APPEAL TO ALL CITIZENS TO GIVE THEIR SUPPORT TO THE BATTLEFIELD PURCHASE

Influential Committee is Organized to Place Toronto in Forefront of Committees Honoring Makers of History.

A highly important step towards the accomplishment of the object which must command the interest of every loyal Canadian was taken at a meeting yesterday afternoon...

The keynote of the gathering was struck by Byron E. Walker in his declaration, made with much emphasis, that large subscriptions from wealthy contributors, while a very material aid, were not aimed at so much as the awakening of a spirit of loyal patriotism...

The meeting was held in the mayor's office, his worship presiding. Those present were: Byron E. Walker, who represented the National Battlefields Commission; D. D. Mann, Lady Moss, W. K. McNaught, M.L.A., Angus MacMurchy, K.C., R. J. Dunstan, Mrs. Bruce, Mrs. George Bennett, Colonel Denison, W. D. Beardmore, Controller Hocken, Controller Spence, J. F. MacKay, Rev. J. A. Macdonald, R. Home Smith, City Treasurer Coady and Inspector Hughes.

Subscriptions So Far. Mr. Walker said that the time was too short to carry out everything that should be done, but that the commission was doing excellent work in the various cities in gathering subscriptions...

It is understood that the remaining provinces will subscribe, but the amounts are not stated as yet.

Province of Ontario \$100,000 Province of Quebec \$100,000 Province of Nova Scotia \$10,000 Province of British Columbia \$10,000 Province of Alberta \$10,000 Province of New Brunswick \$10,000 Province of Saskatchewan \$10,000

NEW I.O.F. RATES NEW YORK NAMES SECOND ON TICKET

Stevenson's and Meyers' Proposals Basis for Decision—Salaries of Secretary and Treasurer Reduced.

In a compromise which is somewhat of the nature of an experiment but which will certainly increase the assets of the society, and should be acceptable to the majority of the old members, the I.O.F. arrived last night at a settlement of the rates.

At 2.45 in the afternoon it was discovered that twenty more delegates wanted to speak on the question, which had been debated all day and most of the previous day.

Report of Special Committee on Rates. "That the old members be re-rated as of age entry on the schedule set out on page ten of the supreme court report under column headed nine, such re-rating to start Oct. 1, 1908, with the option set out in the supplementary report on page ten or a new option to borrow from month to month the additional premium required, the same to be charged with 4 per cent. interest against the policy as a lien thereon, also that the same provision regarding extra assessments contained in plan 1 of the report of the committee on rates be adopted.

WASHINGTON, June 19.—President Roosevelt today sent a telegram to Representative Sherman, saying: "Accept my hearty congratulations and my earnest good wishes for the success of the ticket of Taft and Sherman."

BISHOP BRENT DECIDES TO GO TO WASHINGTON. Second Call From Diocese Together With His Own Health Settles His Mind.

MANILA, June 19.—Bishop Brent told the New York Herald correspondent yesterday that he had received a cable stating that he was elected to the See of Washington and also that a clergyman had been sent here to induce him to change his mind regarding his refusal to accept the proffered post.

As to Options. The option A referred to is for members who do not wish to increase the amount of their assessment payments. They can take out a reduced policy calculated for the amount their present premium will carry, according to the following scale:

Table with columns: Age at Entry, 1881-91, 1891-95, 1895-98. Rows: 18, 19, 20, 21, 22, 23, 24, 25, 26, 27.

DEMOCRATS WELCOME TAFT AS ONE WHO'LL DEPART FROM ROOSEVELT "POLICY"

New York World and Sun Believe That Republican Candidate if Elected Will Govern According to the Constitution.

From The New York World (Democrat, but anti-Bryan), under the caption "President Taft—Roosevelt's reign of terror over?"

Even Andrew Johnson, in his periods of sobriety, had more innate respect for the office itself, for its traditions and for appearances than Mr. Roosevelt has shown.

When E. R. Heilman, 533 Delaware-avenue, bookkeeper for the William Neilson Company Limited, left the factory on Gladstone-avenue Tuesday morning last, saying that he was going to the bank, he did not speak truthfully.

BANKS REQUIRE INCREASED CAPITAL

W. F. Maclean Declares That Banks Should Endeavor to Attract European Gold to Their Treasuries.

AN EMERGENCY FUND FINALLY SANCTIONED

OTTAWA, June 19.—(Special.)—Hon. Mr. Fielding's Bank Act amendment, which provides for an emergency note circulation during the crop moving period equal to 15 per cent. of the combined paid up capital and reserve, was passed this afternoon.

Mr. Foster criticized the proposal on the grounds that it was unwise to tinkering with the act in advance of the decennial revision, and that no provision is made for deposit by the banks of additional security.

Unqualified indorsement of the policies advocated by President Roosevelt. Indorsement of the emergency currency legislation.

Unqualified indorsement of the revision of the tariff by a special session of congress following the inauguration of the next president.

Indorsement of a permanent currency system. Establishment of a postal savings bank system.

Indorsement of the Sherman Anti-Trust law and a recommendation that it be further strengthened by legislation.

Indorsement of the railroad rate law and the laws against rebating. Indorsement of the employee's liability law.

Modified anti-injunction plank. Equal justice for the negro. Favoring ship subsidies. More liberal administration of the pension laws.

Should Double Capital. "Our banks ought to be liberal enough to try to get more of their capital taken up in Europe. A large number of them have taken up more than their share of capital, and there is no reason why banks of this country should not every one of them double their capital."

### NOTE AND COMMENT

After our lecture on what looked like loose manner of conducting the races at Hamilton those in authority brought about a most marked improvement and yesterday every one of the six favorites was a marked contender and all in the money. They finished first three times, second twice and third once, while one winner in second choice and two were third in popular demand and all were backed.

Empire cricket, suggested by South Africa, approved by England, and rejected by Australia, is still a question awaiting settlement. It has been assumed, because the Australian board of control declines to fall into line with the Marylebone Club, that what has come to be described as "triangular cricket" is impossible; that Australia has applied the theory of the South Africa may yet take place. The difficulties feared by the Australians are not insurmountable. It may be that the M.C.C. will insist that the scheme shall be carried out. The attitude of the Australians suggests a dictatorship which we resent and will not have—London Standard.

Jim Jeffries paid a splendid tribute to the late George Siler the other day. "The death of Siler is a great loss to the sporting world, especially in pugilism, as he stood at the top of the list of capable athletes, and had the fullest confidence and respect of every fighter. I know he was offered an immense sum of money to enter into a deal when I fought Sharkey in New York, whereby he was to make Sharkey win. He declined to even consider the proposition. No talent attaches to his record, and every square fighter has lost a friend."

**Bad For New Orleans Racing.**  
NEW ORLEANS, June 19.—The Louisiana senate yesterday voted down the Credit bill, providing for a racing commission, by a vote of 25 to 15, and passed to third reading the Locke bill, prohibiting all kinds of race track gambling.

The vote assures the passage of the Locke bill, which has hitherto been regarded as doubtful, and the race track people have given up the fight. The bill has already passed the house, to-morrow, Gov. Sanders in his inaugural address vigorously denounced race track gambling and no doubt is entertained that he will sign the bill.

## Leafs Bunch Errors, Not Hits And Now the Grays Are Happy

### Score Was 13 to 1, With Providence Holding a Swatfest—Bisons, Orioles and Bronchos Win.

PROVIDENCE, R.I., June 19.—(Special.)—Manager Duffy set Jack Cronin on to the champions again to-day, and the big fellow certainly got his revenge for the slaughter of the day before, winning his game by a score of 13 to 1. He had everything, and the visitors could not find him at any stage of the game. Of the three hits crumpled, Wiedy's drive to right in the fourth was the only clean one, both of Crockman's being scratchy, Hoffman losing an easy fly in the sun.

McGinley was pounded unmercifully, and in addition received the weirdest of support, the Toronto hitters making no less than 9 errors. It must be said, however, that several of them were on hard chances. The home team put up a fast game in the field and out of several fine bids for hits. Cronin made the only error for the side, losing an easy grounder, his first error of the season.

A fine crowd of 1000 howling fans saw the game. The Grays started third on the play and counted on Phelan's out at first. Rock opened the second with a single, went to second on Peterson's sacrifice and made his run on Cronin's safe drive to centre.

Toronto scored her only run in the fourth. Crockman dropped a ball into centre that Hoffman jumped away from, losing it in the sun. Wiedy hit cleanly to right. Schafly sacrificed, advancing both men. Crockman tallied after that did the champions have a chance to score.

In the sixth Gettman walked, Crockman scratched a hit between Rock and Hoffman, and Cronin's fumble of Wiedy's drive filled the bases with runners. Schafly hit Cronin and Gettman was nailed at the plate and Peterson by a fast throw doubled the batter at first. Crockman tallied, but was nailed asleep at the base by Peterson.

Catlyn muffed Donahue's fly in the fourth. Frick fumbled Rock's roller. Peterson's out at first advanced both. Donahue scored on Cronin's hit. Hoffman's hit left left three bases. Frick made it good when Vandy dropped the throw to the plate.

Crockman fumbled Rock's drive in the sixth. Catlyn hit Peterson's fly. Cronin hit to left, and Mertes left the ball get past him. Rock scoring. Frick fumbled Arndt's grounder and Cronin tallied.

Strigles in succession by Donahue, Rock and Peterson gave answer in the seventh, and singles by Arndt and Hoffman, and Mertes' mad over of Donahue's fly sent two more over in the eighth.

## CIRCULAR IS SENT OUT TO CRICKET CLUBS

### Matters Pertaining to New Ontario Association Object of Letter—Meet on June 29.

M. D. MacDonald, acting secretary of the Canadian Cricket Association, has sent out the following circular letter to the affiliated clubs in Ontario: "As the result of a band concert, and neighborhood, it has been thought that it would be in the interests of cricket in Ontario to have a general oversight of the game in the province. The multiplication of organizations in the province, and the playing of an inter-provincial match with the Eastern Association, which would be of an international character, and in fact do nothing except manage and select the team for any match, which is of an international character. The committees representing the cricket clubs of this province, could arrange and control the playing of district and the matches, and in many ways could promote the interests of the game. At the meeting referred to, a small provisional committee was formed to communicate with the secretaries of cricket clubs throughout the province, as far as they might be known, and to publish a letter in the press bringing to the notice of the cricketing public generally, and to invite discussion at a meeting to be held to consider the whole question, by letter to the press. The committee desires to have the views of as many cricketers as possible with regard to the formation of a provincial association, having the objects mentioned, and it is hoped that those who are interested in the matter, if they cannot attend in person at the meeting, will communicate their views on the subject to the undersigned, as secretary pro tem of the committee. The chief points upon which suggestions are desired are the following: 1. The desirability of organizing an association charged with the duty of looking after the interests of cricket throughout the province. 2. The basis of membership of clubs in the Ontario Cricket Association and provisions for their representation. 3. What connection, if any, should such association have with the Canadian Cricket Association. 4. Whether the playing of district matches, under the control of the association, should be one of the objects of the association, and if so, how the districts should be divided. 5. Whether the playing of district matches should be arranged during the coming winter for next season. There is no reason, however, why an inter-provincial match should not be arranged and played this year. A meeting will be held at the King Edward Hotel, on June 29, at 8 a.m. for further discussion, and if it is thought advisable an association will be formed and a constitution submitted to the officers elected. All cricketers will be welcome at the meeting."

## In Record Time Ballot Wins Rich Suburban Handicap

### King James Was Second and Fair-play Third—Time Was 2.03, One-Fifth Second Behind the World's Record.

NEW YORK, June 19.—Ballot, a sturdy four-year-old son of Voted, to-day at Sheepshead Bay, carried the colors of James R. Keene to victory in the Suburban Handicap—the premier event of the United States in racing. He won with ease by two and a half lengths and with little Joe Notter, his jockey, having even to give him a hard drive. Struggling gamely forward at the finish came John E. Madden's three-year-old colt, King James, hard driven with whip and heel by Guy Burns. Five lengths before Fair Play, the pride of August Belmont's stable, Master Robert was fourth and the remainder of the field of 12 was well strung out. The time for a mile and a quarter was 2:03, being one-fifth of a second slower than the world's record for the distance, made by Broomstick at Brighton Beach, July 9, 1894. Broomstick was three years old and carried 104 pounds. Ballot's impost was 117 pounds. After the race, Mr. Keene, while watching his horse cool out, was the recipient of numerous congratulations for the first winning of the historic race.

"He's a grand colt," said Harry Payne Whitney to Mr. Keene. "He's a remarkable race horse. He's a vice, he is, replied the venerable chairman of the Jockey Club, "and Notter gave him a brilliant ride. The race was a beautiful one, only with Guy Burns, who had been there to witness it."

Twelve horses faced the barrier for the \$25,000 stakes and the honor of winning the race. Ballot was the favorite at 3 to 5, with Master Robert second choice at 4 to 1. King James led at 6 to 1, and Fair Play at 7 to 1, showing that after Ballot, the 5-year-olds were highly thought of for the older horses were quoted at long odds. Montgomerie and Gold Lady ascended in price, the Canadian colt Elliott topping them all at 50 to 1. Penitence, The Kingston, 8-year-old and upwards, 6 1/2 furlongs; 1. Eazy Wolf, 10 (E. Dugan), 4 to 5, 1 to 3 and out.

2. Bouquet, 100 (Shreve), 5 to 2 and 7 to 10.

3. Natasula, 100 (Garner), 4 to 1. 6 to 5 and out.

Time 1:19. Palceda and Peter Quince also ran.

SECOND RACE, The Salvator Handicap, for 3-year-olds, one mile: 1. Monoplist, 103 (Notter), 7 to 2, 8 to 5 and 1 to 2.

2. Rosimiro, 107 (W. Doyle), 10 to 1, 3 to 1 and 6 to 5.

3. Julia Powell, 115 (Munro), 7 to 1, 3 to 1 and 1 to 1.

Time 1:10. Shadow Dancer, Alfred Noble, Golden Heart and Wm.ing Star also ran.

THIRD RACE, The Double Event, flat for 2-year-olds, 5/8 furlongs, Futurity course: 1. Fayette, 129 (Miller), 3 to 5, out.

2. Sir Martin, 121 (E. Dugan), 2 to 1, out.

3. Esperanto, 117 (Notter), 10 to 1, 3 to 1 and 1 to 2.

4. Corbellino, Rom, Wenton, Bobbin, County Fair, Madman, Statesman and Strike out also ran.

FOURTH RACE, Suburban Handicap, 3-year-old and upwards, 1 1/4 miles: 1. Ballot, 127 (Notter), 8 to 5, 7 to 10, 1 to 2.

2. King James, 88 (G. Burns), 6 to 1, 2 to 1 and 1 to 1.

3. Fair Play, 121 (E. Dugan), 7 to 1, 5 to 2 and 7 to 5.

Time 2:03. Montgomery, Frank Gill, Dandelion, Running Water, Touraine, Bedouin, Gold Lady, Elliott and Master Robert also ran. Blue Stock, Don Enrique and Dorante scratched.

FIFTH RACE, The Grass Selling, 1-1/4 miles, for 2-year-olds: 1. Grapple, 110 (Garner), 4 to 1.

2. Bouclere, 108 (Upton), 7 to 1.

3. Tony Bonero, 106 (Cullen), 7 to 1.

THREE FAVORITES FIRST FRIDAY AT HAMILTON

Please Adds Another Victory to Her Credit, But Only by a Short Head.

Six overnight events furnished the Friday card at Hamilton and the races were as good as any day of the meet-

Please had to do her very best to stall off Redondo's rush at the finish of the fifth. Ayrwater landed a lot of show money.

Purilane took the opening event weather. Anna Smith just beating Eldorado for the place. Ben Sillie, the sharpshooter's trick, wouldn't do.

Big winners were in line at the break yesterday, and the line at the break was slow to get going, and could never get up, Hawkama winning easily, with Solon Shingle second and the favorite third.

King Cole Beat Lyndhurst. MONTREAL, June 19.—Only two favorites won to-day at Blue Bonnets. The weather was clear and hot track fast and the attendance good. To-morrow, get-away, the Jockey Club Handicap will be run, and a record crowd is expected.

SECOND RACE—Selling, 2-year-olds, \$400 added, 5 furlongs. 1. Takahira, 14 (Shilling), 4 to 1, 1 to 1 and out.

THIRD RACE—Hunters' flat handicap, 4-year-olds and up, \$400 added, 1 1/4 miles. 1. Midas, 152 (Mr. Wray), 8 to 1, 2 to 1 and 1 to 2.

FIFTH RACE—Selling, 3-year-olds, \$400 added, 6 furlongs. 1. Monbert, 100 (McCahey), 15 to 1, 5 to 1 and 2 to 1.

SIXTH RACE—Selling, 2-year-olds, \$400 added, 4 1/2 furlongs. 1. Lyndhurst, 107 (McCahey), 4 to 1, 2 to 1 and 3 to 4.

Fast Walk Around the Belt Line. Andrew R. Macdonald, of W. M. C. A., who came second in the mile walk, 17 and under, at the boys' championships on Saturday, holed it around the belt line last night in the short time of 32.10. He was accompanied by Horace Wilson of Bathurst-street, who paced him on the wheel, and W. S. Porter of Parkdale Collegiate.

Another "OK" Ale

Our latest—and, some say—our finest, brew. We perfected an uncommonly fine blend of hops and malt—and then brought all our years of experience to bear in brewing, ageing and bottling it.

O'Keefe's "Gold Label" Ale

is just the kind of Ale that you would expect a brewery like this to brew. It's pure and old, and rich and creamy—a delight to the palate—and the most nourishing and healthful of malt beverages.

CANADA'S CENTURY.

The New York Sun seems to be fairly seated on the "anxious bench" in an apprehensive editorial it says: "That the 10th century belonged to the United States and that the 20th would be Canada's has been the jubilant attitude of the Canadians for ten years or more. Now the grain carrying trade of New York is suffering from the competition of Montreal with the result that the White Star Line has withdrawn five of its freighters from the service at this port. Other lines have taken similar action. Two and one-half cents can be saved on each bushel by shipping by way of Montreal, and the grain trade will follow the line of least resistance. It remains to be seen what action can be taken to bring this trade back to the United States. The steamship officials want reductions in railway charges to overcome the present advantages of Montreal. This presupposes the willingness of the shipping men to do their share. Yet if the natural advantages are with the Canadian port the effort to compete with it by means of artificial stimulation is not likely to be successful in the long run. Has Canada's century begun?"

What are those at Ottawa thinking of when they cannot cease their bickering over petty policies and ephemeral questions of affairs, and unite, irrespective of party problems, on the one great end of realizing Canada's signal commercial possibilities? The only way in which this may be accomplished is by thorough and immediate action in increasing and extending Canada's internal waterways. But the blindness, lethargy, slipshodness—all that you may—of those who have the destiny of the Dominion in their control is totally beyond condoning. The irony of this, too, that our legislators must be told by our American neighbors that Canada is taking away the grain carrying trade of the United States, and may, with proper and sufficient internal waterways, become the supreme grain carrier of the world! Have our legislators at Ottawa been eating the morsel of comfortable existence so much that they dream of the delights of parliamentary life and to the people's cry, "Awake and get busy with our waterways," they answer, "Let us alone, what have we to do with things momentous?" In a recent speech, given in Toronto, Sir Thomas Shaughnessy said: "We have our internal waterways. We must endeavor to shorten the distance between the Georgian Bay and the seaboard and improve the routes so as to make traffic cheaper. We must amplify and improve our ocean ports so as to give cheaper handling of traffic there. We must see that our St. Lawrence navigation and the approaches to our Atlantic seaboard are made as reliable and safe as modern methods can make them.

And now The New York Sun is compelled by the patent facts to confess, with alarm, that the grain carrying trade of the United States is suffering by competition with Montreal, and that if the natural advantages are with the Canadian port, artificial stimulation, say, by the American railways granting freight reductions, will not in the end bring back the grain carrying trade to the United States.

And yet our legislators at Ottawa are not able to see that the hypothetical proposition of The New York Sun is itself its proper answer. "If the natural advantages are with the Canadian port—," The natural advantages are really with Canada in two ways: First, the waterways of Canada may be made to extend continuously from the head of the Great Lakes to the Atlantic seaboard without calling for extraordinary feats of engineering, or without requiring an expenditure of public money that would not soon come back to the Canadian treasury with thousandfold profit. Secondly, the natural direction of the grain carrying trade is west and east, not north and south. Our American competitors know the truth of this fact and are designing by all possible plans to deflect the grain carrying trade by the Mississippi as the central waterway for such trade. This involves in any case too much railroad-building and in the end the seaboard is too far south to make the freight rates by the ocean carriers profitable. Canada's internal waterways must be increased and those already in existence must be improved—widened and deepened—and then the grain carrying trade of the continent is hers completely and everlastingly.

"Has Canada's century begun?" asks The New York Sun. And by inquiring the question implies that it has, but that Canada's legislators are not yet awake to the fact that the commercial destiny of the Dominion lies in her waterways. Let our legislators at Ottawa awake and effectuate that destiny, as God and Nature have said it must be accomplished.

ENLARGING HARBOR COLLEGE. Mayor Oliver is neither well-informed nor well-advised in opposing the expenditure on the Harvard Collegiate

Institute. What the school requires is not so much enlargement as alteration, to adapt it to the needs of the 500 or more pupils that the district is bound to provide, irrespective of the erection of any other school. At present there are close on to 700 pupils enrolled. Had there been proper building accommodation, this number would have been exceeded. The plans of the present board contemplate such a remodeling and slight enlargement as will provide for 500 pupils (instead of 400, the present legal capacity), and the added scientific and physical training accommodation required under the new regulations of the education department.

In September there will be an overflow of some 200 pupils in King Edward Public School, without laboratory accommodation, library, playground or gymnasium, as called for by law for every collegiate institute pupil in the province. In a building meant for 400 pupils, some 500 are now crowded, utilizing space that should be devoted to scientific instruction and recreation, with classes far in excess of the legal limit. The demand for extra and suitable high school accommodation in this growing part of the city is urgent and should be heeded. An excellent school, one holding the very highest reputation in the province for scholarship and esprit de corps, has for the past three or four years, owing entirely to its great popularity, been starved and cramped for accommodation.

Three years ago a school should have been erected in the middle north to relieve this situation. This was not done and the result is the present overcrowding. This year, in addition to asking for an appropriation to remodel and enlarge Harbord street, for the legitimate requirements of its own vicinity, which are imperative, the board should have taken immediate steps to erect a school in the north. Both will be needed by September, 1909, the earliest that any building or enlargement can now be completed. Meanwhile, we are informed, the whole of Harbord's lower school will have to be housed in a separate building without the equipment for comfort and instruction that every high school pupil can claim by law.

THE INDEPENDENT THEATRE. At the annual meeting of the National Association of Theatrical Producing Managers held last week, a threat was made that unless Canada adopted a proper copyright law, it would be struck off the list of circuits. Various reasons were also advanced why Canada is not a field for profitable exploitation, and altogether the United States Theatrical Producing Managers appeared to be in a disgruntled frame of mind touching the Dominion. Of course much of the dissatisfaction expressed may have been more simulate than real, and Canadian will doubtless meet with unanimity any action they may later resolve to take.

In the interest of the higher drama it is unfortunate that the older type of theatrical manager has so largely disappeared from this continent. Altho he looked for a profit from his theatre his interest did not begin and end with it, since as a rule he took a genuine pride in the artistic and balanced quality of his presentations. He made it his ambition, too, to place on the boards plays of acknowledged merit, and especially the great dramas which are an abiding possession of the English-speaking races. It is a matter of satisfaction, therefore, to find in existence a tendency towards maintaining independent theatres, whose managers look for support from their immediate fields, and by reason of the kind and excellence of their productions.

Theatres such as the Royal Alexanders of our own city, whose first season has been marked by a high average standard of quality are real boons to admirers of the higher drama, and it is to be hoped the policy that has governed the management has justified itself, and will be continued. Another innovation meriting commendation is the provision of a summer season of good musical comedies. These, in the pleasantly cool atmosphere which modern invention has rendered possible, have proved popular, and the experience gained will be of value as a guide in the future.

ADAM BECK'S BIRTHDAY.

Many happy returns of the day to Hon. Adam Beck, who was born June 20, 1857, at Baden, Waterloo County, Ontario. Hon. Adam Beck is the son of J. Beck and Charlotte Hepler, his wife. The "Minister of Power" was educated at Galt, and Sept. 7, 1898, he married Lillian Ottaway, his charming life's partner. Mr. Beck is a manufacturer with extensive plants in London and several other cities. In the general elections of 1898 he tried for the legislature and was defeated. He was returned with increasing majorities, however, in 1902, 1905 and 1908, his last majority of over 1400 being in the nature of a landslide. On Feb. 8, 1905, Mr. Beck was appointed minister without portfolio and a little later chairman of the Hydro-Electric Commission. Mr. Beck was Mayor of London in 1902, 1903 and 1904. He is an Episcopalian, and an enthusiastic horseman. A busy man, and a man of wealth, he has served the province almost without one dollar of salary other than the usual seasonal indemnity. Cheap power is the policy he has followed since he became a Canadian who has lived to a purpose.

Insurance Companies Must Pay.

The court of appeal handed out a number of judgments yesterday. In the action of Thompson and the Union Bank against the Equity Fire Insurance Co. the appeal was dismissed with costs. The action was to recover on a policy of insurance. The fire occurred thru a gasoline stove exploding. Judge Riddell at the trial gave judgment for Thompson and the insurance company appealed. The National Life Insurance Co. of Canada lost their appeal before the court of appeal in the action brought against them by Edith E. Pearce to recover \$1000 on a policy on the life of her husband, George Arthur Pearce. Judge Anglin at the trial gave judgment in favor of Mrs. Pearce, and the appeal of the company is now dismissed with costs. There are some slight variations to be made in the trial judgment.

Trial Judgment Restored.

Ferdinand Tinsley has won his appeal against the Toronto Railway Co. Tinsley was run down by a street car at the corner of College-street and the Queen's Park New Year's eve, 1906, and severely injured. The trial judgment allowed him to be reinstated in the court set aside. The court of appeal now restores the trial judgment.

Bank isn't Liable.

The appeal of McAllister Brothers against the judgment of the divisional court, in favor of the Peterboro Hydraulic Power Co., has been allowed. The original action was brought by the Power Co. to recover rent due under a lease. McAllister Bros. brought in the Ontario Bank as third party, claiming that it was bound to indemnify them as they had assigned to the bank the rights of the bank to a very large claim the bank had against them. The divisional court held that the bank was not liable. The court of appeal now holds that it is.

Crown Bank Wins.

The appeal of the London Guarantee and Accident Co. from the judgment of Mr. Justice Mabee in favor of the Crown Bank in the action to recover \$10,000 upon the guarantee bonds of P. M. Mannell and Edwin St. George Banwell has been dismissed with costs. The questions submitted to the court in a stated case reserved by the county judge of Wentworth, in the case of the King against Yaldon, have been answered in the affirmative. Yaldon was convicted of perjury on the trial of one Burritt charged with playing trape on the Lord's Day. The conviction is affirmed.

School Children's Tickets.

The appeal of the Windsor and Tecumseh Electric Railway against the municipality of the Township of Sandwich East is allowed. The Ontario Railway Board had ordered the company to sell school children's tickets to any person under 21 years of age actually attending school. The production of a certificate from the teacher. The company contended that, under its agreement with the township, children's tickets were for passengers not over 12 years of age.

New Litigation.

George Gulliland of Toronto is asking the court for an account of the amount due him from G. W. Walker of Grand Rapids, Mich., under a certain partnership agreement. He also asks to have the partnership wound up.

To have a deed to certain lands in the Township of Whitechurch set aside. John S. Millard has issued a writ against David Mihar. Both parties belong to Newmarket. The sale of 125 acres of land at Adelaide-street, Toronto, is now in dispute between Edward Adamson and Adam Beatty. Adamson is applying to the court to compel specific performance by Beatty to carry out an alleged agreement to sell.

The new ferry has been christened the Justice, and will go into commission next Saturday under Capt. Foster.

JURY MAY YET DECIDE THE SANITY OF THAW

His Counsel Will Make Application—Justice Dowling Says, Prisoner is Dangerous.

NEW YORK, June 19.—In his argument in support of the application to transfer Thaw to another asylum than Matteawan, Col. Bartlett to-day made known that it is the intention of the Thaw family at some time later to ask for a jury trial to determine the question of Thaw's sanity. Col. Bartlett said the demand would be made on behalf of Thaw. Thaw's mother, brothers and sisters and friends, but made no mention of Thaw's wife.

Col. Bartlett argued against sending Thaw to Matteawan as he is not a criminal. Justice Dowling asked if he committed suicide Thaw would be a jury trial to determine the question of Thaw's sanity.

Justice Dowling said that he was convinced that Thaw's condition of mind was such that he was likely if not properly safeguarded to do injury to himself or others.

WHO'LL NAME THE STATION?

Editor World: Allow me to suggest the name Eaton for the new station on the Canadian Pacific Interurban Line. The name is familiar to Torontonians, and who knows but that the T. Eaton Company might lay out a memorial park in remembrance of that grand old man who laid the foundation of many good things for the benefit of the better class.

The time this train leaves the Union Station would suit the employees of that great store to avail themselves of the opportunity of a Saturday afternoon outing during summer months, and even more may follow. A. E. S.

Legal Advice.

Editor World: You ask for suggestions as to a name for the new station on the C.P.R., in the Township of Etobicoke, corner of Dundas and Church-streets. We would suggest the name "World." This is the name of a mineral water and mineral spring in the Township of Etobicoke near this point. The adopted name is of five letters and also distinctive. Montgomery, Fleury & Montgomery.

Editor World: There are two young ladies, daughters of patrons of the C.P.R. suburban service, who live near the new stop, and both were jubilee brides. Each was christened "Victoria." The name is outside the limit of five letters, therefore I suggest, the name Toria. A Suburbanite.

Editor World: I beg to suggest to the C.P.R., thru you, the name of Lagos for their new suburban stop near Burlington. This is the name of the most important port of shipping in Central West Africa, and I believe, is not in use already as a station in Canada. Pronounced like Lay-gos. Wm. H. Groves, M.D., Burnhamthorpe, Ont.

Editor World: Please call the station either Grand, Royal, Loyal or Queen. Mrs. E. Baker, 214 Sumach-street.

Editor World: I think the following would be a very suitable name: Elena, Orena, Elm or Rose. West Toronto.

Editor World: I think these names would be nice: Milne, Hieson or Irene. Conductor's Daughter.

Editor World: Permit me to make a suggestion regarding a name for the new C.P.R. station. Why not call it Rajah, after the new silk so very popular this season? I. Strachan, 572 Ontario-street, City.

Editor World: Why not encourage the C.P.R. to acknowledge your good work by naming the new station World (five letters), or Macdonell, if the limit can be exceeded? Thankful.

Editor World: When you are hunting for names for the new interurban station, which is to be named in honor of C. B. Foster? How would Cee Bee do? Rstroader.

Editor World: Why not call the new interurban station on the C. P. R. Shaugh, after Sir Thomas, the head of the C.P.R.? Suburbanite.

Editor World: Why not name the new ferry named after the late Justice Foster. The new ferry has been christened the Justice, and will go into commission next Saturday under Capt. Foster.

TAFT THE MAN

The first American Taft came of the English yeomanry, transplanted across the Atlantic by the great upheaval for conscience's sake which peopled New England with its sturdy stock. In America they turned to the study and practice of the law.

Wm. H. Taft was born at Mt. Auburn, suburb of Cincinnati, O., Sept. 15, 1857. His father earned distinction in the service of the city and state and nation, going from the superior bench to which he had been elected unanimously, to the place in Grant's cabinet (secretary of war) now held by the son, then, as attorney-general, to the department of justice, and finally into the diplomatic service, as minister first to Austria and then to Russia.

Taft followed his father at Yale, graduating in 1878, second in a class of 120. He went back to Cincinnati and began the study of law in his father's office at the same time doing court reporting for the newspaper owned by his half-brother, Charles F. Taft. His salary was \$4 a week. He did his work well, however, that Murat Halstead, editor of the Cincinnati Commercial Gazette, employed him to work for that paper, at the increased salary of \$25 per week.

He continued to study and graduated from Cincinnati law school in 1881, winning first honors.

He was hardly out of his boyhood when he was called to public office. First he was assistant prosecuting attorney of Hamilton County, and helped to drive out the old Campbell ring, whose influence long had dominated the Cincinnati first honors.

In 1881 he became collector of internal revenue for the first Ohio District, and demonstrated the same ability in business that he had shown in the law. A year later he resigned that office and went back to the practice of law, with his father's old partner, H. P. Floyd.

In 1888 he became assistant county solicitor. Two years later Governor Foraker appointed him judge of the superior court, to succeed Judson Harmon, who had resigned to enter President Cleveland's cabinet.

In 1898 Judge Taft married Miss Helen Herron, daughter of Hon. John Herron of Cincinnati. They have three children, Robert Alphonso, a student at Yale, Helen, a student at Bryn Mawr, and Charles Phelps, 20, who attends the public schools in Washington.

His appointment as judge of the superior court was the beginning of the judicial career which was Taft's ambition. He made such a record as a judge that at the close of his appointed term he was triumphantly elected for another term. But already he had attracted attention outside his state, and he had served but two years of the five years for which he had been elected when President Harrison asked him to take the difficult post of Solicitor-General of the United States.

Two of the cases which he conducted as solicitor-general involved questions of revenue to the advantage of the country. The first grew out of the seal fisheries controversy with Great Britain. Mr. Taft won against such eminent counsel as Joseph H. Choate. The other was a tariff case in which the law was attacked on the ground that Speaker West had counted a quorum when the bill passed the house. That, too, he won.

It was during his term as solicitor-general that Mr. Taft met Theodore Roosevelt, then civil commissioner, and began the friendship which has continued and grown ever since and which has had such far-reaching influence upon the lives of both men.

Mr. Taft's record as solicitor-general so clearly proved his fitness for the bench that after three years in Washington he was sent back to Ohio as judge of the sixth federal circuit, generally recognized as a preliminary step to the supreme court, which was then the goal of his ambition.

One of the most important and far-reaching of all his judgments was that against the Addyston Pipe Company, in which for the first time the Sherman anti-trust law was made a living vital force for the curbing and punishment of monopoly.

When President McKinley asked him to go to Manila and undertake the difficult and thankless task of starting the Philippines upon their true course, he sacrificed the judicial career which was his life's ambition and shouldered the "White Man's Burden."

In March, 1900, that he received his appointment as chairman of the Philippine commission.

He made many sacrifices and refused an appointment to the supreme court, to do his duty in the Philippines, which ended in the birth of a new nation. When ultimately he did leave the islands it was only to come home as secretary of war, in which office he could continue his direction of the Philippine affairs and make sure that there should be no deviation from the successful line of policy he had marked out.

He succeeded Ellihu Root as secretary of war on Feb. 1, 1904. He has been at the head of it during the years of its greatest range of activity. He is not merely secretary of the army, as almost all his predecessors were. He is secretary of the colonies.

WOMAN As She Appears for the Public Eye in the News of the Day

THE SPOONERS. Together we sat in a tete-a-tete, The prettiest girl and I; The light was out and the hour was late, For time, you know, will fly! By Jove, How rapidly time will fly!

Together we sat in the welcome gloom, Alone, unheard, unseen, The her mother was in the other room With a thin portiere between.

I knew that the mother in ambush lay— As mothers do, it seems— To carry the prettiest girl away, Away to the wonderful land of dreams.

But the cherry-like lips of the pretty miss, Alas! were a tempting sight, And I ventured to beg for a tiny kiss— Just one, before "Good-night."

But the prettiest girl resented that, In a way I never dreamed, For she airily sprang from where we sat.

And, what do you think? She screamed— ed! By Jove! She certainly did—she screamed!

I caught the coquet in my arms— Alack, For such is the way of men! And gruffly demanded her a smack, And then—and then—and then—

Her mother came cruelly in with a light, And—what do you think she said? "Oh, come, little lady, kiss daddy good-night."

And carried her off to bed, by Jove! And carried the babe to bed!

Normal School Closing. Home-gladness was what Miss Myrtle L. Wright, Richmond Hill, calls of the prospective brides at the Normal School closing Thursday evening.

One young lady of the class of '07-'08 had already substituted that career for the profession of teaching.

Miss Wright is a charmingly pretty girl, and with an agreeable humor which made her companions laugh.

Unpremeditatedly she ran a tilt with Principal Hutton of the university, who gave a delightfully droll, grave, merry any wise address to the students.

He advised them to steer clear of politics. There were none of any value in Canada, he said.

Dr. Wright is not likely to shorten her humor as she lengthens her skirts, as Dr. Hutton feared so many young ladies did.

Dr. Wright reminded the large audience that 60 years ago there were no women in the first normal class.

The present class of 180 has only four men.

The music was very good, the songs by Miss Joy Denton and William Sell especially.

Dr. Wright's address to the students was a model of brevity and brevity.

AT THE THEATRES

Beginning Monday evening, June 22, the Imperial Opera Company offers "The Mikado" for the seventh week of its engagement at the Royal Alexandra Theatre, and with the usual popular Thursday and Saturday matinees.

Coincident with the final offering by this company this season, the production of "The Mikado" will be the first to be offered since the recent ban against performing the popular Gilbert and Sullivan opera was removed by the ruler of Japan, and since which so much discussion was rife throughout the world.

Interest therefore attaches to the presentation of the work aside from the general interest which ordinarily is displayed in any current offering by the Imperial Opera Company, whose

which the beautiful tubular ohimes are effectively used. Harry Meade will render some new vocal solos, and the vocal quartet of the band will also sing on each occasion.

Boats will run from Bay and Brock-streets every few minutes.

Handsome Flooring. The different widths in the boards that formed the old-fashioned flooring made a floor look like a piece of patch-work, not to say anything else against it.

Modern methods and machinery, on the other hand, have made it possible to lay a floor that forms a single symmetrical surface of one piece.

In the present day the flooring of a large store like that of the new building of the Robert Simpson Co., Limited, is done in this way.

The trees are hewn they are sawed into strips two and one-half inches wide by one inch deep. These strips are kept straight to keep them from shrinking or swelling.

When dried these strips are run thru water, and brought to an even width and thickness. The "back" (underside) is hollowed to keep the strips from warping in the middle.

This done, both the ends and sides are grooved and tongued, and the holes for the nails bored by machinery. These are then laid in position and the nails are driven thru the tongue of one end slantwise to meet the side of the strip.

The flooring of the new building of the Robert Simpson Co., Limited, is being laid in this way. It will be scraped, sanded and polished until it will have a finished appearance equal to the sheen of a fine dining-room table.

BEAUTIFYING GUELPH. Prof. Hutt and Architect Heakes Make Valuable Suggestions.

GUELPH, Ont., June 19.—(Special).—In the centre of St. George's square, a wide paved space in front of the post office, there is a great plot with a fountain in the centre.

It can be seen from five different streets and is a beautiful spot. The council are desirous of improving upon it now.

The fountain, which is being laid, is being laid. Today Professor Hutt, horticulturist and landscape gardener, at the request of the parks committee, suggested lengthening the great plot by about fifty feet and replacing the present shrub and flowers with more suitable ones.

Principal Architect Heakes of Toronto in connection with the plans of the city, has been objected to by various parties concerned.

The fire and light committee has also objected to the plan that is to be made by the city, which with the \$20,000 granted by the government, is to pay for the extension of the water works.

It is said that J. Clarence Harvey, the popular comedian of the company, is seen at his best as Ko Ko, and that Elgie Bowen is admirably suited to the part of the Japanese prima donna.

The same care as to detail which has been shown in their previous offerings will be exercised in the scenic environment and costuming of "The Mikado."

For the warm weather patrons of the Royal Alexandra the cooling plant now in operation continues to provide the most comfortable temperature inside the theatre.

Carnival for Second Week. In response to many requests, Manager Solman has re-engaged Bolossy Kiralfy's big spectacle, "The Carnival of Venice" for next week.

ALLEGED PICKPOCKET

Torontonian Arrested at Guelph on Complaint of Wingham Visitor.

GUELPH, June 19.—(Special).—A man claiming to be Frank Jefferson, of 134 East King-street, Toronto, was arrested in Hewart's feed store to-day charged with picking the pockets of Thomas Lethorn, of Wingham.

It was while on the street car returning from the college to the city that Lethorn believes he was relieved of his roll of bills.

Before the police chief boarded the car, Jefferson and two friends had left it and took shelter in a livery, Jefferson was arrested while pricing coats in the feed store.

He states that he is a plumber and was on his way to Hamilton, Lethorn this afternoon identified him as the man who picked his pocket.

WATERTOWN, N.Y., June 19.—The jury in the Farmer murder case returned a verdict of murder in the first degree after three hours' deliberation.

A PLEASING STRIDE

One of the 14. Their Harmless High Heels and narrowness give a fascination to the stepping foot when viewed from the back.

Some women walk heavily and clumsily, while others have the pace of an "ambling nymph." An unpleasing carriage may be due to many causes, but chiefly to awkward shoes.

This is why Dolly Vardens give "A Pleasing Stride." Their narrow construction and newly devised steel arch support hold the foot at every point with gentle firmness.

Their Harmless High Heels and narrowness give a fascination to the stepping foot when viewed from the back. Their Aristocratic Arch gives the step swiftness when viewed from the side or at right angles.

Their New Steel Arch Support and Dead Level Ball and Heel Balance strengthen the ankles by properly exercising the ankle muscles. Strong ankles are essential to pleasing carriage.

Being fatigue reducing the wearer won't tire; walks more and becomes more expert. Purchasers or investigators equally welcome. \$4.00 to \$5.00 in Canada and the States. Every pair Goodyear welted.

RICHMOND HILL.

Heavy Fall of Rain Was Badly Needed—Village Has Civic Holiday.

RICHMOND HILL, June 19.—A heavy downpour of rain, accompanied by high winds and a vivid electrical display, visited the village to-night. No serious damage is reported, and the rainfall, covering the entire day, will do an enormous amount of good throughout the country, which was badly in need of rain.

HORSE THIEVES ARE BOLD.

York County is Favorite Stamping Ground for These Raiders.

For the last year or two at intermittent periods, the stealing of horses in York County, more especially in the western part, has been a hobby, but latterly the practice has become epidemic, so that farmers, milkmen, and dairymen are loath to leave their animals in pasture fields over night. About a year ago, in the present time, the field, Etobicoke Township, had a \$400 draught mare stolen out of the field, and although the county police were active on the case, they never secured the animal.

SCARBORO OLD BOYS.

The re-union and picnic of the Scarborough Old Boys, which is being held at Agincourt on Saturday, the 27th inst., promises to be of even more than usual interest, inasmuch as Hon. Mr. the Lieutenant-Governor, Sir Morimer Clark, has promised to grace the occasion with his presence.

"Hawatha."

The Daily and Sunday World is now being delivered at this popular summer resort. By telephoning your order to Main 252 or leaving same at 55 Yonge-street you will receive The World before breakfast.

A Fine Map of York Township.

A new map of York Township and the City of Toronto, 4 feet x 4 feet, showing names of owners and acreage, plan numbers, new street index of City of Toronto, full valuable information, to be had from The Ontario Free Directory and Map Co., 77 Victoria-street, Toronto.

DEALING WITH TUBERCULOUS COWS.

Editor, World: When progress is contemplated in matters of science in this country the chief hindrance that arises is a financial one. Any legislation in the matter of controlling disease in animals cannot be looked at or accomplished from the same standpoint as that with the human subject, nor can legislation in connection with tuberculosis be approached from the citizen's point of view.

HOW TO DEAL WITH IT.

To deal with tuberculosis in cows the whole Province of Ontario could be divided into sections, to be examined and inspected by the government inspectors, lately appointed by the Dominion Government. Many are aware of the terrible condition in which our milk is produced in many country places. To those who are unenlightened no words of mine could possibly convey the magnitude of the problem.

OVERPOWERED WITH HEADACHE.

Nothing as safe and sure as a good dose of NerVine—simply wonderful the change it makes—stomach is settled, digestion improved, headache vanishes. You'll be thankful a thousand times for keeping Polson's Nervine handy.

NURSE TO EXAMINE PUPILS.

BRANTFORD, June 19.—(Special.)—The public school board have decided to introduce a system of medical inspection in the local schools. A trained nurse at a salary of \$500 per annum will be secured in September. This, it is believed, will be productive of better results than the system of having a medical examiner.

There is a vast distinction between distribution for the sake of increasing the circulation figures and distribution for the sake of increasing the number of advertising responses.

There is a difference between a circulation which strikes the same reader several times in the same day and the circulation which does not repeat the individual.

You've got to weigh and measure all these things when you weigh and measure circulation figures. It isn't the number of copies printed, but the number of copies sold.

Work of the Guides. The corps of guides under command of Major A. J. Van Nostrand of Ottawa reached Ridgville this afternoon en route from Hamilton to Niagara Camp.

Wildcats' on Coast Catch Realty Hunters. A Widely Advertised Sale, of Lots at East Prince Rupert Proved Alluring.

The Prince Rupert newspaper, The Empire, says: "East Prince Rupert," where lots have been widely advertised for sale and to which reference has been made in these columns, "is a rank wild-cat," and advises no one to buy lotwise lots in the Skeena district without seeing them.

These three newspapers are mentioned because they are at the very front of the business, and they are mentioned because it seems high time for the press to consider its responsibility in promoting the sale of lots here, there and everywhere on glowing promises of huge profits, and pushing the sale far and near of shares in alleged mines which never were, and never will be, worked.

There is a difference between a circulation which strikes the same reader several times in the same day and the circulation which does not repeat the individual. There is a difference between circulation which is concentrated into an area from which every reader can be expected to come to your establishment if you can interest him, and a circulation that spreads over half a dozen states and shows its greatest volume in territory so far from your establishment that you can't get a buyer out of ten thousand readers.

You can take a single egg and whip it into an omelette soufflé which seems to be a whole plateful, but the extra bulk is just hot air and sugar—the change in form has not changed the amount of egg substance—it's the substance in circulation, just as it is the nutrition in the egg that counts.

**APPEAL TO GERMANY.**

Persia Fears Occupancy of the Turks.

ST. PETERSBURG, June 19.—Special dispatches received here from Tiberan say that Persian patriotic societies at Teheran, Kasvin and Isfahan have united in a demand for German protection against Turkey.

They ask that Germany send officers and officials to reorganize the Persian army and government. The Turkish invasion of Persia arises from a question of sovereignty over Armenian territory.

**TELEGRAPH BRIEFS.**

The Saskatchewan Masonic Grand Lodge is in session at Regina. There are 48 lodges in the province.

Richard Debs of Victoria, B. C., the oldest brakeman on the E. and N. Railway, fell between cars and was killed.

Pennock's grist mill at Milltown was burned Tuesday night; loss \$4000.

The barns of Peter Cantelon, Morris Township, near Wingham, were struck by lightning and destroyed by fire. Two cows were burned.

The stables and driving sheds of George Bloomfield's bakery, including one horse, bread wagon, harness, etc., at Oshawa, were destroyed by fire.

Booker T. Washington has been invited to Sandwich, Ont., for Emancipation Day.

A futile attempt was made to kill the chief of police at Batu with an infernal machine.

To Start Four Trips.

Commencing Saturday, June 20, the steamers Modjeska and Macassa will make four trips daily between Toronto and Hamilton, leaving Toronto at 7.30 and 11 a.m., 2 and 5.15 p.m., and leaving Hamilton at 7.45 and 10.45 a.m., 2 and 5.15 p.m. This schedule will cancel the 8 a.m. trip out of Toronto and the 8.30 a.m. out of Hamilton. The new time-table will include also an extra trip each Saturday, leaving Toronto and Hamilton at 8.15 p.m. Through tickets are now being issued to Brantford via Modjeska and Macassa, and the new Hamilton and Brantford Electric Railway for 75 cents single and \$1.25 return fare, which includes street railway fare in Hamilton.

Coming to Toronto.

A New York dispatch says that Secretary Weale of the Tennessee Coal and Iron Co. has accepted the offer of superintendant in a Toronto iron works. Officials of the Canada Foundry and the Polson Co. deny that any changes are being made with them.

Northwest Excursion Next Tuesday.

The first homeseekers' excursion to the C. P. R.'s new Muskoka route will leave Toronto by special train at 2 p.m. next Tuesday, June 23, and intending passengers from outside points should come into the city on morning trains, to make connections. The special low rates, added to the quickness of the journey afforded by the new route, will bring record business, and the passenger department advises that if accommodation in tourist sleepers is wanted, application should be made at once to C.P.R. ticket agents. 45-

**Blast Killed Five.**

SCRANTON, Pa., June 19.—Five unidentified Italians employed by Burke Bros., contractors on the Lockavane Railroad cut-off at Lehigh on the Pocono mountains, were killed to-day by a premature blast. The blast had failed to explode, and the foreman, instead of using a stick, used an iron rod to see what was wrong.

Boxing in New Brunswick.

FREDERICTON, N. B., June 19.—(Special)—George Wagner, Perth, Ont., lance corporal in "H" Co., R.C.R., here, lashed only two minutes 33 seconds with Dan Littlejohn of St. John in final bout of the military tournament in the armory to-night. Referee Power stopped the bout as Wagner was too groggy to continue.

**Chicago Gossip.**

Spader & Parkin to J. G. Beatty at the close of the market.

Wheat—Inspired by strong and rather aggressive support by the leading bull operators and numerous damage reports, the local crowd promptly forgot the clearing weather in the northwest, and bought wheat quite vigorously. The inevitable result following the usual trade to carry on the determined efforts to bull the market, no short interest of a scattered nature in the market was easily disturbed, and improving crop reports all working against a technically sound market, forcing a sharp decline in values. An erratic market may be looked for, but one which offers splendid scalping opportunities.

Ednis & Stoppant wired to J. L. Mitchell.

Wheat—Held fairly steady and at one time sold 1/2 over yesterday, but there was a weak turn after the noon hour on heavy selling by a prominent commission house, and a local floor professional pit closed following a sharp decline in the declines and rather heavy close, which showed net declines of 3/4 for the day. Local sentiment is bearish. Crop news has been of both sorts. Foreign markets were generally lower and private handling of wheat shipments is estimated at 7,000,000 bushels.

Oats—Held strong and made new high record early, but sold off in sympathy with decline in wheat. Crop news continued unfavorable and stocks are light.

Oats—Unfavorable crop advices from this state and heavy buying by elevator interests caused a strong market.

Provisions—Ruled easy and lower on rather liberal offerings and heavy run of hogs.

J. R. Heints & Co. wired R. B. Holden at the close.

The market has ruled lower. The two very large interests seem to be pressed weight; receipts are light and are so strong in our point of view that we cannot advise short selling except on bull buyers, then only for moderate profit.

Corn—Has ruled steady. The offerings were light. The covering of shorts and some good buying put prices up. All reports to-day have been very bullish, and competent authority says Illinois will not raise half a crop.

Oats—Very strong, prices up 1 to 1 1/2. The damage reports are plenty, they come from Illinois, Indianapolis and Iowa.

Provisions—Started strong. Porkers were moderate sellers and prices eased off. Shorts the best buyers.

**A CURE WITHOUT DRUGS WEAR MY BELT UNTIL CURED AND PAY ME WHEN THE WORK IS DONE**

I have the grandest invention of the age for weak, rundown, wornout men; the most reliable and most certain cure for all nervous and chronic diseases. Its wonderful power is directed to the seat of the nervous system, through which its vitalized strength penetrates into all parts of the body, carrying new life to every function which has been weakened by disease or disipation, restoring energy to the brain and power to the system. No weak man will ever regret a fair trial of this invigorator.

Why will you be weak? Why do you go on from day to day when you know you are losing your nerve force—your manhood—when you see a cure within your grasp? Do not delay a matter which is the key to your future happiness. What ever your condition to-day, you will not improve as you grow older. Age calls for greater vital force; and the older you get the more pronounced will be your weaknesses.

I want you—if that means you—to come to me, and if I say that I can cure you, you are losing your nerve force—your manhood—when you see a cure within your grasp? Do not delay a matter which is the key to your future happiness. What ever your condition to-day, you will not improve as you grow older. Age calls for greater vital force; and the older you get the more pronounced will be your weaknesses.

Age calls for greater vital force; and the older you get the more pronounced will be your weaknesses.

MR. FRANK ROGERS, Denbigh, Ont., says he can now get a good night's sleep, something he had been unable to do for two years. My Belt also cured him Rheumatism and General Debility.

Cultivate cheerfulness. It pays. Energy and cheerfulness—that's a combination that can't be beat. Feed your system with this great invigorator—Electricity. Apply it with My Belt—the only correct system. If it will overcome your weakness, your pain, your aches, your irritability, that's what you lack. If you want to feel strength and energy in every part of your system, if you want to feel the life-blood dancing through your veins, if you want to make your mark in the world, build up your vitality with My Belt, and you can be a Man among Men.

## KEEP THE WATER PURE GUARD FROM POLLUTION

Constant Work of Educating Legislators and Municipal Representatives Having Its Effect.

The State of Ohio has gradually advanced in its treatment of sanitary matters, until it has been able this spring to pass a law which is a model of completeness regarding the preservation of the purity of the water resources of the state.

Municipal Engineering Magazine says that public opinion was no further advanced in Ohio fifteen years ago than in its neighboring states, and sanitary matters were then in no better condition, but constant, careful work in educating legislators and people, step by step, with no radical or hasty different movements, has finally resulted in laws which put most of the sanitary problems of the state in the hands of experts for solution and gave the experts the machinery by which they enforce their decision. The present state of public opinion, as expressed thru its representatives in the legislature, is shown by the terms of the latest law "to authorize the state board of health to require the purification of sewage and public water supplies, and to protect streams against pollution."

Municipal officials may complain to the state board of health concerning the discharge of sewage or other wastes into any body of water except the Ohio River, whereupon it becomes the duty of the state board of health to investigate, and report to the governor and attorney-general such improvements as it may deem necessary to order the installation of the necessary system of purification or other disposal within a definitely limited period.

If a water supply of a municipality is believed to be polluted, a complaint signed by the board of health or the health officer or 10 per cent. of the electors sets in operation the same machinery.

The state board of health can order the municipal or private authority having charge of the plant to produce a pure effluent, and upon failure so to do within five days, can on approval of the governor and attorney-general, require such authority to employ and pay a competent person, approved by the board, to take charge of and operate the plant so as to secure the results demanded.

**Must Pay for Changes.**  
Municipalities are required to pay the expenses of the changes made in their systems.

Any city official failing to obey the properly-ordered and appointed orders of the state board of health is subject to a fine of \$500 for the benefit of the state health fund, if not remitted by the governor and attorney-general upon good cause shown.

The law certainly makes it possible for the officers of the municipalities to meet the demands of public opinion, unless the governor or attorney-general should happen to stand in the way on account of his personal failure to understand the necessities of the case or his desire to carry favor with those opposing the improvements. It is deemed necessary to make. Whether this is the best way to prevent factious or fanatical orders being made in the name of health may be questioned, and if the law has a weakness it is in the method of checking irresponsible or ill-considered actions of the board; not in the provision for such check.

Other states may well take this law as a model, although the provisions to go thru many of the stages of education thru which Ohio has passed before it will be possible to put such a law thru the legislature and secure its enforcement after it is passed.

**He Had Broken Something.**  
Mrs. Wilson had a young Japanese servant who had a habit of trying to conceal from his mistress any breakage of dishes of which he was charged to be guilty. The good lady explained that it was wicked to deceive, and directed the Japanese to tell her whenever he broke anything. The boy promised to do as she advised. One day, while Mrs. Wilson was entertaining some friends in the parlor, the Japanese suddenly appeared in the doorway. His teeth were bared in a childlike smile and his eyes sparkled with the light of conscious virtue.

"Meesa Wilson, you ter-ra me, when break somthing to ter-ra you. I break my pants!"

### C. E. COATSWORTH THE MAN GORED BY BULL

Brother of Ex-Mayor Gets Position of Tax Collector.

The expected has happened in the appointment of Charles E. Coatsworth as tax collector in the place of Thos. R. Whiteside, who is giving up his full time to his legislative duties. The city treasurer made the recommendation to the board of control yesterday, and it was adopted. Controller Harrison alone suggesting delay.

Mr. Coatsworth, who is a brother of ex-Mayor Coatsworth, is well-known in ward two, he having been in business at the corner of Parliament-street and Wilton-avenue for many years. The salary is about \$1100 a year.

### MUST HAVE MONEY.

\$25 as Well as Ticket, or \$200 if an Aesthetic.

OTTAWA, June 19.—(Special).—An order-in-council has been passed requiring every immigrant over 18 years to have \$25 in addition to his ticket to destination in Canada, unless evidence is furnished that the immigrant is going to definite employment or to relatives or friends who will take care of him, and requiring each Aesthetic immigrant other than those with whose countries Canada has special arrangements to have \$300.

**Too Much for Uncle Joe.**  
By the side of a certain Illinois suburban railway stands a fertilizer factory which gives out a particularly offensive smell. A lady who frequently has occasion to travel on this line always carries with her a bottle of lavender smelling salts. One morning Speaker Cannon took the seat beside her. As the train neared the factory, the lady opened her bottle of salts. Soon the car was filled with the horrible odor of the fertilizer. The Speaker stood it as long as he could, then addressing himself to the lady, whom he saw holding the bottle to her nose, he said: "Madam, would you mind putting the cork in that bottle?"

### SUSSEX, N.B., June 19.—(Special).—

A farmer named Ryder was terribly gored by an angry bull to-day and will die. The animal, a large black Jersey, had always been docile, but so-day like a flash he turned on the owner and had torn him in a ghastly manner before a party of men drove him off.

**Such is Fame.**  
The secretary of a periodical published not far from New York City, and noted for the literary favor of its editorial pages, recently received a letter from a subscriber asking for the address of George Meredith. The secretary had a careful examination made of the long payroll of the company, but the search was in vain. A reply was, therefore, sent to the subscriber couched in this language: "We are very sorry that we are unable to give you the address of George Meredith. But if you will write to Joe Meredith of our St. Louis Office, perhaps you can ascertain it from him."

## Why Not Furnish Before Vacation?

No Need of Waiting---Join the Housefurnishing Club---No Extra Charge

**IF YOU** wanted a friend to spend part of the summer holidays with you, naturally you would like to have your guest chamber to look and be a credit to you. Why not fix it up in the way you would if you could? Sounds paradoxical, doesn't it? But we mean why not join the Housefurnishing Club if you do not care to go to present expense and have the service and satisfaction of your guest chamber without delay. There is no extra charge of any kind, first or last.

THE ROBERT SIMPSON COMPANY LIMITED  
TORONTO, ONT. June.....1908

Will you kindly enroll my name as a member of your Housefurnishing Club, details to be arranged later?  
Name.....  
Address.....

If you will just drop in to the Club Office on the Curtain Floor and talk it over with the Secretary, any points you may still be in doubt about will be cleared in a very few moments.

The offer includes anything you want in the Carpet Department, anything you want in the Curtain Department, anything you want in the Furniture Department, anything in the Wall Paper or Picture Department.

Prices to Club Members are the same as to cash customers. No interest, no fees, no additions, not one cent.

In addition during June we will do all work without charge—making and laying carpets, making and hanging draperies, recovering furniture etc., etc.
