BEAVER BOARD—
If you are building or going to com-
plete some unfinished rooms, let us
show you some colored samples, illus-
trating the beautiful color effects ob-
tained by using this sanitary and dur-
able board for walls and ceilings in all
classes of buildings.
We carry a large stock in assorted
sizes.

MAIL ORDERS
We solicit out of town orders which
receive our personal attention. The
length of time taken to fill orders is
governed very largely by how busy we
are in the department of our factory
in which the particular goods are
made. While we have exceptional
facilities for promptly turning out
goods, it is important to place orders
as far ahead as possible. Orders are
filled by us in the rotation in which
they are received, and customers can
always depend on our doing everything
in reason to give prompt dispatch.

DOLLAR DAY WILL

BE OF INTEREST

Merchants Planning to Make the
Day of Great Advantage to
Shoppers

Dollar Day, April 22nd, This is to
be a red letter day for shopping in
Campbellton.

On this day Campbellton merchants
will demonstrate to those who have
been buying from mail order houses,
that they can do better at home.

Cheap fares will rule on the I. C. R.
and International on the 22nd.

Come to Campbellton for the day,
just to see how well the merchants
can serve you.

Watch for the announcements of the
merchants in the Graphic and
study the prices of goods offered.

Remember the reputation of the
Campbellton merchants is back of
every transaction.

Merchants of Campbellton, who de-
sire extra advertising space in the
Graphic, should make arrangements
at an early date. There will only be
one more regular issue before Dollar
Day.

SUCCESSFUL WHITE

PARTY AT DALHOUSIE

Held on Monday Evening to
Raise Funds For the convent
in the Shirewa

Dalhousie, April 7th On Monday
evening a very enjoyable White party
was held in the convent raise funds
for further improvement. Cards were
played at thirty tables. The hand-
some sum of \$56.00 was realized.
Eight prizes were awarded as follows:
Ladies 1st Mrs. John Letourneau,
2nd Miss Annie Kerr, Miss Mary
Bateman, Consolation Miss May Go-
din. Gent's 1st, Mr. Ross Powell,
2nd, Mr. T. H. Sheehan, Mr. Charles
Gibson, Consolation, Eddie El-
linger. Miss Yvonne Samson, Miss
Yvonne Allain, Miss Jeanne Samson
and Miss Alice Allaire in charge of
the affair. They received con-
gratulations for their success
and the good sisters grateful to
all those who patronized the under-
taking. Delightful refreshments were
served during the eve.

A very enjoyable party was
given on Tuesday night by Miss
Marie LeBlanc and Miss Sheehan
to about sixty of friends. The
two spacious rooms of the Murphy
Hotel building were for the occasion.
Music was furnished by the
Dalhousie young men's orchestra.
The chaperons were, P. B. Troy,
Mrs. P. H. Sheehan, A. J. Le-
Blanc and Miss Mc (Halifax).

Miss Bernadette LeBlanc of Camp-
bellton was in town Monday last,
and attended the party given at
the convent.

OBITUARY

JAMES GIAN

On Saturday morning March 27th,
Mr. James Culligan of Daniel
and Mrs. Culligan of River,
passed peacefully to his Eternal
reward.

For the past few years Mr. Culligan
resided in Seattle year he met
with an accident which resulted
in an injury to the back and caused a
prolonged illness, during which he
returned home to his parents, hop-
ing that the trip would en-
able him to regain health and
strength. Contrary to his expecta-
tions and to the hope of his friends,
he gradually grew weaker.

All that medicine and lov-
ing parents could do, was
done to effect a cure, but to no
avail. The injury spine de-
veloped complication resulted in
Mr. Culligan's death early age
of thirty-three years.

Besides his parents, he
left five sisters, brothers and
a host of friends his sweet-
ness of character and close in
life and will miss him dear in
death.

The sisters Misses Mabel
and Clara, reside in St. Eliza-
beth's Hospital City, and
the Misses Janet and Susie Culligan
at their parents' home.
The brothers, Stanley and
Dan at home, of the I. C. R.
residing in
Campbellton.

The funeral was largely at-
tended, was St. John the
Evangelist Church, at nine
o'clock on Tuesday, March
30th, when a High Mass of
Requiem was sung, Rev.
Father Van der, R. I. P.

INVESTIGATION AT

FREDERICTON TUESDAY

Dalhousie Lumber Co. Check
Matter Under Review by Com-
missioner W. B. Chandler

At Fredericton, on Tuesday after-
noon, at 2.30 o'clock, Commissioner
Chandler opened his inquiry regarding
the payment of \$2,903.32 by the Dal-
housie Lumber Company as part of
their stumpage account under the di-
rection of Chief Superintendent of
Sealers W. H. Berry, which sum of
\$2,903.32 did not appear in the public
accounts of this province.

Mr. Berry, the first witness, says
the check for \$2,903.32 given by the
Dalhousie Lumber Company, was
made payable to Mr. Brankley to re-
imburse the Miramichi Lumber Com-
pany for a rebate allowed them by the
department. The rebate totalled \$5,000,
made up to \$2,903.32 and \$2,903.32,
the former a previous allowance.

Mr. John W. Brankley said he was a
party to the arrangement for the re-
bate with Hon. Mr. Flemming and
with Mr. Berry, and they had agreed
upon the sum of \$5,000. None of the
money in the check of \$2,903 was paid
to Mr. Berry. The books of the com-
pany are kept in New York.

The evidence of Col. T. G. Loggie,
deputy minister of lands and mines,
showed that the check never reached
the department; that there was a re-
fund of \$2,903.32 for the Miramichi
Lumber Co., in the year 1911-12, or an
overpayment of the previous year;
that he had no personal knowledge of
the allowance made by Mr. Berry to
the Dalhousie Lumber Co., of \$664 on
pine and pulp wood; that he had no-
thing to do with the arrangements made
with the Miramichi Lumber Co., as
detailed in the evidence; that Mr.
Berry had charge of fixing the stump-
age bills and arranging such matters
as the Miramichi Lumber Company's
transaction, under the direction of the
minister of the department.

In reply to Hon. Mr. Baxter he said
that stumpage refunds, such as the
\$2,903 allowed the Miramichi Lumber
Company in 1912, were not unusual;
that the amount had extended over a
period of years, including the survey-
or-generalship of several gentlemen,
including Hon. Messrs. Flemming,
Tupper, Dunn and Sweeney. He sup-
posed that there were forty or fifty in-
stances of refund, but he would not do
it in that way.

Mr. W. F. Comeau said he was an
accountant for the Dalhousie Lumber
Company. He identified Brankley's
receipt for the \$2,903 and remembered
the payment of it.

At the suggestion of Hon. Mr. Bar-
ter, the commissioner adjourned his
court until after the close of the leg-
islature. Mr. Chandler will notify
Messrs. Carter and Veniot as to the
time and place when the inquiry will
be resumed.

BUY AT HOME

SHOULD ALWAYS RULE

Merchants Themselves do Not
Always Patronize Home
Industry

The Graphic has always been a very
strong exponent of the "Buy at Home"
principle. We not only advocate it,
but we live up to the rule in every
particular, and we expect our mer-
chants and business men to do the
same.

But very often they, thoughtlessly
place orders for materials with trav-
elling salesmen which could be sup-
plied at home. We know this is so with
orders for printed office supplies. We
frequently learn of orders amounting
to hundreds of dollars being sent out
of town which could be done just as
well and at no advance in price by the
local printers, and we have very fre-
quently been able to save our custom-
ers considerable money in supplying
these.

The rule of sending out of town for
printing of any kind should not pre-
vail, especially when your town has an
up-to-date printing plant. When you
need anything in this line phone your
local printer and at least give him a
chance to figure on it.

Dollars spent in this way will find
their way back to our own merchants,
while those sent to Montreal or Toron-
to stay there to enrich merchants of
those cities.

The Graphic can supply you with
monthly account forms, counter check
books, all kinds of loose leaf forms,
office stationery, special forms in du-
plicate or triplicate, in fact anything
that is printed upon paper. Let us
have your next order and be listed

THE FIREMEN HOLD

SUCCESSFUL DANCE

Last Evening in the Masonic Hall
Proceeds to go in Aid of the
Red Cross Funds

A most enjoyable dance was given
last evening in the Masonic Hall, pro-
moted by the members of the Fire
Brigade, the proceeds going to bene-
fit the Red Cross Funds. A large
number of invitations were issued and
a goodly number accepted, thereby
swelling the funds for this most
worthy object. The committee spared
no pains to make the evening a suc-
cess, and the hall was most tastefully
decorated with flags, bunting and col-
ored streamers. The music for the
dancing was supplied by the Newcastle
orchestra, and the playing was much
enjoyed, the orchestra receiving many
compliments for their work.

Mr. Geo. F. Myles acted as secre-
tary and had the assistance of a host
of willing workers on the Decorating
Committee, and their labors were
much appreciated. The chaperons
were Mrs. J. W. Morton, Mrs. S. H.
Lingley and Mrs. D. A. Stewart.

N. B. PROHIBITION

WHILE WAR LASTS

Provincial Government Has Mat-
ter Under Consideration.—
Result Eagerly Awaited

There is a possibility that the pro-
vince of New Brunswick may be re-
quired to do without intoxicants for
the duration of the war.

In reply to an inquiry by long dis-
tance telephone Friday afternoon,
Premier Clarke said the provincial
government had the matter under con-
sideration, and that a decision on the
subject may be announced before long.
It is understood that the action of
the Imperial government in intimating
that prohibition may be enforced in the
British Isles has had something to do
with the discussion of the question by
the provincial government, and that
their decision may be affected by the
final attitude of the British govern-
ment.

Between fifteen and twenty years
ago a plebiscite on total prohibition
was taken throughout the Dominion.
At that time New Brunswick went on
record in favor of prohibition by a
large majority, but no further action
was taken.

The fact that many counties in New
Brunswick are already under the Scott
Act would simplify the problem before
the government, and it is understood
that the attitude of St. John in the
matter might be one of the largest
factors to be taken into consideration.
—Moncton Times.

ing demands.

FIGHTING CONTINUES

IN THE CARPATHIANS

Cruiser Prinz Eitel Friedrich has
Been Interned at Newport.
German Victory?

(Special to Graphic)

London, April 8th.—The Carpathian
Mountains and the hilly country be-
tween the Rivers Meuse and Moselle
in France, continue to be scenes of the
most sanguinary engagements, but
little or no news is forthcoming of the
progress of the battles.

The commander of the Cruiser Prinz
Eitel Friedrich has decided to interne
his ship rather than face the British
war vessels awaiting him off the Vir-
ginia Capes.

Germans have claimed a victory
over the French, but no details have
been received as to where the engage-
ment was fought.

All is quiet from the near eastern
theatre of war, but it is presumed that
combined sea and land attacks on the
Dardanelles will soon be made.

London, April 8.—Russia has won an
important success in the Carpathians.

The greatest gain of the Russians is
that they have now passed the rough-
est part of the Mountains.

Paris, April 8.—General Joffre is
preparing for great offensive move-
ments against the Germans.

Cairo, April 8.—Yesterday a small
body of Turkish cavalry was seen by
British patrols, a few shots were ex-
changed and the enemy retired.

Billy Sunday doesn't see why a
man should cuss. Evidently Bill never
broke a bootleg, missed a golf shot
or a train, or let that big trout carry
off his fancy tackle.

LOST

ENTERPRISING FIRM

HAVE PIANO CONTEST

A Beautiful Ennis Piano Given
Away Free at Andrew's Cloth-
ing Store

Andrew's Clothing Store wish to
thank you for your past patronage,
and in order to demonstrate in a more
practical manner than in mere words,
also to induce you to continue your
esteemed favors, we have arranged to
give to some one of our customers a
present consisting of the beautiful
Ennis Grand Piano we have now on
exhibition. The value of this instru-
ment is \$350.00, and is guaranteed by
the maker for a period of ten years.

We cordially invite you to call at
our store, inspect and try this beau-
tiful instrument. You have as good a
chance of obtaining this valuable gift
as anyone. Come to our store and let
us explain our method of
Giving Away This Piano

We also desire to call your attention
to the many splendid values which we
are now offering in every department.
Candidates kindly turn in their votes
every Wednesday sure.

CAMPBELLTON BRANCH
G. G. Glennie, Manager

THE GERMAN ATROCITY FIRST HAND.

In an interesting series entitled, "Letters of an Englishman to his son in Canada," begun in the April CANADA MONTHLY, the writer, a man well-known in England, relates the following:

Yesterday I spent some time talking to wounded men just back from Nieuport and Lille. They have the heartiest contempt for the German infantryman. They tell me the Indian soldier is fighting splendidly and that the German is scared by his recklessness in hand to hand work. I had some vivid stories of the fighting; and some terrible stories of low-down behaviour on the part of German officers.

One lad of the Seaforth's told me that three of them came across a German officer lying wounded in Lys in the trench just evacuated. One of the three went back and told the sergeant, who came along with a young subaltern to help the officer out of the trench to the ambulance. The sergeant and the subaltern leant over the man to lift him. He then whipped out a revolver and shot both in the head; whereupon my lad put his bayonet through his throat.

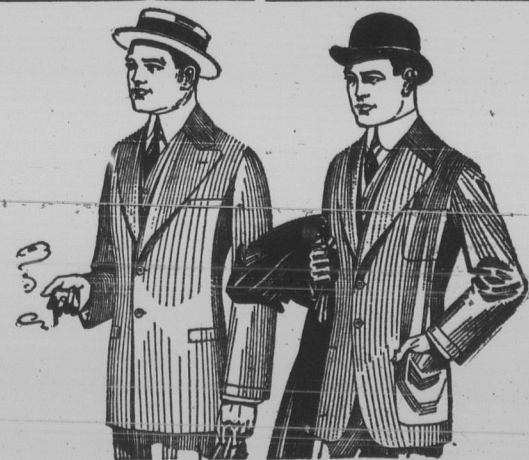

"And I am not sure I did right, as he was wounded and we may not touch a wounded man!"

I told him I thought he need not worry! Again I heard from a non-commissioned officer of the Lincolns of a bad case of white flag. A farm house was held by ten Germans or so. On the advance of the Lincolns the Germans sent out a man with a white flag. Directly the party sent to receive prisoners surrendering got within range they were all shot down.

The English officer in charge sent for two guns and battered the whole place down on their heads—"and they lie under the bricks still," he said, "out of the wet."

B—has a story from a Belgian doctor, who saw a Belgian priest crucified on his church door and left to die! Our men say that when the French and Belgian troops get into Germany no one will hold them back—they will kill ruthlessly in return for the horrible things they have seen done by the enemy.

Those punk boots may not be up to sample, but they are fairly representative of the combination that is manning Canada's public affairs.

ABOVE, we show you two distinct Fit-Reform styles in 2 Button Sack Suits for Spring.

Both are in perfect taste—both are cut on new lines—both are trim and trig—both are for young men. Come in and try on both styles, and see which you prefer. Prices as before—\$15. to \$35.

McRAE & McRAE,
Campbellton, N. B.

ABSTINENCE HOLDS BRITISH ATTENTION

Prohibition Movement Has Great Strength and is Being Vigorously Pushed

London, April 5th.—The attention of the British public is concentrated upon the question of abstinence. For the moment it has overshadowed the war. In London it is doubtful if the biggest headlines chronicling military activity could withdraw the people from the all-absorbing topic of the probability of a "dry country."

Several of London morning papers appear with full page advertisements presenting petitions with the request that supporters of the movement cut them out and send them to the Chancellor of the Exchequer Lloyd George. These petitions read:

"I am entirely in favor of the suspension of the manufacture and sale of intoxicating liquors during the war, which I consider imperative for a quick and successful termination of the war. I shall heartily support the Government in any such measure."

The petition idea is backed by merchants and business men and other employers of labor, who disclaim any save a war interest in the proposed measure.

The sense of personal liberty is so strong in England that it may defeat total prohibition. But the sense of fair play fights on the side of the extreme measure, for the opinion is growing that if employees are deprived of their right to drink employers must take their places in the same boat.

It is believed the cabinet is in favor of total prohibition which, under the defense of the Realm Act, it has the power to enforce without any further legislation.

The brewers are making a strong protest, claiming prohibition would throw many out of employment.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, O.

Eighty-five merchant ships of the allied or neutral powers, and 59 German and Austro-Hungarian vessels are reported to be in Black Sea ports, and can be used for transportation of Russian products as soon as the Dardanelles are opened.

Cracow after Przemyśl, and then "On to Berlin" by way of Breslau! This has been the plan most in favor with the Russian Staff. Providing Cracow could be taken, the way would be open to the invasion of Germany by a route not topographically difficult.

Lloyd George says Britain has three enemies: Germany, Austria and drink. And for Britain, as for Canada, the greatest of these is drink.

FARM INCREASE AND IMPROVEMENT

Improved Production of Existing Areas Should be Canada's First Aim

The advice given in the most recent announcement of the Department of Agriculture at Ottawa to make your land produce more, cannot be over-emphasized. Millions of bushels rather than the cultivation of excessive acres, should be Canada's aim. Improved production is only possible by the use of good, pure seed and by assiduous and knowledgeable attention to the soil. Experience is undoubtedly in farming as in all other objects in life, the best instructor, but just as fertilizers help the soil, so does acquiring the results of experiments made by others make the road easier to the lesson that is to be learned. Never was there so much necessity for thoroughness and earnestness as now when the markets of the world are wider open, when they are being shifted and former occupants are receiving notice to quit.

As proof that there is abundant room for increased production by improvement, an official statement as follows is presented of the average yield of various products last year, and of the average that is possible:

	Average	Possible
Fall wheat	20.43	50.
Spring wheat	14.84	33.
Barley	16.15	62.
Oats	36.30	91.
Corn, grain	70.	200.
Corn, Ensilage (Tons)	12.	19.
Peas	15.33	37.
Beans	18.79	50.
Potatoes	119.40	450.
Turnips	42.81	1000.

By "possible," it is explained, meant results actually obtained at the Experimental Farms and by many farmers under intensive cultivation.

While such results may not be obtainable in every case on the average farm, strict attention to the selection of seed, the use of fertilizers and thorough preparation of the soil will accomplish much. It is estimated that in this way the value of the crops of Canada might be increased by a season by \$150,000,000 which would be more than enough to meet interest on all the money borrowed by the Dominion from Great Britain or invested in this country.

This is not a burden placed upon the agricultural community. It is an interest and to make the Empire more self-sustained. "It is the unity of patriotism and production, for the encouragement of which Bulletins and Pamphlets giving results of actual experiments by practical men, as well as vast stores of useful information, can be obtained free on unstamped application to the Publications Branch, Department of Agriculture, Ottawa. The best method of procedure is to send for a catalogue and then forward your order, but, to save time, it is announced that Bulletins on wheat, oats, corn, barley, peas, beans, potatoes, turnips, onions or live stock will be mailed immediately on notification of those wanted.

Men, women and children of every age, all find Kall-Oxider a perfect laxative. Sold only by Thos. Wran. The Kall-Oxider, 10c, 25c, & 50c. boxes.

How would you like to buy everything you need on the roundabout plan by which the Government purchases war supplies?

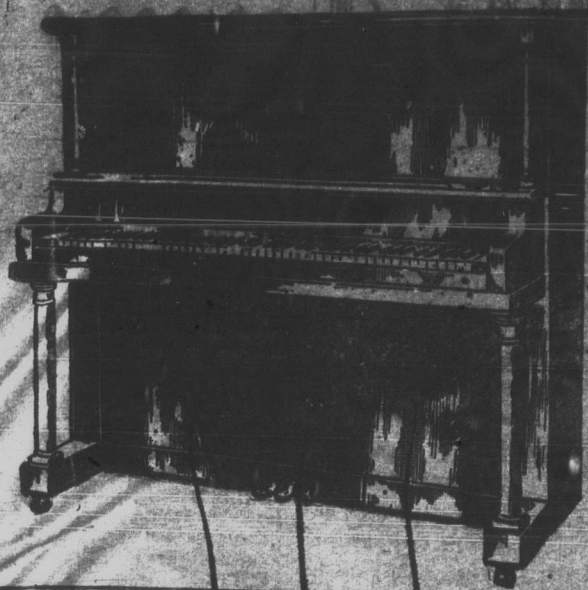

The country expects the manufacturers to talk out against the rationing system. They are its victims to an even greater degree than the general public.

Various alterations are being made in the map of Europe, but neverer home the United States is not being built. March is the same old March is always used to be.

The Austrian Government has prescribed long imprisonment and hanging for war contract grafters. Would to heaven Ottawa would do the same to those implicated in the boot, binocular and other scandals, which are a blot on Canadian history.

After the torpedoing of a passenger steamer, throwing the helpless victims into the water and then laughing at their death struggles, one would be prepared to believe anything of the Huns. Arson, murder, and theft are among their highest accomplishments. A German tribunal at Strassburg has just decided that George Weill, a former deputy from Metz, but now a private in the French army is a deserter and confiscated his property.

The Paris Matin says the Germans had plans not only for the occupation of Paris, after what they presumed would be its easy conquest, but also for using the capital as a blackmail for imposing a shameful peace on France. Paris was divided into seven sections, each of which was to receive 100,000 Germans. Then unless the French Government agreed to a peace with a cession of provinces to Germany and a large indemnity of troops to help an invasion of England, Paris was to be systematically sacked, section by section, until the French Government gave in.

THIS BEAUTIFUL \$350. PIANO, WE SHALL PLACE IN THE HOME OF ONE OF OUR CUSTOMERS—ABSOLUTELY FREE.

Come to our Store, see and try this splendid instrument. We will tell you all about our plan. This is a present worth having. It is the celebrated INNES make, with the Ten Year Guarantee, manufactured by the New Scale Williams Co.

Newsy Notes of Town and Neighbourhood

FOR GASPE

Mr. Walter Marquis left for the Gaspe shore this week, where Marquis & Co., Ltd. have large contracts for electric lighting.

NOW RECOVERED

Police Judge Matheson, who was confined to the house owing to an attack of influenza has now so far recovered as to be able to undertake his professional duties.

SUPREME COURT

The Supreme Court was in session in Dalhousie this week. His Honor Judge Barry was on the bench. Only one case was on the docket that of Wallace vs. Jaa. Alexander.

PRESENTATION

On Saturday evening a number of the teachers of St. Andrew's Sabbath school called on Miss Cora Forsyth and presented her with a silver bowl before her departure for the west.

OUT OF DANGER

Mrs. O'Keefe is in receipt of a letter from her son Art, who was recently wounded in France, in which she states that he is now almost fully recovered, and is in one of the R. Camps, and will probably be back the firing line by this time.

SLIGHT FIRE

Early on Tuesday morning the beds were called out to a small fire at the residence of Mr. Ed. Sullivan on Water Street. It was easily extinguished. The fire had caught in the fireplace, and might have been very serious if not noticed by the family going out to meet the press.

PATRIOTIC CHOIR

The next rehearsal of the choir held on Friday evening in St. Andrew's Hall, at 8 p.m. prompt. There are still a few vacancies in the choir and singers will be gladly welcomed. The attendance of members is especially urged at the early practice, so uniform progress can be made.

SUPREME COURT

The Supreme Court was in session in Dalhousie this week. His Honor Judge Barry on the bench. Only one case was on the docket that of Wallace vs. Jas. Alexander.

PRESENTATION

On Saturday evening a number of the teachers of St. Andrew's Sabbath school called on Miss Cora Ferguson and presented her with a silver fruit bowl before her departure for the west.

OUT OF DANGER

Mrs. O'Keefe is in receipt of a letter from her son Art, who was recently wounded in France, in which he states that he is now almost fully recovered and is in one of the Best Camps, and will probably be back in the firing line by this time.

SLIGHT FIRE

Early on Tuesday morning the brigade were called out to a small blaze at the residence of Mr. Ed. Sullivan on Water Street. It was easily extinguished. The fire had caught from the fireplace, and might have been very serious if not noticed by one of the family going out to meet the express.

PATRIOTIC CHOR

The next rehearsal of the choir will be held on Friday evening in St. Andrew's Hall, at 8 p.m. prompt. There are still a few vacancies in the parts and singers will be gladly welcomed. The attendance of members is earnestly urged at the early practices, so that uniform progress can be made.

SERIOUS CHARGE

Thos. Dobbin of this town has been arrested on a serious charge. The preliminary hearing was held today.

ABSENT WITHOUT LEAVE

Joe. Bernard, a recruit in the 55th Bn., is under arrest here for being absent from drill without leave.

THE USUAL

Three cases of drunkenness were dealt with this week by Magistrate Kelly. They each paid the usual fine and costs.

AT ST. JOHN

Mr. Charles A. Alexander is in St. John this week attending the sessions of the Masonic Grand Lodge in which he holds office.

FISHERY CASE

Officer Mann paid Upsalquitch a visit this week and arrested two men on a charge of illegal fishing for salmon on the Upsalquitch last fall.

SNOW FALL

Snow started falling in town on Tuesday evening and continued throughout the night. The bright weather of Wednesday soon made short work of it.

MARRIED

At Montreal, April 3rd, by the Rev. G. F. Kinnear, Margaret Irene, youngest daughter of Rev. and Mrs. J. M. Scherland of New Carlisle, Que., to Lionel George Marshall, now of Toronto, formerly of London, England.

ON WHEELS

Jon E. Olcamp crossed over the river ice with his big hack and pair of horses Monday. This is the first wheels to cross the ice this year, and the sleighing is all over for this season.

WANTED

Barber wanted for Gaspe. For further information apply to JAS. KENNEY, Apr. 5th-1 p.m. Gaspe Harbour.

FOOTWEAR

We carry a nice smart line of Footwear and can shoe the feet of the whole family from the Baby to the Grandad.

Infants Shoes ranging in price	.25 to .40
Child's	.75 to \$1.40

OPEN NEXT SATURDAY

Mr. Walter H. Gray purposes opening up his new establishment in Bathurst on Saturday week, April 17th. He will install a first class up to date soda fountain there, as well as a restaurant business.

NOTICE

With the advent of spring it is earnestly urged on the citizens to keep fowls and cattle from running at large. We have been asked by the Chief of Police to bring this matter before the public as prosecutions will certainly follow if information is laid against any party allowing cows or fowls to stray on public or private property.

RESTIGOUCHE DREDGING

Mr. MARCIL:

1. What is the total amount of dredging performed by the Department of Public Works on its account at Restigouche, Quebec?
2. What has been the cost by year of this work?
3. Is the work of dredging completed there?
4. Was any other work done by the department at that place? If so, what was it, and what did it cost?
Mr. ROBERTS:
1. 64,800 cubic yards.
2. 1907-08, \$2,207.24; 1908-09, \$4,529.94; 1909-10, nil; 1910-11, nil; 1911-12, nil; 1912-13, \$17,598.12; 1913-14, nil; 1914-15, \$6,915.00.
3. When the dredging ceased, the needs of the place up to that time had been met.
4. No.

NOTICE OF SALE

Valuable Lumber Lot.

Tenders will be received by the undersigned at his office, Campbellton, N. B., up to and including Friday the sixteenth day of April, A. D. 1915 at twelve o'clock noon for all that lot of land, situate, lying and being in the Upsalquitch Range in the Township of Matapeia in the Province of Quebec, being Lot No. 17 known as the Lodge property, together with the lumber thereon.

The highest or any tender not necessarily accepted.

STUDENT'S ACCOUNT OF NORMAL SCHOOL BAZAAR

Successful Function at Fredericton
That Netted \$750.00 for the Red
Cross

(From the Gloucester Northern Light)
A great bazaar was held by the students of the Normal School, during the evenings of the 26th and 27th of March. The authorities had been pleased to let the students have the spacious gymnasium of the Normal School. This was magnificently decorated.

Each county of the province was represented by a "booth" constructed by the students. In case the number of students of some counties was not great enough to have a separate booth, several counties were represented in the same booths. So the county of Gloucester was represented with the counties of Madawaska, Restigouche and Northumberland. The booth for these four counties was beautifully decorated. Each of the young lady-students had worked at least a piece of fancy work. This, added to some refreshments sold for the sum of \$53.00, which was very satisfactory.

During the evening of the first day, a tea was served by the ladies of Fredericton. The total proceeds of this great bazaar were a little over \$750.00. This will be given to the "Red Cross Society" to help our brave Canadian soldiers, wounded in the firing line.

Among the many assistants we had the pleasure of noticing the members of the provincial legislature for Gloucester. To them, and to all who contributed in any way to this great success, we offer our most sincere thanks.

(From the Gloucester Northern Light)

The death of two old and respected residents, Mrs. Jos. Melanson and Mrs. Jos. Young took place last Thursday, and both funerals were held on the Sunday after. Grown-up families survive both of the deceased.

WELL KNOWN PRIEST HAS PASSED AWAY

His Splendid Work at Tracadie Lazaretto Shall Live After Him

Rev. Father Joseph August Babineau, parish priest, died at St. Leonard's on Wednesday after a few days' illness.

Born in 1844, Father Babineau had been ordained to the priesthood in 1868 by the late Bishop Rogers. After a course of studies at St. Dunstan's College and Montreal Seminary, Father Babineau spent the first years of his ministry at Newcastle and then was given charge of the parish of Tracadie, at that time the largest parish in the diocese of Chatham. It was at the latter place, in connection with the Lazaretto, that Father

Babineau revealed his administrative time and life to the spiritual care abilities. During Father Babineau's stay in Tracadie he not only devoted of his fold, but he erected the most beautiful church in the diocese and established the hospital for the lepers on a permanent basis. In 1902 Father Babineau was removed to St. Leonard's, where he spent the remainder of his life dividing his time between the care of the souls entrusted to his care and his administrative duties at St. Leonard's.

The ideal laxative for women and children

No ingredient in Rexall Orderlies is in the slightest degree harmful or injurious. Even the most delicate child can be given Rexall Orderlies for they are safe, easy to administer and mild in action. No other laxative is so good for children.

Rexall Orderlies are a specific for constipation for people of all ages because, having a tonic effect on the bowels, their use tends to restore these organs to their normal activity. They are particularly recommended for women during pregnancy and after child-birth.

Made in Canada and sold in metal boxes at 10c, 25c and 50c each, at Rexall Stores only, on their guarantee—"money back if not satisfied." Get a Box Today from

THOS. WRAN, Druggist

PATRIOTISM AND PRODUCTION

"Looking at the situation in even its most favorable light, there will be a demand for food that the world will find great difficulty in supplying."

HON. MARTIN BURRELL, Minister of Agriculture.

Great Britain Needs Food

VEGETABLE growers can render a real service to the Empire by increasing the production of vegetables, especially those that can readily be stored and transported. The war in Europe has devastated thousands of vegetable-producing acres and made it difficult for Britain to obtain her usual supplies. Vegetable growers are urged to select carefully the best varieties of seed and plant in properly cultivated and fertilized soil. Work hand in hand with the agricultural specialists of both the Canadian Department of Agriculture and your Provincial Department.

POTATOES There is no farm crop the yield of which, perhaps, can be increased so much as potatoes. Potatoes have been grown in a small plot at the rate of over 700 bushels per acre at the Central Experimental Farm, Ottawa. So great is the difference in the yield of varieties that while one gave this large yield, another, under same conditions, gave but 124 bushels. It will thus be seen how important it is to plant a productive variety.

BEANS The fact that beans have been a good price for a number of years, and also that they are of very great food value, should encourage every person who can to grow beans. Western market prices will not be influenced this year by foreign beans, and for that reason we should produce a bumper crop. The world will need them.

To the farmer's wife, the Government makes a special appeal. In many cases the vegetable garden and the poultry are largely under her direct management. Anything that she can do to increase production will be so much aid given to the Empire.

POULTRY AND EGGS Up to the commencement of the year, Great Britain imported from Belgium, France, Russia, Germany and Austria-Hungary poultry to the value of \$3,000,000 per year and eggs amounting to 138,000,000 doz. Canada in 1914 imported \$200,000 more poultry than she exported and imported 500,000 more eggs than exported. Canada needs 1,500,000 more hens, averaging 100 eggs per year, to supply the home demand before having any eggs for export. The average egg yield per hen in Canada is but 80 eggs per year, which is very low. Careful selection, feeding and housing could in a few years bring the average up to 100 eggs per hen per year. It would be a profitable thing to strive for.

LIVE STOCK Breeding today Canada's most valuable asset. The one outstanding feature of the world's farming is that there will soon be a great shortage of meat supplies. Save your breeding stock. Plan to increase your live stock. Europe and the United States, as well as Canada, will pay high prices for beef, mutton, and bacon in the very near future. Do not sacrifice now.

Remember that live stock is the only basis for a prosperous agriculture. You are farming, not speculating.

It has been said that European farmers farm better than they know; Canadian and American farmers not as well as they know. Let us this year live up to what we know. Let our contribution to the "Patriotism and Production" campaign be bumper crops.

VACANT LOTS This call and this opportunity are not for farmers only. Residents of towns and cities can help the Empire by growing vegetables on small plots or raising chickens in their back yards. City Councils, Boards of Trade, and other organizations can help by arranging for the cultivation of vacant lots, which will relieve the unemployment situation at the same time. Those at home have a duty to perform as well as those in the firing line. From the interest manifested by the people in the "Patriotism and Production" announcements, we feel sure every one has good intentions. What we urge is that these good intentions be carried into action. Get busy. Every extra bushel you grow means that much more for export.

STUMPAGE.

A lumberman who appeared before a committee of the Legislature on Friday made the statement that he has to pay a private company double the stumps that is paid on crown lands. The statement, despite the declaration of another lumberman that it costs more to operate on Crown lands, must be regarded in the light of recent disclosures as a further proof that it is high time there was some readjustment of arrangements between the lumbermen and the people of New Brunswick. Clearly, the people have had the bad end of the bargain long enough to make advisable a change to a more equitable basis. The government will do well to give careful attention to what has been disclosed before the Corporations committee. St. John Globe.

Over a considerable area of the West the increase in acreage under crop will average over forty per cent. That is good news. Prosperity will have a solid foundation if the crop expands in proportion to the acreage.

RAILWAY PURCHASE BILL IN THE HOUSE

Interesting Discussion on Section One Before Bill is Reported.— Bridge Under Review

(From Hansard.)
Ottawa, Mar. 29th.—On motion of Hon. Frank Cochrane (Minister of Railways and Canals), Bill No. 105, to amend the Government Railways Act and to authorize the purchase of certain railways, was read the second time, and the House went into committee thereon, Mr. Blain in the Chair.

On section 1—acquisition of railways and works:

Mr. MARCIL: I was not here on Saturday when this Bill was up. I would like to renew the question I asked on another occasion: Is there any intention to take over the Quebec and Ontario and the Atlantic, Quebec and Western railways.

Mr. COCHRANE: I do not think it is in the interest of the country that I should name any roads that I propose to take over.

Mr. MARCIL: The International has been taken over?

Mr. COCHRANE: Yes, and this Bill is to ratify that action.

Mr. MARCIL: And the minister is not in a position to state what intends to do with regard to those other roads?

Mr. COCHRANE: Not yet.

Mr. GRAHAM: The minister provides in this Bill for taking over two railways. Can he tell us about these roads.

Mr. COCHRANE: I explained that the other day.

Mr. MARCIL: I regret to say I was not here.

Mr. COCHRANE: The International road runs from Campbellton to St. Leonard's, a distance of 112 miles. It is in good physical condition, except for one curve and grade, which I think we shall be able to change. I have a vote of \$25,000 this year to do it. The justification for taking over this road is that the International bridge at St. Leonard's was being completed and it would have enabled this road to cut into the Intercolonial railway's trade. That place is a very large lumber section, and the taking over of this road will give us a shorter line through the eastern states. They could have injured the receipts of the Intercolonial railway very much. We shall be able to serve the shippers at that point at a lower rate and, I think, make as much in net profits for the Intercolonial railway as we could the other way. The other road, the New Brunswick and Prince Edward Island, is taken over for the purpose of connecting the Intercolonial railway with the car ferry for Prince Edward Island. That is a road thirty-six miles long not in very good shape.

Mr. GRAHAM: Is that the road a part of which is floating?

Mr. COCHRANE: No. I was over it, and while it was not exactly in good condition we have improved it to some extent and must improve it more.

Mr. GRAHAM: How much are we giving for it?

Mr. COCHRANE: It is stated in the Bill—\$270,000. It was bought on condition that we pay four per cent until the House voted the money for it. The other road was leased for five years at \$90,000 a year, which is a little less than 3 1/2 per cent, and then we are buying it at \$2,700,000. I think I can safely say that it would cost at least that amount to build the road to-day; I think it would cost that when it was built.

Mr. MARCIL: What has been the result of the operation of the International railway? What information can the minister give as to the receipts and expenditures?

Mr. COCHRANE: I cannot give the exact receipts, but I think I can safely say that the road is paying its running expenses.

Mr. MARCIL: Has the minister given any consideration to the construction of a bridge at Campbellton, over the Restigouche river, to connect the International and Intercolonial systems with the system of railways in the Gaspé peninsula? Numerous petitions have been sent in by the people of Restigouche, the board of trade of the town of Campbellton, the county council of the county of Restigouche, the towns of Dalhousie, and all the municipalities on both sides of the river. The late Government was petitioned in this matter, and petitions have been sent to the present Administration. I understand that a deputa-tion was here recently in connection with the matter. Has the minister given any consideration to the subject?

Mr. COCHRANE: I have not considered it.

Mr. PUGSLEY: I am glad indeed to hear the minister express his opinion that this traffic can be carried by the shorter route over the International railway across the bridge which is now being constructed over the St. John river. I am informed by the president of the company that the bridge will be ready for use by April 15. Certainly it is creditable to the company that, having begun the work only in the month of August last, they have been able to complete it in such a short period of time. The construction of the bridge is also somewhat unique by reason of the fact that no public aid has been given to the company either by the Government or the municipalities. This shows the great confidence which

HIS HEALTH IN A TERRIBLE STATE

"Fruit-a-tives" Healed His Kidneys and Cured Him

HAGERSVILLE, Ont., Aug. 26th, 1913.

"About two years ago, I found my health in a very bad state. My kidneys were not doing their work and I was all run down in condition. I felt the need of some good remedy, and having seen 'Fruit-a-tives' advertised, I decided to try them. Their effect, I found more than satisfactory. Their action was mild and the result all that could be expected. My kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old-time vitality. Today, am enjoying the best health I have ever had."

B. A. KELLY

"Fruit-a-tives" is the greatest Kidney Remedy in the world. It acts on the bowels and aids as well as on the kidneys, and thereby soothes and cures any Kidney trouble.

"Fruit-a-tives" is sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c, or will be sent on receipt of price by Fruit-a-tives Limited, Ottawa.

the people interest d in the traffic have in the possibilities of that traffic. I know the country very well; the railway runs through a magnificent country, which is well timbered, and a large part of which is well adapted to agriculture. Since the construction of the road I understand that over 5,000 settlers have gone into that country.

Mr. COCHRANE: Into the timber land?

Mr. PUGSLEY: They have gone into the timber country, setting along the railway line, but very great care is being exercised, both by the railway authorities and by the Government to prevent the destruction of the timber. As I say, the land is exceedingly fertile and well adapted to farming, and I am sure that before many years it will become a splendid agricultural country. I quite realize that the Government has acted wisely in taking the road over. I have always felt, from the statements of railway experts, that this line occupies a strategic position, and if it were to go into the hands of another company interested in taking the traffic, the result would be a serious interference with the traffic handled by the Intercolonial railway. I am glad, indeed, that the minister has decided to take the road over. I think that if he acts under the powers contained in the first section as prudently, so far as the company is concerned, as he has acted in respect of these two roads, the country will not be very much the loser by reason of this legislation. I desire to express my gratification that at last, after many years in which the acquisition of branch lines of the Intercolonial railway has been urged by members of this House, more especially, I think, on this side—until some four years ago, when the hon. member for Kings and Albert (Mr. Fowler) took the matter up—to know that we are likely at last to have a consummation of the policy of taking over the branch lines of the Intercolonial railway. If I were in my hon. friend's position, however, I would not be too careful to be always sure that the branch lines would pay the Intercolonial from the standpoint of traffic.

Mr. COCHRANE: You have just said that if I buy the others upon as good terms as I bought these, I should be doing all right.

Mr. PUGSLEY: That is true; that would be as to price. But there are some small branch lines which do not show very great traffic earnings, but which serve fairly important sections of the country. When it becomes known that, by reason of Government operation, there will be a permanent, continuous and satisfactory service industries will be established along these lines, and the country will develop to a greater extent than it possibly could develop while uncertainty of operation exists. Another important matter is the question of being obliged to pay double price, as they do now, persons who receive goods over the railway will be subject to the very great advantage of only one freight charge, based on mileage. I feel sure that the carrying out of this policy will result in a very great benefit to the people of the Maritime Provinces, and I think also to certain sections of the province of Quebec.

Mr. MARCIL: When the International railway was built there was to be a bridge at each end of the road, one at St. Leonard's, and one over the Restigouche river at Campbellton. An Act of Parliament was passed authorizing the construction of a railway and highway bridge over the Restigouche river, for the purpose of giving the Gaspé peninsula easy access to the Intercolonial railway and the New England States.

Mr. COCHRANE: Was an appropriation made?

Mr. MARCIL: A subsidy was voted, but the president of the railway, Mr. Malouin, subsequently declared that this subsidy was not sufficient to build the line, and that the Government would have to guarantee the bonds. This subject was under consideration when the change of Administration took place. However, the taking over of the International will provide a shortcut to the New England States for the Gaspé peninsula. The Quebec Central railway was known at different times by two other names. It was originally known as the Baie des Chal-

NEW PORT MAN LOSES HIS HORSE

Hired it to Travelling Picture Man Who Sold it in New Brunswick

On March 8th, a man named J. Willett or J. Oullette, who was taking orders for enlarging photos, hired a horse and sleigh from John Smith of New Port, Gaspé Co., P. Q., to work the country in that vicinity. The beast was a small black mare, with white spot on forehead, the sleigh was a Gaspé, painted cherry, with a green seat cushion.

The last heard of Willett and the rig was at Dalhousie, but he was seen here taking the train for points west, as he lives up the line in Quebec province. It is thought that the mare was sold on the New Brunswick side and possibly about Dalhousie or Charlot.

The owner, Mr. Smith is a very poor man, and cannot afford to lose the horse.

Will any person knowing of the whereabouts of the rig please notify the Graphic office at once as we have agreed to advise the owner so arrangements can be made for its recovery.

eurs railway; then it had another name, the Atlantic and Lake Superior; finally it became the Quebec Oriental railway. When the minister takes over this road I am sure that he will see that the properties which have been taken over as rights of way will be paid for. Many farmers from Matapedia to New Carlisle have had their farms cut up by the construction of this road, and have never been paid for the right of way. The station at Cross point, opposite Campbellton, is on the farm of a man named Fraser, who never received a dollar for his property. The Baie des Chaleurs Railway Company made over the line which the farmers would not touch. When the company went into insolvency, the Atlantic and Lake Superior Company took over the project, and they also did not pay for the right of way. There are, in addition, claims for labour, board and material on the part of persons all along the line from Matapedia to New Carlisle. I hope that the minister will see that the people are treated properly; that those who gave their properties as rights of way, and those who furnished material, board, etc., are properly indemnified.

I would call his attention also to the importance of the lower part of the road—the new road which has been built from New Carlisle to Gaspé. That is in as good condition as the International was or is to-day. A special subsidy was voted by this Parliament for the erection of some 25 bridges over a very difficult country down the Gaspé basin. The fact that this road is in good condition, brings about a peculiar condition of affairs. At Chandler, in the township of Pabos, in Gaspé, an American company from Philadelphia has established a large pulp industry and is expending \$2,000,000 or \$3,000,000. I understand that a number of Canadians are now associated with that company. This company transported a lot of their material over the Atlantic and Lake Superior railway from the Intercolonial at Matapedia down over the Quebec and Eastern to New Carlisle from Matapedia to New Carlisle being so unsatisfactory, they have entered into an agreement with Mr. Scoles to utilize the deep water wharf at Gaspé to bring in supplies to Gaspé, which is connected with the Atlantic, Quebec and Western railway; and then they move their materials to Chandler over that road, which is in a good state, so that the Intercolonial is avoided entirely and loses all this traffic because of the state of the railway between the Intercolonial and the new Gaspé railway. I hope when the minister considers that the time has come—and it surely has come—when Gaspé should have proper connection with the Intercolonial, he will bear these points in mind. Gaspé is the oldest constituency in Quebec; it was there that Jacques Cartier stopped before he even went to Quebec or Montreal; and the people there have been looking in vain for proper railway accommodation, and I trust the minister will see that they get it and get it under favourable terms. I trust he will also see that all the claims which the people have been seeking to recover, year in and year out, for the last 20 years will be paid—claims for time checks, right of way, board bills, and accounts of various kinds. When the road is taken over, let us hope that the chapter will be finally closed to the satisfaction of the population in that district.

Mr. COCHRANE: When the time comes for taking over the road, I will certainly make that a condition. Whether it is mortgaged up to the teeth or not, if they want to sell it to us they will have to pay these debts. I had a man go down to try to get a statement of the debts from the people themselves, and I think he now has it pretty fully prepared. In reference to the other point, as long as people can get shipping by water it is very hard for any railway to compete; but I can understand that if this branch of the road were put in proper order and this connection made by building the bridge so as to provide a line to the eastern States that way, we might possibly capture home traffic. I will certainly have the matter looked into. Financial conditions are such that we cannot do much this year, but that will not prevent us investigating, and being ready when the time comes.

CLEAN UP

The time for a general clean up will
soon be with us again, and we hope
the work of the Board of Health will
be more thorough and systematic than
in the past. There is much the In-
spector can do at all times during the
year, but judging from the past, we
believe the Board should lay down
specific instructions and see that they
are carried out. The Provincial Board
of Health rules, tucked away in the
inside pocket is not sufficient incentive,
to get good results.

PROVINCIAL CAMP

TO BE AT CHIPMAN

Large Attendance of Boy Scouts

Hoped for This Year by the
Provincial Executive

At a meeting of the executive of the
Provincial Council of the Canadian
Boy Scouts was held in the Bank of
British North America, Market Square,
St. John yesterday. Col. Wedderburn
was in the chair, and the following
members were present. L. H. Bliss,
from Fredericton; A. C. Skelton, St.
John; J. T. Whitlock, St. Stephen; G.
H. King, Chipman; J. W. Hoyt, Mc-
Adam; Mr. Douglas, Moncton, and D.
MacQuire, provincial secretary.

The provincial business before the
meeting was the matter of holding a
summer camp for the training of Scout
masters and Scouts. It was decided
that a camp be opened at Chipman, as
the most central and best equipped
place for the purpose, beginning on
July 31, and continuing for two weeks.
The camp is to be under the care of
officers to be appointed by the Provin-
cial Council, and a thorough course of
instruction is to be given in scouting to
all who attend.

MEDICAL OFFICERS TO PAY FOR MISFITS

Will he Held Responsible For
Unit Recruits Sent
Overseas

A Montreal despatch states that
notification has been received by mil-
itary commanding officers stating that
in future any recruit taken on and
subsequently found, on inspection in
England, to be unfit, would be returned
to this country at the expense of the
officer who reported him as medically
fit, including his passage both ways.
This would mean an expense of about
\$125 to the officer for each unfit man
he passed. It would also mean that in
future the medical officers, and com-
manding officers, will be even more
careful than they have been during
the last few weeks in passing men, so
as to make sure that men accepted
shall not only be fit for service phys-
ically, but in every other way.

It was said that the reason for this
order was that too many men with
the first contingent were found to be
physically unfit for service, or other-
wise undesirable, and their journey
across and back meant a great deal of
useless expense. The onus now will
be shifted to the officers.

The cost of the two weeks combined
outing and training is to be only four
dollars per scout; the balance to be
paid by the Council. Each scout is to
come with his own bedding, dishes, etc.
The railway fare is reduced to the min-
imum by the different railways over
which the troops travel. This oppor-
tunity has been looked forward to by
many scouts for some time, and it is
not to be let slip now.

There will be special officers sent
down from Ottawa, in instruction.
The Duke of Connaught, the Chief
Scout for Canada, is deeply interested
in the work, and already has recogniz-
ed the work done in New Brunswick
by presenting a scroll of honor to
Earle Scovill, of St. Stephen, for brav-
ery in stopping a runaway horse, and
saving two ladies from imminent dan-
ger. The prospects are for a large
camp, and a good course of training.

NOTICE

During the past seven months
the Graphic has published col-
umns of notices for the differ-
ent Patriotic, Red Cross, Belgium
Relief and church and society
socials and entertainments, free
of charge. In this way we have
contributed indirectly a large
amount of our revenue. While
personally the publishers will do
everything possible to further
this good work, we feel that we
cannot allow this practise to con-
tinue to the detriment of our
business. In future all notices
of such meetings, socials or en-
tertainments, at which a fee is
charged or a collection taken up
to defray expenses will be charged
for at our regular advertising
rates.

RESCUING THE CREW OF AN ILL FATED SUBMARINE.

SINKING OF THE 'U-8' OFF DOVER - THE RESCUE OF HER CREW BY BRITISH DESTROYERS.

This drawing, made especially for this newspaper, the New York Herald and the London Sphere, shows a scene
attending the sinking of the German submarine U-8, off the coast of Dover, England, by British destroyers. The
crew was rescued as shown in the accompanying picture. The scene was one of the most novel which occurred in
the war. The crew of the ill fated undersea craft were the first submarine prisoners of war to be brought to Dover.
The German seamen are seen just stepping off the stern of their vessel into the destroyer's dinghies.

MATAPEDIA

On Easter evening was held at Matapedia a euchre party, given by Mrs. E. Chamard. Among the ones invited were the Misses A. Dube, of Metis; J. Poirier of Black Cape; C. Pichette of Robitaille; the Misses Dolron and Arsenault of Matapedia. Messrs J. M. Lynch, E. Allard of Quebec; M. Roy of Lewis; E. Dube, Metis; E. Poirier, Black Cape; M. Michaud, Hudson, Fairdeau and many others. The first prize being won by Miss L. Arsenault, while the 2nd prize was won by Miss C. Pichette, and the booby by Miss Dolron. The gentlemen's prize was won by Mr. J. M. Lynch of the Restigouche Hotel, while Mr. E. Allard was the lucky winner of the booby prize. The evening ended with music and singing. Refreshments were served by Mrs. Chamard. All passed at an advanced hour, bringing with them a good souvenir of the evening and of the kind hospitality of Mr. and Mrs. Chamard.

GASPE

A very interesting hockey match took place on Tuesday at the Olympia Skating Rink, between the Never-Slips and Deadweights, which resulted in a win for the Deadweights by two goals to one. Both teams are steadily improving.

Bert LeBoutillier as referee proved satisfactory to all. After the above event, the Spiders and the Juniors put up a very good show, and the Spiders held a distinct advantage in the first half; the result at half time was three to nil in their favor. Soon after the game was resumed, it was seen that their centre man had been changed, but his substitute did not prove very effective, which gave the Juniors a fine chance of scoring; the Juniors were certainly not backward in following up their good fortune, and they came out winners by four goals to three. Both teams were then heartily cheered, including the referee, Leslie Langlois.

The Gaspe population were treated to a very entertaining and enjoyable spectacle on Thursday; when the South West Hockey Team put up such a sturdy fight against the Gaspe Juniors. The Juniors were kept going all through the two periods of the game. The score was Juniors 6, South West 4; but if the South West boys had plenty of practice, the result might have been a little different; but as it was, they gave us a good exhibition of pluck and stamina, and were cheered again and again by the spectators. The Juniors played well, and found their opponents a sterner and tougher proposition than on their former meeting. Two of the Juniors' players—Suddard and Boulet were put off the ice for a short period, on account of rough tactics.

John de St. Croix handled the game in a first-class manner, and was heartily cheered by the contesting teams and also by the crowd.

Mrs. Huett is in town, the guest of Mr. and Mrs. Leonard.

Mr. and Mrs. A. B. MacKinnon left in Tuesday morning for Dalhousie.

Miss M. Bartlett of Barachois was in town on Thursday, and was met by her brother, Mr. Walter Bartlett.

Miss A. Gavey of New Carlisle was also in town on Thursday, where her father, Mr. E. Gavey was awaiting her.

The two above named ladies were driven to their respective homes at Grande Grove on Friday morning.

Mr. E. P. Suddard returned to town on Wednesday, after a brief absence; and everybody greatly admired the fine horse, which he brought from one of the upper counties. The horse in question is supposed to be an excellent trotter.

Commander Wakeham, who has been seriously ill, has greatly improved within the last few days.

Mr. C. Sutton LeBoutillier received a cable on March 31st, stating that his aunt, Mrs. Horatio LeBoutillier had died that day, at Shamrock House, Georgetown, Island of Jersey. She was an old resident of Gaspe. The Gaspe population extend their deepest sympathy towards Mr. LeBoutillier.

Friday was reverently kept by all the inhabitants of Gaspe, and the churches were over-crowded. All the business houses and banks were closed.

GAUCHER, Campbellton.

BLACK CAPE

The Dr. Wardrope and McCurdy Mission Band held their Easter concert in the Presbyterian Church on Friday evening. The church was crowded to the door and the Bands had a most interesting programme. The offering amounted to \$16.18.

Miss Hilda Gallant, teacher of school No. 1, returned on Monday after spending Easter at her home in New Carlisle.

Miss Janie Powell, teacher of school No. 6, spent Easter in New Richmond West, the guest of Mrs. William Lynn.

Miss Bertha Munroe returned last week to her home in Paspebiac West, after spending a few weeks with her sister, Mrs. D. L. Campbell.

Mr. Ernest Campbell has returned home from Hartford, Conn., where he had been for treatment, and his many friends are pleased to know that he is much improved.

Mr. John Steele and Mr. Earl Campbell drove to New Carlisle last week, and found that the roads were in a bad condition for sleighing, and that wheels would be better going.

The many friends of Mr. George Brake are sorry to learn that he has been in poor health for some time. He left on Monday for Campbellton to have further medical advice.

Mr. and Mrs. Hedley Henderson arrived from Montserrat on Thursday, and left on Saturday for Cape Breton to visit Mrs. Henderson's former home.

Rev. J. M. Sutherland filled the pulpit in the Presbyterian church on Sunday afternoon at 3 o'clock.

SELLARVILLE

Mr. Andrew Dickson of Broadlands passed through Sellarville Sunday, and left on Monday for Matapedia village school, spent the week end with relatives here.

Miss Beattie Adams, Miss Kempfer and Mr. Neil Adams spent Easter in Sayabec.

Mr. and Mrs. Robt. Nichol were visiting friends in Matapedia Sunday.

Messrs. Thos. Pratt and Geo. McLeod spent Easter at their home here.

Mr. and Mrs. Archie Adams were visitors in Matapedia Saturday. A number of our young people were the guests of Mr. and Mrs. Nichol, Matapedia, Thursday evening. A most enjoyable time was spent in music, games, etc.

Miss Gertrude Hume spent Easter in Sellarville the guest of Miss Cora Sillars.

Miss Beattie Pratt visited friends in Sellarville recently.

Miss Beatrice Hume was the guest of her sister, Mrs. Geo. Sears, Campbellton, for the holidays.

MATAPEDIA

A most successful sale was held by the Ladies' Aid Society in the Forester's Hall on Monday night. An impromptu programme was carried out, after which ice-cream and cake and home-made candy were sold. The ladies disposed of a great number of children's dresses, blouses and fancy articles. A number of cakes that remained were auctioned at the end of the sale, and altogether the sum of \$56.00 was realized.

The next Aid meeting will be held at the home of Mrs. J. A. Ryan on Thursday night, instead of Wednesday, other social happenings conflicting on Wednesday. The meetings will be held weekly, not fortnightly, as previously announced.

NEW CARLISLE

Mrs. C. R. Scoles, who has been visiting in Montreal, arrived home last week.

Rev. A. Buckland, the rector of the Episcopal Church, was thrown out of his cutter last week, through a very bad pitch hole. Certainly the roads to New Carlisle are in a deplorable state.

On account of the very cold snap, very few new bonnets and hats were seen on Easter day, all being glad to cling to the old reliable, forgetting the latest shape and model.

On Good Friday a very large congregation attended the English church, and heard an excellent sermon on the Crucifixion of Christ.

On Easter all the services were largely attended by Communicants at the early services. In the evening the church was filled to the door. The Rector, the Rev. Alfred Buckland, gave an eloquent sermon on the Resurrection. The altar was beautifully decorated with Easter Lilies and the Candel with potted flowers.

The Annual Vestry meeting took place in the Church and all the officers were re-elected.

On account of the Rectory being so far away from both of the churches in Paspebiac and New Carlisle, a resolution was passed that a Ford automobile be procured for the rector, so as to help him to fill his numerous engagements during the week and on Sundays.

The bay is free of ice and early navigation is looked for.

Quite a large number of young people came home for their Easter holidays.

CAPLIN RIVER

The friends of Mr. Vincent McLellan are glad to learn that he is recovering from his severe attack of typhoid fever.

Mr. D. E. Kerr, our enterprising merchant, has fully recovered from his illness, much to the delight of his many friends.

Miss Ethel McLellan has returned home from Ontario Business College.

Mrs. Herbert Dimock of New Richmond West has returned home, after a short visit at her old home here.

Mr. Arthur McNair of Heron Island, who was on a visit to Black Cape some time ago, made a short visit to Caplin River calling on old friends.

Mr. Eubulus Kerr has returned from a trip to Gaspe.

Mr. Eubulus McLellan was in Port Daniel last week attending the sale of the P. O. Viall Lumber Co.

Several people drove up to Black Cape on Friday evening to take in the Mission Band concert, which was very interesting.

NEWPORT

Our young folks have attended the Chandler Opera House quite often this week. A large number going down every other night.

Phone 243 House Phone 164-4

Mr. and Mrs. W. J. Baker and Mr. C. Sirois of Chandler were visiting here Sunday last.

Mr. W. Newberry spent the week end in Grand River.

Miss Stella Jessop spent the week end in Chandler the guest of Mrs. W. J. Baker.

Mr. A. H. Nolin of Chandler was here Friday last.

Miss Beattie Jessop was the guest of Miss Marguerite Jessop Chandler last week.

Mr. Fred Mauger of Grand River was in town Friday, the guest of Messrs. LeMarquand.

Miss Marguerite Jessop of Chandler was here Monday last.

Mr. J. L. Smith of Newport lost a horse and sleigh some time ago under peculiar circumstances. He hired both his horse and sleigh to a Mr. Ouellette, photo-finisher, who was to do business between Pabos and Port Daniel, but it seems now that this fellow has left, taking both with him and no trace of him has been found so far.

Mr. and Mrs. James Jessop spent the week end in Perce.

Miss Drucie LeMarquand, who has been visiting in Paspebiac has returned home.

Mrs. Edna and Master Harold LeMarquand have returned home for Easter.

OAK BAY MILLS

Twelve pairs of socks were shipped this week to the Canadian Red Cross Society, Montreal.

Mrs. R. H. Montgomery of New Richmond furnished the yarn and the knitting was done by the following ladies:

Mrs. Keenan.
Mrs. Savoy.
Mrs. John Doyle.
Mrs. Quinn.
Mrs. W. Harper.
Mrs. W. Fair.
Mrs. A. Campbell.
Mrs. Brown.
Miss Whalen.
Miss A. Doyle.
Miss Fraser.

PASPEBIAC WEST

Miss Bertha Munroe returned on April 1st from a visit to her sister, Mrs. Dave Campbell of Black Cape.

Miss Alma Briard, who has been spending the Easter holidays at her home here, returned to Caplin River the 5th, to resume her duties as teacher.

Miss Iva Young has returned from

a visit to Caplin River. While there she was the guest of Miss Kerr.

Mrs. H. St. Denis and son of Port Daniel spent the Easter holidays with her sister, Mrs. E. J. Briard.

Messrs. George H. Munroe and E. J. Briard drove to Port Daniel on Wednesday, March 30th, to attend the sale of the P. O. Viall Lumber Company, returning on April 2nd.

Miss Ida Bechevalaise has returned from New Richmond, where she has been spending the Easter holidays with her sister, Miss Jennie Bechevalaise.

Miss Mona Henderson has returned from spending Easter with her parents in New Richmond.

Congratulations are extended to Mr. and Mrs. Clifford Scott on the arrival of a baby girl at their home on March 2nd.

School has reopened after the holidays. We wish the pupils and teachers every success.

PASPEBIAC

Mr. P. C. LeGallais, manager of the Bank of Nova Scotia here, left on the 3rd for a three weeks vacation to Montreal.

Mr. C. P. Knight, traveller for the Chic Hardware, Quebec, was in town last week.

Mr. J. W. LeGallais of the Bank of Nova Scotia, Chandler, spent the Easter holidays with his parents here.

Miss Bena Hayes spent Sunday and Monday at her home in Shigawake.

Mr. L. L. Dawson spent Sunday in Campbellton.

Mr. E. A. Bouillon paid a visit down the coast last week.

Mr. Harry LeGallais, agent for Frost & Wood, has been visiting his parents here.

Mr. J. Edmond Levesque, agent for the Ford Motor Co., returned on Monday from a trip up the coast.

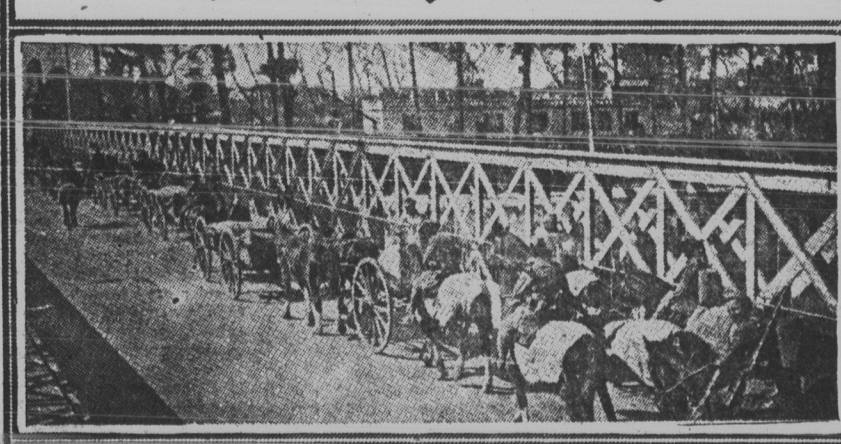

There passed peacefully away at Paspebiac on March 27th, in the midst of relatives and friends, Mrs. James Whitton, wife of the late Jas. Whitton. Deceased who was 78 years of age, was universally known and respected by all. The funeral, which took place the following Monday at St. Peter's Church, was largely attended, and the floral tributes were many, which testified to the great esteem and affection in which she was held. Rev. A. W. Buckland officiated. We extend our deepest sympathy to the sorrowing relatives and friends in their sad bereavement.

Blessed are the dead which die in the Lord, for they rest from their labors.

AFTER THE TURKISH ATTACK ON THE SUEZ CANAL

TURKISH PRISONERS CAPTURED at the CANAL UNDER GUARD in EGYPT

RETURN of the AUSTRALIANS from the CANAL

During the Turkish attack on the canal many Turkish soldiers were captured by the Egyptian forces and were taken into the interior of the country. After the signal defeat of the Turkish forces on the banks of the canal the Australian soldiers returned to their camps at Mena, in the desert, near Cairo and the Pyramids. The picture above shows the Australians on the way to their camps.

WOMAN SUFFERED TEN YEARS

From Female Ills—Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Belleville, N.S., Canada.—"I doctored for ten years for female troubles and did not get well. I read in the paper about Lydia E. Pinkham's Vegetable Compound and decided to try it. I write now to tell you that I am cured. You can publish my letter as a testimonial."

—Mrs. SUZANNE BARNES, Belleville, Nova Scotia, Canada.

Another Woman Recovers.

Auburn, N. Y.—"I suffered from nervousness for ten years, and had such organic pains that sometimes I would lie in bed four days at a time, could not eat or sleep and did not want anyone to talk to me or bother me at all. Sometimes I would suffer for seven hours at a time. Different doctors did the best they could for me until four months ago I began giving Lydia E. Pinkham's Vegetable Compound a trial and now I am in good health."

—Mrs. WILLIAM R. GILL, No. 15 Pleasant Street, Auburn, New York.

The above are only two of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which show clearly what great things Lydia E. Pinkham's Vegetable Compound does for those who suffer from woman's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

AN ENGLISHMAN ON THE WAR CORRESPONDENT.

This person, James O'Donnell Bennett who writes for the American press, is very easily impressed. And he is a bit of a fool to give himself away so completely. Had he been allowed a fortnight in British and French staff circles he would have had a better basis upon which to write. We circulate German staff reports daily and read all the chief German papers and are not blind to the point of view taken at Aix or Berlin, so far as the staff there are willing to reveal it.

But Bennett knows nothing of what the men behind really know or think. They use him as a tool, and an easy one, and laugh at the gullibility of the smart "press special." The "calm confidence" of Germany is equalled by the determination of England and the resolution of France. We are not excited—things are perfectly normal! Our trade is so good that we do not read the papers as much as journalists would like. But it isn't a matter of weeks or even of months. We expect to hold the Germans to their trenches for a year or more, and our present plans are made for a campaign in Western Germany in 1916. Russia's pressure will be such that Germany will have to weaken her western line, and the retreat from Belgium is only a question of time.

Our censor is very severe; and your press men feel it. But the self importance of the press doesn't impress us. Kitchener told Northcliffe to his face that he must remember that he could always have a poisonous news owner shot on sight. Writers like James O'Donnell Bennett, who are not typical of the men from your side of the water, either north or south of the international boundary line, do not realize that just now we are so much controlled by the Government (and with our hearty good will) that it is not a

INTERNED VESSELS TO MAKE ESCAPE

Rumored That German Vessels Will Make Dash From New York

New York, April 5.—The two British cruisers which have watched the entrance to New York harbor for more than a month steamed away to the south during the night of Wednesday last according to incoming passengers on trans-Atlantic boats to-day.

A report was current in maritime circles here that some of the fleet of German liners tied up at Hoboken and Brooklyn docks would soon put to sea. Steam was up on all the ships, as it has been since the war started.

The amount of coal required to maintain steam aboard one of the larger German ships, it was said, approximated forty tons a day. Few of the vessels at Hoboken have any considerable amount of coal aboard, it was said.

At the Brooklyn docks two of the liners, the Pisa and the President Grant, both were amply supplied with coal. Custom officials have been stationed at all docks where the German ships are tied up with instructions to report any manifestation of attempt on the part of the ships to sail without clearance papers.

It is said that the two British cruisers have gone to join the cruisers of the allies, waiting off the Virginia Capes, for the auxiliary cruiser Prinz Eitel Friedrich.

There has been issued by the Department of Agriculture through the branch of the Experimental Farms, a brief pamphlet containing seasonable hints for the information of stock raisers, grain growers, bee-keepers, poultry raisers and gardeners. While it contains only 12 pages, it is replete with suggestions and recommendations made in the hope that some of them at least will be helpful to each and every reader who secures a copy. Practically all of the suggestions made and recommendations given, tend towards the increasing of production or the lowering of the cost of the articles produced.

Copies of this pamphlet are being sent to those whose names are on the mailing list of the Department of Agriculture, but the pamphlet is also available to others who make application to the Publications Branch of the Department of Agriculture, Ottawa.

Matter of concern to us that adventurous press men can't get news and can't print what they like. Publishing facts doesn't alter facts, except for the worse; and just now journalists are the less important people of the country. Certainly we aren't going to be concerned about the feeling of a few sensational scribblers. If Bennett thinks we are ignorant of the truth, first we don't go to him to enlighten us, and next, if we like to be ignorant, why we shall be; and we won't alter that out of special regard for his profits. What matters is that the men at the helm and the look-out know. What we individually know is of no importance to us, any more than it is to the private soldier on the march. Why should we mind if the fooled outsider pities us for our ignorance?—April CANADA MONTHLY.

Reall Ordinals, the modern laxative, cleanse the system and beautify the complexion. Sold only by Thos. Wran. The Rexal Store, 10c, 25c, & 50c. boxes.

Public Notice.

Public Notice is hereby given that the annual election for Mayor and councillors for the Town of Campbellton, viz., two Councillors for each of the three Wards within the said Town, and two for the whole Town, will be held on

TUESDAY, APRIL 20TH.

The court for nomination of candidates will be opened at the Council Room, Murray Building, Water St., on Tuesday, April 13, at 2 o'clock p. m., and will remain open until 5 o'clock p. m.

If more than one person be nominated for Mayor or more than the requisite number of persons for the office of Councillors at the said Court then a poll will be held on the above date, Tuesday, April 20th of which due notice will be given.

Dated at Campbellton, N. B., this 29th day of March, A. D., 1915.

JOHN T. REID, Town Clerk.

April 1st, 2-15.

LETTERS FROM THE FRONT.

The following letter from W. H. Juke, of the 24th Battalion, F. A., which appeared in the Chatham Commercial will be read with interest by his many friends here.

Shorncliffe Camp, England, Mar. 11th, 1915.

I suppose you are anxious to hear about our trip across the puddle, and if we all got here safely. No doubt you heard the report that we were blown up in the Irish sea, but it was all false. We had a very pleasant trip over. We left Fredericton on Thursday evening the 18th of Feb. and when we got to Halifax, Friday a. m. at 9.30, we went right aboard ship and were not allowed on shore again. When we did sail we did not know where we were going. We sailed out of Halifax on Tuesday morning Feb. 23 with two other transports and the cruiser Essex as escort. We could have made the trip in six days if it had not been for one of the other boats; it was only a 15 knot boat at her best and then two of her boilers played out which necessitated her going slower, so we had to hold back on her account.

We got a great send-off in Fredericton. The band played us to the station, the Ammunition Column acting as guard of honor to us, and the ladies prepared lunches of fruit and cake for the whole crowd. They certainly used us well and we will never forget them. Now for our trip across the pond. We came over in the S. S. Megantic and had about 1650 men aboard altogether. We had a splendid trip all the way over, the weather was ideal for the time of year; it was just like summer. But that did not stop some of the boys from being sick. Some were shouting "Eur-ope" before we were out an hour from Halifax, but it did not bother me any more than crossing in the ferryboat. The last three days out were set aside for sports, and I was proud to say the 24th Battalion won the cup for having the most number of wins in its credit and there were some good prizes amongst them. The sports included boxing, three weights, squaw fighting, pillow fighting, cock fighting, tug of war, and wrestling. We did not know till Wednesday night where we were going but on Thursday a. m. we were anchored in Queens-town, Ireland. We docked about 10 a. m. and there was a great crowd of girls and women to welcome us. They certainly used us fine, they gave us all kinds of oranges, apples and cigarettes and we had a good time exchanging keep-sakes with them. Some of the boys cut the buttons off their coats and gave their badges also. We pulled out into the harbor again Friday a. m. and waited there till a couple of torpedo boat destroyers came to escort us back to Liverpool. Some of the boys were so frightened about us striking a mine that they slept with their clothes on that night but nothing happened and we arrived in Liverpool at 10 a. m. Saturday. We were only in Liverpool till 2.30 that afternoon when we embarked for the camp. It was some train too, small, little engines and carriages but they certainly travel some, lots of times we were making sixty miles an hour. We passed through London. In fact we are only 69 miles from it and can make the return trip for 5 shillings and 6 pence or \$1.30 Canadian money. We travel very cheap over here, in fact everything is a lot cheaper than in Canada. It is a little awkward getting used to their money but that will come alright in a few days. After we got to our destination we had a mile and a half to march to our barracks with our full kit and an empty stomach, and maybe we can't get to get here to get something to eat. We are the lucky boys, we did not have to go to Salisbury Plain, we have the regular's quarters here and it is some place. I have not been all around it yet so I cannot tell you about it just now only that we are right on the coast and it is an ideal bathing place. We are all quartered in separate buildings, twenty in a building.

France, March 10, 1915.

Dear Mother:

Received your welcome letter to-night and was glad to hear from you. Sorry to hear that Fred is no better, but no doubt he will be alright when he gets back from the sanatorium. Well mother there isn't much that I can tell you, so my letter will be short. The time goes very fast here, one almost forgets what does happen.

Since I wrote you last, we have been in the trenches 72 hours, and it was some job. After that we moved back for a rest which we needed very much. This morning we were ordered to stand to arms, while an attack was being made on our right flank, which resulted in a victory for us, capturing over a hundred Germans. Wait till we get warmed up a bit, then say good-bye to the Germans.

We were digging trenches the other day and it was fun to see the boys duck their heads when the big shells would burst near us.

I will write as often as I can, if I cannot get time to write a letter, I send a card the same as I have sent. We are not allowed to write much about our movements, but I suppose as long as you know I am well will be news enough.

Remember me to all the folks. From your loving son

BOB.

Bulford Camp, Feb. 24th, 1915.

Dear Sister:

Just a few lines to answer your loving letter that I received last night. I am well and to hear you are all well, and it is the same with me only my hand is not well yet, but it is getting

For You

If you enjoy a cup of Tea of a particularly rich mellow flavor.

KING COLE will produce a lasting glow of satisfaction.

"You'll like the flavor"

Your Floors Need Paint

Paint preserves the wood. Paint keeps floors sanitary and healthy. Painted floors make the rooms bright and cheery. Painted floors are easily cleaned—a damp cloth keeps them free of dust and germs. Paint your floors and thus have them always Spic and Span.

Senour's Floor Paint

"MADE IN CANADA"

is all ready to brush on—anyone can apply it evenly and smoothly. And it gives a hard, durable, lustrous finish, that stays fresh and bright, and wears, and wears, and wears.

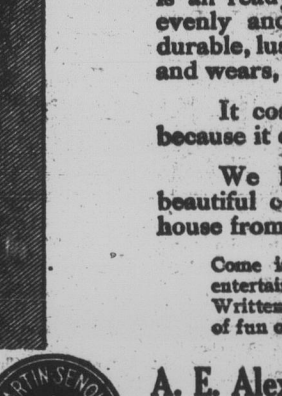

It costs less to use than other floor paint, because it covers more surface and wears longer.

We have Senour's Floor Paint in 14 beautiful colors, suitable for every floor in the house from kitchen to garret.

Come in for a color card, and a copy of our entertaining book, "The House That Jack Built". Written for children, but "grows up" get a lot of fun out of it. Free to our friends.

JACK JOHNSON got \$30,000 before the fight started, Willard taking only a small share of the net receipts.

This fight probably had no parallel in the history of ring battle. For 20 rounds Johnson punched and punched Willard at will, but his blows grew perceptibly less powerful as the fight progressed, until at last he seemed unable or unwilling to go on.

Johnson stopped leading, and for three or four rounds the battle between the two big men was little more than a series of plastic poses.

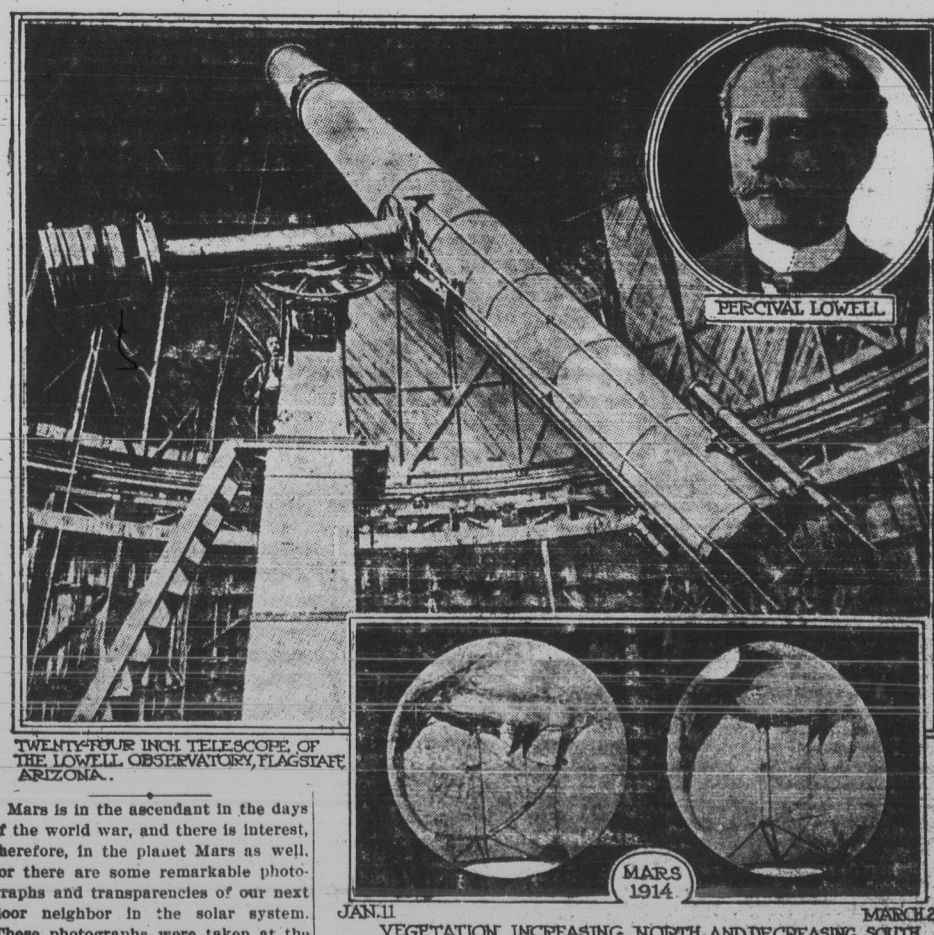

So it was until the 25th round, when Willard got one of his wildly swung

EVERYMANS We have a limited number of Everymans Encyclopaedia, which we will sell at \$3.00 for twelve volumes. This work is new, being published in 1914, and should be in every home. Sent upon receipt of price.

PICTURES OF MARS OBTAINED IN CLEAR AIR OF ARIZONA.

Mars is in the ascendant in the days of the world war, and there is interest, therefore, in the planet Mars as well, for there are some remarkable photographs and transparencies of our next door neighbor in the solar system. These photographs were taken at the Lowell Observatory, the viewpoint of things celestial at Flagstaff, Ariz., which is under the direction of Percival Lowell, whose study of its canals and channels has given rise to the theory that Mars is inhabited.

The exhibition represents the latest discoveries made at the observatory in the Southwest, where the atmosphere is remarkably clear and the observatory is thousands of feet above the level of the sea, so there are fine opportunities for watching what is going on in skyland.

What fares on the planet Mars has been the subject of speculation this many a year, and the announcement by Dr. Schiaparelli thirty-eight years ago that he saw channels was followed by the investigations of Dr. Lowell, who prepared many drawings and photographs.

The changes noticed in certain channels has given credence to the idea that some of them at least are artificial.

On a planet where vegetation must be conserved with the greatest care the imagination pictures the busy Martians attending to their ditches, compared to which the Panama Canal is only a rivulet, and arranging to spread fertility over the entire surface.

Be this as it may, the conditions portrayed by these pictures have attracted much attention. After seeing one of the photographs Professor Schiaparelli wrote "if never could have believed the fact possible."

CHAMP

PATRIOTISM and PRODUCTION Pin Your Faith to Live Stock

The one outstanding feature of the world's farming is that there will soon be a great shortage of meat supplies. Save your breeding stock. They are today Canada's most valuable asset. If you sacrifice your breeding stock now, you will regret it in the near future. Plan to increase your live stock. Europe and the United States, as well as Canada, will pay higher prices for beef, mutton, and bacon, in the very near future. Remember that live stock is the only true basis of economic and profitable farming. The more grain you grow, the more stock you can carry. The more stock you keep, the more fertilizer for your fields. Mixed farming is real farming, not speculating.

Study this table, which was prepared before the war. Only one country increased its cattle more than its people in the past ten years. And in it (Australia) in 1914 there was a tremendous loss of live stock through an unprecedented drought—a fact which the table does not show. Do you need any stronger argument than this table that there is bound to be an increasing demand for beef? Add to this con-

BEEF

Country	Population Increase Since 1900	Cattle Increase Since 1900
France	25%	3%
Germany	18%	4%
United Kingdom	10%	2%
Austria-Hungary	10%	2%
European Russia	14%	13%
Canada	34%	17%
Argentina	40%	8%
Australia	18%	40%
New Zealand	30%	16%
United States	24%	30%

dition, the destruction of live stock of all kinds, breeding and young stock included, in the war zones. The war has merely hastened the meat shortage of the world. When it is over, the farmer with live stock will continue to profit in the world's markets, and, in addition to having helped feed our soldiers at the front, will be in a position to reap a further reward for having stayed with the live stock industry.

SHEEP. Canadian farmers have been losing great opportunities in sheep raising and sheep feeding. Hundreds of thousands of sheep have been slaughtered to provide winter clothing for the soldiers of the different armies. Australia's losses, through drought in 1914, were very heavy. Canada has been importing frozen mutton from New Zealand. In view of these conditions, wool and mutton should prove very profitable for Canadian sheep raisers during the next few years.

SWINE. Through the indiscriminate sale of swine in the Canadian West in the past three months, the supply in 1915 promises to be little more than that of 1914. Add to this the fact that the British soldier is allowed 1/2 lb. of bacon per day, and that swine is the principal meat food of the German soldier, and you will understand the outlook for the future. Those who stay

steadily with swine, year in and year out, make money. Those who rush in and rush out, generally lose money. "Buy when others are selling, sell when others are buying," applies to live stock as well as to Wall Street stock.

DAIRY. Much cow milk is produced in Canada from 2,408,077 in 1901 to 2,694,479 in 1911. This increase did not amount to 8% and was less than one-quarter of the population increase of Canada. At the same time, the per capita consumption of milk by Canadians increased 30%. Is there any wonder we had to import 7,000,000 lbs. of butter from New Zealand?

The exports of Canadian cheese have been steadily declining for ten years. Look at the market prices today. Do they not suggest the advantage of increased production?

Through cow-testing, selection and better feeding, the

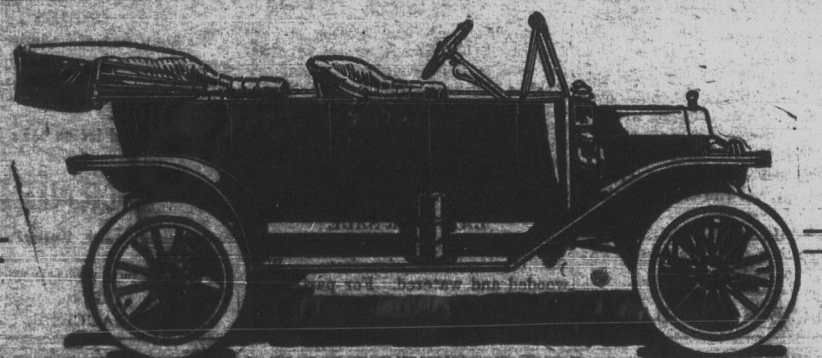

average annual production per cow in Canada did increase from 2,850 lbs. per cow in 1901 to 3,805 lbs. in 1911, but this is only a beginning. Last year one cow in Canada produced 28,000 lbs.

The dairymen of Denmark who supply Great Britain with butter and bacon are not satisfied unless their herds average 10,000 lbs. per cow. Let Canadian dairymen work to increase the productivity of the milk cow. Breed for milk. Test your cows. Save your calves. Select your milkers. Feed for yield. Read the Agricultural papers and Government reports and bulletins on dairying.

CONFERENCES

Now that you have attended the Conferences, or have read about them, get together and talk things over. Also write to the Publications Branch, Canadian Department of Agriculture, Ottawa, for bulletins and reports on live stock and dairying.

Canadian Department of Agriculture,
Ottawa, Canada

FORD TOURING CAR, \$625. F. O. B. CAMPBELLTON NOW ON DISPLAY.

The Ford Touring Car is now on display at our show rooms and is being much admired by all who have seen it.

This year's model has many improvements over previous years. They are as follows:

- Electric Headlights
- Horn under Engine Hood
- Improved Shape in Fenders
- New Speedometer
- Cowl Dash Finish

And many minor refining touches throughout.

Already some sales have been made. Be in line and place your order early.

THE LOUNSBURY COMPANY, LIMITED.
E. A. LeGallais, Campbellton, N. B.

Take One Tonight

If you feel bilious, "headachy," and irritable—for that sign your liver is out of order. Your food is not digesting—it stays in the stomach a sour, fermented mass, poisoning the system. Just take a dose of Chamberlain's Stomach and Liver Tablets—they make the liver do its work—they cleanse and soothe the stomach and bowels—no other medicine system. You'll feel fine in the morning. At all druggists, or by mail from Chamberlain Medicine Company, Toronto.

CHAMBERLAIN'S TABLETS

Austria-Hungary, a country we ridicule and look down upon, has apparently a higher standard of morality than we possess. In that country the jails are filled with grafters who sold the Government faulty war supplies. In Canada we have had all kinds of grafting going on in connection with army contracts; but up to date no one has been the inside of prison. Political morality in Canada is at a pretty low ebb.

Some little grafter will be sent into the wilderness to bear the sins of the wholesale looters of the public treasury at Ottawa.

VEGETABLE DIET IS VERY IMPORTANT Canadians Eat too Much Meat and Consideration Should be Made of Cost

Canadians eat too much meat. They are one of the three greatest meat eating peoples in the world, Australia and the United States being the other two. High prices for meat are coming. The cost of food as well as its nutritive value should be considered.

Prof. James Long, the eminent British authority, recently addressed the following advice to the War Office:

"Jam has three and a half times the energy value of butter. Its value lies in its richness in sugar—of which one-half its weight consists—in the minerals present in the skins of fruits, in its laxative character and its mechanical aid to digestion.

"The sugar of fruit has a remarkable effect on nutrition. Commercial sugar, if eaten too freely, causes irritation, acidity and other freaks of indigestion.

"The most nutritious and useful varieties of jam are those made from plum, apricot, gooseberry and currant, but a mixture of plum and apple stand at the head of the list. Jam should not be considered as a dainty but as an article of good."

Dr. Frank L. Stuart, of Ottawa, Dominion Chemist, gives the following authoritative statement as to the great importance of vegetables, especially fresh or home grown. The importance in connection with small gardens in towns and cities is very apparent, and the subject is opportune at this time of the year. It may be that a small garden will keep down the doctor's bills.

"That many of the ills that flesh is heir to arise from indiscretions in diet is a fact that more of us should realize—and the earlier in life the better. Many of us, and perhaps this applies especially to those who live in the city, eat too much. As a result, we get too stout as life advances and, what is still more serious, an extraordinary strain is put on certain of the organs of the system in nature's effort to get rid of the waste. Further, we who live more or less sedentary lives, eat too much meat; the man who sits at a desk all day long or stands behind a counter may work as hard as the navvy or ploughman, but it is a different kind of work. It does not call for the same amount of strong food. There is no necessity to diet ourselves by formula or to weigh out what we should eat, but we ought to be guided to a certain extent in our eating by common sense and the knowledge which science furnishes respecting the requirements of the body for the maintenance of the vital heat, the development of energy and the repair of tissue.

"As city people we might keep in better health and live more cheaply if we would eat less meat and concentrated foods and use more vegetable and fruit. And this advice might especially be emphasized for the summer diet, when there is not the same call for the system for the stronger foods.

"Fresh vegetables are wholesome, palatable and productive of good health. Though in direct food value vegetables yield a first place to meats, it must not be supposed they are destitute of those nutrients which build up the body tissue and keep the machinery going. It would be possible, though not desirable, to live exclusively on vegetable foods. But vegetables and especially fresh vegetables, are not to be regarded merely from the standpoint of maintenance—though we assert that now-a-days they would make a very good showing on the grounds of economy. Nor need we urge their extensive use on the grounds simply that they are appetizing and furnish variety to the diet. They, in addition to these excellent qualities, possess a medicinal value; they are aids to digestion and afford that bulk or volume to the food necessary for the right distension of the alimentary tract. Many vegetables contain salts which are gently laxative, relieving constipation, that scourge that is the forerunner of so many dangerous and not infrequently fatal diseases. And, again, many vegetables, especially those used in salads, have a special value in cooling the blood and, are, therefore, most wholesome, especially in the summer season.

"Fresh vegetables are vastly superior to those that are wilted from keeping for one or two, in succulence, crispness and palatability. To be enjoyed at their best, vegetables must be eaten strictly fresh."

LOCAL DRUGGIST SAYS:

"TAKE ONLY ONE DOSE"

We want to tell those in Campbellton suffering from stomach or bowel trouble that we are agents for the simple mixture of buckthorn bark, glycerine, etc., known as "Adler-I-ka," the remedy which became famous by curing appendicitis. This is the most thorough bowel cleanser known and JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. You will be surprised at the QUICK action of Adler-I-ka. A. MCG. McDonald, druggist.

FRENCH COMMISSIONERS TO THE PANAMA FAIR.

Here is shown Albert Tirman, Commissioner General of the French government to the Panama Exposition, and Jean Guiffrey, Commissioner of Beaux Arts from France to the fair, together with William Franklin Paris, of New York city, secretary of the Institut Français aux Etats Unis. This is not the first time these French officials have been in the United States. They were here in July for a short time, making arrangements for the French exhibit. At that time Mr. Tirman returned direct to France, but Mr. Guiffrey went on to Japan, where he was at the time war was declared. "I am sure the exposition will be one of the finest ever given," said Mr. Tirman. "France has acknowledged its importance by setting aside, busy as she is at the present time, specimens of her best products in arts and manufacture and sending them over to America in competition." The French officials were enthusiastic over the sympathy for the cause of the Allies displayed in the United States.

7.00 P. M., Evening worship in the Baptist church. Theme, "The relation of Easter to the Christian faith."

Monday evening, 7.30, City Training Class for Bible study.

Wednesday and Friday evenings, 7.30, evangelistic services in the vestry.

ADJOURNED MEETING
The Adjourned Parish meeting of Christ Church will take place on Monday evening, April 12th, at 8 o'clock, in the Church Hall.

We have a paint and varnish for every purpose, inside and outside.

We are exclusive Agents for the celebrated SWP, Sherwin-Williams Paint (Prepared), a paint that is used all over the world and has obtained its enormous sale on account of its quality. It is the kind of paint that you should use on your house. SWP is made of pure materials—pure lead, pure zinc, pure linseed oil, etc.—mixed and ground by special machinery, in correct scientific proportions. SWP covers most, looks best, and wears longest.

For a painted finish on your floors use S-W Inside Floor Paint, made to be walked on.

For your walls use S-W Flat-tone, a durable wall finish—dries with a soft, velvety flat effect—can be washed with soap and water—absolutely sanitary—lasts for years.

There is an S-W Varnish for every varnish purpose. Use S-W Kopal for all kinds of varnishing, outside and inside. Use S-W Mar-not, a durable waterproof floor varnish for hardwood floors.

We handle a complete line of Sherwin-Williams products and so we can take care of your every paint or varnish need satisfactorily.
