## KARSDALE

One of the biggest receptions to a returned soldier took place on Wednesday evening, March 26th, at the residence of Herman Winchester, Esq., Stony Beach, the occasion being the welcoming home of William Delap who had been overseas about three years, and who bore upon him special decorations for bravery on the battlefield. E. H. Porter, acting as chairman, welcomed Mr. Delap home again in behalf of not only the people of Granville but the Empire for which he so heroically served. Mr. Delap responded in a neat speech, thanking all present for the honor conferred upon him. Then followed appropriate addresses by Rev. Mr. Patterson, Rev. Mr. Brindly and Patrick Doyle, a returned soldier. Excellent music, vocal and instrumental, was furnished by Miss Wheeler at the organ, Mr. Grant at the violin, and the choir. A most excellent luncheon was served such as Granville ladies always furnish and was greatly enjoyed. At a late hour the company dispersed all feeling that it was good to be there. Although the night was dark and the roads almost impassable, the large house was completely filled.

HUSBAND SAVES WIFE

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—For many months I was not able to do my work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness are a thing of the past. All women who suffer as I did should try Lydia E. Pinkham's Vegetable Compound. Mrs. JAS. ROHRBERG, 620 Knapp St., N. S., Pittsburgh, Pa.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should accept Mrs. Rohrborg's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

there will be less interest in plot gardening.

Anyone having followed the situation carefully must realize that the farmers of Nova Scotia would do well to again plant the largest possible acreage. No one is more patriotic than the Nova Scotia farmer, and we know that he can be depended on to avail himself of the present opportunity to assist in the pressing need for food production.

We might mention that transportation to outside markets is now practically back to normal conditions and that there is no danger of glutting local markets.

Presented With Military Medal.

(Action Reported)

Sergeant Wesley A. Taylor, a member of the 4th Canadian Signal Corps, who served three years in France, was the recipient to-day of a military medal. The presentation was made at the weekly luncheon of the Commercial Club, by Lieutenant Gov. Grant. Sergeant Taylor is a native of Wolfville.

The following is the military notice accompanying the medal:

Sgt. Wesley Alex. Taylor for conspicuous gallantry and devotion to duty from Oct. 26th to Nov. 9th, 1917, near Zombke, Belgium. This non-commissioned officer and his men did yeoman service in maintaining telephonic communication from No. 1 group headquarters, 4 C. D. A., to the eight batteries. Owing to the continuous shelling and the consequent breaking of wires and cables they had practically no rest or sleep. On many occasions throughout this period this non-commissioned officer and his men went through heavy barrages and on other occasions were forced to repair wires in areas bombarded with gas. Their gallantry, fortitude and devotion to duty helped effectually to maintain the general efficiency of No. 1 group of batteries.

OFFICIAL REPORT

Red Cross Branch of the Deep Brook Dorcas Society

Sept. 30th, 1914, at a meeting held with Mrs. Geo. Masters, Red Cross work was presented.

Oct. 7th at a meeting held with Mrs. L. E. Sherman Red Cross and Belgian Relief work were discussed and it was resolved to begin work at once.

The first year the work done was very largely for Belgian Relief. We note the first winter fourteen large cases of bedding and clothing were sent in the relief ships to Belgium.

Red Cross was continued throughout the war and until March 12th, 1919, when the last shipment of socks was sent to the Red Cross Society in Halifax for hospital use.

A spirit of helpfulness has prevailed throughout. Special mention is due Mrs. James Dymars, who for the last three and a half years has had charge of this branch of our work.

The amount of money raised for this work is over \$500. Hospital supplies and field comforts have been sent in good proportions, besides the many pairs of socks and gloves sent to our own boys. Knitted articles, including socks, gloves and mitts, eleven hundred pairs, Mrs. Edward Barteaux having knitted the largest number of pairs of socks.

Receptions have been held for our returned soldiers. Thought, time and ability have been generously given to the Red Cross work by a noble body of Christian women. With thanksgiving that the closing of the war makes this work no longer necessary we bespeak your kindly interest and sympathy in Community and Christian work especially on behalf of our young people.

Let us strengthen the things that remain and lend a hand as opportunity is given, so aiding the work of reconstruction.

Respectfully submitted ADA C. SHERMAN, Pres. Dorcas Society, EMMA A. McLELLAND, Secty. Dorcas Society

HOLY WEEK

The United Services Becoming Very Popular

As noted in our columns last week all the local churches are uniting in the observance of Holy Week.

On Monday the service was in the Methodist church under the auspices of the Presbyterian church with an address by the Rev. Mr. Grant on "The Upper Room". On Tuesday it was in St. James church when an address was given on "Getthensene"

These all begin at 8 o'clock. In addition to the above there will be a service in St. James church on "Good Friday" morning commencing at 11 o'clock; and a special service for children in the afternoon commencing at 4 o'clock.

Our Returned Heroes

Since our last issue several of our boys have returned from overseas. Some arrived on evening trains, some via Halifax and others via St. John and Digby. It has been impossible for the reception committee to meet them all, or for the people to get their flags up on such a short notice.

Among the latest arrivals are Malcolm Davis, Gordon Marshall, Percy Chetley, Charlie Sashier, Kenneth Dodge and Harry McKenzie.

Mr. T. G. Nicol, of Mahone Bay, is at Lawrencetown this week installing a fish way in the dam he constructed across the river, in order to supply the town with power for their electric lights.

Mr. Nicol naturally feels well pleased with results, as he has demonstrated to the satisfaction of all that it was practical to dam the river in order to secure power.

Another New Advertiser

We have added another regular advertiser to our columns. This time it is Shaffners, Ltd., one of Lawrencetown's most progressive business houses.

Employing Returned Men

The management of the MONITOR is anxious to give employment to veterans who have been overseas. Besides our foreman, Mr. Harry Carter, we employed, for a time, Mr. Harold Kiley, of Digby and have added to our staff Mr. Clarence Gill, of this town.

Improved Mail Service

Bridgetown despatches a closed mail unregistered matter only, to Halifax daily except Sunday at 5:45 a. m. day light saving time.

J. W. Beckwith has two or three tons of hay for sale. He is paying the highest market price for strictly fresh eggs and good butter.

Local Happenings

Next Friday being a holiday, places of business in Bridgetown will be closed.

There are several auction ads. in today's MONITOR. Bargains as usual can be expected.

Monday evening's train from Halifax brought four bags of mail for Bridgetown Post Office.

Once more we ask our regular correspondents to have their village notes reach us via Saturday's mails.

The Seventh Birthday party, to raise funds for the Riverside Cemetery Co., was held in Warren's Hall last night.

Soldiers wishing to make applications for loans can get full information at Mr. O. S. Miller's law office, Queen Street.

Joggins is now incorporated among the towns of the Province and has elected its first Mayor and Councilors by acclamation.

Mrs. Edward Taylor saw a couple of deer Monday morning pass through Mr. Frank Fowler's orchard, returning to the pasture.

Considerable work is being done on our streets and sidewalks this week under the superintendence of Mr. George Gill.

The services in St. James church on Good Friday morning will commence at 11 o'clock and not at 10:30 as stated in our last issue.

The semi annual meeting of the Municipal Council of the county of Annapolis is in session this week in the Court house, Bridgetown.

A bill is before the Nova Scotia legislature to extend to two years the term of office of a mayor of an incorporated town instead of one year as at present.

Owing to our rapidly increasing advertising patronage, we will arrange to enlarge our pages when we receive our next shipment of paper from the mills.

We did not think there was another merchant in Bridgetown who would ask us after Monday noon if it was too late to change their adv. for Wednesday's issue.

The public reading room is now open in the Board of Trade rooms in the Royal Bank Building, corner of Queen and Granville street, with entrance from Queen.

Berwick Register: There appears to be a lively stir in real estate in this part of the Valley. Quite a number of farms have changed hands in the last few weeks, and other negotiations are pending.

Bridgetown clocks were set ahead Saturday night and on Sunday every thing was running on daylight saving time with the exception of the telephone central. This however, caused no inconvenience.

There will be a meeting of the Women's Institute in the Council chamber, Thursday afternoon at 3:30 for sewing. Any donations in the way of party worn or discarded clothing will be gladly received.

The outside congregations ministered to by the local clergy Rev's M. S. Richardson, W. J. W. Swetnam, and E. Underwood, have all agreed to adopt "Daylight Saving" time for the Sunday services. This is much appreciated by the clergy in question as it greatly facilitates their work.

The weekly day services will be "country time" unless otherwise noted.

**Another Letter From France.**

George D. Berry, a Former Bear River Boy is now Serving in Y. M. C. A. Work in France

Dear Sister Aida—I received your very welcome letter yesterday and it was much appreciated. I can tell you, I have received only a few letters from America since my arrival. The mail service here is very poor. I am glad to have the opportunity to come to France in the Y. M. C. A. work. I will tell you a little of our trip over.

The boat was not a very large one and we had some very rough weather. We left New York on Monday, Dec. 2nd, and on Sunday, the 8th, we passed through a very bad storm. The Captain, who has sailed for 25 years and has had never gone through a rougher sea. The waves broke over the boat, breaking the decks and windows, and coming down on our heads while eating dinner. It looked pretty bad for a while. The ladies putting on their life preservers while the men helped bail out the ship.

A good many of the passengers thought we would not see France, but the good Lord had something better in store for us than a grave in the ocean.

I did not have time to go to see Lawrence on my way over, as we spent only one day in England. That day we spent out at Old Winchester, the old capital of England, the first three hundred years of her history. We visited an old Cathedral there built in the year 1079, crossed an old bridge with the date carved on it 1573. Pretty old, more than six hundred years before Columbus discovered America. We came directly from Winchester to Paris. Paris is a wonderful city. I will not attempt to describe the city or the people, only to say I have a great admiration for the French people and the part they have had in saving the world. Some of our Americans do not like the French people. I think it is our fault and not theirs. When I remember what La Fayette and his people did for America I can never but admire them. I have also discovered a trait in the English people which I admire so much, that they say so little about, the part they took in the great struggle for freedom. What is true of the English is also true of the Canadians.

I like my work very much and think I am making good. It is not hard for one to make good who wants to serve his fellows. I guess it must have been your example, my dear sister, when I first came from Nova Scotia to Boston, only a boy of sixteen. I was taken into your home and when I saw the work you were doing in Bethany Church and Sunday School, I started in there and have kept it up ever since. After all that is the only thing worth living for. The man or woman today who lives a selfish life will die a pauper even if they have made a million dollars. I am planning now to visit Nova Scotia on my way home next fall and will be able to tell you something about the country here. On Xmas day we had dinner out at the old palace in Versailles, at an old hotel near the ten million dollar palace of Louis XIV. We were the Balmoral Castle party who crossed the ocean together. I had the honor of making the acquaintance of an American Colonel from New York who gave us a very nice after dinner speech. He had served most of his time in France with the English army. He spoke in the very highest terms of their bravery and also the way in which the English officers looked after the welfare of their men.

I must close this letter now, with kindest regards to the home folks. Your loving brother,  
GEORGE.

[Mr. Berry, who for many years was a leader in Christian work in Bethany Baptist Church, Roxbury, Mass., and later in the First Baptist Church, Tampa, Florida, is a brother of Mrs. H. E. Snell, of Bear River, and Mrs. L. E. Sherman, of Deep Brook.]

**FOR THE COTTAGE HOSPITAL**

Handsome Painting to be Ruffled

(From a Hamilton, Bermuda Exchange)

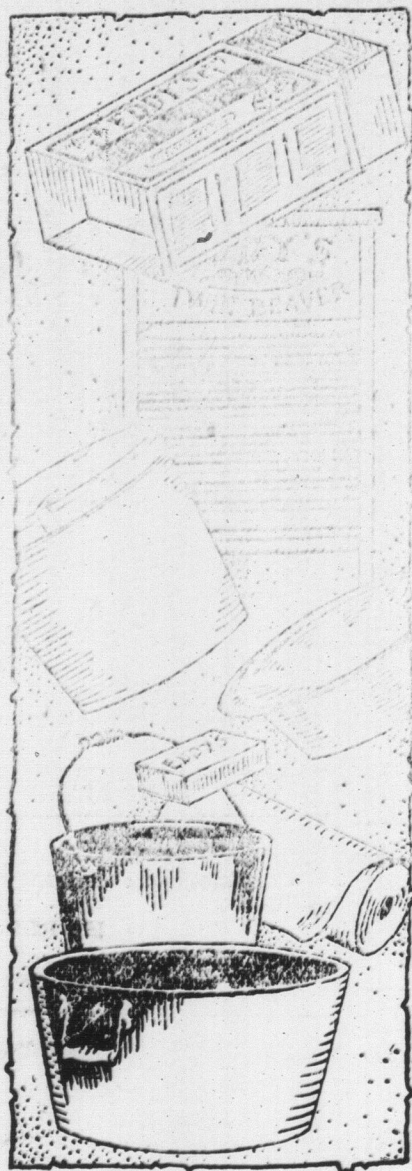

This week there will be put up for raffle at the Little Green Shop, on Queen Street, a handsome oil color painting entitled "His Victoria Cross," the generous gift of Mrs. Dorothy McAvity, for disposal in aid of the Cottage Hospital. Mrs. McAvity is a prominent portrait painter of Canada who is spending some months in Bermuda.

This picture is a replica of an original painting by Mrs. McAvity and stands in a heavy gilt frame, being about 4 by 5 feet. It had not left the studio when the artist accorded a private view to our representative yesterday, and although the subject is a very sad one it is strikingly portrayed. In it the artist has mixed her colors with heart.

There is in it that touch of nature which makes the whole world kin, for here is a vivid and poignant little war story without words. A story which through the war has been made sadly common, and the sorrowing woman seen on this canvas stands as an example of many others. "His Victoria Cross" has been beautifully portrayed by the skill of the artist, and it is easy to predict that when this picture is put on view at the Little Green Shop it will be the centre of attraction and a big incentive to invest a dollar for the twofold purpose of getting a chance to win it and assisting the Cottage Hospital. The public spirit of this lady artist is to be highly commended.

[Mrs. McAvity, above referred to, is a daughter of John Irvin, Esq., of this town.]

**67 YEARS OF GROWTH**

IN the early days the founder of this business made a few gross of matches a day, and sold them himself, driving his horse and wagon as far as Toronto. Today, from automatic machines, 70,000,000 matches a day are turned out to keep Canada's home fires burning. And not matches alone; indurated pipeware, household helps, and a host of paper products have been added to this line.

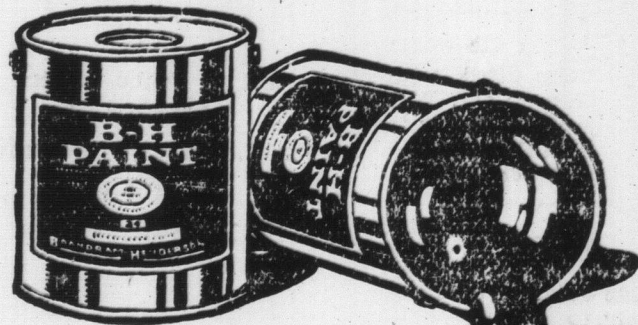

The House of Eddy has become an institution which touches the daily life of the Canadian public in a thousand different ways.

There is a reason for this steady and rapid progress. Business institutions do not grow to such proportions by accident. It takes real merit and a complete such a result; merit in the goods themselves, and in the concern which is back of them.

When you buy matches, see that Eddy's name is on the box. When you are in need of some of the familiar household helps, such as a wash tub, a pail, or a washboard, remember that there is an Eddy product which will fill your needs, made from light and durable indurated Fibreware. Remember also that Eddy's Paper Specialties are standard.

**Economical— Because It Covers More**

EVEN if this paint were sold at a price half as high again as any other—it would still be the economical paint to use on your house. In sheer covering capacity it has no equal. A gallon of it goes so far that you'll buy less of it and yet do more with it.

**B-H PAINT**

This paint is guaranteed to possess as its important basis the above formula which we inscribe on every can. The result of such a formula is all that you could ask in brilliance of color and in proper "body"—a paint which gives a fine lasting finish, excelling all others in "covering capacity" and in durability. Paint with B-H "English" Paint—and your house is protected for years, where a coat of ordinary paint will last but a few months.

## CANADA AS A BEAR LAND

(1) Grizzly bear at Banff, (2) Polar bear in Banff Zoo. (3) Black bear cub, Alaska.

CANADA grows bears as well as grains and fruits and other products of the soil. Bruin is to be found in every province, but it is in the mountain region of British Columbia that he flourishes. There one will find grizzlies and silver tips, browns and blacks and grays, and all the varieties in between, including Teddy and Johnny cubs, among the children. All of these specimens may be seen in the interesting Zoological gardens at Banff, where they are lined up like soldiers on parade, in front of their cages—especially as dinner time nears.

But it is more interesting and exciting too, to see bruin as he runs wild in the woods. One day while following a narrow mountain trail in the Rockies, I was surprised to see a few yards ahead, what seemed like a piece of the trail move to one side, single-handed, with a monster grizzly, who, when he stood upright towered above his human foe. It was literally a fight to the death, with the grizzly the loser.—F. V.

## The Brotherhood of Nature

(1) King of the buffalo. (2) Buffalo herd at Banff. (3) King and queen buffalo.

This all leads up to the king of the buffalo herd in the great park at Banff beside the towering pile of Cascade Mountain where the C. P. R. tracks skirt the base. Six feet high at the shoulders he stands with a mighty depth of chest, a tremendous head and a patriarchal beard of brown silk that sweeps on a level with his knees. He is a stupendous creature and has impressed his power of dominance on all the other bulls in the pastures. Visitors marvel at his bulk and his very apparent size and power. He is a ton weight of life-driven brawn and bone and flesh. Yes, he is a usurper, nevertheless. He stepped into the place of a better through force of circumstances and the ability to see the opportune moment. For many years "Sir Donald" was emperor of the buffalo at Banff. He more than topped six feet at the shoulders, his head was as hard and as heavy as a granite slab, his agility was that of a cat, his charge was like the rush of the avalanche down a steep mountain side. With ease he kept the young bulls in second place included in their number being the present leader. In time it needed but a slow swing of the heavy head to make the other bulls scamper. Like a wise leader he paid little attention to the private quarrels of young males, and naturally they fought among themselves to prove superiority. The present dictator whipped them all. And it came to pass that he looked again on Sir Donald with a red eye and that sturdy and astute leader recognized the need of the application of first principles. He broke a horn on the hard skull of the younger animal, but he trampled all feelings of equality or opposition from that vanquished beast.

The years rolled on. Sir Donald passed the thirty year milestone. His teeth grew poor, winter found him thin. A touch of rheumatism slowed him up, and his eyesight dimmed. It was the hour of the young bulls. Led by the last defeated contestant they attacked the veteran chieftain en masse, and still respectful of his prowess were satisfied with keeping him outside the herd by uniting and remaining united. None were willing yet to dare his anger single-handed. Sir Donald ranged in solitude, his former wives shunned him, his children ignored him, the young bulls rumbled when he came in sight. Then came a frosty night that so stiffened his rheumatic joints that he could not arise when the morning sun poured its golden light down in the broad valley. A wandering young bull finding him thus helpless roared the fighting call of the herd as he charged. The iron-hard earth trembled as the other great brutes thundered to the scene, and soon all that was visible was a half dozen buffalo bulls trampling and goring a heap on the ground while the air was filled with the bawling of victory. Strange to say, though the body was pulped by the hoofs of the bulls the magnificent head was unmarred, and men took it away, had it mounted, and now it hangs in the building at Ottawa, broken horn and all.

The present king saw his opportunity. He challenged the huskiest and thoroughly whipped him. He worked thus triumphantly through ranks of the others, and soon his dominance was admitted and the other brutes obeyed the swing of his head as promptly as they had that of Sir Donald's. He rules exactly as did his predecessor. He has families and a great dignity, and has now governed for some years.—L. V. K.

PAID THE SUPREME SACRIFICE

Death of Corporal Horace Vaughn Balcom

It is with feelings of the deepest sorrow and regret that we chronicle the death of Corporal Horace Vaughn Balcom of lobar pneumonia on March 30th, in Lyon Rhone, France.

Shortly after the United States declared war against Germany, he enlisted in Boston in the Military Service of his adopted country on July 25th, 1917 being attached to the 101st Regiment, U. S. Engineers.

After two months' training at Camp Devens, Ayer, Mass., and Wentworth Institute, Boston, he sailed from New York for England, on Sept. 25th, where at the end of ten days, his regiment was ordered to France, and he entered at once upon active service.

After going through all the horrors of war, being in many battles, and under fire and shell on many battle fronts, from Feb. 1st, 1918, until the armistice was signed, his regiment hiked 120 miles to the rear under heavy marching order, where it was held in constant training until the Divisional Review by Gen. Pershing and other high commanders on the last of February. Immediately after the Review, Corp. Balcom was granted a fourteen day furlough to the city of Lyon Rhone, in Southern France.

He passed while on furlough, awaiting to be on constant duty. Shortly before this time he had suffered severely with tooth ache and neuritis for which he had been treated at the hospital.

Later, he contracted more cold which caused an abscessed tooth, and upon extraction, the pus went down into the lungs which resulted in his death. His sudden demise is a crushing blow to his relatives.

A wire was received last Saturday announcing the death at Amherst that morning of Mrs. A. D. Ross, aunt of C. C. King, of this town, and a native of Granville Ferry.

Her many cheerful virtues endearing her to all. She and Mr. Ross visited this town less than four years ago and previously Mr. Ross was here on the occasion of the marriage of Miss Kathleen King (to Vaughn Young) who died of influenza last fall.

Mrs. Ross was 47 years old and leaves two sons, Ronald M., who is with his father on the editorial staff of the Amherst Daily News, and Wilfred A. G., with the Canadian Car & Foundry Co. One sister, Mrs. Charles Wilson of Everett, Mass., and two brothers, Harry Goldsmith, of San Toekia, Cal., and Fred of New Haven, Conn., also survives her.

Her elder son arrived in Boston on Saturday, and he will return today Wednesday, 16th, accompanied by his mother. A letter from Corp. Balcom telling of life at the front was printed in a recent issue of the MONITOR.

He was an exemplary young man and beloved by all who knew him. The bravest and best have been called to make the supreme sacrifice and the passing of our noble young hero will be mourned by all.

There are many reasons for the price of a motor car. The car may be built down to a selling price. The price may be forced up to a profit mark. There may be weight, size, speed, that you do not need.

But the Gray-Dort price is the lowest price at which a big, efficient organization can build a fine light car.

The Gray-Dort is built right first. It is built with real big car quality and comfort and appearance. It is built to give you all the service you need, free from trouble. Then by factory efficiency the price is kept low.

So when you buy a Gray-Dort you are putting every dollar into real motor car value. Ride in a Gray-Dort—then you will see how greatly cheaper cars fall short of it—and how light cars higher-priced give you no more or not as much.

The touring car is \$1245; the Gray-Dort Special—the car with added refinements and extra equipment, is \$1335 extra; there are also a coupe, and a sedan. All prices f. o. b. Chatham and are subject to change without notice.
