He also keeps on hand, to be let by the day or otherwise, at his residence near the G. T. station, where he will see to this new business in person in the usual way, and hopes to be patronized hereafter as he has been in the past. Orders promptly attended to.

GUELPH, APRIL 15th 1872. J. DENNIS COPPEE.

### Guelph Evening Mercury

THURSDAY EVENING, MAY 30, 1872.

**Local and Other Items.**

The Arch-Duchess Sophia, mother of the Emperor Francis Joseph, of Austria, died on Tuesday of typhoid fever.

**ST. JAMES MAGAZINE.**—Mr. John Anderson has sent us the May number of this Magazine. Copies for sale at Andersons.

**LAW EXAMINATION.**—We are glad to learn that Mr. D. H. Watt, of Paslinch, passed his examination on Thursday last for his third year, without an oral.

**BASE BALL.**—The Pastimes of Acton and the Sycamores of Milton competed for the prize offered by the committee of games in Milton on the 24th. The result was in favour of the Pastimes by a score of 28 to 22.

**NEW BATTALION.**—We see by the *Canada Gazette*, published on Saturday, that a new battalion of Infantry is authorized for the County of Wentworth, to be known as the 77th Westworth Battalion of Infantry, with headquarters at Dundas.

**INGERSOLL CHRONICLE.**—We are glad to see that Mr. Gurnett has been able to issue the *Chronicle* so soon after the recent great fire at Ingersoll. Although for the present somewhat reduced in size the paper looks remarkably well. Mr. Gurnett deserves every credit for his energy and public spirit, which the people of Ingersoll do not doubt, fully appreciate.

**W. G. & B. R.**—Mr. Ridout reports the building of the Southern Extension as progressing rapidly. The contract for the Kincardine section will be let by the middle of June, and work on both extremities will be carried on simultaneously. The engineers are now in the vicinity of Lucknow, and the line will be completed in a few days.

**MAGISTRATE'S COURT IN ELORA.**—Wm. Blanchfield and Michael Casey, of the Township of Peel, were brought before G. Barron, Esq., J. P., Elora, on Tuesday last, charged with assaulting Patrick Kerly in the village of Goldstone last Saturday morning. The defendants admitted the charge, and were fined \$2 each, with costs.

**SODA WATER FOUNTAIN.**—Mr. E. Harvey, druggist, has just put up for the season the handsomest soda water fountain which we have yet seen. It is made of marble, and mounted with silver. The marble ornaments on the panels are of the most beautiful colors, and the other ornaments are in the best taste, and finely finished. The cost of the fountain was \$1,000, and it was made expressly for Mr. Harvey, who will now be able to make the thirst of all comers during the dog days.

**DISQUALIFIED RE-ELECTED.**—The Rev. A. Carman, President of Albert College, Belleville, repudiates on behalf of the College and the Methodist Episcopal Church the disloyal sentiments of Prof. Wild, which were delivered at the General Conference at Brooklyn, N. Y., and which have excited so much attention throughout the country. Prof. Carman both for his College and Church claims the most sincere loyalty, and thinks that in Dr. Wild's reference to politics and his acceptance of the Monroe doctrine, he went beyond his proper sphere, and justly laid himself open to censure and criticism.

**SERIOUS ACCIDENT.**—This forenoon Henry Howard, labourer, met with a very serious accident. He was wheeling up a barrow load of mortar to the masons at work on Burr & Skinner's factory. On his way up the run he laid down the barrow, which tipped over, taking him with it. He fell 16 feet among the stones and rubbish below. He was at once taken up, conveyed home, and Dr. Herod sent for. It was found that several of his ribs were broken close to the spine, and one of them pressing in on the lungs. The real nature of his injuries cannot be ascertained for two or three hours as he is not at present in a fit state to be examined, but it is feared that they are of a very serious nature.

**THE BLIND PIPER'S CONCERT.**—This Concert came off last (Wednesday) evening, the attendance was fair, though by no means what the merits of the entertainment deserved. Several of Moore's most popular Irish melodies were finely rendered, as were also some lively Scotch airs, and the universally appreciated English melody "Home Sweet Home," with variations. Mr. Ferguson also sang "The Harp that once thro' Tara's Halls," and the "Exile of Erin," with Harmonic Pipes accompaniment, with pleasing effect. At the conclusion of the Concert, Mr. Ferguson, whilst regretting the paucity of attendance, heartily thanked the audience for their appreciative applause of his musical endeavors, the several friends who so warmly interested themselves in his behalf, and the Press for their kindly and generous notices of his entertainment. Guelph seems to be suffering from a plethora of enjoyment—both physical and intellectual just at present—and hence we suppose the thin attendance at the Blind Piper's musical treat of last evening. Mr. Ferguson, nothing daunted, however, contemplates another visit to Guelph at some future date, when we trust to see his heart and purse gladdened by a better pecuniary return than must have been the proceeds from Wednesday evening's performance.

### Methodist New Connection Conference.

**MISSIONARY MEETING.**  
The Missionary Meeting was held at 7:30 p.m. on Monday. Robert Wilkes, Esq., Toronto, in the chair. In introducing the business of the evening, he referred to the special work of the Missionary Society. It is not of ancient, but of recent growth. If asked how he would indicate the progress of a county, he would do so by the interest manifested in promoting christian work. Our benevolence should take in the interests of other lives. The peculiarity of this country is, that we have no vastly rich men, but combination can do almost anything. No man may expect to prosper who seeks only his own good.

The next speaker called on was Rev. J. L. Gundy. He left honored in being associated on the platform with the chairman and with the Rev. Dr. Cooke. He noticed the present aspects of the work. Much of Europe until lately was shut against the gospel. The speaker eloquently referred to Spain, Italy and Japan. He spoke of the prospects of our beloved country, and urged entire consecration to the work of the gospel.

The Rev. Dr. Kershaw next addressed the meeting. We all admit our duty to lift up the race; we have been endowed with attributes and affections for a worthy end. And though in different ways we may do good, if we would help men effectually, we must give them the gospel. When we pass from Greece, Italy and Turkey into the purely christian countries, we feel we have passed from a lower to a higher degree of civilization. On the day of Pentecost three thousand were prayed and cried "Men and brethren what shall we do?" They were converted in heart, in life, in pocket. We have scientific materialists. We have development theories, but will the results compare with the results of christianity. Some of us cannot be statesmen or poets but each can help the Saviour to win the world.

The Rev. D. McKenzie addressed the meeting for a short time. We would feel honored if commisioned to restore and save the inhabitants of some fallen orb. That we may be efficient we should ardently love our work.

The Rev. Dr. Wm. Cooke, of England, was introduced and greeted with applause. He had in some way got the fantastic idea that Canada was a scene of woods and wilds, and waters, but found it almost paradisaical. But the word beauty awakened in his the speaker's mind, an interest more thrilling and profound than nature could awaken. We, in England, feel proud of you, and in a sense, no doubt, acceptable to God. No one can predict the good that will arise from the population and evangelization of this country. The true attitude of the church is to be found not with folded hands, but like the angel flying through heaven having the everlasting gospel to preach to the nations. When God has a work to accomplish he prepares the church. Several countries now evangelized were 100 years ago undiscovered and unknown. But God said "Go and possess the land, ye are well able." The bible is printed now in 178 languages, and must soon be in all the languages of the labbling earth. Here the speaker carried away the audience in a flood of oratory, that we cannot attempt to report. The choir rendered valuable service. Collection \$23.

**TUESDAY MORNING SESSION.**  
A memorial service was held, when it was resolved: That this Conference bows in humble submission to the inscrutable dispensation of an all-wise Providence in the unexpected removal from our ranks of our dearly beloved brother, the Rev. James E. Kershaw. We shall ever cherish in precious memory his manly independence of character, his fidelity to his ministerial brethren, his unfeigned piety, and laborious devotion to the gospel ministry for a period of more than 23 years in the land of his adoption. We earnestly pray that the bereaved relations may be sustained and comforted by the Grace of God in this their affliction, and that we as a christian church may be admonished by this event to "work while it is called day ere the night cometh where in no man can see."

The Rev. E. Kershaw was appointed to write an obituary notice for insertion in the minutes. Many touching tributes were paid the departed by several of the brethren, and after the singing of the hymn, "Come let us join our friends above," the Rev. H. Wilkinson and J. McAlister led the Conference in prayer.

The Rev. Dr. Cooke, J. T. Pitcher and Robert Wilkes, Esq., were appointed a deputation to visit the Western Conference in Montreal on behalf of this Conference.

The Committee appointed to consider the future management of the *Evangelical Witness* recommended that the form of the *Witness* be changed to an eight page paper, also that Rev. D. Savage be appointed Editor. The report was adopted.

**ATTEENING SESSION.**  
The Publishing Committee for the present year were appointed as follows:—Rev. George Richardson, the Editor, John Plummer, Esq., John Tamton, Esq., and the General Superintendent.

A Resolution passed to the effect that the library of the late Rev. W. McClure, bequeathed by him to the Theological Institute, be left in the hands of Educational Board, in fulfillment of the trust thus committed to us as a Connection.

The report of the Educational Board was submitted and accepted.

The second reading of the Stationing Committee was submitted.

A very appropriate address was presented to the Rev. Dr. Cooke, accompanied by a purse, by the members of the Conference, to which the Rev. gentleman gave a beautiful and touching reply. Dr. Cooke starts immediately for England.

**SALE OF LOTS.**—On Wednesday the sale of St. George's Church Glebe lots, being part of the old cricket ground on the Elora Road, took place. Though the attendance was not large, the bidding was good. The following are the sales:—Mr. James Webster, two corner lots next to Mr. Mays' property for \$95 each, two at \$80 each, two at \$55 each, and one park lot at \$125 per acre. Mr. D. Guthrie, two lots at \$75 each, two at \$65 each, and four at \$70 each. Mr. John Risk, four at \$65 each.

**ESSAYS OF ELIA.**—Mr. Anderson has sent us a copy containing these delightful essays by Chas. Lamb. The series are complete in one volume, which is sold very cheap. Copies at Andersons.

### County of Wellington Sabbath School Convention.

**EVENING SESSION.**  
May 28th, 1872.  
The Convention re-assembled at half past seven p. m. The President in the chair. The meeting was opened with devotional exercises. The subject of address was "The Place and Purpose of the Sabbath School," was opened by the Rev. Dr. Hogg, after which a hymn was sung. The Rev. Mr. Thompson of Erin next addressed the meeting in place of Rev. Mr. Laird, who was not present.

Rev. Mr. McDonald (Elora) followed in a few able remarks.

At this stage the President announced that he had promised to return home this evening and requested to be allowed to retire. On motion of Rev. Mr. McGuire, seconded by Rev. Mr. Mackie, the request of the President was granted and Mr. Laymond, ex-President, took the chair for the remainder of the evening. The subject of the address was then continued by the Rev. Mr. Robins, who addressed the meeting in a very able manner. The Rev. Mr. McGuire mentioned there were some parties present from other counties, and moved, seconded by Mr. Mackie that they be invited to take part in the discussions of the Conference. Carried.

The chairman of the Business Committee then presented their Second Report, which was as follows:

**GENERAL COMMITTEE.**  
Messrs. Stephen Nelson, Peter Renzie, John Ironside, William Kerr (Elora), David Kennedy (Guelph), Charles Raymond, Dr. McGuire, J. D. Hutton, John S. Armstrong (Speed-side) and Charles Keeling.

**LOCAL SECRETARIES.**  
Guelph: Mr. D. Guthrie, Guelph P. O.; Oranville: Mr. John Green, Oranville P. O.; Minto: Rev. Geo. McLennan, Harrison P. O.; Famosa: Mr. John Peters, Speedside P. O.; Ferris: James Argo, Ferris P. O.; Garafaxa West: A. Patricio P. O.; Arthur, Jno Hay, Arthur P. O.; Paslinch: Mr. William Nichol, Morrison P. O.; Nichol: Jas Ross, Chalmers P. O.; Ammanth: Rev. M. S. Gray, Laird P. O.; Maryboro: Rev. D. Anderson, Rothsay P. O.; Luther: Mr. Hugh McDonald, Luther P. O.; Elora: Jas. Henderson, Elora P. O.; Erin: Robert Wood, Erin P. O.; Garafaxa East: Thos. Chisholm, Craigholm P. O.; Guelph Township: H. Johnston, Guelph P. O.; Peel: Rev. H. Patterson, Ponsness P. O.; Peel: Rev. Thos. McGuire, Guelph P. O.

That the order of business for Wednesday forenoon be the same as on the printed programme, and that in addition an opportunity be afforded before the close of the Session to the Rev. W. F. Clarke to introduce the subject of "Seroll Hymns for Sabbath Schools." The Committee would further recommend that a "Question Drawer" be provided and placed in such a spot as to be easily reached by Delegates and that they be invited to drop therein any question connected with Sabbath School matters on which they may desire information.

That the "Question Drawer" be opened immediately after the opening exercises of the Fifth Session, by Messrs. Millard and McGuire, and answers be given to the questions asked. That the order for the fourth session on the printed programme be followed, and that in addition thereto twenty minutes be allowed to Mr. Millard for a report on his visit to the National Convention at Indianapolis. That the fifth session begin at 7 instead of 7:30 p. m., and the order of procedure as printed be followed. And they would recommend that the next Annual Meeting be held in St. Andrew's Church, Ferris, in the last week of the month, 1873.

On motion of Mr. Torrance, seconded by Mr. Clarke, the report was adopted. The chairman then announced that the meeting was open to any one who might wish to address it. The Rev. W. F. Clark then addressed the meeting, followed by the Rev. Mr. Ball, on the desirability of all parties engaged in Sabbath Schools, having an interest in their employment. After which, Mr. Hossick, a representative from Peel County, addressed the meeting. He was glad to be able to meet the Convention, but was disappointed at the small number present, and said that at a similar meeting held in Peel recently the attendance was much larger than at Guelph, and he considered therefore that Peel was ahead of Wellington in the interest manifested in this important matter.

The Rev. Mr. Millard then made a few remarks, after which the collection was taken up, and the meeting closed with devotional exercises, the Rev. Mr. Clarke pronouncing the benediction.

**MORNING SESSION.**  
Wednesday, May 29.  
The third session was opened at 9:30 a. m., with devotional exercises—the President in the chair. The Secretary read the minutes of the 1st and second sessions, which, after a few alterations had been made, were adopted.

The subject of address for the third session, "Teacher Training," was then taken up, the Rev. E. Barker leading in a few remarks, but owing to illness was unable to proceed. The Rev. Mr. Middlemiss followed, and read a most instructive and highly interesting paper.

The President announced that the Rev. Mr. Dobbin was present, and requested the Rev. gentleman to take part in the proceedings.

A hymn was then sung, after which the Rev. Mr. Mackie addressed the meeting. The Rev. Dr. Hogg said that it was necessary for a teacher to come properly prepared to his class. He had known a teacher to go to his class with a Barnes' Commentary in his hand to teach, not having prepared his lesson. The class expected to derive some good, but got none. He recommended every teacher always to prepare himself.

The Rev. Mr. McGuire next addressed the meeting on the desirability of securing converted teachers.

The Rev. Mr. Millard followed, and said he thought it was necessary to have only converted teachers; that he would rather see the whole school in one class, and a converted man to teach, than divided up into classes with unconverted teachers.

Rev. Mr. Torrance said it would be difficult to draw a dividing line between converted and unconverted. There were parties who had not made a profession of religion, still they were not objectionable. It was the minister's duty to train his Bible Class for the teachers calling. He suggested that the minister should meet his teachers once a week at least.

Rev. Mr. Clarke said that in his school there were teachers and assistants, the latter of whom had not yet made a profession of religion, still he did not consider this an objection to their assisting.

Dr. McGuire and Mr. Archer followed and took the same ground as Mr. Millard. The chairman decided that the result of the discussion was in favor of the desirability of having none but converted teachers.

Rev. Mr. Clarke then introduced the scheme of hymn scroll music with illustrations which was favourably received.

The benediction was then pronounced by the President, and the Convention stood adjourned till 2 p. m.

**AFTERNOON SESSION.**  
The 4th session was opened at 2.15, when the subject "Encouragements," was then taken up. Rev. Mr. Ball gave the opening address. Teachers are not to be discouraged if they do not see the immediate result of their work. It is sure to spring up some time, and although they may not see it others will. The teacher goes to his class knowing that God's word will not return to Him void. The teacher labors in the Sabbath School from the fact that God promises to accept of his services, and obtain the desired reward either in this life or in the life to come.

Rev. Mr. Wood followed, and said that we may not always be so successful as we desire, but if persons labor for success, God will grant it. Our reward will be safe.

Rev. Mr. Archer said that a little encouragement in ministerial work, as well as teaching, was much needed. We will have the satisfaction if we do our duty of hearing our Saviour say, "Well done, good and faithful servant, enter into the joy of your Lord."

Rev. Mr. Millard said it was our business to do the best work we can, and leave the results to him. It was satisfied that if he had had success, it was in the Sabbath School.

Rev. Mr. Brown, Messrs. Martin and Ackland then gave short addresses.

Rev. Mr. Dobbin, New York State, next addressed the meeting in a very able manner.

Rev. Mr. Millard was then called upon to give a short account of his visit to the National Convention held at Indianapolis. His account was extremely interesting and listened to with much pleasure by all present.

At this stage the Re-Relation Committee presented their first report. Rev. Mr. Torrance moved that the report be accepted, and that the resolutions be voted upon separately. Carried.

The resolutions were then taken up, discussed upon and received as follows:

1. That in view of the interest, instruction and stimulus to good in Sabbath School work Conventions are calculated to induce, these County Conventions deserve to be better sustained, and that it is desirable their claims and beneficial effects be urged more generally on the attention of all engaged in this department of Christian effort.

2. This Convention resolves that in its judgment the proper place for Sabbath Schools is to assist parents in the spiritual training of their children, and Ministers of the Gospel in their pastoral visitations, and that children of parents who make no profession of religion should receive special attention. It is further resolved that Sabbath Schools should aim at imparting an adequate knowledge of the Scriptures, and that their highest object should be the conversion to God of the children placed under their care.

3. This Convention resolves that it is eminently desirable that all teachers of Sabbath Schools should give credible evidence of their own conversion to God; that the teachers should be taught how to teach by the Superintendent of Union Schools, and by the Minister and Superintendent of Denominational Schools, and that all teachers should carefully prepare the lessons before teaching their classes.

4. Resolved, That the history of Sabbath School work in all lands is replete with encouragement, inasmuch as while in all Christian labour there is profit this is especially fruitful of good.

Resolved, That this Convention commends the plan of scroll music, exhibited and explained by Rev. W. F. Clarke, as well worthy the adoption in every Sabbath school.

After a few remarks on the subject of missionary teachers, the President pronounced the benediction, and the Convention stood adjourned till 7 p. m.

**EVENING SESSION.**  
The fifth and last session was convened at 7.30 p. m. Rev. J. B. Mullan in the chair. The attendance was not so large as the importance of the meeting deserved. After devotional exercises, the question packet was examined and discussed by Rev. Messrs. Millard and Mackie.

The subject for discussion was the introduced, viz. "How shall the Sabbath School Teacher most effectually accomplish his work?" Rev. Mr. Mullan, in the absence of Rev. E. B. Harper, leading. He remarked that in order to be successful the teacher must be impressed with the profoundness and importance of the work in which he is engaged, that he may be able to give to his scholars that which he himself feels that they are engaged in a great work—and what work was more noble than bringing children to Christ. Enthusiasm was also a great asset to the Sabbath Schools, for without it the great impelling power of the school machinery was lacking.

After singing a hymn, Rev. R. Torrance continued the debate in a short address. He considered that the work of the teacher was similar with that of the pastor, and the responsibility was as great. The teacher should be prayerful, careful in his preparation of the tasks, plain in his language, he should display earnestness and attention, he should make himself acquainted with the spiritual condition of his pupils, and lastly he should commit all he had done to God.

Rev. Mr. Clarke asked leave to deviate from the order of the programme, and short addresses followed from some of the members of the Association, who made many excellent suggestions tending to assist the teacher in his work.

After singing another hymn, Rev. Mr. Millard made some excellent suggestions with regard to the better working of the Association, and the securing of greater influence and importance. He requested that every endeavor be made to make this County a precedent, by taking the initiative. He displayed a map prepared by a Sabbath School Association of one of the States of America, covered with stars, each star indicating a Sabbath School, and he hoped that this Association might have a map that would be as well covered as that one.

A collection was then taken up, and

Rev. Mr. Dobbin, of New York, was introduced, who made a few remarks on the desirability of securing the assistance of the ladies in the Sabbath School work. Their influence over children was undeniable, as they seem naturally constituted for the work of training the young mind. Their presence at the Convention would have a pleasing and salutary effect, and he desired the ladies to consider the matter, and endeavor to encourage the work as they only knew how.

**Notice to Advertisers.**

The Circulation of THE MERCURY is guaranteed to be three times larger than any paper published in Guelph.

**THE DERBY.**

**"Crenorne" wins the Race.**

London, May 29. The annual Derby, which has been the chief topic in sporting circles during the past few weeks, came off to-day over the usual course at Epsom Downs, in the presence of an immense multitude of spectators. The betting, as the hour for the start neared, became excited—heavy odds being offered on "Crenorne" the favorite. Finally every thing being in readiness the command was given, and away they dashed like a whirlwind, amidst immense cheering. The excitement became intense when it was observed that "Crenorne" was steadily distancing his competitors. Enormous odds were now offered on the favorite, but found no takers. As the close of the contest neared it became evident to all that "Crenorne" must win, and a minute later when, covered with foam, he dashed past the Judge's stand and gained the race, one tremendous shout greeted the result. The dash throughout was close and exciting. A brother to "Flurry" came in a good second, and "Queen's Messenger" third. The fortunatide of "Crenorne" was the recipient of a perfect ovation from the backers of that favorite, and at the conclusion of the race was instantly seized and borne off the course on the shoulders of his admirers.

**Victoria College.**

The annual convocation of this College was held on Tuesday. The gathering this year was unusually large. Twenty-five degrees in Arts were conferred, forty-four in Medicine, and two in Law. Mr. C. J. Harper, son of Rev. E. B. Harper, Wesleyan Minister of Guelph, was one of those on whom was conferred the degree of B. A. Among others on whom the degree of L. L. D. was conferred was Rev. W. M. Pughson. At the close of the proceedings President Nellis expressed his strong confidence in the growing usefulness and future prosperity of the College. The attendance during the year had been large, and the present graduating class would reflect credit upon any university. The dark days of struggle and financial embarrassment, were passing away, \$90,000 had already been subscribed toward the Endowment Fund. He trusted that Victoria would ever hold her place among the honored Colleges of our vast and rapidly growing Dominion. The convocation was held in the evening, and was a grand success.

**POLICE COURT.**

Before T. W. Saunders Esq., P. M.

May 30. James Penleton was charged with infringement of the By-law in purchasing a load of potatoes before ten o'clock. Adjourned till to-morrow.

Joseph Crinklan was brought up on the charge of assisting in the stealing a horse and set of double harness from Thos. High, of the Township of Egremont, on the 26th. The owner came to Guelph yesterday, informed Chief Constable Kelly of the theft, who arrested Crinklan. He was sent up to the County of Grey for examination.

Thirty-two cases of small pox in Montreal last week, mostly infants. Forty thousand men are on strike in New York at present.

The Princess Alexandria is becoming deaf fast.

Mr. Spurgeon has been urged to become a candidate for Lambeth at the next Parliamentary election.

Between 80 and 90 men were at work in L. D. Sawyer's agricultural works, Hamilton, on Wednesday.

Queen Victoria and the Princess of Wales don't wear chignons now. Madame Thiers is said to dislike them worse than false hair.

**BY TELEGRAPH**

**THIS MORNING'S DESPATCHES**

**Stoppage of Work in a Coal Mine.**

**A Tornado in the West.**

**Another Hitch in the Treaty Negotiations.**

Seranton, Pa., May 29.—Two mines of the Delaware & Hudson Co. have suspended operations in order to reduce the production of coal. The two mines throw out of employment about seven hundred men and boys, and decrease the productions of the company three thousand tons per day.

Chicago, May 29.—A fearful tornado passed over the town of Crete, Nebraska, this morning, demolishing several houses; reported two persons killed.

Washington, May 30.—1 a. m.—The weather probabilities are as follows:—The area of cloud and rain over Michigan will extend eastward over the northern portion of the middle States; increased cloudiness with westerly to southerly winds and possibly threatening weather will prevail over the Atlantic States and over the Gulf States with southerly winds; rising barometer northerly to westerly winds and clearing weather extend south-eastward over the upper Lake region and the Ohio Valley and the lower Lake region; dangerous winds not anticipated.

New York, May 30.—The Herald's special from Washington says:—While the President was at his room at the capital this morning, he showed despatches which have been received by the State Department since the adoption of the Supplemental Article, to a number of leading Republican Senators. These despatches are three in number. The first is a telegram from Schenck to Fish, which was received on Tuesday morning, and is to the effect that the British Government is dissatisfied with the changes the Senate made in the proposed Supplemental Article, that neither the reason nor the effect of the change was understood by them, and that they much preferred the Article should stand as it was originally proposed by Earl Granville. Hope is expressed that the United States will consent to it as a fair adjustment of the differences arising out of the conflicting constructions placed upon the Treaty, especially as it would be impossible to accept the Senate's substitute which is now conceded to be a much broader instrument, so far as our side of the case is concerned, than was at first believed. To this Fish replies on Tuesday afternoon that the recommendation of the Senate was conclusive and that the President would not propose or consent to the slightest change. The third despatch was received late last night. It was from Schenck to Fish and was to the effect that the British Government was still unable to understand the intent and meaning of the new Article as it had been amended by the Senate and insisted upon a full explanation of the changes; without this our Government was given to understand its acceptance would be impossible. To-day there were long conferences between Secretary Fish and Sir Edward Thornton. Fish assured Thornton that the Senate's resolution was the ultimatum of the United States and present session of Congress limit of time in which the fate of the Treaty is to be decided. The Secretary further informed the British Minister that any further obstinacy of the British Government could only be regarded by us as indifference to the fate of the Treaty or desire to see it fail. In consequence of these despatches and the conference between Fish and Thornton a despatch was sent to Schenck this afternoon to be communicated to Granville.

James Gordon Bennett is in a very dangerous condition. Sacrament for the dying was administered to him yesterday, and his son and daughter who are in Europe have been telegraphed for.
