### LYLOYD GEORGE SAYS DOMINIONS NOT EXPLOITED

Replies to Criticism of British  
War Attitude for Press  
Men.

CONSULTED COLONIES  
Canada and South Africa Ap-  
proached With New Zealand  
and Australia.

London, England, Sept. 23.—(Canadian Press Cable).—Premier Lloyd George, after a 50-minute address at No. 10 Downing street, today to press representatives, favored Reuter's Agency, on behalf of the Canadian Press, with a special interview with regard to Canadian criticisms of the imperial government's method of financing the war dominions to send contingents in the event of war with Turkey.

Lloyd George emphatically denied that the dominions in any way were being exploited for political purposes. He said there was no question of any such thing, and such an impression was entirely unfounded.

The premier said the cabinet felt that the sacrifices which Australia and New Zealand had made in Gallipoli in the great war entitled them to be consulted when the question of the freedom of the Dardanelles straits was involved. The cabinet decided, therefore, that these dominions were entitled to participate in the defence of the freedom of the straits, and the cabinet, at the same time, felt that it was impossible to ask these two dominions to take part in the defence without inviting the remainder of the dominions. Thus, Canada and South Africa were also approached.

The prime minister declared at the outset he would like to make it clear that any action that had been taken had nothing to do with the merits or demerits of the case under dispute between Greece and the Turks. The British government, said the premier, had wanted to make a distinction between the Greeks and the Turks. He pointed out that a few weeks ago the Greeks threatened to march on Constantinople, and at that time General Harrington, the British general in chief, had written to the Greeks in "identical terms as the warning now given to Mustafa Kemal Pasha."

In dealing with the question of the freedom of the straits, Mr. Lloyd George said that what had happened in the late war demonstrated how vital was the freedom of the narrow strait to the protection of commerce and "to humanity in its broadest aspects."

The closing of the straits by Turkey during the late war, he declared, was responsible for the disaster of one of our strongest allies and the defeat of Rumania, and prolonged the war by at least two years.

## Turks Decide War or Peace In 36 Hours?

### SMYRNA SCENE OF NATIONALIST DELIBERATIONS

British Are Sending Further  
Naval Detachments From  
Base at Malta.

AWARE OF WEAKNESS  
Lloyd George Declares Brit-  
tain's Policy at Confer-  
ence Saturday.

Constantinople, Sept. 23.—The French government has sent a wireless message to Mustafa Kemal Pasha requesting him not to take any action until the arrival of the special French emissary, it was learned here today.

Constantinople, Sept. 23.—Within thirty-six hours the world will probably know whether the Turkish Nationalists have chosen war or peace. The Ankara cabinet meeting at Smyrna is expected hourly to declare whether the Kemalists will await the peace conference proposed by the powers, or take matters in their own hands by invading Thrace.

France is expected to renew pressure to keep the Turks from any hostile action, which would jeopardize their present extremely favorable position at the forthcoming conference, but many competent observers are frankly skeptical that the Nationalist cabinet will accept at their full value promises that the conference will result in the realization of all their claims.

The Turks are fully aware of the weakness of the British land force now precariously holding points along the Asia Minor shore, and are convinced of their ability to defeat them.

SEND REINFORCEMENTS.  
Malta, Sept. 23.—Further military detachments for the reinforcement of the British forces in the Dardanelles are expected to leave soon for Constantinople, and the preparations for their departure is actively proceeding, says a dispatch from Malta.

DECLARES POLICY.  
London, Sept. 23.—The policy of Great Britain in the Near East is to establish the freedom of the Dardanelles under the supervision of the League of Nations, declared Prime Minister Lloyd George, in a statement at a conference with the newspapermen this afternoon.

### U. S. Prohibition Officers Release British Ship

HALIFAX, Sept. 23.—The British steamer Gemma, recently seized off New York, and held at that port on suspicion of rum running, has been released and is proceeding to Halifax, according to the Halifax customs from New York. The Gemma cleared for Halifax from Halifax with \$100,000 worth of liquor.

### CLAIMS BOOST IN HYDRO TEMPORARY

Official States Raise To Off-  
set Possible Operating  
Loss.

Any increase that may be noted throughout the province in connection with commercial or domestic hydro rates, will be but temporary, according to E. V. Buchanan, general manager of the London Public Utilities Commission.

The general manager adds that such increases may be noted here or there in hydro-consuming centers are not occasioned by the "huge" expenditures in connection with the Chipewa Canal undertaking at Niagara Falls alone, but in order to offset any possible claim from the provincial government that the hydro enterprises are being operated at a loss.

### SAYS DISTRICT OF COLOGNE BOOMING

Deputy Minister of Mines  
Likens Coal Area to  
West.

Ottawa, Sept. 23.—Like boom times in Western Canada is how Dr. Charles Cammell, deputy minister of mines, describes the district of Cologne, Germany, which he inspected coal mining and coal briquetting processes. Dr. Cammell has just returned from England and the continent, where he represented Canada at the International Geological Congress in Brussels.

### LEEDS PURCHASES HISTORIC MANSION

London, Sept. 23.—Canadian Press Cable.—Relinquishment of fine country estates by their hereditary owners has, for good or ill, become a matter of almost weekly occurrence.

### SAY TRACKS ON OXFORD STREET TO BE REMOVED

Street Railway Denies, How-  
ever, That Work Will Com-  
mence Monday.

RESIDENTS ARE ALARMED  
Predict That Injunction Will  
Be Sought To Halt the  
Enterprise.

The plot thickens, and if everything happens as threatened there will be a hot time over in West London Monday night.

Bright and early Saturday, the report was current in the vicinity of Oxford street west that Monday morning next would witness the arrival of street railway employees to institute the actual removal of their tracks from that street.

Officials of the street railway deny this, expressing the opinion that they would not be ready for such an early start. They do say, however, that as far as they are involved the tracks will be removed.

### MAY SOLVE MYSTERY OF CITY'S LOST CEMENT MIXER

DEVELOPMENTS of a sweeping and interesting nature, calculated to shake the very foundations of the city hall, are anticipated by members of the London Housing Commission before their special arbitration committee submits a final report in connection with the city's houses at Pine Lawn.

Chief among the list of expectations according to the commissioners, should be the answer to a question long and unsuccessfully debated in civic circles: "What on earth became of the city's cement mixer that disappeared directly after operations had ceased at Pine Lawn?"

### G. T. R. BRAKEMAN KILLED BY TRAIN NEAR TORONTO

Toronto, Sept. 23.—Brakeman Maurice McGraw, 42, was instantly killed when he fell between cars of a Grand Trunk train near Parkdale at about 2 o'clock this morning. He was found by fellow workers. Both legs were severed close to the body and he was lying face downward.

### HAWAIIANS RAP EXHIBI- TIONS OF HULU DANCING

HONOLULU, Sept. 23.—The Hawaiian Civic Club, composed of leading Hawaiians, today adopted a resolution denouncing "exhibitions given in Hawaii and the mainland, under the name of the ancient Hawaiian hulu, in costumes alleged to be typical of Hawaiian, as being indecent parodies."

### CRASHES INTO CAR CONTINUES ON WAY

Unknown Flees After Smash-  
ing Auto of J. Henderson,  
Thorndale.

Struck amidstships by a heavier car driven south on Wellington street at a high rate of speed, a car driven by James S. Henderson of R. R. 5, London Township, west on Dufferin avenue, was crushed against an electric light pole, which, snapping in two, tore its way through the top of the car.

### BREAKS NECK IN DIVE, TO RECOVER

St. Louis, Mo., Sept. 23.—Physicians today said there was a chance for the recovery of Paul L. Boehl, 26 years old, who suffered a broken neck four weeks ago while diving. The fifth cervical vertebrae in his neck is fractured, and his spinal cord is severed.

### BRITISH HONDURAS SEEKS TRADING WITH DOMINION

Trade Commissioner States People  
Have Been At Mercy of  
American Jobber.

Ottawa, Sept. 23.—"There is an extraordinarily strong desire in British Honduras to increase its trade with Canada," G. R. Stevens, Canadian trade commissioner in Jamaica, has advised the department of trade and commerce. "Indeed," Mr. Stevens adds, "in no part of the West Indies is Canadian sentiment and the desire for Canadian participation in their markets so marked."

### REPORT INCREASE OF GOLD RESERVE

Ottawa, Sept. 23.—Gold, held for redemption of Dominion notes, shows an improvement of nearly two per cent at the end of August, as compared with the end of July. At the end of last month there was a total of \$28,638,955 outstanding in Dominion notes, against which gold was held to the amount of \$59,421,679, or 32.2 per cent.

### FIND TERRY IS NOT QUALIFIED TO ARBITRATE

The Housing Commission Will  
Probably Insist New  
Arbiter Be Named.

### GOT ELECTRICAL PERMIT Was Connected With Com- pany Authorized to Work On Houses.

From present indications it will become essential for Hayman & Willis, contractors for the city's houses at Pine Lawn, to appoint another representative in lieu of Thomas Terry to sit on the board of arbitration called to investigate and report upon the alleged faulty construction of the buildings in question.

Under the name of the Electrical Maintenance Company, it was learned by The Advertiser Saturday morning that Thomas Terry was granted a permit, authorizing procedure with the electrical work in connection with the city's undertaking at Pine Lawn.

### UNDERWRITERS SEE MENAGE IN ECONOMY PLAN

Urge Immediate Reopening of  
Hall as Public Safe-  
guard.  
MAKE INSPECTION TEST  
Report Advises Maintenance  
of Hose and Chemical  
Company.

There is inadequate fire protection for Londoners whose homes are located north of the C. P. R. tracks, as a direct result of the removal last spring of the fire company and apparatus from Fire Hall No. 4, corner of St. James' and Colborne streets.

This is the flat statement contained in the report just received by the civic authorities from the Canadian Fire Underwriters' Association of Toronto, following a recent inspection of the municipal fire preventive appliances in this city.

It would be only in the best interests of the citizens in the north end of London above the C. P. R. tracks and in an extensively residential section that Fire Hall No. 4 be reopened for service immediately, and equipped with at least one hose and chemical company.

In their report the fire underwriters have recorded the conflagrations in the affected district since the hall was closed, setting forth an instance, the time, the place, and what means were necessary for attention.

No. 4 fire hall was closed last spring by the city council as an economical move following the determination by Mayor Cameron Wilson that the estimated cost for the fire department must be reduced by 10 per cent.

It was felt at the time, after a long series of special meetings and much controversy, that the elimination of this hall would prove the best solution of the problem.

ASK PERMANENT PENSIONS.  
Vancouver, B. C., Sept. 23.—The Amputation Association of Canada, in convention here yesterday, decided to ask the federal government to make the present scale of pensions, plus temporary bonus to amputation cases, in Canada permanent.

### 2 CHARGED WITH SERIOUS OFFENCE

St. Thomas Youths Arraigned  
Saturday in Police  
Court.

St. Thomas, Sept. 23.—C. E. Campbell, a Detroit youth and a former resident of this city, and Robert McGuire, of this city, were arraigned in police court this morning on charges of breaking and entering the residence of Alderman E. O. Hoehner, on the night of September 12, with intent to commit an indictable offence. Campbell elected for trial by jury at the assizes, which open on October 23, while McGuire chose trial by Magistrate Maxwell, and pleaded not guilty. The hearings were postponed until next Friday.

CRERAR STANDS BEHIND KING ON TROOPS POLICY

States No Troops Should Be Sent Without Consent of Parliament.

CONFERS WITH PREMIER

Believes People Entitled To Fulllest Information As To Issues Involved.

OTTAWA, Sept. 22.—(By Canadian Press).—Hon. T. A. Crerar, leader of the National Progressives, holds that no Canadian troops should be sent or promised until Parliament has had an opportunity of considering and pronouncing upon the matter.

During a large part of today Mr. Crerar was in conference with the prime minister on the situation in the Near East. Late tonight following the conference Mr. Crerar announced his attitude to a Canadian Press representative.

"When I received the prime minister's telegram," states Mr. Crerar's announcement, "I considered it to be my duty to come to Ottawa. Since arriving here the information I have received has not altered the opinion I already held, that no Canadian troops should be sent or promised until the people's representatives have had an opportunity of considering and pronouncing upon the matter in parliament.

"War is terrible in its consequences, and I feel that the people of Canada are entitled to the fullest information as to the issues involved and their effect on this Dominion before we commit ourselves to such a grave undertaking."

A statement issued by the prime minister in regard to the conference is as follows:

"Mr. Crerar arrived this morning, and we were in conference for some time, during which I outlined the government's attitude and policy

Greeks Flee in Rout Before Advancing Turks

CONSTANTINOPLE, Sept. 22.—Greek cavalry in Asia Minor, pressed by the Turkish hordes, ford a river in their hasty evacuation of the Smyrna region.

Immediately following the retreat as shown above, which carried the Greeks beyond Smyrna, the Turks burned this ancient city, massacred Armenians and committed atrocities even on neutrals.

with respect to the representations which have been made concerning the situation in the Near East.

WANTS MILK SOLD IN SEALED BOTTLES

Tillsonburg Town Council Receives Report On Recent Inspection.

Special to London Advertiser. TILLSONBURG, Sept. 22.—The town council met in special session this evening, the main business before the meeting being the local milk inspection.

Dr. Hoover, M. O. H., addressed the council and submitted samples taken from local milk wagons by Chief Creighton, and later tested by an expert with the following result: Bottle No. 1—Test showed 3.1 with considerable sediment. Bottle No. 2—Test 2.8 not much sediment. Bottle No. 3—Test 3.4 very little sediment. Bottle No. 4—Test 3.5 unusual amount of sediment.

The owner of bottle No. 2 claims he had a new test made later which showed 3.2. Charles Ostrander, president of the board of health, stated that 2.8 milk was nothing short of criminal, and was surprised at such poor milk in the richest dairy county in Ontario. Dr. Hoover strongly recommended that all milk be sold in sealed bottles and without much doubt a standard test will be required in future.

A committee was appointed to confer with V. A. Sinclair, in regard to defending a \$500 writ issued against the town for damages caused by an overflowing sewer pipe.

In future all gum slot boxes in town are to be taken inside over Sunday.

Mayor Rennie, Reeve Holtier, and Councillors Rush and Jackson were appointed to meet a delegation from a large concern, who will arrive in town Monday, to look over the situation with a view to locating here in the near future.

THINK BOARD PLAN WILL END DISPUTE

Representatives of Shopmen Believe Acceptance of Recommendations Will Settle Trouble.

Special to London Advertiser. ST. THOMAS, Sept. 22.—Further trouble on the Canadian division of the Pere Marquette Railroad over the wage dispute in the shops will be obviated by the acceptance of the recommendations of the conciliation board, according to the opinion of the local union representatives.

The board recommended that the reduced rates of pay be effective from September 16. This would give the shopmen the advantage of two and one-half months' pay at the old rates. The minority report submitted by W. D. Robbins, the shopmen's representative on the board, does not agree with the findings of the other two members and he does not think that the wage reductions in question are justified.

Questioned as to the attitude of the local shopmen, Harry Dukes, chairman of the shop craft federation in this city, stated Friday that they were waiting on President Alfred's decision and that no action would be taken until he was heard from. Further than this, Mr. Dukes had nothing to report.

Charles Montgomery, the divisional master mechanic, was quite optimistic, declaring that the outlook was very favorable and he did not anticipate any drastic move on the part of the shopmen. The men are all at work and he hoped to see them remain at work. Mr. Montgomery returned Thursday evening from conferring with Alexander Leslie, of Kingsville, the company's member on the conciliation board, in reference to the decision.

The Pere Marquette clerical employees in Canada are in a virtually the same position as the shopmen, as their case rests almost entirely on President Alfred's consideration of the board's decision. Peace and harmony still prevailed, Friday, at the Michigan Central Railway shops, according to the report received from John Lane, chairman of the local federation. The M. C. R. shopmen are awaiting the outcome of the separate negotiations now being conducted in New York and Detroit.

HEADS MILLERS' ASSOCIATION. MONTREAL, Sept. 22.—M. MacDonald, Peterboro, was named president of the Canadian National Millers' Association, at their annual meeting this morning.

Women make good swimmers. Pushing a wife in the river to drown your troubles is becoming a lost art.

WANTS CANADA TO DECLARE STAND

Former Premier Meighen Criticizes Government's Reply To British War Message.

TORONTO, Sept. 22.—Declaring that Great Britain wanted from the British Dominions was a declaration of the empire's solidarity to meet the Near East crisis and that the King Government's delay in replying might serve to drag Canada into war, Right Hon. Arthur Meighen, former premier and now official opposition leader, addressed the Businessmen's Conservative Club today.

Mr. Meighen declared that he would back up the government in rushing a message of loyal co-operation overseas as New Zealand and Australia had done.

Mr. Meighen declared that "Canada was a party to the treaty of Sevres. 'Not only a party to it, but on motion of the present premier, we ratified legislation the action of our representatives in signing the treaty' said Mr. Meighen. 'Yet Canada is appealed to and asked to stand by her contract. When Canada should have said, 'Ready, Aye, Ready,' we did nothing. There was no suggestion of sending a force overseas, so far as we can judge from the evidence we have received."

Wanted Declaration.

"What Britain sought was simply a declaration of solidarity from the components of the empire, a solidarity which, though the late war had made abundantly evident, so far as we know Britain up to the present time has received no declaration of this kind from Canada."

"We bring ourselves no nearer the danger point by such a step; rather we make the best move to offset the probability of such a war," said Mr. Meighen, "and that one of the greatest achievements of the war was neutralizing the Dardanelles, taking them away from the Turk, who had dragged a bloody trail on both continents for many years, and handing them over for the peaceful purposes of many nations. When a new party arose, denied the treaty and threatened Europe, Britain found it necessary to raise her hand and say 'Only thus far shall thou go.'"

"Britain, in taking her stand," said Mr. Meighen, "sends a message to her dominions, not a mere indifferent formal inquiry, if we can judge from the evidence, but an appeal for co-operation. New Zealand and Australia replied at once, and the British Government in a message of thanks to these two countries, a message in which Canada was not included, expressed its heartfelt gratitude on behalf of the British people."

Question Arises.

"Out of this crisis arises the question that is today foremost in the minds of the people: Where should Canada be found when the Motherland asks her to take a stand in defense of the treaty, and a treaty which is not only hers, but ours. Much hangs on the decision of the present government within the next few days, and on this question of our place in the world, but also the influence of the British Empire for good in the world. Some talk as if Britain were not a co-partner and friend, but one of the chief antagonists and designing mistress, but the great majority have the same unwavering faith in the mission of the British Empire."

START MANUFACTURE OF SILK UNDERWEAR

A new departure for the D'Alaird Manufacturing Company, Limited, is the making of lingerie, and some entrancing examples of silk underwear are being shown at their stores—products which it is confidently expected will rival the silk underwear which this firm has made its reputation.

The idea of "better blouses, of better materials, at popular prices," which has built up the twenty-two D'Alaird Blue Shops, is the foundation on which the silk underwear will build. The points of which a specialty is made in these garments is quality, cut and finish, which are regarded as the most important considerations after the designs have been chosen.

From New York comes a new lingerie material called "Lingette"—a soft, silky fabric, which will be employed in the making of "undies" and offers great possibilities.

D'Alaird's import all their own silks, crepe de chine and lace, and buying the quantities they do makes it possible to obtain the better fabrics for very much less than under other circumstances.

REPORT SITUATION GRAVE. ROME, Sept. 22.—The apostolic delegation at Constantinople telegraphed the Vatican today that the situation there was very grave.

ARREST TWO IN BOEHMER CASE

Police Claim Capture of Thugs Who Threatened St. Thomas Women.

State Clarence Campbell and Robert McGuire Identified by Victims.

ST. THOMAS, Sept. 22.—Clarence Campbell and Robert McGuire, both of St. Thomas, were arrested this afternoon by Inspector D. D. L. Hammond, provincial criminal investigator of Toronto, and Detective Joseph McCully, and are being held on charges of collaboration in the robbery of the residence of E. O. Boehmer recently, when Mrs. Boehmer and her daughter, Miss Lola, were held prisoners for six hours in their own home and threatened with direst tortures if they could not pay the ransom. Campbell and McGuire were found in the cellar where liquor was stored. Mr. Boehmer at the time was absent in New York City.

The police officers state that both prisoners have been identified by Mrs. Boehmer, who, it is claimed, first recognized Campbell on the street and collapsed in a faint from the shock of seeing him again.

Found in Poolroom.

Campbell was arrested about 2 o'clock at the corner of Curtis and St. Catharines street, while McGuire was taken into custody at McGuire's room. It is intimated by the police that further arrests will follow.

On the night of the robbery, the Boehmer residence was first telephoned by some unknown persons, who failed to secure any response as both Mrs. Boehmer and her daughter had retired. A few minutes later, a party of men broke into the residence, maltreated, bound and gagged the caretaker, and then awakened Mrs. Boehmer and her daughter.

Threatened Girl.

At the point of guns, it is claimed by the police, the terrified women were forced to lead the way to the vault in the cellar, and the thugs threatened to burn the young woman's feet with a red hot iron, if she did not divulge the secret combination of the lock on the vault.

About seven o'clock in the morning, the intruders left the house. "It is one of the most damnable cases of crime ever reported in the province of Ontario," declared Inspector Hammond.

HUNDREDS ATTEND HOSPITAL SPORTS

Large Crowd Gathers To Watch Westminster Patients Compete in Races.

The largest and best field meet in the history of Westminster Hospital was held on the hospital grounds on Friday afternoon, when patients and members of the staff joined forces.

Weather conditions were excellent, and the largest crowd that has ever gathered to witness this annual affair was present.

Lieut. Col. Hill had the G. O. C. Band in full swing, and entertained the crowd with many selections. Dr. Towers, secretary of the field meet, had much to do with the success of the affair. Assisting Dr. Towers were Drs. Alexander, Nichol, Preston, McGuire, Col. Shannon, Col. Beatty, Messrs. Hissian, R. Little and Sinclair. "Uncle" Bill Moore was also present with his megaphone. H. Olmstead, managed the field part, assisted by Dr. McLean, clerk of the course, R. Smith, physical instructor, Mr. Ferguson and Mr. Liggett.

The merchants of London were more than generous in donating presents for the prize winners of the different events.

After the field meet a picnic was held on the grounds for the patients of the hospital.

The Red Cross ladies held a dance under the auspices of the Red Cross. The entertainers at this program were Cameron Geddes, vocalist, and Chris Pink's Harmonic Quartet. The prize winners in the afternoon events were: 100 yards—Parole patients—Evans, Davis, Campbell. 100 yards, observation patients—Yardley, Leale. High jump—Toot, Kaye, Ingles. 50-yard potato race—Leale, Powers. 50 yards, running backwards—Kaye, Thorson, Newton. ONE KILLED, 39 HURT IN CRASH

Children Fall Into Basement When Pittsburg Theatre Lobby Collapses.

Concrete Floor Cracks Beneath Juvenile Guests Waiting For Free Show.

PITTSBURGH, Sept. 22.—Fifty chattering school children, most of them less than 12 years old, were massed in the lobby of the Strand, a new motion picture theatre, awaiting admission to a free show—when the concrete floor cracked from end to end and dropped the little ones into the basement.

The body of 8-year-old Madeline Kunkle, dressed in holiday garb, was removed from the debris. The injured 38 children and the theatre proprietor were placed on cots in a nearby hospital at approximately the minute the performance was to have started.

Sol Selzick, theatre owner, who fell with his guests, and four of the children were in a serious condition tonight. A dozen boys and girls were unconscious when they were dug from the powdery mass of stone and cement. Some were bleeding profusely. Others, vaguely realizing what had happened, whimpered and cried for their parents.

The crash and cries of the frightened youngsters were heard two blocks away. Policemen and civilians who made the first rescue said some of the children were buried "three deep."

STAGE DISPLAY OF GARDEN PRODUCTS

Pupils of De La Salle School Hold Second Annual Show.

Under the direction of the Christian Brothers, the pupils of the De La Salle School held their annual show of flowers and vegetables Thursday, in St. Peter's Parish Hall.

That the children's exhibition was a great success was evidenced by the interest taken, and the many complimentary remarks made by friends and parents of the young exhibitors, who had more than 50 varieties of vegetables and 36 different kinds of flowers in a well-ordered display.

The exhibitors follow: Potatoes, white—J. Wilkinson, J. Feeney, E. Holland and J. Gardiner; pink—J. Wilkinson; red—J. Wilkinson, J. Feeney, E. Holland, J. Gardiner; Cabbages, winter—J. Feeney, J. LUMBAGO

If you feel a touch of lumbago, you can ward off the evils of recurrent attacks, by taking Gin Pills without delay. Learn a lesson from the experience of Mr. H. A. Jukes. After suffering with lumbago for years, and being confined to the house at times, Mr. Jukes began to take Gin Pills. His letter to us reads, in part, "and much to my surprise, I at once felt a change for the better. I have been taking them at intervals, and, up to date, have had no recurrence of my old trouble; in fact, I have not felt better for years."

VESSEL GROUNDS BUT RELEASES SELF

QUEBEC, Sept. 22.—The White Star, Dominion Line freighter Colantian, inbound from England for Montreal, grounded about 6 o'clock this evening on the north side of the channel about half a mile west of Quebec.

The Colantian was only about 15 minutes ashore, for she backed off under her own steam and continued on her way. She did not give any signals or ask for assistance.

WILL NOT DISCRIMINATE

WASHINGTON, D. C., Sept. 22.—(By Canadian Press).—United States government officials charged with handling fuel, disclaim any intention of discriminating against Canada in the matter of anthracite. No embargo, at the instance of the government, is planned. The practical difficulty ahead of Canada, and especially Ontario, which uses much United States anthracite is that there is terrific pressure on the interstate commerce commission and the fuel distributor to send anthracite to New York, New England and the northwestern states, and until that demand is met not only Canada, but other sections of the United States are likely to suffer.

## OUTLINES NEW COURSE AT "U"

Prof. Morrow Points Out the Value of Training in Business Economics.

Department Aims at Development of Practical Executives.

Some interesting facts concerning the new department of commercial economics, which has just been added to the curriculum of Western University have been announced by Prof. E. H. Morrow, the new department head.

To Replace Training. It is not the aim of Western University to attempt to replace the specific training that the young man receives when he first enters commercial life.

In the United States, he pointed out, commercial training had reached enormous proportions, with more than forty thousand students enrolled in four hundred and three universities and colleges.

Not Generally Understood. "Owing to its sudden appearance here, the new course is not generally understood," said Professor Morrow.

General art classes, and particularly courses in political science will, especially during the first two or three years, form an inseparable part of the students' training.

The commercial classes will be taken during the student's last years at the university.

It is felt at the university that proper service to the community depends upon the ability of the department of commercial economics to turn out graduates who not only have the possibility of future success, but who at the time of their graduation are practical in their outlook, and are capable of rendering immediate and valuable service to the business-man.

On Broad Divisions. The organization of the department of commercial economics will be based on the broad divisions of production, distribution, finance and accounting, said Prof. Morrow.

While the training to be offered is intended to promote the development of business executives, Mr. Morrow said that it would be folly to presume that executive responsibility could be given to an untried and inexperienced man.

### A THOUGHT FOR TODAY

And God said, Let there be light, and there was light.—Genesis 1:3.

THE permanent things are the stars and the sun, not the clouds and the dust.—Senator Hoar.

THE ASKIN STREET METEORS held a very enjoyable evening Friday on the reservoir hill at Springbank in the form of a corn roast.

THE SCHOOL TRUSTEES have complimented Capt. Robinson, superintendent of works, upon the general neat and attractive appearance of the public schools.

ETER RAMSAY has entered suit in the judges' criminal court, charging Thomas Collins of Carleton Place with misrepresentation in the sale of a team of horses.

DESPITE THE APPROACH of the colder weather permits for building purposes are issued with fair regularity by Building Inspector A. W. Piper.

AT THE EVENING service in Askin Street Methodist Church Sunday a special address will be delivered by the pastor, Rev. J. T. Cosby Morris, to the students of the city.

WHILE IT WAS FOUND impractical to hold a regular session of the London branch of the Canadian Labor Party Friday night as anticipated, the postponement of the session for a week does not mean, members of the executive stated Saturday, that all interest has been lost in the political labor movement by the local adherents.

FRIDAY, Oct. 13, has been set as the day for the annual Collegiate Institute held at the Ontario College of Education, which will be held at the Ontario College of Education, which will be held at the Ontario College of Education.

THE OFFERS of the London police court were made richer by \$20 when two drunks were convicted Saturday morning. It is estimated by the chief of police that one of the men, who was arrested on complaint from neighbors after he had turned his family out on the street at midnight, has paid considerably more than \$1,000 to the court during his life, mostly in \$10 fines.

## LONDON CLUB WINS KIWANIAN HONOR

Secures Silver Cup for Best Report on Year's Work.

London Kiwanians returned Saturday from the Ontario-Quebec Kiwanis convention at Windsor, enthusiastic over the success of the gathering, and bearing the silver cup awarded for the club whose president could submit the best report on the entire year's work.

Although London had the largest number of delegates present at the convention, the cup awarded for attendance went to Kiwanians from St. John's, Quebec, since the award was made a basis of mileage.

The retiring district secretary, Hugh Murray, both members of the local club, were well supported by London Kiwanians, over forty being in attendance.

The London club is honored again for the ensuing term in having a member, Fred Lawrence, appointed one of the lieutenant governors. In accordance with a resolution passed at the convention, the new office of lieutenant-governor was formed and three men, S. F. Lawrence, Fred Page Higgins, of Toronto, and A. Tanguary of Quebec, appointed to represent the various districts.

A number of the London delegates were accompanied by their wives, whom the Windsor Kiwanians entertained most royally.

## PARADE AT WROXETER FAIR PROVES FEATURE

Special to London Advertiser. WROXETER, Sept. 22.—With ideal weather, the fourth Wroxeter School Fair, in which five schools took part, was held at the school grounds Thursday afternoon.

Although the inside exhibits were not as numerous as last year, there was a good crowd, and special features of much interest.

The parade, which took place from the school to the main street, presented a very pretty sight with the bugler, banners and decorations.

The Wroxeter Primary School and No. 13 Howick were a tie for first prize.

Miss N. Robb, school nurse, was present and was kept busy weighing and measuring the children to find out whether they were up to the standard, and exhibited clever posters illustrating her line of work.

## PLAN PROGRAM FOR BOY CLUBS

Council Will Meet to Arrange Activities for Winter Months.

Junior Leaders' Corps To Be Organized for Y. M. C. A. Work.

The Boys' Council, under the leadership of Jack Hutchinson, will meet on Wednesday, Sept. 27, at 5 p.m., at the Y. M. C. A., for the purpose of getting under way the winter activities of the Tuxis and Trail Rangers.

The Junior Leaders' Corps is being formed in the Y. M. C. A., who will take special lessons to lead other boys in gymnastics. These boys will be hand-picked and will be trained for efficient leadership.

A class of non-swimmers will be organized next week under the leadership of the daughter of the house, swimmer and medalist, from Hamilton.

Open Gym Classes. The gym classes for all boys and men, which were being carried on this week informally will start up formally next week.

Mr. W. H. Spearman, of the Y. M. C. A., would like to meet all the Y. M. C. A. boys, who are attached to churches who are not carrying on the Trail Ranger and Tuxis programs, so that he can place them into groups immediately.

Enter Tennis Meet. C. S. E. T. tennis will on its way about twenty of the groups having put in entries. Wilfred H. Spearman is in charge. The games are being played on the public utilities courts.

Opening Supper.—Trail Ranger and Tuxis groups will meet on Wednesday and Thursday nights at the Y. M. C. A. The Trail Rangers will have their first meeting on October 4, and the Tuxis will have their first meeting on October 5.

The following boys have joined the boys' division of the Y. M. C. A. during the past week: J. Cairncross, Leonard Gidley, Jim Day, Fred Ward, Ben Higgins, Franklin Welch, Charles March, Ken March, Bob Williamson, John Leighton, Howard Obeay, Jim McConeil, John Anderson, Adam Anderson, Robert Anderson.

## STUDY SUBJECTS IN PRACTICAL WAY

Citizens Have Choice of Wide Range at Technical School.

The opening of the Technical evening classes is a matter of interest, not only to a very large number of citizens, but to many who live close to the city to take advantage of the splendid facilities that the Technical School provides for ambitious men and women to improve themselves along the line of their daily work.

The power machine shop, wood-working plants, etc., etc. of the school are of the most up-to-date and modern type. Ambitious young men should take advantage of the slack times in the industries to prepare themselves for better positions when industrial conditions again become normal.

The commercial evening classes afford splendid opportunities for those who are working in the daytime to prepare themselves for office positions. Typewriting, shorthand, book-making and military drill are all subjects given in all their branches are covered in the evening commercial classes of the Technical School.

The women's activities are also well taken care of in the cooking, dress-making and millinery departments of the school. The housewives of the city and their daughters can do much to reduce the high cost of living. In order to accommodate as many as possible in these classes, afternoon classes are given to those who are not occupied in the daytime and the evening classes, as far as possible, reserved for those who are engaged in offices, factories and stores in the daytime.

The evening classes of the Technical School open on Monday, Oct. 2. Registration will be held all next week, both afternoon and evening, in the Technical School, Dundas street.

## I SPIED TODAY

PRIZE FOR BEST ITEM DAILY.

She asked him if she could help him across, and he took her offer gladly. When she reached the other side she asked him if he was all right and walked on.—O. M. H. S.

## SHOWS SCHOOLS BADLY CROWDED

Inspector Greer Advises the Board on Relief of Congestion.

While the school trustees have diverse weighty problems awaiting their final consideration, suggestions for further relief of the congested public schools of the city have already been submitted by Senior School Inspector V. K. Greer and referred to the different committees.

The inspector reports that the following schools are overcrowded at this moment: Aberdeen, Boyce, Chesley, Edinburg, Fortin, G. H. Jones, and Teumehil. While space has been temporarily secured in the basement of the Hamilton Road Presbyterian Church, the center has been somewhat relieved, he states, at the Chesley avenue and Edinburg buildings, proper conditions will not prevail until the new school building on Trafalgar street is ready for occupancy.

Now rooms now being added to the school which will relieve the situation there next year, when the same have been completed.

It will be absolutely necessary, the inspector contends further, for the board of 1923 to complete the Boyle Memorial school, East London, in order that the school population of the Rectory, Potteryburg and Boyle schools may be accommodated in September of that year. He has urged the board to direct the school architect to prepare at the first suitable opportunity tentative plans for the addition of readiness for action by the new board early next year.

## AWARDED \$100 DAMAGES IN MOTOR CAR SALE CASE

G. Wilcox Is Denied Claim of Cost Incurred in Seizing Automobile.

G. Wilcox was awarded damages to the extent of \$100, but was refused his claim of costs, incurred in seizing a car, said to have been sold to the defendant, at a sitting of the first division court, heard at the county courthouse, Friday, before Judge Taylor of Sarnia.

According to the plaintiff, the car was sold to H. Alfred for \$1,600. Alfred paid \$400 cash and gave a lien note for \$1,200. Later, Alfred couldn't pay off the note and plaintiff claimed he had to seize the car and resell it at a loss of \$100. He sued Alfred for this sum and costs of seizure.

The evidence, however, brought out the fact that Alfred voluntarily turned over the car when he found out that he would be unable to pay for it, and the court held that upon this point the case would be decided.

## AFRICA TO BUY CANADA GOODS

Would Purchase One Million Orange Crates at Suitable Price.

Trade Commissioner Says Big Opportunity Offered Country.

With the orange crop the biggest in years, the Union of South Africa is faced with a very serious shortage of packing crates, and has to look to the outer world for the 1922 and 1923 supply. The Union of South Africa Exchange, which handles the major part of fruit exported from the southern part of Africa, has notified the Department of Trade and Commerce at Ottawa that it would buy 1,000,000 standard orange crates from Canadian manufacturers, if suitable terms could be arranged.

In this week's issue of the Commercial Intelligence Journal received by the local Chamber of Commerce Saturday morning, W. J. Egan, Canadian trade commissioner in Cape Town, South Africa, emphasizes the excellent opportunity being offered to Canadian manufacturers, and declares that the tenders for orange crates should be of special interest to manufacturers in British Columbia. He states that the U. S. exchange is at present asking for preliminary quotations on the crates in 100,000, 200,000, 300,000 and 400,000 lots, and also for alternate prices on crates shipped for the same quantities.

The South African trade commissioner declares that the biggest competition to be encountered by the Canadian concerns will be from the Pacific countries as freight rates from there to South Africa are extremely low.

"It is hoped, however, that Canadian manufacturers will be able to quote competitive prices," said Mr. Egan, "and will act as soon as possible in the matter as the Union of South Africa Exchange wishes the first shipment of crates, to be sent in January, 1923.

Specifications, samples of the crates, and full details regarding terms and deliveries are on file in the department of trade and commerce, Ottawa, and sample copies of these specifications are being sent to the Canadian Manufacturers Association at Vancouver.

Firms interested are asked to apply for further particulars to the Dominion Commerce director of the Commercial Intelligence Service, Ottawa, and quote file No. T. C. 3-144.

## BEGIN GRADING OF CARFRAE CRESCENT

City Officials Prepare for Paving Operations, Which Will Start Immediately.

Carfrae Crescent is on the map again. City officials state that it is here to stay, as permanent improvements in the form of a new pavement have been assured.

Grading actually commenced Saturday morning, and City Engineer Brazier anticipates that the project will be satisfactorily completed before the snow flies.

All concrete will be in place by Monday as the latest paving undertaking on the Hamilton road, it is reported also.

Extensive alterations have also been achieved in connection with the old traction bridge that links up Carfrae Crescent with Richmond street. The foot bridge has been transferred from the side of the structure to the center and the whole considerably strengthened by the addition of new and substantial planking.

## Obituaries

JOHN DONNELLY. The funeral of the late John Donnelly, who died at St. Joseph's Hospital Wednesday, was held Friday morning from the family residence, 226 William street, to St. Mary's Church.

Requiem high mass was sung at 9 o'clock by Father Webber. Interment was made at St. Peter's Cemetery, where services were conducted by Father Chisholm.

Palibearers were W. Bennett, John Hawkins, Joseph Henry, P. Donohue, D. Connell and T. Keating.

JAMES B. LUTMAN. James B. Lutman, for nearly 30 years city sanitary inspector, died on Friday morning at his home, 857 Wellington street, at the advanced age of 77 years.

Mr. Lutman retired from the city staff about two years ago, due to failing health. Two months ago his health began to decline rapidly, and for some time before the end he was unconscious.

## Wage Campaign Against Uncovered Garbage Receptacles

THIS being a season when flies breed more rapidly than usual, Health Inspector R. H. Sanders is waging a campaign against uncovered garbage cans.

Carrying his fight into the business district of the city, he laid a charge in police court Saturday against Abdell Bros., merchants, because, he claimed, they did not have proper garbage cans. The case was adjourned until a later date.

Mr. Sanders intends to see that the law regarding covered cans is enforced in the residential districts as well.

## METHODISTS WILL HOLD RALLY DAY

Sunday Will Mark Beginning of Autumn Activity at Ridout Street.

The activity of a church generally begins in earnest sometime in September, and next Sunday, Sept. 24, will be the day to mark the beginning of real hard work for the Ridout Street Methodist church. Nearly all of the different organizations of this church will stage something new to make their rally day what it should be.

To start the ball rolling for the day, the Men's Brotherhood will have a meeting at 10 a.m., and everything points toward its being well attended. Rev. Geo. T. Watts of the Wellington Street Methodist Church will address the members in a very interesting lecture.

Rev. J. A. Agnew, pastor of the church, has chosen "The Christian Distinction" as the subject of his sermon at 11 a.m., and for the evening at 7 p.m. "Limitless Possibilities." Both of these sermons are expected to be wonderful, having been chosen as suitable for the day. Special music will be rendered at both services.

The annual Sunday school rally will be held at 3 o'clock, when all of the children who have been spending their summer vacations out of town will be taken into the tender care of the Sunday school once more.

D. A. Miller of South London Collegiate Institute will give a short lecture to the children.

## TALK INSURANCE FOR CITY SCHOOLS

At a special meeting of the insurance committee of the board of education early next week the body's decision to place additional insurance on city schools to the extent of \$120,000, will be dealt with. It is proposed that the amount stipulated be spread over certain of the older structures, which in the opinion of the committee, have been underinsured for several years.

## REGISTRATION AT WESTERN BEGINS

Registrations at Western University have begun in earnest, it was learned today. Several applications a day are being received, and everything points to one of the biggest and most successful years London's university has ever experienced.

Officials pointed out that staff increases, and consequently a wider scope in educational facilities, has earned greater recognition throughout the district than ever before. No official figures on the advance registration could be learned.

Col. Walter Brown informed The Advertiser that arrangements have just been completed to have Miss Pryce, at present physical director of the Y. W. C. A., take charge of the university's ladies' physical culture classes, which will be held during the year at the Oxford street gymnasium.

## FAVORS LEAGUE INTERVENTION

LONDON, Sept. 22.—(Canadian Press Cable)—A Reuter dispatch from Geneva says the Australian and South African delegates to the meeting of the League of Nations have sided with Dr. Nansen in favor of the league intervening in the Near East dispute.

Sir Jos. Cook of Australia said his countrymen had received the news of the new threat with absolute surprise, and had asked themselves whether the league had ceased to exist. They could not believe that the league was merely looking on. He said the delegates did not wish to complicate the peace negotiations, but must act prudently. The duty of the league, said Sir Joseph, was to discover the truth. He thought the moral force of the league, supported by public opinion, could delay the neutral zone and assure the protection of the Straits. He hoped the league would adopt this solution for bringing peace.

The Chinese save their hair combs and have them spun into long threads, and then woven into stockings; the popular belief being that stockings made of human hair keep out the wet better than any others.

## IN DARK AS TO CHANGE OF SITE

Trustee Wright Seeks Reason for Cancelling Dakin Street Location.

Proposes Mayor Wilson Take Place of W. Clark.

As one of the two members fighting "to the last ditch" against the Oliver street school site, Trustee J. B. Wright is insistent in his claim that good reason be advanced to support the cancellation of the Dakin street location; incidentally suggesting that Mayor Cameron Wilson be appointed to the school board to fill the seat just vacated by William Clark.

Trustee Wright considers that this would be a timely appointment, more especially if ex-Ald. Adam Palmer declined to accept the position should the same be proffered him as already hinted. He believes that his worship could act ex-officio as in the case of the public utilities commission.

"Almost any of the city council would be in a position to comment on the school situation in that section of London, rendered famous by the purchase of school property at Dakin and Price streets.

"I don't know yet just why we are changing from the Dakin site," explained Trustee Wright. "I made inquiry at the last regular session of the board, but I did not receive any satisfactory answer. Trustee Bice did state that the purchase of additional property adjoining Dakin street would entail legal entanglements, and there was some mention relative to interference by Mayor Wilson and his council."

"The upshot of the entire question will be that we will be paying about double the money for this location," he concluded. Mr. Wright let it be understood that he was ready at any time to hear what ex-Ald. Adam Palmer might have to say about the matter. "He says that he would have the right answer for me if he had known it was me," he said. "I am ready to enter it now if he feels that way about it."

Objected to Palmer. "I did not object to Mr. Palmer coming to the board for an interchange of opinions, but I do mind when he attempts to deceive the people. I have the proof of at least a half dozen persons that he is incorrect in his remarks about the Dakin school and the late school inspector. I was with No. 2 committee when we unanimously approved of the Dakin property."

Trustee Wright explained that he had not viewed the Oliver land as yet.

## ORDER ADDITIONAL DESKS FOR SOUTH END COLLEGIATE

Authorities Find It Necessary To Utilize All Available Space.

Contrary to general expectations, it has become imperative that all available space be utilized this fall at the city's new high school in South London.

The trustees have approved of the proposed purchase of 35 desks, with chairs to equip the remaining vacant room. Principal E. A. Miller reports the second year as being otherwise crowded beyond capacity.

The late year has also been tendered authority to secure another permanent teacher as soon as possible, while a temporary teacher will act until the former arrives.

Many British prisons which are no longer required for their proper use are being closed down and placed in charge of caretakers.

One Great Need.

AN APPEAL, distressing, and at the same time with a touch of pathetic helplessness, comes from Montreal, issued by the crown prosecutor of that city.

"God knows where we are coming to. Can you imagine drug parties, where as many as four persons are heaped over one another in a state of semi or total unconsciousness?"

So, we must direct our energies in greater force against this form of evil. We have been doing it for some time, but we are not getting results.

Then we have societies for the suppression of other evils in the land. In fact, each particular vice seems to have the effect of bringing into existence an organization to combat it.

But where are we getting with all this multiplication of machinery for the fighting of evil?

Now, that is just what we are trying to do in a great many cases, and an examination of our present-day organization will bear out the fact.

These agencies are mentioned because most of them have their spiritual side, and that is the one part of a man's nature that can be reached, and if reached, will give him an anchor so sure and so certain that all the reformers in the world can cross him off their books and leave him alone, because he will not need their services any more.

There can be organizations and societies multiplied until we are dizzy trying to enumerate the multiplications, and each and every one of these can do its work to the best of its ability, and we can spend all sorts of good energy and good time chasing and pursuing pet evils, while all the time we fail to realize the one great thing, viz., that each of these pet evils is simply an outward evidence of one basic fault—sin.

Some time, and we hope soon, we will arrive at the conclusion that we have been hunting with scattered bird-shot, while what was called for was the bullet of conviction.

For the multiplicity of evils that seem to be surrounding our national life there can be but one answer, viz., the Christian people must become aroused to the need of a great spiritual awakening.

Moreover, the directors of the Harriman Bank make no secret of the matter, stating to the press that the Miners' Union has been doing business with them for a long time, and has always met its obligations.

the matter, stating to the press that the Miners' Union has been doing business with them for a long time, and has always met its obligations.

"The Harriman National Bank is a public institution and does business with corporations, individuals and all kinds of organizations, including labor organizations, railroads and coal corporations, also with Indians, Chinese, Japanese, Filipinos and some Americans, red, yellow, brown and white; in other words, without regard to race, creed, or color."

"The United Mine Workers of America do banking business here, and have done so for some time. Their business with us has always been conducted along business lines. The nature of their transactions I am at no more liberty to discuss publicly than the business of others who do business here. We have conducted their business with us in accordance with business principles. It is their business, and it would not be proper for this bank to discuss their affairs. We are financial doctors, and doctors do not discuss the private affairs of their patients."

German Marks.

Now that German marks are cheaper than high-grade wall-paper, speculators again are swinging to them in a big buying movement.

The obliging German government promises that there will be plenty for all. Beginning October 1, the Reichsbank will print 4,000,000,000 (four billion) paper marks a day.

For large investors it is rushing plates to print marks in denominations of 500,000 each, so that amateur speculators can carry around a few billions, and show their friends the mortgage they have secured on the future, without tiring their muscles or tearing out the linings of their coats.

On September 1 German paper money in circulation totaled around 250,000,000,000 (250 billion) marks.

The presses have been turning out 2,600,000,000 new marks a day since then.

Presuming that the presses are idle on Sundays, to prevent them from melting or getting hot-boxed, about 315,000,000,000 paper marks will be in circulation October 1 when the new presses get started with their output of 4,000,000,000 a day.

By the end of the year, some 600,000,000,000 billion marks will be on the market, so don't burst a blood-vessel trying to get to the bargain-counter.

Those 600,000,000,000 paper marks—if they could return to par, "as investors" hope—would be worth \$142,800,000,000.

That is twice as much as Germany's national wealth before the war, and about six times her present national wealth, making allowances for what has been taken from her by the war.

The "easy mark" buying marks for a rise, admits that he never expects the mark to return to par, "but a rise, ever so slight, with holding millions of them . . . and so on."

The Germans may not repudiate the mark, but the mark already has within a hair's-breadth repudiated itself out of existence by attaining nearly absolute worthlessness.

The Germans, in their own country, are discarding the mark in business transactions and reverting to barter and the use of foreign currencies.

The buyer whose appetite for marks is gluttonous need not worry because only 600,000,000,000 marks will be in circulation by the end of the year. Never forget, other years lie ahead.

The more the mark falls, so much the more is Germany's profit on the deal.

LITTLE TISERS

Time was when we spoke of twin beds. We meant beds where there were twins about who slept in 'em.

politicians used to gather in a hall and sow the seed of victory or defeat.

The Kitchener Record has plain words for SENATOR DANBURN, a member of the KING cabinet, who is openly hostile to Canada owning or operating railways. In conclusion, the Kitchener paper states: "The enemies in the camp are more dangerous than those outside."

"It is within the power of every public servant to act like a dunce. It should not be within the prerogative of the premier of Ontario to act like a liar."

The above from the Toronto Telegram shows that the Tely has survived the heat of summer and enters the fall season running true to form.

A Hamilton judge rules that a man is responsible for his wife's debts though she is living apart from him on an allowance paid by the husband. But the judge becomes kindly human when he adds that the husband can keep back the amount of his wife's indebtedness from the allowance.

Newspapers are busy referring to the ex-Kaiser as an old fool because he is going to marry a widow with five children. By the time Bill has to wash five little necks every morning, and buy five little pairs of boots at the corner store, he'll be so busy he won't have time to think about going to stage a come-back in Germany.

Canadians, regardless of political leanings, will hope that the latest reassuring news about the condition of Hon. W. C. KENNEDY, minister of railways, is borne out by rapid progress toward complete recovery. He has been carrying a big load since he took over the portfolio of railways, and good health will be one of the greatest assets he can have in carrying his work to a successful conclusion.

In many parts of Germany the people have gone back to the old system of barter, because the financial standards have utterly broken down, and people have no confidence in them. Children are paying their school fees in the products of the field, and some of the commercial firms are accepting payment in this way, rather than in the voluminous money of the land. It is their one chance to get some idea of comparative value under the financial system of present-day Germany.

Cleveland Plain Dealer fails to see where any great gain is coming through the FORBNEY-McCUMBER tariff bill.

"From the point of view of revenue production," says the Plain Dealer, "the new act is entirely a speculation. If imports should come in at their present rate, it would produce somewhat more than \$400,000,000 annually. To the extent, however, that it serves the purpose intended by its authors and supporters it will diminish imports and revenue will decline in the same proportion. How to protect the home market against foreign competition and at the same time compel the importer to pay duties wherewith to support the government is a problem that the present protectionist Congress, like those that have preceded it, has been unable to solve."

Two colored men came to the outside of a crowd where a politician was making a campaign speech. After listening a while, one turned to his companion and asked: "Who am I dat man, Sam?"

"Ah don't know what his name is, but he done before Canada sent it's way clear. What about 'dat white Sam' rep'nted, 'but he certainly do recom'nd' hisself most highly'?"

THE Montreal Gazette believes that a lot of explaining will have to be done before Canada sends it's way clear. "What about 'dat white Sam' rep'nted, 'but he certainly do recom'nd' hisself most highly'?"

producing suffering, disfigurement and sometimes even loss of life. It is a fact that too many people dig their graves with their teeth.

The best way to clean the teeth is to place the bristles of the brush firmly against the teeth, then, applying pressure, as if trying to force the bristles between them, to proceed with a slight rotary scrubbing motion. The brushing finished, take a mouthful of lukewarm water, and with lips, cheeks and tongue, using all the force you can, force the water between and around the teeth, repeating this cleansing process several times.

The teeth should be cleaned in the morning, before retiring at night and after each meal, if possible.

Long life, happiness and prosperity depend much upon a clean mouth full of healthy teeth.

JACK CARROLL won the second heat in the annual donkey derby at a holiday carnival in Catford, England. He lost the prize by refusing to tell the judges his weight. The donkey surely deserves an extra serving of carrots for winning under such difficulties.

## WITH THE BRIDES

**WHELHAN-MACKEY.**  
A quiet, but pretty wedding was held at St. Patrick's Church, Lucan, Tuesday morning, September 19, when Ellen Mackey was married to John Whelhan of Lucan. The bride was attired in a pearl gray crepe knit gown with noal lace trimmings, with an exquisite ornament on the front of her gown. She wore a large picture hat and carried a bridal bouquet of white roses. Her sister, Miss Mary Mackey of Hamilton, was bridesmaid, dressed in shell pink crepe de chine gown and she carried a bouquet of pink roses. The groomsmen were Mr. Philip Magee, cousin of the groom. The groom's gift to the bride was a necklace of pearls, to the bridesmaid a pearl pin, and to the best man a pair of cuff links.  
Rev. Father J. Hogan performed the ceremony. After the wedding ceremony the guests went to the home of the bride's parents, where a wedding breakfast was served. Mr. and Mrs. Whelhan left on a wedding trip to points west. For going away the bride wore a dark blue cloth suit, mink stole and feather hat.

**HAM-SWAN.**  
The home of Mr. James Swain, Brucefield, was the scene of a happy event on Wednesday, Sept. 20, at high noon, when his youngest daughter, Alice Jane, was united in marriage to Mr. Clarence Harvey Ham, manager of Moisons Bank, corner of James and Barton streets, Hamilton, and son of Mr. and Mrs. Harvey Ham, Ferguson. The ceremony was performed by the Rev. W. D. McIntosh in the presence of immediate relatives. The bride, who was given away by her father, looked charming in a gown of radium lace over a cream chamoisee satin. Her veil was caught with orange blossoms and a silver band. She was unattended, and carried a shower bouquet of Sweetheart roses and baby's breath. The bridal party took its place under an arch of white flowers. Miss Lella Ham of Ferguson, sister of the groom, played the wedding march, also singing "Thine Alone" during the signing of the register. At the close of the ceremony a buffet luncheon was served at the home of the bride. The dining-room was decorated in pink and white. Mr. and

## ROY MITCHELL GIVES INTERESTING ADDRESS

Roy Mitchell of New York, formerly of Toronto, and director of the Hart House Theatre, who is at present on a transcontinental tour for the Canadian section of the Theosophical Society, spoke Friday afternoon at the Institute of Musical Art. Mr. Mitchell traced the history of Hart House Theatre, in which he showed that the people were supporting the Little Theatres. During his address Mr. Mitchell stated that the non-professional was a more successful artist than the professional, and that the community theatre is the most successful art of the profession. "The future is in the hands of the amateur rather than in those of the professional," stated Mr. Mitchell. "And we should do all in our power to encourage the community theatre." A large number of London Drama League were present.

The next meeting will be held in the Masonic Hall, Lobo, Wednesday, October 18, when a splendid program will be given.

## CYNTHIA GREY'S MAIL-BOX

**AUNT MARIA RETURNS.**  
Dear Miss Grey.—Owing to a cancellation of trains on the G. T. R., our Advertiser does not reach us until it is a day old, so it was just this forenoon I saw in Saturday's paper a call for my attention. I have been so interested in reading letters from other Boxites I did not think it was so long since I wrote to the Mail-Box. But I have really been a pretty busy person doing sewing for not only myself, but for another household where the mistress of the house is even busier than myself. Besides this, I have pieced five quilts for other busy people, one quilt having over 3,000 pieces in it. I make-up I am at present piecing another quilt and have material for a seventh one in the house, with a request for the making of an eighth one when not too late. I have also made a serge dress for a busy mother. As to the request for a snapshot of the Mail-Box quilt, there is no one in this locality who has a camera except my son, who has a small kodak (Brownie). He said it would not take a big enough picture to be of use, so nothing was done in the matter. We are pretty far away from any place where we could get a good picture taken. However, my son will take a small snap and if it is any good I'll send it along as soon as we can get it developed. I have been much interested in the accounts of the gardens of the Boxites. My poor flowers are now suffering somewhat from the dry weather, and water is not very near by, so I am hoping for rain. My house plants have done finely, though, except the pelargoniums, which have developed plenty of foliage but very little bloom. Gloxinias have been grand. Six have bloomed, and all are different. By the way, I just learned this summer that the inner or white rind of the orange can be used in making jelly from fruits that do not jelly well. I made delicious raspberry jelly, using 4 cups juice, 3 cups sugar, white rind of one orange, boiled fast for 15 minutes or less. The rind can be peeled off and dried when one is using oranges, and is then on hand when wanted to make jelly. My letter is getting too long and my pen is not very good, so will close with best wishes for our fair AUNT MARIA.  
So you have come back to us, Aunt Maria. I was sure you hadn't forgotten us, but might have known you would be busy. Your garden must be a perfect picture. We will have to nickname you "Mary, quite contrary." You must be very kind-hearted to help your neighbors, making quilts and dresses and other clothing. I think if the snap were a good one we could have it enlarged satisfactorily. Thank you for passing on the tip for making jelly; it would be well worth trying. I think.

## THINK BOOK A BOTHER.

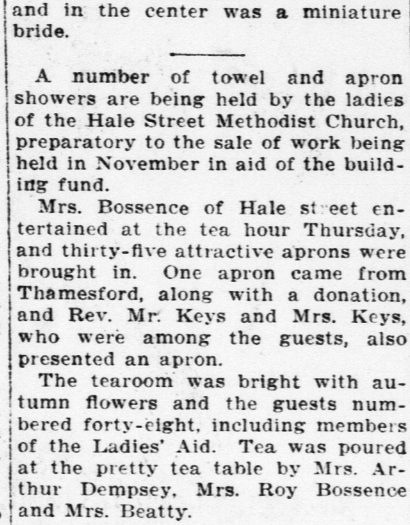

Dear Miss Grey.—Inclosed find 25 cents for the hospital fund. It will soon be Thanksgiving time and I think we would all send a thank offering to pay for the cot. If everyone of the Mail-Box club would send 25 cents or more, and those that could not send that much send less, if only one cent, we would all be in the swim. I have a great book, as we nearly all have such a book, and it is money after all we want. How are chances to exchange begonias and foliage plants? My address is with Miss Grey, Mrs. J. T. H. Thank you, Mrs. J. T. H. The inclosed hospital mite. Your suggestion to send in thank offerings is a splendid one. Another Boxite suggested sending in an amount equivalent to one's age. Don't you think that was a better plan, Mrs. J. T. H.? Yes, the cook-book would mean a lot of work, but it rests with the Boxites, as they will have to do all the work in connection with it.

## KEEP CHILDREN HEALTHY

To keep children healthy the bowels must be kept regular and the stomach sweet. Nine-tenths of the ailments which afflict little ones are caused by derangements of the bowels and stomach. No other medicine can equal Baby's Own Tablets in guarding either the baby or growing child from the ills that follow a disordered condition of the bowels or stomach. They are a mild but thorough laxative and never fail to give results. Concerning them, Mrs. W. B. Cooledge, Sarnia, Ont., says: "I have used Baby's Own Tablets for over three years and have found them the best medicine I have ever used for my children. I never have any trouble giving them to my little ones and they have saved me many a doctor's bill. My advice to all mothers of little ones is to keep a box of the Tablets in the house." The Tablets are sold by all medicine dealers or by mail at 25 cents a box from the Dr. Williams Medicine Co., Brockville, Ont.

## FASHION'S FORECAST

An Attractive Morning Dress.  
As every modern woman knows, attractiveness must be combined with practicality to make her house dress really serviceable. This excellent style has these requisites, making it a good style for you to choose. Furthermore, it is simply made and would only take about a day of your time. If gingham at 15c per yard with binding at 20c the piece (6 yards to a piece) were chosen from which to make this house dress, it would cost about 80c.  
The pattern, No. 1837, cuts in sizes 36, 40 and 44 inches, bust measure. Size 36 requires 3 1/2 yards of 36-inch material, with 4 1/2 yards binding. Price 15c, stamps or coin (coin preferred).

**HARRIET BOOMER CHAPTER.**  
At the fortnightly meeting of the Harriett Boomer Chapter, I. O. O. F., held at the home of Miss Dorothy McConvey, Dufferin avenue, arrangements were made for the Advertiser Fashion Show, for which the chapter is supplying models. Plans were discussed for the winter months, but nothing definite was decided upon. The meeting was presided over by the regent, Mrs. W. H. Line.  
**KNOLLWOOD PARK MOTHERS' CLUB.**  
Reports of the summer work were given at the first meeting of Knollwood Mothers' Club, held Thursday evening. Two children from the school were sent to the W. C. T. U. summer camp by the club, and three gallons of ice cream were sent to the children's school picnic, which was greatly enjoyed by both mothers and children. The club has decided to ask Mrs. Crawford of the Y. W. C. A. to address the next meeting, to be held Oct. 12, and at which the members of the St. Lawrence Mothers' Club, S. S. No. 21, will be guests. The club is planning to hold a rummage sale, and is asking the co-operation of the principal and teachers to make it a success.  
At the close of the meeting, which was presided over by Mrs. R. C. Short, dainty refreshments were served.  
**EALING MOTHERS' CLUB.**  
Meeting Thursday after school hours, the executive of the Ealing Mothers' Club outlined the following program for the first quarter: Opening meeting, October 3. An Explanation of the Adolescent Act; November, Good Citizenship and the Use of the Ballot; December, Music in the Home and the School; January, Quarterly social evening.  
**INVITES MOTHERS AND FRIENDS**  
The primary department of the Robinson Memorial Church, is holding a special service, Sunday afternoon, in order to bring the girls and boys together after the summer vacation. Mrs. J. C. # Alias the Lone Wolf

### BEGIN HERE TODAY.

The reformed crackman, MICHAEL LANYARD, known to the police as the LONE WOLF, is attempting to recover the stolen jewels of EVE DE MONTALAIS, the woman he loves.

Lanyard, who met Eve in southern France where he rescued her from robbery at the hands of the brutal Parisian Apache, DUPONT, suspects a motoring party, consisting of the American, WHITAKER MONK; his secretary, PHINUIT; the latter's brother, JULES, and the COUNT and COUNTESS DE LORGNES.

De Lorgnes is murdered by Dupont. Lanyard, searching Paris, finds the countess. She is introduced as LIANE DELORME. Lanyard uses the name of Paul Martin.

### GO ON WITH THE STORY.

Liane Delorme! Those syllables were like a spoken spell to break the power of dark enchantment which had hampered Lanyard's memory ever since first sight of this woman in the Cafe de l'Univers at Nant. A great light began to flood his understanding, but he was denied time to advantage himself immediately of its illumination: Liane Delorme was quick to parry and riposte.

"How strange monsieur should think he had ever known me by a name, but no matter! For now I look more closely, I myself cannot get over the impression that I have known Monsieur—Martin, did you say?—somewhere, sometime. But Paul Martin? Not unless monsieur has more than one name."

"Then it would seem that mademoiselle and I are both in error. The loss is mine."

While the waiter fetched additional chairs, the woman made her escorts known: Messieurs Benouville et Le Brun, two extravagantly insignificant young men.

Champagne frothed into fresh fizzes. As soon as the hand struck up another dance, Athenais drifted

away in the arms of Monsieur Le Brun. Liane gazed round the room, acknowledged the salutations of several friends and issued peremptory orders to Benouville.

"Ask Angele to dance with you. I desire to afflict Monsieur Martin with my confidences."

"With the utmost docility Benouville effaced himself.

"Eh, bien, Monsieur Duchemin!" "Eh, bien, madame la comtesse!" Liane sipped her champagne, making impudent eyes at Lanyard over the brim of her glass.

"By what appears, you have at last torn yourself away from the charming society of the Chateau de Montalais."

"As you see."

"That was a long visit you made at the chateau, my old one?"

"One had the misfortune to fall foul of an assassin," Lanyard took the trouble to explain.

"And you were wounded?"

Lanyard assented. The lady made a shocked face and uttered appropriate noises. "As you know," Lanyard added.

"What an experience! Still—"

Liane again buried her nose in her glass and regarded Lanyard with a look of mysterious understanding. Re-emerging, she resumed: "Still, not without its compensations, eh, mon ami?"

Lanyard agreed with his most winning manner: "For instance I recovered speedily enough to be in Paris tonight and meet mademoiselle without losing time."

"And where is that good Monsieur Mark tonight?" he asked.

"Ah, monsieur, but I am desolated. He has returned to his barbarous America, with his kind heart, and all his millions!"

"And the excellent Phinuit?"

"That one as well."

Lanyard compassionately fished a bottle out of the cooler and refilled her glass.

### "Side Drapes," Says Paris

WHATEVER it may be—day-time dress, afternoon dress, evening gown—drapes it on one side if you want the very latest style wrinkles (pun intended).

Here are two conservative street dresses—tailored dignified affairs that have developed a reckless passion for side drapes and shirtings.

The new tailored gowns are of twill, tulle and the heavier silks.

Beige is said to be the favorite color in Paris, but the shops in New York are showing more of the darker golden brown shades.

Navy blue is close second with black retreating slowly up stage.

### THE BOOKSHELF

The Black Candle, by Janey Canuck. Thomas Allen, Publisher, Toronto. Price \$2.

Every intelligent person is aware of the fact that there are drug addicts in Canada. Few citizens, however, realize the actual menace constituted by the drug evil in this country, and it has fallen to Judge Emily F. Murphy of Edmonton to throw the spotlight on the enormous traffic by her latest book, "The Black Candle."

Many volumes of a technical nature have been written on the drug traffic and addiction prevalent throughout the Dominion, but "The Black Candle" is the first of its kind to be written from the point of view of the man in the street. Nor does she handle the matter with rubber gloves, baring the horrible results of illegal use of "dope" in Canada, in all its hideousness.

Her treatment is constructive, her painstaking effort in the preparation of "The Black Candle." The ravages of each drug are treated in turn, including opium, morphine, cocaine, heroin and cocaine. Contrary to expectations, when one considers the subject treated, the latest offering of Judge Murphy provides interesting reading material, and is of literary value. Her whimsical humor predominates throughout the entire volume.

In her comments on the drug traffic of Canada, Mrs. Murphy is most discrete, and it can readily be seen by the reader that her heart and soul are with the victims, embracing all classes and professions, whose salvation she is striving to work out. "The Black Candle," is replete with

### WANTS BABY CLOTHES.

Dear Miss Grey—I take great pleasure in reading your Mail-Box. We have taken The Advertiser ever since we have been married, nearly four years ago. I, too, am coming for help. I see where some are getting layettes, and I was wondering if it would be possible to get one for me, too. My husband works all the time, but he doesn't get very big wages on the farm, and it is quite a task to make ends meet. I have some little shirts my baby has outgrown, which I am sending out to you, for some needy person. I will be more than grateful for any help. I hope they get those poor babies. I can sew, so can make over everything anyone might give me. MRS. S. J.

If anyone has baby clothes, they would give to Mrs. S. J. they may have her address from the Mail-Box. As Hope lives in London, she received layette from a local chapter of the I. O. D. E., so why don't you appeal to some women's organization in your locality? Thank you for remembering our hospital fund, when you are in need yourself.

### CYNTHIA GREY'S MAIL-BOX

FINDS LETTER IN PRINT.

Dear Miss Grey and Boxites,—To say that I was glad to see my letter in print is putting it off mildly. I was certainly glad that I hadn't broken any of the Mail-Box rules, and I am pleased to hear that I am on the family list.

Today I noticed that you got an invitation to go up to the peach country. It sure would be a nice trip for you, and anyone else, had he had a chance. I am sure, I am sure, always sitting down there writing and reading, but the work you do is much joy to other people, and I am sure you will be thanked some day for it.

Inclosed find my note for S. C. H. Wishing it every success. As before, CHUBBY.

I was sorry I could not accept the invitation to visit the peach farm, but maybe next season I will, if my invitation still holds. Thank you, Chubby, for the hospital mail. So you were pleased to see your letter in the Mail-Box.

### PENELOPE'S RECIPE.

Dear Miss Grey,—May I come into your cosy corner for a little chat? This is my first appearance. But I have enjoyed reading the Mail-Box letters very much. I am a little lonesome, so would like someone to correspond with, around the age of 25. I am sending you my recipe. Thank you, Grey, if anyone cares for it, will you give it to them. I am enclosing a drop cookie recipe which is very good. Perhaps someone would like to try it. Inclosed find my note for the S. C. H. Hoping you will make my letter too long for the first time. I will close. Here is the recipe: 1/2 cups of sugar, 1/2 cup butter, cream with 3 eggs, 1/2 cup milk and 1 cup chopped raisins, 2 teaspoons cinnamon, 2 teaspoons baking powder, 1/4 teaspoon soda dissolved in hot water, 3 cups sifted flour. PENELOPE.

Welcome to our Mail-Box, Penelope, and thanks for bringing a recipe and note on your first visit. Your name is on my family tree, and if anyone would like to write to you she may have it. We will be looking for another visit soon, now that you have found your way into the Mail-Box.

YOU HAVE TORN YOURSELF AWAY FROM THE CHARMING SOCIETY.

"I have a suspicion that this Monsieur Duchemin was guilty in intention; but when it came to put his intention into execution, he found he had been anticipated."

"Mademoiselle is too clever for me. Now I should never have thought of that."

"He would have been wiser to stay and fight it out. How sad for him! A chance meeting with one who is not his friend, a whispered word to the police, and within an hour he finds himself in the Sante."

"Poor chap!" said Lanyard with a doleful shake of the head.

"I, too, pity him," the woman declared. "Monsieur, against my prejudice, your faith in Duchemin has persuaded me. I am convinced that he is innocent."

"How good you are!"

"It makes me glad I have so well forgotten ever meeting him."

"Ah!" said Lanyard, "but about Madame la Comtesse de Lorgnes—"

"My friend, you must forget that name utterly as I have forgotten another."

"He was really a count?"

"Who knows? It was the style by which he had always passed with us."

"Alias!" sighed Lanyard, and bent a sombre gaze upon his glass.

"What is this?" she asked sharply.

"You know something about de Lorgnes?"

"Had you not heard?" he countered, looking up in surprise.

"He saw her eyes stabbed by fear, and knew himself justified of his surmises. All day she had been expecting de Lorgnes. One could imagine the strain of care and foreboding. She was on the rack."

But there was no pity in Lanyard's heart. He knew her of old, what she was, what evil she had done.

And purposely he delayed his answer till her patience gave way and she was clutching his arm with frantic hands.

"What is the matter? Why do you look at me like that? Why don't you tell me—if there is anything to tell."

"It is in all the evening newspapers—the murder mystery of the Lyons express."

"De Lorgnes?"

Lanyard inclined his head. The woman breathed an invocation to the Deity and sank back against the wall, her face ghastly beneath its paint.

Liane Delorme made an effort to speak, but only her breath rustled harshly on her dry lips. All the muscles of her face relaxed, and her years peered out through that mask of artifice which alone preserved for her the illusion and repute of beauty.

Liane Delorme stirred abruptly.

"The assassin?" she demanded. "Is there any clue?"

Briefly Lanyard told her of seeing the Comte de Lorgnes in Lyons and the tragic sequel.

### Two Sandwich Ideas

BY BERTHA E. SHAPLEIGH.

THE following are two good sandwiches for the lunch box. The fig and nut is especially good for the school children.

- Cheese Sandwiches.**
- 1 cream cheese, or 1 cup curd 8 stoned and finely chopped cheese
  - 3 tablespoons cooked spinach
  - Salt, cayenne to taste and cream to moisten to a consistency to spread.
- Spread between slices of rye or graham bread which have been spread with butter or mayonnaise.
- The cheese mixture may be packed in a half-pound baking powder tin and allowed to stand until firm. Remove from tin, cut in thin slices and place between round slices of buttered brown bread.
- Fig and Nut Sandwiches.**
- Spread thin slices of buttered bread with stewed fig paste, sprinkle with finely chopped peanuts, press two slices together and cut in strips or triangles.
- For the fig paste use one-fourth pound of figs and enough water to moisten. Cook in a double boiler three or four hours.
- A little lemon juice may be added to relieve the flat, sweet taste.

### Radio Radiations

RADIO makes work a pleasure! If you tire of the drudging routine of your job, or have just been doctored by the boss—clap a set of earphones to your ears and listen in. The soothing concert music from the air will calm your nerves and compensate for the irksomeness and disappointments of your labors.

What care you for a raise in pay or relief from some of your daily work, if a radio set is handy to offset—

Before brickbats are thrown let it be explained that this is only a summary of some of the statements given out by radio merchants, dealers and press agents for the popularization of their products. For proof, they send pictures of actual situations wherein work is being enjoyed.

Incredible as this may be, the pictures are here for positive proof. The movies and the legitimate, of course, have their representatives. But there are unredempted occupations to which radio has been applied.

For Housework.

Before you start leaning over your washboard, or getting down on your knees to scrub the kitchen floor—this is meant for housewives, of course—rig up your radio set at a convenient place nearby and tune in on a broadcasting concert. The rub-a-dub of the washboard or the scraping of the floor brush will be lost in the maze of music from the air.

If the housewife doesn't apply herself to this work, the radio expert is just as suitable for servant girls or the weekly washwoman. Both would enjoy their jobs and recommend your home to others. It is a solution to the servaic girl problem!

Attresses may have sets in their dressing rooms and alleviate the tedium of waiting for their turn on the stage. Movie stars—at least, the male variety—may now assume the painful duties of fishing with a radio outfit to relieve the monotony of silent waiting. While the female of the movie species may at last ven-

ture into a bathing suit at the surf with the assurance that a radio outfit will compensate for her embarrassing position.

In Paris, cafe owners have struck upon radio as their life-saver. They were going into bankruptcy. People—especially tourists—refused to drink their wines and other beverages. They were desperate when one of them thought of radio.

Now, on cafe tables along the boulevards are small radio sets and alongside is a liquor list. Whoever wishes to drink may listen in. Or vice versa—whoever wishes to listen in must drink. The cafe owners have been saved!

### TELEPHONE CONCERTS.

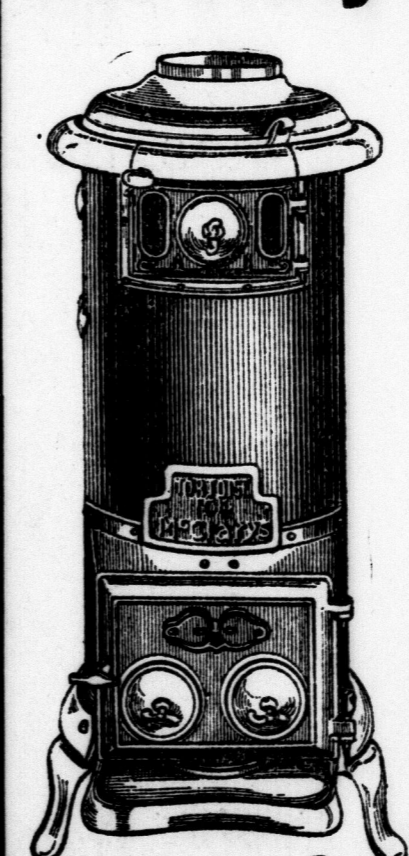

Broadcasting is not new, although radio broadcasting is. Concerts have been sent over the line telephone wires in Vienna, Budapest and other large cities in central Europe for several years. Subscribers pay monthly toll to listen in on concerts from a central station.

# Ex-Kaiser's Story of His Reign and Fall

The Ex-Kaiser Answered---Written by Viviani of France

Believing that readers of this paper should have the opportunity of reading history written by the men who have made history, The London Advertiser has secured the exclusive rights for the publication of the Memoirs of the ex-Kaiser. Not that we agree with what he will say, but in order that a great document, that is stirring world interest, should be placed before our readers.

Following this will come the masterful answer of Viviani, the strong man of France, who will present the side of the Allies, and deal, point by point, with all the ex-Kaiser has to say.

The Memoirs of the Ex-Kaiser

Will Begin **NEXT MONDAY**, September 25, in

**The London Advertiser**

And Continue Daily For 30 Days

The memoirs of William II., deposed German Kaiser, will be more widely circulated and will arouse more critical comment than any series of articles ever before published. They will appear simultaneously throughout the world, in leading newspapers of the United States, as well as in France, Great Britain, Italy, Japan, Australia, South Africa, Scandinavia and the Teutonic countries.

Exclusive rights of publication for London and district have been acquired by The London Advertiser.

Criticism of the ex-Kaiser's opinions and statements will be voiced all over the world by editors, historians, soldiers and statesmen. The best of these expressions will be reproduced in The Advertiser, and, in addition, its own criticisms will be published with the installments of the memoirs.

The misrepresentations and misconceptions of William II., the most colossal failure in history, will be pointed out to our readers as his account proceeds. But it is not for completeness or accuracy of fact that this narrative deserves consideration. It presents in one respect a truthful and permanently valuable revelation. The world has always been insatiably curious about the men who have posed as its rulers by their own prowess or by the caprice of fate, and in this autobiography it will find, exposed by his own hand, the vanities and weaknesses that chiefly make up the character of a man, once hero to all the credulous, now hero only to himself.

**The Answer by Viviani of France**

has been purchased by The London Advertiser, and its publication will shortly follow that of the ex-Kaiser's story.

**Notice!** It will be necessary for readers of the ex-Kaiser's story to order The Advertiser in advance. The interest in the serial and the controversies aroused by it will be widespread, and the newsdealers can only supply the demand by ordering ahead.

## Use 100,000,000 Pounds of Copper in Manufacture of Motors in 1922

New York, Sept. 15.—Approximately 100,000,000 pounds of copper will be utilized this year in the manufacture of automobiles in this country, according to a survey just completed by the Copper and Brass Research Association. This is an increase of 30,000,000 pounds over 1921, and about 750,000 pounds more than 1920, in which latter year the automobile industry consumed 7.63 per cent of the total copper production.

Commenting on the use of copper in the automotive industry the survey says, in part:

In pre-war days, particularly since the time when the automobile definitely emerged from the luxury class, the demand was in excess of the supply. Consequently there was practically no incentive to cheaper material costs; and copper, brass and bronze were widely used in construction, where their properties, according to the best principles of machine design, established by generations of engineering experience, made them of service.

During the war years an abnormal condition arose. The price of copper increased, its use was restricted to essential industries and the automobile manufacturer was forced to substitute inferior metals.

In 1919, with removal of wartime restrictions, copper was still relatively high, and the automobile manufacturer continued this practice of substitution. During the period of inflation after the armistice there was a tremendous increase of manufacturing facilities, in order to keep up with the increasing demand for automobiles.

Then came the "buyers' strike" in 1920. The demand for automobiles dwindled, and, in an effort to revive sales, manufacturer vied with manufacturer in successive price cuts.

Under insistent pressure to lower costs automobile manufacturers turned their attention first to the more expensive metal—copper—and carried still further the principle of substitution, first generally established during the war years.

Substitution took many forms among them being sheet-iron water tanks in place of brass or copper; malleable or cast-iron water line carburetor bowls in place of brass; die-cast rabbit main bearings and bronze-backed rabbit.

Other substitutions were cast-iron bushings in place of bronze in camshaft bearings, rocker arm bearings, pump-eyes, shackles, bolts, brake equalizers, etc. (In many cases there are no bushings at all); cut steel or aluminum alloy small gears, for pump-drive, timer shaft, etc.; cast-iron water pump casing and impeller

in place of bronze or brass; aluminum or pressed steel hub caps in place of nicked brass, aluminum, enameled iron or spherulized steel wind shield trim, body trim, hardware and hood trim; steel latches in place of brass; steel screws, nuts and bolts in place of brass; malleable or cast-iron special fittings, such as caps, covers, plugs, glands, control links, in place of cast-brass.

## REVERSE TIRES TO PROLONG LIFE

Rubber Expert Points Out Advantages of Changes.

Chicago, Sept. 15.—Tire life may be increased to an absolute maximum, it is asserted, by reversing the front and rear tires when the latter have been on long enough for the tread to be worn off.

This will often result in an additional 1,200 or 1,500 miles of service, where otherwise a blowout would in all probability occur in a very short time if the change was not made.

"The easily appreciated reason for this," says Mr. Shiftner, is that the wear on a rear tire is anywhere from 20 per cent to 60 per cent greater than on the front, due to the excessive amount of hard usage from skidding on quick stops and from spinning the wheels on quick starts.

Then came the "buyers' strike" in 1920. The demand for automobiles dwindled, and, in an effort to revive sales, manufacturer vied with manufacturer in successive price cuts.

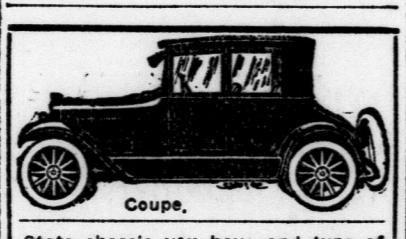

Under insistent pressure to lower costs automobile manufacturers turned their attention first to the more expensive metal—copper—and carried still further the principle of substitution, first generally established during the war years.

Substitution took many forms among them being sheet-iron water tanks in place of brass or copper; malleable or cast-iron water line carburetor bowls in place of brass; die-cast rabbit main bearings and bronze-backed rabbit.

Other substitutions were cast-iron bushings in place of bronze in camshaft bearings, rocker arm bearings, pump-eyes, shackles, bolts, brake equalizers, etc. (In many cases there are no bushings at all); cut steel or aluminum alloy small gears, for pump-drive, timer shaft, etc.; cast-iron water pump casing and impeller

Even not considering these facts, the rear tires are bound to wear faster because of the work of car propulsion. "Again, the casing may be cut severely and a shoe inserted. This weak spot will soon be spread larger if the tire is allowed to remain on the rear wheel, but will usually give long service if transferred to the front, where it is not subjected to the harsh action instigated by the drive shaft.

"Tire manufacturers realize these conditions, and when they place a 10,000-mile guarantee on a tire, it means that it must go at least 10,000 miles on the rear wheels. For

this reason it is frequently possible to secure 12,000 or 15,000 miles from the same tire if used on the front wheels exclusively, even considering that its potential life is no more than that guaranteed by the factory."

**MAPS FOR CYCLISTS.**  
Motorcyclists touring the country are relieved of the trouble of stopping to locate their position. A holder can be made of a frame and fastened to the handlebars, so that the map of the surrounding country is always in view.

**TRAP KEEPS OUT DUST.**  
Motorists who drive frequently over dusty roads will appreciate the practicability of a new invention designed to keep dust out of the carburetor. A bulb-shaped attachment over the carburetor takes the place of the hot air

pipe that connects it with the exhaust manifold. The trap contains a component that keeps the dust from entering the carburetor.

French engineers are testing carburetors to cut fuel costs. The steering wheel is vastly important, but it is well also to give the grease cups an occasional turn. Don't slide the rear wheels when stopping; rubber pavement polishers are too much of a luxury.

## There IS a Difference in Gasoline

Are you using gasoline containing coal oil? Are you constantly having carbon taken out of your motor? Are your spark plugs coated with carbon? Do you have carbon knocks in your motor?

If your motor has any of these symptoms then you will be interested in overcoming them by using the best gasoline—

## White Rose Gasoline

Refining gasoline from crude oil is a separation process and can be likened to that of skimming cream from milk. Skim the top layer from milk and you have pure cream.

Dip a little farther and you get cream and milk. Below this, milk only. If the bottle of milk stands long enough you will have some water in the bottom of the bottle.

If, in our process of separation, we dipped a little farther, as one would dip farther into a milk bottle for cream, getting both cream and milk, in gasoline refining we would get coal oil and gasoline.

"White Rose" can be likened to the "cream" of crude oil. It starts easily at all times.

It is high-grade "Scientifically Refined" gasoline that contains no impurities to retard the action of the carburetor in vaporizing—that responds immediately to the spark. The fire is instantaneous; the discharge is elastic; the force is compelling—and this means a smooth-running motor; it means full, even power and economy.

White Rose Gasoline insures a smoother running motor. You will have no unnecessary motor repair bills. You will operate your car more economically.

White Rose Gasoline is always of uniform, high quality, quick starting, smooth acceleration, full power and long mileage.

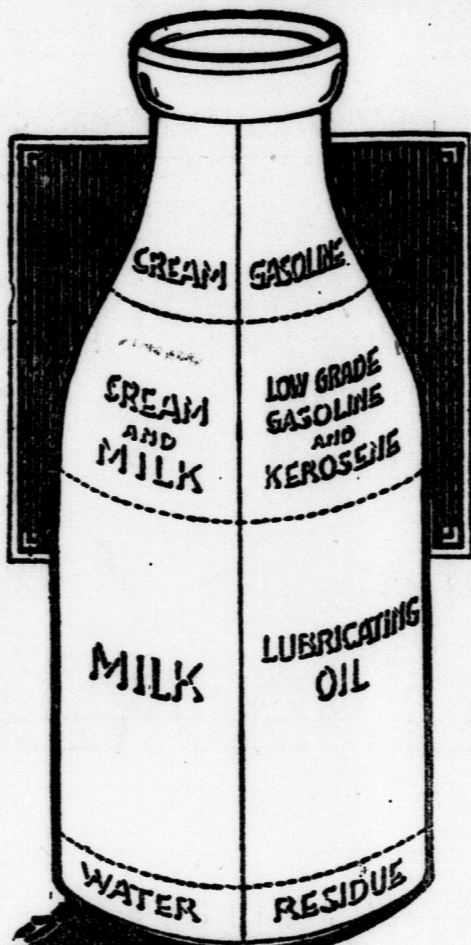

## EN-AR-CO FREE LUBRICATING SERVICE

Your motor will run better and last longer if the Lubricating Oil is taken out every 500 miles and fresh oil put in. We do it for you with

## CROFT TAKEN TO PENITENTIARY

Taken in Early Morning From Chatham Jail To Serve Life Term.

Convicted Slayer of Gustave Noel Carefully Guarded On Eastward Trip.

Special to London Advertiser. CHATHAM, Sept. 22.—Clayton Croft, sentenced to life imprisonment in the Dominion Penitentiary for the murder of Gustave Noel, was taken to Kingston early this morning by Provincial Constable Lowe. Chief Peters of the Kent county police accompanied them.

Croft, who has maintained a defiant manner since his sentence, broke down when heavy shackles were placed around his legs. He was securely handcuffed to Provincial Officer Lowe and extra precautions were taken to insure that no one could make any attempt to rescue him from the hands of his guards. The party left the Kent county jail with just enough time to board the 3:13 a.m. east bound C. P. R. passenger train.

Prior to his departure Croft was given permission to say good-bye to the Indians who were sentenced last night on a charge of manslaughter. He also shook hands with Governor John Davidson and other jail officials.

Three C. P. R. passenger cars, loaded with Kiwanians bound for the district conference in Windsor, were sent yesterday afternoon.

The Chatham Rotary Club had boarded a private car which they had engaged for a trip to Mount Clemens, Michigan, when they received word that half of the coaches contained Kiwanians.

They formed a procession, headed by their choir leader, and marched up and down the train singing at the top of their voices. "How-de-doo brother Kiwanians." The latter responded with a vim and the utmost cordiality prevailed.

## PLANS FRAME-UP, FACES \$500 FINE

Meanest Man in Dominion Convicted of "Planting" Still On Brant Farm.

Special to London Advertiser. BRANTFORD, Sept. 22.—R. Cutts and J. Simmons appeared before Magistrate Blake in the police court this morning to answer to a charge of breaking the inland revenue act. The charge was that of having a still in their possession. Cutts, a former O. T. A. operator, stated that he and Simmons were trying to "frame" a man by the name of Shore, a farmer living in the vicinity of this city. They made the still, he said, and then placed it in a pond on the Shore farm. Cutts then came in and told the inland revenue officers that Shore was operating a still, and took them to his farm, where the still was found where they had placed it.

Daniel Knowledge, Simmons denied all knowledge of the affair, and was a short time ago fined for having another still in his possession.

Mr. Cutts' statement the police believe they have had the meanest man in the Dominion in police court. "Have you ever read a book called the Bible?" asked Magistrate Blake of Cutts, who claimed he had. "Then do you remember the passage of Judas Iscariot, who betrayed his Master?" "No, sir," replied Cutts. "I can walk with a drunk," said the magistrate, "and I can walk with a bootlegger, and even a man who has had a still in his possession, but a man who would play a trick like that on a man unknown to him is too much for me."

He fined both of them \$500 and costs, with an alternative of six months in jail, and gave them until Monday to raise the money.

Trade Commissioner. A. F. McEachern, junior trade commissioner of the commercial intelligence service of Canada, was in the city today interviewing the local manufacturers in regard to their production for export trade. In an interview at noon, Mr. McEachern

## Drug Trafficker to Serve 20 Years In Penitentiary For Manslaughter

MONTREAL, Sept. 22.—"This illicit traffic in cocaine, morphine and other drug poisons, this scourge which is flaying our province must stop. I am going to render a terrible sentence. In future I think I may give life sentences to those found guilty of a similar kind of offence."

With these words, thundered in a voice which resounded in every corner of the court of king's bench, Mr. Justice Monet this morning condemned Willie Fournier, 41-year-old drug trafficker, to twenty years in the penitentiary for manslaughter through having caused the death of Albert Laporte on June 28 in a local dive, where he sold the fatal dose of morphine to the lad, who was from L'Assomption, Quebec.

Five minutes later the same judge condemned Yvonne Desbiens, alias Proulx, 20 years old, to five years in the penitentiary also for manslaughter, through having caused the death of 19-year-old Alfred Fontaine on June 28 last by injecting heroin into his arm at a St. Denis street drug party. She, it is alleged, was a drug addict and the victim of men of the type of Fournier.

## BASEBALL MATCH AND DANCE AT UNDERWOOD

CARGILL, Sept. 22.—A baseball match and dance were staged at Underwood last night, under the auspices of the Underwood Athletic Association.

The game, which was played between Underwood and Port Elgin, resulted in a score of 15 to 14 in favor of Underwood.

The dance in the town hall in the evening was well attended. McKay & Raynor's orchestra furnished the music.

## Provincial Police Seize Stills in Preston and Hespeler District.

Special to London Advertiser. GALT, Sept. 22.—Provincial police and license inspectors have been quite active about Preston and Hespeler.

William Porter, who resides on the Galt road near Hespeler, was found to have a still. He was fined \$500, which he could not pay, so will spend six months in jail.

Mike Antonua, a Preston forger, fined \$400 yesterday for having a still, has decided to go to jail. He has paid \$250 of the fine, and expects to have the balance in a day or so.

## Chas. S. Gilpin Appears In "The Emperor Jones" at Opera House

Author of Play Is Most Unique Figure in Theatricals — Attended Princeton and Harvard and Was Expelled From Both.

EUGENE O'NEILL, the author of "The Emperor Jones," which comes to the Grand Theatre this afternoon and evening, is perhaps the most unique figure in theatricals. O'Neill was born on Broadway, New York, yet cares nothing for the Great White Way, although seven of his plays triumphed there.

He prefers to write plays in his home, situated at Peak's Hill Bar, near Provincetown, Mass. There is an originality to all of the O'Neill plays that is refreshing; his themes have never before been touched upon and his construction has revolutionized the established method of playwriting, with the result that he is acclaimed the foremost dramatist of his time.

## Scene From Midnight Frolic, "Listen To Me"

A MIDNIGHT frolic at the North Pole amid a scene of ice, snow, glaciers, Eskimos, the Aurora-Borealis, and featuring the famous sleigh-bell ballet, is a delightful feature of "Listen To Me," which comes to the Grand Theatre Friday and Saturday of next week.

most dramatist of his time.

His father, James O'Neill, of "Monte Cristo" fame, was one of the best-known actors the American stage ever produced. When an actor dies he often leaves only a memory, but James O'Neill left to the stage more—a living presence in his son, who chose to write plays, instead of acting them.

Eugene went to Princeton and Harvard; he was expelled from both. He was prankish and unruly, and showed no inclination to attend to any serious plan for his future. At last, he shipped as a sailor before the mast. What the erring one wanted most to do was to write plays of the sea, and as there was nothing else to do his father allowed him to have his own way.

Among O'Neill's plays are: "Anna Christie," "The Hairy Ape," "Beyond the Horizon," "The Straw," "Gold," "Diff'rent," and "The Emperor Jones." When the production of "The Emperor Jones" was in preparation, much difficulty was found in securing an actor fitted to enact the title role. Several well-known players were tried at rehearsals, but none came up to requirements.

Finally, someone mentioned the name of Charles S. Gilpin, who at the time was playing the slave in "Abraham Lincoln." Gilpin read the part of the Emperor, and was straightway engaged. He proved to be the find of the season, and after the first performances of "The Emperor Jones" at the Princess Theatre, New York, his fame spread everywhere, and he now shares honors with the author for the great success of the play.

The Harvey Greater Minstrels will be at the Grand Wednesday and Thursday evenings, and for a Wednesday matinee.

WINNIPEG PROFESSOR PASSES IN CALIFORNIA

WINNIPEG, Sept. 22.—Very Rev. Dean George Frederick Coombes of the Diocese of Rupert's Land died suddenly today at Santa Monica, Cal., according to word received here this afternoon. Dean Coombes had gone to California three weeks ago for his health.

In July falling health caused Dean Coombes to sever his connection with St. John's Cathedral and St. John's College, Winnipeg, which had continued for almost 40 years. He was professor of classics in the University of Manitoba.

It was just three years ago that Miss Bronell graduated from the University of Washington and decided then and there to go on the stage. For three years her parents

## TALENTED DANCER COMING TO GRAND

Fascinating Barbara Bronell Will Delight in "Listen to Me."

Bewitching little Barbara Bronell, with big blue eyes and a man's size bundle of talent, leaped into fame almost in a single night, when her dancing became a sensation.

It was just three years ago that Miss Bronell graduated from the University of Washington and decided then and there to go on the stage. For three years her parents

light of her many friends and the wildest enthusiasm of her parents, danced her way to success. The following morning she was speeding on her way to stardom.

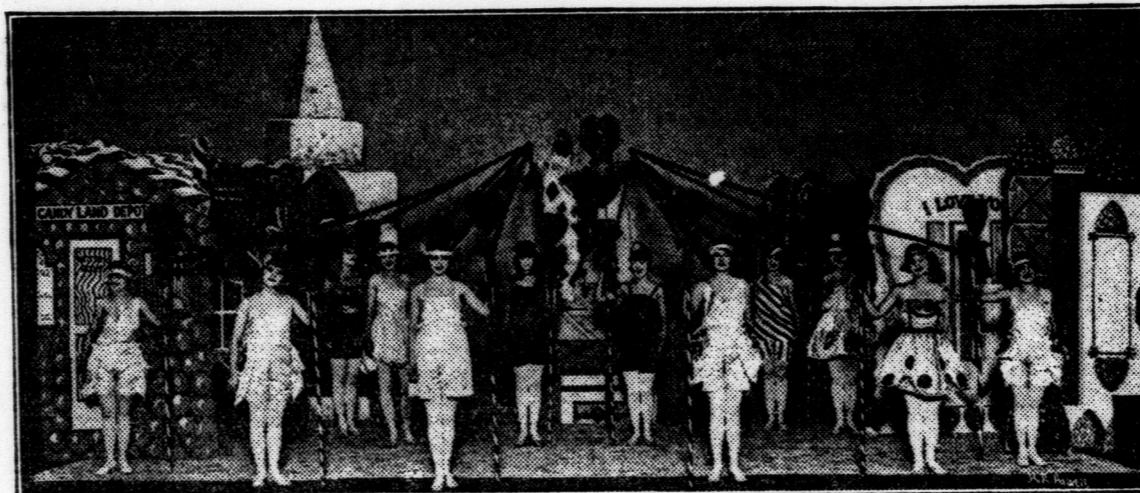

Little did she realize when she left home that she would be among the chosen few to make an extended world tour with the Eltinge Company. However, it fell her lot, and that winter she toured China, Japan and the Philippines. Upon her return, Miss Bronell toured Alaska and the United States in vaudeville.

Last season she sought an opportunity to develop more fully her talents and signed a two-year contract with Messrs. Le Comte and Flesher to play the soubrette role and do the special dancing in their new musical extravaganza, "Listen To Me," in which she attracted the attention of America's best producers by her clever performance. She will be seen in all her curls, smiles and

dancing when this popular musical novelty is presented at the Grand Theatre next Friday and Saturday evenings and Saturday matinee.

The firm with whom she is now under contract will star her next season in a new musical play entitled, "My China Doll."

had allowed her to take dancing lessons—yet little did Dad Bronell dream that Barbara would pursue the stage as a vocation, especially after her college training—so when she made it known, there was "war" in the Bronell family, and Barbara was pressing hard. It took almost a month of arguing, coaxing and pleading on the part of Barbara to persuade her unrelenting parents even to listen to her.

Just about that time, Julian Eltinge and company appeared in her home city. Mr. Eltinge had heard of Miss Bronell's ability, learned under whom she had studied, saw her dance, and immediately proceeded to win over her parents—she won her battle, and Barbara that night, much to the de-

light of her many friends and the wildest enthusiasm of her parents, danced her way to success. The following morning she was speeding on her way to stardom.

## "MOONSHINE," BIG MUSICAL HIT, IS BOOKED FOR GRAND

Famous Company of Colored Performers Is Here Monday and Tuesday.

Bootleggers, beware! Your domain is to be invaded this week by Billy King and a cargo of "moonshine." Said cargo is the best ever, and those who have sampled it are high in their praises of its hilarious qualities.

In other words, Billy King, who is well known here as a comedian of ability, will head a big aggregation of beauty, music and dancing talent at the Grand Opera House Monday and Tuesday evenings only. Forty Creole beauties, specially picked for their good voices and their ability to "shake a wicked foot," will be among those present.

The famous Blue Devil Orchestra is an added feature, and goes far towards making this production the universal hit which it is said to be. The scenic investiture is on a par with any production seen in Toronto. Beautiful gowns are shown, and the many specialties which are plentifully interpolated are away from the old, routine stuff, and are distinctively fresh and entertaining. Altogether, "Moonshine" is in a class by itself, and is an attraction that will please all.

ONE of the outstanding events of the season is "The Emperor Jones," a prominent drama, which plays at the Grand Theatre today.

## VALENTINO FACES REAL BULL IN FILM

"Blood and Sand," Showing at Loew's, Sensational Picture of Spanish Life.

Real Spanish fighting bulls were transported from Spain to Hollywood via Mexico for the sensational bull-fighting scenes of "Blood and Sand," Rodolph Valentino's first Paramount star picture, which will be shown at Loew's Theatre next week. They are said to have differed from the domestic variety as "Man-o-War" differs from the humble truck horse. Running wild from birth on lonely ranches, shipped in black boxes to continue their isolation from mankind, they entered the arena with only the elemental instincts of wild animals to kill and destroy anyone daring enough to face them.

And Mr. Valentino had to get out in front of these interesting creatures!

Sensational to the limit in this great Ibanez story of the life and loves of a young bull-fighter, are those scenes in which Mr. Valentino does sword and cape play before picked animals of Senor Miura, the Duke of Veragua and the Marquis of Sallillo, the three leading bull-breeders in Spain. He was trained for the dangerous business by Rafael Palomar, famous Spanish matador,

and was well-versed in the graceful art.

"Blood and Sand," a Fred Niblo production, is a story of a bull-fighter. It abounds in those colorful elements every American admires. It was adapted by June Mathis while Alvin Wyckoff presided at the camera. Lila Lee and Nita Naldi have the principal feminine roles while others in the cast include Walter Long, Leo White, Rose Rosanova, Marie Marston, George Periolat, Jack Winn, Harry Lamont, Fred Becker, Charles Belcher and Gilbert Clayton.

## Comes To Loew's

RODOLPH VALENTINO appears at Loew's theatre all next week, starting in "Blood and Sand."

## Announcement

Daily Demonstrations of the Westinghouse in action will be continued all next week at THE HYDRO SHOP.

## Come and See

Just how the Westinghouse Electric Range will bake, boil, roast and fry in service in your home.

## Some "Inside Information" For London Housewives Who Are Anxious To Own An ELECTRIC RANGE

The Hydro Shop has installed more than 2,000 electric ranges in the homes of London—Some are in the tiled kitchens of palatial residences where Chinese cooks fuss over French concoctions. But hundreds more are in homes that house the million—the pretty bungalow, the cosy old home, the little nest of the man still struggling. The appeal may be different for different people. The fact that electricity costs only a third as much as gas—that hydro is cheaper than any other fuel, whether coal, wood or oil—cannot be ignored by those who are thrifty.

Others who have pride in their modern home equipment cannot live in the "dark ages" with those old-fashioned work-makers so inseparably associated with the lugging in of fuel, the lugging out of ashes, and the dirt, dust and fumes that are the bane of every housewife.

But the electric range is everybody's range, because it combines this economy and convenience with operating perfection.

## Why Do You Hesitate?

Perhaps you are unfamiliar with the Easy Payment Plan that has helped hundreds of Londoners to obtain their electric ranges. Come to the Hydro Shop and let us show you how you can secure your choice of models at once, and how easy it will be to make your payments with your monthly lighting bills.

All transactions are strictly confidential.

**CARRY ON TENT BUSINESS FOR FOUR GENERATIONS**

Carter Family Continue Manufacture of Tents At 351 GLEBE STREET, LONDON.

Over one hundred years ago the grandfather of the late A. J. Carter, senior member of Carter & Son, manufacturers of tents, started business in Thacksted, England, manufacturing awnings and tents. The business has been continuously in the Carter family ever since, and has been in the hands of four generations.

During the late war, A. J. Carter, sen., was employed by the British government to make tents and airplane hangars.

One of the largest airplane hangars was erected by the firm at Alexander Palace, London, England. The hangar weighed over a ton and a half, and much comment was made on the structure of the tent. Many local men who served overseas saw and used many of the tents manufactured by this local firm. And not only were they in evidence in France and England, but were used in Canada as well.

Carter tents were quite a feature at the Western Fair this fall, as most of the concessionaires chose this make because they knew the value of buying a tent fully guaranteed.

A decided improvement in the latest model tent is the arrangement for placing a flag on the topmost part, thus identifying it as a Carter. Besides tents and airplane hangars, Carter & Son also manufacture coal bags, truck covers, awnings, bell ropes, in fact, they "make everything made of canvas."

J. W. Wild, who has lately become a member of the firm, has done much to further the Carter business. Mr. Wild looks after the purchasing of materials and supplies, and with his wide range of business experience, has become one of the foremost businessmen of London.

He is a firm believer in the possibilities of the success of the city, and has already done much in bringing about the success that has already been attained, and thinks if

**Succeed In London**

WITH the month of September, the Canadian building industry enters virtually on its final quarter for 1922 (since December is almost negligible), and with never brighter prospects than this year.

In the past, it has been usual to witness in the early autumn an appreciable slackening of construction activity. Last year, for instance, an August total of \$36,307,200 of new contracts awarded was followed by \$19,565,700, as reported by MacLean Building Reports, Limited, for the whole Dominion in September. In the year before that again September saw the beginning of the most cataclysmic deflation in general business that Canada has ever experienced; merchants and manufacturers, who had been expanding operations feverishly, suddenly realized the depths of the depression that lay before, and cancelled a large part of the building they had in contemplation.

An analysis of statistics compiled over a period of twelve years indicates that April to August are the banner months in building, and that September, October and November represent a period of completion rather than inception of important new work.

This year the situation should be somewhat reversed. While it is not reasonable to expect so large a budget of fresh work in the next quarter as in the past, there is strong justification for the belief that activity will at least not suffer much impairment till right into the cold weather. There is also good reason to hope that the current quarter will produce greater volume than in either 1920 or 1921.

everybody boasts, London will naturally succeed.

"I believe in newspaper advertising," stated Mr. Wild, "and the people read the ads, and are interested in knowing what is being manufactured in their city."

Mr. Wild invites anyone who might be interested to come and visit the factory, which is located at 351 GLEBE STREET.

**LONDON'S INDUSTRIES REFLECT TRADE BOOM**

There has been a gradual and gratifying improvement in general business conditions during the past few weeks, and present indications seem to insure for the future normal activity in all lines of industries. Orders, contracts, and inquiries being received by some of London's larger manufacturers was more plentiful, and the period of better business that is being ushered in.

One London industry, the Dennis Wire and Iron Works Co., Ltd., is in a unique position to reflect the business and industrial activities of our leading Canadian cities, as their products are sold to an unusually wide range of users, and their branches and agencies cover all the principal cities of the Dominion. The Dennis people report that while earlier in the year business was more fitful, being particularly good in spots, there is at the present time a general satisfactory volume of orders and inquiries coming from all quarters.

Dennis is furnishing for the Antibi Paper Co., Iroquois Falls, Ont.; Morton Printing Co., Dunnville; Donnacona Paper Co., Donnacona, Que.; Protestant School Commissioners, Montreal; Roman Catholic School Commissioners, Montreal; Royal Montreal Golf Club; Sarnia Technical and High School; Eugene Phillips Electrical Works, West Hamilton Park School; Hollinger Gold Mines, Timmins, Ont.; St. Michael's College, Toronto; Bank of Nova Scotia, Port Antonio, Jamaica; Royal Bank, Basseterre, British West Indies; Canadian Consolidated Rubber Co., Montreal; new Soldiers'

**BANNER CATERS TO THOSE IN RANKS OF PARTICULAR**

Claims Many Walking Advertisements in Persons of Smart-Appearing Men.

Merchants of London take great pride in exhibiting their wares to the public, realizing that the quality embodied in them stimulates trade. To many people a barber faces a handicap because he has no wares to display to the public, but Banner, proprietor of a five-chair modern establishment at Talbot street, where tonsorial needs are attended to, desires to point out to these folks that they are in error.

While his wares are not as concrete as those of a grocer or a jeweler, the barber is just as open to criticism as these businessmen. In fact, he is more so; as a man may forgive a mistake on the part of his grocer, but an inferior barber incurs his wrath to such an extent that there is no second chance afforded him to make good.

When a man's appearance is marred to a slight extent by a barber, the latter loses a customer. Banner has never suffered such an ex-

perence, nor does he expect to, because the quality and service maintained at his shop is of such a degree that his customers are satisfied. However, quite often he is visited by indignant citizens who are tired of ordinary barbers, and desire to step into the ranks of particular men who appreciate a first-class shave or hair cut.

Banner's wares provide him with traveling advertisements in the persons of smart-appearing men whose tonsorial needs are in his care. These customers are not slow to voice their appreciation of the service at 417 Talbot street, with the result that a business has been built up at this establishment in keeping with the success of London.

Modern electrical equipment adds to the favor in which Banner's Barber Shop is held by Londoners. To the businessman in a hurry, this equipment appeals, as it eliminates the long wait for service, which is the objectionable feature of many other barber shops.

Banner employs no apprentices, and this means that customers are not being made the subjects of experiments in training barbers. Cleanliness is also a feature of his establishment; and he invites all men dissatisfied with their barbers to permit him to show them what can be done to improve their appearances without trouble.

In addition to providing for the tonsorial needs of his customers, Banner has earned for himself and staff an enviable reputation by the manner in which he shaves at home. Every job is guaranteed, and by this means his large clientele know that they are getting the best. Banner's prices are moderate. His shop is accessible to home and office. His staff is courteous and efficient. His work is of first quality. With this standard in force, he invites every man in London to give him a trial.

## MRS. HOPE GIBSON AGAIN CAPTURES GOLF TITLE

### Champion of 1921 Repeats Performance At Lambton Golf Club, Defeating Miss Helen Paget of Ottawa.

TORONTO, Sept. 22.—Mrs. Hope Gibson of Hamilton today captured the title of champion of the Ontario ladies' golf championship of 1922, repeating her performance of 1921. She defeated Miss Helen Paget of Ottawa in the final match of the championship of Canada. Mrs. Gibson won the Ontario title last year and was eliminated at the first round of the tournament by Miss Ada Mackenzie, who was eliminated from the open championship in the first round by Mrs. W. Gavin, the ultimate winner.

In today's match Mrs. Gibson was the favorite for the title, owing to her strong play of the week and her superior tournament experience. Miss Paget, who won the Ottawa championship earlier in the season, played good golf in the week, but in the final round she was unable to keep up with Mrs. Gibson, who was in the lead from the start. Mrs. Gibson's score was 107, while Miss Paget's was 110.

Of the other holes Mrs. Gibson won six and missed seven. With the exception of the ninth hole, Mrs. Gibson played almost perfect golf, as far as her long game was concerned, and she was strong on the majority of the holes. She missed several holes on the green, but she was able to get out with two more strokes than the Ottawa player was well on the green in two.

The final game was witnessed by a gallery of nearly 500 players, and Miss Paget acted as the caddy for Mrs. Gibson. The final score was 107 to 110.

Best scores qualifying round: Mrs. W. G. Moore, Toronto, 53 yards; bronze division: Miss L. Macdonald, Toronto, 42 yards.

Approaching and putting competition: Silver division, Miss S. Pepler, Toronto, 2; bronze division, Miss C. Bird, Toronto, 2.

Longest driver: Miss S. Pepler, Toronto, 187 yards.

Team prize: Toronto Club (Miss Hutcheon, Miss Pepler, Mrs. Moore and Mrs. Whittington).

Special medal competition for players defeated in last three rounds of championship: Miss S. Pepler, Toronto.

Fifth Consolation Final: Miss C. Bird, Toronto, defeated Miss J. Barfoot, Weston, 6 and 5.

## GUELPH STUDENTS BREAK RECORDS

### Collegiate Institute Field Day Most Successful in History.

GUELPH, Sept. 22.—Twelve school records were broken at the annual Guelph Collegiate Institute field day held at the Exhibition Park this afternoon and the affair proved one of the most successful ever promoted under the auspices of the G. C. Athletic Association. Forty events were on the sports program, and with an unusually large number of entries, the competition was very keen. The senior championship was carried off by Bert Hebdon, who won first place in four of six senior events in which he competed, and in three of which he shattered former school records. The intermediate championship went to Douglas Sanders, who won his class, while the junior award was won by Douglas Campbell, another Guelph graduate.

The various events were: Running broad jump, senior—1, R. Hebdon, 19 feet, 8 inches; 2, S. Mitchell; 3, Dulmage.

Running broad jump, intermediate—1, McCutcheon, 16 feet, 9 inches; 2, D. Sanders; 3, E. Hebdon.

Running broad jump, junior—1, D. Campbell, 15 feet, 6 inches, tying record; 2, W. McKeown; 3, E. Sanders.

Running broad jump, girls—1, Miss M. Blackley, 12 feet 8 inches; 2, Miss D. Richardson; 3, Miss B. Washburn.

Running hop, step and jump, senior—1, K. Acheson, 36 feet, 3/4 inches; 2, Couling; 3, R. Hebdon.

Running hop, step and jump, intermediate—1, E. McCutcheon; 2, W. Penny; 3, E. Hebdon.

Running hop, step and jump, junior—1, E. Sanders, 30 feet, 1 1/2 inches; 2, D. Campbell; 3, Reishard.

Girls' running high school record—1, Miss Barber, 128 feet; 2, Miss Barber; 3, Miss Barr.

Putting shot, senior—1, R. Hebdon, 31 feet 4 inches; 2, E. Macdonald; 3, G. Young.

Mile run, open—1, L. James, 5 minutes; 2, F. Rowan; 3, H. Hall.

Boys' relay race won by Form 3, senior team.

## Canada's Champion 10-Mile Bicyclist

ON September 4 (Labor Day) the ten-mile bicycle championship of Canada was won by William Coles, a Forest City boy and well known in athletic circles in this city. Londoners who were in Ottawa on Labor Day witnessed the event and declare that the new champion rode one of the finest races ever seen in Canada or the United States.

This afternoon at Queen's Park, "Bill," as he is familiarly known, will ride in the Manufacturers' Athletic Association meet against the crack riders of the district.

"Bill" is out to win additional laurels, and his friends are out to back him to the limit in his endeavors.

## NEW YORK AND ST. LOUIS WIN GAMES

### American League Race Unchanged Friday—Rookie Pitchers Strike Ruth Out.

ST. LOUIS, Sept. 22.—Aided by errors and poor pitching, St. Louis today defeated Philadelphia by 11 to 5, but advanced no closer to the pennant, as New York defeated Cleveland, and the Browns remain three and a half games behind the Yankees.

George Sisler, who was selected yesterday as the league's most valuable player, was back in the line-up after his enforced vacation because of an injured right shoulder, but got only one hit in five tries.

## Y. W. C. A. Championship To Be Decided in Three-Game Series At Armories.

Play-off for the championship of the Y. W. C. A. Softball League of this city will be held in a series of three games, starting Saturday, Sept. 30, with Shamrocks and Smallman & Ingram Thistles as the opposing teams. This action was decided upon at a meeting of the league executive held at the Y. W. C. A. on Friday night.

These two teams, which are winners of their respective sections of the league this season, will clash at the armories next Saturday night provided that the building can be obtained for the occasion. The arrangements made rule out the possibility of the weather interfering with the contest. The winners of the championship series will be awarded a trophy donated by J. Frank White, M.P.

As a preliminary to the first game of the crucial series, McCormicks and Bell Telephones will play, adding to the program. While no definite arrangements have been made it is suggested that the second game of the series be held on Tuesday, Oct. 3, and that the third contest if necessary be staged on Friday, Oct. 6. As a preliminary to the second game of the series Woolworth's team will meet Pennans, while Gorman-Eckerts and the London Hosiery team will hook up for the third game preliminary.

Three umpires have been assigned for each game, and they are Messrs. Legg, Ferguson and Dennis. The games will start at 7:45 o'clock each night of the series.

Large Attendance Expected.

As the girls who have numbered themselves on teams in the Y. W. C. A. Softball League this summer have provided several exciting and excellent exhibitions of the game for city fans, much interest will be evinced in the play-off for the championship. For this reason it is expected that a large turnout of patrons will be seen at each of the games in the crucial series, and as both teams are of leading calibre some superb baseball will be seen.

## Y. W. C. A. Championship To Be Decided in Three-Game Series At Armories.

NEW YORK, Sept. 22.—The New York Nationals again increased their lead to four and a half games, defeating Pittsburgh in the last game of the series today by a score of 5 to 7. In scoring the victory Manager McGraw used twenty players, six of them pitchers. The Giants won of Adams in the ninth inning, when, with one out, Frisch was hit by a pitched ball and Meusel walked. Both advanced on a wild pitch, and Frisch scored on Young's infield hit. Kelly followed with another single to right, scoring Meusel.

McGraw apparently got off to a commanding lead when the Pirates scored five runs on J. Barnes and Hill in the fourth inning on five hits, a base on balls and two errors, but New York kept plugging away, and knocked out Morrison in the fifth, scoring three runs.

Bigbee led in the hitting, with four hits in five times at bat. Frisch, Hill, Ryan, J. Barnes and Schmidt; J. Barnes, Hill, Ryan, J. Barnes, McQuillan and Snyder, Gaster.

ST. LOUIS IN SWATFEST.

BROOKLYN, Sept. 22.—St. Louis pounded three Brooklyn pitchers for a 7 to 4 victory today. Toporer and Clemens led the attack with four hits each in as many times at bat, while Bottomley placed a home-run drive to his credit. Preffer was practically invincible against all the Dodger batters except Wheat and Myers.

## HAMS TURN ON ACES FOR WIN

### Schwartzje Knocked Out of Box in the Fourth Inning.

### HITTING FEATURES GAME

## Hamilton Now in Lead For Mint League Championship.

HAMILTON, Sept. 22.—Heavy hitting featured the game here today between Hamilton and Saginaw, the seventh contest being 11 to 8. The victory gives Hamilton the lead in the series, the count now standing 4 to 3. Herman Schwartzje made his third start against the Hams, but was again forced to leave the box, after the Hams scored five runs in the fourth. Goldsmith relieved him, but he was also weakened so badly in the eighth that he was forced to make way for Miller.

The support given him up to that time was wobbly in spots, and it was only the good clouting of his teammates that kept him in front so long. Five of the hits made by the Hamilton team were for extra bases, Gray and Carlin contributing a brace each of doubles, while Hughes got a three-bagger in the fourth and scored Carlin.

The test will play here again tomorrow, and if the Aces win a coin will be tossed to decide where the ninth game will be played.

# Come to Church Tomorrow

"YES, I know all the excuses. I know that one can worship the Creator in a grove of trees or by a running brook, or in a man's own house, just as well as in a church. But I also know as a matter of cold fact the average man does not thus worship."  
Here are a few benefits to be derived from church attendance:

"You will listen to and take part in reading some beautiful passages from the Bible. And if you are not familiar with the Bible, you have suffered loss."  
"You will take part in singing some good hymns."  
"You will meet and nod or speak to good neighbors. You will come away feeling a little more charitably inclined toward

all the world, even toward those excessively foolish young men who regard church-going as a soft performance."  
"Join in church work for the sake of showing your faith in your works."  
Make your start in church service tomorrow. A fair trial of church attendance will convince you it's well worth while.

## Bible Students Oppose War

(Adopted by the International Bible Students Association in convention at Cedar Point, Ohio.)

THE International Bible Students in convention assembled deem it a duty and privilege to send this message to the nations of earth.

As a body of Christians, consecrated to obey and follow our Lord and Saviour Jesus Christ, we are opposed to engaging in war, revolution, anarchy, or violence in any form; and we are opposed to fraud and deception being practised upon the people by the misrepresentation of the Word of God or otherwise. We earnestly desire peace, prosperity and the blessing of the people with life, liberty and happiness; and we hold that the only means by which this can be accomplished is by and through the reign of Christ.

In the light of the Word of God and particularly of fulfilled prophecy, we submit the following as a true statement of the facts relating to present conditions:

1. That the rulers of earth have frequently boasted that the world was fought to make the world safe for democracy, which claim has proven to be a delusion and a snare.

2. That the international conferences at Paris, Washington, Genoa and The Hague, participated in by the financiers and statesmen and approved by the denominational clergy of the world, held for the purpose, as announced, of establishing peace on earth, have failed to bring forth the desired result.

3. That all of the nations of earth are now in distress and perplexity, as the Lord foretold that they would be at this time, and that the entire social and political structure is threatened with complete dissolution; and the leading statesmen and rulers of the earth being aware of this fact and of their inability to establish peace and prosperity, are frantically calling upon the denominational churches to save the world from disaster.

4. That it is the desire of all the nations and people of earth that they might dwell in peace and enjoy life, liberty and happiness;

5. That the people are being misled by those who are attempting to bring about this desire through international conferences and agreements in the form of the League of Nations and like compacts.

We therefore call upon the nations of earth, their rulers and leaders, and upon all the members of all the denominational churches of earth, their followers and allies, big business and big politicians, to bring forth their proof in justification of the position taken by them that they can establish peace and prosperity on earth and bring happiness to the people; and their failing in this, we call upon them to give ear to the testimony that we offer as witnesses for the Lord, and then let them say whether or not our testimony is true.

Relying upon the Word of God and His providential dealings with mankind through Christ Jesus, we, as his witnesses, hold and testify as follows, to-wit:

1. That the world war came in 1914 and was followed by great famines, pestilences and revolutions in various parts of the earth exactly as foretold by the Lord.

2. That 1914 marked the legal ending of the old world and there Christ, the rightful King, took unto himself his power as King;

6. That all international conferences and all agreements or treaties resulting therefrom, including the League of Nations compact and all like compacts, must fail, because God has decreed it thus;

7. That all efforts of the denominational church organizations, their clergy, their leaders and their allies, to save and re-establish the order of things in the earth, and to bring peace and prosperity, must of necessity fail, because they do not constitute any part of the kingdom of Messiah;

8. That on the contrary, during the world war, the clergy of these various church denominations were disloyal to the Lord Jesus Christ in this, that they wrongfully allied with big business and big politicians to further the world war; they preached men into the trenches, and falsely and blasphemously told them that their death upon the battle-field would be counted as a part of the vicarious atonement of Jesus Christ;

9. That they further repudiated the Lord and his kingdom and showed their disloyalty by voluntarily uniting themselves with Satan's organization and boldly announcing to the world that the League of Nations is the political expression of God's kingdom on earth, which announcement so made by them was in utter disregard of the words of Jesus and the apostles.

10. We further hold and testify that this is the day of God's vengeance against Satan's empire, visible and invisible;

11. That the re-establishment of the old world, or order, is an impossibility; that the time is here for the establishment of the kingdom of God through Christ Jesus; and that all the powers and organizations that do not willingly submit to the righteous reign of the Lord will be destroyed;

12. That if the politicians would faithfully represent the people, and big business would cease exploiting the people, and the clergy would tell the people the truth concerning God's arrangement and the people would cease from strife, the kingdom of Messiah would be established by him without further trouble or distress; but, failing in these, do greater trouble must shortly follow;

13. That for this reason there is now impending and about to fall upon the nations of earth, according to the words of Christ Jesus, a great time of "tribulation, such as was not since the beginning of the world to this time, no, nor ever shall be again," and it is this impending trouble that the rulers and mighty men of earth are causing.

But we hold and declare that Messiah's kingdom is the complete panacea for all the ills of humankind, and will bring peace on earth and good will to men, the desire of all nations; that those who yield themselves willingly to his righteous reign now begun, will be blessed with lasting peace, life, liberty and endless happiness.

Therefore, we bring to the peoples of earth God's message of good tidings contained in the Bible, His Word of truth, and we publish to them his message of peace and everlasting salvation, to wit, that the King of glory, the Deliverer of man, is invisibly present, and has begun his reign; that the old world, under the control of Satan, has ended, and is being rapidly broken in pieces, to make way for the everlasting kingdom of righteousness now being set up, and that millions of people are now living on earth if obedient to the laws of that righteous kingdom, will continue to live and never die; and we call upon all nations, peoples, kindreds and tongues who love righteousness and hate iniquity to recognize and freely acknowledge that Jehovah is the only true God, and that his beloved son, Christ Jesus, is King of Kings and Lord of Lords.

## PRaises OTTAWA-PRESCOTT ROAD

OTTAWA, Sept. 22—That the Ottawa-Prescott highway was the best road in Canada over which he had ever traveled, was the statement of J. Cummings of British Columbia, who arrived in this city today after having motored from Seattle, Wash. Mr. Cummings was accompanied by his wife and little son.

## Beatty Would Not Load Naval Guns With Shot

WOULD Admiral Beatty permit the six-inch projectile for a naval gun to be replaced by its equivalent weight in bird shot? Nothing could result but waste. The effect is the same when an advertising appropriation is divided into nickles and blown against the map of Canada through media of general circulation.

When you attack a certain market in Canada you must hit the bullseye. The daily newspapers in that market are your high power guns. Your own advertising is the projectile. Your salesmen, samplers, distributors, advance under the barrage. Successful merchandising manufacturers know how to make their products a household word.

Mr. W. M. MacKay of Lever Bros., Ltd., has written: "When we inform you that the greater part of our advertising expenditure, year by year, has been in the newspaper, that is the best answer as to the suitability of the press in Canada as one of the best means of advertising any household or other commodity."  
The circulation of the daily newspaper in our territory links your product with our merchants and retailers of sound reputation in the eyes of our readers. You can train all your guns on this target and use no powder elsewhere until you need to advance your line in other directions.

**CHAINS MAN TO RAILWAY TRACK**  
Joseph Kolis of Richmond, Michigan, Meets Terrible Death.  
Victim Believed To Have Been Unconscious When Placed On Rails.

DETROIT, Sept. 22.—Joseph Kolis of Richmond, Mich., was beaten unconscious, chained to a rail of the Pere Marquette near Wesson avenue, and left to be mangled by the first train which passed, Deputy Coroner Ed Conley said today after investigating the man's death. Police first thought Kolis fell from a train while stealing a ride.  
Mr. Conley declared that a heavy iron chain had been found near the spot where the body lay, one end passing under the rail in a manner which suggested that Kolis had been tied to the tracks. The wheels of the train had severed not only Kolis' body, but the heavy chain, which, officials said, might easily have derailed the train.  
The deputy coroner said Kolis was unconscious when chained to the rail. Had he been conscious he could have wiggled out of the loosely-tied links, whose size prevented formation of a tight knot, Conley said.  
Police are searching the vicinity for a girl said to have seen two men fighting on the Pere Marquette right-of-way last night. They have not yet found her.  
Kolis had been working for a farmer named Karash, near Richmond, Mich. He was a lumberjack by trade, but has been out of the woods for some time, the sister-in-law said. She said he was single, and, as far as she knew, without congenital defects, and a sum of money on his person last night.

**UNITED CHURCH OF CANADA PLANNED**  
Draft Bill Prepared by Union Committee For Submission To Parliament.  
TORONTO, Sept. 22.—The machinery for the creation of the United Church of Canada as the desired result of the church union movement contained in its draft bill for the Canadian parliament to consider, provides against any possible coercion or compulsion of any congregation to join the union or any taking of church property by the United Church against the will of the owning congregation.  
Today the draft bill was placed before the joint committee on church union when it met in the Metropolitan Church and it was found that it contains express provision for the "dissenting" congregation of any of the three churches concerned, Methodist, Presbyterian or Congregational, to dissent as far as they like and to take their property with them, with the proviso that their equity is to be determined by a commission created for this purpose.  
TORONTO, Sept. 22.—"Most careful consideration has revealed that there is no legal obstacle in the way of church union." This was the unanimous conviction registered by the joint general conference of the Methodist, Presbyterian and Congregational churches which, under the chairmanship of Rev. Dr. Chown, met in Metropolitan Church today to deal with the vital issue of church union as embodied in the proposed federal act to incorporate the United Church of Canada.  
Contrary to expectations, some of those outside of the joint conference who were reported to be none too favorably disposed to the proposed amalgamation of interests, and in spite of the fears, perhaps, of a num-

**Chatham Collegiate Head Forbids "Makeup" by Girl Pupils.**  
Special to London Advertiser.  
CHATHAM, Sept. 22.—False blusher, finely outlined and dyed eyebrows and carmined lips will no longer be in vogue in the collegiate institute of this city, owing to the activities of Principal W. J. Twohey during the last few days.  
Noticing that a number of the girls wore a "make-up" of the chorus girls' variety, and that rosy cheeks were "rouser" than usual, he made a cursory examination of some of the girls' faces, which resulted in the verdict: "Go out and wash your faces."  
The action of Mr. Twohey, it is understood, is backed up by the board of education.

**ALBERTA OFFICER SHOT ON DOORSTEP**  
Posses Scour Country With Bloodhounds For Suspected Slayer.  
COLEMAN, Alberta, Sept. 22.—Constable Stephen O. Lawson of the Alberta provincial police, was murdered here early last evening at the door of his combined home and office by a man suspected to be Emil Picarrillo, known throughout the Crow's Nest Pass as "Emperor Pic."  
The slayer was accompanied by a woman and the pair are being hunted by posses of police and citizens aided by bloodhounds.  
Lawson, a 37-year-old man, son of the fugitive, Louis Andre and a third man named McAlpine, mechanic for Picarrillo, are held by the police as having knowledge of the crime, and a fourth man, whose name is withheld, is detained as a material witness.  
Lawson was talking to his wife when he was called to the door. When he opened it four shots rang out, two bullets taking effect and causing almost instant death.  
The firing was done, it is alleged, by a man and a woman in a powerful touring car, whose engine was kept running and which was speeded up immediately the four shots were fired.  
The police assert that the murder followed the action of Constable Lawson in firing on Sam Picarrillo, son of "Emperor Pic," in the afternoon. Young Picarrillo was driving on the Coleman road in a car said to contain liquor.

**SESSION OF U. S. CONGRESS ENDS**

**REPORT SHOWS GROWTH IN VETERANS' ASSOCIATION**  
NIAGARA FALLS, Sept. 22.—Today was spent by the Grand Army of United Veterans' delegates in convention here in routine business and striking of committees, and the hearing of the secretary's report.  
The report showed the growth of the association in Canada and the United States.  
Proposals for affiliation with British veterans' associations in the United States were discussed, and will probably go into effect.  
Commander Noonan of the American Legion was present, and delivered the greetings of the United States.  
The action of officers will be held tomorrow, and the afternoon will be devoted to sports.

**Pale and Sickly Girls and Boys**  
Need All the Strength That Rich Red Blood Can Give Them.  
Youth is the time to lay the foundation for health. Every girl and every boy should have plenty of pure, red blood and strong nerves. With thin, impure blood they start life with a handicap too great to win success and happiness. Rich, red blood means health, full growth, strong nerves, a clear brain and good digestion. In a word pure blood is the foundation of health.  
The signs of weak, watery blood are unmistakable. The pale, irritable girl or boy, who has no appetite or ambition, is always tired out, short of breath and does not grow strong, is a victim of anaemia—the greatest enemy of youth. There is just one thing to do for these girls and boys—build up the blood with Dr. Williams' Pink Pills. You can't afford to experiment with other remedies, for there must be no guesswork in the treatment of anaemia. Dr. Williams' Pink Pills act directly on the blood, giving it the elements it lacks, thus developing strong, healthy girls and boys. Mrs. R. Kinch, Hepworth, Ont., tells as follows what these pills did for her daughter: "I think it a duty to let others know the benefit which Dr. Williams' Pink Pills have been to my daughter, and I hope this may be the means of inducing some other sufferer to try them. She was weak, nervous and badly run down. She took medicine from the doctor but got no benefit, and finally she was not able to walk to school. I was advised to give her Dr. Williams' Pink Pills, which I did, and after taking them for a time she was restored to perfect health. I cannot speak too highly of these pills."  
You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**Girlish Complexion Now Easily Acquired**  
If your complexion had just try this simple, harmless home treatment, it will prove a revelation to you. This evening before retiring cover the entire face with a thin layer of ordinary meringued wax, which you can get at any drug store. In the morning wash this off with warm water, followed by a dash of cold. Fine particles of the waxless scarf skin adhere to the wax and are removed with it. Repeat this treatment nightly until the entire surface skin is absorbed in this way. Result—the loveliest natural complexion imaginable. The fresh, new skin then in evidence is soft and velvety in appearance, delicately tinted with the bloom of youth.  
The old surface skin comes off so gradually there is no pain, no inconvenience, and no detention indoors. Freckles, moth patches, liver spots, pimples or blotches are, of course, removed with the skin itself.

**IF YOU PAID A DOLLAR INSTEAD OF A DIME—**  
You could not buy a better loaf of Bread than Parnell's, because the finest ingredients it is possible to purchase are used in the manufacture of Parnell's Breads.  
**PARNELL'S HOMESPUN BREAD**  
the new loaf of the Parnell family, is a real treat—golden-cruled and shaped just like the loaf mother used to bake.  
Ask your grocer for a loaf or phone for one of our wagons.
