Montreal Stock Market.

RECOVERY OF SOME POINTS TO-DAY—SURPRISING FIRMNESS IN A FEW STOCKS.

Montreal, Aug. 2.

The bearish influences were not without effect on to-day's market. Prices were below the level previous to yesterday's break, but as showing that this pressure is easing off they were generally above the prices of yesterday. Uneasiness is not yet removed and till it is all gone the bullish tendencies of actual facts, future prospects and general belief will not fully prevail. As showing how uneasiness still exists it is said that a cheque on the Hochelaga Bank for a very large sum was accepted at the Clearing House to-day only after what were considered as adequate arrangements had been made. It was perhaps inconsiderate that such a cheque should have been brought to the Clearing House in the present circumstances. Volume of business to-day large for the season, but the market was not very lively.

Canadian Pacific sold at 1/2 less than lowest yesterday. Sellers 91 1/2, buyers 97, 97 1/2 shares sold.

Montreal St. Ry. at 4 lower than highest yesterday and 1 1/2 higher than the lowest. 2750 shares sold closing with 320 asked, 319 1/2 offered.

Royal Electric at 1 higher than highest, and 4 higher than lowest of yesterday; 650 shares sold, 177 being asked at close and 176 offered.

Toronto Ry.—Lowest price 1 1/2 higher than lowest yesterday and highest 1/2 higher than highest. 475 shares sold 117 asked and 116 offered at the close.

War Eagle lowest price to-day 5 higher than best yesterday 7,600 shares sold with 370 asked and 366 offered.

Rich. & Ontario higher price by 2 points. 100 shares sold. Demand 110 offer 107 1/2.

Payne Price same as yesterday's. Closing demand 135 and offer 132 1/2. 1250 sold.

Gas Price 1 1/2 lower generally. Closing demand 201 1/2 and offer 201 1/2. 535 shares sold.

Halifax Ry. 4 points lower with closing demand 104 and offer 97 1/2. 100 shares sold.

Commercial Cable sold 50 shares at price 1/2 lower. 185 and 184 the closing demand and offer.

Dom. Cotton, Montreal Telegraph with no change in price.

Twin City 1 point lower.

Merchants Bank sold 10 shares at 1/2 higher.

Bank of Montreal sold 1 share at 1/2 lower.

HOCHELAGA BANK.

The unwarranted run on this bank is over. Their immediately available assets were sufficient to meet all demands. It will now be in order for the paying tellers to turn into receiving ones. The next run will be on the part of those wishing to re-deposit their funds. The guaranteed circulation of banks must have proved a great boon to the Hochelaga, as had note holders, who were generally more timid than depositors under the old regime, gone in hordes for gold, a much greater strain would have been on the assets and a greatly increased crowd would have added to the excitement.

STOCK EXCHANGE DISPUTE.

An unpleasantness between Messrs. L. J. Forget & Co. has resulted in Mr. Rudolph Forget's resignation as Sec.-Treasurer of the Stock Exchange. This was caused by the cashing of L. J. Forget & Co.'s clearing cheque on the Hochelaga Bank. The rights of the case are hard to get at as neither the officers of the Clearing House nor the Hon. L. J. Forget nor Mr. Rudolph Forget will speak on the subject. Both sides will have much sympathy, as the governing committee and the gentlemen concerned were in a delicate position. Rumor says the Molsons Bank refused to accept the cheque on deposit. This is denied. It is sincerely to be hoped that in the language of diplomats, the incident may soon be ended.

MONTREAL MINING EXCHANGE.

MONTREAL MINING EXCHANGE.

Reported by W. I. Fenwick, Exchange Court, 10 Hospital Street, Bell Tel. Main 3035, Bell Tol. Up 1867.

DIVIDEND. SHARES. STRONG—BUSINESS VERY QUIET.

The strength of the best mining shares in the face of the disturbing influences which have obtained the past week is a proof of the good manner in which they are held.

Whilst a flurry in War Eagle temporarily put the price down to \$3.55 it quietly recovered to \$3.64 with small transactions.

Republic is as strong as it was before the bank troubles and to-day is scarce \$1.18½ being freely bid—ex dividend of 1 p.c.

Montreal-London was sold to a very limited extent at 42, but as only a broken lot changed hands the price is really not a quotation.

Golden Star has been dull and is lower, reports from the West claim that much higher than current prices have been bid for round lots. As the special meeting of August 10th is called, for the purpose of making a full statement to shareholders, no excitement in the stock is likely till these particulars are known. The stock also sold at 45 which would be paid for more.

Virtue was dealt in at 44½ and 45. As the Cumberland deal has been completed and as 50 was paid for the stock all theories should make Virtue of a similar value. Those who bought Cumberland are not however, looking to small profits their idea being that within six months dividends will be forthcoming and Virtue will then sell at old prices say, in the eighties.

Prices were well maintained in the general list trades being made in Big Three, Slocan Sovereign and Iron Colt.

NEW YORK EXCHANGE.

LOW STERLING EXCHANGE WILL CAUSE A GOLD IMPORT FROM EUROPE IN THE FALL—BULL MOVEMENT NOT QUITE ASSURED YET.

New York, Aug. 2.

Cables from London report a decrease in the volume of business in Americans, but quotations on the whole are higher.

The only decline of importance is in Reading, which is $\frac{1}{2}$ below N.Y. prices. The excellent statement issued yesterday by Atchison has resulted in good buying of that company's issues. The statement in question having exceeded expectations and given rise to the possibility of an increase in dividend rates on pfd stock. There is also good buying of Great Western and Southern Pacific shares, due entirely probably to the prospects on the former road, and to the large increase in earnings now going on in the latter.

The Continent is buying freely of the Nor. Pacific issues.

The news from the yellow fever district in Virginia is re-assuring, because of the measures which are being taken to prevent any spread of the disease. Outside of the soldiers' home a few cases have developed, but they are of people who have been in close contact with the soldiers, and the quarantine measures are so strict that any serious spread of the disease is improbable.

Talk about gold exports has ceased. On the other hand, there is already beginning to be some talk about importing gold from Europe probably this summer, but almost certainly this fall. The weakness in Sterling Exchange and the low price for 60-day bills, lends color to such a probability. Doubtless, however, every effort will be made in foreign financial centres to postpone the date of any shipment of gold as long as possible.

The reaction in yesterday's market was not entirely an unnatural one. For some days past the tendency of prices has been steadily upward, and it is natural that some people should desire to realize profits, not feeling entirely confident that the present advance means a resumption of the bull movement of last winter. In addition to this, the temptation to test the market by selling short, has been a strong one and there have been some low factors to encourage bear operations, namely, moderately stiff interest rates, the yellow fever scare, and the slowly, but surely hardening tendency of the money market.

Purchases upon recessions, however, are likely to be profitable.

New York, Noon, Aug. 2.

London was strong this a.m. for Americans and the prices of almost all International stocks showed advances over our closings. It is to be noted that this was also in face of a tendency on the part of discount rates abroad to advance, and also in face of an almost total suspension of business in other departments of the London Stock Exchange.

Here, the disposition was to follow, the lead given by London commission houses who were fairly active at the openings.

Sugar was active and notably strong, the advance being based on the revival of the rumor of an agreement between the Arbuckles and the trust.

London was a large buyer of Atchison pfd and the Union Pacific stocks, but was a seller of Southern Pacific. The Room is decidedly bullish on the latter believing that its earnings will warrant a good return to the stockholders before the close of the present year.

The feeling generally in regard to the railroad shares is somewhat bullish, as is only natural considering the splendid statements made by the St. Paul, B. Q. and Atchison roads for June; the latter shows a net increase of over $\frac{1}{2}$ million.

Flower brokers were again active in S. S. pfd. Until the neighborhood of 40 was reached not much stock was found for sale. There was more activity in North Western pfd and common than for some time.

Money is perhaps a shade stronger, nearly all loans so far have been made at 4 p.c. as against 3 $\frac{3}{4}$ yesterday.

NEWS OF THE MINES.

(Special to Exchange News.)

Vancouver, B. C., Aug. 1—During the seven months ended yesterday Vancouver Island collieries shipped 436,000 tons of coal to San Francisco, Los Angeles, Alaska, Puget Sound Points and China. During July 58,600 tons were exported.

The Cariboo Consolidated company, which operates hydraulic mines at Quesnelle Forks, has just shipped \$44,000 in bullion, the result of one wash-up of surface gravel. The yield for the season will be between \$200,000 and \$250,000 and this will be gradually increased yearly.

Steamer Dirigo has arrived at Nanaimo from the North with \$100,000 of Klondike gold. It is reported that steamer Anglican sunk in Yukon River, having collided with stump in water.

Charles Garbutt, who went to the Klondike in 1897 from Winnipeg, is in town. He came down from Dawson Sunday last. Mr. Garbutt went North with a large party from the Prairie towns, some of which have already returned, while others are still working on various creeks. He himself has been operating on Sulphur Creek, and seemed to have a liberal supply of the precious dust. His visit to the outside is a hurried one. He will purchase a thawing machine and return again. Mr. Garbutt has a \$160 nugget from one of his Sulphur Creek claims.

CHICAGO MARKET.

CHICAGO MARKET—August 2, 1899.

FROM OUR SPECIAL CORRESPONDENT.

PRICES GENERALLY OPEN HIGHER BUT MOVEMENTS ARE TOWARDS LOWER LEVELS—IMPROVEMENT HERE WOULD BE RESPONDED TO AT LIVERPOOL.

Chicago, Aug. 2.

In December Corn and in September and December Oats the market movement this morning was in a state of oscillation between advance and retreat. In all other commodities, provisions as well as grain, the tendency was, though slight, a downward one. Wheat opened $\frac{3}{8}$ higher than the close, that is, about $\frac{3}{8}$ lower than the highest of yesterdays prices, but fell $\frac{1}{8}$ gradually in the early part of the day. December corn opened $\frac{1}{8}$ higher, and was steady at that. Oats, both September and December, opened $\frac{1}{8}$ higher, then after rising a little further, fell back again. The grain market was thus featureless and listless. No great volumes either were marketed.

In Provisions, September Pork opened 3 cents higher, with a downward tendency; October Pork, 3 cents lower, and seeking a lower level; September Lard 2 cents lower; September ribs, 5 cents higher; all, including October Lard and October Ribs, sagging to lower prices.

From New York it was cabled that September and December wheat, the only sorts now dealt in, opened high this morning, the following movement being retrograde.

A more invigorating report was on hand from Liverpool. There wheat was $\frac{1}{8}$ higher, steady, and would respond in price and in volume to improvements on American side. Corn opened $\frac{3}{8}$ lower there, holders being more disposed to sell.

Chicago car lots—Wheat 118, shipments 9,451, corn 326, shipments, 288,377; oats 295, shipments 108,550.

Primary receipts 798,900, shipments 312,900, as against last year 471,614, shipments 390,967. Four ports 236,309.

Hogs left over from yesterday, 8810; received to-day, 24,000; cattle, 17,000; sheep 10,000. At Kansas, hogs received, 7500, and cattle 7500. At Omaha, hogs 4500, and cattle 2000. Curb wheat, 69 $\frac{3}{8}$, and steady.
