Tenants' League, and the extreme and un-tenable leader, M. Cochon, who recently amused Paris by escorting evicted workmen with large families through the streets and lodging them at haphazard in the Ministries and other public buildings. There are hundreds of destitute people, and very often respectable workmen, with large families, evicted from their lodgings on quarter's day, the building of workmen's dwellings does not meet the case. Such dwellings are really occupied as soon as built by workmen who can afford to pay for a fair amount of comfort. The people on the other hand, who are evicted, especially when they have large families, have got into trouble because they are totally destitute. It can be no question of erecting large and comparatively comfortable dwellings for them. What, then, is to be done? Senator Berenger suggests that they should be treated simply in the way that the temporary housing of soldiers is treated by the military authorities. Temporary or permanent barracks should be constructed where these destitute people could find a shelter. The city of Paris would no doubt soon find many empty acres of ground which it could lease for a nominal rent. With the buildings there should go large playgrounds for the children, and, finally, this sort of workmen's barracks should be supplemented by suitable trade schools, in which the children, when they reach a certain age, should be taught a trade and fitted for life.

MONTREAL HAS SNOW FALL

Montreal, June 9.—Snow fell for a short time on the streets today, while the temperatures recorded reached from a minimum of 35 in positions exposed to the cold wind prevailing, to 55 in the sheltered spots.

Appeal is Dismissed.

The appeal in the case of E. Merino against J. H. Farmer was yesterday dismissed in the supreme court on banc, Judge Beck dissenting. The case was in connection with a certain quarter section which Merino had transferred to the Coal Securities Limited for \$2,000 and he was to receive 5,000 shares in the firm. Merino was one of the largest users of the oil in the province and he was given the advice to the company. Counsel for the defendant did not have to go far with his address when Chief Justice Harvey intimated that the matter was a question of fact and it had been found by Judge Scott at the trial that Merino was dishonest. They would not go against that decision and the appeal was dismissed.

Real Estate Case.

Judgment was yesterday given by Judge Beck in the case of Hamilton v. York and Baldry, a case which involved lots 5 and 6 in Norwood, Edmonton. Judgment was given for Hamilton and York was ordered to pay the costs of the action for both Hamilton and Baldry. The case arose from the purchase of lots 1-3 in Norwood in 1907 by Hamilton and certain others from York. Later there was an agreement made and York held lots 5 and 6 as a security for some money given to Hamilton, while the other lots went to the others. Without giving notice to either Hamilton or Baldry, the purchaser, the lots held under security were sold by York and Baldry in the fall of last year. His lordship found that the action was a breach of trust on the part of York as no notice had been given.

WOULD DISQUALIFY FORMER MAYOR FROM BAR

Action of Law Association of Alberta Against Alexander Knox Who Is Said to Have Escaped from Scotland from Fear of Criminal Charges

COMMISSION IS TO TAKE EVIDENCE IN SCOTLAND

Serious Charges Are Made Against Knox in Affidavits Presented to Supreme Court Which Are All Denied By Counsel for Knox

Application was made in the supreme court on banc yesterday morning by the Law Society of Alberta to have Alexander Knox, barrister, and former mayor of Wetaskiwin, disqualified from practicing at the bar of the province. Charges of misdemeanors while practicing in Aberdeen, Scotland, are made the foundation of the application which was spoken to by Charles F. Adams. It is further alleged that Knox fled Scotland to escape a certain criminal proceedings against him. Their Lordships, after hearing the speeches of counsel, ordered a commission to take certain evidence in Scotland in regard to the matter. The application is supported by a number of affidavits, which are to the effect that Knox is under fear of arrest by the criminal authorities of Scotland in connection with certain embezzlements which he is stated to have made while practicing solicitor in Aberdeen in 1910, and that he fled from the country to escape the British courts of justice.

Resigned While Mayor.

Knox was mayor of Wetaskiwin in 1912 up till July 21, when he suddenly left the city, leaving behind him his resignation as chief officer of the city. According to the affidavit of A. Stewart Watt, barrister, of Wetaskiwin, Knox stated to him that he wanted to be given out that he was returning to Scotland to face the charges against him. It is said, however, that he was then at San Francisco on his way to Honolulu.

Serious Charges Made.

Knox returned to Wetaskiwin quite unexpectedly in November of the same year, and it is stated that though he was asked by press and public to explain his departure from Wetaskiwin and his flight from Scotland, he failed to do so.

Other Affidavits Allege.

Other affidavits allege that Knox was guilty of fraud and embezzlement. It is said that he offered mortgages held by him for a client as security for a loan he wished from a bank in Aberdeen, that he abandoned without paying a mortgage he had undertaken to take over for a client, and that he appropriated certain monies due to a client under a will. In this last case the affidavit states that the lady in whose favor the will was made applied to Knox for part of the money due her in order to provide for her daughter's marriage; that Knox refused, and that the worry caused by this resulted in

11,000 HOMESTEADS TAKEN UP IN PAST FIVE MONTHS

Winnipeg, June 9.—During the first five months of this year ending May 31, no less than 11,088 homesteads have been taken up in the west, showing a large increase over any corresponding time in recent years.

The largest entries were made in May, when 3,139 applicants registered their names for free lands; April came second with 2,677; March followed with 2,200; then January with 1,552; and February last with 1,518 entries.

Contrary to general opinion 75 per cent. of these homesteads have been taken up in the prairie provinces by English speaking people. Canada led the way by a small majority, but the year closed followed by Britishers and Americans.

BRITISH DIRECTORS IN PERU DESERVING OF CENSURE

Report Finds They Have Been Culpably Negligent in Preventing Atrocities

London, June 9.—The British directors of the Peruvian Amazon company, of whom Sir John Lister-Kaye is the best known, are held "deserving of severe censure" by a small majority of the house of commons which investigated the atrocities in the Putumayo rubber fields of Peru. The report issued today absolves the directors from any personal act for which they could be punished under the slave trade law connected with the cruelties which caused the deaths of so many natives in the rubber fields, but it charges them with culpable negligence. The committee holds Julius Cesar Arana, the "rubber king" and Peruvian director of the company, responsible for the atrocities, and expresses the belief that the Putumayo incidents are but a shocking instance of conditions to be found over a wide area in South America, which says the laws against slave dealing need consolidation and extension.

ROCHE WILL ADD MORE IMMIGRATION OFFICES

London, June 9.—Speaking to the Canadian Associated Press, Hon. Dr. Roche said he had made a tour of the emigration agencies throughout Great Britain, and intended to open several new agencies and generally develop this department on existing lines, alluding to the naval question. Dr. Roche said: "I very naturally regret the senate's action, but do not care to say too much about it. My opponents have been very considerate to my department while I have been away. I think, however, that the senate will ultimately reverse its decision."

the lady's death. Moreover, it is stated that Knox's partner in Aberdeen in an affidavit, attributes the failure of the firm to Knox's actions.

The defence, represented by A. H. Clarke, K.C., and Alex. Stuart, K.C., of Edmonton, gave a general denial to these statements of the Law Association. A. H. Clarke, K.C., opposed the appointing of a commission to take the evidence of witnesses in Scotland, but their lordships granted the commission.

COUNTERVAILING DUTY IS PLANNED ON ALL MEATS, WHEAT, AND FLOUR

Democrats Change Their Minds and Will Put Duty on Such Imports Compensatory to Any Duty Charged By Another Country Against the States.

WASHINGTON, June 9.—Revising their policy again, Democratic leaders in the Senate have decided to put a countervailing duty on imports of live stock and grains, fresh meats, flour and other grain products. These agricultural products are to be classed in the free list, in accordance with the recent decision after a conference with President Wilson, but they will be free listed with a string to them.

A countervailing duty means that the United States will now charge, on imports of cattle, sheep, hogs, wheat and flour, and such products, a duty compensatory to any duty that may be charged by another country against

WAR IS INEVITABLE BETWEEN THE BALKAN ALLIES, ASSERTS VIENNA

London, June 9.—War is almost inevitable between the Balkan Allies, according to a Sofia despatch to the Neue Freie Presse, which declares that the solution of the cabinet crisis must not be looked for before June 12. The Danubian cabinet is expected to effect a re-approachment with the triple alliance, and meanwhile a meeting of the premiers is extremely doubtful. "Excitement prevails. Serbia is allowing the passage of no Bulgarian messages. From today a most dramatic 'state of war' will be observed. All houses must close at 9 o'clock at night."

King George Entertains Delegates

London, June 9.—At the luncheon given by the King in honor of the Balkan peace delegates Saturday, his majesty expressed the hope that their labors would soon be satisfactorily concluded. At a subsequent meeting of the delegates, however, little progress was made and an adjournment was taken to Monday. The delegates failed to reach an agreement on the form of the protocol draft.

Visit our basement store before purchasing June wedding gifts. There you'll find a large variety of useful presents. Enquire our prices on Garden Hose, Screen Doors and Windows, Refrigerators, Oil Cooking Stoves, etc.; and don't forget our SPECIAL HAMMOCK SALE.

Sale of Untrimmed Millinery

Though wearing time has barely begun, the selling season for millinery is already on the wane, and one of the first steps towards absolute clearance is this sale of untrimmed shapes; every hat that it's proper to wear this season is included. Not a meagre gathering of hats that nobody wants, but bright, fresh, stylish headwear that will appeal most to women of fashion. And the assortment is so large that at this writing it doesn't seem as though anybody could possibly be disappointed.

Hats will be arranged for quick selection on three special tables as follows:

| | |
|------------------------------------|-----------|
| Untrimmed Hats—Table No. 1 selling | 25c |
| Table No. 2 selling | 50c |
| Table No. 3 selling | 75c |

Flowers selling for Tuesday only 25c and 35c

Summer Footwear

The superior excellence of Pryce Jones' footwear has been and is being proved time and time again. Our summer footwear justifies the highest praise that can be given. They fit, feel comfortable, are the best styles, look well, wear well, and give to every purchaser that satisfaction which accompanies money well expended.

CALGARY PEOPLE WILL MAKE SURE OF TECHNICAL EDUCATION GRANT

Representations in Favor of University of Calgary Have Already Been Made to Ottawa to Found Industrial School Here

STRONG efforts are already being made by Calgary people to make sure that the annual grant of \$150,000 for technical education for the province of Alberta comes to the University of Calgary. It is understood that representations have already been made to Ottawa on the subject, and that attention has been promised by those who will bring about the making of the grant for the work.

Dr. Blow, chairman of the governors of the university, said last evening that the university would need some such grant to carry out its work with success, and he felt sure that it would be forthcoming in time. It only remained for the people of Calgary to show by their loyalty to the university that they meant to make it a success. If the people themselves could not see fit to support their own university they could hardly expect that any outside body would do it for them.

WARMTH VISITED THE WEST, WHILE COLD STORMED EAST

Calgarians Yesterday Sweltered Under the Blaze of a Fierce June Sun While Montrealers and New Yorkers Shivered in Snow Blizzard

THUNDER PREDICTED WITH HEAT TODAY Rain Is Much Needed in the West for the Growth of the Crops and the Continued Heat and Sunshine Is Not the Thing Most Desired

"Fine and decidedly warm" is the official report of the weather in Alberta yesterday. The people of Calgary will appreciate the word "decidedly" far more than one conceded several pounds to the weatherman during the arduous toil of the day.

It is with a slight grudge that one reads of the cold and contrast in the Ohio Valley, and what is not so many a westerner have given for some of that yesterday?

Varieties of Weather. The present experience of the west and the contrary complaints of the east do but give another example of the truth of the old adage that one half of the world does not know how the other half lives. It is funniness at a point that there is one who can and will know both hot and cold at the same time, though, to the sorrow of most people, not in the same place at the same time.

BOURASSA WILL TALK MUCH IN EDMONTON

Edmonton, June 9.—Henri Bourassa, the famous Quebec Nationalist leader and editor of "Le Devoir" of Montreal, who arrived in the city tonight to take part in the French Language society convention, will be the guest of the Canadian club at a luncheon to be given in the Corona Hotel on Wednesday afternoon. Mr. Bourassa has chosen as the subject of his address, "The Racial Problem in Canada."

CHINAMAN HAS TERRIBLE DEATH IN LUMBER MILL

Vancouver, June 9.—Caught in the rapidly revolving shaft of a planer at the East Portage company's lumber mill, Wong Tung, a Chinaman, today received such injuries that he died a few moments after reaching the hospital. His clothing caught in the shafting, and he was whirled around with terrific speed until the machinery was stopped.

Room for Technical Training. As to the technical side of the work, Calgary afforded such excellent facilities for the work that its claims would not be overlooked by the federal government, and it was sure to get the big grant for the work when the time came round. With the big railway engineering shops, the manufacturers and the other industries, Calgary was the most appropriate place for a technical school in Alberta. Near to the mining centres and the other industries, a great school could be made here which would be certainly in the interests of all concerned.

CLEARWATER CASE IS UP BEFORE SUPREME COURT

(Continued from Page One)

to Mr. Ford, but when he came to the name of Mr. Justice Walsh suggested by Scott and Mr. Justice Walsh suggested in the same breath that Clarke represented Joseph A. Clarke himself.

Five Disputed Ballots. Mr. Ford then explained that this was a case in which a number of ballots were disputed, as they were cast by people whose names were not on the lists. There were five such votes in all, and at the court under Judge Beck one was allowed on the evidence offered. The evidence for the others was thought to be similar, and the other four were allowed without evidence being taken. At the same time, the solicitor for McDonald withdrew his appeal from court after making a protest, and no evidence was then taken, as there was no opposition to counting the ballots. It was felt that the votes should be allowed where no one appeared to gain say them. Mr. Ford stated, however, that that point was not of much consequence.

Saving the Deposit. There were two other ballots dealt with. The objection was withdrawn in these, as it was understood that they would be counted for Mr. Clarke for whom they were cast. The means of saving the deposit. Mr. Eager explained the position of these votes.

Court No Jurisdiction. Mr. Ford then resumed, and said that the conclusion of the judgment of Judge Beck was wrong. It was his duty as to the duties of the returning officer. The legislature allowed the courts no more power than was given in the statute. There were no adequate remedies for any wrong that was claimed to have been done.

FASCINATING HAIR FOR WOMEN

It is easy to have, Natural Colored, Lustrant and Radiant. So many women have grey or faded hair; neglect it until it becomes thin, dry and lifeless, begins to fall out and makes them appear much older than they really are. — If your hair is in this condition get a bottle of

Hay's Hair Health

to-day. Don't wait any longer—start using it NOW. You'll be delighted at the results from even one or two applications. The grey hairs gradually disappear and your hair will become full of life and vitality, soft, glossy and beautiful. Always ask for HAY'S HAIR HEALTH. never fails—Results guaranteed after a fair trial or your money back.

FOR WOMEN'S AILMENTS

Dr. Martel's Female Pills have been the Standard for 20 years and for 40 years prescribed and recommended by Physicians. Accept no other. At all druggists.

THE HEART DEPARTMENT

By Laura Jean Libbey.

His Father is a Cripple. "Dear Miss Libbey: I have been going with a young man that is a farmer for almost six years. We have been engaged for a long time. He has always been nice to me and we have got along well together. But his father is a cripple and he hasn't any brothers. I always thought that it was best for him to stay at home and see after him, for neither of us ever wanted to live with them. I also have a friend that is a promising young physician. We have always been the best of friends ever since I can remember. When he went away to school he wrote to me and we have corresponded ever since, and during his vacations he always called on me once, but only acted as an old friend. He had been keeping company

with a young lady for a long time and they, too, were engaged. Last fall he asked to call again and I consented, and he came and asked me to go to a pie supper with him and another boy and girl. We decided that it would not cause either of us any trouble and we went. His sweetheart became very angry and my beau said that he thought I should not have gone unless I had told him about it.

some one else. We decided that the best thing we could do was to quit each other for a while, and me go with the doctor and he was to go with a respectable young lady. When I commenced keeping company with him I found that he was very much in love with me and that was the reason that he and his girl had quit, and that he had loved me for a long time, but never could tell me for fear that he might cause trouble between us. I was quite happy with him and like him. We had only been going together a month, but when I would go with him and see this other young man I would feel sad. Was it because I had kept company with him so long, or did I just love him so? When we had an opportunity we had a talk and he asked to call. When he came he said that I would either have to give him or the other young man up, and I did not want to give him up forever; and he said that we had gone together long enough, or as long as he felt that he could wait on me, but that he loved me as he never expected to love anyone else.

I told him that I would marry him in June and he is making all preparations and fixing everything that he thinks will make me happy. I had a date with this doctor, and when he called and I had to tell him that we could not go with each other any longer. It made me feel so sad, and his whole life seemed crushed out, and he says that he loves me better than any one in the world. I am not quite so happy with him as I am with the other young man, but it is because I have gone with the other one so much longer? Do you think that I could ever love this doctor and never think or be unhappy when I see this other man? We are to live one and one-half miles from the town where this doctor is located and he is certainly a promising young man. I like town and society, but what am I to do, for I know that they both love me, and both of them want me? Which one do you think that I should marry? Yesterday my beau said that he could tell that I was not as happy as I should be and that he would release me any time that I was sorry, but he would never make up again if we quit again. He says he wants me to be happy if he can't, for I deserve it. Thanking you in advance for your much appreciated advice.

PRINTERS OF SASKATCHEWAN AND ALBERTA TO FORM ASSOCIATION

Blaken, Back From the Moose Jaw Convention, Tells of Purpose of the Meeting; Some Good Work in the Interest of Calgary's Candidacy

W. H. BLAKEN, president of the Calgary Typographical union, who with Editor English, of the Alberta printer, and Secretary Anderson, of the local union at Moose Jaw, returned to the city Sunday very much pleased with the results of the meeting...

Manitoba Crop Acreage. Winnipeg, June 9.—Average of crops in the province of Manitoba is larger this year than last, except in the case of oats and flax, which show a slight decrease. Other grains show increase, the largest being that of barley. The figures are: Area of wheat, 3,141,218, an increase of 18,217 acres; area under oats, 1,838,723, a decrease of 259 acres; area under barley, 1,153,824 an increase of 190,906 acres; area under flax 115,054, a decrease of 81,261 acres; area under rye, 10,938, an increase of 63 acres; area under grain crop, 6,264,880, an increase of 125,722 acres; area all crops, 6,832,029, an increase of 146,472 acres.

Oats Grown at Dawson. Ottawa, June 9.—Dr. Thompson, member for the Yukon, has received from Prof. Grisdale, director of the experimental farm, the report on a sample of oats grown last year by Malcolm McLaren, at Dawson. Prof. Grisdale says that Dr. Saunders, of the cerealist department has tested in it the farm green houses and the germination qualities were found to be excellent, particularly for oats grown so far north.

Lumber Steamer on Rocks. Yarmouth, N.S. June 9.—The German steamer Mayal, Captain Schacht, from Cripas to Magdalen Islands, with lumber for British ports, struck on Seal Island at 3 o'clock on Sunday morning and held fast. He fore holds are reported full of water. She registers 1,832 tons net. Tugs have been dispatched to her assistance.

WYNDHAM IS DEAD AT EARLY AGE IN PARIS

Former Secretary for Ireland in Unionist Administration Expires Suddenly Yesterday

London, June 9.—George Wyndham, who was chief secretary for Ireland in the Unionist administration from 1905 to 1906, in the Unionist cabinet, died today in Paris. He was in the 65th year of age.

WORK OF HAULING TO BE DONE WITH MUCH SAVING TO CITY

Depots Will Be Established in Centers for Incinerator and Dump Wagons to Be Used

A saving is now to be carried out in connection with the incinerator work of the city. Steps are to be established which will greatly lessen the haulage by the teams to various parts of the city.

Splendid Values in Prettiest Lingerie Blouses

Not in many seasons have we been able to place before you so many different and beautiful new waists. We have prepared for a banner waist business with a remarkably large stock and the best values ever. Our assortment comprises the best of the new models in lingerie, tailored and silk waists. Every dainty new style, every fashionable material, every pretty and effective new trimming-idea is shown. There are lots of the fresh, crisp, spotless white lingerie waists that are so cool for summer. When you once see them you will say as others have, that you never saw prettier waists and better values before in your life.

The Parasol and Its Place in the Summer Costume

It is a pity that more women do not fully appreciate the decorative value and the dainty effect of the parasol to the toilette. It embraces the charm of her gown either by its contrast or its harmony. Therefore, during summer, when bright color designs and light and airy effects have the sway, it is quite natural that the new parasol, with its beautiful variety of new shades and new styles, should be given a prominent consideration in the completion of every woman's attire. The hot vexing sun becomes such an annoyance at times that a protection is necessary, and it is then, in the glow of the sunlight, that the parasol shows its pretty colorings, at the same time becoming a shade to the user. We have a selective variety here, in the new bright shades, as well rose, Paddy, green, red, plum—plain and fancy effects—very suitable to your purse and your taste, and values that may not be matched elsewhere. Prices run like this: 75c, \$1.25, \$1.50, \$2.50, \$3.00, \$3.75, \$4.00, AND \$5.00.

Children Cry for Fletcher's CASTORIA. The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations, and "Just-as-good" are but the result of the greed of traders. Beware and buy the genuine. Examine the wrapper. Experiment with this. It is the only safe, reliable, and effective remedy for Infants and Children—Expeller of Worms, and Expeller of Colic. What is CASTORIA? Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. Edmonton Eskimos Did Not Live Up to Advance Press Notices

Instead of Being Lifeless, Aimless Bunch, They Limbered Up Sufficiently to Wallop the Bronchos By Score of 10 to 3

WESTERN CANADA LEAGUE

Table with columns for team names and scores. Includes Edmonton Eskimos, Moose Jaw, Regina, etc.

The Edmonton Eskimos may be just as bad as the correspondents around the circuit make out but one thing is certain—they looked like a pretty husky, dangerous bunch of ball players last night. They bumped up against the Bronchos in the first game of the home series following the disastrous road trip. The net result of the contest as far as runs was concerned was ten for Edmonton and three for Calgary.

Lefty Wainwright opened on the mound for the locals. All he had was control and he did such good control that the first two men up, Patay Moran and Lew Reddick, each got homers. Wainwright lasted just exactly two innings and during this brief time the visitors got to him for seven safeties, three of which were home runs and one a double. During this time five runs were scored which was a plenty to win the game for the Eskimos. So after considerable deliberation Julie Streib decided to let Reese finish the game, Reese going in in the second to bat for Wainwright because of his splendid batting average.

Reese ambled along in pretty good fashion for two innings. Two hits were made off him in this time and no runs. But in the fifth inning Whisman, two juicy fielding errors in succession by Hollis followed by a double by Dudley, put the Eskimos in a deep hole, so deep in fact that three runs scored.

SASKATOON CONTINUES BIG WINNING STREAK

Three Thousand People See Quakers Beat Moose Jaw 9 to 5

Saskatoon, June 9.—Over 3,000 people saw Bill Hurley's Quakers take the Moose Jaw Robins into camp this afternoon, 9 to 5. This makes the Quakers' eleventh consecutive victory. They have lost only one game in the last 21 played. Manning started on the mound for Saskatoon, and was replaced by Churchill in the fifth with one down and two on base. He was found for seven hits. Churchill showed great form and the visitors only got three hits off him. Northrup was unsteady and the home side was hit for 15 safeties. The fielding of both teams was of a very creditable order, and the game was full of thrills.

NORTHERN LEAGUE HAVING TROUBLES OF ITS OWN

St. Paul Magnate Throws Up the Baseball Sponge in a Hurry

St. Paul, Minn., June 9.—H. P. Conrad, the St. Paul Northern League magnate, has thrown up the sponge and through President John Burnmaster has requested the directors of the league to transfer the club to another city. Efforts are being made to locate it at Fargo and there is a possibility that this will be done. Fargo is a good baseball city and the business men there are reported to be in favor of being represented in the organization. Directors of the league were today informed of Mr. Conrad's decision to give up his team and it is expected that their consent to the proposed transfer will be forthcoming by wire.

K. C.'S WIN FREE HITTING GAME FROM 'Y'

Battle Royal in Senior League Last Night, Final Score Being 13 to 12

AMERICAN TENNIS TEAM BEATS AUSTRALIA

Maurice McLoughlin Won Three Straight Sets—Now Ready for Germany

The K. C.'s on the Y. M. C. A. had a battle royal last night at Victoria park and when the sun had cleared away the night was bright. The Knights were found to be in the lead with a 13 to 12 score. K. of C's AB R H PO A E

Table with columns for player names and statistics. Includes Foss, Foss, Foss, etc.

NOT IN THE BOX SCORE

Guess all the Eskimos needed was a little more heart. He didn't do much except give moral support, but he was in the batting order for the first time since the Eskimos and Bronchos battle when he was in the box score. He pitched well last night. His return to the hospital list. His wrist is still pretty sore.

RED SOX AND HATTERS PLAY TWO-ALL TIE

Game Called at End of Ninth Because of Darkness With Score Tied

Regina, June 9.—Regina and Medicine Hat played nine fast innings without a decision tonight, the game being called at the end of the regulation period with the score a tie, 2 to 2. Both Rankin and Snider twirled good ball and were well supported.

RIFLE CLUB SCORES

Table with columns for club names and scores. Includes A. Martin, E. S. Sales, etc.

Just Arrived

B. S. A. Air Rifles and Pellets

This is the best rifle made; it will penetrate a 5¢ deal board at 50 yards. Just arrived another shipment of the celebrated Bicycles and Rubber Goods from England. See us before buying Tires or Valves; we have the best value in the city.

MEWATA PARK FIXTURES.

Tuesday, June 10. North field—Iroquois vs. Cubs. South field—Pro-Cathedral vs. Rangers. West field—Hillhurst vs. C. P. North West field—Alberta Gov. Tel. vs. Calgary Municipals. VICTORIA PARK. South diamond—Central vs. Wesley.

BRONKS' BATTING HAS SLUMPED

Julie Streib only Man to pick up during Week

A GENERAL slump in the batting averages of the Bronchos, coincident with their big slump of defeats on the road is the only noticeable feature of figures which are printed below. Boss Streib was the only Bronk who had any increase in his average during the week, he having succeeded in climbing up within the magic .300 circle. Every other player on the team slumped or stood stationary.

SASKATOON RACES

Saskatoon, June 9.—Another excellent card was presented by the Saskatoon turf club for the second day of their spring meeting. The attendance was large and the betting spirited. The feature of the day was the contest between Clara Paul and Billy Sims in the first race, the 2.14 pace and 2.09 trot for a purse of \$1,000. Each animal won two heats, but the fifth heat and the race went to Clara Paul.

MIKE MURPHY, FAMOUS OLYMPIC TRAINER, DIES

Philadelphia, June 9.—Michael C. Murphy, famous as a developer of athletes, died shortly after 2 o'clock yesterday afternoon. Death was due to a complication of diseases. Never a robust man, "Mike" Murphy had been practically dying for the past fifteen years. About eight years ago he was at death's door, but he pulled through and was later able to render great service in his chosen calling.

Brooks Will Play Independent Ball.

Brooks, Alta., June 9.—The Brooks Baseball team has been reorganized, and will play independent baseball. Hon. C. Mitchell is the honorary president; president, P. W. McNab; vice-president, J. H. Binns; secretary, C. Clannell; committee, O. Evans, C. P. Skinner. There are over twenty baseball players to choose a team from.

COBB LEADS BIG SLUGGERS

Georgia Peach Humping Along at .492 Rate

HISTORY is repeating itself in the major leagues as far as the batting averages are concerned, the American league batters appearing to have the edge on the National in the figurative sense. Ty Cobb is humping along at the rate of .492 and leads all the batters in the league tables.

The following are the averages of both leagues as compiled up to date by Geo. L. Moreland:

| NATIONAL LEAGUE BATTING | | | | AMERICAN LEAGUE BATTING | | | |
|-------------------------|-----|----|---------|-----------------------------|-----|----|---------|
| Club | AB. | R. | H. Per. | Player-Club | AB. | R. | H. Per. |
| Boston | 14 | 2 | 6.43 | Cobb, Detroit | 59 | 11 | .29 |
| St. Louis | 11 | 3 | .429 | Jackson, Cleveland | 122 | 28 | .23 |
| Philadelphia | 12 | 21 | .396 | Schafer, Washington | 22 | 5 | .405 |
| Chicago | 21 | 3 | .383 | E. Collins, Athletics | 111 | 25 | .405 |
| Pittsburgh | 74 | 11 | .331 | Ryan, Cleveland | 35 | 4 | .400 |
| St. Louis | 102 | 21 | .343 | Henrikson, Boston | 21 | 3 | .381 |
| Chicago | 41 | 14 | .341 | Speaker, Boston | 124 | 28 | .379 |
| Brooklyn | 117 | 14 | .340 | Lajoie, Cleveland | 83 | 21 | .352 |
| St. Louis | 27 | 3 | .333 | Dubuc, Detroit | 37 | 4 | .351 |
| New York | 21 | 4 | .333 | Engle, Boston | 99 | 17 | .333 |
| Philadelphia | 114 | 19 | .327 | Mullin, Washington | 21 | 3 | .333 |
| Chicago | 114 | 19 | .327 | J. Collins, Chicago | 137 | 15 | .328 |
| Cincinnati | 101 | 18 | .325 | W. C. A. Howells, Athletics | 114 | 25 | .325 |
| St. Louis | 110 | 18 | .325 | D. Johnston, Cleveland | 144 | 25 | .313 |
| Brooklyn | 119 | 18 | .325 | Shotton, St. Louis | 116 | 24 | .310 |
| Boston | 79 | 10 | .316 | Crewe, New York | 23 | 10 | .323 |
| St. Louis | 102 | 8 | .314 | G. Williams, St. Louis | 139 | 23 | .302 |
| Brooklyn | 96 | 11 | .309 | A. Williams, Washington | 43 | 13 | .302 |
| New York | 21 | 3 | .303 | Stovall, St. Louis | 71 | 6 | .296 |
| Pittsburgh | 90 | 12 | .303 | Graney, Cleveland | 122 | 12 | .296 |
| Cincinnati | 120 | 22 | .303 | St. Louis | 88 | 19 | .294 |
| Philadelphia | 114 | 12 | .298 | Oldring, Athletics | 121 | 24 | .289 |
| St. Louis | 114 | 12 | .298 | Daley, Athletics | 38 | 4 | .289 |
| New York | 79 | 14 | .298 | Gardner, Boston | 109 | 17 | .289 |
| Pittsburgh | 96 | 19 | .298 | Jones, Chicago | 21 | 2 | .286 |
| Brooklyn | 110 | 16 | .298 | Moeller, Washington | 116 | 16 | .284 |
| Cincinnati | 114 | 16 | .298 | Schultz, Chicago | 93 | 11 | .283 |
| Philadelphia | 96 | 17 | .298 | Austin, St. Louis | 122 | 14 | .279 |
| Brooklyn | 114 | 23 | .298 | Lewis, Boston | 112 | 13 | .277 |
| St. Louis | 114 | 23 | .298 | Melane, Athletics | 105 | 14 | .276 |
| Brooklyn | 60 | 7 | .273 | Borton, Chicago | 80 | 10 | .275 |
| Chicago | 112 | 12 | .273 | Chapman, Cleveland | 128 | 24 | .271 |
| St. Louis | 122 | 12 | .273 | Weaver, Chicago | 115 | 12 | .270 |
| Brooklyn | 140 | 23 | .273 | Thomas, Athletics | 45 | 3 | .267 |

FOOTBALL NEWS, NOTES AND GOSSIP

Y. M. C. A. Win Against City.
What would have been a good game between the City and Y. M. C. A. last night, when the "Y" won by two goals to nothing, was spoiled by the City turning out with only nine men. While the City was playing with a full team, including Dickenson, who played a very good game in goal, as he always does, the Y. M. C. A. scored both goals, and the Y. M. C. A. deserved their victory. The plight of the City is indeed a bad one, but there is reason to believe that they will have everything in order soon. At the present time, however, they are badly off, and their defeat by the "Y" is only another bitter pill. The game itself was not good, the bad balance of players being responsible for that. Judge played a good game at left back, and forward Banks was very good. The Y. M. C. A. have got together a good bunching eleven and fully deserved their victory. The teams were:
City—Dickenson, Harrison and Judge; Rippon, Willis, Banks, Richardson, Another and Wade.
Y. M. C. A.—Howells, Ehrbridge and Jeffrey; Avery, O'Brien and Willis; Roustan, Smith, Miller, Smith and Marr.
Referee—J. S. Spick.

C. P. R. Win at Last.
Although C. P. R. had not won a game until last night, they had not lost one, and their luck was freely spoken about. Last night, however, they broke their drawing record by defeating Baptist Church two goals to nothing in a pretty one-sided game. C. P. R. had out their full team, and the game, while interesting at times, was very much in favor of the C. P. R. Both goals were well worked for, and the line-up of the C. P. R. seems to suggest itself as one of the most impressive in the league. There was a good crowd out.
Result: C. P. R., 2; Baptist Ch., 0.

Posties and Tynesiders Next Senior Game.
Although they drew with the Callies

Sport Facts and Fancies

By Joe Price.

The Clevelanders were unable to bunt this off Bedient.
Cleveland 010 010-1 8 1
Boston 010 010-1 8 1
Falkenberg, Mitchell and Carisch; Bedient and Carrigan.

Tigers Again Defeat Nationals.
Washington, June 9.—Detroit excelled in every department and won its game from Boston today, 4 to 4. The visitors aided by errors and Hughes' wildness, took the lead in the third inning. Willard had the local hero's mercy until the sixth inning, when he became wild and filled the bases on balls and was hit for a single. Dubuc relieved him and held the game safe, Cobb and Willitt hit home runs, with a drive over the right field wall. Washington 000 000-5 10 4
Detroit 000 004 000-4 7 4
Willitt, Dubuc and McKee; Hughes, Gallia, and Henry.

AMERICAN ASSOCIATION

At the beginning of the season the fans asked themselves why Bill Hurley decided to call his team the Quakers. A glance at the Big League tables and the Western Canada league tables will perhaps solve the riddle.

In Saskatoon they are beginning to worry because the Quakers are winning so many games. Bysticalical S. Higgs suggests that it would be better if the team would lose a few games while on the road in order to make a race for it. Yes, he should worry. But wouldn't it be a good idea for such a conscientious scribe to suggest an investigation into the club's books? Saskatoon has fourteen men on the pay roll, which is quite contrary to league

Our old friend Billions Carney, who plotted the Bronchos to their first pennant, is boasting the Grand Force team of the Northern League. Bill has made a grand shake-up of the team since taking over the managerial reins. Grand Force is now fifth in the league race, and the team just behind is none other than Winnipeg.

A Wetsaskin man says he can tell the weight of a girl by holding her on his lap, which reminds us of a fellow who found out by holding a girl on his lap, how much her father weighed.

Red Kelly walked three hundred miles and finally landed in Edmonton. He may get a steady job at third base, for the Eskimos, says a despatch. As though it wasn't enough punishment to walk three hundred miles!

HIGH RIVER LACROSSE MOGUL IN THE CITY

Vince Stanley Here to Complete Arrangements for Game Friday

Vince Stanley, one of the High River lacrosse boosters, was in the city yesterday for the purpose of arranging the details in connection with the opening lacrosse game which will be played on Friday evening.

Manager Bert Polle intended coming in but was unable to get away so just left everything to Vince who is quite capable of handling anything in the line of lacrosse.

Vince says that High River has even a better team than last year and is confident that his club will be able to hold the Alberta championship for another season.

The game on Friday evening at Victoria park should be good, thinks the High River man who admits that the Chinooks have about the toughest lineup that has been gathered together in Calgary for many years.

High River is the New Westminster of Alberta and Bert Polle is the Dad Turnbull, for although 45 years of age, he shows no sign of quitting. Everyone has heard of that wonderful athlete, Dad Turnbull, who played for the world's champions until he passed the 45 mark. Bert is apparently going after his record.

Calgary Riding School

Horse Show Building, is now open, and classes will be held every afternoon and evening. E. J. Stevenson thanks his numerous enquirers, and will be in attendance daily, when he will accept entries. Boarding stable in connection.

Ashdown's FOR Everything in PANTS

Painters buy from us, because we carry quality goods and complete varieties. Householders buy from us, because they can get as small an amount or as large an amount as they want.

All Who Buy From Us Are Satisfied With Our Goods and Our Prices.

We Sell Paints, Varnishes and Finishes of Every Kind for Floors, for Woodwork for Ceilings, for Outbuildings, for Houses, for Roofs, for Furniture.

Our Paint Man Will Advise as to Which is the Best Kind for Your Specific Work

And in Furniture Polish

We carry the very finest and best liked brands on the market. Liquid Veneer—25c, 50c to \$3.00
Lemon Oil—2 sizes, 25c and 50c
"Diamond A" Polish—25c and 50c
Vava Spray—Used for doing large jobs of polishing, as in stores, blocks, etc. It works easily and gives fine results. Ask to see it demonstrated.

Ashdown's

Retailers of the Best in Hardware.

TIMES WHEN STEEL MAGNETS DID NOT AGREE

Gray Says Schwab and Corey Represented the Old Regime and Were Not Up-to-Date

New York, June 9.—Testimony by Judge Elliott H. Gary, chairman of the U. S. Steel corporation, that the corporation had turned over to the government all its records in connection with the suit to dissolve the corporation as an illegal combination. The testimony had to do with the minutes of the Carnegie Steel company, on which Judge Gary was being cross examined.

The minutes in question indicated that at various times during the early history of the corporation directors of the Carnegie Steel company, a subsidiary, had advised that the company buy pig iron in order to sustain its price and prevent demoralization in the prices of finished steel products.

Judge Dickinson wanted to know if the witness considered such action was in accordance with the corporation's policy of fostering competition, which Judge Gary had testified had been pursued since its organization.

"The opinions of the boards of the subsidiary companies," replied the witness, "did not have any weight or effect except perhaps as to the individual action of the officers of these companies at times, when as, in the early years, sometimes they did act without the knowledge of the U. S. Steel corporation officials. It has been stated here in the testimony that in earlier years there was some disagreement between myself and some other officials of the corporation concerning certain questions of policy. That grew out of the fact that Mr. Schwab and Mr. Corey, (former presidents of the corporation) had been brought up in the steel business under different circumstances, and had notions which were not in accordance with the known notions of those who controlled the United States Steel corporation. I certainly have no intention of trying to say anything personal concerning any of these men, but what I distinctly understood that these notions expressed by these gentlemen in those days, which might have been in accordance with the views of those who controlled the politics of the U. S. Steel corporation."

Garden Party Thursday

The Girls' Auxiliary of the General Hospital will hold a garden party on Thursday afternoon at the home of Mrs. William Taylor, 2614 Seventeenth avenue, from 3.30 to 7 o'clock.

BACK TO COMMITTEE GOES THE CITY MARKET PLAN

(Continued from page one)

people. The committee in charge recommended that the matter be submitted again at an early date, and the voting arranged so as to come on a Saturday, when the working man would have a chance to get to the polls. Aldermen Costello and Adshedd were against the proposition, but the recommendation of the committee was adopted.

City Engineer Craig was kept busy by the aldermen, but was able to convince them on all matters which arose for discussion. Alderman Costello wanted to know what progress was being made on contracts, and Mr. Craig explained that men were at work in all sections of the city, the mayor supplementing the explanation with the declaration that various parts of the city's work had been held up for lack of funds. At present, however, 3,000 men are in the city's employ running forward the improvement.

Alderman Freeze asked for information on the scheme to provide Calgary with a permanent water supply, and was told by the city engineer that the concrete had been started, and that work on the laying of the supply pipes would commence within the next few weeks.

Was it a "Wet" Picnic?

Alderman Adshedd created a ripple of merriment by demanding an explanation of the police jurisdiction over Bowen's Park. He wanted to know if the city police or mounted police had jurisdiction, and when informed that it was the territory of the Mounted Police asked that steps be taken to bring the park within the city limits. He declared that on Sunday night he had been passing the park, and witnessed the entrance of a load of beer and the exit of a score of fighting men. This was the day the bartenders had their annual picnic, but it is declared that the entry of the white apron were innocent of the charges of fighting, and that the battle was between the striking plumbers and several electricians who had been accused of doing work left by the plumbers when they quit their jobs.

Contracts are Awarded

The contract for a mean circulating pumps for the power plant was awarded to the Allis Chambers company of Chicago. The 2,000 horse power heaters will be furnished by the Pratt Iron Works, its Stikell heater bid of \$119,000 being accepted.

The Buffalo Forge company was awarded a contract to furnish the induced draft fans, smokestacks and motors for \$25,000.

More argument resulted in the tenders for paving the hills at Tenth street west and the Edmonton road. Here, again, Engineer Craig carried his point of demanding further tenders on the kind of material to be used. The city engineer asked for a certain brand of sandstone, the merits of which he impressed upon the aldermen. The Crushed Rock and Gravel company was awarded a contract to furnish the city

BULGARS WANT TO FIGHT, BUT LACK SINCEWS OF WAR

Servia and Greece Face the Future With Equanimity for They Are Better Off

London, June 9.—With both sides stubbornly refusing to make the slightest concession, war between the Balkan States is hourly becoming more imminent. If Bulgaria sends a negative reply to the Servian note—and nothing indicates that it will answer otherwise—Servia and Greece will proclaim the annexation of the occupied Macedonian territories, thereby establishing a definite casus belli.

The only hopeful feature of the situation consists in the belief that Bulgaria is lacking the sinews of war. Servia and Greece are not only better situated in this respect, but occupy superior strategical positions. These facts probably account for the calmness with which Servia apparently regards the prospects of war.

SPANISH JAPANESE TREATY NOT PASSED

Madrid, June 9.—The commercial treaty between Spain and Japan which is to replace the treaty that expired recently and has already been ratified by the lower house, came up in the senate Saturday. Its ratification was voted unanimously by the 129 senators present. This, however, did not constitute a quorum and the vote therefore was negative.

With 1,000 yards of crushed rock at \$1.86 per cubic yard.

Property is Purchased

Lots 1 to 6, inclusive, at block 21, Glenavoy, were purchased for \$3,000. New tenders were asked for lumber, which was agreed should be furnished by the Associated Lumber Mills company of B. C. and which contract was defaulted by the lumber interests. A site for the electric light sub station at Altadore was purchased for \$2,700.

In the vote on the various bylaws, all were passed to a third reading. These were for the municipal laboratory, the extension to the incinerator system, the indigent patients at hospitals, the electric extensions, the consolidation of 30-year general bylaws, the fire department, grading, parks and cemeteries, to give a general fire nuisance, and the industrial housing bylaws.

The meeting was attended by Aldermen Williams, Ross, Carson, Freeze, Adshedd, Frost, Gillespie, Garden, Crichton, Costello, Frost, Carson, and Ramsey.

UNION IS BALKED BY TRYANNIC MINORITY

(Continued from page one)

position to church union in Canada. He had examined the question with all care and had never been able to discover a religious principle which the Presbyterian church was called upon to sacrifice for union. There was no trace of such a principle. On the previous day in Knox church they had sat down together to celebrate the Lord's Supper. If Methodists and Congregationalists had met with them, no question would have been asked. They would have joined in the observance, all those who believe in Jesus. If these Methodists and Congregationalists had united with them in the celebration of the Lord's Supper at a later time expressed a wish to unite with them in the great battle against moral evil, what answer could be given? The answer would be the Presbyterian church refuse? The question was not an ecclesiastical one, but a moral one. It was a question of the matters which were to be decided by the union. Other speakers of the afternoon were President Murray, of the University of Saskatchewan, for union, and Dr. Campbell, of Montreal, against.

Dr. Murray made an apt comparison of the vote in the Presbyterian church on union and the public vote in the last general election in Canada. He stated that 70 per cent of those who voted on the union question had voted in favor of union, and that 70 per cent of those who voted in the general election had voted in favor of the Conservatives. These facts probably account for the calmness with which Servia apparently regards the prospects of war.

PEOPLE REJECT ALL PROPOSED CHANGES IN CONSTITUTION

Latest Australian Returns Indicate That All Referendums Will Be Lost

Sydney, N.S.W., June 9.—Counting of the votes in the referendum is not yet complete, but the latest returns go to show that all the questions submitted to the consideration of the people have been defeated. These questions were concerned with greater regulation of the industrial trusts and monopolies of the commonwealth. Other matters which were to be decided were the nationalization of railways and the entire prohibition of combibates. It was thought that the first of these questions would be carried, while the others would not find so much favor. The result of the election shows that the Liberals have a lead of one seat in the house of representatives, but in the senate the labor party has a large lead.

MEDICINE HAT GENERAL HOSPITAL SUPT. RESIGNS

Board May Sell Its Building to Canadian Northern and Build Another Hospital

Medicine Hat, June 9.—Dr. C. E. Smylie has resigned as superintendent of the General Hospital, owing to the increased pressure and his inability to carry them with his private practice.

The board is considering selling the present hospital to the C.N.R. and building another one, as over 100 patients a day are being cared for, and the present building is inadequate.

The Financial Study

Edward Brown, of Winnipeg, made the principal speech of the day. The church, he said, had congratulated itself on the fact that in the past year there had been an increase of \$24,000 in gifts to its schemes. Mr. Brown said that his object was to lead the church to realize its condition, and he did not propose to offer any congratulations. The fact was that the church had lost \$1,000,000 in the year, and although it had made a large gain over the preceding year, it was still \$1,000,000 worse off. He owed his banker a million dollars and brought him \$100,000 worth of banknotes. He would want to know what the banker had done with the money he was going to get it.

He said that the church had a record of the past year, but he was not proud of it. The church had had no actual sacrifice on the part of the church, but this was the thing for which the world was waiting. The man on the street wanted evidence in the manner of the reality of the faith of the church. The record indicated that the members were giving in the manner of the purpose, and this showing was not flattering.

Hon. W. A. Charlton followed Mr. Brown.

New Post for Dr. Grant

The report of the finance board asks that Rev. Dr. A. S. Grant should give up his position as general superintendent of home missions, and that he should become the executive officer of the finance board.

Mr. Charlton devoted himself to the matter of securing from the assembly unanimous consent to the proposition that Rev. Dr. Grant should resign on Dr. Grant's ability to secure large sums of money. With reference to the appointment of Dr. Grant to his position, which is a new one in the denomination, it was decided to refer the matter to a special committee. All other matters in the report of the finance board will come up at the meeting of the assembly tomorrow. There is no doubt that Dr. Grant will be named to the new post, in which will be a general manager for the church in Canada.

For Workingmen

Tonight the mass meeting in the interests of the workingman was in progress at the 1105 Broadway. Included Dr. McGillivray of Toronto; Rev. J. C. Robertson, general secretary of the board; President Murray, of the University of Saskatchewan, and Dr. A. S. Grant.

Toronto papers today comment on the great sermon preached last night by Rev. Dr. Duvall in the Metropolitan church, where the Winnipeg pastor received a very cordial reception and made a fine deliverance.

FAMOUS JOURNALIST DEAD

Ottawa, June 9.—The death occurred here today, in his 68th year, of M. O. Scott, an old-time journalist, and for many years a member of the parliamentary press gallery. Death was due to paralysis.

DRESSMAKING

M4899—Phone Miss Simpson, 513 Twenty. Third Ave. W. Expert dressmaker; evening gowns specialized. S46-252

WANT BAR ABOLISHED AND NO PUBLIC BOXING

Saskatoon, June 9.—The abolition of the bar and a more effective local option law endorsed by the Methodist conference held here today on the recommendation of the social and moral reform committee. It was also agreed to seek the abolition of public exhibitions of boxing.

The committee recommended that the conference work in harmony with the provincial council of social and moral reform with the end in view the abolition of the bar room, both in hotels and clubs and to provide effective local option for the control or removal of all remaining traces of the traffic. The committee made no disposition that legislation be sought to prevent public exhibitions of boxing, although it had several recommendations regarding boxing. Recommendations were also made regarding the spiritual welfare of farmers arriving in the west and their needs were fully gone into.

All these recommendations were adopted by the conference.

HAT WILL GAIN BY THE DEFLECTION OF RIVER

Medicine Hat, June 9.—Alderman McClellan has a movement on foot to divert the Saskatchewan river for three-quarters of a mile, thereby joining to the city Police Point, recently from the city by the Dominion government. The Point is a natural point, and the alderman says that the building of a traffic bridge across the river would cost as much as the cost of diversion. He also says that the city would make \$3,000,000 on reclaimed land, and it would also provide the city with a large artificial lake.

SHORT SCHOOL DAY IN HOT WEATHER

Medicine Hat, June 9.—During the hot weather the Hat's Collegiate will open in the morning at 9 and close at 1 p.m. There are three large schools under construction in the city, but the increase in children is so great that there will be enough to overflow them long before they are complete. As a result the school board tonight contracted for two more cottage schools. There are 1,244 pupils in the public schools at present. As the teachers cannot get rooms, the board is considering building a teachers' residence.

Cabinet Minister to Marry Soon

Ottawa, June 9.—The marriage of Miss Milla White, daughter of the late Hon. Thomas White and Mrs. Wm. Ottawa, to the Hon. George S. Bourne, minister of trade and commerce, will take place in Ottawa on Wednesday next.

Another Distinguishing

Another distinguishing feature in the series of the health people arrived in Calgary took up their quarters in the north hill where

Making a Flat World Round

When Columbus set out to reach India by sailing westward, he met with opposition and ridicule. He believed the earth to be round. Wise men held that it was flat—that Columbus was mad—and that he'd fall off somewhere if he departed from established beliefs. But Columbus' belief found him a continent and made him blessed of memory.

The Business World is flat to some men. Their profit-bearing spheres of Opportunity stretch only so far as their grandfathers' trod. Custom, superstition and apathy have set them confines which they may not pass. For instance, they believe the business year is a flat one—not an annual round of trade, with each joining West, with Spring leading into Autumn, but just two distinct seasons, with a few edges peeping into space. They confine their activities to a Spring trade and a Fall trade. To them there is no intervening continent with stores of waiting wealth. Their world is flat. They have not explored the mid-year months of Summer trade, June, July, and August, are never-never land. Surely this conception of Summer as a "dull" season is as fallacious as the delusion that the earth was flat. People have just as much money in the hot weather and spend quite as freely as in Spring and Fall. Granted that they are not buying skates and snow shovels in August, yet they are buying staple articles. Furthermore, they have an eye on luxuries and comforts they are counting upon purchasing in the Fall.

The modern Columbus has discovered this Summer trade—this golden West lying between the known continents of old beliefs. Departing from established habit, many have made their energies and their Advertising an all-year-round proposition. Keeping up Advertising during the Summer months not only links your Spring and Fall, but produces rich harvests from the Summer months themselves.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 508 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.

COUNCIL COMMITTEE FAVORS TAKING CARE OF THE SMALL FACTORY FIRST

President Devenish of Industrial Bureau and New Industries Committee of the City Council Confer on Resubmission of Housing Bylaw

The industrial bylaw, by which it is proposed to finance the housing of new industries, will probably be submitted to the ratepayers again at an early date. President Devenish of the Industrial Bureau and the members of the new industries committee of the city council were in conference yesterday afternoon, and the proposition received favorable action. It is probable that the election for the bylaw will be arranged for some Saturday, which will give the ratepayer an opportunity to vote on the proposition.

That will be attractive enough to warrant it to establish its plant here. President Devenish, Alderman Garden and a member of the board of trade to be appointed later, were named as a committee to look up any available warehouse buildings that might be converted into factory buildings. Inasmuch as the campaign against the bylaw was based on the contention that there were plenty of warehouse space available at rentals sufficiently low to warrant manufacturers in leasing them, the report of this committee will be awaited with considerable interest.

WORK OF ATTENTION PROVES FATAL TO SICK CHILD

Visitors to Calgary Live in Squalid Conditions and Measles Causes Death

fewer than 16 persons living in one room. To add to this state of affairs the young child fell sick with the measles. The inspector arrived duly on the scene and placed his yellow card on the door. The parents took no notice of it thinking that it was a card of healing of some kind or other. The child died without attention of any kind. The parents then proceeded to have it buried and were going to do so without the aid of an undertaker when the Associated Charities came to the rescue and the body was interred at the expense of the city.

Bartlett Meets Stefansson

Vancouver, B. C., June 9.—Captain Bartlett, the veteran skipper of many expeditions to the Arctic and who is to command the "Karluk," arrived here tonight to meet Stefansson, the chief of the next expedition to the north. He declined to discuss the report that he had declared the vessel unsuitable, but stated that he had been misrepresented by certain newspapers.

THE WONDERFUL COW THAT SMASHED ALL CANADIAN RECORDS—owned by W. H. Cherry, of Garnet, Ontario. In thirty days she produced 1,842 pounds of milk and 8,484 pounds of butter, breaking the former Canadian record by 4-1-4 pounds. She is a Holstein-Friesian heifer, and is expected to break numerous records at the Canadian live stock show next winter.

CHURCHILL REFUSES TO TALK OF NAVY AT PRESENT TIME

First Lord of Admiralty Makes No Attempt to Explain His Statement

London, June 9.—In the house of commons today, Sir William Byles asked the first lord of the admiralty whether in view of the fact that he had informed the house last December that the Canadian contribution to the navy was to be in addition to and not in any degree in substitution for the existing British program, he would explain why that program should be rendered in any degree inadequate by a temporary check in providing the Canadian addition.

DOCTORS PUZZLED BY NEW DISEASE

London, June 8.—English doctors are puzzled by a new disease which has appeared in the west country and spread with almost the rapidity of an epidemic. The chief symptom of the disease is the appearance on the tonsils and back of the throat of a membrane resembling that of diphtheria, with a swelling of the lymphatic glands from the neck, very high temperature, severe erysipelas, swelling in the joints and heart failure and other symptoms. The heat weakness often persists indefinitely after all the throat symptoms have disappeared. It was at first thought the disease was diphtheria, but exudate from the throat was examined by the clinical research association in London, and no trace was found of diphtheria. Since then it has been suggested that the disease may prove to be a non-typical variety of scarlet fever or measles.

Calgary Delegates Off For Winnipeg

The convention of the Western Associated Boards of Trade will open in Winnipeg next Monday. The delegates who will attend from Calgary are J. A. Valliquette and R. J. Hutchings.

Street Car Victim Dies

Vancouver, B. C., June 9.—Without regaining consciousness since he was struck by a street car, Robert Estabrook, 15 years old, died at the hospital tonight. Dressed was riding a bicycle in front of a car and did not see a car coming on the other track. In the fall he sustained concussion of the brain.

Sporting Earl Corning

Earl Winterton, who is well known in old country political and sporting circles, is expected in Calgary this week. His lordship has many interests in Western Canada and has been here before. He will have an interview with Mayor Sinnott on his arrival.

Come Up Where You Belong!

In the human body, "man power" comes from food. But the food must be right. The gray tissue cells of Brain and Nerves are composed principally of water, albumen and Phosphate of Potash. The first two exist in every-day food, but phosphate of potash is frequently lacking. This necessary element is supplied in

Grape-Nuts FOOD

Made of choice wheat and barley, it contains all the vital mineral salts of these grains, including the phosphate of potash so essential for proper nourishment of Brain and Nerves.

Grape-Nuts food is thoroughly baked, digests easily (in about one hour), and thus forms a perfect complement to ordinary food in the dietary of the average person.

Grape-Nuts—more than any other one factor—supplies both body and Brain with nourishment up to the standard of Nature's requirements.

If health and the efficiency which comes with it appeal to you, try Grape-Nuts!

Ready to serve direct from the package with cream and sugar—and wonderfully appetizing.

"There's a Reason" for Grape-Nuts
Sold by Grocers everywhere.
Made by Canadian Postum Cereal Co., Ltd., Windsor, Ont.

AN UNUSUAL DOUBLE-YOKED EGG—Sergeant Childs, of Toronto, found this freak of nature in his hen-house the other morning. The top part is like an ordinary egg with a soft shell, which contains nothing but the white of the egg. The lower portion is connected with the upper part by a soft-shelled tube, and is about the size of a pigeon's egg, and contains the yolk.

The Markets
 SECURITY MARKETS OF THE WORLD
 UNDER PRESSURE; STOCKS OFF

All the Big American Issues Are Hit Heavily; Foreign Markets Are Disturbed by the Prospect of Renewed Hostilities Among the Balkan Allies

NEW YORK, June 9.—The principal securities markets of the world were again under pressure today, and the movement of stocks here was sharply downward. Union Pacific, Steel, St. Paul and nearly 70 other stocks of all description reached new low levels for the decline, and while some important shares reached bottom figures, there were substantial losses in all quarters. Foreign markets were disturbed by the prospect of renewed hostilities in the Balkans and some uneasiness was felt in London regarding the approaching fortnightly settlement. Under these circumstances the selling here was regarded as natural. London disposed of perhaps 20,000 shares here on balance, and there was some selling here on credit orders from the continent.

WHEAT PRICES WEAKER ON WINNIPEG MARKET
 Cash Demand for All Grades Is Quiet; July Advance Throws Prices Out of Line

Winnipeg, June 9.—Wheat prices were weaker on the local market today. Immediately following the opening, July being in a tight position, showed strong and advanced 15-80 during the hour of the session. Lower fluctuations continued until October held steady and closed 1-4 to 1-20 higher.

MONTREAL MARKET.
 Montreal, June 9.—There was an increased demand at the west end stock yards this morning for all lines of securities. The market was more active than a week ago. While the better grades of butcher cattle held firm at last week's quotations, the market for lower grades was more active. Receipts of sheep and lambs during the past week, prices today were a shade easier, old sheep being 1-40 and lambs 1-10 lower.
