SAINT JOHN, N. B., THURSDAY, OCTOBER 7, 1926

ONE CENT

TWO CENTS

TWO NAMED TO PROBE B. LUMBER TRADE

JUDGE GRIMMER, F. C. BEATTY ARE APPOINTED

Announcement Is Made by Premier Baxter Today

AUDITOR AT WORK

Member of Accounting Firm Has Been Gathering Data on Industry

APPOINTMENT OF Mr. Justice Grimmer, of the Supreme Court of New Brunswick, and F. C. Beatty, Saint John, as a commission to investigate the lumbering industry in the province, was announced here this morning by Premier J. B. M. Baxter. Decision on this matter was reached at the meeting of the Government which concluded here yesterday. The Commission will start work at once and the Premier is confident its work can be completed in a reasonably short time. Complaints from North Shore saw mill operators and the general unsatisfactory state of affairs in the lumber industry has moved the Government to take this step, it was stated. The Premier also revealed that an expert accountant has been on this work for some time. Premier Baxter's statement is as follows:

LUMBERMEN PROTEST

Since fixing the rate of stumpage at \$3.00, the Government has received repeated protests from saw mill operators along the North Shore of the province, claiming the rate is too high to carry on, and conditions have not improved over last year, when an emergency rate of \$2.50 was instituted. In other parts, notably in the New Brunswick Hallway Company section, private owners receive a higher rate and the claim is made that operators there can carry on. Representations made at a meeting in Saint John, the Minister of Public Works was authorized to employ the services of an expert accountant to examine costs and various other features connected with the lumber industry. A member of the accounting firm of P. S. Rose & Son has been at work on this matter for some time now.

COMMISSION NAMED

Yesterday, the Government appointed a commission, consisting of Mr. Justice Grimmer, of the Supreme Court, and F. C. Beatty, of Saint John, to enquire into the various conditions affecting the lumber industry, including the cost of operations, market conditions, and the effect of all factors pertaining to the industry in New Brunswick. This commission will have authority to examine witnesses under oath and will have the assistance of the expert accountant, Hon. Mr. Grimmer has had extensive experience with this industry, as during his tenure of the cabinet position of Surveyor-General he produced many practical results. Mr. Beatty has spent a lifetime in the lumber business in which he created a name for himself as an expert in the industry. The Government expects to obtain useful results from this investigation which will be carried on by a non-partisan tribunal of men who are eminently qualified by experience to go to the very root of the matter. It is expected that this inquiry can be concluded in a reasonably short time.

SOME ARE LIKELY TO LOSE VENDORSHIPS

Chief Inspector Hints at This When Questioned Here Today

W. L. McFarlane, chief inspector under the prohibitory law, appeared in the city today from Fredericton. When asked as to when the names of those receiving vendorships in Saint John would be published, he said that the matter was now under consideration and the names would be published in reply to a question as to whether there was any truth in a report that some of the present vendors would not receive renewals of their licenses, he replied that "there was a lot of truth in it."

HOME FROM NEW YORK

F. G. Spencer returned today from New York, Boston and Montreal. While in the former city he witnessed the first baseball game of the world series. Mr. Spencer said that while he was a baseball expert and could not give a detailed account of the game, he certainly enjoyed it.

Empire Meet Now Almost Certain To Debate Powers of Governor-General

Cards. Leaders Seek Way To Curb Ruth's Onslaught

Pennock and Sherdel Likely to Oppose Each Other Again Today

ST. LOUIS, Oct. 7.—The probable line-up of the teams in today's world series game here will be as follows:

ST. LOUIS NEW YORK
Douthitt, c. f. Combs, c. f.
Southworth, r. f. Koenig, c. s.
Ruth, 1. b. Hornsby, 2. b.
Bottomley, 1. b. Lazzari, 1. b.
L. Bell, 3. b. Gehrig, 1. b.
Hafey, 1. f. Lazenby, 2. b.
O'Farrell, c. Dugan, 3. b.
Thevenou, c. s. Severid, c.
Sherdel, p. Penneck, p.

Umpire—Dineen at plate, O'Bay at first, Hildebrand at second, Klem at third.

ST. LOUIS, Oct. 7.—Boards of strategy of the Cardinals today were in conference to devise ways and means, if any, to curb the home run activities of George Herman Ruth. As preparations went forward for the fifth game of the world series and the final contest in St. Louis, the big bat of the slugging Ruth was regarded as a distinct menace to St. Louis aspirations for world supremacy in baseball.

The home run situation was entirely out of control in the fourth game of the series, when Ruth three times made the circuit, and so increased his mates, that a 10 to 5 Yankee victory made the series all even-again.

WEATHER FINE

The fifth game was promised in fair weather with rising temperature. A perfect baseball day yesterday rested confidence in a weather man, who had long been friends Tuesday, and plans for today's game went forward without hesitation.

Only five pitchers were expected to replace the overworked corps on duty yesterday. Douthitt and Southworth, who did a tangle in the fourth inning, completed a security that was broken after their collision for both distinguished themselves later in a game which developed few Cardinal features. Each hit safely and Douthitt threw out a runner at the plate.

PITCHING CHOICES

For pitching choices today Managers Huggins and Hornsby were expected to turn back to the page of the score private owners receive a higher rate and the claim is made that operators there can carry on. Representations made at a meeting in Saint John, the Minister of Public Works was authorized to employ the services of an expert accountant to examine costs and various other features connected with the lumber industry. A member of the accounting firm of P. S. Rose & Son has been at work on this matter for some time now.

MUCH SPECULATION

With the series again deadlocked, speculation became rampant. Yankee rooters declared that Ruth is the barometer of his team's attacking power and when he hits home runs, his mates may be depended upon to at least drive out singles.

Cardinal supporters countered with the observation that the National League have two great pitchers left, Sherdel and Alexander, and that Ruth has done no home run hitting at the expense of either. E. B. Johnston, president of the American League, went on record with a prediction that the Yankees will surely win. "They've got to win, and they will," said he.

Men who let their dollars talk for them, were willing to wager five to four against the chances of either Yanks or Cards and two and half to one against either winning the next two games.

NEW YORK BETTING

NEW YORK, Oct. 7.—The St. Louis Cardinals, slight favorites to win the world series when they took the lead of two games to one Tuesday, were shoved back again to the small end of the wagers today, as betting commissioners offered five to four on the New York Yankees to win today's game and 10 to 9 for the series.

Bets of 12 to 9 against the Yankee chances of winning the next two games and 16 to 5 against the Cardinals taking two straight, were reported.

Commissioners explained the change of sentiment favoring the Yanks as the result of the team's powerful hitting yesterday.

Belgium Plans \$50,000,000 Loan To Stabilize Its Franc

BRUSSELS, Belgium, Oct. 7.—The Belgian Government, under the dictatorial powers recently conferred upon it by Parliament, is expected to announce shortly, a plan for the stabilization of the Belgian franc.

This will include a foreign loan of from \$50,000,000 to \$60,000,000 of which New York will be expected to take at least half. The remainder will be distributed to London, Amsterdam, Berlin and Basle. No steps have been taken to negotiate such a loan, however, nor has the cabinet yet formally announced its decision.

M. Frank, Governor of the Bank of Belgium, who has been in London, yesterday related to the council of ministers, the result of his London conversations. Although no statement was issued, it is understood that he informed the cabinet that the principal banks of issue in countries having the gold standard, had promised their aid to the Belgian National Bank.

GOVERNMENT ATTEMPT FAILS AT CONFERENCE

Londoners Uneasy Over Coal Shortage This Winter

FELT IN BRAZIL

Railways Forced to Cut Services on Account of Fuel Depletion

Canadian Press

LONDON, Oct. 7.—The government's latest attempt to settle the long drawn coal strike has failed. A delegate conference of the miners' federation today unanimously adopted a resolution rejecting the proposals after the announcement of a district vote to that effect, of 737,000 to 42,000.

The government proposals rejected by the miners today were contained in a letter sent to Premier Baldwin on September 17 to A. J. Cook, general secretary of the Miners' Federation.

GOVERNMENT'S OFFER

The principal point was an assurance that, if the miners returned to work, they would be given government assistance in obtaining a nationwide agreement, in effect, if not in words. Such an agreement has been a long time in the making, and the miners' representatives of the coal districts were anxious to bring the matter to a head.

Mr. Baldwin admitted that he had failed in efforts to bring the owners and the miners to a settlement.

LAUDS CANADIAN PLAN

LONDON, Oct. 7.—Sir John Simon, Minister of Finance, yesterday lauded the Canadian system of setting any industrial tribunal of arbitration, and a representative of the men met at a conciliation board with a third man, appointed by the Minister of Labor, as impartial chairman.

STRIKE REVIEWED

The miners, numbering more than a million, went on strike May 1, to support a demand for continuation of the post-war rates of pay and hours of work after the withdrawal of the government subsidy on that date. The mine owners, with the end of the subsidy, had proposed a reduction in pay of 13 per cent, and an increase from seven to eight hours in the working day.

A general strike called at midnight May 4, to support the miners' stand, collapsed after nine days. The British press, association, semi-official news agency, yesterday said that it date 106,408 of the approximately 1,000,000 miners had returned to work.

With coal costing a dollar for one hundred pounds—if you can get it—and only 100 pounds allowed to each householder fortnightly, Londoners are looking longingly toward the Riviera and wondering how they will get through the winter.

TRADE DISORGANIZED

Even a settlement of the coal strike will not make the British coal situation easy for several months after the miners go back to work, as there has been such disorganization in the trade.

Continued on Page 2, column 1

German General Resigns Over Army Service of Prince's Son

BERLIN, Oct. 7.—What the allied military control commission long has sought vainly to accomplish, Major General Von Seeckt, himself, apparently has brought about by political indiscretion, namely, his removal from the highest active military position in the German republic.

The resignation has not yet been accepted by President Von Hindenburg, who has postponed a decision until tomorrow, when he will discuss it with Chancellor Marx. There appears to be no doubt in political quarters, however, that the general will have to resign.

GOING TO OTTAWA

Thomas Bell, M. P.-elect, will leave tomorrow for Ottawa to attend the meeting of the Conservative members of parliament and observed candidates in the last general election. One of the matters to be discussed will be the leadership of the party. Hon. Mr. Meighen having announced that he will tender his resignation. Col. Murray MacLaren, M. P.-elect, also will attend the meeting.

Boy Scout Hero

Premiers Expected to Talk Matter Privately First

WILL CLEAR AIR

Mackenzie King to Sit as Umpire Between Opposing Lines of Thought

By HERBERT BAILEY

ST. PETERSBURG, Fla., Oct. 7.—It seems now inevitable that, in spite of determined efforts to keep it out of the discussion, the question of what the future powers of Governor-General of Canada should be and what precedents they should follow in the event of a recurrence of the situation which arose when Premier Mackenzie King asked for dissolution, will be raised at the forthcoming Imperial Conference.

The Irish Free State is the latest to announce that it will demand what Desmond Fitzgerald calls, "the removal of anomalies regarding the position of a Governor-General," though what this means exactly he does not make very clear, while it is also anticipated that Mackenzie King is certain to raise the issue.

It is believed, however, that all Dominion premiers will discuss before-hand privately the advisability or otherwise of starting such a discussion, because it is thought that both Australia and New Zealand would prefer to leave it alone.

As the issue is raised the discussion will not only deal with the powers of Governor-General, but also whether such officials should be of the same nationality as the country in which they exercise their powers.

PRIVATE SESSION LIKELY

It is known that Mackenzie King leans favorably towards the idea that some day a Canadian may become Governor-General of Canada, and that the time is not yet ripe for such a departure from established precedent.

CANADA'S INFLUENCE

In all these discussions the voice of Canada will be most influential because, in the alignment of forces representative of the conference, Australia and New Zealand will be on one side with the Free State and South Africa on the other and Canada holding the post of unofficial umpire.

Observers here believe that the conference will do a great deal to clear the air and bring ideas up to date, thus enabling the new ministry of the Dominion, which has been created since the last conference, to be better able to feed the pulse and sentiment of the Dominion over which it exercises its friendly guardianship.

Sir Douglas and Lady Hazen in Halifax

Sir J. Douglas Hazen, Chief Justice of New Brunswick, and Lady Hazen are in Halifax. They are on a tour of Nova Scotia for some time, and may spend several days in the province. Further than pleasure, he said, he had no object in his visit.

Woman Visions Coal Strike As A Blessing

SCARBOROUGH, England, Oct. 7.—The coal stoppage might prove to be a blessing, if it resulted in a death blow to Communism in Great Britain, Dame Caroline Bridgeman said today in her speech at presiding officer of the 5th annual conference of National Union of the Conservative party. The 2,600 delegates adopted a resolution endorsing the government's policy during the general strike last May.

Fair and Cooler

MARTIME—Fresh to strong southwest winds, shifting to northwest in western districts unsettled with showers. Friday: Fresh west to northwest winds, fair and cooler in west, clearing and cooler in east.

NEW ENGLAND—Fair. Slightly cooler tonight. Friday—Fair, moderate northwest winds.

Temperatures

TORONTO, Oct. 7.—Lowest 8 a.m. Yesterday night

WOULD OUTLAW STRIKE WITHOUT SECRET BALLOT

British Conservatives Ask Change in Trade Union Law

SCARBOROUGH, England, Oct. 7.—The Conservative party conference here today unanimously adopted a resolution urging a change in the trade union law to make the calling of a strike illegal without a secret ballot of the members of the union affected.

GOVERNMENT ATTEMPT FAILS AT CONFERENCE

and the demands of railways, power plants and gas plants are so great, that the small consumer will not have much chance to get more than his rationed amount.

Chilly October days have awakened the public to a situation which did not seem so alarming, when the weather was warm and fine. One hundred pounds of coal is a very thin allowance for even a cookstove over a period of two weeks, and a hungry fireplace can easily consume that amount in a week, and not provide much heat at that.

Flat seekers are interviewing engineers and learning how much coal is on hand before they sign leases, and hotels which can guarantee a fuel supply, are signing up plenty of guests.

SHORTAGE HITS BRAZIL RIO JANEIRO, Oct. 7.—The British coal strike is crippling Brazil's transportation facilities, the government having cut down train service, in order to reduce the consumption of coal. The shortage in coal is due to the fact that many steamers have discontinued the South American trade, in order to handle the more lucrative transport of coal from the United States to Europe.

Nearly a dozen trains have been, or will be, withdrawn. This means a considerable cut in freight service but has the advantage of saving 300 tons of coal daily, against a regular consumption of 1,100 tons daily.

There is only a stock of 10,000 tons of coal on hand but additional shipments from the United States are expected to arrive.

Catholics Fined For Holding Services MEXICO CITY, Oct. 7.—Fines were imposed yesterday by a police magistrate upon about a dozen Roman Catholic men and women, charged with conducting a religious meeting in a private residence. The assembly was regarded by the police as unlawful.

IS PROMOTED Donald F. Orchard, who for the last year has been time clerk in the office of C. S. Pashie, C. N. R. terminal agent here, has been promoted to a position in the freight office of the company.

BIRTHS PRIME—At the Evangelical Hospital, Oct. 7, 1926, to Mr. and Mrs. Ralph L. Prime, 61 Spring street, a son.

DEATHS BLAKE—Suddenly, at Cambridge, Mass., on Oct. 5, 1926, Harry A. B. Blake, only son of Catherine and the late George Blake. Funeral on Friday at 3 o'clock, from Holy Trinity church, Interment in new Catholic cemetery.

STOCKFORD—In Boston, Sept. 29, Leifson R. Stockford, of 47 E. Massachusetts avenue, Boston, leaving two sisters, Mrs. Thompson of Saint John, West, and Frances Stockford, of Boston, and one brother, D. J. Stockford, of Saint John, and two sons, one in Worcester, Mass., and one in California. Funeral service at 455 Commonwealth avenue, Boston, Saturday, Oct. 2, at 2 p. m.

WHITE—Suddenly, at St. George, N. B., on Oct. 5, 1926, Albert O. White, of St. Stephen, leaving his wife, three sons, two daughters, three sisters and one brother to mourn.

IN MEMORIAM HOGLE—In loving memory of William Hogle, who died Oct. 7, 1925. FAMILY.

HUTLER—In loving memory of our baby, Gertrude Ariene Butler, who died Oct. 7, 1925. PARENTS.

CARD OF THANKS Mrs. David M. Lane and family wish to thank their many friends for kindness shown them in their bereavement. Also for beautiful floral offerings.

GOLF WIDOW BREAKS LINKS

Katherine McDonald and C. S. Johnson. Katherine McDonald, once one of the firm's most prized beauties, becomes a golf widow—the grass variety, as the result of her divorce from C. S. Johnson. Among her complaints was one which claimed that her husband spent much, too much, of his time on the links.

Among her complaints was one which claimed that her husband spent much, too much, of his time on the links.

Gorman Asked to Turn 'Pro' and Team With Moore and Jewtraw

CHARLIE GORMAN, world's amateur speed-skating champion, received a telegram this morning from New York advising that Joe Moore, indoor king, and Charlie Jewtraw, former international champion, would turn professional if Gorman came with them on a circuit under the management of a well-known New York promoter. Gorman would make no comment on the wire.

Commander J.K.L. Ross Undergoes Operation

BALTIMORE, Md., Oct. 7.—Commander J. K. L. Ross, well known Canadian tariffman, underwent an operation for appendicitis at Union Memorial Hospital yesterday. His condition was described as favorable today by his physician, Commander Ross was brought to the hospital from his farm at Laurel, Md., yesterday, shortly before the operation.

CANDIDATES SCARCE Two York Parishes Fail to Nominate For Vacancies

FREDERICTON, N. B., Oct. 7.—The indifference to municipal affairs which resulted in no candidate being nominated in the Parish of New Maryland for a vacancy in the York Municipal Council, also exists in the Parish of Prince William, where there also was failure to nominate a candidate for a vacancy. October 12th was named as the date for the election. The only course open is to set another date.

Unclaimed Freight Sold At Auction

The annual sale of unclaimed freight was held this morning in Shed No. 9, Long Wharf, by the Canadian National Railways, under the direction of T. Gormier. There was a large crowd of buyers and bidding was fairly brisk. Auctioneers Bargoyne was in charge. While the contents of many of the crates and packages were listed, there were several trunks and suitcases sold, the purchasers buying the latter from a speculative standpoint, hoping to secure valuables at a small cost. There was a wide variety of articles sold, a sewing machine brought \$250 and a cream separator \$9.

Only Three More Days \$1.00 CLUB SALE OF PHONOGRAPHS Everybody's happy when there's music in the home. Where there's plenty of life and melody—where the long evenings pass quickly and pleasantly—in music and laughter—the young people want to stay home.

\$1.00 Cash Down Only \$1.00 down and any Concert Phonograph will be delivered to your home. No interest, extra fees or collectors going to your door.

Balance in ten and twelve monthly payments. Twelve records with each Phonograph sold which you can pay for in the regular club payments.

LABOR CONVENTION SHUNS CHURCH ITEM

Takes no Formal Action on Matter of Detroit Bid Cancellations

Canadian Press DETROIT, Mich., Oct. 7.—Following the recommendation of President William Green, the American Federation of Labor convention resumed the regular order of business soon after the opening of the morning session today, without approving the taking of formal action upon the withdrawal by Detroit churches and Y. M. C. A. of their invitations to labor speakers.

AT HOME GIVEN BY REBEKAH OFFICERS

Pleasant Social Event in West Saint John—Shower For Member

The officers of Jewel Rebekah Lodge No. 4 were at home to the members last evening in Oddfellows' Hall, West Saint John. Noble Grand Alvin Clayton received. The color scheme for decoration was yellow and white. Twelve silver flower baskets of yellow roses and were presided over by Miss Lena Shovik and Miss George Catherton the cake.

A pleasing feature was a shower tendered to Mrs. Wiggins, formerly Miss Phyllis Sage, one of the members, who was recently married to Mr. W. E. Rippey, of Boston, October 16. Gordon married Miss Zeta Clark here September 29. Gordon has been the object of considerable attention from newspapermen today following news received from Tanton that Miss Savoie, who has just fallen heir to a French fortune, and Gordon were wedded in Philadelphia.

CANADIAN GIRL IS CHOSEN FOR MOVIES

Alyne Pacaud, 17, Starts Work in London Studio After Selection

LONDON, Oct. 7.—Miss Alyne Pacaud, 17-year-old daughter of S. Lucien T. Pacaud, permanent secretary of the Canadian High Commissioner's office, and formerly a member of the Canadian House of Commons, is among the pretty girls chosen by a well known film agent out of 5,000 applicants for screen honors. She saw the announcement quite by chance and entered under the name of Alyne Aldon. Miss Pacaud has only recently left a finishing school in Paris, where she took lessons in dramatic art. She has just started work at a London studio where "The Rolling Road" is being produced.

Miss Pacaud has dark brown hair, dark grey eyes, and a milk-white complexion. Her preference is for historical parts such as Madame Pompadour. "I have always wanted to go to the screen," she said yesterday, "and when I saw the invitation in the paper I thought I might as well go. My chief pleasure apart from film acting, is swimming."

LODGE ORGANIZED Mrs. Joseph Taylor, Provincial Grand Mistress of the L. O. B. A., returned to the city last evening from Cross Creek, York county, where she organized a lodge of the Ladies' Orange Benevolent Association, with Mrs. Alice Robinson as worthy mistress and an efficient staff of officers. Mrs. E. A. Dupuisa of Fredericton joined and members of William Lodge, assisted in the organization. While at Cross Creek Mrs. Taylor and Mrs. Dupuisa were the guests of Mrs. Sydney Thomas.

SALE OF ANGOLA TO ITALY IS REPORTED ROME, Oct. 6.—It is reported from a reliable source that negotiations have been concluded whereby Portugal, for a consideration of one billion lire, approximately \$200,000,000, will cede to Italy the African colony of Angola.

FAIR DATES NAMED IN ALBERT COUNTY HOPEWELL HILL, Oct. 6.—O. A. Mitton, secretary of the Agricultural Society here, has announced that the annual fair will be held on Tuesday, October 12. Judges from the provincial agricultural department will be present. During the day the ladies of the Baptist church will serve dinner. The Albert fair will be held on Thursday and Friday, October 14 and 15.

NOTICE SERVED Under order of the sub-district Board of Health notice was served on the proprietor of a small local premises were put in order, according to the Board's requirements and closed through refusal to grant a license.

FOREIGN EXCHANGE NEW YORK, N. Y., Oct. 7.—Foreign exchange steady. Great Britain, 25 1/4; France, 28 1/2; Italy, 38 1/2; Germany, 23 1/4-5. Canadian dollars, 1-32 of one per cent. premium.

Virile Males Want Clothes That Express Action! Men Love Speed—Contest—Action

Auto To Ditch To Avoid Hitting Team

A man and boy had a narrow escape from death yesterday morning near Masquash when a motor car in which they were driving was overturned. The car, a large closed one, was traveling down a steep grade at the railroad crossing a short distance east of Masquash. At the same moment a train was seen coming around a curve and to avoid a collision the automobile owner headed for the ditch, which was deep at that place. The car was overturned, but not much damaged. The occupants escaped injury. A wrecking car was sent from Saint John and the car restored to the road.

MONTREAL RADIO DEALERS ORGANIZE

Urges Legislation Banning Squawling Sets; Other Measures Advocated

OTTAWA, Oct. 7.—Enactment of Federal legislation prohibiting the use of squeal regenerative sets, daylight broadcasting from Ottawa, the erection of a super-power station to Montreal to effectively penetrate static stabilization of mercantile and limitation of service were among the measures advocated by various speakers last night at a meeting of radio dealers and jobbers of the city, which resulted in the formation of a local organization under the name of the Ottawa Radio Trades Association.

SHOCKED TO HEAR HE'S DUE TO MARRY

Illinois Golf Pro. Denies Engagement With Heiress to French Fortune

ROCKFORD, Ill., Oct. 7.—William B. Gordon, Rockford Country Club professional golfer, lately returned from a honeymoon trip, learned with some consternation that he was scheduled to marry Virginia Savoie, of Boston, October 16. Gordon married Miss Zeta Clark here September 29. Gordon has been the object of considerable attention from newspapermen today following news received from Tanton that Miss Savoie, who has just fallen heir to a French fortune, and Gordon were wedded in Philadelphia.

Local News

ON INSPECTION VISIT W. N. Rippey, district superintendent at Moncton for the C. N. R. arrived in Saint John this morning on his inspection tour. He will return to Moncton this evening.

DIED IN CALIFORNIA News of the death of W. M. Garvey, in Eureka, California, has been received by the program from Mrs. Garvey to Mrs. W. E. Reicker, 27 1/2 Main street.

ENGAGEMENT Mrs. Hulda Fullerton, of Riverview, N. B., wife of the engineer, has been engaged to her youngest daughter, Leta Pearl Vera, to Marshall Wilgoot, son of Mr. and Mrs. M. W. Smith, of Cross Creek, N. B., the wedding to take place in the near future.

HERE FROM NEBRASKA A visitor in the city today is W. N. Watson of Lincoln, Nebraska, vice-president of the National Association of Accredited Commercial Schools. This association includes in its membership over 200 of the leading schools of Canada and the United States. Mr. Watson is on a tour of inspection of the schools of this association. The Modern Business College of this city is a member of this association.

CHEESE BOARD MEETS Cheese prices were advanced one point at yesterday's auction conducted by the New Brunswick Cheese Board in the Board of Trade rooms here. Twins sold at 1 1/2 cents a pound, and only about 600 boxes were offered, and there was a good demand. The next auction is to be held in three weeks' time instead of next fortnight, as the season is practically over and the next auction will be the last.

Fruit Crop Suffers From Rain and Hail ST. CATHARINES, Ont., Oct. 7.—Queensburg district experienced a hail and snow storm Wednesday which was intense for the 15 minutes it lasted.

It is thought that considerable damage was done to the late peach and grape crops but estimates cannot be completed for some days.

SAFETY RULES 1. Don't risk "home-made" installations. 2. Have worn cords and insulation replaced at once. 3. Remember your electric iron—turn off current when not in use. Better still, disconnect. 4. Keep all heat generators on protective stands. 5. Have wiring and connections, light fixtures and all electric equipment regularly inspected and repaired.

BOYS ARE CAPTURED

Two Had Escaped From Industrial Home Here

Special to The Times-Star. FREDERICTON, Oct. 7.—A Saint John boy and one belonging to Shelburne were arrested late last night when found sleeping in a coach in a yard in King street. They had escaped from the Boys' Industrial Home at East Saint John. While here they have lived about stables and other buildings.

TOURNAMENT BEGUN

East Saint John Fire Department at Forty-fives

An auction forty-fives tournament of the East Saint John fire department got away to a good start last evening. Robert McAllister, councillor for Simonds, opened the tournament and expressed the desire that it would meet with great success. There were 26 present. The committee in charge consisted of O. J. Lawson, S. Day, J. Reed and Charles Farham. Valuable prizes have been donated, including a pair of long-legged rubber boots, donated by the Dominion Rubber Company. It is the intention to run these tournaments throughout the winter, six weeks to a tournament.

Funerals

Miss Rita C. Kane. The funeral of Miss Rita Carmela Kane was held this morning from her late residence, 48 Sea street, West Side, to the Church of the Assumption where high mass of requiem was celebrated by Rev. J. J. Ryan, Rector. There were numerous spiritual and floral offerings. Interment was in Holy Cross cemetery.

GOOD RESULTS SHOWN. FREDERICTON, Oct. 7.—White spruce seedlings planted last autumn by broadcasting in old roads and trails about Macis Mills, York County, have been forwarded to the Department of Lands and Mines here. The seeding was done experimentally by J. C. Veneas of the Dominion forestry branch. The growth attained by the seedlings is excellent and indicates what can be done in New Brunswick in reforestation with no preparation of the soil.

BOYS IN TROUBLE Two juveniles were arrested about noon today by Detective Biddecombe on charge of breaking into a house in St. James street, property of Eastern Trust Co. and stealing plumbing and damaging the property. They will probably appear before the court this afternoon or tomorrow morning.

WANTED RADIO MAN SEEN AT ST. LOUIS

LOS ANGELES, Oct. 6.—A telephone call from St. Louis from G. J. Lyons, San Francisco newspaper man who is attending the world series, that he saw Kenneth G. Ormiston, fugitive from justice in the Almie Simple McPherson, conspiracy case, at a world series game there, was received by St. John's police. St. Louis police are looking for the radio man.

ENVOY OF DOMINION TO U. S. WELCOMED

WASHINGTON, Oct. 6.—Welcome for the new Canadian representative to Washington, who it is said will be Hon. Vincent Massey, is commented upon editorially by Labor, the official publication of the Railway Employees' Organization. Labor declares a better understanding of Canada is needed in the United States and says United States papers do not provide sufficient news concerning Canadian affairs. It will help educate our press, and incidentally our people to a broader vision, he will be doubly welcomed," is Labor's conclusion.

AT THE Y. M. C. I. Nomination of officers took place last evening at a meeting of the Young Men's Catholic Institute. The election will be on next Sunday afternoon. It was decided to resume the card party of last winter, the first to be held next Tuesday evening.

"ROVERS" TROOP STARTS SEASON'S WORK TONIGHT

Has Already Accomplished Much for Boy Scout Work in City

The "Rovers" troop for scouts is to hold its opening meeting of the season tonight and great things are expected of the troop which already has shown itself an organization of which the Boy Scouts' Association is justly proud. District secretary, W. E. Hoyt, has kindly given to The Times-Star the following very interesting account of what Rovering has accomplished in Saint John and what its aims are:

"The Saint John District Headquarters Rover Training Troop was organized last year for the purpose of training young men to become future leaders in Rover scout groups which are, as most people know, the senior branch of the Boy Scout movement. Those that take up Rovering are expected to start at the bottom, as a recruit, and work up to a leader. The main aims of Rover scouts are to develop: 1. Character and intelligence; 2. Handicraft and skill; 3. Health and strength; 4. Service for others and citizenship.

IN PRIME STAGE

"As far as Canada is concerned, Rovering is still in the primary stage. The necessity for something real for the older boy to do is quite apparent. If the older boy is to remain in scouting he must have fresh and man-sized activities. As shown by the Rover aims, the general idea of Rovering is to assist the older boy to train himself for his life work and at the same time qualify him for service as a scoutmaster when older.

"The Rover Training Troop was organized in Saint John for these reasons and last year was very successful under the overmaster, W. Arthur Anglin, vice-president for Rovers in this district. Mr. Anglin is again taking up the Rovers in the same capacity as last year.

"The troop holds its meetings in the Rover den, next to the scout office, on the third floor of the Board of Trade building every Thursday evening at 8 p.m. All young men interested in this splendid and beneficial work are asked to call on the Rovers at their meeting tonight.

Celebrated Dr. Johnson's Birthday

The 27th anniversary of the birthday of Dr. Johnson was celebrated at his birthplace, Lichfield, with speeches and the placing of a laurel wreath upon his memorial. The new president of the Johnson Society, Mr. Estelle, is seen on the right, facing the camera.

McADAM TEAM WINS FIRST AID TROPHY

HAVE WON HONORS.

"Last year the Rover first aid team, consisting of Rover Mate, C. G. Hoyt captain, Rover Mate L. G. Pincombe, Second L. L. Johnson and Second D. W. Colwell, carried off superior honors in the provincial championships, thus winning the splendid shield for one year offered by the St. John Ambulance Association.

"They also came fourth in the Canadian general championships and seventh in the Dominion championships.

THE ROVER DEN

"The Rover den is a room set aside for the use of the Rovers as a reading room, meeting place or another cause they may see fit to use it for. This room is rented from the Board of Trade and was remodelled, painted and decorated by the members of last year's troop, assisted by the fathers of some of the Rovers. The den has been submitted to the Girl Guides as a district and provincial office. The office is open for Girl Guides on Saturday mornings.

"To become a Rover Scout a boy must know: 1. The scout law; 2. signs and salutes; 3. six knots; 4. the right way to fly the Union Jack and what it stands for and the underlying principles of the constitution of the British Commonwealth; 5. have a general knowledge of first aid as outlined in Rover tests.

"After knowing this to the satisfaction of the overmaster he will be enrolled as a Rover Scout."

ONLY FOUR APPLY

Electrical Exams. Held Last Evening—Three Pass Tests

The examinations held in Saint John for electricians found four applicants for licenses. Two wrote for master electrician licenses. They were Thomas Dowle and C. P. White, and both were successful. This license permits them to carry on the business of an electrical contractor in the city of Saint John.

Two candidates wrote the journeyman's examinations, one of the two, R. W. Dykeman, being successful. This license granted him will permit him to install wiring for a contractor, but not for himself.

The Board of Examiners were Messrs. Barry Wilson and J. V. Cunningham. Both expressed themselves as disappointed that more candidates did not take advantage of the opportunity of securing the license in view of the fact that the next examinations will not be held until six months hence.

BIG SEIZURE MADE AT DOAKTOWN, N. B.

Fishery Officers Capture 39 Undersized Salmon; Charges Against Two

FREDERICTON, N.B., Oct. 6.—Thirty-eight of the thirty-nine salmon seized for illegal fishing at Doaktown by Fishery Overseer N. H. Parks, of Upper Derby, and Guardian John Nash of Grey Rapids, were sold here at prices which averaged \$1 each, while the automobile in which the fish were being transported at the time of the seizure is being held at Doaktown for sale.

Both the automobile and fish were seized from Lloyd MacCoy, of Baker's Point, and Edward Astles, of Grey Rapids, the former claiming ownership of the car, against whom charges will be laid for violation of the fishing regulations, according to Fishery Inspector H. E. Harrison.

Information in eleven different illegal fishing cases on the Miramichi are being before Magistrate Alcorn at Blackville.

REPORTS ARE GOOD AT W. M. S. MEETING

Presbyterian Women's Missionary Society Holds First Session of Season Here

The central group of the Women's Missionary Society of the Presbyterian Church of Canada met for the first time this season at the home of Mrs. J. S. Malcolm, 187 Duke street, yesterday afternoon.

Miss Ethel Shaw, the president of the society, led the devotional program. There was considerable business and correspondence attended to during the meeting. A number of squares given out at the last meeting were brought in ready for piecing a quilt.

An interesting report of the Woodstock presbytery was given by Miss Carrie Baillie. This meeting was held in July. Miss Shaw, who has just returned from the Halifax presbytery also gave a splendid account of the proceedings there.

Both ladies were given a hearty vote of thanks for bringing the society such helpful and encouraging reports.

During the afternoon Mrs. V. Haines, assisted by Mrs. J. S. Malcolm, served dainty refreshments.

Only Two More Nights for Orphanage Fair.

Noted Bible Society Worker Comes Here

Rev. A. W. Banfield, secretary of the Bible Society in West Africa, who has spent 20 years in that country and has translated the Bible into the Nubian language, spoken by 1,000,000 of people in West Africa, is to be in Saint John over the week-end and is now making a tour through Canada.

He will come to this city from Toronto and will visit many centres in New Brunswick, Prince Edward Island and Nova Scotia. On Sunday Mr. Banfield will be the preacher in St. Andrew's Kirk in the morning. In the afternoon he will give an address at St. Jude's church at 4 o'clock and he will be the preacher in St. John's (Stone) church in the evening.

On Monday he will address the Evangelical Alliance at its meeting at 10:30 a.m., and he will also be the special speaker at the Rotary Club luncheon. Mr. Banfield is said to be an eminent speaker and has done a splendid work in West Africa.

CANADIAN SKATES SOUGHT IN GERMANY

TORONTO, Oct. 6.—During the course of an address before the Export Club of the Canadian Manufacturers' Association, R. B. Halliday, who recently returned from a trip to Europe, said that Canadian ice skates were in big demand in Germany.

Memory Is So Tricky

Promising to remember a duty is not always doing it, as we all know. But where we are touching a subject of memories held very dear to us, then indeed it hurts us to find we have forgotten, or at best let it go for the time being—which goes on and on remaining the time being.

We are glad therefore to pass a Monument as an appreciated reminder.

SAINT JOHN, N. B., OCTOBER 7, 1926.

BOARDS OF TRADE

During the past two years the people of Saint John, and of the provinces for that matter, have had a clear illustration of the service that may be rendered by Boards of Trade.

that as minister he will not regard the interests of the west alone, but of the whole Dominion.

AN ONTARIO EXAMPLE

The Ontario Government, after the celebration of the Cleveland-Canada Day in the former city on June 11, which was attended by a great many Ontario people, opened an office in the Great Lake city in the interest of tourist traffic.

The success of the Ontario experiment suggests an action along the same line by the governments of these provinces. The expense of a tourist office in Boston or New York for two or three months would not be great, and the benefit would be large.

Would it not be greatly in the public interest if every city and town in the Maritimes had a Board of Trade, in which every merchant was actively interested?

In view of the impending report of the Royal Commission on the Maritimes, and the improved business conditions which we all hope will result, business men so much needed to be organized for the consideration of matters affecting development of our resources and the extension of our commerce.

HON. ROBERT FORKE'S VIEWS. Since Hon. Robert Forke is Minister of Immigration, his personal views on the subject are of universal interest.

Helping the "Small Man". The year ended March 31, 1926, saw the New Zealand government's largest loan authorization (\$28,800,000) for the assistance of settlers and workers (advances for home building), says "New Zealand News and Views."

A Few Deep Thoughts. (St. Louis Globe-Democrat.) A capable man is not one who offers a doubtful man. His knowing power is strong, his driving power is weak.

Speaking in Brandon on Tuesday, as reported by the Canadian Press yesterday, Hon. Mr. Forke made a special reference to the Maritime Provinces, which he said could absorb many immigrants. He made it clear

Just Fun

AND if money talks it is usually loudly and vulgarly.

HAROLD: "I heard Gladys turned you down last night." Percy: "Something like that. I asked if I might see her home and she said she would send me a picture of it."

A RABBIT foot may be good, but horse sense is better.

It ain't some money set aside on impulse once awhile, but steady savin' day by day that builds the steady pie.

"THEY tell me your wife has gone into politics." "Well, she always was the speaker of the house."

WE ARE informed that Mr. Ford is a non-smoker and a teetotaler. This is all very laudable, but we can never presume to be added to making those cars.

VERY few women are as old as their enemies say they are.

ONE should not expect too much from the seed catalogue alone.

CONTRIBUTORS' Columns - the right-hand side of income tax blanks.

PATIENCE: Do you really believe that love ever flies out of the window?

"Patience-I know it. Only last night Reginald stayed too late and papa wouldn't take the trouble to open the door."

Under the spreading chestnut tree The village smithy lies. While he was shoeing an army mule He forgot to shoe the flies.

A DOCTOR while examining a young lady for life insurance asked her: "Were you ever rejected?" And he is wondering why she left in a huff.

ONE trouble with prohibition is that so many of its advocates preach dryness and practice wetness.

LADY DIANA MANNERS has become an actress. We hate to say it, but the stage needs some Manners.

GIRLS use mirrors to see if their towels are clean, and boys use the towel for the same purpose.

YOU must pay for your sins unless being a most profitable investment, and an office in the very centre of a great holiday seeking population would be even more effective. Why not include it in the programme for next year?

Timely Views On World Topics. INTOLERANCE IS GREATEST PERIL FACED BY NATION. By CHESTER I. LONG.

AS lawyers are not interested in the contest between the fundamentalist and the modernist. We are not interested as lawyers, whether big or small, in our schools and colleges of the bible story of creation, taken literally, is correct. That is for the theologian and scientist. We are interested as lawyers in determining whether a State can control our opinions by legislation.

It is awful to have to live with a person who never did anything foolish. Consistency is a jewel with which beauty is often content to be unadorned.

Some people are like shadows; they are with us only when everything is bright.

A common sort of enemy is the friend who does not oppose us when we do wrong.

The man who is satisfied with himself is not very well acquainted with himself.

The procrastinator wants the other fellow to do something, he is always in the deuce of a hurry.

Helping the "Small Man". The year ended March 31, 1926, saw the New Zealand government's largest loan authorization (\$28,800,000) for the assistance of settlers and workers (advances for home building), says "New Zealand News and Views."

Queer Quirks of Nature

SHELLS BUILT BY SNAIL-LIKE CREATURES. By AUSTIN H. CLARK. The snail-like creature that constructs this shell, as it grows, attaches to the growing edge of the shell stones, dead shells and such other objects as are available.

TWO ITEMS. CLEVELAND—Two news stories appear simultaneously, and with a little imagination.

NO SANTA CLAUS. NEW YORK—There really appears to be a minimum of comic justice after all. Sweepings improvements in living conditions in one of this city's

social workers. The hitherto busy workers find themselves without work. "What'll we ever do to earn our living," one of them was heard to wail, "if things keep getting better?"

POEMS I LOVE

Charles Hanson Towne. "Old Times, Old Friends, Old Loves," by Eugene Field.

FIELD is not, to my mind, the poet that James Whitecomb Riley is; and it is rather unfortunate that their names are indubitably linked. One reason is that they made their enormous reputations at about the same time, but their work differs in many essentials, though each was a genre painter of homely pictures, each was a folk-poet in the truest sense, and each has his definite place in our literary history. I like the simplicity of pieces like this:

There are no days like the good old days— When the grass was sweet to the feet, and the sun was warm on the face, and the world was young and the heart was true, and the love was true, and the life was true, and the death was true.

Before a love for sordid gold Became man's ruling passion, And before each dame and maid became Slave of the tyrant fashion!

There are no girls like the good old girls— As buxom and smart and clean of heart As the Lord knew how to make 'em! They were rich in spirit and common sense, And pretty all suppartin'; They could bake and brew, and had a laugh school, too, And they made such likely courtin'!

There are no boys like the good old boys— When we were boys together! Old times, when the grass was sweet to the brown bare feet That dimpled the laughing heather; When the pewee sang to the summer dawn Of the bee in the willow clover, Or down by the mill the whippoorwill Echoed his night song ever.

There is no love like the good old love— The love that mother gave us! We are old, old men, yet we pine again For that precious grace—God save us! So we dream and dream of the good old times, And our hearts grow tender, fonder, As those dear old dreams bring soothing gleams Of heaven away off yonder.

de country had a had fall, and dey wants me to come right away." "That afternoon the woman's husband met old Ceaser downtown. "Why, Ceaser," he said, "I thought you had to go to see your sister in the country."

"Yassuh, yassuh," the old negro hurriedly assured him; "Ah done started, sush; yass, sush, Den," he added in a sudden burst of inspiration, "Ah done got another message said she didnt fall so bad."

AFTER raking the laws on a warm summer morning, old Ceaser decided that it was too hot to keep on, so he went in search of the woman of the house who had hired him for the day. "Mis, Little," he said, "Ah done got a message dat mah sister out here in former slums has practically moved the immediate need for charitable or

There ain't no Santa Claus. "social" workers. The hitherto busy workers find themselves without work. "What'll we ever do to earn our living," one of them was heard to wail, "if things keep getting better?"

FAMOUS DOCTOR'S HINTS. Sir W. Arbuthnot Lane, in New Health. The state of health should determine the nature of the holiday. It would be unwise for a man with a high blood pressure to go to a hot climate or to attempt to reside in high altitudes or to take excessive exercise.

Home Floors for Winter

JUST A WORD or two of suggestion as to a very important contributor to cold weather comfort. Soft, pretty Wilton, Brussels or Axminster Squares, Linoleums, Inlaid and Oilcloths— all play their parts. Drop in and see our fall display.

Use the Right Size "B" Battery

THE length of time you listen in each day and the size of your "B" batteries in relation to your set determine how long the "B" batteries will last.

Follow these simple rules for "B" battery satisfaction and economy. Use 1 to 3 tubes— Use Eveready No. 772. On 4 or more tubes— Use the Heavy Duty "B" battery No. 770. On all but single tube sets— Use a "C" battery.

When these rules are followed, the No. 772 will last for almost a year, and the No. 770 for about eight months, when listening at the year round average of two hours a day.

NOTE: In addition to the increased life which an Eveready "C" Battery gives to your "B" batteries, it will add a quality of reception unobtainable without it.

EVEREADY Radio Batteries—they last longer. Manufactured and guaranteed by CANADIAN NATIONAL CARBON CO., LIMITED. Montreal Toronto Winnipeg

NEWSPAPER MAN IN CUSTODY ON MURDER CHARGE

Row Over Wife of Man Who Is Slain Ends Fatally

NEW YORK, Oct. 7.—Gerald Dwyer 30 years old, formerly a native of Springfield, Mass., and until last June copy editor on a Washington newspaper, is held without bail for a hearing on October 14 on a first degree murder charge for the fatal shooting of Joseph Ruffner, also a copy editor, in the lobby of Ruffner's home at 209 West 57th street.

OUTCOME OF JOKE.

Before his arraignment, Dwyer was alleged to have made a confession to Assistant District Attorney Pasco, in which he declared that the shooting was the outcome of a practical joke Ruffner and the latter's wife, Mrs. Gwendolyn Ruffner, played on him in the early part of the summer when both men were employed on a Washington newspaper. Dwyer said that he had received a telephone message at the newspaper office from a woman, inviting him to meet her at a Washington restaurant. When he called there, he said, he found Ruffner and a woman, whom Ruffner later introduced as his wife. Several other friends had been let in on the joke and laughed hilariously when Ruffner told him of the practical joke which he had played on Dwyer.

FIRES FIVE SHOTS.

Mr. Pasco said that Dwyer admitted that he had fired five shots at Ruffner, after an altercation in the lobby of the apartment house in which the Ruffners lived, when Dwyer attempted to brush past Ruffner and the latter called Mrs. Ruffner on the telephone, the police were told. The police said that Dwyer was in the lobby when he was captured while running away after the shooting.

Dwyer obtained employment on the Brooklyn Eagle last August, Ruffner, a short time before, had come here with his wife and child and highly employment on the Bronx Home News. The men had been close friends when they were employed on the Washington Post.

EFFORT IS MADE FOR PEACE IN BALKANS

Mussolini Discusses Political, Economic Matters With Bulgarian Minister

ROME, Oct. 7.—Premier Mussolini and Foreign Minister Borouff of Bulgaria yesterday had a long interview in which they discussed political and economic matters of interest to their respective countries. The official visit here of Foreign Minister Borouff is interpreted by the press as indicating the intention of Italy to contribute to the equilibrium of the Balkans in order to preserve peace there, regarded as a highly important factor for European peace. While Italy is strengthening her relations with Bulgaria, she is also maintaining the best relations with Yugoslavia, Rumania and Greece, the press points out.

Saint John R.C.N.V.R. Begins Season Drill

The Saint John Company of the R. C. N. V. R. held its first drill of the season last night with a fair number of men, and is looking forward to a year of good work and continued progress. Among the activities of the season, basketball and bowling are expected to have a prominent place and teams are to be formed on the next drill night, Wednesday of next week.

In the absence of Lieut. Paul B. Cross, who is on cruise on the Capeston, Paymaster Sub-Lieutenant F. P. Coombs was in command last night and he addressed the men on the subject of the etiquette of uniforms and the proper care of uniforms.

They made a special trip from their Mediterranean base at Toulon to Nice, where many scenes of the famous Blasco Ibanez story were filmed. The boats were part of Germany's "terror fleet" during the war. Alice Perry and Antonio Moreno have the leading parts in "Mare Nostrum."

Local Scorer Asked To Trace Relatives The widespread appeal of the modern press was rather convincingly demonstrated to a Saint John citizen this week when he received a request to trace missing relatives after his name had appeared in the sport pages of a Boston newspaper. A Malcolm MacGowan, local baseball expert, sent in his selection for an all-star team this year and one of the Boston newspapers gave his team considerable prominence. A few days ago, he received word from a Miss Elizabeth F. Ryan, Pittsfield, Mass., saying she had noticed his article and wanted to know if he could secure any information for her regarding James Delay and family, relatives with whom she had been out of contact for some time. Mr. MacGowan is already on the trail of information required.

RUM FLEET HARD HIT BY STORM

Side by side, a coast guard rum chaser and just back of it a bootlegger's boat, tossed up by the hurricane on the banks of the Miami river. They are high and dry in the open space of the Miami public market place.

SEVEN NEW MARKS MADE YESTERDAY

Ruth Accounted For Six at Game in St. Louis Before Huge Throng

ST. LOUIS, Oct. 7.—Seven new world's series records were put on the books by statisticians who found that going as tough in yesterday's game as did the Cardinal pitching corps.

Babe Ruth personally accounted for six of the new marks, as follows:

- 1.—Most homers for one game, 8; breaking former mark of 7, held jointly by Harry Hooper of Red Sox, Kenney Kauff of Giants, and Ruth.
2.—Most homers, total series, 7; breaking old record of 6, set by Goose Goslin in 1924 and 1925. Ruth hit one home in 1921 and three in 1923.
3.—Most total bases in one game, 12; breaking mark of 9 set by Hooper in 1915.
4.—Most extra bases, one game, 9; breaking former record of 6, held jointly by Ruth, Kauff and Hooper.
5.—Most runs, one game, four, breaking record first made by Mike Donlin with Giants in 1903 and equalled by many others.
6.—Most extra bases, total series, 27; breaking Ruth's own previous mark of 18.
7.—The seventh and final record of one club's total bases in a single game was set by the Yankees, whose 14 hits tallied for 28 bases, eclipsing the mark of 27 made by the Giants in 1921.

HALIGONIAN AND BLUENOSE ENTER

First Race For Nova Scotia Schooner Championship on Oct. 16

HALIFAX, N. S., Oct. 7.—The Bluenose, champion fishing schooner of the North Atlantic, and the new and untried Haligonian, will race for the championship of the Nova Scotia fleet of salt tankers. The winner of the series will be decided in the best two out of three races.

The first race will be sailed, conditions permitting, on Saturday, Oct. 16, and the other two races of the series (if two are necessary to decide) on Monday the 18th and Tuesday the 19th.

Arrangements for the race were completed in Lunenburg yesterday afternoon at a meeting attended by representatives of the two vessels and members of the board of trustees of the Nova Scotia Fishermen's Trophy. There was some discussion of the question of the revival of the regular international race to be sailed by the winners of the Halifax and Gloucester series, and it is possible that such a race will be arranged.

The Haligonian was to have competed in the open races of Gloucester beginning next Monday, but owing to the impossibility of getting her ready in time, her entry had to be cancelled.

German U-Boats Used In "Mare Nostrum"

Two captured German submarines, which under the German flag carried the numbers U-63 and U-64, participated in the filming of Rex Ingram's production of "Mare Nostrum" (The Sea) for Metro-Goldwyn, which is to have its first showing at the Imperial Theatre next Monday.

These U-boats, 180 feet long and carrying a crew of 40 men, have been in the active French service since the end of the war, and the French authorities granted Ingram special permission to use them in manoeuvres before the camera for "Mare Nostrum."

They made a special trip from their Mediterranean base at Toulon to Nice, where many scenes of the famous Blasco Ibanez story were filmed. The boats were part of Germany's "terror fleet" during the war. Alice Perry and Antonio Moreno have the leading parts in "Mare Nostrum."

Local Scorer Asked To Trace Relatives The widespread appeal of the modern press was rather convincingly demonstrated to a Saint John citizen this week when he received a request to trace missing relatives after his name had appeared in the sport pages of a Boston newspaper.

Weddings

Roberts-McMillan

A pretty wedding took place on Wednesday afternoon, Sept. 29 at 5 o'clock in Knox Presbyterian church, when Rev. W. Lawrence Newton united in marriage Miss Annie Kathleen McMillan, eldest daughter of Mrs. William Cawley of Campbellton, and William P. Roberts, youngest son of Mr. and Mrs. George W. Roberts, formerly of Wolverhampton, England, and now of Saint John. The bride, who was given in marriage by Roy Mason of this city, looked charming in a gown of white flowered silk rayon crepe trimmed with white silk crepe de chine and lace, wearing a large hat to match, white kid shoes and white stockings and gloves to correspond. She carried a bouquet of sweet peas, and maiden hair fern with streamers of white ribbon. She was attended by Miss Mary Roberts, sister of the bridegroom, as bridesmaid, attired in powder blue crepe de chine trimmed with grey, and a blue felt hat to match. L. R. Mason of MeAdams Junction was groomsmen. As the bride party entered the church the Mendelssohn wedding march was played and during the signing of the register Miss A. K. Wilson, organist, played "The Voice That Breathed O'er Eden" and "Be-cause" and then closed the wedding march from Lohengrin. A dainty wedding supper was served at the home of Mrs. John Threlkeld, 87 St. Patrick street, who was assisted in serving by Mrs. James Armstrong and Mrs. Clifford Mason. Many nice gifts were received. That from the bridegroom was a silver pin set with sapphires, that to the organist a silver brooch. Many friends will wish Mr. and Mrs. Roberts happiness. They will reside in Saint John. Out-of-town guests at the wedding were L. R. Mason of MeAdams Junction and Mrs. James Armstrong.

Townsend-Martin

A wedding of much interest to friends in New Brunswick and Nova Scotia took place on Tuesday afternoon at 3 o'clock at the residence of the officiating clergyman, Rev. Dr. S. S. Poole, pastor of St. Paul's Baptist church, when Miss Eileen Martin, of Egin, Albert Co., daughter of Mr. and Mrs. Sherman Martin, became the bride of Thatcher L. Townsend, son of Chester and the late Mrs. Townsend, formerly of Millville, but now of Madison, Me. The bride was becomingly attired in a chiffon dress of blue cut velvet, grey shoes and stockings and grey hat, and carried a bouquet of Ophelia roses. Mrs. Harry Smith, a sister of the bride, and Mr. Smith, of Dorchester, N. B., were the witnesses at the signing of the register. After the ceremony a wedding supper was served at the Admiral Beatty Hotel. Mr. and Mrs. Townsend left for Egin and later will visit relatives in Fairville, after which they will continue their wedding trip to New York and Washington, D. C., then going to Asheville, N. C., where they will reside during the winter. The bridegroom's gift to the bride was a substantial check. Mr. Townsend is an accountant for the United States Government with headquarters in Washington.

O'Sullivan-Burns

In St. Dunstan's church, Fredericton, yesterday morning, Very Rev. F. L. Carney, with nuptial mass sung by Rev. G. T. Bolter, Miss Doris Burns, second daughter of Mr. and Mrs. Patrick Burns, and Joseph Thomas O'Sullivan, of Saint John, who is C. P. R. station agent at Aroostook Junction.

Burt-Irvine

In Bangor recently Miss Pearl Irvine, of this city, and David Howard Burt, of Centreville, N. B., were married by Rev. G. T. Bolter. Miss Doris Burns, sister of the bride, was bridesmaid, and the groomsmen was Dodd Tweedle of Edmundston, formerly of Saint John. Mr. and Mrs. Burt will reside in Alliston, Mass.

Trites-O'Brien

MONCTON, Oct. 6.—A quiet wedding took place at the parsonage of Humphrey Memorial church, Jimmy Burt, Wednesday, Oct. 6, at 3 p.m., when Harry L., son of Mr. and Mrs. George Trites, of Palaise Junction, was united in marriage to Ethel H., daughter of Mr. and Mrs. Alexander O'Brien, of Salsbury.

Burpee-Phillips

FREDERICTON, Oct. 6.—A fashionable wedding took place this evening at 6:15 at Wilmet United church, when Miss Grace Phillips, daughter of Mrs. R. H. B. Phillips, of this city, became the bride of C. Miles Burpee, of Onwata, N. Y., son of Mr. and Mrs. S. C. Burpee, of Edmundston. The ceremony was performed by Rev. F. H. Holmes in the presence of a congregation which filled the church. The bride entered the church on the arm of her brother, R. Darrell Phillips, of Toronto. The bridesmaid was Miss Isabel Babitt of this city, and groomsmen were Bernard H. Hagerman, Little Miss Dorothy Currie, daughter of Mr. and Mrs. George W. Currie, of Saint John, was flower girl.

French Aviator Delays Flight Across Atlantic

PARIS, Oct. 7.—Paul Tarsoux, French aviator, will not attempt to fly across the Atlantic in a Bernard monoplane, for at least eight months, and possibly longer. Delay in construction of the plane and the influence of bad weather, is the cause of the postponement of the flight.

CURLEY FIGHTS PUBLISHER IN BOSTON STREET

Former Mayor Knocks F. W. Enwright Into the Gutter

BOSTON, Oct. 7.—Noonday crowds in State Street witnessed a short but spirited fist fight between former Mayor James M. Curley, now president of the Hibernia Savings Bank, and Frederick W. Enwright, publisher of a chain of Massachusetts newspapers. The fight occurred in front of the old State House. Both issued public statements after the encounter, each charging the other with precipitating the fight. Mr. Curley declared that Mr. Enwright struck him first, after he had warned the publisher to cease printing "untrue stories" about him, while Mr. Enwright announced that the first he knew of

Mr. Curley's presence was when the former Mayor attacked him from the rear.

Mr. Curley, in his statement, said he met Mr. Enwright on the street and warned him to cease printing stories about him in "The Boston Telegraph" and to keep Mrs. Curley's name out of the newspaper. He said he told Mr. Enwright that a story in "The Telegraph" to the effect that he had settled a lawsuit brought by a firm of brokers by paying them \$35,000 was "absolutely untrue."

He is evidently a very nervous man," said the ex-Mayor, "for he struck me on the cheek." Mr. Curley said he struck back in self-defense and knocked Mr. Enwright into the gutter, "where he lay like a dog." He said he then returned to his office in the Hibernia Savings Bank.

PAN-EUROPEAN MEET CLOSES IN HARMONY

German and French Students Pass Resolution Urging Economic Unity

VIENNA, Oct. 7.—French and German students solemnly embraced one another yesterday at the closing of the congress of the Pan-European Union.

During the closing session the union adopted a resolution asking the League of Nations to study the limitation of customs duties and to tighten the economic ties of European countries, including the economic union of certain groups of states as a transitory measure. The resolution said that the stabilization of all currencies should be the basis of such a scheme.

Another resolution expressed the wish that Britain and Russia would collaborate closely with Pan-European countries within the League of Nations upon the basis of a general system of Locarno treaties.

Mrs. William Grey and daughter, Betty, of Moncton, are visiting friends in the city.

Does Domestic Happiness Depend More on the Husband or the Wife?—How to Hold a Gay Young Husband—Can a Young Wife and an Old Grandmother Be Adjusted in Same Household?

DEAR MISS DIX—Our club has been discussing whether the happiness of the home depends more upon the wife or the husband. Will you please give your opinion concerning this question? S. O. S. CLUB.

DOROTHY DIX

ANSWERS:
It takes both a husband and a wife, working in unison, shoulders to shoulders, to make a happy home. Neither one can do it alone. It is not a one-man or a one-woman job.

No woman can make a really happy home no matter how thrifty and industrious, how neat and orderly she may be, or how well she cooks or how continuously she wears the smile that won't come off, if there is a man on the premises who is grumpy and tyrannical and selfish and if she is married to a man who is not a good provider and if the wolf is always howling outside the door.

No man can make a really happy home no matter how much money he lavishes upon it, no matter how kind and considerate he is, no matter if he is a ray of human sunshine, if he is married to a woman who is a shrew or a sloven or who spends her time lying on the bed instead of sweeping under it.

A happy home is a co-operative mutual benefit association into which both husband and wife must put their backs and their hearts and their hands if they make it a success.

But undoubtedly the happiness of the home depends more upon the woman than it does upon the man, because making the home is her part in the matrimonial partnership. Upon the woman depends the comfort, the peace, the cheer, the atmosphere of the home.

A woman is in the home all of the time. A man is in his home only a few hours a day, so the home reflects the woman's personality far more than it does the man's. If she is bright and gay and good-tempered and a good cook, she can make some sort of cheerful home for her children. Even if her husband is a disgruntled sorehead.

Men are responsible for the well-being of their homes. Women are responsible for the comfort and the happiness of them and for the moral tone of their homes. This is what causes home-making to be the greatest profession that any woman can follow and the one in which she can achieve the greatest influence, for every home sets its ineffaceable seal upon the child that is raised in it.

DEAR MISS DIX—I am a young married woman with a husband who is also young. He is inclined to be wild, while I am an old-fashioned girl. I love to stay at home and sit by the fire, while he wants to step out. We have a car, and every time he goes out I think that he is taking another woman driving.

Now, I love my husband dearly, and it would break my heart to lose him, which I am afraid of doing, although he says he loves only me. What should I do?

ANSWER:
You can take your choice between keeping up with that sort of a husband or leaving him. He has to be amused, and if you won't play with him he will find some other woman who will. So my advice to you is to give up the hopeless task of trying to make a lifetime companion of him. When he suggests going, grab that he doesn't go too far, and when you are sitting on the seat of the automobile with him you at least know that no vamp is getting in her dirty work.

Perhaps you will say that there is no more reason why you should sacrifice your taste and go out with your husband than there is why he should sacrifice his inclinations and stay at home with you. There isn't, of course. But it isn't an abstract question of right or wrong that confronts you, it is a matter of policy.

Whether he should be nailed to his own heartstone or not cuts no ice with a man. If he is of a gay and pleasure-loving nature, he is going out where the bright lights beckon, where the jazz bands play, where there is laughter and color and movement and excitement and his wife can either go with him and become his pal and companion, or stay at home and be neglected and forgotten.

Innumerable wives who might have kept their husbands loose seem to get so widely separated by the woman going her way and the man going his way that there is a puff fixed between them which no common memories and interest can bridge over.

DEAR DOROTHY DIX—My wife died several years ago and left me with two children, a girl and a boy, who are now 11 and 13 years old. My grandmother has been keeping house for me, but I want a life companion, so I am thinking of marrying again.

Would it be right for my grandmother to continue living with us? Would her presence in the home cause trouble between my wife and myself, and between the children and their stepmother? Could my wife and grandmother live peacefully under the same roof? Please advise me what to do.

ANSWER:
I don't wonder that you are worried with such a problem on your hands, because there is no way in which it can be settled without causing suffering to some one.

It is not fair to ask any woman to assume the double burden of being a stepmother and living with an old woman. Either one calls for endless self-sacrifice, endless patience, endless forbearance, endless service, and the two together would demand more self-abnegation than even a female angel is capable of.

Half-grown children, such as yours, are difficult to manage. They are impatient of the authority of even their own mother, and a stepmother must handle them with great tact and discretion if she gets along with them at all.

Your wife might possibly do this if she were left unhindered, but the case would be hopeless with their great-grandmother continually interfering.

No old person in the world can keep from giving unsolicited advice. There is no old person who is not perfectly assured that he or she is the second Solomon who knows it all.

So you need not hope that your grandmother will be content to sit on the sidelines and let your wife manage the house and your children.

Certainly you should marry. You need a companion and your children must need a mother sadly, but there will be no place in your home with two women in it with such a disparity of age and outlook. You will have to choose between hurting grandmother by finding her another home and separating her from the children, or loneliness for yourself.

DOROTHY DIX.

SOFT GRAY KASHA SHOWS TURRET TUCK CHECK AND DEEPER GRAY

By Marie Belmont
The return to popularity of gray is responsible for this very effective coat, developed in gray kasha, and using leather and cloth for its smart turret design and shadow effect. The top of the coat is kasha in soft gray. The deep border is black soft leather, and the shadow treatment is supplied by deeper gray cloth. The collar is gray squirrel which exactly matches the top of the coat. Brown would also lend itself most happily to this combination treatment. The upper part of the coat could be of tan, with dark brown leather and deeper tan for the contrast.

A Thought

When I was a child, I spoke as a child, I understood as a child, I thought as a child; but when I became a man I put away childish things.—1 Cor. 13:11.

NEXT CASE!

JUDGE: The policeman tells me you were driving at 60 miles an hour. **PRISONER:** But I had to, your honor. I had stolen the car? **JUDGE:** Oh, that's different. Case dismissed.—Ull, Berlin.

BEHIND THE SCREEN

Four of the Paramount Junior stars. Left to right, above, are Thelma Todd and Marion Ivy Harris; below, Robert Andrews and Greg Blackton.

By DAN THOMAS
YOUTH had its fling on the screen and proved so well that it could set that another picture, after the style of "Fascinating Youth," soon will be in the making in Hollywood.

The clan of Paramount Junior Stars is gathering again—Thelma Todd, Marion Ivy Harris, Robert Andrews, Greg Blackton, Iris Gray, Joan Morgan, Mona Palma, Walter Goss, Jack Lonien, Thelma Kenin, Charles Breakay, Josephine Dunn, Dorothy Nourse, Irving

experiment that Jesse L. Lasky tried and which made him a little richer. The matter of finding new talent for the screen had so long been a task in the sides of the directors that Lasky last year tried out the somewhat expensive establishment of a school for young actors, resulting in the first picture of its kind ever made, "Fascinating Youth."

It "took." The folk from Spudnik liked it. So did the critics. And the school proved a success. The 1 graduates showed such talent that all

were signed to long-term contracts by Paramount. Production on the second all-youth picture will begin about Jan. 1, and is to be directed by Hector Turnbull. The story will be another portrayal of 30-year juveniles.

SEE-SAWING ON THE BROADWAY

I chanced to note in the window of a music store a very large picture of Geraldine Farrar, placed there, obviously, to attract attention to certain phonograph records.

And having, just a week ago, told the story of Maude Adams' strange hermitry, the mystery surrounding the great Farrar seemed to me equally baffling. The music world may often have wondered I cannot answer questions. I can merely state circumstances.

Now, as everyone knows, Geraldine Farrar was hailed across the nation. She adopted and was adopted by America. Then, suddenly, she saw fit to slip out of the picture, to live in seclusion, and to tell friends, she has no plans.

In a quiet, semi-secluded estate, she lives with her father. She appears seldom, if ever, on Broadway and if she comes into the city it is quietly and without notice.

A few weeks ago she returned from a visit to Germany, the country in which she started her career. Her return was unheralded. She might have been any casual voyager. Her arrival was practically unnoticed. Cables from abroad had told of fetes and receptions; she returned almost immediately to the New Jersey hills.

If she intended to retire there was no official notice and no explanation has reached my ears. Certainly she cannot be blamed, for those far older than she has gone on.

for six weeks or two months and at the end of that time you will have a deliciously fresh and mild grape juice ready for the taking. Be sure that the jars are sterilized and that the covers are on tight enough to make a complete seal.

THE RHYMING OPTIMIST

By Aline Michaelis
Two men may travel down the road together all life long, yet while one sees the good bestowed, the other sees the wrong. Their daily way is all the same; shade, sun and thorn and flower, yet one life's beauties may proclaim, one feet as clouds that lower. For one each day some hope unfolds, some promise brings to pass; but for the other only grief and woe. It may be that one is seeking good while one is seeking ill; this rule, though little understood, has mighty power still. The thing man seeks for is his share, though kind or unkind, is but the lot he sought.

CAPTAIN TRIED FOR ATTEMPT TO RAM U.S. SHIPS

Hearing of Oxner at Bridge-water, N. S., Results in Committal

BRIDGEWATER, N. S., Oct. 6.—The story of a 75-foot Nova Scotia windjammer with a gasoline "kicker" to help her along, pitting its strength against three armored vessels of the United States dry navy, far out on the bounding main, was told in the magistrate's court here today and on the strength of it Captain Norman Oxner of the schooner Gaspe Fisherman was ordered tried by the Supreme Court of Nova Scotia for attempting to send to the bottom two units of the American fleet.

No damage was suffered by the fleet, but the schooner with her cargo of alcohol got away. The ferocity of the complaint which passed through the usual diplomatic channels and resulted in the Canadian government taking action against the schooner's skipper, was evidenced by the presence in port of the United States destroyer M. G. McCall, which featured in the alleged attempt against two patrol boats and which brought a party of witnesses here for the trial.

SCHOONER TRAILED

The story is that the McCall was trailing the Nova Scotia schooner at a point about 75 miles off the United States coast and 380 miles from the nearest Canadian land. The coast-guard boats CG-147 and CG-211 flanked the schooner, one on the port and one on the starboard. Members of the United States vessels swore in court today that as they proceeded in this formation the schooner suddenly swerved and ran straight for one of the patrol boats which was forced to go quickly astern to avoid being rammed. Outwitted in that direction the evidence declared that the schooner quickly zigzagged and made for the other escorting patrol boat which, however, succeeded in out-maneuvring the schooner. This operation, it was testified, was repeated four times within 10 minutes and in the confusion which en-

LOOKING DOWN FROM "BIG BEN"

This is the view—or part of it—that you'd get if you sat on one of the hands of the famous "Big Ben" clock on the tower of the British House of Parliament, London, and looked straight down. "Big Ben" is being repaired, and the photographer went up in advance to get a picture of the hoist bringing up the workmen.

CAPTAIN DENIES CHARGE

Captain Oxner, who hails from Riverview, N. S., declared in his defence that he had simply tried to prevent the encroaching patrol boats fouling his log line and that he had no designs upon the cutters. He admitted that he carried a cargo of alcohol but maintained that he had never landed any of it on American territory nor disposed of it in American waters.

According to the evidence of the witnesses Captain Oxner had cried to the cutters, "Don't foul my log or I'll get you yet!" And the answer that came back from the Americans was, the evidence stated, "No—-with your log!" Mr. Power for the defence asked Lieut. McCluskey of the McCall, if he thought a little wooden schooner could do any harm to the armed ships of the dry fleet and the officer declared that only quick manoeuvres of the patrol boats prevented them being sent to the bottom.

Oxner was held in \$3,000 bail, which was furnished, and the trial will commence next Tuesday.

THERE will never be an ideal movie show until they get up one where the villain gives the hero a good, sound thrashing and marries the girl.

OPPOSITION TO COL. J. L. RALSTON IN N. S. LIKELY

Hatfield Due Into Senate Friday; New Ministry for N. S. Man Talked

OTTAWA, Oct. 6.—Conservative political observers expressed the opinion tonight that there probably will be no opposition from their party for the election of any Liberals on the coming election on November 9, made necessary by the formation of the King cabinet.

There are rumors, though, of possible opposition by local Conservatives to Col. J. L. Ralston, in Nova Scotia, in the event of his appointment to the portfolio of minister of national defence.

NEW PORTFOLIO

MONTREAL, Oct. 6.—A special Ottawa despatch to the Montreal Gazette says:

"At the next cabinet meeting to be held, probably on Friday, appointment of Paul Hatfield, (Yarmouth-Sheburne) to the Senate will be made and before the Prime Minister leaves the capital that night he will have announced the appointment of Colonel J. L. Ralston, of Halifax, as minister of national defence. He will take Mr. Hatfield's seat."

"Already there is talk from those interested in Nova Scotia that at a later date Colonel Hatfield will be transferred from National Defence to the new portfolio to be created, that of Fisheries, which is regarded as more properly belonging to Nova Scotia, and that Hon. John Sinclair, of Prince Edward Island, who has been promised first tenure of the Fisheries portfolio, will be given something else."

ALIBI DEFENCE IN SHEMOGUE HEARING

Parents Say McNutt Was Home When Blair Murray Was Shot

PORT ELGIN, Oct. 6.—The trial of Cecil McNutt, of Melrose, charged with causing grievous bodily harm to Blair Murray, 64-year-old farmer of Little Shemogue, by shooting on Sept. 25, was resumed before Magistrate C. B. Copp, at Port Elgin, today. After the hearing of several witnesses the case was adjourned until Tuesday, Oct. 14. The accused was released on \$1,500 bail.

EVIDENCE TAKEN

Ira Sharpe testified to overtaking Mr. Murray after the latter had been shot and assisting him home. Arthur Murray told of looking after the horse that was killed at the time Mr. Murray was shot through the chest.

Other witnesses included Mr. and Mrs. George McNutt, parents of the accused, also Frank McNutt, a brother. Their testimony was to the effect that Cecil McNutt, the accused, was in his home at the time the mysterious shooting took place.

HE: "Darling, why are you so sad?" She (galling down a sob): "Oh, dearest, I was just thinking this will be our last evening together until tomorrow night!"

Visits In Hopewell After Long Absence

HOPEWELL HILL, Oct. 6.—John N. O'Regan of Amesbury, Mass., is visiting his old home here, after an absence of 34 years. He is accompanied by members of his family and is making the round-trip by automobile. He is a son of the late D. F. O'Regan of this place.

STORM INTERFERES WITH ATTENDANCE

Some Drawings to Be Held at Orphanage Fair Tonight

The very stormy weather last night greatly reduced attendance at the New Brunswick Protestant Orphanage fair and only about 400 or 500 patrons were on hand, but all of the games and attractions were conducted as usual. To make up for the small attendance of the last two nights there must be bumper houses tonight and on Friday, the closing night.

There will be some of the small drawings carried out tonight and the majority of the other drawings will be made on Friday night. Last evening the Carleton Cornet band provided excellent music, and the door prize was a bag of flour, which was won by ticket 10778, but was unclaimed. Tonight St. Mary's band will play and the door prize will be a ton of coal.

Some more live stock was added to the fair's special wares yesterday when there were received a pen of white Leghorns—two hens and a cockerel—and a pair of breeding ducks, which had all been sent by Miss J. F. Hayes, of South Bay. The dogs now being offered and their latest bids are as follows: Prize collie dog, \$16; Newfoundland dog nine months old, \$7 and cocker spaniel, about nine months old, \$4. Some of the dogs are expected to go this evening. One drawing took place last night when ticket No. 664, owned by W. Cunningham, 317 City Line, West Saint John, was announced as having won the blue and white quilt.

Among the prize winners at the small games last night were the following: The pins, first, B. Fuller, and second, C. Bennett.

AT 50 TABLES

In spite of the rain last night there were patrons for 50 tables at the card party of the Ladies' Society of St. John the Baptist church. Everyone thoroughly enjoyed the evening. The lucky prize winners were as follows: Ladies, first, Mrs. John Kilmarin; second, Miss Dorcas O'Pray; third, Mrs. D. Dauphy; gentlemen's first, E. Gallant; second, Arthur Walsh, and third, John Hickey.

The use of Duco in the home has become almost a hobby with men and women in all parts of the country. It is so easy to apply that the amateur gets results that are not possible with ordinary finishes. On account of Duco's quick drying qualities, we strongly recommend the use of Duco Thinner, particularly on large surfaces; you also require Duco Thinner to clean the brushes. Good dealers everywhere can supply Duco in a wide range of permanent colors, also black and white. There is only ONE Duco-DUPONT Duco. FLINT PAINT & VARNISH LIMITED, TORONTO, ONT. DUCO" Illustrations include a woman painting a chair, a table, and other furniture.

TUBERCULOSIS END IS SEEN BY DR. CALMETTE

Declares Vaccination Will Make It "Historic Malady" in 20 Years

PARIS, Oct. 7.—Dr. Gaston Calmette, speaking at the Hygienic Congress in Rheims on the results obtained by the anti-tubercular vaccination of children predisposed to the disease by heredity or environment, declared that it is already possible to hope that within 20 years tuberculosis will become "a historic malady" and no longer a scourge.

During the last two years 14,633 children have been vaccinated without harmful results. Out of 1,210 children vaccinated more than a year ago 291 were children of tubercular mothers from whom they have never been separated.

Without vaccination, Dr. Calmette said, the mortality in that group within the first year would have been 25 per cent. With vaccination the mortality has been reduced to less than 1 per cent.

In every country in the world anti-tubercular vaccination is now used, and within a few years it will be possible to get statistics dealing with hundreds of thousands of cases treated under every condition.

"Only then," Dr. Calmette added, "will we be able to say whether the victory is complete."

"Even if no method is found for curing adults, the inoculation of infants will, within a generation, completely change the entire aspect of the problem and tuberculosis will become classifiable among the rare and preventable diseases," he concluded.

FINED \$10.

Charles Archer appeared in the Police Court yesterday charged with using license plates No. 1090, belonging to an Oldsmobile car, on a Buick auto on Sept. 27. He pleaded guilty.

Ralph G. McInerney appeared for the Motor Vehicle Department and said it was the wish of the department that an example be made in this case as there has been too many license plates being used on cars to which they did not belong. A fine of \$10 was imposed.

RARE SPECIMENS

Class 8 calls for rarities and will be limited in each exhibit to 50 items. This class is expected to bring to the attention of the public many stamps of which there are very few known specimens, with possibly some single types of which no duplicates are in existence. Such stamps are priceless and are usually found only in famous collections.

Boys constitute a great percentage of the army of stamp collectors, and in recognition of this fact the International Stamp Exhibition has arranged a class for junior collectors, open to collectors under 10 years of age.

A. CHRISMAN WINS CHILD LORE MEDAL

ATLANTIC CITY, N. J., Oct. 7.—Arthur Bowie Chrisman, author of "Shen of the Sea," a book of Chinese fairy and folk tales, has received the John Newberry Medal for the most distinguished children's book of the year, the award being made by the American Library Association in annual convention here. Frederick Melcher of New York established the award in 1922 in honor of John Newberry, one of the first publishers to recognize the importance of good books for children. Its purpose is to encourage original and creative work in the field.

The award is restricted to authors who are citizens and residents of the United States.

MAN ENDS HIS LIFE NEAR RICHIBUCTO

RICHIBUCTO, Oct. 6.—Hugh Graham, 65, who had been residing alone on the upper reaches of the Richibucto River, committed suicide yesterday by throwing himself over the wharf into the river.

Graham sold out all his goods some time ago with the intention of going to the United States but was unable to enter that country. So far as is known he has no relatives in these parts, but has two brothers residing in the United States.

AN OPTIMIST is one who uses a paper towel and likes it.

FOR UNMARRIED LA DIES UNDER FIVE

Low Wentz, millionaire Ponca City (Okla.) oil man, is a bachelor, but he likes children. So he held a beauty contest "for unmarried faces under five." He's shown here with a group of his proteges. In the circle is Miss Thelma Lee Canfield, aged three, who won first prize.

RARE STAMPS FOR SHOW IN NEW YORK

International Exhibition Oct. 16-23—Class For Boys Under 15

NEW YORK, Oct. 7.—Of the 24 judges selected to participate in the competitive classes in the International Stamp Exhibition, to be held at Grand Central Palace, October 16-23, sixteen will come from foreign countries. One will come from South Africa, another from Australia and a third from Japan. Italy, Czechoslovakia, France, Germany and Norway will be represented.

Several British philatelists will attend. Several hundred medals will be awarded in 20 competitive classes, divided into as many as 20 or more sections.

Class 8 calls for rarities and will be limited in each exhibit to 50 items. This class is expected to bring to the attention of the public many stamps of which there are very few known specimens, with possibly some single types of which no duplicates are in existence. Such stamps are priceless and are usually found only in famous collections.

GIVEN JAIL TERM, SUICIDES IN COURT

Allentown Man Felt Disgrace of Sentence For Auto Driving While Intoxicated

ALLENTOWN, Pa., Oct. 7.—Howard J. Fegeley shot himself to death in the County Criminal Court here at moment after he had received a prison sentence of sixty days for driving an automobile while intoxicated. Fegeley, a member of a prominent Kutztown family, was said to have felt keenly the publicity in connection with his arrest and trial.

His friends made an effort to save him from a prison sentence and he had declared that he never would go to jail. His employer appeared in court and pleaded with Justice Claude T. Reno to dismiss Fegeley with a fine. This was refused, and as Fegeley was being led away by a deputy sheriff he shot himself through the head.

Fegeley, 32 years old, was arrested several weeks ago after his car had struck another. Neither car was damaged and one was injured.

TIRE PRICES CUT AGAIN IN ENGLAND

Three Companies Announce Third Slash in Year—Cheaper Rubber Does it

LONDON, Oct. 7.—Motoring for the masses took a further stride forward in this country, when three leading tire manufacturing companies announced 15 to 20 per cent. reductions in the price of their product.

The cut in the tire prices coincides with the \$125 motorcycle, now an accomplished fact, which is featuring the opening of the motorcycle show at Olympia.

The price cuts, 15 per cent. for ordinary tires and 20 per cent. for "giant" pneumatic tires, were announced by the Dunlop, Michelin and Goodyear companies. The Dunlop Company also announced an appreciable reduction in the price of motorcycle tires.

As a result of the cuts, which are the third within a year, tire prices are back to the 1924 level, which was the lowest since the war. The cuts are attributed by a Dunlop official to the reduction in price of raw material and not to the falling off of sales.

Rubber is cheaper owing to the relaxation of restrictions in connection with the Stevenson plan, he said.

CONSERVATIVES BAR CONTEST IN REGINA

Canadian Press Despatch. REGINA, Oct. 6.—Decision not to contest the seat in the coming by-election in opposition to Hon. C. D. Dunning has been reached by the Regina Conservative Association.

It is not at the moment expected that any independent or other candidate will appear.

A. G. MacKinnon, Conservative candidate in the recent contest for Regina, was requested to represent Regina at the Conservative meeting called by Mr. McNeigh to be held in Ottawa on Monday.

CLUB ARRANGES FOR FAIR AT GLEN FALLS

Live Community Organization to Have Display and Entertainment

The Glen Falls Community Club, at a meeting with President H. L. Nixon in the club's hall, they will make a display of cooking, fancy work, sewing, vegetables, and poultry, also a display of children's school work.

Committees were arranged and plans were also made for the serving of afternoon tea and for dancing in the evening. The club is very enthusiastic and intends to make this one of the best fairs they have ever held.

CHURCHILL SHIES AT MOVIE MAKE-UP

Refuses to Have Eyebrows Blackened to Figure in Films

Canadian Press Despatch. LONDON, Oct. 6.—The British officials are beginning to figure in the movies while British film companies are arguing that everyone in Great Britain must help the local firms in their battle against the world supremacy of United States films.

Rt. Hon. Winston Churchill, Chancellor of the Exchequer, was one of the first members of the cabinet to place himself at the disposal of moving picture operators. He proved a good actor, but he absolutely refused to have his sandy eyebrows blackened and would not let the director make up his complexion.

Premier Baldwin was so deliberately and responded to acting so reluctantly that he proved an unsatisfactory subject. Walter Guinness, Minister of Agriculture, was a natural subject before the camera and won the commendation of directors and photographers. Sir Austen Chamberlain, the Foreign Secretary, has not yet appeared in the movie studio.

International Co. Buys Big Property CAMPBELLTON, Oct. 6.—It is reported here that the sale of the Chaleur Bay Mills property to the International Paper Company has been completed.

The Chaleur Bay Mills are one of the largest lumbering concerns on the North Shore, the mills being situated on the Restigouche River, opposite Campbellton, with extensive timber holdings. It is said, both in New Brunswick and Quebec, David A. Champoux, manager of the company, is at present in Montreal.

Try Coffee served with

EAGLE BRAND CONDENSED MILK (Sweetened)

YOU will find it has the new and distinctive flavor, far superior to that you get when you use ordinary top milk and sugar. It makes it richer, more mellow and golden-unsusually appetizing. Then too, it gives a richer 'body' to the beverage, quite the opposite of the thin, flat consistency it has when served with ordinary milk. Eagle Brand is a blend of milk and sugar, pure, full-cream milk, (doubly rich and creamy because part of the water content is removed) and fine granulated sugar. In place of cream for coffee, Eagle Brand means a tidy saving from day to day. It avoids the annoyance of having milk and cream run short or spoil. For you can always keep a supply on hand. Eagle Brand keeps perfectly until used. Try Eagle Brand in your coffee tomorrow morning—and for the rest of the week. If you prefer tea, you'll find Eagle Brand improves that, too. Cocoa, and chocolate, are wonderfully good made with it.

PAYMENTS ON THE VOCATIONAL SCHOOL PASSED

School Board Decides to Pay All But \$1,000 to Contractor BUILDER OBJECTS TO FURTHER WORK Claims Job Was Completed Months Ago and Architect So Agreed

The Saint John School Board, at a special meeting yesterday, authorized the payment of all amounts outstanding to the contractor of the vocational school, J. A. Grant & Co., Ltd., with a holdback of \$1,000 until such time as the work shall be completed...

Those Present: Dr. L. M. Curran, chairman, presided at the meeting. Others present were T. H. Carter, W. C. Cross, Thomas Nagle, S. W. Palmer, Dr. J. K. Higgins, Dr. S. A. Worrell, superintendent of schools, A. Gordon Leavitt, secretary, and H. S. Brennan, architect.

Mr. Curran explained that a few weeks ago the board had authorized the payment of \$15,000 to the contractor from the \$19,000 outstanding in order that sums due to sub-contractors could be paid.

A letter received from Mr. Grant at Welland, where he is supervising work on the Welland Canal, stated that the contractors had been handicapped by the financial difficulties of one sub-contractor, which had made it difficult for that sub-contractor to get material.

Mr. Grant stated that on Aug. 3 the architect had issued his final certificate as evidence of acceptance of the building on behalf of the School Board. He pointed out that the board had been occupying the building for nearly nine months and asserted that the work being asked was occasioned by damage through occupation, wear and tear, and lack of care in ventilation and similar causes.

He did not think that this work should come under the contract and he assured the board that it had received full value for every dollar expended on the school. He stated emphatically that he did not think the contractors should be further penalized by the holding back of the balance due them.

Mr. Leavitt reported on the legal aspect of the case and said that the assultation with Premier Baxter he had learned that none of the sub-contractors could have a legal claim against the School Board for sums due them.

Mr. Palmer drew attention to the phrase regarding "damage through occupation" which had occurred in Mr. Grant's letter and declared that statement was "nonsense."

Mr. Cross also took exception to the wording of the letter and said the work done was entirely work covered by the contract. He asked if the architect had been aware of the work still undone when the certificate of Aug. 3 was issued. Mr. Brennan said that the firm had given on the certificate on promise of the contractor to "fix things up."

Mr. Cross questioned whether the certificate should have been issued and asked concerning the board's obligation to pay.

"BUCKY" GETS MARRIED

Stanley "Bucky" Harris, manager of the Washington Senators, no longer is the most eligible bachelor. This picture shows him just after he became the husband of Miss Elizabeth Sutherland, daughter of Howard Sutherland, former senator from West Virginia. Harris and his bride are at the left. Next to them is Miss Margaret Sutherland, sister of the bride, and in front is Betty Lyons, flower girl.

Mr. Nagle then moved that the contractors be paid with the holdback of \$1,000. Mr. Carter seconded the motion, which carried unanimously. The work still to be done was outlined in a report by George Hennessey, which was before a previous meeting of the board and includes a great many small items.

A committee consisting of Dr. Curran, Mr. Palmer, Mr. Nagle, Mr. Leavitt and the director of the school, Mr. Fletcher-Peacock, was appointed to prepare a statement of the total cost of the building in order that it might be submitted to the government before the yearly accounts are made out at the end of October.

GENEVA BODY GIVES U.S. DISARMAMENT PLAN ANOTHER SLAP

League Sub-Commission is Directly Opposed to Washington Stand

GENEVA, Oct. 6—Another slap at the American thesis of disarmament and incidentally a step diametrically opposed to the American attitude as recently expressed by Secretary Kellogg, was taken today by a League of Nations disarmament sub-commission.

The League's mixed economic, financial and disarmament sub-commission recommended a system of elaborate control, whereby nations signatory to league disarmament pacts would be subject to investigation by a league commission as to their fulfillment of disarmament agreements. This idea of control, permitting a power to complain to the league regarding another power's fulfillment of an arms pact and assuring that power investigation of its protest by the league, has been opposed by the American commission here and also was strongly opposed by Secretary Kellogg in his recent speech at Plattsburg, N. Y.

U. S. VIEWPOINT OPPOSED

Thus four important recommendations made by league sub-commission are in direct opposition to the American viewpoint. They are:

1. Consolidation of an National economic power in arriving at a basis for disarmament.
2. Consideration of total tonnages of vessels rather than classes; this opposes the theory by which the Washington treaty were negotiated.
3. Consideration of land, air and naval forces as an inseparable whole.
4. Arrangement for a system of international control.

SHIP SERVICE URGED FOR EASTERN GROUP

Section of West Indies Needs it, Montreal Trade Board Says

MONTREAL, Oct. 6—That the council urge upon the federal government the necessity of arranging without delay for the provision of a steamship service to what are known as the Eastern Group of West India Islands as least as good as that in effect prior to June last and, further, that every possible step should be taken looking to the provision of a permanent steamship service along the lines laid down in the agreement of 1925, was the recommendation of a special committee of the council of the Montreal Board of Trade, presented at the weekly meeting of the council held here today.

The committee further recommended that the council should express to the government its appreciation of the latter's action in putting into effect, without waiting for the formal ratification of the treaty, those changes in the Canadian tariff necessary to give the West Indies the preference called for in the agreement.

Douglas' Majority Is Cut By 8 Votes

ANTIGONISH, N. S., Oct. 6—Recog. before Judge Allan MacDonald of the votes cast in Antigonish-Guysboro in the last general election, challenging the majority of 145 in favor of Hon. J. C. Douglas, Conservative candidate, was completed here today and cut down the latter's majority over Colin F. McIsaac, Liberal candidate, by 8 votes. The final count was: Douglas, 6,140; McIsaac, 6,093.

MONTREAL CHILD WELFARE IS AIDED

\$1,500 Granted Movement in City by Rockefeller Foundation

MONTREAL, Oct. 6—In recognition of the high quality of the work being done in this city by the Child Welfare Association of Montreal, the Rockefeller Foundation has given that organization a grant of \$1,500 to enable the officials to delegate one of the nurses on their staff to pursue a special advanced course of training which has as its object the solution of many problems with which mothers are faced in the care of their young children. While the supervision of children has been directed to saving lives among children of pre-school age, and has shown striking results in decreasing infant mortality and preventing disease, physicians, nurses and mothers have found themselves confronted with problems, with which no methods of coping have heretofore been available. Thus, the doctor may recommend vegetables and fruit, and the mother reports that she cannot induce the child to eat them. Or there may be difficulty in getting the child to sleep at the proper hour, or he may suffer from fear of the dark. These are only a few of the problems which constitute real difficulties to parents, and may have serious results in later life. It is felt that a combination of the functions of public health nurse and social service worker with a complete knowledge of child life and of parents' problems will make a distinct advance upon the methods followed at present.

Lady Astor Lauds Marie of Rumania

NEW YORK, Oct. 6—Lady Nancy Astor, United States-born member of the British House of Commons, expressed her opinions on a variety of topics before sailing for England on the liner Aquitania today. Queen Marie of Rumania, who is now on her way to this country, was characterized by Lady Astor as the woman who has the "greatest world war record," and she praised her courageous character.

Something Left Yet. (Publishers' Syndicate, Chicago.) Anyway, a man can still take a chew without feeling that he should first offer one to the lady.

Meet me at the Fair to-night.

Buy Molasses in Bulk

TRADING ACTIVE, TONE STEADY IN MONTREAL TODAY

LAURENTIDE PFD. IS WEAK SPOT WITH LOSS OF 5

Abitibi Leads Market With Net Gain of 3-4 in Morning

MONTREAL, Oct. 7.—Trading on the local stock exchange during the first half hour this morning was fairly active and well distributed, with prices generally revealing a steady tone. Abitibi led the market, and after opening at 83 1/2, up a half, this issue advanced to 84, for a net gain of three-quarters of a point for the period.

NEW YORK, Oct. 7.—Rallying tendencies were in evidence at the opening of today's stock market, despite continued liquidation of a few specialties. Initial gains of one to three points were secured by Allied Chemical, Dupont, American Smelting, Woolworth, New York Central, Southern Railway and Baltimore and Ohio, while large blocks of United States Steel, Hudson Motors, and Radio changed hands at fractional prices.

DEAN SHERMAN HAS ACCEPTED; WILL BE BISHOP

Is Chosen on First Ballot From Among 15 Candidates

Very Rev. Dean L. Ralph Sherman, former curate of Trinity Church, Saint John, has accepted the high position of Anglican Bishop of the Diocese of Calgary, according to a despatch received from Calgary.

Dean Sherman was selected from among 15 candidates who were elected on the first ballot at the synod meeting yesterday in Calgary. The election took place in the afternoon at the Church of the Redeemer, 40 out of 44 clergy and 102 lay delegates out of 102 being present.

Notification is now being sent to the Metropolitan of Rupert's Land, Archbishop Matheson, acquainting him with the election and asking for the consent of His Grace and of all the bishops in the ecclesiastical provinces of Rupert's Land.

Gets Sixty Days For Abandoning Sick Cow

TIMMINS, Ont., Oct. 7.—"This is one of the most vicious cases I have had before me for some time," said Magistrate Atkinson yesterday in passing sentence of 60 days hard labor on Mike Bruski, a cattle driver, who was alleged to have abandoned a cow on the highway, when it was sick.

SATURDAY'S BATTLE LOOMS AS CRITICAL ONE IN WORLD SERIES

MUCH DEPENDS ON RESULT OF TODAY'S GAME

St. Louis Fans Applaud Ruth's Wonderful Effort

ST. LOUIS, Mo., Oct. 7.—Saturday's game at the Yankee stadium will either settle the issue between the New York Yankees and St. Louis Cardinals, or force matters into a seventh and deciding game, no matter how today's contest goes.

UNSTINTED APPLAUSE

Ruth's record-breaking series of long distance drives drew unstinted applause from the greatest crowd ever assembled in a St. Louis baseball park—the paid attendance being 38,823.

ROOTED FOR ANOTHER

The crowd had properly reached a conclusion that the ball game was lost to the Cardinals anyway, and since one home run, more or less, was expected to bring in an affair like yesterday, seemed to hope that Ruth would give future generations something to shoot at by lofting another pitch out of the park.

BRITISH FOOTBALL

LONDON, Oct. 6.—Football games played today resulted as follows: SOCCER—ENGLISH LEAGUE. First division—Sunderland 7, Burnley 1.

RUGBY UNION

Portsmouth Services 8, Aldershot Command 16; King's College Hospital 3, Blackheath Wednesday 8.

RUGBY LEAGUE

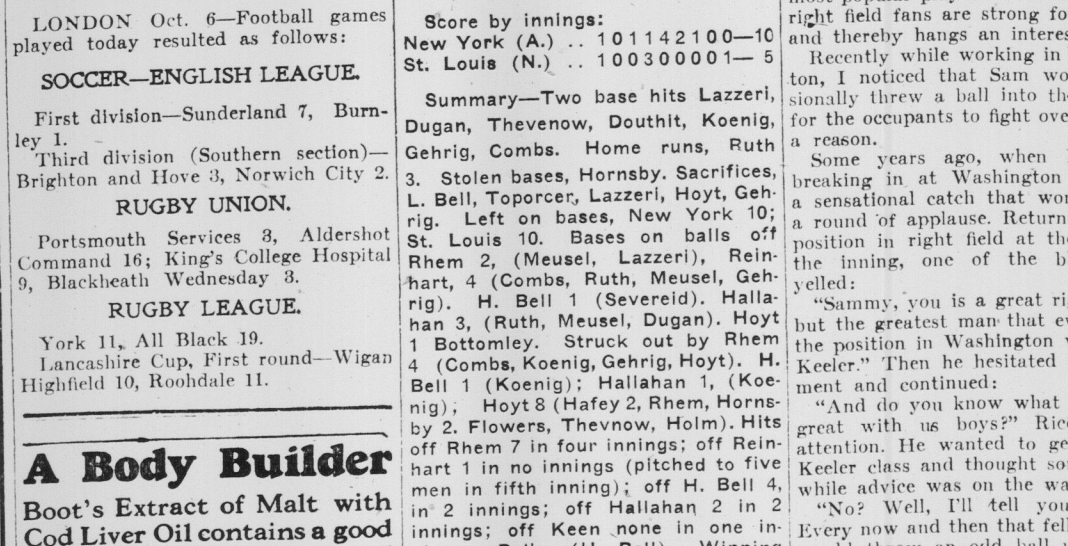

York 11, All Black 19. Lancashire Cup, First round—Wigan Highfield 10, Rochdale 11.

EXPROPRIATION PROCEEDINGS ARE UNDER WAY

Common Council Notified of Action Taken by C. N. R.

POETIC NAME FOR ROADWAY TO FALLS

Commissioner Frink Suggests That It Be Known as "Avoca" Avenue

Notice that expropriation proceedings had been begun in the taking of a part of Lombard street by the C. N. R. was before the Common Council this morning. Mayor White presided and all the members were present with the exception of Commissioner Bullock, who is ill at his home. The commissioner of finance and public affairs recommended payment of the following accounts: Treasury, \$849.66; public works, \$2,918.32; public safety, \$1,903.65; water and sewerage, \$2,880.74; harbors, ferries and public lands, \$871.15; and reported payments for September amounting to \$122,487.08. The report was adopted.

A communication stating that W. Alexander Noble had been elected a member of the corps was read, and on motion of Commissioner Harding a warrant was ordered issued to him.

The chairman of the Board of Assessors, wrote that James Leary, district commissioner for Stanley ward had completed his work for the year and was entitled to the balance of his remuneration, amounting to \$100. This amount was ordered paid to Mr. Leary.

EXPROPRIATION

The Common Clerk read a notice from the C. N. R. that a plan of the street to be expropriated in Lombard street had been filed with the registrar at Dorchester, N. B., and laid before the council a blue print of the land to be taken. The notice was filed and a copy of the blue print ordered to be given to the Commissioner of Public Works, in order that he might keep track of the work going on and protect the entrance from Southwark street to Lombard street.

On motion of Commissioner Wigmore, the lease of land at Little River to the Marine and Fisheries Department, used in connection with the fish hatchery, was renewed for a further term of five years on the present terms and conditions.

Commissioner Frink was appointed acting Commissioner of Harbors, Ferries and Public Lands.

On motion of Commissioner Frink, a bill of \$47.64 for work done on an old wharf, King street, West Saint John, was transferred to Wellington wharf account, there not having been any appropriation for the work.

A bill of \$248.87 from W. E. Emerson & Sons for repairs to water service pipe in the West Side toll house, was ordered paid.

AVOCA AVENUE

Commissioner Frink reported that he had been notified by J. Fraser Gregory that the deed of Prospect Point road would be handed over to the city in the very near future.

The commissioner said the street would have to be named, and he suggested "Avoca Avenue" for the street. A meeting of the water works committee of the river and harbor met at this point. He moved the name of the street be selected at the next meeting of the council. Carried.

On motion of Commissioner Harding he was given authority to purchase a car for the detective department at a net cost of \$815.

SEWER BLOCKED; STREET IS FLOODED

Trouble at Queen and Wentworth—Water Main Leaks in East Saint John

During the storm last evening the water and sewerage department crew were called out because of the blocking of a sewer at the corner of Queen and Wentworth streets, with a consequent flooding of the street. When the sewer was opened there was found a lot of material which never was intended to go through a sewer and this was responsible for the blockade.

Three leaks had developed in the 16 inch main in East Saint John, Commissioner Wigmore said, and crews are busy digging down to the source of the trouble. Tomorrow morning at 8 o'clock the water will be shut off and repairs made to all three at the one time.

Another fire hydrant fell a victim to motorists last night when one in Union Point Road, Fairville, was snapped off at the curb through being struck by an auto. Repairs were made today.

DIED THIS MORNING

The death of Mrs. Ellen Draper occurred early this morning at the General Hospital. She was the wife of John Draper of Mt. Pleasant avenue, East Saint John and is survived by her husband, three children, her mother and one brother. The funeral will be held Saturday afternoon at 2:30 service at the home at 2 o'clock.

GOES TO OSHAWA

William F. Triffo, son of Mrs. F. H. Triffo, 9 Coburg street, who has in the past been associated with the McLaughlin Motors, has been transferred to the General Motors Corporation, Ltd., at Oshawa, Ont. Mr. Triffo has many friends in the city who will extend their best wishes for his future success.

Hudson's Bay Men Coming To Saint John

Word has been received in the city that H. B. Sale, governor of the Hudson's Bay Company and George W. Wood, a director of the company and one of the best known business men in Winnipeg, are en route to Saint John but the date of their arrival is still uncertain.

COURT HEARING CASE OVER WOOD LAKE RIGHTS

Judge Grimmer Sitting at Trial of Action in Chancery

The case of Thomas E. Nugent, Ada H. Dolan and Charles P. Nugent vs. McEldon, J. A. Warnock, G. G. Murdoch and C. A. Owens, an action involving rights of parties with respect to the property on which the Wood Lake Fishing Club is situated in the parish of St. Martins, was commenced before Mr. Justice Grimmer in the Chancery Court this morning. Application was made by defendant's counsel for Mellish, of the action and argument was heard by the court on points of law. The court refused to dismiss the case, and the hearing of evidence was commenced this afternoon. C. P. Nugent being the first witness called by the plaintiff.

STATEMENT OF CASE

According to the plaintiff's contention, the lease of the property on which the fishing club is situated was originally obtained from the owner, the late Patrick H. Nugent, who had some difference of opinion with some of the lessees and declined to renew the lease. Dolan secured a ten-year lease of the premises, which was to expire on June 1, 1926, and in which there was a clause the effect that the owner, in lieu of granting a renewal, would pay \$500 for improvements.

Prior to the expiration of the lease, the property was granted by deed to M. R. Dolan, Thomas E. Nugent and Charles P. Nugent, who are present and owners refused to renew the lease by virtue of which the fishing club endeavored to secure a lease of the property.

The defendants maintained that the late Martin R. Dolan had held the lease as a trustee for the fishing club, and that this lease was still in effect.

Dr. F. R. Taylor, K.C., W. M. Ryan and A. B. Reid appeared for the plaintiff and Dr. W. B. Wallace, K.C., and G. H. V. Belyea, K.C., for the defendants.

GOOD REPORTS AT FAIRVILLE RALLY

United Church Activities Detailed at Meeting of Congregation Last Evening

Local News

NO ARRESTS

As no arrests were made yesterday or last night there was no business to come before the Police Court this morning.

ON UTILITIES BUSINESS

J. M. Trueman, chairman of the New Brunswick Board of Public Utilities, returned yesterday from Augusta, Me., where they had been attending a meeting of the Maine Utilities Board.

SPRAGG TO RACE

George Spragg, long distance runner, will take part in the Moncton Times road race on Saturday. He will then proceed to Halifax to participate in the Halifax Herald and Mail marathon.

ENGINEER RETIRES

Thomas McCollum, of Truro, C. N. R. locomotive engineer, has retired from active service owing to poor health. He is a native of North River, Colchester, and entered the service with the I. C. R. He is a prominent member of the Brotherhood of Locomotive Engineers.

WAS TAKEN IN CARE

Policeman Leard found a man wandering in Water street about 10:30 o'clock last night and took him to the Central Police Station where he gave him as Ralph Prescott, aged 35, born in Brownville, Me., but living with his uncle, Philip Lee, 69 Moore street of this city at present. The uncle was notified and said his nephew had been in hospital at Fredericton for two years. He took charge of him.

As Hiram Sees It

THE SETTLEMENT: The next thing we see at the town, the ghost of Sir Thomas Temple's men gain' up to make a fort at last an' 'ave vesets was adn' up' mouth of the Jimsag, an' down Long Reach with supplies an' furs—but it was only eight years till England made a treaty an' handud the hull territory back to France. Temple he held out for three years longer—but he had to give up at last an' 'ave vesets was adn' up' mouth of the Jimsag, an' down Long Reach with supplies an' furs—but it was only eight years till England made a treaty an' handud the hull territory back to France. Temple he held out for three years longer—but he had to give up at last an' 'ave vesets was adn' up' mouth of the Jimsag, an' down Long Reach with supplies an' furs—but it was only eight years till England made a treaty an' handud the hull territory back to France. Temple he held out for three years longer—but he had to give up at last an' 'ave vesets was adn' up' mouth of the Jimsag, an' down Long Reach with supplies an' furs—but it was only eight years till England made a treaty an' handud the hull territory back to France. Temple he held out for three years longer—but he had to give up at last an' 'ave vesets was adn' up' mouth of the Jimsag, an' down Long Reach with supplies an' furs—but it was only eight years till England made a treaty an' handud the hull territory back to France. Temple he held out for three years longer—but he had to give up at last an' 'ave vesets was adn' up' mouth of the Jimsag, an' down Long Reach with supplies an' furs—but it was only eight years till England made a treaty an' handud the hull territory back to France. Temple he held out for three years longer—but he had to give up at last an' 'ave vesets was adn' up' mouth of the Jimsag, an' down Long Reach with supplies an' furs—but it was only eight years till England made a treaty an' handud the hull territory back to France. Temple he held out for three years longer—but he had to give up at last an' 'ave vesets was adn' up' mouth of the Jimsag, an' down Long Reach with supplies an' furs—but it was only eight years till England made a treaty an' handud the hull territory back to France.
