ST. JOHN, N. B., FRIDAY, FEBRUARY 13, 1925

SIXTEEN PAGES—ONE CENT

AWAY SUNDAY TO APPEAL FOR PORT

DELEGATION TO SEE THORNTON ON MONDAY

Will Likely Proceed To Ottawa to Interview Government

HAVE 4 REQUESTS

Courtenay Bay Sheds, New Station, Breakwater Extension And Pettungill Ledge

The St. John delegation, appointed by the port committee to go to Montreal to interview Sir Henry Thornton, will leave on Sunday afternoon. On Monday they will meet Sir Henry and will probably then proceed to Ottawa that evening.

The delegation is composed of Mayor F. L. Potts, Commissioner T. H. Bullock, Hon. Dr. W. E. Foster, M. L. A., and A. P. Patterson. They have four things to bring to the attention of the government, which they consider necessary for the port of St. John. These are docks and sheds in Courtenay Bay, the new station, removal of the ledge of rock at Pettungill wharf, and the extension of the Negro Point breakwater to Partridge Island. The first of these will be strongly stressed as absolutely necessary at once, and if it is not possible to carry on all that is asked for, to undertake this work immediately.

These Compose Committee. The port committee have been working since last summer on a programme of port development. This committee is composed of Mayor Potts, Commissioners Wigmore, Bullock, Frink and Harding, and Messrs. Hon. W. E. Foster, F. M. Ross, H. C. Schofield, D. W. Dunningham, G. L. Warwick, A. P. Patterson and L. V. Young.

Some time ago a delegation met Sir Henry in Montreal and later he came to St. John and met the committee and leading business men of the city. At that conference Sir Henry suggested that a delegation from the port committee take up the proposed developments with the government and point out to aid all he could in obtaining the improvements sought. The present trip is the outcome of that suggestion and it is hoped the government will see its way clear to meet the wishes of the committee.

Mayor's Statement. Mayor Potts said this morning that the delegation would see Sir Henry on Monday and after talking over the situation with him would go on to Ottawa to meet the members of the Cabinet and present their request for a vote in the estimates this year for port facilities here. They would stress the importance of Courtenay Bay being developed if the C. N. R. was to handle its share of Canadian export through this port, and were hopeful that they would find the government in a mood to grant their request. They would also discuss with Sir Henry the new station which was promised about five years ago and hoped to bring home word that work on this would be started in the near future.

They also planned to bring up the matter of extension of the breakwater to Partridge Island and again press to the government the necessity for this work.

VERMONT EXPLOSION TAKES 2ND VICTIM. Two Women Dead, Five Injured When Escaping Gas Blows Out Walls.

BARRE, Vt., Feb. 13.—An explosion which wrecked a three story wood tenement here last night, claimed a second victim, early today, when Miss Lena Galli, who was caught beneath a falling wall, as she was passing the building, died.

The explosion, believed to have been caused when Mrs. Enrico Marborabi, carried a lighted lamp into the cellar, where gas was escaping, blew the four walls of the building out. Fire immediately swept through the ruins. Mrs. Marborabi was killed instantly.

Leg Amputated. Miss Galli had one of her legs so badly crushed, that amputation was necessary. Her other leg was broken. Enrico Marborabi, husband of the dead woman, was badly burned about the face and arms. F. O'Neill and his wife and daughter, Zora, and Mrs. Harold Bond, negro, were injured.

KILLED BY BANDITS. Bank Watchman Fatally Shot After Preventing Looting of Institution.

PONTIAC, Mich., Feb. 13.—After frustrating an attempt of six men to rob the Oxford Savings Bank at Oxford, near here, early this morning, a watchman, was shot and killed by one of the bandits as the latter made their escape in an automobile.

Aged Woman Dies From Burns When Fire Consumes Home at Apohaqui

HUNDREDS ARE HOMELESS BY FLOODS IN U. S.

Leaps Into Fire Dies of Burns

TEULON, Man., Feb. 13.—John Negrych, a Ruthenian farmer of the Teulon district is dead as the result of self-inflicted burns Wednesday morning. He gathered a pile of straw in his farm yard, soaked it with gasoline, set fire to it, and jumped into the burning mass. A neighbor found Negrych crawling out of the ashes, terribly burned. He died later.

WOMAN IS VICTIM OF OWN RASH ACT

Dies From Burns When She Threw Flaming Gasoline on Husband's Bed.

DETROIT, Mich., Feb. 13.—Victim of a fate intended for her husband, Mrs. D. Lowry, 27, is dead. She was severely injured a week ago when burning gasoline which she had thrown on her husband's bed, flared back, setting fire to her own clothing. Mrs. Lowry, and Clifford, her 30 year old husband, told police that at the time of their marriage, they agreed that if one of them should be found unfaithful, the other would be privileged to kill the unfaithful one.

ST. JOHN MEN WILL PRESS PORT CLAIMS

Will Try to Enlist Upper Canadian Support For Appeal to Ottawa.

HALIFAX, Feb. 13.—W. S. Fisher, former president of the St. John Board of Trade, and also of the Canadian Manufacturers' Association, and J. D. McKenna, president of the New Brunswick Publishing Company, Ltd., will be the two delegates from the St. John Board of Trade, who with two delegates from the Halifax Board, and the first of them, will leave the first of next week for Montreal and Quebec to enlist the support of the Boards of Trade in those cities in an effort to have a delegation representative of all Canada, if possible, proceed to Ottawa to express the needs of the country, especially the coast provinces.

VANCOUVER PROTEST

Trade Board Objects to Federal Engagement in Ocean Rate War.

VANCOUVER, B. C., Feb. 13.—Formal protest of the Vancouver Board of Trade against the proposal of the Federal Government to subsidize a line of ocean steamers to engage in a rate war, will be registered in Ottawa, it was decided to ask that no action on the proposal be taken until trade organizations have had an opportunity to consider its possible effect.

WANT BAN LIFTED

Cable Sent to Britain Asking Cancellation of Maine Potato Embargo.

BOSTON, Mass., Feb. 13.—An urgent request to lift the embargo on Maine potatoes, was called to Britain last night, following a conference here between Dr. A. W. Gilbert, Massachusetts commissioner of agriculture, Frank Washburn, Maine commissioner of agriculture, and G. C. Porter, Boston representative of the Maine Potato Growers' Association.

TO FORM EGG POOL

REGINA, Sask., Feb. 13.—Organization of an egg and poultry pool for Saskatchewan was decided upon at a meeting of the special committee of the Saskatchewan Grain Growers' Association executive last night.

Quarrels Over \$7 and Throws Landlord's Baby Into River

VIENNA, Feb. 13.—After an argument over a sum equivalent to \$7, Karl Zeidler, a pensioner aged 73, yesterday took his landlord's 18-month-old daughter to a bridge over the Danube, flung the baby to her death in the river, and then gave himself up to the police. Investigation of Zeidler's record, showed that he had once been condemned to death, the sentence being commuted to 25 years imprisonment. On another occasion he was given a short sentence for manslaughter.

MELTING SNOW SWELLS RIVERS; HEAVY DAMAGE

Many Bridges Are Carried Away by Raging Torrents

STREAMS RISING

New England States, New York, New Jersey and Pennsylvania Suffer

Canadian Press Despatch. NEW YORK, Feb. 13.—The melting of the accumulated snows of the winter brought about by five days of unusually warm weather, followed by heavy rain, during the last 48 hours, has caused floods in New York, New Jersey, Pennsylvania and New England. Overflowing rivers have rendered hundreds of persons homeless, wrought thousands of dollars damage, and seriously impeded transportation.

4 ARRESTED IN N. S. LIQUOR HOLD-UP

Schooner Watchman is Knocked Out and Several Cases Are Stolen.

LUNENBURG, Feb. 13.—Thomas Lynch, Thomas Harry Regan, New York, Steve Thompson and David Press, no addresses, are in jail here facing serious charges following a series of armed liquor hold-ups and assaults enacted here yesterday. It is alleged the four men, armed with revolvers, boarded the schooner Ellice B., about 1:30 o'clock in the morning, demanded liquor of the watchman, Harry Hall. Failing to obtain it they knocked him unconscious, and then attacked a seaman, Robert Cook, whom they forced at the point of revolvers, to drive them in his car to the homes of two members of the crew, where several cases of liquor were secured.

STREET CAVES IN

Stellarton Man Swallowed in 10-foot Hole But is Uninjured.

STELLARTON, N. S., Feb. 13.—Thomas Smith while walking along Main street here yesterday, was swallowed in a cave-in resulting from the settling of the earth into a former working of an old colliery. A few minutes later, Smith scrambled up the side of the newly made ten-foot hole, uninjured.

TRAPPED IN FIRE

Aged Toronto Druggist Dies When Flames Shut Off Escape From Store.

TORONTO, Ont., Feb. 13.—Trapped in the rear of his store at Scarborough Junction, a Toronto suburb, while preparing a prescription, John K. Patton, 78 year old druggist, lost his life, when fire quickly destroyed his frame store building last night.

YORK PROBATE COURT.

FREDERICTON, Feb. 13.—In the York County probate court in the estate of Emily Blake, widow, of the Parish of Douglas letters testamentary have been granted to Charles Wiltshire Blake, her son. The estate is valued at \$3,000, \$2,000 real estate and \$1,000 personal. The son is the sole beneficiary.

Open Clinic To Cure Baby Talk

EAST NEW YORK, Feb. 13.—Baby talk, the foremost of flapper wiles, is threatened with extinction. New York University has established a clinic for the treatment of what scientists call this defect of speech, and which they say can be eliminated by proper corrective methods.

MRS. LENA CAMERON DIES OF INJURIES

North End Woman's Skull Fractured in Fall Down Stairs.

Mrs. Lena Cameron, widow of Clarence H. Cameron, 155 Victoria street, died in the General Public Hospital today as the result of an accident last evening at the home of Mrs. Hanford Bellmore, 616 Main street. Mrs. Cameron had been visiting Mrs. Bellmore and as she was leaving, entered a dark hallway, missed her footing and fell down a flight of stairs leading to the basement. Police Constable Gaudet was called and rendered first aid. He also had the ambulance summoned and the injured woman conveyed to the hospital, where it was found she had fractured her skull.

SONG WRITER DEAD

Author of "Everybody Works But Father" Passes Away in Los Angeles.

LOS ANGELES, Feb. 13.—(United Press).—Jean Haves, author of "Everybody Works But Father" and other popular songs died suddenly here yesterday. Haves was employed as a "gag" man for Harold Lloyd and had worked in similar capacities for other film companies. During his early career he was with Lew Dockster and Nat Goodwin writing many of their songs and acts.

This is the last day on which you can reserve a copy of the Saturday issue of The Telegraph-Journal containing the "Peach" Comic Section. In addition to four pages of the most popular funnies, many other interesting features will appear in Saturday's Telegraph-Journal. To mention a few—Complete story Diamond Skate meet at Lake Placid, Special Radio Page, Cross-word Puzzle and a fund of other interesting information. Order your copy today.

HYDRO DEFICIT IN 7 MONTHS IS STATED \$13,951

Official Says It Was Caused in Earlier Operations

PROFIT LATELY

Statement is Submitted to Meeting of Civic Commission This Afternoon

At a meeting of the Civic Power Commission held this afternoon at 9 o'clock a report of the accountant-secretary, Roy A. Willet, for seven months ended January 31, 1925, showed a net deficit of nearly \$14,000 on the operation for the seven months, and a profit on the operation for the months of December and January, \$744.66 in December and \$1,068.52 in January.

Reference to Deficit. The report states that the greater portion of the deficit was incurred in the first three months of operation, that on account of an injunction granted in an action brought by the N. B. Power Co. the commission were unable to take over the lighting in the West St. John sheds until after January 1, which caused a loss of nearly \$1,000 a month.

Player Of Normal School Suspended

According to an official report by W. E. Stilling, secretary of the registration committee of the Maritime branch of the A. A. U. of C., Arthur Nelson of the Normal School basketball team is suspended until further notice. The bulletin was signed by A. C. Millie, president. It was said Nelson participated in a game in Fredericton against the St. John High School team and as he was over 19 years of age, a protest was entered. The game will be thrown out.

SALES FROM HERE

Hon. Francis Walter Erskine, Aide de Camp to Governor General.

Hon. Francis Walter Erskine, aide de Camp to the Governor General of Ottawa, will be a passenger on the Montclair from here on next Friday. His engagement was recently announced to Miss Phyllis Burstall, of Quebec, a niece of Lieut.-Gen. Sir Henry Burstall, commander of the 3rd Canadian Division during the great war. Miss Burstall is at present in England with her parents.

SINGERS FALL OUT

Warfare Follows Too Realistic Acting at Metropolitan Opera House.

NEW YORK, Feb. 13.—Rumors are in circulation today, of a quarrel between Marie Jeritta, the Viennese prima donna, and Beniamino Gigli, Italian tenor, based on incidents at recent performances at the Metropolitan Opera House, in which both sang. Tears by the soprano, and particularly violent acting in some of the scenes in which both participated, are the particular subjects of comment. In one love scene, Jeritta flung herself into Gigli's arms, with such violence that the tenor almost collapsed. Later Gigli's turn came. He acted so realistically that the soprano almost landed in the footlights.

PROMPTLY RECOVERED.

The police found a boy's sled in Union street yesterday. It was taken to the Central Station where soon after it was claimed by the owner.

SENATE TO ADJOURN.

OTTAWA, Feb. 13.—When the Senate rises today, it is expected to adjourn until March 10.

Toss of Coin Settles Costs Question in British Court

LONDON, Feb. 13.—The annals of the staid British courts of justice, furnish no parallel to an incident in the High Court of Chancery yesterday, when a question of costs was decided by the toss of a coin. The action, between relatives, had been settled, but it remained to be decided whether the successful plaintiff should receive £200 or £400 costs. A suggestion to abide by the result of tossing a penny was adopted, and the plaintiff had the luck to receive the larger amount. The judge did not participate in the tossing, but made no objection to it.

ALL EFFORTS TO SAVE VICTIM WERE IN VAIN

Mrs. Adam Murray Dies Soon After Being Found

BROTHER IS HERE

Dr. L. R. Murray, Mayor of Sussex, is Nephew of Unfortunate Woman

Mrs. Adam Murray, aged 73, living alone at Apohaqui, Kings county, died as a result of burns inflicted when her home was consumed about 9:30 this forenoon. Strenuous efforts were made by the neighbors to save the aged lady's life, but when recovered from the burning building death soon followed. Mrs. Murray was childless, was a daughter of Edward and Mary Hamilton, of English Settlement, Kings county, and leaves two brothers, D. J. Hamilton, merchant in the St. John City Market, and Oliver Hamilton, of Apohaqui, Sask. Dr. L. R. Murray, mayor of Sussex; George Murray, of Pearsonville, are nephews, and Mrs. Benjamin Northrup of Apohaqui, a niece. M. T. Gibbon, of St. John, and W. E. Lester, of Fairville, are also nephews. Found in Bed. Mrs. Murray was found lying on her bed semi-conscious and severely burned. Her door was open and taken to a neighbor's house, she soon succumbed. Later, when medical aid was forthcoming it was seen Mrs. Murray's burns could not have been treated successfully. It is supposed Mrs. Murray arose and lit her fire to warm the house before dressing. Doubling up to sleep again, she assumed it was the fire, however it may have originated, overcame her, rendering her powerless. Another thought is that she may have had a lamp burning and overturned it. Edward Erb and Havelock Wilcox, not being able to attract her attention, broke into the house and could not get to a neighbor's house, she soon succumbed. Later, when medical aid was forthcoming it was seen Mrs. Murray's burns could not have been treated successfully. It is supposed Mrs. Murray arose and lit her fire to warm the house before dressing. Doubling up to sleep again, she assumed it was the fire, however it may have originated, overcame her, rendering her powerless. Edward Erb and Havelock Wilcox, not being able to attract her attention, broke into the house and could not get to a neighbor's house, she soon succumbed. Later, when medical aid was forthcoming it was seen Mrs. Murray's burns could not have been treated successfully. It is supposed Mrs. Murray arose and lit her fire to warm the house before dressing. Doubling up to sleep again, she assumed it was the fire, however it may have originated, overcame her, rendering her powerless. Another thought is that she may have had a lamp burning and overturned it. Edward Erb and Havelock Wilcox, not being able to attract her attention, broke into the house and could not get to a neighbor's house, she soon succumbed. HOPE FOR RESCUE OF CAVE CAPTIVE IS ABANDONED

Soundings Show Shaft Will Miss Collins' Crevice

AT THE MOUTH OF SAND CAVE, Kentucky, Feb. 13.—(United Press)—All hope of immediate rescue of Floyd Collins from his cavern tomb was abandoned today. Drill tests revealed that the shaft would miss the crevice in which Collins has been imprisoned 15 days.

NEW TUNNEL FOUND. CAVE CITY, Ky., Feb. 13.—(Canadian Press)—H. T. Carnichael, and two miners at 10 o'clock this morning, began exploration of the tunnel discovered early today, in the side of the Sand Cave rescue shaft.

CANARY HOME AGAIN. Mrs. Fred P. Lawson, 82 Coburg street, was much pleased to read in the Times-Star last evening that her canary was safely housed with David Pirie at his store just opposite her home.

IMPRESSED CURLERS. The curlers of the Thistle and St. Andrew's Clubs who competed in the Halifax bonspiel returned this morning in which they were treated in the way they were treated in the sister city.

HORSE IN DIFFICULTIES. In Sydney street this morning a horse owned by the N. B. Power Company and attached to one of their coke wagons, fell and held up traffic for a short time.

H. A. FINLAYSON DEAD. Harold A. Finlayson, for some years Maritime representative of J. & W. Campbell & Sons, of Glasgow, Scotland, died at his home in Truro, N. S., yesterday, after an illness of several months.

Fussy Folk Are Bothered For This is Friday and It's The Thirteenth Day of Month

This is Friday, the 13th. Superstitious folks are side-stepping right and left. As early as midnight when the thirteenth came at a social affair happened upon that mystic hour some of the way of the fair sex abruptly cancelled their engagements and left bewildered partners stalling on the floor.

PERSONALS

Rev. C. M. Morgan of Halifax, presiding officer of the American Methodist Episcopal church in the Maritime Provinces, left for his home yesterday after attending a quarterly session of the A. M. E. Conference held in St. Phillip's church, Duke street.

An illustrated lecture on "Germany Without the Kaiser and War Lords" was given last evening in Zion Methodist church by Rev. Dr. D. Hutchingson and was enjoyed by a large audience. A vote of thanks was moved by Rev. H. A. King and seconded by Rev. William Lawson.

MANY FROM ST. JOHN PLAN TO ATTEND

Formal Opening of Shriners' Hospital in Montreal in Next May. Charles Robinson, recorder of Luxor Temple, Mystic Shrine, received a telegram this morning from Montreal, stating that the informal opening of the Shriners' hospital for crippled children will take place on next Sunday by a special committee, but that the formal opening will be held at a date to be announced in May.

The biggest events in the history of the Shrine in Canada and it is expected that fully 200 delegates from Luxor Temple, New Brunswick, and Phylax Temple, Nova Scotia, will attend the dedication ceremonies. A special committee is working on arrangements for the trip now.

Funerals

The funeral of Alfred Walter James Ottaway was held from his late residence, 283 Charlotte street, West St. John, this afternoon. Rev. Dr. Charles Freeman officiated at service. Interment was made in Cedar Hill.

Although Mr. Ottaway had been but a short time in West St. John, coming from England, there were many who attended the funeral to pay a tribute of respect to his memory as a faithful worker in the Charlotte street Baptist church, West St. John, of which he was caretaker.

The funeral of Mrs. Phoebe E. Belyea, wife of the late Ezekiel Belyea, was held from her late residence at the home of her son-in-law, Harry McCain, 56 High street, this afternoon.

The funeral of Mrs. Jane Howe was held this afternoon from her late residence, 100 Exmouth street. Interment was made in Cedar Hill.

The funeral of Allan G. Marr of Quispamsis was held yesterday afternoon from his late residence, with service conducted by Rev. Canon A. W. Daniel of Robbsey. The funeral was attended by many friends. Interment was made at Gondola Point.

An illustrated lecture on "Germany Without the Kaiser and War Lords" was given last evening in Zion Methodist church by Rev. Dr. D. Hutchingson and was enjoyed by a large audience. A vote of thanks was moved by Rev. H. A. King and seconded by Rev. William Lawson.

FIGHTS THIEVES WITH MILK

A Milky Battle Fought in New York. It really is surprising to what uses milk may be put. A couple of days ago readers were told about a lady who took a milk bath, and last night the newspaper told of a dairyman who fought thieves with milk.

According to the report, it was a milky battle. The dairyman used full bottles of milk, and heated them at his assailants, beating them off. It is always advisable to have a full bottle of milk on the premises.

However, the Purity Milk Company is more interested in milk as a food, rather than as a weapon of defence. And speaking of defence, it was Purity who defended the milk consumers against the high price. Purity said, "We will make the price of milk in St. John twelve cents per quart." And they did.

In order to hold the twelve cent price, Purity must have the support of the milk consumers. New customers are coming in Purity daily, but more are needed. Phone Main 5000 and keep the price of milk down.

THAW RELIEVES SCARCITY OF HYDRO CURRENT

Soft Weather Causes Water to Rise Several Inches in Aroostook

CONDITIONS ON FARMS GREATLY IMPROVED

May Interfere, However, With Getting Out of Lumber Cut.

WOODSTOCK, N. B., Feb. 12.—The continued soft weather of the last two days with light rains has had a tendency to improve both water conditions in the county and the hydro in town.

Yesterday the Maine and New Brunswick Company hooked on the Van-Buren auxiliary. Cutting off some northern towns gave better service to those in the south.

During the power shortage of the last few weeks several towns in this province and in the neighboring state have had only part time service.

Thanks for Tea. Hearty thanks are extended to G. E. Barbour & Co., who supplied King Cole tea for St. Peter's high tea, and Mr. McKim, who served it.

ELKS' BALL PROVES DELIGHTFUL EVENT

Some 250 Attend Well Arranged Function in Knights of Pythias Hall.

The Elks' charity ball, held last evening in Pythian Castle, was a highly pleasing social event. In spite of unfavorable weather a large number gathered to enjoy the hospitality of the Elks.

The ball was opened by the grand march, led by the excited ruler, Dr. E. A. Westrup, and Mrs. Westrup. As the clock chimed the mystic hour of eleven lights were extinguished, and the leading knight, H. Paraday, recited in impressive tones, the Elks' prayer.

After a programme of 12 dances, the

guests repaired to the dining hall, where a repast was served. The hall had been tastefully decorated by the ladies of the committee, the color scheme being purple and gold, which are the colors of the order. The supper table was decorated with candelabra and silver baskets filled with yellow and white spring flowers.

Novelty Feature.

After supper the first dance was a moonlight waltz. During the dance a novel feature was introduced. Union Jacks filled with hundreds of inflated balloons, suspended from the ceiling, were gradually emptied of their contents. The spectacle of the balloons floating down in the semi-darkened room, was a striking one. At 2 a.m. the order was given for Auld Lang Syne, and all joined in the old-fashioned circle, which brought to a close a very happy event.

The hostesses of the evening were Mrs. E. Arthur Westrup, who wore a

sequin gown shaded from peach to lavender; Mrs. Budleigh Paraday, gowned in black French crepe, embroidered with crystal beads, and Mrs. F. L. Potts, who wore a gown of silver sequins over a Copenhagen blue, and a bandeau of silver leaves. Presiding at the supper table were Mrs. R. W. Wigmore, Mrs. P. J. Fitzpatrick, Mrs. Elizabeth Walsh and Mrs. B. G. Smith. The repast was served by Mrs. W. C. Clarke, Mrs. T. R. S. Smith, Mrs. Geo. Waring and Mrs. John Burgoyne. The general conveners were Mr. and Mrs. V. J. McGillivray, while the decorating of the dining hall was in charge of Mrs. E. A. Westrup and Mrs. B. Paraday. The gentlemen assisting in making the ball a success were: Dr. E. A. Westrup, Budleigh Paraday, Clyde Appleby, J. Rosely, R. Driscoll, W. Clarke, R. W. Wigmore, T. R. S. Smith, W. T. Denham, T. Anderson, H. Keyes, S. Hargreaves, J. Burgoyne and others.

Williams, in Letters Asks Forgiveness

FREDERICTON, Feb. 12.—Harry D. Williams, condemned to be hanged on April 23 for the murder of his two half-nieces at Fosterville, wrote 23 letters in two days recently to as many people at points in New Brunswick and the State of Maine, asking their forgiveness.

\$1 Lets Down the Eye Barriers

A fairly long list of troubles and nervous discomforts have been proven a million times to be due to faulty eyesight. Folks have been told about it—but their minds have slipped over these ads as at dreary sermons. Because the relief meant money. Sharpes caught onto this fact and met this trait in human nature face to face. They now offer Glasses without limit as to style and quality on the basis of a dollar down and a dollar a week. And while it means an effort to deliver Glasses to so many hundreds on the first dollar Sharpes are satisfied to widen their sphere of usefulness. For one thing it is something to end nineteen headaches out of twenty.

ANNIVERSARY
SEES I. O. D. E. IN
ST JOHN STRONG

Order Organized in Canada
Twenty-five Years Ago
Today

12 CITY CHAPTERS;
SOME 500 MEMBERS

New Brunswick Has 29 Or-
ganizations—Much Has
Been Accomplished.

Twenty-five years ago today the Imperial Order of the Daughters of the Empire in Canada was begun, and Mrs. Clark Murray of Montreal, who was its first leader and chief worker in its formation, today can look with pride on the glorious achievements of an organization with branches throughout the Dominion. Throughout the Dominion the various chapters will commemorate the anniversary.

New Brunswick now has 29 chapters, and St. John has 12 with between 400 and 500 members.

N. B. Chapter Leader.

The Fredericton branch was a vigorous one and became the corner stone of the Order, its success encouraged the chief movers for the I. O. D. E. to renew their efforts when lack of interest elsewhere had nearly caused the abandonment of the project.

It was only the thriving sturdy branch in New Brunswick which brought new hope and spurred them to renewed effort, and resulted in the now flourishing organization reaching from coast to coast, with many thousands of members working devotedly under the motto "One Flag, One Throne, One Empire," and extending their activities into every realm of patriotic, philanthropic and educational endeavor. The purposes and aspirations of the Imperial Order, Daughters of the Empire are to encourage and develop a spirit of patriotism, to furnish a bond of union amongst the women and children of the Empire; to strengthen the ties between the Dominions and the Motherland; to provide an organization ready for national emergencies; to care for the dependents of our soldiers and sailors; to keep alive the memory of brave and heroic deeds; to promote a higher citizenship amongst our people; British and foreign-born, and to supplement where possible the patriotic efforts of the provincial departments of education.

Raised \$5,500,000.

During the war the Order raised \$5,500,000 for war purposes and assisted in every campaign for national appeals such as the Red Cross and Serbian, Belgian and Armenian Relief. It also equipped and furnished relief to the Maple Leaf Club in London, and financed an I. O. D. E. club for nurses; presented an X-ray department to the I. O. D. E. Hospital in London; donated ambulances, motor trucks, machine guns, automobiles and field kitchens, and endowed or equipped nearly 1,000 cots in military hospitals; maintained nurses at the front; subscribed large sums for prisoners of war and sent enormous quantities of comforts to the soldiers.

The I. O. D. E. is now striving to make its work after the war worthy of its magnificent war record and, in addition to the continuation of its pre-war activities, has assumed responsibility for an I. O. D. E. War Memorial, and its members are pledged to raise \$500,000 for this cause.

Educational Efforts.

Other work which is engaging the attention of I. O. D. E. members in post-war days involves such educational effort as providing secondary education for soldiers' children; the Canadianization of the foreign born; distribution of patriotic pictures and libraries; publication of pamphlets, articles, essays and historical competitions and supplementary patriotic work in public schools. Care of returned men, public health work, especially child welfare in all its branches, and local war memorials are some others of the post-war activities.

There are now about 700 chapters of the Order in Canada, two in India, and very many in the United States. The chapters in the United States are not under the jurisdiction of the Canadian National chapter, but are in affiliation.

The national president is Mrs. E. P. Donlitt.

The officers of the New Brunswick Provincial branch are as follows: Honorary president, Mrs. W. F. Todd, St. Stephen; president, Mrs. H. F. MacLeod, Fredericton; 1st vice-president, Mrs. Robert FitzRandolph, Fredericton; 2nd vice-president, Mrs. G. Heber Vroom, St. John; secretary, Mrs. Havelock Coy, Fredericton; treasurer, Mrs. E. Allison MacKay, Fredericton; organizing secretary, Mrs. F. R. Taylor, St. John; educational secretary, Mrs. K. I. Campbell, St. John; Echoes secretary, Mrs. M. G. Siddall, Fort Elgin; standard bearer, Mrs. W. Stewart Loggie, Chatham.

Insurance executive says Kellogg's ALL-BRAN is "Conqueror of Constipation"

Former addict to pills and drugs says ALL-BRAN restored youthful vim.

Here is a most remarkable tribute to Kellogg's ALL-BRAN: "For more than one-third of a century, I was an addict to all kinds of pills and drugs to alleviate the tortures resulting from constipation. They brought only temporary relief. Then I tried Kellogg's ALL-BRAN, and as a result I have a new birth of freedom from the terrible foe of the race. I am again in the pink of condition, the rejuvenation even of the youthful vigor in my advancing years. Truly, Mr. W. E. Kellogg's ALL-BRAN is the conqueror of constipation. Gratefully yours, (Signed) A. E. SWENET. (Address on request).

Weddings

Lentell-Armstrong.

PERTH, Feb. 13.—A wedding of much interest to Perth people took place at Boston on Feb. 6, when Miss Sarah Armstrong, daughter of Mr. and Mrs. J. E. Armstrong, was united in marriage to Mr. B. Russell Lentell. Mr. and Mrs. Lentell arrived in town on Saturday and will spend a few days with Mr. and Mrs. Armstrong. They will be at home to their friends at York street, Canton, Mass. Best wishes are extended to Mr. and Mrs. Lentell.

Deaths

Mrs. Howard Eagles.

Very many friends will deeply regret the death of Mrs. Margaret E. L. Eagles, widow of Howard Eagles, which occurred yesterday at her residence 126 Bridge street, after a short illness. Mrs. Eagles was a daughter of the late Robert Robertson, a prominent business man of the North End in years past. She had a host of friends and was held in very high esteem. Much sympathy is extended to the bereaved. Two sons and one daughter survive. The sons are Arthur H. of Leithbridge, Alta., and Harry C. at home, and the daughter is Miss Blanche at home. The funeral will take place on Saturday afternoon from the residence. The service will be at 2:30.

WILL GIVE MEDALS TO KING'S DEBATERS

Awards to University Men Taking Part in Contest With Acadia.

UNIVERSITY OF KING'S COLLEGE, Halifax, Feb. 11.—Friday evening there was a meeting of the Quintilian Debating Society in the lecture room. It was unanimously carried that medals be given to those representing the University in the debating team. A debate followed on the question, "Resolved, that the time has now come when, in the interests of the British Empire, India should be granted the political status of a Dominion." It was the first trial debate for the coming intercollegiate contest with Acadia. The affirmative was represented by Messrs. Mosher (leader), T. Bennett and R. Anderson; the negative was supported by Messrs. Ross (leader), Byron and Cooper. At the conclusion of the debate the audience voted unanimously for the negative. L. A. Forsyth, coach, met the debaters after the debate and gave some very helpful advice.

Haliburton Club.

The Haliburton Club met in Commemorative Hall on Saturday evening, with the first vice-president, Rev. Prof. A. Stanley Walker, in the chair. A fine programme was enjoyed and a good attendance marked the meeting. Among those taking part were: A. S. Coster, M. A.; A. E. Coleman, T. Turner, and G. F. Edsforth, M. A. In addition there were vocal and piano solos by Prof. Walker, Dr. Cooper and C. LeRoy Moores. Messrs. DuVernet and Parlee accompanied. At the conclusion of the programme, refreshments were served and toasts were drunk, the following speaking: Mr. Elliston, Prof. MacDonald, Mr. Riddle, Mr. G. Moore, Mr. Peavey, Mr. McClean, Mr. Kingsbury, Mr. Hudson, Mr. Parlee, Mr. Teed, Mr. Coleman, Mr. C. Jones and Mr. G. Nelson. The hosts of the evening were Messrs. Moores, McClean, DuVernet, Turner, Kingsbury, Coleman, Byron and Dr. MacFarlane.

Again Offers Prize. The president announced today that Dr. M. A. B. Smith (King's, '81) will again offer a prize of \$20 for liturgical reading. The contest will be held in the chapel, April 2.

PLEASANT EVENING

High School Alumnae Meets at Home of Mrs. John Leonard.

The St. John High School Alumnae at its meeting at the residence of Mrs. Jack Leonard in Germain street, last night thoroughly enjoyed an entertaining programme appropriated to St. Valentine's Day. Mrs. Margaret Lawrence, president, was in the chair and there was large attendance of members. Miss Barbara Dobson read a paper dealing with St. Valentine's Day and the legends associated with it. Miss Mildred Bustin gave two pleasing solos, "Heigh Ho for a Husband" and "Whoop." Miss Marjorie Johnson contributed two much enjoyed readings, "My Courier" and "Job's Warts." A competition in composing poetry aroused much interest and the prize winners were Miss Barbara Dobson and Miss Muriel Fajoy. Letters in connection with the bridge to be held in aid of the funds of the National Council of Women and in connection with kindergarten work in St. John were read at the meeting.

OILER ON WEST MADAKET GETS 5 KNIFE WOUNDS

Peter Cleary Is Stabbed in Row on Ship at Sand Point

HARVEY DEMARY IS PUT UNDER ARREST

Night Session of Court Held as Vessel Is Ready for Sea.

Peter Cleary, a young man who has been engaged as an oiler on the steamship West Madaket, docked at No. 4 berth, Sand Point, is lying in the General Public Hospital suffering from five severe wounds said to have been received from a knife in the hands of another young oiler, Harvey Demary, who is under arrest and charged with assault and causing grievous bodily harm. Cleary received two gashes on the left arm, one on the chest, one on the groin and one on the left side, and his escape from death is said to be miraculous.

The trouble on the ship was said to have been the result of the men concerned being under the influence of liquor. Police Sergeant Fred O'Neil, of the western division, was notified of the fight shortly after it happened and rushed to the ship, placed Demary under arrest and had Cleary, the wounded man, sent to the General Public Hospital in the city ambulance. "Coming in here if you want to fight," Cleary then jumped into the room and as Demary was sitting on the bench Cleary was punching him. Demary then took a large jackknife from his pocket and with his right hand stabbed Cleary on the side and arm with short stabs.

Evidence Given. John Maclean, a young fellow, who said that he was a petty officers' messman on board the ship, was called as a witness. He testified that he belonged to the crew on board the ship for the last three months. He had never seen any trouble before between Demary and Cleary. Yesterday afternoon the two men went ashore at No. 4 berth, Sand Point, and returned about 4:20 o'clock yesterday afternoon. Cleary and Demary both were under the influence of liquor, witness said. The first that witness knew of any trouble was when the two men got into an argument. Cleary gave Demary a shove and at the same time said, "Go into your room where you belong." Demary then said, "Come in here if you want to fight." Cleary then jumped into the room and as Demary was sitting on the bench Cleary was punching him. Demary then took a large jackknife from his pocket and with his right hand stabbed Cleary on the side and arm with short stabs.

Witness told the court that he jumped to the assistance of Cleary, who was bleeding freely from his wounds. Demary left the room and assisted him as far as the hallway outside the room, where the man collapsed and fell on the deck. Witness then notified the chief mate and the chief steward. Demary was asked by the magistrate if he wished to ask the witness any questions and the accused said that he did not know what the witness was talking about so he would not ask questions. Demary was then remanded to jail and the witness returned to his ship.

GENERAL ELECTRIC WILL BE PROBED

Anglo-American Tobacco Monopoly Also to be Investigated.

WASHINGTON, Feb. 13.—The Senate mapped out a pretty comprehensive "trust busting" programme for the Federal Trade Commission when it directed that organization to make an investigation of the control exercised over public utilities and power companies by the General Electric Company and its stockholders, and also to delve into allegations that the American Tobacco Company of the Imperial Tobacco Company of Great Britain had entered into an agreement, in violation of law, operative associations formed by tobacco producers.

AGED TWINS TAKE LONG WALKS DAILY

Brighton's Pair Recently Celebrated Their Ninety-second Birthday.

LONDON, Feb. 13.—Brighton's twins, Matthew and Mark Gunn, who are the eldest male twins in the country, celebrated their 92nd birthday a few days ago. Mark lives in Hanover-terrace with his son, who is 72, and Matthew lives with a stepson in St. Nicholas-road. The brothers, who enjoy good health, meet daily for a four or five-mile walk. "When we were boys a doctor told us that neither of us would live very long, but here we are," Mark says. He is still fond of dancing. "But," he added, "of course I do not go in for all this fancy jazz stuff. It makes me go giddy."

A Canine Speedometer. The city motorist was indignant. "How do you know I haven't a watch or anything?" he demanded. "What, you mean that yaller dog a-chasing ye, didn't ye?" inquired the rural constable. "When that dog can't keep up with a feller I know that feller's got 'n' more'n thirty miles an hour," he roared.

PRIEST TELLS STORY OF PRISON BRIBES

Ex-Chaplain at Atlanta Testifies Against Deposed Warden, Deputy and Accomplice.

ATLANTA, Ga., Feb. 13.—A story charging bribery in connection with the sale of "soft jobs" at the Atlanta Federal Penitentiary was told from the witness stand in the United States District Court by Father Thomas P. Hayden, former Catholic Chaplain at the institution, in the trial of A. E. Sartin and L. J. Fletcher, deposed Warden and Deputy, respectively, of the prison, and Laurence (Heinie) Rhiel, Columbus, Ohio. The indictments against Sartin, Fletcher and Rhiel charge conspiracy and bribery.

Admits Participation. Freely admitting his participation in the alleged conspiracy with Sartin, Fletcher and Rhiel, the priest gave his testimony calmly through a long direct cross examination, except when he hastily replied to several questions asked by defense counsel. After the "rum ring" exposure in Savannah in 1924, the priest said, Fletcher told him that some of the convicted men had offered to pay for special privileges and that the money should be kept from "outsiders."

The next development was a conference in an Atlanta hotel between Graham Baughn, Willie Haar, C. C. Tuten, Richard Bailey and himself, the witness related, adding that at this time it was agreed \$10,000 would be paid for the "easy" assignments when these persons entered the prison.

INTENDS TO TABLE ESTIMATES MONDAY

Premier King Makes Announcement in House of Commons.

Canadian Press Despatch. OTTAWA, Feb. 12.—The Government will table estimates when the House of Commons meets tomorrow afternoon. Just before adjournment this evening Sir Henry Drayton asked the Prime Minister when the estimates would be brought down. "They will be tabled tomorrow," was the reply.

GIVES UP EMPIRE TALKS FOR WHILE

Miss Hubbell, Who was in St. John, Finds Time is Not Opportune.

In a chatty letter received from Miss Marguerite Hubbell from her home address in Winnipeg, this lady Wembley lecturer intimates that she is abandoning her British Empire talks for the time being as conditions in nearly every city and town that she had visited across Canada to date are not up to normal and folks are more particularly engaged, mentally at any rate, with serious economic problems at hand.

Spoke Here. Miss Hubbell lectured here last fall on the Wembley exhibition as a symposium of everything for which the British Empire stands. Her task was self-imposed, and after collecting data during her visit in England she started at the most easterly point of arrival, the new pulp and paper cities of Newfoundland, and proposed journeying across Canada, thence to Australia and around the Empire. She was an enter-

taining talker, apparently deeply imbued with the spirit of her mission and as a business woman, having been a lumber buyer and clerk, put a great deal of sound sense into her arguments.

Therefore, to learn from Miss Hubbell that she has abandoned her trip for a while is in the nature of a comment upon the general condition of affairs following the war. Of late she talked to 2,500 people in her own city of Winnipeg on her special subject and has addressed the Gyro, Rotary and Kiwanis clubs in the west.

Miss Hubbell desires to be remembered to many friends she made here and whom she will remember for courtesies extended and also expresses keen interest in the campaign now being waged by The Times-Star and The Telegraph-Journal and Maritime Provincialists as a whole.

Woman Overcome on Witness Stand Dies

NEW YORK, Feb. 13.—Overcome while on the witness stand, testifying in a suit she had brought in the Supreme Court, Brooklyn, against the city for injuries alleged to have been suffered when she tripped and fell on a broken pavement, Mrs. Margaret Moran, 67 years old, Brooklyn, faint-

RUSSIAN PRINCE TRIMMED IN PARIS

Pays 28,000 Francs Advance on Flat But Finds Lodgings do Not Exist.

PARIS, Feb. 13.—Prince Youssoff, a vastly rich Russian, now in Paris, is today the poorer by 28,000 francs. He has a sumptuous flat outside the city, but advertised for a flat in the heart of Paris, "rental no object."

A spruce-looking Russian yesterday called and told the prince that he had a superio flat in the best quarter of Paris, only 100,000 francs a year. The prince paid one quarter's rent, with notary fees, 28,000 francs, and took a "deed" in return. Half an hour after the prince went to inspect his new apartment. There was no flat to be let. The police are seeking the rogue with the 28,000 francs.

ADVENTURES OF THE TWINS

By Olive Roberts Barton.

THE DISCONTENTED GOLDFISH.

See the goldfish thought they were going to be fed and came swimming up close.

"Who else has a wish that I can grant before I go home?" said the Fairy Queen.

"I know," said Nick. "There's a goldfish in the Lily Pool in Mrs. Evans' garden that wishes he was a whale. I heard him say so one day when we were there with mother."

"Then off to the Lily Pool we'll go," said the Fairy Queen brightly. "Get up, Two Spot. Fly as fast as you can."

Pretty soon the butterfly reached the lovely garden, where roses and all sorts of flowers were growing. And right in the centre was a small pool with yellow water lilies spreading over the top. There were some large white lilies, too, with pink centres.

Between the lilies and their flat green leaves, you could see patches of clear water, with tiny red streaks shooting back and forth.

The red streaks were goldfish swimming.

"Wouldn't you think they would have been happy with such a home?"

They were, all but one. And that's the one the story is about.

Two Spot landed on the ground at the edge of the pool and his three passengers got off.

All the goldfish thought they were going to be fed and came swimming up close, with their mouths open.

"Which one of you wants to be a whale?" asked the Fairy Queen.

"Here," said a little goldfish ungrammatically.

"Well," said the Fairy Queen, "you'll have to grow some."

"I'll tell the world I will," said the little goldfish.

"That's slang," said the Fairy Queen severely. "If you promise to stop using it, I'll give you your wish."

"I'll tell-I mean, I certainly will stop," promised the little fish. "If I'm a whale I can see the world instead, and that's much better."

The Fairy Queen waved her wand and suddenly the little goldfish was gone.

"Come, children," said her Royal Highness, getting on her butterfly again and picking up the reins. "We'll follow Mister Whale on his travels and see what happens."

Away they went, and pretty soon they came to the sea.

Then they flew out over the water until they came to a lighthouse.

Then Two Spot stopped at the Fairy Queen's orders.

"We'll watch here," said the Fairy Queen.

It wasn't long until a whale came along spouting water over his head like a fountain.

"He was talking to a porpoise. 'Isn't it fine that we have our own shower baths right in our heads?' he said. 'I'm sorry for all the little fishes, aren't you? It's fine to be big and travel and ride the waves and see the ships. Once I was a goldfish, but a good fairy changed me. All I saw were flowers in a garden and the people who came to feed me.'"

"Here comes a ship now," said the Fairy Queen to the Twins. "Watch it closely and see what it does."

(To Be Continued.)

BUILD RED BLOOD, REGAIN STRENGTH AND NERVE FORCE

Body Vigor May Be Quickly Restored This Safe Way

You used to be strong. Your nerves were steady. Your vitality responded to every call you made upon it. Then do not be discouraged even though you are now weak in body and your nerve power seems exhausted. You know that you can return as you win back your old time vigor. If your body has failed you, and you have spent your vitality by overwork or nervous strain, start today to build yourself up again. Create red blood that will go pulsing through your veins with the throbbing life power. Nourish your nerves, which are the driving force of life.

Weak, run-down men—and women, too—can quickly regain strength. Go to your druggist today and begin the Wincarnis treatment. For fifty years this strength giver and nerve restorative has rejuvenated discouraged, weakened men and women.

A sixteen-ounce bottle of Wincarnis which is a fourteen-day treatment of strength building, is sold by all leading druggists for \$1.50. Wincarnis is so effective that only three table-spoonfuls a day need be taken. Try Wincarnis and see the difference just a few days will bring.

WHO MAKES PRICES?

(Yale Review)

Who determines prices? Except in the unusual case of monopoly, it is the buyer who makes the price. By the buyer, we mean in all cases, unless

THE COUGH OR COLD THAT SETTLES ON THE LUNGS IS HARD TO GET RID OF

These are the kind that are dangerous; the kind that weaken the lungs, the kind that allow the germs of consumption to get a foothold in the system.

Mr. John E. Luloff, Golden Lake, Ont., writes: "Last year I had a cold, and a cough which seemed to stick on my chest. I tried different preparations, but they did not seem to help me any. I was advised, by a friend, to try

DR. WOOD'S NORWAY PINE SYRUP

and when I had taken a few doses I began to feel that it was doing me good, so I kept at it and inside of a week I was relieved of my trouble."

"Dr. Wood's" has been on the market for the last 35 years; you don't experiment when you buy it; put up only by The T. Milburn Co., Limited, Toronto, Ont.

THE OLD HOME TOWN

By STANLEY

THE NEW HIRED MAN AT THE LIVERY STABLE HAS SO MANY DOGS HANGING ROUND THERE'S LITTLE ROOM LEFT IN THE OFFICE FOR THE REGULAR LOAFERS

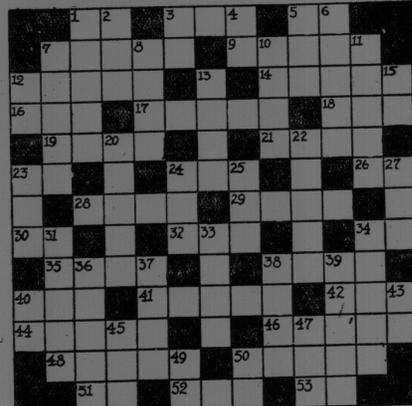

other stated, the man who buys for final consumption. The seller fixes merely the price at which goods are offered; the buyer fixes the price at which they are sold. No merchant ever

high to suit him; but he had to pay the price or leave the car. Nevertheless, even Henry Ford is no exception to the rule. Millions of people, in deciding to buy or not to buy at a given price, tell Mr. Ford at what price he can dispose of his output. It is literally true that on every road in the country there is some driver who has had a part in fixing the price of Ford cars.

The Cake Shop with Plenty

Serving the Robinson Cake Shop on Union Street is a great cake bakery, from whose ovens go forth cooked treats into four provinces.

With the Robinson bakery behind it it is easy to provide lots of good things every day and every week. It is a place to bank on when you want something specially interesting and tasty.

A great many go there for the limitless choice of rolls and buns, which are baked rather smartly.

ROBINSON'S CAKE SHOP

173 Union Street

CHILDREN REMEMBERED.

The children in the East St. John hospital are all members of the Junior Red Cross and their fellow members in provincial Junior branches have remembered them very specially for the Valentine season. Yesterday several nice parcels came to the Junior supervisor's office labelled for the children in the East St. John hospital. From Sussex came some dainty Valentines and from the Tiny Tots branch in Fredericton, which is composed of grades one and two pupils, came some very attractive candy boxes filled with hard candy. "The Tiny Tots" members had made the little candy boxes in red and white colors and had filled them with candy, and the boxes were so very pretty that they, too, almost seemed good enough to eat.

DOMESTIC HEROINES IN OUR HOMES

Women who lead a domestic life seem to listen to every call of duty excepting the supreme one that tells them to guard their health. As long as they can drag themselves around women continue to work. Necessity to keep on their feet all day when over-tired, or sitting in cramped positions day in and day out often brings on ailments from which women suffer tortures. For fifty years Lydia E. Pinkham's Vegetable Compound has been strengthening women and overcoming such ailments. Sickness and pain vanish under its influence and thousands of women have been benefited by it.

Mathieu's SYRUP OF TAR & COD LIVER EXTRACT STOPS COUGHS

Sold in generous size bottles by all dealers. THE J. L. MATHIEU CO., Props., SHERBROOKE, P.Q. Makers also of Mathieu's Nersine Tablets, the best remedy for Headaches, Neuralgia and Febrile Colds.

Social Notes of Interest

Sir Douglas and Lady Hasen announce the engagement of their youngest daughter, Althea, to Mr. Douglas L. Macaulay, son of Mrs. T. B. Macaulay of Montreal.

At the residence of Miss Doreen McAvity, Hazen street, on Wednesday evening, the Lady Roberts chapter, I. O. D. E. held a most enjoyable and successful bridge of seven tables. The prizes were won by Miss Peggy Gordon, Mrs. Charles Burpee, Mr. Harold Peters and Dr. J. F. Edgcombe. Those present were: Mr. and Mrs. Charles Burpee, Mr. and Mrs. John Gilles, Miss Kathleen Sturdee, Mr. and Mrs. Murray Sinclair, Mrs. Frank K. Wilson, Miss Edythe White, Miss Elizabeth Foster, Miss Hortense Maher, Miss Alice Tilley, Miss Doreen McAvity, Miss Constance White, Miss Marion Henderson, Miss Margaret Tilley, Miss Peggy Gordon, Mr. Harold Peters, Mr. E. B. Harley, Dr. J. F. Edgcombe, Mr. Cyrus Inches, Mr. Stuart White, Mr. Gordon K. McNab, Mr. Victor Crosby, Mr. Peniston Starr, Mr. John McCready, Mr. Jack Holly and Mr. Hazen Short.

Lawrence are being congratulated upon the birth of a son—born Feb. 11.

Dr. and Mrs. F. R. Taylor entertained at an enjoyable bridge on Wednesday evening at their residence, Germain street, in honor of Mr. and Mrs. A. K. Harvie. The prize was won by Mrs. Bruce Burpee. Those present were Mr. and Mrs. A. K. Harvie, Mr. and Mrs. Heber Vroom, Mr. and Mrs. Fred Keator, Mr. and Mrs. Bruce Burpee, Mrs. Atwater Smith, Mr. and Mrs. Colin MacKay, Mr. and Mrs. John Sayre, Major Benson and Mr. F. E. Sayre.

Mr. and Mrs. Chester Gandy are receiving congratulations upon the birth of a son, born yesterday.

Mr. and Mrs. R. Wesley Davis have returned from their wedding trip spent in Boston, Providence and other American cities, and were spending a few days with the groom's parents, Mr. and Mrs. S. H. Davis. Prince William street. Mr. and Mrs. Davis expected to leave for their home in Halifax via Digby, this morning.

Miss Zella Smith, Miss Clementine Penton, Mr. J. Gilbert Hart, Mr. Wakefield Penton and Mr. "Pat" Coombs are leaving today for Fredericton to attend the Convocation of the University of New Brunswick this evening.

Mrs. R. E. Haley and sons, Master Everett and Master Bobbie, of Mon-

ton, are visiting Mrs. Haley's parents, Mr. and Mrs. S. H. Davis.

Miss Lucille Hodgson, Miss Rebecca Brody and Miss Olive Rankin, of this city, were among the Mount Allison students who broadcasted on the radio at Moncton this week. Miss Hodgson was pianist, Miss Brody, violinist, and Miss Rankin, vocalist.

Mrs. C. W. Dickinson presided at the meeting of the Queen Square Ladies' Aid Society on Wednesday evening in the church parlors.

Mrs. T. M. Welton, of Fredericton, left this week for Boston, where she will attend the graduating exercises of the New England Hospital at Roxbury. Mrs. Welton's daughter, Miss Zana Carroll Shaw, is a member of the graduating class, which she led, the class numbering 14. Miss Shaw will return to Fredericton for a vacation after the graduating exercises are concluded.

Mrs. A. Pierce Crockett was hostess in Fredericton this week at a bridge of four tables, when the prizes were won by Mrs. J. Stewart Neill and Miss Mattie McLaughlin. Tea was served after the game was finished.

Mrs. Thomas Alchora, of Fairville, entertained the Ladies' Aid of the Fairville Baptist church at her home this week. Mrs. Alchora was assisted in serving refreshments to the ladies by her daughter, Miss Lella Alchora, and Mrs. Allan Thorne. Miss Alchora gave several piano solos. Those pres-

ent were Mrs. A. E. Kierstead, Mrs. George Fowler, Mrs. Harry Ricker, Mrs. R. Lawson, Mrs. Carl Cunningham, Mrs. C. H. Beveridge, Mrs. William Fox, Mr. Walter Ross, Mrs. Allan Thorne, Mrs. W. J. Stevens, Mrs. Benjamin Godsoe, Mrs. Robert Thorne and Mrs. Leonard Traflet.

Miss Jean Johnston, Elliot Row, has gone to Fredericton to visit Miss Mary Wilson, and be a guest at the U. N. B. conversation. A. C. D. Wilson will also be a guest of his daughter, Miss Wilson, for the U. N. B. ball.

L. S. CRAWFORD IS CHOSEN MANAGER

1925 Proves a Good Year For Fredericton Farmers Co-operative Dairy Co. Ltd.

FREDERICTON, Feb. 12.—The annual meeting of the Fredericton Farmers' Co-operative Dairy Company resulted in the election of the following directors: Hanford Dampy, president; Harry Seymour, John N. Inch, Frank L. Armstrong, Harry Kitchen, G. G. Currie and W. M. McKnight.

Miss Stella Bird was re-elected secretary-treasurer. The company in the calendar year 1924 had a turnover of \$89,930.09, the year being the best in the five years of operation. The output of butter was increased 10,717 pounds. The month of January showed further increase in business, the quantity of butter turned out being in advance of the preceding January.

L. S. Crawford, of St. John, formerly manager of the Standard Milk Co., in that city, has been appointed manager of the Fredericton Farmers' Co-operative Dairy Co. Ltd., and will take up his duties next week.

He will succeed M. A. McVey, who will return to the west where he worked in the creamery business for several years. He will enter the service of the Saskatchewan Creamery and Ice Cream Company at Moose Jaw, Sask.

GENERAL ELECTION UNLIKELY THIS YEAR

Sentiment in Government Circles Favors Deferring Appeal to 1926.

OTTAWA, Feb. 12.—Senate reform and prospects of a general election came in for discussion at this morning's caucus of the Liberal party. After a short address by the Prime Minister each of the five newly elected members of the House made some remarks and was enthusiastically received.

Another feature of the meeting was the presence of Sir Allen Aylesworth who was appointed to the Senate three years ago but who through illness has been unable to attend more than a few days since his appointment.

Unlikely This Year. While the subject of a general election is discussed very frequently in the corridors there is little serious

Throughout fifty-five years of achievement in the making of wholesome, nourishing foods, the name Heinz has come to be more than a designation. It has come to mean a standard of quality, and as such is our greatest asset, to be safeguarded at all times, at all costs.

Every individual package is the gauge of the other millions of packages of Heinz 57 Varieties of Pure Food Products made for world consumption.

(All Heinz tomato products sold in Canada are packed in Canada)

There must never be the least deviation in quality. To slight one would be to belittle all. Therefore the label goes on last. It is our own stamp of approval and your assurance that your money could buy nothing better.

Of all the things we make there is no Variety that is better known than Heinz Tomato Ketchup. It is different—it is better—it is the best that can be made.

OUR NAME IS OUR GREATEST ASSET

When you come to Pittsburgh visit the Heinz kitchens

The Store of **DYKEMAN'S** Complete Satisfaction

A TIMELY SALE OF CURTAINS SATURDAY ONLY

We were fortunate in purchasing at very low prices several dozen pairs of very fine quality Marquisette Scrim and Cross-Bar Marquisette Frilled Curtains. These will go on sale Saturday Morning at the following prices:

Cross-Bar Frilled Marquisette Curtains Dutch style with tier, 2½ yds. long, white only— Pair.... \$1.69	Lace Trimmed Scrim Curtains 2½ yds. long, cream only— Pair.... \$2.10

OPEN EVENINGS

THE EVENING TIMES-STAR, ST. JOHN, N. B., FRIDAY, FEBRUARY 13, 1925

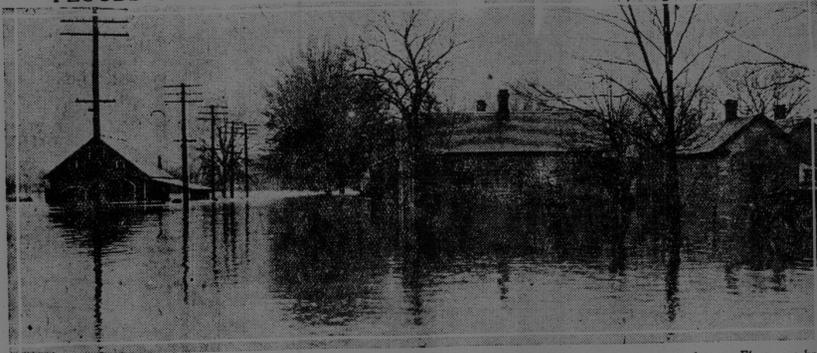

ILLUSTRATED ANGLES ON PEOPLE AND EVENTS IN WORLD NEWS

ONCE FAMOUS NOW FORGOTTEN

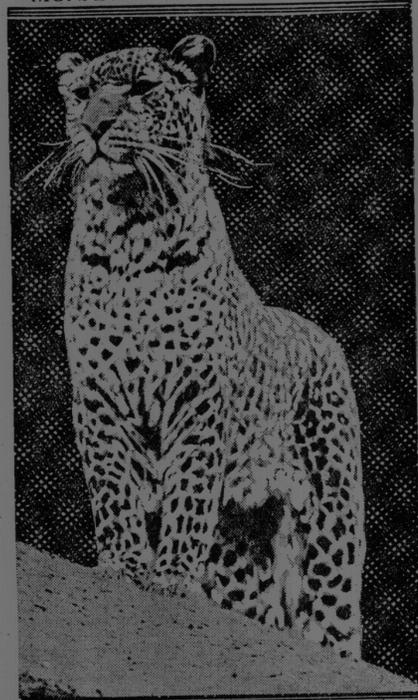

Mrs. Anna Jackson, 82, once "greatest equestrienne" of circus, now poverty-stricken. Picture shows her with her dog and, in background "vision of the past."

FLOODS CAUSE LOSS OF LIFE AND HEAVY DAMAGE IN SOUTH

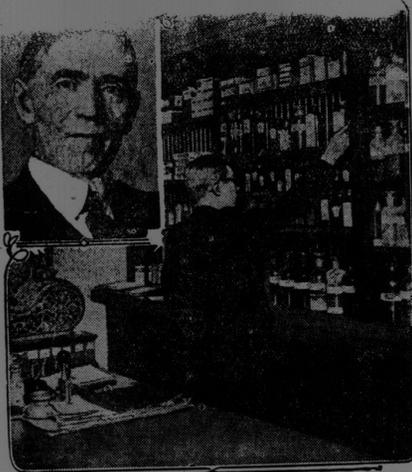

Disastrous floods have swept several of the southern states, causing the loss of many lives and heavy property damage. Eleven are known to be dead so far, and the damage is estimated at over \$5,000,000. The photo shows West Point, Ga., flooded by the raging waters of the Chattahoochee river.

MONARCH OF ALL HE SURVEYS

This big spotted cat, who can't change his spots, is certainly an elegant looking fellow. While, frankly, he's not a vegetarian, he isn't as black as some have painted him. It is easy to see that whatever his faults may be, he's a perfect gentleman, something on the order of the mildest man that ever scuttled a ship or cut a throat.

HUNT "INTELLECTUAL" FIEND

Ohio University authorities at Columbus, O., are hunting a "super intellectual" they believe responsible for dispensing strychnine in capsules from the school of pharmacy. Two students died. Dr. D. A. Dye, dean, shown in inset, found the strychnine bottle. Fred L. Williams, student, is shown pointing to it on the shelf.

HABIT

It's getting to be a habit for J. C. Mitchell of Dahinda, Saskatchewan, to win championships. He has returned again from the International hay and grain show at Chicago with the first prize for hard spring wheat. It's the third time he took this championship. His wheat is Marquis, which he has been growing for 12 years.

VALENTINE FOR DAD

My Dad is the fellow I'd ask, if I could, My valentine kindly to be. But Mom beat me to it. That's well understood. There isn't much chance left for me.

ACCUSE FATHER

Arthur Hauschild of Milwaukee was arrested on a charge of first degree murder when it was determined that his son, Roy, age 3, had died of poison. The boy was heir to an estate valued at \$15,000 left by his mother. The will provided the estate should go to the father, providing he did not remarry. Hauschild, however, did marry and the estate passed to the son.

IN TRAINING

This photo just taken at the White House, shows C. Bascom Slomp (left), retiring secretary of the prime "giving a few pointers to Representative Everett Saunders of Indiana, who will succeed him March 4.

WISE PUP

Jerry, an alreadale of Ludlow, Vt., is a wise dog. Jerry has found out that the chef on the Montreal flier has a kind heart that leads him to give Jerry a nice, juicy bone each day. So Jerry makes a point of being on the job at the station in Ludlow when the flier arrives, ignoring all other trains.

SHE FLOUTS GOSSIP

An alleged "north woods romance" of Mrs. Pauline G. Roderick of Chicago, with Oscar Widmark, wealthy lumberman of Ludington, Mich., is being aired in a Chicago court where Roderick, wealthy photographer, is asking a divorce. Mrs. Roderick denies her husband's allegations and lets it be known that family troubles arose from the fact that Roderick "did not dally with soap and water enough."

CLEANING UP

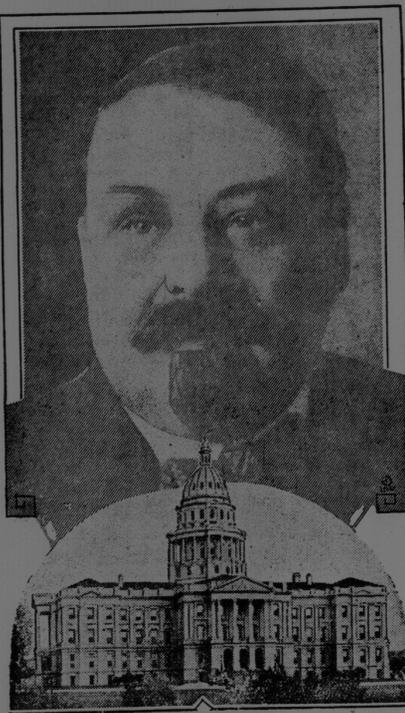

THE COUNTESS OF CLONNELL, beautiful member of the British nobility who is "cleaning up" in the laundry that she has opened in London. She, herself, superintends the workroom.

SHEPHERDS FACE ACCUSERS

Mr. and Mrs. William D. Shepherd, snapped as they arrived in Chicago the second time to face their investigators in the probe begun into the death of William Nelson McCintock, Shepherd's millionaire foster son.

IN DRAGON'S SHADOW

DR. JOHN GALEN LOCKE, KLAN GRAND DRAGON, AND COLORADO STATE CAPITOL.

W. J. Z.

J. Lewis Reid, above, is known to radio fans through both "WJZ" and "WJY," at New York. Before he became a radio announcer, Reid had extensive theatrical experience. He has produced and directed several successful productions. This experience enables him to suit his introductions to the types of features that follow.

WHEN GENERAL MITCHELL STARTED THE FIREWORKS

Brig. Gen. Mitchell, assistant chief of the U. S. Army Air Service (centre) as he appeared on the witness stand before the special aircraft committee of the House of Representatives, where he made the sensational charges regarding attitude of the War and Navy Departments toward the air service. At the right is Representative Randolph Perkins of New Jersey, who was the chief examiner for the committee.

SCRAMBLE FOR WHEAT

Usually Wall Street in New York, scrambles for money. But recently the "Street" engaged in a mad rush for wheat—souvenir sacks of which were given away by Miss Vada Watson, "the most beautiful girl in Kansas," from the steps of the Sub-Treasury.

Vancouver Paper Is Stout Champion of Maritime Rights

AVERS ECONOMIC CLAIMS OF EAST ARE BEYOND DISPUTE

Declares Atlantic Region Helped Build Up Dominion and Cannot Be Ignored if Country is to Prosper

PRESENTS CASE IN FORCEFUL FASHION

Avers There Can Be No Real Unity if Any One Section is Neglected, Forgotten or Discriminated Against—Envoy's Message Well Received by Citizens

BY A. M. BELDING

Special Representative of The Telegraph-Journal and Times-Star now touring Western Canada in the interests of the Maritime Provinces.

VANCOUVER, B.C., Feb. 12.—The Vancouver Province in its leading editorial today, after referring to my tour of Canada, says:

"The complaint of the three Maritime Provinces, but particularly of New Brunswick and Nova Scotia, is that they are being passed by and forgotten by the balance of Confederation. They are losing population, relatively if not absolutely, and so are becoming of less importance in the councils of the nation. They lack markets, they lack financial strength. They are not getting the trade that should flow through their ports.

"If this trade did not exist the condition of affairs would be bad enough. But it does exist, and it flows on Canadian rails, past the very gates of the hungry Maritimes, to build up and enrich American cities on the Atlantic seaboard.

HAVE AN UNDENIABLE CLAIM

"The Maritime Provinces have a claim on the rest of Canada that cannot be denied. This claim is threefold. First, it rests on equity. The three Atlantic provinces were induced to enter Confederation on the understanding that the trade of the New Dominion would pour in ever increasing volume through their ports.

"In the belief that they would benefit by the connection, they assumed their share of the burden of Confederation, and they have loyally done their part. They have helped populate the West, and they have contributed many a leader to the political, educational, religious and commercial life of the other provinces.

LOSE MUCH LUCRATIVE TRADE

"Canada has tried to do well by them, too, as the building of the Intercolonial, the Canadian Pacific and the National Transcontinental shows—but through lack of vigorous and timely direction, the profitable trade of the country has been allowed to flow into American channels. The wheat runs out of New York and much of the other commerce by way of Portland.

"The economic claim of the Maritime Provinces is beyond dispute. Vancouver has only to imagine what her own plight might be if all the grain that comes this way from the prairies and most of the other traffic through this port were turned aside at Calgary or Medicine Hat by some southbound railway and routed to Seattle or Portland. We should be losers and Canada would lose because we did.

PROFIT GOES ACROSS BORDER

"The complaint of Halifax and St. John is precisely this. Two-thirds of the Canadian wheat exported eastward uses American channels, and the profit goes to American railways and shipping companies and to American ports and elevators, while Canada's terminals stand idle and her railways pile up deficits. If this traffic were retained for Canada, it would mean more employment, more industry, more people, a greater purchasing power and a smaller per capita tax burden.

"Then there is the national argument. We talk a great deal of Canadian unity and a Canadian spirit. There can be neither real unity nor a real national spirit while any one section of the country is forgotten or neglected or discriminated against.

EAST CANNOT BE IGNORED

"The Maritimes are as much a part of Canada as a man's leg is a part of himself. They helped build Canada and cannot be ignored if the country would prosper. They have great resources that require developing, they need capital, they need people. In drafting our immigration policy we must not pass them by, nor must we let them starve for lack of trade. The slogan 'Canada for the Canadians' has been justly criticized as too narrow. But there is little that can be said against the policy of endeavoring to force Canadian trade through Canadian channels.

"The Native Sons of Canada are but two years old but number about seven thousand in British Columbia, and have two assemblies in Alberta. They are about to send an organizer eastward. Two members of the Dominion Government, other legislators, college professors, judges, the Mayor of Vancouver and men in all walks of life are members without regard to politics or religion.

"The members claim to be 100 per cent Canadian whose aim is to foster right Canadian ideals. In Vancouver special attention is directed toward education and getting more about Canada into the school and college curricula.

"Received Enthusiastically. I addressed several hundred of these native sons last evening, and my message was received with enthusiasm. Thirty-one new members joined and 13 were from Maritime Provinces. Fenwick W. Crawford, formerly of Hampton, is secretary-treasurer, and G. N. Harvey, formerly of St. John, welcomed the new members. The vote of thanks to me was proposed by C. M. Woodworth, barrister, formerly of Nova Scotia, and seconded by Dr. Dunbar, a Prince Edward Islander. A large group of Maritime men came forward to give me personal greetings and sympathy with my plea for the use of British and other preferences to build up Canadian ports was vigorously applauded.

National Spirit.

George McCrossin, counsel for Vancouver, very ably reviewed the situation, declaring there is no hope for a national spirit in Canada so long as people think parochially and provincially. The Maritime Provinces, he said,

N. B. SENATOR PLEADS FOR LOWER RAIL RATES

COKE PLANT HERE CONSIDERED BY GOVERNMENT

Would Be One of a Series from Toronto to Halifax

HAMILTON SUCCESS LEADS TO SCHEME

Financial Assistance in Form of Federal Subsidies Would Be Needed

OTTAWA, Feb. 12.—A large scheme for the erection of coking plants at such centres as Toronto, Montreal, Quebec, St. John and Halifax is now being considered by the Federal Government.

The results of the work done at the coking plant in Hamilton during the past year have been highly encouraging and have caused the Dominion authorities to seriously consider extending the plan to other centres. May be Legislation.

Many representations have been made here by men from the Maritime Provinces interested in the scheme and if the larger plan is favored legislation will be introduced in the House of Commons at a later date to provide for financing the project. Financial assistance will be required from the Dominion, it is understood, in the form of subsidy.

Deep interest has been aroused in the Maritime Provinces over the prospect of the erection of coking plants at St. John and Halifax.

Such a scheme would, it is held, be a triple benefit to that region. First it would render the people in those provinces more independent of United States hard coal; second, it would enable a greater use of the soft coal of Nova Scotia, and, third, it will provide to the population of the larger centres with a cheaper fuel for domestic purposes.

SUGGESTS CUTTING FEES OF MEMBERS

Magler Advocates Reducing Sessional Indemnities to Pre-War Basis.

OTTAWA, Feb. 12.—Herbert Marler, Liberal member for St. Lawrence-St. George, Montreal, suggested in the House this afternoon that the House should give the lead in reducing expenditures by consenting to a reduction in sessional indemnities. "To what extent would you suggest our indemnities be reduced?" questioned Miss Agnes McPhail.

Mr. Marler: "I would reduce them to the pre-war basis."

Mr. Marler explained that more than one million dollars would be saved if the indemnities of the Senate and Commons were reduced to the pre-war figure.

BELIEVED BEATTY DISCUSSED RATES

Understood to Have Debated Ocean Tariffs with Government Representatives.

OTTAWA, Feb. 12.—Another development in the scheme of the Dominion Government to obtain a reduction of ocean freight rates by introducing competition with the North Atlantic Steamship Conference was the presence here today of E. W. Beatty, president of the Canadian Pacific Railway, who, it is understood, was in conference with representatives of the Government on the question of his Atlantic steamship company in relation to the Federal plan. No intimation of the attitude of Mr. Beatty toward the question is available, but the mere fact that he is here indicates a willingness to consider the situation.

Will Lower Rates. It is certain that when the plan is launched one of the first results will be to lower freight rates but also to lessen the cost of transportation for immigrants coming to this country.

The Department of Immigration and Colonization for some time has recognized the urgent need of lower fares for immigrants and when this is accomplished, it is held there will be a great stimulus to migration to this country from the countries of Europe.

P. E. I. MAN DIES ABROAD. CHARLOTTETOWN, Feb. 12.—A telegram received today announces the death in London, Eng., of John Leslie Shaw, a well known merchant of this city, two weeks after the death of his wife.

In Parliament Today

IN THE SENATE.—The debate on the address will be resumed. IN THE HOUSE OF COMMONS.—A motion to resume the debate on the address will be made, overruling the motion Thursday night, concluding the debate which ended without division.

Yesterday In Parliament

IN THE SENATE.—Senator Beaubien, Montreal, declared the debate of reforming the Senate, was "bombast," and that Quebec would resist the government's tampering with the constitution.

Senator J. S. McLennan, Sydney, said that the course of the Government's legislation in the immediate past, had made for the position of the House. He advocated the handling of tariffs by a commission.

IN THE HOUSE OF COMMONS.—Grote Stirling, new member for Yale, B. C., was introduced to the House. John Evans, Progressive, Saskatoon, advocated an elective Senate of 45 members, five from each province. Unless some such reform was made, sectionalism would grow increasingly acute.

Tax Reduction. Herbert Marler, Liberal, St. Lawrence-St. George, said that until the railway situation was substantially improved, there was "little probability that taxation could be substantially reduced." The country as a whole, might very well at a minor, he said. The rates, in order that the resources of the country be developed and the problem built up.

W. F. Maclean, Conservative, South York, protested against a condition which allowed the privy council to "shoot holes in our constitution." Canada, he said, was a democracy.

BOYS AND DADS AT BANQUET AT Y.M.C.A.

More Than 200 at Table Enjoy Dinner, Music and Speeches.

More than 200 boys and their dads participated in a "Fathers and Sons Banquet" at the Y.M.C.A. last night, and once more pledged their loyalty to each other in song and prose. Under the direction of Mrs. Arch Tapley and Mrs. Herbert McLeod, and the general supervision of Mrs. David Willet, president of the Ladies' Auxiliary of the Y. M. C. A., the appetizing menu was promptly served. Paul Cross led the singing.

Thomas E. Simpson, chairman of the Boys' Work branch, was master of ceremonies and under his direction the following toast list was interestingly carried out: "King," pledged to the accompaniment of the National Anthem; the Boys' Division, proposed by Roy Smith and responded to by C. M. McCully; Our Dads, proposed by Curtis Chipman and responded to by A. H. Chipman; auto harp and harmonica selections, P. C. Johnson; Our Sons, proposed by Rev. A. L. Tedford and responded to by Ronald Stewart; The Ladies, proposed by Boys' Council Mayor Hugh J. Kennedy, and responded to by Mrs. D. R. Willet.

Dads and Lads. The address of the evening was delivered by Rev. J. S. Bonnell, minister of St. Andrew's Presbyterian church, who chose as his subject "Dads and Lads." His address dealt mostly with the relationships that should exist between fathers and sons, and the need, of the present day, that their relationships should be most cordial.

President Stanley E. Fisher, presented a pennant to the Beaver group of Bible study classes, for athletic leadership. Donald Paterson received the pennant for the Beavers.

The latest national forest, called the Benning reserve, at Columbus, Ga., embraces 75,000 acres.

Town Topics Tid-bits on the Tip of Everybody's Tongue

Gleaned Out? The important part Moins Chocolates played in making last Christmas a merry one is shown by a sheet of letters, of which the following from Smallwood & Stears, outstanding druggists in Moncton, is typical: "We wish to report that our Christmas trade cleaned us out of

SCULLY TO MOVE HOUSE ADDRESS WITH WETMORE

Premier Makes Announcement as Government Meeting Ends

APPROVAL OF FIRE MANUAL IS GIVEN

Delegations from Fox Breeders and Tourist Association Are Heard.

FREDERICTON, Feb. 12.—The Provincial Government concluded its February meeting here today.

The next meeting will be held here March 3 and will be the pre-sessional meeting, as the House will open March 12. W. E. Scully, M. L. A., St. John, will move and Col. O. W. Wetmore, M. L. A., Clifton, will second the address in reply to the speech from the Throne.

Approve Manual. The Government meeting as the Board of Education, was in session this morning and had much routine business before it. The manual on fire protection recommended by the fire protection branch was approved by the Board of Education for use in the school.

C. B. Allan, of St. John, and C. C. Avar, of Sackville, representing the New Brunswick Tourist and Resources Association, appeared before the Government in connection with the work of that association.

Want Uniform Regulations. A delegation representing the Fox Breeders' Association appeared to ask for the establishment and enforcement of uniform breeding regulations for fox farming in the Dominion.

CHAMPIONS SENATE AGAINST COMMONS

Beaubien Declares Government Proposed Reform Undermines Constitution.

OTTAWA, Feb. 12.—"The Government is saying to the country, 'We are assuming the responsibility for the undermining of the constitution' in its attack on the Senate," declared Senator Beaubien, of Montreal, continuing the debate on the address in the Senate this afternoon.

Senator Beaubien referred to the Government's proposal for reforming the Senate, as "nothing but bombast." "We are not doing the right thing by Quebec and, though dependent upon that province for its power, it dared to lift its hand against the Senate."

Certain western people, "whose roots were not deep in the soil of Canada," asked the "slightly Liberal party" to present to them the head of the Senate as soon as it could be obtained.

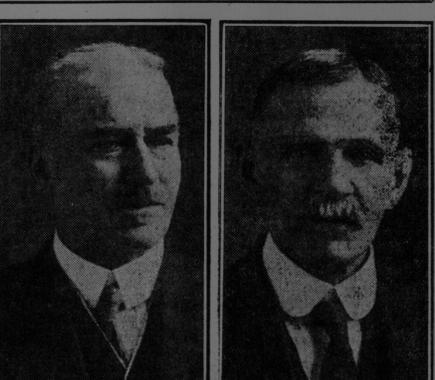

The Senate, he said, was a democratic institution created to control legislation.

SENT UP FOR TRIAL. MONTREAL, Feb. 12.—Brother Hubert, of the Belgian Brothers of Hubert Orphanage, was committed for trial on a charge of manslaughter in a case of preliminary enquiry by Judge Monet today in connection with the death from scalding of eight-year-old Hector Galbreau, one of the inmates of the orphanage.

There is a pretty story in connection with the making of this piece of carpet. When the rector's stall was first erected and dedicated Rev. A. L. Fleming, the present rector, told Miss Peters that a piece of carpet in the chancel would be used on the stall. It did not please Miss Peters to know that her gift had not been complete and she asked that a new carpet be bought. It proved impossible to buy a piece of carpet of ecclesiastical pattern and the right size so the old piece of carpet remained. Then Miss Peters decided she had found the way out and bought the carpet which was so much admired when it was shown after the Wednesday night service in the church this week.

AGAIN PRESIDENT. Colonel Murray MacLaren, C.M.G., M.D., M.P., of this city, was re-elected president of the St. John Ambulance Association, Canadian Branch, at the annual meeting of the association in Ottawa yesterday.

To Move and Second Address

W. E. SCULLY, St. John member, who will move the address in reply to the speech from the throne in the N. B. Legislature next month.

COL. O. W. WETMORE, M. L. A. from Kings County, who will second the reply to the speech from the throne at Fredericton next month.

Big Decrease in Number of People Leaving Canada for U.S.

Reduction for Fiscal Year Expected to Reach 38 Per Cent.

Canadian Press Despatch.

WASHINGTON, Feb. 12.—Almost a 50 per cent cut in the number of immigrants admitted to the United States, in the present fiscal year has compared to those allowed to land in the previous fiscal period, it is predicted by Representative Albert Johnson, chairman of the House Immigration committee, on the basis of figures just received from the Labor Department.

During the six months ending Dec. 31, 1924, there was a grand total of 231,368 admissions which, Mr. Johnson stated, would indicate that there would be a total of 462,736 immigrants of all classes by the end of the fiscal year, whereas the grand total of the fiscal year 1923-24 was 878,202.

Immigration from Canada and Newfoundland last year totalled 209,288. So far this year it is only 64,672, indicating an annual influx of approximately 129,144, or a reduction of 38 per cent," Mr. Johnson said.

COMPLETES GIFT TO STONE CHURCH

Miss E. Peters Presents Rector's Stall in Memory of Her Brother.

Sparing nothing of her time, her skill and her means, Miss Eliza Peters, of Fredericton, has made complete her gift of a rector's stall for St. John's (Stone) church, which she presented some time ago as a memorial to her brother, the late Wellesley Peters, and has provided a very handsome piece of hand-woven carpet for the floor of the stall.

Miss Peters' skill as a needlewoman has won wide renown and in this latest piece of work she has manufactured a something eminently suitable for the floor of the stall. She has copied the old fleur-de-lis pattern which the Loyalist women used when they made the carpet for the sanctuary of Trinity church. That carpet is "fifty years old" today retains its rich coloring and is a monument to the devotion and industry of the women of Loyalist days.

Miss Peters' piece of carpet is no less beautiful. It is made in cross-stitch fashion on canvas and has double lining underneath to add to its keeping qualities.

Story of the Gift. There is a pretty story in connection with the making of this piece of carpet. When the rector's stall was first erected and dedicated Rev. A. L. Fleming, the present rector, told Miss Peters that a piece of carpet in the chancel would be used on the stall.

It did not please Miss Peters to know that her gift had not been complete and she asked that a new carpet be bought. It proved impossible to buy a piece of carpet of ecclesiastical pattern and the right size so the old piece of carpet remained. Then Miss Peters decided she had found the way out and bought the carpet which was so much admired when it was shown after the Wednesday night service in the church this week.

AGAIN PRESIDENT. Colonel Murray MacLaren, C.M.G., M.D., M.P., of this city, was re-elected president of the St. John Ambulance Association, Canadian Branch, at the annual meeting of the association in Ottawa yesterday.

HON. F. B. BLACK URGES JUSTICE FOR INDUSTRIES

Declares Atlantic Provinces Still Loyal But Highly Discontented

GIVES STATISTICS ON UNEMPLOYMENT

Tells of Men Thrown Out of Work and Factories Closed Down.

OTTAWA, Feb. 12.—Some startling facts and figures regarding industrial conditions in the Maritime Provinces were given to the Senate this afternoon by Hon. F. B. Black, of Sackville, N. B., in the debate on the address in reply to the speech from the Throne.

After declaring that the agitation for Senate reform was begun by a party which was desirous of getting rid of obstacles to the carrying out of its policies and did not arise from the people of the country, Senator Black referred to the sentences in the speech from the Throne regarding the evidence of a return of prosperity.

Says Reduction Small. This restoration of plenty, he declared, had not been established in fact. He declared that what he said in the Senate last year on a similar occasion was equally true today, namely, that Canada was at the beginning of a recession and her expenditures had not been reduced. The reduction of \$2,000,000 in the national debt last year, claimed by the present government, was so infinitesimal as not to deserve consideration.

Maritime Conditions. "I want to call attention to conditions in the Maritime Provinces beginning at Cape Breton and through a certain section of the country over to the Maine boundary. In Cape Breton within the last two years the Jubilee mine has closed down absolutely. That mine employed on an average 800 hands and sometimes the number went as high as 700. The Jubilee colliery has closed down absolutely. It employed 70 men.

"The Sydney Mines steel plant with an average of 850 employes is closed and is not turning a wheel. In those three industries alone in Cape Breton 1,480 employes have been put out of business, and some have gone to the United States while others are living almost in penury.

"There are thousands of men employed principally in the mines and in the industries connected with them in Cape Breton. Are they working full time? No; they are not. For the last 12 months they have been averaging three days work per week.

In Halifax. In Halifax Senator Black said "the shipyards are idle and doing nothing; the industries of the place are languishing; the building trade is absolutely dead."

At Amherst Senator Black said not only about 2,000 men were out of employment, but that many have left the town.

In New Brunswick. "In New Brunswick," said Senator Black, "the same conditions exist as in Nova Scotia. In the city of St. John for instance, five of the largest industries (Continued on page 11, fourth column)

SAYS HORSE GUILTY

New York Truck Driver Blames Animal For Traffic Violation.

NEW YORK, Feb. 13.—Jerry Solomoni, a truck driver, depends considerably on the intelligence of his horse in complying with the traffic regulations of the city. He was fined \$2 in the Traffic Court because his horse had his mind off his job. Solomoni was driving down Greenview avenue when Policeman Kruger blew his whistle for north and south traffic to halt. Jerry's animal didn't stop, however, and Jerry received a summons to appear before Magistrate August W. Glatzmayr.

"I'm not guilty," declared Jerry when the policeman had told his story to the magistrate.

"Do you mean to say that the officer did not blow his whistle, as he said he did?" demanded the Court.

"The cop may have blown his whistle," Jerry admitted, "but my horse didn't hear it."

A broker in New York has his telephone number engraved on his umbrella handle and has been returned to him several times.

British railroads are following the example of using notice cars on branch lines, where full trains are not profitable.

The area of the principality of Monaco with its casino is only eight square miles.

CITIES UNITE FOR MARITIME AIMS

Halifax and St. John Trade Boards to Appeal to Quebec and Montreal.

HALIFAX, N. S., Feb. 12.—Decision to send four representatives to Montreal and Quebec to enlist the co-operation of the Boards of Trade of these cities and then, if possible, proceed on to Ottawa to press the claims of the Maritime Provinces, was reached at a meeting of the Halifax Board of Trade here yesterday, with Col. A. E. Massie and T. H. Estabrooks, members of the St. John Board, present. Each board will have two delegates.

Ask Support of Others. The announcement of the decision to send a delegation to Montreal and Quebec was made at the close of this afternoon's session. Arrangements were being made tonight to communicate with as many Maritime Mayors and presidents of Boards of Trade as could be reached with a view to having them come to Halifax tomorrow to attend the final meeting and give their support to the scheme of sending delegations to Ottawa.

It was also decided this afternoon to appoint local committees for the purpose of soliciting the support of all Maritime Boards of Trade in the movement.

Massie Pleaded. Following this afternoon's session Colonel Massie expressed himself as eminently satisfied with outcome of the St. John board's venture and as expressing great appreciation for the enthusiastic manner in which he and Mr. Estabrooks had been received in Halifax and for the support that had been given their proposals.

The meetings reported in the foregoing despatch are the outcome of a joint conference of the St. John City Council, Board of Trade and Port Committee held a few days ago. At this conference it was unanimously decided that immediate steps be taken to induce Halifax to send representatives with the proposed delegation to Ottawa for the purpose of expressing the views and needs of the country, especially the coast provinces.

A committee was at once formed and P. H. Estabrooks and Colonel A. E. Massie proceeded to Halifax to meet the executive of the Board of Trade of that city.

OVER 700 THERE

Card Party at St. Peter's Drew Record Number Last Night.

700 AT CARD PARTY. So many attended the card party in St. Peter's hall last night that about 80 of the members of the congregation gave up their seats to accommodate those from other parishes. In all more than 700 were present. Twenty games of forty-fives were played and after the cards there was the auction of everything that remained from the high tea. Both the sale and the card party were great successes. There will be only two more of the parish card parties before Lent, the first will be held on next Thursday and the second on Shrove Tuesday. On Tuesday of next week another stag party will be held. Mrs. Frank Fitzgerald was the convener for the card party last night and was ably assisted by Mrs. M. A. Quinlan.

JURY SAYS MRS. DAREY'S DEATH ACCIDENTAL

Attaches Blame to Nobody for Fatality at Crossing in Fairville

TRAIN WAS TRAVELING AT LOW RATE OF SPEED

Husband of Dead Woman Interrupts While Doctor Gives Evidence.

That Mrs. Mary Darey came to her death by shock following injuries sustained when she was struck by the engine of the Boston train, at what is popularly known as Cushing's Crossing, near Fairville, at 1.15 o'clock on Feb. 2, and that no blame could be attached in any way to any member of the train crew who were performing their duties with respect to all rules and regulations and operating according to what might be called good operating practice, was the verdict of the coroner's jury at the inquest held in the Fairville court room last night. Dr. F. L. Kenney, coroner, presided. The jury made no recommendations.

Interrupts Witness.
When Dr. R. A. Massie, an interne of the General Public Hospital, was giving his evidence as to woman's injuries, which consisted of two broken arms and a badly gashed right knee, he said she was not conscious. I was at her bedside and I ought to know," the evidence showed that Mrs. Darey was dead.

The coroner asked Mr. Darey not to interrupt, assuring him that he would have a chance to testify if he so desired.

from behind a snow bank at the side of the track and the left side of the engine. She did not look up. He cried to the engineer to "plug her" which in the vernacular of the railroad means to apply the emergency brakes. The train was moving at between eight and ten miles an hour and only went 90 feet after the brakes were applied.

The crossing was not considered by any one of the witnesses to be a dangerous one. There was a slow order on the crossing, however, which meant that no train could proceed over it at more than ten miles an hour. This had been in force for the last two months. The jury retired at 9.25 and came in with their verdict at 10.35.

Nine Witnesses.
Nine witnesses were examined, as follows: Dr. R. A. Massie, an interne in the General Public Hospital; Fred W. Brawn, manager of the Nashwaak Pulp & Paper Company mill, who was in the vicinity when the accident occurred; Robert D. Campbell, engineer of the train; Fred L. Green, fireman; Edward W. Darey, husband of the dead woman; J. A. W. Waring, assistant engineer of the C. P. R.; William H. Baxter, conductor of the train; D. H. Ryan, assistant superintendent of the C. P. R., New Brunswick division, and E. T. Ring, the baggageman in whose car the injured woman was brought to the city.

The jury was as follows: H. P. Crouse, foreman; F. H. Moore, S. Weston, Ernest Brown, George Weaver, Charles Mason and Murray Long.

Wm. P. McNulty Case.
The jury to inquire into circumstances surrounding the death of William McNulty, who died in the General Public Hospital on Wednesday, after

FOR WINTER SPORTS WEAR
JAEGER
Pure Wool

he had fallen from a pole of the Civic Power Commission in Pond street, was selected last evening as follows: Arthur Lindsay, William Crabbe, D. J. Stockford (foreman), C. H. Masters, Isaac Mercer, James Moore and Robert Elliot. The jury viewed the body at O'Neill's undertaking rooms, and also went to the scene of the accident. The hearing will begin in the court house next Monday evening, before Coroner, Dr. F. L. Kenney.

CONCERT ENJOYED.
The Montclair concert party gave an excellent programme last night in the hall of the Mission Church in aid of the church funds. A capacity audience was greatly delighted with the entertainment and gave hearty applause. Rev. J. V. Young, priest in charge, moved the vote of thanks which was extended to the concert party and it was seconded by Colonel E. T. Sturdee.

Tailored For \$30

If you order right away yours will be the glory of a choice of the many new fashions in tailored costumes at a very special price.

Ten per cent. off everything for the present only. Half a dozen new cloth hits, a full dozen new types of Tailored Styles, and all thrilling changes. Pocket Twill or Charmer tailored to any type on a money back guarantee of satisfactory fit—\$30.

If you order now.

ROYAL TAILORING

HON. F. B. BLACK URGES JUSTICE FOR INDUSTRIES

(Continued from page 9.)
tries are shut down entirely. The Maritime Nall Works has shut its doors; the St. John Foundry and Metal Company shut its doors; the Fowler Axe and Machinery Co. shut its doors; the Peters Tanneries shut their doors; the Leather Goods Factory shut its doors, and three of the largest mills in the province also have not turned a wheel in the last two years. That is what the progressive policy of the present administration has done for the City of St. John.

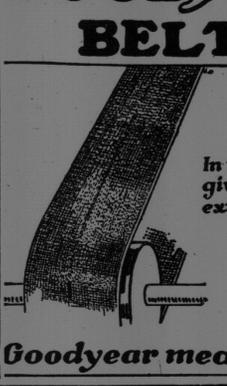

Moved Over Border.
"Up until last summer there was in St. Stephen a very flourishing fertilizer plant. A change was made in the tariff last year, the result is that that factory is closed, the men have just crossed the St. Croix River to the other side. The same firm that was making the fertilizer in Canada and selling it in the Province of New Brunswick is now making it on the American side and selling it in New Brunswick at the same price per ton and per sack."

Senator Black declared that in the past three years the lumber operators of New Brunswick and Nova Scotia had not made a cent. As far as New Brunswick was concerned, he said that two or three hundred million feet of lumber that had gone out of that province in three years had been an absolute dead loss of raw materials.

Lower Rates.
He urged the Federal Government to do all it could to lessen the cost of transportation to help the lumber industry, to enable it to reach the market of Central Canada to better advantage. The cost of transportation, too, seriously affected the lay business

and the potato producer. Railway freight rates could be materially reduced, he argued, if greater economy was practised by the railways, especially the Canadian National which, he said, was engaged in needless and costly competition with the C. P. R. in different ways.

No Revolt, He Says.
"It has been said," stated Senator Black in conclusion, "that there is a spirit of revolt in the Maritime Provinces. That is not true. The people

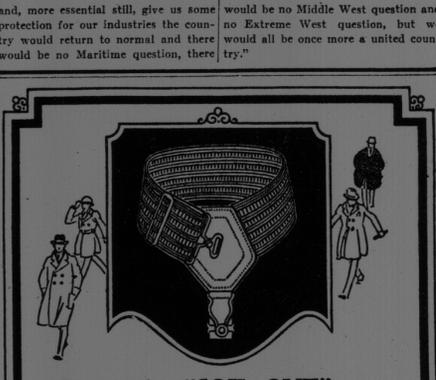

GOOD YEAR BELTING

In thousands of plants it gives unusual service at extremely low cost

Goodyear means Good Wear

of the Maritime Provinces are just as loyal to this Dominion as is any other part of Canada. There is a time, you know, when a sore foot becomes so sore that you cannot wear a boot. That time is rapidly approaching in the Maritime Provinces and it is the duty of this Government to see that that sore is healed before the boot has to come off. If the Government, instead of giving us platitudes, would give us something definite in the way of economy, give us something definite in the way of lower transportation charges,

and, more essential still, give us some protection for our industries the country would return to normal and there would be no Maritime question, there would be no Middle West question and no Extreme West question, but we would all be once more a united country."

Garters that "SOIL OUT" before they wear out

Currie Quality Garters are favorably known for their comfort and long wearing qualities, as well as for their neat and attractive colorings.

These qualities of ease, long life and "good looks" have made Currie Garters the ultimate in stylish sox support and leg comfort.

SUN LIFE ASSURANCE COMPANY OF CANADA

HEAD OFFICE - - MONTREAL

A Statement of Remarkable Progress

Extracts from Directors' Report

Your Directors present their fifty-fourth Annual Report with unusual satisfaction. The rapid expansion of operations, and the steady upbuilding of resources, which have so markedly characterized the Company's transactions in previous years, have continued during the past twelve months, and at a greatly increased rate of progress.

These figures [herewith noted] show the growth which has taken place in the volume of the Company's operations, and in its resources. The figures as to profit-earning power and financial strength are even more impressive.

As to profits actually paid, the sum of \$6,681,662.46 has been disbursed during the year to policyholders under this heading. As to provision for the future, the Company's position has been materially strengthened in all directions.

There has been a further upbuilding of the life policy reserves. Heretofore policies issued prior to 1918 have been valued on the basis of assuming three and a half per cent. interest, at the discounting rate for the Company's obligations, but this year the entire life assurance contracts have been valued at three per cent., the extra amount thus set aside being \$1,111,092.

There has also been a strengthening of the Annuity Reserves. Recent investigations have shown a progressive increase in the average lifetime of annuitants. A special annuity reserve of \$750,000 has this year been set up beyond the amount required by the Government standard.

The Company's Head Office and branch buildings and other real estate, have been written down by \$750,000.

The Contingency Reserves have been strengthened by the addition of \$4,000,000 taken from the earnings of the year, \$5,000,000 of this amount going to the fund to provide for possible fluctuations in the market value of our securities, raising that fund to \$5,000,000, and \$1,000,000 going to General Contingencies account, raising that to \$2,500,000. These contingency accounts thus amount now to \$7,500,000.

After making these heavy allocations, the undivided surplus has yet been increased by \$4,234,490, bringing it to a total of \$22,107,238.

The Company is, of course, in a position to increase its already generous scale of profits to policyholders, and your Directors have pleasure in announcing, for the fifth year in succession, that such an increase will be made.

While many factors have contributed to this remarkable showing, the most noteworthy has been the large earning from investments. As has been mentioned in previous reports, it has for many years been the policy of the Company to invest in long-term bonds and similar choice securities, in order that by this means the high rates of interest then prevailing as a result of the abnormal conditions produced by the war, might be projected into future years. This policy is now bearing fruit. Current rates of interest, though still very satisfactory, are materially lower than those of former years, and as a consequence there has been a marked rise in the quotations for most of the securities owned by the Company. During the past year some of these increased values have been capitalized by sales, and a net profit of \$2,891,650.48 has been realized from this source. In addition there has been an increase of \$6,331,377.69 in the market value of the securities still held. Although most of this increased value is undoubtedly permanent, and due merely to the readjustment of interest rates to a more normal basis, it will be noted that the Company has carried \$4,000,000 of the amount to contingency accounts, as already explained.

The rate of interest earned during the year on the mean invested assets has been 6.38 per cent., exclusive of profits from sales. This is a substantial increase over the rate of the previous year, and has resulted from our having realized on some of our holdings of government and other bonds which had risen to high figures, the proceeds being then reinvested in securities yielding better returns.

1924	
New Assurances Paid For Increase	\$137,466,000 \$30,075,000
Total Income	\$62,245,000 \$15,280,000

BLUE SERGE STOLEN

Last Tuesday night the tailoring establishment of Robert Aird, 22 Charlotte street, was broken into and all available blue serge suitings stolen. The thief, or thieves, did not touch anything else but blue serge. The goods are valued at \$200 by Mr. Aird. Falling to pick the lock on the store door the burglar smashed a small window in the front of the building, and thus gained an entrance to the store.

Thief, one of the hottest corners of the Somme battle, is so devastated that plans for reconstructing it have been abandoned.

SILVER FOX SELLING PRICES ADVANCE

NEW YORK, Feb. 13.—Thursday's selling at the fur auction, now going on in the Madison Hall, was devoted entirely to silver fox. About 1,500 of the 2,100 pelts offered were disposed of for \$200,000.

MORNING STOCK LETTER

NEW YORK, Feb. 13.—Rumors of the wild fluctuations in a few high-priced securities upset the market somewhat. At the close, the market was quiet, but the selling was not so heavy as it had been. The market was generally steady, with a few exceptions.

CANADIANS MAY TURN TO Raising Fish Eggs

The prospect that British Columbia salmon canners may decide to enter the caviar industry by the use of salmon eggs for that purpose instead of the sturgeon eggs previously manufactured into that delicacy, is the subject of a Canadian Pacific bulletin. The plan has been suggested by Russian caviar manufacturers who arrived recently on the Pacific Coast and who have been suggesting the possibilities of salmon eggs. They pointed out to the British Columbia canners that one of the reasons why Russian caviar salmon has been sold so cheaply in the British markets is because the Russians get a fair profit from the byproducts before attempting to market the canned salmon.

ESTATE SALE

Quick Lunch and Restaurant Equipment. I am instructed to sell the equipment of the Peoples Quick Lunch Restaurant, including 12 ft. silent salesman, two 6-foot showcases, comb. gas and coal range, walnut dining suit, consisting of buffet, china cabinet and 6 chairs, carpet squares, iron beds, springs and mattresses, square and round dining tables, drophead sewing machine, and a large quantity of other household effects. St., Friday, Feb. 13th, at 2.30 p. m. W. A. STEINER, Auctioneer

NEW YORK, Feb. 13.—Stock prices moved irregularly higher at the opening of today's market.

Oil was in brisk demand following the holiday advance in mid-continent crude prices. Marland, Sinclair and Standard Oil of California opening a point or more higher. Savage Arms moved up three points, and Peoples Gas 1 3/8. United States Cast Iron Pipe which advanced 1 1/2 points Wednesday, and then broke 30, opened two points lower at 218.

Record Price Reached.

American Can assumed the leadership of the advance, jumping four points to 175 1/2, the highest price in its history. Heavy accumulations continued in the oil shares, Phillips, Royal Dutch, Pacific, Pan American B, Independent Oil and Gas, and General Petroleum being added to the list of petroleum shares to advance a point or so, while Tidewater moved up two points. Maxwell Motor, B. American Sumatra Tobacco and Worthington Pump also sold two points above Wednesday's close, and Union Pacific, Mack Trucks, Allied Chemical and Universal Pipe gained one to 1 1/2 points.

In Montreal.

MONTECAL, Feb. 13.—An advance of a point to 84 1/2 in St. Maurice Paper, which was more in demand than other issues, was the only price change worthy of note at the opening of today's stock market. There was little activity, but the trend seemed to be upward. Spanish River, Laurentide and Shawinigan each advanced a half to 106 1/2, 84 and 136, respectively, while Brazilian was up a quarter, 54 1/2. Consolidated Snelmers was down three quarters to 69.

Cable Transfers.

MONTECAL, Feb. 13.—Cable transfers, 478-1-8.

THE EVENING TIMES-STAR, ST. JOHN, N. B., FRIDAY, FEBRUARY 13, 1925

CANADIAN BOXERS ARE ELIMINATED IN INTERNATIONAL TOURNEY

GEORGE CHAVOT REACHES FINALS BUT LOSES OUT

Honors Evenly Divided Between English and United States Entries

BOSTON, Mass., Feb. 13.—Honors were evenly divided between the United States and Great Britain in the finals of the international amateur boxing tournament, staged here last night, by the New England division of the Amateur Athletic Union, the Britishers winning the 135 and 160 pound classes, and the United States boxers in the 147 and 175 divisions.

Chavot Reaches Finals

Only one Canadian boxer, George Chavot, a 135 entrant, reached the finals. He was beaten by George Gogarty of England.

Jack Elliott of England beat Phil Flanagan of Malden in the 160 pound class final bout.

Eddie Adams, New England amateur welterweight champion, beat Pat O'Hanrahan of England in the 147 pound division.

Semi-Final Results

In the semi-finals, Monte knocked out Jean Rattelle of Canada in the first round. Mitchell beat Joe Madden of Boston. Jack Elliott eliminated Pat McAteer of Dedham, and Phil Flanagan put Don Marshall of Canada out of the running. George Gogarty eliminated John De Angelis of Boston and George Chavot of Canada outclassed Jack Towbig of Brockton. Eddie Adams beat J. C. Loughlin of Canada, and Pat O'Hanrahan eliminated Jimmy McConagie of Weymouth.

To Perform Here

Chavot and Loughlin of Montreal are to compete in the Maritime championship bouts, which are to be staged in St. Vincent's auditorium, Monday and Tuesday evenings, under the auspices of the Y. M. C. A.

Jack McMillan Wins Billiard Title Match

WINNIPEG, Man., Feb. 13.—Jack McMillan, of Vancouver, won the Dominion billiard championship last night, when he defeated A. F. Woodward, Montreal, 5,000 to 4,544.

In India, the moonstone is considered very sacred and is never sold except on a yellow cloth, yellow being a very sacred color.

Beauty

A Gleamy Mass of Hair "Dandarine" does Wonders for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Dandarine" and brush it through your hair. The effect is startling! You can do your hair up immediately and it will appear twice as thick and heavy as a mass of gleamy hair, sparkling with life and possessing that incomparable softness, freshness and luxuriance. While beautifying the hair "Dandarine" is also toning and stimulating each single hair to grow thick, long and strong. Hair stops falling out and dandruff disappears. Get a bottle of "Dandarine" at any drug or toilet counter and just see how healthy and youthful your hair appears after this delightful, refreshing dressing.

Biggest Upset In Aquatic History When Coast Star Equals World Mark

Along the Sport Trail

By RAY HANSEN

THE JINX wins out and the much heralded hockey match between the St. Johns and Sussex has had to be postponed. When the members of the league executive were drawing up the schedule they should have realized that Friday the thirteenth was no night to try to play a game or stage any kind of a match. It is no wonder athletes are superstitious. Just when everything was all set for the big feature along comes a heavy fog and the ice starts going up in steam. It is a safe bet that now the game is cancelled a cold wave will come along. Such is the irony of fate. Murray Jarvis, the local hockey magnate, thought he could outwit any jinx and conceived an idea that by getting 13 men on the team's roster and digging up a red headed youngster, who was 13 years of age and born on the thirteenth of some month to act as mascot, he would safeguard his team and send Mr. Hard Luck into his opponents' dug out. However, this should be a warning to him never to attempt to offset the inevitable. There is only one person who has no fear of the thirteenth and that is one born on that date.

GEORGE FOWLER did a "home again, away again stunt" this week. He returned to the city last Monday unheralded after winning signal honors at the Canadian National and International speed skating championships in Toronto and at Saranac Lake. His father was one of the most surprised men in the city when he saw his boy. He had planned on sending him to Lake Placid and had forwarded money with Bernard O'Connor to tide him over. While the latter was enroute to Lake Placid George started for home. There was only one thing to do and Mr. Fowler acted promptly. "Pack up and beat it" were his instructions and forthwith George set off to clean up more honors in the big skating classic. St. John fans will be glad to learn that George is going to clean up. He is the Canadian title holder, International indoor champion and runner up for the International outdoor title—some record for a younger.

JACK DEMPSEY'S wedding has caused a stir in boxing circles in the States. The heavyweight champion's future in the ring, according to some of the leading sport writers, depends on the attitude that his wife will take and they are eagerly awaiting the "show-down." They are already passing out condolences to Jack Kearns, manager of the champion, and point out that it is the first time since he pledged partnership with Dempsey that the ban has been lifted. Heretofore Kearns coaxed boxers into the ring and his charge knocked them out of it. The entry of his bride, they predict, will make a decided change and some predict that Jack's next big battle will be over the breakfast table when he starts advancing arguments in a hope to return to his first love—the ring. Dempsey has announced that he will meet any of the leading contenders at an early date, but whether or not his marriage with the erstwhile movie star will cause him to change his mind remains to be seen. If he does decide to retire Tex Rickard should have no trouble arranging an elimination contest between Gibbons, Wills and one or two promising contenders.

GROVER CLEVELAND ALEXANDER, veteran pitcher of the Chicago Cubs, has signed his contract for the coming season. This will be his fifteenth year in the majors and he is still quite effective. It will be recalled that last year he worked 51 complete games without losing a base on balls. In 1920 he compiled an average of 1.91 for the season. During the season of 1922 he only gave 30 passes. A few years ago Alexander was the star of the older circuit, but time is taking its toll and many wonder how he will make out this season. He expects to leave for the south in a few days to start conditioning. He was always a heady pitcher and did not depend on speed. As a result he may still have something up his sleeve and win a good percentage of his games for the Cubs.

Banff Boy Wins Strongheart Trophy With Team of Mongrels

BANFF, Alta., Feb. 13.—Mushing behind a team of six mongrel dogs, led by Nippigon, half wolf and half bull dog, Harry Knight, 18-year-old Banff boy, won the Strongheart trophy for the second consecutive year when he arrived at Banff at 3 o'clock Wednesday afternoon after making the 80 mile run from Calgary to Banff in 11 hours and 48 minutes. Ike Mills, Banff, driving his famous team of "All Blacks," including two dogs from the winning post derby team, was a quarter of a mile behind Knight. Mills was leading the Derby until his lead dog, Nigger fell ill with hemorrhage, 3 1/2 miles from Banff. He then substituted one of his Pas dogs which ran away with him down the side of the rocky mountain and allowed his youthful competitor to pass him before he reached the finish line. The experiment of running a dog Derby across the mountains had a most exciting finish. One thousand Calgary fans who had come to Banff on a C. P. special, lined the sides of Banff avenues and cheered wildly as the first team swung down out of the mountain on to the Bow Valley. The dogs, with tongues flapping, trotted angrily from one side of the street to the other. Half scared of the noise which they did not understand. When they reached the finishing line they dropped to the ground, wagged their tails and seemed to quiver quite well that their strenuous task had been completed. During the next hour three other mushers arrived at the tape. They were Fred Pepper, Banff; A. L. Allison, Kootenay, B. C., and James Boise, Banff. If young Knight wins the Strongheart trophy again next year, he will come into possession of this \$500 cup, given by the owner of the famous movie dog.

DOUG. MCKEAN WINS Makes Good Start in Canadian Badminton Champion Tourney in Ottawa.

In the Canadian badminton championship tournament, which opened in Ottawa yesterday, Doug McKean of this city defeated S. G. Bacon of Kingston, 15-2, 15-12. M. Vaughan of this city was defeated by G. M. Markham of Montreal, 5-15, 7-15. K. R. Eyer of Montreal defeated D. Skinner by default. In the ladies' singles Mrs. D. L. MacLaren of this city defeated Miss E. Carruthers of Kingston, 11-7, 11-2, 11-2. Mrs. E. P. Coke of Toronto defeated Miss A. McLeod of St. John, 11-2, 11-1.

LAP THE FIELD Walthour and McNamara Are Leading in Chicago Six Day Bicycle Race.

CHICAGO, Ill., Feb. 13.—In the six day bicycle race, at the Coliseum, early today, Walthour and McNamara, lapped the field, and were leading at the 105th hour, with 1,859 miles, five laps and 232 points.

STILL IN RING. The veteran Ted "Kid" Lewis, one time world's welterweight champion, has not forsaken the ring. Lewis, despite the fact that he has seen many years of active service in the game, is still taking them on over in the old country.

To Perform Here

JOE CONLEY Boston boxer who will meet George Chavot of Montreal in a special match in the maritime amateur boxing championships in St. Vincent's auditorium next week.

FAVORS CHANGE IN BIG GAME SEASON

Carleton County Association Will Petition Government to Protect Moose and Deer. WOODSTOCK, N. B., Feb. 12.—New Brunswick's open season for deer and moose will begin on October 15 and close November 30, if a resolution adopted by the Carleton County Fish and Game Association is accepted by the Provincial Government. The Carleton County Association also ask that the bounty on wild cats be increased and recommends a close season for partridge and woodcock in 1925. An amendment to the Fisheries Game Act, providing for the prohibition of the sale of trout, and legislation to provide that all portable mills erected near lakes and streams install cut-overs for the burning of all refuse, are urged by the Carleton County Association.

Want Game Preserve. The Government was congratulated on having established two game preserves. The Carleton county branch desires a refuge established in southern New Brunswick, at some suitable place between the western shore of the St. John River and the St. Croix River. It is believed there is ample crown land between these points to establish a refuge that would greatly benefit the hunting in adjoining territory, and would not cause serious interference with any person's rights.

BASKETBALL

Woodstock Girls Will Meet in Y. W. C. A. This Evening.

Basketball fans are promised a treat tonight when the Rovers of the Y. W. C. A. will meet a fast quintette of lady players from Woodstock. The visiting players arrived in the city at noon in charge of their manager, Mr. McCloskey. They were escorted to the Y. W. C. A. residence in King street east where they will remain as guests during their stay in this city. The game tonight is expected to be keenly contested as both teams are eager to win.

Central Baptist Girls' Team Wins

The Central Baptist team defeated the East St. John team in the City League of girls' basketball last night in a good game played on the Central Baptist floor. The score was 25 to 9.

WESTVILLE WINS CUP.

HALIFAX, Feb. 12.—Westville, N. S., rink won the handsome silver cup, symbolic of the championship of the central provincial staged this week by the Halifax Curling Club, defeating Moncton 19-7 in the finals played this afternoon.

Exhibition Games Placed Under Ban

ST. LOUIS, Mo., Feb. 13.—The American league recently voted to prohibit hereafter spring exhibition tours of teams that during the previous season were contenders for world series honors. The Giants and Senators will engage in such a tour this season but they will not be affected by this ruling.

BOXER'S WIFE GETS DIVORCE.

WASHINGTON, Pa., Feb. 13.—Mrs. Waretta Greathouse of Washington has been awarded a divorce from Guy Greathouse, until recently amateur champion heavyweight boxer of the United States. Cruel and barbarous treatment was alleged, Greathouse making no defense.

Flaherty Awarded Decision In Bout

HALIFAX, Feb. 13.—Martin Flaherty, 19 year old Lowell, Mass., welterweight, won the referee's decision over Teddy O'Brien of Sydney, in a fast ten round bout staged here last night.

BEAVERS WIN TITLE

Defeat Go-Getters in Y. W. C. A. Basketball League—Fight For Second Place. The Beavers won the championship of the Y. W. C. A. house basketball league last evening as a result of their victory over the Go-Getters by a score of 49 to 18. The Spartans also came through with a victory over the All-Trumps by a score of 44 to 28. Several more games are to be played and the fight now will be for second place. Both the Spartans and the Rovers are in line for this honor and the fight between them is expected to be keen. Girls' rules are played in this league.

Young Judeans Lose To Central Baptists

A very fast and exciting game of basketball was played by the Central Baptist and Young Judean teams on the Y. M. H. A. floor last night and was won by the Central team by a score of 28 to 18. The game was witnessed by many spectators and the good team work of both sides made it interesting to watch.

TO REFEREE GAME. Miss Dorothy McCarthy, physical instructor for the Y. W. C. A. in this city, is to be the referee at the intercollegiate basketball game at Sackville on Saturday night.

St. John Dog Gets Prize In Big Show

AT the Westminster Kennel Club dog show which opened in Madison Square Gardens on Tuesday, E. S. Buchanan's pointer Donald B. was awarded second prize in the novice class, first prize in the limit class, first prize in open dogs under 55 lbs. Winners dog was won by R. F. Malaney's champion Governor Moscow, which was also declared best of breed. Gerald McCarthy, of this city, is at the show in charge of the St. John entries.

MORE RECORDS SET BY PAAVO NURMI

Phantom Finn Gives Sensational Performance in Races in Buffalo.

BUFFALO, Feb. 12.—Paavo Nurmi smashed three more world's records tonight when he scored a sensational victory in a race at mile and a quarter featuring the 106th Regiment indoor games. The Phantom Finn, flashing a brilliant race in his first appearance here, erased his own indoor standards for 2,000 yards, 3,000 meters and a mile and a quarter and led his only dangerous rival, Jimmy Connelly, former Georgetown star, to the tape by 75 yards.

Wonderful Performance. Nurmi clipped from about seven to eleven seconds of his previous records. At the 2,000-yard post he was clocked in four minutes, 53.5 seconds as compared with his former time of 5:30.15, made at the Millrose A. A. carnival in New York, Jan. 28.

HOKEY MATCH IN ARENA POSTPONED

Ice Too Soft so Sussex-St. John go is Set Over For Few Days.

Sussex, the Maritime champions, have consented to postpone the hockey match with St. John, scheduled for the arena this evening. The ice conditions were not considered good enough, and after consultation between the managers of the teams the contest was put off. It will probably be played on Wednesday next week, although no definite arrangement could be made last night. Boxing contests and other athletic events are scheduled for the early part of the coming week, and an effort will be made to play the game between Sussex and St. John on an evening that will not conflict with other schedules.

BRITISH FOOTBALL

LONDON, Feb. 11.—(Canadian Press Cable)—Football games played today in England and Scotland resulted as follows:

BATHURST DEFEATS MONCTON IN FINAL

BATHURST, N. B., Feb. 13.—Bathurst defeated Moncton by a score of 4 to 1, in the last scheduled game of the Northern section played here last evening. The game was fairly even throughout, there being one goal in each period, for the winners, and another added gratuitously in the first by a Moncton player from a mixup.

HOCKEY MATCH WAS WELL-CONTESTED—MONCTON PLAYER HELPS OUT OPPONENTS.

YOUNG GIRL WINS SWIMMING RACE IN RECORD TIME

Defeats Ethel Lackie and Gertrude Ederle Of New York

ST. AUGUSTINE, Fla., Feb. 13.—One of the biggest upsets in swimming history was recorded in the Alcazar Pool here this week when Miss Eleanor Garratt, a 15-year-old girl representing San Rafael, Cal., won the 50-yard title at the opening of the national indoor door championships. Miss Garratt outswam the best mermaids in the country and in the final she led home Miss Ethel Lackie and Miss Gertrude Ederle, both of the Women's Swimming Association, New York City, who finished in that order.

A Dead Heat

It was in reality a dead heat running of the final, for the first running of the final resulted in one of those rarities in any athletic competition—a three-cornered dead heat—with the Misses Garratt, Lackie and Ederle touching the finish mark at exactly the same moment.

The dead heat required a swim-off and Miss Garratt touched a fraction of a second before Miss Lackie, who was a foot in advance of Miss Ederle. The time of the final was 0:28.4-5, which equals the world's record for the conditions—a 50-yard race in a 90-foot tank.

Victory Unexpected.

The young California girl's victory was most unexpected by the big gallery, which thought New York's Olympic mermaid, untable. It was Miss Garratt's first appearance in a national championship and her first competitive effort in a little more than a month's competition. Miss Garratt started swimming last August, taking up the sport on the advice of her physician. In her first race she won a 50-yard event in 0:30.1-5, which is the best time ever made by a novice. The California miss learned to race by watching others.

Miss Garratt, who resembles Miss Ederle in build, showed her speed in practice in the morning, and then romped off with her first heat victory in 19 seconds. In her semi-final she defeated Helen Wainwright and Miss Adelaide Lambert and then came her crowning glory in the final of the event.

Helen Wainwright Wins.

The other championship event here, the pentathlon title, resulted in a hollow victory for Miss Wainwright, noted star of the New York Women's Swimming Association. Miss Wainwright played a tie game in the western section of the Maritime Intercollegiate league in Fredericton last evening, the score ending 1-1. The ice was soft and covered with water. Nicholson of the Law School, who is goal-tender for U. N. B., played a great game for U. N. B.

Both Over 100

Jacob Cable, of Butter, Pa., above, thinks Culbert LaFinere of northern Michigan, below, is just a youngster and has lots to learn. Jacob is 107, going on 108, while Culbert is a mere 104. Jacob says: "Chew tobacco moderately and exercise moderately to live long. Culbert advises keeping away from tobacco and going to bed with the chickens."

Private Vengeance.
(Manitoba Free Press.)
A gunman named Johnny Torrio, was shot in Chicago, and he's nearly dead in a Chicago hospital. He has refused absolutely to tell the police who shot him, although he knows quite well. But he has told his friends, and gunmen from New York and Cleveland are reported to be in Chicago to shoot Torrio's slayers should Torrio die. This is a fine reflection on justice in Chicago. Torrio knows better than trust to the courts, murderers walk out and in of the Chicago courts almost with perfect impunity; if the Chicago police got hold of his enemies the enemies would probably be much safer than if they were at liberty; so Torrio imports his own executioners, and if he dies, the justice of the underworld will be swiftly carried out without bothering the official apparatus at all.

A Man and His Country.

(Toronto Globe.)
It is noteworthy that Paavo Nurmi's chief competitors in world's records have been men of his own race. Stenroos won the Marathon at the 1924 Olympic games at Paris, and other speeders, such as Willis Ritola and the Koblmenin brothers of Finland, have divided honors with Nurmi.
Nurmi testifies to the hardness of his race and the wholesomeness of his life. His father was a carpenter at Abo, and Paavo was left the oldest of five orphaned children to guide them through trying years. Nurmi is thus a source of patriotic pride to the little land of pulpwood, the "Last Born Daughter of the Sea," a new free nation which has balanced her budget, funded her war debt, stabilized her currency and begun to electrify her railways and her industries.

CURIOSITY SHOP SUFFERS BY FIRE

Building Immortalized by Charles Dickens Attracts Many Visitors.

LONDON, Feb. 12.—The "Old Curiosity Shop," in Portsmouth street, Lincoln's Inn Fields, was recently seen to be on fire. Smoke was issuing from one of the top windows, and fire engines were soon on the scene. The firemen discovered that the fire started in an upstairs room in which, apparently,

there had been a fire during the day. The hose was run into the building and the fire extinguished.

The "Old Curiosity Shop" was bought in 1823 by J. A. Phillips, an estate agent. It is now empty with a board outside offering it to be "let on lease." The building has displayed the legend "The Old Curiosity Shop; immortalized by Charles Dickens" for nearly 50 years, and has been visited by thousands of sightseers, especially Americans. Many doubt whether it is the building Dickens had in mind, some authorities asserting that the inscription was painted during the tenancy of a second-hand bookseller named Palmer.

Four Escape When Car Goes Through Ice

ST. PAUL, Minn., Feb. 13.—Trapped in their automobile 25 feet beneath the ice of Rush Lake, near here, three St. Paul men and a 12-year-old boy escaped by tearing away the side curtains and lighting their way to the hole in the ice through which the car had plunged.
The men were returning from a fishing trip Saturday night and were crossing the lake when their car dropped through a hole, twenty feet square, left by ice cutters.

INSURANCE MEN WILL BE ABLE TO EARN DEGREES

Plan for Conferring of Title of Chartered Life Underwriters

IS OUTLINED AT THE CONVENTION HERE

Congress Hears More Addresses and Will End This Afternoon.

Details of a plan whereby the degree of Chartered Life Underwriter of Canada will be conferred by the Life Underwriters' Association of Canada were given at this morning's session of the educational congress here by J. A. McCann, general secretary of the association. Very strict qualifications would be necessary to obtain this degree, he said. It would require three years of probation, minimum of production, and examinations. The first examination, he announced, would be held on May 29, 1925.

Managers and Salesmen.

The duties of branch manager toward salesmen was treated from two angles. F. J. Hodgson, provincial manager for the Sun Life, spoke from the branch manager's viewpoint. The branch manager, he said, was the emissary of the company between the company and the agent, but primarily was a friend of the agent. P. M. Monahan followed Mr. Hodgson, treating the subject from the salesman's viewpoint. He emphasized that co-operation with the branch manager was essential.

Roy Shanklin's address on the duty of the salesman to the branch manager aroused much applause. He declared that self-confidence on the part of the salesman was one of his greatest assets. Life, also spoke at the morning session. This afternoon, James Symington opened the programme with a talk on "Ideals That Lead to Success in Industrial Insurance." B. C. Cruickshank and George H. Harris were the other speakers. Mr. Harris delivering a powerful address.

The congress was to close this afternoon. Yesterday's Session.

Instructive addresses on various insurance topics were the feature of yesterday afternoon's session. The speakers were J. D. P. Lewin, H. W. Manning, C. J. Mercereau and Carl Fraser.

Banquet at Union Club.

J. J. Murray, president of the local Underwriters Association, was toastmaster at the banquet. A telegram was read from J. J. McSwaney, president of the association in Kingston, expressing regret that he would be unable to attend owing to sickness in his family.

The first speaker was George H. Harris, of Toronto, who regaled his hearers with several amusing anecdotes. Turning to the work of the association, Mr. Harris said the life underwriters had a big responsibility in Canadian life. The insurance business, he said, had grown to enormous proportions until it had become an integral part of the country's life. It was a magnificent asset to the state, he said, and on the shoulders of the life underwriters rested the responsibility of giving good advice to those who wanted protection and investment.

Rev. J. S. Bonnell.

Rev. J. S. Bonnell, minister of St. Andrew's church, said he was very glad to be present and particularly to listen to such an address as given by Mr. Harris. Mr. Bonnell's subject was "The Habit of Success" and he made a deep impression by his remarks.

SHOWS GRATITUDE

Woman, Helped by King's Daughters in Time of Stress, Now Helps Funds.

One source of income at a tea and sale held by the City Union of the King's Daughters yesterday was a large bouquet of paper roses of assorted colors, which was taken around the room by one of the ladies. When the origin of the roses was learned, there was a demand far surpassing the supply. They had been sent by a woman who had been helped in time of stress by the City Union's charitable fund, and the roses, which were beautifully made, were sent by the grateful woman, to be sold to help swell the funds of the City Union. They accomplished their intended purpose, and gave encouragement to the ladies who had done a service to "one of the least of these." The purchasers of the pretty flowers allowed them to be used for decoration while the tea was in progress.

ASSUMES OFFICE

Mrs. Mary Jeffries Installed as Finance Mistress of Loyalist Temple.

The installation of Mrs. Mary Jeffries as mistress of finance in the Loyalist Temple, No. 15, Pythian Sisters, took place at a meeting of the Temple last night, when the M. E. C. Miss Beatrice Andrews, president, and the ceremonies were impressively carried out by the installing officers, Mrs. O. S. Dykeman and Mrs. C. I. Coen. A special collection was taken to aid a needy family, and \$11.25 was received. Mrs. Ellsworth gave a report from the Women's Council. A social hour was enjoyed and guests were entertained. Cards formed the chief item in the programme of social enjoyment and prize winners were as follows: Auction forty-fives, H. M. Saunders and Fred Franklin; bridge, Mrs. MacDonald and Mrs. A. I. Dykeman. Refreshments were served by an efficient committee.

Newfoundland Society Here Has 11th Annual Celebration

More Than 100 Enjoy Evening, With Dinner, Program and Speeches.

More than 100 members and friends attended the 11th annual meeting of the Newfoundland Mutual Benefit Society, held in the Orange Hall last evening. An excellent supper was served by the ladies' auxiliary. A committee, composed of Mrs. Milley (president), Mrs. F. Jewett, Mrs. Isaac Mercer, Mrs. F. Pyke, Mrs. William Pyke, Mrs. Oldford, Mrs. Florence Charley, Mrs. J. Butcher, Mrs. Bullock, Mrs. Crowell, Miss Irene Tulk and Miss Jean Oldford, was in charge.

The guests included Mayor F. L. Potts and Commissioner R. W. Wigmore, and an excellent programme was carried out. Arthur J. Green, president of the society, acted as toastmaster. The toast to The King was responded to in a hearty manner. Isaac Mercer proposed the toast to Newfoundland, and response was made by K. J. MacRae and Mr. Gardner. Rev. A. D. MacLeod, pastor of Carmichael street Methodist church, responded to the toast to The Church, while the toast to Newfoundland Societies and Sister Societies, proposed by President Green, and Mr. Webb, of the Sons of England. Vocal selections were given by Mrs. John Pyke and Mr. Sparks, and the function closed with the Newfoundland National Anthem, sung by Misses Blanche and Irene Cooke.

The society here is a progressive organization and is flourishing.

Local News

GIVEN TWO MONTHS.

Walter Leard, charged with assault, was found guilty in the County Court this morning, and sentenced by His Honor Judge Barry to two months' imprisonment in jail. W. M. Ryan appeared for the prosecution and G. H. V. Byles, K. C. for the accused.

PAY DAY.

Today was the fortnightly pay day at City Hall. The sum of \$14,081.15 was paid out. Over half this amount was expended by the public works department, nearly \$9,000 being paid out by that department. The figures are: Public Works, \$8,900.29; Harbor, \$1,882.54, and ferry, \$324.60.

FIVE ON LIST.

Five men were gathered in by the police last evening on drunkenness charge. Three of them appeared before Magistrate Henderson this morning and pleaded guilty. They were fined \$8 or two months in jail. The remaining two forfeited their deposits.

MRS. BELLA DUNHAM DEAD.

At her home at 165 Erin street yesterday Mrs. Bella Dunham passed away. She was the widow of Frederick Dunham. The funeral will be from the residence of her son, Walter, 165 Erin street, on Sunday afternoon at 3:30 to the Methodist burying ground. Mrs. Dunham leaves to mourn three sons—George, Styles and Walter, and two daughters, Mrs. Amelia Kelley and Mrs. Nellie Snow; also one sister, Mrs. Robert Austin.

AUXILIARY PLANT FOR HYDRO MOOTED

Chairman of Commission Speaks of Matter—Some Rumors as to Possible Location.

Dr. E. A. Smith of Shediac, chairman of the N. B. Electric Power Commission, before leaving here for his home today, said that while the Musquash were being sufficiently replenished by the late rains and spring-like reactions of weather, it was more than probable the hydro service would eventually have to have an auxiliary plant.

In Nature's law of average, water scarcity occurred at times and then there was full flow again, but for the protection of the hydro patrons it was possible that an auxiliary service would be created, although such a plan would naturally have to be introduced and fully carried out by Government enactment.

Dr. Smith said he felt the danger of a lack of Musquash energy was passed. He would not say what, if any, plans were in mind concerning an auxiliary electric plant. He merely said that an auxiliary now seemed a logical method of protection in view of the volume of hydro users.

Aside from Dr. Smith's interview, there are various reports as to the possible location of the standby plant suggested by the commission chairman's remark. It has been stated of late in some circles that a scheme to build a steam energy plant within easy railway access of New Brunswick coal fields in Queens county has been mooted. Another report states any steam plant would be located in St. John.

Property Sales In Kings County

The following transfers in Kings County have been recorded:

Mary J. Clifford to William Clifford, property Greenwood.

George Currie to Annie E. Cameron, property Westfield.

C. S. Clitick to C. T. Chittick, property Cardwell.

Melbourne Erb to Eranlia E. Fraser, property Springfield.

Ethel G. Fowler to Sarah E. Mills, property Sussex.

Caroline F. Morrow to J. W. Morrow, property Westfield.

Murray and Gregory and others to W. R. Carson, property Westfield.

H. W. Perry to Dessia B. Currie, property Havelock.

RECLAIM SAND AND WILL USE IT AGAIN

City Employees Take Advantage of Weather Conditions—Wheels Replace Runners.

Taking advantage of the soft spell between cold snaps city employees are today scraping the snowless sidewalks of sand deposit—a sort of placer mining in the sand that seems to have become so valuable a commodity according to Common Council discussions of late. Fans of the gritty "safety powder" will be reclaimed and used over again.

King street, Charlotte, Union and other principal thoroughfares, which have been laid here by the rising temperature and rains, are being dressed up today, presumably preparatory to flushing.

Wheeled vehicles were out in increased numbers this forenoon, it being practically impossible to proceed with runners in mid-city streets.

BIRTHDAY EVENT OF I. O. D. E. BRILLIANT

Tea and Reception Held This Afternoon at Home of Dr. and Mrs. F. R. Taylor.

Beautiful flowers, fashionably gowned woman and artistic surroundings in the handsome residence of Dr. and Mrs. Fred R. Taylor, 266 Germain street, were the setting for a reception and tea given by the Municipal Chapter of the Imperial Daughters of the Empire this afternoon. The function was fittingly brilliant, marking the 25th birthday anniversary of the order in the Dominion. Lovely spring flowers and exquisite roses were arranged in profusion about the reception room, where Mrs. G. Heber Vroom and Mrs. Fred R. Taylor received the guests.

Birthday Cake.

The dining room table was the centre of attraction, with its beautifully decorated birthday cake, displaying the colors of the order—white and blue—and 25 candles of varying shades, all alight. Flowers in dainty vases were also part of the arrangement, and the color scheme was emphasized with consummate skill by the deft hands of the tea committee members, convened by Mrs. Kenneth I. Campbell.

Presiding at the tea and coffee urns were Mrs. T. E. G. Armstrong, Mrs. J. B. Travers and Mrs. R. W. Wigmore. Mrs. John Sayre, Mrs. William S. Allison and Miss Frances P. Alward ushered the guests, who were served by a committee of officers and members of the various chapters in the city and Robeson. The large membership of the I. O. D. E. made up the guest list and the chapters were well represented, making the function one of the most elaborate and successful social events in the history of the Municipal Chapter in St. John.

HEAD OF ATLANTIC REFINERY IN CITY

L. J. Seidensticker Comes From Montreal—Says Canada is Holding Own.

L. J. Seidensticker, president of the Atlantic Sugar Refining Co., came to the city from Montreal today and was met by local manager A. F. Blake. He is at the Royal Hotel.

Mr. Seidensticker said that his visit was not for any particular purpose, just general business and a desire to meet friends and business acquaintances of his very happy stay here during the earlier life of the big refinery in South End. It has been fully a year since he was here last.

Discussing trade and business in the wide view Mr. Seidensticker said Canada seemed to be holding her own. This was certainly no time for inflation, but safe sound business.

MORE CATTLE.

A shipment of 120 head of cattle for the Scotch liner Cordonia arrived over C. N. R. rails today. This is part of the 1,800 head shipment to proceed from this port during the next few days.

Hiram on Tour

EDMONTON, Feb. 6.—I got a feller into a corner here an' began to tell him about the Maritime Provinces. I jist laid myself out to show him how things was down there—an' he listened as polite as could be. I told him we wanted the folks out here to understand jist what we was up against—an' why so many folks kept goin' away. He was so doggone interested that I kept right on till I got home. Then he says to me, says he: "I'm from Nova Scotiahe myself."

"Well, sir—this is a great country. I see they hev a labor church here in Edmonton, an' it meets in a theatre. They say this is quite a labor town but they git along without hev'in' any fightin'." I wish we could git fer land in the Settlement what they git here. A feller got \$20,000 fer three hundred acres six miles from town, an' a Belgian farmer paid \$70 an acre fer an improved quarter section. They say real estate is beginnin' to go up agin. The same feller over in Winnipeg wont buy none. They spekked in wheat this week an' now they're sorry the end of the world didn't come Friday when some folks was lookin' fer it—yes, sir.

HIRAM.

Galvd. Ash Barrels

Strong and well made to stand the rough handling they usually get.
