AUSTRIANS RUSH FULL FLIGHT

British Repulse German Attack and Use Tanks for the First Time in a Midnight Raid-- Germans Gain Footing in Allied Trenches Near Bligny, But Are Promptly Ousted.

AUSTRIANS IN RETREAT FROM MONTELO TO SEA

Italians Drive Them in Disorder Across Piave River and Closely Pursue Them--Sorely Harasses Enemy at Other Points.

Rome, June 23.—On the Piave River front, from the Montello to the Adriatic, the defeated Austro-Hungarians are recrossing the river in disorder, says the Italian official statement issued today.

The enemy is being closely pursued by the Italian troops. Yesterday was carried out successful small raids and patrol actions.

To the west of Fagare the enemy attempted some counter-offensive which immediately were crushed.

"A British party in an energetic surprise action broke into the adversary's lines to the south of Asiago, and after a lively struggle killed 100 of the enemy, and brought back 21 prisoners and one machine gun.

"Our own and the allied armies have continued the struggle with undiminished vigor. They also carried out yesterday big and effective bombardments on the enemy's immediate lines of communication.

"Ten enemy machines were brought down. The enemy's aerial losses since June 15 amounted to 95 airplanes and six captive balloons."

LOCAL ATTACK REPULSED. Assaults Effectively Countered and Successive Advances Crushed.

Rome, June 23.—"The enemy's offensive pressure, broken heroically or withheld along the whole front of battle by the firm resistance and counter-offensive spirit of our troops, has not been renewed since the evening of June 20," says an official report from headquarters today.

"The enemy on Friday launched another strong local attack in the direction of Losson, southwest of Fossalta, but was sanguinarily repulsed.

"We carried out violent concentrations of fire on Montello and in the Grappa region, which were effectively countered, and successive advances attempted by infantry detachments were repelled.

"At Cavuscherina strongly supported by the batteries of the Italian Royal Navy, our brave sailors and Bersaglieri, during another brilliant action, enlarged the bridgehead and captured 150 prisoners and a large quantity of arms and material.

"On the remainder of the front small adjustment actions allowed us to rectify the line in our favor, and brought us some prisoners and war booty.

"On the Asiago Plateau some of our small detachments daringly penetrated in full daylight into an enemy advanced post, and after a lively struggle captured the garrison.

"Ten enemy airplanes and three captive balloons were brought down."

MORE THAN FAILURE; IT WAS A DEFEAT Rome, Saturday, June 22.—"The Austrian offensive was more than a failure; it was a defeat for the enemy, who at several points was four times stronger than the Italians."

POURED HEAVY ARTILLERY FIRE UPON TROOP CONCENTRATIONS

Losses of Austro-Hungarians Are Estimated at Hundred and Eighty Thousand Sustained in Latest Offensive.

Italian Army Headquarters, June 23.—A large part of the Austro-Hungarian casualties, estimated by Italian military officials at 180,000 and probably more, sustained in the latest offensive of the enemy on the northeastern Italian front, were due to the fact that in the early hours preceding the assault a week ago the Italians anticipated the Austrian fire by pouring artillery fire upon troop concentrations which were being made preparatory to attacks upon the Italian lines.

The Austrian losses on the Montello and at San Dona di Piave were particularly heavy after the first two days of the offensive owing to the fierceness of the attacks at these two points.

TORNADO OF FIRE DROVE BACK GERMANS

Attempt to Capture British Position on High Ground Met Complete Reverse.

A RAID WITH TANKS First Time Machines Have Been Used at Night, But Proved Thoroughly Successful.

With the British Army in France, June 23.—An enemy attempt to capture some British positions on the high ground east of Strazele this morning met with a complete reverse.

The attack was a local one and was preceded by a heavy bombardment that began about six o'clock and was maintained with great intensity for a considerable time.

At the conclusion of the artillery preparation, the German infantry along a narrow sector surged forward on the machine gun and rifle fire that, after struggling ahead a little, they were forced to retire.

During the night the British conducted a raid near Bucquoy with tanks, which never had been used for raiding purposes before. The big engines went over the top shortly before midnight followed by infantry. The riflemen met with strong opposition and were held up by a heavy machine gun fire, but the tanks proceeded on their business and for two hours trundled about the enemy territory, leaving the mark of their guns wherever they went.

What casualties were inflicted on the enemy are not certain but the tanks did good execution and prisoners were brought back.

Two successful raids also were made into German positions near Montello during the night, although this is not uncommon for the Austrians, who are in this sector, are always baiting the Boche.

On the Belgian sector King Albert's troops carried out a raid northwest of St. Julien that resulted in a hot fight at a strong concrete blockhouse. The Belgians stormed this position and cleared it out, capturing eight Germans who appeared to be all the men left alive in the fort.

The usual harassing fire was continued by the enemy in Flanders yesterday.

WINNIPEG WOMEN CRITICIZE FOOD BOARD Winnipeg, June 23.—Several women's societies in Winnipeg have prepared a resolution, which they propose to introduce at a mass meeting called for next Wednesday night in Winnipeg, criticizing the Canada Food Board.

OFFERS RESIGNATION OF AUSTRIAN CABINET Paris, June 23.—After a meeting with Emperor Charles of Austria on Friday, says a despatch from Zurich, Switzerland, Premier von Seydler presented the resignation of the entire Austrian cabinet. The emperor said he would decide later whether to accept the resignation.

BRITISH AVIATORS ACTIVE AT NIGHT

London, June 23.—The official report on aerial operations tonight says: "The weather hindered air work Saturday. There was no air fighting but at night conditions improved and night flying machines were more active. During the 24 hours 15 tons of bombs were dropped, the Bapaume dump, railway stations at Armentieres, Stenwerck and Bac St. Maur and the Bruges docks being heavily attacked by our machines.

"In spite of adverse weather conditions on the 21st instant, some artillery co-operation, photographic reconnaissance and patrol were carried out by our airplanes. One hostile machine was destroyed. Two of our machines are missing."

POLICE MAKE RAID AND SEIZE LIQUOR They Allege Illicit Trade Has Been Done by Supposed "Ring."

ALCOHOL IN CANS. Bottling House is Said to Have Been on Gerrard Street.

The wholesale importation of whiskey and pure alcohol into Toronto has been traced to the location of a "moonshine" bottling house on Gerrard street east to light on Saturday night, when plainclothesmen Scott and Ward of West Dundas street station arrested six men and one woman, the members of an alleged "ring" on a charge of a breach of the Ontario "Temperance" law.

The men under arrest give their names and addresses as follows: Cecil Skrimshier, Mutual street; Howard Temple, Mutual street; Russell T. D'Arcy, 127 Sherbourne street; Howard Penn, 219 East Dundas street; Samuel Trafonsky, 98 Baldwin street; Thomas Morrow, 109 Sherbourne street. The one woman in custody is Mary DeVine, 113 Ann street.

The officers had been working on the case for some time. On Saturday night they found 12 bottles of whiskey, on Ann street 7 gallons, on Sherbourne street 14 bottles, on East Dundas street a large quantity, on Baldwin street 12 bottles, and in the home of Morrow several bottles were discovered.

Waybilled as broken tea, and arriving in tin containers about twelve inches by four by four, the stuff is alleged to have come to Toronto from Montreal in large quantities and forwarded to the bottling house, where the whiskey and pure alcohol were diluted. According to the police the pure alcohol was diluted and then colored with a mixture known as essence of champagne. One gallon of pure alcohol when treated with color was made into several gallons of the "moonshine" variety. After the whiskey had been made and colored, it is said by the police that it was distributed in a motor car to the homes of the people now under arrest, all of whom are alleged to have retained it in various manners at fancy prices.

Several trunks, one or two each, cases, about 27 one-gallon "tea caddies" and eight glass containers were located and confiscated by the officers. This is the second big "ring" to go to the credit of Ward and Scott. The last big clean-up they made was on the drug traffic.

Colonel of Mounted Rifles Invested With Victoria Cross London, June 23.—Lieut. Col. George Peakes of the Mounted Rifles was invested with the Victoria Cross in the open-air investiture at Buckingham Palace. The cross was won at Passchendaele. Peakes was wounded in the thigh, continued to lead his men, and maintained the objective against repeated counter-attacks, although both flanks were exposed.

Three trains are being used in bringing the visiting troops.

SCOTS RUSH Foe TRENCHES KILL ALL IN DUGOUTS Penetrate to a Depth of Four Hundred Yards on a Front of Seven Hundred and Make Clean Out

With the British Armies in France, Saturday, June 22.—Another week has passed with the Germans continuing to make threats to attack the British front, but without an offensive materializing. Both sides have been closely watching each other, each has carried out a large number of raids for the purpose of identifying opposing troops and inflicting damage.

The biggest and most successful raid was made by Scottish troops yesterday southwest of Gavrelle, where enemy trenches were rushed along a front of 700 yards and penetrated to a depth of 400 yards. Every enemy dugout in this area was destroyed and its occupants killed.

German Forces Unsuccessfully Attacked the Allied Positions at Bligny.

Paris, June 23.—German forces last night attacked the Entente allied positions at Bligny, about eight miles southwest of Rheims, and succeeded temporarily in gaining a footing along allied trenches. A vigorous counter-attack instituted by Italian troops, however, quickly ejected the enemy and re-established the line in its entirety.

French troops last night executed a number of raids between Montdidier and the Oise, returning with a number of prisoners.

Between the Marne and Rheims the Germans attacked Mount Bligny where they succeeded in obtaining a footing for a moment. Italian troops by a vigorous counter-attack ejected the enemy and secured a number of prisoners. Our line was completely re-established.

The night was calm on the rest of the front. The war office announcement tonight says: "The day was calm along the whole front. Eastern theatre, June 23.—Violent storms have prevented activity on the Serbian front. In the region of Sinfrentze, in the upper Devol valley, we repulsed enemy detachments who left some prisoners in our hands.

Eastern theatre, June 21.—Two enemy raids on positions recently taken by us west of the Vardar and southwest of Lake Ochrida, were repulsed.

JOHN S. ROBERTSON DIES AT ELMDALE Was Son of Late John Ross Robertson and Died on Day of Masonic Memorial Service.

John Sinclair Robertson, son of the late John Ross Robertson, founder of The Toronto Telegram, died at Elmdale early Sunday morning. Although he had been in very poor health for the last year or more, he had of late apparently regained some of his former strength and vigor, and the news of his sudden death, so soon after that of his father, came as a real shock to his many friends in this city.

John Sinclair Robertson was born in London, England, 45 years ago, and came to this country when still only a young boy. After completing his education here in Toronto, he entered the employ of The Telegram, which had only shortly before been founded by his father, and although he did not really take any very active part in the editing of his particular page, the sporting news, for several years past, he never completely severed his connection with The Telegram.

He was of a cheery disposition, and possessed of some of the most striking democratic ideas and characteristics of his father. While he really conducted the sporting section of The Telegram, he always insisted upon being treated as any of the smaller and less important members of the staff.

He was a prominent member of the Masonic order, and closely connected with many benevolent and fraternal organizations, and his friends looked upon it as a rather strange coincidence that he should have died at the very time his brother Masons were paying a last tribute to the memory of his father. Mr. Robertson leaves his widow, Mrs. Jane Hendrick Robertson, and one son. The funeral will take place from his late residence, 44 Castle Frank road, on Tuesday afternoon at 2 o'clock.

WEATHER HOLDS BACK HAY AND ROOT CROPS Warmth Needed After Rain to Bring on Another Record Year.

Two weeks ago the outlook for all the spring crops was of the brightest with the possible exception of old meadows, but reports from the country districts the last two or three days indicate that the prolonged cold spell is holding back the hay and root crops, especially the mangolds, which are said to be at a standstill. The rainfall of Friday, pretty general over southern Ontario, was just what was needed, and if warm weather comes along from this time on there is every likelihood of another record year.

In the whole of York County there is probably less than 100 acres of fall wheat, and the most of that is headlands left over when the rest of the field was plowed or cultivated up. Not in years has there been such a clean out of the fall wheat crop. What little there is out in head, and barley is starting to come, too, the fields bearing that uneven appearance which always accompanies the "shooting out of barley heads. Ex-Reeve Jonathan Nigh of Almira said last night that while Friday's rain was splendid, the cold weather was affecting the hay and which were not making any growth, but a warm spell would do wonders.

"THE BLUE DEVILS" NAMED BY GERMANS

Famous Corps First Coined Phrase, "They Shall Not Pass."

There are no more interesting soldiers among all the French legions than the "Blue Devils," who are to visit Toronto next Saturday, Sunday, Monday and Tuesday. They are particularly adapted to the warfare of the mountains, and that is why they are also known as Alpine hunters. Alpine groups have been in existence since 1822. In the war now raging they have distinguished themselves over and over again. They have paid for the honor and glory which they have won with bitter sacrifice. German battalions have been reorganized as often as seven or eight times. Officers and men rival each other in valor and tenacity, and die to the last man rather than give up one inch of ground to the enemy.

It was the Germans who gave them the name of "Blue Devils." The name appalled at these tigers in blue uniforms, who held them in check and drove them back time after time, christened them "Die Blauen Teufel." In France today they are known as "Les Diables Bleus." The part that will visit this city were among the men who took part in the successful struggle at Verdun, when the Germans made such tremendous but vain efforts to take the famous old-battlemented French city. These are the men who coined and made good the phrase, now historic, "Ils ne passeront pas."

Rose From Rankin, commanding officer of the group that is to visit Toronto. At the outbreak of

the war he was only 18 years old, but he left school to enlist in the Chasseurs. In a corps where every man is a hero he fought his way up to the rank of corporal, then a sergeant and a lieutenant. He has been wounded five times and wears the cross of the Legion of Honor and the Croix de Guerre with three palms and a silver and bronze star.

The "Blue Devils" have been given a tremendous reception in every city of the United States they have visited. In Montreal, Quebec and other French-Canadian cities the citizens turned out en masse to greet them. The committee that is arranging for their reception here is confident that Toronto will not be behind in showing every honor to these brave soldiers of France.

SPECIAL MEETING FOR CIVIC TROUBLE

Demands From City's Employees Still Continue to Come In.

The trouble between the Civic Employees' Union and the city will be dealt with at next Friday's special meeting of council, which has been called because the regular day of meeting falls on omission Day. It was felt that there was no occasion to call a meeting to specifically deal with the men's grievances and consequently they will wait until Friday before resuming an airing.

The question of pay has given way in importance to the question of recognizing the union. The various heads of the civic departments have taken a strong stand in regard to the latter demand. It would seriously impair discipline and the efficiency of their departments, they claim. They do not, however, take objection to their men joining the union, but in

the matter of their grievances, the heads say it would be wrong to confer regarding them with men outside of the department's service.

Meanwhile more demands for increased pay from other branches of the city service continue to be made. The latest is from the first-class firemen. They charge unfair treatment in the matter of wages. In an interview with Mayor Church on Saturday, Ald. Birdsell championed the cause of the men. He thought their request for an increase was a reasonable one when it was remembered that men junior to them in the service had received a 42 per cent increase as well as officers senior to them, while they had been overlooked. The board of control, at its meeting Wednesday, will be asked to deal with the matter so that a recommendation can go forward in time for council's meeting on Friday.

PLAYS PICTURES AND MUSIC.

"A DOLL'S HOUSE" AT ALLEN THEATRE

Henrik Ibsen's famous play, "A Doll's House," has been adapted to the screen, and is presented as the feature attraction at the Allen this week, with beautiful Elsie Ferguson in the leading role. Maurice Tourneur's master hand is again responsible for the artistic success of this exquisite picture, and also there is considerable of the characteristic morbidity of Ibsen's greatest works in this photodramatization, the fascination of the story and the superb acting on the part of a fine cast grouped—a delight to the eye and a feast to the mind. In the picture the producer takes you on water, and by the help of the United States Government, always friendly towards the movies, he shows you duels, battles, submarines, dreadnaughts, explosions,

and, incidentally, the infinitely harrowing scene of the Lusitania. Mr. Ince is so vivid in this part of his picture that you imagine that he was an eyewitness of this disaster. Probably nothing more poignant than this reminder of the greatest sea tragedy of all time has ever been seen on the motion picture screen. During the week at the Grand a matinee will be given every day.

Shea's Hippodrome. Henry B. Walthall, who played the "Little Colonel" in "A Birth of a Nation," will be seen in his latest production, "With Hoops of Steel," this week at Shea's Hippodrome, beginning with a matinee today. The principal feminine role is taken by Miss Mary Charleson. The Corn Cob Cutups, a European organization introducing a novelty musical act, will headline the vaudeville. Kennedy, Sheridan and Day, in "The Honey-mooners," have an offering of brilliant of spontaneous, catchy songs and spontaneous chatter, while Grace and Turner will be seen in an original comedy juggling turn, "Fifteen Minutes on Futurist St." Taber and Claire, "The Girls From Songland," and vaudeville's "The Plates; Ketchum and Turner, in a delightful playlet, "Easy Money"; Rose and Bell, character singers and dancers, and the Pathé News complete the bill.

Original Firsts. Bombardier Rose and Pte. Bell, Canadians who are appearing at Shea's Hippodrome this week, are two battle-scarred heroes recently invalided home. Rose and Bell were members of the first Canadian contingent that took part in so many memorable engagements in the early part of the war. Both were severely wounded and spent considerable time in a hospital in France. That a warm welcome awaits their appearance goes without saying. Their act for the most part is composed of stories and songs familiar to the boys in the trenches.

in the stellar role, will be shown this week at Loew's Theatre and Winter Garden. The picture is one of the best in which Mr. Farnum has appeared. Charles Crossman, a Torontoan, and his Seven Novelty Instrumentalists, in one of the musical treats of the season, will top the vaudeville bill, which will also embrace the Dole Sisters, singing old-time plantation favorites; Gorman Bros. in "A Little Bit of Everything"; Swain's performing cats and rats; the Three Rianos, eccentric acrobats; Thornton and Thornton, entertainers of the quaint sort, and Loew's Weekly and comedy pictures.

At the Strand. Francis X. Bushman and Beverly Bayne are so universally admired in Toronto that the tidings that they are to be seen in "With Neatness and Dispatch," an exceptionally fine Metro production, today, tomorrow and Wednesday, at the Strand Theatre, will be welcomed by countless "movie fans." The photoplay is precisely of that kind in which Bushman and Bayne excel. It is compact with laughter, romance and thrills. The aunt of two beautiful girls believes here, after posing as a crook in order to be of service to the girl he loves, proves the aunt's view to be wrong, and wins the girl of his heart for his wife. Mr. John T. Padden, tenor vocalist, will continue to delight the patrons of the Strand for another fortnight.

At the Regent Today. Bringing home the truth as it has never been known or understood before, the Regent presents today America's greatest and most thrilling story, "My Four Years in Germany." It is the master-stroke that will forever undo that nation which started out nearly four years ago to wreck democracy. It portrays events which only those officially informed at the time had any knowledge of. It shows with what high hopes the war machine set out on its murderous march. It is a revelation to mankind of a character and size that almost baffles description. On no former occasion has such an opportunity been

presented, and that man or woman whose heart would not beat faster, whose very soul would not cry out in revenge against such "kultury" is surely unable to see. It determines one to help in this national crisis in any capacity he may be needed.

"Cross Bear" at Madison. "The Cross Bearer," which will be presented at the Madison Theatre today, tomorrow and Wednesday, is destined to live as a screen classic while motion pictures last. It immortalizes the figure of the heroic Cardinal Mercier—a role which is superbly taken by Montagu Love.

"A Gentleman From Mississippi." "A Gentleman From Mississippi," the comedy of politics and love, that was underlined by the Robins Players for presentation this week at the Royal Alexandra Theatre, has been set back one week owing to the popular demand for the second week's showing of "Mr. Barnum." "A Gentleman From Mississippi" will have its first stock presentation next Monday afternoon, with Mr. Wise in his original role of Senator Langdon.

"The Lone Wolf" Coming. "The Lone Wolf," Louis Joseph Vance's fascinating story, has been pictured with Hazel Dawn and Bert Lytell in the leading roles. It will be presented at the Grand Opera House during the week commencing July 1.

ABOUT HALF MILLION GET REGISTRATION IN CITY OF TORONTO

Last Hours Saturday Were Not Greatly Rushed as Expected.

OFFENCE TO LOSE CARD

Authorities Give Special Emphasis to the Need of Carefulness.

Parents whose children will reach the age of 16 within the next month or so must take them to the post-office and have them registered at the earliest possible date.

This provision of the Registration Act is not generally known, and the Toronto registration board is anxious that it should be given the greatest possible publicity, as parents failing to have their children registered, even if they reach the age of 16 only a month or two after the present date, may be subjected to much annoyance and trouble.

The Registration Act also provides that persons who were too ill to leave their homes before June 22 or were otherwise legally prevented from calling at a registration office, can comply with the law by registering at the postoffice as soon as they are able to do so.

In the case of permanent invalids, very old persons or any one unable to leave home to visit a registration office, their nearest relative or friend or in the absence of any such person, any one having any knowledge of such cases should at once notify the superintendent at the headquarters of the Toronto registration board, Miss Delaney.

Loss May Be Offense.

The losing of a registration certificate, thru lack of proper precaution or care, may, under certain conditions, be considered as a serious offense and dealt with accordingly. Anyone losing his or her certificate must at once, not later than the day after loss is discovered, apply for a new certificate at the post office. Under no conditions can anyone fail to have in his or her possession a certain amount of money to produce such certificate when required to do so, the only exception being transportation by street cars or tram cars.

Up to Saturday afternoon approximately 95 per cent. of all the residents of Toronto had registered for national service, according to figures compiled by members of the Toronto registration board. The balance, exclusive of those who are confined to their homes thru serious illness, or for some other valid reason, were expected to register before 10 p.m., the closing hour on Saturday night.

There was consequently no undue rush during the last few hours.

Nearly Half Million Cards. By Saturday afternoon over 450,000 had obtained their registration certificates, over 10,000 applying at the various registration offices during the earlier part of the day.

Dr. G. J. Steele, chairman of the Toronto board, issued a statement on Saturday expressing the board's great appreciation of the splendid work accomplished by the army of volunteer assistant registrars, and the co-operation of the citizens at large in the important undertaking of national registration.

The schools were all open on Saturday all day.

Fine work has been done since the work of registration was inaugurated by the Imperial Order of the Daughters of the Empire, the Women's Patriotic League, and others who have answered the call for service made since the national registration work was undertaken.

FREEMASONS ATTEND MEMORIAL SERVICE

Eulogy to John Ross Robertson by Fellow-craftsmen.

Eight hundred Toronto Masons attended the memorial service in honor of M.W. Bro. John Ross Robertson, P.G.M., conducted on Sunday afternoon by the officers and members of 84, Andrew's Lodge, No. 16, King Solomon's Lodge, No. 22, and Zetland Lodge, No. 326, in the auditorium of the Masonic Temple, Yonge street and Davenport road.

Among those present on the platform were Sir William Hearst, premier of Ontario; M.W. Bro. Hon. W. D. McPherson, provincial secretary; M.W. Bro. Benjamin Allen; M.W. Bro. E. T. Malone, chairman; R.W. Bro. John Tanner, secretary; W. Bro. A.M. John C. McMillin, W.M. King Solomon's Lodge; W. Bro. Willard W. Dunlop, W.M. St. Andrew's Lodge; W. Bro. Edwin J. Powell, W.M. Zetland Lodge; George H. Smith, John O'Connor and Henry A. Taylor.

The memorial sermon was preached by W. Bro. Rev. Dr. Thomas Dakin, St. Andrew's Presbyterian Church. He was assisted in conducting the service by Rev. J. H. Turnbull, West Presbyterian Church; Rev. C. Ensor Sharp, rector St. Thomas' Anglican Church; and Rev. George Purchase, pastor Crawford Street Methodist Church.

Dr. Dakin paid an eloquent tribute to the life work of the late John Ross Robertson both as a citizen and as a public man who had achieved great things for Toronto and for his country. John Ross Robertson, he said, was a man who was faithful to all his Masonic obligations, and numbered among his friends the leading representatives of the best of all parts of the world by whom his name would be long revered and treasured.

The motto given by Christ, "Suffer little children to come unto Me," had been taken by John Ross Robertson as the motto of his life, and the Toronto Hospital for Sick Children, which he had brought into being, would ever stand as a monument to his kindly heart.

Added impressiveness was given to the service by the singing of hymns, "Lead, Kindly Light," "The King of Love My Shepherd Is," and "O God, Our Help in Ages Past," led by the choir of Zetland Lodge.

LIEUT. J. T. HOWARD DIES IN HOSPITAL

A cablegram from Treport Hospital, France, received last night by his father, William St. Howard, 137 Macdonald avenue, Toronto, tells of the death of his son, Lieut. John Turner Howard of the Royal Engineers, who left here a year ago, and after training in England and Wales, went to France with a sound ranging draft.

The last letter received by his father told of his work near Amiens in locating the big guns used by the Germans for bombarding distant towns. Full particulars of his death have not been received, but a previous cable from Treport told of an amputated leg, and it is supposed that this was the ultimate cause of his death.

Lieut. Howard was born in Toronto, May 21, 1892, educated at the public schools and the university, from which he graduated in 1913 as a civil engineer. He was married in 1915 to Ruth London, second daughter of Prof. W. J. London. She was with him when he died. He was a grandson of the late Richard H. Howard of Toronto and the late Wm. T. Turner of Noroton, Conn., U.S.A. Besides his widow, his father, mother, two brothers and a sister survive him. A cousin, Lieut. Francis C. Howard, was killed in action in France two years ago.

Ideals that Doubly Benefit

'Tis only twenty short years since the Goodyear institution was but a man and an ideal.

To-day the man and the ideal are still there—and in the last year Goodyear manufactured and sold more pneumatic automobile tires than any other institution in the world.

Such swift progress leaves no doubt as to the benefit we have derived from the ideal on which our business is based.

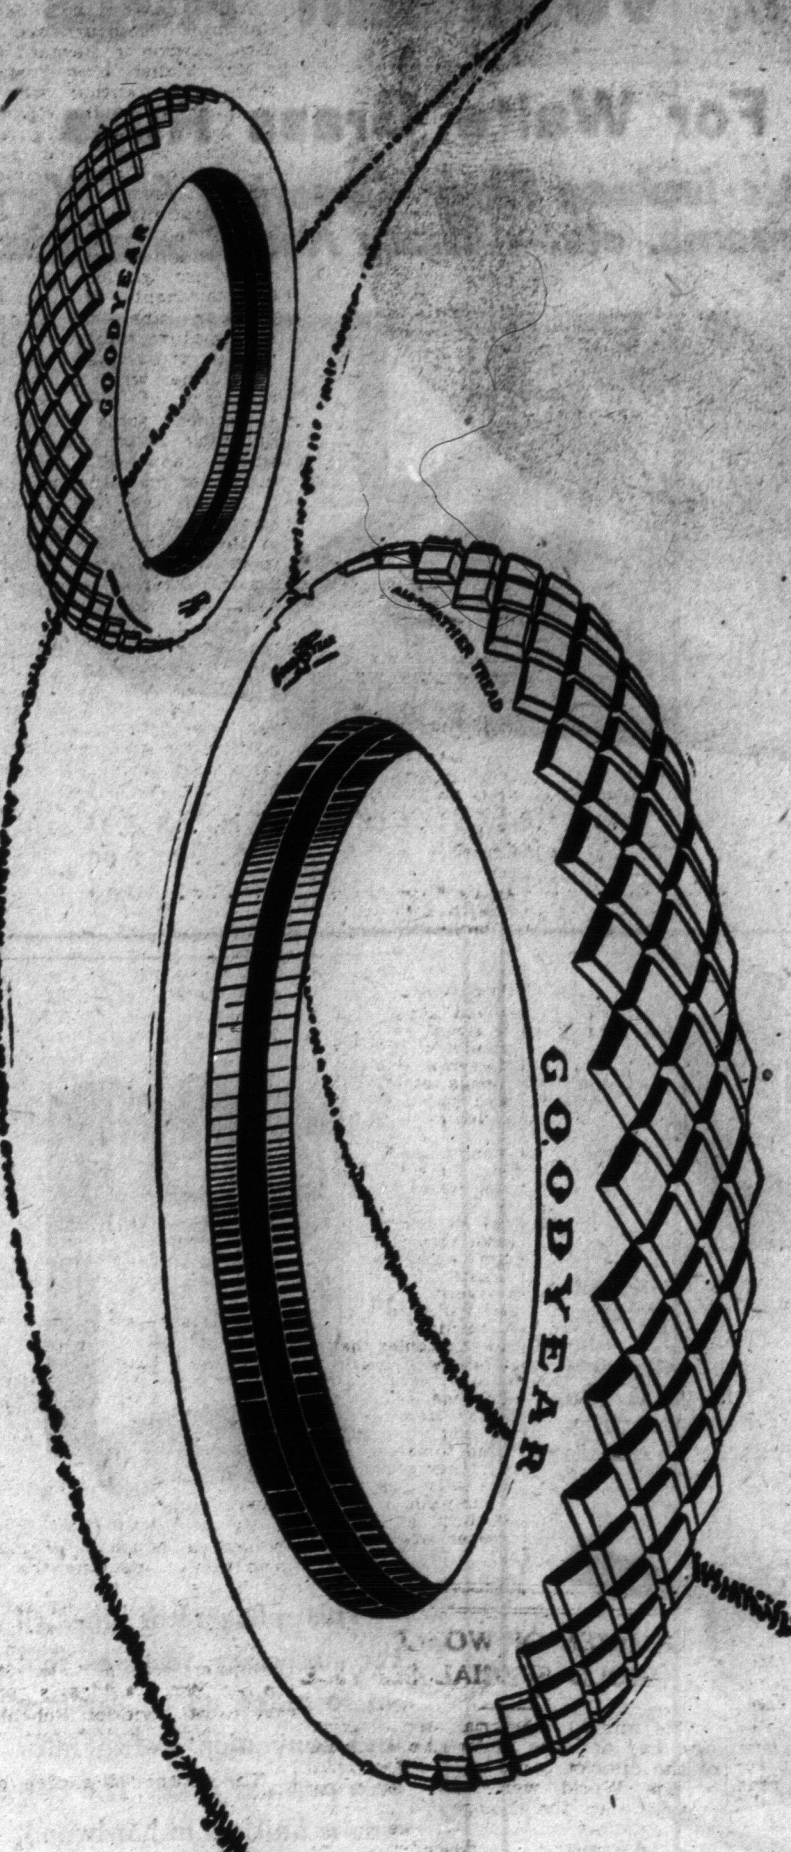

And that benefit has come to us only because the man who buys Goodyear Tires benefits first.

With that one fundamental truth we started our business. And so long as this business endures we will not depart from it.

So you will find, as have thousands of other motorists, that Goodyear Tires incorporate more than mere honesty of material and skill of construction. You will find in them the goodness that is born of the intention of the maker to give value unusual.

We believe that ultimately even a greater part of the motoring public will follow the trend of modern motoring—that many more will come to Goodyear Tires.

GIRL GUIDES HELD BIG GARDEN FETE

Muster at Casa Loma Saturday, Despite Weather, for Annual Rally.

Undaunted by lowering clouds and threatening rain-drops, Canadian Girl Guides mustered at Casa Loma on Saturday afternoon for their annual rally and garden fete. Gathering on the upper campus the Guides in their blue skirts, white middie and soft blue felt hats, every company with its standard-bearer and officers, the ensemble made a fine appearance. Marching to the lower field where Lady Hendrie, the high commissioner, and Sir Henry Pellatt awaited them the girls went thru a splendid program of drills and dances, the salute given in the march past at the spot where Lady Pellatt, Sir Henry Pellatt, Col. DOROTHY DIX'S TALKS

HOW TO CHOOSE A HUSBAND.

By DOROTHY DIX The World's Highest Paid Woman Writer.

A group of young women ask my advice about choosing a husband, and I find that the question of how to choose a husband is one of the most important in a woman's life.

Don't choose a man who follows a public career unless you are willing to be just as busy as he is. The fringe of the whole fabric, a man picks out his wife; he prepares himself for years of study and work; it is the woman who has no right to interfere with it.

Success is always bought at a high price, and the wife of the successful man must pay her share, so if you want a husband who will succeed in life, you must be prepared to share his success.

Don't choose a man for a husband because he is handsome. Beauty is a woman's possession, and when a man possesses it, he should be content with it.

Money is the most evanescent thing on earth. It is the will of wisp, and a woman who has married for money is like a woman who has married for a man who is a spendthrift.

Don't marry a man just because you love him. Love is a feeling, and feelings are changeable. It is better to marry a man because you respect him.

Don't marry a man because he is brilliant. No genius is satisfied to scintillate in his own hearthstone, and his wife's best needs are those of the intellect.

Don't marry a man because he is rich. A few minutes later another motor car broke its rear axle at the same spot and one of the rear wheels came off.

impression, the very vagaries of the artistic temperament—make him a trying person to live with. No woman should marry such a man unless she is willing to use her own happiness as fuel to feed the fires of his genius.

The optimism of womenkind is well exemplified by the child-like faith with which year after year they arrange for garden parties and other entertainments of that ilk to take place in June, the month of roses. A summer winter has dropped into the lap of summer the last few days, but neither wind nor rain could damp the spirit of the Girl Guides, who assembled some 400 and more on Saturday afternoon at Casa Loma.

Major Wilbur Cochrane, eldest son of Hon. and Mrs. F. C. Cochrane, has been in town from Ottawa this week. The marriage of Captain J. C. Harrison of the Imperial headquarters at London, Ontario, to Miss Agnes Oswald (Windsor), was made happy as the recipient of an extra prize given by little Miss Joyce Plimpre, a beautiful doll, one of her own treasures, an exemplification of the kindly thought for others inculcated by the Girl Guides.

Major Wagner of the Polish Recruiting Mission is at the King Edward. Mrs. A. Burke is at the Chateau, Lake Louise. Mrs. J. E. Hutchins has bought a house at Tampa, Florida, and intend spending the winter there in future.

The postponed garden party of the Women's Liberal Association took place at Oaklands on Saturday afternoon, and was a financial success. A military band played during the afternoon and evening, and afternoon tea was served, and later high tea. Punch and Judy show being much appreciated. The president, Mrs. J. Wesley Bundy, and the vice-president, Mrs. Phillip Gilbert, looked after the many guests.

The management of the Scarborough and Country Club have every reason to be satisfied with the outcome of their golf tournament on Saturday. In many instances entire crews have registered, some of whom were French-Canadians, with no one on board except the skipper, who could speak English. One skipper with his entire crew explained that only his wife had been left on board to look after the ship. A little while afterwards he returned with his wife for registration.

Farmers and Factories May Have to Sit Down Together.

Canada must carry on both to win the war and to adjust herself to the new conditions that grow out of the war.

There are and will for a long time be allies, aliens, neutrals. Even among the allies each will strive to take care of itself first.

It, therefore, begins to dawn on many of us, that some kind of national stock-taking must be made by Canada; that our farmers and manufacturers must, in conjunction with government and parliament, try and find out how we can "carry on" after the war if we have to depend mainly on ourselves.

It will startle a lot of people to hear that the Independent Labor Party has resolved to oppose Hon. Dr. Cody in Northeast Toronto.

Efforts have been made to create a language which would be neutral, easily acquired and which would form a common medium of communication.

The labor party has called for proportional representation for several years, but neither the government nor the parties have paid the slightest attention to that call.

The weak point in the labor party's position may be suggested by some to be the absence of any consideration of the educational policy involved in the appointment of Hon. Dr. Cody as minister of education.

LABOR PARTY PUTS CANDIDATE IN FIELD

William Varley Chosen to Oppose Hon. Dr. Cody in Northeast Toronto.

The convention of the Greater Toronto Labor party, after long deliberations held on Saturday night at the Labor Temple, voted almost unanimously to place a nominee in the field for Northeast Toronto against Hon. Dr. Cody.

The debate upon the motion to place a nominee in the field opened with a discussion of the merits of the organization, the press being excluded.

Several others spoke along the same lines, and were followed by William Varley, who stated that the office of minister of education should be given alone to representatives of labor.

Mr. Hektor Prenter urged the party to fight to the last in all battles where labor had an opportunity to get representation in the provincial and federal houses.

NOMINATIONS TODAY IN TWO LOCAL RIDINGS

Hon. Dr. Cody will be opposed by William Varley, a returned soldier, who has been chosen by the Greater Toronto Labor Party.

The boundaries of Northeast Toronto are: East—The west side of Logan avenue, south from the northern city limit to Gerrard.

South—North side of Gerrard from Logan to Spadina, east side of Spadina from Gerrard to Carlton; north side of Carlton from Spadina to Logan.

West—East side of Spadina avenue and Spadina road from College to Logan.

North—North city limits between Spadina road and Logan avenue, save the old town of North Toronto.

GALBRAITH TO FIGHT FOR EAST YORK SEAT

He Questions Power of Ontario Legislature to Extend Its Own Life.

John Galbraith of Todmorden called at the Toronto office last night and announced that he would probably be a candidate at the coming by-election in East York.

Following will be found a copy of a letter recently mailed by Mr. Galbraith to the minister of justice at Ottawa, in which he questions the power of the Ontario Legislature to extend the legislative term (winter, without the recent act, expires this summer) beyond the four years for which it was elected.

The best concrete example put in force of Section 92, Sub-Section 1, is Chapter 4 of the Statutes of Ontario, 1917, where they amended their constitution by abolishing the legislative council.

It is claimed that the Ontario Legislature Extension Act in ultra vires and unconstitutional, and that the general-in-council of Canada should disallow it.

It is ultra vires, then, all legislation passed by it would be null and void, which would mean a serious problem in the present war crisis.

YOUNG MEN FOUND NEAR STOLEN MOTOR

Alleged to have stolen a motor car from W. Rymal, 215 Church street, Norman J. Butler, aged 20, 121 Ossington street; William O'Donnell, aged 19, 237 Sumach street; Garnet Buchanan, 37 Bright street; James Duffy, aged 20, 245 Ontario street, and Joseph Fugus, aged 20, 157 Ellsworth avenue, were arrested last night on Pearl street by Policeman Skinner (165).

The police say that the car was reported as stolen on Saturday night by the owner, who gave a description and the number of the car, and that Policeman Swinney, while patrolling his beat, saw the car stalled on Pearl street and the men, now in custody, trying to fix it. He questioned them, and when they could not give satisfactory answers they were arrested on the charge of theft.

Motor car thefts are not as frequent as they were in the spring. It is thought by the authorities that the stiff methods adopted in dealing with the youths who have been the habit of "joy riding" in other people's cars have been responsible for the decrease in this respect.

At the final session Saturday evening the following officers were elected: Grand master, John A. Cowan; Toronto; grand lieutenant, C. B. Wright; grand prelate, W. R. The Rameses Shrine Motor Club availed itself of the opportunity of giving many of Toronto's wounded soldiers an outing on Saturday.

They visited the six military hospitals, with 155 motor cars, and when an average of four men to a car drove to Queen's Park, where they all assembled for the grand start of the trip over 20 miles of the Toronto-Hamilton highway.

TURKEY'S BIG IDEAS OF PEACE TERMS

Paper Declares Her Intervention Saved Central Powers From Being Crushed.

Basel, Switzerland, June 23.—The Turkish newspaper Aski, a copy of which has just been received here, in an article in which it lays emphasis on the statement that Turkey's intervention in the war probably has prevented the central powers from being crushed, formulates conditions as representing public opinion as to what Turkey's peace terms should be.

The terms, the newspaper says, embrace the restitution of Iraq and Palestine; the re-establishment of Turkish supremacy in Egypt; the independence of Persia, to be secured by the expulsion of the British; the Black Sea to become Turkish, with a Turkish prince in the Crimea, and a German archduke in Armenia; Bulgaria to hold northern Dobruza, but Constantinople and Dedagat to become free ports; Austria is not to evacuate northern Italy until Turkey has recovered Cyrenaica, and Turkey is to recover Crete.

At 6 o'clock the soldiers assembled on the grand stand and supper was served to them by the women of Oakville and an hour later they were on the homeward journey.

The Rameses Motor Club extended its appreciation to the Sportsmen's Patriotic Association for the fine work it did in managing the sports end of the program, which gave the boys so much enjoyment.

George Marshall died yesterday at the Toronto General Hospital in his 56th year. He was born at Horning's Mills, and for 28 years had been a druggist at 210 East Queen street. Cecil R. Jackson, 2195 East Queen street, and Walter L. Smith, 2064 East Queen street, were taken into custody by the police on the nominal charge of vagrancy. It is understood that a charge of theft will be laid by the authorities today.

APPEAL TO IRELAND BY NEW COUNCIL

A Greater Ireland Beyond Seas, It Says, is Heart and Soul With Cause.

The council points to the unpopularity of this campaign in being conducted by Irishmen among their own people and in their own way.

Paris, June 23.—Two-thirds of the German submarines launched are already at the bottom of the sea, according to a statement made to the deputies by the under-secretary of the navy.

Rome, June 23.—A semi-official note issued today says: "The enemy, obliged to hide the disastrous failure of his offensive, has had to resort to falsifications. Thus the Austrian official communication of June 22 announced the capture of 40,000 prisoners. The truth is that this figure represents the entire Italian losses in killed, wounded and missing."

THE WOMAN WHO CHANGED

BY JANE PHELPS

An Embarrassing Situation.

CHAPTER CXV. On my way home from Evelyn's I stumbled and fell. It was careless, I thought, but I was so engaged in thinking of Evelyn's baby, so pleased that she had named it for me, that I didn't see the stone on the crossing, and tripped over it. As I was scrambling to my feet, hoping no one had seen my undignified performance, I heard a voice say: "Let me help you! Are you hurt?"

"You what?" "Evelyn Reeves has a little daughter and she has named her for me. I am delighted to think she did so, and was thinking who it should give the baby for a christening gift when I stumbled over that stone."

"Only my pride! That is terribly bruised."

"Don't mind her. She may fall some day." "I wasn't thinking entirely of Mrs. Loring. I had been terribly mortified to have Merton see me. But I answered: "I hope she does, and that I will be where I see her," at which Merton laughed heartily, then added: "Me too."

Paid According to Services Rendered

Government Issues Statement Regarding Remuneration Paid to Victory Bond Dealers.

EXPERTS COMMANDEERED

Finance Department Had Whole Staffs Working for Months on Publicity Alone.

Ottawa, June 23.—In connection with certain comment which has appeared recently in some of the press respecting the remuneration paid to professional bond dealers, members of stock exchanges and others for stocks rendered in connection with the last Victory Loan, the minister of finance made the following statement today: "The services of the investment, bond and stock exchange houses of the Dominion were commandeered by the finance department with the object of securing the active and continuous co-operation of a body of experts specially trained in the sale and distribution of securities. The Dominion executive committee, composed of 15 outstanding representatives in the security business, undertook the organization and adjustment of all details of the selling campaign. The work of this and of the other committees, all composed of experienced securities experts, was not confined to the period of the loan, but commenced several weeks before it was launched, and continued for many weeks after it was closed. A complete system of accountancy covering all expenditures was inaugurated. The members of the Dominion publicity committee were not only experienced in investment publicity, but were unremittently for practically four years upon advertising and publicity devices. Over five million separate pieces of printed matter were prepared and distributed by them through Canada. This committee closely coordinated the newspaper advertising campaign and advised upon all advertisements. The Dominion business committee, which effect a Dominion wide system of reporting and recording subscriptions. Over eight hundred thousand copies were handled by the system instituted above committees throughout the country on the campaign through-out."

Toronto Man Makes Report

The basis of remuneration to the various firms and individuals whose services had been engaged in the careful consideration and was made the subject of a special report by Thomas Bradshaw, finance expert with the City of Toronto, and an outstanding whom the minister requested to report upon the matter. No rate of commission was paid, the principle adopted being to determine the emolument payable to services rendered, results produced and responsibility undertaken by the organization which each financial house placed at the disposal of the campaign was regarded as an honorarium. Mr. Bradshaw in his report refers to the number of financial houses which were principally engaged in the campaign, and stated that the value of such equipment, reports and other services rendered, and the successful prosecution of such an undertaking, is hardly to be estimated. He pointed out that the total cost of the campaign was more than \$1,000,000. He further stated that after a previous one, and the members of nearly all the committees were engaged for several months in making adjustments. Investment houses were practically prohibited from engaging in the campaign during the last three months of the year. Prior to the issues, those engaged were fully occupied in other work, and in selecting, training and supervising the work of over ten thousand canvassers each house and firm engaged. He stated that the entire remuneration of all the professional houses engaged averages less than one-fifth of one per cent. He pointed out that having gone over in detail the amount of remuneration allowed to each house and firm engaged, he had the opinion, having regard to the services rendered and the work done, that the remuneration was on a fair and reasonable basis.

Bank Pay Is Small

As far as the remuneration paid the banks, which played a vital part in handling the loan, was concerned, the average amount paid for each of the three thousand branches was three hundred dollars. For this amount all applications were received, recorded and forwarded to Ottawa. Interim certificates were issued to all applicants during the currency of the campaign; that is to say, for five, ten and twenty years. As to canvassers, an army of eleven thousand was engaged for a month or more, at an average of about ninety-five dollars each. The problem of floating a Victory Loan in Canada is quite different from that of floating a Liberty loan in the United States. Here we have a sparse population, spread over a territory as large as the United States. The work of organization and canvassing is, therefore, more difficult. Besides, Canada has been four years at war, and skilled help is relatively scarce. The United States has the federal reserve banks directly under government control, which organize the Liberty loan campaign, with the individual banks, some of which are self-contained and under the general supervision of the federal reserve banks. The success of the Victory Loan in Canada is largely due to the fact that the United States is looked upon as a great achievement for Canada.

SENTENCE SUSPENDED

Defaulting Cashier is Given a Chance by Court. Windsor, June 23.—Sentence was suspended for three months on George Love, defaulting inland revenue cashier, in police court here yesterday by Magistrate Miers, who cautioned the young man that final disposition of the charge against him would depend upon his conduct for the period of suspension. The fact that Love has no other arm, and that his family has made good the amount of his thefts, inclined the court toward leniency.

WILL ATTEND RETREAT

London, Ont., June 24.—For the purpose of attending their annual retreat at Assumption College, Sandwich, Ont., the Catholic priests of the city are leaving today for Windsor. Their services open on Monday evening and sermons and introductions will be preached this year by Bishop Schrems of Toledo, Ohio. Exactly every priest in London diocese will be in attendance until Saturday when religious exercises close.

REGISTRATION COMPLETE

Windsor, June 23.—Registration here was completed at ten o'clock last night and it is estimated that approximately thirty thousand names were recorded for the Canadian border municipalities. No hitch occurred anywhere, and with a host of deputies actively engaged in the work, names were taken and registration cards issued rapidly.

WAR CHEST FUND

Sarnia, June 23.—It is now expected that the local War Chest Fund will total at least \$117,900 as the figures have almost reached that amount and many small amounts are still coming in.

NEWARK WON ONE GAME FROM LEAFS

Splitting Up Double-Header — Birds Won One Without Losing and Go up Third.

Newark, June 23.—The Toronto Leafs left here late tonight with three of the four games played Saturday and Sunday. The Leafs landed both on Saturday, with a lot to spare. Consecutive hitting in the sixth inning made the first easy for Herche, who was changed in the eighth, and Justin finished. Justin went right on in the second game and won, because the Leafs hit with the Bears' errors in the seventh round for four runs.

It was in the second Sunday game that Newark registered its first victory of the season over Toronto, after losing six straight to the Leafs. Score, 3 to 2. Toronto, principally thru errors, won the first game by a score of 4 to 1.

Peterson kept the eight hits well separated in the curtain-raiser, while Ancker having his colleagues' mangle errors with Toronto hit. Doc Swigler allowed the visitors only five safeties in the good-night clash and deserved the laurel wreath, although Alcheide did not unfold an inferior variety of baseball; in fact, the Bears had to continue the performance until the last man had been set down. King Lear, Toronto second baseman, had a right merry time of it. His work in the field was a feature and his batting would have made Bill Shakespeare believe that it was a midsummer night's dream. Lear surely did "lay on MacDuff" and right well did the local pitchers know that Lear was in the party. By the itching of my thumbs something wicked this way comes, vouchsafed Jensen, the first game of the first game on hitting. Last one to centre in the third round was soon realized as a fair hit. The last one to centre for the entire distance. In the closing frolic "the king" had three hits in four times at bat, one of them a triple.

Dan Howley has lost Bailey Thrasher, Wagner and other players who continue in the new international galloping. Andy Anderson, a former Newarker, did not have a chance to figure in any superlatives, but Anderson's play says that he has been doing well as a pitcher in a timely manner. Anderson played a few years ago on the South Eighth street school team and was considered a star, along with Fletcher Dennis and others.

CYCLONE PLAYERS ON Y. LEAGUE LOTS

Fans Were Frozen Solid, But the Game Was Full Pep.

By Ida L. Webster.

The wind blew thru the trees, and also thru the B.V.D.'s, but still the fans who went to the Central Riverdale game stuck, nor was it merely because they liked the feel of the gentle zephyrs, rather, by the way, had all the earmarks of a Kansas cyclone, but simply because the boys were putting up a good class of ball, and at no stage of the game was the final outcome assured. In fact right into the ninth inning it was undecided, and it was a passed ball catch of a long fly which broke up the game in that round, or the score would have been 2 to 1 in favor of the visitors. The most outstanding feature of the contest was the daring base running indulged in by the Riverside bunch, in fact at times it appeared to be almost suicidal, but evidently the whole gang must have been shoes, because they always managed to get away with their wild attempts, and yet it must not be supposed that the Central battery was dead by any means. On one occasion Stephens, who was catching for Central, made a beautiful throw to a passed ball to get Spring at second, but the kid was safe a couple of feet, and on the next strike he was headed for the key-stone corner, which he made after a rather close decision, but nevertheless, he got it, and that is all that is required of any ball player.

Leafs Win Both Saturday Games

One-legged and One-armed Men Perform Creditably on Track and Field.

Oakville, June 22.—The program for the afternoon, which was arranged and under the direction of the Sportsmen's Patriotic Association, was opened at 4:30 p.m. and lasted till 6 in the evening. The participants in the one-legged race were allowed neither a crutch nor a cane, but that didn't prevent F. S. Smith from winning. College Street Hospital was successful in the tug-of-war, but the tug-of-war for one-armed men was won by Davila.

The men with their leg off below the knee made a good showing, and the ones with it off above the knee did remarkably well. The wheelbarrow race was won by Sgt. Anderson and Sgt. Reed, both of College Street. The most interesting part of the program was the foot race for military boots. All have a similarity, and when the participants got hunting for their boots they got the wrong ones, and confusion resulted. The sack race also displayed the skill the one-legged man had acquired.

An interesting lacrosse game extended till the afternoon. The Caughnawaga Indians winning from the Beaches 9 to 3. At 6 p.m. all the soldiers, numbering about 700, assembled on the fair grounds and were served with supper. The motor club without exception, thanks to the Sportsmen's Patriotic Association, who so ably handled the sports end of the program, and to the Oakville race members, the Red Cross Society for their courtesy toward the soldiers.

Smart Millinery for the War Bride---and Others

The vogue of the veiled traveling hat is charmingly expressed in the stunning models now shown in the French room. They are close-fitting styles, developed in a soft, light-weight material, bankok or fancy braid, and of course they are mostly in navy.

Their chief glory is the exquisite, long veils of Shetland mesh or georgette crepe that, draped about the crown, are drawn through the brim at the back and fall below the shoulders. These may be adjusted to slip down over the face, giving a striking effect. Every hat is charming and moderately priced from \$6.50 to \$10.00 each.

Chic Summer Dress Hats Are of French Hair

They are decidedly chic for wear with the dressy summer frock or silk suit. Fashioned from fine French mohair braid in a variety of delicate pastel shades, as well as all black or all white. Some are elaborated with tulle, others shot with silver, while flowers of an exquisite hue are extensively used to adorn them. Priced from \$10.00 to \$15.00.
