Synopsis of Chapters Printed.

In the first instalment of his story Dr. Fred. A. Cook told of the start from Gloucester on the "Bradley" of the voyage to the polar seas, and of the overhauling en route of the equipment needed for the dash to the Pole. In a graphic manner, the discoverer wrote a story of Eskimo life that never has been excelled for human interest. He told of the home life, the tragedy and comedy that mingle in the dreary existence of the dwellers in the Arctic, and of the child-like eagerness of the natives to trade their valuable furs and ivory for the simplest things of civilization.

In the second instalment, Dr. Cook describes the voyage to Etah and then on to Annotok, the place of plenty, which he selected as the base for his dash to the pole.

The third instalment described the work of preparing winter quarters, closing with a graphic description of a narwhal hunt.

In the fourth instalment Dr. Cook describes the approach of the long Arctic night, which caused his party at Annotok to become very active in preparing for the dash to the Pole; as well as telling how the sledges, canvas boat and food were prepared.

In the fifth instalment, Dr. Cook told of the actual start on February 19, 1908, described the equipment he took for his great final dash, and told of the gradual reduction of the party.

"THE CONQUEST OF THE POLE."

(By Dr. Fred A. Cook)

SIXTH INSTALLMENT.

Koolooteegwah and Inugito had been our bedfellows for the entire northward run, and they had gone thru many dangerous and hard experiences together. We, therefore, felt more keenly their departure than the going of the first six. We were at first lonely, but the exigencies of our problem were soon sufficiently engaging to occupy every fibre.

Now our party was reduced to three, and, tho the isolation was more oppressive, there were the usual advantages for greater comfort and progress of a small family of workers. The increased number of a big expedition always enlarges the responsibility and difficulties. In the early part of a polar venture this disadvantage is eliminated by the survival of the fittest, but after the last supporting sleds return the men are married to each other and can no longer separate.

A disabled or unfitted dog can be fed by his companions, but an injured or weak man cannot be put aside. An exploring venture is only as strong as its weakest member, and increased members, like increased links in a chain, reduce efficiency. The personal idiosyncrasies and inconveniences always shorten the day's march, but, above all, a numerous party quickly divides into cliques, which are always opposed to each other, to the leader, and to the best interests of the problem in hand. With but two savage companions, to whom this arduous task was but a part of an accustomed life of frost, I hoped to overcome many of the natural personal barriers to the success of Arctic expeditions.

ONE DEGREE IN THREE DAYS.

By dead reckoning our position was latitude 82 deg. 23 min.; longitude 95 deg. 14 min. A study of the ice seemed to indicate that we had passed beyond the zone of ice crushed by the influence of land pressure. Behind were great hummocks and small ice, ahead was a cheerful expanse of larger floes. Using the accumulated vigor of man and beast we advanced a degree of latitude in three days. Our destination was about 460 miles beyond.

But our life had assumed quite another aspect. Previously we permitted ourselves some luxuries. A pound of coal oil and a good deal of musk ox tallow were burned each day to heat the igloo and to cook abundant food. Extra meals were served when an occasion called for it, and each man ate and drank all he desired. If the stockings or the mittens were wet, there was fire enough to dry them out.

But all of this must now be changed. There was a sharp daily allowance of food and fuel. One pound of pemmican per day for the dogs, about the same for the men, with just a taste of other things. Fortunately we were well stuffed for the race with fresh meat in the lucky run thru game.

At first no great hardship followed the changed routine. We filled up sufficiently on two cold meals, and used superfluous body tissue. It was no longer possible to jump on the sled for an occasional breathing spell, as we had done along the land. With overloaded sleds, the drivers must push and pull at the sleds to aid the dogs, and I searched the troubled ice for an easy route, cutting here and there with the ice ax to permit the passing of the sleds.

STRIPPED FOR THE RACE.

We were finally stripped for the race; man and dog must walk along together thru storms and frost for that elusive pivot. Success or failure depended mostly upon our ability to transport nourishment and to keep up the muscular strength for a prolonged period.

As we awoke on the following morning and peeped out of the eye port, the sun was edging along the northeast, throwing a warm orange glow on us that gladdened our hearts. The temperature was 63 degrees below zero, fahrenheit; the barometer was steady and high. There was almost no wind, and not a cloud lined the dome of pale purple blue.

TYPICAL BREAKFAST IN THE POLAR CIRCLE.

After two cups of tea, a watch-sized biscuit, a chip of frozen meat and a boulder of pemmican, we crept out of the bags. The shivering legs were pushed thru bearskin cylinders, which served as trousers, the feet were worked into frozen boots and then we climbed into fur coats, kicked the front out of the snow house and danced about to start the fires of the stoves.

Quickly the camp furnishings were tossed on the sleds and securely lashed down. The dog traces were gathered into the drag lines, and with a vigorous snap of the long whip the willing creatures bent to the shoulder straps. The sleds groaned and the maddening snarl of a metallic ring, but the train moved with a cheerful pace.

"Uma noona tertonga dosanewah" (good land out of sight to-day) we said to one another, but the words did not come with serious intent. In truth, each in his own way felt keenly that we were leaving a world of life and comfort behind. Heiberg Island was already only a dull blue haze, while

TWO VACANCIES ON THE N.T.R. BOARD

Shake-up Likely As Result of Grand Trunk President's Protests to Laurier Over Contractor's Delay.

OTTAWA, Sept. 24.—(Special).—Sir Charles Rivers-Wilson gave the Laurier administration a cold touch recently when he proclaimed to the public that the government had not fulfilled its promise to have the N. T. R. completed easterly from Winnipeg to Superior Junction, ready for the shipment of this year's western grain.

This is nothing, however, to the warmth of the opinion of the government regarding the National Transcontinental Railway. Commissioners, who promise and assurance they had no word of explanation or reply, altho they have since done some hard thinking.

The situation has become more acute by the appearance here of Contractor J. D. McArthur as well as critics of the government.

The delinquent contractor has up to the present allowed Sir Charles Rivers-Wilson's statement to go unchallenged. It is not expected the government will submit calmly to the failure of the contractor and the commissioners to carry out the promise most explicitly given some months ago, that the road would be completed easterly to Superior Junction by Sept. 1, 1909. This assurance the government gave to the G. T. P. people, but it seems now to be a joke which was just to be passed.

Instead of the government having to appoint only one man—the successor of the late Robert Reid—to the commission, there may be at least two vacancies to fill.

BIG COBALT MERGER?

Rumored That the Leading Shippers May Combine.

COBALT, Sept. 23.—It is learned that a merger is proposed of all the large shipping mines located on the east side of the railway tracks between Cobalt and Kerr Lake.

Some of the properties mentioned as concerned in the deal are La Rose, Nipissing, Savage and the Ontario and Kerr Lake, representing many millions of dollars.

The presence of half a dozen heads of the big Cobalt mines on the train southbound to-night supports the report that something is doing.

CLUB FOR CHURCHMEN

Idea Mooted at Luncheon Given by Bishop Sweeney.

At a luncheon his lordship Bishop Sweeney entertained 75 of the clergy of the diocese and the formation of a club was discussed following the model of the Canadian Club. The idea is to be able to receive prominent churchmen who may be passing thru the city. Bishop O'Connell, for example, was in the city last Sunday. These clubs have been very successful in the United States, and the local organization will be completed at once.

BANK CLERK SHOT

Weapon Discharges While Erwell McNeill is Examining It.

WOODSTOCK, Sept. 24.—(Special).—Erwell McNeill, a young bank clerk, employed in the Farmers' Bank at Embro, was brought to Woodstock Hospital to-day suffering from what may prove a fatal revolver wound in the south-hand to-night supports the report that something is doing.

FED WITH STOMACH PUMPS

And Suffragettes on Hunger Strike Warmly Resented the Method.

LONDON, Sept. 24.—Wild scenes are reported to have taken place in the prison at Birmingham as the result of the women being fed with a stomach pump of the suffragettes who are on a hunger strike.

The women resisted the efforts of the keepers, smashed windows and assaulted the wardresses, and finally had to be handcuffed and placed in solitary confinement.

The leaders of the suffragettes here are indignant over the attempt to feed the women. They contend that forcible feeding is illegal, and intend to bring actions against the medical authorities of the prison concerned in it.

MR. MONK EXPLAINS

Conservative Leaders in Montclair Opposed a Contest.

MONTREAL, Sept. 24.—(Special).—F. D. Monk, M.P., puts himself straight in connection with the claim that the Conservative leader has sacrificed the party interests in allowing the County of Montclair to go by default, as far as the opposition is concerned.

Mr. Monk declares that he was in the fight from the start, but that every local leader in the county was opposed to it. They even opposed a contest when a friend offered to put up the deposit.

As regards party inactivity here, Mr. Monk states that the last interview he had with Mr. Borden the leader expressed the wish that nothing should be done here before his return.

LORDS MAY ACCEPT BUDGET ON PROMISE TO DISSOLVE

Lansdowne and Balfour Said to Desire to Keep Upper House Out of the Struggle—General Election By January.

LONDON, Sept. 24.—The agents of both political parties now are convinced that a general election will take place either in December or January, the date depending upon whether the house of lords shall reject the budget outright, or take a more temporizing course.

The house of commons will conclude its discussion of the budget and send it to the house of lords about October 21.

Meantime the political campaign, which is proceeding thruout the country, is approaching dimensions of a general election campaign. The Conservatives are well organized and claim to be fully prepared. With four hundred new candidates, both sides appear equally confident, but it is evident that the leaders of the Conservatives are far from agreed as to the best course to pursue.

Should the house of lords reject the budget, it would be extremely probable that the Liberals might win on the double issue of reform of the house of lords and the budget. For this reason the shrewd moderate men on the Conservative side are anxious to make the election struggle, as Mr. Balfour recently put it down, tariff reform versus socialism, keeping the question of the house of lords in the background, and it is believed that the government will immediately dissolve parliament and appeal to the country.

DEATH SENTENCE PASSED ON MRS. JAS. ROBINSON

Woman Who Admitted Infanticide in Repulsive Case Faints When Doom is Pronounced.

SUBSBURY, Sept. 24.—(Special).—Mrs. James Robinson of Warren, who murdered the infant born to her own child daughter Jessie, because of her husband's infamy, was sentenced by His Lordship Justice Magee to-night to be hanged on the 24th day of November at 8 a.m., in the district of Subsbury.

When asked by the judge if she had anything to say before sentence was passed upon her, she broke out in sobs, "I have not."

Immediately after the sentence, she fainted and had to be carried out of the court room in the arms of her brother, the Rev. Peter Matheson.

The court of appeal will, in the interval, decide on the merits of a reserve case granted after Mrs. Robinson's conviction on the first charge of slaying a child born to another daughter. The jury in this case twice voted for acquittal on grounds of temporary insanity, but were sent back by the presiding justice.

Frank James was charged with assault on nine-year-old Beatrice Darling. The jury brought in a verdict of guilty and Justice Magee sentenced him to one year in Central Prison.

Two men were killed and two injured by the upsetting of an auto near Rockford, Ill.

PATTEN TRYING TO CORNER COTTON

Is Heavy Holder of Futures, Which May Go To Fifteen Cents—Effect Will Be to Raise Price of Materials.

James A. Patten, the Chicago millionaire, who made wheat prices interesting a short time ago, has now directed his attention to the cotton market and is reported in a statement made by himself in New York to be a heavy holder of cotton futures and to have predicted that these futures will go above 15 cents. Mr. Patten's bullishness on cotton is due to a falling off in the crop of the United States this year. The 1909 crop showed a total yield of 12,817,816 bales, while this year estimates range all the way from 10,500,000 to 11,500,000 bales.

Not since the Sully corner in 1903 has such a keen interest been taken in the cotton market and speculation has carried prices for all futures up over 10 per cent. during the last two months.

Cotton futures are now close to 13-1/2 cents per pound, a rise of nearly half a cent having occurred since Mr. Patten's bullish interview with some of the New York papers on Tuesday.

During the Sully boom the highest price touched by cotton in New York was 17 1/4 cents, but Sully collapsed with a break in the supposed corner and the price dropped four cents a pound in a very few days.

Britain Not Worried

British manufacturers have not yet been alarmed by the supposed shortage in the American crop. These individuals evidently believe that the increased crop this year in India and Egypt will more than compensate for the shortage on this continent. The following record of prices for the American crop will prove interesting, and from it it will be seen that in the year 1904, when the cotton crop was 5,800,000 bales, the lowest price for nearly fifty years was registered, viz. 5 1/2c, thus utterly destroying the idea that a short crop is a sure indicator of high prices.

In so far as speculation in this commodity affects the general household and the legitimate cotton merchant, The World has interviewed the following interviews with men who are intimately in touch with the manufacturers of cotton goods.

Due to Manipulation.

In conversation with the buyer of a big retail firm, which deals largely in cotton goods, both from a manufacturing and importing standpoint, the rise was about as much due to manipulation on the part of those in close touch with the market as to the shortage in the cotton crop. Altho there is an estimated difference of over two million bales between this year's yield and last, he did not think that there would be any immediate change in the prices for manufactured goods, the ultimately these would undoubtedly undergo an advance, provided the quotations still remain to be settled.

The name of the contractor was withheld until final papers had been signed. The amount of the contract is a matter of estimate, and it is understood the work will be proceeded with in sections.

The route of the line has already been made public, but some adjustments still remain to be settled. Otherwise the general route will be announced.

The stretch from Toronto to Trenton forms the first link in the road to Ottawa.

President Mackenzie said last night that it was too early yet to say anything about the stations on the line. A deputation from Starkville, Durham County, however, requested this consideration, and were assured that it would be granted.

Further Advance Likely.

"It is a little over thirteen cents," he remarked, "and while I do not believe that the high prices predicted by some will be realized, I do think that a further advance is altogether probable. As for Mr. Patten, he is much interested in bulling the market and, consequently may be looked upon to a certain extent as an alarmist. However, he is a specialist in this department."

THE ONLY HYGIENIC COAT.

Canadians Must Wear a Fur-Lined Coat in Winter.

Let's figure this thing out: Here it is the twenty-fourth of September. The weather really well started in the fall and only some few weeks from winter from fur-lined coats. You wear very heavy underwear and heavy suiting and stay in a heated room for a few minutes and ten chances out of eleven you catch a cold of some class when you step into the frigid atmosphere without. A fur-lined coat is the thing for comfort and the outside temperature of the special line this year at fifty dollars. Beaver cloth outside, with wide outer or Persian lamb collars and lapels. Best value in the world's last year for furs. Another line begins at thirty-five dollars. The store will remain open until 10 o'clock Saturday night.

B.C. ELECTIONS THIS FALL

Government Will Go to Country on Policy Toward C.N.R.

VANCOUVER, B.C. Sept. 24.—(Special).—It is understood that the provincial government (Conservative) will go to the country between Nov. 15 and Dec. 2. The government will in October announce their policy of assistance to the Canadian Northern Railway to enter the province, and then go to the people for their approval of that policy.

Attorney-General Bowser and Minister of Works Taylor are leaving tomorrow on a speaking tour of Lilloet and Cariboo, Liberal strongholds.

A STILL CONFISCATED

Moonshining Outfit is Found in Muskoka District.

After a drive of 35 miles thru the rain on Thursday last, Provincial License Inspector Ayeart, with an inland revenue officer, and Bailiff Johnston, sundridge, visited the farm of John Watson in quest of a "moonshining" outfit. The farm is situated eight miles west of South River, in the northern part of Muskoka district. The officers went to the barn on their alleged, and found the boiler of the alleged still containing a mixture of syrup and yeast. All the equipment was confiscated, except the worm, which could not be found. Watson is supposed to have an accomplice in George Waldritt.

HAMILTON, Sept. 24.—(Special.)—Three Italians accused of trying to work the "Black Hand" game on Salvatore Sanzone, this afternoon decided to leave their fate in the hands of a Judge without a jury. Their names are Carmelo Colombo, Ernest Speranzo and Samuel Wolfe, and it is charged that they demanded money from Sanzone and assaulted and attempted to kidnap him. They have retained T. C. Bostwick, K.C., Toronto, and it is likely the trial will take place next week. It is said that one firm of lawyers wanted \$1500 to defend them and another \$1000, and that they offered one lawyer \$250 if he succeeded in establishing their innocence.

The first fall cruise of the 13th Regiment was held this evening, there being 47 men on parade. Miss Emma Dick, 344 West Hunter-street, died 10-day, aged 20. Runaway Accident. James Foster, driver of the MFI Grove stage, was severely injured this afternoon. While driving up York-street the wheels of the stage was twisted and the horses ran away, dragging him some distance. He was driven home by D. Platt, 244 West Hunter-street.

John Taglierino was arrested to-night on the charge of stabbing Joe Deak. The trouble took place in a store on Huron-street last Saturday night, when an Italian ordered three Hungarians out of the place, starting a fight, in which Deak was carried to the hospital. The proprietor of the store, Twelve Years in Penitentiary. Twelve years in Kingston Penitentiary was the sentence by Judge Barry on David Irvine, found guilty of assaulting and attempting to rob Fred Porteous, Mark Tomkins, captured at the time of the assault, in the morning. The judge thought Irvine deserved more because Tomkins had attempted to lead an honest life until he was taken by Irvine, and in addition, Irvine was not an old man, the judge said that Irvine had spent 25 years in prison. Irvine attempted to correct this, but the judge paid no attention. The prisoner took his sentence gamely.

Three more cases of scarlet fever have broken out in school section No. 11, Berton Township, and the agitation to have the school closed has been renewed. More Police Needed. Chief Smith says that he has not enough men to cope with the foreigners and to stamp out the stabbing affairs. He has 70 men, or one for about every 1000 inhabitants, and he says he needs at least 100, as he cannot spare any officers for the east end of the city where the foreigners are located until after 11 o'clock at night. He would like the city divided into two police districts, and a re-organization of the force.

The Cataract Company has again killed the city for 720 horsepower at \$15 a year, that being the minimum which was set by the contract put thru the council last year. The city will not pay the bill, and will fight the company in the courts if it tries to collect them. John Berlinghoff has warned the contractor who gathers the milk from the houses in the city to give two of his horses a rest. Shack for Fever Hospital. The hospital government will erect a shack on the city hospital grounds for the care of scarlet fever patients. The Hamilton Jockey Club fall meeting opens next Tuesday, and promises to be the most successful in the history of the club. The indications are that they will have even a larger number of horses than have been racing at Woodbine, and as usual, the steeplechases will be one of the features.

Everything is in readiness for the opening, and quite a number of improvements have been made since the spring meeting. Toronto racers should bear in mind that the special train from Toronto each day will leave at 1:00 o'clock, as the first race is carded for 2:45.

To-Day's Program

Rain; No Baseball Games

Note and Comment

The O.J.C. directors and secretary Fraser are pardonably proud of the extraordinary fine start for today's closing of the autumn meeting at Woodbine Park.

In addition to the sum of \$7500, which is added by the Ontario Jockey Club to the class of events and the horses competing are of the best. The Grey stakes for two-year-olds has \$1500 added and will bring the best two-year-olds together to try conclusions at a mile. This race gives every promise to sustain its record as a high-class event for two-year-olds.

The next feature, which is set for decision at four o'clock is the Ontario Jockey Club Cup, a handicap with \$2500 added. At the unusual distance on this continent of two miles and a quarter, the race has a prospect as good as any that has been run in this country.

The Hendrie steeplechase over the long course of three miles has \$2000 added by the club, to a magnificent trophy, the latter the gift of Mr. William Hendrie, to perpetuate the memory of his father. Here will be found the best field of steeplechase horses in all America, and in addition to the valuable riding fees for steeplechase jockeys at this meeting a handsome plan will be presented by the club to the rider of the winner.

Of the six races which compose the card, only one is of less distance than a mile, and that has succeeded in bringing together the best sprinters at the race course.

Pittsburg has won in the National League and Rochester in our own circuit, but there is a considerable problem ahead in the American for the Detroit leaders, who are engaged in their crucial test today and early next week in New York followed by a session in Boston. It will be interesting to note how the Naps will fare at Philadelphia, the Cleveland fans being ferociously antagonistic to the Tigers, and Detroit papers charging that the Naps threw the whole of the former series to the champions' rivals.

Perhaps today's double header at Jersey City will follow to the letter the one which was run Monday and Tuesday here at Baltimore. While the Rochester champions may remember the very friendly turn here one week ago today in the afternoon final games Sunday and Monday at Providence.

According to a special cable from Paris, Jim Jeffries is former world's champion fighter, is there looking in splendid health from the cure he took at Carlsbad. He is keeping up his daily work in the gymnasium, despite his desire to see the interesting things of Paris. His stomach is no longer noticeable, but his neck and joints are still quite thick.

The Parisians are enthusiastic over Jeffries and they will back him heavily to beat the negro, Jack Johnson, in the coming fight for the title. Frank Ernie thinks the negro will dance and run for awhile and then quit. Jeffries, in speaking of his condition, said: "I am rapidly getting back to my old self and my appearance bore out his own opinion."

Corwall Marathon.
The annual exhibition of the Lawrence Valley Agricultural Society, at Williamstown was the best and most successful in this part of Ontario. The Marathon race, which was run on the track in the grounds, the distance being five miles, was the chief feature of the afternoon's sport. There were eleven entries, and the runners finished in the following order: 1. L. S. Robertson, Gordon Harriers, Montreal, time 27 1/2 minutes. 2. Brockville Harriers, time 28 1/2 minutes. 3. R. R. Larriere, Brockville Harriers, time 29 1/2 minutes. 4. Louis Gagner, Gordon Harriers, Montreal, time 30 1/2 minutes.

Woodgreen Lacrosse Team.
The Woodgreen Lacrosse team to play the Toronto team at 3 o'clock will line up as follows: Goal, Carlton; point, McKinnon; cover, Brown; first defence, Bob Philpot; second defence, Henry; third defence, Tyndall; centre, Diego; forwards, Labatt or Beaton; first home, Matthews; outside, Obic; inside, Cryke.

PEOPLE'S INSTITUTE
Arrangements for Sunday at Zion Church.
Prof. J. F. McCurdy, LL.D., will take the people's Bible study class at 10 o'clock to-morrow morning. The subject being "How to Study the Bible." This class is one of the popular features of the People's Institute, which Rev. Dr. Eby has established in connection with Zion Church, College and Elizabeth-streets.

In the afternoon another special feature is the People's Forum. At 3 o'clock the Rev. Dr. Eby will lead a discussion on "Why do we err? A common sense theory of the problem of sin."

Dr. Eby will take the communion service at 11, and at 7 will preach as an ex-missionary on the recent criticism of missions in Japan. He speaks of years there from 1874 till 1898 and made a record in many lines of work, his apostolic and ethical lectures still being circulated, while he built the largest Christian church in the empire, where 80,000 students are in attendance.

In Bible study the historical method is frankly accepted, and an effort is made to bring the more practical teaching of the Bible as the results of a devout and profound scholarship home to the "man in the street."

LONDON WOOL MARKET
LONDON, Sept. 24.—The offering at the wool auction sales to-day amounted to 11,000 bales, practically all New Zealand stock. There was good competition, and prices were firm. Scoured merinos brought extreme rates, while crossbreds were readily absorbed by home, continental, and American buyers. The latter paid 1s 4d for fine greasy, and also secured a good quantity of coarse mediums.

The best hotel in Brockville, Ont., is "The Strathearn," 100 modern rooms, also complete in every detail. Special rates to commercial men. W. E. BROWN, Prop.

BURNS RIDES 3 WINNERS BIG CROWD AT WOODBINE

Four Favorites and Three Second Chances Finish in Front—Card For Closing Day.

The Friday card at Woodbine Park was made up of seven overnight events, including two steeplechases, one for three-year-olds at 1-1/2 miles, with \$900 added, and the other for four-year-olds and up at 2 miles, with \$800 added. The flat races were all the regulation \$500 purses. The weather, threatening with intermittent rain, did not keep the people away who desired to make up for Thursday. Tho the track was sticky, the scratches were few and the favorites finished in front. Paul Davis, Woolstone, and Dr. Pillow, second choices, capturing the other three.

Gay Burns landed three winners. Hiacco won the first by a stretch run beating Stromeland a length, Chiles taking the show money from Carthage, the pace-maker, that was touted and backed.

Paul Davis landed the second all round. Detroit second and Dalhousie third, the favorite, Starover, nowhere. The next went to Woolstone, the favorite. Golconda, second, Oregana third, away back.

Seamus slipped off High Hat in the 3-year-old steeplechase. Then it was all Dr. Pillow, Wickson second, and Advance Boy third. They all stayed up in the next, and finished just as they were backed. Pretty Michal, out in front under wraps, John Dillon second, and Classy third.

Caper Sauce won the Dominion race after trailing 3/4 mile on the Floss for three-quarters of a mile. Billberry beat Gerry for the show.

A field of eleven faced the starter in the closing event, the well-played favorite, Dixie Knight, defeating the tipster's choice, Hex, that made the pace, three lengths. Dangerous March a length away, posing out Hickory Stick for the show.

The cross-country jockeys Harry Stone and Davidson, arrived from New York yesterday for today's three races. The former is the former Sir Wooster, and the latter Waterway, that has done his best under Davidson's guidance. These two should fight it out with chances favoring Waterway. The 2-1/4 miles on the flat must be conceded to Cave Adam or Terah, unless one of the light weights is to upset the form, probably Jehu-ett M. or Selmick.

Members' car will leave the Queen's Hotel at 1:30 and 1:45, calling at the King Edward five minutes later. The band of the Queen's Own Rifles will furnish the music.

Racing at Pittsburg.
PITTSBURG, Pa., Sept. 24.—The matinee club of Pittsburg and Allegheny today won the first leg of the season's cup, the former by a principal race of the final session of the inter-city races at Brunots Island.

The local club carried off honors in five of the seven races, New York winning one and Cleveland the other. Syracuse with a number of entries in the races secured third place, by Hazel B. in the 2:30 trot; third, by May King in the 2:15 trot; second by Paul Steele in the 2:14 trot; third, by Queen Regent, in the 2:16 pace. Baron Alcyone went in 2:15 an exhibition mile to beat 2:05.

Woodgreen Lacrosse Team.
The Woodgreen Lacrosse team to play the Toronto team at 3 o'clock will line up as follows: Goal, Carlton; point, McKinnon; cover, Brown; first defence, Bob Philpot; second defence, Henry; third defence, Tyndall; centre, Diego; forwards, Labatt or Beaton; first home, Matthews; outside, Obic; inside, Cryke.

RAIN STOPS BASEBALL

Rain was prevalent in the east yesterday, the result being that all games in the Eastern and American Leagues were postponed, thus calling for two games to-day, with the Leafs tackling Jersey City. Interest, however, in the Eastern has fallen off now that Rochester have won the pennant, and the baseball fanatics will look eagerly forward to the outcome in the American, as Pittsburg are winning in a walk in the National.

Double-headers at New York and Philadelphia to-day have an important bearing on the future resting place of the American League pennant. New York are playing great ball and will give the Tigers a tough argument, while the Athletics should dispose of the disorganized Cleveland team.

All the east are pulling Philadelphia to win the pennant, thus bringing the pennant to the east, after an absence of four years, and more especially because they have little faith in the Tigers in the world series, Detroit having fallen down badly in the two series with Chicago. It would be a good thing for baseball in Philadelphia did win the pennant, but unless New York and Boston make a dint in Detroit's armor, Hughey Jennings and his bunch will have to defend Philadelphia to win the pennant, but unless New York and Boston make a dint in Detroit's armor, Hughey Jennings and his bunch will have to defend Philadelphia to win the pennant.

Matty McIntyre of the Detroit team composed entirely of Detroit players, will tour Cuba. The team will leave Detroit about Oct. 20 and will play 12 games, on each Monday and Thursday for four weeks.

National League Scores.
At Pittsburg—a game full of exciting situations, Pittsburg defeated Philadelphia, 7 to 4. An error by Philadelphia did win the pennant, but unless New York and Boston make a dint in Detroit's armor, Hughey Jennings and his bunch will have to defend Philadelphia to win the pennant.

At St. Louis—Brooklyn defeated St. Louis in a free hitting game, 12 to 6. The game was won by the Athletics, but unless New York and Boston make a dint in Detroit's armor, Hughey Jennings and his bunch will have to defend Philadelphia to win the pennant.

At Cincinnati—New York clinched a 12-0 game by scoring ten runs in the second inning, the first eleven men batting, reaching first base. Score: N.Y. 12, Cincinnati 0. 2 o'clock. New York 19, Cincinnati 0. 2 o'clock. Batteries—Rowan, Cantwell and Clark; Ames, Schell and Wilson. Umpires—Kane and Johnston.

COOK MEETS GEOGRAPHER
Had an Hour's Satisfactory Talk With A. M. Huntington.
NEW YORK, Sept. 24.—For the first time since his arrival here, Dr. Fredrick Cook, the Arctic explorer, took time to his confidence to-day one of the leading American geographical authorities, Archer M. Huntington, president of the American geographical society, with whom he had an hour's private conference.

Dr. Huntington refused to comment on the meeting, but Dr. Cook's friends announced that just before his departure, he had expressed perfect confidence in the statements of the explorer.

Trotters Hold Sway On Grand Circuit At Columbus, Ohio

COLUMBUS, Ohio, Sept. 24.—Trotters furnished most of the racing at the Columbus Grand Circuit meeting this afternoon. Uhlau, without the aid of a wind-aid, reduced his record to 2:09.4, and came within a quarter of a second of equalling the track record, held by Sweet Marie.

Baron May was a strong favorite in the 2:12 trot, and became almost prohibitive after he won the first heat easily. His poor showing in the second heat pushed the field price up above his in a hurry. After the pole was given to Alice Rose, Betty, Baron May got started from the outside, and went fairly well to the last turn when he made wild breaks and ran home. The judges declined to distance him.

Demarest, that took a record of 2:08.4 in winning this heat, was able to beat Baron May in the third heat. In the fourth heat, Baron May lost his chance with a break at the head of the stretch, and this time was distanced for running.

His Honor and His Duties. His Honor Col. J. M. Gibson is not to the minor born. It is quite impossible not to contrast his utterances of the past two weeks with the studiously correct and officially colorless occasional speeches of Sir Mortimer Clark during his tenure of the Lieutenant-governorship.

But it was poor judgment and worse taste when his honor took the opportunity of a celebration of the municipal ownership successes of Guelph to deprecate the principle as applied to other places. King John, as far as his records had the good sense to keep quiet about the virtues of absolute monarchy while he was signing Magna Carta.

A city of two or three times the population of Guelph would do better," he declared, "placing it under the control of private enterprise, subject to proper conditions and terms."

This astounding declaration from the representative of the crown in Ontario is not only entirely contrary to the experience of Glasgow, Belfast and many other cities, but to the canons that have ruled his office hitherto. His honor's connection with the Hamilton Street Railway is so recent that one can only attribute his opinions to the influence and associations of that corporation.

But even the views of a lieutenant-governor will not change the opinions of the people of Hamilton about the corporation under whose oppression they have struggled so long. His honor before he concluded his speech took another tack.

"Whatever the result may be," he observed, "I am satisfied that the people should have a larger control, say, in the matter of municipal government, as between ordinary municipal councils, which we have been accustomed to, and the newer ideas of placing the business of a municipality under the control of a business commission, to be dealt with in a business-like way, irrespective of the idea of private advantage or political pull."

The Globe in reporting this applies the idea to public utilities, whereas his honor deprecated municipal operation of public utilities and only endorsed the idea of municipal government by commission.

There would be the fewer to buy up the view of a cynical grafter across the border. Without attributing such a view to his honor, it is quite clear that some candid friend should instruct him in the duties of his office. Perhaps Sir Mortimer Clark could advise him.

A Million for a New Stomach

It is said that Mr. Rockefeller, one of the world's richest men, offered one million dollars to any physician who would make his stomach strong enough to digest an ordinary meal. With all his money, this multi-millionaire is compelled to live on milk and crackers.

What a warning this is to men and women who are beginning to realize that "they have stomachs!" Slight attacks of indigestion soon develop into acute attacks. The weakened stomach quickly becomes weaker under the continued strain of digesting unsuitable food. Chronic Dyspepsia makes a strict diet imperative, and life miserable.

Yet how unnecessary all this suffering in "fruit-a-tives"—that splendid stomach tonic—will give you what millions cannot buy, a clean, sweet, healthy stomach which will be capable of digesting any reasonable meal.

"Fruit-a-tives," made from concentrated and intensified fruit juice, acts directly on the stomach, increases the flow of gastric juices, and corrects the faults of digestion.

"Fruit-a-tives" or "Fruit Liver Tablets" is not only a positive and speedy cure for all the ailments of indigestion as a general tonic, building up and strengthening the entire system.

AT THE THEATRES

CHARLES CHERRY AND RUTH MAYCLIFFE in "The Bachelor" at the Royal Alexandra.

The Shuberts will offer Chas. Cherry and Ruth Maycliffe, in "The Bachelor" at the Royal Alexandra Theatre next week. "The Bachelor" was first produced at the Maxine Elliott Theatre, New York, last spring, where it ran for over six months, later being removed to the Whitney, Chicago.

Miss Elsie Janis, whom Toronto has recorded a very great measure of favor in the past, is returning to the Princess Theatre, for all of next week, again presenting the new musical comedy, "The Fair Co-Ed." To say that the new piece is by George Ade, author of "The College Widow," brings up at once memories of that brilliant young author's other tremendously successful college comedy, "The College Widow." The scenes of "The Fair Co-Ed" are located in an anonymous "fresh-water college" town whose institution of learning has just adopted the policy of the co-education of the sexes.

"Wildfire" at the Grand. The Grand Opera House announces as its attraction, beginning Monday next, the delightfully entertaining racing classic "Wildfire," with the original production, an ensemble of superior merit headed by the prince of diminutive comedians, Will Archie, who will appear in his original character "Bud," the stumpy stable boy. Mr. Archie has been before the public

As "Bud" in "Wildfire" at the Grand. For a great many years, as principal foil and support for some of the best known comedians on the stage and a great measure of the success attained by them was due to Archie's personality and his ability to play up to them and feed them the lines that fattened their parts. But merit will in time receive its reward, and after many years of strenuous endeavor, Archie's ability has been recognized in its proper light and he at last stands forth in the position that his undoubted genius was eventually bound to win.

Star Theatre. The coming week at the Star Theatre will be a big one. Town Talk, a monster burlesque containing 53 people, bringing two carloads of scenery

No hypodermic injections, no publicity, no loss of time from business, and a certain cure. Consultation or correspondence invited.

XI. Saturday matinee, Merchant of Venice, night, Richard III.

Consul at Music Hall. One of the big feature acts at the Music Hall next week, will be the performance of Consul, the educated chimpanzee, who will make his first appearance in Canada. Consul does everything but talk, and is known as the "almost man." Besides Consul there are a number of clever specialties on the bill for next week, several of which are considered big headlines in the ordinary vaudeville house. Billy

INA CLAIRE at Music Hall.

Dillon, the man with 1000 songs, has an important position on the bill, and the "Girl with the Angel Voice," the most artistic act in vaudeville, is also a special feature. Paul Nicholson and Mrs. Norton, whose success in vaudeville is unprecedented, will present the laughing sketch which made them famous. Ina Claire, the favorite singing comedienne, will also make her first appearance in the city under the direction of Wm. Morris, Inc. The European novelty dancers, the Yalto Duo, are also on the bill, and the management promise a vaudeville entertainment that for merit has never before been offered in the city. During the week a matinee will be given every day.

Shea's Big Bill. Next week's big vaudeville bill at Shea's Theatre will be headed by Ce Dora, "The Girl in the Golden Globe," direct from the New York Hippodrome. Nothing more sensational has ever been attempted than the feat of this "Girl in the Golden Globe." On a motor cycle weighing fifty-five pounds more than herself, she will from a standing start circle the globe, attaining the speed of from fifty to sixty miles an hour, then turning at right angles from her course Ce Dora loops the globe fifteen to twenty times.

Howard and North are also coming after a long absence. In "Back to Wellington" they have a worthy successor in "Those Were the Happy Days," and the characters they have created will never grow tiresome or old. Emma Francis is making her first appearance here with her Arab boy in two years. During that time she has been meeting with wonderful success in the great theatres of Paris, Vienna and London, and the little American girl gave to Europe a novelty that was as clever as it was pleasing. The Jupiter Brothers, the original "Oklahoma Cowboy Wizards," will be seen in their wonderful act. Everybody wants to know "how it is done," and during this engagement they will invite a committee from the audience to watch their tricks at the whim of the writers. The Howard Brothers have not been in Toronto in many years and they are presenting a great novelty in their "Flying Banjos."

"The Sorenanders." This season Charles B. Arnold's "Sorenanders," one of the best and likewise successful burlesque aggregations before the public, will offer something radically new in the amusement line. Bob Van Osten, a funmaker known as

Dr. and Mrs. W. J. McWhinney, Crescent-road, have returned from abroad. Mrs. De Veber and Miss Allen Robertson will be at 74 St. George-street for the winter. Mrs. Fred Padgett has returned to Ottawa after spending the past two weeks with Miss Margaret George in Avenue-road. Lady Balfour of Burleigh is at the King Edward. Miss Hazel Todd, who has been spending some time with Mr. Sandford in Toronto and Muskoka, has returned to her home in Ottawa. Mrs. Brittan Francis has returned to her home in Ottawa after a short visit to friends in the city. Miss Zena Griffith of Brooklyn is the guest of Miss Gladys Bliton in Huntley-street. Mr. and Mrs. Gordon Benson of Montreal are the guests of Mrs. Adams in Clinton-street. Mrs. Percival Leadley, Elm-avenue, has returned from Lake Simcoe, where she spent three months. Mr. Alex. Taylor of Ottawa is the guest of Major and Mrs. Cook at Bell-street. Mr. and Mrs. Edwin Gledhill are the guests of their aunt, Miss Brodie, in Laurier-street. Mrs. Col. Casey of Kingston is the guest of her daughter, Mrs. L. Marshall Astrium, in Parkdale. Before leaving for home next week Mrs. George Bailey and the Misses Clarke of Winnipeg will receive with Mrs. Pemberton Page, in Waterford, on Monday after next. Dr. R. J. Dwyer of Spadina-avenue has returned to the city after a long vacation in the north woods.

Post Graduate Conference. The post-graduate conference of Knox College opens on Monday evening and will close on the following Friday morning. It is expected that Will Brooke, member of the British House of Commons and a distinguished labor leader, will deliver an address on Tuesday afternoon.

"The Ducknose" comedian, and heralded as one of the cleverest and drollest artists on the stage is the star. Mr. Van Osten has been provided with plenty of scope to display his rare talents in the text new farces which the company presents, namely, "The People's Choice," and "A Day Clerk." He has roles which fit his peculiar style of provoking laughter to a nicety. Fifteen catchy and distinctly unique musical numbers are distributed throughout the performance. The olio includes the names of some of the most noted vaudeville headliners in the business. The acts are as follows: Annie Hart, Irish comedienne; Viola Crane and Tim Lyons, in "Bits of Stage Comedy"; Princess Terina in a real European novelty and sensation, "An Oriental Garden Dance"; and Lewis Alsac and Maxine Lorraine, expert instrumentalists. The production will be the next attraction at the Gayety next week.

Schumann-Helk Coming. Madame Schumann-Helk has been appropriately engaged to open the Massey Hall season. She stands at the head of her profession. She is unquestionably the greatest contralto of the day, and one of the most attractive and talented of song-interpreters. She commands a public composed of all classes, because whether she has been heard in grand opera, in light opera, or in concert, once heard, she creates the impulse in her auditors to hear her again. On Thursday, Oct. 7, she will be heard in a most interesting program. The sale of seats begins next Friday morning, Oct. 1.

"The Witching Hour." The management of the Royal Alexandra announce as the attraction for the week of Oct. 4, Augustus Thomas' greatest play, "The Witching Hour." It had a run of more than a year at the Hackett Theatre, New York, and six months at the Garrick Theatre, Chicago.

The National Chorus. After the first general rehearsal of the adult portion of the National Chorus, which was held at the Conservatory of Music Hall last Monday evening, Dr. Albert Ham expressed himself as more than satisfied with the performance of January next will be even better than those of the previous seasons. The boy choir, consisting of some thirty-five voices, is well in hand and the performances of the excerpts from "Parsifal" and "Boris Godogodoff" will be looked forward to with much interest. The Toronto Symphony Orchestra has been engaged to accompany this chorus.

Vegara Oratorio Society. The newest and latest musical organization, the Vegara Opera and Oratorio Society, had its inaugural meeting in Gault-street, on Wednesday evening. Two hundred enthusiastic singers have enrolled themselves, and work will be taken up next Wednesday evening. "Samson" by Der Freischutz and A Faust. The officers elected are: President, Mrs. Frank McMichael; secretary, Mrs. Chas. Landskell; secretary-treasurer, Mr. R. H. Schultz. The first regular practice will be held next Wednesday evening.

Isadora Duncan. Isadora Duncan will be with us in a very short time. She is not competing with the dancing of the Broadway shows. She makes no appeal to puritanism. Miss Duncan has studied to reproduce the expressive dance of ancient Greece, and she has endeavored to rise to its ideals of sculpture or drama. With the New York Symphony Orchestra, under the direction of Walter Damrosch she appears at Massey Hall on Oct. 10.

In Society. Mr. G. Sterling Ryerson, Mr. Alexander McPherson and Dr. W. H. B. Atkins were among those attending the International Congress of Medicine and Surgery at Budapest, Hungary. Miss Violet Edwards and Miss Lamb of Fallingbrook will be among this season's debutantes. Mr. W. Grant Morden has arrived in town.

Mr. Gerard Barton has returned from abroad with Miss Elizabeth Blacklock and Miss Charlotte Goodham. Mrs. Barton is staying with Mrs. Murray Alexander, in East Roxboro-street. Mrs. G. S. Little, 37 Brunswick-avenue, is in the city for six months trip thru the British Isles. Dr. Edmund E. King, 61 East Queen-street, accompanied by Mrs. King, has left for Atlantic City.

The Misses Somerville have returned from Point Pleasant, Muskoka. Mr. and Mrs. J. McWhinney, Crescent-road, have returned from abroad. Dr. and Mrs. Wunder are settled in their new residence, 563 Spadina-avenue.

Wall Street Market Unsteady
Holiday Affects the Trading
Frequent Rallies and Declines at New York Exchange—Steady Buying Forces Local Stocks to Higher Levels.

World Office, Friday Evening, Sept. 24. The Toronto Stock Exchange disregarded the weakness of the Wall-street market to-day and similar buying to that of late lent a good undertone to a large proportion of the listed issues. Little outside speculation occurred again to-day and most of the buying was credited to large holders. Small investors, who are seeing good profits in such issues as Twin City, Mackay, Dominion Steel and other of the same class, are taking profits, but these sales are being taken by those who know what the future of the market will be, and there is every appearance that the same people are looking for more stock. Both Mackay and Dominion Steel made new high prices and held them fairly well against the realising. The Latin-American shares were quiet, but firm. Mexican Light and Power sold up two points easily and went only on offer points above the highest sale. Sao Paulo sold at 145 1-2 ex-dividend and Rio was bid firm at 90, without transactions. The close was quiet, but without the slightest sign of weakness in any quarter.

Wall Street Pointers.
Stock Exchange will close Saturday. Public service commission rejects Third-avenue financing plan. Cotton Exchange seat sold for \$31,000. Cotton Exchange seat sold for \$31,000. U. S. Steel now operating 96 per cent. of capacity. Pittsburgh reports pig-iron buyers plentiful, in spite of advance in price. Stock Exchange seat sold for \$35,000. Railroad Securities Co. declared regular quarterly dividend of 2 per cent. on preferred stock, payable Oct. 1. The New York, New Haven & Hartford proposes an increase in capital stock by additional amount of 400,000 shares.

Joseph says: The London fortnightly settlements will be well under way Monday before business resommences here. Buy Pacific, Reading for turna. Average Pennsylvania. Get long of some Ontario shares. Buy American Telegraph and Telephone.

Information on U. S. Steel preferred stock has been received and it is acting hot, but it may not rise against the market. Steel common is well taken on reactions. Union Pacific continuous to refuse to pressure on railles. St. Paul may be attacked again, tho it is tightly held.—Financial Bulletin.

BIG BUDGET OF COUNTY AND SUBURBAN NEWS

North, East and West Toronto Happenings - Newmarket Fair Next Week - Notes.

NORTH TORONTO, Sept. 24. (Special.) - W. J. Lawrence and Robert Ferguson in a canvas of the town made a few days ago in the interest of the public library were very successful. Private generosity, supplemented by the fairly liberal grant made by the town council, will place the library in a good sound financial position. The town does not possess a more worthy enterprise. Mayor Brown, W. G. Ellis and many other citizens have always evidenced a warm interest in the project.

The town band is making excellent progress and last night's practice was one of the very best yet held. Harvest thanksgiving services will be held in St. Clement's Church on Sunday, Oct. 3.

On Saturday, Oct. 2, the Eglinton Young Men's Club will hold their annual field day in the local grounds, corner Yonge-street and Glengrove-avenue. There will be a fine program of sports.

The pulpit of the Davisville Methodist Church will be occupied on Sunday by G. T. Archibald of Toronto.

Councillor Irwin in his objection to the grant to the public library on Tuesday evening took the ground that no provision had been made in the estimates for this specific purpose, and favored the holding over of the whole matter until the incoming council could make some adequate provision. Councillor Irwin is not opposed to the library, but to the principle adopted.

Chief Collins has received a cordial letter of appreciation for the splendid service rendered by his volunteers at the Broadway-avenue fire a week or two ago. The time made was excellent.

North Toronto Ratepayers' Association will meet on Saturday, Oct. 2 for the election of officers and other business.

Yonge-street, from the top of the hill north of the C. P. R. crossing to St. Michael's Cemetery, is in a deplorable condition and it is marvelous that a number of serious accidents have not

TOWNSHIP OF YORK

Take notice that the Municipal Council of the Corporation of the Township of York intends to construct a sewer in Parkwood-avenue from the northerly limit of the City of Toronto to Montclair-avenue, thence easterly and westerly along Montclair-avenue for the full length of said street, also westerly from Parkwood-avenue, along Heath-street and Milbank-avenue, and to assess the final cost thereof upon the real property immediately benefited thereby, fronting or abutting on both sides of said avenues and streets, according to plans M 298 and 897, upon which it is proposed to charge an equal proportionate part of the cost of said sewer, having regard to the whole assessable frontage, the same to form a special assessment per foot frontage upon the lands above mentioned and to be payable in ten equal annual instalments.

A statement showing the lands liable to and proposed to be specially assessed for the said improvement, and the names of the owners thereof, so far as the same can be ascertained from the last revised assessment roll of the municipality and the same is now on file in the office of the Clerk of the Municipality and is open for inspection during office hours.

The estimated cost of the improvement of works is \$60,000. The Court of Revision will be held in the Council Chamber, 46 Jarvis-street, Toronto, on Monday, the 11th day of October, 1909, at 2 o'clock p.m., for the purpose of hearing complaints and making a final assessment of the accuracy of the proposed assessment, or any other complaint which any person may wish to make, and which are by law cognizable by the court.

taken place. The drivers on the local Metropolitan cars as a rule exercise extra caution in passing this point. Good progress is being made on the new Christ Church building in Deer Park.

St. Clement's Anglican Church has experienced a most successful year, the income from all sources being for the year \$1205.66, with a surplus on hand of \$84 and a total indebtedness on the school building, rectory, gymnasium and athletic grounds of \$6300. There is no debt on the church proper. The rector, Rev. T. W. Powell, has won a strong place in the hearts of his parishioners.
