## HORRIBLE MURDER OF MARY MCAULAY SHOCKS THE PEOPLE OF ALBERT COUNTY.

### SANTIAGO COLLEGE PRESIDENT TALKS ON THE EARTHQUAKE.

Dr. La Fete, a Visitor in St. John, Says Valparaiso Will Be Rebuilt at Once—His House in Santiago Was Not Damaged.

Dr. J. N. La Fete, of Santiago, Chile, accompanied by his wife and two sons, arrived in the city from Digby yesterday afternoon. They are guests at Dr. A. A. Stockton's home, Mount Pleasant.

Dr. La Fete was seen by the Star this morning and told some interesting facts regarding the earthquake which visited the City of Valparaiso a few days ago.

The latter place is the chief seaport of Chile, and has 120,000 inhabitants. It is built around a small bay. The business portion of the city is on hills, there being only two or three streets on level ground. The level portion of Valparaiso is all made ground and this fact probably accounts for the great destruction done by the earthquake. The government has large warehouses at the western end of the city and these are today practically ruined. The city buildings, including the post office, city hall, etc., are situated in the center of Valparaiso.

The business houses are mostly all made of brick and are owned by Americans, French, Germans and English. The chief English houses at Valparaiso are owned by Balfour and Co., Duncan Fox and Co., Cockburn, Hoban and Co., and Hattie and Co.

W. R. Grace and Co. is the chief American firm, which has an agency in Valparaiso. Nearly all of these houses are ruined. That great destruction was done by the earthquake is certain, as Dr. La Fete received a telegram yesterday which read: "Valparaiso is practically destroyed."

This was the first word which Dr. La Fete has received since the disaster,

and he was relieved of much anxiety, when told that his home was safe. Between Valparaiso and Santiago, which is a distance of 114 miles, are situated many inland towns, which suffered greatly. Vina-del-Mar, a suburb, four miles from Valparaiso, was entirely ruined. Here many beautiful and costly houses stood, owned by the merchants of the doomed city.

Kaill Pae, Llanche and Kullolola, are other inland towns which were destroyed. Los Andres, a town of 30,000 inhabitants, was also ruined. The houses in these towns are built of sun dried brick, a material which is not very stable.

From Santiago south, the railway extends along the Central Valley, which is full of small towns, which were badly damaged.

Chile, says Dr. La Fete, suffered severely from an earthquake in 1845. In 1888 the entire northern part of the country was visited by a shock, which did great damage. A tidal wave followed this earthquake and swept many small towns out of existence.

"The earthquake has been a great calamity to the country," said Dr. La Fete, "but it will not interfere with the prosperity of the city. The large business houses at Valparaiso are nearly all agencies for large English and American firms and they will start to rebuild at once."

Dr. La Fete and family have visited many New South Wales towns.

Mrs. La Fete was preceptor at Mt. Allison College, Halifax, twenty-five years ago.

Dr. La Fete is president of Sand Hill College, Santiago.

The Victim Was Housekeeper for Her Uncle, Rev. Fr. Macaulay, at New Ireland---Her Throat Was Cut by a Razor and the Body Dragged to the Woods.

A Hired Man by the Name of Collins, Who Has Disappeared, is Suspected—The Police are After Him.

## MURDER WAS COMMITTED ON SUNDAY EVENING.

News of a horrible murder committed in Albert County on Sunday evening came as a great shock to the people of that county this morning.

The victim is Miss Mary McAulay, a niece of Father E. J. McAulay, and the suspected murderer is Thomas Collins. The discovery of the crime was made Tuesday evening and today police all over the province are on the lookout for the murderer.

### A Scattered Village.

The village of New Ireland is a prosperous Catholic settlement in Albert County, situated some ten miles from Elgin. Father McAulay, who lives near the Cathedral, has no near neighbors. He lived in the residence alone with his niece, the victim in this case, who acted as his housekeeper, and who had been with him for years.

### The Missing Man a Sailor.

Some three weeks ago Father McAulay engaged Thomas Collins to work about the place. Collins is a man thirty years of age, clean shaven, and has the appearance of being a sailor. He was not well known in the district, but looked respectable enough and proved to be a very good worker. During the short time he was with Father McAulay, his conduct is said to have been absolutely no reason to believe that he could be guilty of such a crime as the one with which he is now charged.

### Borrowed a Razor.

On Saturday last, Father McAulay went to St. George, leaving his niece at New Ireland, living in the house with Collins. On Sunday, on the pretence of wanting to shave himself, Collins walked to the farm house of a neighbor by the name of Williams and borrowed a razor, with which he went back to the parsonage.

### Woman's Throat Cut.

What followed is not known, except that Miss McAulay was killed by her throat being cut by a razor and several other wounds inflicted on her body. Owing to the scattered nature of the district, none of the neighbors chanced to notice anything wrong about the parsonage and nothing was learned of the murder until last evening, when Father McAulay returned to his home from St. George. On entering the kitchen he was horrified to find all around the floor pools of congealed blood.

### The Murder Discovered

Alarmed by this and the absence of his niece, he made an investigation immediately and in a few minutes found Miss McAulay's body lying in the woods near the house.

### Found the Body in the Woods.

Her throat had been cut by a razor and other serious wounds were inflicted. The disordered appearance of the room showed that the woman had put up a terrible fight for life, as the floor was spattered with blood on all sides and the furniture tossed about.

### Collins Suspected.

Father McAulay at once concluded that Collins, who had disappeared, had had something to do with the murder and immediately notified his neighbors and the authorities and made inquiries as to the whereabouts of his missing hired man.

### Was at Forest Glen.

It has been learned that Collins spent Monday at Forest Glen, staying at the house of Michael Joyce. He left there on Tuesday morning, having in his possession thirty dollars in cash. He went to Petticoat and there bought a ticket for St. John. It is stated that he had expressed the intention of going west. The county constables, who were notified by Father McAulay, have sent messages to the police all over the province and the arrest of Collins is expected at any time.

### The Victim Very Popular.

Miss McAulay, the victim of this murder, was between forty and forty-five years of age. She had been housekeeper for her uncle for a number of years and has been three years at New Ireland. She was of prepossessing appearance and was very popular among the members of the church and the other residents of the district. An examination of Miss McAulay's body reveals the fact that there was no attempt to assault nor were there any other wounds than those which would be inflicted by the razor.

### Moncton Learns of the Murder

MONCTON, N. B., Aug. 22.—In New Ireland, a remote village of Albert county, some nine miles distant from the little settlement of Albert, a startling murder comes to light in the finding of the body of Miss McAulay, a woman aged about fifty years, dead, with her throat cut. The woman was house-keeper for Rev. Father McAulay who was absent at the time and a French youth aged about 20, name unknown, who was left in the house, has disappeared.

Situated in such a remote district much difficulty is experienced in obtaining any details of the horrible affair, and your correspondent is obliged to rely on such information as can be received by telephone from nearby points.

### Say the Body Was in the Cellar

It appears that Father McAulay left home last week leaving in charge his house-keeper, Miss McAulay, a cousin of the priest, and the French youth who has since disappeared and whose disappearance at such a time places him in a very unfavorable light in connection with the tragedy. Father McAulay returned home yesterday and entering the house was horrified to find in the cellar the body of Miss McAulay, her throat cut from ear to ear, evidently with a razor, and the young man whom he had left in charge no where to be found.

It is stated that on Monday while enroute home Father McAulay had met the young man in Sussex and asked him how everything was at home. The youth's answer was evasive and left in the mind of the priest some uneasiness, so much so that he decided to hurry home. Tuesday evening he reached New Ireland and made the terrible discovery of his cousin's disfigured and lifeless body.

The murdered woman was about 50 years and had been employed at the home of Father McAulay for some time.

### An Inquest Being Held.

Dr. Murray, coroner of Albert, was notified and an inquest has been opened at Father McAulay's home and is now in progress there. Up to the present no tidings of the whereabouts of

the missing man have been received, and suspicion naturally points in his direction. This morning a telegraph message was received by Alderman Fryers, chairman of the Moncton police committee, asking for the services of the Moncton chief of police upon the case. As there is no chief of police in Moncton at the present time, Officer Chappell has been ordered to go to Albert county, where he will endeavor to get some trace of the missing man.

A message to the Star from Hopewell Hill confirms the Moncton report that the body was found in the cellar and not in the woods as first stated.

### STENSLAND SAID TO BE ARRESTED IN MEXICO

CHICAGO, Aug. 22.—The Record-Herald says:

A private despatch received in Chicago from El Paso at midnight reported positively the arrest of Paul O. Stensland, fugitive president of the Milwaukee Avenue State Bank at Aguas Calientes, Mexico. A telegram was at once sent to Springfield to ascertain whether Governor Deenah had been notified of the arrest and what action had been taken looking to the extradition of the fugitive. It was learned that a telegram had been received by the governor which is now in the hands of his secretary. Chicago police claim to have no information of the arrest.

### STEAMER MANCHURIA LIKELY A TOTAL LOSS.

Despite All Efforts She Was Pounding Heavily Last Night.

HONOLULU, Aug. 22.—Last night the "Manchuria" was pounding heavily despite all efforts to assist her.

The Pacific Mail Company, through its attorney, has announced that it will assume all responsibility for the handling of through passengers at this point. The company is now making every effort to get the baggage ashore and will allow each passenger while stranded here an expense rate of \$3.50 per day and will arrange for them the earliest transportation to the Orient.

All bookings on the Korea leaving San Francisco on Sept. 4 have been ordered stopped to provide room for the passengers of the Manchuria now in this city.

The forecasts regarding the floating of the Manchuria are gloomier and her officers have packed up their belongings. The sea is running high at the scene of the wreck.

Alderman Lewis is visiting friends in Chatham.

R. W. W. Buck is on a business trip to Nova Scotia.

Miss G. A. Hemmigar is visiting friends in Gagetown.

## AN AMERICAN GIRL WHO MARRIED A BOGUS NOBLEMAN.

Society Sensation Which Has Recently Developed in Paris Excites the Four Hundred.

NEW YORK, Aug. 22.—The Chronicle correspondent cables from Paris: "An extraordinary scandal involving the name of a young American girl of good family is now engaging the attention of the Paris police."

"Some months ago the lady, who is wealthy, met at a society function in New York a handsome, distinguished appearing foreigner. The acquaintance ripened into affection and the couple soon became engaged and were married. They came to Europe on their honeymoon."

"The husband represented himself to be the son of a very distinguished European family well known in diplomatic circles. The couple came to Paris

and stopped at one of the leading hotels. While there an anonymous letter received by the bride led her to doubt the genuineness of the title of nobility by which her husband called himself. There was a scene and the climax came a few days ago when the husband disappeared."

"There may be no connection between the incidents, but it so happened that a great deal of the bride's jewelry and spare cash disappeared about the same time as did her alleged bogus nobleman."

"The distracted wife sent a cable to her relatives today informing them of the sorrowful ending of her romance. Meanwhile the police are seeking everywhere for the missing husband."

### GAS EXPLOSION

#### KILLED TWO MEN.

MAHANAY CITY, Pa., Aug. 21.—By an explosion of gas in the West Buck mountain gangway in the fifth level of the Vulcan colliery of the Mill Creek Coal Company today, Charles Stankus, aged 25 years and John Maruka, aged 30 years, were killed instantly. Five persons probably were fatally injured and about a dozen others were overcome by after-damp. The injured are: Fire bosses Michael Curtis, Wm. Jones, John Malley, John Brookes and Frank Brennan, all of whom, it is believed, cannot recover. There were two explosions of intervals of ten minutes and the fourth lift of the mine was completely wrecked.

General Supt. Jones says that daily examination shows that the workings were free of gas and he cannot account for the explosion.

### WISCONSIN PEOPLE

#### AFTER A GERMAN FORTUNE.

WAUKESHA, Wis., Aug. 22.—Ten residents of this city claim to be heirs to the estate of the late Michael Roup, a hero of Germany, who left a fortune said to amount to nearly \$100,000. Edward Roup of Buffalo came here yesterday and after consulting with him the ten Waukesha heirs signed affidavits affirming their kinship with the deceased brewer. There are said to be thirteen heirs in all. The German ambassador in Washington has communicated with the heirs and says the estate is bonafide.

### PICNIC PARTY WERE ALL

#### NIGHT ON THE FIFER.

The steamer May Queen, with the Sussex Presbyterian Sunday school picnic on board, went to Gagetown yesterday. The trip for home was commenced about 6:30 last evening, but on account of the dense fog the May Queen was forced to anchor near Baywater for the night. The picnic party went from Sussex to Rothesay by rail and took the steamer from there for Gagetown. A telephone message from Rothesay this morning said that the May Queen arrived there at 10 o'clock. The picnickers did not greatly enjoy their night on the river.

### ENGINEER AND FIREMAN KILLED.

INDIANAPOLIS, Aug. 21.—Passenger train No. 25, on the Cleveland, Cincinnati, Chicago & St. Louis R. R. was derailed at Taft, a small station northwest of Indianapolis tonight. Engineer Burby and his fireman were killed. None of the passengers were injured. Train No. 25 is an accommodation train. The switch had been thrown for another train, and it is thought, engineer Burby was unable to stop his train in time.

It seems to me that it would be a good plan for all firms, by judicious week-day advertising, to impress upon the people the fact that Monday is not the only bargain day—W. D. Williams.

#### ST. JOHN'S DEFEAT ACTORS.

Manager George Dunham searched the city for a team which he claimed would be superior to the Volunteer Grange Company team and he managed to put a nine in that defeated the visitors by a score of 13 to 2. The St. John's had the able support of Dan Britt, who arrived yesterday morning from Cape Breton, and Dan had a full supply of clouts which at times were quite noticeable.

The actors did not seem to have the vim in them that they had on Monday, but fought hard to win. The St. John's, however, were out to win and did not lose an opportunity to do so. They batted 13 hits against the visitors' eight, and have the honor of being the first team to defeat the actors since they have entered the Maritime Province.

Captain Wm. Hallman of the theatrical team says the St. John's are excellent players and because his team was not up to strength, he does not try to take any credit from the winners, as they are all good players. The following is the score and summary of the game:

St. John's..... A. B. R. H. P. O. A. E.  
Cregan, c.f..... 4 1 2 3 1 0  
Long, s.s..... 5 2 0 2 1 0

## THE RING

### BALDWIN AND DESHLER DRAW.

BOSTON, Aug. 21.—Matty Baldwin, of Charlestown and Dave Deshler, of Cambridge, went fifteen rounds to a draw in a bout at the Lincoln Club in Chelsea tonight. This is the second time that the boxers have fought each other to a draw.

## Intercolonial Railway.

### TENDER.

SEALED Tenders, addressed to the undersigned, and marked on the outside "Tenders for Excavation at Halifax," will be received up to and including SATURDAY, SEPTEMBER 23, 1906, for all labor and material in connection with the excavating and grading for new tracks between North Street Station and the grain elevator at Halifax, N. S.

Plans and specifications may be seen at the Resident Engineer's Office, Halifax, and at the Chief Engineer's Office, Moncton, N. B., where forms of tender may be obtained.

All the conditions of the specification must be complied with.

D. POTTINGER,  
General Manager.

Railway Office,  
Moncton, N. B., 16th Aug., 1906.

## PRINCE EDWARD ISLAND RAILWAY.

D. POTTINGER,  
General Manager.

Railway Office,  
Moncton, N. B., 17th Aug., 1906.

## For SPRAINS OR STRAINS,

there is no remedy to equal

**Dr. Scott's Liniment**

LARGE BOTTLE 25c.

## SECOND ROUND.

There were very few surprises today, the picked men winning with more or less ease. The match between the two Longwood players, I. C. Wright, a brother of the champion, and N. W. Niles, attracted considerable attention, and a much harder contest was anticipated, for Wright won in straight sets, 7-5, 6-4, 6-2.

W. A. Clothier won his way into the second round without difficulty in his match with H. A. MacKinnon of Providence, and H. H. Hackett of New York was also successful in his contest with G. T. Eames.

The feature tomorrow will be the challenge match in doubles, Hackett and Alexander playing the present title holders, Wright and Ward, at 11.30 on the exhibition courts.

## N. B. TOURNAMENT.

FREDERICTON, Aug. 21.—Following is the order of matches in the New Brunswick tennis tournament, which opens here at nine o'clock tomorrow morning:

**TO RESUME SEARCH  
FOR LOST CHILDREN**

**Moncton Men Will Go Back to Bayfield  
to Look for Creamer Tots.**

MONCTON, N. B., Aug. 21.—Constable C. H. Thomas and ex-Policeman Scott will return this week to Bayfield for another week's search in an effort to solve the Creamer mystery. Melvin Stevens, foreman of the I. C. R. freight shed, has placed at the disposal of Messrs. Scott and Thomas sufficient funds to pay their expenses at Bayfield for another week's search, and is confident in their ability to find the missing tots. Mr. Thomas laughs at the idea of the Woodstock hypnotist who claims that his subjects located the children while under his hypnotic influence. The hypnotist, it will be remembered, claimed that the children walked twelve miles in twelve days, while Mr. Thomas says that there are not twelve miles of woods in which they could walk, the woods being only five miles long.

**NEW TRANSCONTINENTAL  
TRAIN FOR THE C. P. R.**

**Will Be Made up Entirely of Sleepers  
and Will Make the Journey in 96 Hours**

MONTEAL, Aug. 21.—The Canadian Pacific authorities announced today that beginning with the arrival of the steamship Empress of Britain at Quebec on Aug. 31st, a new transcontinental train will be put on. The new train will be made up entirely of sleepers and will run from the wharf at Quebec to the wharf at Vancouver, where close connection will be made with the Empress sailing for the Orient once every three weeks. With the new service it will be possible for a passenger to leave London every three weeks and reach Hong Kong in thirty days, travelling all the way from Liverpool on the C. P. R. ships or train and making the journey with only two changes in five days better time than is possible by any other route. The new train will make a run between Quebec and Vancouver in 96 hours. The equipment will be the best the road possesses. The new service is the result of an arrangement made to carry the British mails, and it is expected that it will result in securing a very large proportion of the British travel to the East for the C. P. R. route.

**LATE SHIP NEWS**

**Domestic Ports.**  
HALIFAX, N. S., Aug. 21.—Ald. A. W. Perry, from Sydney, and sailed for Boston; steam yacht Emma, from Charlottetown for Bar Harbor.  
Sailed, German gunboat Panther, for Country Harbor, N. S.; str. Silvia, for St. John's, N. F.; Rosalind, for New York; Beta, for Boston; for Bermuda, Turks Island, Santiago and Jamaica; Hild, Jensen, for Pictou.

**SAL-LAX**

Short's Laxative or Pleasant Laxative Salts. The summer medicine, 25 cts., all druggists. C. K. SHORT, St. John, N. B.

**HOW THEY PROTECT  
FORESTS IN MAINE.**

**System of Mountain Stations  
Being Established,**

**From Which Fires are Located and Instructions Given for Extinguishing Them.**

(Bangor Commercial.)

The system of forest protection which is being maintained through the state land agent's office and the large timberland owners of the state is constantly being extended and made more valuable every year by the building of new mountain observatories. The observatories already located on Squaw mountain, Asten mountain, and Mt. Bigelow have been the means of saving millions of dollars worth of standing timber from being devoured by the forest fire.

These stations mentioned are located where they protect the timberland around the headquarters of the Kennebec river. They have already demonstrated their value and every one of them has a record of fires discovered and checked to their credit. They were started as an experiment, the first having been installed at Squaw mountain, a few miles from Greenville by William L. Langan of Waterville, and the Hollingsworth & Whitney Co. of Winslow.

The system is now being extended to take in the country east and north of Moosehead lake. To this end stations have been located on Spencer and Whitecap mountains. Spencer mountain is about ten miles from Spencer Bay on the east shore of Moosehead lake. The observatory is placed on the top of the mountain which is about 2,000 feet above the sea level. The man at this station has a view of about 20,000 acres of timberland in the Moosehead and Penobscot watersheds.

The station on Whitecap mountain, which is about ten miles north of Ketchikan Iron Works, was installed by J. L. Chapman of Milo. Whitecap is not so high as some of the other mountains on which stations are located but it rises abruptly out of a comparatively level sea of forest in the northeast corner of Bowdoin college grant in township 7 range 10 and the station commands a view of about 20,000 acres of timberland on the headquarters of the Penobscot and Kennebec.

**TELEPHONE CONNECTION.**

This station is connected by telephone with Charlie Randall's camp at Moosehead pond and from there connects with Greenville over the Moosehead Telephone Co. line. It was from this station that the fire on township 4 range 11, near Crawford pond, was discovered two weeks ago and reported to Greenville. A gang of men was sent to the fire and checked it. The high wind on Sunday, Aug. 13, started the fire again and the station reported it and sent a crew to fight it. The station is in charge of Emory G. Bell of Milo, who has a new little camp less than a mile from the top of the mountain, with a telephone in the camp and also near the highest peak. The topographical chart for the use of the man at the station was drawn by E. B. Crozier of Greenville. Next year it is expected that the station at Whitecap will be connected by telephone with Ketchikan Iron Works from which place men can be sent to a fire located by the station quicker than they could be sent from Greenville. These mountain observatories are becoming a great factor in the protection of the Maine forests. The expense of installing the stations is not great, averaging about \$750. All the stations are equipped with the most improved range-finders, and with a topographical chart of all the country that can be seen. If the man at the station sights the smoke of a forest fire on his territory he can locate its distance by means of his range-finders, and by means of his topographical chart where the fire is. When he telephones news of his discovery to the nearest point from which the men can be sent he can tell the man in charge of the fire fighters the location of the fire so closely that no time is lost in getting to it. There is still a vast expanse of valuable timberland in the state which is not protected by one of these stations but it seems as if the time is not far distant when every elevation commanding a view of forest country will be topped with a signal station for the discovery and location of forest fires.

**DOWIE AND VOLIVA  
MAKE PEACE.**

**Elijah Will Be Boss Prophet of Zion and  
Voliva Will Be Business Agent.**

CHICAGO, Aug. 21.—John Alexander Dowie and Wilbur Glenn Voliva have agreed to bury their differences and will unite in the government of Zion. By the terms of an agreement reached today Dowie will for the remainder of his life be the "First Apostle," while temporal affairs will be in the hands of Voliva.

Dowie will drop all attempts to get possession of the assets of Zion. He also agrees to support Voliva for the office of General Overseer at the election ordered by the court for next month.

In return Voliva and his followers promise that as soon as the office of general overseer is vested in Voliva he will proclaim his faith in the teachings of Dowie and acknowledge his supremacy in all matters pertaining to the church.

**MONCTON CHICKEN THIEVES  
WANT TRIAL BY JURY.**

**Made Their Choice Before Judge Wells  
Yesterday—Former Dorchester Boy  
Killed in Boston.**

DORCHESTER, N. B., Aug. 21.—Judge Wells was in Dorchester today and had the three prisoners recently rounded up by the police of Moncton for the alleged stealing of poultry and vegetables brought before him. He gave them the choice of a trial under the "speedy act" or by jury. In each case they elected to be tried by jury and were remanded to jail to await the September sitting of the court.

Charles Smith, a former Dorchester boy but of late a resident of Boston, was reported accidentally killed in that city today. The telegram announcing the affair did not give particulars. His stepmother, Mrs. John Smith, is a resident of Dorchester.

The Dorchester Woodworking Company, another new industry for Westmorland's shiretown, turned the first sod for their new buildings today. The proposed structure will be of brick.

**SITUATIONS VACANT—MALE**

TO LET—Unfurnished parlor, with or without board; centrally located. Address ROOMS, care Star Office. 21-2-6

**WAY DOWN EAST.**

Each dramatic season, there comes to the surface, renewed evidences of the superior merit of "Way Down East" through the failures of weak imitations that have been "boosted" by energetic press agents as another "Way Down East." This attempt to trade upon the reputation of Mr. Brady's great production—as elaborated and staged by Jos. R. Gisham—may be commended as sincere flattery—but the public are too well educated in a dramatic sense to accept an inferior article, as something "just as good."

"Way Down East" embodies all that is human and dramatic in rural life, also breathes the pure atmosphere of country life and being. Added to these a most efficient company that correctly voices the joys and sorrows of those presented to view and it follows as truthfully as the night the day. The public leave the play house in a satisfied and better frame of mind than when entering it.

Such a result is the acme of triumph and fixes at once the status of both play and author. It will be seen at the Opera House on August 21st, 23rd, 25th and 26th.

**PRICE OF TOMATOES**

**SOARS AWAY UP**

**St. Catherine's Dealers Gloomy Over the Continued Drought, and Fruit Will Be Scarce Soon.**

ST. CATHERINES, Aug. 21.—No rain has yet come to save the tomatoes, and growers on the market today were a gloomy lot. The loss of the tomato crop, which seems certain, owing to the rot and blight from the drought, means a great deal to them, practically the entire year's output in some cases. The dealers declared that judging by the way the canning factories are buying up the early tomatoes, something they never did before, it will send the price skyward in a very short time, and Eastern people will find themselves without tomatoes next week, probably, at least from the Niagara Peninsula, and here is where most of the country's supply grows. On the market today the price generally was twenty cents a basket, an advance of five cents. Those on sale showed the effect of the hot sun's rays, some being partly baked, while others showed rot.

"I think it is to late for even rain to save them," said one grower.

**FRESH MILK.**

Our milk and cream is cooled as soon as milked, by patent coolers, so that the animal heat is driven out at once, thereby improving the keeping qualities. We test all our milk and cream daily. Try some for whipping.

**MORE FALSE HAIR**  
**WORN BY WOMEN.**

And There is a Shortage in the Supply—  
France Furnishes Large Quantities.

**PARIS, Aug. 21.**—According to the *Revue* the human hair market, held annually at Limoges, this year shows a slight falling off in the amount of hair on sale. The chief sources of supply this year, as in previous ones, are Brittany, Auvergne and the central departments of France.

There was more than 1,000,000 (300,000) worth of hair on sale. One dealer alone, on the first day of the sale, purchased 42,000 (84,000) worth. The average price per kilogram was 8fr. (16fr.). Young girls in the districts where travellers for hair dealers make their rounds are perfectly well aware of the value of their hair and no longer consent to exchange it for a fachu or a box or two of three metres of muslin. The increase in the demand is explained by the fact that fashionable women wear more false hair than formerly. This is due to the development of automobile and the suppression of hats in theatres. The falling off in the supply is also due to various reasons. There is an ever increasing distaste on the part of the peasant girls of Auvergne, Brittany and Limoges to sacrifice their hair.

Another cause of the diminution of the supply is the suppression of convents. These were one of the main sources of supply. There is, however, no danger of a hair famine, as Italy could furnish much more hair than it does at present and China and the East furnish an inexhaustible field.

**HAD TO BE SEEN.**

"There's a man at the door, ma'am," began the maid. "I told you I was not at home to any more callers," said Mrs. McShuff, who was entertaining several society women upon whom she desired to make an impression. "But," the maid persisted, "this man says he's a collector, he's a bill collector, and he won't go away."

**SARCASM.**  
When sister wears her elbow glove  
Her little brother mocks,  
And calls attention to himself  
As wearing elbow socks.

**Bronchitis**  
The next time you meet your doctor, ask him his opinion of Ayer's Cherry Pectoral in cases of bronchitis. Then, when you have a hard cold in the chest, Doctors very generally endorse this. They know all about it. They prescribe it. We have no secret. We are proud. We are just these cases.

**ST. JOHN STAR.**  
ST. JOHN, N. B., AUG. 22, 1906.

**DODGING THE REFORM.**

A month or six weeks ago, an order was issued by the Railway Commissioners instructing all lines operating in Ontario to prepare new freight schedules which would put an end to unfair discrimination now existing. On the hearing of complaints made by shippers, it was shown that the freight rates from different points in Ontario, to the east, were higher than those charged for the haul from Chicago eastward. A Chicago merchant could land goods in St. John for less money than had to be paid by a shipper in London, Ont., though the latter distance is shorter by some hundreds of miles.

The order of the Railway Commissioners appears to have been so worded that the railways are finding a loophole. Instead of reducing charges as was desired, and as the commissioners no doubt intended should be done, the railways in Ontario are endeavoring to come to an agreement among themselves and with other lines, whereby the rates from Chicago and other western points shall be increased. In this way the profit will be on their side, while shippers will gain only in the doing away with unfair discrimination.

**YORK COUNTY LOAN.**

There is a prospect that the shareholders in the defunct York County Loan and Savings Company will receive at least a small portion of their investments. It is, however, noticeable that over thirty thousand persons who put money in the company care so little about it that they have not even taken the trouble to enter their claims. This has given the liquidators additional work and has undoubtedly delayed the winding up proceedings. In a recent report issued by the liquidators it is announced that certain real estate and securities have been disposed of to good advantage, that mortgages are now being collected and that vacant lands formerly owned by the company are being held in anticipation of increased values. No statement is made as to when any dividend may be expected as there is much work still to be done, but the hope is held out that shareholders will be better off than was at first expected.

**CANADA'S TRADE.**

In the report of Canada's trade for the fiscal year 1906, the following figures are of much interest. The imports from the United States and Great Britain were as follows:

**Fiscal Year, 1906.**

	Dutiable, Duty Free.
United States	\$82,238,694
Great Britain	\$84,200,167
Great Britain	\$82,746,623

**Total.** ... \$166,944,790

**Imports from** ... \$166,944,790

**Exports to** ... \$166,944,790

**Total.** ... \$166,944,790

**Exports to** ... \$166,944,790

**Total.** ... \$166,944,790

**FLYNN'S GOAT.**

A man named Flynn once had a goat that had a way, which said experience could not stay. Of butting in. His peculiar skin. Fate takes a special care, for any chance that might be found for butting in.

A goatly grin. However, always gets its pay. He found occasion now and then. For butting in. His peculiar skin. Fate takes a special care, for any chance that might be found for butting in.

Repeated sin. However, always gets its pay. He found occasion now and then. For butting in. His peculiar skin. Fate takes a special care, for any chance that might be found for butting in.

Poor Mr. Flynn. He goes down. No more he'll see. His Capitan put in capering glee. He butted in. And as he tells the tale he notes. His moral, warning men and goats. 'Gainst butting in.

**ON TERMINAL FACILITIES.**

A western railway magnate was induced by a friend while spending Sunday with him to attend service at a church the pastor of which is noted for the extreme length of his sermons. As the friends were waiting at the conclusion of the service, the Bostonian, with a touch of pride, inquired, "Dr. Blank is most eloquent minister, is he not?" "Very eloquent," was the dry response of the railroad man, "but he has poor terminal facilities."

**DANGEROUS WORDS.**

Mrs. Hornback, the widow of her husband, "Merry" makes alive! Here is an item about a surgeon, over at Biggarville, removing an epithelioma from a man's lip. "Merry" Hornback—"Well, I should judge it was about time for people to quit using such long words when it requires a doctor to get 'em out."

Cholly—Goodness, I've got such a cold in my head, you know, I'll have to call Knox down the next time I see him. Cholly—I—aw—don't understand. What? "Merry" Hornback—"Well, I should judge it was about time for people to quit using such long words when it requires a doctor to get 'em out."

**ANYTHING LIKE THE TROMBONE.**  
Mr. Gabbie (at seashore hotel).—"Mr. Stranges, the musician, while out on the rocks last evening slipped and broke his clavicle." "Mrs. Nutrich—"Oh dear, isn't that too bad! I so wanted to hear him play on it."

**MUST WALK HOME.**

An enthusiastic pigeon flyer one day took a pigeon in a bag to the Grand monument, intending to time its flight home. But when he took the bird out of the bag a policeman came up and said:—"What are you doing there?" "Getting ready to fly this pigeon," said the man. "You can't fly no pigeon here," said the policeman. "Why not?" "It's against the law—that's why not," said the policeman. "If you try to fly a pigeon here, you'll be in trouble."

**KNOW HIS BOOK.**

"Under what circumstances," asked the chief examiner, "would you call an attorney for a consultation?" "When I don't want the patient to see me on my own hands," promptly answered the medical student.

**A REAL CELEBRITY.**

The local pride of the natives of Cape Elizabeth, Maine, is so intense that it takes the attitude of pity for all who have the misfortune to dwell elsewhere. This is known to regular summer visitors, and by most of them is respected.

One rainy day a newcomer, who had joined the gathering at the store, composed of fishermen and summer visitors, ventured to enumerate some of the distinguished men who had come from Maine.

"There's Longfellow," he said, "and Hannibal Hamlin, and James O. Blaine, William Pitt Fessenden, Thomas B. Reed, and—"

Here an old fisherman looked up from his work of splicing grass blades, and broke in:—"Smart? Those fellows smart?" he questioned. "You just come down and see Josh Pillsbury skin fish!"

**ANOTHER NEGRO LYNCHED.**

TAMPA, Florida, Aug. 21.—While the Polk county authorities were bringing Will Lawrence, a negro, to Tampa last night, to prevent his being lynched, an infuriated mob at Mulberry, also in Polk county, hanged John Bapes, a negro, and rifled his body with bullets. Bapes attempted to kill Captain Hughes, a prominent white citizen. Lawrence was charged with an attempted criminal assault on a young white woman.

**SECY. WILSON INSPECTS OMAHA PACKING PLANTS.**

OMAHA, Neb., Aug. 21.—Secretary Wilson of the Department of Agriculture, unattended, arrived at a local hotel late last night and, after registering or disclosing his identity early this morning drove alone to the packing plants in cases of bronchitis. Then, when you have a hard cold in the chest, Doctors very generally endorse this. They know all about it. They prescribe it. We have no secret. We are proud. We are just these cases.

They know all about it. They prescribe it. We have no secret. We are proud. We are just these cases.

**ROYAL ARCANUM**  
**OFFICERS ELECTED.**

J. A. McQueen is Grand Regent—A Supper at White's Last Evening.

At yesterday afternoon's session of the Grand Council of Maritime Provinces Royal Arcanum, the following officers were elected: Grand Regent, J. A. McQueen. Grand Orator, Frank Power. Grand Secretary, J. P. Allison. Grand Treasurer, C. W. Burry. Grand Chaplain, C. H. McAndrew. Grand Guide, H. C. Martin. Grand Warden, Wm. Crove. Grand Scribe, C. A. McLennan. Grand Trustee, J. D. McKay. Grand Past Regent, F. L. Blair. The committees appointed for the ensuing year were: Committee on Laws—A. U. Charter. Committee on Finance—G. A. Kimball, H. D. Fawcett, S. J. Huston. State of the order—J. T. Faulkner, J. Albert Black, H. H. Schaefer.

Last evening the newly elected officers were installed, after which the St. John members entertained the visitors at White's restaurant.

The toast to the Royal Arcanum was responded to by A. C. Trip. Wilson Taylor next gave a short address. He laid stress upon the fraternal benefits of the order. The toast to the beneficiaries was responded to by Brothers Masters and Powers. During the dinner Harrison's orchestra played a fine programme. The St. John members entertained the visitors at White's restaurant.

ST. JOHN STAR, WEDNESDAY, AUGUST 22, 1906.

### COMMERCIAL

#### FALL RIVER'S GREAT PROFITS.

July Quarterly Dividends the Greatest Since July, 1900.

FALL RIVER, Mass., Aug. 21.—The quarterly dividends for the July quarter of the Fall River cotton mills show the largest amount distributed to stockholders in any quarter since July of 1900, at which time the Board City made a bond dividend of 50 per cent. The Union A. 75 per cent. dividend 60 per cent. in stock and 15 per cent. in cash and the Osborn A. 25 per cent. stock dividend.

At that time the regular cash dividends amounted to 1.75 per cent. on the capital. For the July quarter of this year the mills distributed \$307,375 in dividends on a capital of \$2,125,000, an average of 1.5 per cent. and in addition to this the Osborn mill paid a stock dividend of 50 per cent.

One year ago, or in July, 1905, the dividends amounted to \$217,500, so that stockholders have received nearly \$100,000 more in cash than they did at the corresponding time of the year. Compared with the last previous quarter the gain for the present quarter was about \$85,000, emphasizing the prosperous condition of the local cotton industry.

The list of non-dividend paying corporations has now been reduced to five—Barnaby, Hargrave, Luther, Parker and Seaboard. The cotton cloth has shown a profit for the last three months, and the mills paying dividends have shown profits greatly in excess of the dividend payments, unless it be those which the what might be called extra dividends.

\$300,000 IS SAID TO BE THE

POOL'S PROFIT

On the Tremendous Advance in Union Pacific Ry. Shares.

(Montreal Star.) According to some authorities, the "killing" in the stock market between Friday morning and today netted a direct of insiders close to \$200,000. Wall Street is wondering if Harrison himself took advantage of the fact that the market was already enormous fortune.

On the Saturday of losses and wins on paid capital of the Harriman pools attracted really more attention than the losses of the bears.

It was "execution" day for all of the remaining bears of the country, and some brokers estimated that \$50,000,000 would not pay the bill for the day. The Harriman pools began absorbing Union Pacific under 140 and Southern Pacific under 40.

"A rise in the former to 185 meant a possible 45 points profit on one of their holdings; a rise of 30 points in the latter to 81 meant three-fifths as much. If the pools could liquidate 70 per cent. of the above figures—say, on 300,000 shares each—it would mean a profit of \$10,000,000 for Union Pacific, and \$5,000,000 for Southern Pacific, or \$15,000,000 for the two pools. But this is a rough estimate, a very low estimate. It should be 50 per cent. more according to some."

BANK OF B. N. A. SURPLUS.

The directors of the Bank of British North America notify an interest dividend, payable on October 1, of 25 per cent. for the half-year ended June 30, carrying forward about \$200,000 to the new account.

JAPAN TO SEEK NEW LOAN.

Wants \$400,000,000 From England and America for Manchurian Enterprises.

LONDON, Aug. 21.—A despatch from Tokyo to the Telegraph says M. Takahashi, Vice-Governor of the Bank of Japan, is about to start for England and the United States for the purpose of negotiating a government loan of \$400,000,000 for Manchurian enterprises. If the circumstances are favorable he will also negotiate for the replacing of old loans by new ones at a lower rate of interest.

CANADIAN PACIFIC LEADS.

July Increase Topped List of All the Other Big Roads.

Canadian Pacific continues to lead all the other roads in point of increase. Here are the gains made by various roads for the month of July: Great Northern (two roads) 1,133,791; Northern Pacific 965,457; Great Northern and Ontario 776,017; Illinois Central 617,623; New York Central 533,924; Lake Shore & Michigan Southern 480,227; Southern Railway 377,021; Louisville & Nashville 347,343; Wabash 247,223; Cleveland, Cin. & C. 252,462; Minn., St. Paul & S. M. 251,798; Michigan Central 248,275; Pittsburgh & Lake Erie 246,190; Missouri, Kansas & Texas 221,623.

ANOTHER

CROP ESTIMATE.

TORONTO, Aug. 20.—Mr. John Aird, manager of the Winnipeg branch of the Canadian Bank of Commerce, has prepared an estimate of the crop yield of the three prairie provinces, which shows as follows:

Wheat, Barley, Oats.

Manitoba 5,689,203 14,227,260 46,238,440

Saskatchewan 29,296,278 1,238,190 21,699,420

Alberta 2,828,420 2,270,340 12,918,920

Estimated total, 1906—

Mr. Aird found it unusually difficult to come to a decision. The country is so large and the cultivated districts so scattered that the task of preparing an estimate is getting harder each succeeding year. There is also the ordinary fallow land, which is in the west to be contended with.

A detailed report submitted by Mr. Aird is as follows:

ALBERTA.

Yield.

Acres. per acre. Bushels.

Wheat 141,421 20 2,828,420

### TELEPHONE WAR ENDED

#### COMPANIES AMALGAMATE.

Central Gets Par Value for Its Stock—New Concern Will Be Known as the New Brunswick Telephone Co.

The presidents of the New Brunswick Telephone Company and the Central Telephone Company have agreed upon the terms of a merger of the companies subject to the approval of the directors and stockholders of the respective companies. This confirms exactly the exclusive report of the merger published in the Star this morning.

The Star learns upon unquestionable authority that the shareholders of each company enter the merger upon an even basis.

Each company has at present stock to the amount of about \$300,000 so that the capital stock of the combine will be about \$700,000, each side holding an equal share. It is estimated that this means a profit of about \$150,000 for the Central Company's shareholders, which is the difference between the present value of their stock and the par value at which it will be taken over.

The same of the combine is to be the New Brunswick Telephone Co. It will take about three weeks to complete the routine business of the merger.

The thermometer stood at 90 in Wolfville, 98 in Kentville and 100 in Port Williams. The oldest inhabitant never remembers anything to surpass this, as 90 is considered the limit here.

A pretty wedding took place on Wednesday at Berwick at the residence of Reuben Loomer, when his daughter, Miss Rena Loomer, was married to John Stewart of Annapolis by the Rev. H. How. They will reside at Los Angeles, Cal.

Mrs. Inglis, wife of the manager of the Royal Bank at Toronto, who has been visiting her sister, Miss William Stand, at Canning, has gone to St. John, where she is the guest of her sister, Miss Younger. She is accompanied by her niece, Miss Kathleen Rand.

E. J. Davison of Pines Altus, New Mexico, and wife are visiting old friends in the province. Mr. Davison is now in Wolfville, the guest of his parents, Mr. and Mrs. Robert Davison. Mrs. Davison was Miss Scott of Elm-dale.

Principal H. T. DeWolfe is occupying the pulpit of the First Baptist church at Halifax in the absence of the pastor, Rev. Mr. Waring, on his vacation. The Rev. Charles Stewart of Winnipeg has been the guest of Oscar Chase at Port Williams. He was accompanied by his friend, Prof. Laidlaw.

William Farrell and bride, who have been in Newfoundland, have returned to Kentville.

Rev. Mockett C. Higgins and Mrs. Higgins of Goldboro, Guysboro Co., are here for a few days on their way to attend the Baptist convention at Liverpool.

Dr. David Webster, a native of this country, now a successful practitioner in New York, is spending his vacation here.

Rev. A. H. Morse, Acadia '96, pastor of the First Baptist church, Brookline, New York, with Mrs. Morse, was here on his way to his old home at Bridgewater.

Mrs. Fowler of Winnipeg, formerly Mrs. Neley, well known here, is visiting at the home of W. P. Parker.

Mrs. Elliot, superintendent of the Provincial Sanatorium at Kentville, has gone to England, where she will visit some of the hospitals.

Rev. William Cox, a graduate of Kings College, Windsor, rector of a church at Washington, D. C., is visiting his old home at Canning.

Mrs. (Dr.) J. W. Miller of Canning has gone to Dorchester to visit her brother, George Payson.

Miss Sinclair of St. John is visiting friends in the valley.

Miss Bessie Redden of Campbellton is visiting her grandmother, Mrs. Geo. Eaton, at Canning.

E. Gordon Bill and bride of St. John, who will be their particular charge at the exhibition.

Sackville Tribune: Miss Nellie Thorne of St. John is the guest of Mrs. Joseph Thorne at Sackville.

St. John, is visiting at his old home, Forest and sons, of St. John, vers guests of Mrs. H. W. Palmer, Dorchester, on Sunday.

ASSYRIAN ASSAULT.

The case against Ella Sally, the young Assyrian charged with assaulting Mrs. Shannon, was resumed in the police court this morning. Policeman White testified as to meeting Sally on the street at 10:20 o'clock on the night of the alleged assault and the hat he wore then corresponded with the one that Mrs. Shannon said he had on when he assaulted her.

Sgt. Campbell told of making the arrest and of finding the brown hat in Sally's bedroom after the arrest. Sally said he knew nothing about the matter, but the woman identified him as the man, and said that he entered the house by the window.

Thomas Hatty testified that he rushed to Mrs. Shannon's rescue on hearing her cry for help. She told him that Sally had come in through the window of the house. Sally had been in the yard that night and wore a soft brown hat, as described by Mrs. Shannon.

Mr. Raymond, for the defense, cross-questioned the witness, and the latter denied that he knew that such a row had been previously arranged. Mr. Raymond then called on Florence McCallum, a witness for the defense. She said that she and her sister Alice were on their steps with the defendant and others until 10:20 o'clock, when he left and went into his own house a few yards away.

Alice McCallum gave the same evidence as her sister, and the case was adjourned until Friday morning.

FREDERICTON MAN

WAS FOUND DEAD.

(Special to the Star.)

FREDERICTON, N. B., Aug. 22.—Word was received here this morning that John O'Brien of this city was found dead on the Algonquin on Saturday last. O'Brien was a prominent bookkeeper for Robert Aitken on his farm drive. No particulars of the death have been received. Deceased was a son of Dennis O'Brien, Needham street, was 38 years of age, and leaves beside his family a brother, Archy. His mother passed away only a few weeks ago.

### WHY BUTTER-NUT BREAD

#### Is a boon to the Baker?

Because Butter-Nut Bread is intended to convert home bakers to bread buyers. The experience of large cities shows that not many such go back to home baking. The public requires variety however, and consequently, sooner or later try whatever good bread there is on the market, so every good baker benefits.

WARNING—The Genuine Butter-Nut Bread has a Blue Label, Beware of imitations.

SET APART A DAY FOR TEMPERANCE.

Dr. Chown Advocates an Earnest Appeal.

And Methodist Delegates Approve of Plan—Different Funds Apportioned.

The financial district meeting was again in session in the Methodist church, Fairville, this morning. Rev. T. Marshall presided. The meeting opened with usual devotional exercises. The question of apportionment of amounts to circuits for the different funds were brought up by the secretary and fixed as follows:

Circuits.

Queen Street . . . \$20 10 00 \$13 00

Centenary . . . 12 15 00 24 15

Exmouth street . . . 40 80 00 13 04

Portland . . . 24 00 00 10 24

Carlton . . . 12 00 00 6 00

Carmarthen . . . 12 00 00 8 89

Zion . . . 8 00 00 4 45

Fairville . . . 12 00 00 5 84

Courtenay Bay . . . 10 00 00 3 72

Sussex . . . 12 00 00 10 70

Newtown . . . 5 00 00 2 50

Apohaqui . . . 15 00 00 7 12

Springfield . . . 10 00 00 4 81

Hampton . . . 12 00 00 6 43

St. Martins . . . 5 00 00 1 97

Jerusalem . . . 12 00 00 6 66

Walsford . . . 12 00 00 5 84

Kingston . . . 10 00 00 2 10

Totals . . . \$387 45 \$84 00 \$140 58

A letter from S. D. Chown of Ontario was read. In this letter Mr. Chown strongly advocated the fighting of the liquor traffic. He thought that one Sunday should be set apart as Christian Citizenship day, and this day should be made a day when the ministers should all raise their voices against the liquor traffic.

A hearty and earnest discussion took place upon the question raised, and on motion the secretary was directed to have the matter referred to a committee to consider the same, and to assure Dr. Chown of the association's interest in the work of temperance and moral reform and their purpose to carry out as far as possible in their several circuits the suggestions made by him.

A committee was appointed to consider a plan and programme for a Citizens' Sunday for the district. Rev. G. A. Ross and J. Hunter White were appointed the committee.

DISPUTE ABOUT A BOAT.

Pilot Robert Thomas was in the police court this morning with a complaint that James Littlejohn has illegally taken his row boat, and that by its absence from Reed's Point wharf the pilot lost a chance to make \$25 in bringing a vessel into port. He claimed that since the death of his wife there has been a family difference, that Littlejohn, who is a stevedore, claims that the boat was given to him by his mother. The complainant claims that he owns the boat and Littlejohn claims that his mother paid for the claims that his mother paid for the boat and told him he could have it. He said his stepfather wished a boat and said the boat was ordered by his mother and said she was responsible for the pay.

The matter was allowed to stand for the present.

The ladies of the Women's Council intend to have a collection of pictures, china painting or fancy work to send in their exhibits as soon as possible. After the 25th of the month a responsible person will be on hand to receive them. It will be well to remind these exhibitors that in no case will goods be received without the exhibition fee, viz 25 cents for five places and under. Over five entries the fee will be 50 cents.

### Are Any of Your Children Going to School on Monday?

WE are prepared to supply every boy and girl in St. John with neatly shaped, cleanly finished, well made School Shoes. Bring or send the children to us.

Boys' School Boots, 80c. up to \$2.00

Girls' School Boots, \$1.00 up to \$1.75

Children's School Boots, 35c. up to \$1.35

Waterbury & Rising.

King Street. Union Street.

AUG. 22, 1906.

### NEW FALL STOCK OF HATS AND CAPS.

Our new fall stock of Hats and Caps are in and we have paid cash for the same and they are without question the best that cash can buy. We are not compelled to buy from any particular one, we picked what we considered the best and have received a big cash discount, and now we will give you the benefit of the same. Come in and see our stock before you buy elsewhere and we can assure you that you can save money.

PERSONALS

R. Jeff. Wheeler, of Brookville, and Frank Dayton, of Edmundton, were returned from Bermuda, where they have been spending some weeks. They were accompanied on their return by A. Wyman Doe, of Devonshire, Ber-muda, who is the guest of Mr. Wheeler.

Stewart McDougall of Montreal is visiting J. C. Belyea, Hazen street.

Miss Lucy Alexander of Campbellton is visiting friends in the city.

Alb. Lewis, of St. John, is in town, staying at Robert Logie's. Mr. Lewis is a Miramichi man, having formerly lived at Esquimaux, and will spend a few days on the river, visiting old friends—Chatham World.

Mrs. R. Lawton arrived from Boston yesterday morning to visit her daughter, Mrs. R. P. Foster, who is summing at Ragged Point.

Allan W. Sprague, who has been spending his vacation here and in Sackville, left last night for Matanzas, Cuba, where he is an accountant in the Royal Bank of Canada branch. He will be accompanied by Thomas Wood, another Royal Bank clerk. Mr. Sprague is a son of Rev. Dr. H. Sprague of Centenary Church.

J. Mcweeney, of Moncton, was a passenger on the Boston train Tuesday. He will take up the study of architecture with Neil Brodie.

R. St. John Freese, B.A., the U. N. B. Rhodes scholar, is visiting friends at Millidgeville. He leaves on Saturday to shoot at the D. R. A. meet in Ottawa.

Miss Annie K. Barney, of Dorchester, Mass., is visiting Miss Vivienne Palmer of Douglas avenue.

Miss Belle Fraser, who has been spending the summer with relatives here, left for home last night by the Calvin Austin.

Rev. Dr. I. H. LaFaire and his wife, also Wilbur LaFaire and Miss Gladys of Santiago, Chile, are guests of Dr. A. A. Stockton, M. P.

Rev. Robert Wright Trenbath, of Trenton N. J. is visiting Dr. A. A. Stockton, M. P.

Stanley Poole and Albert Godard have returned after a very pleasant and successful fishing trip to the Miramichi.

Mrs. Margaret Mercer, of Duluth (Minn.) is visiting her daughter, Mrs. Robert C. Weyman, 21 St. Andrews street. Mrs. Charles B. Nevers, of Hartford, (Conn.) is also visiting Mrs. Weyman.

Mrs. M. C. McPhillips and Miss McCrill, of Boston, are visiting Mrs. J. E. Toole, 48 Mecklenburg street.

Mrs. J. H. Pitts, her daughter, Mrs. C. E. Codd, and her son, Master Frank Pitts, are here from New York, the guests of Mr. Pitts' brother, James L. Lemon, West End.

### NORTH ONTARIO AS A NEW PROVINCE.

Movement on Foot Towards This End.

Lightning Storm Kills Three People—To Consider Dressed Meat Industry.

VICTORIA, B. C., Aug. 22.—Hon. B. Findlay, minister of agriculture for Alberta, is calling a convention of representatives from Alberta, British Columbia, Manitoba and Saskatchewan. They will meet in a few days at Calgary, to consider the cattle and dressed meat industry. Mr. Findlay feels that there is restriction of trade in the differences between the price paid stock raisers and the amount which the general public has to pay for dressed meat. Steps will be taken at this conference to overcome this.

SAULT STE MARIE, Ont., Aug. 22.—The holders of the meeting to consider the first definite steps towards the organization of Northern Ontario into a new province was taken here Monday evening. A meeting of some of the leading men of the district who are particularly interested in the movement, was held at the Algonquin Hotel. A committee of organization was appointed to work towards the desired end and by the forming of sub-committees and in other ways. It is composed of Major J. B. Gordon, of Sudbury, John McKay of Sault Ste Marie, and George Marks of Port Arthur. These are among the leading and most progressive of the district.

TORONTO, Aug. 22.—The electric storm that swept over Ontario caused the loss of three lives and the destruction of an enormous amount of property. The Ontario government's August report shows good crops of fall wheat, oats, barley and peas.

### PRESBYTERY HELD

### MEETING YESTERDAY.

Resignation of Rev. S. B. Hildes received—He Goes to Manitoba—Appointment of Elders

The St. John Presbytery met yesterday afternoon and nearly all of the St. John members were present.

The resignation of Rev. S. B. Hildes was received. He has resigned in order to accept an appointment as missionary at Edmonton, near Edmonton. He will sever his connection with his present charge after September 2nd.

Rev. Mr. Dickie of St. Stephen was appointed moderator pro tem of the St. John Presbytery, which he will attend in conjunction with his regular work.

Commissions for the following elders were received from different congregations in the Presbytery:

Chas. S. Everett, Greenock; Wm. Lamont, Glasgow; Daniel McMillan, New Brunswick; Stanley, Hector McKenzie, St. George; J. W. Baird, Chipman; John G. McLeod, St. James and Union; John Cruikshank, Carleton; H. A. White, Sussex; D. McLean, St. John; G. T. Blewett, St. Matthews; J. H. Marks, Moncton.

The next field meeting of the Natural History Society will be held on W. F. Burdett's grounds, Crouville, on Wednesday, 28th inst. The neighboring seashore on the east side of Courtenay Bay will afford interesting subjects for discourse, and one of the most pleasant outings of the season may well be anticipated.

**The order of the day** is the order renowned throughout the world, the one that has paid in sick benefits and funeral expenses \$20,000,000 in 25 years, the one that has today a membership total of 1,250,000 throughout the English-speaking world. If you join No. 7893 I. O. O. F. "MANCHESTER UNITY" you will at once feel a sense of security. Here are good reasons—

**BENEFITS.**

\$3.00 per week, during sickness, with free doctor and medicine.

\$50.00 on death of Member's wife.

\$100 on death of Member.

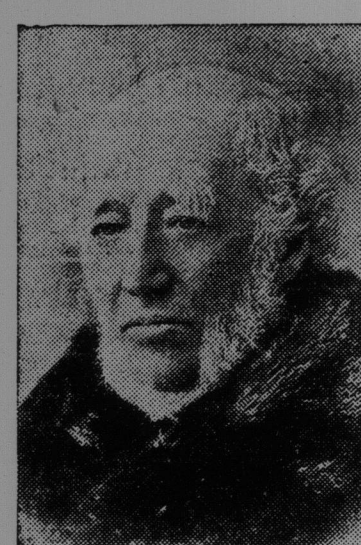

Write for particulars to H. NOAKES, Secretary, 154 Charlotte Street.

### CELEBRATED HIS

### 93rd BIRTHDAY.

Dr. William Bayard is in Good Health and Was Warmly Congratulated Yesterday

Dr. William Bayard yesterday celebrated his ninety-third year. The doctor's health is still good and he may be seen any day driving around town attending to his patients. He received many congratulations yesterday on his continued good health and many earnest wishes for many more years of usefulness.

DR. WILLIAM BAYARD.

Dr. Bayard received his degree of M. D. from the University of Edinburgh in 1837 and has thus completed sixty-nine years of active service.

A great amount of Dr. Bayard's time has been devoted to the benefit of the public. The St. John Hospital is a monument to his enterprise and until a couple of years ago he still retained the position of chairman of the board of hospital commissioners. Dr. Bayard has been connected with many other public works and for as long as the oldest of the citizens can remember he has ranked as one of the foremost medical men and citizens of the city.

A definition of the word advertisement: Business built—F. R. Miller, in Profitable Advertising.

### Ching Gee's Closed Account.

By SAMUEL P. HALDENSTEIN.

He said that he could easily give Ching Gee to understand that (Smith) had been called out of town, and he would order him to go ahead without him. The two then worked out plans for the assault, and the leader felt confident that six armed men could do the job.

Final arrangements were that Jeremiah Smith should give up all counterfeit money in his possession, which really meant that he should give up nearly all his fortune, for in good coin he had but three thousand dollars; also that he should depart the next morning, Saturday, for the West. He would not go down South.

The police were trying to settle accounts of his which had been contracted at various cities, and especially at Atlanta, where the department had sufficient evidence to convict him. He had reasons of his own for avoiding Canada and Mexico.

He had never been far West, and there he decided to go. For if he remained in or near New York after the capture had been effected, he knew that the Chinese secret societies would soon reckon with him.

The next Sunday morning found Jeremiah Smith half way across the continent. No. 90 Pell Street was surrounded, a raid made, and, needless to say, Ching Gee and the others were finally captured, but only after two of the attacking party had been severely injured.

The Chinamen were remanded without bail, and at the hearing of the case in the Federal Court each was quickly sentenced to five years' hard labor at Sing Sing, Ching Gee had immediately grasped the situation. He knew that the leader had turned traitor.

These facts spread like wildfire in Chinatown. Smith, "the white devil," as he now was called, was well known. Twenty years of hard labor and four Chinamen through the treachery of "the white devil," aroused the most intense excitement among the yellow men.

The secret societies met and deliberated. Jeremiah Smith, under the assumed name of Cyrus De Veale, had now lived some three years in Seattle, Washington. He had very little left of his three thousand dollars, and he sincerely wished that something else to "his decided advantage," this time in a pecuniary sense, would turn up. A thousand dollars a year, twelve dollars a week, was little money for such a man of leisure as Cyrus De Veale.

As Jeremiah Smith had spent triple that amount in an equal period, though at that time money could be had at the price of German silver. Today he was more or less under the eyes of the police.

Now that his money was gone he again thought of Ching Gee and the other three confederates who were working hard at Sing Sing. That made him think of Chinamen in general, and that, China—and that, Japan. And the conclusion at which he finally arrived was that he would go to Manchuria, via San Francisco.

He gave little thought to the fact that the western branches of the Chinese secret societies, with headquarters in that city, had been diligently looking for him for the past three years, and that he had only escaped them because of his partly assumed name. Cyrus De Veale sat gazing from the smoking-car window of the train that was taking him from Seattle to San Francisco. The more he became enraptured in contemplation of the scenery, the more he thought of Japan, Manchuria, and Corea—and adventure. So absorbed was he with these reflections that he did not notice the colored porter who from time to time passed through the car. The porter being a very busy man was too occupied to notice Cyrus De Veale, one of the very few not demanding his services.

### MEN DANCED WHILE

### SHIP WAS ASHORE

Captain of H. M. S. Dominion had All Hands Piped on Deck and Ordered Band to Play.

QUEBEC, Aug. 21.—It was about 8.30 on Thursday last that H. M. S. Dominion, a 2,000-ton gunboat, was anchored off the shore of the Gulf of St. Lawrence. The navigating officer mistook a light, which proved to have been caused by a bush fire for one of the South range lights. The ship struck two obstacles, over which she passed, and grounded on the third. The shocks were very heavy, so much so that Mrs. Kingsmill, the captain's wife, who had boarded the vessel at Halifax, was prostrated and had to be attended by the ship's doctor.

The captain immediately took the precaution of piping all hands on deck, the men with heavy bags containing their kits. For the double purpose of avoiding a panic and of assisting the ship off, the Dominion's hand was ordered to play a jig, and all hands danced to it, the effect being to jig the vessel off the rock with the assistance of her engines.

As some of the four compartments were making water, the ship's pumps were at once set at work, and it was found that even when floated they were able to keep well ahead of the leakage, which it is reported is at the rate of sixty thousand gallons an hour. An attempt was made to send down divers, but this was found to be impossible, owing to the tide. Most of the provisions on board were destroyed by salt water, and canned goods were served out until the ship's arrival here.

Ald. McGoldrick, chairman of the Board of Works, called a special meeting of the board for Thursday evening to consider the question of the depth of water at Sand Point and in connection with the removal of the Clark crib. In view of the differences in the statements of the director and the government engineer, it is expected that the board will favor getting an independent party to make soundings.

### Better Than Ever

New specially selected stock for the Exhibition is just beginning to come in. A great chance is offered for making a selection before the big show opens. Beautiful new designs in natural woods.

7 MARKET SQ., ST. JOHN.

### MINISTER OF RAILWAYS

### VISITING THE ISLAND.

CHARLOTTETOWN, P. E. I., Aug. 21.—Hon. H. R. Emmerson, minister of railways, Deputy Minister Butler and other officials, arrived here tonight and will remain on the Island till Saturday. On Thursday the minister will visit Montserrat, where he will attend a meeting of the Kings County Liberal Association. In an interview he said he hoped to add materially to the earning power of the I. C. R. and branches by the establishment of a motor car service on the short branch lines. Mr. Joughin has left for Europe to negotiate respecting the purchase of these cars in France.

The minister hoped that some enterprising industrial establishment will take up their manufacture in Canada. He expected five or six next spring. He will extend the service gradually if conditions permit. Riders are to be called at once for the construction of modern shops at Charlottetown.

### STAR FASHIONS.

OF SOFT FABRIC AND GRACEFUL LINES.

6735, 6736.—Very simple gowns seem most attractive when made up in the soft fabrics with which the manufacturer has so well supplied up at present. One of these is shown which is excellent for home development. The yoke of the waist is of fanciful stitching while the tucks which extend from it gives long lines and graceful ones to the front. This yoke might be made of an embroidered or tuck material or trimmed with a narrow soutache braid in design. The sleeves may be finished long or at the elbow and be as much or as little trimmed as desired. The skirt is one of unusual grace, with a deep pleated skirt to the knee, while the flares at the bottom is assisted by two deep nun tucks. Such a gown as this would be very economical and becoming of chills on a soft cashmere, one which has a small figure or dot to give it distinction. For the waist the pattern calls for 28 yards 27-inches wide, and for the skirt 6 1/2 yards of 58-inch material in the medium size.

Two pattern 5.—6735.—Sleeve, 32 to 40 inches bust measure. 6736.—Sleeve, 30 to 32 inches bust measure.

The price of these patterns is 20c, but either will be sent upon receipt of 10c.

## JEROME DECLARES WAR AGAINST TAMMANY HALL

Would Not Accept Support of Men of Chas. F. Murphy's Type—"Birds of a Feather Flock Together," He Said, when Referring to Murphy and William R. Hearst.

NEW YORK, Aug. 21.—A statement by Chas. F. Murphy today that he found no sentiment in Tammany Hall for District Attorney Jerome as a prospective candidate of the Democratic party for governor, but that on the contrary, he found plenty of sentiment for Wm. Randolph Hearst, brought a quick response from Mr. Jerome tonight. Mr. Murphy in his interview declared that Tammany delegation to Buffalo undoubtedly would be bound by the unit rule and that Tammany delegates usually were guided by the sentiment of the organization.

In a reply to Mr. Murphy given out tonight, District Attorney Jerome declared it was no surprise to him to find Murphy practically declaring for Hearst, and among other things he said: "Birds of a feather flock together," and when a person 'intellectually sterile, socially vulgar, and morally obtuse,' insults the decent people of the state, irrespective of party, by seeking the nomination of a political party by advancing dollars and not ideas, and by methods akin to those of the blackmailer, no thinking man could doubt where Murphy could be found.

## BOSTON AGAIN SUFFERING FROM HEAT

Yesterday Was One of the Warmest Days of the Year—Thermometer Was 110 in the Shade.

BOSTON, Aug. 19.—Another excessively hot Sunday was added today to the many already experienced in New England this season, tempting city people to seashore and mountain resorts, but the crowds could not wholly escape the heat. In Boston it was one of the hottest days of the year, though officials of the weather bureau at the top of the post office building said there had been days one or two degrees warmer. The official thermometer registered 92 degrees. Reliable instruments on Washington street recorded 110 degrees in the sun. It being a holiday, following people to rest from their work in the city, there were few promenaders.

## EMPEROR WILLIAM MAY VISIT CANADA

Told a New York Man that He Was Very Anxious to Come out and Visit the Folks on this Continent

LONDON, Aug. 19.—Emperor William of Germany has a very strong desire to visit America, and it is possible that he may see his way to do it moderately soon. He frankly talked of his longing to cross the Atlantic to Hermitian Ridge of New York, who a few days ago had the pleasure and honor of being received by him. There are two things that stimulate the Kaiser's longing. The one is political and the other personal. The political consideration that moves him is his anxiety to cultivate as much as possible friendly relations between his country and America. He seems to think that if he should spend a little time in the United States he would demonstrate his good feeling for that country and no doubt bring about an improvement in American regard for Germany.

## WARD H. PATTERSON TEACHING IN CALGARY.

Ward H. Patterson, of the Rotheray Collegiate Institute, N. B., was appointed to the position of mathematical and science master in the high school, made vacant by the resignation of Inspector Smith.

**MOONEY'S PERFECTION CREAM Sodas**

ST. JOHN'S, Nfld.

**To His Pleased Customers**  
The wise grocer studies his customers—knows their likes and dislikes—knows that his best trade want Mooney's Perfection Cream Sodas  
He lets them know that he has their favorite biscuits—and sees that they are not asked to buy something "just as good," which is NOT as good.  
Grocers who want to please their patrons always have Mooney's Perfection Cream Sodas. In popular lunch parlors—air-tight and moisture-proof.

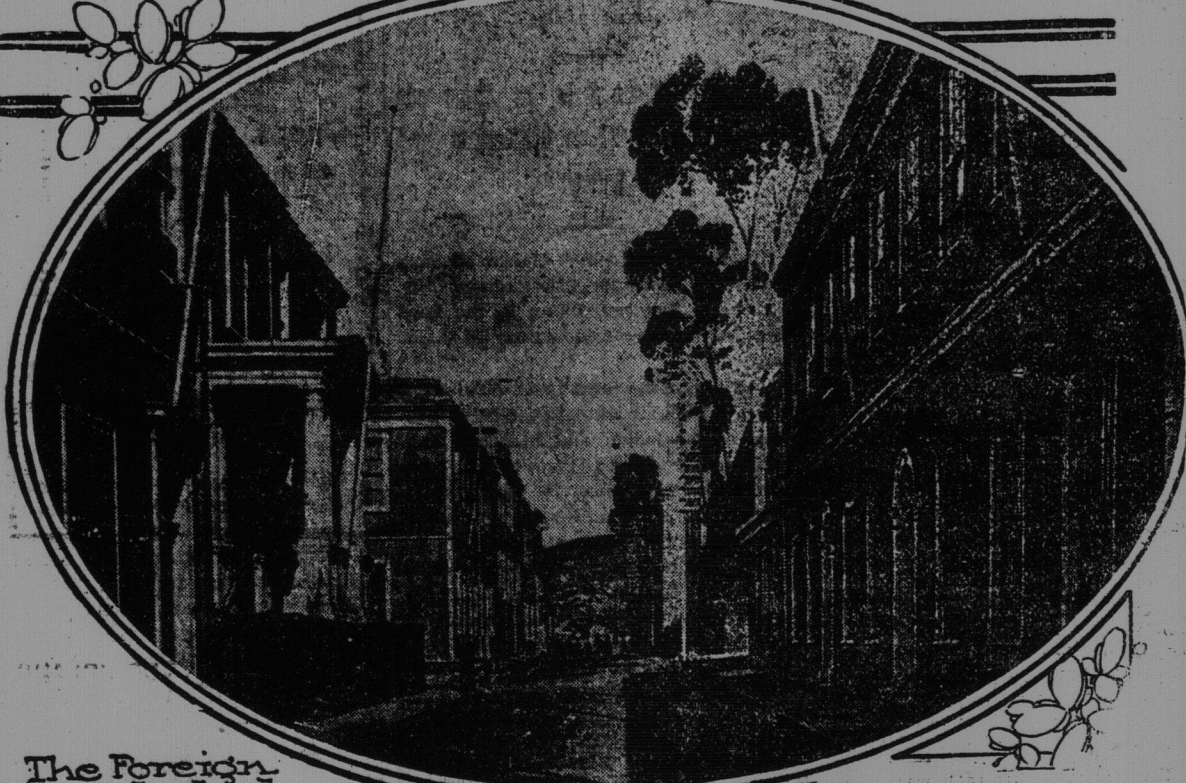

## CAUGHT A SHARK; BATHERS AFRAID.

NEW YORK, Aug. 20.—The people bathing at Seaside, Rockaway, on the Iron Pier, are frightened since the talk about the great number of sharks and sea serpents that had been seen there. The story came true yesterday, and a shark lookout was placed and efforts made to catch one, and yesterday one was caught by one of the hotel keepers, near the Iron Pier. His shouts were heard by the life savers and different men on the pier who were fishing, and among those that went to his aid were Isidor Goldman of 279 Seventh street and Sigmund Gottlieb of 87 Pitt street, this city, who were fishing on the pier at the time, and also a large crowd of people aided with the life savers, and they had quite a hard job to bring the shark ashore, which weighed a couple of hundred pounds, and it was brought ashore not until a few shots were fired into it and two oars broken. The bathers got frightened and left the water. Rumors were frequent all summer about sharks being seen near the Iron Pier, but this is the first one caught. Owners of the bathing establishments, and the hotel keepers tried to keep the matter quiet for fear that people might not go in bathing.

## MR. HYMAN MUCH INTERESTED IN ST. JOHN

OTTAWA, Ont., Aug. 21.—Hon. Charles Hyman, minister of public works, will probably visit St. John some time in September. Mr. Hyman, who is now on holidays, is greatly interested in the development of St. John as a port for winter shipping. He wants to see not only what is being done at St. John in the way of improvement, but also what will need to be done for the further development of the port.

## FAMINE THREATENS PEOPLE OF VALPARAISO

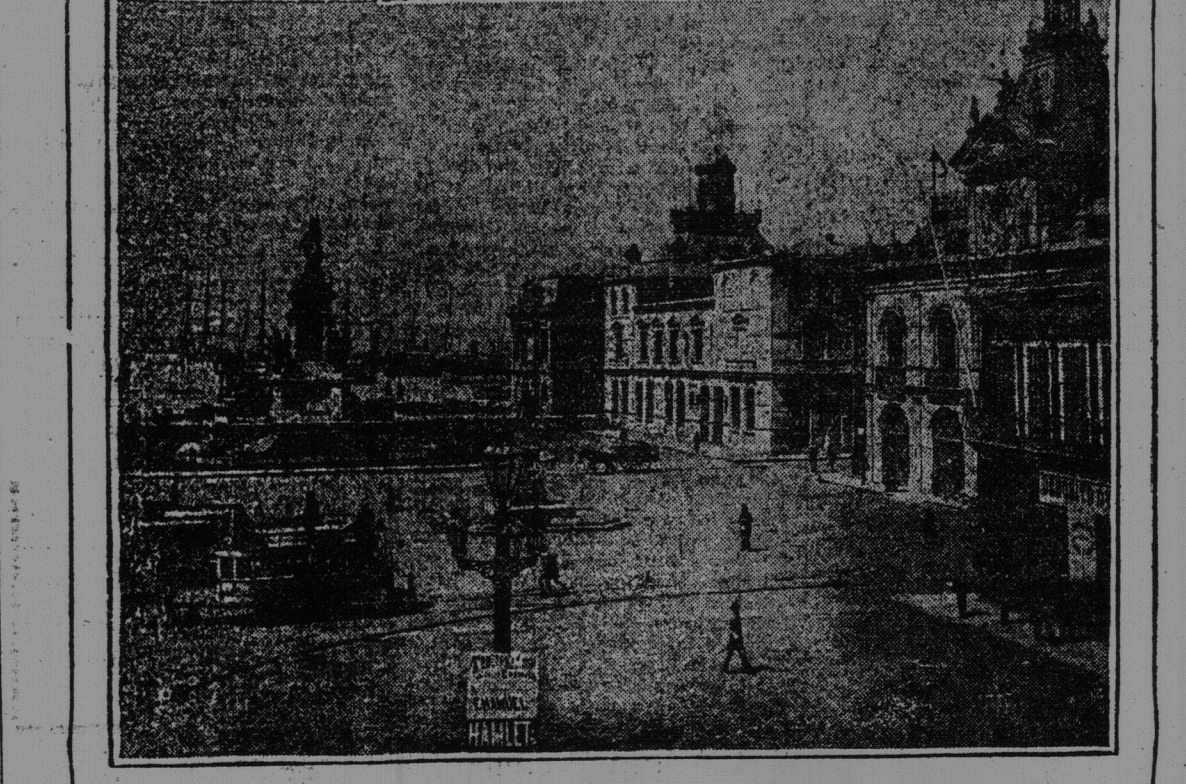

The Foreign Residential Section, Abasco Street on Concepcion Hall.

VALPARAISO, Aug. 21.—The loss of life by the earthquakes of Thursday, August 16, probably will not be short of 3,000, while the property destroyed is estimated at \$100,000,000 and possibly is far in excess of that sum. Order is being maintained with the utmost severity by the military, police and armed citizens patrols, who are empowered to shoot looters on the spot. The authorities are showing the utmost energy in the protection of property.

With the first terrible shock of the earthquake buildings collapsed, their walls falling with a tremendous noise. The inmates in many cases were unable to escape. The shock was followed almost immediately by a fierce storm, the wind prostrating walls that had been weakened by the earthquake, and these broke trolley wires, which flashed incessantly. The second shock was even heavier than the first. Five minutes afterwards fires started in every direction, and immediately the whole town, which had been momentarily in darkness, was illuminated with the lurid splendor of gigantic flames. The firemen made a desperate fight, though there was but little water, as most of the mains had been

broken by the earth tremor. The Victoria Theatre (opera house) and the Naval Club were utterly destroyed by the earthquake, and the theatre succumbed to earthquake and fire. The Club De Seftimbre, the church of La Merced, the buildings of the French Fathers, the Navy Department building, the city hall and many other buildings were destroyed by the earthquake. The destruction by fires, however, was infinitely larger and probably sixty per cent. of the commercial houses were totally ruined. In Brazil Avenue alone nearly 30 blocks of buildings from three to five stories were destroyed.

Solomayor Square on the Water Front.

NEW YORK, Aug. 21.—Two dispatches received today at the office of the Presbyterian Board of Foreign Missions, from representatives of the board of Chile, the dated Valparaiso, was as follows:

Buildings destroyed; missionaries safe. The other came from Santiago. It was as follows:

"Building and missions safe." The board has extensive interests in Santiago, including a large school.

## DRUG CONCERNS IN LEGAL MIXUP.

An interesting case which is occupying the attention of the equity court at the present time is a suit brought by the Canadian Drug Co., against the National Drug and Chemical Co., claiming that the defendant company had been making use of their name and that the National Co. had given orders at the post offices, including the post office in St. John, to get the mail coming to the office addressed to the Canadian Drug Co.

The mix-up results from the peculiar circumstances of the formation of the National Drug Co. When this company was formed it was stated that three St. John firms had been absorbed, The Barker Co., The McDiarmid Co. and Canadian Drug Co. Since that time the Canadian Drug Co. has again resumed business. The case came on in court yesterday and will be resumed again in a few days. The case will probably present some interesting features. C. T. Nevins, local manager of the Canadian Drug Co., said last night that he did not know such a case was pending and knew nothing whatever about it.

Yesterday in equity court A. P. Barnhill, K. C., of Barnhill, Ewing & Sandford, applied for an injunction restraining the National Drug Co. from continuing to use on their sign, their letter heads and otherwise the name of the Canadian Drug Co., or of any words by which it would be inferred that the National Drug Co. were the successors of the Canadian Drug Co., or were entitled to do business under that name. Also to restrain the National Drug Co. from continuing any orders to the mail of the Canadian Drug Co. Messrs. Barle and Bolyas on behalf of the National Drug Co. applied for time to answer by affidavit on the ground that their witnesses were at distant points in Canada and that they had been unable to arrange their defense within the time prescribed by the practice of the court.

## CONSERVATIVES OFFER TO SUPPORT FIELDING.

Will Endeavor to Have Him Elected by Acclamation.

LIVERPOOL, N. S., Aug. 21.—The leading Conservatives all over the constituency of Queens and Shelburne are signing a petition to Hon. W. S. Fielding asking him to continue to be their representative and not only pledge their support but also to secure his return and election by acclamation.

## DROWNED IN FREDERICTON ON EVE OF HIS WEDDING.

FREDERICTON, Aug. 21.—With his marriage license in his pocket, Charles P. Hewitson, son of the late Col. Hewitson of Doak Settlement, was drowned here this evening. He was to have been wedded tomorrow to Miss Dorcas Atherton, daughter of Charles Atherton of this city. The circumstances of the sad tragedy are mysterious. The drowning took place off the ill-fated Star Line wharf.

Miss Ladd, waitress of the steamer Victoria, was on the boat's deck shortly after ten o'clock, when she heard a splash, and looking down saw some one struggling in the water. The alarm was given and a boat put out. A hat was picked up and grasping was immediately proceeded with. In about twenty minutes the body of Hewitson was brought to the surface and placed on the steamer.

Dr. Geo. J. McNally had by this time arrived and every means were resorted to to resuscitate the man, but with no avail. It is thought that in the darkness he walked off of the wharf and met a watery grave. His watch was found to be stopped at 10:15.

The deceased was 42 years of age and is survived by his mother, three sisters and four brothers.

The great mass of retail buyers, in fact the public generally form their impressions of a business house from its advertisements. Jags-rhuber, in Textile American.

## SEVERAL BUILDINGS DESTROYED BY FOREST FIRES NEAR HAVELOCK

Rain Fell Up River and in Northern Part of the Province Last Night  
Doing Great Good—Barn Destroyed Near Harcourt.

HAVELOCK, Aug. 21.—This section of New Brunswick is literally drying up. Last summer was a dry one, but this is the driest that was ever known here.

Forest fires are raging on all sides, and having wiped up the woods are approaching the settlements and destroying fences, crops and farm buildings. On Sunday morning all the buildings and valuables belonging to Henry Morton of Morton road, at the upper end of Upper Ridge, were reduced to ashes, the inmates of the house just getting off with their lives.

The fire starting at or near Canaan road last week has worked its way through to Hicks Settlement and threatens to wipe it out of existence. The fire in Salem has crossed the Salem road and is making for Springhill and the farms along Canaan road.

White's Mountain is still raging in that vicinity. There is little or nothing left in the fire's wake, even the soil being consumed. The air is hot, smoky and filled with cinders. Last night and today people have been fighting the fire at Creek road, and tonight people are out there fighting fire and at Hickeyville and Canaan road. At Coru Ridge the drought is worse than any predecessor.

The farmers are turning their cows into their grain fields in many instances as the best method of getting returns. At the cheese factory here the milk last week fell off 1,000 pounds per day over the week before and augurs this week to fall 2,000 pounds daily below last week.

(Special to the Sun.)  
HARCOURT, Aug. 21.—Yesterday afternoon James McArthur's barn was destroyed by forest fires, and many buildings narrowly escaped. In several places the railway sleepers caught fire.

FREDERICTON, N. B., Aug. 21.—A heavy rain storm, accompanied by thunder and lightning, passed over the city between five and six. The fire in this vicinity must have been well drenched out.

CHATHAM, N. B., Aug. 21.—A heavy thunder storm, accompanied by thunder and lightning, passed over the city between five and six. The fire in this vicinity must have been well drenched out.

## SERIOUS FIRE AT HAILEYBURY, ONT.

Chief Portion of Business Section of the Town Wiped Out—Several Private Houses Burned.

## 1,000 DELEGATES AT BRITISH MEDICAL ASSOCIATION

TORONTO, Aug. 21.—The 74th annual meeting of the British Medical Association was opened in University Convention Hall this afternoon at two o'clock with eleven hundred delegates in attendance. It is expected the total attendance will be 1,000. The attendees walked in procession to the hall, where the retiring president, Dr. Geo. Cooper Franklin of London, delivered his valedictory. The induction of the new president, Dr. Ross Macdonald of Glasgow, followed. The Canadian and provincial welcome was delivered by Dr. L. Gov. Clark, while Dr. W. J. Coatsworth presented that of Toronto. Irving Cameron that of local reception committee, President MacPherson of the Canadian Medical Association, Dr. Reeve then delivered the presidential address. The retiring president and Sir Victor Horsley were elected vice-presidents of the association.

HAILEYBURY, Ont., Aug. 21.—By fire which broke out in a store near the post office last evening, almost the entire business portion of this town was wiped out. The damage is estimated at \$150,000, of which nearly two-thirds is covered by insurance. It was well after midnight when the first flames were noticed issuing from the butcher shop on Main street, about two blocks above the harbor. An alarm was at once given and the fire brigade, supplemented by the exertions of many hundreds of citizens, at once began to fight the flames. Owing to the extreme heat of the past couple of months the buildings, which are nearly all frame, were as dry as tinder, and it was not long before the flames rapidly spread along Main street, soon reached an intersection of Farrar street and thence to radiate north and west.

Assistance was sent for to New Lis-kard, but before any help could be received the fire had effectually blotted out the chief portion of Haileybury's business section and many of the city's tabernacle hotels, the Imperial Bank and Bank of Commerce, were destroyed.

## Quality of Circulation.

is an important consideration for the advertiser. So important that one paper can get as much price as another with double the circulation. Some papers force their circulation with premiums in sections where the people are very little interested from a news standpoint and simply subscribe to get the premium, in many cases refusing to make future payments. The percentage of that class of subscribers who will read your advertising is not so great, and their purchasing power is small.

The circulation of the STAR is a natural circulation. People buy it on its merits and read it. It is circulated mostly in the homes of the best buying class of people in the city.

When you think of it—the largest circulation in the radius you derive your business from and the best class—don't you think you should spend the larger portion of your appropriation with us?

Call up 25 and our solicitor will call and tell you about it.

### THE WEATHER

Forecasts—Moderate south and west winds, very warm, with local thunderstorms. Thursday, showery.  
Synopsis—Weather continues quite cool in the northwest provinces and decidedly warm in Ontario and the Maritime Provinces. Heavy rains have occurred in Southern Alberta and Saskatchewan. To Banks and American ports, moderate southwesterly, then variable winds. Sable Island reports S. W. winds, 24 miles an hour, with cloudy weather.

Local Weather Report at Noon.  
August 22.  
Highest temperature during last 24 hours, 66.  
Lowest temperature during last 24 hours, 56.  
Temperature at noon, 63.  
Humidity at noon, 59.  
Barometer readings at noon (sea level and 32 degrees Fah.), 29.92 inches.

Wind at noon—Direction, S. E.; velocity, 4 miles per hour.  
Same date last year, highest temperature, 60; lowest, 50; fog all day.

### LOCAL NEWS.

A quantity of cents can be had at the Star Counting Room.

DIDA.—The mysterious, mystifying creation of a woman out of nothing.

Wm. Hanley yesterday charged with assault on the little Baker girl was remanded for three days.

The marriage of Miss Blanche Dellsell (youngest daughter of Mr. Joseph Dellsell) to Mr. Roy Hendren, will take place next Tuesday evening, Aug. 23.

Subscriptions received during the past week towards the new Y. M. C. A. building fund amount to \$210 and the net proceeds from the sale of the Kennebecasis Chaiet amount to \$638.21.

School boys can get fitted out in good shape at the Union Clothing Co. Their stock is all the latest and their prices are the lowest. Watch for ad. in tomorrow's edition.

Tomorrow night at St. Andrews Rink after the tenth band there will be a one mile race open to any boy in the city, not over sixteen years of age, for a prize to be given by the management. Entries will be received at the manager's office at the rink up to Thursday noon, and as there will only be a limited number allowed to start, the first entries received will have the best chance to be among the starters. The final band will furnish music.

The Young Men's Society of St. Joseph's held a very successful picnic at Day's Landing yesterday. A number of sporting events were held and the winners were declared as follows: Edward Simpson won in the 100 yards dash; John O'Neill won the smoking contest; Miss Nagle won the ladies' race and in the married ladies' race Mrs. M. O'Hara was the winner; running broad jump, J. Kelher first; running step and jump won by Walter Harris. The fat man's race was awarded to John McDonald, and in the baseball match between married and single men the latter team won.

### BAILLIE-PENDER.

A quiet but pretty wedding took place this morning at the bride's home, Queen square, when Miss Ethel Pender, daughter of James Pender, was united in marriage to Charles W. Baillie, son of the well known tobacconist, Rev. A. A. Graham was the officiating clergyman. The bride and groom are both very popular, and this fact was shown by the large number of beautiful and costly presents sent to the happy couple.

Mr. and Mrs. Baillie left on the noon train for a trip to Upper Canada.

### CHANGE OF WIND SAVES PROPERTY.

Fire Danger at Westfield Over for the Present.

Taylor's Mill Was Threatened—Inglewood Company's Logs Burned Yesterday.

Much anxiety is felt around Westfield about the forest area which are raging a few miles from that place. Yesterday the wind was blowing from the southwest and had it continued from the same quarter the damage would probably have been very great, as the fire is now between Velvet, Deer Lake and Nelson Lake. A south wind would bring the flames right in towards Westfield and would consequently do much damage. It was also feared that Taylor's mill would be burned, as this is near the fire district, but on account of the change of the wind last night the danger has been averted for the present.

Yesterday a brood of logs belonging to the Inglewood Company was burned and it was feared that the company's camps would also go, but through the efforts of a large crew of men they were saved.

### THIS EVENING.

The Volunteer Organist at the Opera House.  
Meeting of J. S. Edwards Lodge, Manchester Unity, I. O. O. F.

### ANOTHER POSITION.

Miss Agnes McGloin, of the North End, has been selected by the employment bureau of the Carri Business University, Ltd., for the position of stenographer with D. K. McLaren.

### PROBATE OFFICIALS MUCH WORRIED.

Mr. Penalligan Enquires About His Will.

He Makes Frequent Calls on Judge and Registrar, But is Not Easy to Satisfy.

In the story of Black House, Dickens tells of a character who haunted the court of chancery, living in the hope that her case would some day be taken up.

In the probate court in St. John there is an individual who almost every day goes to the Judge and Registrar, and anxiously inquires if his will has been probated. This man is William A. Penalligan, of Winter street, formerly a collector, but who is now living on the money he has saved through years of work. Mr. Penalligan was probated in Judge Barker's chambers and with the utmost seriousness explained that some parties who were not friends of his had made a will for him, that they were about to probate this will and intended to take away his property. Judge Barker at first did not quite grasp the situation, but on enquiry saw that the man was laboring under a delusion. He endeavored to explain that no will could be probated while the testator was alive, and Mr. Penalligan with tears of joy left the office. But he came back again in ten minutes, and having evidently forgotten his first interview proceeded to tell the story over again.

Day after day, for several months, this man haunted Judge Barker's office, and not only that, but went to the Judge's home and hung around the garden for hours at a time waiting for a chance to plead that his will might not be probated. Finally Judge Barker thought that he could stand it no longer, but by a lucky chance about this time Mr. Penalligan was persuaded that he had been applying to the wrong man, and immediately turned to Judge Trueman, Judge of the probate court.

For two months or more he was at Judge Trueman's office every day. He goes there occasionally even yet, sometimes half a dozen times a day, and with many tears holds forth against those who would deprive him of his property. It is evident that Mr. Penalligan is a very nervous man, and his condition through worry. He is always good natured, but the one idea that he has in his mind is to have his will probated, crying pathetically while he does so, but whenever the explanation is made that it would be impossible for such probate to be granted, his good humor returns and he immediately thanks the officials for their kindness.

The strain was getting too much for Judge Trueman. A visitor like this coming several times each day was more than mortal man could bear, and Judge Trueman in an agony of spirit some two months ago informed Mr. Penalligan that he had been calling on the wrong man. He should have devoted his attention to C. J. Milligan, Registrar of probates, who kept all the records and would be able to give authentic information.

For nine weeks Mr. Milligan has been interviewed by Mr. Penalligan several times a day. On his first visit, Mr. Penalligan inquired seriously if the will of Wm. A. Penalligan had been admitted to probate. Mr. Milligan did not know the visitor and looked up the records. No such will could be found. He then enquired of the applicant whether he had given the name correctly and Mr. Penalligan explained that he certainly had, that he ought to know the correct name as it was his own and somebody had used it in a will they had made for him. This opened Mr. Milligan's eyes and he told Mr. Penalligan the law on the subject. He carefully pointed out that he had nothing to fear from any such action. Through his tears Mr. Penalligan thanked him and went away.

Mr. Milligan was scarcely seated at his desk before the man was back again having forgotten all about what he had just been told and being anxious to go over the same ground again. Since then he has been in the corridor leading to Mr. Milligan's office every day for hours at a time and is now regarded as one of the fixtures of the building. But Mr. Milligan is in despair. He finds himself unable to make any lasting impression on the man, and has come to the conclusion that he, as registrar of probates, is not the proper person to whom Mr. Penalligan should apply. He will, accordingly, refer him to St. P. Regan, on the occasion of his next visit.

Mr. Penalligan does not altogether confine his visits to the authorities named, but most of the lawyers in town are once in a while also favored with a call.

### Warning to Exhibition Visitors.

We are obliged each exhibition year to turn away hundreds who come to St. John for the sole purpose of having their teeth attended to, but who neglect the main object of their visit until a few days before returning home. We would therefore advise all to call early and avoid the usual rush so that they may not be compelled to return home disappointed at being unable to avail themselves of our SUPERIOR WORKMANSHIP AND ATTRACTIVE FEES. Parents should remember that the vacations are drawing rapidly to a close and that as they value the health and welfare of their own children and those of others they should see to it that their children's teeth are in proper condition. We can put their teeth in the condition they should be, without affording them any pain and we can do it reasonably. Call at once.  
Boston Dental Parlors, 527 Main St.

**A. GILMOUR,**  
68 King Street.  
Men's Clothing—To order and Ready to Wear.

### DISTRICT MEETING.

At yesterday afternoon's session of the district meeting of the Methodist church, Rev. Dr. Harris, president of the Nova Scotia conference gave an interesting talk on the work done in his province.

A communication was read from the secretary of the school of missions and it was resolved that the meeting favor holding a school of missions next summer.

The question of holding a summer camp meeting was discussed but no definite action taken. The secretary was authorized to prepare a report of the amount necessary from each circuit for the superintendence and general conference funds.

In the evening an open-air service was held and addresses were given by Rev. W. H. S. Spargo and Rev. G. A. Ross. The open-air meeting was followed by service in the church.

Ladies' New Fall Coats, 3-4 and 7-8 Lengths. Newest Style and Pattern in Tweed and Homespuns, \$8.50 to \$19.00

Ladies' Costumes made to order at short notice, \$12.00 to \$30.00.
