FRIDAY, MARCH 16, 1923

NOTE AND COMMENT

A New York woman has died leaving an estate of \$80,000, every dollar of it having been accumulated a cent at a time, by selling newspapers in the street, and then wisely investing. We doubt if any man could have done it.

Joseph Archambault, Liberal of Chambly-Vercheres, has given notice of a motion in the House favoring increase in income tax exemption for each child from \$300 to \$500 and exempting altogether the father of five children under eighteen years of age, who has an income less than thousand dollars.

B. F. Haanel, of the mines department at Ottawa and member of the Canada fuel board, warns Canadians that this country is soon to be faced with a permanent fuel shortage. The visible supply of anthracite coal will last only 80 to 100 years and America's visible oil supply will last only 25 years.

Guelph Herald: Builders and trades men of various sorts are lamenting the lack of qualified apprentices. There was no doubt merit in the old apprenticeship system of our forefathers, and labor made a decided mistake when it cut the number of apprentices down to the material level that it has done.

The amendment to the United States income tax act, cutting the eight per cent rate charged Canadian citizens, who live in the border cities and work in Detroit, square in two and adding \$400 for each dependant to the \$1,000 exemption allowed under the law which governed the taxable year of 1921 has now become a law.

The Financial Post points out that when John Wanamaker, some years ago, withdrew his advertising from free-distribution mediums it was because these had no fundamental reader interest. This was the finding after a deep study of the subject. It was the conviction that the man who subscribed for a newspaper or other publication expected to find advertising in it and valued it as in the light of an investment, as something he had appreciated sufficiently to pay for.

St. Catharines Standard: Coupled with almost daily boosts in the price of sugar, comes the news that last year's crop in the Hawaiian Islands was the largest in eight years. Production for the year was placed at 1,184,000,000 pounds, or 13 per cent more than last year. It begins to look as though present prices are due for a drop. In that case the wisest plan for the consumer is to buy just enough for present needs. Nobody ever succeeded in cornering a commodity market.

Vancouver Sun: Newspapers blazon the fact that Fred Stone, eminent comedian, has been converted to Christianity. Is there anything so remarkable in a conversion to Christ? Is there so few conversions nowadays that Fred Stone's action should make front page reading on a hundred newspapers? If this is the state of mind of the public today there is something vitally wrong. When a Christian conversion is heralded as an exception rather than a matter of course, faith in the church would seem to have ebbed very low.

The Provincial health department has ordered that hereafter houses where there are patients with chicken-pox or whooping cough must be placarded. No milk container from any house under quarantine shall be returned to any dairy or milk vendor. The isolation period for the victim of scarlet fever or whooping cough has been reduced. The scarlet fever patient need only be isolated for five weeks from the appearance of the rash, instead of six weeks from the onset of the disease. Isolation from whooping cough is to be for three weeks from the commencement of whooping cough instead of six weeks.

Everyone reads the "Guide-Advocate Want Column" on page 4.

ITEMS FROM FAR AND NEAR

Some Wise, Some Otherwise
Some Newsy, All Readable.

Somebody says that the styles of 1840 are coming back. If they will bring the prices of that period along, let them come, hoopskirts and all.

233 miles an hour is the pace set by French aviators. For the fellow who is always behind at his job, one of those aeroplanes would be a great possession if the stock of ketchup ran shy.

A motion urging upon the Dominion parliament that instead of attempting to revise the bank act, a national banking system be done away with, has been adopted by the Russell County branch of the United Farmers of Ontario.

A West Virginia farmer, W. Marks was killed when kicked by a horse which he acquired in a trade with another farmer. Now the man from whom he got the horse is held on a murder indictment, because he failed to warn Marks the horse was dangerous.

The mother took her baby to be christened. The clergyman, who knew her personally, dipped his pen in the ink and prepared to fill in the necessary papers. When he came to the space reserved for the date, he said genially: "Let me see—this is the eighth, isn't it?" "Certainly not!" said the indignant mother. "We've only been married three years."

The practice of preaching for a "call" has already been abolished among Presbyterians in large section of Western Canada. The Synod of Manitoba last year authorized the establishment of the first ministers settlement committee in Canada. Up to the present eighteen ministers have been appointed to Union churches through this committee.

Speaking in Stratford the other night, Rev. Bishop Fallon said: "There were many young men and women in colleges today who should be plowing and running washing machines. It were better to be able to plow a straight furrow than to make bad use of a college education. He scored the thoughtless young woman of today who did not want to be cooks and were content to allow their mothers to slave over cook stoves while they wore kid gloves." —Bishop Fallon is not very far astray.

Slat's Diary

By Ross Farquhar

Friday—I got good and even with Jane today. I rung her up on the telephone and when she answered and sat who was it talking and I sed This is the fellow witch you sed the other day was the nicest boy in town. And she kinda smiled over the fone and sed Why hello Ted I am very pleased to have you call me up. So the way I got even with her I sed O you make me sick and I hung up the fone. I diddnt try to go & smooth things over. You wont never ketch me kissing the hand that bit me.

Saturday—Mrs. Lute pored hot boiling water on George Fosters dog today and it made George hoping mad for he thinks a lot of his dog and he went down to her house and sed she had got to appologise or he wood have her a rested. She sed she wood appologise because she never intended to pore water on the dog but she made a mistake and thot it was her husband.

Sunday—The preacher at are church got his tung mixed up today. Walter Burns had cum home from N. Y. and he is a good singer and ect. and the preacher got up and give out that there was a treet in store for us today as Mister Singer was a going to Burn for us.

Monday—Mrs. Gillem told ma and pa including me to cum over after are supper so we got redy and went over after it but they had all redy went and eat there supper and we was out of Luck.

Tuesday—Elsie says sum funny things sum times. Today I was a telling her that I had a Uncle witch cud by all the facktrys in the state and still have enuff left yet to by a ice cream parlor and she sed. O yure crazy. And I sed I can prove it. And she sed You don't need to prove it. and then walked on away.

Wednesday—I am getting to be pritty close mouthed here of lately Today Jane ast me what did I get in a avrage on my monthly report Card. But as I diddnt no weather she was looking for information or amusement I just seeled my lips and walked away like a Clam. I will show that yung lady sum stunts before it is all over with.

The mother of 20 children at the age of 37 years, Mrs. Homer McMann, of Bellburn, Greenbier County, Friday, was making a valiant fight for life, while at her side nestled four baby boys born the day before. Each of the quartette weighed five and one quarter pounds at birth, and all will probably live, the attending physician stated. Grave fears, however, are entertained for the recovery of the mother.

Hon. Mr. Raney, through his deputy, has asked the Ottawa authorities for an amendment that would prohibit the publication of racing tips, odds selections and other information of this character. Sir Lomer Gouin, minister of justice, has assured the Commons that he was willing to incorporate the substance of Mr. Raney's suggestions in legislation that he would recommend to his colleagues for adoption as a government measure.

Provincial election in Ontario will be on the program in 1923. The ladies will be at the polls and in large numbers. Now is the time to read up and study the situation, figuring out who are the statesmen seeking the honors and the time servers who are looking for office only. There are big questions, affecting the home and the community, that must not be lost sight of in mistaken zeal to support a candidate because he is lined up with some particular party. There are some M.P.P.'s who should be left at home whose record shows want of backbone and indifference to the best interests of Ontario, and there are also others with too much backbone, who will satisfy many by staying at home.

The Oil of the People.—Many oils have come and gone, but Dr. Thomas' Electric Oil continues to maintain its position and increase its sphere of usefulness each year. Its sterling qualities have brought it to the front and kept it there, and it can truly be called the oil of the people. Thousands have benefited by it and would use no other preparation.

Read the Want Ads on Page Four.

Farmers' Plans

Many progressive farmers consult their banker when making plans. The Sterling Bank has money to lend to those farmers who need additional funds for the sound extensions of their farming operations.

THE STERLING BANK
OF CANADA

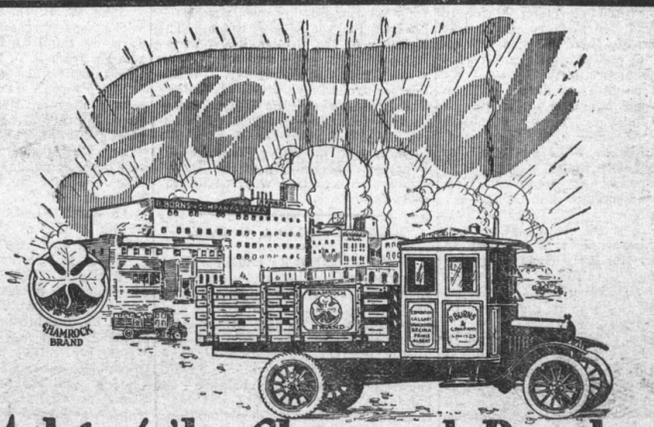

SAVE ~ Because

ORIGINATION OF "LAMB AND LION" SAYING

The old Andalusian superstition concerning the lion and the lamb tells of a shepherd who promised March a lamb if he would favor the flock with propitious weather. March agreed and conscientiously acted up to his part of the agreement, but just before the end of the month, he asked for the lamb and the shepherd thinking only three more days of March's reign were left and little damage could be done to his flock at that time, refused to give the lamb. "You won't give me my right, won't you?" said March, "then in the three days I have left, all your sheep shall die," and accordingly such fearful weather, including roaring winds, ensued, that all the shepherd's flock perished.

ACTS ON SCALP AS FERTILIZER ACTS ON SOIL

The complete treatment of Seven Sutherland Sisters (three packages in one carton) contains a new discovery—Hair Fertilizer. It is just what we call it, a hair food or fertilizer. It nourishes the hair just as our food nourish the body and is applied before retiring at night. The hair grower kills the microbe which causes baldness and falling hair. It positively removes dandruff, is an elegant dressing and a wonderful stimulant for the growth of hair and is applied in the morning. The Scalp Cleaner is a delightful shampoo, it keeps the scalp clean and healthy leaving the hair soft and glossy. Ask for 7 Sutherland Sisters' Complete treatment—three packages in one carton. Price \$1.00 at Siddall's Drug Company, Watford.

Making the Shamrock Popular—

THE trade-mark of P. Burns & Co. Limited, Calgary, Alberta, appears on 32 Ford Trucks.

The Popularity of the "Shamrock Brand" has been established, and is being maintained throughout Western Canada by rapid and dependable delivery through the aid of Ford Trucks.

The Ford Truck has accomplished big things for hundreds of large Canadian firms.

The same economical and dependable service can be applied with equal effectiveness to smaller firms by the use of a Ford Truck.

Your order placed to-day will assure you one at the present low-record price. The one-ton truck chassis sells for \$495 f. o. b. Ford, Ont. Government taxes extra. Standard truck bodies are available at low prices.

You can buy on time.
See your Ford Dealer at once.

**Ontario Gov't
 Livestock Train**

Will be at Petrolia and Alvinston on
 March 22nd.

Great enthusiasm is being shown
 by breeders and farmers throughout
 the Province in the Better Live Stock
 Train which is touring Ontario and
 which will be in Petrolia at 9 a.m.
 until noon on Thursday, March 22nd,
 and at Alvinston the same day from
 2 to 10 p.m. This tour is made possi-
 ble by the co-operation of the rail-
 ways with the Ontario and Dominion
 Departments of Agriculture. Seven
 cars of this train are given exclusiv-
 ly to cattle. Steers representing the
 market grades both for home and
 Old Country trade are being carried.
 The result as shown in the steers
 themselves is simply remarkable. All
 these steers from the good pure bred
 bull and from the ordinary bull,
 were out of as nearly as possible,
 grade cows of average merit. Each
 group of steers received the same
 care and feed. The difference in re-
 sult is so striking that the worth of
 the good bull is proven beyond all
 doubt.

Five carloads of pure bred bulls,
 representing all the breeds commonly
 found in Ontario, are being carried
 for sale. These bulls have been speci-
 ally selected and represent the best
 of breeding and conformation. All
 bulls will have successfully passed
 the tuberculin test and are guaran-
 teed breeders. Here is a real oppor-
 tunity for intending purchasers of
 bulls. All bulls will be sold at actual
 cost. Several committees have al-
 ready reported that they are waiting
 for the train in order to purchase a
 bull. In some instances, farmers are
 arranging with one another to form
 a syndicate in purchasing a good
 bull. Capable men will be in charge
 of these bulls to explain the pedi-
 grees of breeding and assist farmers
 in selecting bulls to suit their re-
 quirements.

MRS. JOHN W. ANDERSON

The death of Julia Teresa Calla-
 han, beloved wife of John Anderson,
 Queen street, occurred on Monday,
 in her 63rd year. Deceased had been
 a sufferer from heart trouble for the
 past eight years and just prior to her
 death had shown symptoms of pneu-
 monia. Deceased was born in Adel-
 side village and was married to her
 bereaved husband, John W. Ander-
 son, in 1889. The young couple re-
 sided in Simcoe for twenty-two years
 and took up their residence in Wat-
 ford, where they remained for four
 years, in 1911. Prior to coming to
 Petrolia two years ago they resided
 on a farm adjoining Wyoming for
 six years. Besides her husband de-
 ceased is survived by her aged moth-
 er, Mrs. Catherine Callahan, who is
 83 years of age and resides in Pet-
 roleia with her daughter, Mrs. W.
 Wilson, Crescent Park, five brothers
 Wm. of 10th line; Terence, in Ade-
 laide; Thomas and James in Wat-
 ford; Francis in Duluth; and six sis-
 ters, Mrs. E. Sicles, Flint, Mich.;
 Mrs. J. Getty, Duluth, Minn.; Miss
 Lucy Callahan, Detroit; N. J.
 Welch, London road; Mrs. W. Wilson
 Petrolia, and Mrs. Jos. Johnston, De-
 troit. The funeral was held in Mon-
 day morning, Rev. Fr. Campeau con-
 ducting service in St. Philip's church.
 Interment was made in Mt. Calvary
 cemetery, Wyoming, the pallbearers
 being Messrs. John Hoban, D. Mc-
 Lachlan, R. Brooks, A. A. Bedard,
 John Kelly and Thos. Eady. Mrs.
 Johnston of Detroit, Mrs. Sicles, of
 Flint, Mich.; and Mrs. J. and Mrs.
 W. Getty of Duluth attended the
 funeral.—Petrolia Topic.

DEATH OF MRS. ROY JARDINE

The sad and unexpected death oc-
 curred on Sunday morning last, when
 Mrs. Roy Jardine, 6th line, Plym-
 pton, passed away, five days after
 the birth of a little daughter. She
 was Clara Mae Alexander, daughter of
 Mr. and Mrs. W. J. Alexander, of
 Enniskillen, and was married to Mr.
 Jardine in October, 1916. Besides her
 husband she is survived by a daugh-
 ter, Dora, aged five, and the infant
 daughter. There are also surviving
 her parents, one brother, William, in
 Enniskillen, and three sisters, viz.,
 Mrs. Eva Richmond and Mrs. Joseph
 Fisher of Moore, and Miss Rheta
 Alexander, at home in Enniskillen.
 Mrs. Richmond's husband died two
 weeks ago. The funeral of Mrs. Jar-
 dine took place to Wyoming on Tues-
 day afternoon and was largely at-
 tended. The service was conducted
 by Rev. J. C. Robinson, and the bear-
 ers were: Bert and Geo. Dewar, Roy
 Fisher, Barrett Forbes, Arch. Mc-
 Lachlan and Frank Vance. Mrs. Jar-
 dine was well known throughout the
 district, having taught the Fisher
 school three years and the Warwick
 Village school one year. The bereav-
 ed ones have the sympathy of a
 large circle of friends.

FIELD CROP EXPERIMENTS

Interesting New Varieties

The co-operative experiments with
 Farm Crops in 1923 include not only
 the well known classes of farm crops
 but also new introductions which
 have been tested at the College but
 which are as yet little known
 throughout Ontario, such as, Hubam
 Sweet Clover, Sun Grass, Soy
 Beans, Hairy Vetches, Field Cow
 Cabbage, Grimm Alfalfa, Rough
 Buckwheat, Sugar Mangels, Gold
 Nugget Corn, and Fodder Sun-
 flowers. The co-operative work for
 this year comprises the testing of:

Number	Crops	Plots
1	Three varieties of oats	3
2	O.A.C.No.21 Barley & Emmer	2
3	Two varieties Hulless Barley	2
4	Two varieties Spring Wheat	2
5	Two varieties Buckwheat	2
6	Three varieties Field Peas	3
7	Two varieties of Spring Rye	2
8	Three varieties of Soy, Soja, or Japanese Beans	3
9	8 varieties of Flint and Dent Husking oCrn	8
10	Two varieties of Mangels	2
11	Two varieties Sugar Mangels	2
12	3 varieties of Swedish Turnips	3
13	Two varieties of Fall Turnips	2
14	Two varieties of Carrots	2
15	The planting of orn at six dis- tances in the row	6
16	Sudan Grass and two varieties of Millet	3
17	Sunflower, Sorghum and Corn for Fodder	3
18	Grass Peas and two varieties of Vetches	3
19	Rape, Kale and Field Cabbage	3
20	Two varieties of Biennial White Sweet Clover	2
21	Two varieties of Alfalfa	2
22	Unhulled, hulled and scarified Sweet Clover Seed	3
23	Three varieties of Field Beans	3
24	Sweet Corn for table use from different dates of planting	3
25	Low and High grade Fertilizers and Manure with Oats and Red Clover	4
26	Different quantities of Lime with Sweet Clover	4
29	Three grain mixtures for grain production	3
30	Three grain mixtures for Pod- der production	3
31	Hubam Sweet Clover at the	

rate of one pound and four
 pounds per acre in rows for
 seed production 3
 32 Hubam Sweet Clover when cut
 at 3 different stages of
 growth for green fodder
 and for Hay 3
 33 2 varieties of Hubam Sweet
 Clover for Green Fodder
 and for Hay 2
 34 Hubam, Biennial White, and
 Biennial Yellow Sweet Clover
 for Green Fodder and for Hay 3
 35 Hubam, Biennial White, and
 Biennial Yellow Sweet Clover
 by sowing alone in late June
 or early July for Clover Crops. 3

For Experiment No. 26 the Experi-
 mental Union will furnish the Sweet
 Clover Seed, and the Experimenter
 the Lime, as required.

Any person in Ontario who grows
 field crops may apply for any ONE
 of the experiments for 1923. Each
 applicant should make a second
 choice, as the material for the first
 choice might be exhausted before the
 application is received. The material
 will be forwarded in the order in
 which the applications are received
 while the supply lasts. No charge is
 made for the experimental material,
 and the produce becomes the prop-
 erty of the experimenter. A report is
 requested after harvest. Each person
 applying should carefully write his
 NAME, ADDRESS and COUNTY.

ALVINSTON

Mr. Thomas Allison spent Tuesday in St. Thomas. Livingston is visiting with relatives in Detroit. Miss Corine Howe spent the week end at her home in Lawrence. Miss Ruby Lucas spent the week end at her home in Sutorville. Miss Blanche Snell of Delhi spent the weekend at her home here. Mr. George Mitchell has returned home after visiting with relatives in Brantford. Mr. Hugh Leitch of Courtright, spent the weekend at the home of his sister, Mrs. Dauphin. Messrs. Charles, Robert and Wesley McCarter of Brooke, and Mrs. Wall of Thamesville left on Wednesday for Chippewa to attend the funeral of their brother-in-law, the late George Lund.

Those who attended the funeral of the late Mrs. Richard Ansley from a distance were Mrs. Mary Foster Macgregor, Michigan; Miss Dinah Foster, Detroit; Mr. Caesar McLeod, London; Mr. and Mrs. John Beavers, St. Marys; Mr. John Curry, Flint, Mich.; Mr. and Mrs. Robert Campbell, Sarnia; Mr. Albert Starks, Brigidon; Mr. and Mrs. John Douglas, Petrolea. The regular meeting of the Women's Institute was held at the home of Mrs. Joseph Grooms on Wednesday afternoon. The meeting opened with the singing of 'The Maple Leaf' After the business part of the meeting the roll call was answered with humorous stories, when a large attendance was recorded. At the close of the meeting a dainty lunch was served by the hostess.

There passed away at the home of her son, Mark, River street, Alvinston, March 5th, an old and highly esteemed resident, formerly of Brooke township, in the person of Mrs. Martha Jane Ansley, widow of the late Richard Ansley who predeceased her eleven years ago. The deceased was in her 81st year and was a resident of Brooke township until

about three years ago when she moved to Alvinston with her son Mark and daughter Bella. She was of a quiet home-loving disposition, an ideal mother, and a kind and loyal friend, a life-long member of the Methodist church. She leaves to mourn her loss one son and three daughters, Mark and Bella at home and Mrs. Peter Growder and Mrs. Walter Douglas, Alvinston, and two grandchildren, also one brother, Isaac Curry, Flint, Mich.; and one sister, Mrs. Mary Foster, Macgregor, Mich. The funeral was held on Wednesday afternoon at two o'clock, service being held at the house by Rev. Mr. Snell. The pallbearers were Jno. Curry, Caesar McLeod, Robert Campbell, Albert Starks, John Beavers and John Douglas.

B. & E. TOWNLINE

Born to Mr. and Mrs. George Howlett on March 12th, a daughter.

Mr. and Mrs. W. Watson spent Sunday with Mr. and Mrs. Jas. Whitehead.

Ladies silk Holeproof hose in camel, otter, black, navy and brown shades \$1.75 pair.—Swift's.

We are sorry to report that Mr. George O'Neil has been confined to his bed for the past week.

If your storage battery is "dead" are you stalled? Not if you have a Ford, the car with a magneto. Buy yours early.—Ray Morningstar. d23

Mr. and Mrs. Sawyer O'Hara and children and Mr. and Mrs. R. Geff and daughter Arlie, spent Sunday at the home of Mr. and Mrs. Steva O'Hara.

Easter Shirts, collar to match.—Swift's.

While cutting feed on Monday Mr. John Stonehouse got his arm caught in the gear wheel of the cutting box tearing his arm and cutting his wrist. Dr. Smith dressed the wound and put three stitches in his wrist.

The young people of Alvinston put on a play entitled "All a Mistake" in the Masonic hall on Thursday evening which was well attended and enjoyed by all present.

The Daily Argosy, Demerara.

Among the visitors to the colony by the R. M. S. Chaudiere which arrived on Sunday is Mr. W. R. Dawson, who has been nominated by the Conservative party for the representation of the Riding of East Lambton in the Province of Ontario, Canada, at the coming general elections. Accompanied by his wife, Mr. Dawson is making the round trip from Halifax. In the course of an interview with a Daily Argosy representative yesterday, Mr. Dawson said that this was his first visit to the colony and he was making the trip almost for pleasure. He proposed however to make enquires into the diamond industry of the colony with a view of seeing what could be done in that direction. He was very much impressed with the city and he thought the country was very beautiful to look at. Mr. Dawson also expressed himself as being in favor of closer trade relations between Canada and these parts which he thought would be of advantage to both sides.

THE QUEBEC DOG DERBY

(1) Winning team of Quebec Dog Derby.—(2) Spectators at the course.—(3) Jean Lebell, the winner, receives the prize from Mayor Samson.

THE racing of dog teams in sleighs is probably not an ancient form of sport, and more probably still, it is a sport that came first into being in our own country. It is pretty sure that prehistoric man had his friendly dogs to help him run down his game and warn him of the approach of enemies and perhaps served some small purpose as a beast of burden. Modern days have seen dogs hauling carts through the streets of European towns and when the white man first came to Canada the Indians of the plains harnessed him as they did their horses to a couple of poles on which were placed articles they wished to convey from one camp to another. In the Arctic the sleigh was the natural form of vehicle and the development of the "Huskie" from the wolf was the natural form of evolution. The dog performed a great work in the opening up of the North to civilization. Travel and trade depended entirely upon him and he did his work well. The natural instinct of the white man towards sport could only result in the development of dog team racing and the interest in the sport has spread until no winter carnival in Canada or the Northern States is complete without at least one dog race.

The Eastern International Dog Derby held in the ancient city of Quebec recently was a curious instance of the fascination this sport has for all kinds and conditions of men. Never since the days of the war were there gathered on the streets of that city such crowds as were there to see the dogs start and finish, and the dramatic incidents of the race were followed by crowds around the bulletin boards of the city as reports came in by telephone from various points along the route of the race. The race was run in three heats, the distance averaging 43 miles on each day which was by no means a hard day's work for the dogs. The total distance run was 131 miles and the running time taken by the winning team was 15.50 hours. The race was won by Jean Lebell and his five dogs, a team belonging to the Brown Corporation of Quebec, and one that earns its livelihood by carrying mails and supplies into the companies northern camps. That is the bare story of the race, easily enough told, but it is not so easy to tell of the tremendous interest taken in the race by the people of Quebec and the hundreds of visitors who had come from all over Canada and the United States to witness it. The Grande Allée, Quebec's show street, was every day lined with thousands of people to see the dogs start and finish, and if half the promises made are lived up to, another year will see hundreds of dog teams owned and trained by Quebec's citizens, purely for the love of the game. Jean Lebell, the winner, had undoubtedly the best team for that kind of a race. Only one term could exactly describe them—they were mongrels, and there's much to be said for the mongrel if the breeds that make up his varied parentage are of the right sort. Jean Lebell's dogs were largely Great Danes, but here and there, there seemed to be a touch of the hound or even of the greyhound in them, and that may account for their speed. The one United States entry in the race was a magnificent team of huskies that owned Labrador as their original home. They were beautiful dogs, but they were not in good shape, or perhaps the story of the race might have been different.

On each one of the three racing days the dogs came from the stables fresh and eager for the run. They set out on the course at ten minute intervals, and as each team was given from the starting point it was given a splendid send-off. The finishes were much more exciting, and that of the last day was particularly so. On the first two days Lebell had finished first, although others of the eight competing teams had started ahead of him. On the final heat he started last, and would have finished first but for an unfortunate accident. Another Brown Corporation team, driven by Jim Skeene was the first to appear. It had started second, but passed the first early in the race, and Lebell followed about one minute behind. All through the series Lebell had saved his dogs by taking them out of the harness alternately and giving them a rest in the sleigh. He had made a bet that he would for the third time be the first in the stable. When about four miles from the finish and going strong one of his dogs suffered a cut foot. There was hard going ahead if that bet was to be won, but Lebell never flinched. The dog came out of the harness, his foot was bound up and, wrapped in Lebell's coat, he finished the rest of the journey in the sleigh, and if ever a dog looked ashamed of himself as his comrades pulled to victory, that dog was the one. While Skeene beat Lebell to the finishing post, Lebell managed to get into the stable first, and so won his bet. Lebell is a French-Canadian with a fine war record. He and his dogs are inseparable chums, and when it comes to endurance, the man is about as good as the dogs. He finished the race running beside his team and doing a good share of the pulling on the sleigh. He is to-day the hero of Quebec and the \$1,000 prize and silver cup, which he won, is but a small part of the glory that fell to him.

Another international dog race is practically assured for Quebec next year. The Chateau Frontenac for this occasion housed a brilliant gathering of guests who were interested in the race, and some of these have announced that they will see that the United States is well represented.

MOTHER OF TWIN BOYS

Tells How Lydia E. Pinkham's Vegetable Compound Relieved Her of Inflammation and Great Weakness

West St. John, N. B.—"I was in a general run-down condition following the birth of my twin boys. I had a great deal of inflammation, with pains and weakness. Finally my doctor recommended Lydia E. Pinkham's Vegetable Compound. He said that your medicine would be the only thing to build me up. I am sure he is right, for I am feeling much better and am gaining in weight, having gone down to ninety-three pounds. I was in bed for over a month, but am up again now. I have recommended the Vegetable Compound to my friends and give you permission to use my letter."

—Mrs. Elmer A. Ritchie, 82 Rodney St., West St. John, N. B.

There are many women who find their household duties almost unbearable owing to some weakness or derangement. The trouble may be slight, yet cause such annoying symptoms as dragging pains, weakness and a run-down feeling.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for such conditions. It has in many cases relieved those symptoms by removing the cause of them. Mrs. Ritchie's experience is but one of many.

You might be interested in reading Mrs. Pinkham's Private Text-Book upon the "Ailments of Women." You can get a copy free by writing the Lydia E. Pinkham Medicine Co., Cobourg, Ontario.

When a mother detects from the writhing and fretting of a child that worms are troubling it, she can procure a reliable remedy in Miller's Worm Powders which will expel all worms from the system. They may cause vomiting, but this need cause no anxiety, because it is but a manifestation of their thorough work. No worms can long exist where these Powders are used.

Bylaw No. 5 on the Attwood drain was read the first and second time and provisionally adopted.

Chambers—Muma, that we now adjourn to meet on Monday, 16 April at one o'clock p.m. as a Court of Revision on the Higgins drain bylaw and on the Attwood drain bylaw and for general business.—Carried.

N. HERBERT, Clerk.

MARCH WEATHER

DAINGEROUS TO BABY

Our Canadian March weather—one day bright, but sloppy, the next blustery and cold—is extremely hard on children. Conditions make it necessary for the mothers to keep the little ones indoors. They are often confined to overheated, badly ventilated rooms and catch colds which rack their whole system. To guard against these colds and to keep the baby well till the better, brighter days come along, a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. The Tablets are a mild but thorough laxative which never fail to regulate the stomach and bowels and thus they relieve colds and simple fevers and keep the baby fit. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Mother Graves' Worm Exterminator will drive worms from the system without injury to the child, because its action, while fully effective is mild.

BROOKE COUNCIL

Alvinston, March 10th, 1923 Council met pursuant to adjournment. Members all present except Mr. McCabe. Minutes of former meeting read and on motion of Campbell and Loosmore were adopted.

Campbell—Johnston, that \$2.50 be paid to James McDougall, being refund of township rate on n pt lot 16, con. 5.—Carried.

Mr. E. F. Hustler, owner of 1/2 lot 8, con. 3, notified council that the Lamb drain on con. 3 was in very bad condition and requires to be cleaned and repaired where necessary, from the outlet west to about one rod west of the line between lots 7 and 8.

Loosmore—Campbell, that notice be entertained and A. S. Code, C.E., be requested to make an examination and if found out of repair, to submit a report, plan, profile and to make an estimate and assessment of lands and roads liable under "The Municipal Drainage Act."—Carried.

Petition received signed by John W. Darville and 34 others opposing any change in the Statute Labor System.—Carried.

Loosmore—Campbell, that a Bylaw be submitted to commute all Statute Labor in the Township of Brooke.

Moved an amendment by Johnston and Annett, that no action be taken in the matter. Laid over for the full Board to deal with.

Campbell—Johnston, that Lance Coristine be paid \$48.00 for three sheep killed by dogs.—Carried.

Campbell—Annett, that L. Lindsay be retained commissioner to complete the Watson drain.—Carried.

Auditors presented their report for 1922; receipts \$180104.11; Expenditures \$128460.24; Balance of receipts over expenditures \$51643.87.

Campbell—Loosmore, that report of Auditors be received and adopted and 300 copies printed for distribution.—Carried.

Brooke Municipal Telephone System asked that \$400 be advanced for telephone purposes. Granted on motion of Johnston and Annett.

Tender received from Mr. Wm. Taylor to repair the 9-10 sidewalk and Smith-Patterson drain, according to the plans and specifications for the sum of \$3032.50.

Loosmore—Campbell, that tender be accepted.—Carried.

Copies of bills No. 129, 130 and 132 to amend the Consolidated Municipal Act, 1922, was read.

Johnston—Loosmore, that this Council are opposed to amendments as proposed in said Bills and that a copy of this resolution be forwarded to L. W. Oke, M.P.P., requesting him to use his vote and influence for the purpose of defeating said Bills in the Legislature.—Carried.

Campbell—Johnston, that Council do now adjourn to meet in Inwood, on Saturday, the 7th day of April, 1923.—Carried.

W. J. Weed, Clerk

CHOP STUFF

James Adkin, an aged resident of Bothwell, who fell and fractured his hip two weeks ago, died Friday. Deceased, who had been blind for the past twenty years, was in his 88th year.

A prominent citizen of Ailsa Craig was brought before the Magistrate this week and fined \$50 for failing to file his income tax returns in 1921. The fine which can be levied in a case of this kind is \$25 a day.

Ailsa Craig and vicinity is at present in the clutches of an epidemic of sickness, influenza cases being in the majority. Hardly a house in the village but has one or more cases while in some others whole families are under the doctor's care.

The home of Findlay McDonald, Plympton, was destroyed by fire early Monday morning. He had risen and put some more wood in the furnace and returned to bed. He was awakened and just got out in time to save his life. The late John C. Brooks, formerly owned the farm.

Camiel Defauw, a Belgian from near Oil Springs, was fined \$50 and costs by Magistrate Woodrow in police court for failing to file his income return. John Baker of Petrolia was summoned to appear on the same charge. He proved he had sent his by registered mail and the case was dismissed.

The funeral took place at Wallaceburg, Tuesday, of John E. Gordon, who died in a London hospital. Deceased who was born in Wallaceburg in the year 1863, was the son of the late Aaron and Jane Steinhoff Craig Gordon, and brother of the late D. A. Gordon, ex-M.P. for West Kent. At the early age of 18 he was junior partner of the firm of Steinhoff and Gordon, lumber merchants, after which he moved to Dresden, where for nine years he operated a hoop and stave mill.

The annual election and installation of officers of the Bosanquet district Royal Scarlet Chapter took place in the Orange Hall, Forest, with the following results: W. C. in C. companion Robert Cape; E. C. in C., Frank Proctor; scribe, Henry O. Lane; treasurer, John Duncan; first lecturer, William Brander; second lecturer, George H. Goode; first conductor, Albert Hawkins; second conductor, Ed. Dobbie; sir herald, Alex Japp; outside herald, O. Gilmore. Wor. County Master Archie Dewar conducted the election and installation.

A very painful accident occurred at Petrolia Saturday when Mrs. W. Heaver was badly burnt on the face and arms. Mrs. Heaver, who is caretaker of the Methodist church, was attending to the furnace in the basement. A new burner had just been installed, which she lighted. She went out and returned, finding the gas out and the whole room affected. After opening the windows and doors to allow the gas to escape she again lit the fire, which exploded, burning her severely on face and hands. Medical aid was summoned and she was removed to her home.

John J. Johnson, 45 years old, employed as night inspector at the General Motors Corporation at Walkerville, died on his way home from work on a street car shortly 7 o'clock Friday morning. Fellow workmen who travelled in the car with Johnson state he apparently fell asleep soon after boarding the car at Walkerville. When they attempted to awaken him at London street and Ouelette avenue, where he usually transferred to the Sandwich car line Johnson was found to be dead. Heart disease is held as the cause of his death.

Geo. Glendenning, a former McKillop boy and a former Parkhill High School student, in company with a Mr. Foster, are credited with having discovered a very valuable gold mine on the shores of Lake Superior, Northern Ontario, according to the Financial Post of Toronto. Values are so varied or irregular that they say they hesitate to announce the results of samples. Most of the samples give values of a million per ton. Operations in this section will be watched with great interest. Mr. Glendenning was among those who were in New Ontario in the early days and he discovered a valuable silver mine at that time. He is a brother of Mrs. Eagleson of Parkhill.

Mr. Thos. Steadman, the veteran ex-reeve of Enniskillen, quietly observed his 81st birthday on Tuesday of last week. Many friends called on him during the day to offer their congratulations.

Death claimed a pioneer resident of Florence on Wednesday last in the person of Wellington Bobier. Deceased, who was in his 86th year, was a justice of the peace. He was predeceased by his wife several years ago.

Wm. Mitchell, a Detroit man, whose automobile ran down and killed H. E. Keyes, a highway employee, near Chatham several weeks ago, has been barred from the use of Ontario roads for two years by the provincial highways department.

A reception was held at the home of John Tull, Plympton, on Friday evening in honor of the marriage of his daughter, Miss Gladys, to Ray Farris of Detroit. Guests were there from Sarnia, Detroit, Petrolia and other places. All returned home well pleased with the evening's enjoyment after wishing the bride and groom a happy future life. Mr. and Mrs. R. Farris will reside in Detroit.

Norman Johnston, a well-known business man of the town of Essex, died Tuesday morning from injuries he received while working in the Naylor-Osborne planing mill Monday afternoon. He and Jack Naylor were ripping a board, when in some way it broke and flew from the saw with great force, one piece striking him on the back, breaking four of his ribs from the spine and puncturing one of his lungs.

What might have proved a very serious accident happened to James Rowe, Brinsley, on Wednesday, Feb. 21st, when he accidentally fell from the top beam in the barn to the floor. He escaped very well, with the exception of his right arm being broken at the elbow and a good shaking up. He was taken to Victoria hospital where he underwent an operation on his elbow.

A quiet wedding was solemnized at the Methodist parsonage, Wyoming, Tuesday afternoon, by Rev. J. Jones, when Miss Gladys M. Tull, of the 2nd line, Plympton, was united in marriage to Ray Beatty Fallis of Detroit. The bride was charming in a mole traveling suit with a hat of green viscose and wore a corsage bouquet of roses. After a short honeymoon, spent in the east Mr. and Mrs. Fallis will reside in Detroit.

On Tuesday March 6, the home of Mrs. James Stonehouse, Wyoming, was the scene of a very pleasing event, when her stepdaughter, Rosie was united in marriage to Mr. Frank Middleton of Saskatchewan. The contracting parties were well-known. Miss Stonehouse being a daughter of the late Mr. and Mrs. James Stonehouse and the groom the son of the late James and Mrs. Middleton of Wyoming.

While preparing to retire to his bed on Tuesday night, Wm. R. Dobie, aged 81 years, a well-known and esteemed retired farmer, fell down stairs at his home on the Moss and Elkfrid townline, near Strathburn, and was instantly killed. Dr. McIntyre, who was called, found that deceased had sustained a fracture and dislocation of the neck at the base of the skull.

During the summer months of 1922 Middlesex county constables summoned 500 automobile speeders for which they received fees totalling about \$1,250. The majority of convictions were obtained in Westminster township and were registered against automobile owners who were either in a hurry to reach Port Stanley or anxious to get home from the lakeside.

Mrs. Wm. Atkinson, a highly respected resident of Plympton Township, died on Thursday morning after an illness extending over three months. Deceased was born in the parish of Towie, Aberdeenshire, Scotland, in 1854 and was the daughter of James and Elizabeth Farquharson Kesson, who crossed the Atlantic from the old land with the Rev. J. Alexander while the deceased was a child in her teens. They first settled in Northumberland Co., then in Elgin County and afterwards came to Enniskillen where Mrs. Atkinson spent her life with her husband in the adjoining township of Plympton. She leaves to mourn her loss her husband, two sons, Wm. and John of Plympton, and one daughter, Mrs. F. Beadle, Flint, Mich., four brothers, all of Enniskillen and one sister, Mrs. L. Knight of Copleston. The funeral was held from her late residence, on Saturday afternoon, the services being conducted by Rev. Mr. Jones of Wyoming. Interment was made in Wyoming cemetery.

THE SORE SHOULDER

Ill-fitting Collars Cause Much Suffering to Horses.

Shoulder Galls Are Developed—Soaking the Collar in Water Helps to Reshape It—Bathe and Dust the Galls—Hessian Fly Control.

(Contributed by Ontario Department of Agriculture, Toronto.)
A collar that does not fit the horse's neck and shoulder perfectly may be the cause of considerable suffering to the animal through soreness, galling, and blistering. Hundreds of horses suffer each year, more especially during the period of warm weather, when the work on the land is pressing.

Poor Collars Cause Shoulder Galls.
Shoulder galls develop largely through the use of collars that do not fit properly, through the draft being too high or too low, through neglect on the part of the driver to keep both collar and shoulder clean. When a teamster develops a blistered heel or a sore to the necessity of adjustment is fully and painfully apparent to him, so he fusses around and adjusts the boot or his foot to get relief for himself. A humane and thoughtful driver will do the same for his horse; but unfortunately there are many drivers who neglect to give their horses all the attention that a working animal is entitled to. Collars may fit the horse's shoulders in the spring when the animal is in good condition, but the shrinkage of flesh due to the hard work of several months may leave the horse with a collar much too large. The collar that is too large or not of the correct shape is bound to cause trouble. Sore neck, sore shoulders or unnecessary pain that may develop viciousness or other bad habits or reduce the efficiency of the horse, should be avoided.

A Horse's Haul Is Done From the Shoulder.
The work that the horse has to perform is done from the shoulder, so it is very important that extreme care be given to the fitting and adjustment of the collar. The new collar is generally so firm and stiff that it is difficult to mould it to the shape of the horse's neck and shoulder without soaking it in water overnight. After the adjustment of the proper size in three inches of water, face down until well wet, it may be placed on the horse. The hame straps should be adjusted to draw the collar snugly to the neck. The collar in its softened condition will press into shape to suit the horse's shoulder. Be sure of the adjustment of the hames and draft. Work the horse only moderately the first few days while the shoulders are hardening and becoming used to the collar. Frequent airing and bathing to cool the shoulder and remove sweat and dust are very essential in preventing shoulder soreness.

Dealing With Mis-shapen Shoulders.
Horses that have mis-shapen shoulders can only be given relief by being fitted with a collar or collar pad made to suit the requirement of a special case. An hour's work on a collar pad with thread and needle in the hands of a humane teamster will save a faithful horse much pain. If your horse is suffering from shoulder galls, adjust the draft or shape the collar or collar pad so as to remove the pressure of draft from the sore point. The horse's shoulder should be watched during the day when at heavy work, especially during hot weather. Bath with salt water each evening, and treat the galls with a dusting of zinc oxide. If the horse is so fortunate as to be in the hands of a good driver or teamster it is not likely to suffer from shoulder trouble very long. Remember, the horse cannot speak and make complaint; it is up to you who are responsible for the horse's welfare to give the working comfort that a faithful slave is entitled to every day in the week.—L. Stevenson, Sec., Dept. of Agriculture, Toronto.

HESSIAN FLY CONTROL
Is Found Best Effected by the Late Planting of Fall Wheat.
The late planting of wheat is generally recognized as being the most effective practice in Hessian fly control. Land for wheat should be prepared early, at least six weeks before seeding, in order that a firm seed bed with two inches of loose soil to provide ample covering when the seeding is done. Late in August or early in September narrow strips should be seeded across the field at intervals, these are for the purpose of attracting any Hessian flies that may be present and offering an inducement for egg laying. Between the fifth and tenth of October these egg-catching strips should be ploughed in and the entire field re-worked and seeded. Lands that are in good condition will withstand Hessian fly attacks much better than poor ill-prepared soils, due to the fact that a weakened plant can make good recovery if well nourished. Prepare the land early, fertilize it possible, and seed as late as you can expect the wheat to make sufficient growth for wintering.—L. Stevenson, Sec., Dept. of Agriculture, Toronto.

SYNOPSIS OF MR. HAGER'S SERMON ON "STEPS UNTO HEAVEN"

Sanctification is the last step from Earth to Heaven. It is the fitting of the individual regenerate life of man into the perfecting plan or purpose of God in the making of His new Heaven and New Earth.
When Jesus commands us to be perfect as our Heavenly Father is perfect He expects us to be as true in our obedience and conformity to the will of God as God is true in His devotion to the welfare of man. Just as a vine is perfect that produces branches so the branches are perfect that produce the life of the vine in yielding the fruit of the vine. Paul says that Sanctification is the adjustment by the God of Peace or Harmony of the whole life of man with himself, his neighbor and his God. His spirit is perfect when he is right with God. His soul is perfect when he is right with his neighbor and his body is perfect when it does what his spirit and soul require of him.

Jesus sanctified Himself when He took His individual life as a grain of seed and let it fall onto the ground to be broken up in death that He might share in the life of a full head of wheat as He came forth in the Resurrection. And we are sanctified when we lose our individual life in this fuller life service to which God calls us stewards of the manifold grace of God.

PERSONALITY

There is something in the human Locked in the human chest, And sages have been hurting it And falling in their quest.

Nor telling what, or whence, it is We cannot fill the gap. The longitude and latitude, Is not upon the map.

It is not on the market then It never could be sold, 'Tis richer far than rubies are, Superior to gold.

And you cannot analyze it 'Tis cruel, and 'tis kind. Invisible to most of us The ego of the mind.

'Tis a gift from our Creator, Possessed by every one, In the cycle of the ages 'Tis only but begun.

And although we cannot see it, 'Tis presence we discern And to use it not abuse It should be our chief concern.

The width of it the breadth of it How could it ever come The height of it, the depth of it, Philosophers are dumb.

We polish it, develop it, And try to keep it whole 'Tis in our hands to manage it The individual soul.

And all our thoughts emit from it, The thoughts creating deeds, Then take the weeds all out of it, And plant the purest seeds.

Watford, March, 1923. W. B. Laws

QUESTIONS and Bible Answers

If Parents will encourage children to look up and memorize the Bible Answers, it will prove a precious heritage to them in after years.
How may we be protected from evil? —Psalm 91: 9-10
How can we choose between life and death? —Romans 8:13
What is an abomination to the Lord, and what is his delight? —Prov. 11
How did Judas deliver Jesus into the hands of the chief priests? —Matt. 26:47-56
What did Jesus do when the sun was setting? —Luke 4:40
How did Jesus end his great "Sermon on the Mount"? —Matt. 7:24-27
Who is exalted as head above all? —1 Chron. 29:11
What did Jesus say about the light of the world? —John 8:12
What happened to the foolish virgins who had no oil in their lamps? —Matt. 25:1-13
What did the wise men of the East do when they beheld the young child? —Matt. 2:11
What promise did Jesus make to those who believe in his works? —John 14:11,12
What conditions are required for a genuine revival of religion?

Internal parasites in the shape of worms in the stomach and bowels of children sap their vitality and retard physical development. They keep the child in a constant state of unrest and if not attended to, endanger life. The child can be spared much suffering and the mother much anxiety by using a reliable worm remedy, such as Miller's Worm Powders, which are sure death to worms.
Corns are painful growths. Holloway's Corn Remover will remove them.

WHY MANY WOMEN SUFFER IN SILENCE

Do Not Realize That Their Trouble is Due to Impure Blood

A woman needs a blood building medicine regularly just because she is a woman. From maturity to middle life the health of every woman depends upon her blood. If her blood is poor she is weak, languid, pale and nervous. If the blood supply is irregular she suffers from headaches and backaches, and some women have grown to expect this suffering and to bear it in silence. They do not realize that if the blood supply is kept rich and pure, their troubles will disappear, but such is the case. In every woman's life a tonic blood-enriching medicine is needed and for this purpose nothing can help them so much as Dr. Williams' Pink Pills, which act directly on the blood furnishing the elements necessary to make it rich and pure. Mrs. S.J. Watts, Kingston, Ont., gives her experience with this medicine as follows:—"My first experience with Dr. Williams' Pink Pills was while attending the Collegiate Institute at about the age of seventeen. I became very much run down, and could not go upstairs without resting half way. Finally I had to quit school and notwithstanding all that was done for me there were no signs of improvement until after I had begun using Dr. Williams' Pink Pills, under the use of this medicine I became well and strong. My next experience with this medicine was some years after I was married. After my baby boy was born I did not gain up as I should, so I at once started taking Dr. Williams' Pink Pills again. I took them all the time I was nursing baby, and you should have seen what a lovely, fat, healthy boy he was, and I was strong once more. Whenever I feel a bit run down Dr. Williams' Pink Pills are my tonic and I strongly recommend them to growing girls and all women." You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

See our stock of new Wall paper for Spring. The price is much lower and the patterns are very pretty.—P. Dadds & Son.

Agonising! Weakening!

Before finding a remedy in Zam-Buk, many piles sufferers say that they hardly knew where to put themselves for the agonising, itchy, burning pain. Loss of blood made others so weak and ill that they despaired of ever being well again.

PILES

"I suffered the agonies of piles for a long time," says Mr. Jas. Ruddy, of Killaloe, Ont. "I wasted lots of money on professed 'pile remedies.' But my weakening malady defied everything but Zam-Buk. To my joy, this great herbal healer speedily allayed the itchy, burning irritation. As I kept up the Zam-Buk applications the piles were gradually but completely banished."

Banished by Zam-Buk

THE CENTAUR COMPANY, NEW YORK CITY.

Quality A. Brown & Co. Satisfaction

SEE the wonderful range of New Spring Goods that this store is showing. Compare Prices, Quality considered, and we are confident of a favorable verdict and you will be convinced that this is the real Economy Store.

It is our policy to sell only quality goods—a dollar's worth of wear and satisfaction for every dollar spent in this store. Remember, that buying so called 'cheap' goods is the most expensive luxury in which you can indulge. You can depend on getting quality you pay for here

In this store 'Art' Silks are never sold for 'Silk', nor 'Seconds' for 'Firsts', nor 'Cotton' for 'Linen', nor 'Shoddy' for 'Wool.' Misrepresentation is never allowed in this store. Let us have the pleasure of showing you the many new and attractive lines for spring. You will not be under the least obligation to buy. Money refunded on any unsatisfactory purchase.

PETROLEA

Mrs. Chas. Ralston is very ill at her home here.

Matt Collins is visiting his relatives in the town.

Cloyd Hale, superintendent of Canadian Oil company, has been ill but is a little improved.

Harold Wales of the Bank of Nova Scotia, Petrolea, is relieving the manager of the Bridgen bank who is ill.

Fred Edwards is moving his drilling rig to the property of Joseph Armstrong to clean out some wells and then to build some new wells.

A number of Petrolea young people visited Wyoming to hear the play "Nothing but the Truth," put on by the Wyoming league on Thursday evening.

The Spartan tuxis square of the Methodist church organized on Wednesday evening for baseball. Mr. Lindsay was made manager of the team with Joseph London as assistant and Wilbert Moore as secretary.

The Petrolea curlers held a bonspiel on Wednesday evening followed by a banquet in the Columbus rink. The rink skipped by I. Greenizen had the largest number of shots although tied with three other rinks for games.

The Men's Brotherhood held their second annual "at home" in the basement of the Methodist church. There were about 250 present, and a very pleasant evening was thoroughly enjoyed by all. Mr. T. H. Spreight, the president, presided, and short addresses were given by Rev. J. D. Richardson, pastor of the church, Messrs. McLeod and Steadman, and Major Woodrow, of Sarnia. Music was supplied by the orchestra of the church, and by the Unity Quartet, of Sarnia.
