

DEATH AND DISASTER FROM AN AIRSHIP

France's Minister of War Killed and Premier Monis Badly Injured on Sunday

Paris, May 21.—Aviator Train, one of those about to start to-day in the Airship race from Paris to Madrid, lost control of his machine while taking a preliminary flight over the starting place in a wind blowing thirty miles an hour, and dashed into a group of members of the cabinet who were present to witness the start of the race. Neither Mr. Train nor his passenger was hurt.

The injured are: Antoine Emmanuel Ernest Monis, premier and minister of interior; Antoine Murphy, son of the premier; and Henri Deutsch de la Meurthe, the aged patron of aeronautic, automobiling and other sports.

JUST ONE CURE FOR ANAEMIA

It is Through the Rich, Red Blood Dr. Williams' Pink Pills Actually Make.

There is just one cure for anaemia—more rich, red blood. Anaemia is simply a bloodless, run down condition. Then the body becomes weak from overwork, worry or illness, an examination of the blood will show it to be weak and watery. The common symptoms are paleness of lips, gums and cheeks, shortness of breath and palpitation of the heart after the slightest exertion, dull eyes and a loss of appetite. Anaemia itself is a dangerous trouble and may pass into consumption. It can only be cured by making the blood rich and red, thereby enabling it to carry the necessary nourishment to every part of the body.

It is a proved fact that Dr. Williams' Pink Pills have cured thousands and thousands of cases of anaemia. They are really intended to make new, rich blood and are compounded in the most scientific manner with the finest ingredients for the blood known to medical science. These Pills are not a cure all. They are intended to cure only those diseases that have their origin in poor, watery blood, and starved, weakened nerves, and the record of their success in doing this is their constantly increasing popularity in every part of the world.

Mrs. R. Colton, Golden, B. C., says:—"As a matter of duty I wish to say a word in praise of Dr. Williams' Pink Pills for what they have done for my daughters, one 16 and the other 18 years of age. Both were pale and bloodless and suffered from many of the symptoms of anaemia. They would tire easily, suffered from frequent headaches, were easily discouraged and often fretful. I saw in our home paper the story of a young girl who had similarly suffered and was cured through the use of Dr. Williams' Pink Pills. I bought three boxes of the Pills and my daughters started to take them. Before they were done they began to feel better and look better, and I got a half dozen more boxes, and by the time these were used, they were enjoying the best of health with rosy cheeks and not like the same girls at all. I also gave the Pills to my little boy who had rheumatism and they completely cured him."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The news that Queen Alexandra will be absent from the coronation will give the United States scandal editors a chance to take up a domestic disagreement in the royal family.

REGULAR MEETING OF COUNCIL

Health Matters and New Street Considered—New Coal Contract—Wages of Civic Employees Discussed—New Hose Cart Asked For

Town Council met on the 18th instant. Present — Aldermen T. W. Butler, John Clark, C. M. Dickison, J. G. Kethro, Charles Sargeant, Geo. Stables and H. H. Stuart. Absent—Mayor Pedolin and, Ald. S. Russell. Ald. Clark was chosen chairman.

From Messrs R. L. Maltby and Dr. Nicholson of local Board of Health asking

(1) That roadway through public dumping ground be cleared and causes of complaint avoided in future;

(2) That sewerage connections be given all streets within reasonable distance of present sewers;

(3) That steps be taken to have all centrally located marshy grounds drained.

Ald. Kethro said he had already given orders to have the road cleared.

Ald. Dickison and Butler advocated fencing the ground. Ald. Butler said that one wealthy citizen last year had dumped waste paper on public street, but he thought most people would respect a fence. The sewerage system was inadequate. A portion of street had recently been washed out because some six lengths of sewer pipe HAD NO CEMENT. The Board of Health practically asked for new sewerage system.

Section 1 was adopted. Sec. 2 was referred to Light and Water committee and sec. 3 to Board of Works.

From L. Macdonald, asking Town to take over at \$175 his horse injured by lately falling through sidewalk, and also allow him \$3 per day for loss of his horse's work since, or pay him \$100 and let him keep the horse, was referred to Petitions committee.

Ald. Butler said that while the Town might not be legally responsible it was morally so. Petition of Baptist church for a water rate of \$1.00 per year for their new baptistry was granted, on motion of Ald. Stables, seconded by Ald. Stuart and Butler.

The following bills were passed: FINANCE John Ferguson, Edward Hickey and R. H. Armstrong, assessors, \$309.30; Union of N. B. Municipalities fee \$10.

Ald. Butler reported that after testing different coals the committee had decided to again close with the I. C. Coal Mining Co. for 12000 to 13000 tons of slack coal, 2240 lbs. to the ton, at following prices: by water, \$2.10 per ton delivered here; by rail, \$1.20, f. o. b. at Westville, N. S. In each case 10c increase over last contract, because of labor unrest, it was said. Old freight rate from Westville was \$1.25 a ton, which could not be guaranteed for this year. Mayor and clerk were authorized to contract with I. C. Co.

Ald. Butler reported that second Engineer John Creighton and Messrs. S. Craig and James Gardiner of the Power House had asked for an increase of wages from \$1.75 to \$2.00 per day. Their work is 12 hours a day, Sun. included. He had offered them an increase of 10 cents a day which had not been accepted. But they had sent word they would accept 15 cents.

Ald. Sargeant thought that Mr. Creighton should get an increase. The matter was referred to committee of the whole.

Ald. Butler submitted favorable report of the Boiler Inspection and Insurance Co. of Canada re the three boilers in the Power House.

Ald. Sargeant submitted Police Magistrate's report for quarter ending March 31st, 1911. It showed arrests as follows: Drunk, 10; Drunk and disorderly, 1; Interfering with police, 1; Resisting police, 1; Assault, 1. Total fines collected, \$98; expenses, \$44; paid to Town Treasurer, \$54.

Ald. Kethro submitted plan prepared by W. E. Fish for street between King St. and I. R. C. Station. He had interviewed holders of land between King and Mary Streets who were willing to have street opened there. Mrs. S. A. Demers was not willing to have street through her land, as she might have to build there. Miss Dalton's lawyer and Mrs. Watt were willing to negotiate. No estimates of cost. Mr. McCullum's reply was indefinite. Committee were given more time.

The question of repairs to well on Mrs. Craig's property was referred to Public Works Committee with power to act. The new draft of bylaws was dropped, and all preceding bylaws repealed from date. The request of Fire Company for new Hose Wagon was referred to Park & Fire Committee to investigate and report back to Council.

PEACE RESTORED IN MEXICAN REPUBLIC

After Six Months Fighting Dictator Diaz Agrees to Resign and Allow Reforms to be Put into Effect

Juarez, Mexico, May 22.—The official representatives of the Mexican government and the revolutionists at 10 o'clock last night signed a peace agreement. Provisional President Francisco I. Madero, Jr., leader of the Revolution, was one of the signers. The agreement practically accords the concession by the Government of those demands which started on November 20th the last armed revolution in Mexico. President

Diaz and Vice-President Corral will resign, and the government is to concentrate its attention on reforms. Railways and telegraphs are to be repaired at once. It is provided that troops will disband proportionately as each state is restored to tranquility. This will ensure the carrying out of the conditions in the various states. The next election will be free. The Revolution has completely triumphed.

PARISIAN SAGE Will Grow More Hair.

Parisian Sage will stop falling hair in two weeks—cure dandruff in the same time and stop scalp itch at once. It makes the hair soft and luxuriant.

AS A HAIR DRESSING Parisian Sage is without peer. It contains nothing that can harm the hair—it is not sticky, oily or greasy and prevents as well as cures diseases of the scalp.

Women and children by the thousand use it daily as a dressing and no home is complete without it.

MONEY BACK IF IT FAILS Druggists and stores everywhere guarantee Parisian Sage and will refund your money if it fails. Ask druggist T. J. Durick what he thinks of it. He sells it at 50c. per large bottle or you can secure it by mail postpaid from Giroux Manufacturing Co., Fort Erie, Ont. See that the Girl with the Auburn Hair is on each package. Sold and guaranteed by T. J. Durick.

That woman suffrage was gaining ground in Great Britain is shown by the fact that in the House of Commons on Friday a bill for woman's enfranchisement received 255 votes out of 343. The bill, which was introduced by a Liberal member, would enfranchise a million women.

liability of transient laborers to pay license in town, and Ald. Butler replied stating that the Town had no right to license residents of the County.

Ald. Sargeant brought up questions of new uniforms for police, which was left to Police Committee.

On motion of Ald. Butler and Kethro, the Council went into Committee of the whole to consider request of Power House Employees for increase of wages. Ald. Kethro was chosen chairman.

After much discussion it was moved by Ald. Stuart and Dickison:

That Whereas the cost of living at the present time is such that it requires at least \$2.00 per day to support a family, therefore resolved that this Committee of the Whole recommend that the three Power House Employees be given \$2.00 per day each.

This motion not appearing to favorably impress the majority it was withdrawn, and the following substituted by same mover and seconder: That Assistant Engineer Creighton be paid \$2.00 a day and Messrs. Craig and Gardiner be paid \$1.90 a day. It was moved in amendment and carried by a vote of 4 to 2: That Mr. Creighton be paid \$2.00 and the others \$1.75 from next pay day. The Committee then rose and the above motion, as a report, was adopted by Council. Adjourned.

SUPREME COURT OPENED TUESDAY

One Criminal Case and Several Civil Suits on Docket.

Supreme Court opened in the County Court House yesterday morning, and adjourned at noon for the holiday. It will reopen tomorrow morning. Judge Landry presided. Frank Risteen reported the proceedings.

The Grand Jury found a true bill against Patrick Carroll for criminal assault. His case comes up tomorrow, Lawlor and Murray for defence; Solicitor General McLeod prosecuting.

The Civil Cases are: John Ferguson vs. Swedish Canadian Lumber Co. for alleged breach of contract re old lumber account, L. A. Currey for plaintiff; H. A. Powell for defendant.

Miramichi Lumber Co., vs. Daniel Sullivan of Redbank for enticing away employees under contract, Murray for plaintiff; A. A. Davidson for defendant.

T. W. Butler was granted leave to enter case of James Weaver vs. T. A. Harley, action of debt for purchase of logs, T. W. Butler for plaintiff; R. A. Lawlor, defending.

BOY SCOUTS ORGANIZED

A branch of the Boy-Scout Movement was organized here on the 16th inst., Mayor Pedolin, president; Howard W. Williston, Secretary; Capt. T. H. Whalen, Scout Master. Not more than seven or eight men were present, but some thirty-five boys of eleven years and upwards, enthusiastically signed the roll as soon as the objects of the association had been explained to them. Several other boys have joined since, and their will be no lack of material for Capt. Whalen to train.

Secretary Williston will communicate with the Dominion Council, and the Newcastle Association will be recognized by the Council. The boys will form their own patrols and elect leader from each patrol. Reports will be made to the Secretary. The Dominion Council will supply badges to the association. The association gives an excellent physical training, teaching manliness and self-reliance in all sorts of situations. Besides loyalty to the Government, strict obedience to parents and teachers (not any too well learned by the average boy at present) and also to employers are basic principles of the Scout Law. The movement, started several years ago, by Major Baden Powell of the British Army, has spread to all the principal White nations.

CHURCH UNION

London, Ont., May 20.—(Canadian Press)—By an unanimous vote the London District Methodist meeting yesterday adopted a resolution favoring the church union basis. The no temere decree was condemned.

Harriston, Ont., May 20.—By a vote of 10 to 8 the annual meeting of the Palmerston Methodist District meeting held here (defeated) a resolution approving the basis of church union. Many laymen did not vote.

Montreal, May 18.—The Northern District Meeting voted for union, 19 to 12. The Southern District referred the matter to the annual conference.

OPERATION HER ONLY CHANCE

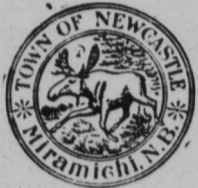

Was Cured by Lydia E. Pinkham's Vegetable Compound

Lindsay, Ont.—"I think it is no more than right for me to thank Mrs. Pinkham for what her kind advice and Lydia E. Pinkham's Vegetable Compound has done for me. When I wrote to her some time ago I was a very sick woman, suffering from female troubles. I had inflammation of the female organs, and could not stand or walk any distance. At last I was confined to my bed, and the doctor said I would have to go through an operation, but this I refused to do. A friend advised Lydia E. Pinkham's Vegetable Compound, and now, after using three bottles of it, I feel like a new woman. I most heartily recommend this medicine to all women who suffer with female troubles. Have also taken Lydia E. Pinkham's Liver Pills and think they are fine."—Mrs. FRANK EMBLEY, Lindsay, Ontario.

We cannot understand why women will take chances with an operation or drag out a sickly half-hearted existence, missing three-fourths of the joy of living, without first trying Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration.

KEEPING THE YOUNG MEN AT HOME

The Reason Why Most Young Men Leave Their New Brunswick Homes--Who Is To Blame?

(The Campbellton Graphic)

Go about the streets of Campbellton, or past the school ground, and let your observant eyes critically inspect the children. See their robust healthy bodies, their bright intelligent faces, and watch the elasticity of their movements and their splendid childish manners. Surely you will agree with the writer that in these boys and girls the community has the right to be very proud. Yes, we will readily agree that the parents of such children have the right to be vain.

But, what about the future careers of these same children, and especially of those boys? Are you rearing them for citizenship in your community and Province? Or, are you merely preparing them to swell the emigrants of emigration into Western Canada and the United States? Stop a moment and think. What inducements are you providing for the future, for your boys to remain in this vicinity? What avenues of usefulness have you opened or are you about to open, for the benefit of your children? Think, think, think! Only a few of these boys will be needed for the professions—medicine and surgery, law, teaching etc. Only a few, perhaps one out of fifteen of the other, but few will be wanted as merchants, bankers and brokers, perhaps three out of fifteen. Now what are the ten or eleven out of fifteen to do when the age of independent action shall arrive for them? Seriously, my friends: do you suppose those ten will be content to be day laborers with axe or cant-hook, with pike-pole or hand-spike? Do you? Do you not know that the majority of them, eight out of ten, will migrate to other lands where opportunities invite with alluring calls to independence of life and action, unless there shall be provided sufficient of such allurement to satisfy them here?

Go where you will in Western Canada and the United States and you will find sons of New Brunswick settled for life, and prosperous and influential citizens of these adopted communities. Why did they go away from their native Country? Nothing to do to assure them independent prosperous careers! No avenue open for that usefulness that would satisfy young man-hood's aspirations, and so they went away to become a part, a noble part, in most instances, of the vigorous strength of distant communities in which to use the word "Can't" is treason to the public weal.

Do you intend that these ruddy faced, bright eyed, strong limbed boys who throng the streets and school grounds of Campbellton shall be compelled like the others, to search for opportunities in far away regions; or, do you intend while yet you may, prepare opportunities for their ambitious natures in the vicinity of their child-hood homes? Your natural resources are boundless. In 1916 the Restigouche Valley on both shores, from Inch Arran to Tide Head, exported nearly eight hundred thousand dollars' worth of products to the United States and to trans-Atlantic and South Atlantic countries. Yet, with even that wonderful result, the surface only of your marvelous resources has been touched. You have a dense forest, a hundred miles square, of the world's best timbers, reaching close up to your town limits. The hills in sight from your verandahs are full of minerals, clay and stone that invite exploitations. All about you are facilities for the development of power, for the establishment of factories and a score of other industrial activities. The men who went on to the bleak plains of the West and without a semblance of your own natural advantages built the teeming cities and throbbing industries that excite the admiration of the world, would, if located here in your places, and with all these limitless natural resources at their command, convert this beautiful valley on both sides of this resourceful water into a scene of enchantment.

The most beautiful work in the Anglo-Saxon tongue is "Can't". It is at once the prolific cause of non-progress and decay. It never, never, never, was a benefit, but always a curse. Why do you not club together and establish a pulp mill or mills, a furniture factory, an implement factory, a creamery, brick kilns and cement works? "Can't!" Why not unite your influence and bridge or compel the bridging of the Restigouche? "Can't." Why not unite the power of your influence with that of the railways and, bridging the St. John at St. Leonards and the Restigouche at Campbellton, make your town a great railway and trade centre? "Can't."

Oh, stop using that measly word,

"Can't." You CAN and you SHOULD do all these things and, instead of having a community that your young men will deem it for their best interest to leave develop and have a community in which not only they will want to remain, but to which the energetic and splendid young man-hood of the ill-favored communities will want to come and settle.

You love your community and you want it to prosper and progress. Then look out for your boys and give them and, through them, your community some chance for the future.

Mr. Angus N. Campbell one of our prominent citizens received word from Mr. Maril M. P. last week stating that the Post Office Department are unable to give the people of Black Cape East a Post Office which they have been asking for upward of seven years and at last they have to be treated in such a way. It is five miles from the Black Cape P. O. and we do not see why there is not one placed between that distance. There are six Post Offices between the Grand Cascapedia River and the Little Cascapedia River namely Grand Cascapedia, New Richmond West, New Richmond Station, Village, and New Richmond Centre and we understand that is another one to be opened shortly at the Cascapedia Lumber Office which will be known as Bay Chaleur and the people of Black Cape East have to be left out in the cold. Why is the Department giving the people of Black Cape East such a mail service; this is what we cannot understand.

The Cascapedia Lumber mill started sawing on Thursday morning and the mill is running in full blast.

We are pleased to see that the S. S. Canada is on the Bay Chaleur route again.

These mergers are funny things. They are put through in order to curtail operating expenses, but they are always accompanied by a new stock issue and a rise in prices.

A report by the State Control of California shows that thirty-eight mountain lions or panthers were killed in that state last month. Returns were received from thirty-two counties, of which Mendocino County had the largest collection of scalps.

Concrete Sidewalks are Safe, Sightly and Everlasting

LUMBER used in damp places and on wet ground—as, for instance, in walks—has a very short life. It requires almost constant repairing and, in a few years, needs replacing.

Concrete, on the other hand, improves with age, and the very dampness which destroys lumber calls out the best qualities of the cement by making it harder and harder—until neither time nor traffic can affect it.

The best of wooden walks keep getting out of repair, and are a continual menace to life and limb. They are also a frequent source of expensive doctor bills and lost time. Then again, they are likely to eat up the original cost

in repairs before they are replaced. Concrete walks are sightly, everlasting and safe. They cost less to build and need no repairing nor painting.

Write for our free book, "What the Farmer Can Do With Concrete."

It tells in plain, simple language, how you can save money on farm construction by using cement for Barns, Dairies, Foundations, Fence Posts, Troughs, Feeding Floors, Hitching Posts, Stalls, Silos, Stairs, and so forth. The Book is well illustrated with photographs, plans and diagrams. Fill out the coupon or send a postal to-day.

When you buy Paint, get the real thing

It is extravagant and foolish to buy and pay for paint, and instead of paint, get a mixture containing cheap adulterants.

Pure paint—the real thing—spreads easier, covers more surface (and covers it better) and wears longer than adulterated paint. Pure paint is far more economical to use. Pure paint gives the handsomest finish.

Pure paint insures you against paint "troubles", the cracking, the peeling, scaling, etc. that comes from the use of impurities.

"English" Paint is pure paint—made from 70% pure white lead (Brandram's B. B. Genuine) 30% pure zinc white, pure linseed oil, pure turpentine and dryer. It will give you the greatest satisfaction and save you money on your paint bill.

Is Your Loaf Like This?

If your flour is of the right quality, it ought to produce uniformly good bread. When the loaf comes out of the oven it ought to be appetizing and inviting in appearance. The

crust should be crisp, tender and sweet as a nut. The pores of the bread should be regular showing uniform expansion by the yeast and every loaf should be light, plump and should expand over the top of the pan. Bread made from Ogilvie's

Royal Household Flour

always comes up to the highest standard of excellence when made right. It is always uniform, and good to look at as well as good to eat.

Summer and winter, day after day, month after month, "ROYAL HOUSEHOLD" is milled by exactly the same process from exactly the same standard uniform grade of the best Red Fife wheat. And this uniformity is guaranteed by rigid safeguarding tests at the mills before the flour is shipped.

Get ROYAL HOUSEHOLD FLOUR from your grocer and stick to it.

"Ogilvie's Book for a Cook", with 125 pages of recipes that have been tried and tested, will be sent free if you will send us your address and mention the name of your dealer.

LET THE GOVERNMENT RUN IT

While the Provincial government (Hon. Mr. Morrissy excepted) appear strongly in favor of having the St. John Valley Railway when built kept out of the Intercolonial System, possibly with a view to have the new line annexed later on by the Canadian Pacific, the Government is willing to lease and operate the road as soon as built, as a part of the Government system, which would be much better for the public interest.

PARLIAMENT ADJOURNED

Parliament adjourned on the 20th instant, and will take a recess of about two months. The Reciprocity agreement is held over till July. But if it is not killed in the United States Senate by the efforts of United States farmers (who seem to think that Canada is getting the better of the bargain) it will most probably go into effect before the end of this year, as the majority of Canadians both inside and outside of parliament appear to be in favor of it.

ANOTHER TRANSCONTINENTAL

The Canadian Northern Railway Co. (whose stock is largely owned by MacKenzie and Mann) have let contracts for their line from Oshawa to Toronto. Their line already extends from Port Arthur to the Rocky Mountains and is being fast built through British Columbia between the Grand Trunk Pacific and the Canadian Pacific railways. Another link connects Ottawa and Quebec. And the Dominion Parliament has agreed to guarantee the bonds required to build the missing link from Port Arthur to Ottawa. Then with the Intercolonial, there will be a third Transcontinental. Truly Canada is growing with marvellous rapidity.

WHY MEXICO REBELLED

Dark, indeed, is the social condition of Mexico if there is any substance behind the indictment brought by John Kenneth Turner against President Diaz and his system of government. In his recently issued book "Barbarous Mexico," he asserts that tens of thousands of working people of all ages, colors and degrees of intelligence have been and are being habitually sold into bondage worse than that attending negro slavery. In order to get at the facts from the inside, Mr. Turner posed as a man of wealth, desirous of acquiring a plantation, and in that capacity managers and officials revealed to him the profitable side of the traffic. He quotes the general manager of one-third of the tobacco lands of Valle Nacional as saying, "By the sixth or seventh month they begin to die off like flies at the first winter frost, and after that they're not worth keeping. The cheapest thing to do is to let them die; there are plenty more where they came from." Many other equally startling assertions are made by Mr. Turner involving governors of states, mayors of cities and the central government itself.

Mexican slavery has developed from the contract labor system. Its victims are held under pretence of debt, and once in debt the balance in the company's books is always against the slave. While the poverty of the common people is great and growing, the wealth of the favored few is increasing. Hence for this, Mr. Turner lays on President Diaz, whose policy it has been to hand out vast concessions to capitalists and political landlords. The cabinet, the state

governors and administrators of counties have all taken advantage of the land registration law, fathered by Diaz, to oust the common people from the land that had been in the possession of their forebears for generations. "That law," he says, "permitted any person to go out and claim any lands to which the possessor could not prove a recorded title. Since up to time the land law was enacted it was not the custom to record titles, this meant all the lands of Mexico." Many of the officials, who have profited by this unrighteous law, have assembled estates with acreages running into millions. If these things are true the wonder is not that there should be an insurrection, but that it is not more general and active. Nor is there reason for surprise at the favorable opinion of Mexico expressed by Canadian capitalists, who have secured public franchise concessions, and have not hesitated to draw unfavorable comparisons between President Diaz and the premier of Ontario. Had the president given more concern to the rights and well-being of the common people his long ascendancy would not have been closing in the gloom of civil war.—Toronto World.

CASSILIS

Cassilis, May 14.—The weather of the past week has been very fine and dry, and the farmers are busily engaged tilling the soil.

Mrs. Benjamin Hubbard who has been very ill for the past two weeks is recovering.

Mr. Roland Mullin was the guest of Mr. Wm. O'Shea on Saturday last.

Mr. Perley Hubbard spent Sunday last at the home of Mr. Ned McIver.

Mr. George Colquhoun of Bangor, Maine, spent Saturday and Sunday last with Mr. David Powers. We are all glad to see him back with us again.

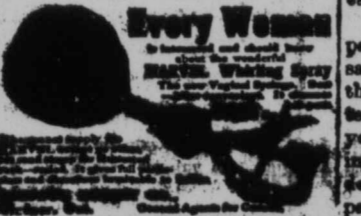

Miss Sophia McTavish is spending a few days with Mrs. Wm. Mullin.

Miss Nellie Power is recovering from a severe attack of la Grippe.

AN INVALUABLE MEDICINE

Mrs. W. Arnold, Edmonton, Alta, writes:—"Kindly send me a box of Baby's Own Tablets. They have been invaluable to me and I really do not know how I ever would have got along without them. Baby was poorly; his digestion was bad and he was constipated. I gave him the Tablets and they made a fine healthy boy of him. Now, whenever he is cross or troubled with constipation, I always give him the Tablets and they relieve him right away. I tried a lot of other medicine but nothing seemed to agree with him till I got the Tablets. I would not be without them." The testimony of Mrs. Arnold is that of thousands of other mothers. Everyone who ever uses Baby's Own Tablets have words of praise for them. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co, Brockville, Ont.

BANNER PRESENTED TO ACADEMY

Handsome Gift of Newcastle-on-Tyne, Handed Over to Pupils of Newcastle-on-Miramichi.

At a mass meeting of Town pupils and parents in the Opera House, Thursday afternoon, the banner sent by the schools of Newcastle-on-Tyne was presented to Harkins Academy by Lieut. Gov. Tweedie.

The Hall was patriotically and handsomely decorated.

With Miss Quinn as accompanist an excellent musical program was carried out, including "O Canada," "The Maple Leaf Forever," etc.

Dr. Nicholson presided, and on the platform were several aldermen and Newcastle and Chatham Trustees and their wives, Mrs. Tweedie and others.

His Honor first presented the 8th grade medal to Miss Maud Hill, and then the banner from England.

Miss Alice Muriel Winifred Bate replied on behalf of the Harkins Academy. Mrs. L. J. Tweedie was presented with a handsome bouquet of flowers by little Miss Marjorie Lindon, daughter of J. E. T. Lindon, secretary of the board, on behalf of the scholars.

A vote of thanks was extended the Governor-General, on motion of Dr. Nicholson, and T. W. Butler, and to the Lieut.-Governor.

Remarks were made by Hon. John P. Burchill, Ald. T. W. Butler, Collector of Customs Park, Hon. D. Morrison and others. Hon. John Morrissy was to have spoken but he was unfortunately unable to attend.

Mr. Butler strongly emphasized the importance of the presentation as a step in the further welding together of the different parts of the Empire—an Empire that, no matter what it may have stood for at different times in the past, now stands in the forefront of progress, civilization and enlightened and tolerant administration. The Empire needed to be still more closely united. There were insidious enemies plotting for its disruption, and everything possible to help along the cause of national unity should be welcomed and encouraged. The signs of the times were propitious. The masses of each part of the Empire were thoroughly loyal and the colonies were leaning closer and closer to the dear motherland beyond the seas.

The others spoke along the same lines, and the meeting closed about 4.15 with the singing of God Save the King.

Refreshments were served to the invited guests at the conclusion of the meeting.

The following comprises the Newcastle Board of School Trustees:—Dr. Nicholson, Chairman; Mrs. S. A. Demers, Messrs. A. A. Davidson, J. R. Lawlor, Michael, Bannan, H. Willison, Dr. Sprout, Ex-Mayor S. W. Miller.

N. B. TELEPHONE CO., CLEARS OVER \$70,000 IN PAST YEAR

The N. B. Telephone Co. held their annual meeting in Fredericton on the 18th. Mayor Pedolin of Newcastle attended. At the close of the year ended April 30, 1908, the company had 7,536 phones in use in the province, while at the close of the present fiscal year, ended March 31, 1911, a period embracing one month less than three years, the number of instruments in use in the province was 9,974, an increase in the aggregate of 2,438 phones, or an increase of upward of 800 phones each year.

"The gross revenue of the company has been correspondingly satisfactory. It has grown during the same period from \$226,235.81 to the sum of \$605,124.77 for the year just ended. The net earnings were \$76,885.50. Two dividends totalling \$70,447.90 were paid.

OBITUARY

DUNCAN R ASHFORD

For nearly twenty years Duncan R. Ashford was a resident of this town, having removed from here about two years ago, and when the sad intelligence of his untimely death was circulated about town on Saturday last, it almost seemed as if Antrim had lost one of her own.

Deceased was at his work on a farm in Peterboro, in an apple tree pruning, and without a doubt fell to the ground some ten feet, and must have struck the back of his head or neck on a small stone or some eminence in just the right manner to break the spinal bone. This accident happened Thursday and as soon as possible an operation was had, hoping to save his life, but of no avail. After the accident, he suffered no pain whatever, and was conscious up to the very last, had the use of his arms and speech but not of his lower limbs, and passing quietly and peacefully out from this life to the life beyond which to him was bright and full of immortality.

During his residence in Antrim Mr. Ashford was always found in his lot and place as a Christian worker, a member of the Methodist church and its officary and for many years was a licensed exhorter by the quarterly conference of this church; his life has had its influence, he lived his religion as few others do, commanding much respect by his faithfulness, and his sincerity of purpose was most commendable; he was conscientious in detail, and let our eulogy of this departed brother, be—the brief—that he was a faithful and obedient disciple of his Master, setting an example most worthy of imitation. Much more might be said but those who knew him best know that a good man has entered his reward.

Funeral services were held on Monday at noon at the Methodist church and were largely attended; Rev. W. J. Atkinson officiated and spoke comforting words to the bereaved. His remarks were most fitting to the exemplary life just passed from human reach. The remains were taken to Stoddard for interment in the family lot.

To the widow and six children upon whom the blow falls so heavily, and other members of the bereaved family, the sympathy of the entire community is extended.—Antrim N. H. Reporter, May 17, 1911.

The late Mr. Ashford was a son of Mr. and Mrs. Wm. Ashford of Newcastle, and John and Wm. Ashford, Jr., and Mrs. Hugh Stewart are brothers and sister of deceased.

JOHN MACLEAN

The death of John MacLean, son of the late Mr. and Mrs. George MacLean, of Douglstown, N. B., occurred in Brockton, Mass., on April 10th, ult. Mr. MacLean, whom many will remember as the builder of St. Mark's Church, Douglstown, had resided in Brockton for 28 years, where he was a prominent contractor. Mr. MacLean died at his home 12 Central square, after an illness of three weeks. He was 62 years of age. For the past 8 years Mr. MacLean had been an invalid from injuries resulting from an accident on the electric railway and during that time he had received the tender care of his daughter, Miss Georgie Helen MacLean.

When he was a contractor he accepted large contracts all over Massachusetts, especially Brockton, Boston, Fitchburg and Leominster. He leaves besides his daughter, a brother, George MacLean of Colorado; and three sisters, Mrs. Henry Gray, of Douglstown; Mrs. Elizabeth Johnson and Miss Nellie MacLean of Brockton.

The funeral was held in the South Congregational Church, Brockton, Rev. Dr. J. Stanley Durkee, pastor of Congregational church, officiated, and favorite hymns were sung by a quartette, composed of Mrs. Alice Wade Laird, Mrs. Alice Jones, E. A. Norris, and James F. Belcher. Interment was in Melrose Cemetery.

The many Miramichi friends of the deceased extend their sympathy to the bereaved family.

JOSEPH McLEAN

Joseph McLean, well and favorably known on the Miramichi, passed suddenly away at his home in Williamstown on Saturday afternoon, May 13th. Deceased was taken ill on the morning of Saturday and he lingered only a few hours.

few hours. He visited Newcastle on Tuesday of the preceding week and was in his usual good health.

The late Mr. McLean was seventy-two years of age and his death will be a distinct loss. Two daughters survive him. He also leaves a brother Henry in St. John.

The funeral was held on Monday afternoon last week and was largely attended. Interment was made in the Methodist cemetery at Derby. Rev. Harry Harrison officiating.

JOHN C. MACLEAN

The death of John C. MacLean of Boom Road, occurred yesterday morning, aged 68. He had been ill but a few days of pneumonia. He was an adherent of the Presbyterian church and well and favorably known. By his first wife he leaves one son, William and four daughters, Bertha, Mary, Ella and Myrtle, all of Boom Road and by his second wife (formerly Miss Hannah Mullin of Redbank and who survives him) he leaves two sons, Guy and Raymond, and two daughters, Lillian and Greta, Mrs. Davies of Houston, Texas, is a sister of deceased. The funeral will be held this afternoon at 2 o'clock at St. Stephens Presbyterian church.

6 YEAR OLD GIRL Cured of Kidney Trouble.

Mrs. Alex. Moore, of James St., Oxford, N. S., says: "Booth's Kidney Pills cured our little daughter, Christian, age six years, of many symptoms of kidney weakness. She complained of a sore back, the kidney secretions were frequent and uncontrollable, especially at night. Her stomach was weak and her appetite poor. This caused her to have frequent headaches, and the least exertion would tire her.

We had tried many remedies but she did not improve. Finally we learned of Booth's Kidney Pills and procured a box. In a short time she was well and does not now complain about her back, the kidney secretions have become normal, and she plays around the house with no apparent fatigue. We always recommend Booth's Kidney Pills." Booth's Kidney Pills carry a guarantee that if you derive no benefit your money will be refunded. Booth's Kidney Pills are a specific for all diseases of the kidneys and bladder. Sold by all druggists, 50c. box, or postpaid from The B. T. Booth Co., Ltd., Fort Erie, Ont. Sold and guaranteed by T. J. Durick.

WHO IS FOR PEACE?

"The Canadian Conciliator" is prospectus number of a proposed monthly or quarterly magazine to be devoted to the interest of world-wide peace.

This prospectus number contains interesting extracts from speeches and articles by men famous as advocates of peace: Mrs. Asquith, Lloyd George, Hamilton Holt, Norman Angell, author of "The Great Illusion," and many others. It contains also brief descriptions of the different Goodwill Organizations of the World, and some carefully compiled facts and figures which show clearly what greater advantage the efforts expended in preparing for war might be turned.

There are, in addition to this, some reflections on war and peace, with news relating to international movements.

It is possible for Canada to exert a unique influence for the world's peace; it is time that we think of ourselves as citizens of the world, and think of everything in world-wide terms. May the 21st and 28th have been suggested as Peace Sundays, and it is hoped that they will be observed in every city, town and village in Canada.

Those who wish to support such a publication and take part in forming a Peace Society in Canada should write to

MR. C. H. KEYS, 226 Confederation Life Bldg., Toronto, Ont.

UPPER NELSON

Upper Nelson, May 17.—Farming is the order of the day.

Mr. Ira Clarke spent a few days of last week in this place.

Quite an excitement was caused among the shanty boys at the head of the Boom, on the North side of the South West river, when Mr. Michael Walsh, who was roaming through the woods discovered a large cave by the side of a brook. The cave contained all kinds of old war materials, namely muskets, swords, tomahawks and a quantity of old skulls. It is supposed to have been a warriors' cave in olden times. Mr. Walsh being very much excited called to the rest of the crew and together they explored the cave. Alex. McKimley and his sons, McGregor and old crook, Thomas Clark our sheerman and Wm. Clark our cook, those are the ones who explored the cave found on Haskell's Brook. Miss Janie Carnahan was visiting her sister, Mrs. Parks, Upper Derby, on Wednesday.

An X-Ray machine of the very best make for the Moncton Hospital is now practically secured. At a largely attended meeting of the I. C. R. brotherhoods in the mayor's office, Thursday evening, in the vicinity of \$300 was pledged by the various organizations towards the cost of installing an X-Ray machine.

RAIN AT LAST

Following the heat wave of Saturday, the Miramichi was visited Sunday afternoon and evening by a heavy rainstorm. Moncton got the storm early Monday morning. Here the lightning was very heavy and did considerable damage to electrical apparatus. The rainfall will do much good, not only in extinguishing the forest fires, and helping out the lumber drivers, but will be very beneficial to the soil which was becoming very dry and hard. A much longer rain, however, is needed to bring along the grass which was suffering from the drought this last time or two weeks.

The patrol leaders are—Michael McCabe, Robert McPherson, James Whalen, Beaumont Williston, Charles Aharon, Percy Roman and George Bate. The patrols go to the fields this forenoon to learn the art of building fires and working.

FIREMEN'S DANCE

The Dance of the Newcastle Fire Department held last Wednesday night, was a great success. The function was largely attended and those in attendance invariably enjoyed themselves. McEachern's orchestra furnished music for a program of twenty-two dances. A supper extra was also enjoyed. The following were the efficient floor committee:—James Stables, Wm. J. Dunn and John Fallon.

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural and healthy action. For sale by all dealers.

DANCE AT CHATHAM

The dance given Friday evening was an unqualified success. About twenty-five couples were in attendance and enjoyed a programme of twenty-one dances. The chaperons for the evening were Mrs. William Dick, Mrs. F. M. Tweedie, Mrs. H. B. McDonald and Mrs. J. G. Miller and their efficient management as well as to the waresmitting work of the secretary, A. W. Wilbur, a great deal of the evening is due. Among those present from outside points were Mr. and Mrs. Waldo Crocker, Roy Morrison, Newcastle, Miss York of Fredericton, Miss Harrison, Miss Daley and A. S. Harrison of Loggieville—Genetic.

HAD SORE 4 YEARS

Zam-Buk Healed It in Few Weeks.

Have you some old wound or sore which has defied all doctors' remedies? If so, yours is a case for Zam-Buk! Mr. Oliver Sims, of Purvis (Man.), writes:—"I had an old irritating sore on my forehead that had troubled me for four years. Zam-Buk was recommended to me and in a marvellously short time it healed the obstinate sore perfectly. You may depend upon it that after this proof of its power we will never be without a box of it." As a rapid and certain healer of ulcers, abscesses, piles, inflamed places cuts, burns, bruises, scalp sores, eczema, eruptions, etc., you can get nothing to equal Zam-Buk. All druggists and stores at 50c. box or post free for price from Zam-Buk Co., Toronto. Try Zam-Buk Soap for tender skins and baby's bath. 25c. tablet.

HUMAN HEARTS DREW CROWDED HOUSE

"Human Hearts" at the Opera House Friday night drew the biggest crowd of any play for years, St. Patrick's Day Concerts alone excepted. Every chair was occupied, and about twenty-five or thirty people were unable to obtain seats. The play which was presented in four acts is a strong scenic, melodrama, and gave great satisfaction. The play proved to be all that was claimed for it, and should the company return it will be greeted with as large a house.

PRESENTATION OF TEMPERANCE BANNER

The District Division banner, won by Grangeville Division, No 440, Sons of Temperance, for highest percentage of members present at weekly meetings during 1910, was formally presented to that Division on the 20th instant, by Rev. R. H. Stavert, District Worthy Patriarch, and Alderman H. H. Stuart, of Newcastle, District Scribe. Addresses were made by Messrs Stavert, Stuart and District Treasurer, H. W. B. Smith of Grangeville. Recitations were pleasingly given by Misses Jonan and Smith, and a solo was finely rendered by the village teacher, Miss Margaret Curran. A goodly number of members was in attendance.

FOREST FIRES

Forest Fires the last few days did great damage in various parts of the province. On Friday night the Presbyterian church at Nerepis was burned to the ground, the only thing saved being the organ. The building, which is near the settlement, caught from sparks flying from the burning woods. Capt. Anderson's house was burned at McKiel's Lake, Kings Co. Fire approached within three miles of Westfield, Mechanic's Settlement, Kings Co., was saved with difficulty. Fires have been raging at Goshead, Mechanic's Settlement, Portage River and Millstream, in Kings county, and at Baltimore along the line of the branch railway in Albert county. The fires in the vicinity of Moncton were got under control as the result of the strenuous fight made on Friday and Saturday. Fire, which is supposed to have caught from an engine on the north-bound Maritime express, destroyed two houses at Red Pine, thirty miles from Newcastle, on the Intercolonial, Thursday morning. A house belonging to F. W. Summer, Moncton, vacated only a few days ago, was burned to the ground, while Peter Young lost his house, but saved most of his furniture. A large force of men gathered, and only their vigorous efforts prevented further destruction. Chief Warden Doyle of the North Shore has had his hands full fighting fires in his districts. The rains of Sunday and Monday, however stamped out many of the fires in all directions.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued. Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good." It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know some of its many cures. If you want a book that tells all about woman's diseases, and how to cure them at home, send 31 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 50 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Mr. Thomas Parker, Divinity student, King's College, Windsor, N. S., has been appointed by Bishop Richardson to the charge of Dawsonville and parts adjacent. Mr. Parker preached in St. Mary's church, Dalhousie, on Sunday evening. For the last day or two he has been the guest of Mr. and Mrs. J. B. Storer. Rev. R. J. Coleman may be expected to take the service in Christ church, Sunday next.

APOPLEXY.—Dr. Agnew's Cure for the Heart is effective in apoplectic symptoms. If you have unpleasant dizziness, lightness or sudden rush of blood to the head, take precautions against a recurrence. This great remedy will remove the cause. The press of the land has daily a list of sudden deaths which would not be chronic if Dr. Agnew's Cure for the Heart were used. Sold by A. E. I. C. R. MADE GOOD SHOWING LAST YEAR

Ottawa, May 15.—The total surplus of the Intercolonial Railway for the past fiscal year was \$27,712 which in view of the unusually heavy expenditure is an exceptional showing. The total income for the year was \$9,863,783, from which was deducted \$800,000 for equipment account, \$25,000; \$76,000 to cover the cost of replacing the shops destroyed by fire at Campbellton; \$5,000 per month expenditure on new fire account, in addition to all general operating expenditures.

Much gratification is felt at the splendid showing, which goes to indicate that the railway is permanently on a paying basis and is a vindication of Hon. Mr. Graham's policy in placing the railway under a special board of management.

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment wonderfully effective. One application will convince you of its merits. Try it. For sale by all dealers.

BALMORAL

Balmoral, May 17.—The farmers here are very busy farming and quite a lot of seeding is already done, the season being so nice and dry.

Mr. Alex. Arsenneau of Oconto, Wis., is expected here shortly to make his future home in Restigouche County. Mr. Arsenneau left New Brunswick some thirty years ago, during which time he made his home in the States, but on visiting relatives here two years ago, came to the conclusion that he could do better in Restigouche than in the United States and consequently sold out there and is coming here to reside with his family. He is a brother of Com. D. A. Arsenneau.

A very interesting conference on agriculture, accompanied with music, songs and moving pictures was held in the Artisan's Hall here last week. The hall was crowded to the doors, the subject being the explanation of a booklet, which is very practical for the farmers of now-a-days. After singing "Bonsoir, mes amis, bonsoir," everybody withdrew delighted and with hopes of meeting again in the near future.

Mr. Lazare LeBlanc, employed in Montreal for the past two years, has been visiting his parents here for two or three weeks.

Rev. Father Leger of St. Paul de Kent, visited Father Melanson recently.

Mrs. James Bernard spent a couple of weeks visiting at Eel River and Mountain Brook.

Miss Emma Savoie, dressmaker at Dalhousie, spent a few days here with her brother, Mr. Thomas Savoie, enroute to Campbellton.

The Misses Anna and Clementine Poier spent last Sunday in Charlo.

Mr. Alfred Gillis of Campbellton, employed for the Massey-Harris Co., paid an official visit to Balmoral last week. The Company has many customers here and with such a bright agent is making a rapid growing business.

Rev. G. Gauvin of Neguac was visiting Father LeBlanc yesterday.

Messrs. D. A. and John J. Arsenneau, visited to Campbellton on business this week.

Two new families of Matane, P. Q., have come to make their homes in our midst and seem to be well satisfied with their change.

The many friends of Mr. E. Chouinard will be pleased to learn that he is gradually recovering from his severe illness.

Rev. Father Melanson spent a few days at Grimmer Settlement on a Mission.

The Tobique Church is still quarantined on account of smallpox and no service has been held for three Sundays. Our assistant priest officiated at Dundee.

Mr. Paul Allard of Eel River Crossing is yet quite seriously ill, but hopes are entertained for his recovery.

Mr. and Mrs. Frank Synnett of Dalhousie were here last Sunday.

Mr. Wm. Marcoux lost a valuable young horse last week which was worth \$350.00.

Mr. Edgar Cyr of the Dalhousie Mercantile Co., and Miss E. McIntyre spent last Sunday here.

The main Eel River drive is hung up for the want of water and over one and a half million feet of lumber is strung along the beach. A heavy rain is badly needed. The other drives in the vicinity all came out with little or no difficulty.

EXPANSION OF INTERCOLONIAL

Minister Of Railways Gives Important Notice Motion.

Ottawa, May 16.—The expansion of the Intercolonial Railway through the acquisition of thirteen branch lines, totalling almost six hundred and fifty miles in length, is indicated by a resolution of which the Minister of Railways has given notice. This addition, coupled with the two Nova Scotia branches which the government is taking power to build, will turn the Intercolonial from a trunk line to a system of trunk line and branches. The resolution indicates the intention to depart from the legislation of last session, which provided that before a branch had been taken over, it had to be up to the standard of the Intercolonial. The conditions in the notice now given are that the amount of rental shall be determined by the Judge of the Exchequer Court upon the report of the Chief Engineer of the Government Railways, and the report of the Departmental Engineer who inspected the road during construction. In arriving at a valuation any subsidy paid for construction is to be deducted. The roads for which power is taken to lease for ninety-nine years are: The Vale railroad of the Acadia Coal Co., extending from New Glasgow to Thorburn, a distance of six miles. The Quebec Oriental Railway, extending from Matapedia to Paspebiac, a distance of about one hundred miles. The Hampton and St. Martins, a distance of about thirty miles; the Albert Railway extending from Salisbury to Albert a distance of about forty-five miles; the Moncton and Buctouche Railway, extending from Moncton to Buctouche, a distance of about twenty-eight miles; the Caraqueet Railway and Gulf Shore Railway, together extending from Bathurst to Tracadie, a distance of about eighty-five miles; the York and Carleton Railway, extending from Cross Creek to and beyond Stanley, a distance of about ten miles; the Intercolonial Railway, extending from Campbellton to the St. John Valley at Leonard's, a distance of about one hundred and thirteen miles; the Cape Breton Railway, extending from Point Tupper to St. Peters, a distance of about thirty miles, including the company rolling stock in each case; the Teniscouata Railway, extending from Rivier du Loup to Conors, a distance of about one hundred and thirteen miles; the New Brunswick and Prince Edward Island Railway, extending from Sackville Junction to Cape Tormentine, a distance of about thirty miles, the Elgin and Havelock Railway, extending from Elgin to Havelock, a distance of about twenty-eight miles; the Kent Northern Railway, extending from Kent Junction to Richibucto, a distance of about twenty-seven miles. These can be taken upon terms and conditions to be approved of by the Government Railways managing board, provided, however, that the rental to be paid for each such line of railway shall in no case exceed an amount to be determined in the following manner, that is to say, the value of the railway proposed to be leased shall be fixed and determined by the Judge of the Exchequer Court of Canada.

OBITUARY

WILLIAM F. ROSS
(Graphic)

Mr. William F. Ross passed into the undiscovered country from whose horns no glorified traveller wishes to return after an earthly pilgrimage of eighty-three years and twenty one days and an illness of nearly three weeks at his home in Hopetown, Que., on Friday morning, May 5th, 1911. Deceased was favorably known in the locality where he lived and surrounding districts, and only one member of his family is left Mr. John D. Ross aged eighty-five, a brother.

Mr. Ross was married twice, his second wife was Miss Mary Thompson who died over three years ago. Seven of his children have predeceased him. The remaining are Mrs. Margaret McGie, Vancouver, B. C.; Mr. John Ira Ross, Dalhousie Junction, N. B.; Mrs. Thos. Cumming, Armstrong, B. C.; W. C. Ross and Mrs. Ida Calbac, Sherbrooke; and Misses Jane and Euphemia Ross at the old home.

The funeral took place on Monday afternoon at 2 o'clock at the Presbyterian church where the service was conducted by Rev. G. P. Tattler, Rev. J. Prout assisted with the singing and Mrs. Prout acted as organist.

From the church the remains were borne to the little cemetery below the road and laid to rest to awake the glorious resurrection. The carriers were John D. Ross, Jr., Jos. Thompson, James Ross and Farquhar Ross. Nephews, Messrs. Elias Ross and Ronald McRae.

NEW BRUNSWICK'S PRODIGAL SONS

From the Busy East.

Stanley E. Moore, who has been a resident of Cranbrook, B. C. for some time past, has returned to his home in Mechanic Settlement and will remain in the east. Mr. Moore is convinced that New Brunswick is good enough for him. The west is becoming more and more a country in which capital is required to make good. The dead easy snap days are over and those who have an idea that gold dollars are to be picked up in the streets should remain where they are. If a man without capital is prepared to go west and rough it, he will eventually win out, but he will be forced to pick up with conditions that he would not tolerate in the east.

Two farmers, former residents of Victoria county, are returning, one after a trial in Arcostook county, the other after working in the west. One declares that the west is painted in far too glowing colors and that conditions are not at all as represented. The other is strong in the belief that Victoria county is as good as the best of places for the farmers.

These are cases of men who are able to return. Those who cannot or would prefer returning but feel ashamed to be innumerable, but we never hear of their conditions. It would be well for the New Brunswick wicker who feels the western fever coming on to take cases as these as into consideration. Stop look; Listen!

THE KINKS AND TWISTS IN RHEUMATICS RUGGED ROAD.

CRIPPLE FROM RHEUMATISM

NOW IN PERFECT HEALTH THANKS TO "FRUIT-A-TIVES"

VANCOUVER, B. C., Feb. 1st, 1910.
"I am well acquainted with a man, known to thousands in Vancouver, Victoria and New Westminster, who for nearly a year was practically a cripple from Rheumatism. He was so troubled with the disease that he found it difficult to even turn over in bed. His heart appeared so weak that he could hardly walk up stairs.
Last June, he received a sample of "Fruit-a-tives". He used them and dates his recovery from that time. To-day, there is no man in Vancouver enjoying better health.
He was building a house this fall and shingled a good part of the roof in a driving rain, without suffering any bad effects."

Haverhill, Mass., May 20—A baseball record was equalled in the New England league game here today, between Haverhill and Worcester, when McGamewell the Haverhill first baseman went through a full nine innings game without a single put out and with only one assist.

Played 23 Innings

Crete, Nev., May 22—Doane College and Peru Normal School fought out a 23-inning game here Thursday, Doane winning, 1 to 0, when the college pitcher, Kretzinger, hit for a home run. There were only four hits on each side. Each team made five errors.

Longboat Scores Holmer

Tom Longboat, speaking of the race at New York Sunday week, after giving credit to Queal, said that he was glad to beat Hans Holmer. "He's a Canadian" said Tom, "but just to gain the favor of the spectators, he wore the stars and stripes for a belt. Any man who is ashamed of his country and his flag deserves a sound trouncing, and I am glad he got it."

Diamond Dust

It looks like two good games today!

Don't kneec today, Boost. A cheer in the right moment may win a game for the boys.

Don't tell the Umpire he has a glass eye, we're all liable to mis takes at times.

Campbellton In Line

Campbellton is in line with their team, but Newcastle has not started to organize yet. The Campbellton Graphic says:

"After vainly waiting for the talkers to give a hand the boys have got together and started the Base Ball Club themselves. Messrs. F. C. Luiz, Geo. F. Miles and J. M. Moores, have shouldered the burden and look to the young men and all for their support. Got that season at once."

What's the need of the Newcastle boys waiting for the talkers? Why not call a meeting at once and organize?

TWENTY SIX-FOOTERS

A Startling Example of How Oats Create Height

Archdeacon Sinclair, in advising boys to eat much oatmeal, said this "Among my brothers and my father's brothers and sisters there were 20 six-footers, all brought up on oatmeal."

Oats contain more body-building food, more brain-building food, more nerve-building food than any other grain that grows. No other item in all human diet compares in importance with oats. Nothing else creates so much energy.

But thousands of people buy this food carelessly. They accept oatmeal made from oats as they run—the plump and the small, the rich and the worthless.

Quaker Oats is made from the cream of the oats, selected by 62 siftings. Only ten pounds in a bushel are good enough for use in this food. The result is a richness and flavor that all enjoy, and the maximum value as food.

Yet Quaker Oats, despite its quality, costs but one-half cent per dish. Does it pay to take something inferior? Made in Canada.

The Line Up

The Newcastle Base-Ball team will line up to day as follows:— Catcher, Murphy; Pitcher, Graham 1st Base, Lindou; 2nd, Durick 3rd, Maloney; Short, Ingram Centre, Miles; Right, Hennesy Left, Keating or Morrissy.

Athletic World

The May number of The Athletic World is a particularly strong one, both in illustrations and reading matter. This magazine is serving a national purpose in the field of Canadian sports. Its manner of covering the special interests of all branches from coast to coast is thorough and exhaustive. The editorial department is universal in scope and comprehensive in treatment. This periodical is invaluable to all followers of general outdoor life who desire an authoritative work on things in the world of athletic sports.

Detroit's Great Record

If Detroit breaks even on the remaining number of games scheduled, that is, if Detroit wins 62 out of the next 125 games, which will complete the season, the Tigers will have a total of 87 victories, giving them a percentage of .565. To beat this record the other clubs must make the following showing: Boston must win 73 out of a remaining total of 127 games, giving them a percentage of .575 for those 127 games. Philadelphia, with 13 victories and 11 defeats, will have to win 75 out of 130 remaining games, making their percentage .577 for 130 games. Chicago, with 13 victories and 12 defeats, must win 75 out of 129 games, giving them a percentage of .581 for 129 games.

GREAT PAGEANT OF THE EMPIRE

The Most Wonderful Spectacle Ever Witnessed on the Streets of Old London.

An annex to the main entrance to Westminster Abbey is in course of erection. In the seating arrangements the plan is the same as that which was adopted at King Edward's coronation in 1902. There will therefore be no fixed seats, but the nave of the Abbey will be furnished with new chairs of Chippenhale pattern upholstered in silk. These the users of them will be given the opportunity of purchasing as mementoes. The Earl Marshal's Office has been besieged with applications for permission to be present from all sorts and conditions of people. Peers and Peereses have a prescriptive right to attend, but even these will be excluded if they have not asked for and received permission to attend.

The Earl Marshal has received applications for permission to be present at the Coronation next June from over 100 Peers and Peereses who had no legal claim to be present at the ceremony in 1902. There are no fewer than 38 new Earls and Countesses, and the remainder is made up of Peers and Peereses who have succeeded to the family title, and of those who have had new Peerages conferred upon them.

It is the desire of His Majesty that the overseas dominions should take a prominent and distinguished part in the great State pageant, and at the present time the question is being considered whether some special act in the great State pageant, and entrusted to the representatives of Canada, Australia, South Africa and New Zealand. Every one of the countries mentioned, as well as India, Newfoundland, and practically every portion of the Empire, will be more adequately represented both in Westminster Abbey and in the royal procession through the streets of London than has ever been the case before. The officers of the Home District Command, who have been made responsible for the military arrangements, are making provision for the accommodation of some 2,000 soldiers, representing every part of the King's dominions abroad. Five hundred officers and men are going from India, 600 from Canada, over 300 from Australia and other parts of the Southern Hemisphere, while such places as Nigeria, Uganda, Borneo, Hong Kong and other far-away outposts of civilization will be fittingly represented. It is to be the greatest pageant of Empire yet seen in London. The navy, the home army and the Territorials are also to be represented by the biggest force ever concentrated in the Metropolis, and for their accommodation the Royal Parks will be covered with military encampments. In addition to carrying out the internal arrangements at the Abbey, the Office of Works has the task before it of erecting stands along the line of route of the Coronation procession between Buckingham Palace and Parliament square.

SAVED HER FINGER.

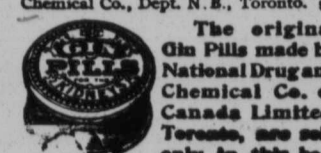

Mrs. B. E. Bellwell, of 337 Provencher Ave., St. Boniface, Winnipeg, says—"Some time ago my children took diphtheria, and while attending them the poison entered a small scratch on the second finger of my left hand. This became very sore and blood-poisoning soon set in. For months after the children were quite well I was suffering from a shockingly bad finger. The scratch was caused originally by a pin, and in itself, was not at all serious. The consequences, however, of introducing this scratch, were very serious to me. When the blood-poisoning set in I tried poultices and a salve I had in the house. These, however, did not give the desired relief. Quite on the contrary the finger became more and more swollen and discolored. It then began to fester, and I had to call in a doctor. He lanced the finger to let out the pain, and it was evident how painful the finger was. Despite his care, however, it again festered and the drainage, pus, and odor were very offensive. The doctor thereupon advised me to go into the St. Boniface Hospital. I feared that it would be necessary to amputate the finger. We were told of a cure for my case in which Zam-Buk had effected a cure over everything else I had tried, and the doctor had said that only amputation could save the person's hand. I, therefore, decided to give Zam-Buk a trial. A supply was procured, and we commenced the Zam-Buk treatment. It only needed a few days to show the effect of this cure. The blood-poisoning and inflammation were reduced, the pain lessened, and it was evident very shortly that the trouble was being reduced to a less and still less area. We persevered with the Zam-Buk and in the end the festering sore was thoroughly cleaned, then healed. In under three weeks from first commencing with Zam-Buk the finger was entirely well; and we again began to work in the fields. Instead of trying ordinary preparations, no doubt I should have saved myself a great deal of trouble and expense. All mothers should note this case. Zam-Buk is a sure cure for blood-poisoning, festering, cuts, scratches from barbed wire, bruises, eczema, rash, fever, sore throat, face sores, eczema, piles, itchy sores, and all skin injuries and diseases. See a box, all drug stores or post free from Zam-Buk Co., Toronto, for price. Send in stamp for postage of free trial box. Refuse all imitations."

Is Your Loaf Like This?

If your flour is of the right quality, it ought to produce uniformly good bread. When the loaf comes out of the oven it ought to be appetizing and inviting in appearance. The crust should be crisp, tender and sweet as a nut. The pores of the bread should be regular showing uniform expansion by the yeast and every loaf should be light, plump and should expand over the top of the pan. Bread made from Ogilvie's

Royal Household Flour

always comes up to the highest standard of excellence when made right. It is always uniform, and good to look at as well as good to eat. Summer and winter, day after day, month after month, "ROYAL HOUSEHOLD" is milled by exactly the same process from exactly the same standard uniform grade of the best Red Fife wheat. And this uniformity is guaranteed by rigid safeguarding tests at the mills before the flour is shipped. Get ROYAL HOUSEHOLD FLOUR from your grocer and stick to it.

"Ogilvie's Book for a Cook", with 125 pages of recipes that have been tried and tested, will be sent free if you will send us your address and mention the name of your dealer.
