

MUCH TIME WASTED BY PUGSLEY

Continued from Page One.

The house went into committee on this resolution, when Hon. Dr. Roche explained that it would be advisable to get a report showing the unsettled lands within easy access of the rail-roads available for settlement for returned soldiers. He also proposed to amend the resolution so to increase the loans to returned soldiers to \$2,500 instead of \$2,000 and make the terms of repayment 20 years instead of 15.

Hon. Dr. Roche said the Canadian legislation was broader than that of any of the other Dominions which only extended to their own expeditionary forces, while Canada's act extended to anyone who fought with the British forces.

Hon. Dr. Pugsley declared that this was not doing much for the returned soldier and he considered the C. P. R. policy of ready made farms and assisted settlers much better. This developed into something like a squabble with Mr. Middleboro who finally accused Hon. Dr. Pugsley of stating something he knew to be untrue. The latter at once sat down and appealed to the chairman for rulings on this. Mr. Middleboro had to withdraw his remark.

Resolution Adopted. When the discussion was concluded the resolution was carried as amended and the bill then introduced and given first reading. Before the house rose at six o'clock third reading was given to Hon. Mr. Doherty's amendments to the Supreme Court and Exchequer Court acts which remove the disadvantage hitherto suffered by persons suing the Crown for damages due to the negligence of employes on public works. Up to the present it has been necessary for the individual to prove that he was injured or his property damaged "while on a public work" and that out a person suffering injury simply because he happened to be a few feet away from a public work.

Continued from Page One. Our regiments began to leave. Major General Prince Gargan, commander of the military district, perceiving that the situation was critical, at once moved forward a battalion of the 10th Cavalry, commanded by Major Second Captain Burleigh, which had recently arrived in this district. This battalion conducted an energetic attack. Simultaneously General Prince Gargan threw troops into the attack on both flanks, advancing infantry and cavalry regiments of Dagnesian and Canadians on the right, the 10th Cavalry and natives rushed forward in a furious onslaught, carrying with them also the Russian regiment which had retired. The general assault soon changed the situation in our favor. The advancing enemy fled in disorderly fashion and our former position was restored brilliantly. The work of the artillery of this command contributed decisively to the success.

WEDDINGS. Wallace-Beedford. On Thursday, June 28 in Holy Trinity Church, St. Martins, Margaret May Beedford of St. Martins, was united in marriage to Joseph Wallace of Waterford. Rev. F. J. Leroy, rector of St.

KEEPS BABY'S SKIN HEALTHY. WHAT is so beautiful as the soft, rosy, delicate skin of the baby. And yet baby's skin is so tender and so easily chafed and irritated that it must have care and consideration. It is a fine habit for mothers to have Dr. Chase's Ointment at hand for after the bath by its soothing, healing influence it soon allays the inflammation, brings relief and comfort, and prevents the development of eczema, for eczema is the natural result of neglected skin irritation.

Dr. Chase's Ointment. 60c a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

GERMAN CROWN PRINCE DEFEATED AT VERDUN

NEW PAINTING OF THE GERMAN CROWN PRINCE

Martins, officiated, the witnesses being Miss A. Sewell of Waterford and Mr. Mitchell of Waterford. After the ceremony the newly married couple motored to Waterford, Kings Co., where they will reside.

Langroth-Saunders. A very pretty wedding was solemnized in Trinity church, Hammond River, July 8, when Miss Mabel R. Saunders was united in marriage to Mr. Charles Langroth, also of Hammond River. The bride was daintily dressed in white tulle trimmed with a veil and carried a bouquet of bridal roses. Miss Dorothy Dodge, her niece, was flower girl. The happy couple left that evening by auto for a trip through Nova Scotia.

Mrs. Harvey Wilbur. New Horton, N. B., July 20.—Many will learn with regret of the death of Mrs. Harvey Wilbur, which occurred at her home in Harvey, Albert Co., June 28th. She leaves six children, a sorrowing husband and six children, the youngest being only eight weeks old. Besides her husband and family she leaves a sister, Mrs. Willard Wilbur, of New Horton, and three brothers living in the States. Mrs. Wilbur was thirty-three years of age and was held in high esteem for her many relatives and friends. Her early death is a sad blow to her husband and little family. Interment was made in Bay View cemetery.

CASUALTIES. MOUNTED. Ottawa, July 20.—Wounded. J. Miller, St. John, N. B. INFANTRY. Killed in action. Sentell, Salisbury, N. B. J. P. Hannington, Woodstock, N. B. H. White, St. John, N. B. E. Gallant, St. Timothy, P. E. I. A. Boyd, Yarmouth, N. S. W. A. Milner, Amherst, N. S. E. D. Brown, Amherst, N. S.

McADAM. McAdam, July 18.—Mr. and Mrs. Walter Burden, of Fredericton, spent last week with Mrs. Geo. Green at her cottage "Wildwood" on Lake Waukebagan. Mrs. Duplisse, of Fredericton, J. C. is the next of her daughter, Mrs. B. Jordan. The Misses Ruth and Helen Butler, of Calais, Me., are visiting friends here.

Mrs. Inez Merereau, of Montreal, is spending her vacation with Miss Mabel McDonald. Mrs. W. C. Gaylor is visiting her mother in Florenceville. Nursing Matron Williams, of the Military Hospital and Nursing Matron Burns, of the Park's Convalescent Home, St. John, were guests of Mrs. J. B. Johnston last week.

The ladies of the Red Cross held a food sale last Saturday to raise funds for the wounded soldiers of France. Miss Ruth and Miss Helen Green are visiting friends in Modicon and Sussex. Mrs. J. B. Johnston and Miss Miller spent Tuesday in St. Stephen. The Orange Lodge held their annual picnic the 13th on the Athletic grounds. A number of other lodges were represented and the parade headed by the brass band was a very pleasing part of the programme. The usual sports were on the grounds and every feature was well patronized.

The many friends of Miss Ethel Cleland are pleased to hear she is recovering from her recent severe illness. Mrs. Boyd Boone is spending a few days with her parents at Brockway. Mr. and Mrs. W. Murray motored to Harvey on Sunday. Mr. P. Estabrook, manager of the Bank of Nova Scotia spent the week-end with friends at Oak Bay. Mrs. Guy McCroon visited friends in St. Andrews last week. Mrs. Condon, of Boston, is spending the summer with her "niece," Mrs. Chester Mason.

Chatham, July 19.—The bodies of Albert Sear and Abraham Patrick, recently drowned, were recovered today, having presumably risen to the surface. There was no inquest, relatives asking that none be held.

PICCADILLY CIRCUS IS TODAY'S ATTRACTION

Grand Bay Will Be Mecca for Pleasure Seekers—Veterans Are Hosts

All roads today will lead to the Piccadilly circus at Grand Bay, under the auspices of the Great War Veterans' Association, assisted by the Rotary Club and the young ladies of Grand Bay and Pandemic. This will be the big event of the season in the amusement line and every person attending can rest assured that nothing will be left undone to give them a good time or to remove all the surplus cash they may have in their possession. The picnic will be taken care of by the Rotary Club, which is but another way of saying that all the attractions will be of a first class order and something doing all the time, as their ability in this line is well known and they have the experience of three years behind them. There will be twenty-three booths and wheels of fortune innumerable to keep the crowd in good humor and at the same time put money in the coffers of the association. One of St. John's best known entertainers has organized a minstrel troupe for the day and "bones" has some good ones for those patronizing the performance.

A special feature will be a German music-box, which was captured in a raid on the German trenches by the Canadians at St. Eloi. This music box was sent to Toronto and has been loaned to the veterans here for a short time. It plays six German musical selections. For those who like thrills there will be provided a "slide for life" which will thrill the most hardened first nighter. For those who like to trip the "light fantastic" a platform has been erected and music will be provided. The young ladies of Grand Bay and Pandemic have undertaken to look after the wants of the hungry, and most of them are graduates of the St. John's School of Domestic Science, who have been trained to cook and sew. Preparations have been made to give every person a good time, and if any in attendance do not enjoy themselves they should consult a doctor.

Campobello, July 17.—The following is a copy of a letter received from Major Peakes by relatives at Wilson's Beach, Campobello, from France concerning Harry Tinker, killed in action, and in whose memory memorial service was held in the church here by Rev. F. A. Currier recently: To S. Tinker, Esq.: Wilson's Beach, Charlottetown, N. B. Dear Sir.—It is with deep regret that I am writing to you today to offer you my sincere sympathy to you over the loss of your son, Harry Tinker, killed in action yesterday. Before this reaches you I am sure you will have had the official wire from Ottawa and his company commander I feel that I must let you know how much we shall all miss your son. There never was a better nor braver soldier than he and without exception both officers and men thought the world of him. His death occurred on Vimy Ridge,

being caused by German shell fire, while he was on a working party. Your son was killed at once, and I am sure died without suffering pain. Any small personal belongings that he may have will be collected and sent to you in due course of time. His body is to be buried this afternoon and for this will be taken back behind the lines. On behalf of all his relatives our sympathy, and may God make his noble sacrifice as easy as possible for you to bear. I remain, Yours sincerely, G. T. PEAKES, Major, 6th C. M. R's.

DIED. COWAN.—On July 20th, at his residence, 23, Cliff Road, Toronto, Mrs. H. S. Cowan, formerly of St. John.

New York, July 19.—An indictment charging neglect of duty, in connection with the investigation into the murder of Ruth Cruger, by Alfred Cochran was returned today against Detective John Lagarens by the grand jury proving the alleged police department's inefficiency in handling of the case. Lagarens was immediately placed under arrest.

ST. GEORGE WINS OVER EASTPORT

Special to The Standard. St. George, July 20.—St. George today added another game to the season's record of hitting and winning in consecutive games when Dow shot a hit over shortstop bringing Dadds home from second in the tenth inning, making the Boynton High School team of Eastport bow to St. George to the tune of 2 to 1. The boys from the Maine city with a good record behind them had the advantage in size only. Dow held them to 7 hits and struck out 10 men while Turner who twirled the pill for Eastport allowed 9 hits and struck out 4 men. The battery for St. George was Dow and Campbell and for Eastport Turner and Kemp. Great credit was given Dow by the fans of both sides. St. George would like to hear from any semi-professional or high school team in professional or high school team in arranging games. Any correspondence will be greatly appreciated by Capt. W. A. Dadds of this team.

The line-up is as follows: St. George—Doyle, 1b.; McVicar, c.; Reynolds, s.; Johnston, r. f.; Dadds, 3b.; Dow, p.; Williamson, 2b.; Doss, 1f.; Campbell, c. Eastport—McShane, 2b.; Sheehan, v. s.; Logan, 1b.; Turner, p.; Spear, 3b.; Baker, 1f.; H. Kemp, r. f.; Flaherty, c.; R. Kemp, c. Time one hour 55 minutes. Umpire Arthur Jordan. Attendance, 400.

SKIN SUFFERERS. You will sigh with relief at the first magic touch of D. D. D. the soothing wash of oils. Many of our customers thank us for this advice. You will try D. D. D. today. We guarantee it. D. D. D. The Liquid Wash. DIED. CLINTON BROWN, druggist, St. John.

LONDON, July 20.—Commenting on the speech of Chancellor Michaelis, Lord Robert Cecil, minister of blockade, said today: "In the first place, it is a definite rejection of the formula of no annexations or indemnities. Secondly, the speech is a complete victory for the Junkers, a complete defeat for the democratic parties. To me it seems that the chancellor was astonishingly frank. He makes it clear as crystal that the Germans intend to carry on the war with the same old object, the same old methods. It is well for us of the Entente that we should know how the facts actually stand, and thus the speech undoubtedly will be of service. It is perhaps better to deal with a frank man like the new chancellor than with Dr. Von Bethmann-Hollweg, who always cast a veil of hypocrisy around what militarist Prussia really intended doing."

Lord Robert Cecil So Regards Address of Chancellor Michaelis.

COPENHAGEN, July 20.—Dr. Michaelis, the new imperial German chancellor, in his address to the Reichstag on Thursday afternoon declared his intention to Germany's submarine campaign, asserting it to be a lawful measure justifiably adopted and adapted for shortening the war. Dr. Michaelis opened his speech with a hearty tribute to Dr. Von Bethmann-Hollweg, the retiring imperial chancellor, whose work he said history would appreciate.

SAYS GERMANY NOT TO BLAME. The chancellor declared that the war was forced upon unwilling Germany by the Russian mobilization and the submarine war was also forced upon Germany by Great Britain's illegal blockade starvation war. The faint hope that America at the head of the neutrals, would check Great Britain's illegality, he said, was vain. Germany's final attempt to avoid the extremity by a peace offer failed, and the submarine war was also forced upon Germany by Great Britain's illegal blockade starvation war. The faint hope that America at the head of the neutrals, would check Great Britain's illegality, he said, was vain. Germany's final attempt to avoid the extremity by a peace offer failed, and the submarine war was also forced upon Germany by Great Britain's illegal blockade starvation war.

Would Welcome Peace. In regard to peace, Chancellor Michaelis said: "The burning question in our hearts, however, is how much we would welcome peace."

SHIRTS FOR MEN TO BE COOL IN

—These are the days when a man should have plenty of shirts, to feel cool and to look comfortable. The shirt comes into unusual prominence, during the season when a man takes liberties with his vest. The diplomatic man wears shirts so refined and handsome that they preclude apologies. Here are abundant kinds of shirts for the man of good taste who is a conservative spender. Here is ample provision for the man whose purse-strings are looser. Prices, \$1 to \$5.

Gilmour's, 68 King St. Open Friday Evenings; Close Saturdays 1 p. m., June, July and August.

DECLARES GERMANY WILL CONTINUE TO HOLD OUT

CHANCELLOR MICHAELIS SAYS GERMANY WILL MAKE NO PEACE OFFER, BUT WILL CONTINUE WAR

In First Address to Reichstag He Upholds Country in All Its Acts and Places Blame for World Struggle on Great Britain

CHANCELLOR MORE OF BOURBON THAN EVEN DR. VON BETHMANN - HOLLWEG Is Staunch Upholder of Kaiserism and all His Murderous and Inhuman Methods of Warfare - Admits Food Conditions Bad

Copenhagen, July 20.—Dr. Michaelis, the new Imperial German chancellor, in his address to the Reichstag on Thursday afternoon declared his adherence to Germany's submarine campaign, asserting it to be a lawful measure justifiably adopted and adapted for shortening the war.

Dr. Michaelis opened his speech with a hearty tribute to Dr. Von Bethmann-Hollweg, the retiring imperial chancellor, whose work he said history would appreciate.

The chancellor declared that the war was forced upon unwilling Germany by the Russian mobilization and the submarine war was also forced upon Germany by Great Britain's illegal blockade starvation war.

"The faint hope that America at the head of the neutrals, would check Great Britain's illegality, he said, was vain, Germany's final attempt to avoid the extremity by a peace offer failed, and the submarine campaign was adopted. The submarines, he continued, had done all and more than had been expected and the false prophets who had predicted the end of the war at a definite time had done a disservice to the fatherland."

"Peace must offer the foundation of a lasting conciliation of nations," he said. "It must," he continued, "be expressed in your resolution prevent nations from being plunged into further enmity through economic blockade and provide a safeguard that the league in arms of our opponents does not develop into an economic offensive alliance against us. These aims may be attained within the limits of your resolution as I interpret it." (Cheers.)

75 NEWFOUNDLAND MEN, BELIEVED TO BE DEAD, ALIVE

Relatives at Home Had Gone into Black Garb for Missing Ones.

St. Johns, Nfld. July 20.—Official messages from London today report that seventy-five Newfoundland soldiers, previously reported missing and the families of whom had abandoned them as dead, had gone into black garb on that account, are prisoners of war at Limburg, Germany.

WHEN YOUR COLOR FADES

When a girl—or a woman—finds her color fading, when her cheeks and lips grow pale, and she gets short of breath, when her heart palpitates, when she is unable to sleep, or under the least exertion, it means that she is suffering from anaemia and backache, frequently accompanied by nervousness and nervousness is often present.

LIGHTNING DOES DAMAGE IN YORK

Barns Burned, Crops Beaten Down and Mills Hit

Fredericton, July 20.—B. A. Banks, who occupies the site of the former farm near Nashua village, met with a heavy loss yesterday afternoon, when lightning set fire to his barns and destroyed three of them. The loss is about \$2,500 with insurance on some of the buildings Mr. Banks also lost the contents of the barns.

Miss Mary DeLisle, a guest of Mrs. Frank Coleman, Point du Chene.

Mr. H. C. Hocken, Mrs. Hocken, Miss Edith Hocken, and Miss Light, left this week for Toronto this week.

Mr. James Edward, of the G.T.R., Ottawa, accompanied by Mrs. Edward and family arrived in the city this week, enroute to their summer home in Brule.

Master Lee Harris, who has been spending his holidays in the city, left this week for his home in St. John.

Mr. G. Schurman of Summerside, was in the city this week.

Mrs. Herbert Steeves, left this week, accompanied by her son Bryon, for Detroit, Mich. to visit Mrs. Steeves' sister, Mrs. B. Richmond.

Miss Margaret Dupuch, of Louisbourg, is in the city, the guest of Mr. G. W. Lambie, Botsford street.

Mr. and Mrs. F. W. Sumner, left this week on a trip to Fredericton.

Mr. Otto Hatfield and Miss Lucy Hatfield, of Port Greenville, N. S., were in the city this week.

F. C. Coombs, of the Canadian Bank of Commerce, St. John, and Mrs. Coombs were recent guests of Mr. and Mrs. Y. C. Coombs.

Dr. R. M. Carnwath and L. H. Martin, of Riversdale, motored to the city this week.

Dr. Oswald Lezare, Aurele Gaudet, Mrs. (Dr.) J. A. Gaudet, Misses Hermanson and Corinne Gaudet, of St. Joseph, motored to Moncton, this week.

General Manager Hayes, is in Ottawa, on his business trip.

Mr. Eric H. W. Elkington, of Duncan, B. C., is the guest of Dr. and Mrs. E. B. Chandler.

Mr. C. L. Jones and family of Sunny Beach, motored to the Rocks last week.

Dr. E. B. Chandler, and party, motored to Alberton in the wagon and Mrs. J. F. Purdy, has returned from a trip to Shediac, where he has been spending a short time with his family at their summer home.

Mrs. T. C. Edgett, of this city, is spending some time with friends in the Campobello.

Anaemia—Lack of Iron—Is Greatest Curse To Health and Beauty of American Women

Says Dr. Ferdinand King, New York Physician and Medical Author

Any Woman Who Tires Easily, is Nervous or Irritable, or Looks Pale, Haggard and Worn, Should Have Her Blood Examined for Iron Deficiency.

Administration of Nuxated Iron Will Increase the Strength and Endurance of Weak, Nervous, Careworn Women 100 Per Cent in Two Weeks' Time in Many Instances.

THE CHILDS APPEAL

"As I have said a hundred times over organic iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run-down, instead of dosing themselves with habit-forming drugs, stimulants and alcoholic beverages, I am convinced that in this way they could ward off disease, preventing it becoming organized, gripping, and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by a lack of iron in the blood."

On account of the peculiar nature of woman, and the great strain placed upon her system at certain periods, she requires iron much more than man to help make up for the loss. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking. Just as a plant trying to grow in a soil deficient in iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired.

"There can be no healthy, beautiful, rosy cheeked woman without iron," says Dr. Ferdinand King, a New York Physician and Medical Author. "In my recent work on the blood, I have seen many serious consequences of iron deficiency in the blood of American women."

Mr. J. H. Mills and daughter, Hazel, of Alma, are spending a few weeks with relatives in Sussex.

Mr. Roy Keith, who was in Halifax a few days this week, has returned home.

Mrs. Herbert McArthur and little daughter arrived from Montreal last Saturday and are guests of Mrs. DeBoo.

A very pretty home wedding took place on Tuesday afternoon, July 11, when Miss Nellie J. Sinnott, daughter of Mr. and Mrs. H. E. Sinnott, of Moncton, was united in matrimony to Mr. J. A. Gaudet, of St. John.

Mrs. George MacDonnell and son, Harry, returned from a week at Crawford Lake entertaining friends.

Mrs. George MacDonnell, Mrs. Monroe and two children, left last week for their summer cottage at Brown's Plain, St. John River.

Mr. C. D. White and children motored from Shediac and spent a few days in Sussex this week.

Mr. J. J. Daly and Miss Della left on Thursday for Fredericton where they will be guests of Mr. and Mrs. H. H. Hanson.

Messrs. George H. Dryden, W. Clark Elliott, Felix Byrne, Sterling Moffatt, Harry Kellen, William Flanagan and Harley McArthur left for Hampton on Saturday last to embark on the yacht "Fleet" for a week's cruise on the St. John river.

Mr. Atwater Smith, of New York, and Mrs. Ken Schofield and daughter, Mrs. Atwater, are guests at Spruce Lodge.

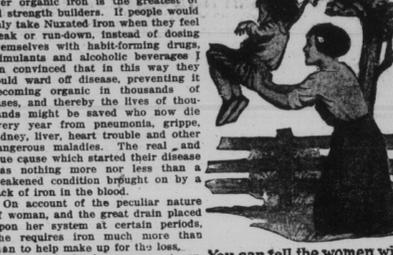

Messrs. J. D. Miller, F. D. Henderson and H. Holton, prominent business men of Boston, Mass., are guests of Hon. Edwin McKnight at Spruce Lodge.

Mrs. J. H. Mills and daughter, Hazel, of Alma, are spending a few weeks with relatives in Sussex.

Mr. Roy Keith, who was in Halifax a few days this week, has returned home.

Mrs. Herbert McArthur and little daughter arrived from Montreal last Saturday and are guests of Mrs. DeBoo.

A very pretty home wedding took place on Tuesday afternoon, July 11, when Miss Nellie J. Sinnott, daughter of Mr. and Mrs. H. E. Sinnott, of Moncton, was united in matrimony to Mr. J. A. Gaudet, of St. John.

Mother, why don't you take NUXATED IRON and be strong and well and have nice rosy cheeks instead of being so nervous and irritable all the time and looking so haggard and old? The doctor gave some to Susie Smith's mother and she was worse off than you are and now she looks just fine

Dr. Ferdinand King, New York Physician and Medical Author, tells physicians that they should prescribe more organic iron—Nuxated Iron—for their patients. "Says anaemia—iron deficiency—is the greatest curse to the health, strength, vitality and beauty of modern American Women—Sounds warning against use of metallic iron which may injure the teeth, corrode the stomach and do far more harm than good; advises use of only Nuxated Iron."

"Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your blood by using some form of organic iron, just as you would down people who were sitting all the time in your bed, and whose endurance and entirely rid themselves wonderfully effective remedy."

NOTE—Nuxated Iron, which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine or secret remedy, but one which is well known to druggists and whose iron contents are widely prescribed by eminent physicians both in Europe and America. Unlike the old-fashioned iron products it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100.00 on any charitable institution if they cannot take any man or woman under whose care they have no serious organic trouble. They also offer to refund your cent or over in your weekly time, provided they have no serious organic trouble. It is dispensed in this city by Wason's Drug Store and all good druggists.

Stewards Wanted

For the newly commissioned ships of the Canadian Naval Patrol

Must be capable of looking after messing arrangements of officers mess and small ships company.

\$1.50 A DAY, free food, lodgings and kit, and \$25.00 monthly to dependents.

Stewards rank as petty officers.

This is an opportunity to qualified men for responsible service to their country during the war. A few vacancies also for boys seventeen and ship's officer.

NAVAL TRANSPORT OFFICER, 85 Prince William Street, or to the Department of the Naval Service, Ottawa.

MOTTO: "KINDLY DEEDS MAKE HAPPY LIVES"

Uncle Dick's Chat With the Children My Dear Kiddies-- You may remember that during the winter, I wrote you with regard to the care of birds, and suggesting that you might help to look after them when the snow was thick on the ground and they were unable to get their usual food.

of the land said that he must go to school until he was fourteen, it could not make him study or give up any time during the rest of the day. So he delighted his leisure and did just as much as he could.

It was a holiday. The houses were trimmed with red, white and blue. The Union Jack was flying from the schoolhouse and the town hall. Every one was out to see the parade pass by.

There was once a boy who thought that he could have the best time in the world if only he did not have to go to school. The birds and the squirrels played all day. Why must he sit on a hard wooden seat and work?

There was once a boy who thought that he could have the best time in the world if only he did not have to go to school. The birds and the squirrels played all day. Why must he sit on a hard wooden seat and work?

CONDUCTED BY UNCLE DICK.

HOW HE DID HIS "BIT"

There was once a little boy named Philip who knew just what his country had done for him. His mother had told him how to use his eyes to see the beautiful buildings of the City.

It was a holiday. The houses were trimmed with red, white and blue. The Union Jack was flying from the schoolhouse and the town hall. Every one was out to see the parade pass by.

There was once a boy who thought that he could have the best time in the world if only he did not have to go to school. The birds and the squirrels played all day. Why must he sit on a hard wooden seat and work?

ARE YOU ENTERING THE SPECIAL CONTESTS

gave him an extra nickel whenever he brought home perfect papers in arithmetic for three days in succession. Guy was clever with figures, but he was apt to be careless.

"Have you got a decent ball? Look at this," and Billy held up a shapely ball from which some bits of string were flying. "Aunt Polly thinks she knows a lot about balls. She bought this at a cheap store yesterday. Isn't it a beauty, and now Bob Nichol's nine has challenged ours to play after school."

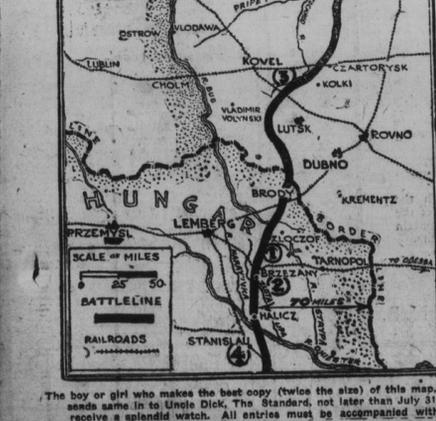

"I wish I had," replied Guy ruefully. "I haven't a notion what I can do about it," he added as a bright idea struck him. "There's a league ball at old Barbours that costs only a dollar. I've got seventy-five cents and I'll borrow the rest from mother."

Just then there was a sound of tramping and shouting. Some water splashed on his face, and he could hear footsteps running up the stairs. Another moment and two strong arms picked him up and he was being carried down the stairs.

There was once a boy who thought that he could have the best time in the world if only he did not have to go to school. The birds and the squirrels played all day. Why must he sit on a hard wooden seat and work?

NEWS AND COMMENT FROM THE FINANCIAL WORLD

"There is nothing sure but death and taxes."
You can overcome the tax nuisance to a large extent by investing in Tax Exempt Securities.
There are a number of such issues on the market, but the investment, par excellence, is:

Province of New Brunswick

5% BONDS

Due 1st August, 1937
At a discount of 2 per cent.

The whole credit of the whole Province is behind this issue.
The Bonds are exempt from all local or provincial taxes in the Province of New Brunswick.
The investment will pay you over 5 p. c. plus whatever taxes you save by holding it.
The money will be used to improve the highways and bridges.
Denominations \$500 and \$1,000 each.

ANTHRACITE COAL NOT LIKELY TO BE CHEAPER

Some Possibility of Decline in Soft Coal—Steel Products Continue Firm and Uncertain.

In its summary of the iron, steel, metal and machinery markets for the week, Canadian Machinery and Manufacturing News, Toronto, makes the following observations:
There has been as yet no marked change in the coal situation, although an improvement is looked for within the next few months. "There appears to be some possibility of a decline in the price of soft coal, but not in anthracite. Prices of steel products continue firm, but there have not been so many advances this week.
The situation in the steel trade is somewhat uncertain and developments in the United States are being watched closely. A tentative agreement has been made at Washington between the government and the steel interests. But no definite prices have yet been fixed. The main point of interest is the probable effect of the pending decision on prices of steel to private consumers. In the meantime buying is being restricted to more urgent requirements.
The situation in the pig-iron market is very similar to that in the steel market, and consumers are generally waiting developments. Quotations on domestic foundry irons are still withdrawn.

STEEL STOCKS GAIN 2 OR 3

Share Market Dull Affair, But Prices As a Rule Stronger in Afternoon.

New York, July 20.—Such changes as occurred during today's dull stock market session probably resulted from the evident desire of the short interest to cover commitments over the week-end.
There was no substantial change from prevailing professional characteristics, and little in the way of surface developments to sway sentiment in either direction.
Call money advanced at 4 1/2 per cent. but was in abundant supply at 3 1/2 and over 3 per cent. As loans held over till next week, today's rate was accepted as foreshadowing market improvement in tomorrow's bank statement.
United States Steel and affiliated stocks, including the war issue, continued to advance, to the day's turnover of 485,000 shares, at gains of 1 1/2 to almost 3 points.
Shipping also participated in fair measure, but motors and utilities held back, and rails were negligible.
Highest quotations were registered in the final hour, coppers, Texas Company, Fertilizers and secondary specialties featuring the activity of that period.
Bonds were irregular on limited operations. Liberty three halves ranged from 99 1/2 to 99 3/4 on numerous small transactions. Total sales of bonds, par value, aggregated \$1,775,000.
United States bonds were unchanged on call, except Panama coupon 9's which rose 5 per cent.

GENERAL ELECTRIC IS IN DEMAND IN NEW ENGLAND

Continuation of Wall Street Tactics of Past Few Days Generally Expected by Brokers

(McDOUGALL & COWANS.)
New York, July 20.—A good small lot investment demand is reported for new offerings. The demand for General Electric is particularly noticeable. Seasoned dividend shares are being taken by real investors, says one of the leading investment bankers. Interest in the street is in some quarters of the street a large increase in New York surplus bank reserves is expected this week or next. Readjustments to new loan requirements are progressing and the industrial list is near a conclusion according to gossip in banking offices where bullish sentiment is confined to rails. Leading interests in the financial district are taking the position that the high price level for commodities should be reduced in the near future. A continuation of the tactics of the last day or two is expected in the market. Good buying appears in eastern rails and equipments during recessions. Steel and copper continue to reflect readjustment in moderate volume. The technical position of the industrial list is materially improved and may influence covering by the bears which sold stocks on expectation of a peace speech by the new German chancellor, who, this morning, is reported as strongly advocating war and a continuance of the ruthless submarine policy.

MONTREAL QUOTATIONS SHOW LITTLE CHANGE

General Conditions in Canadian Securities Practically the Same—Bell Telephone Weaker

Special to The Standard.
Montreal, July 20.—General conditions in Canadian security markets were but little changed today. In one or two directions there were some offerings of stocks, but these were absorbed for the most part without material change in quotations. Canadian Traction, the most active issue of the day, was offered down more than a point from the close of Thursday, but met a steady demand at 23, upwards of 500 shares being absorbed at that price and the final bid at 30 was unchanged for the day. Similarly Steel of Canada, which was offered down sharply to 54 on Thursday, found a very fair demand at 52 1/2 and closed 52 1/2 bid or only 1/4 below closing bid of the previous day. Transactions footed up about 500 shares and the more active trading suggested breaking a deadlock of some days standing.

The volume of business was very light elsewhere and for the most part a slightly improved tone at the close. Seasoned dividend shares were bid up to 26 1/2 at close, most of the few odd lots on the rise, while Locomotive, after selling unchanged at 22 1/2, closed at 23 1/2, bid against 61 on Thursday.

Bell Telephone, which has been sagging under light offerings recently was weaker.

Detroit continued to show some strength, closing 1/4 higher at 109 1/2 bid after selling at 109 1/4 to 109 1/2 in small lots.

Bonds were dull. The third war loan was the most active issue and sold unchanged at 95 for board lots, with small lots 1/4 higher.

LONDON EXCHANGE NOT AFFECTED BY SPEECH

Market Paid No Attention to Address of Chancellor Michellis, and Continued Firm.

Special to The Standard.
London, July 20.—Chancellor Michellis' speech in the Reichstag had no effect on the stock market today and the market showed no falling off from its recent firmness. A steady demand existed for gilt edge securities, especially allied bonds, while rubber shares were firm on strength of the commodity. The more favorable news from Russia was discounted and Russian issues were quiet.

Argentine Bonds and shipping shares advanced. American securities were dull. Money and discount rates ruled easy. The monetary discussion of the next war loan is regarded as premature, but it seems probable that the chancellor of the exchequer will ultimately be persuaded to try the experiment of a premium bond issue carrying low interest with graduated prizes selected by drawings. There is a general agitation in favor of the plan. The outstanding fact regarding the present financing arrangements is that the war loan at its present quotation is at par, hence small sales of the latter and the suggestions that interest on the exchequer be raised.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H. M. The King TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

WHAT DOES LAURIER THINK TODAY?

"If Germany wins, nothing else on God's earth matters." The words quoted were used by Sir Wilfrid Laurier a year ago, when he voiced his objection to a war-time election. Today, Sir Wilfrid is found as the leader of the political party which has strained every effort to bring about the contest and the turmoil which, a year ago, he deplored. What has happened in the past twelve months to change his opinion? Does he still think that "if Germany wins, nothing else on God's earth matters?" And if he holds to that view, what is he doing to keep Germany from winning? Today the terrible struggle in France is at its climax. Germany, like the sorely wounded beast, is fighting more fiercely, more desperately than ever. The Canadian casualties are as heavy as they were and the reinforcements for our boys at the front are not coming forward in sufficient numbers to repair the wastage. With the hope of improving conditions Sir Robert Borden introduced a measure calling for compulsory military service. Sir Wilfrid Laurier opposed it with all his admitted power, all his political craft. In this situation the Liberal leader has discovered that there is something else besides Prussian victory that matters. No longer does he look at the trenches in Flanders. His attention is fixed upon the polling booths in Quebec. And though it will hinder the working out of the measure designed to bring aid to the boys at the front, although it will paralyze our military activity, although it will bring strife and discord where there should be harmony and united effort, Canada is to have a war-time election. And it is Laurier and his anti-conscriptionist racialists who forced the issue, who took the attitude that will promote strife, that will keep from Canada's fighting men the aid they so sorely require. "If Germany wins, nothing else on God's earth matters." The measure that a great majority of Canadians believe will help to keep Germany from winning will be the real issue in the coming campaign, and Laurier opposes it. That issue must be kept clearly before the people. It is simply the question whether this Canadian democracy shall continue to do its best for the Empire and for the world, or cease its activity at the demand of Laurier and those for whom he speaks. Laurier has challenged Canada's sustained effort in this war, and the people who desire that this country shall continue to do its utmost, the people who do not share the idea that our men at the front should be deserted or betrayed must know exactly what the opposition is to the Government's plan and where that opposition comes from. When there is a proper and complete understanding of these things, as there will be before the campaign closes, there can be no mistaking the verdict of the people. Laurier's own words of a year ago condemn his action today. "If Germany wins, nothing else on God's earth matters."

THE TIMES AND THE ROADS.

The esteemed Times is genuinely distressed over the unreasonableness of some people who think it is the duty of the provincial Public Works Department to improve the wretched condition of the roads of the province. It declares that complaints against the condition of the highways have been made, not because they are justly, but in the hope of creating political capital against the Carter government. "Friends of the government," it says, should not "become over-anxious to have money hastily spent for temporary repairs." Certainly not. What right has any long suffering farmer who happens to be a Carterite to ask the government headed by his friends to fix a bad road? It should be sufficient for him that his friends are in power and if, because of their neglect, the roads are bad, why should he be unreasonable about it? What is a little thing like a bad road that it should come between a man and his friends? And besides, he should not feel slighted for the fact of road patrol is not the only bad piece in the province. He has company in his misery. In fact the Times admits that there are so many bad pieces that, to repair them, it would be easy to spend an immense amount of money that would have to be spent over again year after year with out giving the province good roads,"—so there. That is the sort of job the Carter government intends to make of the roads, an occasion for annual expenditure without any good result. But the Times says there should be no demand for temporary road repairs "in order that the government may go ahead with as large a programme as possible of road road work of permanent value." Evidently, then, the government has a permanent road policy, a revelation that will prove a genuine surprise to most of the people who have occasion to travel over the roads of the province. But there is to be no undue haste in bringing it out. In fact Mr. Veniot's apologist points to the fact that he has "four years" in which to perfect it, and while the people may be dissatisfied now they will be well pleased at the expiration of that term.

on them. As the Times says, "if the people who use the roads had the right idea they would regard a little work of this kind as a public service which could do them no harm and do the general public much good." Certainly. Hon. Mr. Veniot and his staff should not be bothered about matters of the sort, if the roads are bad the people can do one of two things,—put up with them or fix them. But they have no right to complain, or to importune the government. The very thought of such a thing is preposterous. The Times' defense of the government is ingenious but, we fear, unconvincing. The people who used the roads in this province last year and travelled over them again this year can realize without the assistance of that newspaper how much worse they are than at any time since 1908. And they also know who is responsible. They know that Hon. B. F. Smith had the only practical policy for permanent roads, which policy the Carter government refused to follow, although the Times, in its hints at the patrol system, indicates that eventually they may take it up. If the government of Hon. Mr. Smith was a member had been returned in the last election that policy would have been well underway, and by this time we should have had better roads and fewer complaints.

HOOVER'S ADVICE.

Hoover, of the U. S. A., has issued the following suggestions for the saving of food and fuel. While addressed to the people of the United States, they are equally applicable to Canada. Their adoption will help to win the war against Germany, and besides may save us from an enforced stringency later on:

Save the Wheat—One wheelless meal a day. Use corn, oatmeal, rye, or barley bread and non-wheat breakfast foods. Order bread twenty-four hours in advance so your baker will not bake beyond his needs. Cut the loaf on the table and only as required. Use stale bread for cooking, toast, etc. Eat less cake and pastry. Save the Meat—Beef, mutton, or pork not more than once daily. Use freely vegetables and fish. At the meat meal serve smaller portions, and stew instead of steaks. Make made-dishes of all left-overs. Do this and there will be meat enough for every one at a reasonable price. Save the Milk—The children must have milk. Use every drop. Use buttermilk and sour milk for cooking and making cottage cheese. Use less cream. Save the Fat—We are the world's greatest fat wasteful. Fat is food. Butter is essential for the growth and health of children. Use butter on the table as usual, but not in cooking. Other fats, are as good. Reduce use of fried foods. Soap contains fats. Do not waste it. Make your own wash-

ing soap at home out of the saved fats. Have the Sugar—Sugar is scarce. We use today three times as much per person as our allies. So there may be enough for all at reasonable price, use less candy and sweet drinks. Do not stint on sugar in putting up fruit and jams. They will save butter. Save the Fuel. Coal comes from a distance, and our railways are overburdened hauling war material. Help relieve them by burning fewer fires. Use wood when you can get it. Use the Perishable Foods—Fruits and vegetables we have in abundance as a nation we eat too little green stuffs. Double their use and improve your health. Store potatoes and other roots properly and they will keep. Begin now to can or dry all surplus garden products. Use Local Supplies—Patronize your local producer. Distance means money. Buy perishable food from the neighborhood nearest you and thus save transportation. All of Mr. Hoover's suggestions are valuable and are absolutely in line with the advice the Canadian Food Controller, Mr. Hanna, is endeavoring to impress upon the people of this country.

FOOD CONSERVATION AND PRESENTATION

Miss Netta Nixon Dwells on Its Importance—Thrift Truly Patriotic

"Every pound of food preserved for future use is a national service." This was the keynote of the address delivered by Miss Netta Nixon, of the Donald College, Guelph, Ont., at the High School, last night, under the auspices of the Y.W.P.A. Mayor Hayes occupied the chair and on the platform were Dr. Bridges, William M. McLean, R. E. Armstrong, and F. Peacock, regents of the several chapters of the I.O.E.F. In the city, the president of the Housewives' League, Miss Kate Bartlett, and officers of the Y.W.P.A.

The hall was well filled and the speakers were given a most enthusiastic reception. Miss Nixon pointed out in her able address that the secret of thrift was knowledge and that the home-maker was truly a patriot as she endeavored to help the Empire in different ways. It was time that the conservation of food and the intelligent buying of money in the market place were being more generally studied. In many instances food purchased in bulk was very much cheaper than if bought in packages. Taking the prices ruling in St. John as an example, Miss Nixon pointed out the various commodities. Home-canned goods were both better and cheaper. The waste of money in buying fruit out of season was also dwelt upon. Out of her scientific knowledge the speaker gave a list of foods and their respective values showing clearly that more cereals should be included in the daily menu. If these were perhaps more popular it would be the use of whole wheat was strongly urged by food specialists and it was hoped that the milling would be done more closely in Canada in the future as was the case in England at present. As an axiom it was urged that Canadian grown products be used every possible occasion. It was a patriotic duty of the present moment to study the food question so as to buy to the best advantage and save money to give to war needs.

The formation of home efficiency clubs among the girls of New Brunswick had been mentioned and it was strongly urged that such clubs should be formed in the city of St. John. Trained teachers were available and the domestic science room at Donald College was open to the public. Miss Nixon was followed by F. Peacock, superintendent of manual training and household science for New Brunswick, who explained further the great benefit of such clubs and the fact that the girls of the province this knowledge would be widely spread.

Miss Nixon, sister of the speaker, rendered most delightfully a patriotic selection. Inspector McLean sketched briefly the growth of the movement throughout the province and told of the boys on the farm. Thirty domestic science teachers were giving up their holidays to instruct the clubs in canning and preserving.

Dr. Bridges voiced the thanks of the audience to Miss Nixon for her scientific and interesting address which he was sure would prove of benefit to the audience. Mayor Hayes, in introducing the speakers, dwelt briefly on the importance of the work of the Y.W.P.A.

"HOWARDISM" RULES WITH AN IRON HEEL ON ST. PETER'S FIELD

The Shamrocks Won Last Night's Game by Howard's "Strategy"—Game Will Be Protested—Rough House Ends It

A raw decision, three fights, several wordy combats, and the reading of the riot act brought last night's game in the North End league to an interesting close. It was full of humor for the spectators, although the Maples looked on it in a different light. Up to the third inning the Maples were in the lead and it seemed that they had the game cinched, but Howard pulled off a stunt unprecedented in the history of local baseball. It was a case of win by a protest and it worked. Butler was at the bat. He whiffed a good ball but it fell inside of the foul line. Howard called it a fair ball and a runner on third scored. This was the sign for a rough house. "Lobby the pitcher for the Maples, was the first to take up the glove. He walked off the diamond. He in turn was followed by Moore, and by this time the rest of the players took the hint and marched in. "It was a foul," came the voice of a dozen bench warmers, "Howard that's rotten," cried another. "We don't play with men like that," hollered another. Other expressions such as might be heard around the amphitheatre in Spain by people witnessing a bull fight were also in order. However, Howard stuck to his first decision and the game ended four to four. "We protest this game," emphasized Terry McGovern, as he threw a bat to the ground. At the end of the second inning Walter Dunlop, who was acting as umpire, set up the sponge, on account of the players wanting to do his work. This led to a wordy combat between Gibbons and Moore. The last round inflicted was "you're a snipe." The box score as far as the game went follows:—

CASUALTIES

DIAMOND DOPE

Like the Kaiser, Howard is trying to make every one believe that he is right and the rest of the world is wrong. Without any joking, that decision was certainly uncocked. Whatever the fate of the divinity students might be as regards the Military Service Act, they certainly are not exempted from abuse on St. Peter's grounds. The speaker Dunlop was abused because he tried to live up to the convictions of his own conscience. After watching last night's game, the sinister James Boys would hesitate before crossing the diamond. What do you say "Whitey," said "Mugsy" on the coaching line—"We wonder what he said when his coat

tail was right out straight as he turned down Main street on Saturday with a mob of youngsters hot on his trail. "Mugsy" played a good game for the Maples last night.

EVINRUDE

SAVEES HOWARD AND CANOE MOTOR

Saves that long row or paddle to the marsh and gets you there fresh and smiling—with keen eyes and elastic muscles.

Portable, easy to attach, simple to operate, dependable always. Speed, 7 to 8 miles an hour.

Evinrude Magneto—Built-In Flywheel Type, Automatic Reverse, more speed and power.

OBITUARY

Mrs. H. S. Cowan.
The friends of Mrs. H. S. Cowan have learned with regret of her death, which occurred yesterday after a short illness in her home, 23 Cliff Road, Toronto. While residing in St. John Mrs. Cowan was prominent in Stone church work, and besides her

sons and daughters, she will be mourned by a very wide circle of friends. She is survived by three daughters and three sons. The daughters are Mrs. Norman Northcote, Toronto; Mrs. Allan G. McAvity, St. John; Mrs. McPhee, wife of Col. John McPhee, Barry, Ont. The sons are Captain George F. Adams, overseas with the Irish Rangers; Major W. Douglas Adams, M. C., G. S. O., with the 5th Brigade; Major J. F. Adams in France.

It was not stated last night just what arrangements had been made regarding the funeral.

YOUNG'S COVE ROAD.

An old resident was telling your correspondent yesterday that he has never before seen the main highway in such a frightful condition as it is at present. There has been but very little work done and it is reported that our commissioner for roads here, Mr. J. B. Kennedy, used the road machine to make a road out to his back field but he has never had it on the road this spring. Antoinette are in danger of their lives in going over such roads. Rallies on bridges are falling off and nothing is done to replace them.

Mrs. E. M. Branscombe of Utica, N. Y., has arrived at her brother's, Mr. T. M. Wiggins, to spend the summer. Miss Gladys Mott is improving nicely after an operation for tonsillitis.

VETERANS' DAY TO BE OBSERVED AUGUST 4TH

Arrangements Made in Mayor's Office Yesterday—Committees Appointed to Look After the Arrangements

The fitting observance of the third anniversary of the declaration of war, and a civic recognition to the returned soldiers who so bravely fought in that war, was the subject of a meeting held in the mayor's office yesterday morning. There were gathered there a number of ladies and gentlemen interested in patriotic societies.

Mayor Hayes presided. R. A. Armstrong acted as secretary. After brief discussion of the object of the meeting, in which Messrs. A. O. Skinner, L. P. D. Tilley, E. T. C. Sturges, S. H. Mayes, E. A. Schofield, and Commissioner Russell made valuable suggestions, it was moved by R. E. Armstrong, seconded by E. T. C. Sturges, that the observance of the day take the form of interesting services at noon hour, in one or more churches, and that a banquet be given to the returned soldiers, their immediate relatives and to war widows in the evening.

Further, that certificates be given to returned soldiers by the city in appreciation of the sacrifices made by the men of St. John made in going to the front.

The motion was unanimously adopted.

The meeting then took up the matter of entertainment for citizens during the holiday and the following committees were appointed:

Halls—R. E. Armstrong and Commissioner McLellan and Russell.

Intercessory services—E. T. Sturges, John Keefe, Judge Forbes, F. L. Smith and Commissioner Wigmore.

Programmes, speeches and bands—Major L. P. D. Tilley, E. A. Schofield and R. O'Brien.

Invitations—Charles Robinson, A. M. Belding, J. E. Puddy, Captain May, and F. S. West.

Decorations, seating, tables—A. O. Skinner, Captain Mulcahy, H. L. Garter, S. H. Mayes and Commissioner Fisher.

Soldiers' certificates—C. B. Allan, Mr. J. H. Frink, Judge McInerney and Mayor Hayes.

Mrs. David McLellan was appointed by the mayor as head of the ladies' committee and a meeting was held this committee yesterday morning.

Mrs. McLellan was in the chair. Miss Alice Fairweather acted as secretary.

It was decided that a caterer should be appointed to look after the refreshments and that the members of the societies shall see after the serving and decoration of the tables. It was moved by Mrs. Anglin and seconded by Mrs. Kubring that the regents of the I. O. O. F. be appointed to arrange for the decorating of the tables and that the Young Women's Patriotic Association with the Junior Red Cross circles be asked to wait on the soldiers. This was carried.

The committee appointed to look after the caterer was Mrs. David McLellan, Mrs. John McAvity, Mrs. H. B. Peck and Mrs. H. A. Fowler.

The invitation committee appointed was Mrs. Forster and Mrs. Alfred Morrissey. All representatives of societies present evinced their willingness to do anything in their power to have the day properly observed.

The cost of the celebration will be borne by the city. It is roughly estimated that the total expenses will be not more than \$2,000.

SOLDIER WRITES LETTER IN RHYME FROM FRONT

Private H. Ford of West St. John Sends Interesting Epistle to His Wife—Deals With Life in Trenches

It is surprising that a soldier on the front line of a battle field, fighting for his life, can, during a rest spell, manage to get his thoughts running to the gentle art of versifying, but this is the case with Private H. Ford, of Queen street, West St. John, who in a letter written "Somewhere in France" recently sends the following to his wife:

My Dear Wife—
I am writing today in a land far away,
As the letters say, "Somewhere in France,"
But censor won't let me say just where it is
And I wouldn't if I had the chance.

For the place it is hum, and it stinks
Of the Hun,
There are twenty or more o'er the way,
But they'll hear never more, their old Krupp guns roar
They were plunked in the Vimy affray.

And the rest of the swine keep moving their line,
For Tommy is on the advance,
And over the bog he's chasing the dogs,
And soon they'll be all out of France.

By night and by day their coal boxes play,
And we're sending them back ten to one,
As our Howitzers roar and our biplanes they soar
There's a different look worn by the Hun.

We are resting today in our billets of clay,
In a "Punk Hole" we have learned
It's a castle complete, on a hillside so neat,
But its mine both turret and dome.

I'm afraid you'd be scared if you saw my huge beard,
I've a hobnob look round the face,
But I'm nourishing hope for a towel and some soap,
It's a fortnight since we left the base.

But when up the line, we don't care a dime,
If our etiquette is smothered in dirt,
Keep the old twenty-five in the front
If it costs both your time and your shirt.

And old Company "D," will be present you see,
For Captain Wise won't let us shirk,
And he don't care a rap, rather craves for a scrap,
With either the Helms or Turk.

But after the scrap, and we've had a short nap,
And our Tommy-Tune feel kind of hollow,
It's rations we need, and jolly good feed,
Put a different look on a fellow.

First comes in the jam, and a slice of cold ham,
Or "Bully" that grew on a mule,
And a round army loaf, as black as an old loaf,
And five men to each is the rule.

Its like Kings we dine, though minus the wine,
But why should the young Tommy frown?
If it looks like real tea, perhaps petrol 'twill be
But the "Tom" of the morning, he gets at "Stand Down."

So this is the life, and I think of my wife
Out here where the bullets hit hum,
Where the shrapnel shells burst and hum,
And the Kaiser gets cursed,
And the sergeant drinks up all your rum.

But some day 'twill be o'er, and to N. B.'s shore
I'll return to home and my wife,
As I sit by the fire, you'll think me "Some Liar"
When I tell of big things in "this life."

Yours truly,
H. Ford.

The Police Court.

Yesterday in the police court the case of Samuel K. Cohen, charged with assaulting Arthur Deaton, was set over until Tuesday next. Lea Johnson, charged with stealing a lady's suit from J. Edson Wilson's repair shop, was committed to stand trial. Vincent Rogers was charged with breaking and entering the store of Albert Vincent on Brussels street and stealing a quantity of tobacco. He was remanded.

Mrs. T. A. MacDonald, who has been in Fredericton for the past six weeks, has returned home. She was accompanied by her husband, who recently returned from the front.

Dr. and Mrs. O. B. Price of Moncton were among the many outsiders who attended the Orange celebration here last week.

Mr. Fred Siddall of Calgary is spending some time at his old home in Port Elgin and in Sackville.

Mr. Carl W. Pickard was wounded in the face by shrapnel on July 8th, the information being that the wound is a severe one. Several cables have been received but none for a day or two. It is sincerely hoped that Lt. Pickard's wound will not prove serious.

Miss Mary Howard of Woodstock, but formerly of Sackville, was in town last week taking a course in household science at the Ladies' College.

Miss Carl Smith is spending some time with friends at Bridgewater, N. S.

Strawberries are quite plentiful in this section this season and owing to steady going of the Lake people are obliged to haul to Jemseg.

The many friends of Rev. L. J. Watson are glad to have him back on the circuit after an absence of fifteen years.

Miss Akerley of the Narrows has engaged in the school here for the next term.

The crops are looking great in this place and grass will turn off well.

Mrs. Ira D. Farris of the city is here the guest of Mr. and Mrs. W. A. Farris.

Mrs. B. C. Atkinson. Mr. Atkinson has been particularly successful as a teacher and is now the head of a school employing nineteen teachers.

Mrs. R. L. Black of Weymouth, N. S., is visiting her niece, Mrs. C. W. Cahill.

Westmorland county Orangemen celebrated the glorious Twelfth at Morley's Lake, the weather being favorable and about 3,000 people being present. A special train from Moncton arrived about eleven o'clock in the morning. A goodly number came in from the points along the N. B. and P. E. I. Railway, while hundreds drove and motored to the picnic, which proved thoroughly enjoyable and successful from every standpoint. The Orangemen formed in procession and marched around Middle Sackville headed by the county master, Mr. D. H. Charters, of Sackville. At the conclusion of the parade the gathering was called to order by Grand Master Wadman of Moncton. Provincial Charters, who introduced Provincial Grand Master Wadman of Moncton. Grand speakers were Dr. O. B. Price of Moncton and Leonard Gay of Salisbury. Meals and refreshments were served on the grounds. Boating and games were indulged in and the whole affair was voted one of the best Westmorland Orangemen have ever enjoyed.

The Misses Margaret Black, Neta DesBarres, Margaret Pickard, Sybil Calkin, Constance and Lucy Smith, who have been spending a short time at Cape Tormentine, have returned home.

Mrs. Isaac Anderson of Amherst is spending a few days in town, guest of Mrs. W. H. Robson.

Mr. and Mrs. A. E. Wry and family motored to Cape Tormentine on Thursday.

WHITE'S COVE

White's Cove, July 18.—H. E. White and wife of the city spent a few days at the Cove last week.

Avard Orchard and wife are the guests of his mother, Mrs. S. B. Orchard.

Miss Kate Brittain is also a guest of Mrs. Orchard.

Miss Olive Gunter of Jemseg was here last week calling on some of her friends.

Miss Nellie Bedford of Woodstock was visiting her parents last week, Mr. and Mrs. Harry Bedford.

Strawberries are quite plentiful in this section this season and owing to steady going of the Lake people are obliged to haul to Jemseg.

The many friends of Rev. L. J. Watson are glad to have him back on the circuit after an absence of fifteen years.

Miss Akerley of the Narrows has engaged in the school here for the next term.

The crops are looking great in this place and grass will turn off well.

Mrs. Ira D. Farris of the city is here the guest of Mr. and Mrs. W. A. Farris.

The Studebaker Car
A Safe Investment

STUDEBAKER cars are built in Studebaker factories at Walkerville, Ontario. They are built with full knowledge of Canadian roads and conditions throughout the Dominion. The men who build them are skillful, trained mechanics.

Their work is carefully supervised by the most expert engineers in the automobile industry.

The materials used are tested and proved in the great Studebaker laboratories.

Many materials have been developed by Studebaker solely for Studebaker purposes.

No car at any price uses higher grade steels than Studebaker. Studebaker uses drop forgings instead of castings at every possible point—this insures lightness and great strength.

The Studebaker motor has been developed by four years' experience with the same basic design in the hands of thousands and thousands of owners in every part of the world. It is an evolution, not an experiment.

It is the most clean cut, accessible motor you ever saw. Its valves are noiseless and do not require frequent lubrication. It is probably the most powerful motor ever used in a car of such light weight as the Studebaker car.

Its power is free flowing and flexible. Its response to the throttle is instant.

It is very economical in its consumption of gasoline.

The Studebaker electric system is simple, accessible, never failing. It is the best electric system that the highly

organized skill of Studebaker and Wagner engineers working in close harmony could devise.

All wiring is easy to get at—all wires are protected from grease and damp by flexible steel conduits.

No matter what the climate the Studebaker starter never fails. It exerts a cranking torque equal to two hundred pounds. It always starts the motor.

Studebaker cars are big and roomy. The front seats are individual and form-fitting, adjustable forward and back to all leg lengths, the one next the driver is reversible—its occupant may face the tonneau if desired.

The tonneau seat is 48 inches wide—the ideal width for a five passenger car.

There are two auxiliary seats, arm chairs in fact, stored under the tonneau seat, enabling you to carry extra passengers in comfort if desired.

These chairs are standard in both FOUR and SIX cylinder touring models.

All Studebaker upholstery is of genuine, high-grade, hand buffed leather. Studebaker doors are wide opening—easy to enter or leave.

These are only a few of the qualities that make the Studebaker car the great value car of Canada today. No other car at anywhere near the Studebaker price offers them all.

You owe it to yourself to let us prove in an actual demonstration the quality and value of the Studebaker car. We are at your service at any time.

There will be no change in Studebaker models this year, but the increased cost of materials and labor may force Studebaker to make an advance in prices at any time without notice.

The Transformation

Right in the heart of the great city of Toronto, in the centre of the principal business district, close by the cross-roads of main traffic, stands the "second longest bar" in all Canada. Observers say they used to count hordes of men entering this stronghold of the Traffic. Were the frequenters of the bar better men when they came out?

On September 16th, 1916, Prohibition went into force in Ontario, and, of course, the bar lost its license. On the 16th of April, 1917, the old bar was busier than ever! But what an arresting, beautiful transformation! Would that you and your sons could have been there to see the sight. The old bar-room was a bery of flowers. Fifty fair ladies served refreshments to Toronto's most prominent citizens and their wives, and not one of them all but was proud to be seen in the old barroom.

The aching, worrying hearts of the army's mothers are relieved now when they see their sons enter this building—for the old bar is helping to save men now instead of ruining them.

The hotel is now the "Y.M.C.A. Soldiers' Club," one of the Young Men's Christian Association's long chain of clubs, marquees, huts and "dug-outs" extending from Vancouver to the firing line in France—these helpful sentinel-posts that safeguard our precious soldier men and boys wherever soldiers are congregated. To the Y.M.C.A. Canada owes a debt of gratitude she never can adequately repay.

Like New Brunswick, the Traffic in Ontario has the opportunity, after the war, of putting Prohibition to the test at the polls. But Prohibition in Ontario is being enforced, and the old strongholds of the Traffic—the long bars we mean—are one by one being turned to useful purposes. Many of the hotel buildings that depended for existence upon bar trade are now devoted to commercial enterprises—constructive instead of destructive.

Does New Brunswick want to return to the destructive license system, and, again be a partner in the old firm of John Barleycorn and Company, Limited?

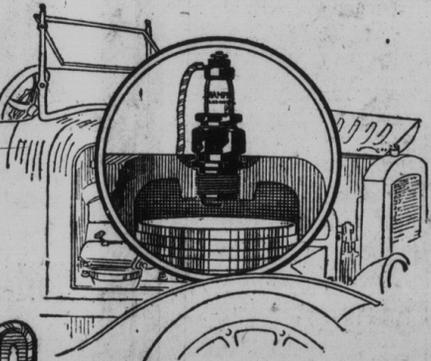

Or does New Brunswick want to maintain Prohibition for ever? If so, Enforcement must be province wide, must be both strict and effective.

Help to Enforce Prohibition

Every man and woman in this province shares the responsibility for the proper enforcement of Prohibition—the officers of the law alone. Your duty is clear.

Champion Toledo

Equip Each Motor Cylinder With a Dependable Spark Plug

Spark Plugs are such vital factors in the efficient performance of a motor that one inferior plug can completely handicap the operation of the most expensive car.

The exacting conditions under which Champion Spark Plugs are developed and manufactured give them a dependability that insures perfect service in any priced car.

The patented asbestos lined, copper gaskets on both shoulders of the porcelains prevent loss of compression and

completely absorb the shock of exploding gases in the cylinder.

The quality porcelains have a tested strength that will withstand the extremes of cylinder temperatures without cracking or disintegration.

Any auto supply dealer can sell you Champions that have been developed for your motor.

Insist on the name "Champion" being on the porcelain of every plug you buy—it is your protection and guarantees "Complete satisfaction to the user—Free Repair—Replacement or Money Back".

Champion Spark Plug Co. of Canada, Limited, Windsor, Ontario

GRAND BAY

Grand Bay, July 20.—Miss Jean Smith, of St. John, spent the last week-end here the guest of Miss Kate McPherson.

Mrs. Edward A. Mason and Master Orrin, of the city, are the guests of Mrs. J. M. Jenkins this week.

The Misses Ethel and Muriel Melick are visiting in Hampton for two weeks—the guests of Miss Grace Newelling.

Mr. and Mrs. Walter Vaughan, of McAdam, spent the week-end here with Mrs. James Barnes.

Mr. and Mrs. John Lelaheur of the city were the week-end guests of Mrs. James Ham.

Mr. Thomas Jenkins of St. John is the guest this week of Mrs. Andrew Melick.

The Misses Stafford of Marysville are visitors with Mrs. C. E. Byles this week.

Mrs. D. Wisely of Fredericton is at present time visiting Mrs. W. B. Robinson.

Miss Marge of the city spent a few days here this week with Mrs. H. N. Coates.

Gunner Leary of No. 4 Stege Battery, who is on furlough, was a guest at the Bay this week.

Mr. Kenneth Storey spent the last week-end in Woodstock.

The many friends of Miss Florrie Thompson will be pleased to learn that she is improving.

Mr. and Mrs. S. D. Harrison and party, including Miss Edith and Mr. Walter Hamm, left this week for a ten day's cruise on the river, in their motor boat.

Mrs. Charles Williams and Master Charles, of Roxbury, Mass., arrived this week and will be the guests of Mrs. T. J. McPherson for some weeks.

Mr. A. Fleet of Fredericton was a guest in the Bay one day this week.

Miss Florence Edwards of the city was the week-end guest of Mrs. Arthur McInnis.

Mr. Albert Taylor, of St. John, has just completed a new cottage here and with his family is occupying same now.

Mrs. I. McDonald and Miss Mabel McDonald of St. John spent the last week-end here with Mrs. B. L. Nobles.

Miss Hazel Dunlap and Miss Esther Williams are members of a party enjoying a ten days' camp at Bedford.

Mrs. B. C. Reade and Mr. O. Reade, of St. John, were the week-end guests of Mrs. C. E. Byles.

Mrs. Helen McLean was the guest of Mrs. B. S. Smith this week at Renforth.

WOODSTOCK

Woodstock, July 20.—Mrs. Thane Miller Jones entertained very delightfully at the tea hour on Friday afternoon in honor of Mrs. Hillard of Upper Woodstock, and Mrs. Hutchinson of St. John.

Mrs. Howard Shaw and daughter of Long Island, N. Y., are visiting friends in Woodstock.

Mrs. James S. Creighton left on Monday evening for Bridgewater, N. S., to visit Mr. and Mrs. Harry L. Bentley.

Mrs. George Dunbar and little daughter are visiting friends in Calhoun, Que.

Mrs. Arthur M. Hay and little daughter, Margaret, of Quebec, are the guests of Mr. and Mrs. W. W. Hay.

Mrs. E. A. Jordan of Berlin, N. H., is

HEAD OFFICE MONTREAL

APONAQUI

Apohaqui, July 20.—Rev. J. Spicer Gray, of Pettoctiac, occupied the pulpit of the Methodist church on Sunday evening when a very large congregation listened with pleasure to the well delivered and thoughtful sermon preached by the visiting clergyman.

The service was fragrant from quantities of roses, which were banked about the altar and the music was well chosen and efficiently rendered. The choir is indebted to Miss Kathleen Burgess of Moncton, and Miss Ruth Tingley who so kindly assisted. Miss Burgess showed marked talent in her violin accompaniments and Miss Tingley's rich alto voice lent much to the harmony and was particularly enjoyed in a duet, "Saved by Grace," which was rendered as an invocation. During the service the solo "Love Eternal" was sung when Miss Burgess and Miss Connelly accompanied with violin and organ.

Miss Edna Burnett of Bloomfield spent the week-end and the early part of this week, guest of Mrs. M. P. Titus at "The Bungalow," Campbell street. Miss Bessie Murray, Sussex, was a week-end guest of Mrs. Margaret Murray.

Rev. L. H. Jewett spent last Sunday in Pettoctiac where he took the appointments in the different churches which are comprised in the Pettoctiac Methodist circuit.

Miss Mary Robinson, Sussex, spent the week-end with Miss Pauline Erb. Dr. S. W. Burgess, Moncton, spent several days of this week here, where Mrs. Burgess and Miss Burgess are staying for a few weeks with relatives. Many friends resort to his services. Mrs. Geo. Ellison is not in her usual health, though is able to enjoy visits from her friends and is sufficiently well to spend this week with her mother and Nursing Sister Peters who is engaged in the Military Hospital, Sussex. Frequently makes visits with her grandmother.

In response to the appeal to the Red Cross for France's Day, the ladies of the Local Aid Society, dispensed tea on Saturday evening last and were considerably repaid, by taking in the sum of \$22.50, which is added to the general fund for securing comforts for the gallant wounded soldiers of France.

Miss Annie Parise is enjoying a visit with friends at Great Salmon River. Miss Annie Parise, who is spending a few weeks here.

Mr. and Mrs. G. A. Taylor, spent part of last week with friends in St. John, and were accompanied home by Miss Katie Somerville, who is spending a few weeks here.

A NATIONAL SERVICE

Health of The Nation Guarded by "Fruit-a-tives"

Hundreds of Canada's Sturdy Sons in Khaki Owe Their Vigor and Vitality to This Fruit Medicine

In the shell-swept trenches of Belgium, in the poppy fields of Flanders; in the great concentration camps of England; the fierce energy and driving power of "the Canadians" are the admiration of the armies.

Anything which means improved health for the man and woman of today, is of vital importance to the country.

This is why "Fruit-a-tives" has been, and is, of national service.

This famous remedy—so pleasant to take, so curative in action—has relieved many cases of Stomach, Liver, Blood, Kidney and Skin Troubles than any other medicine.

Madame Cottrell of Boston has arrived to spend the summer here, the guest of her daughter, Mrs. Frank McDonald.

Mr. and Mrs. J. A. Upham and Mr. and Mrs. J. W. Flewelling, with their families are occupying a cottage at Wilson's Beach, Campbell, for the summer.

Mrs. George H. A. Scott, West St. John, is the guest of Mrs. Benjamin Lester.

Mrs. M. H. Parise, Hampton, motorist from the shore town on Thursday, and accompanied by Mrs. I. D. Pearson of the village, spent the day with Mrs. James Neil, Bellefleur.

On Thursday, 24th, the ladies of the Women's Institute branch of Lower Millstream, are extending an invitation to all who are interested to attend at the C. H. C. Hall, Lower Millstream, when Miss Belle Saunders, of Fredericton, will give demonstrations in the canning of fruit and vegetables.

Miss Myrtle Ganong has returned from Sackville.

Mrs. Fred McWha and young son are guests of Mrs. McWha's parents, Mr. and Mrs. A. A. Ladin.

Miss Alice Hannah is in St. Andrews, the guest of Miss Kaye Cook.

Mr. F. S. Sawyer of Ottawa is in town, the guest of his sister, Mrs. Phelan.

Miss Marjorie Staples of St. John is visiting Mr. and Mrs. Charles Staples.

BELLEFLEUR STATION. Bellefleur Station, July 17.—An interesting meeting was held in the Methodist church on Monday evening, July 17, in honor of an interesting event which took place fifty years ago—Confederation. The church was filled to overflowing. Rev. Mr. Rankin delivered an excellent address, after which Rev. Mr. Fenwick of St. John's

Will the German Upheaval Break the Kaiser's Yoke?

"The Imperial Government is now on the defensive at home, and is compelled to deal in concrete fashion with the growing dissatisfaction of the German people," is a significant fact that stands out clearly and distinctly in the opinion of the New York World. Nevertheless, in the minds of other cautious American editors, we are warned not to expect too much from the crisis in Berlin, for Germany is not Russia, nor is Wilhelm a Nicholas.

The Bistion News Bureau, however, perceives that whereas in the early days of the war, "all was vaunted political unanimity in the Fatherland," today, "the vast change in the military setting has its counterpart in the political transformation. Disillusion has brought dissension; confidence has given way to criticism; lines of faction are deeper than ever, over grave issues of war aims and war conduct." Vorwaerts, the German Socialist organ, in a warning to the German Government, remarks, "let none be blind to the fact that at this time a certain unrest is spreading throughout the nation."

In THE LITERARY DIGEST for July 21st, the leading article shows every angle of the significant developments that have been taking place in Berlin during the past few weeks, and the influence that they will exert upon the conduct of the war. Other articles of timely importance are:

Minard's Liniment Co. Ltd. Yarmouth, N.S.

NOTICE OF MEETING. A SPECIAL MEETING of the shareholders of Furnishers, Limited, will be held at the office of the company at Lancaster, in the County of St. John, on Wednesday, the 1st day of August, A. D. 1917, at the hour of four o'clock in the afternoon to receive the report of the Directors, to elect Directors for the ensuing year and for the transaction of general business.

STEPHEN B. BUSTIN, Secretary. M. A. PREBBLE, President.

MAILED CONTRACT. Sealed Tenders, addressed to the Postmaster General, will be received at Ottawa until noon on Friday, the 27th August, 1917, for the conveyance of His Majesty's Mails, on a proposed Contract for four years, 3 times per week on the Lepreau Rural Route No. 3, from the Postmaster General's pleasure.

Alleged Profits of The William Davies Company in 1916 on Bacon, as Indicated by Department of Labor to be Five Cents per Pound, Untrue: Actual Profits Two-Thirds of a Cent Per Pound

THE statement issued by the Department of Labor concerning the business of The William Davies Company Limited has been given widespread circulation throughout the country and provoked public unrest. Whatever the technical wording of the report was, the effect has been that the newspapers have published that "the profits on Bacon alone" of this Company "for 1916" were about "five millions of dollars." This interpretation of the official report is not surprising in view of certain statements that the Commissioner of the Cost of Living makes. The Commissioner is reported as saying that "There were two individual cases of profiteering in 1916 and that had these cases occurred since the passage of the cost of living Order-in-Council, he would consider it his duty to recommend that the facts be laid before the Attorney-General for consideration as to their criminality." The situation created by such erroneous and damaging statements is serious as emanating from a Government official, from whom one looks for not only accurate statements but correct conclusions.

The William Davies Company, being a private concern, has followed the practice of all private corporations, except when it made a bond issue in 1911, in that it has not published reports of its assets and liabilities or profit and loss. The present circumstance, however, in which a Government Official has led the public to false conclusions, makes it advisable for this Company, for both the public interest and its own interest, to publish particulars of its business as well as point out the error of the statement of the Government Official.

For the last fiscal year ending March 27th, 1917, The William Davies Company bought and killed 1,043,000 head of Live Stock (Cattle, Hogs and Sheep). This, plus purchases of outside Meats, produced 160,000,000 pounds of Meats. The Company handled 6,550,000 pounds of Butter and Cheese, 5,650,000 dozens of Eggs, and manufactured 26,500,000 tins of Canned Goods. The net profits on these were .68 cents (on one-third of a cent) per pound on meats, 1.04 cents on Butter and Cheese, 1.04 cents per dozen on Eggs, and .47 cents (or slightly less than one-half a cent) per tin on Canned Goods. These profits include profits on all By-Products derived from these accounts. During the year the Company served at its retail stores 7,500,000 customers, the average purchase of each customer was 35c, and the net profit upon each sale was 5-8 of 1 cent. The turnover of the Company from all its operations for the last fiscal year ending March 27th, 1917, was \$40,000,000. The net percentage of profit upon this turnover, after deducting war tax, was 1.69 per cent, or including war tax 3.45 per cent. The William Davies Company has assets of \$13,385,000, of which \$3,865,000 is tied up in fixed investments. The Company expended \$750,000 in buildings and equipment during the year. To provide the necessary facilities for the increased volume of business the Company expended \$750,000 in buildings and equipment during the year. Companies of other character present no more reasonable statement of profit and loss based upon the investments made in the business. The William Davies Company offered to the Imperial authorities, as well as to the War Office Service (which represents the Imperial authorities in Canada) to place the output of its factory with respect to Bacon, Canned Beef and Pork and Beans at the service of the authorities, on the basis of cost plus an agreed percentage. These offers were successively declined as the authorities evidently desired to purchase in the open market, and on this basis The William Davies Company has secured War Office business by open competition with the world.

Respecting the Report of the Commissioner on the Cost of Living:

Last Winter the Commissioner, under authority of Order-in-Council, required packers to submit statements under oath for some years back and up to December 1st, 1916, of incoming stocks of Meats and the cost of such, as well as statements of outgoing product and the selling value. This Company represented in writing at the time that the information as specifically required was not in accordance with Packing House Accounting methods, and invited the Commissioner to send an Officer to the Head Office of the Company to examine the books for any information desired, and to secure a viewpoint as to the best way of collecting data which would be of use to the Government. This offer was declined, and there was nothing to do but fill in the information required as literally as we could determine it. For example, there was no recognition of the fact that a raw product may enter a factory under a specific classification and leave the factory as a finished product under some other classification.

We submitted a series of accurate figures based upon our interpretation of the requirements of the order, and no provision for charges of any description other than incoming freight and unloading charges to be included in the cost or to be deducted from the selling price. There was nothing in the report which could be read so as to determine a profit and loss statement. The very fact that with one statement based upon the cost of raw products and value of sales in Great Britain a Government Official has deduced "Large margins," "Profiteering" and "Criminally" if it had occurred since the passing of a recent Act, shows too dangerous a trifling and incapacity to be permitted to deal with any important situation. The statements of this Company have been treated by the author of this report as if the outgoing product was identical with the incoming product, and from the series of reports he has singled out two items—the Bacon and Egg reports—and from them deduced an erroneous "margin" which the newspapers have interpreted as "profit." The author of the inquiry shows a

strange lack of even a fundamental knowledge of simple bookkeeping and a dangerous inability to co-ordinate figures. The following are specific and outstanding errors in the report: The principal item that is causing excitement deals with cold storage Bacon. The term "cold-storage" is not defined, and the public is allowed to make its own definition. As a Bacon is a packing house is under refrigeration it is really cold storage, and therefore this Company's figures of cold-storage Bacon represent the complete quantity of Bacon handled in its entire Plant, whether in freezers or in process of cure for immediate shipment. That some Companies intrapreted cold-storage product as "meat" product only is evidenced by the smallness or entire lack of figures on the Bacon list for some Plants, indicating that many Firms did not submit statements of their complete stocks, as did this Company. An Official of this Company pointed out this cold-storage distinction to Mr. O'Connor and Miss McKenna in Ottawa a few weeks ago, and the fact that the distinction after having had it pointed out evidences lack of desire for accuracy of the real information desired.

It is true The William Davies Company, in 1916, exported 97,791,000 pounds of Bacon, but we do not know how the margin of 5.05 cents per pound is arrived at by Mr. O'Connor, as there were no figures to justify such a conclusion. The probabilities are that the margin is arrived at by taking the average cost per pound of incoming product from the average selling price per pound of outgoing product. This may be a rough way of estimating the gross margin when dealing with small figures, but when dealing with figures the size that Mr. O'Connor has to deal with, a very small fraction of a cent per pound of error makes a very important difference in the total, and one must be careful to make sure that the outgoing product is the same finished merchandise of the incoming product reported on.

Allowing it to pass, however, as a government-

mate, we wish to point out—(first)—the inquiry of the Commissioner allowed only for incoming freight and unloading charges, and made no provision whatsoever for operating charges of any kind, such as labor, curing materials, refrigeration, et cetera. Such actual charges on the 97,791,000 pounds exported were \$1,162,000—or 1.2 cents per pound. This amount covered all charges up to the point of placing the Bacon on cars for packing-house. In addition to this was the actual cost to land and sell the 97,791,000 pounds in England after leaving the packing house, which involved charges of 2.9 cents per pound—or \$2,836,000. This 2.9 cents per pound included inland and ocean freight, landing charges, war and marine insurance, cables, and selling commission to agents. The ocean freight and war risk alone would make up 2.4 cents of the charge of 2.9 cents per pound. This 1.2 cents, plus 2.9 cents—a total of 4.1 cents—must be deducted from Mr. O'Connor's margin of 5.05 cents per pound, leaving a margin of .95 cents, or slightly less than a cent per pound, which still has to be reduced because of the error of premises and because of further factors which have to be considered to determine net profits.

It is quite evident some of the other packers did not show selling values in the country in which the goods were sold—a proceeding quite proper, as the forms submitted to be filled in were indefinite and ambiguous, thus permitting without charge of evasion a variety of interpretation as to the information required. It is thus possible that all the figures submitted by the different packers that no two sets of costs and sales prices are determined at the same common point. It is this difference of interpretation of what was required that accounts for the difference of the alleged "margin" made by the different companies. Common conclusions, however, have been drawn by the author of the report from varying bases of premises.

The figures of the Egg business were submitted on the same basis as Bacon, and similar deductions must be made.

(Second)—The above margin is further reduced in that the author of this inquiry singled out the Bacon figures as an item in which the selling price shows an alleged improper advance over cost, but he did not give us credit for the statements of other products, of which figures were submitted, the selling prices of which were under cost. The reason of this was that through failure to inquire the Department entirely overlooked the fact that product may come in as pork and, through the process of manufacture, go out as Bacon, or, in another instance, enter the factory as beef and go out in the form of canned meats; for example, much of the product which came in as pork, and which was entered on the pork sheet submitted to the Commissioner—about which he makes no mention—was cured and left the factory in the form of Bacon, and was, therefore, entered on the outgoing side of the Bacon sheet—the result is that the Bacon sales are increased by this amount over the incoming stocks of Bacon, and, likewise, the sheet showing sales of pork is reduced by the amount that went out in the form of Bacon. If the Department takes one set of figures that show favorable to the Company they should take another set of figures that show unfavorable, as the principle in either case is the same, and failure to do so looks as if the author of the report was exercising more enthusiasm than sound judgment in his investigations.

(Third)—It is queried in the report, that "if the margin of 3.47 cents," alleged to have been made in 1915, "was satisfactory, why was it necessary to show increased margin in 1916?" Assuming again for the moment the soundness of the premises in asking such a question based on the margin of 3.47 cents, it will be found that an erroneous "margin" is chiefly absorbed in increased ocean freight rates and war risk insurance in 1916, of which apparently the author of the report was in ignorance.

It would be required to supply under Order-in-Council directing that they can render any service which will be of value. The Company has not now—or at any time during the fifty years of its operation—anything to conceal in the conclusions drawn from the data asked for are improper and false. One of Canada's chief export industries is the packing business. It is essential to the live stock industry, and, along with other export industries, it maintains the financial stability of living, the Company demands the same publicity in having an official Government investigation of this report to determine the truthfulness or untruthfulness of its conclusions. We do not seek public consideration as a company, but we do say that untruthful official statements, or statements the effect of which is to create an untrue, adversely affect the live stock industry of this country, which is so valuable and essential a wealth-producing power and, in the long run, are harmful to the very people that the statement seeks to benefit.

If the passing out of existence of a corporation such as The William Davies Company, or if nationalization of packing houses would materially and permanently reduce food prices, then in view of the present world tragedy it ought to be consummated without delay. The fact of the matter is, however, that with millions of people in Europe turning from producers into consumers because of war, and the tremendous destruction of food products incident to war, there is no remedy for the high prices of food while such conditions last, except the remedy of thrift and increase of production.

Long before there was talk of a Food Controller in the United States or Canada The William Davies Company urged the Government at Ottawa, in writing, to appoint a Food Controller with full powers to do what he saw fit, as we realized at that time the upward tendency in the price of food commodities unless checked by official effort. At the most a great deal cannot wish to point out that nothing at all can be accomplished unless the data secured are accurately and clearly made and the deductions therefrom sound. Only public harm arises from dangerous haphazard statements made either by newspapers or civil servants. The only further statement that will be made will be at an official investigation.

E. C. FOX, General Manager
THE WILLIAM DAVIES COMPANY, LIMITED

Toronto, July 17th, 1917.

BELLEISLE STATION.

Belleisle Station, July 17.—An interesting meeting was held in the Methodist church on Monday evening, July 17, in honor of an interesting event which took place fifty years ago. The church was well decorated with flags and bunting. The Rev. Mr. Ramsay delivered an excellent address, after which Rev. Mr. Fenwick of St.

Jude's church, gave a most interesting address. He spoke of the rapid strides Canada had made and of the vast development during the past fifty years. He dwelt most deeply on the present great work of the church, and the efforts of Rev. Mr. Ramsay the church was well decorated with flags. A large collection was taken for the Red Cross Society. A real patriotic spirit prevailed, a number of Miss Minnie Ness acted as or-

ganist. The photograph selections were enjoyed, some very select pieces being chosen by Mr. Ramsay. Mr. L. Myles read the statistics of the manufacture and products of Canada. Owing to the efforts of Rev. Mr. Ramsay the church was well decorated with flags. A large collection was taken for the Red Cross Society. A real patriotic spirit prevailed, a number of Miss Minnie Ness acted as or-

THE WEATHER.

Forecast— Maritime—Moderate south-wind, fair and warm. Toronto, July 20—Local, thunder storms have occurred today in Ontario and Quebec, while in the Maritime Provinces and in the West the weather has been fair.

Temperatures:

Table with 2 columns: Location and Temperature (Min/Max). Locations include Dawson, Vancouver, Kamloops, Calgary, Medicine Hat, Edmonton, Battleford, Prince Albert, Moose Jaw, Winnipeg, Fort Arthur, London, Toronto, Kingston, Quebec, and Halifax.

Around the City

A Soldier Arrested. A soldier was arrested yesterday afternoon on Main street for being drunk. No Charge Laid Yet. Up till yesterday evening no charge had been made against any person in connection with the murder of Robert Harris.

School Buildings Inspected. City Engineer Murdoch, with Mrs. E. R. Taylor and Messrs. H. Colby Smith and E. R. W. Ingraham, school trustees, yesterday visited La Touche school and inspected the foundation, which is said to have slid out of position. The engineer will prepare a report for presentation to the school board.

Monday's Band Concert. The Temple Band will play the following programme Monday evening next in King Square: O Canada; march, Chicotian; Waltz, Impassioned Dream; Robus; overture, Sporting Life; Beyer; serenade, Gents; Zepher; Arab; two step, Col. Brett; Hall; waltz, Sounds From Opera; Werner; selection, Hibernia; Ballet; Hayes; serenade, Twilight Echoes; Miller; medley, selections, popular airs; Taylor, W. Jones, bandmaster.

K. of C. Scholarship. Word has been received from Washington that P. Thibreau, B. A., of Thibreauville, River Rouge, C. B., has been awarded a Knights of Columbus scholarship at the Catholic University of America, Washington, D. C. Mr. Thibreau graduated at St. Francis Xavier's College in May, 1917, and wrote the examinations for the K. of C. scholarship on April 14th. He intends specializing in history, and the annual value of the scholarship is about \$300.

Water Department Works. The work of laying the new main in Prince William street will be begun today, and tonight at midnight the intersection at the corner of Prince and Prince William streets will be put in. In order to make the connection at this point it will be necessary to dig under both tracks of the street railway and this is the reason for starting the work at midnight. Several new style hydrants are being installed on the lower end of Main street, replacing the old one way type formerly used there. This will result in much greater fire fighting efficiency in that section of the city.

The Market. The market is well stocked up this week with nice looking vegetables from the nearby farms, such as new peas and beans, lettuce and asparagus, all selling at reasonable prices. New beans are selling for \$1.20 a bushel; new peas, \$1.00 a bushel; cucumbers, 10c each; lettuce, 5c a head; celery, 12c a bunch; squash, 7c a pound; asparagus, 35c a bunch; cabbage, 10c a head; tomatoes, 25c a pound. Fresh eggs are priced at 40c a dozen, and butter is priced at 36c a pound. The meat stock is plentiful, and is priced as follows: Roast beef, 20c; fowl, 40c; steak, 30c to 35c a pound; fowl, 40c a pound; veal, 18c to 20c a pound; pork, 25c to 30c a pound; lamb, 30c a pound; mutton, 25c a pound. The steamer Majestic brought over seven hundred crates of strawberries down the river yesterday which kept the price of berries down to a low level. Berries were selling for 8c on the wharf at Indian town, and 9c to 10c per box over the counter.

V. M. C. A. SUMMER CAMP NEWS. The first game between the Aletas and the Malissets was played off the week at Camp Wegesung, Chipman, before a large and enthusiastic audience which crowded the bleachers to capacity. The game was fast throughout, and only by the good team work of Cross and Wilson, the Malissets were able to hold their own. The final score stood 14 to 10 in favor of the Malissets. The batteries were: Malissets—Cross and Wilson. Aletas—Jordan and Wise. A game, where the excitement ran rampant, was pulled off by the Micmacs and the Iroquois, and after a hard struggle the Micmacs left the field defeated. The blancherites and the players were so worked up by the game that nobody thought during the score down. The batteries were: Iroquois—Long and Wise. Micmacs—Bunk and Kerr. A number of entries were made in the 100 yard dash, which was run in recently, and the three following men came in under the tape first: R. Smith, 11.1; H. Long, 11.2; H. Wetmore, 11.3. The results by tribes were as follows: Iroquois, 71.4; Aletas, 70.2; Micmacs, 70.2; Malissets, 66.8.

LUMBERMEN OPPOSE ARMS AGAINST THE ENORMOUS INCREASE IN STUMPAGE

Dissension Within the Ranks of the Carter-Foster Party—Lumbermen Say Such a Substantial Increase in Rates Unjustified and Will Affect Revenue for Extravagant and Reckless Expenditures. Certain factions supporting the Carter-Foster government are not all pleased with the administration's action in increasing the rates of stumpage for timber cut on Crown lands throughout the province. Already there are reports of dissension within the ranks of the party owing to the government's course in the matter. The North Shore lumber interests are particularly displeased over the steps which have been taken. The North Shore is not alone in putting forward objections to the move. Such leading lumbermen as Mr. King of Queens and Mr. Smith of Sunbury, both of whom are members of the stumpage increase, while in their opposition they have also the influence of their own constituents. Probably the most outspoken member against an increase is J. P. Burroughs, M.P.P., of Northumberland. Mr. Burroughs told the house during the budget debate that the lumbering interests should not stand for an increase, and that he was unreservedly opposed to it. His three colleagues

PLUMBERS BEING PERSECUTED BY CITY LABOR MEN

An Appeal to Be Made to Organized Labor on N. A. Continent for Assistance. Resolution Opposing Conscriptio Adopted—Candidates May Be Nominated by Labor. Heads of local labor organizations in session in the rooms of the Trades and Labor Council, Oddfellows' Hall, last evening, decided to stand behind the striking plumbers in their demands. Several resolutions were passed expressing the view that the demands of the plumbers were only reasonable. There was considerable sharp criticism of the methods employed to implicate the striking plumbers in the crimes which have been committed here and the meeting expressed the view that the plumbers were being persecuted. James L. Sugra, president of the New Brunswick Trades and Labor Federation, occupied the chair and the meeting was largely attended. The meeting after discussing the various phases of the plumbers' strike decided to issue an appeal to the organized labor movement of the North American continent for their sympathy and assistance. A committee was appointed to carry out this appeal. The meeting expressed itself as opposed to conscription, unanimously passing a resolution against the enactment of the measure. The question of local labor running candidates in the federal election here was discussed, but definite action on the matter was postponed until Friday night when another meeting will take place.

Paris Green. A shipment of Paris Green has just arrived, and we are prepared to meet all orders promptly. Call, 'Phone, Write or Wire. Market Square - W. H. THORNE & CO., LTD. - King Street.

Store Closed Today at One. VERY SPECIAL PRICES. This Morning On All Midsummer Hats. Large Assortment to Select From. Marr Millinery Co., Limited.

FOOD CONTROLLER IS GRATEFUL TO TEACHERS

Mr. Hanna in Message to Director Peacock Conveys His Thanks for Patriotic Offer. A wire to F. Peacock, provincial director of manual training and domestic science, conveys the genuine appreciation of the food controller at the voluntary offer of the teachers of the province to devote their vacation to teaching domestic science, home-canning and generally all food principles. This work will be undertaken by the teachers next week. Mr. Hanna's telegram, which is self-explanatory, follows: "I am glad to hear of your splendid offer of co-operation and assistance from the domestic science teachers of New Brunswick. The support of expert instructors which you offer me will be invaluable in food conservation work. I regard it as highly important that such instruction should be suited to people with ordinary household equipment. Home efficiency clubs are required all over the Dominion and Allied Canada needs and appreciates such workers. We shall have you provided with our food conservation literature as soon as it is ready for distribution."

PRELIMINARY HEARING OF ESTEY CASE RESUMED

Misappropriation of Funds, the Charge—Mist of the Day Taken Up in Examination of Books and Accounts. The case of Wesley H. Estey, charged with misappropriation of funds belonging to Charles A. Clark, of the City Fuel Company, was resumed in the police court yesterday. Wm. M. Ryan appeared for Dr. W. B. Wallace, K. C., who was absent, in the interests of the prosecution, while John A. Barry represented the defendant. Charles A. Clark was on the stand. He testified that he conducted a coal business at 24 Smith street. The defendant was employed with him as bookkeeper and cashier under salary for 1914. He paid Estey \$11 a week. The defendant had power to do his banking. Mr. Ryan here read a document showing the defendant's authority to act for Mr. Clark. The paper was kept in the Bank of British North America, where he did his business. Mr. Clark said the defendant had left his store at noon one day as if to go to dinner. He failed to return. The witness produced a cash book kept by Estey and showing the latter's handwriting. The book was marked by the court for identification. On June 4, 1913, the witness said, the cash book showed that Estey had charged \$408.65 to the bank. The bank book showed a deposit of \$358.65, thus showing a discrepancy of \$50. On June 14, 1913, the witness said, the cash book showed that Estey deposited \$102, while the bank book showed a discrepancy of \$55. On October 10, 1913, cash book and bank book showed a discrepancy of \$271.88; November 19, discrepancy of \$40; another deposit in December showed a discrepancy of \$186.10; February 14, 1914, \$112.21; June 24, \$107; July 6, \$45; August 17, \$20; August 27, \$10; September 11, surplus of \$239.90; October 26, \$148.50; December 1, \$158.41; December 1, \$30; December 31, \$94. This latter one was proved on request \$229.03. The witness said his liabilities in the bank when Estey went away amounted to a note for \$1,000, one for \$1,000, \$200 and \$300. He said after Estey's departure for Boston he had the books audited. He showed a shortage of more than \$7,000. In the afternoon considerable time was taken up in the examination of the books of the firm. Several negotiable instruments were also offered in evidence. It was decided to resume the case this morning at 10 o'clock.

PRIVATE JOSEPH BREEN KILLED IN ACTION; ELEVEN MEN ENLISTED

Pte. Breen Went Overseas with 55th—Before Reported Missing—Royal Navy Secures Recruits. W. H. Marshall, Esq., Woodville, N. Y. F. J. Stewart, Rolling Dams R. E. Kavanagh, Rolling Dams D. H. Dowling, Brockway, N. Y. J. C. Dowling, Brockway, N. Y. P. A. Blaney, Woodland, Me. P. B. Devlin, Oak Bay, B. C. W. Williams, Hants England Forestry Unit. James McLeish, Cape Breton, N. S. Wallace Anderson, Burnt Church, N. B. Fred Forest, Logville, N. B. Royal Navy. Eleven men signed on in the city yesterday. This is practically as many as signed on for the first four weeks of the week. It will be noticed, however, that a definite total contribute any to the day's total. The majority of the men enlisting arrived in the city from Boston. The men for the Royal Navy left for night for Halifax, where they will commence their preliminary training. Pte. Joseph Breen Killed. Mrs. Fred Breen, of 185 Carmarthen street, received official word yesterday that her brother-in-law Private Joseph Breen, of the 13th Battalion, had been reported died of wounds. Private Breen was well known to St. John, and was a man of genial disposition and well liked by all who knew him. Private Breen went overseas with the 55th Battalion, and when in France he was with others transferred to the 13th. After being on the firing line for some time Private Breen was reported as missing. Since then no word was received of the missing man until yesterday when word was received that he had died of wounds. Many friends in this city will sympathize with the bereaved family. Will Leave Tomorrow. Owing to other arrangements, Sergeant H. C. Moore, D. C. M., was unable to leave on his return to the front last Wednesday evening, but will leave the city tomorrow afternoon at 5.50 o'clock. Mr. C. P. R. expressed Sergeant Moore is a prominent member of the Great War Veterans' Association and the members of this organization will escort him to the train and give him a royal send-off.

Ready for the Haying Season. You will find our store headquarters for all haying supplies. Our stock includes all the leading makes—(NAMES THAT STAND FOR QUALITY). SCYTHES—SCYTHE STONES—HAY RAKES. SNATHS (Wood and Iron) SCYTHE STONES. HARPOON HAY FORKS (Single and Double). HAY FORKS, HAY FORK PULLEYS, HAY CARRIERS. BUSH HOOKS, BUSH SCYTHES, ETC. Screen Doors—Screen Cloth—Window Screens. Emerson & Fisher Ltd.

Manchester Robertson Allison Ltd. BIG MID-SUMMER SALE OF Men's and Boys' FURNISHINGS. Colored Shirts, Outing Shirts, Negligee, Sport and Working Shirts, Underwear, Night Shirts, Pyjamas, Neckwear, Hosiery, Handkerchiefs, Braces, Sweaters, Bathing Suits, Collars, Umbrellas and Suit Cases. ALL AT EXCEPTIONALLY LOW SALE PRICES. SALE IN MEN'S FURNISHING DEPARTMENT. Medium Priced Suits. If you need an extra Suit for business, vacation, or any other occasion, it is not necessary to pay the highest price to procure one with lots of style and character. In the medium-priced Suits the variety of cloths available is large and as to the fit a try-on will convince anyone of the excellence of the tailoring. You will be pleasantly surprised at the appearance and good value of these suits. Marked at \$12.50 to \$16.50. MEN'S CLOTHING DEPARTMENT. Manchester Robertson Allison, Limited.

SHIPMENTS FALLING OFF IN STRAWBERRIES

Price was Higher Yesterday—Green Stuff Beginning to Arrive from Up River. The shipments of strawberries coming down river yesterday were not as great as on Wednesday, and the price has stiffened on this delicious fruit, the lowest quotations yesterday being eight cents per box by the crate. However, considerably over one thousand crates reached Indian town and were quickly snapped up by eager buyers. The steamer Majestic had 605 crates yesterday, and for the week or very nearly 100,000 boxes. The Champlain yesterday had about 300 crates, and her total crates for the week would be in the vicinity of 1,000. New potatoes are coming in small quantities, both the Majestic and Champlain bringing a few yesterday. Green peas are coming quite plentifully now, but beans have not yet made their appearance on the market.

ANOTHER OFFICE FOR DEFEATED CANDIDATE

Peter J. Hughes Gets the Position of Judge of Probates for York County—His Other Offices. It is learned on good authority that Peter J. Hughes, a defeated candidate of the Carter-Foster government in the position of Judge of Probate for the county, has been appointed to that office. He is also actively engaged in representing the Crown in the court business of the province. Like his bosom friend, Mr. Carter, he is being well provided for. The continuance of Mr. Hughes as acting clerk of the executive council indicates that there is a hitch over the filling of the position. Mr. M. B. Dixon, the Albert county barrister, was promised the post, and it was understood he had the inside track, but apparently Mr. Hughes is anxious to have his own appointment made permanent and he would no doubt have the support of Mr. Carter, the real leader of the government. Three provincial offices, all commanding substantial emolument make pretty good reward for a defeated candidate.

WILL LEAVE TOMORROW

Sergeant H. C. Moore, D. C. M., was unable to leave on his return to the front last Wednesday evening, but will leave the city tomorrow afternoon at 5.50 o'clock. Mr. C. P. R. expressed Sergeant Moore is a prominent member of the Great War Veterans' Association and the members of this organization will escort him to the train and give him a royal send-off.

Medium Priced Suits. If you need an extra Suit for business, vacation, or any other occasion, it is not necessary to pay the highest price to procure one with lots of style and character. In the medium-priced Suits the variety of cloths available is large and as to the fit a try-on will convince anyone of the excellence of the tailoring. You will be pleasantly surprised at the appearance and good value of these suits. Marked at \$12.50 to \$16.50. MEN'S CLOTHING DEPARTMENT. Manchester Robertson Allison, Limited.

RETAIL MERCHANTS ATTENTION! SATURDAY A. M. SPECIALS. J. A. Beaudry, of Montreal, Dominion treasurer of the Retail Merchants' Association, will arrive in the city tomorrow to address the joint meeting of the "Rotary Club" and Retail Merchants at Bond's on Monday at 1 o'clock. Tickets may be secured at Hunt's clothing store, Charlotte street; F. S. Thomas, Main street; Board Rooms, 124 Prince William street, or at Bond's—Price, 40c each. THE PRINCE WILLIAM HOTEL. First-class. Moderate charges. Capt. George Price, a former St. John resident, but now of New York city, is in the city renewing old acquaintances. Free Vaccination at Board of Health rooms, 59 Princess street, from 9.30 a. m. to 12 noon, each Monday and Tuesday. Arms should be well washed.

ATTENTION CITY SUBSCRIBERS. Owing to the absence of some of The Standard carrier boys for their vacations, new boys are for the time carrying their deliveries and this has recently been the cause of some subscribers not receiving The Standard. If those who have reason to complain will promptly notify the Circulation Dept., Main 1910, six o'clock on the first day the paper does not arrive, the matter will be remedied.
