the other powers will be easily obtained, they having less interest in Egypt to concern them in the event of the failure of the English proposals.

It is to England's interest to induce France to accept the proposals and bring their united pressure to bear to induce France to accept them.

Germany is too much interested in retaining the good will of France to snatch the Anglo-Egyptian chestnuts from the French fire, and since it is too great a value to England's good will to want only to disoblige her through ill-feeling; but she will not allow this to interfere with the policy of peace with France.

The difficulty lies in the reluctance of each power to decide before the others to accept or reject the proposals.

CAIRO, Dec. 29.—Advices from Korti give particulars of the plan of the British advance. Gen. Earle will collect an infantry brigade at Hamada, above the fourth cataract, push the Monassees, afterward push on to Abul Hamed, and open the desert route to the French line, and attack it from the Gharis and Camel Corps will proceed to Gaddal today with a large quantity of stores.

DAN WILLIAMS. A PEACE RIVER PIONEER. He Discusses the Peace River Country with a Nor'-Wester.

Hearing that Dan Williams, known to the readers of Capt. Belter's 'Wild North Land' was stopping at Macpherson's across the Bow, fortified with a letter of introduction from Mr. Holly went over yesterday and interviewed this historical northwest pioneer.

A good deal has been written and said about Dan Williams by writers on the Peace River country so that we will not repeat what is stated. On entering the house at the invitation of Mr. Macpherson we were greeted by Mr. Williams who we were immediately referred to a rather tall elderly looking man, about sixty years of age, who said he was the party he asked for.

Of course it is a misnomer to call him an old man, for that he is not. There is however African blood in his veins, though the Caucasian evidently predominates. We saw at once that he is a man of unusual intelligence.

After reading the letter of introduction we entered into conversation about the Peace River country—its resources, climate and attractions. Mr. Williams says it is a pity to see such a fine country lying idle. It is the paradise for the poor man, as it has every variety of soil—a soil that is not to be surpassed, the purest water, plenty of wood, abundance of coal, chinook winds at intervals in winter and scenery that can beat the best. He says it is the finest district in the northwest, and it is a great mistake not to have the country opened up.

He says Dunvegan is more than 250 miles west of Calgary, though several hundred miles north, that it is, however, at a less elevation, that the winters are shorter in the Peace than at Edmonton and that gold is now being discovered in good paying quantities along the various tributaries of the great Canadian River, and that it is time a treaty was made with the Indians of the district, and a Mounted Police post established there.

BLAZES. Calgary's First Fire—Mr. Roberts Burned Out.

About one o'clock yesterday while a representative of the 'Nor'-Wester was on his way from King's store to Mayor Murdoch's on Pacific Avenue, and when he got opposite the Exchange a couple of men at the depot yelled 'Fire.' Turning around the 'Nor'-Wester saw a smoke issuing from the kitchen of Mr. Roberts' dwelling house which he had just passed a minute previously. Two women were rushing around in an excited state and it was evident that a fire was in progress. Our representative immediately gave the alarm to a Exchange people, and to Mayor Murdoch, and then the alarm became general and everybody who was aware of it rushed in the direction of the burning house. As there was a fresh wind blowing from the west at the time the smoke was soon funnelled into a flame, and in a minute or two a wave of three feet broke out of the kitchen door. Our town being without fire protection the efforts of the crowd were directed towards saving the contents of the main portion of the house which was occupied by Mr. Roberts, jeweler.

Mayor Murdoch, Mr. Soles, and Constable Clarke and several of our leading citizens who were on hand pitched in with a will, and a large portion of the furniture and effects were saved, though Mr. Roberts is a considerable loser, and he cannot just yet tell what his loss is but thinks it will be between \$250 or \$300. The building belonged to Mr. J. L. Brown and was not insured. Our sympathies are extended to Mr. Roberts, and to Mr. Lowen, the sufferer. Fortunately the building was isolated, otherwise an extensive conflagration might have resulted. The building was valued at about \$600. The fire originated in the kitchen and it must have been burning for some time before being discovered by Mrs. Roberts who was in the front room. Constable Clarke was the

We would respectfully remind advertisers that hereafter when a contract is made with this paper it is a contract that cannot be dissolved by the mere whim of the advertiser. Several parties have done this in the past, and we have not insisted upon the strict rights of the publishers. Such leniency will not be repeated in the future. Advertisers will bear in mind that in future they will be required to fulfill the conditions of their agreement, and that annulments of contract without liability can only be made by mutual consent between the contracting parties.

THE NOR-WESTER.

CALGARY, TUESDAY, JAN. 6, 1885.

1885.

The "compliments of the season" to our readers one and all, and this leads us to inquire what compliments there are worthy of being received by those for whom we have that esteem which is supposed always to exist between writer and reader. The weather has been to use a Northwestern phrase Manitoban like in its Arctic simplicity, mean in its temperature. A compliment of that kind it is not in our nature to wish our readers. There is really not such a coolness, we hope, between us for we have been sighing for a chinook, and we know that the advent of such a zephyr could hardly be realized without every one in this latitude and longitude participating. The quality of the chinook is not strained. According to Professor Macouin it droppeth from the clouds even as the gentle dew from Heaven, at least blessing him that receives. Such is the chinook when it is present. We fancy we can see it gathering in the vicinity of that sentinel which is termed mephistophiles Caput, and we can almost hear its sonorous but musical roar as it courses its way down the valley of the Bow—but it is only fancy, because that kind of fiction has been running riot for three weeks and there is a sameness about the probabilities that is monotonous. We certainly do wish our readers, far and near, A HAPPY NEW YEAR, with a real chinook thrown in.

THE CONVENTION.

In our last issue we gave a summary of the proceedings at the recent Conservative Convention in Toronto, and of Sir John A. Macdonald's reply to the address from the Conservatives of Ontario. We also gave the address presented by Hon. Mr. Norquay on behalf of Manitoba and the North-West. In this number we give an excellent summary of Sir John's reply taken from the *Winnipeg Times* a journal that has shown commendable enterprise in supplying very liberal reports by telegraph of the proceedings at the Convention. No one who has lived in the North-West under both administrations can deny the truth, and consequently the force of what Sir John said in his reply, especially when in alluding to Mr. Mackenzie's Government he said that "they made some mistakes though crediting Mackenzie with all earnestness. A prominent writer in the *Manitoba press* in 1875 speaking of the blundering North-West policy of Mr. McKenzie, said that his administration may have been thoroughly paved with the most excellent intentions, but beyond all question it was the most stupid and incompetent government that history had ever known.

The late Chief Justice Wood, when a member of the House of Commons, had in tones of thunder declared that the Canadian Pacific Railway was "the mad scheme of a mad government." Sir John happily remarks in his reply, "We were charged by those opposed to us with having a wild and reckless policy in agreeing to pay twenty-five millions as a loan on the roads nearly completed, but we knew the responsibilities we were assuming. We know of what immense consequence it was to the best interests of the whole Dominion to have that great enterprise completed as speedily as possible. We boldly ventured to

charge the people with the payment of these large sums, confident that we would be more than repaid by the development of that country, and by a large addition to the wealth, strength and resources of the Dominion, through the instrumentality of that great work. It is true, gentlemen, that you older people of Canada, the older Provinces of Canada, have charged yourselves with the expenditure of twenty-five millions in building that road, but I venture to tell you, as we told Parliament, that that country will repay every dollar of it, and that not one single sixpence of that large sum will fall upon you or your children, because the lands of the North-West reserved for the purpose will recoup and pay every farthing."

Good for you, Sir John. Truth stares out of every word, though the traditional Grit bending to his inherent perversity and having a woful lack of candor and manliness will never admit it. Those of us who have been a number of years in the North-West and who witnessed with intense disgust the snail like progress, and the incompetency of your opponents in their cordial approval of your sentiments. The great bulk of the North-West people know which is the most enlightened and the most progressive party notwithstanding this mischievous agitator who is going about crying "Wolf," and the Grit puist who is wandering up and down the land traducing his opponents and maligning the country.

The *Toronto Monetary Times* succeeded in convincing the *Winnipeg Times* that the Ordinance passed by the North-West Council at its last session and protecting creditors in the North-West Territories under certain circumstances is a just and equitable law. Our *Toronto* contemporary has made out a very good case in favor of the Ordinance, and the *Winnipeg Times* is now willing that the Ordinance should have a fair trial. The *Monetary Times* on such a question is not likely to take sides with dishonest debtors, so that its defence of the Ordinance may be looked upon as not only sensible, but based upon far seeing grounds of commercial prudence.

Would it not be nobler, more transcendent, for the *Toronto News* to point out to the young Torontonians that the crop of statesmen in the Dominion last year was a large one and that the trails through the North-West don't all lead to Indian graves, but often to the ranches of cattle kings, and the quartz mill of the prosperous miner rather than to be continually spouting flapdoodle about Canadian nationality— independence and similar nonsense? The way to Canadianize the North-West and build up the country is for the young Canadian to take off his coat, roll up his sleeves, and come west.

SIR JOHN.
What he Said to Manitobans and Nor-
Westers.
Sir John, in acknowledging the address,
said:—It is peculiarly gratifying to me to
receive the address from the Northwest.
I take great pride in the Northwest. I take
great pride in the province of Manitoba be-
cause the administration of which I was a
member at the time in some degree may be
considered the creator of that country. I
immediately after confederation went to work
to endeavor to get possession for Canada for
the English, Irish, Frenchman, German, and
European would come to visit our shores
and settle in our land—to redeem the North-
west from being a wilderness, or as it has
been called in the last address "the haunt
of the buffalo and red man." We succeeded
in getting possession of it for a very moder-
ate sum and it has been my gratification and
pride to see it the resort of the young men
of Ontario and of the other Provinces, and
to see it peopled by our fellow subjects from
the old country. (Hear, hear) In the settle-
ment of the Northwest everything before
our time was in a state of infancy. At first
not only the Government of which I was a
member before 1853, but Mr. Mackenzie's
Government had to deal with the problem
yet unsolved in a great measure, and I am
glad to state that I must give due credit to
Mr. Mackenzie's Government for the earnest-
ness of their intention to do the best they
could according to their judgment for the
settlement of that country. (Laughter and
cheers.)

THEY MADE SOME MISTAKES,
but we have earnestly tried to learn by ex-
perience how best to promote the settlement
and development of the great expanse of
territory. (Cheers.) In the first place when
we came in again in 1878 we adopted a
liberal land policy. (Cheers.) We offered
great inducements to settlers to go there and
make it their own. (Cheers.) We studied
with some care and attention the sys-
tem that had been in successful operation in the
United States, and our land policy was based
in principle on them, but we liberalized their
system in very many important instances.
(Cheers.) I shall not trouble you, gentle-
men, with a discussion of affairs in the
Northwest, because you all know what our
policy has been. I shall not trouble this
audience by entering at length into the land
policy of the immigration policy in connec-
tion with the Northwest because every one
is, no doubt, impatient to hear the other
speakers who will address you today but I
will say that we have tried to do the best of
our knowledge with all earnestness and hon-
esty to advance the interests of that
country. In our ideas as to the best means
of settling that country, we are supported by
the voice of the Parliament of Canada, and
the approval of the people of the
Dominion who have ventured, boldly ven-
tured, to charge themselves with the ex-
penditure of large sums of money in the
construction of

THE GREAT TRANSCONTINENTAL RAILWAY.
(Cheers.) We were charged by those op-
posed to us with having a wild and reckless
policy in agreeing to pay twenty-five million
as a loan on the road is nearly completed, but
we knew the responsibility we were assum-
ing. We know of what immense conse-
quence it was to the best interests of the
whole Dominion to have that great enter-
prise completed as early as possible. We
boldly ventured to charge the people with
the payment of these large sums, confident
that we would be more than repaid by the
development of that country by a large ad-
dition to the wealth, strength and resources
of the Dominion, through the instrumental-
ity of that great work. (Cheers.) It is true,
gentlemen, that you older people of Canada,
the older Provinces of Canada, have charged
yourself with the expenditure of twenty-
five millions in building that road, but I
venture to tell you, as we told Parliament,
that that country will repay every dollar of
it, and that not one single sixpence of that
large sum will fall upon you or your children,
because the lands of the Northwest reserved
for the purpose will recoup and pay every
farthing. (Cheers.) At the same time, I
will state on behalf of the Government and
Parliament that we are in no very great
hurry to get that money back again. We
would rather see the immediate settlement
of the country, the occupation of free home-
steads, the encouragement of immigration
into the Northwest than be severe and harsh
and demand the money back again. It will
eventually come back, principal and inter-
est, and we are rich and generous and pow-
erful enough to wait. Gentlemen from Mani-
toba, I thank you very much for this too
flattering address. It is a peculiarly pleas-
ant one that it should be Mr. Norquay's.

THE FIRST MAN IN MANITOBA,
the prime minister of that great Province,
greatly although in its infancy, it is a
great pleasure to have it come from a man
of such known influence—a man born in
that country. (Cheers.) I am proud also
to receive the address from the capital of
the Northwest. Regina was attacked and
those who acted with me were attacked, for
the selection of Regina as the capital. Ex-
cept one has shown it to be the centre of one
of the most beautiful and fertile tracts in that
beautiful and fertile country. Its future is
assured. It is in the richest portion of the
Northwest from an agricultural point of
view, is on the line of the C.P.R., and every-
one can reach it from all parts of the Do-
minion with railway speed. I am also
glad to see the gentleman from the Portage
La Prairie. The address expresses the hope
that I may visit the place when I go to the
Northwest. It will be my particular pride
to do so and I shall take the opportunity as
soon as I can get there without too much
travelling of my old bones; when I can go
from Montreal to Vancouver and traverse
the whole distance by the Canadian Pacific
railway (cheers)—a time which will lead all
the Provinces by an iron band that will
never be broken. I have also to thank Mr.
Norquay for the kind expression used
towards Lady Macdonald. She has been

my help made in the best sense of the word,
and if at any time of life I am
IN GOOD HEALTH AND STRENGTH
I owe it all to her wisely devoted and
womanly care and affection for me. (Three
cheers were here given for Lady Macdonald)
I hope you will convey to all those you re-
present when you have an opportunity of
speaking to them my most sincere and cor-
dial thanks for the kind expressions con-
tained in the address. (Cheers.)

MR. MR. NORQUAY
was then called upon by the meeting and
received with loud and prolonged cheering.
He said:
Mr. Chairman and gentlemen, I feel I am
exceedingly fortunate in being present with
you to assist in tendering to our venerable
chief this grand tribute of respect, which
has been the object of your gathering here
yesterday and to-day. Although Manitoba
has only had an existence of fourteen years,
yet her public men have already learned to
appreciate the qualities of the eminent
statesman who, during the last forty years,
has moulded the destinies of Canada. It di-
d not take them long to judge between the
relative merits of the two parties who claimed
their support. (Cheers.) As the representa-
tive of the old settlers of that Province I
may fairly say that all whom I have the
honor of representing join with me in offer-
ing our allegiance and tendering our sup-
port for the purpose of continuing that party in
power which has done so much for Manitoba.
In Manitoba we have very many persons
closely allied to the older Provinces who
have come there in order to better their con-
dition. Whether they have succeeded or
not is for them to say. At all events, we
find very few of them wanting to come back
to Ontario or Quebec. The Province of Mani-
toba holds out to intending settlers many
natural advantages and it is building up in-
stitutions on the model of those found in the
older parts of the continent. We can hold
out fair inducements to parties who find
themselves hampered and restricted by the
circumstances of the Eastern provinces. We
have the broad and fertile plains of Manitoba
and the Northwest yet to be peopled. We
consider them a great favor yet to us in the
development of the Dominion of Canada.
(Applause.) We consider the acquisition of
the Northwest is one of the greatest feats
accomplished by Canada for her future.
(Cheers.) The institutions established there
are much the same as your own, inasmuch
as they were inaugurated by your own
brethren, your own friends, who having led
you here and having enjoyed those institu-
tions in the older Provinces have transplanted
them to the place that they may make their
new homes as nearly like the old ones as possi-
ble. (Cheers.) I may say to you that it will
gladden the hearts of

THE CONSERVATIVES OF MANITOBA
when they hear of this great demonstration
held not only for the purpose of honoring
our Chief but of recording the many
glorious deeds in statesmanship which are
as tributary to him. It will be one of the
pleasing features of my return home to tell
them how united the Conservatives of Onta-
rio are in support of their leader, who is so
highly esteemed and so much thought of by
the Conservatives of Manitoba. (Long cheer-
ing.)

AMONG THE RESOLUTIONS brought before the
Convention was the following, which was
unanimously adopted:
That this Convention heartily approves of
the energetic construction of the Canadian
Pacific Railway, now approaching comple-
tion, believing that the country will greatly
benefit by that vast undertaking, not only
politically but materially, beyond all present
calculation; that it will lead to the imme-
diate development of the Northwest and of
British Columbia, in the prosperity of which
the older Provinces must share, and that it
will complete without further delay the
great fabric of Confederation and place
Canada in a position as regards natural
wealth and extent of territory second to that
of no other country in the world.
After the resolutions were submitted to
the Convention and adopted, several gentle-
men addressed the meeting, among them

SENATOR MACHESON,
who said he would have made a few remarks
in reference to the officers in the Northwest
and the administration of which he had charge
had not his chiefest aim all that was neces-
sary—Sir John had told them of the great
progress in the work of surveying and pre-
paring the country for settlers which had
been made. He thought that the result
made known was one of which every Cana-
dian had reason to be proud. We had ac-
quired an immense inheritance in the North-
west; we had not looked it up but had called
upon industrious men from every country to
take up homes amongst us without enquiring
as to their origin or country. We only ask
and redeem the country from what had been
too long a mere hunting ground. All that
was required was the labor of the pioneer of
the soil to make the country the most pros-
perous under the sun.
Sir John was elected President of the Pro-
vincial Association which will be known as
the Liberal Conservative Union of Ontario.
W. B. Meredith was chosen vice-president.

THE BANQUET
in the evening was an immense success,
seven hundred persons occupying seats at
tiers of tables while two rows of galleries
were filled with spectators including a large
number of ladies. The large building was
handsomely decorated with banners, mottoes,
lanterns, etc., and presented a picturesque
appearance.
Among those at the leading table which
was located on the platform were Sir John,
Hon. Mr. Norquay, Speaker Murray, Dr.
Harrison, of the Manitoba Legislature, Mr.
Amos Rowe and numerous members of the
Dominion Cabinet, the House of Commons
and the Local Legislature.
Among those who sent regrets at their
inability to attend were: Hon. A. C. Lar-
riere, Minister of Agriculture for Manitoba;
Hon. D. H. Wilson, of Manitoba, and Hon.
C. F. Brown, of Winnipeg. Speaking be-
fore about ten o'clock and was kept up until two
o'clock this morning.

TOWN COUNCIL.
The regular meeting of the Town Council
took place on Wednesday evening last at the
town hall.

Present—The Mayor, Councillors Hogg,
Millward, Clarke and Lindsay.
The Clerk read the minutes of the last
meeting.
The Clerk stated that in reference to the
matter of licenses for billiard and pool
tables, etc., he had drawn up a petition to
the Lieutenant-Governor, praying that by
sec. 4 of Ordinance of No. 10, the proceeds
should be applied to the municipality.
Moved by Councillor Hogg, seconded by
Councillor Clarke, That this Council approve
of and adopt the petition just read, to His
Honour, the Lieut.-Governor, praying him to
give this Council the right to issue the
licenses therein mentioned, with the right to
apply the proceeds to the use of this munici-
pality—and as the Corporation Seal has
not yet come to hand this Council authorize
the Mayor and Clerk to sign the name on
behalf of the Council, and that the Clerk
annex a copy of this resolution to the said
petition to be forwarded with it.

Councillor Millward reported from the
Seal Committee, submitting design of seal.
The word "November" and the figures 1884
were added to the inscription.
Moved by Councillor Lindsay, seconded
by Councillor Hogg, that the Mayor and
Clerk be empowered a committee to procure
a seal for the town.
The special committee in the matter of
town lots asked for an extension of time for
one week.

On motion of Councillor Lindsay, seconded
by Councillor Hogg, the required permission
was granted.
The Clerk reported by-law numbered 4, 5,
6, 7, connected with licenses.
Councillor Hogg spoke of the necessity of
a by-law requiring that all licensed vehicles
should be numbered.
By-law No. 4 provides for the licensing of
hotels, boarding houses, etc. No. 5 relates
and feed stables. No. 6 cars and draymen.
No. 7 shows and exhibitions.
On motion of Councillor Hogg, seconded
by Councillor Clarke, these by-laws were
considered as read a first time, and the
Council went into committee of the whole to
consider the second reading of the same.
The Council went into committee of the
whole, Councillor Millward in the chair, to
consider the by-laws. The committee re-
ported all the by-laws without amendment.
The third reading was ordered for a subse-
quent meeting.
Councillor Hogg gave notice that at the
next meeting of the Council he would intro-
duce a by-law for certain officers of the
Council.

INQUIRIES.
Councillor Millward enquired how soon
the taxes would be available.
The Mayor thought in three months or so
they would be enabled to get in the taxes.
A lengthy discussion ensued upon the
question of assessment and the collection of
taxes, after which the Council adjourned.

NOR-WESTERS,
Prince Albert.
Times, Dec. 22.

A meeting was called on Friday evening
last ostensibly for the purpose of considering
the advisability of taking the necessary
steps to incorporate the originally proposed
part of this settlement into a town.
Mr. Betts then moved that a committee
of five be appointed to take immediate steps
to circulate a petition in favor of immedia-
te incorporation into a town of that part of
the settlement originally described in the former
petition—which motion having been seconded
by Mr. Tat and put to the meeting by the
chairman, was carried.

Regina.
Leader, Dec. 25.
As will be seen from our advertising
columns the Saskatchewan Valley Railway
Company are to make application to the
coming session of the Dominion Parliament
for an amendment of their Charter. They
propose inter alia to make Regina the initial
point.

Our local readers will (some of them at
least) have seen the bills which have been
issued intimating that the nominations for
Mayor and Councillors will take place on
Monday first, the 29th instant, at Doctor
Cotton's Hall, Broad Street, between the
hours of 10 o'clock a.m. and 12 o'clock noon
of that day. In the event of a contest a poll
will be held in the same place on Monday,
the 5th January, 1885, between the hours of
9 o'clock a.m. and 5 o'clock p.m. We do
not hear of any public meeting being held
at which the retiring Mayor and Council
might give an account of their stewardship,
and at which aspirants for municipal honors
might express their views on matters requir-
ing to be dealt with next year.
On Sunday last the Rev. H. Havelock
Smith of Regina, was ordained by the Right
Reverend Bishop Anson in St. Paul's Epi-
scopal Church. He is now a full fledged
parson.

Malaga Grapes, California
Pears, Snow Apples, Cranber-
ries, at Fraser's.

The machinery to develop the petroleum
springs near Calgary was shipped from Brad-
ford yesterday, accompanied by H. E. Smith
of that place and four experienced drillers,
who will proceed at once to open up the
property. The oil fit is said to be the most
laborable one ever sent from Bradford. The
Winnipeg and Northwest Petroleum com-
pany of Minneapolis which owns the property
and is conducting the operations has just
tested the latest received samples from the
property and find them to be very fine
specimens.—Winnipeg Times.

INLAND REVENUE DEPARTMENT,
OTTAWA, June 5th, 1894.
Attention is called to section 4, of chapter
38, 47 Vic., "An Act to amend the Weights
and Measures Act, of 1873, which reads as
follows:—
"4. The following is added to the said
section twenty-six as a sub-section two
thereof:—
"Every hermetically sealed package of
canned goods, such as fruit, vegetables, fish
and the like, shall have the weight of the
contents of the tin, can or package contain-
ing the same, legibly marked on it, and any
packer or other person found guilty of sell-
ing or exposing for sale such goods in any
such tin, can or package, on which the
weight of the contents is not marked, or on
which such weight is misrepresented, shall
for the first offence incur a penalty of two
dollars for each such tin, can or package, and
for each subsequent offence a penalty of not
less than three nor more than twenty dollars
for each such tin, can or package."
This section shall only come into force on
the first day of January, one thousand eight
hundred and eighty-five.
E. MIALL,
Commissioner.

SEEALED TENDERS addressed to the
Minister of Interior, and marked "Tenders for
Timber Berths," will be received at this
office until noon on Monday, the 12th day of
January next, for both a license and a per-
mit to cut timber on two berths of fifty
square miles each, situated on the Bow River
and its tributaries, in the Provincial Dis-
trict of Alberta, Northwest Territories.
Sketches, showing the position approximate
ly of these berths, together with the con-
ditions in which they will be licensed, may
be obtained at this Department, or at the
Crown Timber Office at Winnipeg or Cal-
gary.
A. M. HURGENS,
Deputy of the
Minister of Interior.
Department of Interior,
Ottawa, Nov. 28th, 1894.

PUBLIC NOTICE
All persons, including Lessees of grazing
rights, are hereby required to take notice
that the copying of timber on the public lands
without authority from the Minister of the
Interior, or the Local Crown Timber Agents
of Dominion Lands for the District, is for-
bidden by law, and all timber so cut without
authority is liable to seizure and to be dealt
with as the Minister of the Interior may
direct.
Each settler on a homestead quarter section
not having timber on it, may, on application
to the Local Agent of Dominion Lands, pur-
chase a wood lot not exceeding twenty acres
in extent, at five dollars per acre.
Any person other than a homestead settler
desiring permission to cut timber, must make
application therefor to the Minister of the
Interior, who will deal with such application
according to law.
Persons who have already cut timber with-
out authority, must pay the dues thereon to
the Crown Timber Agent at his office, on or
before the 1st of May, 1895; otherwise the
said timber will be confiscated under the au-
thorities of the Dominion Lands Act.
(Signed) **A. M. HURGENS,**
Deputy of the
Minister of the Interior

NOTICE is hereby given under section 57,
sub-section 5 of "The Canada Civil Ser-
vice Act, 1882," that the date for holding the
Examination for Promotion in the Inside and
Outside Divisions of the Civil Service, is fixed
for Thursday, the 15th of December, 1894, and
that the number of positions expected in
each class in each division is as follows:

INSIDE DIVISION	
Chief Clerks	2
First Class Clerks	2
Second Class Clerks	12
OUTSIDE DIVISION	
Chief Clerks	2
First Class Clerks	2
Second Class Clerks	20

Mr OSWALD is about to sell his outfit. See advertisement.

AUCTIONEER BURNS announces a big auction sale for the 17th inst.

Don't forget that the Rink will be open from two p.m. to five, and from seven till ten p.m.

FRASER'S Skating Rink continues to be the source of attraction. It is being well patronised.

The School Trustees were around rustling yesterday. They have met with better luck than the agitation committee.

The special sermon on Sunday evening in the Methodist church was one of unusual interest and full of instruction.

The Rev J. DYKE will preach next Sabbath evening in the Methodist church. Subject, "Jonah, the successful preacher."

MR. HALLAY, of Crow Foot Crossing, was a caller at the Nor-Western office last week. He has our thanks for favors.

CHURCH of England service will be held for the future every Sunday afternoon at Mr. GLEN'S, at Fish Creek, at 3 p.m.

MR. HALL is at the Royal with a number of dogs. Mr. Hall is going to run a dog train with express matter from Laggan to end of track.

The Rev. George Jacques will occupy the pulpit of the Methodist church next Sabbath morning. The pastor, Rev. J. Dyke will preach at Pine Creek.

Don't forget the Carnival at the Rink next Thursday. Some excellent costumes have been prepared and the occasion will be full of sparkling interest.

J. E. JACQUES returns his sincere thanks to his numerous friends and customers, wishing them the compliments of the season, thanking them for past favors and asking them for a renewal of their custom.

THE TOWN Council should not forget in case of the formation of a fire brigade, the services of the average muck-a-muck. He can make good time, and as he generally carries a blanket he is likely to be of assistance.

News has been received from the mountain that a mounted policeman named Itas was frozen to death there the other day. Corporal Wilde informed us yesterday that an investigation was being held as to the circumstances attending his death.

The sapient citizen is around scattering his advice afloat and the prevention thereof. The man has not yet been born who can contrive a machine to prevent fires, so that the fire committee will have to resort to the vulgar expedients of engine, hose, hook and ladder, and the portable babcock, to say nothing of that handy vessel the fire bucket.

The Minnedosa Tribune says that the Calgary Herald has secured the talented services of ex-Judge Ryan on its staff. He and Mr. R. Lee should make a good team, but won't it be a fine old Conservative paper with ex-Judge Ryan as editor-in-chief? What has brother Smith of the Leader to say to this?

As an instance of the boot and shoe trade of Calgary Mr. John Patterson, an esteemed merchant of Calgary, comes to the front with a big record. His sales of new stock last month amounted to \$580. This does not include \$100 worth of old stock disposed of during the same period. Mr. Patterson is an experienced dealer in his line, and he seems to possess an intimate knowledge of this market.

The manager next door appears to considerable advantage. The show case which presses the caboose enables the vulgar outsider to see the live lion, the kangaroo and the jackal to advantage. There is something in the "eternal fitness of things after all," and the man who invented show cases was as much of a benefactor to the human race as the idiot who discovered the mode of manufacturing glass.

On a respected contemporary the Regina Leader has been fooled into believing that our local neighbor has changed hands—that there is such a tangible reality as the Calgary Herald Printing and Publishing Co., and that the sapient sheet is really a "Conservative journal freely watching, and ready to aid Alberta in all constitutional agitation and effort to better its condition, its laws and its prospects." If acting editor Smith is not better posted than this the editor in chief ought to come back and go into harness. The northwest is a practical country, and its editors require to keep their weather eye open and know something of Canadian politics as well as northwest matters, before committing themselves to comment taffy such as the leader has generously undertaken to manufacture in the interests of the same men who are still connected with the Herald, and who resolved to the lodge of a company in order to pull the wool over the eyes of the people.

ORGANIZED.

Formation of the Historical and Scientific Society of Alberta Election of Officers and Council.

A meeting of gentlemen interested in the formation of an Historical and Scientific Society for the provisional district of Alberta was held on Monday evening in Mr. McCook's office. There was a good attendance. E. McCook was appointed chairman and G. B. Elliott, secretary.

Moved by Fitzgerald-Cochrane, seconded by Mr. Hamby, that the Society formed be called the Historical and Scientific Society of Alberta.

The meeting then went into a committee of the whole to consider the constitution of the Manitoba Historical and Scientific Society in order to adopt it as far as deemed advisable. The Constitution was read over clause by clause and passed with certain amendments. The meeting adopted the Constitution with certain amendments and then proceeded to the election of officers with the following results:—

President, Rev. Father Lacombe; 1st vice-President, Edward McCook; 2nd vice-President, Rev. E. Paake Smith; Secretary, George B. Elliott; Treasurer, A. Ferland.

EXECUTIVE COUNCIL. Rev. Father Lacombe, Edward McCook, Rev. E. Paake Smith, G. B. Elliott, A. Ferland, George Murdoch, Fitzgerald-Cochrane, H. Y. Bleeker, R. T. Huggard and H. E. Smith.

The Secretary was instructed to write to the Mayor and town council asking them for the use of the town hall for meetings.

The by-laws were left to the executive council to frame for the next meeting, which was fixed for Thursday evening next, January 13th at 8 o'clock, in the town hall.

Remarks were made by various officers elected and by Messrs. Bleeker and Fitzgerald-Cochrane, when the meeting adjourned.

The Informer's Fate.

About ten days ago a man by the name of Arthur Latham, lately of Fort McLeod, who has been hanging about Calgary for some time without any visible means of support, laid an information against William Fisk and James Browning that they had illegally sold him liquor, and they were accordingly arrested. When the case came before Col. Herchiner the next morning Mr. Latham could not remember anything at all, and denied ever having received any liquor from the accused. They were accordingly discharged and the informer was sentenced to pay a fine of \$50 and one month's imprisonment for laying false information. Instead of being warned by the facts of his first venture he appears to have become impressed with the idea that misery loves company and he swore out three other informations from within his prison walls, one or gambling against the same William Fisk and the other two for selling liquor against James Sims and J. Beaudoin. They were all arrested and gavel bail, and the cases came on before Col. Herchiner and Major Dowling on Friday the 2nd inst. Mr. Fitzgerald-Cochrane appeared for the defence in the first two cases and Mr. Bleeker in the last. Mr. Cochrane at the outset objected to the evidence of Latham on the ground that he was a self-confessed prisoner undergoing sentence, and was consequently incompetent to give evidence in any court. Col. Herchiner noted the objection but allowed his evidence to be taken. The first case taken was that against Fisk for gambling. The informer swore that positively, that on the night in question (Dec. 13) he gambled with the accused and two others, and lost all his money about \$300. This was positively denied by the accused and two witnesses. The informer was subjected to a severe cross-examination by Mr. Cochrane, during which he repeatedly contradicted himself on important points, and his evidence was so completely broken down that Col. Herchiner dismissed the case and informed the accused that he was honorably acquitted. The other cases were then called but the Col. very properly refused to go on with them on such worthless testimony and accordingly dismissed them. Col. Herchiner is strict in the discharge of his duty, as he is bound to be, but he has sufficient discernment to discriminate between reliable and genuine evidence and the worthless trash that was offered in this case. So ends the attempt in Calgary to repeat the Bush-Jones affair of McLeod, and it is earnestly to be hoped that steps will be taken to punish this false witness so that it may be a warning to all evil-doers of the same stamp.

High River.

The New Year was ushered in merrily at High River by a ball given by Mr. Smith at the crossing. About a hundred and fifty guests put in an appearance and all went "merry as a marriage bell" into the morn hours, when the guests unanimously voted it the best ball they had ever attended, and parted regretting that it would not come again the next day. The pleasure of the guests was however outdone by that of Back who enjoys giving the young to a treat more than anything on earth. Many of the guests came from Pine and Sheep Creeks and even a few from Calgary. Mr. J. Cummings supplied the music which was first-class. The affair was altogether "way up," and reflects great credit upon the general host.
