Yearbook Message - 1968

I extend to every student congratulations and best wishes at the end of another academic year. It has been one in which there have been very active discussions about the role of students in University affairs, the form of the curriculum and the organization of the University. In later years, some of you will be associated with this or some other universities either as members of the faculty, on the Board of Governors or even as administrators and you will look back to 1968 to assess what has taken place since you were at university. It is certain that everyone will be able to look back in 1978 and see that great changes had occurred, just as I can recall the extensive changes that have taken place in the last decade.

Most of those graduating this year will take their place in the communities, become taxpayers, and thus will have a direct interest in the extent of support to the University and the quality of education provided by it. As alumni of this university, you can play an important role in interpreting the university to people who have not had the advantages made available to you.

A handwritten signature in dark ink, appearing to read 'W. A. Riddell'. The signature is fluid and cursive, written in a professional style.

An Excuse?

This is it!! After a mere two and one-half years, the Student's Union has finally published this (priceless?) volume of activities and events for the years 1966-7 and 1967-8.

An explanation for the delay must be given. There was no editor for the year 1966-7. The 1967-8 editor quit in April of this year. The book was finally finished through the hard work of a number of individuals too numerous to mention.

Thanks, however, are in order to the publishers, D. W. Friesen and Sons Ltd. of Altona, Manitoba, for their undying patience.

SASKATCHEWAN
DEPARTMENT OF PUBLIC HEALTH

Saskatchewan IS the Land of Opportunity. If you're thinking of joining the C.Y.C. or C.U.S.O., consider also that you might already be living in the Promised Land. You can find challenges in either full-time or summer employment with the Saskatchewan Health Department. And you will find occasional frustration. But you will also find stimulating experience and substantial rewards. Opportunities occur in:

- PUBLIC HEALTH NURSES
- PSYCHIATRIC SOCIAL WORKERS
- NUTRITIONISTS
- PSYCHOLOGISTS
- HEALTH EDUCATORS
- EDUCATIONAL PSYCHOLOGISTS
- ADMINISTRATORS

We're making health a way of life.

Write the Director of Personnel and Training, Provincial Health Building, Regina, Sask. He can also tell you about our generous bursary programs.
