## Revelations Thick and Fast

### Balance of the \$61,500 Traced at Potato Inquiry—Geo. B. Jones, Star Witness, Informed by Commissioner That He Must Answer

Revelations came thick and fast at the session of the potato inquiry this morning, the evidence secured being among the most important yet recorded. The comptroller-general gave evidence regarding the payment of \$9,531 to close the account of A. C. Smith & Company. The check was made payable to "A. C. Smith & Co., or the Bank of Montreal."

The manager of the bank told the court that this check was presented by Mr. Daggett. Part of the proceeds were used to retire a note of Mr. Daggett, made payable to and endorsed by G. B. Jones, for \$5,077.66. The balance was paid out by a check in favor of A. C. Smith & Co.

Mr. Hawkins testified also that the money which was returned to Mr. Sumner was deposited according to the bank records, by one William Thompson. The star witness of the session was George B. Jones. The witness readily admitted having received \$61,500 from W. B. Tennant, having been instructed by Premier Clarke to get it. He paid it out according to the premier's instructions. He gave \$33,900 to Mr. Daggett, but did not remember giving Mr. Daggett any instructions regarding the money. After some hesitation, he admitted having sent \$6,000 to Westmorland county, prior to the by-election there.

Here Mr. Jones balked, but when convinced by the commissioner that he must answer, he continued with his list. Four thousand dollars more went to Westmorland; \$10,000 was paid to the Fredrickton Gleaser, and \$4,000 was sent to Carleton county for use in the by-election there. The balance, \$14,000, was sent to pay various election expenses.

Pressed for information regarding the persons to whom he had made the payments, Mr. Jones absolutely refused to answer, saying he would drag others into it. He was warned by counsel for the government that at another session he must answer the questions or be committed for contempt of court.

Mr. Loudoun, took it up with his head office before discussing it. He asked you have any authority from any one to apply part of the proceeds of a check payable to A. C. Smith & Co., in July, 1915. He said the requisition was signed by J. B. Daggett and Hon. J. A. Murray. It was accompanied by an account and vouchers, and also by a letter from Hon. Mr. Murray asking that it be paid. A check was issued for the amount on July 27, 1915. The witness produced the check. It was made payable to A. C. Smith & Co., or the Bank of Montreal.

A memo on the account indicated, the witness said, that the check had been sought after; some one was in a hurry and it had been issued before it came to his bank on July 27, 1915, when Mr. Daggett brought it in.

THE KAISER: "I cannot drink any more; I am sick unto death."

## Unconditional Surrender Will Not Be Enough

### That is Sentiment Growing in London in Connection With Peace Move

London, Oct. 10.—The demand for something more than unconditional surrender from Germany "is becoming intensified in the newspapers here. Letters recalling the crimes of Germany and urging retribution include one from Professor Spencer Wilkinson, who declares that a condition precedent for the cessation of hostilities should be Allied occupation of Metz, Strasbourg, Mainz, Trier, and Cologne.

Viccount Middleton, former secretary of the League of Nations, has made a declaration that peace shall not be made until retribution is exacted from Germany. The Times says that German "high financiers and industrialists" must be marked down as providing a return for French and Belgian towns wantonly destroyed.

French Socialist Approval. Paris, Oct. 10.—The Renaudier, leader of the majority Socialists in the chamber of deputies, yesterday proposed the following resolution to the Socialist congress: "The Socialist party, confining its address to President Wilson, expresses its approval of the answer just made in the name of the president by Secretary of State Lansing to the German chancellor's note."

London, Oct. 10.—In a manifesto issued by the parliamentary committee of the trades union congress and the Labor party executive, the opinion is expressed that the German peace offer is applied to reasoned consideration. "We recognize," it adds, "that further discussion of the proposals is absolutely necessary before the Allies' military effort can be checked, while as an essential preliminary the enemy must withdraw his armies from all occupied territory and give a public unequivocal declaration of their willingness to apply the principles formulated by President Wilson honestly and unreservedly to every question to be treated with in the final statement."

London, Oct. 10.—Calm, courteous and dignified, but searching and piercing like a two-edged sword, is the Daily Telegraph's description of President Wilson's reply to the German chancellor. The newspaper thinks the chancellor and the Kaiser will find it hard either to answer the president's questions truly or to parry them successfully. While believing that Germany would be wise to comply with the proposal to evacuate held territory as a condition to an armistice, the Daily Telegraph is not sanguine enough to expect her to do so. It insists that the Allies must stand for no bluff, and says that if Germany enters an armistice she must sue for it as a beaten foe.

The Morning Post says that President Wilson gauged the temper of both the Americans and the Allies rightly in refusing to come to terms with the enemy while he is occupying French and Belgian soil "surrounded by the smoking triumphs of his barbarism and unrepentant for his crimes." The Conservative papers are unrepentant of the good faith of the German ministerial council has decided to introduce national autonomy "in order to make President Wilson's stipulation an accomplished fact."

## MEAN TO GIVE BEATEN ENEMY NO CHANCE TO REGAIN BREATH

### Details of The Last Blow, That Smashed Hindenburg Line

## CANADIANS' BIG PART

### Germans Flee Across Country Abandoning Towns After Towns—Cavalry and Tanks at Their Heels—Disorganized, Defeated, Discouraged

With the British Army on the Cambrai-St. Quentin front, Oct. 9.—(By the Associated Press)—By last night the British and Americans had reached the Hindenburg line, and the German line, with probably one hard blow, could be crushed. As a matter of fact, cavalry might have gone through the German lines last night in considerable numbers. Only a few were seen, however, while the main bodies were held just back of the line.

For miles the front suddenly sprang into one place just north of Cambrai, but with great gallantry swept on after annihilating the Germans who tried to bar their way. From there on the Canadian and English troops, after a "crash" barrage, launched a powerful attack extending some miles north from the front.

Although many fires were started by the Germans the town was not so badly damaged as had been feared. The solid buildings withstood the bombardment, and it was quite evident, however, that it was no fault of the Germans that the city had not been levelled to the ground by the many fires that had kindled.

It was about that time that the cavalry, which had been waiting, poured through the wide breach in the now shattered Hindenburg system and streamed out into the country beyond. "Fast whippet" tanks and armored cars also crashed forward and came into action. They performed extremely valuable services in pursuing the fleeing Germans, killing many and rounding up a large number of prisoners. They smashed down strong points held by rear guards who had been waiting for the cavalry, knowing that it had come through the line.

Cavalry forces are now apparently well east of the towns reported captured. The Allies having thus broken through, the Germans north and south for many miles are endangered, for their lines are being turned back on even a broader scale than that now in progress. Many, therefore, are expected. Such a retreat as troops were just attacked marching through a town 10,000 yards from the place where they started a thing that has not happened in this war for a long time. Such a thing could happen only now, when the enemy is defeated, disorganized, disheartened and running for his very existence. The troops at Berry did not tarry there, but kept right on marching. Where the Germans will stop is, of course, impossible to tell. British cavalry had been on the move eastward all day long. In many cases batteries would gallop over the rolling plains of Artois. They would stop, wheel about and fire for a while, then dash on and repeat.

(Continued on page 5, sixth column)

## More Gains All Along The Line

### British, French and Americans Pressing on in First Step of General Retreat Which Now Seems Inevitable

London, Oct. 10.—Further progress was made by the British last night on the east of Cambrai. Fighting is going on southeast of Cambrai on both sides of the Hindenburg line, and the British are now within two miles of Leateau. Sallumines and Noyelles have been captured. The capture of Sallumines and Noyelles represents a British advance in the district east of Lens.

Between Lens and the Scarpe the British also are advancing and are in touch with the Germans to the west of the line of Vitry-Es-Artois, Asel-Lez-Esquaires and Douvres. Parts, Oct. 10.—A quarter of a million Germans are now in full retreat between Cambrai and St. Quentin with the Allies hot at their heels. At some points the advance has exceeded fifteen miles in the last two days. This forward movement of the Allies is regarded as the first step in the general retreat of the Germans which seems now inevitable.

HAIG'S SUCCESS COMPLETE. London, Oct. 9.—Field Marshal Haig's communication tonight seems to mark another phase in the astounding success of the Allied army, namely, the completion of the breaking through of the whole Hindenburg defensive system from Arras to St. Quentin. According to accounts sent by the correspondents at the front, the general belief is that there are no further strong defensive positions to conquer such as have now been passed.

MORE FRENCH GAINS. Paris, Oct. 9.—In an advance of about eight kilometres east of St. Quentin, the railroad junction point of Middelburg-Saint-Omer has been captured by the French. They took 2,000 prisoners and some guns, according to the French official communication issued tonight. Big gains also have been made by the French along the Aisne, where 600 more prisoners were taken.

FASTER EVERY HOUR; CLEAR GROUND AHEAD. With the British Army on the Cambrai-St. Quentin front, Oct. 10.—(By the Associated Press)—The deepest gain some hours ago was to the east of Leateau. Many of the German lines in this sector are now being broken up. On the contrary it is going faster every hour, with clear ground ahead. Everything that could be burned had been set after by the enemy before he began what virtually amounts to the rout of no fewer than thirty divisions, the smashing of which was continued furiously today.

North of Cambrai the Canadians attacked and penetrated deeply also. The British marched through Berry with out opposition. They reached the outskirts of Bouillers and held Maurais and Honnechy. Large forces of the enemy have been seen from the air fleeing well to the east of Leateau. Many of the German lines in this sector were broken up early and the British reached Bouilly and passed quickly through Bouilly. Many thousands of prisoners and quantities of field and machine guns were taken, as well as vast stores of other booty, which the enemy did not have time to blow up or set afire.

Belgian Report. Paris, Oct. 9.—The Belgian official communication today says: "During the night the enemy artillery fire was quite violent against our first lines in the region of Bouillers. German raids in this neighborhood were completely checked. We took a few prisoners and captured a machine gun. "During the day the enemy bombarded Neupont and the zones about Clercken and Westroebek, as well as our communications in the rear areas. "German aviators were very active, machine gunning our first lines and roads near Moorslede. An enemy detachment made a vain effort to approach our positions near Anversvaere. "Detailed Statement. Paris, Oct. 9.—The text of the war office statement tonight reads: "North of St. Quentin our troops, in conjunction with the British army, attacked this morning on a front of ten kilometres. Notwithstanding stubborn resistance we penetrated into strong enemy positions and made important progress. Fontaine-Urtre and Bellecourt Farm are in our hands and we have carried our lines to the southern and western outskirts of Esigny-Le Petit and captured the woods to the east of Tilloy and Hill 134, as well as Rouvroly village. "Up to the present more than 1,000 prisoners are reported, of whom about 500 were taken in the Bellecourt Farm. "On the Suippe front engagements continued throughout the day. The Germans made powerful efforts to drive us out of the positions which we had conquered on the north bank. Their counterattacks on the brightening of Orainville and Pont Givart were repulsed. "Further to the east the enemy several times attempted to drive us from Bassecourt, without success. "North of the Arnes River, Franco-American troops report new successes. Supported by tanks they drove back the enemy more than three kilometres north of St. Pierre-Arnes. On the right bank of the Aisne we occupied the plateau northeast of Autry and reached the southern outskirts of Lancon, taking numerous prisoners. "The French Report. Paris, Oct. 10.—French troops, advancing east of the St. Quentin-Leateau line, have captured Elvaux Wood and Boquiaux village and farther south have taken Marcy and reached Fontaine Notre-Dame as well as Fossoyennes. In fighting north of the Aisne French pressure resulted in wresting the Plateau de Croix-Saint-Pete from the Germans, while farther east crossing of the Aisne Canal was effected in the region of Villers-Ea-Prayeres. In the Champagne, the French captured Lily, two miles west of Monthois. "The American. With the American Forces Northwest of Verdun, Oct. 12.—(Noon, by the Associated Press)—General Pershing's infantry today again went into action on the left wing of the Argonne Forest front after a violent artillery bombardment lasting all night. The Germans are throwing in reserves on their left flank, which has now been exposed in the Argonne pocket. The enemy also is endeavoring to withdraw his troops at other points so as to restore the line.

## FRATERNAL ORDERS NOT ALLOWED TO HOLD MEETINGS

Dr. W. F. Roberts this afternoon said that he personally saw four cases of influenza today which he diagnoses as Spanish. Asked if the closing order of the fraternal lodge gatherings, Y. M. C. A., Y. W. C. A. and such bodies, would be the best way to prevent the spread of the disease, he said he desired to give the widest publicity to the order closing all organized gatherings, great and small. With no exceptions there can be no complaint on the grounds of discrimination. Furthermore, the wider the scope of the ban the surer the preventive measure is of success.

## GASOLINE RESTRICTIONS CONTINUE ON SUNDAY

Ottawa, Oct. 10.—There can be no relaxation of the gasoline restrictions on Sunday, says Assistant Fuel Controller Peterson.

## Weather Report

Issued by Authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Synopsis—Fair weather prevails over Canada, except over the British Columbia coast and in the eastern portion of the maritime provinces where rain is prevalent in some parts.

Forecasts.

Lakes and Georgian Bay, Ottawa Valley and Upper St. Lawrence—Light to moderate winds, fine and moderately warm today and on Friday.

Lower St. Lawrence, Gulf and North Shore—Moderate west to southwest winds, fine today and on Friday in the eastern portion, generally fair; Friday, moderate west to southwest winds, mild to cool.

Lake Superior—Fair and moderately warm today and on Friday.

Mild.

Maritime—Moderate to fresh northwesterly winds, rain at first in the eastern portion, generally fair; Friday, moderate west to southwest winds, mild to cool.

New England—Fair tonight and Friday; light west winds.

## AUSTRIA AND HUNGARY MAY DROP HYPHEN

London, Oct. 10.—A movement favoring a proclamation separating Hungary and Austria is making extremely rapid progress among the public in the day long. In many cases batteries would gallop over the rolling plains of Artois. They would stop, wheel about and fire for a while, then dash on and repeat.

(Continued on page 5, sixth column)

GOOD THINGS COMING TO THEATRES OF ST. JOHN

OPERA HOUSE

Last Chances Tonight to Enjoy This Fine Programme

Tonight will be the last opportunity to see this week's splendid vaudeville programme at the Opera House—five high class acts, including Northlane, Ripon and Northsea in a musical comedy in one act; The Modiste Shop, a-la-carte, with songs, fun, eccentric dancing and a gorgeous stage setting; Hilda Moran, the Montana girl in dextrous feats of juggling and rope spinning; Barrett and White in comedy songs, character and dancing; the Three Paracettes in a high class vocal offering; Kate Fitzgibbon in original Irish songs with studies and for pictures, the Universal Weekly of current events all over the world and a good comedy picture. This evening at 8 and 9, same little popular prices.

FINAL SHOWING IMPERIAL TONIGHT

"My Four Years in Germany" At 7 and 9 O'Clock—Great Film

Until the health authorities lift the theatre closing ban in a fortnight or so, there will be no more moving picture entertainment for the people of St. John. Therefore, this evening affords the last opportunity to enjoy a splendid screen performance when the sensational exposure of the Kaiser and his clique, "My Four Years in Germany," by Ambassador James W. Gerard will receive final presentation at 7 and 9 o'clock. This is a truly wonderful picture, and the crowds of yesterday—the third day of exhibition—proved that St. John's people are deeply interested in this absolutely authentic narration of the inner workings of the Potsdam war-makers during the early stages of the present war. It is an historical film of great educational importance, and both young and old should see it.

LAST CHANCES AT GEM TONIGHT

As the Gem, like all others, must close temporarily tonight under the health order, there will be only two more opportunities to see the rich new programme. The vaudeville acts are both the new and the Dignity Parana picture, "The Scarlet Pimpernel," an excellent five reel Fox production. Tonight at 7:15 and 8:45.—BY-VICTORY-BONDS—

TO THE GENERAL PUBLIC

Imperial Theatre will close its doors tonight for the period considered necessary by the ministry of health to prevent St. John from falling into the grip of the new malady, Spanish influenza. The closing of public places is purely precautionary, and there is absolutely no reason for panic, merely the strict observance of primary rules of personal and household hygiene. The health authorities are locking the stable before the horse is stolen, that is, all that is incumbent upon us all to co-operate promptly and with them. It is costing Imperial Theatre proprietors and the large staff much financial loss to have to close the doors, but in these terrible times there are much worse things imposed upon all people, so there is no complaint. When the time comes for reopening our big family house of entertainment, we will have plenty of new and bright things with which to divert your minds. So sit tight, be wary over the "flu" scare, possess in your handkerchief and nose the Victory Loan.

Yours truly, IMPERIAL THEATRE

GERMANS TELL THEIR STORY

Berlin, Oct. 9, via London—Reporting the great battle in the Cambrai-St. Quentin sector, general headquarters today admits breaches in the German line on both sides of the Roman road toward Leateau and also a German withdrawal to Frenoy-Le-Grand.

The statement reads: "Between Cambrai and St. Quentin the battle rages and British, French and American troops attacked on the front from Cambrai to St. Quentin, snatching huge masses of artillery in co-operation with tank and airplane squadrons."

"On the northern wing of the attack, after severe fighting, the enemy assault was broken towards noon west of the road leading from Cambrai to Bohain."

"In the evening fresh enemy attacks delivered here broke down. On both sides of the Roman road in the direction of Leateau the enemy made deeper breaches in our lines. We stopped his thrust in Walcourt and Elincourt, west of the Bohain line."

"On the southern wing of the attack the enemy only succeeded in gaining a little ground. Our troops fighting south of Montebassin repulsed all the enemy attacks in the foremost infantry positions. Threatened on their flank by the enemy's tanks, they were forced to withdraw their line to the western border of Frenoy-Le-Grand."

"In Champagne the French and Americans resumed their attacks between Sippes and west of the Aisne, employing great forces. According to orders which have been found they again strove to break our front."

"The enemy broke in our lines on both sides of St. Etienne only. In the afternoon a counter attack launched there drove the enemy back again."

"On the remainder of the front the enemy's attacks were frustrated completely. Local breaches were stopped by counter-thrusts. Partial attacks along the Aisne and violent attacks delivered by the Americans on the eastern border of the Argonne Wood and valley were repulsed."

"On the eastern bank of the Meuse, the enemy attacked between Brabant and the Ornes River after strong artillery preparation. The enemy, after forcing his way into the Conservatoire Woods, was brought to a standstill there."

E. W. GILBERT CO. LTD. TORONTO, CANADA WINNIPEG, MONTEREAL

REVELATIONS THICK AND FAST

(Continued from page 1) A—\$10,000 to the Greener; \$6,000 to Carleton county.

Q—There was a by-election in Carleton county?

A—Yes.

Q—Did you receive instructions from Mr. Clarke to pay the \$1,800 for expenses?

A—He told me to pay the bills.

Q—And you showed him the bills?

A—Yes.

Q—When did you learn that Mr. Tennant paid the money from his railway profits?

A—Yesterday, when I read it in the evidence.

Q—You had no idea of where it came from?

A—I had no idea. I did not know I carried out Mr. Clarke's instructions.

Q—You and Mr. Tennant gave evidence at a previous occasion and you read Mr. Tennant's evidence then?

A—Yes.

Q—You then, in June, 1918, you learned that this money came out of the \$100,000?

A—Not at all.

Evidence Compared. Q—At that time you gave evidence that you received some money from Mr. Tennant in February, 1917, and that on no other occasion you received money from Mr. Tennant; that you received \$3,000 and no more. You swore to that?

A—That sounds like it.

Q—You swore you did not know what became of the \$60,000 Mr. Tennant drew out in cash?

A—Yes.

Q—And those answers were true?

A—I would not say so, I did not know about the potato transaction.

Q—You got this \$80,000?

A—That industry is passed.

Q—Answer the question.

Counsel referred to the note discounted by Mr. Daggert for \$5,000.80 with his endorsement. Witness said this was purely an accommodation for Mr. Daggert. He did not know what it was for, nor whether it was a renewal.

Counsel warned the witness that he would have to answer or face commitment for contempt. He would give him time to think it over.

Q—You know that the \$38,500 was some time in 1917?

A—Yes.

Q—You knew Mr. Sumner had made up the amount?

A—No.

Q—When did you learn that he had put it up?

A—No.

Q—Why did you think you were sending it to Mr. Sumner?

A—I did not know. I was acting blindly on instructions. I did not want to know.

Q—You were a member of the public accounts committee?

A—Yes.

Q—Did you ask any questions about this potato account?

A—No.

Q—You knew that the whole account was faked?

A—I did not.

Q—Is this the account you had before you?

A—I cannot tell.

Q—You were investigating it?

A—Yes.

Q—But did not get very far?

A—We thought the account was closed and all right.

Q—You signed the report of the committee?

A—Yes.

Q—You signed this statement that the transactions were fully explained and the committee was satisfied that it was carried on in a prudent and businesslike manner.

A—Yes, believing it was correct.

Q—What do you think now.

A—In view of this inquiry, that it was not correct.

Q—When did you learn that it was not?

A—Perhaps six months or a year later; there were hints of it in the press.

Q—Did you discuss it with your colleague, Mr. Murray?

A—That there was a shortage.

Q—When was this?

A—I do not recall. It may have been this year.

Counsel pressed for an answer as to when he first learned that the accounts were crooked.

A—I cannot remember.

Q—You strike you as an important matter?

A—Yes.

Q—Did it not impress itself on your mind?

A—I cannot remember the date.

Q—Has there been a session of the legislature since then?

A—Yes.

Q—But you did not say anything about it in the house?

A—No, why should I.

Q—You are a public man, pledged to do your duty?

A—Yes, and I always try to.

Returning to the payments by Mr. Tennant, witness said he got the \$60,000 from Mr. Tennant in the latter's office. He did not think anyone else was

HERE'S GOOD NEWS FOR Rheumatic Sufferers

At least a medicine has been marketed that will forever banish Rheumatism. No longer need the most dreaded of all its run uninterrupted. DR. ASKLIPOUS' M.M.M. (three M) RHEUMATISM CURE is guaranteed to cure the most severe case of Rheumatism.

Score of persons right here in St. John—many who for years have been tormented by rheumatism—have been completely relieved after using one or two bottles of this remedy.

Easy and pleasant to take; and results are immediately felt. Let us tell you of the many cases of relief that have come to our attention—many of them possibly your friends.

SOLD ONLY BY MARGUS MEDICINE CO. 130 MILL STREET ST. JOHN, N. B.

FIVE BODIES OF EPIDEMIC VICTIMS BROUGHT HERE TODAY

Being Taken to Nova Scotia—Records on Way to Windsor Not Allowed to Leave Cars

Five bodies from New England places arrived on the noon train, all of them victims of Spanish influenza—former down east people. They were destined to various parts of Nova Scotia and in most cases had groups of relatives accompanying.

It is reported there are fifty cases of Spanish influenza at Tracy on the C. P. R. and adjacent settlements.

A party of sixty Jewish recruits for the legion in training at Windsor, N. S. arrived on the American train today but as a health measure were kept on board and transferred by rail to Windsor. Up to today these American recruits have detained here and proceeded to Nova Scotia via the bay route. The Hebrew boys were served with cake and coffee by a local Jewish committee of men and women.

PERSONALS. Miss Gladys Baxter has received an appointment as dietician in the American Red Cross hospital and expects soon to be called up for duty and to proceed overseas.

Fremier Foster and Hon. Dr. Smith, minister of lands and mines, are leaving this morning for St. Martins to inspect the properties of the Pejepscot Paper Company. They will be accompanied by S. E. Elkin, M. P., who is going in the interests of the Victory Loan.

Mr. John McGrath, president of the legislative council of Newfoundland, arrived on the American train today and was met by Justice H. McInerney, president of the Canadian Club.

James Acton of Montreal and Toronto in the city. He was a guest of Mayor Hayes at luncheon today.

Mr. John McGrath and daughter Madeleine, of Montreal, are on an extended visit to Chipman and Minto, are visiting friends in St. John and Robesay.

London, Oct. 10.—Serbian troops pursuing the defeated Ninth Austrian division on Monday entered Liskovatz, 22 miles south of Nish and Vistotzina.

STOCKHOLM HEARS OF ABDICATION OF GERMAN EMPEROR

Stockholm, Oct. 10.—There is a persistent rumor here that Emperor William has abdicated.

## Buy Your Tea from the firm that grows it **LIPTON'S**

It stands to reason that a firm that owns its own plantations and grows, blends, packs and sells its own Tea can guarantee its quality better than a firm that does not have these advantages.

For this reason, therefore, if you wish to get perfect quality Tea, buy Lipton's, because it is the only guaranteed quality Tea obtainable in Canada.

The very fact that "Lipton's" is synonymous with "Tea" is because we have made Lipton's worthy of this association of ideas.

## FIVE ACTS AND NOTABLE PICTURE IN NEW GEM BILL

Striking Specialty Has Everyone  
Guessing — Sprightly Dancing  
Act Also and Dustin Farnum in  
"The Scarlet Pimpernel"

Gem patrons were entertained in fine fashion last night with two vaudeville acts of outstanding interest and a superb motion picture of five reels from the Fox studio.

Those who saw Dustin Farnum in William Fox's photoplay "The Scarlet Pimpernel" last night were delighted with the picture. Scarcely it is perhaps one of the best shown here in some time and through it runs a thrilling romance and some mystery.

The story has to do with the reign of terror that swept France at the end of the eighteenth century. In England are a band of notables headed by the Scarlet Pimpernel (so called from a little wayside flower he uses). This band is rescuing aristocrats condemned to death. So successful is the work of the band that the Republicans send agents to England to discover the identity of the Scarlet Pimpernel. The leader of these agents, Chauvelin (William Bur-ross) by a threat against her brother,

compels the wife of Sir Percy Blakeney (Dustin Farnum) to help him. After she has informed Chauvelin that the Scarlet Pimpernel is on his way to France she discovers that the Scarlet Pimpernel is her husband, who because of her activities in behalf of the Republicans had become cold toward her. She rushes to his aid and helps him thwart Chauvelin and his followers and they all escape in the nick of time in Sir Percy's yacht. Knowing his wife has been snared by Percy's foes, he Winifred Kingston plays the wife.

The first of the vaudeville teams to appear made a decided hit with an unique spectacular act. The team is composed of Seala and Moot, man and woman. When the curtain rises a groto is disclosed and the effect is weird under a bright green light. The man appears in the form of a dragon from whose mouth flames spurt while he writes about the stage. He is a clever contortionist. Strange sounds that he makes in harmony with weird music that accompanies the act, make a very striking impression. After the first few minutes the man and woman appear in a gloomy looking owl perched near one of the wings come to life and proves to be a dancing dancer. The act is one of the best the Gem has shown in a long time.

Rose and Flynn provide the concluding act, a sprightly young man, with a dainty miss who wears a variety of very becoming costumes. They carry on a bit of pleasing chatter and sing one or two songs very well, but the great part of their act is their dancing. He is an extremely clever eccentric dancer and both together are the acme of grace

and both together are the acme of grace and both together are the acme of grace

### LOCAL NEWS

Walter Campbell, engineer on the tug Waring, had two fingers on his left hand amputated in the hospital yesterday. He had them badly crushed on the tug while working about the machinery.

Major-General MacDougal, officer in charge of taking the military munitives census in every district in Canada, and British General MacDougal, G. O. C., local headquarters, are spending busy days this week. On Tuesday the general inspected the 7th C. R. at W. St. John. They left yesterday and inspected Camp Sussex. Returning again to the city, the general inspected the 1st and 2nd battalions of the 7th C. R. at Fredericton and today they will be in Newcastle, where they will carry out inspections of soldiers in the present of the general. Major-General MacDougal, it is expected, will leave for Halifax tomorrow and carry out his census-taking in N. S. N. 6.

## St. John Merchants to Consider Important Business Matter

A co-operative delivery which has proved a great saving in many American and some upper Canadian cities may be inaugurated in St. John. J. A. O'Donnell of Cleveland, Ohio, and reported on several hundred such systems in the United States for the American government, is now in St. John and will bring the suggestion before the Retail Merchants' Association at the board of trade rooms tonight.

In speaking to The Times, Mr. O'Donnell said that the American government had taken a considerable interest in the system throughout the union on account of its commercial economy in the saving of men and equipment for other departments of the nation's service and recommended that the system be adopted in towns of from two to fifty thousand population. The system has proved a great source of relief from worry on the part of the merchants as well as the housewives who know exactly when to expect delivery each day.

As an example of the saving in man and motor power, Mr. O'Donnell said that in one city in Iowa where it had been undertaken as a private enterprise, fifteen men, seventeen horses, fourteen wagons and one motor truck are now doing the work which had previously been done by sixty-four men, fifty-six teams and nine automobiles. In central Illinois the equipment of one department store consisting of eight Ford trucks was taken over under the co-operative system and is now doing the work for thirty-seven stores and one five-and-ten-cent store. As a money saving proposition for the merchant, one grocer reduced his delivery expenses from \$1,000 to \$806 a year, and another from \$675 to \$224 monthly. In another town the stock in a delivery system which had originally sold for \$250 is today worth more than \$1,000.

Mr. O'Donnell said that his government is not in favor of doing away with deliveries, for he said it had been proved

## WHY WORRY ABOUT SUGAR

**Grape-Nuts** is not only nearly solid nourishment but is rich in sugar developed from its own grains in the making.

This feature, absent in the usual prepared cereal, not only saves the use of sugar but provides food material especially adapted to the cooler weather of autumn.

C. England. The Audit Bureau of Circulations audits the circulation of The Evening Times.

### THE ALLIED VICTORY.

The whole Hindenburg line from Arras to St. Quentin has been smashed. The capture of Cambrai and the rapid advance both north and south has shattered the whole German defence system between the two cities first named. It is believed, moreover, that there are no defensive positions as strong as those already taken between the Allied armies and the Belgian border. With a wide open country before them the British, French and Americans may be expected to press rapidly forward, gathering in many prisoners and much war material, with the result that when the enemy reaches a new defensive line he will be unable to put up as strong a resistance as if an armistice had given him the opportunity to pull himself together.

Today's reports tell of the taking of Cambrai and the forward rush north and south and in front of that strong hold. The Canadians played an important part in the capture of the city. The enemy was unable to check the advance, did not even have time to perform their customary task of looting and destroying the city before the Allied forces broke in. In this connection the threat of reprisals upon German cities has caused a sensation in Germany and the Wolff Bureau is trying to make it appear that British shells instead of German torpedoes have been doing the damage in French and Belgian towns and villages. This is an old falsehood in a new guise. It is a trick of the Germans to try to saddle their critics on the Allies. U. S. Ambassador Sharpe is now investigating this matter, and in due time the whole story of Hun barbarism will be told.

### THE WILSON NOTE.

The note of President Wilson has given universal satisfaction to the Allies. The British, French and Italian press agree that it puts the whole question up to Germany in such a manner that if she is sincere in her expressed desire to negotiate on the terms stated she must at once withdraw her armies from all invaded territory, and give such guarantees of good faith as would be acceptable. If she is not sincere, her answer to President Wilson's pointed query will reveal her duplicity. It is significant that the representatives of the Labor and Socialist parties in Allied countries also approve of the Wilson note. They want peace, but will take no chances with such a pledge-breaker as Germany. The German Chancellor is caught in his own net. Traditional Yankee shrewdness more than matches the diplomacy of Kauter. The Germans are not to be given time to get their armies out of a desperate situation by the device of a talk-screen. It is still a case of surrender or fight, and the fight is being won by the Allies, who are giving the enemy no respite on any front. But the German rulers have more than the Allies to reckon with. The whirlwind has struck Turkey, is approaching Austria, and may soon be in Germany itself.

### WHY SO PATIENT?

The following poem, unusual in wording and sentiment, translated from the French by Corp. Earle P. Patterson, who is a member of Co. B 18th Engineers, American Expeditionary Forces, in France, has been received here by his mother, Mrs. P. R. Leathers of Bangor. The poem follows:  
(Why so patient, standing there,  
Edouard and small Pierre,  
George, Yvette and Marie-Claire?)  
"When the troops come marching by,"  
(Quoth the small Pierre)  
"Mother, wilt thou lift me high,  
That we see them, thou and I?"  
"Mother, are they fair to see?  
(A busy tongue Pierre)  
Have they little boys like me  
Left at home across the sea?"  
(Alas and Alas, Pierre.)  
"Mother, we have waited long;"  
(Long indeed, Pierre.)  
"The sun has grown so hot and strong;  
(God forbid, Pierre.)  
"Mother, who did send them here?"  
(The gift of God, Pierre.)  
"But then there is no need of fear.  
And on thy cheek I see a tear—  
(The tears of hope, Pierre.)  
Down the boulevard a cry—  
A bugle note is blowing high;  
The Stars and Stripes are passing by!  
(The gift of God, quoth small Pierre;  
His hat on breast his curls all bare,  
He knelt upon the pavement there.)  
(Five young children kneeling there—  
Edouard, Yvette and Marie-Claire,  
Edouard and small Pierre.)  
Fairest Flag of Liberty—  
Carrying hope across the sea—  
A little child has followed thee,  
And made of thee a prayer!

While waiting for a train home from the city one night Jones grew restless and looked about for something interesting. His eye fell upon a slot machine, and he promptly inserted a penny. "I have often wondered," he remarked aloud in the manner of all truly thoughtful men, "where the profit on these machines—  
Here he grasped the handle with a firm and masterful grip.  
"Where the profit on these affairs—  
So saying, he shook the machine.  
"I have often wondered," he continued, giving it another vigorous shake, "where the profit on these things."  
Then one of the porters came up and told him that the machine was out of order and that he must attend to it at the next profit from the game.

### BULGARIA AND TURKEY.

It is interesting to note that as far back as Aug. 5 the London correspondent of The Statesman, Toronto, wrote as follows concerning Bulgaria and Turkey:  
"All the hopes founded on a German success are crumbling owing to the arrest of the German offensive. Germany's allies will be quick enough to realize that the course of Germany is on the down-grade. Austria cannot be out of the war save by the road of negotiation, and it may well be that her people are too exhausted to have the nerve for that. It will be a race, however, between Bulgaria and Turkey as to which will pull out first. The two last-named countries, it must never be forgotten, have aims that are in direct opposition. That country which, by pulling first out of the war, first acquiesces the Allied favor, may hope to see, in the end, the one which delays to pull out. Bulgaria, having a constitution, can come out by way of negotiation. Turkey can come out only by the overthrow of Enver and Talat by the army. But that Bulgaria and Turkey will speedily make the attempt to win 'final salvation' is almost a certainty of the immediate future. Victory, full and complete, for the German army was always an essential to the attainment of the hopes of both countries. Today that victory is impossible. Not only the recent fighting, but the whole war, is going against Germany. Her allies know it, and any day they may be expected to make what terms they can." Bulgaria is out of the war. It is now up to the Turk.

### A SHAMEFUL EXPOSURE.

The late Premier Clarke told Mr. W. B. Tennant there had been a loss on the potato potato transaction and asked if Mr. Tennant and a few friends would make it up. Mr. Tennant told the premier that if he got the Valley Railway contract he was looking for he might be able to turn back part of his profit for that purpose. He got the contract and Premier Clarke told him that Mr. George B. Jones, M. P. P., would tell him how much money was wanted. Mr. Jones did tell him. The amount was \$81,500. He paid it to Mr. Jones. This is the substance of Mr. Tennant's testimony at the enquiry yesterday. He said further that he advised Premier Clarke to tell the truth and throw the potatoes back on Mr. B. Frank Smith. He thought Premier Clarke wanted to tell the whole story to the country, but other influences held him back. Mr. Tennant believed the whole \$81,500 was needed to pay the loss on the potato transaction. The repayment of Mr. Sumner only called for \$88,271. What became of the rest of the \$81,500? No doubt Mr. Jones will explain.

The more the probe is applied the more amazing becomes the evidence. It is a little difficult for the ordinary reader to grasp the full meaning of the testimony of Mr. Duggan, but Mr. Hughes, who is so patiently examining this witness will be able to piece the evidence together and give us the whole story in brief form. The whole transaction from beginning to end was innocuously bad, and places members of the old government and some of its supporters in such a light that their continued presence in the legislature cannot be regarded with approval by the people.

The Standard yesterday devoted a column of space to the defence of the old government and made the bold assertion that "it cannot be shown that the province was defrauded of money as the result of the potato transaction." Mr. Tennant's testimony is the answer. The province pays for the Valley Railway, and the potato deficit was paid out of money got from Valley Railway contractors. Mr. B. Frank Smith, Mr. George B. Jones and some other gentlemen will have some explaining to do.

The more the record of the old government is exposed the more shameless its exposure. A number of seats should be emptied before the legislature meets again.

What can be said of members of a government, sworn to serve the interests of the province, but guilty of falsifying accounts and deceiving the people and the people's representatives? The poster government has exposed some of the rascality of its predecessors; but how much yet remains hidden?

Any attempt to relax the prohibition law on the pretence that liquor is needed to fight influenza should be resisted in the most vigorous manner. One of the best things some American cities did was to close the saloons. Give men the right to get liquor without prescription and there would be an orgy of drunkenness. A nation-wide protest should be made at once.

It is still necessary to save gasoline and conserve the fuel supply.

### LOCAL CASUALTY LIST GROWING

Private Louis Herbert Kennedy, son of Mr. and Mrs. Charles Kennedy, Victoria Lane, has been wounded for the fourth time in thirteen months. Official word was received yesterday by his father that Private L. H. Kennedy, infantry, was reported officially as being admitted to No. 7 General Hospital, France, suffering from gunshot wounds in shoulder and hip. On all three previous occasions when Private Kennedy was reported wounded none was serious enough to get him a "Blighty" although all forced him to go out of the lines and back to hospital in France. Private Kennedy is twenty-two years of age and enlisted with the 140th Battalion. Upon arrival in England he crossed to France and joined the Princess Pats where he has served since November, 1916. He is an only child. Private Marshall Wounded. Mr. and Mrs. Marshall of Limerick Lake, have been officially notified by Ottawa that their son, Private Frank Marshall, has been wounded in the chest. He is one of four brothers to answer the call. He joined with the 28th Battalion and was transferred to the 18th Canadian Infantry, another brother, was wounded for the third time on September 3, Michael, still in France, and John has been invalided home. The latter was with the 20th.

Corporal DeVeber. Mr. and Mrs. W. H. DeVeber, 298 Princess Street, have received a telegram from Ottawa stating that their son, Corporal Herbert, was admitted to a military hospital, October 3, wounded, slightly in the face. The wounded man is twenty-five years of age and went overseas in the early days of the war. His father is well known member of the staff of R. P. & W. E. Starr, coat merchants.

Private Biddiscombe. Mrs. Annie Biddiscombe, 11 Hanover Street, has received word that her husband, Private Eugene Biddiscombe, was admitted to 18th General Hospital at Cambrai, September 20, suffering from gunshot wounds in the right hand. Private Biddiscombe went overseas with the first draft of the Depot Battalion. He is a carpenter by trade.

Private Arsenau. Mrs. Mary Arsenau, 115 St. Patrick Street, is in receipt of a telegram from Ottawa informing her that her son, Private Joseph Arsenau, was admitted to 24th General Hospital at Etaples, France, suffering from gunshot wounds in the right hand. Private Arsenau went over in January with the first draft of the Depot Battalion. He is a cooper by trade.

Private Arsenau. Mrs. Mary Arsenau, 115 St. Patrick Street, is in receipt of a telegram from Ottawa informing her that her son, Private Joseph Arsenau, was admitted to 24th General Hospital at Etaples, France, suffering from gunshot wounds in the right hand. Private Arsenau went over in January with the first draft of the Depot Battalion. He is a cooper by trade.

**GREATEST CHAPTER OF MILITARY HISTORY SAYS LLOYD GEORGE**

London, Oct. 9.—Premier Lloyd George has sent the following to Field Marshal Haig in the field:

"I have just heard from Marshal Foch of the brilliant victory by the 3rd and 4th armies and wish to express to yourself, General Dyras, General Rawlinson, and all the forces and men under your command my sincerest congratulations on the great and significant successes which the British army with their American brothers-in-arms have gained during the past few days.

"The courage and tenacity with which the troops of the empire, after withstanding terrible enemy assaults in the spring of this year, again resumed the offensive with such decisive results is the greatest chapter of our military history."

A meeting of the physical committee of the Young Men's Christian Association was held last night, R. Willett presiding and the policy which will govern the arrangement of the winter classes was laid down. The complete list of the classes and the time-table is not as yet completed, but special attention will be paid to athletics and aquatics throughout the winter under the direction of J. H. Maughan, physical training instructor. The association plan to have a special schedule of outdoor events, hikes and athletics in compliance with the regulations for the prevention of the spread of Spanish influenza in the city. The schedule will be fully arranged to-day.

**Million and a Half From Ontario Forests**

Pine Forests Are Giving Out But Pulpwood Increasing in Value

(C. L. in Conservation.)

The important part that the crown timber lands of Ontario play in defraying the cost of civil government is indicated by the fact that during the year ended October 31, 1917, the forest revenue collected amounted to \$1,695,708. This is an increase of \$300,292 over the preceding year, and includes \$112,297 collected from limit holders as fire ranging dues.

Nearly 100,000,000 feet less pine timber was cut during the preceding year. While labor shortage was undoubtedly a factor contributing to this reduction,

**BROAD COVE COAL**

Limited Quantity For Immediate Delivery  
**CONSUMER'S COAL CO., Limited**

The fact remains that the cut of pine timber has steadily declined for years, due unquestionably to the progressive depletion of the white pine forests of the province, which formerly produced so large a proportion of the provincial forest revenue.

The change which has taken place in this respect is strikingly indicated by the fact that, while the cut of white and red pine has steadily declined in Ontario, that of the timber and pulpwood has increased greatly. For example, the number of railway ties (mostly jack pine) taken out during 1916-1917 was more than double the number cut during the previous season. The total cut of pulpwood for the province was 445,978 cords, of which approximately equal amounts were cut from settlers' lots and crown timber lands.

The pulp and paper industry in each year assuming increased importance in Ontario, as in other provinces, in comparison with other primary forest industries. Beyond question, the pulp and paper business will increase to vastly greater proportions in Canada, both east and west, than is now the case, and this development will help materially toward the payment of Canada's war debt, and the redressing of our present unfavorable trade balance, particularly with the United States.

Wasson's sale adv. page 8.

**The Annual Visitor**

Birks Year Book has been a welcome visitor in many homes throughout Canada for many years, bringing as it does all the conveniences of the great Birks Store right into your own home.

Profusely illustrated with many colored pages, the Birks Year Book is more attractive than ever.

The edition is naturally limited and we want to make sure that a copy goes into the homes where it will be most appreciated.

**A GROUP OF DISTINCTIVE DRESSES That Are Marvels For Value**

Women are busily attending to our war work and find they have need for new clothes for their unusual work. When the day's duties are over they take delightful relief in wearing frocks of charming femininity. Simple as they are—these Dresses of today—they are full of distinction and winsomeness.

Some very interesting models have been created this Fall. Many of them feature new skirt draperies, others limit their novelty to sleeves and striking collars and cuffs. Others are one-piece affairs of quiet charm, with girly effects. The materials are exceptional in quality; colorings are those most in favor for this time of the year. No woman in need of new additions to her wardrobe can afford to overlook our offerings here at \$22.50.

A very attractive array of New Satin Gowns for maid and matron—all New York Dresses—of beautiful design and newest colorings. The accordion pleated skirt, the apron drape and the collarless effect are all new and popular features. The colors include burgundy, taupe, navy, green, etc.

Serge Dresses are more attractive than ever this season. The trimmings are novel and very charming, fringe and braid, or both, in evidence; Satin and Serge combinations are also much admired and are suitable for street or afternoon wear.

**SEERGE DRESSES** Range from..... \$15.50 to \$47.50  
**COMBINATION DRESSES** from..... \$35.00 to \$55.00

Dressy Afternoon Frocks of Satin and Georgette combinations, or Taffeta, are in navy, plum and taupe shades and are very lovely, with a touch of beading, silk embroidery or silk fringe, \$36.50 to \$60.00

NEW YORK'S GASLESS SUNDAY. (New York Times.) Again Sunday found New York practically 100 per cent loyal to the fuel administration's mandate that no vehicles run by gasoline power be used for pleasure purposes. Fifth avenue, Riverside drive, and the bridges and highways leading out of the city into the suburbs, were comparatively deserted excepting for horse-drawn vehicles and automobiles carrying physicians' signs. Garages in all parts of the city reported that they had not sold a gallon of gasoline during the day.

Department of Railways and Canals, CANADIAN GOVERNMENT RAILWAYS. SEALED TENDERS, addressed to the undersigned and endorsed "Tender for Car Shop, Edmundston," will be received at this office up to and including twelve o'clock noon, Thursday, October 17, 1918, for the construction of a wooden car shop at Edmundston, N. B. Plans, specifications and blank form of contract may be seen at the office of the Chief Engineer of the Department of Railways and Canals, Ottawa, Ont., at the office of the Chief Engineer, Canadian Government Railways, Moncton, N. B., and at the office of the Resident Engineer, Campbellton, and Edmundston, N. B. All the conditions of the specifications, and contract forms must be complied with. Tenders must be put in on the blank form of tender, which may be obtained from any of the offices at which plans are on exhibition. Each tender must be accompanied by an accepted bank cheque payable to the Honorable the Minister of Railways and Canals, for an amount equal to ten per cent (10 p. c.) of the tender. The lowest or any tender not necessarily accepted. By order, J. W. PUGSLEY, Secretary, Department of Railways and Canals, Ottawa, October 8, 1918. 10-18

WISTED & CO., 122 ST. PATRICK street. Reserve Sydnor in stock at 2145-11. Ashes removed promptly.

THE FUEL CONTROLLER SAYS Burn Wood. Burn it in your range. Burn it in the open grate. Burn it in the furnace. We can supply Hardwood now at Special Prices, in the four foot lengths or cut in two foot lengths, or sawed the right lengths for grates, or split up ready to use in the range. We have about 100 cords, which must be moved within the next month to make room for more stock coming in, and are quoting special rates to parties who will take quantities, and are also naming the lowest rate in the city on small lots. Telephone Main 2636, No. 1 Union St., or Main 594, 6 1/2 Charlotte St. J. S. GIBBON & CO. LIMITED 10-15.

CANT AFFORD IT. (Chicago Tribune.) You can't afford to give a thousand dollars, but you could if your child fell ill. You can't afford a new house, but you could if it were burned. You can't afford a new coat, but you could if it were worn out. You can't afford a Liberty bond, but you would lose your child and your wife and your home and your business and your coat if the Kaiser won the war, which is precisely what would happen if everyone refused to make a little sacrifice. And the Kaiser wouldn't give it back with four and a quarter per cent interest either. Whom are you for?

### MANUFACTURER IS SLAIN AND ROBBED

Body of Nathan Fine Found in New York East Side Lost—\$1,750 Missing

New York, Oct. 10.—As Frank Keller, engineer of a five-story left building at 418 East 117th street, in a lonely section near the East River, left his office at the unattended second floor he stumbled in the darkness over a body. It was still warm, but the man was dead, with a bullet in his heart.

Keller spread an alarm and employees in the building of Morris Fine & Sons, shirt waist makers, identified the body as that of Nathan Fine, a member of the firm, who had made a practice on a certain afternoon of coming from the main offices of the firm at 1 Greene street with pay envelopes of 100 employees.

Dr. Yost of Reception Hospital, who was summoned immediately, said that the man had not been dead for more than forty minutes. A hole was burned through his coat and vest over his heart showing that the revolver had been pressed closely against his body, muffled the report so that it could not be heard above the sound of the machinery in the building.

The fact that there were no signs of a struggle caused the police to think that several men had surprised Mr. Fine as he was on the stairs, and that one of them, thrown a blanket over his head to prevent shouts and carried him into the empty floor where they murdered him and stole from him a cardboard box that contained \$1,750.20 in the 100 pay envelopes.

The elevator opened directly into the second floor. The only door from the left to the hall was locked on the inside. The police found that it was possible to enter the rear windows of the second floor from the roof of a chicken market. Their supposition was that one of the murderers had made his way into the building in this manner before daybreak and opened the door from the inside to his confederate, who waited for the shirt waist manufacturer to come with the money, according to his habit.

The door, locked on the inside, indicated that he had escaped by the windows. No clew was found to the identity of the assassins, according to the police, and his custom of carrying the pay envelopes personally to the shop was known to so many that they thought it would be difficult to trace the person who had conceived the plot.

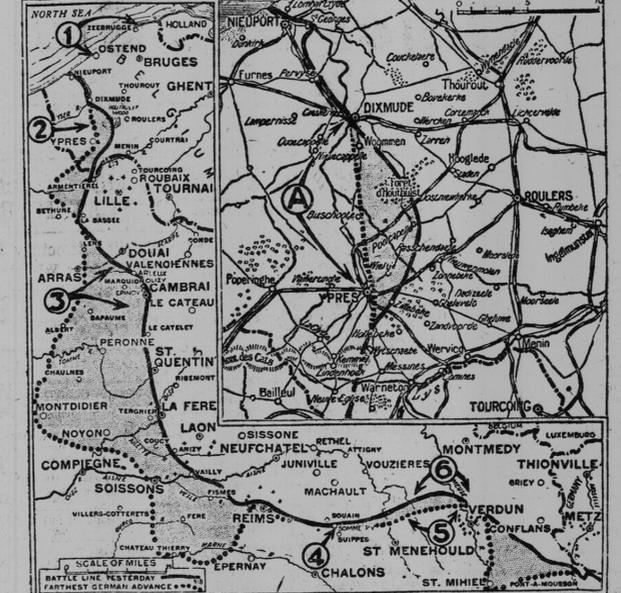

The murdered man was married and lived in Brooklyn. He was one of six brothers associated with their father in the shirt waist business of Morris Fine & Sons, which has factories in Reading, Pa., as well as in this city.

PTE. ROY L. THERIAULT DIES AT CAMP DEVENS

Milton, Me., Oct. 8.—The death of Pte. Roy L. Theriault, son of Mr. and Mrs. Frank Theriault of Deer Island, N. B., occurred at Camp Devens, Mass., on Sept. 28. He was twenty-seven years of age, was a bright and cheerful young man and was loved by all who knew him.

He was called to Camp Devens in the June draft quota and was assigned to Co. H, 78th Infantry. He was suddenly stricken with pneumonia and his

### WHERE THE HUN PEACE MOVE SPRANG FROM

This combination map gives a good idea of the manner in which the Allies are smashing the Germans all along a 250 mile front. It shows where British warships bombarded Ostend and Zeebrugge as a preliminary to an important military move in Belgium; 5 is the point at which British and Belgians, under the personal command of King Albert, began the work of saving Belgium. (This section is shown more clearly in the large map at the right and so rapid has been the advance that all the country as far as Roulers has been reclaimed.) The figure 3 shows where Haig's army is battering away at Cambrai, which is now reported to have been set on fire by the Germans, a sure indication that they have abandoned this important point. The figures 4 and 5 point to the areas where the French and Americans are sweeping back the enemy on the right of the line, and 6 is the point at which the Germans are making their last stand around Verdun.

### WHAT WAR MEANS

This photograph of Miramont, at the head of the marshy valley of the Aisne, where the British occupied it after the German retreat, gives an idea of what war really means. As in all the towns evacuated by the Germans nothing that could be destroyed was left standing.

### LANCASTER RED CROSS

Annual Meeting and Reports—The Officers, Also Those of the Juniors

The Lancaster Branch of the Red Cross Society held its annual meeting on Monday evening with the president, Mrs. J. V. Anglin, in the chair.

The meeting opened with a short talk by the president, then all joined in repeating the Lord's prayer.

The secretary read the report for the year and expressed the deep sorrow felt by the society in the loss sustained by the death of one of its most faithful members, Mrs. W. O. Dunham.

Reports from circles were then read as follows: Quilting Circles—Nineteen quilts made and 100 pairs socks collected and sent to Lieut. Frank Smith's platoon in France; \$20 to Chaplain Fund, \$20 to Red Cross, and \$20 to Red Triangle.

Mrs. Bonnell, Ketepee, 222 towels and eighteen hospital shirts.

Senior Willing Workers, Dipper Harbor—Fifty hospital shirts, eighty-five suits pyjamas, twenty-five pairs socks, Junior Willing Workers, Dipper Harbor—34 personal property bags, three bed sheets, thirteen hospital shirts, one pair socks and 600 Handkerchiefs.

Lancaster Junior Circle—Twenty bed sheets, six neckties, 294 pillow cases and 788 towels.

Brunswick Chapter, I. O. D. E.—104 suits pyjamas.

Brunswick Lodge—Thirty-two hospital shirts, two pairs socks.

Mrs. Nutter's Circle, Fredericton Junction—Thirteen suits pyjamas, twenty personal property bags, one hospital shirt.

Good Cheer Circle—Eighty-three pairs socks, thirty-five neckties, 108 handkerchiefs, seventy-four hospital shirts, seventy-four pyjamas, two dressing gowns, one bed jacket, also \$186.70 sent to Nursing Sister Dunham.

Mrs. Perry's Circle—Sixty-two pairs socks, one quilt.

Hospital Knitting Circle—1274 pairs socks, seven pairs mittens.

The Ladies' Aid—112 pairs socks.

Mrs. Burritt's Circle—Eighteen hospital shirts, twenty-two pairs socks.

Miss Newcomb—Twenty-two pairs socks.

Miss Sadler—Thirty pairs socks.

Willing Workers, Fairville, and Willing Workers, Carleton, did not report.

Shippers Report—Pyjamas, 842 suits; hospital shirts, 866; pillow cases, 866; towels, 1,117; dressing gowns, 2; mittens, 7 pairs; quilts, 8; neckties, 121; handkerchiefs, 1,466; bed jackets, 2; rolls bandages, 50; slippers, 40 pairs; bed socks, 18 pairs; personal property bags, 229; socks, 8,111 pairs; filled Christmas socks, 108.

Four hundred and eight pairs socks were designated C. W. C. A. and sent on Sailors' Day. 100 pairs were designated Lieut. Smith.

Donations were received from Miss Penne Day, Mrs. F. L. Keney and Mrs. Rogers.

At the time of the Halifax disaster \$122.25 in cash was sent, also hospital supplies and infants' garments.

During the year twenty-one new life members have been enrolled.

Treasurer's Report.

Refund from Juniors	47.58

It is ordered by the Department of Health of New Brunswick that all schools, theatres and churches in New Brunswick be closed on and after Friday, October 11, until further notice, and that all public meetings be prohibited, in view of the danger of an epidemic of severe so-called (Spanish) influenza.

Billiard and pool rooms and like resorts are added to the above closures.

GEORGE G. MELVIN, M. D., Chief Medical Officer for New Brunswick.

### 25 SUITS

The talking points about our suits at \$25 are the good tailoring, the color and pattern.

Variety of models, in two, three or four button.

Some with belts, flap or welt pockets. An excellent blue included at this price.

Both Fall and Winter Overcoats at \$25—a plenty.

Gilmour's, 68 King St.

### THE HISTORY OF YOUR EYES

We always preserve for your safety and for future reference a complete record of date kind of lenses and style of frame furnished.

This is only one of the many ways where care is exercised for the benefit of our patrons.

K. W. EPSTEIN & CO., Optometrists and Opticians, Open Evenings, 193 Union St.

### ALEX LESSEY'S CASH AND CREDIT STORE

Will close Tuesday, Wednesday and Thursday evenings at 6 o'clock, remaining open Monday, Friday and Saturday evenings. 1614.

Refund from I. O. D. E. 7.06 Receipts of Juniors 673.67

Expenditures.

Adv. in local papers 27.25

Stamps 22.10

Expenditures of Juniors 869.98

Balance for Seniors and Juniors 8,876.08

Also twenty-one pieces of flannel and fifty pounds of yarn.

Election of officers for the ensuing year resulted as follows—President, Mrs. J. V. Anglin; first vice-president, Mrs. McKel; second vice-president, Mrs. Danlop; Mrs. Smith, Mrs. Hanson, Mrs. Scott, convenors of committees.

The Juniors presented a life membership pin to their retiring president, Miss Stears, who is soon to leave to live in Moncton. The new officers elected were: President, Miss Keith; first vice-president, Miss Bennett; second vice-president, Miss Woodrow; secretary-treasurer, Miss Elsie Woodrow; corresponding secretary, Miss McKel.

### MOVING PICTURES AN ESSENTIAL INDUSTRY.

National Association Hears Its Work Is So Classified Under Special War Rules.

The priorities committee of the War Industries Board in the United States has declared moving pictures to be entitled to the treatment of an "essential industry" with certain limitations, as announced by the National Association of the Motion Picture Industry.

The decision was reached in Washington following a conference between a committee from the industry, headed by W. A. Brady, and a committee of the board, headed by Judge Edwin B. Parker. It was said that Bernard M. Baruch, chairman of the board, approved the decision.

In declaring the industry essential the board imposed the following regulations, according to the statement:

Each member of the industry will pledge himself to discontinue

### Further Complications In Potato Financing

#### Payments Received by A. C. Smith & Company Do Not Agree With Provincial Accounts; G. B. Jones Carried Tennant Funds to Mr. Daggett's Office in Fredericton

When the court resumed in the afternoon, Simon B. Donovan, of West St. John, was called. Mr. Donovan told of purchasing potatoes from the department of agriculture through Mr. Daggett, in the fall of 1914. They were culled from the potatoes. A. C. Smith & Co. were selling. They agreed with Mr. Daggett to pay twenty-five cents a barrel, and when Mr. Daggett told him he had an offer of thirty cents, witness paid that amount. He thought he bought 800 or 900 barrels, but had no records, as he destroyed some accounts when he disposed of the piggy for which he had been buying them. George Abbey had some records and witness had asked him to see if he could find this information. He paid for the potatoes when he got a bill from Fredericton; he thought it was from the department but it might have been from Mr. Daggett. He identified a copy of a letter received from the acting secretary of agriculture enclosing an account, as one which he had received. He thought the amount was about \$80. Witness paid the account by depositing it in the West Side branch of the Bank of Nova Scotia, the manager of which said he would forward it. He was not sure if it was sent to Mr. Daggett or the department.

Later on, witness bought more potatoes from the lot stored in the old C. P. R. warehouse, West St. John. He did not know how many, as the transporter paid for them as he got them. This was on towards the spring of the year. These potatoes were cheaper, twenty to twenty-five cents. Witness never had paid any money to Leslie Shipp, that he could recollect.

Mr. Donovan promised to try to ascertain the exact amount he had forwarded to Fredericton.

Mr. Daggett again took the stand. He remembered getting a remittance from Mr. Donovan but did not remember the amount. The payment did not go through the department's books as these rejected potatoes belonged to the shipper. B. F. Smith was paid in full for his shipments and did not refund the value of the culs, but the culs sold to Mr. Donovan were these accumulated before this change in the arrangement. The letter enclosing the account was dated November 30, but he did not think

for which the department had paid \$1 a barrel and which witness had said had come from the Valley railway points. Mr. Hughes stated Mr. Daggett to pick out the shipment which had come from such points. Witness indicated some billed from Woodstock and said he thought they had been reshipped from the Valley railway. There might be some other reason for the lower price but he did not think that it was because they were defective potatoes.

Regarding the accounts presented to the department, witness said that he was instructed to make up accounts showing the amount which should have been received for the surplus potatoes shipped and for the value of the potatoes which had gone bad in St. John. This was done to cover up the loss. Witness refused to go on record as saying that it was to conceal the transaction; it was to cover the loss.

Mr. Murray's Statements.

Counsel read from the official report of the legislative extracts from a speech in which Hon. Mr. Murray had said that nothing had been concealed and nothing held back. Witness refused to say whether this statement was correct, protesting that it was unfair to ask him to criticize his former chief.

Regarding a statement by Mr. Murray that he knew nothing of the banking transactions, witness said that Mr. Murray had come to him when he was in the hospital but when Mr. Murray found how the interview was being conducted he got up and said that he would make the best explanation he could, and left the room. Mr. Murray would not be sure of his ground.

Regarding another statement by Mr. Murray that every cent spent had been accounted for, witness said that was correct in a way, that the expenditures were accounted for and the net results shown.

At the time the surplus potatoes were accumulated, there was no intention of using them for any other shipment than that of 100,000 bushels to Great Britain; they were bought partly through a misunderstanding and partly in order to have enough to choose good potatoes from.

After reference to an answer given in the legislature by Mr. Murray, witness asked permission to modify his previous answer and said that a shipment to Belgium was contemplated.

No statement giving all the details of the surplus potatoes had ever been given to the auditor-general, witness admitted. He had turned in no statement of the returns from the Irma Bentley, which was accounted for to the department, but not all the receipts. The statement of returns for an entire cargo was not submitted to the department because witness was a private document, because witness had not said that he prepared the answer. He prepared very few answers for Mr. Murray; the latter prepared them himself.

The answer was to the effect that a complete statement of the transactions, with all accounts and vouchers appeared in the auditor-general's report. Witness said that at the time the answer was given Mr. Murray knew all the details of the transactions. Witness admitted that when the note was received to settle the potato transaction no cash had been received for notes mentioned at the morning session, this purpose from any other source.

### NO MORE KIDNEY TROUBLE

Since He Commenced to Take "Fruit-a-Lives"

78 Lees Avenue, Ottawa, Ont.

"Three years ago I began to feel run-down and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-Lives', I thought I would try them. The result was surprising. I have not had an hour's sickness since I commenced using 'Fruit-a-Lives', and I know now what I have not known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

WALTER J. MARRIOTT.  
80c. a box, 6 for \$2.50, trial size 50c. At all dealers or sent postpaid on receipt of price by Fruit-a-Lives Limited, Ottawa.

by Mr. Daggett that he had turned over to Mr. Smith a draft representing the proceeds from the Minnesota shipment. Witness said he had gone through his bank accounts and had found a draft for \$9,286.86 drawn by him on June 23, 1915, and accepted on January 26, by the department of agriculture, per J. B. Daggett, secretary. This was in connection with the surplus potatoes. It came back unpaid. There was a settlement of it. A draft of \$806.91, dated June 18, 1915, drawn on Muller, Scholl & Co., New York, was received by witness. It bore three endorsements, by A. Beale & Co., J. C. Manser, and Hon. J. A. Murray. That seemed to be credited up on June 30, 1915. This, witness presumed, represented the return from the Minnesota which Mr. Daggett had spoken of. He also had received a check for \$4,438.96 from Mr. Daggett.

The next record was a draft drawn by witness on July 31 on the department for \$4,008.80. When it fell due \$1,500 was paid on account, in Fredericton, on September 1, 1915, he drew on the department for the balance, \$2,508.80 plus interest. This was accepted by Mr. Daggett, but when it came due it was charged back to Smith & Co's account and not paid. It never had been paid at the fact that witness still held the draft showed.

Witness Puzzled.

According to the records of the auditor-general's department, A. C. Smith & Co., had been paid \$9,811.16 on July 29, 1915.

Witness said, in light of the records he had turned up, he was not sure whether he had received this amount. He would like to see the original check before he could be sure.

When witness drew on the department for \$9,286.86 plus interest, of \$9,286.86 that was to have been the final wind-up, but Mr. Daggett disputed the amount and the department's account, witness was glad to take what he could get.

The cash draft for \$806.91 and Mr. Daggett's personal check for \$4,438.96 were handed to witness by Mr. Daggett, and the draft on the department for \$4,008.80 represented the balance of his original draft. When he only received \$1,500 on account of this, it was because the department had disputed the amount he had charged for handling the potatoes.

Questioned about marine insurance on the potatoes while in transit, witness said they had nothing to do with that. Reference to the account of F. D. Clements, paid by his company showed two items for insurance premiums. Witness said that the insurance must have been effected by Mr. Clements. He knew nothing of any claim being made or any insurance being paid.

Regarding the sale of culs, witness wanted such a post. Perhaps it is even more doubtful if it would be offered to him. There is ground for believing that his ultimate ambitions lie in quite a different direction and are not unconnected with Canada.

Witness did not think he sold any surplus potatoes on account of the shippers. He might have sold some that had been turned down.

When the matter of the note was first discussed, Mr. Daggett phoned witness to come over to the government rooms and they discussed the matter. Hon. Mr. Murray came in while they were there and joined in the discussion. Hon. Mr. Murray gave witness to understand that he would not have to pay the note. Witness had no doubt that Mr. Murray knew what it was for, and Mr. Daggett

### WORRIED OVER LIBERTY LOAN

There was never a time when the necessities and the help of women were more appreciated than at the present time. Women should learn, war-winning and nursing at home. There is no better way than to study the new edition of the "Common Sense Medical Adviser," with chapters on First Aid, Bandaging, Anatomy, Hygiene, care of the Sick, Diseases of Women, Mother and Baby, Marriage—to be had at some drug-store or send 50c. to Dr. Pierce, Courtwright St., Bridgeport, Ontario.

If a woman suffers from weak back, nervousness or dizziness—if pains afflict her, the best tonic and corrective is one made up of native herbs, and made without alcohol, which makes weak women strong and sick women well. It is the prescription of Doctor Pierce, used by him as a active practice many years and now sold by almost every druggist in the land, in liquid or in tablets. Send Dr. Pierce, Buffalo, N. Y., for trial pkg. Dr. Pierce's Pleasant Pellets are also best for liver and bowel trouble.

### WORRIED OVER LIBERTY LOAN

Only 30 Per Cent Subscribed With Half the Time Gone

Washington, Oct. 9.—The treasury department today openly admitted that the slow progress of the fourth Liberty Loan towards its six billion dollar goal is a matter of serious concern. With the three weeks' subscription period half gone, the loan is only thirty per cent subscribed. The total reported to the treasury up to tonight is \$1,791,648,200. Brandon, Man., Oct. 9.—Sir Thomas White, minister of finance, continued his Victory Loan campaign at a great mass meeting held here tonight. A large number of people came in from the country districts, and a resolution insisting that no peace negotiations with the Central Powers shall be carried on except on the basis of "unconditional surrender" was carried with great enthusiasm.

### TRAVELERS' MEETING OFF

The proclamation of the board of health authorities has upset the plans for a gathering of commercial travelers at the board of trade rooms of Saturday evening. Some 400 had accepted the invitation extended by T. H. Estabrook, as chairman of the Victory Loan campaign, to secure the support of the salesmen of the province.

Reports from various provincial centers are as follows:

Edmonton.—There are nearly 400 cases of Spanish influenza, gripe and pneumonia in this vicinity. Three deaths have occurred.

McAdams.—Nearly 100 cases of so-called Spanish influenza prevail in Vancouver.

St. Stephen.—The influenza conditions here are not serious but in Calais there has been one death.

Hillsboro.—Three deaths from influenza were reported tonight. There are several serious cases.

Moncton.—Several more deaths from the influenza epidemic were reported in Moncton. Among the victims were William S. Humes, tailor; George Dunn, a C. G. R. brakeman; A. C. Desjardins, brakeman on the N. T. R.

Donald McKinnon of Sunny Brae received word of the death of his daughter, Mrs. Mary Dill, at Walkham, Mass. Richard P. Wallis, M. L. A. for Victoria, B. C., was stricken with influenza at the American Hotel.

Rally night in Zion Methodist church, last evening, gave promise of further good work during the coming winter. Two anthems were rendered by the choir and a solo by Ruth Wood. Encouraging reports were submitted to the pastor, Rev. F. E. Boothroyd. The Ladies' Aid Society was represented by Mrs. S. Skidmore; Women's Missionary Society by Mrs. Boothroyd; Sunday school by H. M. Lettmer, choir and glee club by S. Skidmore, and the quarterly official board by F. S. Purdy.

### Beaverbrook May Succeed Milner

London, Oct. 9.—(By Canadian Associated Press.)—Yorkshire Post announces that Lord Beaverbrook may succeed Lord Milner as war secretary.

This is probably merely a journalistic long shot in prognostication. It is doubtful if Lord Beaverbrook would want such a post. Perhaps it is even more doubtful if it would be offered to him. There is ground for believing that his ultimate ambitions lie in quite a different direction and are not unconnected with Canada.

### Provincial Precautions To Prevent an Epidemic

Department of Public Health Wastes no Time  
in Effort to Stay Progress of Influenza;  
Some Results of New Regulations

Hon. Dr. W. F. Roberts, head of the provincial public health, and Dr. G. G. Melvin, chief medical officer under the new act, were in conference over the present situation throughout last evening. They announced afterwards that thirteen new cases of the disease had been reported yesterday in the city, which now makes a total of seventeen cases in the city proper. Speaking of the thirteen cases which were reported yesterday, Dr. Melvin said that these came in during the day and did not necessarily mean that had come to light at once; many were the developments of "suspects."

The department of public health made known last evening that in view of the large classes of V. A. D. girls which have graduated in the city and throughout New Brunswick their services may at some future day be needed. It is asked of them to send their names to Hon. Dr. Roberts or Dr. Melvin, so that in case of the supply of professional nurses becoming exhausted their services could be secured. This action is being taken in event of not being able to get sufficient nurses to attend the cases that may arise.

It is asked by the bureau of public health that all stores and other establishments wherein there are more than twelve clerks or employees that on the first sign of sickness among them that their employees send them home and not to allow them to return to work until they present a certificate that they are well. The employees are also asked to furnish the board of health with the addresses of those sent home through illness as a matter of information to the board.

Another important step will be taken on Friday by the military officials. One consisted of representatives from the Victory Loan campaign, including T. H. Estabrooks and Hon. P. J. Veniot, minister of public works, in respect to Victory Loan meetings. The delegation agreed heartily with the proclamation of the health department and that they would cancel all meetings until all danger had passed.

Another delegation was from the motion picture people. While all agreed with the spirit of the law, it was suggested that mass would be celebrated by Bishop LeBlanc, of the Cathedral, whose episcopal authority extends over the entire province. The bishop, in the southern part of the province, said last evening when interviewed by the Telegram that conformity with the law on and after Friday there would be no masses for the Catholic laity. He said that he would be celebrating each morning, as usual by the priests, but that they would not be attended by the Catholic people. A retreat for the unmarried women of the Cathedral parish was to be held on Friday. The celebration of the feast of the Holy Spirit of the Public Health order, the mission now proceeding in St. John. The celebration, Broad street, would also be stopped tomorrow night.

The closing of these institutions, which number about fifty-three in St. John, including thirteen theatres, twenty-five churches and fifteen schools, would be completed by Friday evening. It is impossible, last evening, to make a clear estimate of what result would be an average by these buildings, but it is said at this time of year the saving would be considerable. Dr. Roberts, when asked relative to the pay of teachers, said that there could be no cut as far as the school department and the school trustees could control the matter. It is estimated that this is the first time in the history of the church in New Brunswick that the church-going public has been deprived of the services.

Limit Liquor Sales. A temporary relaxation of the prohibition regulations to allow liquor to be purchased in small quantities without an order of a doctor's prescription has been suggested to the government as an emergency requirement of the Spanish influenza epidemic now raging throughout Canada. The proposal is being seriously advocated in one of the quarters, but yet has not been either approved or turned down by the cabinet council.

ST. JOHN PEOPLE SHOULD EAT PIE DAILY  
Pie is wholesome, combining both fruit and grain—those who have trouble digesting pie should take one spoonful simple buckwheat bark, ginger, etc., etc. in addition. This flushes the entire bowels tract, removes food matter which poisoned your stomach for months and relieves any case of sour stomach, gas or constipation and prevents appendicitis. Leaves stomach in condition to digest anything. Benson Mahony, druggist.

The "Prentice Boys' fair" was continued at the West St. John hall last evening. There was a good attendance and the Soldiers' Comforts booth was well patronized. The door price was won by ticket No. 37, and the holder can procure his prize by applying to D. A. Duffy. The other prizes were won as follows: Ten pins, Fred Campbell; ring, Alice; bag, Alice; bag, Alice; pencil, nine pins, Roy Campbell; excelsior, D. Hanson; ladies' bean toss, Edith McAllister; air gun (ladies'), Edith McAllister; (gent's) Roy Campbell.

### LOOK! NEW BRUNSWICK'S SOLDIERS GOING TO HOMES TODAY

The following returned soldiers arrived by special car from Montreal at 9:30 last night, and are at the clearance depot. All will leave for their homes today.

George S. Atkins, Fredericton; J. W. Boyd, St. John; Charles G. Adams, Sackville; William Campbell, Moncton; Francis J. Campbell, St. John; Thomas Carroll, Chatham; Harold Carter, St. John; Clyde Murray, St. John; Harry B. Daley, Moncton; James B. Dunlop, Campbellton; Joseph T. Elliott, St. John; John E. Follen, Newcastle; A. Firth, St. John; Edwin Gault, St. John; Charles McLaughlin, St. John; Charles H. McKay, St. John; John M. McLeod, St. John; James M. McLaughlin, St. John; Zion Mehta, Campbellton; John W. Nowell, Woodstock; James J. Osborne, St. John; William Pitts, St. John; Moses Parks, Arsebrook Junction; Fredrick J. Penney, St. John; Clinton Peterson, Centreville, Carleton county; Prosser, Sussex; Alfred Reid, St. John; Enay P. Robidoux, Shediac; Alexander Silas, Diebouts; Alexander Stewart, St. John; Patrick Sullivan, Douglasstown; John J. Sullivan, St. John; Robert Theobald, Fredericton; Francis Chas. Trigg, Sussex; Bernard Tunstall, Sussex; James F. Tynan, St. John; Thomas J. Tynan, St. John; Robert White, Grand Falls; George Wilson, Moncton; Irwin Hitecock, Woodstock; Charles Howard, St. John; Guy B. Kitchin, Fredericton; Stanley Frank Brown, Sussex; John Letourneau, Campbellton; Instructors returned from France: David Graham, Campbellton; James Wilson, St. John; Capt. James McIntyre, senior conducting officer in charge of party, Campbellton; Capt. Joan Malanfauf, junior conducting officer, Moncton; Benson S. Harriman, Newcastle; Cecil Harris, Fredericton; Clarence Hicks, Moncton; Hoser Horsman, Moncton; Wilber W. Irving, St. John; Peter Johnston, St. John; Clayton Jones, Newcastle; Chas. Morrison, St. John; George W. Newell, St. John; William H. Lawless, St. John; Frederick O. Lewis, St. John; James L. Lockhart, Bristol, Carleton county; John V. Lynch, St. John; Hubalbert, Carleton; Herbert Melton, Fredericton; Walter Spencer, St. John; William H. McCaffrey, Newcastle; William J. McCann, St. John.

### FREE TRIAL Peps

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as preventive against influenza, or vaccination on small-pox, wouldn't you feel like giving it a trial? Peps is the discovery! Peps are little tablets, containing certain medicines, which, when placed upon the tongue, immediately turn into vapour, and pass through the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter the arteries and veins leading to the lungs. In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence their work of healing.

COMMENDED ON STREETS  
Comment on the streets was that the action taken by the provincial Health Department was a good one and it was better to act now than when the disease had been really established. Measures before the disease has reached a large area are much better than after the disease has been really established. Bishop LeBlanc, of the Cathedral, whose episcopal authority extends over the entire province, said last evening when interviewed by the Telegram that conformity with the law on and after Friday there would be no masses for the Catholic laity. He said that he would be celebrating each morning, as usual by the priests, but that they would not be attended by the Catholic people. A retreat for the unmarried women of the Cathedral parish was to be held on Friday. The celebration of the feast of the Holy Spirit of the Public Health order, the mission now proceeding in St. John. The celebration, Broad street, would also be stopped tomorrow night.

German Army in Flight  
New York, Oct. 9.—The Associated Press tonight issues the following:  
The German armies are in full flight before the British, American and French forces on the front between Cambrai and St. Quentin. Cambrai, the strong point of the enemy in this region has been taken by the Canadians in its entirety and north of Cambrai the Canadians have deeply penetrated the German line.  
Out in the open east of what once was the old Hindenburg line cavalry is hustling the retreating foe in what virtually amounts to a rout. So fast is the retreat that columns of the allied troops in parade formation have passed through numerous villages, completely out of contact with the Germans.  
More than 10,000 prisoners and between 100 and 200 guns were captured in Tuesday's fighting and the continuation of the battle Wednesday resulted in further large captures. In the fighting 23 German divisions—more than a quarter of a million—have been severely handled.  
The maximum depth of the advance is between eight and ten miles. The Germans are declared to be fleeing to the east of Leateau, one of the most important railroad centres in this region.

NECESSARY TO CLOSE ROAD.  
Hon. P. J. Veniot, minister of public works, yesterday inspected the new road out the Marsh. He said last evening that in order to safeguard the public and make it possible to finish the work in a short time it would be necessary beginning next Monday to close that stretch of the road where the work is going on beyond the iron bridge near Coldbrook from 8 o'clock in the morning until 5 o'clock in the afternoon. During this time the Golden Grove route will have to be taken. Rapid progress is being made on this fine stretch of road now.

IT REALLY DOES  
end pain, prevent festering and heal. This is why those who have once had Zam-Buk will never have any other ointment.  
Miss Viola Hubley, of Upper Gosport, N.B., writes: "My sister had sores on her foot that commenced like boils and then discharged. She suffered such intense pain that she could not wear her shoes and had to remain in the house. We commenced using Zam-Buk and the pain soon disappeared. Then the sores stopped discharging and the sore long the places were entirely healed over. We shall never be without Zam-Buk again."  
For eczema, blood-poisoning and piles, cuts and burns Zam-Buk is equally good. All dealers, 50c box.

### He Cannot Sleep

It isn't the body that craves rest, but the mind.  
When you are bodily tired you can usually fall to sleep at the first opportunity.  
But when the nerves are irritated by anxiety and worry rest and sleep seem to be impossible.  
The mind seems to be most alert, and you are thinking, thinking, thinking—first of one thing and then of another—often matters of little or no importance. But you simply cannot sleep.  
Sleeplessness is the most common and often the first indication of a breaking down of the nervous system.  
The object of sleep is to allow the body to rebuild tissue and the nerves to recover tone. Sleep is the ideal condition for this process.  
If you cannot sleep you worry, and worry breaks down nerve cells at a tremendous rate, so that instead of laying up the demands of the day you are using up the reserve.  
The nerve centres are sometimes likened to storage batteries. If you continue to consume the nervous energy in reserve, without paying back, these centres become a used up nervous wreck.  
After a sleepless night you get up feeling tired and lacking in mental energy. Your day's work absorbs more than you can face, and you become down-hearted and discouraged.  
The future is not bright, for you must realize that the natural result is exhausted nerves, paralysis, locomotor ataxia or some form of helplessness.  
In Dr. Chase's Nerve Food is found the most natural and the most rational treatment for the nerves imaginable, because this food cure contains the vital substances which go to the building up of the blood and the depleted nerve cells.  
Dr. Chase's Nerve Food does not induce sleep, but it does restore the nervous system, and after you have been using it for a few days you will begin to find yourself resting and sleeping naturally.  
A little patience is necessary if your nervous system is greatly exhausted, but you will be encouraged by the benefits obtained to keep up the treatment until the exhausted nerves are fully restored, and you feel the energy and snap which means success and happiness.  
Dr. Chase's Nerve Food, 50 cents a box, all dealers, or Edmanston, Bates & Co., Limited, Toronto.  
To protect you against imitations the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, are on every box.

### LODGE WITH 100 MEMBERS IN KHAKI HAS HONOR ROLL

The celebration of the twenty-fourth anniversary of Marlborough Lodge, No. 207, Sons of England, last evening, was marked by a beautiful presentation to the lodge of a beautifully engraved honor roll by E. J. Flewelling. The evening was a beautiful piece of work and will be highly prized by the lodge. St. George's, Bristol, Carleton county.  
The past president's jewel was presented to J. E. Lawrence by R. I. Carleton, past president.  
The report of C. Ledford, secretary, mentioned the fact that 100 members of the lodge were in the various lodges and that 800 families were represented overseas by members of the Sons of England in Canada.  
An entertaining musical and literary programme was carried out as follows: opening address and song, P. J. Penney; phonograph selections, E. J. Donald; song, Captain Arthur Wood; recitation, Walter Spencer; song, W. C. Parker; bagpipes, Percy Cruikshank; solo, Mrs. J. A. Cox, accompanied by J. A. Reid and J. A. Cox; song, Master A. Penney; solo, Miss A. B. Campbell; song, W. Reid; address, Charles Ledford; song, C. Dennison; recitation, Mrs. E. J. Donald; piano solo, Miss M. Ricketts; song, Thomas S. Sibley. Refreshments were served and the gathering was brought to a close with the singing of the national anthem.

CHARITIES BOARD PREPARES FOR WINTER  
A meeting of the board of the Associated Charities was held yesterday afternoon at 117 Germain street with the president, W. S. Fisher, in the chair. The secretary's report was submitted and showed the work done during the season which has kept the ladies and gentlemen very busy. It was announced yesterday that the annual meeting of the society will be held on November 18 when different subjects pertaining to the work of the society will be dealt with by prominent speakers. In the secretary's report it was pointed out that special relief would have to be given in certain cases immediately. This was granted by the board. The treasurer's report was also read. The society is greatly in need

NEW WORK INSPECTED.  
A party consisting of Commissioner Hilyard, of the water and sewerage department; Mayor Hayes and Commissioner Bullock and Fisher, R. W. Wigmore, M. P., Superintendent Sewell of the water and sewerage department, and Engineer Hare drove to Lake Fitzgerald yesterday morning and inspected the work in connection with the installation of the new water main. Commissioner Hilyard said afterwards that the work was progressing well considering the delay occasioned by recent heavy rains. The rainfall was so great during the last storm that large boulders and tons of earth were carried back into the trench and caused considerable delay and additional excavation. If the weather is favorable, he said, the contractors expect to have the new pipe laid in the middle of November, if it is unfavorable it will take considerably longer. In addition to inspecting the installation at Lake Fitzgerald the party also inspected a section running through the rural cemetery.

MERE CHILDREN DRIVEN TO SLAVERY  
Broken Down by Enforced Military Work They Are Left to Die.  
After having forced into military work the men of the invaded Belgium territory, the Germans have hatred the inquiry by extending the hateful slavery to women and then to children. None are exempt. Boys of thirteen years have been driven by the lash of the German soldier-foreman until they have broken down completely. When their emaciated little bodies are incapable of performing further toil for the slave drivers they are cast out, penniless, often in a strange district, to die. On the charity of their compatriots they cannot rely for the care and nourishment necessary to save them from death, for their compatriots have barely enough for themselves. The Belgian Relief Fund has performed a great work in saving these unhappy little fellows from death. It takes them, places them in a sanatorium, and by devoting money and provision of required nourishment restores them to life. In this branch of its work of mercy the Belgian Relief Fund has come into contact with what are perhaps the most pitiful cases brought to its attention since it was organized.  
It is so as to be able to continue such work that the Belgian Relief Fund is appealing to the people of Canada today for continued financial support. The need is pressing if these victims of German brutality are to be saved from death by starvation. Contributions should be sent to the local committee of the Belgian Relief Fund or to the Central Committee at 59 St. Peter street, Montreal (Que.).

CARTER'S LIVER PILLS  
For Constipation  
Carter's Little Liver Pills will set you right over night. Purely Vegetable. Small Pill, Small Dose, Small Price.

Carter's Iron Pills  
Will restore color to the faces of those who lack iron in the blood, as most pale-faced people do.

No More Piles  
A Free Trial of Pyramid Pile Treatment—The Most Remarkable Ever Experienced.  
You are suffering something awful from itching, bleeding, swollen piles or hemorrhoids. Now, go over to any drug store and get a 50-cent box of Pyramid Pile Treatment. Relief comes so quick you will jump for joy. If you are in doubt, send for a free sample by mail. Don't take no for an answer. You will then be convinced. Don't take no for an answer.

New Home Treatment For Banishing Hairs  
With the aid of a delicate paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck and arms. Enough of the powder is rubbed on to form a thick paste and spread on the hairy surface for about two minutes. The skin is then washed with soap and water. The hair is then plucked out. This completely removes the hair, but to avoid disappointment, get the delicate in an original package.

Doctors Stand Amazed at Power of Bon-Opto to Make Weak Eyes Strong—According to Dr. Lewis  
Guaranteed to Strengthen Eyesight 50% in One Week's Time in Many Instances  
A Free Prescription You Can Have Filled and Use at Home  
Philadelphia, Pa. Victims of eye strain and other eye weaknesses, and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope for them. Many who have had their eyes failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man, after using it, "I was almost blind. I could not see to read at all. Now I can read anything I want to. My eyes do not hurt any more. At night I would pain dreadfully. Now they feel fine all the time. It was like a miracle to me!" A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for 10 days everything seems clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes which induced headaches. I have worn glasses for several years both for distance and work, but without them I could not read my name on an envelope or the type on the machine before me. I can now read both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the tree across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me."  
It is believed that thousands who wear glasses can now discard them as wear-

## EAT LESS MEAT IF BACK HURTS

### Take a Glass of Salts to Flush Kidneys in Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disease.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

## S. S. CONVENTION OPENS AT MONCTON

Moncton, N. B., Oct. 9.—The new Brunswick and Prince Edward Island Sunday School Association is holding its thirty-fifth annual convention in Moncton. The convention opened this morning in the First Baptist church with large attendance of delegates.

The morning was occupied by the registration and enrollment of delegates and assigning them to homes. Prominent Sunday school workers are present including Marion Lawrence, E. O. Excell and Alvin Roper, of Chicago. At the afternoon session county reports were read by Rev. W. A. Ross and by county officers. Rev. C. J. Crowds, of Halifax, secretary of the union association for the maritime provinces gave an address.

At the evening session Rev. T. P. Drummond presided and gave a brief address of welcome and Mayor Toombs also welcomed the delegates. Rev. W. B. Wiggins, of Woodstock, replied to the address of welcome. Mr. Lawrence, who is general secretary of the International Sunday School Association, gave an address on "The Relation of Sunday Schools to the War."

A private company will be granted a thirty-year permit by the Dominion government to graze reindeer in the Northwest Territories.

## The BROCK

### A Wolfhayen HAT

The new hat that shows a complete mastery of style in every detail. His yourself to any reputable store and choose from these chosen Brock styles.

## EXEMPTED FARMERS MAY BE EMPLOYED BY LUMBERMEN

Hon. W. E. Foster was recently requested by lumbermen to see what he could do to provide them with help this winter for the purpose of getting their lumber out. The premier promptly took the matter up with Brigadier-General A. H. Macdonell, commanding this military district and has received the following reply which will be gratifying to all concerned.

St. John, N. B., Oct. 8, 1918.

Hon. W. E. Foster, Premier of New Brunswick, St. John, N. B.

Dear Mr. Premier,—With reference to your favor of the 28th ultimo, in connection with the release of men in category "C", for the purpose of assisting the lumbermen in getting their lumber out during the coming winter season.

I am pleased to advise you that the matter has been taken up with militia headquarters, Ottawa, and they have ruled as follows:

"In order to facilitate productive employment during the winter months, men exempted as farmers should apply to the registrar for permits to engage for the winter in some occupation of national interest, such as lumbering, munition work, etc. Such permits will serve to enable exempted farmers to pursue other useful occupations for the months during which farming operations cannot be carried on."

In connection with the above, it will be necessary for each individual man, who is exempted on the grounds of being a farmer, and who can be spared from his farming duties, may engage in the pursuit of lumbering, during the winter months, no matter what category the man might happen to be in.

Advertisements to this effect have been placed in all the newspapers in the province, beginning today.

I trust this will be satisfactory.

(Signed) A. H. MACDONELL,  
Brigadier-General, Commanding M. D. No. 7.

## SIFT YOUR COAL ASHES

It is impossible to make an exact estimate of the coal wasted in Canada each year through the carting away of unconsumed carbon, but it is tremendous. A glance at any ash heap in the spring, after the melting snow or spring rains have washed away ashes from the cinders, will show much coal unconsumed. The most careful furnace or range firing will not overcome this loss. Coal which lies against the metal erupts not only from one side, and when shaken out, it has not done its full duty. This coal when separated from the ash, is again available. All ashes should, therefore, be well sifted to secure this fuel. You may be able to afford to throw these cinders away. You may, by some means, be able to secure all the coal you require. You, however, owe it to your less fortunate brother Canadian to see that he and his children are not compelled to suffer for lack of coal during the coming winter through your waste.

## LOAN COMMITTEE MEETS

Great enthusiasm was shown by the large attendance of the committee for the Victory loan campaign which met at headquarters last evening with Stanley E. Eskin, M. P., in the chair. Encouraging reports were submitted from the representatives of the different wards. It had been the intention of the committee to hold several public meetings in connection with the campaign and ways and means were discussed to offset the prohibition against public meetings by the provincial department. The committee expect the hearty cooperation of the citizens in overcoming this difficulty.

## COMFORTS FUNDS SENT OVERSEAS

The October meeting of the Soldiers' Comforts Limited, was held yesterday afternoon. In the absence of the president, Mrs. H. B. Peck, 1st vice-president, occupied the chair. Regular business was transacted and special mention was made of the proposed visit of Miss Arnold, lieutenant, C. F. C. C., who will be in New Brunswick in November and will speak in St. John in the interests of the organization. A letter received from Miss Mary Plummer, lieutenant, C. F. C. C., in England was read. Miss Plummer told of her visit to France last year and of the appreciation shown by the officers in France who complimented highly the work done by the S. F. C. Through this agency over 5,000 lone soldiers received parcels in 1917 who had never been remembered before. The S. F. C. Ltd., decided to send Miss Plummer a generous cash donation to be used to send parcels to lone soldiers of New Brunswick battalions now in France, by this means saving much time in packing and shipping. It was suggested that the friends of the association who have every year remembered lone soldiers might prefer this method of helping.

Mr. George McAvity has kindly donated gift cards to be used in these parcels forwarded by Miss Plummer to New Brunswick men. The cards will read as follows: "Christmas Greetings and Best Wishes for the New Year from the Soldiers' Comforts Limited, St. John, New Brunswick, Canada."

The report of the treasurer showed that cash received during September amounted to \$299.44. Mrs. Holly reported for the wool committee that 1,709 pairs of socks had been received besides many mitts and caps and that there are now on hand for distribution 1,000 pounds of wool. The girls' circle reported through Miss Elida Shaw, having donated 120 Christmas parcels. The Douglas avenue circle had also forwarded a large contingent.

Cases of socks, assorted comforts and Christmas parcels have been received from the following: Robt. Sussner, Upham, Milltown, Chipman, Moncton, Woodstock, Apohaqui, the Y. W. P. A., and the Centenary M. E. Church. Special mention was made of the donation received from Campbellton too late to be listed with the September cases. The Campbellton contingent contained 1,001 pairs of white socks and 206 Christmas parcels.

## SELECT MEDICINE CAREFULLY

Purgatives are dangerous. They grip, cause burning pains and make the most stupefied condition worse. Physicians say the most ideal laxative is Dr. Hamilton's Pills of Mandrake and Butterbean they are exceedingly mild, composed only of health-giving vegetable extracts. Dr. Hamilton's Pills restore activity to the bowels, strengthen the stomach, and purify the blood. For constipation, sick headache, indigestion and disordered digestion no medicine on earth makes such remarkable cures as Dr. Hamilton's Pills. Try a 25c. box yourself.

## NEW RECTORY FOR ST. PAUL'S CHURCH

The intention of the late Chief Justice Chipman that a rectory should occupy part of the lot which he donated for the erection of St. Paul's church has at last been realized. The present rector, Ven. Archdeacon Crowfoot and his family are now occupying their new home in Wall street—the bright newly remodelled house beside the church.

A house was erected many years ago on the north side of the same lot on which the church stands, built by a private individual who leased the land from the church and at the expiration of this lease last May, it was not renewed and the new house was rebuilt from the old structure.

St. Paul's parish can now boast one of the finest rectories in the diocese. The congregation have long had in view the building of a house for their rector and a fund for this purpose was started several years ago by Rev. E. B. Hooper. This fund gradually increased and will largely meet the expense of the undertaking.

The new house is of modern colonial style and is being painted to harmonize with the church. The interior is nicely finished in modern style with hardwood floors and bright sunny rooms. A unique colonial porch opens into a spacious hall which contains a modern staircase. The rector's study and a reception room open off either side and present a neat and homelike appearance. The house is fitted with all modern improvements. The whole appearance reflects great credit on the architect, George E. Fairweather.

## Fine Furs

In the most approved styles and combinations

Having effected large purchases of high-grade skins far in advance of the season, H. Mont Jones is now in a position to offer the completed garments at prices that cannot fail to interest prospective buyers.

Early selections are earnestly recommended.

### H. Mont Jones

St. John's Only Exclusive Furrier

## PLAYING THE GAME

If you fall to save that you may help Canada bear the burden of war, and finance the problems of peace you are not playing the game.

Under British standards the man who refuses to "play the game" is regarded with contempt. If in the midst of the present war economy, you, who are profiting by it, merely waste it instead of saving, you come under that category.

Save, even though it involves sacrifice. Such sacrifices should be easy when you think of the sacrifices of life and limb that have been made by the boys "Over There." They have played the game manfully. What about you?

Sacrifice to Save! Save that you may Lend—to Canada!

# Polarine

## FRICION REDUCING MOTOR OIL

"Makes a good car better"

### For Piston Pins

PISTON pins receive the full force of every explosion. Unless their bearings are adequately cushioned with oil of correct body and lubricating qualities, they soon wear loose, with vibration that racks connecting rod and crankshaft bearings. Correct lubrication guards your motor against this danger.

#### BEWARE OF "KNOCKS"

Every "knock" in your engine is a danger signal. Knocks mean extra strain, excessive wear on moving parts. They foretell increased repairs—decreased intrinsic car value. And often the cause of these "knocks" is the use of the wrong lubricant. Don't wait for that metallic warning from a worn part before you realize that there is a great difference between lubricants. Help save your engine to-day from that possible breakdown of to-morrow by the use of

## Polarine

It has both body and lubricating qualities that minimize wear and friction. It flows freely at all temperatures—does not break down and run thin when your motor heats up. It lessens carbon trouble—softens vibration—keeps your car running smoothly and delivering full power day in day out.

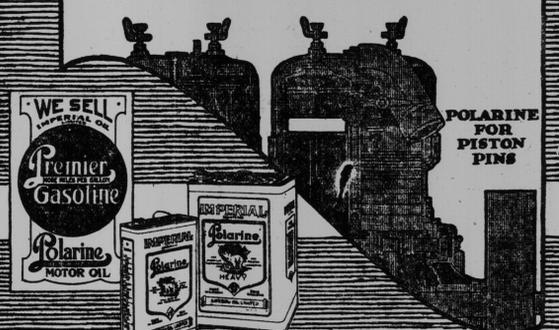

Polarine is made in two grades—Polarine and Polarine Heavy. It is supplied in one-half, one and four gallon sealed cans, also in 12½ gallon steel kegs, barrels and half barrels.

There are also Polarine oils and greases for effective transmission and differential lubrication.

Write us at Room 704 Imperial Oil Bldg., Toronto, for interesting booklet on Polarine for Automobile Lubrication.

## MUTT AND JEFF—MAYBE THERE WERE "COOTIES" IN NAPOLEON'S TIME, WHO KNOWS?

(COPYRIGHT, 1918, BY H. C. FISHER, INC., TRADE MARK REGISTERED IN CANADA.)

NO USE TALKING, NAPOLEON WAS A WONDERFUL GENERAL. SUCH IN THIS PICTURE HE HAS THE CLASS STICKS OUT. HE WAS A GENIUS.

WHAT'S THAT, MUTT, SOME BULLSHIT?

NO, IT'S A PICTURE OF NAPOLEON. I'VE BEEN IMPRESSED WITH THE CLASS IN THE PICTURE.

CLASS?

SURE! SEE THE WAY HE'S STANDING. HE SEEMS TO BE IN DEEP THOUGHT.

NOTE THE POSE. NOTE THE POSITION OF HIS HANDS. ONE HAND BEHIND HIS BACK AND ONE UNDER HIS COAT LIKE THIS. THAT SIGNIFIES DEEP THOUGHT!

DEEP THOUGHT MY EYE! I'LL BET "MUTT" HAD THE "COOTIES"!

**PTE. W. F. DILLON HAS GIVEN LIFE**  
Left School to Enlist and Went Across Three Years Ago  
Lieut. Charles P. Inches Slightly Wounded—Several Other Saint John Men in List Today

Mrs. John Dillon, 219 Waterloo street, was notified this morning that her son, Private Walter Francis Dillon, had died of wounds on Sept. 30. He went overseas in 1912 as a member of the 64th battalion and was transferred into another unit. He was twenty-one years old and at the time of enlisting was attending school. Besides his parents he leaves five sisters and one brother, all at home.  
Lieut. C. P. Inches.  
Lieut. Charles P. Inches, son of Dr. P. R. Inches, Germain street, a member of a heavy battery in France, has been slightly wounded in the left leg. This information was received in a letter from him to his parents yesterday. Lieutenant Inches went overseas with a draft from the 9th Siege Battery. Only about one month ago he was in France. He was a student at U. N. B. at the time of enlisting.  
Pte. Corey Gray.  
Mrs. Gray, 18 Hospital street, was advised this morning that her husband, Pte. Corey Gray, of the Canadian Engineers, had been gassed on Oct. 2 and admitted to No. 1 Field Ambulance. He went overseas with the 104th, was transferred into the 38th and then to the engineers. Mrs. Gray has three brothers soldiers, two of them, Howard and William McMahon, having been in France for a considerable time and another brother, Gunner Harold McMahon, is on Partridge Island, a member of the 3rd C. G. B.  
Corp. McAllister Very Ill.  
Mrs. Rebecca McAllister, of 179 Douglas avenue received word this morning that her son, Corp. C. A. Drury McAllister, was a hospital in England suffering from appendicitis and was seriously ill. He left here about two months ago with a siege battery draft and had since been training at Bramshot. Prior to enlisting he was a student at the U. N. B. Friends will anxiously await further word.  
Corp. H. A. DeVeber, M. M.  
W. H. DeVeber of this city has received word that his son, Corp. Herbert A. DeVeber, M. M., artillery, was admitted to Royal Herbert Hospital, Woolwich, on October 8, wounded in the face. Corporal DeVeber went over with the university detachment in February, 1912, and to France in May. He has been in France ever since, in the field artillery, and has won the military medal. He is twenty-five years of age and has finished his university course in June, 1912, but responded to the call and went overseas.  
Pte. Max O'Keefe.  
Mrs. Michael O'Keefe, Fairville has received word that her son, Max O'Keefe has received a gunshot wound in the right leg and been admitted to Wimmer Hospital. Private O'Keefe is a popular Fairville boy and was with the ball player among the younger teams before joining the King's army. He has a brother, Gunner John O'Keefe who is listed in the first contingent and is now serving on the firing line with Major Frank Magee's artillery. It is hoped that Pte. Max O'Keefe's wound may not be serious and his parents anxiously await further news.

**NO MORE CASES REPORTED UP TO NOON TODAY**  
Tonight the Closing-Down Order Will go Into Effect—The Street Cars

On the eve of the closing of all places of public gatherings the Spanish influenza situation as far as St. John is concerned is today reported stationary. Dr. W. F. Roberts, no new cases had been reported to Dr. Geo. G. Melvin, provincial health inspector, in his new office, Kitchie building. Of course physicians had barely time to complete their circuit of regular calls and new calls, so this stationary condition of affairs at noon might become unsettled once reports started coming in. At least the hospital and military establishments had no new cases this forenoon. There are at present reported fewer than twenty patients in the city suffering from what is diagnosed as the new malady.  
Dr. W. F. Roberts, minister of health, feels that many cases under observation by various family physicians throughout the city may turn out to be the Spanish type of influenza. When asked if he was sure that the European malady had invaded this province or that the prevalent disease was simply old-fashioned la grippe, the minister replied: "If you saw scores of little fires burning up your property, killing people and spreading with alarming rapidity you surely wouldn't stop to argue about the origin of the blazes or whether it was dangerous or not."  
In private interviews with Dr. Roberts' delegates were told last evening just how the provincial situation was at the present time and the citizens were fully convinced of the necessity of the drastic action being taken and the urgency of co-operation by every class of citizen, both male and female.  
The people who will suffer financial losses by the shutdown are: Houses of entertainment and their staffs of employees, the newspapers through advertising shrinkages of several hundreds of dollars weekly; the local government through ticket tax losses, and the N. B. Power Company through reduced illumination of public places and motion picture power. However on all sides affected by the shutdown order there is a disposition to accept gracefully the demand and co-operate in some way.

**DEATH OF HON. WM. F. MURRAY**  
Former Postmaster of Boston Was Cousin of Mrs. Wm. C. Bowden of St. John

The Boston papers devoted columns of space to accounts of the death and life and funeral of Hon. William F. Murray, postmaster of Boston, who died recently after a very short illness. He was only thirty-six or thirty-seven years old, but had won a very high position in the commonwealth and had earned the high regard of people in all walks of life.  
The Boston Post prints a series of tributes from prominent men, including Governor McCull, Customs Collector Maynard, former Mayor Curtis and Judge Charles S. Sullivan.  
McCull said he had served in congress with Mr. Murray and had high respect for his character and ability. "He was a force for good in politics and government. The commonwealth has suffered a very great loss."  
Mr. Murray was the son of a former prominent writer on the Boston Herald and had himself been a reporter. He was a graduate of Harvard University, a powerful speaker, a clever lawyer, and as a member of congress at thirty he was the youngest in that body. The papers speak of him as a man of very high character. He is survived by his wife, one son, his mother, five sisters and two brothers, one of the latter the Rev. Stephen G. Murray of St. Margaret's church, Lowell. Mrs. Bowden, wife of Prof. William C. Bowden, Sydney street, is a cousin of the late Boston postmaster.

**COMMON COUNCIL COMMITTEE MEETING**  
At a committee meeting of the common council this morning, Commissioner Fisher was authorized to call for tenders for 10,000 feet of curb stone. Mayor Hayes was authorized to get a written statement from the city solicitor regarding the legal aspect of the street car situation in West St. John. Commissioner Hilyard was authorized to pay the Lock Joint Pipe Company for cement pipe from the income of the department for 1913.  
Commissioner Hilyard explained that when the exchange was made last year from iron pipe for cement pipe at Lake Fitzgerald, no provision was made for the money to meet the cost of the contract, the estimates having been made up prior to this period, and there was nothing left over available to pay for this pipe. He recommended that the pipe be paid for from the income of 1913. This was unanimously passed.  
Commissioner Hilyard said that he had succeeded his estimate of \$17,000 for sewers, and he asked that the controller be authorized to pay for any needed expenditures, the same to be taken out of the department revenue. This was also passed.  
DIRECTLY CONTRADICTIONARY  
A returned soldier was in the police court this morning charged with assaulting a policeman. The latter said that while he was making an arrest, the soldier kicked him. The soldier absolutely contradicted this. As the prosecution wished to call witnesses, the case was set over until the morning of the 11th.  
The Y. M. C. A. men called at City Hall this morning to ask for authority to go ahead, and get the co-operation of mayor and commissioners. It is felt that a great deal can be done to keep the boys interested and in good health. It has been suggested that physical exercises and marching drill on the playground would be of great benefit along with the group games. The plan has yet to be worked out, but every citizen will heartily endorse the effort.

**LARGE GAIN IN BANK CLEARINGS**  
Bank clearings for week ending today, \$2,441,470; corresponding week last year, \$1,720,022; corresponding week, 1912, \$1,255,848.
