BRITISH Penetrate 1000 Yards | FRENCH Make Sweeping Gains Hot Fighting Continues | ON Front of Four Miles GREAT BATTLES ARE RAGING IN VOLHYNIA AND CARPATHIANS BIG ALLIES' OFFENSIVE DEVELOPS IN EAST AND WEST GERMAN POSITIONS ON WIDE FRONT YIELD BEFORE ASSAULTS OF FRENCH

Twenty-nine Hundred Prisoners Taken in Successful Drive Against Enemy's First Line of Defences from Estrees to Height of Vermandovillers — Number of Guns and Valuable War Material Were Gathered In.

PARIS, July 20.—The French forces have captured the entire first German positions extending from Estrees to the height of Vermandovillers, according to the official statement issued by the war office to-night. They have also taken on both sides of the river about 2,900 prisoners in today's engagements.

The latest success is south of the original line of advance and it extends from Estrees almost to the borders of the important railway junction of Chaumes on the railway running southwestward from Peronne. It represents a gain of three or four miles of enemy first line trenches south of Estrees, and it therefore widens the gap which the allies are making in the German defensive system.

Advance on Combes.

The French spent the afternoon in strengthening the new positions captured along the narrow gauge railway between Combes and Clerf. The trenches captured extend from the river to Mamelon-Hardcourt and they carried their lines along this narrow gauge track clear to the east of Hardcourt.

They took about 400 of the 2,900 prisoners north of the river. They also captured in their operations, three cannon, about 30 machine guns and important war material.

Success on Verdun Front.

The afternoon statement from Paris recorded a notable gain in last night's fighting when the French captured a strongly fortified German work south of Fleury, northeast of Verdun, and taking 150 prisoners. Another French detachment made further progress west of the Thiamaumont work in the same region.

The statement follows: "In the Champagne we penetrated into a German trench to the north of Auberville, and took a number of prisoners. In the Aronne the Germans attempted yesterday toward seven o'clock a coup de main upon our small post in the Bolante sector. After a lively hand-grenade battle the enemy was repulsed.

"Upon the left bank of the Meuse, the bombardment continued in the regions of Avocourt and Chantonnay together with hand grenade fighting on the slopes northeast of Hill 304. On the right bank of the Meuse we made progress during the night, west of the Thiamaumont work. To the south of Fleury a powerful offensive was held by one of our troops, which captured by our troops, who took prisoner several officers and 150 men.

"In the region of the Somme we captured aeroplanes brought down yesterday by one of our pilots, east of Peronne. Another enemy machine attacked by one of ours was brought to earth near Grenilly in the Verdun region.

Beyond Bray-Bapaume Road.

The capture of trenches between Combes and Clerf shows that the French have advanced beyond the Bray-Bapaume road. Combes is about 6 1/2 miles north of Peronne, and is scarcely less important than Peronne itself. It is on high ground at the intersection of many important roads which stretch away

BATTLE RAGES UPON STOKHOD BEFORE KOVEL

Russians Repulse Two Strong Austro-German Attempts.

STRUGGLE FOR PASSES

Combat Opens in Carpathians With Initial Success for Ally.

Special Cable to The Toronto World.

PETROGRAD, July 20.—A great battle is raging on the front of the Stokhod River with the Russians repulsing Austro-German attacks. The Teutons have brought up considerable reinforcements to defend the railway system leading to Lembers and to Kovel, and they tried to arrest the Russian pressure by attempting advances in at least two regions. The Russians speedily put an end to the offensive launched near the Villages of Ostel and Arsonovitch, and they also checked an advance of the enemy southward of Gorokov and west of Lutsk.

In the south the Russians report that the floods of the Dniester are impeding the advance of the Austro-Germans. The high water is impeding the Russian operations, but they continue to shove forward their artillery over heavy roads. The hopes of the Austro-Germans become so slippery as to make them almost impossible for seeing and bridges have been swept away at many points. It is reported that a great battle is being fought at Jablonitz with the opening results redounding to the profit of the Russians. The fighting is on the line of advance from Kolomea to Transylvania thru the Carpathians. It was a cavalry detachment that crossed the Carpathians and entered the front. The horsemen passed thru a defile near Killipbaba and wheeled westward to attack the left flank of the Austro-German army, presumably to strike at its communications.

FOURTEEN-YEAR-OLD BOY KILLED BY MOTOR CAR

John Patrick Stephenson, 14 years of age, 218 Berkeley street, was so badly injured yesterday afternoon, when struck by a motor car, driven by Robert V. Russell, 35 Prospect street, that he died in the General Hospital two hours after admission.

According to the police, the boy was trundling a hoop on Berkeley street and did not notice the approach of the motor car. Suddenly he shot out directly in the path of the car, and was struck. He was carried to the hospital, where he was attended by a doctor, who, however, did not think his injuries were serious.

The driver was not held by the police. It is not likely an inquest will be held.

OTTAWA, Ont., July 20.—The more adequate control and development of Canada's nickel resources, especially with a view to preventing their being made use of by the enemy, was one of the leading questions discussed at the concluding meeting today of the national Liberal advisory committee.

It was agreed that the submarine policy of the Germans, which may enable them to take nickel cargoes out of the United States under water, demanded more effective safeguards than had been provided by the government.

After considerable discussion it was agreed that the whole question should be studied more closely, and later a general policy to meet with the situation will be announced by Sir Wilfrid Laurier.

WAR SUMMARY: THE DAY'S EVENTS REV EWED

STRIKING out towards Bapaume, about four miles or so to the north of their present outposts, British soldiers advanced about 1000 yards north of Bazentin-Longueval line. Their progress encountered stubborn opposition from the Germans. As it vital for the safety of the enemy to protect Bapaume, it may be safely presumed that any ground gained towards that point is well earned by hard fighting. Here in this uphill work is being given a supreme test of the fitness of German and Briton to bear the palm of empire, and it is the German that has to go. As the Bazentin-Longueval line is about four miles in extent it is inferred from the despatch of Sir Douglas Haig that the thousand-yard advance was made on this entire four-mile front. A little more ground has been retaken in Longueval and Delville Wood, but late last night heavy fighting was still proceeding in the wood and in the outskirts of the village.

The British advance north of the Somme having brought their lines on a level with the French, our ally started out yesterday to make some tactical gains and he did so. The French, south of the Somme, wrestled from the enemy all his first line positions between Estrees and the height of Vermandovillers, and they are, therefore, extending their grip on the German defensive system in the direction of Chaumes, in a move to seize the railway line connecting Chaumes with Peronne. North of the Somme, to the point of contact with the British army, the French drove forward on a front of four miles between Mamelon-Hardcourt and the river, carried their line clear to the east of Hardcourt, and progressed along the narrow gauge railway between Clerf and Combes. This advance will eventually carry them to Combes, if persisted in, and it will give them control of an important system of roads, of which it is the converging point. They also carried trenches of the enemy east of

BRITISH MAKE ADVANCE OF ABOUT 1000 YARDS

Good Progress Made North of Bazentin-Longueval Line Despite Stubborn Resistance—Heavy Fighting in Longueval Village and Delville Wood.

LONDON, July 21.—The official statement issued about midnight from British headquarters in France, reads: North of the Bazentin-Longueval line we advanced about 1,000 yards in the face of stubborn opposition. Heavy fighting still continues in the northern outskirts of Longueval Village and in Delville wood. On the remainder of the main battle front there is no change.

"Yesterday our aeroplanes carried out successful bombing enterprises on railway centres, enemy aerodromes and other important points. One hostile aeroplane was destroyed; several other machines were forced to the ground in a damaged condition.

"Since July 16, four of our machines have failed to return to our lines."

Earlier Statement.

Gen. Haig's afternoon report recorded the capture of some additional ground from the Germans at Longueval and in Delville Wood. The communication follows: "At 2.30 o'clock in the afternoon, in Delville Wood and Longueval, we regained a little more ground. The struggle in these areas still continues, and our Longueval-Bazentin position we this morning pushed forward our line, capturing some prisoners and a gun.

"East of the Leipsic road our bombing parties made a substantial advance to night. Elsewhere in the main battle area there has been only artillery fire since our report and no alteration in the positions already reported.

"A captured diary belonging to a German commanding officer shows that in the fighting from July 1 to July 6 a Bavarian reserve regiment, which was opposed to us at Montauban, suffered 3000 casualties out of a total strength of 5400.

"Another document shows that one battalion of the 190th Regiment lost 980 men out of 1100, while the other two battalions of the regiment each lost more than half their effective strength.

"Yesterday evening, south of Armentieres, carried out some important raids on a front of two miles, in which the Australian troops took part.

Simultaneous Onslaught

LONDON, July 20.—While a strong but unsuccessful German counter-offensive is still being fought out on the British front, the Teutonic armies find themselves again the objective of a simultaneous attack on both eastern and western fronts. The recent successful advance having brought the British into line with the French at Hardcourt, the French offensive, which has been for some time in preparation, has been renewed energetically on both sides of the Somme, with considerable success thus far.

Official despatches from the British and French headquarters tonight show a further advance by both armies.

The British pushed forward their line about 1000 yards north of the Bazentin-Longueval sector, and are still fighting fiercely with the Germans in the outskirts of Longueval and in the Delville wood.

The French, having renewed their offensive, captured a considerable number of German trenches in the neighborhood of Estrees, and in engagements on both sides of the river have taken nearly 3000 additional prisoners.

Large Collection of Military Stores Captured South-east of Mush.

Special Cable to The Toronto World.

PETROGRAD, July 20.—An advance of nearly ten miles has just been made by the Russian right wing in its offensive in the Caucasus, according to an official report issued tonight. "Some of our detachments have successfully fought their way forward a distance of 15 verst, taking some prisoners," says the communication.

In the region of Dawglik the Russians have driven the Turks from some previously prepared positions and their Siberian Cossacks, operating west of Balurt, seized and landed a great many Turks.

The town of Kugi, an important junction of the roads from Erzerum, Lhaupli and Khirindina, has been occupied by a Russian force.

In battles southeast of Mush, where a newly arrived Turkish division was defeated, the Russians captured a large collection of military stores at the entrance to Kulpin gorge.

Rowanduz has been evacuated and new positions occupied by the Russians in the face of an advance of a great force of Turks from the direction of Mosul.

In Persia a lively engagement was fought with Kurds, skirmishes are being fought east of Kermanshah, and a considerable aggregation of Persian nomads hostile to the allies were defeated and dispersed near Isfahan.

TORONTO WOMEN WERE DROWNED

WADED BEYOND DEPTH

Bodies Have Not Been Recovered From St. Clair River.

Special to The Toronto World.

BARNIA, Ont., July 20.—Caught in a treacherous current of the St. Clair River, while bathing near Coruna today, two Toronto young women lost their lives by drowning. The victims are Mrs. Edgar Fletcher, wife of the manager of the Edgar Fletcher Soda Water Company of Toronto, aged 27, and Ola Ellis, 25, of 673 Euclid avenue, Toronto. Up to a late hour tonight neither body had been recovered, though every effort is being made.

The tragedy occurred before the eyes of Mrs. Edith Ellis Clemens, aunt of the young women, and also in sight of their grandmother. They were powerless to help. The Miss Clemens followed down stream some distance and endeavored to reach the struggling form of Mrs. Fletcher.

Made Heroic Attempt. Miss Ellis, who was a teacher in one of the Toronto public schools, came to Coruna to the home of her aunt a few days ago to spend her holidays. Her sister, Mrs. Fletcher, was holidaying there. They had been to the river a few times, it is said, and believed their bathing place to be safe.

When Mrs. Fletcher got beyond her depth and appealed for help, Miss Ellis waded toward her, but could hardly keep pace with the swift current that was carrying her sister away. She had gone only a short distance when she stumbled into a deep hole and did not reappear.

Mrs. Fletcher repeatedly rose and sank, making desperate struggles to approach the banks. For a distance of about 250 yards, she managed to keep on the surface, but finally sank from view some distance from the shore, along which her aunt had run in the hope that she might be able to reach her. She waded out at one point, but the current was dangerously swift. The tragedy occurred about noon today.

WILLYS-OVERLAND CAMPAIGN PLANNED

Slogan Adopted by Conven- tion Indication of Spirit of Enthusiasm.

CONCLUDE CONVENTION

Trip to Alexandria Bay Was Full of Enjoyable Features.

One hundred and fifty enthusiastic dealers of Willys-Overland, Limited, returned from Alexandria Bay, N.Y., on the steamer Kingston yesterday morning for the final session of their three-day convention, which was held at the King Edward Hotel. The gathering was unique in every way and the largest meeting of Canadian automobile dealers ever held. Much more pleasant than meeting in the hot city was the plan of this trip, during which many surprises in the way of side trips and entertain- ment were introduced. On Monday evening T. A. Russell, the vice-president of the company, explained the new models of Willys-Knight and Overland cars, the dealers being especially delighted with and

enthusiastic over the new model 7535 with 2 1/2-1.2 horsepower motor. At other sessions the business, sales and advertising and service policy of the company were explained, and in- creased the dealers' enthusiasm to such a pitch that the slogan, "Ten Thousand Willys-Knight and Over- land Automobiles 1917," was adopted for 1917, and within the week contracts will be signed by the 150 dealers from all parts of Canada, for the sale of ten million dollars' worth of cars, an event that is unprecedented in the history of the Canadian in- dustry.

Interchange Service. In view of the anticipated increase in the volume of business, the service department has made plans for ex- tending adequate service to the Overland owners, not decreasing, but rather increasing that extended to the present owners. An interchange ser- vice policy has been planned that will assure an Overland owner, touring in another territory or province, of the same attention from any Overland garage that would be extended to him by his local dealer.

After a banquet on Tuesday evening, H. H. Hower, the Knight motor expert, by the aid of motion pictures, shown by the Toledo, Ohio, was also shown by the plant and showed him the raw material being transformed into the finished product Overland auto- mobiles.

Round of Pleasures. While at Alexandria Bay the con- vention made its headquarters at the Thousand Island House, and during their stay took the opportunity of touring the islands in speedy motor launches, of which there was a fleet at the hotel dock. A moonlight tour that

was extremely enjoyable was made in a steamer that had been chartered for the purpose. Splendid weather during the entire trip and calm water added much to the party's enjoyment. Just previous to the party leaving for the return trip a telegram expressing the enthusiasm of the meeting and the dealers' deter- mination to duplicate in Canada the success achieved in the States was sent on their unanimous vote by Mr. Russell to John North Willys, presi- dent and founder of Willys-Overland Limited.

BRITISH STEAMER RELEASED.

Neutrals' Attitude Had Effect on Germans.

LONDON, July 20.—The British S.S. Adams, which was captured off the Swedish coast on Tuesday by a Ger- man destroyer, has been released, ac- cording to a Berlin despatch transmit- ted by Reuter's Amsterdam corre- spondent. Sweden made an official protest to Berlin against the capture of the steamer, claiming it was effected with- in Swedish territorial waters, and the Berlin despatch today states that the vessel was released as soon as it was established that the seizure occurred in such waters.

THE LAKE OF BAYS.

The Lake of Bays, situated in the "Highlands of Ontario," has scenery rugged enough to be romantic and yet beautiful to the eye. Altitude 1000 feet above the sea. Air rare and invigorating and skies usually clear and beautifully blue. Splendid hotel accommodation. Easy access by the luxurious trains of the Grand Trunk Railway System, via Huntsville. Reasonable charge at a summer hotel. Just the place for a summer holiday. Write to C. E. Horning, D.P.A., Union Station, Toronto, for handsome illustrated descriptive literature.

ANOTHER CALL FOR CIVILIAN MEDICOS

Request From Imperial Au- thorities Has Arrived at Camp Borden.

ATMOSPHERE TORRID

Temperature Was Seventy- Five in Shade Yesterday— News of Camp.

By a Staff Reporter. CAMP BORDEN, July 20.—Another call for civilian practitioners to join for service with the Royal Army Medi- cal Corps has been received here from the imperial authorities, via Ottawa. To qualify, applicants must be not over 40, physically fit, British sub- jects and graduates of a Canadian university, but it is not essential that they be licensed practitioners.

Rank of Lieutenant in the R. A. M. C. will be given. Pay and allowances are total \$6 a day. On arrival in England \$150 is allowed for outfit and \$50 for camp kit. Term of service is one year. At end of year there will be a gratuity of \$200 if services are satisfactory. Names of applicants must be address- ed to A.D.M.S., Military District No. 2, Camp Borden. No limit has been placed on the number required for this service. Blind Here in Camp. Lt.-Col. "Trooper" Mulloy of Royal Military College was in camp today and discussed with Lt.-Col. A. Earch- man of the 25th Sudbury and Nipis-

sing Battalion, question of recruiting in the northern part of Ontario. To relieve congestion at the main postoffice four sub-postoffices will be established in camp. The first edition of Khaki Life ap- peared today. Capt. Tom Flanagan and Lieut. J. E. Fitzgerald are editors. Lt.-Col. William Hendrie, brigadier of the fourth brigade; Capt. Flanagan and Lieut. Lou Marsh have contribut- ed articles.

Ninety-five in Shade. Weather here today was humid un- til noon, with temperature of 95 in shade. At noon there was a thunder- storm and rain, lasting for two hours. All officers are to carry out one hour's physical training every day and must be in parade with their men during physical training whenever this parade is performed early in the morn- ing.

It is announced that no visitors will be permitted in Camp Borden except on Saturday afternoons and Sundays. A total of 132 men belonging to various battalions are noted in today's orders as discharged on account of medical unfitness for active service overseas.

All battalions warned for overseas have been requested to immediately recall all men on harvesting furlough after they have had four days' leave. In future no harvesting furloughs for units warned for overseas will be granted, but all men will get four days' leave.

Ben on Bonfires. Lighting of small fires on battalion areas has been forbidden. It is pointed out that these fires leave heaps of charcoal and ashes, which intensify the dustiness of the air. The following non-commissioned of- ficers have qualified to act as assistant instructors in bayonet fighting and physical training: 198th Battalion, Lt. Corp. J. Hanson, Ptes. H. C. Rosevear, E. E. Cooper, R. MacLacklan, 201st Battalion, Sg. S. M. E. Mason, C. S. M. W. A. Leslie, Sergts. R. W. Hopper, S. King, C. Dawben, W. J. Robinson and S. Clarke; 208th Battalion, Corp. J. Cawthorne, J. Young; 218th Bat-

RUSSIANS WIN GROUND IN REGION OF BAIBURT

Dislodge Turkish Rearguards and Take About Thirteen Hundred Prisoners.

Special Cable to The Toronto World. PETROGRAD, July 19.—Considerable advances were made everywhere by the Russian right wing in the Cau- casus yesterday south of Trebizond and Eaburt and west of Baiburt. The Turkish rearguards were dislodged wherever they attempted a stand. Tu- man were made in the past few days. One heavy gun and four machine guns also fell into Russian hands.

CUNARD LINE TO EUROPE.

The Cunard Line are certainly to be congratulated upon the excellent pas- senger service that they are maintain- ing between New York and Liverpool. The steamers sailing at present from New York for London and Liverpool are the well-known vessels Orduna, carina, Alania, Pannonia, Andania and have excellent accommodation in all classes. Now that the submarine scare is over, the company is carry- ing big lists from New York, and the best berths are being taken up a long time in advance. Prospective passen- gers may secure all information from A. F. Webster & Son, General Agents for the Company, at 53 Yonge street, between Colborne and Wellington streets.

RED CROSS GARDEN PARTY.

A very successful Red Cross garden party was recently held at St. Paul's English Lutheran Church, under the auspices of the Ladies' Aid Society. The proceeds were \$38.

TO EXTEND POWER OF ARMY COUNCIL

It Will Control Supplies for the Forces in Mesopotamia.

LONDON, July 20.—David Lloyd George, secretary for war, announced in the house of commons that it had been decided that henceforth the commander-in-chief in India would be under direct control of the army coun- cil in London in respect of supplies for his forces. Representatives of the war office, the secretary said, would be sent out to assist in the supply ar- rangements, and in future regulations from Mesopotamia for stores would be made to the war office.

FRIDAY MORNING, JULY 21.

The Usual Breakdown

Public utilities operated by private corporations break down under the strain of a great emergency.

McAlleen, Texas, July 16.—General Funston has been advised by the quartermaster's department for this district that the only way of solving the food problem that is harassing the New York and other National Guardsmen encamped in this sector of the border is to have the government take over and operate the St. Louis, Brownsville and Mexico Railroad.

The whole story of the failure of the railroad to get supplies to McAlleen, Mission, Pharr, Mercedes and the other towns between San Antonio and Brownsville was laid before the general yesterday.

Inasmuch as the railroad seems quite unable to expedite matters it is considered likely that something radical will be done.

The trouble with Mexico development into a real war. The U. S. Government will no doubt be compelled to seize and operate all the big railroads. The British Government had to adopt such a policy at the outbreak of the present war. France had partial government ownership and operation of railroads and had to make it universal. Germany had the railways completely under state control, and to that fact more than anything else is due her remarkable success in defeating two widely separated frontiers.

In short the first essential of preparedness is government control of communications. Here in Canada we could not have sent a single soldier to Europe after the close of inland navigation, if we had not been in possession of a government railway system. The Canadian Pacific could not have taken a soldier to its seaport at St. John, N.B., without crossing the State of Maine, and the United States would have objected to British troops passing thru the country to invade Germany just as Belgium objected to German troops passing thru her country to invade France. The Grand Trunk, of course, could not have taken a soldier to its terminal at Portland, Me. The Canadian Northern as yet has no Atlantic port.

Troops might have been shipped across the continent to Prince Rupert or Vancouver, but we doubt if they could have gone thru the Panama Canal. Except for the much maligned Intercolonial, Canada would have cut in this war a figure truly grotesque.

Sir Adam and the Liberals

Sir Adam Beck, it has been suggested, might have made more progress with the Hydro-Electric System had he had the Liberal party in Ontario to back him up, and as a corollary that had the Liberal party been in office now there never would have been any difficulty about the supply of power in efficient quantity.

The suggestion coming as it does from Liberal sources, is an impeachment of the Liberal party. Sir Adam Beck never repelled the assistance of the Liberal party, and his effort to keep the hydro-electric system out of politics and to preserve its non-partisan character has probably deferred or obstructed his political advancement. He has, in fact, preferred to advance the hydro-electric system rather than advance himself.

There has never been anything in the political situation to prevent the Liberal party lending all the support it cared to give to the hydro-electric movement. It would be doing an injustice to the rank and file of the Liberal party not to recognize the friendly way they promoted the hydro policy in most districts. But it is not so easy to discover hearty and unadulterated support for the hydro policy, and Sir Adam Beck among

London Advertiser: Some newspapers seem to think that Liberalism in Ontario is tall for the kite of Sir Adam Beck.

Liberalism in Ontario cannot afford to be a kite for Sir Adam Beck, a man whose record is built on the sole idea of making Sir Adam Beck the supreme ruler of Ontario by the use of a club which he wields upon all his opponents.

Liberalism in Ontario is not personally conducted by Toronto newspapers. Liberalism in Ontario is not a ring in its nose and led to the slaughter by a man whose fast and loose methods of playing with the provincial auditor appointed by Sir James Whitney to guard the Ontario treasury.

Still a Mystery

Roger W. Babson undertakes to clear up all the "needless mystery" that surrounds the subject of foreign exchange. He says that buying money or credit in a foreign country is as simple as buying potatoes at the grocery around the corner. That is true, because in either case the customer usually pays the price demanded.

But how is the price fixed? To some extent by the law of supply and demand, but to a considerable extent by manipulation. How else can we account for the fact that the Russian rouble, worth 52 cents before the war, is now down to thirty cents, showing a greater falling off in value than the German mark. Russia is immensely rich, has always had a huge hoard of gold, and no one supposes that any great economic disturbance will be inflicted upon her no matter how the war results.

A partial explanation is to be found in the fact that her imports have largely increased and her exports diminished. That might strengthen sterling exchange in Petrograd to some extent, but it scarcely seems to account for a discount so ruinous.

Nations, like individuals, are ruthlessly sheared by users of the world when they are in immediate need of ready money. The Northern States, during the civil war, at one time had to sell their dollars at 40 cents apiece.

Our financial wisecracks are fond of holding up the American greenback as a warning against our issuing national currency, but the greenbacks were in fact worth par and were soon redeemed in gold. They went to a ruinous discount, but so also did United States bonds, and for the same reason. The country was battling for her life, and the money-lenders exploited her necessities. Russia is in no such peril and could not be exploited to the same extent. Yet she is practically trading half dollars for quarters today.

Germany, who is unable to import very much, is less liable to exploitation from the outside. Her issues of paper money are large, but her gold reserves have also been strengthened. Indeed by a generous issue of paper currency, which has not greatly depreciated, the Huns have been able to make a considerable portion of their war debt non-interest bearing. Britain was too rich to be held up long by the exchange sharks. She shipped gold and securities to New York and soon got the situation well in hand. A year ago the fall in sterling exchange on the New York market threatened to demoralize Canadian grain export trade. That danger is happily a thing of the past.

Lodging House Improvements

Vancouver has been looking after its lodging houses, and drafts of new by-laws are being prepared for submission to the city council. One new idea, which common sense might have suggested as desirable any time such lodging houses came into existence is the provision for a general sitting-room or parlor for the use of the lodgers and any friends they may have come to see them. One such room for every fifteen bedrooms has been suggested. The other idea is in advance of anything in the effect east. It arises out of the same spirit as dictated Rudyard Kipling's assent to prohibition. Young people of 16 years of age, who register at a lodging house, are now required to be reported to the probation officer by the lodging house-keeper. The new law will raise the age of those to be reported to 18. A complete description and the full name of such persons must be furnished to the authorities.

OFFERED POSITION AT BORDEN

BRANTFORD, July 20.—Sgt. John Muir, of the 21st Battalion, who is now acting as the armorer sergeant of the battalion, prior to taking necessary instructions, has been offered the position of brigade sergeant-major by Lt.-Col. F. A. Howard, now at Camp Borden. The appointment was offered by Lt.-Col. Howard as an appreciation of Sgt. Muir's long and faithful services in the 38th Dufferin Rifles, of which he was officer commanding.

TORONTO HEROES RETURNED HOME

Twenty-Two of Party Which Arrived Yesterday Belong to City. GREETED BY MAYOR

Met Relatives in Convalescent Home and Were Given Civic Welcome.

Yesterday morning the party of 33 returned soldiers who landed at Quebec at the beginning of the week arrived in Toronto. Included in the party were 22 Toronto men, and these were met at the Union Station by Mayor Church, Ald. Ryding, Sgt.-Major Geo. Crichton, Canon Dixon and several members of the voluntary aid committee, who extended a welcome to the boys who had risked and given so much for the country to which they had returned.

The band of the 48th Highlanders was on hand, and as the train pulled into the station the strains of "The Conquering Hero" reached the ears of the returned heroes. The men were taken to the Convalescent Hospital by two special street cars. Here the reunion with their families took place, and afterwards they were extended a civic welcome.

Mayor Church, in his address of welcome, stated that so far as the city was concerned, everything possible would be done to see that the men were well cared for. He praised the "Frenchman" who had no words of commendation. In closing, he said that these men had done their share, and it is the government's duty to do theirs in seeing that these men are provided with occupations which will enable them to take their places once more in civil life.

Several Shell Shocked.

Corp. G. A. Smith, 2d Widmer street was a member of the Eaton Machine Gun Battery, and while engaged in scouting was hit by a piece of shrapnel in the hip at Dixie.

Pte. W. J. Woods, 89 Louisa street, was a member of the 3rd Battalion. On May 12, 1915, a bullet blew away his right shin bone in the light near La Basse.

Several of the men are suffering from shell shock, or have been invalided home because of illness or wounds received in the various actions of the past year.

Included in the number is Pte. T. J. Cole of Trout Creek, a member of the 1st Battalion, who carries a watch to himself. It is made from a German bullet which struck Pte. Cole in the leg, injuring it so severely that amputation was necessary. It was while making a charge on the German trenches at the second battle of Ypres that he received the wound.

Names of Men.

The names of the arrivals are as follows: Toronto men—Pte. Peter Roberts, 132 Spruce street; Trumpeter William Edmond Fry, 495 Dundas street; Pte. William Harrison, 377 King street; Driver J. E. Drake, 156 Rhodes avenue; Pte. Charles Shaw, 3 Tecumseh street; Pte. Percy Williams, 122 Emmerson avenue; Pte. Leslie Park, 652 Parliament street; Pte. Thomas Hodge, 3 Woodcock street; Pte. John C. Smith, 185 Woodbine avenue; Pte. Richard Brazier, 20 Walpole street; Pte. Sydney E. Lusted, Blantyre street; Pte. Percy Williams, 65 Louisa street; Sgt. S. J. Wilton, Weston; Sgt. S. W. Burns, 242 Palmerston avenue; Corp. Percy Liley, 92 Marchmont street; Sgt. Lilley, 92 Chester street; Corp. John Cameron, General Delivery; Sgt. Max Treholm, Fensenden, Hamilton; Pte. G. W. Broomfield, Brantford; Pte. T. J. Cole, Trout Creek; Driver Alf. C. Lamb, Niagara Falls; Henry Whyte, St. George.

ROBERT BURNS DIED JULY 21, 1796

Once more to the memory of Scotland's sweet singer

Our senses awaken, his fame to recall. To sorrow the day, when forever and ever

He left those fair scenes now so dear to us all.

Can we ever forget how in words that were golden,

He sang nature's praises in sunshine and shadow, and

Or how often in rapture so devoutly he traces The charms of the simple and lowly in form?

What do the years o'er us swiftly are passing,

And the things of the part become distant and strange?

The charm of his presence all others surpassing,

Rests so deep in our souls that it never can change.

'Tis only the great to such heights can aspire,

As already he holds within our regard.

But the star of his fame shall rise higher and higher,

Till 'tis lost in the glory that crowns his award. —J. Noble.

BODY OF ANDREW GOLDIE PICKED UP IN THE LAKE

Discovery Made on Thursday Morning by Residents at Sunnyside.

Missing since Tuesday, the body of Andrew Goldie, 76 years of age, of 37 Isabella street, was found in the lake at Sunnyside, near Brook's Swimming Baths, yesterday morning.

The discovery of the drowned man's body in a bathing locker at Sunnyside Wednesday led to the supposition that Mr. Goldie was drowned.

HE COULD NOT REFUSE WHEN ASKED FOR LIQUOR

E. Uptegrove, Mount Forest Hotel, Coyne, Had License Suspended.

Four cases of infringement of the liquor laws were dealt with by the Ontario License Board yesterday.

Robert Wood, West Hill Hotel, sold a bottle of liquor and was fined \$40 in court. Subsequently he is quoted as saying he would do the same thing again. He appeared before the board and undertook not to repeat the offence.

G. Ashmore, King Edward Hotel, Lindsey, got off with a warning when he was charged with selling liquor on a Sunday not very long ago.

E. Uptegrove, Mount Forest Hotel, was charged with selling liquor on Sunday for a week for selling liquor on Sunday. Uptegrove said he had been asked for liquor by influential people and he could not refuse them.

COL. GASKIN LEAVING TO TAKE FOREIGN POST

Salvation Army Officer Will Fill Position in Switzerland and Italy.

Col. Albert Gaskin, the chief secretary of the Salvation Army in Canada East, Newfoundland and the Bermudas, is under orders to leave Canada and take up a similar position in Switzerland and Italy.

Commissioned in 1895, Col. Gaskin has filled the most important positions of the Salvation Army as officer in this country, and since the Emperor's visit he has been in command of the Salvation Army here.

His final farewell meeting at the Temple on Tuesday evening next, at which his resignation was announced, will be held at 7 o'clock.

Col. and Mrs. Gaskin expect to leave Toronto some time in the early part of next week.

John MacMillan, who is now in Melbourne, Australia, he, with his family, will arrive in Toronto about the first week in August. It is interesting to note that Lt.-Col. J. MacMillan left Toronto for his present tour of duty in the Straits some twenty years ago and is now returning to fill the high position of chief secretary.

CHILDREN'S SOCIETY DENIES ALL CHARGES

Complaints of Local Council of Women Against the 'Aid' Presented to Board of Control.

The complaints of the Local Council of Women against the Children's Aid Society were presented to the board of control of the city of Toronto yesterday.

That body to the government to consider. The charges, which number 12, are to the effect that the children are improperly fed, that they are kept dirty and without provision for play, that the building is infested with vermin and that there are detectives who are kept with their children.

The children of the society, replied that the children's food is as good as that in most homes. He says that medical men have endorsed the building as sanitary and that they have not the means to purchase playgrounds. He admits there is no way of separating the mentally defective from the other children. The children, he says, have to bathe at least once a week.

TWO CHILDREN ARE BITTEN BY COLLIE DOG

Animal Was Destroyed and Head Forwarded to Toronto University.

Four-year-old Michael Pinklestein, 5 Huron street, and James Howland, 10 years of age, 21 Phoebe street, and a horse were bitten by a black and white collie dog, which went mad in Beverley street yesterday. The dog was captured on Grange avenue after nearly two hours' chase by Inspector Burge, of the Toronto Humane Society, and two policemen from Agnes Street Police Station. The dog was destroyed and the head forwarded to the University of Toronto. The children were removed to the hospital.

GAS CASE DISMISSED.

Prest-O-Lite Company, New York, Brought Action Against London City Gas Company.

Chief Justice Sir Glenholme Falbridge has dismissed the action brought by Prest-O-Lite Co., Incorporated, New York, against the London Engine and Supplies Co., Limited, London, Ont. The plaintiffs, who sell acetylene gas in packages, alleged that their packages had been used by the defendants and refilled, so that the customers of the London Company thought they were getting London manufactured gas. His lordship stated that the purchasers of plaintiffs' packages buy them out and out, and so long as they did not represent a charge of work against London gas they had done no wrong. It was shown that defendants had taken precautions to notify the public that the tanks were charged with gas other than theirs.

STABBED MAN WITH KNIFE.

William Martin Now Charged With Wounding Samuel Orr.

William Martin, 22 Saultier street, was arrested Wednesday by Policeman 48 on a charge of wounding Samuel Orr, 158 East King street, by stabbing him in the left arm with a pen knife, outside the Clyde Hotel, King street.

SIR ADAM MUST GET AGREEMENT

Won't Hitch With Niagara Company Until It is Submitted.

GET NO UNDERTAKING

Give No Promise Not to Try to Stop Export of Power.

Hydro engineers worked all day yesterday on the proposed agreement between the hydro and the Canadian Niagara Power Co., but it was not ready up until last night. The only new development yesterday was Sir Adam Beck's announcement that the hydro would not hitch up with the Canadian Niagara until the agreement as to supply had been drafted and submitted to him.

Hon. Mr. Ferguson explained to The World last night that the disagreement now was altogether over the technical question of measuring the load. It makes a big difference, it seems, whether the power is to be metered, charged on or the basis of a flat rate, and until that question is settled by the engineers the hydro will not accept the agreement.

Sir Adam said yesterday that the interests wanted the hydro to agree that they would not demand more than the 50,000 horse power and stop the export of the balance. But, he stated emphatically, that the hydro would not bind itself by any promise. "They will get no undertaking from the commission," he said, "that we will not seek to stop the export of that other 50,000 during the balance of their lease."

EDITH ELTON IMPROVING.

Little Girl of Many Misfortunes Suffering from Broken Leg.

Edith Elton, 6 years of age, who broke her leg by falling off a chair a few days ago and was taken to the Hospital for Sick Children, is getting along nicely. The little girl seems healthy enough she has during her short life suffered 16 fractures of the bones. This is due to the abnormal brittleness of her bones. A tumble which might mean a slight bruise to another child generally results in a broken bone for Edith.

Young Fellows Call This Store's Style Service Very Satisfactory

FEW stores understand a young man's style preference with quite the intimacy of this one—we have a perfect understanding of a young man's preference.

THESE preferences have been developed in our young men's clothes to so large a degree that this store has rapidly become headquarters for young men's clothes.

THE values are quite as well emphasized and developed as the other feature of superiority and are unusual at \$10 to \$25

Toronto Ralls Have Further Liquidation and Pools Meet Stock When Bids Are Advanced.

RECORD OF YESTERDAY'S MARKETS

The recovery in prices on the Toronto Stock market was somewhat premature as evidenced by another reaction yesterday. Trading in any amount was limited to only a few stocks and the only attempts at a rally were in Toronto Ralls, Cement and Brazilian. The early week end on Toronto Ralls, was generally thought to have been overdone, but after a rally to 92 1/2, the price fell again yesterday to 91. This company admittedly has to do some new financing or to retrench in dividends, and there is a fear that the dividend may be lowered from 87 to 87.

SCHUMACHER PRESENTS FIRST ANNUAL REPORT

Gaard Headway Made During Past Four Months—Increased Mill Capacity.

The first annual report of the Schumacher Gold Mines Ltd. has been published. The report is a satisfactory one especially as regards the big increase in production during the past four months since the mill capacity was increased to 140 tons per day, offsetting the low production and small profits in the preceding months, with the exception of the month of June. The report covers a period from October to June 30, 1916, and shows in that time a net profit of \$1,927.75. Gross profits given as \$18,992.20, of which \$161,949.01 was in bullion produced. A total tonnage of 30,120 tons of ore were treated in the mill. The average value of ore treated was \$5.42 per ton and the average cost \$4.48. A feature worthy of notice was the reduction of operating costs in the last four months from \$4.81 to \$4.48, or as against \$4.97 in the first five months.

Today is the Day of the Summer Suit Sale

It is the Clearing-out Day of Two-piece Suits---Flannels, Palm Beach, etc.

Here is a little good advice to the men who are going to take advantage of this Clearance Sale of Summer Suits. Come as early as you can for choice of the best ones. While every suit in the lot is an unusual bargain, there are some that are better than others—and, naturally, the best ones will be sold first. There are in the lot handsome suits of English flannel, made by a leading American tailoring firm—others are lightweight tropical tweeds, in gray and black, with white hairline stripes—there are lightweight navy worsteds—there are fawn homespuns—and there are cool, handsome, well-tailored summery suits of other fabrics that we have been selling at \$13.50, \$15.00, \$16.50, \$18.00 and \$18.50. Please note that there are more \$18.00 and \$18.50 suits in the lot than \$13.50 and \$15.00 kind. Sizes 34 to 44. These suits while they last will be sold today at **9.95**

Another Lot at \$7.45

There are only 45 suits in this lot, so they will no doubt be sold long before the day is over—an early visit is, therefore, advised. These are odd suits and broken lines. Palm Beach cloths and tropical tweeds make up the bulk of them. Regular outing style, with patch pockets on coats and trousers with cuff bottoms, belt loops and five pockets. Sizes 34 to 42. These are \$8.50, \$10.00 and \$12.50 suits. On sale Friday, while they last, at 7.45
