PROGRESSIVES IN A. O. U. W. ADOPTED NEW RATE SCALE AFTER LONG BITTER FIGHT

Result of Sweeping Victory Over Insurgents Means Doubling of Rates and Financial Success to Organization—Grand Lodge Officers Re-Elected With James McEwing Grand Master Workman.

At 10 o'clock last night the thirty-fifth annual convention of the Ancient Order of United Workmen came to an end, having accomplished the vital business of setting the rate of assessment of members at a scale which insures the financial future of the order.

At the evening session of the A. O. U. W. convention on Wednesday, several members of the order who were not delegates to the convention and had no right to vote, but who had secured the white convention badges and pinned them to their coats, gained admittance to the convention.

The insurgents, led by the Guelph division, vigorously opposed the re-election of Grand Master Workman James McEwing, who received a huge majority in the balloting for grand officers positions.

MILITANTS BURN LADY WHITE'S HOME

Suffragettes' Latest Outrage Was to Cause Twenty Thousand Dollars' Damage to House at Eghat, Owned by Widow of Defender of Ladysmith.

Special Cable to The World.

LONDON, March 20.—(Copyrighted.)—The latest outrage of the suffragettes is to burn down the house of Eghat, 20 miles from London, belonging to Lady White, widow of Sir Geo. White, the heroic defender of Ladysmith.

There is abundant evidence that the crime was the deliberate work of the militants. At the rear of the house were found sheets of paper bearing such inscriptions as "votes for women."

The insurgents, led by the Guelph division, vigorously opposed the re-election of Grand Master Workman James McEwing, who received a huge majority in the balloting for grand officers positions.

MOTHER CHARGES TEACHER WITH CRUELTY

Says Her Daughter Was Ill-Treated at Park School—Principal Denies Story and Lays Counter-Charge of Assault on Teacher by Mrs. John Brymer.

The attack of a mother upon a public school teacher has led to a charge of assault being laid by the school authorities against the parent of a girl pupil and a countercharge being made against the teacher of cruelty to a nine-year-old girl.

The parent charged is Mrs. John Brymer of 4 Whiteside place. She is alleged to have assaulted Miss Richardson, a teacher of Park School, St. David street, last Monday.

Mrs. Brymer states that on arriving at the school, she found her daughter on the cloak room floor in an hysterical and exhausted condition and vomiting. The teacher in the meantime struggled with the child.

Revelations of Speculation by Ministers in American Marconi Stock Cause a Sensation—Explanations Not Satisfactory, For Public Wants Officials Above Suspicion.

Special Cable to The World.

LONDON, March 20.—(Copyright.)—The Paris Matin libel suit is causing the most profound agitation in ministerial circles, where it is feared that in certain eventualities it may involve the existence of the Asquith cabinet.

A distinctly disagreeable impression was caused by Attorney-General Rufus Isaacs' admission in the suit against the Exchequer Lloyd George and the chief whip, Lord Murray, who resigned some months ago, to take a position in Lord Cowdray's Mexican enterprise.

Parliamentarians at Ottawa Do Not Consider Situation Much Clearer—Some Conservative Members Regard Premier as Too Magnanimous For Success of Party Ends—Rogers the "Man Behind," Says Liberal Organ.

OTTAWA, March 20.—In the opinion of members of the house still in the city the manifesto issued last night with the authority of the prime minister has not greatly altered the situation.

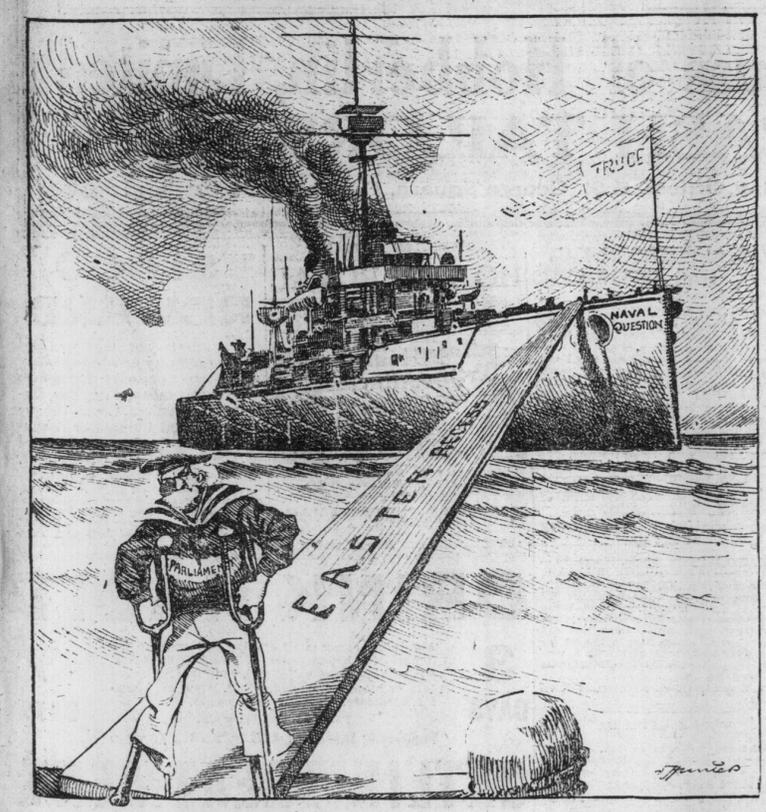

The Liberals, greatly emboldened by the success of their hold-up during the fortnight ending last Saturday night, are proclaiming that closure cannot be forced thru unless the speaker arrogates to himself powers not at present conferred on him by the rules of the house.

Borden's Restraining Hand. The Conservatives, who were boldest in the battle during the two weeks' struggle, frankly admit that the prime minister may in the end prevent them from carrying out the program virtually agreed upon for passing closure thru the house, in spite of all protests from the opposition.

Rogers the Instigator? The Ottawa Free Press, the local Liberal organ, comments editorially upon the manifesto as follows:

EIGHT HOUR DAY FOR ALL MINERS

Hon. W. H. Hearst Introduced Far-Reaching Bill to Legislature Yesterday.

RESULT OF AN ENQUIRY

Legislation Will Not Apply to Those Not Working Underground.

Hon. W. H. Hearst, minister of lands, forests and mines, introduced a bill yesterday in the legislature which means that no miner shall be allowed to remain underground in any mine for more than eight hours a day. This legislation, which was given its first reading, embraces the recommendations made by Commissioner Price, who was appointed by the government to investigate conditions in all the mines of the province. Mr. Hearst, in reply to a question by Mr. Rowell, stated that the bill covers the entire mining industry, save that of iron, of the province, and will make an eight-hour-day compulsory upon all employers and operatives. The reason for the exception of the iron mines would be given later.

The bill says, in part: "No workman shall remain or be allowed to remain underground in any mine for more than eight hours in any consecutive 24 hours, which eight hours, where the employer obtains from the inspector's certificate that the means and methods in use at the mine of getting to and from the place of work are proper and satisfactory shall be reckoned from the time of arriving at such place of work until the time of leaving such place, otherwise such eight hours shall be reckoned from the time of leaving the surface until the time of returning to the surface, or, in such other way as the inspector may direct."

The Saturday shift may work longer hours for the purpose of avoiding work on Sunday or changing shift at the end of each week, or giving any of the men a part holiday.

The eight-hour-day will not apply to shift bosses, pump men, or persons engaged solely in surveying or measuring, nor will it apply in cases of emergency, where life or property is in imminent danger, or in cases of repair work, or in any mine where the number of men working in the shift does not exceed six.

The bill gives the lieutenant-governor in council the right to suspend the operation of the eight-hour day in the event of a great emergency or grave economic disturbance, to such an extent as he deems fit.

GETS \$40 A WEEK FAMILY STARVED

Morris Ainsky Went to Jail Rather Than Supply Food.

HE LIVED WELL HIMSELF

Ate Meat While Wife and Children Had Bread and Water.

An owner of property worth over five thousand dollars, and whose income as a partner in the Canada Sewing Company would bring him more than forty dollars a week, Morris Ainsky of 183 West Adelaide street, goes to prison rather than support his wife and three children. On his refusal to give his wife \$8 a week, he was given a six months' jail term by Commissioner Starr yesterday.

According to the story told by the man's wife, the family have been forced to live in two rooms with but scant furniture, and for 2 years past have lived on bread and water. The wife and children have been dressed in rags and have not even been provided with underclothing during the severe winter weather. Ainsky himself had the habit of bringing meat and other articles of food into the dwelling and taunting his family by having them watch him eat while they had only bread and water.

Commissioner Starr, after sending the husband down, advised the wife to apply for alimony.

RECORD NAVIGATION ON ST. LAWRENCE.

BROCKVILLE, March 20.—(Special)—The ice broke in the river sufficiently today to enable the steamer Biglow to resume her trips between here and Morrisstown, which marks the opening of navigation on this portion of the St. Lawrence. The boat ran up to Feb. 8, so that the ice bridge, which then formed, kept her out of commission less than six weeks, which establishes a new record.

HOUSES BURNED AT ST. KITT'S.

ST. CATHARINES, March 20.—(Special)—Two new houses on Niagara street, near the northern boundary of the city, were completely destroyed by fire from an unknown cause this afternoon. The loss is placed at \$300, partially covered by insurance. The houses were owned by George Anderson, whose father a few weeks ago was kicked to death by a horse.

Tired and Weak Nerves Exhausted

The feelings of fatigue and languor which overcome so many people at this season of the year tell of the exhausted condition of the nerves.

It is impossible to keep up the action of the heart and the vitality of the nerves when the blood is thin and feeble, and this is why nearly everybody needs tonic during the spring.

Some of the symptoms are restlessness, purposeless activity, insomnia, absent-mindedness, tired gait, lack of ambition and enthusiasm, headache and neuragic pains, dyspepsia and feelings of languor and depression.

Monotony of work and mental overstrain or worry sap the nervous system, as does also the strenuous-

ness of modern life, whether in the business or social world.

More and more men and women are obliged to seek the assistance of such concentrated foods as Dr. Chase's Nerve Food to restore vitality to the tired and worn-out nerves.

Such treatment is necessary, because diseases of the nerves do not right themselves. As nerve force runs low the digestive system fails to extract the necessary nutrition from the food. Dr. Chase's Nerve Food supplies in condensed form the ingredients required, and restores health.

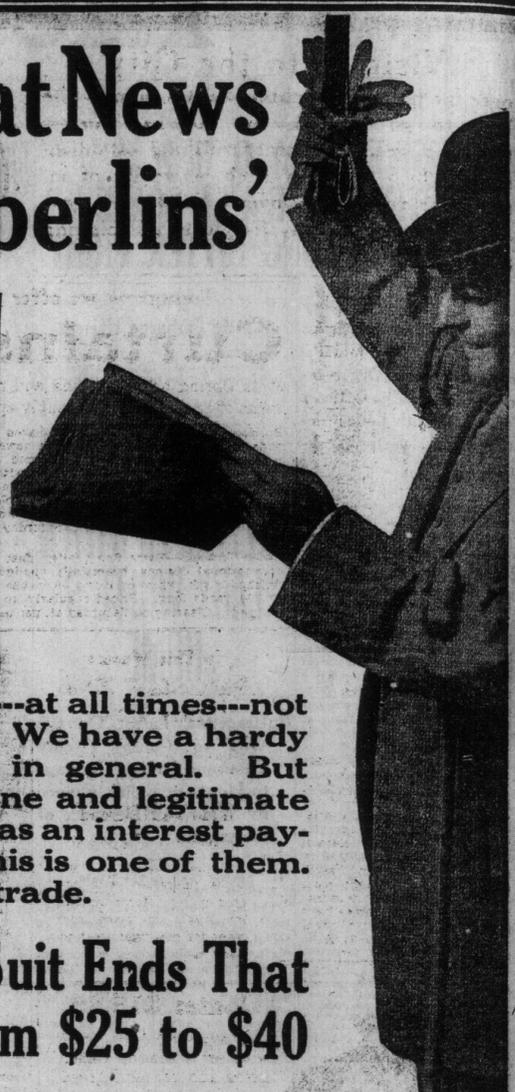

A little patience is necessary in treating diseases of the nerves, and rest helps to restore strength. You can be sure of lasting beneficial results when you use

WIDOW CHARGED WITH KILLING ADMIRAL

Continued From Page 1.

She stands until Friday next week at 3.30 o'clock in the morning, until which time you stand committed to the Plymouth County jail without bond." Sheriff Condon then led her from the court room to a small ante room. The extreme calmness with which she took the ordeal was unchangeable to the very end.

No Bail Needed.

Mr. and Mrs. A. F. Jacobs, who had been summoned as witnesses at the inquest, which has now been closed, were in the court room at the time of the arraignment of the admiral's widow. The district attorney told them they would be wanted as witnesses in the trial, but he allowed them to leave without furnishing any bail for their appearance in court later.

Baring Home Life.

For ten days, or since the authorities first learned of the presence of arsenic in the rear-admiral's stomach, the authorities have tried to ascertain where the poison was bought, and have made every effort to lay bare the home life of the admiral's family.

Junior, did not always agree, it was said.

Both Married Before.

Both had been married before. The admiral's first wife was Mary Anne Varnum, whom he married at Draught in 1871, when he was a lieutenant in the navy. From his graduation at Annapolis until his retirement at the rank of rear admiral in 1905, the life of the naval officer was filled with honors, and he acquired a fortune.

Soon after his retirement he met Mrs. Jennie May Ainsworth, the daughter of George Harrison of Alexandria, Va. Mrs. Ainsworth later divorced her husband, D. H. Ainsworth, an employe of the senate at Washington, and she and the admiral were married in 1907.

Their courtship and relations after marriage were described by the admiral in a statement which he made during a brief estrangement from his wife four years ago, when he said: "I met Mrs. Ainsworth in Chicago, and at that time thought she was a widow, but, in fact, she was not actually divorced from her husband. It was not until just before my marriage that I learned she had a husband. Then she told me that her husband was alive and that she had just obtained a divorce from him in their rounds of drunkenness and desertion."

"During the time that I paid attention to her, knowing her straitened circumstances, and thinking that her husband was dead, I helped toward the support of herself and children, giving her money, but at the time I did not know for what purpose she was using it."

Paid for Divorce.

"Later, after the marriage, I learned inadvertently that I had been paying for her divorce proceedings, which she had instituted against her husband. I married her because I had said I would, and was too much of a gentleman to withdraw my promise. She has always been a good wife."

Mrs. Eaton declared that the infant had been poisoned, and an examination of the stomach was made. No poison was found, but as a result of her charge, Mrs. Eaton was estranged from her husband for a brief period. Then they were reconciled and again lived together.

With them at that time lived the two daughters of Mrs. Eaton by her earlier marriage, June and Dorothy. The former is now the wife of Ralph I. Keyes of Boston.

Strange Experiments.

It was said that Ainsworth, Mrs. Eaton's first husband, renewed friendly relations with his family, and was an occasional visitor at the home. It was about this time that Mrs. Eaton said that her husband was much interested in drugs and their effects upon persons and devoted much of his time to strange experiments.

After their marriage the Eatons came Brookline. Soon afterwards the rear-admiral met with financial reverses and in his last days led an unpretentious life on a poultry farm in Norwell. His principal income was from his allowance as a retired naval officer, which amounted to \$4000 a year. It is understood that his estate is represented largely by a life insurance policy for \$6000.

son attempted to take her there. In doing this a struggle ensued, accompanied by screaming on the girl's part, and it was this her sister Lizzie had witnessed.

Struck the Teacher. Miss Richardson was still bending over the pupil and was not aware of the woman's presence when Mrs. Brymer came up from behind and hit her a blow on the jaw, quickly following it up with several more blows on the face. The teacher ran from the room in a dazed condition, crying for help and pursued by the mother. In the hallway she ran into Miss Suttle, who had been attracted by her cries, and the woman fell. Mrs. Brymer then left the school building, taking her daughter out with her.

It is not likely that the case will be heard on Thursday owing to delicate state of Mrs. Brymer, who has been told by her doctor that it would be impossible for her to attend court for several weeks' time.

Popular Employe of Robert Simpson Company Got Well-Filled Purse.

Recently Mr. F. Tossell of the office staff of the Robert Simpson Company resigned his position to accept an office position in Edmonton, Alberta. On Wednesday evening Mr. Tossell, who was very popular with his associate workers in the offices of the big store, received from the managers, assistant managers and others of the office staff a most hearty expression of their good wishes and a gift of a purse of gold, at an informal gathering in the offices for that purpose.

Lacrosse 12 New Clubs In C. L. A. **Baseball** Macon Gossip **Whist** Canadian Congress

LACROSSE WILL COME TO ITS OWN

Big Year Ahead For Amateurs in Ontario — Annual Convention Today.

Amateur lacrosse is to come into its own again. With a governing Canadian body looking after Canada's national game the smaller towns are getting a great year in the history of the game. The 25th annual convention of the C. L. A. will be held in Victoria Hall this morning and Secretary Frank Doyle announced last night that twelve new clubs have asked for membership. A new intermediate port contest of Tara, Paisley, Port Elgin, Southampton and Walkerton has been formed, and London, Goderich, Chatham, St. Marys are a few of the new outside clubs that will play C.L.A. this year.

Weston, last year with the O.L.A., is a new one in the fold, and the Lansdowne Club of this city will enter two teams, senior and junior. St. Helens will also be in the swim.

The hatches are buried and the O.L.A. will have a committee at the convention and along with a committee of five elected by the convention today will pave the way for a united lacrosse body in Ontario.

Hanover had the fever and will have three teams this year, while every club that played C.L.A. last season will again be on the job.

The east is making a strong bid for the council, and two men that should be elected today are Martin of Alton and J. McPhail of Carleton Place. Eddie Hinds of Orillia is elected first vice-president by acclamation.

Another man that will make a big fight for a seat on the council is Jimmy Sabat, the Toronto association delegate, and he should be elected.

The Toronto Lacrosse League are taking of their feet and are preparing to own and enter the rejuvenated association. This would mean much to the game in Toronto.

The auditors of the C.L.A. met last night and reported a surplus of \$1670. They will make their report to the convention today.

LEAFS TO MOVE OVER TO ATHENS

Manager Kelley Decides to Go to Boston Club Camp—Still Raining at Macon—Gossip.

Both President McCaffery and Manager Kelley are disgusted with the weather conditions at the Leafs' training camp in Macon and if rain is again the order of the day they will pack up tonight and go over to the Boston Club's stumping grounds at Athens, Ga. Stallings' club are using the university diamond at Athens and has promised the Leafs a look in each day.

This is the Leafs' hard luck year. When Kelley and his band landed in Macon they ran into a flooded playing field and have seen a daily thing in the land of sunshine and smiles since the McCaffery men landed. Yesterday was another day of wetness and the Leafs again did indoor work.

Holly and Graham are still north of Georgia somewhere and just when they are going to get set down at the Toronto training table is what both Manager Kelley and President McCaffery would like to know. Graham has signed a contract and should be on the job. He will have to give Kelley a good explanation when he shows up or there is liable to be something doing.

Nothing has been heard of Holly for some days and the Toronto management can not say whether he is a holdout or is detained at the Charleston race track. Another day is past and Mighty Tim is not at the camp. Nuf sed.

Report from Hot Springs says that Bobby Byrne, the Pirate third-sacker, who was beamed by Joe Wood yesterday, is out of danger and will be able to play again within a week or two.

Manager Kelley is after a good right-hander and will likely get one from McGraw as soon as the Giants break their camp in the south.

Johnny Lush is thirty pounds heavier than last year, but the good port-hider is carrying it well and should be a valuable man to the Leafs this year.

It is more than likely that the Leafs will have to call off some of their practice games with the Boston Nationals at Athens next week.

Should President Murphy of the Chicago National League Club fail to come to terms with Catcher James Archer within a short time he may lose the star backstop permanently. Archer is said to have received overtures from the Federal League whereby he would get the management of a club carrying with it a large salary and a percentage of the receipts. The clubs of Detroit and St. Louis were mentioned in the deal. Club owners of the new league, if it is formed, are in conflict with the major leagues by refusing to negotiate directly with Archer.

SIR LIPTON AGAIN GETS INTO PRINT

Tells New York Yacht Club Why His Challenge Should Have Been Accepted.

BELFAST, Ireland, March 20.—A request was sent to the New York Yacht Club, asking the New York Yacht Club for a reconsideration of its refusal of Sir Thomas Lipton's challenge for the America's Cup. This was accompanied by a long statement from Sir Thomas Lipton, with which the committee of the Irish club signified its agreement.

The committee hopes that the harmonious relations of the two clubs will be further cemented by another successful series of races and therefore requests the New York Yacht Club to reconsider its challenge.

Sir Thomas Lipton's statement is as follows:

"I deeply regret that the New York Yacht Club has been unable to accept my challenge. After reading the explanation given of its refusal, I can only conclude that the challenge and the intentions of the challenger have been misinterpreted. The deed of gift states: 'The competing yachts or vessels if of one class shall be not less than 65 feet, nor more than 90 feet at the water line.' The deed of gift also states that there shall be no time allowance.

"It must be presumed that the framers of the deed of gift intended that some reasonable meaning should be attached to their words, and they could never have contemplated such an absurdity as a challenger of 65 feet being met by a 90-foot defender.

"The deed of gift also requires that ten months prior to the race the challenger shall communicate the dimensions of his yacht, which dimensions shall not be exceeded. If the challenger's words quoted in the deed of gift are interpreted in the manner stated above, the person to fix within the limitation of the deed of gift, the dimensions of the competing yachts and that both yachts are to be of that dimension, then the deed of gift becomes intelligible and reasonable.

"I submit that this is the true intention of the deed of gift.

"It was on this understanding that I challenged and it reproduces the idea that my attempt has been made to impose limitations or restrictions not within the deed of gift.

"I venture to disagree from the statement made by the New York Yacht Club that the challenge does not differ in principle from the challenge I sent to America in 1907. The 1907 challenge was for a variation from the deed of gift in order to permit a race under the universal rule. No such variation is asked for in this case and I fail to see that there is any analogy between the two challenges.

"If upon reconsideration, which I am sure enough to give this matter, they accept my interpretation of the deed of gift, I shall be happy to remove from my challenge the words to which they object.

"Thomas J. Lipton."

TIM JORDAN MAY SIGN WITH BROOKLYN OUTLAWS

Torontos' Hard-Hitting First Baseman Has Offered From Manager Ganley.

NEW YORK, March 20.—The Brooklyn Club of the United States League has received its incorporation papers, naming Leo J. Groom, William A. Whitman and S. Dudley Shirk—Bob Ganley of Lowell, Mass., has been appointed manager of the team. He is getting together a strong club, but will sign no contract jumpers.

Ganley has had interviews with Tim Jordan of Toronto, champion of the International League, a hold-out, who has not signed with his club and may be induced to throw in his lot with the Brooklyn outlaws.

Charles Murphy of the Chicago National League, before leaving Jacksonville last night, declared he had been offered \$25,000 and two first-class players in exchange for Roger Bresnahan by a National League club, the name of which he refused to disclose. He is said to be one of the biggest offers ever made for a ball player, he refused to part with the former St. Louis manager.

It was officially announced in Detroit yesterday that Sam Crawford, veteran right fielder of the Detroit American League Club, has signed his 1913 contract. President Sexton said the contract calls for a \$6000 salary, which is the same as the 1912 agreement.

Charles Horse is the popular malady at the Leaf camp. The Mercer University diamond is responsible for this.

PEACHES GRAHAM ARRIVES AT MACON

Catcher in the Fold—Sun Makes His Appearance After Long Absence.

MACON, Ga., March 20.—(Can. Press.)—The warm sun struggled thru the leaden sky unexpectedly this afternoon and the Leafs had a hustling work-out on the Mercer University field. More benefit resulted from the efforts of the players than from any other practice since their arrival in camp. "Peaches" Graham has arrived here from his home in Sandstone, Minn., just setting at rest the fears of Manager Kelley that he might not report. Graham left Sandstone last Monday morning at 6 o'clock and reached here at 6 this evening. He is wearing a coat of tan as the result of a winter spent in the lumber woods. The catcher is 14 pounds lighter than when he reported for spring training last season. With the arrival of Holly and Jordan neither of whom have even been heard from, the team will be complete.

PHILLIES BEAT ORIOLES.

WILMINGTON, N.C., March 20.—The baseball game here today resulted as follows: Philadelphia (N.Y.) 5, Baltimore (I.) 1.

CONSIDERATE MAGISTRATE!

Magistrate Denison will hardly get credit for figuring out Jack Sheehan's time to wind up at Castle Chambers just before the flag falls at Woodbine Park, and he likely didn't. But the mere 60 days that young old Timmy Parkfield, Mark Boosberg, must serve for handbooking will let the original tipster have a few days to dope them out before the first bugle blows for the O.J.C. spring races.

WARD SELLS RACERS.

The local horseman, John C. Ward, who campaigned a stable of trotters and pacers on the ice during the past winter, yesterday sold the trotter Silver Tail, 2:19 1/4, by Alvoite, and the pacer Blanche B., 2:14 1/4, by Wilhelmo, Jr. to John Meade, a prominent member of the Dufferin Driving Club. Mr. Meade later sold Silver Tail to James Nesbitt, former owner of Oro B., etc.

Mr. Ward still has Ritchie, 2:07 1/4, and Greatest Heart, 2:12 1/4, a pair of clever pacers, that will shortly be taken to a race track to be prepared for the big race.

NO MATINEE TODAY.

Secretary McCullough announces that Park, the machine arranged for today has been postponed until the first Saturday this winter when two harness events will be put on.

EATON A. A. FOOTBALL CLUB.

At the annual meeting of the Eaton A.A. Football Club there was a good attendance. Everything points to a successful season, most of last year's team being again available. Following are the names of the officers elected: Hon. president, R. Y. Eaton; hon. president, E. Messrs, W. J. Bowman, D. Williams, E. Robinson, John Greer, president, F. N. Slater, vice-president, J. Halliwell, manager, R. Muir, secretary, S. McCudden, 4th street, Toronto; committee, F. N. Slater, J. Halliwell, E. Muir, J. Elliott, G. Wallace, S. The full Cornell track team leaves tomorrow to meet Michigan at Ann Arbor in the last indoor meet of the season.

SOCCER FOR BERLIN.

BERLIN, March 20.—Soccer football will be one of the amateur sports played here again this season. It was decided at a meeting tonight. The Tigers, who have won a prize locally, have entered a team and promise to make other eleven sit up and take notice. They have entered a team in the intermediate series of the W.F.A. The best players in the city will be got together. The Rangers may also enter a team.

AMATEUR BASEBALL.

The champion Cardinal Baseball Club have reorganized for the eighth successive year and will enter in one of the senior leagues. The first practice will be held this afternoon at City street square, when the following players are asked to turn out: Hill, Lang, Bowen, Curtis, Brown, Montgomery, Bedford, Jordan, Campbell, Wellwood, Hanes, Jordan, McCutcheon, Grogan, Tobin.

FRIDAY MORNING, MARCH 21, 1913.

GOOD FRIDAY.
 Good Friday, which is little more than a pleasant holiday to the mass of people, in the church circles one of the most sacred and solemn holy days of the ecclesiastical year, is not necessary to enter into the controversial aspects of the questions that surround the establishment of such days or festivals. It is sufficient to recognize that Christendom is by no means united as to the necessity or propriety of such observances. This is more particularly true, of course, of the non-conformist churches.

There is a historical side to the question, quite outside church circles, which is constantly assuming greater importance in the schools. It is quite clear that the Christian fasts and festivals took the place of other celebrated on corresponding dates from the remotest antiquity. Religions which were ancient before Christianity or Judaism had an existence observed these dates for reasons and in ways which, but for a difference of names, were practically identical with our later forms. The study of comparative religion has emphasized facts of this kind, but, unfortunately, the emphasis generally seems to have been laid on the wrong place in considering the results. Christian scholars seem especially irritated at anything coming from early or alien sources which would tend to confirm the principles they adopt without recognizing the forms with which they are familiar.

The general tendency appears to be to find a broader basis for the principles of religion than sectarianism of any shade seems pleased to have forced upon it. Every form of religion is inclined to lay great stress upon its own uniqueness, and each resents the idea that it is not unique, but is paralleled elsewhere. But there can be no doubt of the broadening influence of the study of comparative religion as "Christianity" among very weak men there may be a tendency to think less of a good thing because it is not so rare as was supposed. But sensible men welcome all reinforcements to the army of justice, or, as the Bible translators made the word, righteousness. The Master Himself declared, "He that is not against us is with us." His disciples then and since are somewhat dubious about the statement.

The time may come when Good Friday and Easter Day will be regarded, thru the influence of some great unifying religious movement of the future, as occasions for celebrating the life and uprising, in the widest sense, of the Master of Life, not only in the Perfect Man, but in Perfect Man and a Perfect Humanity, and, not less, in the consummation of the sacrifice, mystical and spiritual, as St. Paul conceived it, and as St. John recorded it, of "the Lamb slain from the foundations of the world."

WILSON REVERSES TAFT'S POLICY
 President Wilson has disapproved the "dollar diplomacy" initiated by President Taft and his secretary of state which they were inclined to regard as the high water mark of their foreign policy. The immediate matter before the president was a request from the United States banking syndicate connected with the proposed Chinese loan for an explanation of the attitude of the new administration towards the scheme. The syndicate did not become associated with the banking groups of the other participating nations of its own volition, but in response to a request received from the United States Government and only on condition that it had the backing of the administration. Its appearance on the scene was not particularly welcome to certain of the powers, but, supported by the government, its claim to participate was conceded and the "six power group" was formed, consisting of representatives of Britain, France, Germany, the United States, Russia and Japan. Loans to China have usually had a political string attached to them, and it was of course this presumed advantage which underlay the course of the several governments.

As the terms offered were not acceptable to the Chinese Government, the negotiations were protracted and met with a snag in the shape of an advance made by an independent group of bankers, headed by Clegg & Co. of London. President Wilson has now made it clear that his administration will not be a party to the pledging of particular taxes, some of them antiquated and burdensome, to a cur-

rency, nor assist in requiring the administration of those taxes by foreign agents. He regards the assumption of responsibility of that kind, even by implication, as obnoxious to the principles upon which the United States Government rests, and he foresees that such an assumption might lead to forcible interference in the financial and even the political affairs of China, "that great oriental state, just now awakening to a consciousness of its power and its obligation to its people." The United States has always stood for the integrity of China, and this decision of the president restores its liberty of action in that connection.

LOCAL IMPROVEMENT CAR LINES
 The World seems to have shared in the misconception which was widely spread concerning the proposal to lay street car lines on the local improvement system. The explanation that the local improvement system is not intended at all somewhat relieves the situation. It may also allay the enthusiasm for the plan which was developing in some quarters.

What the World objects to, and would continue to object to, is the suggestion that bodies of petitioners, or groups of residents, or local interests of any kind, either directly or thru an alderman, should have the power to go before the city council and lobby for street car lines. The initiative for laying all such lines should not be vested in the aldermen or anyone behind the aldermen, but in the expert or experts constituted by the city as the authority for that purpose. No line should be laid which does not have the prospect of supporting business before it in the view of the city authority, whether that authority be a traffic commission or the city engineer. A local improvement plan would load the city up with lines doubtful as business propositions and based only on the hopes of real estate promoters.

Ald. Wickert refers to clause eleven in report number two of the special committee on transportation:

"In so far as street car lines are concerned the local improvement plan would not mean that any street by petition could get better lines, but would, of course, be applicable only to a general traction scheme to be developed and adopted by the city."

He asserts that this covers everything in The World's contention. No doubt the intention is good, but we think the issue should be much more clearly defined. If Ald. Wickert is correct, then far from the plan being a local improvement scheme, all that the ratepayers could do would be to come forward should there be any delay in carrying out any part of the "general traction scheme to be developed and adopted by the city," and offer to assist in the financing of that portion in which they were concerned and so hasten its construction. If any ratepayers wish to do that, under the circumstances we note, no one could have any objection. But all this ought to be made perfectly clear.

We doubt if it will be necessary for the city to hold up any part of the "general traction scheme" for lack of funds. The civic lines will be a paying proposition from the start. They must be considered as a whole, and they must be considered in connection with the street railway company's franchise, which has only eight years of its life to run.

RADIUM AS A HEALING AGENT.
 From an editorial in the current number of the Canadian Lancet it appears that the official report of the work carried out at the London (Eng.) Radium Institute has just been issued, covering the period from August 14, 1911, to December 31, 1912. All kinds of cases were asked for and treated, and 637 patients were admitted for purposes of treatment and observation. The findings in general correspond with the results observed by other workers. Certain forms of malignant disease were found to be amenable to the action of radium, in some it had an alleviative effect, while in other cases no benefit was derived, or treatment was abandoned. However, the report is sufficiently satisfactory to justify the establishment of the institute and to encourage further experimentation.

FELL INTO CELLAR WAS BADLY INJURED
 After having spent the night in a deep cellar excavation, into which he had fallen, a man, 40 years of age, was discovered in a critical condition yesterday morning by two men from his home at 48 St. James street. Collins had been proceeding to St. James' Anglican Church for the evening service, in the basement of the building, when he slipped and fell into a deep excavation just north of Howard Park avenue, where three stores are to be erected. He fell down the hole and received injuries which rendered him unconscious.

On being found yesterday morning he was rushed to a motor car hospital, where he now lies in a serious condition.

KINGSTON ARCHITECT DEAD.
 KINGSTON, March 19.—(Special.)—Herbert Smith, aged 47, a leading architect here for many years, died today after two weeks' illness from pneumonia. He was a prominent member of Catholic societies and the yacht club, having been secretary of the latter institution. He is survived by a wife and one son. Many fine buildings in the city were erected under his plans.

KINGSTON NEEDS.
 KINGSTON, March 19.—(Special.)—The board of education will ask the city council for \$22,395 for high school purposes and \$36,425 for public schools. These figures contain an appropriation for building technical education. Three large additions are to be made to schools during the year, and ultimately the amount required for the year will be about \$100,000.

The Philosopher of Folly
 By Sherwood Hart

O TEMPORA! O MORES!

The highbrows sigh for days gone by and poets long departed; the kings of Phoenicia then they long for, broken-hearted. From coast to coast they hand a roast to trivial rhyme contrivers; they rant and swear and pay the price and wave their bunch of fivers. "The moderns grow worse and worse!" they shout till windows rattle; "To cop the cash folks ought to write trash and support worse!" But in the days the critics praise the reader had more leisure. In peace he read from A to Z each long poetic treasure. O'Connell! O'Connell! these days have flown and Poesy's a mourner. Our leisure fed, we find instead a jog on every corner. For what we cannot get, we grow these each by each and things like him from six to six we lay using bricks and giving brain and muscle. When some we tramp and light the lamp, and tuck a little while when thru our kale and kippers. Our labor does not give us to bards of bygone ages; we cannot train our weary brain to follow seers and sages. We have no time for miles of rhyme in 40-volume stories. We want to grin or turn in. O tempora, O mores!

EASTER HOLIDAY RATES.
 Special Trains from Toronto, March 22nd.

The Grand Trunk Railway System will operate special trains from Toronto to the coast on Easter Holiday traffic, Saturday, March 22nd, as follows:

8:30 a.m. for Brampton, Georgetown, Guelp, Elora, Perth, and Ottawa; and certain intermediate stations.

1:30 p.m. for Whitby, Oshawa, Bowmanville, Newcastle, Port Hope, Cobourg, Colborne, Brighton, Trenton, Belleville and all intermediate stations.

4:15 p.m. for Hamilton, Brantford, Woodstock, Ingersoll and London.

4:45 p.m. for Toronto, Markham, Stouffville, Uxbridge, Blackwater, June, Lindsay and all intermediate stations. These special trains are run to relieve congestion and prevent overcrowding on regular trains, and passengers will find it to their advantage to get to the coast station early and travel by special train. Coaches, of course, will be added to all regular trains during the period that result in less crowding.

Tickets will be issued at single fare for round trip between all stations in Canada east of Port Arthur, and to Detroit and Port Huron, Mich., Buffalo, Black Rock, Niagara Falls and Suspension Bridge, N.Y.

Good going Friday, Saturday, Sunday and Monday, March 21, 22, 23 and 24, valid for return on or before Wednesday, March 26, 1913. Full particulars and tickets from the Grand Trunk Agents, Toronto City Ticket Office, northwest corner King street and Yonge streets. Phone Main 4269.

Laughed at Trial FOR WIFE MURDER
 New York Man Claimed That All Witnesses Were Lying.

Special to The Toronto World.
 NEW YORK, March 19.—Alexander Spear, accused of murdering his wife by cutting her throat with a razor and splitting her head with a meat-cleaver, laughed thru much of his testimony today in the supreme court.

When asked about the story, told by several persons, that before his wife's death he had made threats against her, he cried:

"May I die in the electric chair if any of these people were telling the truth?"

"How about the testimony of your son, that you illustrated by cutting an apple the way that you were going to cut your wife's throat?" he was asked.

He burst into a roar of laughter, and no one was able to make out his reply. The question was repeated, and after a few minutes he said: "There was nothing to that at all."

LITTLE PICTURE EXHIBITION TO BE OPEN THIS AFTERNOON.

On account of many requests from persons who wish to see the Exhibition of Little Pictures, and especially a number from out of town, it has been decided to open the gallery at the public library today from 2:30 to 6 p.m. There have been 3730 visitors to this exhibition and fifty-six pictures have been sold.

CLASS OF 1888 REUNION.
 University of Toronto arts class of '88 held a reunion at the King Edward Hotel last night. After the banquet every member present was called upon to say a few words in a reminiscent way.

To sit with Wife by the fireside on a winter's night,
 With a good pipe and matches, is my great delight,
 Because I know the matches, Eddy's Silents, are alright.
 They're Safe, Sure, Silent—each time I strike I get a light.

GRACEFUL PLEATINGS.

This dress is a recent addition to a smart wardrobe. It has the appearance of a three-piece costume, but is really all together. The high collared blouse-front is of white chiffon, with a tiny bow of cream lace at the throat and a row of fancy buttons. Over this is a coat of dark plum-colored charmeuse, trimmed with cords, self-covered. Corner weights give graceful lines to the back of the coat. The skirt is of black satin and the same material is used for the collar, cuffs and girdle.

FOR EASTER TABLES.

In these balmy days of an early spring the gastronomic fancy naturally turns to lighter forms of diet. New vegetables, fruits and fish are of strong appeal during the Easter season, and Gallagher & Co., 107 East King street, have made special preparation for its tables. This firm is able to do in a very complete manner, on account of its extensive and direct connections with all the producing centres and leading markets. Gallagher & Co. are carrying a large and select stock in all seasonal varieties of fish, fresh and smoked, shellfish, vegetables and fruits.

Optimism.

If we could always appreciate the good in everyone we would never be unhappy. The very thought of some one you love, coming to you in an hour of "business," lifts your gloom. Just the thought of good or merit in somebody reflects good to you. The spirit of seeing good in everything is optimism, and optimism is developed in children by what we call positive training. That is the training by "do" instead of "don't."

Some day, count the number of times you say, "don't," or "stop." Listen to the children when at play to see if they are copying you. A negative method of training makes a child critical and fault-finding, therefore ill-natured and unhappy. Study your children reasonably, and without prejudice, trying to realize that every fault is only a lack of virtue, and that you, as mother, can develop the virtue. Do not emphasize the fault, but build up the virtue. If a child is slow, encourage him in promptness; if selfish, he needs unselfishness; if untruthful, accuracy; if overbearing, tenderness. Build up the weak where it is weakest, and above all, be very generous with your words of approval. Whenever a genuine effort is made to overcome a fault, be sure to praise the child, and show him your love and appreciation. After all, it is the love that counts.

NEW BUSINESS BOOK

The World in connection with a syndicate of publishers in other cities has secured the right to distribute in Ontario the new business book by Seymour Eaton. The original books by this author were well received by the business public as a very necessary adjunct to his business literature. The new book is a concise synopsis of business methods which is indispensable to the successful business man today. This edition of "100 Lessons in Business" will be obtainable for a short time at The Toronto World office, and can be secured by any one presenting consecutively dated coupons clipped from The Daily World, together with 7c. The coupons are printed on another page, and if you desire one of these books, it will be well to start at once, as the issue is limited, and it will be impossible to obtain this book after the coupons are withdrawn, as they are not on sale by the regular trade.

PEDLER FOUND DEAD.

Tony Spolito, an Italian ice cream pedlar, who for the past 30 years has resided in the "Ward," was found dead in his room at 117 Edward street, about 7 p.m. yesterday. As far as is known the dead man had no relatives. The chief coroner was notified and the body was removed to the morgue.

—Boy Maintains Diseased Limb Is Cured.

NEW YORK, March 20.—(Can. Press.)—In the presence of scores of physicians gathered from all parts of the country, many of them representing city health boards, Dr. F. F. Friedman treated 25 patients today. Twenty-nine of the sufferers were deformed babies. Before holding his demonstration, the Berlin specialist issued a statement advising out-of-town persons not to come to New York with the hope of being treated until after the government had passed on his vaccine at the conclusion of its inquiry.

STRIKERS ARE CONFIDENT

Garment Workers Believe That Manufacturers Will End Strike.

No change is apparent in the situation between the clothing manufacturers and the striking garment workers. Manufacturers did not seem to be inclined to talk matters over yesterday with the strikers because of the holiday today and the short day on Saturday. However, it is expected that negotiations will be entered into early next week, and the union officials feel confident that they will be able to persuade the manufacturers into their way of thinking.

NO HOCHELAGA PROTEST.

MONTREAL, March 20.—(Special.)—Hon. Louis Gouin arrived in the city this evening and was informed that as the time had expired, no protest in the Hochelaga election had been entered. The secretary of state will be banqueted by both Liberals and Conservatives of St. Urs, the secretary of state's native parish, on Monday evening.

Easter Music on the Phonograph or Victrola

This is the season for joy, laughter, and good cheer—the time for rejoicement and music—good music, music that fits your every mood and inspires you with lofty ideals—music such as is furnished by the Edison phonograph and Victor-Victrola.

Every home should have some music on Easter Sunday. Spring-time demands it. Everyone will appreciate it.

Small First Payment— Immediate Delivery

It is not necessary to make a big cash outlay to secure one of these instruments. Any Phonograph or Victrola in our parlors may be purchased upon the partial payment plan. A small first payment from \$5.00 up, depending upon the price of the instrument. And we will deliver the instrument to your home the SAME DAY—in time for Easter. Balance may be paid in very easy instalments that lets the obligation rest lightly upon you.

"WHO'S THE DOG?" IS THE QUESTION

The Manufacturers' Association, the C. P. R., or the Workingman.

RE COMPENSATION ACT

Interesting Clash and Humorous Repartee at the Hearing.

Until yesterday afternoon the hearings held by Sir William Meredith on the Workmen's Compensation Act, were noted for their jovial and humorous nature. Fate, however, had decided that the break between the judge and the C. M. A. representative must come sometime, and it came about 4 o'clock when, after hours of hard work, Sir William asked Frank W. Wegman his opinion on a clause in the draft bill.

"The clause is the same as in your own draft bills," urged the commissioner.

"I will not venture any suggestion when the clause is taken out of its context," said Mr. Wegman.

"Don't you think, Mr. Wegman, you should get down from your pedestal?" asked Sir William.

"No, Sir William, I am sorry, but this is the position I am obliged to take."

"Then I shall report that the gentleman who represented the manufacturers at this enquiry has refused to give any assistance in the preparation of the bill."

"Then your lordship will report what is untrue. I have devoted three years to the investigation," was Mr. Wegman's heated retort.

Some of the humorous bits of the hearing were as follows:

Sir William: Is \$10 week too much to place as the average wage of the average working man in Ontario?

Mr. Wegman: It is, and it is simply astounding to hear that question coming from you.

Sir William: Well, I know what I have to pay.

Mr. Wegman: I guarantee that in Ontario there are more men getting less than \$2 a day than more than \$2 a day.

Sir William: I dare say there are many manufacturers who are not represented by you. What about Mr. MacMurphy and the C. P. R.?

Mr. Wegman: He represents about five per cent. of what I represent. I represent 85 per cent. of the pay roll of the province.

Sir William: Yes, but it's fallacious to say that because you represent 85 per cent. of the pay roll that you represent 85 per cent. of the manufacturers of the province.

Sir William: The manufacturers have been looking out for their own interests. They haven't had their workmen in mind.

Mr. Wegman: That's unfair.

Sir William: They knew the present act wouldn't do, and they wanted to meet the devil half way.

Mr. Wegman: There's a page out of my report (hunting for the lost page).

Sir William: I guess that's the one praising the bill. You left it at home like the prime minister of Quebec.

Sir William: The whole of your argument is to shelve down the schedule, all the others are fireworks and embellishments.

Mr. Wegman: That, Sir William, I submit is unfair.

Mr. Wegman: The board will be mixed up in politics. What we have in mind is that every possible care should be taken to keep the system out of politics.

Sir William (thinking of reciprocity presumably): Well, I understood the manufacturers sometimes dabbled in politics.

Sir William: I don't think I'll recommend you for a place on the board.

Mr. Wegman: I'm not looking for a place on the board, but thank you very much for the compliment, just the same.

Mr. Wegman: The tail shouldn't wag the dog.

Sir William: Who's the dog?

Mr. Wegman: The Manufacturers' Association; I. F. Hellmuth, K.C., C. P. R., and we're the tail.

Sir William: I think the workman's the dog.

Mr. Baneroff (Labor): No, the workman's just the hair on the dog's tail.

LATEST IN MEN'S HATS.

Women have been the targets for much ridicule over their subjection to the tyranny of fashion. But after all, are men free from similar aspersions? The difference in the successive styles that come year after year may not be so pronounced in their case, but it exists, and the male devotees of the latest vogue in coats, hats or ties are not a whit less insistent on being up to date as their wives, sisters, cousins or aunts.

Hats especially are continually changing in style, as witness such a show as is now on view in L. J. Applethorpe & Sons' two stores, Yonge and Richmond streets and Yonge and Queen streets. The latter, just opened, is a testimony to the enterprise and expansion of Applethorpe's, a name inseparably associated with the hat trade of Toronto. These two great stores are filled to overflowing with the newest and most stylish lines in men's hats and invite attention from all who wish to be really in the smart set.

KILLED BY TREE.

INGERSOLL, March 20.—(Can. Press.)—Half an hour after beginning work in the bush of Edgar Couch of North, Oxford, in company with Melburne Bartindale, injuries which caused his death were received this afternoon by William Lewis. Lewis and Bartindale, with the assistance of Couch, were trying to dislodge a tree that had fallen into another. The second tree proved to be hollow, and the saw had only penetrated a short distance when it began to fall. It split, and altho he was trying to escape Lewis was knocked down by one of the pieces and his death occurred in a few minutes. He was thirty years of age and leaves a widow.

TURKS WERE REPULSED WITH SEVERE LOSSES

SOFIA, March 20.—(Can. Press.)—Severe fighting occurred yesterday along the Tchatalja lines. According to an official statement a Turkish division with artillery advanced against the Bulgarian left wing, but was repulsed with heavy loss. Another Turkish division, which advanced against the centre was put to flight by a Bulgarian counter attack. The Turks left 500 dead on the field. In the evening six battalions tried an attack on the extreme left, but were forced to retreat under heavy artillery and rifle fire.

ANSLEY GARDENS

NORTH TORONTO

This high-class residential property is situated in North Toronto, inside the city limits, commences one block west of Yonge Street, and the extreme west is one block east of Avenue Road. It is already surrounded by valuable homes ranging in price from \$10,000 to \$50,000. The district is served by the Metropolitan Railway, has a ten-minute car service, has sewers, sidewalks, roadways, hydro-electric lighting, gas and every city convenience; eighty-six-foot boulevards, lined on either side with stately avenues of pine trees. It has daily deliveries from city departmental stores, two daily mail deliveries, first-class local stores, churches, schools, and colleges, and is within one-half hour's electric railway and about fifteen minutes' motor car ride from Queen and Yonge. Altogether it is a better locality than Rosedale and Avenue Road Hill. These are facts, and \$65 and \$75 per foot are bargain prices.

In the daily papers during the present week the district called Glen Grove Annex was extensively advertised at \$12, \$13, \$14 and \$15 per foot, with the statement that it was within a few yards of our property described above. This advertisement was entirely misleading, as Bathurst Street is about a mile west of Beaumont Street, the extreme westerly limit of ANSLEY GARDENS, and Glen Grove Annex is north of the present city limits. It is purely farm land, has no car service nearer than Yonge Street, and has no convenience of any kind. In our opinion ANSLEY GARDENS positively is worth \$100 per foot easier than the other property is \$5, and will realize a much larger proportion of profit even as an investment, apart from its desirability as home sites.

KING EDWARD SCHOOL CONCERT
On Tuesday evening, March 18, the Athletic Club held their annual concert in the kindergarten room. The program was one of the best the club has ever provided. Miss Josephine Lewis won the praise of everybody by her pleasing rendition of several numbers. The instrumental, by Miss Eva Corin, was well received, as also the vocal solos by Miss Vera McLean. These three young ladies are ex-pupils of the school, and are destined to take a leading place among Toronto entertainers. Mr. Bostance, who convulsed the audience in hisimitable defence of the Widow Bardell in the trial scene from Pickwick. His recitation, with the whistling accompaniment, and his political speech in pantomime were greatly enjoyed. The thanks of the club are due to Sergeant

The Greatest Land Sale Ever Held in Toronto

The sale of lots in our two new surveys, GREENMOUNT AND WOODMOUNT PARKS has been phenomenal. Since we opened up these two new properties less than two weeks ago we have already sold \$2 10,000 of lots and we are certain that by Monday night next we will have passed the \$300,000 mark in sales.

Come Out and See for Yourself Good Friday and Saturday

Take advantage of the holiday ~~TODAY~~ and the half-holiday Saturday to look over these properties and verify the statements we have been making about the tremendous development that is now going on in this section of the city.

PHOTO TAKEN ON SAME SPOT ON JONES AVENUE, DECEMBER 21, 1912—SHOWING ELEVEN MONTHS' DEVELOPMENT WORK.

These photographs of the same spot on Jones Avenue represent eleven months of McEachren development. Every survey we opened we developed or propose to develop in the same manner.

Contrast this with any of the surveys put on the market by others in the past few years and which are as barren now as the day they were first opened up.

We are owners—not agents. We not only sell—we develop. We have done more to build up the east end of Toronto than all the other realty companies in the city combined.

As examples of McEachren development and consequent increase in property values, we might mention the following, a few only of the surveys we have developed:

Danforth survey opened in fall of 1911 at \$17 a foot. It is now selling at \$35. Built up with \$3,000 houses.

Eastmount Park opened up in fall of 1911 at \$19 a foot. Now sells at \$40 and \$45. All built up in \$5,000 houses.

Strathcona Estate opened in spring of 1911 at \$18. It is all built up, and cannot be bought.

Wineva, Hambly and Lee avenues opened in 1910 at \$15 a foot. To-day it is worth \$60 to \$75. All built up, and very few lots to be had. In 1911 we sold 20,000 feet of land at \$340,000. This is now worth \$800,000.

In 1912 we sold two subdivisions—25,000 feet, for \$700,000. This property is now worth a million dollars.

REAL ESTATE NEWS

BUYING OF BUILDING LAND IS FEATURE OF REALTY MARKET

Persistent Enquiry For Lots For House Construction Is Predominant Note in Property Activity—All New Sections in Demand.

Agents who anticipated that the heavy sale of building land that was an unusual feature of winter business would mean a lesser turnover during the spring, admit cheerfully that they were out of their calculations. The past week has brought forth a wider and heavier enquiry, with larger resultant sales, than any similar period for months. Real building land, land improved sufficiently for the builder to go ahead with his work, is the most saleable thing on the realty market. The builders are not asking that every improvement be in, water and sidewalks suffice. They will wait for the sewers and the permanent pavements, and they are prepared to look ahead of the cars, provided the car-civic cars—are in operation this summer. They must have water connections for their building work. Level building land, in localities restricted to brick fronts only, brings from \$25 up, with only odd pieces at that figure. Vacancies on which can be built houses to sell from \$3500 to \$4500, bring \$45 to \$55 on an average, and builders often find it profitable to pay a little more for their frontage because of the added readiness in sale that the locality might bring. Building land with water in and improvements applied for, and in reasonable proximity to a projected car service at less than \$5, is scarce indeed and does not stay long on the market. Until there is more of it few six-roomed brick front \$2800 to \$3000 houses will be available, and this is the class of house thousands of people would like to buy. Until there are

more of this kind of land the great majority of people will continue to double up and those congested conditions that semi-philanthropic housing companies hope to relieve, will monthly be intensified. A few car lines out into the open fields about the city, and there would be no need to talk housing companies and labor in famines, and thousands upon thousands of feet frontage at \$25 would be available to the wage-earner. Heavy Sectional Sales. Cheap building land is scarce, but high-class property is just about as difficult to secure. There seems to be plenty of really good property on the market, but that is an appearance given by the plentifulty of publicity that the good lots receive. Builders are snapping up all the better class lots for this summer's work, and soon there will be practically no improved land available unless the city hurries along its spring improvement installations. The continuous and heavy purchases of North Toronto properties like Lawrence Park, Glebe Manor, Alexandra Gardens, Ansley Gardens and other desirable homestead locations are examples of the demand; and in Moore Park on the hill, in the St. Clair avenue section, along sections naturally favored in the Gerrard and Danforth districts, there is also a splendid volume of turnover. Much of the Business "Resales." A great deal of the lots being taken up by builders in subdivisions are "resales"—lots bought by investors from the subdividers, held a few months while improvements were approaching and coming in, and then turned over the builder. The record in Toronto is that few lots go direct from the real estate man who carries them from acreage into frontage to the builder. The reason is that the builder uses all his financial powers for quick purchases of land, for immediate building and for a speedy turnover. The middleman has great opportunities in building land.

SKYSCRAPER PROMOTERS WILL HAVE TO FIGHT FOR PERMITS

Council Decides to Stick to One Hundred and Thirty-Foot Limit in Future—Thick Walls Clause For Tall Buildings Discarded—Apartment House and Private Dwelling Rooms Must Have at Least One Window Opening to External Air.

Resuming consideration of the proposed building bylaw yesterday afternoon the city council by a close vote decided that the provision that certain walls must be increased by four and one-half inches in thickness below the uppermost 75 feet of the building and by an additional four and one-half inches below the uppermost 135 feet, adds no appreciable security to the building and should be removed from the bylaw.

School buildings were removed from the list of those that must be fireproof if over thirty-five feet high. After much discussion and voting on three amendments the clause limiting the height of buildings to 130 feet was adopted. The clause to prevent dwellings on front and rear of lots was strengthened, and another clause makes it imperative that every room of an apartment house or any dwelling must have a window opening to external air.

YORK ST. SALE AT FIFTY THOUSAND

Freehold Ownership in Three-Storey Buildings and Thirty Feet Frontage Transferred.

The three-storey brick building at 48 York street, with land 30 feet by 110, has been transferred from William Garside to Hugh White at a consideration of \$50,000.

The land has an assessment of \$15,000 and building \$15,000. Hugh White was a lessee of the property, which is just north of Front street and adjoins land owned by Sir William Mackenzie.

BARTHOU MAY BE FRENCH PREMIER

Will Give Definite Answer Today to Invitation to Form Cabinet.

PARIS, March 20.—(Can. Press).—Jean Barthou, minister of justice in the Briand cabinet which recently resigned, will give a definite answer tomorrow to the request of President Poincare that he form a new cabinet. He will consult with his friends regarding his decision, but it is considered practically certain that he will accept the task. M. Barthou said tonight that in the event of his acceptance, the two cardinal principles in his program would be "proportionality of representation and three years' service in the army. His first endeavor, he added, would be to try to induce the senatorial committee to accept the principle of representation by the majorities, the details of which could be arranged later in a spirit of conciliation. He hoped in this way to end the deadlock between the two houses of parliament.

STRIKE AT DOON NEAR END. BERLIN, Ont., March 20.—(Special).—T. J. Bileens, fair wage officer of the department of labor, Ottawa, was in Doon this afternoon investigating the strike of the Doon Twine and Cordage Company. The strikers are asking for an increase of ten cents a day. The wages now average \$7.10 per week for men and \$4.00 for girls. Most of the employees have returned to work, feeling satisfied that the labor officer will be able to effect a satisfactory settlement.

QUEEN'S UNIVERSITY COUNCIL. KINGSTON, March 20.—(Special).—The following were elected members of the council of Queen's University: H. M. Mowat, K.C., Toronto; Mrs. H. A. Lavelle, Smith's Falls; Rev. James Wallace, Lindsay; Lieut.-Col. H. R. Duff, Kingston; C. E. MacDonell, Ottawa; F. J. Pope, New York; Rev. J. Donnell, Haldimand; Mayor T. J. Rigney, Kingston; D. M. McIntyre, K.C., Toronto, re-elected trustees. James Hayden, Ottawa, was also elected trustee, the no word having called for the appointment of two trustees.

ESTATE NOTICES. NOTICE TO CREDITORS OF NINIAN RAND LINDSAY, Late of the City of Toronto, in the County of York, Manufacturer, Deceased.

Notice is hereby given pursuant to the Statutes of Ontario, 1910, Chapter 26, that all persons having claims, including those having any specific or general lien or charge on any property, against the estate of the said Ninian Rand Lindsay, who died on the 26th day of January, 1913, are required before the first day of May, 1913, to send by post, prepaid, or deliver to the undersigned, executrix of the will of said deceased, their names, addresses and descriptions, full particulars of their claims, statement of their accounts and the nature of the securities, if any held by them. After the last-mentioned date the said executrix will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to claims of which she shall have been notified, and she will not be liable for any claims or for said assets, or any part thereof, to any person or persons of whose claim notice shall not have been received by her at the time of such distribution, and such persons shall be peremptorily excluded from the benefit of such distribution. Dated this 19th day of March, 1913.

STRUCK BY MOTOR IN DARK SUBWAY

Nine-Year-Old Boy Had Narrow Escape in Queen Street.

To have the wheel of a motorcar pass over his head and to sustain injuries which are not expected to prove serious, was the lot last night of John Chaffee of 36 Dundas street, a 9-year-old boy.

Looking in the opposite direction to that in which it was coming, the boy walked directly in front of the motorcar owned by Fred Simons of 83 Spencer avenue, at dusk last night. The car was travelling thru the West Queen street subway at the time and the driver was hampered by the poor light.

After the wheel of the car had passed over him, the boy was picked up unconscious and rushed in the motorcar to the Parkdale Hospital, Queen

FAIRBANK.
A successful missionary banquet was held on Wednesday evening in the Fairbank Presbyterian Church. Mrs. Grant Needham gave a stirring address on the work of the Woman's Home Mission Society in Canada. Mr. Lane of Knox College represented the Knox Students' Missionary Society and gave an interesting account of his experiences amongst the men doing construction work along 100 miles of the Grand Trunk Pacific. Rev. Dr. R. P. McKay, secretary of foreign missions, spoke very forcibly on "The Life of David Livingstone." It being the hundred anniversary of that hero's birth, Miss L. Mayberry and Miss Kay, Rev. E. Colbeck, pastor of the Fairbank Baptist Church, and Rev. A. Young, pastor of the Episcopal Church, were present.

SENSATION COMING, SAID LOVE
TWO WEEKS PRIOR TO TRAGEDY
EVIDENCE GIVEN BY A NEIGHBOR

Expert Evidence Indicated That Stains on Trousers of Accused Man Were Made by Human Blood, But Smock Worn on Day of Murder Could Not Be Found—Son Sticks to Evidence.

(By a Staff Reporter.)
OWEN SOUND, March 20.—(Special.)—"The next thing that happens in Ceylon will make all your eyes open."
"When did the prisoner say this?"
"About two weeks before the murder, it may have been longer."
Called by the crown to give evidence in the trial of Charles Henry Love, accused of murdering his wife at Ceylon, last December, James Radley declared that Love had made the above remark to him in an interview in his home.
This and other testimony of a like nature featured today's hearing of the case. Expert evidence showed that stains on the trousers of accused were made by human blood. The crown adduced evidence to the effect that the suit of "smocks" which Love was said to have worn on Monday, Dec. 3, had not been seen after that night.
Wearing Apparel Produced.
Matters were first seemed trifling, were gone into thoroughly by Crown Counsel Gamble. Pieces of wearing apparel belonging to Mrs. Love, and also garments owned by the man were submitted for the inspection of those who testified. In the absence of eye witnesses, the crown attempted to connect Love with the crime by means of this mute evidence.
Defence Counsel W. H. Wright subjected all the witnesses to a rigorous cross examination. He raked up points about almost each and every one of them so as to disprove their stories. His general line of attack was on the difference in the testimony as given at the coroner's and preliminary hearings and that offered at the present trial.

Boy's Nerves Shaken.
In examining Arnel Love, aged 14, Mr. Wright mercilessly propounded question after question to the lad and charged him with possessing a poor memory. Counsel succeeded in getting an admission that Arnel had been troubled with his nerves sometime back and had to drop several subjects at school.
In an effort to disconcert Mrs. Kennedy, the defence decried her education and forced her to write the words "Owen Sound" on a paper.
"That the blow on the head would have caused death in all probability, if there had been no other wounds, was the evidence of Dr. James McWilliams, who, with Dr. Ego, performed the post mortem. Both the doctors agreed that the death wound had been inflicted while the woman lay where found. They did not think that either of the knives used in the house could have made the cuts, as they were not sharp enough. To his lordship Dr. McWilliams admitted that, in the opinion of the knives were pressed firmly against the neck, the incisions might be deeper than the actual length of the blade.
Son's Testimony.
Questioned by Crown Counsel Gamble, Arnel Love added to the testimony which he gave on Wednesday. In many respects it was similar to that taken at the inquest, but on a few matters he was more definite.
During the time they were waiting for Mr. Colinson and Mr. Hepburn to arrive after the body had been discovered by Love in the cellar, Arnel and his father sat down on the lounge.
His father asked him if he saw anyone on his way to school Tuesday morning. When the boy enumerated several people, Love instructed him to tell everyone that he saw a strange-looking man and to describe him. Just then they heard footsteps.
"Did you tell that to anyone?" asked Mr. Gamble.
"Yes."
"Was it true?"
"No."
"Can you tell us anything about the clothes your father had on on Monday night?"
"He had on a pair of trousers faded and patched on one knee."
"What made you notice them?"
"Father poked his finger thru a hole in them and said it was time he got a new pair."
Witness looked at two pairs of trousers. These, he declared, belonged to his father, but were not those which he wore on Monday night.
"When did you see the pair with the patch on the knee last?"
"On Monday night."
"What did he have on on Tuesday?"
"A pair of trousers similar to the one on Monday night."
"Do you remember what he wore on Wednesday?"
"No."
Judge's Query.
His Lordship: Are you able to tell the jury that you saw the patched trousers on Monday night, but did not see them after Monday night?"
"I can't remember seeing them."
To Mr. Wright, witness did not deny that he had complained of his nerves.
In answer to query if he had been taken in charge by inspector of Detectives Reburn, the boy replied he had. He had been clothed with the officer. The evidence which he formerly gave had been read over to him twice.
"You signed a statement?" continued Mr. Wright.
"Yes."

Magistrate Criticized.
Judge Lennox is that a proper thing for a magistrate to do to take a detective in getting a statement from a witness?
Mr. Gamble: I would not like to express an opinion on the matter.
Judge Lennox: Well, in the absence of an opinion from counsel, I have a very clear opinion that it was a very improper thing for a magistrate to do.
Mr. Gamble: I can't say as to that.
Judge Lennox: No, it is a very improper thing for Mr. McGill to do, but I am not in good faith.
Blood Stains.
Dr. T. A. Archibald, expert on blood stains, next took the stand. Two shirts were turned over to him by the provincial police. These were worn by Love until Constable Cook took them from the house.
On the right cuff of the black shirt he found a brown stain. This gave a chemical test of human blood. Under the microscope test it could not be determined definitely whether it was human blood or not. On the blue shirt he detected a blood stain on the right cuff, and a small spot near the chest opening. Test of the stains on the blue shirt convinced him that they were made by human blood.
George Beacraft, a teamster, who hauled coal from Ceylon to Owen Sound, testified concerning the trousers worn by Love on the Saturday prior to the murder. These were patched and the patches were red and had at that time pointed to the patch and put his finger in the hole, also remarking that he would have to soon get a new pair.

Heard Scream.
A scream unlike that of a baby alarmed her one night as she was retiring, testified Mrs. Mary Rutledge, a neighbor of Love's. She heard this some time between midnight and 11 o'clock. She could not place the date, but thought it was on the night not long before the body was found.
Henry Love was very strangely Tuesday night, when he came to her house and she became frightened at his attitude. Mrs. Elizabeth Kennedy appeared to be all right. He asked Mrs. Kennedy when she had last seen Mrs. Love and she replied that it was on Monday night, coming from the Ceylon school.
Hereupon Love grasped the door knob, opened the door, and said he wasn't a wild or reckless man, he sometimes went to Radley's hotel on business. There was lots to eat and drink, and he did not know why she went away.
Frightened Woman.
Calling at the Love home that night, Mrs. Kennedy found Love shaking the stove and the fireplace, and she bright thing beside it. He insisted on showing her the rooms and the clothes of the missing woman, and Mrs. Kennedy declared she saw a blue dress and identified a blue dress as the one she had seen on Mrs. Love on the Monday night.
At this point in the trial Inspector Reburn came into the room with several other detectives for the purpose of having the fingerprints on the crown producing these things before the jury, but Mr. Gamble contended that every article of the clothes being covered with blood.
Odor of Burning Cloth.
Lionel Fawcett, who was doing some tailoring for the defendant, testified he sat in the sitting room about that time of the same morning.
Kennedy and Colinson houses about 5:30 on the Wednesday following Mrs. Love's disappearance, said Fawcett, he smelt an odor of burning cloth or hair coming from the vicinity of the house. There were several others with him at the time.
In describing the talk he had with accused, James Radley said that Love talked quite a bit, and the witness did not attach much importance to the prediction that he had made, which happens in Ceylon will make all your eyes open.

Will Finish Tomorrow.
His Lordship Judge Lennox declared that of a night session, so that the case could be concluded before Saturday. Crown Counsel Gamble objected, however, and stated that both defence and prosecution had decided the case would be finished by Saturday.
For his defence Mr. Wright will call several of the crown witnesses. He will attack the police for what he alleged to be third degree methods in securing evidence.
The addresses of counsel will likely be heard on Friday night and the case will then go to the jury. W. S. Mid-dleton, M.P., was present at the trial.

PROMOTES SYSTEM OF LABOR STORES
Labor Council is Urged to Tackle New Idea of Co-Operation.

A proposition is on foot to establish a system of co-operative union label stores thruout the whole of Dominion. With promoting the new project, addressed the delegates from the various unions at the meeting of the Trades and Labor Council last night. The plan is to sell union made goods only thru such stores. The proposition will be put forward to all the unions in the city by their officers and a report will be made at the next meeting of the Trades and Labor Council.

SCANDAL IN NEW YORK FAMILY
REVEALED BY WILL IN COURT

Adopted Son of Dead Man's Daughter Turns Out to Be Her Brother—Will Stipulated That Boy's Adoption Was to Be Undone, But Judge Decided Otherwise.

Special to The Toronto World.
NEW YORK, March 20.—A decision in the case of "Anonymous," handed down by Surrogate Fowler this afternoon, reveals a scandal involving a New York family. Probably only the surrogate and officers of his court and the lawyers in the case know the identity of those involved. The surrogate declared he would use every precaution to keep their identity veiled.
The will of a man recently deceased reveals that the adopted son of a daughter of the testator is in reality her brother. The illegitimate son of her father. No name appears in the decision and the testator is known as "Anonymous" thruout the decision.
When asked if he would give any further information as to the years Surrogate Fowler said he would not.
"I would rather go down and out of the office than reveal the name of this man," he said.
Asked if the man was poor, he answered quickly that he was not and then added, "That is, he was not too rich."
The surrogate said the boy involved in the case is under fourteen, is in a private school and his name is not in the facts of his birth would put a blight upon his life.
Mother Disappeared.
The story told in the will is that Anonymous, who died some months ago, was married and had a daughter by the marriage; also that several years later and less than sixteen years ago he had a son born out of wedlock. The mother of the illegitimate child was a lady named Mrs. M. who was married to a man in the Roman Catholic Church and received in baptism the name of his natural father.
Subsequently the daughter of Anonymous took charge of this boy and without her father's knowledge, or consent, legally adopted him, as the will says was a married woman and the boy was given her husband's name.
"Whether the daughter was moved by compassion, affection or religious scruples to adopt the natural son of her father, does not appear," says the surrogate in his decision, "but such adoption was without her father's consent, and that he wishes the infant to bear his name does not appear in his will."
"For in one clause of the will he provides that his daughter's adoption of the boy is to be undone within six months after his death, and the baptism name of the boy is to be changed. Unless this is done within the six months, whatever bequests are made to the daughter in the will are immediately nullified, and these bequests are to go to the boy."
The matter came before the surrogate when a separate clause of the will appoints the daughter guardian of the boy, and the will does not specify what she should do in the event of the boy's death, and she is authorized to revoke this appointment.
The surrogate said that if necessary to protect the name of the boy he would give notice to the father of the child, who is unwilling to renounce her adoption of the boy. She appealed for a decision to the surrogate on the matter, and that the bequests made to the daughter were to be annulled by reason of the condition discussed and sought to be imposed by the testator.

FOREST HILL FRANCHISE
NEW COMPANY WILL NOT BE ABLE TO BEGIN OPERATIONS UNTIL RATEPAYERS VOTE FAVORABLY—YORK COUNTY MAY PURCHASE THE KINGSTON ROAD RADIAL LINE.

Questioned concerning the proposal that the county should unite with the City of Toronto in taking over the radial on the Kingston road, Reeve Corbett of Scarborough Township said: "I have nothing to say about that. There has been something in the newspapers, but the proposition has been considered by the township."
It is claimed that there is no possibility of the franchise being extended to the north end of the township, but that effect. For some years the service on the line has not been as good as it might be, and there is just possibility that the York Radial will not be particularly anxious to keep this line when their new Toronto Eastern is in operation.
Farmers in the vicinity of West Creek district are reported to be strongly in favor of the city and the county taking the line over, as it would enable them to get the benefit of hydro-electric power.
Discussing the proposal yesterday Mayor Hocken said: "The city has given notice of its intention of taking over the portion of the line within its own limits and I think it would be up to the county to take action and come out and buy the line. The city and county are in a most reasonable frame of mind and ready to co-operate with them as far as possible."
YORK TOWNSHIP.
The York Township Council held their regular meeting on Monday night at the Forest Hill Radial building.
When asked when construction would be started, T. G. Glover said: "The township will likely give a notice of intention to take over the line, but it will be some time before the township council will be submitted to the ratepayers who are properly owners of the line."
The new line will start at Forest Hill and Dunvegan roads, run along Forest Hill, north on Bathurst and west on Eglington avenue and up Dufferin st.
The township council will not grant a franchise, however, without taking the matter up with the city, so that everything may be in shape for future annexation. They will rather demand from the company some cash consideration for the use of the roads. When an agreement has been outlined which is satisfactory to the city and the township council, a bylaw will be submitted to the ratepayers who are properly owners of the line.
In view of the fact that the good roads commission has already spent \$30,000 on the highway at Dufferin st. the township will likely have to be indemnified for any construction work done on the highway.
Councillor Miller of York Township says: "The township council has no intention of giving a franchise for anything away for nothing. We want the city to have a say in the matter, and after a satisfactory agreement is outlined, it rests with the city and the township council."
SCARBORO TOWNSHIP.
Some time ago the residents in the Birch Cliff district petitioned the Scarborough council to open a road from Danforth avenue to the Kingston road. The proposed extension would be about a mile and would come out into the city and would be a great benefit to the residents of Scarborough Township. The road is now a dirt road and is in a very bad state of repair. The township council is now considering the matter and will likely have a meeting on Saturday night to decide what further steps will be taken to improve the road.
NORTH TORONTO.
At the board of health tried to dispose of the objection raised by Eglington residents to the proposed project at the corner of Sheldrake boulevard and Yonge street, by explaining that it would only be used for children suspected of having consumption, the opposition is more vigorous than ever. The board has been issued a meeting to be held in the Orange Hall on Saturday night to decide what further steps will be taken to improve the road.
General satisfaction is expressed thruout the district at the way the roads have been drying up. The new tiles, where the sewers had been put

WILSON RESIGNS AS SECRETARY

First Assistant Secretary of State Bluntly Criticizes President
Special to The Toronto World.
WASHINGTON, March 20.—President Wilson today announced the resignation of Huntington Wilson as first assistant secretary of state. Mr. Wilson resigned because of the reputation of "dollar diplomacy" as reflected in the statement issued by President Wilson Tuesday evening, refusing American support to the powerful group of Wall street brokers interested in the six-power loan to China.
Huntington Wilson, who helped the late secretary of state, Philander C. Knox, frame and develop "dollar diplomacy," intimates that he knew nothing of the president's statement until he saw it in the newspapers. That statement, he asserts, signified the adoption of a radically new far east policy by the United States. He sent his letter of resignation to the White House a few hours after the publication of the president's statement. President Wilson accepted the resignation today in a message of 55 words.
Special to The Toronto World.
WASHINGTON, March 20.—(Can. Press.)—Two more policemen were indicted by the grand jury today in District Attorney Whitman's effort to break down the barriers of the "system." Patrolman Victor Meyer and Patrolman William J. Smith are accused of bribery. The true bill against Meyer was based on testimony given by Rosie Hertz, a convicted disorderly resort keeper, and released on bail. Smith will be arraigned tomorrow upon Mr. Whitman's return from Albany, where the prosecutor is in conference with Gov. Sulzer on the graft situation and other matters.
John J. Hartigan, the patrolman convicted last week for perjury, will not be sentenced until next Tuesday.

BURLESQUE WILL PLAY AT THE STAR

Local Theatre and One in Montreal Are in New Circuit.
"The Star Theatre will be playing burlesque next fall." This statement of Fred Star, proprietor of the Star Theatre, made at 10:30 o'clock last night, will relieve the anxiety of 30 or 40 thousand young men in Toronto and should not add to the anxiety of the ministers and moral reformers as Mr. Star says that the quality of burlesque will be of a higher class than ever before presented in Toronto.
The rumor that burlesque would cease to be played in the Star Theatre had its source in the report that the Columbia Amusement Company had absorbed the Empire Circuit and that burlesque would now be played in only 44 houses in the United States and Canada.
The rumor was true, but the result of the merger was that some of the proprietors of theatres which were in the Empire Circuit met in New York on Wednesday and decided to incorporate a gigantic circuit in opposition to the Columbia Amusement Company. The new circuit will be known as the Progressive Amusement Company. Mr. Star is a shareholder in it, along with
