The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

## PREFACE.

**T**HE likes of this book you never did see  
In the heavens above or the earth or the sea  
A mixture of matters of import so foreign  
As the grave and the gay, the rare and the common.  
There's the poet and parson, the cook and the punster,  
Business and politics, the artist and doctor.  
No wonder the cook a treasure house finds  
And how to proceed from instructions now minds ;  
For the cook without wit may not be unwise  
And while kneading her dough may still moralize.  
So with rhyme and with fun the busy housewife  
May mingle her compounds and unburden her life ;  
Thus this unsurpassed book will help the producer  
And bring good digestion and peace to consumer.

## BREAD-MAKING MADE EASY.

*WHAT* man desires to marry a woman  
who knows not how to make bread ?

For each loaf required use 1 cup of Lightning Yeast, 1 cup of warm water and a little salt. Mix in flour until you can knead without the dough sticking to the hands. Let rise, then mould and put on pans. If begun in the morning this process will give you new bread for dinner. It will not do to set sponge over night for it will sour.

## THE POLITICIAN'S WAY.

WHEN Judge W. ——— of Montreal was Speaker of the Quebec Assembly he was greatly exercised on a number of occasions by the rough-and-tumble manner of speaking indulged in by a certain rising young politician who has since become possessed of considerable prominence. On the floor of the House the parliamentarian was frequently rebuked by the Speaker for calling his opponents 'liars'. At last the Speaker remonstrated with the offender privately and promised him that should he indulge again he must be expelled from the House.

"And what shall I do?" asked the M.P.P. in despair, "This fellow is always abusing me".

"Well," answered the Judge, "don't call him a liar. Tell him that he is a man notorious for the oblivion of the truth".

## FUN AND FANCY.

**H**OW careful one needs to be of his company! Two clergymen recently spending their holidays in a sea-side town were surprised by the first issue of the local newspaper after their arrival. ## THE SABBATH.

**S**WEET Sabbath day ! I love thee,  
Thou bringest peace and rest ;  
The whisperings about me  
Seem breathings of the blest.

Heaven lips to thee of Heaven ;  
This calmness there more calm ;  
For tears shall there be given  
Love's everlasting Psalm.

Thy spirit and thy message  
Divinely touch our life,  
And truth, the precious fruitage,  
Gives rest to surging strife.

And turned the many faces  
From earth's enchanting wile,  
There Heaven's joy now traces  
The path care traced erstwhile.

Sad hearts, whose joys e'er vanish,  
Awhile sojourn in peace ;  
Where deep seas towered in anguish,  
Hope bids the surge to cease.

A desert's waste will gladden  
Beneath a smiling flower ;  
And Sabbath chimes shall sweeten  
The drear and lonely hour.

Thou day of all the seven,  
Earth smiles because of thee ;  
Shall burst these clouds, and riven,  
Yield Heaven's felicity.

I love thee for thy rest-time—  
Thy peace, when duty's done ;  
I love thee for thy work-time,  
For work and Heaven are one.

MRS. I. C.

**SUTTON,  
QUE.**

THE citizen of Sutton recognizes that nature has bountifully blessed his town, and his gratification is justified ; his boasting pardoned.

Sutton of long ago remains on record in the History of Thomas—a rare book to be carefully preserved by all who have it.

Sutton of yesterday, with her modest and much scattered buildings and business corners, guarded by noble trees, was lost in ashes on April 15th, 1898, between the hours of 7 and 11 a.m.

Sutton of today is a new and up-to-date, substantially built and progressive town, having almost forgotten disaster, breathing the breath of ambitious hopefulness for the future.

## SUTTON--[Continued.]

 HERE are two vantage spots from which to view the town —one is on the northwest hill approaching the town from Sweetsburg, and just near the R. C. Church. From this point one contemplates a reproduction of Swiss Scenery, and the prospect of a town nestling in a verdant valley and supported by a bank of mountains over which the sun climbs belated from his midnight nap, is charming.

The other view point is to the east, on the brow of the hill composing Fairmount Cemetery. From this point the town takes on the appearance of a well defined Y, with the Episcopalian Church on the southern arm, the Roman Catholic on the northern, and the Methodist on the eastern.

## SUTTON--[Continued.]

INCORPORATED some three years since, as a village, the path of progress has lain through flood and fire, but the transformations and improvements speak volumes in praise of the young men who direct the energies of the town, and are prophetic of substantial and ample future growth.

A brief enumeration of the contents of Sutton may here be added. Fairmount Cemetery is most properly included as a part of the business make-up because of the enterprise it has developed, and because it is unsurpassed for location, outside of the city. From our outlook we find the town contains four Churches, good safeguards of morals and religion; Episcopalian—rector: E. T. Capel, Adventist—pastor: Eld. J. J. Theakston, Methodist—pastor: W. Bowman Tucker, M.A., Ph.D., Roman Catholic—cure: Father Brassard. These churches are endeavoring to work their ground faithfully.

## SUTTON--[Continued.]

**B**USINESS enterprises are represented by ten general stores, two tinshops and hardware, one exclusively hardware and paint shop, one harness shop, two wheelwrights and five blacksmith shops, one bakery, one jeweler, two hotels, first class drug store, model post office, two millinery houses, three dressmaking establishments, one dentist, one marble works, one barber shop, two tailors, two doctors of extensive practice, one veterinary surgeon, two cabinet factories, two undertakers, two grist mills, two saw mills, two academies, numerous agencies, C. P. R. station, sheds, waterworks, etc., of a fine order; two boot and shoe makers, two photographers, two butchers, and the famous "Daisy" butter and cheese factory.

The residences are of a fine order and show a steady tendency to improvement. The Methodist Church parsonage was newly built in 1898 and the Episcopal rector is newly building in 1899.

## SUTTON--(Continued.)

**E**XCELLENT lodge rooms invite the attendance of members of the Masonic, Oddfellows, and Foresters fraternities ; while Temperance hall is the home of a lodge of I.O.G.T. and of the W.C.T.U.

The town boasts a good Town Hall and property.

Best of all is its Waterworks—a new system with water of the purest quality [having been analyzed] and ample sufficient for all purposes. A good fire brigade is ready on call. Manufacturers will find this a safe place in which to locate.

The Mayor in 1899 is Geo. N. Thompson. With clean streets, pure morals, industry, intelligence, and godliness, Sutton aims to compete with the best.

## LEMON FOAM.

**TWO** cupfuls of hot water, 1 cup sugar, 2 large tablespoonfuls corn-starch, juice of 1 lemon, whites of 2 eggs. Into an enamel-ware saucepan put 2 cupfuls hot water, 1 cup granulated sugar. When it boils add 2 tablespoonfuls of corn-starch wet in a little cold water, stirring as it boils. After cooking four or five minutes squeeze in the juice of 1 lemon; stir again thoroughly. Take it from the stove and set it to cool in a pan of cold water. In a large earthen dish whip to a froth the whites of 2 eggs. When the cooked corn-starch is cool enough, pour slowly over the whites of the eggs, beat briskly all the while. In about a minute the whole mass will be light and foamy and the pudding is done. Custard made of 1 pint of milk, 2 tablespoonfuls sugar, yolks of 2 eggs, beaten, may be poured over the "Lemon Foam" when served at the table.

## THE FUTURE.

Upon the Past we look  
And bury deep our face ;  
The Future is a book  
Wherein no steps we trace ;  
And well it is for mortal man  
That future ills he cannot scan.

The Iron Gate is barred  
And opens not for man,  
And on its portals glared  
"The Unknown read, who can !"  
And fate, and hate, and woe are sealed,  
And Faith, Hope, Love alone revealed.

The night is dark and drear,  
And loud the storm and strong,  
The breaking breakers near,  
The good ship struggling on ;  
But through the Future's deep, dark gloom  
Omniscience guides us safely home.

## FORWARD.

THY Master is before thee. And not far hence thy goal.  
Enshrined in golden glory a laurel wreath awaits thee.  
March on ! Not in pomp and pageantry and pavillioned splendor  
Lies the joy of living ; but in pure purposes  
And heavenward aims, which, by a faith omnipotent,  
Buoy up a life or lives midst common pains. For not the ocean,  
Old ocean, loud speaking, self praising.  
But the rippling rivulet gathering itself  
Into nook and cranny and hidden dell  
Content with a few bordering flowers, and its life work  
Not perfect beauty more than real goodness—  
This is the messenger of life and hope and faith.  
Be thine the self forgetfulness, whose worth makes  
True goodness, real nobleness. Be thine a life  
Whose spirit yearns to earth to bring down heaven  
And thus lift earthly lives to heavenly purity.  
Go forward ! Ever onward ! And upward let thine eye  
Behold thy true Ideal. Whence thine shall be  
The victor's step secure, who through fire and wave  
By countless deadly foes opposed  
Moves scarthless forward to the quiet and the calm  
Of heaven's sweet rest and peace.
