Let The Winter Ports Serve Canada

THE key to the solution of the grain traffic situation is found by the Toronto Star in the use of Canadian ports, summer and winter, and in the right employment of the National Transcontinental.

WHILE Quebec is Canada's best summer port, according to the Star, it points out that Saint John is the winter port most readily accessible from the interior.

Manning Doherty Quits Farmers

Canadian Press. TORONTO, Ont., Nov. 27.—Manning W. Doherty, M. L. A. for East Kent, in a statement issued last night, announced that he had resigned from the Legislature.

In giving his reasons for retiring, Mr. Doherty stated: "The main purpose of the Farmers' Party having been accomplished, I feel in duty bound to give my support in Federal politics to the party whose pronouncements most clearly coincide with my ideas."

This, the statement sets forth, was the Conservative party.

Mr. Doherty, previous to his advent into Ontario politics, was for some years prominent in business and political life in Saint John and Sussex.

HON. M. W. DOHERTY.

ABOLITION OF BLOCKADE MUST FOLLOW, HE SAYS

Stresses Sanctity of Private Property on Seas

GIVES INTERVIEW

Strong For Disarmament If Applied To All Nations Alike

Copyright 1925 by United Press. BERLIN, Nov. 27.—The venerable Admiral Von Tirpitz, who advocated submarine war against Germany's enemies and developed the U-boat to its highest war efficiency, told the United Press today in an exclusive interview that he favored abolition of the submarine as a war weapon.

Asked for his opinion of this question in the light of England's renewed effort to have the "wasp of the sea" banished by international agreement, the Admiral declared this would be "desirable" although he attached a condition to his advocacy. The sanctity of private property on the "seven seas" he said conforms to an ancient principle of law.

Therefore, the abolition of submarines is extremely desirable, providing that subsequent abolition of the blockade follows a logical consequence.

Admiral Von Tirpitz told the United Press earlier in the year, apropos of discussion then underway suggesting that should President Coolidge take the initiative in another disarmament conference, that he would welcome such a step.

But then as now he qualified his statements (liberty unimpeded) saying: "The idea of disarmament is indeed the pre-supposition upon which Germany at the end of the war laid down her arms and concluded the armistice."

WELCOMES RESUMPTION. "Since this idea was then only applied against Germany through the Versailles Peace, while other states especially Germany's neighbors in Europe, continued to arm, Germany can only welcome the fact that the threads, broken since that time are again gathered up."

Von Tirpitz is prominent in the councils of the National party which has been fighting the Locarno safety pacts on the grounds that they perpetuate and confirm the Versailles Treaty which, they say, constantly flays Germany in chains.

Tirpitz is now a member of the Reichstag and active in all the movements of his group. His long white beard and stately form are landmarks in the German parliament.

CONSERVATIVES' LIST IS CUT TO 117 SEATS

Peace River Swings Over to Progressives in Final Count, Bringing Agrarian Strength to 24; Liberals Have 100, Other Groups 3.

Canadian Press. TORONTO, Nov. 27.—The announcement that D. M. Kennedy, Progressive, was elected in Peace River constituency, Alberta, has reduced the Conservative group in the Federal House to 117, and increased the Progressives to 24. Peace River had been placed in the Conservative column as a result of earlier reports.

The list given below is complete, except for the vacancy in Bagot, Quebec, owing to the death of the elected Liberal member, J. E. Marcell.

LATEST SUMMARY. The summary includes in the Liberal column J. E. A. Dubuc, the Independent Liberal elected in Chicoutimi, and J. E. Venturi, elected as an Independent Liberal in Prescott.

The summary:—

Table with columns: Province, Name, Party, Seats. Includes entries for P.E.I., N.B., N.S., Que., Ont., Man., Sask., Alta., B.C., Yukon.

2 SLAIN, 2 HURT; GANGSTER IS SOUGHT

Policemen Included Among Victims of Shooting in Chicago Tobacco Shop

Canadian Press. CHICAGO, Ill., Nov. 27.—Two men, one a policeman, were killed and two others, including a policeman, were wounded in a shooting affray in which one of four assailants was described by the wounded policeman as Martin Durkin, fugitive police slayer.

The policemen had been spending the last five nights in the shop. Shortly after midnight, while they were talking to five loungers in the shop, the quartet entered and the shooting began. It was thought the policeman had been assigned to the shop on a tip that Durkin might visit there.

James Carroll, policeman, and Ben Custer, a taxicab driver, were killed. James Henry, the other policeman, probably fatally wounded, and Gus Soidner, a lounge, slightly injured. Henry said Durkin was one of the men.

Bodies of Two N. S. Men Are Recovered

Canadian Press. DRUMHELLER, Alta., Nov. 27.—After nearly two weeks of digging through debris by gangs working day and night, the bodies of the three miners killed in an explosion in the Kirkpatrick shaft, were recovered last night. The bodies, J. McLane and L. Burke, will be shipped to Nova Scotia, for burial.

Five U. S. Colleges Oppose Lifting of Non-Smoking Law

Canadian Press. NEW YORK, Nov. 27.—Five Eastern colleges for women have gone on record as being opposed to following Bryn Mawr's action in permitting students to smoke, the New York Herald-Tribune says today. Utilities Board Denies J. K. Kelley's Application for Adjournment

VARIOUS INTERESTS
ARE HEARD TODAY

Matter of Bonds or Stocks Presented at Morning Session

The application of the New Brunswick Telephone Company for authority to issue \$300,000 of stock was considered this morning by the N. B. Board of Public Utilities and Judgment reserved. J. King Kelley, C. C. representing the Union of New Brunswick Municipalities, asked for an adjournment and when this was denied asked that the Board order that bonds be issued by the company in place of stock.

J. M. Trueman, chairman, presided. Messrs. T. C. Burpee and F. X. LeBlanc were present with the secretary, G. Earle Logan, Senator F. B. Black and O. J. Fraser were present in the interest of the company, in addition to the solicitor.

ASKS ADJOURNMENT. At the opening of the hearing, which was held in the government rooms, Mr. Kelley asked for a further adjournment to enable him to get more information and to present this information to the various municipalities in the province. He suggested the first of the new year as the time to resume the hearing.

A. N. Carter protested. The hearing had been advertised for a month and it was not fair to ask for further delay when those asking for it had made no effort to secure the information they now say they wanted. Mr. Midram, an impartial expert employed by the board, had made an investigation and found the request of the company a reasonable one and the company were entitled to a decision now.

E. S. Carter said he did not think the telephone subscribers could get the information to which they were entitled from a report filed on the day of the hearing, he said.

This report should be published and the people given time to digest it and see if they felt it would mean an increase in the rates.

NOT RATES CASE. Senator Black, president of the company, said this was not a rates case. Mr. Kelley said it would affect the rates and Mr. Black said it would not. It looked to him as though this rate matter was being dragged out to draw attention from the real and direct attention from the present application, which was merely asking for money to carry on the affairs of the company.

W. H. Harrison said he failed to see where Mr. Kelley had made out case for an adjournment. The report of Mr. Midram showed that the company had expended \$200,000 and they were only asking for authority to issue \$300,000 of stock. There had been a full month for any objectors to prepare their case and he could see no reason for delay.

Mr. Kelley said cases had been adjourned for less weighty reasons than he had given. It had been said that Mr. Midram was an impartial witness but he did not agree with that view. In his opinion the report was a prejudicial one and the present application, which was merely asking for money to carry on the affairs of the company, was a reasonable one.

CHAIRMAN INTERPOSES. Mr. Trueman said it seemed to him that it was the fitness of Mr. Midram that Mr. Kelley was questioning and this was a matter for the board, not the public. It did not seem to him that it was fair to ask for an adjournment for possible objection when the matter had been adjourned for a month. Here would not be any adjournment.

E. S. Carter said that if the stock was sold at the market price the company could realize the amount required by selling 40,000 shares of stock and the subscribers would only have to pay 8 per cent. on \$300,000 instead of \$300,000 and he could not conceive of the board allowing any such delay.

Senator Black said the company did not propose to issue more than \$140,000 of the stock at present, and as far as the premium to the stockholders was concerned, this was a common practice.

Mr. Harrison said he was supporting the petition to have the stock issued at par as only fair to the stockholders who had paid par when the stock was being sold at 85, and were restricted to a dividend of 8 per cent. The market value of the stock has been referred to, but it was the privilege of buying new issues at par which in large measure was responsible for this price.

E. S. Carter said the price of the stock today was due to the fact that from the money taken from the subscribers the company had built up a reserve of \$200,000.

REFERS TO LAW. C. F. Inches said he would like to say a few words on the law in the matter. According to the law all issues of stock in addition to the original must first be offered to the stockholders at par, and this principle had been applied in a number of judgments, notably that of Harris vs. Sumner, a New Brunswick case. He also quoted the case of Hatheway vs. the Telephone Company in support of this contention.

The chairman said this seemed to him to be the greatest obstacle to the board ordering the stock issued at more than par, as he felt the shareholders would

Local News

O. K. FOR SEA. The report of Diver Fred Doyle yesterday afternoon, after making a thorough examination of the steam trawler Lord Shaftesbury, which grounded on the Foul ground, showed that the vessel was entirely seaworthy. She is now bunkering for a fishing trip to the Grand Banks.

VAGRANT BUOY CAPTURED. The C. G. S. Dollard secured the drifting Northwest ledge, Brier Island buoy, yesterday afternoon, and is engaged in replacing it today. The captain of the Dollard reported to the local office of the Marine and Fisheries Department that he had visited the Southwest Ledge Cape Sable buoy, recently reported by an American tug as not burning, and found it functioning properly.

Power Commission's Presentation to be Begun Next Week

KRIBS' REPORT IS PUT IN EVIDENCE

Musquash and Grand Falls Figure — Comment by Judge on Question

The case for the Ingelwood Pulp and Paper Co., Ltd., against the N. B. Electric Power Commission for land and damages by reason of the hydro-electric development at Musquash is expected to be practically completed tomorrow and the commission's defence will probably begin next week before Mr. Justice LeBlanc.

TWO WITNESSES. This morning only two witnesses were on the stand, Gordon Kribs, electrical engineer of the N. B. Electric Power Commission, and Robert O. Sweeney.

YESTERDAY AFTERNOON. R. O. Sweeney, of Montreal, president of the New Brunswick Electric Power and Paper Company claim before Judge A. T. LeBlanc here yesterday, said he would have had no hesitation in recommending to a client interested in hydro-electric development, the purchase of the land in question for between \$600,000 and \$700,000.

Judge LeBlanc recalled L. B. Knight, one time owner of the Ingelwood property who sold it for \$100,000. He was asked regarding timber value and said he had understood there was about 30,000 million feet of lumber, as well as about 10 cords of pulpwood to the acre. The lumber standing was worth about \$3 a thousand and the pulpwood was worth about \$1 a cord, he said.

MR. SWEENEY TESTIFIES. Mr. Sweeney, called by the Ingelwood attorneys, testified that he had come to Saint John about 12 years ago, to make negotiations in regard to the purchase of the Saint John Railway Company. One of the objections of equal appeal to him was the lack of water power and he, after making some preliminary surveys, had fixed on the Musquash, the Lepreau and the Musquash as possible sources of power.

He told some instances of growth of land prices in twenty-year periods, and stated that the land at the site at Chute de Caron, which sold for \$3,000 in 1880, but which was bought by an American company recently for \$200,000.

Referring to the Ingelwood property, he said that, properly advertised for a year to give time for a survey, it would have found a ready market. It was only fourteen miles from a settled population and had the added advantage of having the storage ponds near power house.

His estimate that an annual profit of \$10,000 could be made and, in recommending it to a client, would take 60 per cent of that figure, about \$6,000, as a basis. Thus, if recommending the project to a client, he would advise the payment of between \$600,000 and \$700,000 for the site.

THIS MORNING. Continuing the examination of Gordon Kribs, chief electrical engineer of the New Brunswick Electric Power Commission, called by the Ingelwood Company, a report made by Mr. Kribs in 1922 on the Musquash development was placed in evidence.

The witness was asked regarding a proposed connection with the Ingelwood and the Nashwaak Pulp and Paper Co., Ltd., and said he thought there was one.

Dr. Taylor asked counsel to produce the contract, and Mr. Lewin promised that if there was such a contract it would be produced.

The witness said he could not give any information regarding the Grand Falls development. This completed Mr. Kribs' testimony. No cross-examination was made.

Robert Sweeney, Montreal, investment bond dealer, recalled, gave details regarding financial arrangements of the Musquash development. He reported on the Musquash watershed by the forest survey of the Provincial Department of Lands and Mines made in 1921 to the Power Commission was placed in evidence here.

To Mr. Hughes, the witness said he had been employed with the Royal Securities Corporation as investigating expert.

FAILURE QUESTION PROTESTED. "How many cases you investigated were failures?" asked Mr. Hughes. Opposing counsel strongly objected to this, but were over-ruled.

The witness replied there were the Riordan, the Whalen and Metogam. He added that the corporation and he disagreed on these three cases, and he resigned from the corporation.

The witness said he first took up the Ingelwood investigation about the latter part of October, 1923. He said he had had some connection with the Musquash in 1918 but the outbreak of war held up things.

Asked by Mr. Hughes as to his knowledge of the Chute de Caron development and his source of information for the evidence given at yesterday's session, he said he had some information on the ground that it would be revealing professional secrets.

Mr. Hughes remarked that no claim was made of this yesterday and that he could see no objection to giving this. Mr. Montgomery argued that it was rather dangerous practice making a witness reveal professional secrets.

GRAND FALLS. Witness said he did by reason of his connection with a pulp and paper company. He said he investigated the Grand Falls power site in 1920 for the Royal Securities Corporation and Fraser, Ltd., and the conclusion he had come to was that it was best for a private corporation to let it alone for the time being, yet all who were working for the comfort of the soldiers, for the wounded, and the bereaved, knew that in the Queen Mother they had one who they ever count on as their friend. Alexandra Rose Day remains as an annual reminder of her charity.

Few of us have any idea of all that the war meant to the members of the royal family. Yet we know something of what our King went through and we know that his royal mother had

make sure that such information was personal knowledge and not just what the witness had heard.

The question was pressed and the witness replied that it was through one of the boys.

"Then you know just what an agent of the bank told you," asked Mr. Hughes.

Witness demurred again.

"Do you consider this personal information?" asked Mr. Hughes.

Witness replied "Yes."

"Did you investigate the Chute de Caron?" Mr. Hughes asked.

GRAND FALLS. Witness said he did by reason of his connection with a pulp and paper company. He said he investigated the Grand Falls power site in 1920 for the Royal Securities Corporation and Fraser, Ltd., and the conclusion he had come to was that it was best for a private corporation to let it alone for the time being, yet all who were working for the comfort of the soldiers, for the wounded, and the bereaved, knew that in the Queen Mother they had one who they ever count on as their friend. WILL BE WELCOMED
AT DEPOT BY SCOUTS

Dr. J. W. Robertson is to Arrive Here at 1.50 p. m. Saturday

Dr. James W. Robertson, chief commissioner Boy Scouts of Canada, will arrive in the city from Halifax at 1.50 p. m. tomorrow, and will be met at the depot by the Scout leaders and Scouts of the city.

On Tuesday evening Dr. Robertson will address a gathering of Scouts, Cubs and citizens in St. Vincent's auditorium, where a display of scouting trophies will be carried out, and a silver cross for life saving will be presented to Scout Harry Jones of No. 6 Edith Ave. Troop. Tomorrow morning the contents of the city will display literature in the interests of the Anti-Tuberculosis Society.

Last Chance Now For
Around World Tickets

City Cornet Band Fair in St. Malachi's Hall Will Close Tomorrow Night.

Tonight and tomorrow night last chances to visit City Cornet Band Fair. World tickets left. Big drawing next week. First prize \$500; second \$250; third \$150, etc. etc.—a total of \$12,000. Someone will win a nice Christmas present. If you have not, as yet, purchased your Around the World tickets today or tomorrow will be your last chance. Every admission ticket to fair gives chance on \$25 door prize.

TRINITY CHURCH
IS THROUGH

Vancouver and Hong Kong, loyal citizens have assembled just as we have done.

"We know that in little Denmark today there is deep mourning, for our Queen Mother was the fairest of her princesses. And we are conscious that in every part of the world where English hearts are honored, there are gathered together men and women to show their sympathy with our King in the hour of his bereavement.

"The thoughts of all these gatherings are centred in Westminster, and all are present in spirit at the solemn scene which is being enacted within the history of the world. The Queen Alexandra was ever a lover of dogs. We think of her on many a Sunday afternoon going the rounds of the park. Stables, kennels, home-farm and garden, each are visited in turn. Or we follow her on many a week-day afternoon in and out of the cottages on the estate."

AMONG THE PEOPLE. "Bravely she admires the latest baby and most sympathetically does she inquire after the old folks' rheumatics. She walks to the technical school. She herself had founded it in order that the daughters of the tenants might have a change to develop their talents with which nature had endowed them. And she will proudly show you their needlework or their painting. In the distance we see the hospital erected by their Majesties, on the road to Lynn."

SIMPLICITY OF ROYALTY. "As we come away from this corner of England, we are struck, not with the grandeur of royalty, but with its simplicity. A Queen may impress us with the magnificence of kings, but Sandringham inspires us with their common concern for their subjects. In this quiet Norfolk cottage, where a millionaire trying to impress his fellows with the immensity of his finances, but an Englishman and his lady, both sincerely and nobly endeavoring to realize to the full the meaning of the princely motto, 'I Serve'."

"May it be ours to take this royal motto, so nobly exemplified by this gracious lady, as our inspiration and our guide. "May God grant her the rest and peace which He has for all His servants. "And may He comfort our King and his family in their irreparable loss."

SALUTE OF GUNS. The salute of guns was given with a section of 12 pounders brought from the Army to King's street east. The section of Medium Batteries of the 3rd New Brunswick Heavy Brigade Artillery was in charge of the firing and the detachment numbered 14 N.C.O.'s and 100 privates. The guns fired at one-minute intervals the whole salute occupying 44 minutes. The officers in charge of the artillery section were Capt. J. A. Dodge and Capt. E. S. Bridges.

IN DAYS OF WAR

"But it is as Queen that we shall like most to think of her. Ever manifesting a keen interest in all her friends, she was the poor and the unfortunate found abundant outlet through all the dark days of the war. Although it no longer fell to her to take the lead in going down to history as one of the most splendid in our annals. And while King Edward nobly deserves the title 'The Peace-maker,' he himself would be the first to insist that her full share of the credit be given to his royal consort, Alexandra."

Mr. Hughes remarked that no claim was made of this yesterday and that he could see no objection to giving this. Mr. Montgomery argued that it was rather dangerous practice making a witness reveal professional secrets.

GRAND FALLS. Witness said he did by reason of his connection with a pulp and paper company. He said he investigated the Grand Falls power site in 1920 for the Royal Securities Corporation and Fraser, Ltd., and the conclusion he had come to was that it was best for a private corporation to let it alone for the time being, yet all who were working for the comfort of the soldiers, for the wounded, and the bereaved, knew that in the Queen Mother they had one who they ever count on as their friend. Alexandra Rose Day remains as an annual reminder of her charity.

Few of us have any idea of all that the war meant to the members of the royal family. Yet we know something of what our King went through and we know that his royal mother had

City of Owen Sound Finances Construction of Elevator

Former Saint John Man Lauded For Work as Engineer in Charge; 1,000,000 Bushel Plant Costs \$450,000

OWEN SOUND, Ont., recently put into operation a new 1,000,000 bushel grain elevator, which was erected as a civic project, the city financing the construction.

On the occasion of the arrival of the first steamer load of grain to the new elevator, the Daily Sun-Times, of Owen Sound, published a special edition in which several fine photographs of buildings were shown, as well as pictures of the men connected with its construction.

concerned. His responsibilities were by no means light, but he was fair and impartial. He protected the interest of the city and company at all times.

A CIVIC PROJECT. When Owen Sound's two elevators were destroyed by fire in 1911, it cut that lake port off the grain route from the east through to the west.

Mr. Jennings, under which are the lines: "M. W. Jennings, who was the supervising engineer acting for C. D. Howe & Co., during the construction of the elevator. Mr. Jennings was the right man in the right place. His work has been eminently satisfactory to all

had the contract for the work, used a new process of cement construction in the placing of the 26 circular bins, each 24 feet in diameter and 96 feet high.

The forms for the concrete were placed on electric power jacks which lifted the forms an inch at a time, as the concrete was poured. Four bins were poured at a time, but the concrete covering on the entire 26 bins was completed in 12 1/2 days actual working time, which is considered exceptionally fast time.

Another departure from the usual form of construction was in the placing of the foundations supporting the bins, these being square walls placed in diamond shape, the first time that this form was used. It is calculated that the new plan will tend to make for greater strength. The whole structure is supported on 2,600 piles driven to a distance of forty feet.

Mr. Jennings, who took a prominent part in the construction work, is a native of Saint John, a son of Mr. C. N. R., before resigning a few years ago to take over his present position.

The Evening Times-Star

The Evening Times-Star is printed at 25-27 Canterbury street every evening (Sunday excepted) by New Brunswick Publishing Co., Ltd., J. D. McKenna, President.

SAINT JOHN, N. B., NOVEMBER 27, 1925.

WHAT WILL MR. FORKE DO?

Mr. Howard Angus Kennedy, a well-known western writer, recently paid a visit to Mr. Robert Forke, the Progressive leader, at his farm in Pipestone, Md. while Mr. Forke gave an interview for publication, Mr. Kennedy has written an interesting article speculating as to what the Progressives may do at Ottawa, and suggesting that one of their efforts will be to force early and effective action in the matter of immigration.

At the same time undergone a process of improvement and beautification which in a measure has brought to realization Sir Wilfrid Laurier's dream of making it "the Washington of the North."

George Bernard Shaw pictures conditions in "an idealistic Socialist state." There would be four hours work, eight hours sleep, and four hours for drinking, dressing, undressing, and a little resting. That would leave eight hours for leisure. The most essential, says Mr. Shaw, is that "everybody must have the same income; for a person to get a penny more or less than his fellows would be a crime." But, why the four hours of work?

Just Fun

COMPENSATION "I LOVE the beautiful colors of this park." "That's a good thing for you. The bench you are sitting on has just been painted."

IT'S SO "WELL, Dolly, how do you like my new sweater?" "You shouldn't say sweater, uncle, you should say perspirator."—Passing Show.

NO PROGRESS MOTHER: "What did you learn at Sunday school today?" Betty: "Not much. We're still having the same God."

EARLY SLANG HISTORY TEACHER: "And what did Hero say to Leander after he swam the Hellespont?" The Kid: "You're all wet."—Life.

STUMPED EMPLOYER: "What are Mr. Firp's initials?" Stenographer: "C. L. F., Jr." Employer: "I don't want Junior's initials—I want Senior's."—Life.

EITHER ART GALLERY ATTENDANT: "This picture is labeled 'Ready for the Bath,' shouldn't it be 'Ready for the Ball?'" Official (giving it the once over): "I'll lay it aside and I'll confer with the artist."

STUMBLING AN OFFICER was showing an old lady over the battleship. Pointing to an inscribed plate, he said, "And this is where our gallant captain fell." "No wonder," she replied, "I nearly slipped on it myself."—Georgia Cracker.

AS USUAL HUBBY: "I have finished my memory course and they have given me a diploma." Wife: "Where is it?" Hubby: "Good gracious, I must have forgotten to take it."

Speaking of Hard-Boiled Eggs

The Best of Advice

BY CLARK KINNAIRD QUOTATION FOR A BOY ARRIVING AT THE AGE OF COMPREHENSION.

FROM one who signs herself "Hopeful Mother" comes a letter: "I have a boy who is just reaching what you might call the Age of Comprehension. I'm going to give him a copy-book for Christmas and encourage him to keep in it the thoughts, quotations, etc., that impress him. I'd like for you to suggest something for me to write upon the first page."

ONE: Talk about women, look at that woman crossing the street. "A rag, a bone, and a bank of hair" is right. Painted face, bare knees, boyish hair. Women are immodest and positively sloppy! And you can see right through her.

SOME HUSBANDS can pay their wives as good as they are. WE know a man that has been married ten years and doesn't look a day older than he did the day he was married; he looks twenty years older.

Odds and Ends

When Ganna Sings (Vancouver Sun.) Garbed like the peacock in lustrous silk and tortoise shell, Ganna Walska, wife of the millionaire Harold McCormick, came to dress rehearsal with the San Carlo Grand Opera Company in New York.

And still she cannot sing. But she has temperament. She can rave, storm, argue and be as temperamental as any artist on earth.

She is a good illustration of the maxim that the beauty of the shell does not guarantee the excellence of cocoon.

"He Stood on the Outside Edge"— (Chicago Journal of Commerce.) It is an experience common to inventors that befell Jean A. LeRoy, a New York machinist, who invented the motion picture projector in 1894.

Perhaps in such an advanced society all invention would be open to the public, provided equitable royalties were paid to the inventor by those who chose to manufacture and distribute commodities and utilities which the inventor had made possible.

CITIES AND DEBTS.

It was recently announced that the city of Toronto had reduced its debt materially during the last year, an accomplishment likely to create envy in most Canadian cities, where the tendency is toward constant debt increase and heavy taxation.

The gross debt, which was a little more than \$6,000,000 twenty-two years ago, has grown to \$24,713,000. The Ottawa Journal says that in the last two decades "the city has leaped ahead in respect of public services, and has

the value of this speculation will soon be tested in the House of Commons. Meantime, doubtless speculators as a result of the Winnipeg conference, where the need for immigration was very strongly emphasized, there are rumblings from Ottawa as to proposed government action. It is intimated that the Government is getting ready to propose "a large expenditure of effort and money to multiply many times the number of settlers" from other countries, provided the administration can continue in power with the aid of the Progressives. Conservative plans as a test of strength in the House have not been disclosed, but perhaps, as Mr. Kennedy suggests, they will propose a resolution which it will be difficult for the Progressives to oppose.

Indeed, Conservative notice of motion regarding rural credits indicates one step at least in the direction of inviting Progressive support of legislation to which Mr. Forke and his followers are already committed.

SUNSHINE SPELLES

To quench your thirst When your throat's plum dry, A pint of clean milk Beats a pint of bum eye.

When you double your ration you double your chin.

The best way to treat a cold is gently but firmly—in bed.

For better health, discard the Turkish rug, the Turkish duster and the Turkish cigarette.

And lots of good people Have never yet learned That trash is unsightly And ought to be burned.

Too many straight flushes after sundown make hectic flushes after sun-up.

To supply healthful humanity in the average stove-heated house, about one-half gallon of water per hour should be evaporated.

Often a headache is the direct result of being over fed and under worked.

'Twas just a scratch—a simple thing, A dressing was neglected; But when the scratch began to sting We knew it was infected.

Dustless sweeping and a current of clean, fresh air are our most effective weapons against pneumonia.

Dust particles are the steeds of microbes. When you stir the dust you spur the steed.

W. L. McFARLANE SUCCEEDS HAWTHORNE AS PROHIBITION CHIEF; ALLIANCE APPROVES

Murchie and O'Leary Take Place of Tweeddale and McGuire on New Brunswick Board; Ingraham Given Office Under Motor Vehicles Act

LIQUOR COMMISSION IS REPORTED ON

\$257,940.36 Merchandise in Government Storehouse at Fredericton; Removal to Saint John Would Save Money on Freight; Stock Termed Poorly-Balanced

W. L. McFARLANE, Naskwaasis, has been appointed Chief Prohibition Inspector in place of John B. Hawthorne, resigned, by the Provincial Government, according to an official announcement yesterday by Hon. L. P. D. Tilley, K. C., President of the Council.

Other appointments by the Government were announced yesterday by Hon. Mr. Tilley as follows: To be members of the Liquor Commission for New Brunswick in place of Hon. J. Fletcher Tweeddale, resigned, and Martin McGuire, Frederick C. Murchie, St. Stephen, Arthur E. O'Leary, Richibucto.

To be inspectors of the Motor Vehicles Act in place of W. H. McGuire, resigned: George L. Ingraham, Saint John.

TO REVISE STATUTES. To be commissioners for revision of statutes in place of Narcis Landry and James B. Dever, both dismissed for cause: E. Rene Richard, barrister, Newville, N. B.

John A. Creaghan, barrister, Newcastle, N. B. Hon. Wendell P. Jones, K.C., Woodstock, is chairman of the Commission and Kenneth E. MacLellan, Saint John, secretary.

As a committee to administer the act of the Provincial Government, the Government appointed Major Scott, president of the New Brunswick command of the G. W. V. A.; Major H. Brunswick, G. W. V. A.; and Lieutenant Alexander McMillan, D.S.O.

LIQUOR REPORT. Hon. Mr. Tilley said that shortly after the Provincial Government took over office, it was decided to make an investigation of the affairs of the Provincial Liquor Commission and for this purpose, Richard E. Sullivan, Saint John, was appointed to secure the necessary help and submit a report on same to the Provincial Government.

This report shows that the gross value of merchandise in the Government warehouse at Fredericton is \$257,940.36; that the assortment is poorly balanced and lacking in a marked degree the necessary higher brands; and that there is an overstock of domestic brands. The report says that loss sustained in extra freight by transporting goods from tidewater to the capital would be over \$7,000.

TEXT OF REPORT. The report in detail is as follows: "Hon. L. P. D. Tilley, President of the Executive Council, Fredericton, N. B. "On Sept. 27, I was in receipt of an order: "That Richard Sullivan, of the City of Saint John, be appointed to take an inventory of all the liquors in the Government warehouse with authority to examine the books of the Liquor Commission and power to employ whatever assistance he shall deem necessary.

"Pursuant with the above instructions I proceeded to Fredericton, complete such inventory, and associated with me were Mr. W. L. Williams, a gentleman of large experience in the wholesale liquor trade, and Mr. E. J. Carleton, an expert accountant, who is thoroughly familiar with the business.

"We enclose statements in detail of every description in connection with the taking of the inventory of all stock of liquor in the Government warehouse at Fredericton, N. B. "No. 1 and 2 shows the value of goods in bond \$165,167.87. "While sheets 3, 4, 5 and 6 show value of goods duty paid \$2,772.99.

"Gross value of merchandise in Government warehouse \$257,940.36. "A perusal of the inventory shows close that the assortment is poorly balanced and lacking to a marked degree the necessary higher class brands. We also find an overstock of domestic brands which we feel the commission are forcing on the public as a substitute for the regular standard brands known the world over.

MELCHERS GIN ON HAND. "You will observe on sheet No. 2 that we found on hand 1,679 cases of Melchers gin, despite the fact the commission gave an order for 5,000 additional on May 21, 1925, equal to eight or nine carloads. "We recommend that at no time a larger quantity of Melchers gin than one carload, say 600 cases, be purchased for the reason that these goods can be shipped and arrive at destination in four or five days from time of shipment.

"All of the above went to vendors in Madawaska county, the County of Restigouche, Gloucester and Victoria counties. Why allow this amount of money to leave our province? MORE INSURANCE. "On sheet No. 19 shows insurance on stock \$197,000 against a merchandise value of \$257,940.36. We would recommend that the amount be increased. "We would recommend that after some fixed date the commission cease selling draught liquors except wine and alcohol for the reason that compound and blending is practiced so that all bottled goods have a special label attached or fixed by the commission as a guarantee of quality and as a preventive against smuggled goods. Our impression is that smuggling is extensively carried on and is seriously affecting the revenue of the province and every effort should be made to have this illegal business stamped out.

"In order to reduce the large stock of case goods now on hand, we recommend that the next six months no more goods be purchased than the necessary standard brands. "In view of the large investment in this department and the necessity of keeping close watch on a carefully selected stock and avoid the accumulation of undesirable brands, greenery, we would be glad to advise not to delay in giving effect to your selection on the Board of Commissioners of a man of practical experience, whose judgment and having the requisite technical knowledge and thus avoid a repetition of conditions as they exist today.

"Respectfully submitted, "RICHARD SULLIVAN, (Sgt.) "WM. L. WILLIAMS, "EDW. J. CARLETON."

G. P. H. Alumnae Enjoy Function Social Event, in the Form of Dinner and Bridge, Held

The General Public Hospital Alumnae held a very enjoyable social function which took the form of a dinner and bridge at the Admiral Beatty Hotel last evening.

The members of the 1925 graduating class were the honor guests. They are Miss Ina Wetmore, Miss Anna V. Flynn, Mrs. Grace Lewin (nee Flagler), Marcelle E. Purdy (Mrs. Egan), Miss Betty A. Barker, Miss Alice B. Logan and Miss Hilda V. Harris.

A clever arrangement of the several salons was provided by the hotel management, which greatly facilitated the handling of the large number of guests. Salons A, B and C were converted into a spacious dining room, where dinner was enjoyed. The table was centered with a vase of beautiful chrysanthemums and smaller vases containing similar flowers entwined with greenery.

The toast was given by Mrs. Burnham and responded to by Miss Betty Barker and the toast to the alumnae, proposed by Miss Maud Retallick, responded to by Miss E. J. Mitchell, honorary president. A musical program was also enjoyed.

Sir Ernest Cassel's Start. (Argonaut) Sir Ernest Cassel, the financier, came to London when still a boy, and entered the banking house of Baring Brothers & Co. in a significant capacity. Here he soon gave evidence of extraordinary ability and he advanced rapidly. One day the house was confronted with a difficult situation, the handling of which presented seemingly insuperable obstacles to all.

Young Cassel calmly replied, "I suppose you mean \$200." Whereupon everyone looked with astonishment at everyone else, but Mr. Bischoffshelm retorted just as calmly and promptly, "Yes, sir."

Eugene Field's House. The little tin soldiers covered with rust with which little Boy Blue once played, soon were blown away to Chicago, says a Chicago dispatch. For the house that once rang with Boy Blue's laughter will be torn down.

For many years the widow of Eugene Field refused to sell the house on Chicago's north side, where the poet wrote the lines that made him famous, hoping that it would be preserved as a memorial. She kept his study as he left it. But nothing came of the memorial plan and most of the mementoes have been turned over to the historical society.

The widow has kept only a pair of little Boy Blue's baby shoes and a toy horse as she vacates the house, which will be supplanted by an apartment building.

"Beastly Rich." (Chicago Journal of Commerce) Bishop Wilbur P. Thirkfield of Chattanooga, Tenn., sounds the old pessimistic warning. America is "beastly rich" and is turning toward the path down which Rome staggered to her doom.

Wrong! America is not "beastly rich." There is nothing beastly about possession of radio sets and automobiles. There is nothing beastly in the fact that a farmer's wife may have a few comforts of life and need not drudge herself into an early grave. And as for Rome staggering to her doom, Rome flourished for 1,200 years. After she gained wealth and power, she lived for full 600 years before signs of crumbling set in.

That was a pretty good record. No other nation has matched it. If we stagger along as Rome has done, we have a few thousand more years ahead of us. Why worry? Books, like proverbs, receive their value from the stamp and esteem of ages through which they have passed.—Sir William Temple.

Deaths

Miss Matilda Tays The death occurred on Nov. 18 of Miss Matilda Tays, after a lengthy illness, at the age of 86 years.

The funeral was held from the home of her brother, Gilbert, of Passesque. The deceased is survived by three brothers, Hiram, of Salt Springs; Gilbert, of Passesque, and John, of Hillsdale.

The funeral service was conducted by Rev. G. A. Ross, of Hampton, at the home, and at the United church at Salina. The body was then laid to rest in the family lot at Titusville cemetery. Her four nephews, Gordon, Roy, Howard and Horace Tays acted as pallbearers.

Mrs. Mary J. Norris Many friends will learn with regret of the death of Mary J. Norris, wife of the late Robert H. Norris, which occurred at the General Public Hospital yesterday. Deceased had been ill for several weeks and news of her death will cause sincere regret.

She leaves two sons, Ernest and Harry L., one sister, Mrs. Benjamin Knowles, of Saint John, and one brother, Hiram Kerr, of Vancouver. The funeral arrangements have been made for Sunday afternoon at 2:30 o'clock from her late residence, 480

Winslow street, West Saint John, services being at 2 o'clock.

Rev. J. R. Hopkins ANDOVER, Nov. 26.—Word has been received here of the death last night in Toronto of Rev. J. R. Hopkins, affectionately known as "Parson Hopkins" to the people of Victoria county where he was formerly rector in several parishes. He spent the greater part of his ministry on the Tobique and several churches were established under his supervision.

His last charge was at Andover where he ministered until forced by ill-health to give up his work. For several years he had been in the Home For Incubables in Toronto. He is survived by one daughter, Mrs. Douglas Burns, of Welland, Ont., who will arrive here Friday with the body. The funeral will be held from Trinity church. The body will rest beside that of his only son, Raymond, who died several years ago.

Parson Hopkins, who was a Welshman by birth, came to this country in 1857. He was a man of attractive personality which endeared him to everyone and he will be kindly remembered by many friends throughout the province.

Mrs. F. Robichaud RICHIBUCTO, Nov. 26.—Mrs. Robichaud, widow of Frank Robichaud, of St. Louis, seven miles from here, died Saturday, Nov. 21, at the home of her son, Desiré Robichaud, Richibucto. She was ill only a short time and was 92 years of age. She is survived by six sons and two daughters. The funeral took place Monday morning at St. Louis, where interment was made.

Weddings

Garland-Watson. In Centenary church last night Rev. R. G. Fulton united in marriage Miss Ruth Mary Watson, of Fitchburg, Mass., and Alfred Garland, of Saint John. The bride looked charming in a dress of fawn georgic with silver trimmings. She wore hat shoes and stockings to match and carried a bouquet of American beauty roses. She was given in marriage by John O. Cray, foreman of the Energy Electric Company, where the bride was employed. Miss Helen Doyle as bridesmaid was beautifully gowned in a dress of American rose satin trimmed with fur, with hat to match. She carried a bouquet of pink carnations. Ernest Seby was the best man. The bride and groom received many beautiful presents of cut glass and silver from relatives and friends. They will reside at 88 St. James street, Saint John.

NOBEL PRIZE AWARD. UPSALA, Sweden, Nov. 26.—A Nobel Prize in physics, it is rumored here, is about to be awarded to Prof. Manne Siegham of Upsala University, who last winter made a lecture tour of several American colleges and technical schools.

Blinded By Storm Falls Into Drop Pit MONCTON, Nov. 26.—Dennie Leeger, of Scoudouc, a C. N. R. fireman, was injured today at the round house when a shunting engine came through the building letting off steam which obscured his vision. He fell into a drop pit a distance of about 15 feet.

Inverness News Editor Vanishes

INVERNESS, N. S., Nov. 26.—R. C. Hamilton, editor of the Inverness News, mysteriously disappeared from his home here shortly before noon a week ago today and has not been heard of since, despite organized efforts to ascertain his whereabouts.

An appeal has been made to the Attorney-General's Department to assist in the search with the result that a provincial officer is expected to arrive here tomorrow. The missing man was reported to have been dependent over financial matters.

All These On Business. A man slipped on a banana peel and executed a funny fall, not being hurt. It turned out, says the Wall Street Journal, but having his dignity somewhat ruffled. When he recovered a moment later a friend was holding his hat and a number of people had formed a circle.

"What do these idlers want?" he snarled. "They are not idlers," explained his friend, soothingly. "Here's a doctor who wants to look you over, a lawyer ready to bring suit for you, and a producer of comic films who would like to sign you up."

The term "gob" for a sailor in the American navy came into use about 1912. Want a Cook? Use the want ad page.

The Difference Between Work and Play is Only Our Attitude. Toward It, and Women Will Not Be Truly Happy Until They Realize That Work is an Equal Blessing for Both Sexes.

WHY are women so unwilling to pay their way through life by working? It isn't because they are lazy. Very few women really enjoy idleness. Most women are just sloshing over with nervous energy. They are always doing something, and they put forth an amount of energy in amusing themselves that would leave a coal heaver prostrated with fatigue. But they seem to have a constitutional aversion to being usefully employed.

Women have coined a phrase to express their aversion of labor. They always refer to the woman who does real work as a "poor working girl" and every mother whose daughter goes downtown of a morning to stand behind a counter instead of before it "poor Mamie" or "poor Sadie."

The woman who has to earn her own bread and butter regards herself as a martyr, and almost every wife and mother who does her own cooking sheds barrels of tears of self-pity over her sad lot, for somehow the idea has become ingrained in the feminine consciousness that every woman has a hereditary right to be a leader, with nothing to do but sit on a silk cushion and sew a fine seam and feed upon strawberries, sugar and cream.

Of course, not many women achieve this holy heaven. Most women in these days of the high cost of living are compelled to turn their hands to useful labor, but their fixed belief that work is a curse that was pronounced against Adam, and not upon Eve, colors their whole attitude toward it. It makes them dissatisfied and peevish and fretful and complaining. It blights their ambitions. It robs them of the joy of craftsmanship, that which there is no keener happiness. They take no pride in their work. They are just furiously angry about having to do it.

The idea that it is a hardship for a woman to have to work and that some one else should furnish her a free pass through life is the greatest handicap that the business girl has. It keeps her from settling down to her job and trying to master it. She is always expecting to marry and get her marital ticket at the altar instead of earning it herself. It is only after a woman gives up the husband hunt and abandons hope of ever getting any one else to do her work that she begins to live. Living rejoices when her son gets his first job, for her that she becomes one of the invaluable private secretaries, or buyers, or saleswomen, who are worth their weight in gold to their employers.

NOR is the domestic woman any more reconciled to having to work than the business woman. The average mother does labor long and hard and faithfully for her family, but in the great majority of cases she does it to the accompaniment of groans and moans.

Listen in on any ordinary group of women and you will find them holding a lodge of sorrow over having to do all the work necessary to keep their families comfortable. They feel themselves ill-used because fate has compelled them to do some worth-while work in the world instead of permitting them to be parasites.

Yet the very woman who beats upon her breast and laments because she has to hold up her end of the domestic partnership would be filled with disgust if her husband laid down on his back and whined about how hard he had to work to make the money to pay the rent and buy the food and clothes for his wife and children.

And the very mother who so bitterly resents her daughter's leaving to earn her living rejoices when her son gets his first job, for her that she becomes one of the invaluable private secretaries, or buyers, or saleswomen, who are worth their weight in gold to their employers.

WOMEN realize the value of work for men and they have a sovereign contempt for the man who is a dead beat or who is a lazy, purposeless, shiftless loafer. And why they cannot realize that work is just as necessary and just as much of a blessing to one sex as the other is past comprehension.

When they do appreciate this great truth, it will do more to promote their happiness than any other thing. It will set a new sun in their heavens and turn their lamentations into rejoicings, for then they will go gladly to the labor to which they are now scourged by circumstance.

The difference between work and play is only our attitude toward it, and when women reach the point of enlightenment when they can see the dignity of working, their passage through life is instead of trying to graft it they will find that darning socks is just as much fun as endeavoring to make a monogram on dollies and that it is no more exhausting to push a perambulator than it is to follow a golf ball.

THEN the business woman will have a new pride, the pride of being able to stand alone on her own feet, the pride of independence and the pride of work well done, and she will have the pay that comes inevitably as the reward of good work.

Then the housewife will sing at her work instead of sobbing over it, for she will realize that in making a comfortable home for her family and raising up fine children she is doing her part in building up her country and carrying on the uplift of the world.

Then women can look life and death unflinchingly in the face, for to have done faithfully and well your allotted share of work in the world is the only excuse that any of us can give for having lived.

A Novel & Safe Way of Dealing With COUGHS & COLDS.

THERE is no safer treatment for colds, chills, sore throats and bad coughs than to take a few Peps tablets. Peps soothe the tender throat and air-tubes and remove mischievous germs. They keep the delicate respiratory organs healthy and protect chest and lungs from harm in this trying wintry weather.

Sealed up in every Peps tablet are powerful medicinal fumes which are carried with the breath straight into chest and lungs. That is the secret of their valuable direct action.

NO HARMFUL DRUGS Free from alcohol, chloral hydrate, opium, morphine, cocaine, etc. Peps are splendid for old and young. Gordon, St. Louis, and other eminent authorities acknowledge Peps as the safest and most effective throat and chest remedy ever discovered.

Nifty size boxes of all druggists.

ADVENTURES of the TWINS

by OLIVE ROBERTS BARTON

THE MAN IN THE TREE. "Ah ha!" said Mister Blue Cap when he saw how surprised the Twins were over the pictures coming to life. "Aren't you glad now that you came to the picture gallery with your mother?"

"Oh, my, yes!" said Nancy happily, looking around at all the steps leading up to the great gold picture frames, which had turned out not to be picture frames at all, but doorways leading into houses and towns, where real people lived.

The picture-people were all nodding and beckoning to the Twins, so Mister Blue Cap went on: "The children for whom protection is being sought are some 18,000 in number—unfortunate, nameless children of American fathers and native mothers, who are usually left to shift for themselves almost as soon as they are old enough to talk, or are sold into slavery by the untaught peasant women who bore them."

The boys usually wind up as virtual slaves on back-country plantations. The fate of the girls perhaps had best be left to the imagination. Instances have been known where they were sold outright to Chinese for cash or even for pigs or some other commodity.

The government is unable to give these children the protection they should have. Some system of free schools and homes is needed. Need \$2,000,000. Public spirited residents of the islands are doing all they can to relieve the situation, but shortage of funds hampers their efforts. The \$2,000,000 that is being asked will be sufficient to provide care and protection for all of the children, it is believed.

Protestant and Catholic church schools are caring for some children now, and the American Guardian Association, the organization which is seeking the fund, is looking out for an additional number.

18,000 Children Facing Slavery

MANILA, P. I.—Girls of American blood traded to Chinese for pigs—small boys locked in cellars and compelled to work as slaves in the rice fields—

Children of 12 years of age and less sold to foreign masters like so many animals—

These outrages are occurring on the Philippine Islands, under the American flag.

To put an end to them a fund of \$2,000,000 is being sought. A committee headed by Governor General Leonard Wood is engaged in raising the money, and has sent appeals to the United States for help.

The children for whom protection is being sought are some 18,000 in number—unfortunate, nameless children of American fathers and native mothers, who are usually left to shift for themselves almost as soon as they are old enough to talk, or are sold into slavery by the untaught peasant women who bore them."

used their intellectual bankruptcy by advertising the elective system as a great step forward."

The renaissance of civilization, he suggested, must come from the fine combing of all the arts and sciences for the few grains of new creative truth that each may contain, and then using those truths as a basis for reconstruction.

By democratized industry, Frank said he didn't mean that the methods of political democracy should be applied in business. But at present, he declared, autocracy rules in business, and he insisted that unless some means could be found whereby the problems of industry could be solved inside industry, they would be settled outside in the political field.

Scores Educators. "In education, we must lay more emphasis on how to think, and less on what to think," he said. "Once it was easy to run a college, but the sum total of the world's knowledge could be neatly organized and passed on to the student. But in the nineteenth century the boys on the ground—the scientists—were pitching more hay than the educators could stack. They couldn't organize it."

"That's where we got the elective system. The educators were unable to stack the hay, so they handed the fork to the student and said, 'Here, stack it yourself.' But of course they moral-

ized their intellectual bankruptcy by advertising the elective system as a great step forward."

The renaissance of civilization, he suggested, must come from the fine combing of all the arts and sciences for the few grains of new creative truth that each may contain, and then using those truths as a basis for reconstruction.

News Notes From Movie Land

BY DAISY DEAN.

LOUISE BROOKS used to be a dancer and with the dancers dance. As a youngster she used to practice intricate steps on the way to and from school. Then when she attained years of discretion Louise joined the Denishawn dancers. She toured the country for two years with the troupe. Before casting her lot with movies, Miss Brooks also danced in the "Scandals" and more recently in the "Follies." In "Louise the 14th" she was one of the hits of the last theatrical season.

Her first appearance in motion pictures was in "The Street of Forgotten Men" a few months ago. Then Paramount gave her a part in "The American Venus." On the latter picture they signed her to a long-term contract.

The dainty Louise was born in Wichita, Kansas, 18 years ago and she's five feet two inches tall.

Dogs are decidedly popular in strength of her performance in the Hollywood and we're willing to wager that these canines don't lead the proverbial "dog's life." Adolphe Menjou's Sealymur terrier, William Collier, Jr.'s German pointer dog, Pola Negri's Pomeranian, Ernest Torrence's Aberdeen terrier, Lois Wilson's Scotch Collie, Florence Vidor's Wire Haird terrier, Percy Marmont's Airdale, Jack Holt's Mastiff.

A current rumor states that First National has persuaded Essmie Haya-kawa to return to pictures in America after an absence of several years.

Universal probably will do "Uncle Tom's Cabin" in color.

Ben Turpin is recovering after an operation for appendicitis.

Gloria Swanson was recently given the chance to pay a fine of \$250 or go to jail for contempt of court, when she ignored a summons to appear as witness in a divorce case.

WHY WE SAY IT. Mr. Mrs. and Madam are three common English words, often used by persons who never reflect on their original meaning. Mr. is a corruption of Master. Mrs. is a corruption of Mistress, and Madam is our way of writing the French Ma Dame.

Why does Quick Quaker cook in 3 to 5 minutes?

Don't be misled into thinking that Quick Quaker cooks quickly just because the flakes are small.

Each Quick Quaker flake is only half a grain of oats, rolled thin and partly cooked before packing in the sealed carton.

Other small-flaked oats are whole grains, undeveloped and insipid. They are not prepared for quick cooking.

These other small-flaked oats cannot have the quality and flavour of Quick Quaker. Out of a bushel of the finest oats grown, only ten pounds are plump enough and rich enough—one reason why Quick Quaker is the only oats as good as Quaker Oats.

Try Quick Quaker. Get a package today and cook according to the recipe on the carton. Then you'll know a new and delicious breakfast dish—hot, wholesome, appetizing oats that cook while coffee boils.

Quick Quaker for speed breakfasts. Quaker Oats for those who prefer the large, regular flake. Your grocer has both. Use the kind you like best.

Quick Quaker cartons marked "aluminum" each contain a piece of aluminum ware useful in the kitchen.

Quick Quaker Makes porridge in 3 to 5 minutes

Coffee Rings and Everything

Served thrice daily by the great Robinson ovens, the Robinson Cake Shop on Union Street has special advantages in providing good things fresh, all the time.

Always they are contriving new creations. This week it is Sponge Brown Bread, a particular sort that goes fine with the Hot Baked Beans you take away. 13c for pound and a half weight.

Not to mention all the cakes and pastries you've heard of their reputation for rolls. Just try 'em for once.

Social Notes of Interest

Mrs. Charles M. Secord received for the first time since her marriage at her residence, 59 Hazen street, yesterday afternoon from 4 until 6 o'clock. A profusion of roses and chrysanthemums decorated the artistically arranged apartment. Mrs. Secord received her visitors in her wedding gown of soft white satin, embroidered with crystals and pearls. Her long square train fell from her shoulders and was embroidered in a design similar to that on her dress, and lined with the palest pink georgette. She carried a beautiful bouquet of pink roses and sweet peas. Mrs. T. William Barnes, wearing navy brocade, with trimmings of black fox, and silver, a black velvet hat faced with silver, and Mrs. J. E. Edmund Secord, in blue brocade with gold overlace, and blue velvet hat, with touches of gold, assisted the bride in the drawing room. Mrs. Arthur Rankine invited the visitors to the dining room where the prettily arranged tea table was decorated with a silver basket of pink roses and pink candles in silver sticks.

HEIRESS AND BELLBOY ELOPE

True love triumphed when Isabel Rich, 21, daughter of wealthy Grand Island, Neb., physician, rose from a sick bed to elope to Omaha with her hotel bell-boy. Her sister had her arrested as insane, but an insanity commission released her as not only sane, but possessor of extraordinary intellect. The honeymooners are shown.

guests at the door. Over one hundred and fifty friends enjoyed the hospitality of the hostesses.

Mrs. Harold Young, 44 Seely street, gave a delightful bridge of five tables at her residence Wednesday evening. Yellow and bronze chrysanthemums were artistically arranged in the drawing room and in the dining room. The fortunate prize winners were Mrs. Gordon Likely, Mrs. Harold Rising and Mrs. Frank Robinson. The guests were Mrs. Chester Gandy, Mrs. Harold Wilson, Mrs. William C. Rising, Mrs. Gordon Likely, Mrs. H. H. Scovil, Mrs. Harold Rising, Mrs. Frank Robinson, Mrs. Stanley Jamieson, Mrs. Charles Leonard, Mrs. C. S. Pushe, Mrs. Gordon Johnston, Mrs. Arthur Likely, Mrs. A. E. Macaulay, Mrs. David Leedingham, Mrs. Harry Warwick, Mrs. R. L. Gandy, Mrs. G. A. Thomas, Miss Allie Young, Miss P. Evans and Miss Ethel Barnes.

Mrs. Charles M. Bostwick entertained at a beautifully arranged tea at her residence, 110 Wentworth street, yesterday afternoon in honor of Mrs. Charles M. Bostwick, Jr. The house was effectively decorated with yellow chrysanthemums and pinked ferns. In the dining room yellow chrysanthemums centered the artistic tea table which was presided over by Mrs. Morris Robinson, Mrs. J. Walter Holly and Mrs. Frederick C. Jones. Mrs. Arthur Carter, Mrs. Hugh H. McLean, Mrs. Frederick W. Daniel and Mrs. J. Morris Robinson, invited the guests to the dining room. Assisting with the dainty refreshments were Miss Margaret Tilly, Miss Elizabeth Foster, Miss Frances Robinson, Miss Elizabeth Armstrong, Miss Ruth Robinson and Miss Ruth Starr.

King Cole Tea
FULL OF QUALITY
"Just like the flavor"

They Didn't Have Any.

(Toronto Globe.)
Three glasses of real beer and two of old Geneva gin may not be regarded as out of the way by a British air pilot before beginning a trip, but the passengers could hardly be blamed if they were uneasy during the flight.

In Coming Days

(Toronto Star.)
H. Addington Bruce foresees that the radio will help in breaking up the big cities and enabling people to live where they will have more elbow-room.

"Through the wizardry of radio," he says, "recreations are brought into the home and the best of music, lectures, public addresses and sports may be enjoyed without the discomforts of crowds and crowding in public places." It is predicted that radio movies will come, so that you will not only see the action, but hear the actors speak. There will, too, it is predicted, be television, so that you will be able to see on a screen on the wall of your living-room airplane flights, inaugurations, football matches and other events taking place at a distance.

All this is interesting, but progress need not stop at any such point. The farmer as he plows his field may have in his pocket a little box and over his head a little contrivance by means of which, as he follows his furrow, he can hear the debate proceeding in parliament at Ottawa, or he can receive the news and gossip of the day from CFCA in Toronto. The man who motors along the road will hear the voice of his wife telling him to call at the grocery and bring home a side of bacon. The prospector far in the north country will talk with his friends as conveniently as if they were all on a village telephone circuit. There need be no lonesome places any more. A family living in a remote place will be in as quick touch with everybody as is a city family—with the difference that actual physical distance will still exist. No doubt fast flying machines, however, will soon make mock of distance.

Still more curious was the case (also recorded by Galton) of A and B: One twin, A, who happened to be in Scotland, bought a set of champagne glasses, which caught his attention, as a surprise for his twin brother, B, while at the same time B, being in England, bought a set of a precisely similar pattern as a surprise for A.

A Nest of Snake Eggs. (Shelburne Economist.)
On Monday, Nov. 23, about forty snake eggs were found in a nest at the foot of a pine stump, on Robt. Little's farm, lot 22, Centre road, Mono. One of them was left in this office last week, but was handed over to the high school staff the same day.

Most Canadian Housewives use **MAGIC BAKING POWDER** to assure **SUCCESSFUL BAKING**

Made in Canada No Alum

E. W. GILLETT CO. LTD. TORONTO, CAN.

Mrs. George McA. Bizard, Mrs. E. Allan Schofield and Mrs. John H. Alingham presided and were assisted by Mrs. Kenneth Golding, Mrs. J. E. Augustine, Miss Edith Paterson, Miss Marion Brown, Miss Audrey Rankine, Miss Clement Fenton and Miss Georgie Springer. Little Misses Helen and Loraine Sancton, wearing the lavender-organza frocks, and lavender hats of the same material they had worn as flower girls at Mrs. Secord's (Miss Sybil Barnes') wedding, received the visitors at her residence again this afternoon from 4 until 6 o'clock.

Mrs. Stanley E. Fisher received for the first time since her marriage at her residence, 92 Orange street, yesterday afternoon. Mrs. Fisher was assisted in the drawing room by her mother, Mrs. J. F. Machum. Yellow chrysanthemums were effectively used in the decoration of the drawing room and on the tea table. Mrs. William Cross conducted the guests to the dining room where Mrs. H. J. Machum and Mrs. P. C. Fisher presided, assisted by Mrs. H. G. Evans, Mrs. E. R. Machum, Mrs. L. W. Simms, Mrs. John Leonard, Mrs. William Steen, Mrs. P. D. Machum, Miss Nettie Hatfield and Miss Marion Fisher. Mrs. Fisher will be at home again to her friends this afternoon from 4 until 6 o'clock.

Mrs. Louise Hetherington entertained at bridge on Wednesday evening for her cousin, and guest, Miss Branscombe, who recently resigned her position as lady superintendent of Chipman Memorial Hospital, St.

Stephen. Cards were played at six tables, and the prizes won by Mrs. Frank Tilton and Miss Branscombe. Delicious refreshments were served at midnight and the hostesses were assisted by Mrs. W. I. Penton, Mrs. H. J. Wetmore, Mrs. McLellan, and Miss Lockhart. The guests included Mrs. M. B. Baxter, Mrs. Tennant, Mrs. C. B. Allan, Mrs. Roberts, Mrs. M. B. Hetherington, Mrs. George Fleming, Mrs. J. Boyle Travers, Mrs. W. J. Wetmore, Mrs. H. B. Barton, Mrs. W. E. Earle, Mrs. H. B. Wetmore, Mrs. Mont Jones, Mrs. Love, Mrs. Harold Mayne, Mrs. Frederick Lewis, Mrs. J. McLellan, Mrs. Frank Tilton, Mrs. Hart, Mrs. Herbert Mayes, Mrs. A. L. Hoyt, Mrs. R. D. Dole, Mrs. J. V. Anglin, Miss Branscombe, Miss Clark and Miss Alice Lockhart.

Mrs. Charles E. Harding and Mrs. Kenneth F. Gault were the joint hostesses at a largely attended and most enjoyable tea at the latter's residence, 202 Douglas Avenue, yesterday afternoon. Yellow chrysanthemums and yellow candles ornamented the tea table and the drawing room. Mrs. Harding wore a fashionable gown of blue cut velvet with trimmings of brown georgette, and Mrs. Gault a becoming costume of powder blue georgette with trimmings of silver lace. Mrs. George B. Rivers conducted the guests to the dining room where Mrs. Willard A. Smith and Mrs. Harold B. Gault presided assisted by Mrs. James E. Gorham, Mrs. Thomas H. Miller, Miss Alice Toole, Miss Eva McAfee and Miss Isabel Thurston. Little Miss Beryl Harding in a dainty gown of lavender silk and marabou, received the

Mrs. Campbell Mackay entertained very enjoyably at bridge yesterday afternoon at her residence, Orange street. The drawing rooms were decorated with long stemmed chrysanthemums and in the dining room a bowl of Ophelia roses centered the artistic tea table. The fortunate prize winners were Miss Doreen McAvity, Mrs. H. A. Campbell and Mrs. Douglas McLeod, of Toronto. Mrs. Daryl Peters presided at the tea hour and was assisted by Miss Edith White and Miss Barbara Jack. The guests included Mrs. Frederick R. Taylor, Mrs. Gordon Macdonald, Mrs. Malcolm Mackay, Jr., Mrs. W. L. Caldwell, Mrs. Laurence MacLaren, Mrs. William Vassie, Mrs. H. A. Campbell, Mrs. G. Bruce Burpee, Mrs. Cecil West, Mrs. J. P. H. Teed, Mrs. V. Anglin, Mrs. John Seyre, Mrs. Douglas McLeod, Toronto, Mrs. Henry Morrissey, Mrs. James R. Curry, Mrs. D. V. Davidson, Mrs. Harold Wood, Miss Katherine Bell, Miss Doris DeVeber, Miss Kathleen Sturdee, Miss Doreen McAvity, Miss Mignon Kerr, Miss Hortense Maher, Miss Frances Kerr and Miss Isabel Jack.

The Eclectic Club met at the home of Dr. and Mrs. H. S. Bridges, Duke street, last evening. The subject for the evening was "Saint John Poets." Mr. F. B. Ellis presided.

Mrs. Vincent Baley, Elm street, is visiting in Portland, Me., the guest of her sister, Mrs. H. I. Stephenson, and Dr. Stephenson.

Mrs. Charles A. Macdonald returned from Toronto Wednesday and is at the home of her daughter, Mrs. Peniston Johnston, Sewell street.

Women Secure

against lost charm this new way of solving oldest hygienic problem

KOTEX
No laundry—discard like tissue

SHEER gowns and ill-timed social or business demands hold no terror for the modern woman. The insecurity of the old-time "sanitary pad" has been ended. "KOTEX," a new and remarkable way, is now used by 8 in 10 better class women.

It's five times as absorbent as ordinary cotton pads!

You dine, dance, motor for hours in sheerest frocks without a second's doubt or fear.

It deodorizes, too. And thus stops ALL danger of offending.

Discards as easily as a piece of tissue. No laundry. No embarrassment.

You ask for it at any drug or department store, without hesitancy, simply by saying "KOTEX."

Do as millions are doing. End old, insecure ways. Enjoy life every day. Package of twelve costs only a few cents.

Stories of Twins.

(London Observer.)
The case is reported from East-borough of twin brothers named East-borough, who were both injured at the same time on Thursday: one in a motor accident and the other by falling off a wall. That is no doubt pure coincidence; but there are some curious records of the corresponding experiences of twins. Five years ago American doctors were interested in the case of Clarence Marsh, of Akron, Ohio, who was taken with bleeding at the nose at the same time as his twin sister in a city family—within the difference that actual physical distance will still exist. No doubt fast flying machines, however, will soon make mock of distance.

Made With Fresh Cows' Milk

Let The Winter Ports Serve Canada

Continued from Page 1. and which can be used profitably, and it puts the situation with respect to the grain traffic and the winter ports squarely up to the Canadian National Railways. It says: "It is important to Canada that our port cities should get the benefit of our national trade, so far as that is possible under advantageous commercial conditions. "Prosperity in Halifax and Saint John means that these cities will add more largely to the national business and pay a larger share of the National taxation than they would or could, lacking a condition of prosperity. "If our export wheat goes out in summer by Quebec and in winter by Halifax and Saint John, incoming cargoes of merchandise will reach these ports at a cheaper rate and the benefit will be felt by all sections of the country. It is poor business for Canada to grow the wheat and build railroads to carry it and then allow United States lake vessels and railways to use our wheat to build up their ports and advance their trade, while our railways lack adequate traffic and our ports lack in merchandise cargoes. "If geographical and national conditions were such that the situation could not be helped, we would have to submit. But the conditions are in our favor. The only trouble is that we refuse to allow an important link in our national railways to be used for the express purpose for which it was built, by maintaining prohibitive rates against grain that should be carried by it. "It is time for a change."

THE Toronto Star certainly rendered an important service, not only to the Maritimes but to Canada as a whole, in its series of articles on the grain traffic. And the chief point to be noted at the moment is that immediate action is needed—that the Maritimes, in taking advantage of this situation, must press for action now, in order that when inland navigation closes, as it will in a few days, the Transcontinental may be used to move the immense quantity of grain, still remaining at inland points, to the winter ports of the Maritimes. The Amherst Board of Trade has already dealt with this issue. The President of the Maritime Boards of Trade is to call a meeting within a few days. Other organizations should lose no time in taking effective action, notably those including railway and waterfront workers.

JURY FINDS FALL WAS FATAL TO BOY

Verdict Returned in Death of Louis Fougere at Shediac

MONCTON, Nov. 26.—The jury empaneled to inquire into the death of Louis Fougere, who was found in a semi-conscious condition on Thursday, Nov. 19, 1925, in the woods near Shediac and died on the morning of 21st instant, find, according to evidence submitted before us, that the said Louis Fougere, while alone in the woods, came to his death as the result of a fall from a pulley attached to a wire at about twenty-five feet from the ground, as described by the witnesses examined. "We attach no blame to anyone." (Signed) R. A. Arsenault, foreman, C. B. Weldon, W. E. Connor, Ryan Walsh, E. H. Barnes, Armand Gaudet, J. N. Gauvin, H. H. Coleman, M. D., Coroner.

SUPPLY ARRIVES FOR V. O. N. WORK

Women's Institute of Nerepis Sends Large Bundle of Necessaries

From the Women's Institute at Nerepis a very large bundle was received at the Health Centre yesterday. It was found to contain a great quantity of baby clothes and a large quantity of old linen. The contents were handed over to the Victorian Order of Nurses and were received with great delight and thankfulness. That parcel was like a gift from the gods and the garments and old linen will assure the needs of their work among the city poor for some time.

Aged Court Reporter Thinks Juries Lenient

FARGO, N. D., Nov. 27.—Approximately 25,000 civil and criminal cases have been heard by Charles E. Taylor, 88, who retired this month after 35 years as a court reporter. More than 90 of these were murder cases. Juries are inclined to be lenient rather than severe, especially in murder cases, he believes.

Death Of Sisters Was Accidental

MONTRÉAL, Nov. 27.—The death of Rose and Valérie Goulet, 33 and 36 years of age, who were found dead in their room at 4632 Park avenue on November 16, was held to have been accidental, according to the verdict returned by a jury under Coroner McMahon. The result of the autopsy revealed that death had been due to asphyxiation probably from the fumes of a gas heater. Expert evidence heard in court established that the valve on the heater which controlled the air supply was found to have been practically closed, and that under the circumstances the heater would allow gas to escape. Plumbers who had installed the apparatus testified that the valve had been opened to the correct extent when installed.

\$312,344 SURPLUS PREDICTED FOR B. C.

Revenue Receipts Jump \$219,396 Over Those of Last Year

Canadian Press. VICTORIA, B. C., Nov. 27.—An estimated surplus of \$312,344 for the fiscal year 1926-27 was predicted by John D. J. McLean, Minister of Finance, in submitting his estimates to the legislature yesterday. Anticipated revenue was computed at \$18,559,896 and estimated expenditures at \$18,247,552. This surplus would occur, the minister said, notwithstanding the income tax reductions. "The revenue receipts," he stated, "show an increase of \$219,396 over those of last year, made up chiefly in timber and mining receipts with slight increase in personal property and income tax returns. The expenditures show an increase of \$63,254."

\$1,000 Ring Disappears at Betrothal Reception

NEW YORK, Nov. 27.—There was one enemy of romance among the 175 guests who gathered in the home of Miss Ruth C. Blume, at Newark, to hear the announcement of her engagement. She showed them a \$1,000 engagement ring, then left it in a case on her dressing table. Elvin Korbrin, who bought and paid for the ring, was to present it to her formally when the engagement was announced. When she went for it the case had disappeared. The engagement was announced, anyway.

SAVED 100 LIVES.

LONDON, Nov. 24.—M. Vautier, who by his bravery saved over 100 lives from almost certain death in a great fire at Paris, has just died at St. Malo. When fire broke out at a charity bazaar in the Rue Jean Goujon, Paris, on May 4, 1897, destroying a large wooden building and causing the death of 100 people, M. Vautier was one of the rescue party.

HUNTING \$6000 WORTH OF RADIUM

Seventy-five milligrams of radium, worth \$6,000, went down a drain in St. Joseph's Hospital, St. Paul, Minn., and the owner gave it up for lost. But Prof. Henry Erikson of the University of Minnesota is hunting it with his huge electrometer, which will register the emanations of radium within a distance of 75 feet. He may have to trace a mile of sewer before he finds it.

Turkish Telephone Girls Plan Strike

CONSTANTINOPLE, Nov. 27.—Although Turkish girls have only within the last few years entered industry and business, they have learned how to strike. The local telephone operators organized a union three months ago, and now ask of the company, an English concern, a 50 per cent. pay increase. The present average wage is 25 liras a month, about \$15. The chief operators receive less than \$20, while some of the girls get only \$11. As the company has not acted, the girls say they will walk out. The leaders are Turks, but the Greeks and Jews will join them "in perfect unanimity," as their ultimatum reads, "without distinction of race or religion."

Attempt To Rob Factory Is Failure

WOODSTOCK, N. B., Nov. 26.—The office staff of the Woodstock Woolworking Factory was surprised this morning to find that an attempt at burglary had been made during the night. The condition of the safe, although unopened and intact, indicating that some amateur "chief had worked strenuously but to no avail. The thief or thieves made their entry through a window in the glazing room, situated immediately in the rear of the main office, and then gained access to the office by breaking through the panel of the office door. Officials of the company today declared that there was little cash in the safe. Entry to the building was made during the temporary absence of the night watchman and it is thought that the uncompleted job might be attributed to the return of the watchman, although the attempt was undiscovered until this morning.

HEALEY OFF FOR LONDON.

DUBLIN, Nov. 26.—Timothy Healey, Governor of the Irish Free State, left for London tonight. It is understood the object of his visit is to attend the funeral of the Dowager Queen Alexandra.

CANADIAN HISTORY LECTURER'S THEME

Col. William Wood, Quebec, Giving Series of Addresses at Mount Allison

SACKVILLE, Nov. 26.—Euriharian Hall, Mount Allison University, was well filled last night by an appreciative audience of students and townspeople to hear Col. William Wood, of Quebec, who is this year giving the Webster lectures on Canadian history. The lectures will give a panorama of Canadian war history in its three-fold aspect—first, when the French tried to hold Canada; secondly, when the Americans tried to conquer it; and, thirdly, when it grew from being an object of contention between outside powers to become itself an inter-British entity in the great World War.

IN THE WORLD WAR.

The introductory lecture was an interesting event in the beginning of Canadian history. Colonel Wood, regarded as one of the most prominent historians in Canada today, during the Great War was commander of the 8th Royal Rifles, and a member of the Canadian special mission at the naval and military fronts. He is the author of a long list of books on Canada. Dr. George J. Trueman, president of the university, presided at the lecture. Dr. J. Clarence Webster, of the class of 1882, who established the lectureship in 1923, was also present. Colonel Wood lectured again tonight and will speak Friday evening also.

NEW BARREL MILL OPENS IN HARTLAND

HARTLAND, Nov. 25.—Another step forward for the Town of Hartland is the opening of the new barrel factory. The capacity of the stove and head mill is around 500 barrels a day. This mill, although it will not run all the time, will nevertheless furnish employment for quite a number of men while it is running. At the present time the mill has cut enough shooks to last for a considerable length of time and the crew are busy making up barrels. Gordon McBurney, manager of the Hartland Lumber Company, that owns the mill, says he will have about 10 coopers working in the rush season. There is a good market for the product in this section for potato barrels. Farmers have bought from Woodstock on from the Annapolis Valley.

So Simple It's Hard to Believe

Yet this fresh, new food works naturally, surely. Here is the whole secret of its power:

NOT a "cure-all," not a medicine in any sense—Fleischmann's Yeast is simply a remarkable fresh food.

The millions of tiny active yeast plants in every cake invigorate the whole system. They aid digestion—clear the skin—banish the poisons of constipation. Where carbohydrates give only temporary relief, yeast strengthens the intestinal muscles and makes them healthy and active. And day by day it releases new stores of energy.

Eat two or three cakes regularly every day before meals: on crackers—in fruit juices or milk—or just plain. For constipation especially, dissolve one cake in hot water (not scalding) before breakfast and at bedtime. Buy several cakes at a time—they will keep fresh in a cool dry place for two or three days. All grocers have Fleischmann's Yeast. Start eating it today!

And let us send you a free copy of our latest booklet on Yeast for Health. Health Research Dept. 442, The Fleischmann Company, 208 Simcoe St., Toronto, Ont., Canada.

Always Dependable "SALADA" TEA

Accept no substitute for no other tea is so uniformly pure and delicious. Try it to-day.

New Jersey Judge Is Tread By Wounded Moose in Woods; 2 Hours in Arboreal Perch

APOHAQUI, N. B., Nov. 25.—Tread by an infuriated bull moose, Judge Peter Rockel, of Paterson, N. J., spent two hours high up in the branches before the angry animal, answering a distant call of another moose or a hunter, abandoned the siege and made off through the woods. Judge Rockel was one of a party of six New York City and Paterson men who were hunting big game in the New Brunswick

woods and who left here a few days ago for their homes. The Judge had wandered away from camp in search of some beech-nuts when suddenly he was confronted by the huge moose, maddened by a wound received at the hands of another hunter. Judge Rockel was unarmed, but he manifested excellent judicial wisdom by climbing up into a tree and staying there until the moose went away and left him.

although it will not run all the time, will nevertheless furnish employment for quite a number of men while it is running. At the present time the mill has cut enough shooks to last for a considerable length of time and the crew are busy making up barrels.

Entry to the building was made during the temporary absence of the night watchman and it is thought that the uncompleted job might be attributed to the return of the watchman, although the attempt was undiscovered until this morning.

HEALEY OFF FOR LONDON. DUBLIN, Nov. 26.—Timothy Healey, Governor of the Irish Free State, left for London tonight. It is understood the object of his visit is to attend the funeral of the Dowager Queen Alexandra.

WILCOX'S Month-End Bargains for the Ladies' COATS. Regular prices from \$18.00 to \$45.00. Month End Prices from \$10.98 to \$33.00. GIRLS' COATS Regular Prices from \$6.50 to \$18.00. Month End Prices from \$3.98 to \$12.98. LADIES' MANNISH COATS Just what you want for the cold weather. Regular Prices \$18.00 to \$22.00. Month End Prices from \$10.98 to \$14.98. LADIES' DRESSES Worth From \$8.50 to \$28.00. Month End Prices from \$4.98 to \$20.00. If you are in need of a Dress of any kind, you can surely find something out of this lot to suit you. It pays to shop at WILCOX'S Charlotte Street, Cor. Union.

"I HAVE KEPT A HOTEL most all my life. My son, his wife and their eight children live with me. You can imagine the demands on my time, strength and patience by the hotel and children. We prepared and served quantities of rich food. My health became impaired. My stomach was greatly affected. I was in bed a part of the time. I was miserable. But one day Fleischmann's Yeast was recommended. I bought it and ate it. Soon I began to improve. Today I am doing about as much work as I did at forty. I can cook Henry's eggs with one hand, make toast for Virginia Lee with the other, answer questions and smile at the baby, all at the same time!" Mrs. S. Van Sant, Marietta, Okla.

"I AM AN OFFICER in the Merchant Marine. Day and night, in fair weather and in foul, duty confines me to the bridge. Unceasing vigilance calls for sustained alertness of faculties. Pap is the watchword. Two years ago I discovered Fleischmann's Yeast. To its daily use from that time do I ascribe my present condition of physical well-being. I have proved it to be an efficacious intestinal cleanser—wonderfully invigorating. This food keeps fresh for days in the refrigerator. I restock at all ports of call. I enjoy a clear skin, fine appetite, and an orderly stomach,—further benefits directly traceable to the proper use of Fleischmann's Yeast." Frederick A. Mack, New York City.

"ON APRIL the 30th, 1924, the little town of Ficklin was almost destroyed by a cyclone. For weeks after I was very nervous. This nervousness caused me to suffer from indigestion. Not properly digesting my food brought on chronic constipation and most unsightly pimples. I decided to eat yeast. For several weeks I took one or two cakes each day. I am now free from nervousness, indigestion, constipation, and pimples. I feel that I have been rejuvenated by Fleischmann's Yeast." Mrs. G. N. Byrum, Ficklin, Ga.

"DURING MY COURSE OF STUDY in medicine about six years ago, I was troubled with boils. For two long years I tried to get rid of this malady without success. I was willing to try anything, and on the advice of a fellow-student I began eating yeast—three cakes a day. In less than a month, much to my surprise, my skin entirely cleared up. I kept up the yeast for two more months and my gastro-intestinal tract worked perfectly, and from then on I have never had another boil. I strongly recommend Fleischmann's Yeast for suppurative skin diseases." Anthony N. Modica, M.D., New York City.

THE EVENING TIMES-STAR, SAINT JOHN, N. B., FRIDAY, NOVEMBER 27, 1925

PRESIDENT OF BESCO DESCRIBES CONDITIONS LEADING TO MERGER

Declares He Took Salary Cut of 40 Per Cent. and Denies McLeod's Charges Regarding Administration of Industry

SYDNEY, N. S., Nov. 26.—The evidence of Roy M. Wolvin, president of the British Empire Steel Corporation, featured today's sessions of the Royal Commission headed by Sir Andrew Rae Duncan, investigating the coal industry of Nova Scotia.

The corporation's president told of his Nova Scotia advent, the circumstances of various consolidations leading up to the organization of the British Empire Steel Corporation, his hopes for its future, the disappointments he had encountered, and denied categorically the charges laid against his administration of the industry by John W. McLeod, district president of the United Mine Workers of America, in the presentation of their case.

SAY MAJORITY HIS

Mr. Wolvin stated that as president he had taken a salary cut of 40 per cent., that the Halifax shipyards had paid their way for several years, that he owned a majority of the stock in Bescos, and that no money had been diverted from the coffers of the corporation to members of a former Newfoundland Government.

In a preliminary statement, the president thanked the commission for the patience it had exhibited today, expressed his readiness to join with the district president of the U. M. W. in promoting the "human side" of the investigation and declared he had no charge to make against anyone.

GIVES DETAILED STATEMENT

On being sworn, he read into the record, a paper dealing with the extent and history of the coal and steel industries in Nova Scotia and then launched into a detailed statement of his connection with the enterprises.

He stated that he had first come to Nova Scotia at the instance of the Minister of Marine, early in 1918. The Government was not satisfied with the way in which the dockyard was being handled and he was induced to form the Halifax Shipyards, with an order for the construction of four ships. There was no public issue of stock. The witness himself took \$600,000 worth of stock, his partner the same amount, a company of which he was president a quarter of a million and his associates and friends took the remaining three millions.

DEVELOPMENT OR IDEAS

In looking for business for the Halifax Shipyards it occurred to the witness that the "best friends in the world" for the enterprise would be the

Dominion Steel Corporation, but his ideas on the subject did not develop until 1919. He had then concluded that the coal industry of Nova Scotia was the greatest industry in Eastern Canada, and that the rejuvenation of the British steel industry was dependent upon the iron ore deposits in Newfoundland.

He had not realized at the time that the government might not afford adequate protection to the industry or that Communistic ideas would develop in the districts involved. He then began purchasing an interest in the Dominion Steel Corporation and with a number of associates, that he did not control at the time, was agreeable to a merger of the various enterprises allied with the steel and coal industries.

In the fall of 1919 he had joined the directorate of the steel corporation and was shortly after invited to take the presidency, which he did.

SAYS OPPORTUNITY LOST

"The earlier merger that was proposed," said Mr. Wolvin, "included a great many companies; but the principal thing in it that appealed to me, was the providing of \$25,000,000 of cash for these enterprises. The approval of the various companies was delayed and that delay occasioned what I believe was the loss of the opportunity to sell the securities in London, England."

While he personally felt that the Dominion Company was being called upon to make too great a sacrifice the consensus of opinion was that the merger should take place. But the witness would not agree to the undertaking unless the Halifax Shipyards were taken in, having in mind a great development in the ship repair business.

TAKES RESPONSIBILITY

While the earlier merger had been criticized, it had not gone through and "hadn't hurt anyone." As to the actual merger resulting in the formation of the British Empire Steel Corporation, the witness stated he assumed full responsibility for the stock issues and added:

"I can testify that the companies that went into the merger had profits that had not been disbursed to their shareholders in excess of that amount (\$19,000,000). That increase was only

TORPEDO-CARRYING PLANES

With trials of the first of the type considered a success, Britain is preparing to build a quantity of torpedo-carrying seaplanes. First of machines is seen launching a 3,000-pound "messenger of death" against a ship while moving at 150 miles an hour.

merely a distribution of undivided profits, made in such a way as to make the merger as attractive as possible.

ASKS CONSIDERATION. Mr. Wolvin continued: "I believe, Mr. Chairman, that if the employees of this company had had the confidence in it that I had and if certain newspapers had had that confidence in this enterprise, we would be over the top now instead of having all the trouble we are having."

The witness then went on to deal with charges made by the representatives of the United Mine Workers of America in opening their case. He denied that "graft" had ever been paid the Newfoundland Government and referring to the charge of "princely salaries" announced that his had been cut 40 per cent. He was not interested in any way with an insurance company doing business with the corporation and defended the London office

conducted by Sir Newton Moore. He declared that he was not "a stock market player," adding that he had never played the market. Concluding the witness asked the Commission to think of the shareholders as well as the employes in their deliberations.

Progressive Is Elected In Peace River

EDMONTON, Nov. 26.—D. M. Kennedy, Progressive, was elected in the constituency of Peace River in the Federal elections, Oct. 29, by the margin of 36 votes over J. A. Collins, Conservative. Final figures for the riding, announced tonight, were: A. Rae, Liberal, 3,967; Collins, Conservative, 3,979; Kennedy, Progressive, 4,105.

MEETING HEARS OF MUCH WORK DONE

The fortnightly sewing meeting of the local Hadassah was held on Wednesday night at the home of Mrs. S. Metzler, Main street, under the convener'ship of Mrs. N. Metzler, who cut out 45 garments. An unusually large number of members attended and a great deal of work was accomplished. These garments are sent to the hospitals in the Holy Land and are distributed without consideration of race or creed.

A splendid report of the work, which had been written by the local corresponding secretary, was read at the meeting. Later in the evening dainty refreshments were served by the hostess ably assisted by the young ladies of the Junior Hadassah. Before the members dispersed a hearty vote of thanks was given to the hostess for the very enjoyable evening she had afforded to all present.

ADDRESS PLEASED

The Saint John Character Analysis Club, at its meeting in the Natural History Society's room, last night, heard with much appreciation a clever and instructive address by Gordon King Kelley, Mrs. F. B. Sprague, the president, was in the chair and there was a large and representative attendance of the membership. Many new members joined the club. The next meeting will be held on Dec. 3 and following that date the meetings will be held on Tuesday instead of on Thursday.

HOSTS AT ENTERTAINMENT

Members of the St. John the Baptist Men's Society were hosts last evening at a card party and entertainment in their rooms in St. James street. About 150 people were in attendance. Mrs. O'Donnell and Thomas Killen furnished the music. Refreshments were served. The entertainment committee was composed of Maurice Furlong, William Doyle, John Butler, Leo Killorn and W. Swain.

NOMINATIONS RECEIVED

Loyalist Temple, No. 13, Pythian Sisters, at its meeting last night voted \$20 for the funds of the Y. W. C. A. Mrs. Everett Watters, M. E. C., presided and the meeting which was held in Temple Hall, Main street, was largely attended. Very gratifying reports were received from the conveners for the banquet which the members of the Temple served for the Knights of Pythias when Capt. A. J. Mowry, Grand Chancellor, was the guest of honor. Nominations for officers were received and the election is to take place at the next meeting of the Temple.

A JOY TO WOMEN

THE LAWRENCE FLOUR MILLS CO. LTD.

REGAL FLOUR

WHO BAKE THEIR OWN BREAD

The Money-Makers are Buying It

WE do not claim that Goodyear Belting alone is sufficient to make your plant a money-maker. But it is a fact that Goodyear Belting enjoys its greatest popularity with prosperous industries.

And the reason isn't far to seek. Prosperous industries watch belt costs (Goodyear Belting gives long service); labor costs (Goodyear Belting saves shut-downs for repairs); power costs (Goodyear Belting does not slip and waste

power). And prosperous industries must be able to make deliveries (Goodyear Belting keeps machines going steadily).

If you are interested in this kind of Belt Service, talk to the Goodyear Dealer or ask the nearest Goodyear Branch to send a man to see you.

The Goodyear Tire & Rubber Co. of Canada, Limited, Halifax, St. John, Quebec, Montreal, Ottawa, Toronto, Hamilton, London, Fort William, Winnipeg, Saskatoon, Regina, Calgary, Edmonton, Vancouver.

Constipation causes unpleasant breath — get relief with Kellogg's ALL-BRAN

Remember—only ALL-BRAN is wholly effective in driving out constipation.

Back from the intestine, into your body, constipation sends its hideous poisons to torment you. This venomous backwash can lead to over forty serious diseases. Can wreck your health. Ruin your appearance. Don't neglect it. Pimples, sallow skin, hollow cheeks, circles under the eyes and spots before them, unpleasant breath—these are the warning signs of constipation. Defeat it with Kellogg's ALL-BRAN. Doctors recommend Kellogg's ALL-BRAN! Why? Because they know that only ALL-BRAN brings sure results. Kellogg's ALL-BRAN has brought relief to thousands when all else has failed. If eaten regularly, it brings permanent relief in the most chronic cases—is guaranteed to do so or your grocer returns the purchase price. Kellogg's ALL-BRAN is ready-to-eat with milk or cream. Eat two table-spoonfuls daily—in chronic cases, with every meal. Try the recipe on every package. Kellogg's ALL-BRAN is made in London, Canada, and served in leading restaurants. Sold by all grocers.

A Challenge to the World in Quality & Price!

TRADE BUYERS

throughout the world are cordially invited to attend the great national

BRITISH INDUSTRIES FAIR

Organised by H.M. Department of Overseas Trade and held at

LONDON and BIRMINGHAM
WHITE CITY EXHIBITION BUILDINGS, CASTLE BROMWICH
from February 15th to 26th 1926

THIS enormous exhibit of British Goods will constitute a challenge to the whole world in quality and price. Make your plans now to attend both at London and Birmingham. Practically every kind of British manufacture will be on exhibit. Admission is free to Buyers and full particulars and Invitation Ticket can be obtained from

MR. W. E. ANDERSON,
362 Prince William Street, Saint John

or write to
The DEPARTMENT OF OVERSEAS TRADE
35, Old Queen St., Westminster, London, England,
or the
SECRETARY, CHAMBER OF COMMERCE,
Birmingham, England.

Copy of the Catalogue of the Fair will be sent on the application of Trade Buyers.

SCHEDULE OF EXHIBITS.

Robinson Scores Again! with a Special Purchase!

Another triumph and demonstration of my leadership!

TEN THOUSAND YARDS of the finest British Overcoatings—bought at sixty cents on the dollar—rushed to my own factory and under my personal supervision modelled into Three Thousand Wonderful Overcoats. The saving is yours—a clear gain of 40% over and above the usual Robinson Saving. Without fear of contradiction I can safely state that this is the greatest overcoat opportunity in a decade.

- At \$17.50 These coats at \$17.50 excel all my previous efforts in value giving. Many Blue Chinchillas with plush lining—coats you will find marked in other shops at from \$25.00 to \$30.00. The Robinson maker-to-wearer plan and this purchase makes them possible at \$17.50.
- At \$25.00 \$25.00 can't buy—anywhere—such overcoat values as you will find in my shop Saturday—I don't care where you look. Only my tremendous volume, my new Lower Price Policy, and this most unusual purchase makes such outstanding values possible. Equal quality usually costs from \$15.00 to \$20.00 more.
- At \$31.50 No matter what your idea of a fine overcoat may be, you'll find it realized in this wonderful collection—the kind usually found in custom-tailored coats at twice this price. Search where you will, you will not find anything to approach these coats in rich beauty of fabric, in smartness and thoroughness of tailoring, in genuine warmth and worth—at \$31.50.

Here's The Story!

To raise immediate cash, a well-known woolen jobber offered me the pick of his stock for SIXTY CENTS on the DOLLAR! A wonderful bargain—I bought 10,000 yards—enough for 3,000 Overcoats!

My factory has been running at top speed turning them out—the most beautiful, rich, all-wool collection of garments I've ever offered to Canadian men!

Power Commission's Operating Deficit \$134,225 in 22 Months, Auditors Report

ATTRIBUTE \$107,548 LOSS TO THE MUSQUASH PLANT AND REMAINING \$26,676 TO THE BATHURST SYSTEM

Say Saint John County Development Would Require Rate of 2.79 Per K. W. H. on 15,000,000 a Year Basis to Make It Pay

OFFER EXPLANATION FOR THE DEFICIT

P. S. Ross & Sons, Montreal Accountants, Hold Unsatisfactory Contracts With Saint John and Moncton, Heavy Interest and Other Charges on High Capital Among Causes

THE auditors' report shows that for the period beginning Oct. 31, 1923, and ending Aug. 31, 1925, the New Brunswick Electric Power Commission had an operating deficit of \$134,224.73, of which \$107,548.49 was chargeable to the Musquash and \$26,676.24 was chargeable to the Bathurst system.

The operating deficit for the Musquash system for the period Oct. 31, 1923 to Oct. 31, 1924, was \$88,716.50 and for the period Oct. 31, 1924, to Aug. 31, 1925, it was \$45,508.23.

COST PER HORSE POWER

The capital outlay on the Musquash to Aug. 31, 1925, amounted to \$3,337,483.56, and the capital cost per horse power, including the transmission lines, based on the present peak load, is given as \$55.5 a horse power.

Based on the sale of 15,000,000 kilowatt hours a year it would require a rate 2.79 a k. w. h. to provide the necessary amount of revenue to meet the carrying charges on the Musquash system, the report says.

ENGAGED AUDITORS

When the newly appointed New Brunswick Electric Power Commission took office one of their first acts was to arrange for an audit of the books and accounts of the Commission in order to make themselves fully acquainted with what had been done by their predecessors in office. They engaged the firm of P. S. Ross & Sons, Montreal, to make the audit and their report, dated Oct. 15, 1925, was made public yesterday afternoon by the Commission.

The causes of the losses, the auditors say, appear to be unsatisfactory contracts with Saint John and Moncton, heavy interest charges, sinking fund requirements and maintenance reserve allowance on the high capital cost and the high cost of purchased power at Bathurst and the selling of such power below cost.

TEXT OF REPORT

The report, in part, follows:

Table with columns: Description, Amount. Includes items like Musquash power development, Grand Falls preliminary expense, Operating deficit, Total.

ON INDEBTEDNESS

Table with columns: Description, Amount. Includes items like Increase in sinking fund reserve, Increase in maintenance and renewals reserve, Total.

NEW BRUNSWICK ELECTRIC POWER COMMISSION STATEMENT SHOWING CAPITAL EXPENDITURE ON MUSQUASH SYSTEM OCTOBER 31ST, 1923, TO AUGUST 31ST, 1925

Table with columns: Description, Total, Increase, Grand Total. Lists various power development projects and their costs.

EXPLANATORY OR TABLE

Explanation covering details of the increases in capital accounts on Musquash and Bathurst systems as shown on schedule 'C' hereto attached. First period—Oct. 31, 1923, to Oct. 31, 1924.

Table with columns: Description, Amount. Shows funds obtained, Musquash power development, Grand Falls preliminary expense, Operating deficit.

THE PEAK LOAD

While the power development has installed capacity of 11,000 h. p. at this date, the approximate peak of the present output does not exceed 6,000 h. p. and is obliged to go to Power Company.

The question as to what percentage of the maximum capacity can be developed is an engineering one, but based on the present output of 6,000 h. p. the capital cost per h. p. of the present development would be as follows:

Table with columns: Description, Amount. Shows total power development cost, capital cost per h.p., commission cost, purchased power cost.

HOW FIGURES FOUND

This cost is arrived at before taking into account overhead which has been charged against the Grand Falls preliminary expense.

Had this project not been under contemplation, the commission's operating costs would have been increased by a proportion of the overhead.

Table with columns: Description, Amount. Shows loss sustained as result thereof, total losses, period October 31st, 1924 to August 31st, 1925.

ASSIGNS CAUSES

The cause of these losses appears to be due to: 1st—Unsatisfactory contracts with the City of Saint John and Moncton.

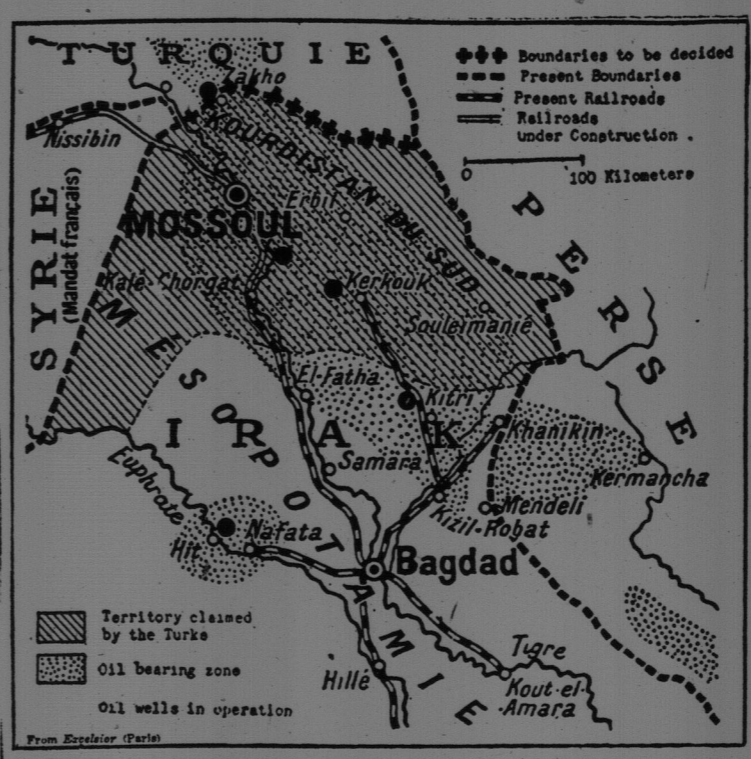

- (a) As regards price obtainable. (b) Quantity of power contracted for, undelivered, and lack of adequate compensation for maximum preliminary expense. (c) Heavy interest charges, sinking fund requirements, and Maintenance Reserve allowance on the high capital cost.

Does not take into account deficit in Rural Power Districts. Based on 6,000 h. p. present peak load, a price of \$70.00 per h. p. would be required to provide the above outlay or...

The City of Moncton contract calls for delivery of 5,000,000 to 7,000,000 k. w. h. at .225 per k. w. h. The City of Saint John contract calls for delivery of 10,000,000 to 15,000,000 k. w. h. at 1.2 per k. w. h.

(Sgd.) T. S. ROSS & SONS, Chartered Accountants.

MOSUL OIL WELLS CAUSING TROUBLE

There has been trouble recently among the nations holding control over the oil wells of Mesopotamia, and it is said the United States has withdrawn from the company owning the monopoly and has accepted concessions from the Turks instead.

NEW BRUNSWICK ELECTRIC POWER COMMISSION BOND ISSUES OF PROVINCE FOR PURPOSE OF COMMISSION.

MAILS FOR BRITAIN

Announcement of Dispatch During Week Ending Dec. 5 is Made

The despatch of mails to the United Kingdom during the week ending Dec. 5 will be as follows: Full mail for Great Britain and countries via Great Britain, to connect with the steamer Ohio, sailing from Halifax on Monday, Nov. 30.

Correspondence specially addressed for the New York route to connect with the steamer Aquitania, sailing from New York on Wednesday, Dec. 2. No closed mail, but letters will be sent to New York—Close 4 p. m., Nov. 30.

Full mail for Great Britain and countries via Great Britain to connect with the steamer Arabie, sailing from Halifax on Friday, Dec. 4. This steamer will also be used for direct mail for the continent, including direct parcel post for France—Close 4 p. m., Dec. 3.

Full mail for Great Britain and countries via Great Britain to connect with the C. P. R. steamer Montrose, sailing from Saint John to Liverpool on Saturday, Dec. 5—Close 11 a. m., Dec. 5.

Correspondence specially addressed for despatch by the steamer Newfoundland to connect with the steamer Nevada, sailing from Halifax on Saturday, Dec. 5. No closed mail, but letters will be sent to Halifax—Close 11 a. m., Dec. 4.

C. N. R. WAREHOUSE DAMAGED BY FIRE

Apex Bag Co. Lose Great Number of Bags—Flour Suffers From Water

Fire in a C. N. R. warehouse, near the corner of Sydney street, near the wharf at 6:40 o'clock last night, badly damaged the building and caused a big loss by the burning of hemp bags, owned by the Apex Bag and Baling Company, Richard Werner, manager.

It is approximately estimated that the loss will amount to about \$8,000 and is fully covered by insurance. In addition to the Bag Company, C. H. Peters Sons, Ltd., grain merchants, who occupied the western section of the warehouse, had some loss when several bags of flour were damaged by water.

John Young, who is in the employ of the Baling Company, first discovered the fire near a stove in a room where dry bags are sorted or repaired. He rushed from the building and sent in an alarm from box 8 on the corner of Mill and Pond streets.

It is believed that the heat from the stove ignited the hemp dust from the bags and in a very short time the fire caught the piles of bags and gave the fire department about three hours work before the last sign of fire was seen. On the side track at the western end of the building were three cars loaded with flour for the Peters Company and these were removed to safety by a shunting engine. There was only about one carload of flour in the warehouse at the time of the fire. Only a few bags were damaged and the loss is covered by insurance.

Keep the Skin Clear

By the use of Dr. Chase's Ointment

Dr. Chase's Ointment is so delightfully soothing and healing, and so certainly effective in keeping the skin soft, smooth and clear that it only has to be tried to be appreciated.

You may know of its value as a relief from eczema, salt rheum and other serious skin diseases. But have you realized that as a means of clearing and beautifying the skin it has no equal and no rival.

Furrows, blackheads, roughness and redness of the skin, irritations and eruptions yield readily when this soothing, healing ointment is applied frequently.

Men use Dr. Chase's Ointment after shaving to relieve the irritation of the tender skin. In sores of any kind it is useful in every home and soon becomes a household necessity.

LOBSTERS BRINGING 45 CENTS A POUND

Catch so Far Reported Small—Ottawa Official in City

J. J. Cowie, of Ottawa, general inspector with the fisheries branch of the Department of Marine and Fisheries, was in the city last evening on his way to Moncton, where he will be accompanied by F. Calder, of Campbellville, district agent of the fisheries branch.

Mr. Calder said last night that things were pretty quiet in local fish-locks fishing but the weather had kept the men from getting most of their traps out and the catch had been small.

Mr. Calder said that the weather had held it up considerably. Fishermen on Grand Manan were busy boxing and shipping the herring they had smoked during the summer.

Emigration Turns To New Countries

PARIS, Nov. 27.—With the doors of America closed to all but a comparatively few chosen immigrants, Europe is looking around to find a place for her surplus population has fixed upon Canada and Argentina.

The International Labor Bureau in a report of emigrant movements for the last year shows that while the United States still absorbed almost half of the emigrants from Europe, Argentina in turn took almost half of the remainder.

The exact statistics follow: United States, 478,087; Argentina, 195,063; Canada, 117,018; Australia, 92,859; Brazil, 84,622; Cuba, 75,468; South Africa, 12,027; and Palestine, 7,140. K—IRISH FREE STATE—PAGE 1.

Diseases From Intestinal Toxemia Held Peril

They Menace Civilization, Says King's Surgeon; Blamed For Ulcers and Cancers; Majority of Ailments Preventible; Five Million in Britain Threatened by Dread Malady

Canadian Press Despatch. NEW YORK, Nov. 26.—Sir Arbuthnot Lane, 607 London, surgeon to King George and consulting surgeon to Guy's Hospital, declared in an address here that civilization itself was menaced by diseases arising out of intestinal toxemia, a condition arising from prolonged retention in the intestines of the waste products of digestion.

The speaker, whose ultimate aim is the prolongation of life, referred to the causative condition as chronic intestinal stasis. He declared, moreover, that the majority of diseases with which mankind is afflicted are preventable, and said that of all preventable ailments chronic intestinal stasis is the most common. To it he attributed, first, ulcers, then cancer growing out of these.

The distinguished surgeon asserted that of the present population of Great Britain, 5,000,000 were destined to die of cancer, unless the gospel of health, good food, good habits, good air and exercise, could be successfully promulgated.

JOHN T. BRADBURY IS DEAD AT QUEBEC

Was Formerly Baseball Player and Veteran of The Great War

MONCTON, Nov. 24.—John Thomas Bradbury, formerly of this city but who has resided for some time in the City of Quebec, died today, according to word received here from Mrs. Bradbury. Mr. Bradbury, who was former-

man in the C. N. R. boiler shop at Quebec, was born on April 11, 1875, and entered the railway service at Charlottetown in 1889. He came to Moncton in 1901 and went into the boiler-makers' shop. He became foreman in 1907 of the New Brunel Johnston Iron Company, builders of ships and specializing in marine and stationary boilers and engines at Yarmouth, N. S. He had entered the service of that company in 1901, after being laid off in the shops here.

From 1907 until 1916 he was foreman of the Phoenix Foundry and Locomotive Works, Saint John, N. B. In March, 1916, he enlisted and spent three years and five months in the Canadian army, partly with the Royal Canadians and partly with the Canadian Railway Troops and First Bridging Company. He served in this country, Britain, France and Egypt. In 1919 and 1920 he took a special course in mathematics and computation at the Nova Scotia Technical College, Halifax, and in January of the latter year was re-employed by the Canadian National Railways as boiler maker foreman in the mechanical department at St. Malo, Que., which position he held at the time of his death.

Mr. Bradbury is well known in Saint John, having resided here for several years. He was active in athletic circles, being one of the best ball players in the city when he played first base for the Marathon team. He leaves besides his wife, two sons, Clyde, of the Bank of Montreal staff in this city, and George, and one daughter, Pauline at home.

The funeral will be held in Moncton on Saturday afternoon.

Blizzards Sweep Parts of Germany

BERLIN, Nov. 26.—Heavy blizzards, accompanied by high winds, have swept many parts of Germany, seriously interfering with wire communications throughout the country.

At Norddeich, Prussia, the three newly constructed main masts of the radio station, each 150 metres high, were blown down by the storm.

Heavy falls of snow are reported from the Bavarian Highlands and the Black Forest region.

Emigration Turns To New Countries PARIS, Nov. 27.—With the doors of America closed to all but a comparatively few chosen immigrants, Europe is looking around to find a place for her surplus population has fixed upon Canada and Argentina.

"If I only had your lovely skin, Alice!" "Mine is so bad, not even rouge and powder do any good. But anyone would think you had just got back from vacation. What's the secret?"

Why, Madge, there's no secret. I would have told you long ago but I felt I couldn't speak of it until you asked me. My doctor told me that constipation was the cause of most skin troubles. Poisons from the waste matter are picked up by the blood and carried to all parts of the body, especially the skin. They were ruining my skin, too, until he prescribed Nujol for me. Nujol stopped the constipation and my complexion began to improve right away. Try it for a week or two and see."

Don't Refuse the Beauty Aid Nujol Will Give No one needs to have a sallow, muddy complexion. The cause is simple, the remedy is in Nujol. Start taking Nujol today. Very soon you will notice an improvement in your looks. And you can look forward to the beauty and attractiveness that are the natural right of every woman.

Prize Is Offered For Biblical Essay

FREDERICTON, Nov. 26—Rev. G. C. Heine, of Montreal, who last May received an honorary degree of doctor

How does 5 o'clock find you? STILL full of life and energy, or nervous, listless and irritable? Office life takes a heavy toll on your vital energy, and when in a run down condition your body needs help in restoring its exhausted energy.

Medical research has definitely proved that one of the causes of a run down condition of the body is a shortage of certain mineral elements, including iron, potassium, calcium, sodium and phosphorus, and until a sufficient supply of these minerals is restored to the body, good health is impossible.

Wincarnis has been recommended by over ten thousand physicians in cases of nervousness, anemia, sleeplessness, and the general debility that accompanies a run down body. For fifty years this strength giver and nerve restorative has brought new life and happiness to weakened men and women.

Buy a bottle of Wincarnis today from your druggist. Try it and see the difference just a few days will bring.

Wincarnis Builds Health Coleman & Co. (Canada), Ltd. 67 Portland St., Toronto

of laws from the University of New Brunswick, has offered a prize open to all students at the university for the best essay on the subject of "The Bible, Its Origin, Its Ethical Value and Its Influence in the World." Essays are limited to 10,000 words.

Stanfield's Unshrinkable Underwear gives tailored-to-fit comfort that lasts through months of wear

EVEN if you bought underwear tailored to your measure you could scarcely get a better fit. For Stanfield's great range of styles, sizes and proportions enables any man of any build to get a garment that fits just right—snugly and comfortably—without bulging up at the back of the neck or binding in the crotch.

Stanfield's will not shrink. You don't have to buy a size larger than you'd ordinarily wear and "allow for shrinking." Stanfield's fits when you first put it on—and, given ordinary care in washing according to our directions, will stay that way as long as you wear it. And it stands strenuous wear.

There are fabrics and weights in Stanfield's for every man

Whether you work indoors or out you'll find there's a Stanfield's weight particularly suited for you. Stanfield's is made in pure virgin wool, silko-wool and mixtures of wool and silky cotton, with the same high standard of making all through—full generous cut, no skimping—seams that lie flat—buttons sewn on to stay.

And there's a size, style and weight in Stanfield's for every member of the family, priced from \$1 to \$10.

STANFIELD'S Unshrinkable UNDERWEAR

No. 7700. Moderately heavy natural Combinations, sizes 34-44, at \$1.00. Also Suits and Drawers at \$2.00 per garment.

REPATRIATION PLAN PROPOSED

Special Immigration Mission to United States Contemplated at Ottawa

King Cabinet Expected to go on With Scheme if Retained in Office

OTTAWA, Nov. 26.—A large expenditure of effort and money to multiply many times the number of settlers coming in to swell the man-power of Canada is contemplated in plans formulated by the Federal Government, provided it retains power by the aid of the Progressives.

W. J. Egan, Deputy Minister of Immigration and Colonization, will leave here almost immediately for Great Britain, and W. R. Little, former immigration commissioner for the Dominion in Great Britain, is to undertake a special immigration mission in the United States, under the direction of Hon. Charles Stewart, acting minister of that department.

One of the features of the scheme is understood to be that it will provide for solely English-speaking immigration in the main effort, while some other races will be given consideration.

REPATRIATION PLANNED.

The enlarged project will provide for a directed repatriation into Canada of Canadians who have gone to populate the New England States, most of these being from Nova Scotia and New Brunswick. Although there are a large number of men from the Maritime Provinces industrially employed in New England centres, most of them are farmers by avocation. Many domestics employed in Boston and other New England centres are also drawn from Nova Scotia, and many of the hospitals of New England are "manned" by nurses who hail from the Maritime Provinces.

To what extent the Federal Government is disposed to go in this new scheme has not yet been disclosed, but some announcement is expected in the Speech from the Throne when Parliament opens. A new agreement with the British Government has been effected and will form a part of the plans now in contemplation.

American Weakness In Chemical Warfare

WASHINGTON, Nov. 27.—Unless there is an immediate drastic increase in appropriations for chemical warfare activities of the Army, the United States will soon become the weakest among the six most powerful nations in the world. Major-General Amos A. Fries, Chief of the Chemical Warfare Service, declared in his annual report to Secretary of War Davis made public today.

"Where it has always been possible

DAMASCUS

In this picture some idea may be gained of the havoc wrought by recent French bombardment upon the ancient city of Damascus, capital of Syria and exotic playground of Oriental tradition. This is but one small section of a great area lain in waste by fire and shell. In these crumbling ruins you see the last of another great city, rich in history and song.

for the United States to gain victories in wars of the past and where, even today, we are the strongest and wealthiest nation in the world, our position is NOT so secure or so strong that we can allow our greatest advantage to be thrown away." Fries says.

"It must be recognized that there is absolutely nothing inherent in chemical warfare to prevent its consideration as a logical and perfectly justifiable means of waging war, but it borders on national suicide to neglect proper preparation for a means of warfare, or a defence against a means, which has proven so successful."

One Dead, One Dying In Colorado Duel

BERTHOUD, Col., Nov. 27.—Ralph Bennett, 35, secretary of the Chimney Hollow School Board, is dead and Edward Hertha, 50, is dying as the aftermath of a pistol duel early today.

The duel took place in a lonely gully and was the climax of a feud which has lasted several years, neighbors said. It started, they declare, when Hertha left open the gate to Bennett's farm. Hertha, who was shot in the abdomen, told the police that Bennett started the shooting.

VIRTUALLY ALL PRICE VARIATIONS ON LOCAL MART ARE ADVANCES

PRACTICALLY all of the price variations in the local market during the last week were advances and among the commodities on the upgrade were flour, rolled oatmeal, cheese, yellow-eyed beans, eggs, butter, lamb, chickens and bananas. There was only a fair supply of poultry and country produce generally, although stored vegetables were abundant.

In the wholesale country market list cents a pound instead of 35 to 40 cents. Dill pickles were worth 35 cents a dozen and queen olives sold for 60 cents a quart.

In wholesale groceries new cheese gained one cent on the lower price at 26 to 27½ cents a pound. Choice seed raisins were 15½ cents instead of 15 cents. Yellow-eyed beans gained 50 cents at 86 a bag. American clear pork had a wider price range at \$42 to \$45 the 200 pound barrel. Canned kippers gained 60 cents at \$6.00 a case. Canned pumpkin was 16 cents a dozen cheaper at \$1.85 to \$1.70. Seconds in canned peaches had a wider range at \$2.65 to \$3.05 for the dozen cans. Sliced pineapple was down 30 cents on the highest price at \$2.05 to \$2.50. Grated pineapple was 40 cents cheaper at \$3.10.

ROLLED OATMEAL HIGHER.

The advance in rolled oatmeal added 30 cents to the barrel price, giving a new quotation of \$8.30. Flour prices went up 30 cents a barrel, making Manitoba flour worth \$10 and Ontario flour \$9.90. Granulated sugar was selling for \$6.55 and yellow for \$6.05 by the 100 pounds.

In wholesale fruits, bananas at 9 to 10 cents a pound gained two and a half to three cents. Figs by the 10 pound box lost 20 cents on the lower price at \$1.50 to \$2.50.

In wholesale fish medium dry cod at \$6.75 a cwt. lost 25 cents. Fresh cod was selling for 5 to 5½ cents. Fresh cured finnan haddies at 12 cents a pound were up two cents. Boneless herring lost one cent at 17 cents a pound.

In hides, calfskins lost one cent at 15 cents a pound for No. 1s and 12 cents

SUPERINTENDENT OF NEW LINE IN CITY

Captain R. Capper, of the Cunard Steamships, Makes Preparations For Season

Captain R. Capper, of Montreal marine superintendent of the Cunard Steamship Line, was in the city yesterday making a survey of conditions preliminary to moving his staff here for the winter season. He is returning to Montreal today but is expected to come here for the winter by the end of next week. He will be located at the Robert Reford Company office.

The first Cunard boat, the Verentia, of the season is now on her way to Saint John, having left London yesterday. The present schedule calls for sailings about fortnightly but this program may be increased, if business warrants it.

A. R. M'KENZIE IS CHOSEN AT BORDER

Will be Conservative Candidate in By-election For Provincial House

ST. STEPHEN, Nov. 26.—Arthur R. McKenzie was tonight chosen to represent the Conservative party in the Provincial by-election on Dec. 10 for the vacancy caused by the death of John M. Flewelling in the constituency of Milltown and St. Stephen. The convention was largely attended. Several women were present. Harry W. Smith was chairman.

Three resolutions were passed, one of sympathy in the death of the late member, Mr. Flewelling; one calling for the strict enforcement of the prohibition act, and one asking the government to keep up the road from the Milltown Bridge to the limits of St. Stephen, this road being the gateway for the American tourists.

THANKS ELECTORS.

Nominations were then called and Dr. W. H. Laughlin nominated A. R. McKenzie. This was seconded by Thomas Toal. M. C. Buchanan then nominated George H. I. Cockburn, this being seconded by Harry Hiatt. No other nominations being made, the delegates were called on to ballot on these two names, the result being McKenzie 21, Cockburn 16.

Mr. Cockburn immediately moved that Mr. McKenzie's nomination be made unanimous, and in an interesting speech thanked the delegates for support given him and then pledged his support to Mr. McKenzie in the coming election.

CANDIDATE SPEAKS.

Mr. McKenzie thanked the delegates for his nomination, and stated that he would do everything in his power to warrant the confidence that they had shown in him. Mr. McKenzie is general sales manager of Ganong Bros. and has been a hard worker for the Conservative party for years.

U. S. Gives Cannon But Freight Unpaid

PITTSBURGH, Pa., Nov. 27.—Uncle Sam may give away captured German cannon, but he doesn't pay the freight—so Pittsburgh has found out.

Three pieces of artillery which once blazed away from the enemy side of the Hindenburg line, recently arrived here from Newark, N. J., and the city found it did not have the \$59 necessary to pay the freight charges.

The guns were hauled off the freight cars to save demurrage charges while the city fathers gathered and provided for payment of the freight bill.

ENJOYED EVENING.

The Senior Boosters' Club of the Y. W. C. A. had a most enjoyable evening at the recreation centre last night when Mrs. E. C. Weyman, president of the Y. W. C. A., gave a lecture and demonstration on correct table service. There was an imaginary tea party first and then the members of the club were guests at a real party which was provided by the members of the board of directors. Those who received were Miss Stella Earle, president of the Senior Boosters; Mrs. T. H. Summerville, convener of the girls' committee of the Y. W. C. A., and Mrs. H. G. Marr. Mrs. E. C. Weyman presided at the tea table and was assisted in serving by the Misses Marion Bryson, Alice Raymond, Elizabeth Parsons and Muriel Waddell.

Either kind stops Coughs and Bronchitis instantly!

Buckley's "Bronchitis" Mixture is now sold in two forms—"Strong" and "Modified". Buckley's Mixture "Strong" is the famous instant relief for Coughs, Colds, Bronchitis and all affections of throat, chest and lungs.

The new Buckley's Mixture "Modified" has been specially prepared for children and all those susceptible to the taste of medicine. It possesses absolutely the same medicinal merit—and produces the same marvellous results as the original Buckley's Mixture you have always known. Both mixtures act like a flash.

At the first sign of a cough or cold take Buckley's Mixture. It is your best insurance against dreaded Bronchitis, Pneumonia and "Flu". Keep a bottle handy.

Every Druggist sells Buckley's on a money refunded guarantee.

BUCKLEY'S MIXTURE "STRONG" OR "MODIFIED"

The most advanced form of medication for the Treatment of Coughs, Bronchitis, Colds, Laryngitis, Hoarseness, Pneumonia, "Flu", Whooping Cough and Croup. Positive relief for Acute and Chronic Bronchitis, Asthma and all affections of Throat, Chest, Bronchial Tubes and Lungs. 40 doses—75c.

W. K. Buckley, Limited, 142 Mutual St., Toronto 2

University Courses To Train Policemen

CHICAGO, Nov. 25.—Instruction of the policeman, in the legal, psychological, and sociological features of crime suppression, will be the object of a school for police chiefs, which will be opened at Northwestern University next year.

The plan for the school is being pushed by Chief of Police Collins of this city and Chief Wilberger of Evanston. Walter Dill Scott, president of the university, has given his sanction to the plan.

Plans now call for the first session of the school to be held during a two week's period, immediately following the 1926 police chiefs' convention here next July.

With this session as a basis, a full time course may be started which could be taken not only by police officials but by major students in law and journalism.

Some "class" to this pipe

The NEW **Kola de Luxe BRIARS**

Do you know that not one bowl out of twenty is passed at the factory as good enough to bear the Kola de Luxe Brand? Every pipe, too, is fitted with an aluminum dry-smoker, which protects the smoker's throat, a great improvement on the tube system. Other special features contribute to make Kola de Luxe Briars exactly what their name implies—Superfine pipes. That's why every Kola de Luxe Briar can carry a guarantee.

Wherever high class pipes are sold, in all the latest styles and sizes.

Wolsey means these—Health, Economy, Ease

If every man, woman and child wore Wolsey Underwear next to skin regularly, there would be an enormous reduction in the number of those slight chills which so often lead to more serious illnesses. Wolsey keeps the body at an even temperature throughout all extremes of climate. Its delightfully soft wool gives a degree of comfort and lasting satisfaction that cannot be obtained from any other underwear. When you buy Underwear or Hosiery, therefore, look for the Wolsey Trade Mark.

It is your guarantee against shrinkage, and it ensures your complete satisfaction.

WOLSEY UNDERWEAR & HOSIERY

Wolsey Ltd. are also the makers of the world famous "Sportsman" brand of fancy knitted Underwear and Hosiery. It offers the same reliable service as Wolsey Underwear.

WOLSEY LTD., LEICESTER, ENGLAND

WINTER PORT IS MEETING TOPIC

Papers by St. Andrew's Young Men's Club Are Reviewed

Saint John is Natural Choice—Mission in Maritimes' Interest Wins Praise

A meeting of St. Andrew's Young Men's Club postponed from Tuesday night was held last evening, with John J. Murray, president, in the chair. Mr. Murray announced that the outline addresses prepared by the members on the subject, "Saint John the Natural Winter Port of Canada," were to be discussed at the meeting. He spoke of the aptness of the theme, it being a subject which at present is much to the fore. He commented on the fact that the "Telegraph-Journal and the Times-Star" had sent representatives to different parts of Canada to draw attention to the claims of Saint John and Eastern Canada. He said that in doing this the papers had rendered not only a community but a national service. He said, also, that the addresses to be read would be heard with greater interest because of the way in which the subject had been kept before the public by these newspapers.

Rev. J. S. Bonnell, honorary president of the society, took up 12 of the outline addresses for discussion, reading the introductions, the summarized arguments, and the concluding sentences. Members of the class suggested criticism in the construction and wording of each of the speeches. The majority were found to be of quite high order for beginners in the art of public speaking. Mr. Bonnell gave suggestions as to how the addresses could be improved by changes in argument and wording.

ARGUMENTS SUMMARIZED.

His summary of the arguments used to show why Saint John must be the winter port of Canada were as follows:

- Because its excellent harbor accommodated ships of all sizes.
- Because of its proximity to abundant food and fuel supplies.
- Because of its being one of the two Canadian ports on the Atlantic which alone are open all the year around.
- Because of connection with railroads with capacity for many times their present business.
- Because of nearness to Great Britain.
- Because of proximity to Upper Canadian markets.
- Because its average of harbor accidents was no larger than that of any other seaports of the same size.
- Because it has the largest dry dock in the world.
- Because of its magnificent record during the war, when men, munitions and food had to be shipped with great expedition.
- Because it has the terminals of two great railway systems, the C. P. R. and the C. N. R.

All of the club members conceded last night's study to have been the most helpful of the series of lectures on public speaking.

WOMEN'S RIGHTS IS SUBJECT OF DEBATE

Varied Program is Carried Out in Germain Street Baptist Institute

It was ladies' night at the Germain Street Baptist Institute last night when the Y. M. A. entertained the two ladies' classes of the church to a social evening. The program included a debate, musical numbers by Cedric Fiewelling and Paul Cross, a story telling contest, a "ball game" and refreshments served by the men.

The question of the debate was: "Resolved, that the recognition of women's rights has been a benefit to the community." The affirmative was upheld by Misses Iris Morse, Marion Belding and Lucy Smith and the defence was carried on by J. N. Daw, David Thompson and E. J. Alexander. It proved exceedingly entertaining, many unexpected and unintentional points being scored, the young ladies easily carrying off the honors.

One of the speakers for the negative, however, gained much applause by presenting his entire argument in original verse. The judges were Mrs. L. W. Simms, Mrs. Donaldson Hunt and Commissioner Wigmore.

The story telling contest was carried on by Miss Bernice Hatfield, Mrs. Gregg, Miss DeWolfe, Miss Grace Marshall, Miss Margaret Rigby, H. J. Machum, E. F. Jamieson and H. E. McLean. The honors in this contest also went to the ladies, the three first named receiving the prize.

The accompanist of the evening was Miss Eva Bissett.

FAIR DANCERS DISPLAY ART ON STEAMER

Not quite all the people who come to Canada these days from the British Isles are immigrants. Here is a group of English dancers, who recently performed before their Majesties, the King and Queen, at the Alhambra Theatre in London. They are shown on the deck of the Canadian Pacific liner Minnedosa, rehearsing some of the steps that will captivate audiences in the Canadian and American cities where they are billed to appear on their thirty weeks' visit to this continent.

Village in Mexico New Divorce Haven

NOGALES, Ariz., Nov. 27.—An American divorce colony, rivaling Reno in its palmist days, is flourish-

ing in the Mexico village of Hermosillo, Sonora, according to advices here. Divorces are handed out in Sonora, under a new decree, after six months' separation, and after 15 days application by mutual consent of wife and husband. Several film stars from Holly-

wood are known to have received their decrees at the Mexican divorce haven. Sonora has gained materially in population and wealth since the divorce statute was enacted, it was said, and Hermosillo has become a thriving village with a distinguished American flavor.

Corn On Ear Radio Disease

NEW YORK, Nov. 26.—Radio fans, look out for "corn on the ear."

A number of cases of this 20th century malady have been reported, according to Raymond Ketchum, chief engineer of J. B. Ferguson, Inc.

Dr. Francis Blinn, a New York physician, was consulted on one of the cases and declared that the small callouses were caused by wearing the receivers too long. The patient said that the pain was very similar to that of the old-fashioned corn on the foot.

Infant Deaths Laid To Mothers' Drinking

MEXICO CITY, Nov. 27.—A statement published by the Mexican Biological Department says Mexico City has the highest infant mortality rate in the world, because so many mothers drink pulque, an intoxicant made from the juice of the maguey plant, which is the alcoholic beverage of the Mexican masses.

Forty per cent. of the deaths in the city are of children under 10 years old. This contrasts with a rate of 6 per cent. in Norway, 10 per cent. in Switzerland, 12 per cent. in England and 14 per cent. in France, according to the department's statement.

It declares that pulque drinking by women before bearing children and during the nursing period gives infants such a poor start in life that many of them die young.

Takes Watch Dogs In; Loses Turkeys

BOSTON, Nov. 26.—Kindness to their watchdogs in bringing them into the house during a storm cost John Moore of Wood Rock Farm, East Weymouth, 61 turkeys he had raised, valued at \$350. The turkeys were carried off in an automobile, and as yet the police of the south shore towns have found no clue to the thieves.

Mr. and Mrs. Moore had succeeded in raising 160 fine turkeys. At night they were guarded by a pair of Air-dale dogs. Sunday night the weather became so bad that the dogs were brought into the house. When Moore went to feed his flock he found 61 of

the birds missing. Moore told the police that for several nights a peculiar looking automobile has come to a stop in front of the turkey yard, and when the dogs began to bark, the machine sped off. He thinks the driver and this automobile had something to do with the disappearance of his turkeys.

Prehistoric Sunlight Obscures Modern Sun

LONDON, Nov. 26.—Coal is "stored sunlight" of the past ages; but man of the present day in burning it creates smoke which obscures the sunlight of the current age.

This was the substance of a discus-

sion before the Sociological Society of London which had to do with questions of better methods of burning coal so as to rid cities of the pall of smoke which hangs over them as the result of the universal use of coal in heating and industry.

When Folks Drop in Unexpectedly

that's the time you appreciate the handiness of "Oxo" Cubes. No trouble to serve steaming, fragrant cups of "Oxo"—made in a minute with "Oxo" Cubes dissolved in boiling water (a cube to a cup).

Everybody enjoys "Oxo" these cold nights. The warmth and the rich beef-nourishment are safeguards against taking cold, and a welcome harbinger of sound, refreshing sleep.

Always keep a supply of "Oxo" Cubes on hand for just such social emergencies.

THE GREAT BEEF ECONOMY

Let me help you settle the flour question once and for all!

ONLY the best flour makes the best bread, pastry and puddings.

Inferior flour, or flour that varies in quality endangers your success in baking, reduces the food value and appetizing qualities of everything you bake.

If your retailer, select for your table the best of everything on the market.

For your baking I select Purity Flour because in all the years I have been in business Purity Flour has never failed to please my customers.

I offer you this silk-sifted, oven-tested flour with the understanding that if it does not make the best bread, pies and cakes you ever baked you may return the unused portion and I will return the full price of your purchase.

Could anything be fairer?

Let me send a trial bag of Purity Flour with your next order. You'll be delighted.

Your Retailer
Send 30c. in stamps for the 180-page Purity Flour Cook Book. Sent Postpaid.

PURITY FLOUR

How To Get The Best Results From Your Want Ad.

The small cost of a "Want Ad." is a secondary consideration. The object is results.

Therefore, never cheepare here and there to save an odd cent or two.

When writing your "Want Ad." put yourself in the place of the reader, and answer his questions you yourself would naturally ask.

If you have a flat to rent, the home seeker wants to know more than a plain statement of the fact.

To get the right tenar quickly, give full information.

To rent a room quickly to the right kind of a roomer, give all particulars.

Show that you are anxious to make the roomer comfortable for a reasonable rental.

If you wish to sell anything, do not omit the good selling points.

It is far more economical to spend an extra few cents and make the sale, rather than to save a few cents in the cost of the ad. and make no sale.

To Make Doubly Sure of Results

To make doubly sure of the right party seeing your "Want Ad." is a good plan to use both "The Telegraph-Journal" and the "Times-Star."

A special rate covers both morning and evening papers.

The rate for your "Want Ad." in the "Times-Star" is two cents per word per day, but you can have your advertisement appear in both papers for the combined rate of three cents per word per day.

Two Papers 3 Cents Per Word Per Day!

40,000 PRESENT AS "RED" GRANGE'S TEAM IS HELD TO DRAW

FLAMMING GHOST IS PAID \$20,000 IN HOUR'S PLAY

Former Illinois Captain Receives Black Eye In Close Game

CHICAGO, Nov. 27.—Harold "Red" Grange yesterday stepped from a college hero into business life, as a professional football player, gained the hearty applause of a crowd of over forty thousand; some \$20,000 as his share of the receipts, and a black eye. His team, the Chicago Bears, played a scintillating game with the Chicago Cardinals, their bitter rivals of the south side.

"I never played against a more expert team of football players," said Grange, after the game. "I don't remember how I got the black eye, but I never saw a bit of intentional roughness, and I enjoyed my first professional game immensely. I did my best, but was able to practise with the team only a few days."

The Cardinals made every effort to keep their punts out of Grange's hands, but he managed to get hold of three which he ran back for 14, 28 and 30 yards. His longest gain from formation, was but six yards, and that was the next to the longest of the game for either side. He made one of the two first downs for his team.

Freddy Driscoll, former Northwestern star, made the only first down for the Cardinals, and the famous red head stopped him, then with a five yard gain, Grange's only tackle of the game. The Cardinals only tried that one time around Grange's end. Driscoll once attempted a 45 yard drop kick, the ball sailing into a goal post. Later from the 64 yard line his attempt was blocked.

Grange rested for a few minutes near the close of the second period, and the start of the third, and rushed back into the game when the Cardinals reached the 13 yard line, in time to intercept a pass under the goal posts, and head off a touchdown. The Bears only good chance for a score came later in the third period, but Starnaman fumbled on the 12-yard line in a dive through guard, and the Cardinals recovered.

Grange opened up with passes in the last few minutes of the game, but all were knocked down by the Cardinals.

NEW YORK, Nov. 27.—"Big Time" college football rugby games played in the United States yesterday resulted as follows: Georgetown, 16; Quantico Marines, 0. Pittsburgh, 23; Penn State, 7. Brown, 14; Colgate, 14. Kansas Aggies, 12; Iowa State, 7. Fordham, 13; North Carolina, 7. Syracuse, 16; Columbia, 5. West Virginia, 19; Washington and Jefferson, 9. Penn., 7; Cornell, 0. Johns Hopkins, 7; Maryland, 7. Bucknell, 7; University of Detroit, 0. Vermont, 0; St. Louis, 7. Virginia, 3; North Carolina, 3. Hobart, 17; Rochester, 6. Nebraska, 17; Notre Dame, 0. Miami University, 33; Cincinnati University, 0. Washington, 3; Grinnell, 0.

Some of the earliest clocks had no dial. Only the hourly striking told the time.

Canucks and Nationals Are Keyed Up Over Title Game Tomorrow

Along The Sport Trail

A FAR-REACHING RULE in the boxing game has been adopted for New York state by its boxing commission and while New York does not control the universe in the game, its influence is weighty and any decision is bound to have an effect throughout the country. Hereafter in bouts in New York, rounds and not points will decide the issue. Under the former rule, judges scored points for each round on clean hitting, aggressiveness, sportsmanship etc. These were tallied up at the end of the fray and the decision made known. It gave the judges plenty to do in watching the bouts. This same system applies to Letting the rounds settle it and while there is much to say for the point system, there is also plenty of favor of the new rule. For one thing, it allows the judge a proper chance to watch the bout. At the end of each round, the official will mark up his points for each contestant and then mark the round, win, lose or draw. A judge, as one writer puts it, who watches a round carefully and with undivided attention ought to be able to decide whether it was even or whether one or the other had the advantage and the judge who cannot do this should be removed. This is the system the average boxing fan uses and yet we never went to a bout yet that we did not see the house pretty evenly-divided at the finish. Unless there is a knockout, there is always a chance for an argument.

BATTLING SIKI, the Singular Sengalese, has been arrested again. Life for the battling one is just one jail after another.

OUR YOUNG FRIEND, Mr. Mickey Walker, welterweight champion of the universe, ran into plenty of trouble from one Sailor Friedman the other night and the result rather adds to the impression that Mr. Walker hasn't got much of a punch. Not that we are in any way anxious to step in front of it. Mr. Dave Shade nearly pushed the royal diadem off Mickey's noble brow a few weeks ago and now comes the Chicago boy, who, although he was clearly out-pointed, was never quite subdued and although Walker hit him with everything but the timekeeper's gong, he refused to go down and stay down. We have grown so accustomed these days that a champion is not a champion unless he can make them take the count in the opening rounds, or at least keep them on the floor when they hit it. However, now that he has disposed of two of his foremost challengers, Mickey can breathe easy until he tackles Tommy Milligan. We doubt if the British boxer will give him much trouble. The net result of all this will be for Benny Leonard to go to his mother and with glycerine tears in his eyes seek permission to earn a few more dollars by buying bread and milk before it is too late. After taking a look at the famous wolf, Benny's mother probably will relent and her dear boy will go forth once more, this time in all probability as a welterweight. What a crowd that bout would draw—Mickey Walker vs. Benny Leonard for the welterweight championship of the world.

THE WATER DEPARTMENT NT baseball team's banquet is being held next week. It is reported Walker Andrews and Manager Snodgrass are brushing up for another speaking duel.

REGARDING the visit of Joe Page and Dan Corr to Pittsburgh recently, Edward Ballinger, sports editor of the Pittsburgh Post, has the following of interest: Joe's duties as a representative of the Canadian Pacific Railway, frequently take him to points where "90 below" is not unusual, or at other divisions of the line such as Vancouver, where flowers bloom in December, but he prefers the biting breezes of Quebec. Dan, who is in business in Saint John, thrives when the beautiful lakes of New Brunswick are frozzen almost solid. Both Joe and Dan are representing the Saint John Skating Association, of which this latter is secretary. He is to hold the world's championship skating meet in that beautiful city on January 26, 27 and 28. Clas Thunberg of Finland will defend the big title against Joe Moore of New York, Charles Gorman of Saint John and other famous speeders. These races will be skated on Lily Lake, a picturesque body of water a mile and a half in length and about one mile wide. Although located in a valley, the lake is several hundred feet above the level of the city. Great throngs of people flock to these championship events, 20,000 having attended a single day's competition, while the attendance for a three-day's meet, was around 60,000. Although the mercury often drops below zero, the cold is not as uncomfortable there as such a cold snap as the one now visiting Pittsburgh and vicinity.

COMMITTEES ARE NAMED BY M. P. B.

A. W. Covey to Receive Medal as Retiring Past President, Says Doyle

CHARLOTTETOWN, P.E.I., Nov. 27.—The standing committee of the Maritime Athletic Union of Canada, for the year 1925-26 were announced here yesterday by President S. F. Doyle. The Maritime president also gave notice of the annual meeting of the Maritime Amateur Hockey Association to be held at Truro, on Friday of next week. A. W. Covey, Saint John, N. B., past president of the M. P. B. A. A. U. of C., has been granted the retiring president's medal, a solid engraved emblem, and will be presented with it at an early date, according to Mr. Doyle.

The standing committees follow: Provincial—Nova Scotia, C. H. Bennett, Halifax; Andrew Watson, Sydney; R. M. Rose, Amherst; D. D. McDonald, New Glasgow; G. Greig, Halifax; P. Wilson, Truro; W. C. Bishop, Dartmouth; N. C. Ralston, Halifax; A. Wharris, Pictou. New Brunswick—H. M. Cleary, H. T. C. Hutton, Saint John; F. M. Dayton, A. M. Leblanc, Moncton; H. O. Schryer, Bathurst; G. Y. TWO SELECTED PLAY STARS ON BRITISH TEAM

Douglas McKean and Capt. H. B. Poston Named by Committee

DOUGLAS M'KEAN, Maritime badminton champion two years ago, and rated as about the best player in Saint John at present, and Captain H. B. Poston have been selected as two of the four local players who will compete against the famed British stars in the Army on Monday night next. The visiting players will arrive here tomorrow on the C. P. liner Montrose for the commencement of their tour throughout Canada and as it is rare that Canadians have an opportunity of seeing such prominent players in action, it is expected that large crowds will watch them during their trip. Badminton has developed wonderfully in the last few years here and a big crowd should be on hand at the Army Monday night. Four local players will be selected to pit their skill against the British players, two of them having already been selected. McKean did not compete in the Maritime championships last year, the title being won by Major Grant, Halifax. Two years ago McKean and Poston teamed up in the doubles and won the doubles title. Last year, they did not play together. Both are looked on to give the champions a good fight on Monday. The visiting team is composed of such experts as J. F. Delvin, present holder of the singles championship of Great Britain; A. K. Jones, runner-up in 1924 and English international; Sir George Thomas, English international and ex-singles champion from 1920 to 1923; W. M. Swinden, H. R. C. Martin, and E. Hawthorn, all English internationals. It is a powerful team which they should do the game a world of good through Canada.

AMATEUR HOCKEY MEETING ON DEC. 4

MONCTON, Nov. 26.—The Maritime Amateur Hockey Association will meet in Truro on Friday, Dec. 4, according to word received by the New Brunswick teams, owing to the city in the association. Two important questions are slated for discussion. They are in the form of resolutions. One is that the Halifax City League wishes suspended so as to permit a Dartmouth entry, and the other with the redistribution of the New Brunswick teams, owing to dissatisfaction with the present sections and the dropping out of Sussex, runners-up in the battle for the Maritime hockey title last season.

MANHATTAN TEAM DEFEATS COUGERS

WINDSOR, Ont., Nov. 26.—Goalie Holmes relaxed his vigilance for a split second at the start of the third period in tonight's exhibition contest between New York Americans and Victoria Cougars and Bullet Joe Simpson with lightning accuracy found a vacant corner and scored the lone tally that brought a 1-0 victory to the Manhattan sextette. The big battle, the first for the former Hamilton team under the New York colors was witnessed by 7,200 persons.

Gorman Holds First Workout On Skates

Charlie Gorman, world's 440 yard champion and former National and International titleholder, had his first workout on skates yesterday morning on Hilton Belyea's rink, West Saint John, and from now on will condition himself there daily if the present cold streak continues. The ice was in fine shape and Gorman showed great speed for this early in the year. The local boy has been training faithfully for the last month and is in excellent physical condition to iron out any kinks. He proposes to go slow and build himself up. In the afternoon, Frank Caserta, Mike Logan and Murray Bell worked out with Gorman.

Two Giant Stars Booked to Wear Managerial Regalia Next Season

Fred Merkle, once a star of McGraw's Giant band and last year one of Miller Huggins' chief aides on the Yankee team, is slated to manage a minor league team next season. Heinie Groh, more recent star in the McGraw firmament, is scheduled to draw his unconditional release from the Giants before next spring. He has already received several offers to manage minor league teams so it is probable he will become a pilot of some outfit.

MAKES AUTO RECORD

WASHINGTON, Nov. 27.—October automobile production set a new high record of 392,448 passenger cars and 44,129 trucks, according to a report of the Commerce Department. With Canadian production added, the North American record of passenger cars was 405,659, and of trucks 45,823. The previous high record was in April of this year, when 375,787 passenger cars and 46,247 trucks were produced in the United States. For the ten months of 1925, including October, the United States produced 3,975,007 passenger cars, against 2,771,719 in the same period of last year. The truck production was 404,310, against 307,187 last year.

Junior Basketball

Owing to inability to secure the Y. M. C. I. floor this evening, the junior basketball game scheduled for that date will be played at the Y. M. C. I. on Wednesday evening, Dec. 2, when the M. R. A. team plays Trinity team. Tomorrow, beginning at 2.30 p.m., the East End Boys' Club team will play the St. John's Baptist team on the Y. M. C. A. floor. Both these teams are striving to give each other a hard battle and a good game should materialize. Ronald Harding is handling the whistle. At 3 p.m. the Y. M. C. I. team plays the Ludlow Street Baptist team and the referee will be Kirk Johnston. At 8 p.m. the Nationals team will play St. David's. The referee will be William Sergeant. So far the Nationals have not lost a game and they are out to keep their position at the top of the league. More than 80,000 women are employed in the cigar-making industry in the United States.

HAVE FAILED TO SCORE TRY IN 3 CONTESTS

Frank Campbell Expected Back on Canucks' Half Line

MEMBERS of the Canucks and Nationals rugby teams are keyed up to a high pitch for their game tomorrow afternoon on the Sand Cove Road grounds at 8 o'clock for the 1925 intermediate championship of the city and if a score does not result one way or the other, it will not be for want of trying for every man is going out on the field tomorrow grimly-determined to break the existing deadlock which has now extended into the fourth game. The boys are taking this game quite seriously as it means a lot to them to cup the flag. The Nationals, a new and hustling young athletic organization just breaking its way into several branches of sports, wants this championship for added prestige, while the Canucks also desire it to maintain their record of last year and give them another leg on the Harding Cup. These are the objectives and the boys are prepared to do or die to achieve them. It was proposed at first to stage this crucial contest on the Allison grounds but they could not be secured and it will be played on the league's own ground at Sand Cove. This is just about as easy to reach as the Allison grounds and another big crowd is expected to swell the ranks of the partisan supporters who are bound to turn out in large numbers. Canucks expect to give the Nationals a bit over last Saturday's game by having Frank Campbell, a fleet young runner, back on the half line. With Armstrong, Wittren and Monthew are looked on to give the Canucks plenty of trouble. R. S. Bennett, coach of the High School team, will handle the whistle again.

Government Subsidies Unable to Popularize British Made Pictures

LOS ANGELES, Nov. 27.—European statesmen are alarmed over the invasion of American-made motion pictures, according to Peter J. Pybus, C. B. E., formerly secretary to David Lloyd George, and part owner of the London Times.

"The British Empire and all continental Europe as well is facing the most extraordinary invasion in the world's history," Pybus declared while visiting here en route to the Orient.

NO FLAG FLIES OVER CITY HALL AS POLE IS DOWN

Commissioner Frink Answers Criticism in Sons of England Resolution

THOUGHT UNSAFE, SAYS COM. HARDING

Staff Ordered Taken Down, for This Reason, Som: Days Ago

In answer to a criticism by Marlborough Lodge, Sons of England, that the City Hall had no flag flying at half staff in memory of Queen Mother Alexandra, Acting Mayor Frink said this morning that the reason there was no flag over City Hall was because there was no flag that on which to place it.

Commissioner Harding, under whose care the public buildings are placed, said this morning when asked about the matter that the flag pole had been removed some days ago because he considered it unsafe and had ordered it taken down.

LODGE RESOLUTION

Marlborough Lodge, No. 207, Sons of England, at its regular meeting last night, passed unanimously a resolution of regret, that while Acting Mayor Frink had asked through the press that all business houses should fly the Union Jack at half-mast out of respect for the Dowager Queen Alexandra, he had not as yet taken steps to put bill in place in order, inasmuch as there had not been a flag flying from City Hall.

The closing words of the resolution were: "We, as loyal citizens, ask him to lead the way, and others will follow." The worthy President W. Roberts, presided and D. D. Harry Sellen and P. F. Mr. Crabbe, both members of Portland Lodge were also seated. The meeting was held in the lodge room. One candidate was indicated.

After the business meeting refreshments were served in correct English style and a program enjoyed. Songs were given by E. Thompson, A. Tremann, G. H. Lewis; addresses were given by H. Sellen, J. Christie, H. Crabbe, W. Robinson and R. A. Clark. A month-long selection was given by T. E. Pritchard and a jazz selection by W. Lewis. The pianist was R. Lavland. The committee who supplied and read the refreshments was composed of E. C. Tremann, H. E. Thompson, R. Dickey, A. E. Hornman, D. Bevans, A. E. Tovey and F. Lewis. God Save the King brought a jolly evening to a close at 11:30 p.m.

SAINT JOHN POETS MEETING SUBJECT

Eclectic Club Enjoys Program of Readings From Works of Local Writers

A program of exceptional interest was enjoyed at a meeting of the Eclectic Club held last night at the residence of Mr. and Mrs. H. S. Bridges, Duke street. F. B. Ellis had charge of the program and the subject was "Some Saint John Poets." In an excellent introductory paper Mr. Ellis quoted from the poems of Charles Campbell, W. Strick and Charles Leonard and mentioned about 25 other Saint John residents who have written poems of high order. The remainder of the program consisted of readings of poems by Saint John men.

Mrs. Margaret Lawrence read "The Rising Village" written by Oliver Goldsmith, a descendant of the famous English poet and author. Miss Edith Skinner read James Hannay's poem "La Tour." Miss Homer read two sonnets by each of three poets, H. L. Spencer, Craven Langstrothe Betts and W. P. Dole. Miss Alice Walker read poems by George E. Fairweather, Patrick McCarthy, Rev. Maurice Swaby, Dr. L. Allan Jack and her brother, Francis Walker. Mrs. F. B. Ellis read poems by William Murdoch, Fred Devine and James DeMille and Mrs. Heber Vroom, poems by Harold Manning and Fred Charles Manning.

Concert Is Given In West End Hall

A very enjoyable and successful concert was given under the auspices of the Ladies' League, at Ludlow street Baptist church, in the school-room last evening. During intermission home-made candy was sold. The proceeds are for the repair fund of the church. Rev. W. A. Robbins was the chairman. The following program was given: Piano solo, Mrs. Kenneth Geirns; vocal solo, R. J. Rupert; piano duo, the Farris brothers; reading, William Summerville; vocal solo, E. C. Girvan; sketches, by Misses Sylvia Mills; dialogue, "Hiring a Servant," Mrs. B. A. Farris, Wendell Farris, Mrs. J. L. Rupert, Mrs. William Gray and Opal Grey; recitation, by Miss Mae Carrell; vocal solo, Mr. Mawlinney; reading, Miss Leah Babo; vocal solo, Miss Marion Stinson; vocal solo, Mrs. Charles Peterson; National Anthem.

ALLEGED CRUELTY

S. A. Swanton writes to The Times-Star concerning the case of a neglected horse, owned by a man on St. Patrick street, which, Mr. Swanton says, has been left without food and for which he has borrowed oats and hay. He expresses thanks to those who have supplied him with fodder out of the goodness of their hearts. He says he has notified the S. P. C. but has not yet noticed any action.

ALMANAC FOR SAINT JOHN, NOV. 27.

A.M. P.M. High Tide... 9:19 High Tide... 9:46 Low Tide... 7:28 Sun Sets... 4:48

Local News

WAS POSTPONED The weekly luncheon of the Y's Men's Club was canceled today because of the memorial of the Queen Mother.

PREPARES FOR THIEVES. A West End resident, who withheld his name, rang up a Times-Star reporter last evening and said he knew of a man, on the West Side, who had placed a double barreled shot gun in his hen coop, in such a position, that if the door or window was opened the gun would discharge. It was added that he did this after reading of recent poultry stealing.

MORE THAN 400 THERE. At the weekly card party at St. Peter's last night, there were 116 tables played. The prize winners were: Ladies, first Mrs. Henry Stevens; second, Mrs. T. M. Burns; consolation, Miss A. McDougall; gentlemen, first, F. Mullaly; second, Mr. Whalen; consolation, Leslie Rodgers. Mrs. Wm. Harrington was convener. Dainty refreshments were enjoyed.

ODDFELLOWSHIP. Sapphire Rebekah Lodge, No. 37, I. O. O. F., met last evening in their hall in Simonds street, with Mrs. Harry Dale, noble grand, presiding. Mrs. J. W. Ellsworth, past noble grand, who had been absent for some time, was warmly greeted by the members. Visitors were present from Jewel Rebekah Lodge. It was decided to hold a bridge and dance in the Venetian Gardens on Dec. 7. Mrs. Phoebe Dodge conducted an initiation ceremony and exemplified the degree work. Mrs. Mary Kirkpatrick and Mrs. Minerva B. Stackhouse, assisted by young ladies of the lodge, served dainty refreshments.

AT THE BAND FAIR. The Carleton Cornet Band provided the musical end of the program at the Around the World Fair in St. Malachi's Hall last evening and the attendance was up to the usual mark. The fall will be brought to a close tomorrow evening and the drawing of the Around the World prizes will take place next week. The winners at the fair are announced as follows: Wednesday, bean board contest: Ladies, Miss Greta Higgins, pair of blankets; gentlemen, McAuley, sweater; Thursday, ladies, Miss M. Gallivan, pair of blankets; gentlemen, W. B. Stearn, umbrella. The City Cornet Band will play this evening.

WELCOME, BOYS! The influx of winterport workers continues but will not reach its height until the week-end, possibly on Sunday's train. Today the following young men of clerical staffs came to Saint John from Montreal and Quebec: James Morrison, of the Furness-Withy steamship lines; Sandy Golding, C. P. R.; W. H. Potts, C. P. R.; J. F. Rogers, C. P. R.; and L. N. DeLam, C. P. R., all Saint John boys. The others were: William Kerr, P. C. Dooley, Maurice Mulrooney, M. Maxwood, Fred Lindsay, Edw. Damous, L. O. de Lisle, E. Murphy and H. Mooney, belonging to C. P. R. freight, passenger, express and immigration sections of the ocean traffic.

NEW TRINITY SOCIETY. In Trinity church guild room last night a new society was organized to sew and make over clothes for the needy poor of the parish who have not the time or the aptitude for this work. Trinity Charitable Circle was the name chosen for the organization, which enrolled 22 charter members. The circle will meet each Thursday evening in the guild room. Officers were chosen as follows: President, Mrs. J. D. Sealey; vice-president, Mrs. J. B. Jones; secretary-treasurer, Mrs. J. J. Gordon; P. H. Clarke, Mrs. R. B. Anderson, Mrs. George Irvine, Mrs. G. Davidson and Mrs. C. H. Jackson; investigating committee, Mrs. S. C. Mather, Mrs. F. H. Finley and Mrs. J. B. Jones.

AUTO MATTER. Louis M. Lachance pleaded not guilty this morning to speeding at the intersection of King and Prince William streets, and not sounding his auto horn at 11:28 a. m. on Nov. 24. Police program consists of readings of poems by Saint John men.

As Hiram Sees It. TORONTO—Well, sir, if Hanner had been here last Sunday she'd have had a fit. I was sittin' down in the rotundity of the hotel when she had been forced to increase speed to avoid being struck by a street car coming out Prince William street. He had sounded the auto horn twice. He had been going 20 miles an hour. W. Wilson corroborated his evidence. Magistrate Henderson said he would accept the testimony that the defendant had not thought there had been any willful offence, he would let the other charge stand at present.

CRUELTY CASES HEARD IN COURT

S. Meltzer Pays Fine of \$25 in Matter of Horse

Another is Tangle Over Case Involving Lack of Feeding of Animal

Samuel Meltzer was this morning fined \$25 for ill-treating a horse. Policeman McNamee said that in Mill street he had noticed blood running down the horse's hip. He was unable to arrest Meltzer at the time, being engaged on other duty. Later he saw Meltzer again and stopped him. He found the horse had a cut about two or three inches long made in his hip by a piece of stiff wire which had been used to mend the harness. Meltzer's second defence was that it was evident from the policeman's testimony that the horse had been worked in that condition all afternoon. He found the accused guilty and fined him \$25. The fine was paid.

MIXED UP CASE. A tangled case of cruelty to a horse occupied the court. Samuel Steves was charged with willfully neglecting to feed a horse. He said that he had left the horse at a feed stable run by Eldon Wright, and had believed that the horse was being cared for. Wright testified that he had fed the horse from October until Nov. 14, when Steves told him that the horse had been sold to a coal dealer named Sprague, and that he would no longer be responsible for feed. Wright refused to deliver the horse to Sprague until a feed-bill had been settled, so Sprague, after paying Steves for the horse, did not get possession of it. A lady from the Animal Rescue League testified that, answering a call to Wright's stables, she had found the horse down and unable to get up. She had men get the horse up and it was taken to the league's premises and was now responding to feeding. Sprague testified that he had bought the horse unseen and that in his opinion now, the horse was unfit for working, being about 20 years old and in a very poor condition. He said that he was willing to have the horse destroyed if in the opinion of the league it was not fit for work. Magistrate Henderson remarked that the case seemed rather involved, but as Sprague signified his willingness to have the horse destroyed, he would dismiss the matter.

ANOTHER FINED. "You should be prohibited from having horses" was a statement made by Magistrate Henderson as he imposed a fine of \$25 or 30 days in jail on Frank Thorne, for ill-treating a horse by keeping it in an empty shed in the rear of 99 St. Patrick street and also for leaving the animal without fodder of any kind. Detective Saunders said that on Nov. 23 he visited the shed on information received from S. Swanton and found the horse in a very poor condition. He said that he saw where the animal had gnawed the stall. He reported the barn was filthy with no sign of bedding for the animal. Frank Thorne, representing the S. P. C., asked of the magistrate the place the next day and finding that the animal had chewed a horse collar in an endeavor to eat the straw stuffing. Detectives Biddiscombe and Kilpatrick corroborated the evidence given. William Watson said that he went with the defendant yesterday to haul fodder for him and saw him take a quantity of feed from the house nearby and give it to the horse. The defendant testified that the animal had plenty to eat and that there was bedding there.

SUPPER AND SALE AT EAST SAINT JOHN. Event in United Church Hall Last Evening Was Very Enjoyable

A very successful supper and sale was held last evening in the United Church Hall, East Saint John, under the auspices of the Ladies' Aid of the United Church. A creditable sum was realized for church purposes. The supper tables were well patronized. They were attractively arranged with pink candles in brass candle sticks, and the same color scheme was effectively used in the decoration of the various booths. Mrs. A. Magee and Mrs. John Irvine were the conveners. The supper committee was composed of Mrs. Philip MacIntyre, Mrs. Murdoch Morrison, Mrs. J. Chard, Mrs. J. W. Flewelling, Mrs. Robert Magee, Mrs. George Roby, Mrs. Charles Magee and Mrs. Muriel Foster. The supper tables were in charge of Mrs. Willis MacIntyre and Miss Fernie Pepper, assisted by The Misses Florence Josselyn, Margaret Bevis, Edith Pelkey, Vera Foster, Muriel Foster, Beatrice Warne, Freda McFarlane, Bernice Flewelling, Jennie Weldon and Dorothy Evans. The replenishers were Mrs. William Pepper and Mrs. George Elliot. Fancy Work Table—Mrs. Charles Weldon. Apron table—Miss Muriel McAllister. Candy table—Miss Grace McFarlane. Fish pond—Miss Helen Magee and Miss Gladys Sage. Tickets—Mrs. W. J. Bevis.

MOVE TO WEST END

Forty-two Families From Lorneville Come to City For Winter

At a meeting of Coronation Lodge, No. 121, L. O. L., Mount Purple, No. 29, L. O. L., and Potts Lodge, L. O. B. A., of Lorneville, it was decided to close the meetings during the winter months, as 42 families have removed to West Saint John from that place for the winter. The few remaining members of Potts Lodge have formed a sewing circle and will meet from house to house during the winter to make garments for the New Brunswick Protestant Orphanage. The members in West Saint John will work along similar lines.

Electrical Gifts for the Home

What more useful or acceptable gift could you choose than an electrical appliance for the home, such as an Electric Table Grill, Coffee Percolator, Toaster, Iron, Warming Pad, Marcel Waver. You'll find many other suggestions in gifts electrical in our Household Department.
