THE SENATE READING ROOM SENATE PO

That \$60,000 Stolen From the Molsons Bank at Winnipeg, Man. HAS JUST BEEN DUG UP. John W. Anderson, Formerly a Junior in the Bank, Was Taken Into Custody Yesterday.

MONEY WAS BURIED IN A SHACK. Davis, a Chicago Detective, Certainly Did a Smooth Piece of Ferretting in This Case.

Winnipeg, Aug. 8.—(Special.)—Only one topic is discussed on the street here to-day, and that is the recovery of \$60,000 of the \$62,000 stolen from Molsons Bank nearly a year ago.

Anderson Under Arrest. John W. Anderson, formerly a Junior in the bank, was arrested at 4.30 this evening charged with being the robber.

Whether or not he had an accomplice is a mystery; but he had to get through three combinations and a lock somehow, and he appears to have done so successfully.

The theory that the robbery was the work of someone in the bank has nearly been confirmed.

A Detective's Find. It is said that the money was found buried, and the location was discovered as a result of detective work done by a man named P. Davis, who claims to be connected with a private detective agency in the States, and who did some work in connection with the famous Holmes murder cases.

Davis is Man. Your correspondent had a long chat with Davis to-night, but he has been advised by his solicitors to keep mum until the trial, and he follows instructions.

Working Keep January. Davis came here about January last, and for a couple of months did not do much else but about March he became suspicious of Anderson, and he accordingly followed the robbery Anderson left the bank's employ, the inspector saying that there were no prospects of salaries being raised on account of the loss in the robbery, and Anderson, on the plea that he could not live on his salary, went to work for the Secretary Company, and was employed there when arrested this afternoon. He took the arrest coolly and ate a hearty supper at the jail.

How the Detective Worked. Davis, it seems, after suspecting Anderson, went to work in Jersey Robinson's dry-goods store as a fancy window dresser, and apparently an ordinary dry-goods clerk. He ingratiated himself into Anderson's good graces, and the suspicion is that he had Anderson up to the point of saying where the money was on the understanding that they were to engage in some enterprise together. Anderson knew he had been shadowed by detectives immediately after the robbery, and had given more than one detective a long walk into the country, but just for amusement sake and having a lark at the expense of the "eye that never sleeps."

\$10,000 Reward. The reward for recovery of the money is \$10,000. The bank is lit up to-night, and Manager Cole is in his office, but he is not talking to anybody.

Says Evidence to Convict. H. W. Whitla, Judge of the Court, says that the evidence to convict Anderson.

Mgr. Pope Notified. Manager Pope of Trenton, Ont., manager of the bank here, says that the robbery occurred, was notified by wire to-night of the arrest of the alleged culprit.

Winnipeg Police Out of It. The police here were not made aware of the developments of the case until it was effected by the Provincial Department. The detective is a young fellow about 26.

Another Story. It is that Davis and Another Followed Anderson to the Shack. Where the Swag Was. Winnipeg, Aug. 8.—(Special.)—A second story about it that Davis, after rooming with Anderson for a time, became suspicious of the latter, and with Harry Whitla, he followed him to the vicinity of Louis bridge, where Anderson was seen to enter a shack. Davis and Whitla and Davis engaged several lookouts to avoid suspicion, went to the place, and dug up the wealth.

A Woman in the Case, Too. It is further stated that Davis had a woman engaged in the case, who helped to gain the confidence of young Anderson. This is discussed in another column.

Whitla says Davis' detective work was a smooth piece of business, and he is entitled to all the credit.

West Point on Spec. It is further stated that, hearing of the \$100,000 reward, Davis came here on spec. After the robbery nearly every employe in the bank was suspected, one after another, and their lot was a most uncomfortable one.

Anderson From Hastings, Ont. The expectation is that Anderson will come before court to-morrow. It is thought he was very chatty and seemed in excellent spirits. Anderson came here from Hastings, Ont.

Things Were Kept Quiet. The pre-arranged plan day. The bank seems to have been kept particularly as quiet as possible, so as not to interfere with the evidence in any way. It is thought that Anderson had accomplices.

Embassador Choate and Lord Strathcona Agree That Such a Thing is Impossible.

SIR WILFRID LAURIER'S REMARK WAS MERELY A FIGURE OF SPEECH—Politicians Could Not Get the Nations to Fight.

London, Aug. 8.—Mr. Joseph H. Choate, the United States Ambassador to Great Britain, was interviewed to-day by a representative of the Associated Press in regard to the remark "no combination" speech delivered by Sir Wilfrid Laurier, the Canadian Premier. He said: "There will be no war. It is safe to say that no amount of political or military action could occur which would result in a general war. The Ambassador, continuing, said that the Canadian Parliament was on the eve of dissolution, and the leaders of both parties had to speak. Mr. Choate seemed to think that the latter circumstances explained Sir Wilfrid Laurier's position, and he was inclined to attach small importance to the Premier's remarks. Mr. Choate added, however, that the negotiations were progressing, but he can say nothing at present as to the result."

Strathcona Defends Laurier. Regarding Mr. Choate's statement, the Canadian High Commissioner, Lord Strathcona and Mount Royal, said to a representative of the Associated Press: "Sir Wilfrid Laurier's remark was merely a figure of speech and not a political dodge, as is claimed by some. Sir Wilfrid Laurier is in no way meant to challenge the honor of the States. No sensible man could regard war as possible, but Canada is singularly in a position to defend itself. The book in the hands of the United States States demanded in the Venezuela case, allied to Great Britain. As such, the United States must protect her rights. We merely ask for an equitable settlement through arbitration following the United States' lead. We believe that the United States is thoroughly interested in his endeavor to have the question honestly settled. The misinterpretation of Sir Wilfrid Laurier's remarks by the United States press is unfortunate. Any bitterness or abuse by the Canadian press is altogether unparliamentary. The negotiations are progressing, and I believe a satisfactory settlement of the Alaska question will be achieved."

Get Up in the Middle of the Night to Do It—Other Mishaps. James Walsh, who lives at 225 Mutual-street, while at work yesterday in his blacksmith shop, crushed one of his fingers nearly off. The injured member was dressed at St. Michael's Hospital.

Assaulted With a Lamp. Thomas Evans of 53 Blair-avenue says that his brother John got up in the middle of the night and struck him on the head with a lamp. He went to St. Michael's Hospital, where he had his head, which is badly cut, dressed.

Had a Narrow Escape. While at work on the new City Hall at White last week P. S. Woodhall, an employe of Messrs. Orange and Company of Toronto, had a narrow escape from being killed. He was standing on a plank in the main tower, when it broke and he fell to the ground, striking a scaffold in his descent. Luckily he was not hurt, but he received a bad shaking up.

Driver Badly Hurt. A trolley collided with John Dempster's car yesterday near the corner of Delaware and Wrecked the vehicle. Charles Fleming of 337 Parliament-street, who was thrown from his seat and alighted with several cuts and bruises, and a number of severe scalp wounds and a fractured skull. Dr. E. G. Jones attended the injured man, after which he was removed to the Western Hospital.

Russian Peasantry Revolt. Driven Desperate by Famine the People of Bessarabia Have Risen Against the Government. Vienna, Aug. 8.—The Neue Freie Presse to-day says the peasantry of portions of Bessarabia (a Government of Russia) bounded on the south by the Danube and the Black Sea, have revolted, being driven desperate by famine. Troops are being sent there, and several encampments have been taken place. A score of peasants have already been killed, and many have been wounded.

Another Floater. Body of a Young Man With Head Crushed. Found in the Niagara. Niagara Falls, Ont., Aug. 8.—Howard Lake and Fred Preston of the Whitpool salvage corps secured another floater from the main stream of the Whitpool this morning. This was the body of a young man, apparently about 17 years of age, who had been killed by a pair of white half-brigade half-hose and a pair of black lace shoes, which were found in the water several weeks.

Columbia in the Queen. Greenport, L.I., Aug. 8.—Over 50 ragmen took part in the first run of the New York Yacht Club to-day from New London, out to the Sound, as far as Watch Hill, and back to Gardiner's Bay. The new Cup Defender Columbia proved herself to be the Queen of the fleet, outclassing all of the other boats and beating the Defender by 4 min. and 19 sec. in a 20-m. run.

INTERNATIONAL DELEGATES MEET

Batchelder of the N. C. A. Talked in Favor of Races Begin To-Day in Montreal.

Montreal, Aug. 8.—At to-day's session of the delegates of the International Cyclists Union was officially given out that the League of American Wheelmen is the only body governing cyclists in the United States that would be recognized by the International Cyclists' Union.

The annual reports of the secretary were read, and being considered satisfactory, they were adopted. Accounts of the Vienna meeting being received, owing to difficulty with the track owners, it was resolved to stand by the Deutscher Radfahrer Bund in whatever action they took.

Hal B. Donly stated that he had been requested by Mr. Batchelder to ask that he be allowed to present the case of the National Cyclists' Association before the delegates. Mr. Batchelder was sent for, after it had been decided that he should be heard.

On Mr. Batchelder's arrival he outlined the objects of his association and explained the situation in the United States. After his withdrawal there was some discussion on this matter, and his resolution was adopted: "That the I.C.U. confirm its recognition of the L.A.W. as the only body controlling cycle racing in the United States, riders from that country registered on the books of the L.A.W. as being permitted to compete in cycle races held in any of the countries affiliated with the association."

The races begin to-day. Niagara-on-the-Lake, Aug. 8.—Yesterday afternoon three rinks from the Canada Club came over to the Queen's Royal lawn to play a friendly match with the Niagara Club, resulting in a win for Canada by nine shots.

 The Demon Dye-stuff in olden times it was a popular belief that demons moved through the night air seeking to enter into men and women. At the present day the demon, dyspepsia, is at large in the same way, seeking entrance into those who by careless or unwise living invite him. It is a disease which is difficult to diagnose him. He finds himself so possessed about him that he is reluctant to do battle for him with the unseen foe is Parmelee's Vegetable Pills, which are ever ready for the trial.

**The Fatal Accident to an East Toronto Railway Man—Shop License Refused.**  
 Toronto Junction, Aug. 8.—(Special)—William Davis, Bert Fuller and Dan Lindsay, three boys, were this morning charged with stealing fruit from the orchard of Byron Abbott on Louisa-street. Magistrate Ellis gave them a lecture and let them go. The police were today notified by Christie, Inspector of Asylums, to dispose of the goods belonging to John Young. The Toronto Junction Conservative Association held a meeting to-night with Dr. Eglington, President. Speeches were made, similar to the constitution in the Toronto National Club. It was decided to hold a public meeting at the end of the present month, to be addressed by Hon. A. Charles Wallace, J. W. St. John, and others. The Association will also hold a picnic in September. Speeches were given by Mr. Johnston, Mr. J. L. Church, Mayor F. Laughton and Dr. Ferret.

**East Toronto.**  
 Toronto Junction, Aug. 8.—(Special)—William Griffin, who lately resided with Mr. George Parkinson of this place, was killed last night while crossing out of Buffalo station in a collision between a freight and a passenger train. Deceased single man, and had been in the employ of the Grand Trunk Railway for a long time. The remains will arrive at Little York station to-morrow morning, and will be taken to the East York Crematorium. The East York License Commissioners have not harkened to the petition asking that the shop license be granted to Mr. Lindbolen of Swanwick-avenue, and the shop license is refused.  
 Honors were about even in the lawn tennis match played between the East Toronto and Agincourt clubs at Agincourt. All the gentlemen of the East Toronto team lost to the gentlemen of Agincourt, and all the ladies of Agincourt lost to the ladies of East Toronto.  
**North Toronto.**  
 A meeting of the Works Committee was held last evening. The Councilors present were in the chair. Tenders for a brick chimney at the power station, and the award made to W. J. Hill at \$150. The Toronto Presbyterian congregation was granted the use of the Town Hall for a raise of salary, but Councilors Hill and the increase of the same was refused. Mr. Hopkins then gave notice that he should resign his office as Mayor. Mr. H. Ruthven, Jr., and his sister received home yesterday a number of gentlemen's holiday presents sent in England. Sherwood Lodge met last evening and received the report of the recent picnic. The balance in hand to be donated to the Children's Hospital will be nearly \$40. The residence of Mr. James Barwell on Sherwood Lodge was destroyed on Monday evening, while the owner was away, and the silver spoons taken. The entrance was effected through a back window, and the small amount of goods taken leads the police to suppose that the robbery was done by boys.  
**Richmond Hill.**  
 Mr. E. A. Coombes, who has been principal of the High School here for some years, has accepted a similar appointment at Newmarket. Mr. Coombes commands the respect of the whole village, and his departure is much regretted.  
 Father McLaughlin, a pious and sports in aid of St. Mary's Church building fund will be held at the fair grounds on the 23rd inst. This is an event that is looked forward to by many, and will no doubt, on the 23rd inst. draw together a large company.  
 Complaints of the intention to timetable by the Metropolitan Railway are being made, and on Saturday night many passengers were detained on the streets till nearly 11 o'clock, while the car was due to the Victoria in executing this monument.  
**The Band Disbanded.**  
 Much discontent was expressed at the head of the society not turning out to do honor at old soldier's funeral. A resolution was passed that the band be disbanded, and that the uniforms and instruments owned by the society be returned.  
**American Fraternization.**  
 A communication was received from James S. Knowlton, Esq., of the Department of New York's Grand Army of the Republic, stationed in Toronto, enclosing copy of resolutions unanimously adopted. They were: (1) Thanking the Army and Navy for their services in the extended to the Armour Cadets of Chicago, while on their recent visit to Toronto. (2) Expression of the hope that there should be a more cordial relation existing between the two associations of veterans who had fought for their respective countries on many battlefields. (3) That, being of the same race, there should be no difference in their comradeship who had nobly performed the duties of soldiers on them as soldiers, and that, speaking the same language, and the help of God, the two countries could defy the combined nations of the world.  
 The copy of the resolutions was signed by Capt. J. H. Stone and William Greenwood, adjutant.  
 The secretary of the Army and Navy Veterans will draft a reply, couched in similar fraternal terms.  
**The Demon Dye-stuff.**  
 The Demon Dye-stuff in olden times it was a popular belief that demons moved through the night air seeking to enter into men and women. **THE CASE OF H. A. COSTIGAN**  
 As Presented by the Conservative Minority to the Public Accounts Committee  
**WHEN ADOPTION WAS REFUSED.**  
 Appointment at Winnipeg Alleged to Have Been Made Solely for Politics.  
 Ottawa, Aug. 8.—(Special)—The Public Accounts Committee to-day presented its final report, and there was also presented a minority report on the cases of Mr. H. A. Costigan and Col. Donville.  
 The minority report with respect to Mr. Costigan is as follows:  
 The following facts were proved before your committee by uncontradicted evidence:  
 1. On Jan. 27, 1897, Mr. H. A. Costigan, deputy collector of inland revenue at Winnipeg, was appointed to his present position, received from the messenger of the office of the collector of inland revenue at Ottawa, a registered letter, containing a remittance of \$250, which was received by the messenger at the inland revenue office at Vidua, for which he initiated his receipt in the registered receipt book kept in the office for that purpose. On the same day Mr. Costigan left the office without accounting or paying for the money received, and he never returned to the office until the 15th day of February. In the meantime he had been receiving this money, and abstracted from the office the messenger receipt book, which contained the evidence that he had received it.  
 This book was eventually recovered from Mr. Costigan by Mr. W. J. Christie, the deputy collector at the General Hospital in Winnipeg. During his absence from the office Mr. Costigan indulged in excess in intoxicating liquors. The sum of \$92.20 was repaid to the department by Mr. Costigan about the 10th or 10th of February, 1898.  
**Away Without Leave.**  
 2. About the 30th July, 1897, Mr. Costigan left his office without leave, and remained absent until the 21st September, 1897. During the greater part of this time his whereabouts was unknown to the department, and during some of the time he was not in communication with the department or its officers. It is alleged in his defence that during this period, or some portion thereof, he was again indulging in the excessive use of intoxicating liquor. Before leaving on this occasion he received as collector two sums of \$20 each for license fees for excise bonding warehouse. These sums were not accounted for or paid over by him until his return in September, 1897. Mr. Costigan did not account of this statement, and Mr. Costigan did not account of this statement, and Mr. Costigan did not account of this statement.  
**Shortage Made Good.**  
 3. On Nov. 27, 1897, Mr. Costigan received as collector a cheque for \$206.64 from the City of Winnipeg for two drums of methylated spirits. Instead of depositing it in the Merchants' Bank of Canada for account of the Receiver-General, as he should have done, Mr. Costigan endorsed and cashed the cheque and used the proceeds for his own purpose. He absented himself from his office without leave from Nov. 27, 1897, until Dec. 21, 1897, during which period his whereabouts was unknown, although every effort was made to locate him. The sum of \$206.64 appropriated to his own use by Mr. Costigan was made good to the department by his friends on Dec. 29, 1897.  
 4. On the 18th December, 1897, the Minister suspended Mr. Costigan from his office, and he was appointed Collector of Inland Revenue at Ottawa, in place of Mr. Battle, who was superannuated.  
 Appointed a Liberal Worker.  
 5. The Minister also appointed the collector at Ottawa.

ANXIOUS TO SEE DREYFUS.

SECOND DAY OF THE GREAT TRIAL.

Only a Short Session Was Held and No Evidence Was Taken—A Coup Promised.

Rennes, Aug. 8.—The police arrangements in vicinity of the Lycee this morning were exactly the same as those of yesterday, but not more than a hundred persons had gathered at the early hour—8:30 o'clock—before the opening of the day's proceedings in the trial of Captain Dreyfus.

The Whistle Was Blown.

Then the chief of the gendarmes made a sign to his assistant, who blew a whistle. Before the shrill sound had finished the clatter of hoofs was heard, and a mounted detachment of gendarmes followed by a detachment of foot-guards, galloped into the square from a side street.

Dreyfus Was Astonished.

Paris, Aug. 8.—The Temps says Dreyfus was greatly astonished at the fact that he was brought into court a prisoner. He believed, according to this paper, that he was entering into the judicial formalities of an immediate rehabilitation, and was thanking Gen. de Bodeloche for the revision of his case.

Dreyfus a Sick Man.

Rennes, Aug. 8.—The condition of Dreyfus is disquieting. His wonderful will power alone is leading him through to the present trial. Physically he is extremely weak. His stomach refuses all solid food and he is unable to take milk.

Everybody Driven Away.

The soldiers were stationed shoulder-to-shoulder, facing outwards and towards the spectators, who were crisscrossed behind the mounted gendarmes, a hundred yards off. Soon afterwards somebody shouted, "Hérissez-vous!" and the spectators, many of whom had come from neighboring towns expressly to see Dreyfus, craned their necks and stood on tip-toe, hoping to catch a view of the famous prisoner.

Just Got a Glimpse.

The crowd just viewed the prisoner's head and shoulders as he passed by the gate between the heads of the infantrymen, whose rifles, resting on their bayoneted rifles, were pointed towards him.
