DIRECTORY BORROWERS.

Many are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers; not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but business men who continually need it for reference, yet are too close-fisted to buy one. These are the individuals who carry off our Directory "just for a few minutes," which generally means A FEW DAYS unless you send for it before; then you have scarcely housed it before some one else presents a request "Please lend me your Directory for a few minutes?" Perhaps you won't lend it again for a week; yet this same borrower will tell our solicitor that he has no use for a Directory, he "knows everybody" and "everybody knows him."

REVIEW OF THE PAST YEAR.

The year 1899 marked a new era in the History of Montreal in that a consolidated and amended charter was secured from the Provincial Legislature.

For a time, the city was the scene of considerable excitement and interest through the recruiting and despatching of troops to South Africa.

Quite a number of conventions were held in the city, as usual, notably that of the Librarians of America.

In financial circles the year has been noteworthy for the failure of La Banque Ville Marie, one of the worst failures in the history of Canadian banking. Exploited by a band of thieves, one of whom subsequently turned Queen's evidence, the bank was wrecked so completely that it is not likely to pay its creditors more than fifteen cents on the dollar. Lemieux, the accountant, and chief offender was given seven years in the penitentiary; Baxter, one of his accomplices, was given five; Herbert, the defaulting teller, was virtually freed, having been the instrument of justice in convicting the others. The president and general manager, Mr. William Weir, was sentenced to two years less one day for making false statements to the government, which was apparently done in the endeavor to save the bank. Subsequent developments, however, indicate that the condition of the institution did not warrant its continuance in business.

The bank suspended on July 25th, 1899, and its suspension was followed by that of La Banque Jacques Cartier, through a "run" upon that institution. The latter bank, however, reopened in October, and is in a fair way to complete reorganization with an increased capital.

During the year, the rates for money have been somewhat unusually high, partly on account of the war in the Transvaal and partly because of the attitude of United States banks towards certain industrial stocks. This has checked speculation, not an unmixed evil, yet, on the whole, the splendid condition of trade has sustained the prices of stocks on the local market very materially. The following table of stock quotations for 1899 will be interesting;

The shipping of the port in 1899 showed a decline as compared with 1898, but an increase as compared with previous years. The arrivals of sea going vessels were 801, and the total tonnage 1,517,611, as against 868 vessels and 1,584,072 tons in 1898. But the value of merchandise exported was \$64,040,982 against \$62,729,180 while that of the imports was \$65,018,544 against \$61,117,703. The improvements in the harbor are now rapidly progressing, and Montreal will, in a short time, be one of the most modern ports in America. An agreement arrived at with the "Conners Syndicate" will equip the port with elevators of large storage capacity, while the new wharves will afford accomodation for the largest of ocean vessels.

During the year an important movement was set on foot to encourage tourist traffic, an association being formed for the purpose.

"On articles entitled to the benefits of this preferential tariff under section seventeen, the duties mentioned in Schedule A shall be reduced as follows: The reduction shall be one-fourth of the duty mentioned in Schedule A, and the duty to be levied, collected and paid shall be three-fourths of the duty mentioned in Schedule A.

Provided further, that the reduction shall only apply to refined sugar, when evidence satisfactory to the Minister of Customs is furnished that such refined sugar has been manufactured wholly from raw sugar produced in the British colonies or possessions."

8. Except as herein otherwise provided, this Act shall be held to have come into force on the sixth day of April, in the present year, one thousand eight hundred and ninety-eight.

(An Act to consolidate and amend the Acts respecting the Duties of Customs.)

Assented to 29th June, 1897.

HER Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

1. This Act may be cited as *The Customs Tariff, 1897*.

(d) The expression "ton" means two thousand pounds avoirdupois;

(e) The expression "proof" or "proof spirits," when applied to wines or spirits of any kind, means spirits of a strength equal to that of pure ethyl alcohol compounded with distilled water in such proportions that the resultant mixture shall at a temperature of sixty degrees Fahrenheit have a specific gravity of 0.9198 as compared with that of distilled water at the same temperature;

(f) The expression "gauge," when applied to metal sheets or plates or to wire, means the thickness as determined by Stubb's standard gauge;

(g) The expression "in diameter," when applied to tubing, means the actual inside diameter;

(h) The expression "sheet," when applied to metals, means a sheet or plate not exceeding three-sixteenths of an inch in thickness.

(i) The expression "plate," when applied to metals, means a plate or sheet more than three-sixteenths of an inch in thickness.

3. The expressions mentioned in section two of *The Customs Act*, as amended by section two of *The Customs Amendment Act, 1888*, whenever they occur herein or in any Act relating to the customs, unless the context otherwise requires, have the meaning assigned to them respectively by the said sections two; and any power conferred upon the Governor in Council by *The Customs Act* to transfer dutiable goods to the list of goods which may be imported free of duty is not hereby abrogated or impaired.

4. Subject to the provisions of this Act and to

the requirements of *The Customs Act*, chapter 32 of the Revised Statutes, as amended, there shall be levied, collected and paid upon all goods enumerated, referred to as not enumerated, in Schedule A to this Act, the several rates of duties of customs set forth and described in the said Schedule and set opposite to each item respectively or charged thereon as not enumerated, when such goods are imported into Canada or taken out of warehouse for consumption therein.

5. Subject to the same provisions and to the further conditions contained in Schedule B to this Act, all goods enumerated in the said Schedule B may be imported into Canada or may be taken out of warehouse for consumption in Canada without the payment of any duties of customs thereon.

6. The importation into Canada of any goods enumerated, described or referred to in Schedule C to this Act, is prohibited; and any such goods imported shall thereby become forfeited to the Crown and shall be destroyed, and any person importing any such prohibited goods, or causing or permitting them to be imported, shall for each offence incur a penalty of two hundred dollars.

7. The whole or part of the duties hereby imposed upon fish and other products of the fisheries may be remitted as respects either the United States or Newfoundland, or both, upon proclamation of the Governor in Council, which may be issued whenever it appears to his satisfaction that the Governments of the United States and Newfoundland, or either of them, have made changes in their tariffs of duties imposed upon articles imported from Canada, in reduction or repeal of the duties in force in the said countries respectively.

8. The export of deer, wild turkeys, quail, partridge, prairie fowl and woodcock, in the carcass or parts thereof, is hereby declared unlawful and prohibited; and any person exporting or attempting to export any such article shall for each such offence incur a penalty of one hundred dollars, and the article so attempted to be exported shall be forfeited, and may, on reasonable cause of suspicion of intention to export, be seized by any officer of the customs, and, if such intention is proved, shall be dealt with as for breach of the

Customs Laws; Provided, that this section shall not apply to the export under such regulations as are made by the Governor in Council, of any carcass or part thereof of any deer raised or bred by any person, company or association of persons upon his or their own lands.

9. Regulations respecting the manner in which molasses and syrups shall be sampled and tested for the purpose of determining the classes to which they belong with reference to the duty chargeable thereon shall be made by the Controller of Customs, and the instruments and appliances necessary for such determination shall be designated by him and supplied to such officers as are by him charged with the duty of sampling and testing such molasses and syrups; and the decision of any officer (to whom is so assigned the testing of such articles) as to the duties to which they are subject under the tariff shall be final and conclusive, unless, upon appeal to the Commissioner of Customs within thirty days from the rendering of such decision, such decision is, with the approval of the Controller, changed: and the decision of the Commissioner with such approval shall be final.

10. In the case of all wines, spirits, or alcoholic liquors subject to duty according to their relative strength of proof, such strength shall be ascertained either by means of Sykes's hydrometer or of the specific gravity bottle, as the Controller of Customs directs; and in case such relative strength cannot be correctly ascertained by the direct use of the hydrometer or gravity bottle, it shall be ascertained by the distillation of a sample and the subsequent test in like manner of the distillate.

11. All medicinal or toilet preparations imported for completing the manufacture thereof, or for the manufacture of any other article by the addition of any ingredient or ingredients, or by mixing such preparations, or by putting up or labelling the same, alone or with other articles or compounds, under any proprietary or special name or trade mark, shall be valued for duty under the provision of subsection two of section sixty-five of *The Customs Act*, as amended by section fifteen of chapter fourteen of the statutes of 1888.

12. All medicinal preparations, whether chemical or other, usually imported with the name of the manufacturer, shall have the true name of such manufacturer and the place where they are prepared, and the word "alcoholic" or "non-alcoholic," permanently and legibly affixed to each parcel by stamp, label or otherwise; and all medicinal preparations imported without such names and word so affixed may be forfeited.

13. Packages shall be subject to the following provisions:—

(a) All bottles, flasks, jars, demijohns, carboys, casks, hogsheads, pipes, barrels, and all other vessels or packages, manufactured of tin, iron, lead, zinc, glass or any other material capable of holding liquids, and all packages in which goods are commonly placed for home consumption, including cases, not otherwise provided for, in which bottled spirits, wines or malt liquors or other liquids are contained, and every package being the first receptacle or covering inclosing goods for the purpose of sale, shall in all cases

not otherwise provided for, in which they contain goods subject to an *ad valorem* duty, or a specific and *ad valorem* duty, be charged with the same rate of *ad valorem* duty as is to be levied and collected on the goods they contain, and the value of the packages may be included in the value of such goods;

(b) All such packages as aforesaid containing goods subject to a specific duty only, and not otherwise provided for, shall be charged with a duty of twenty per cent *ad valorem*.

(c) Packages not hereinbefore specified, and not herein specially charged with or declared liable to duty, and being the usual and ordinary packages in which goods are packed for exportation, according to the general usage and custom of trade, shall be free of duty;

(d) All such special packages or coverings as are of any use, or apparently designed for use other than in the importation of the goods they contain, shall be subject to the same rate of duty as would thereon be levied if imported empty or separate from their contents;

(e) Packages (inside or outside) containing free goods shall be exempt from duty when the packages are of such a nature that their destruction is necessary in order to release the goods.

14. Any person who, without lawful excuse, the proof of which shall be on the person accused, sends or brings into Canada, or who, being in Canada, has in his possession, any bill-heading or other paper appearing to be a heading or blank capable of being filled up and used as an invoice, and bearing any certificate purporting to show, or which may be used to show, that the invoice which may be made from such bill-heading or blank is correct or authentic, is guilty of an indictable offence and liable to a penalty of five hundred dollars, and to imprisonment for a term not exceeding twelve months, in the discretion of the court, and the goods entered under any invoice made from any such bill-heading or blank shall be forfeited.

15. With respect to goods imported for manufacturing purposes that are admissible under this Act for any specific purposes at a lower rate of duty than would otherwise be chargeable, or exempt from duty, the importclaiming such exemption from duty, or proportionate exemption from duty, shall make and subscribe to the following affidavit or affirmation before the collector of customs at the port of entry, or before a notary public or a commissioner for taking affidavits:—

I (name of importer), the undersigned, importer of the (names of the goods or articles) mentioned in this entry, do solemnly (swear or affirm) that such (names of the goods or articles) are imported by me for the manufacture of (names of the goods to be manufactured) in my own factory, situated at (name of the place, county and province), and that no portion of the same will be used for any other purpose or disposed of until so manufactured.

16. Nothing contained in the foregoing provisions shall affect the *French Treaty Act*, 1894, or chapter three of the statutes of 1895, intitled *An Act respecting Commercial Treaties affecting Canada*.

which, on the whole, are as favourable to Canada as the terms of the reciprocal tariff herein referred to are to the countries to which it may apply, articles which are the growth, produce, or manufacture of such country, when imported direct therefrom, may then be entered for duty, or taken out of warehouse for consumption in Canada, at the reduced rates of duty provided in the reciprocal tariff set forth in Schedule D to this Act.

2. Any question arising as to the countries entitled to the benefits of the reciprocal tariff shall be decided by the Controller of Customs, subject to the authority of the Governor in Council.

3. The Governor in Council may extend the benefits of the reciprocal tariff to any country entitled thereto by virtue of a treaty with Her Majesty.

4. The Controller of Customs may make such regulations as are necessary for carrying out the intention of this section.

13. Whenever the Governor in Council has reason to believe that with regard to any article of commerce there exists any trust, combination, association or agreement of any kind among manufacturers of such article or dealers therein, to unduly enhance the price of such article or in any other way to unduly promote the advantage of the manufacturers or dealers at the expense of the consumers, the Governor in Council may commission or empower any judge of the Supreme Court or Exchequer Court of Canada, or of any superior court in any province of Canada, to inquire in a summary way into and report to the Governor in Council whether such trust, combination, association or agreement exists.

2. The judge may compel the attendance of witnesses and examine them under oath and require the production of books and papers, and shall have such other necessary powers as are conferred upon him by the Governor in Council for the purposes of such inquiry.

3. If the judge reports that such trust, combination, association or agreement exists, and if it appears to the Governor in Council that such disadvantage to the consumers is facilitated by the duties of customs imposed on a like article, when imported, then the Governor in Council shall place such article on the free list, or so reduce the duty on it as to give to the public the benefit of reasonable competition in such article.

19. The following Acts are hereby repealed:—*The Customs Tariff*, 1894, being chapter thirty-three of the statutes of 1894; chapter twenty-three of the statutes of 1895, intitled *An Act to amend the Customs Tariff*, 1894; and chapter eight of the statutes of 1896, intitled *An Act further to amend the Customs Tariff*, 1894.

20. All Orders in Council and all departmental regulations inconsistent with any of the provisions of this Act are hereby repealed.

21. The foregoing provisions of this Act shall be held to have come into force on the twenty-third day of April, in the present year, one thousand eight hundred and ninety-seven, and to apply and to have applied to all goods imported or taken out of warehouse for consumption on or after the said day: Provided, that in the case of goods which were imported or taken out of warehouse for consumption, and on which duty was

paid, on or after the twenty-third day of April one thousand eight hundred and ninety-seven, in accordance with the rate of duty set forth as payable on such goods in the resolutions respecting the duties of customs introduced in the House of Commons on the twenty-second day of the said month, or in any such resolution subsequently introduced in the said House, the duty so paid shall not be affected, nor shall the person paying it be entitled to any refund or be liable to any further payment of duty, by reason of such rate of duty being altered by any resolution introduced subsequently to that in accordance with which such duty was paid and before the passing of this Act.
