REIGN OF ANARCHY NOW EXPECTED IN MEXICO

FALL OF HUERTA IMMINENT OUTBREAK OF ANARCHY FEARED GEN. FUNSTON GIVES WARNING

Long Conference at Washington Followed Receipt of Cipher Message From Commander at Vera Cruz—Steps Will be Taken to Strengthen U. S. Forces in Mexico.

Canadian Press Despatch. WASHINGTON, May 7.—Upon receiving a long cipher cablegram from Gen. Funston at Vera Cruz tonight, Secretary Garrison called into conference at the war department Major-Gen. Wotherspoon, chief of staff, and the entire staff of the army.

ON BRINK OF ANARCHY.

It was understood that the refugees from Mexico City had informed Gen. Funston of the critical aspect of affairs in the Huerta regime; that a collapse might be expected momentarily and that conditions of anarchy might ensue.

The conference lasted until nearly midnight, and when Secretary Garrison finally left his office he said there would be no announcement tonight. He and the army officers wore grave faces, and it was no secret that news of importance had been received.

Later Secretary Garrison said Gen. Funston had transmitted some information which refugees had brought from Mexico City as to conditions in the Mexican capital. The secretary declined to comment upon them. He said, however, that no aggressive movement of any kind by the American forces was ordered.

PRINCE LIKELY TO BE POPULAR

Officials of the war department are known to believe that if an advance on Mexico City is ordered, it will be necessary to guard every mile of the railroad as the army moves forward, and that a large force would show the natives the facility of resistance, whereas a division of fifteen thousand men might be subject to several attacks along the route, with possibly big losses.

Situation Ominous. The American army officers also regard the situation at Vera Cruz as likely to become desperate in the event that anarchy breaks out in Mexico City, or the forces of Gen. Maass should make an attack on their own initiative, irrespective of the Huerta government's promise of a suspension of hostilities against the United States.

Likely Postponement of Ontario Election. OTTAWA, May 7.—The opinion here among Conservative members from Ontario is that an election in that province is not likely to take place this summer. If it were to be held in June, and it is probable that time, nor do they think there is any special reason for such an appeal at present.

SPRING DAYS IN THE PARK

STEAMER ON REEF.

DULUTH, May 7.—The Booth Line passenger steamer America remained on a reef near Two Harbors, Minn., today despite all efforts to release her. It is said the America is punctured below the boilers and that her pumps are with difficulty keeping the water out of the forenoon. The cargo is being removed.

NO CONCESSIONS SAYS REDMOND

Nationalist Leader Denies Conferring With Asquith to End of Modifying Home Rule Provisions.

LONDON, May 7.—John Redmond, leader of the Irish Nationalists in the house of commons, in a statement issued today concerning reports published recently that conversations had been renewed with reference to further concessions for Ulster, declares that these reports are, according to my information, entirely incorrect.

Mr. Redmond also declares untrue a report that he had been in consultation with Premier Asquith concerning such concessions.

"The position of the Irish party with reference to concessions," the statement of Mr. Redmond continues, "has undergone no change since the second reading of the home rule bill will receive its third reading and be sent to the house of lords in its present shape certainly before the Whitsuntide recess."

BILL AIMS AT ENDING FRAUDS IN LAND SALES

Measure Introduced to Prevent False Advertising of Property.

OTTAWA, May 7.—In the house this afternoon Judge Doherty, minister of justice, introduced a bill which makes it an indictable offence to publish false statements in the advertisement of property offered for sale. The bill is evidently aimed at land frauds, especially in the west.

SIMPLE WEDDING AT WHITE HOUSE

President's Youngest Daughter Became Wife of Secretary McAdoo Yesterday.

WASHINGTON, May 7.—Miss Eleanor Randolph Wilson, youngest daughter of the president and Mrs. Wilson, became the bride tonight of William Gibbs McAdoo, secretary of the treasury, in the blue room of the White House.

It was a simple ceremony, brief but solemn. For the president and Mrs. Wilson it was a touching moment as they gave away a daughter for the second time within a year. It was a home wedding, much the same kind of a home wedding one would see in any American household, the place, the lilies and ferns, the uniformed aides, and the presence of cabinet members and the vice-president presiding for the service an official aspect.

The ceremony started at 6 o'clock sharp, and lasted but 15 minutes.

MEDIATORS UNDISTURBED BY KILLING OF TWO BRITISH SUBJECTS AND AMERICAN, CONTINUE CONFERENCES WITH CHINESE CONFIDENCE—ORDER RETURNS IN NORTHERN MEXICO

WASHINGTON, May 7.—Development in the Mexican situation went steadily forward today, although the White House wedding to some extent eclipsed all other events in the attention of official Washington.

The two chief reports from the distraught interior of Mexico announced the killing of two British subjects and one American at Guadaluajara, and the continued heavy fighting at Mazatlan, on the Pacific coast, where a rebel airplane executed a spectacular exploit in dropping a bomb which killed four persons and injured eight in the streets of the besieged city. The state department also was informed by Consul Hamm at Durango that the movement of the Constitutional forces had now begun southward against Saltillo and Zacatecas.

Plan Unaltered. The mediators continued their sessions, which are now largely by way of preparation for the meeting at Niagara Falls, Canada, on May 18.

One important phase of their work developed during the day. This was that, despite Carranza's self-elimination from the conference, the Constitutional side of the Mexican problem would be fully considered by the mediators in the plan to be formed by them at the coming conference.

Notwithstanding the fact that Carranza will not be represented by any delegates at the mediation conference, it was authoritatively stated that the plan which would be presented by the mediators covers the pacification of all Mexico. The elimination of Carranza (Continued on Page 3, Column 3.)

BOY WAS KILLED BY HEAVY WAGON

James Moore, Three Years Old, Run Down While Playing in Front of His Home.

James Moore, 3½ years old, of 235 Delivery avenue, was run down by a delivery wagon in front of his home at 5 o'clock last evening, and died a few hours later in the Western Hospital. The wagon was driven by Wm. Elliott, 1101 Dundas street, driver for Moses Hunter, flour and feed merchant.

Not until his attention was called to the fact that the child was entangled in the rear wheel and axle, did Elliott know he had run the boy down. The child was conveyed to the Western Hospital in a passing motor car, and his death was due primarily to the injuries to his head.

The body was conveyed to the morgue, where an inquest will be opened today.

Little Girl Injured. While playing on the roadway in front of her home at 5 Duchess st., yesterday afternoon, 3-year-old Martha Rodella was knocked down by a passing delivery wagon, and conveyed to the Hospital for Sick Children with two ribs fractured.

STILL MORE REFUGEES FLEE FROM CAPITAL

Another Train Leaves Mexico City in Two Sections for Vera Cruz.

WASHINGTON, May 7.—Reports from the Mexican ambassador at Mexico City stated that a trainload of American refugees, 500 to 600 in number, left Mexico City for Vera Cruz in two sections yesterday evening. Among those on the train was Dr. Edward Ryan, the American who had been under arrest on charges of espionage, and who was released after strong representations on the part of the American government.

WOMAN SCALDED TO DEATH.

INGERSOLL, Ont., May 7.—Mrs. Thomas Clear, of Dereham, died this afternoon as the result of terrible burns which she sustained last night when an oil stove burst. She was boiling some water when the stove suddenly spluttered and a few seconds later exploded.

PARTY LEADERS AGAIN CONFERRED ON SETTLEMENT OF HOME RULE

LONDON, Friday, May 8.—Further conversations on the Irish question took place yesterday. Premier Asquith had another interview with Bonar Law, and subsequently received Messrs. Redmond, Devlin and Dillon. The government have not yet put forward any definite proposals for settlement, but the manner in which parliament may give effect to any settlement scheme has been under consideration.

The government adhere to their intention to pass the home rule bill thru the house of commons before Whitsuntide.

BIG EXPENDITURE ON MILITIA STOUTLY DEFENDED BY HUGHES

Colonel Comparatively Unruffled When Described as "Military Monomaniac" and Militia as "Vast Boozery Army" — Good Arguments Presented for Training System in Careful Speech.

OTTAWA, May 7.—The long expected estimates for the militia department were presented today, but the much heralded attack upon the minister and his department didn't materialize. There was scolding, but no concerted attack or effective campaigning of any kind. The galleries were crowded this evening in anticipation of a furious fusillade, but the Liberals were unable to get up steam and the colonel more than once, yawned audibly.

It must be said, however, that Col. Hughes defended his department with marked ability. His address, which lasted over two hours, had been carefully prepared, and he absolutely refused to be diverted from the thread of his argument. Opposition members frequently interrupted but the minister kept his head. Now and then he made a quick retort which brought down the house, but he immediately returned to the subject of his speech.

The case made out for military training was a good one, and the minister defended himself fairly well from the charges of extravagant expenditure.

At the evening sitting, Mr. Paoull Prescott, Mr. Pardee, West Lambton; Mr. McCrea, Sherbrooke; Dr. Neely, Humboldt, and others endeavored to draw the minister but with only a different success. Col. Sam kept his temper and met even Mr. Carvell with ease to raise him, although the New Brunswicker made some rather serious and startling charges against the militia, and charged that the minister himself was a military monomaniac.

In Midst of Alarms. Col. Hughes, in opening, said that the general preparations now going on for the celebration of the centenary of peace between Great Britain and the United States so absorbed the attention of many well-disposed people that they had not a thought to spare for the elementary duty of national defence. Indeed, the twentieth century had been noted for various propaganda for bringing about universal peace. Yet ever since 1900 the nations of the world had been at war. There was the Russo-Japanese war, the Mexican war, the Balkan war, and it was quite possible that before the end of this year we would witness a bloody war between the United States and Mexico.

Personally, the minister had little respect for the professional peace propagandists. They were quite busy in Canada in 1911, but their aim was hypocritical. At the first sign of hostilities between the United States and Mexico, the universal peace society of New York wired President Wilson that their members were not peace-at-any-price men. In short, they were willing and anxious to fight if national honor was involved, and no war had ever been fought except upon the hypothesis that the national honor was at stake. It was, therefore, not national to look forward to an era of peace or many years to come, also dependent on religious sentiment, to denounce all wars as unnecessary and inhuman.

Boys of Militarism. Col. Hughes denounced as a boy of the danger of militarism. We had in the South African war, the Philippine war, the Russo-Japanese war, the Mexican war, the Balkan war, and it was quite possible that before the end of this year we would witness a bloody war between the United States and Mexico.

"LIFT EMBARGO" VILLA'S APPEAL

United States Can Hasten End of Protracted Struggle by So Doing, He Declares.

TORREON, Mex., May 7.—A plea for the lifting of the embargo on arms is the swiftest and most humanitarian method of bringing peace to Mexico made in an interview today by Gen. Villa, general-in-chief of the constitutional army.

"The embargo is protracting this struggle uselessly," he said. "I hope the American government understands that the placing of the embargo is interfering seriously with the plans of the constitutionalists, Gomez Palacio, Torreon, San Pedro de Las Colonias, and even Monterey, were constitutionalist successes due to the brief lifting of the embargo. Mexico should be pacified. We cannot do this unless the embargo on ammunition is lifted. The sooner we can secure the arms and ammunition we need, the sooner the country will be pacified. I am sure the American people will have no difficulty in understanding this."

ROSDALE RESIDENCE WAS DESTROYED AND INMATES GOT OUT IN NIGHT CLOTHING—TWO RESCUERS AND TWO OTHERS FORCED TO SLIDE DOWN ROPES MADE FROM BED CLOTHES.

Twelve people were forced into the street in night attire at midnight last night by fire which almost totally destroyed the old white brick residence of Mrs. Brodie at 1 Elm avenue, Rosedale. So much headway had the flames secured before the alarm was given, that four of the inmates escaped from the burning house only by tying the bed sheets together and sliding down them from the second-storey to the ground.

The burned building is an old two and a half story brick residence and was used as a boarding-house by its present owner. The fire was first discovered by a maid in the house, who, after retiring for the night, thought she smelled smoke, and arose to investigate. She found the whole of the front of the house on the ground floor in flames.

Used Sheets to Escape. She hastily aroused the roomers on the first floor, who made their escape to the street, most of them without stopping to secure any clothing. Two of the boarders, at great risk to themselves, ran up to the second storey to arouse roomers sleeping there, and it was two of the occupants on the second floor and the two boarders who went upstairs to give the alarm who were forced to escape by means of the bed sheets. All were smeltered for the night by neighbors.

The total loss will exceed \$6000; \$3000 to contents and the same amount to the building. Nearly all the occupants of the residence lost many personal belongings, one woman in particular losing a considerable quantity of jewelry.

JOINT STOCK COS. ACT WILL BE AMENDED

Hon. Louis Coderre Introduces Bill in Commons With Three Changes.

OTTAWA, May 7.—Secretary of State Coderre introduced a bill to amend the Joint Stock Companies Act. The amendments are three in number. The first permits companies to issue stock warrants, the second permits debentures to be issued for sums less than \$100, and the third permits companies to release redeemed debentures.

SANCTIONS BUILDING OF TWO BATTLESHIPS

House of Congress Passes Naval Constitution Bill Without Change.

WASHINGTON, May 7.—The annual naval appropriation bill, carrying \$129,500,000, and providing for the on-going construction program of the administration, passed by the house today without a roll call. The bill includes two battleships, one to be built in some government navy yard; six torpedo boat destroyers, one sea-going tug, three coast defence submarine torpedo boats, to be constructed on the Pacific coast, and four submarines.

A REAL ALL-STAR CAST.

William H. Crane, Douglas Fairbanks, Amelia Bingham and Patricia Collins are the well-known heads of a great all-star cast which will be seen at the Princess next week in "The New Henrietta." It is a play based upon the famous comedy by Bronson Howard and reveals life as it is encountered at the present in social and financial circles of the 20th-century in New York City.

MOUNT DENNIS ASSAULT CASE IN COUNTY COURT

Hearing Occupied About Four Hours — Twenty Witnesses Were Examined.

Cases in the county police court, as a rule, are quickly disposed of, but an assault case that came up yesterday before Magistrate T. H. Brunton was out of the ordinary, in that it held the attention of the court for almost four hours. George Ralph of Mount Dennis was charged by William Masino, also of Mount Dennis, with assault, and with having used insulting and abusive language towards his wife. A counter charge of assault was preferred by Ralph against Masino.

The case against Ralph was that about 7 o'clock last Saturday night, while passing Masino's house, he had called the latter a "Dago" and swore to have his blood. Masino told him to go home, as he did not want any trouble, whereupon Ralph used the language complained of and doffed his coat to fight. The result was that Ralph came out of the scuffle with a very badly bruised face.

The evidence given by Mrs. Masino was that the defendant was asking for trouble, and his language was such that she was ashamed to repeat it. Her husband was forced to defend himself by striking Ralph and putting him to the ground. Ralph then got up and pulled out a loaded "bully," but in the scuffle it fell to the ground and she threw it into the street.

The defendant denied that he used the language he was charged with and said that he did not know what he was doing as he was drunk.

The evidence taken in the cross case was of a similar nature, and the magistrate held that they were both to blame and fined them \$5 and costs, and bound them over to keep the peace for one year.

About 20 witnesses were examined. Fred Phillips of 10 Victoria boulevard, Mount Dennis, a G.E.R. brakeman, had his right arm so badly crushed between two freight cars in the Mimico yards yesterday afternoon that it was necessary to amputate it in Grace Hospital, where he was conveyed in the police ambulance.

MOUNT DENNIS

At a meeting held in the Bank of Nova Scotia office, Mount Dennis, Saturday night, the York Township Baseball League was formed with the following clubs: Davenport, Mount Dennis, Rummynede and Weston.

The Canadian Kodak Company have kindly given the use of part of the field, on which they are erecting their factory, for use of the Mount Dennis Athletic Association, where the home team and Davenport will play their games.

The baseball season opens Saturday, May 9, when Weston play at Mount Dennis and Davenport at Rummynede.

BELLEFAIR AVE. CHURCH WILL BE EXTENDED

Superintendent Barrow announced at the final concert of the Sabbath school of the Bellefair Methodist Church that the effort that had been made to raise \$1000 towards the building fund was very successful.

The trustees and representatives of the different organizations conferred with the pastor, Rev. L. E. German, and decided to proceed with the extension of the church at a cost of \$40,000.

A committee of ways and means has been appointed to complete the financial arrangements and consider the plans.

DEER PARK

Baker avenue, Deer Park, is now being opened up to Lavton avenue, and the street will be named Wilkesley boulevard. It is now being graded in preparation for paving.

Wilkesley boulevard will be different from the city streets in the vicinity in that utility telegraph and telephone poles will be conspicuous by their absence, all wires having been placed underground.

WILL DISCUSS ODORS AT MEETING TONIGHT

Ward Seven Citizens Contradict Inspector's Report — Man Injured.

"When are we going to have relief from these abominable odors," said a ward seven citizen last night. "The medical officer of health's statement, that his inspectors report no smells of any account in West Toronto, does not lessen the nuisance for us."

Open Sewer.

At the corner of Woodville avenue and Conduit, the effluent from an unfinished sewer is escaping by open troughs, and allowed to run into the ravine. This is in the midst of a fine residential section, and we hope this condition of affairs will not be allowed to exist in the warm weather.

"On Tuesday night on St. Clair avenue, near Keele, the odor was nauseating in the extreme. It is thought the smell emanated from a fertilizing plant in connection with one of the abattoirs, and is undoubtedly the same one which was carried over the central part of ward seven, by a north wind the same night, and of which the citizens south of Dundas street complained bitterly."

This problem will, therefore, prove equally as interesting as that of transportation to the ratepayers at tonight's meeting of the ratepayers in Annet Street School.

Switchman Injured.

While at work in the C.P.R. yards, West Toronto, yesterday afternoon, about 1:30, Jack Humphreys, 72 McMurray avenue, a switchman in the employ of the company, was seriously injured, and now lies in a critical condition at the Western Hospital. It is thought he was traveling from switch to switch on the rear of a box car, and in some manner missed his footing and was thrown from the tracks.

When he was picked up he was unconscious, and after Dr. T. W. Clendenan had rendered first aid he was rushed to the Western Hospital in a Special motor ambulance, where he was found to be suffering from a compound fracture of the right arm, which was also badly crushed, and, it is believed, internal injury.

WOODBRIDGE — NEW STOCK BUILDING FOR FAIR

Building Committee of Agricultural Society Meets Tonight.

A special meeting of the building committee of Woodbridge Agricultural Society will be held this evening to make final arrangements for the erection of a new stock judging building on the fair grounds. It will cost about \$7000 and will be used as a rink in the winter months.

The wedding of John W. Allerby of Woodbridge and Miss Jessie Patterson of Naashville took place at Toronto's Spens motor ambulance company yesterday. They will spend their honeymoon in Buffalo and Detroit and will receive for the first time at the "The Maples," Woodbridge, on May 21.

ORDINATION SERVICE AT AGINCOURT TODAY

An ordination ceremony will be held in Knox Presbyterian Church, Agincourt, this afternoon at 2:30, when S. H. Kennedy will be ordained minister of the Presbyterian Church.

Rev. Dr. Gilray of College Street Presbyterian Church will preside, and will conduct the ordination ceremony. He will also give the new minister his charge. Rev. Frank Rae of Unionville will preach the ordination sermon, and the congregation will be addressed by the Rev. Harvey Carmichael of St. Andrew's Church, Scarborough.

EARLSCOURT NEWS

Earlscourt branch Amalgamated Society of Engineers, held their usual monthly meeting last evening in Eadie's Hall. Bro. J. H. Williams occupied the chair.

Four new members were initiated, and the secretary reported the present total membership of the society throughout the Dominion as 165,522, being an increase of 1277 over the month previous, the number then being 164,245.

A new ratepayers' association is being organized in the West Earlscourt district by G. E. Doolan, C. Riley, J. Jenkins and other former members of the Caledonia branch B. L. A.

The inaugural meeting will be held in the course of the next few days.

A reception to Rev. W. F. Roadhouse, the new pastor of Earlscourt Baptist Church, will take place this evening in the church. The following have signified their intention to be present: Dr. Norton, superintendent of home missions of Canada; Dr. J. G. Brown, secretary of foreign missions; Dr. W. J. McKay, editor Canadian Baptist.

The Rev. C. H. Schutt, Century Baptist Church, will deliver the address and Rev. W. J. H. Brown will conduct the song service.

THORNHILL

The final meeting of the Literary Circle will be held at the residence of Mr. D. James on Monday evening, the 11th inst. A supper will be provided for the ladies and a collection will be taken for some extra expenses. The program is to be the best of the season, an orchestra has been engaged. The address of the evening will be given by Mrs. M. N. Norman of Toronto, and readings, vocal and instrumental music will complete the program. The members will be expected to select and read a short, humorous selection or anecdote.

YOUNG PEOPLES' SOCIETY.

About forty delegates from the various churches in the east end district attended a meeting held under the auspices of the Churches' Ministerial Association last night, to discuss the advisability of forming a young undenominational and non-sectarian association along the lines of the Y.M.C.A. A proposition appeared from the amalgamated athletic clubs in the district to suggest that the athletic clubs co-operate in the formation of the association.

The general impression was that a small beginning should be made in some way to test the value of the proposed organization. A committee, representative of the churches, the ministerial association and the athletic clubs, was selected and will submit a report at a future meeting.

LEASIDE — LARGE FACTORY UNDER CONSTRUCTION

Canada Wire & Cable Building One of the Longest in Dominion.

Six carloads of bricks have been unloaded at Leaside station, Canadian Northern Railway, to be used for the construction work on the new Canada Wire and Cable Factory at Leaside. The building is to be one of the longest factory buildings in the Dominion. One section 500 feet in length, will be three stories in height and the rest of the building one storey.

Already the biggest part of the brick foundation has been laid, and a compressed air plant is being installed, so that the steel construction can be rushed to completion.

In connection with the wire and cable factory, this company has commenced building operations on five of the 150 workmen's homes, which they contract to build before the end of the year about \$0 of these houses are to be under way. The plant, when completed, together with the value of the land, will cost about a million and a half.

WESTON RD. BRIDGE CASE ARBITRATION ADJOURNED

A. Bradshaw and Sons' Claim Against City Laid Over for a Week.

The arbitration case between A. Bradshaw & Son, dry goods merchants, and the city, which after long delay came up for hearing before P. H. Drayton, K.C., has again been adjourned till the 16th inst. at 10:30 a.m. at the city hall. A. C. McMaster, K.C., is acting for the company, the city being represented by Mr. Fairly.

The company are claiming compensation to the extent of \$8000, in that the Weston road bridge at the Junction has been built 18 inches over their lot line, in that the street on the east side upon which the company shipped its goods has been closed, and in that these things have affected the matter of extension of the present buildings.

NEWMARKET — DRAMATIC CLUB PRESENTS PLAY.

Great Preparations in Progress for Opening of New I.O.O.F. Hall.

The play "My Brother's Keeper" was presented in the town hall on Wednesday night by the Christian Church Drama Club, and in spite of the weather, a large number turned out to witness the performance. The players receive a very creditable rendition.

The high school cadets are to be reorganized. They were addressed by Master Walker of the cadets, who gave them an outline of the duties to be performed, saying that some people thought that it was the first step towards the army, but this was entirely wrong. The principal idea was to teach the boys duty and discipline.

The chief of police has issued notices to householders to have their yards cleaned up by May 15, and in consequence the citizens are now making their places look spick and span.

TWELVE HUNDRED HEARD EATONIA CLUB MINSTRELS.

Nearly 1200 people were present in Association Hall last night, and were well pleased with the appearance of the Eatonia Club minstrels. There were half a hundred polished and ebonized instruments of various kinds on the show. When the music was raised, there were black-faced warblers, soloists, quartets and a stupendous selection of mirth taking part in the show. They will put on another show tonight.

AT THE PARK.

The program at the Park Theatre for the last half of this week is good, and worth seeing.

Dr. Marchant, the cyclonic entertainer, has a powerful voice, and has received in her different impersonations.

Sim Bourdeau, "that versatile entertainer" has many clever jokes, and a beautiful voice. Knox Bros. have a high-class musical act, and produce many of their own original song successes. North and Addison, "that classy couple in an attempt to kill time," were well liked.

The three prize-winners of Wednesday's contest appeared, and were recalled many times.

Tonight the 5th series "Adventures of Kathlyn" will be shown.

TORONTO MISSION BOARD.

At the monthly business meeting of the Toronto Mission Board, held in the Central Y.M.C.A. yesterday afternoon, considerable business was done preparing for an active summer campaign.

The Gospel carriage services will be opened on the evening of June 1, and there are prospects of having good staff of workers. On Monday, May 11, the staff of the fresh air home at Bronte will begin preparations for receiving the first company of needy women and children on Wednesday, May 27, and a new company will take their places every second Wednesday until the end of the season.

Rev. Mr. Hall was granted three months' holiday, during the course of which he will visit Scotland.

WILSON TO CHOOSE EXPERIENCED MEN

Those of Judicial Ability to be Delegates to Mediation Meetings.

Canadian Press Despatch, WASHINGTON, May 7.—President Wilson and Secretary Bryan have determined to appoint as delegates to the mediation conference men of judicial ability, and, if possible, familiar with the proceedings of arbitral tribunals. It would not be surprising if a justice of the supreme court of the United States of the American Government, Justice Mahlon Pitney, tho a Republican, is a close friend of the president, and may be chosen. Justice Day was a member of the Paris peace conference, and is former secretary of state. Circuit Court Judge George Gray of Delaware, is a possible disturbance during the Mexican troubles.

LIBERAL PROVINCIAL PREMIERS SUPPORT SIR RICHARD MURRAY IN URGING THAT C.N.R. BE AIDED

Murray (Nova Scotia), Sifton (Alberta) and Acting Premier Calder (Saskatchewan) Decline to Treat Question as Party One — Undertaking Regarded as of National Importance.

By a Staff Reporter. OTTAWA, May 7.—Premier Murray of Nova Scotia, Premier Sifton of Alberta, Acting Premier Calder of Saskatchewan and Sir Richard McBride of British Columbia made the appeal.

On March 14 last Premier Murray wired Mr. Borden as follows: "The Nova Scotia Government realize that the Canadian Northern Railway has been very largely to the development in the province, operating at present over 400 miles. We feel that this progressive railway situation could only have been brought about by the enterprise of such a concern, and the province, by reason of accepting their guaranteed bonds for large sums, is vitally interested in the future of this company. The government feels that any reasonable assistance consistent with the public interest that can be accorded by the Dominion to the Canadian Northern, would be a policy which would be acceptable to our people."

Sir Richard McBride, pointing out the enormous work done in the province by the Canadian Northern, and giving the details of the aid that had been given the railway by British Columbia, as well as the expenditures, he added: "Considering that the undertaking is of national importance, I do not hesitate to say if representations made to you for the purpose of completing at once arrangements for first-class transcontinental service are based on fair and reasonable grounds, there should be ample justification in extending support."

Twelve hundred school teachers had been trained to instruct the possible children through the course and drill halls were being erected as rapidly as possible where really needed. Of drill halls fifteen hundred will be erected in the next five years, but the government only intended for the present to erect fifty such halls. "The drill hall in a town or village was the rendezvous for the boys and girls, who therefore ran wild and wasted their time in mischief."

Hon. J. Calder, who came to Ottawa to discuss the question with Mr. Borden, wrote to him on April 17 as follows: "It seems to me that if there is any likelihood that the Canadian Northern, on account of the magnitude of its financial undertakings, may without adequate federal assistance be left in such a position as to compel it to curtail or hold back its branch line development, the loss to Western Canada would be very great indeed."

ENGLISH INVESTOR WILL LOOK INTO CANADIAN REAL ESTATE "Investigate Before Purchasing in Old Country," Says F. B. Robins, Who Has Just Returned From Six Months' Stay Abroad.

"There is a much different feeling towards Canadian real estate investments ruling in England than two or three years ago," said F. B. Robins, of Robins, Limited, who has just returned from a six months' trip to Europe.

"I met in London a number of people interested in Toronto properties, and we have formed a building company, registered in England, which will erect dwellings in Toronto. Already land for thirty houses the number we expect to start on at once, has been purchased. It is the intention of the company to build artisans' homes, for which there is a great demand at present."

"A number of gentlemen are also considering the transportation problem of Toronto and especially to provide accommodation to cheap land. Personally I do not see why an omnibus service could not be started to some of the suburbs."

"Retraining to Toronto after a long absence it is impossible to resist the impression that the future of the city is great, and with the vast development works under way and to be undertaken in Toronto during the next few years, there should be no lack of employment for good workmen of all classes, contrary to the prevailing impression in England, where statistics regarding immigration this year show a falling off in numbers. There is no doubt that reports of unemployment which have reached England from Canadian cities are having their influence. We must attract the right men from Great Britain, and during my stay there I met quite a number of young men anxious to make their way and eager to come here."

"There is a great deal of criticism in England over the large number of Canadian notations which have appeared on the market recently. The market has become critical, and the Englishman is beginning to inquire whether these loans are actually 'quibbled' over, or if more of them are coming. Canada and saw the spirit of industrialism which prevails, especially in Toronto, they would not hesitate to advance the required funds to build up this country," said Mr. Robins in conclusion.

TEACHERS PROTEST AGAINST AGE RULE Education Board is Asked to Reconsider Superannuation Plan.

On behalf of the principals and women teachers (including the kindergarten) of the Toronto public schools, we respectfully and earnestly petition you to reconsider your decision regarding the removal of teachers from your staff, under the provisions of the superannuation scheme, for the following reasons:

(1) We consider it inadvisable to dispense with the services of capable and experienced teachers, more especially in the case in view of the present scarcity of teachers.

(2) The removal of those teachers who are still efficient in the interest of the boys and girls in the schools, who will thus lose the advantage of the influence, judgment and tact acquired thru long experience.

(3) The feasibility of a tax on the part of the parents to meet the needs, not only of boys, but also of adults.

(4) The fact that the permanent secretary of the movement, stated that since the inception of the idea last July about 200 persons personally looked after 350 cases, and has secured the support of the nomination to which the youths' spirit belonged to assume the responsibility of return to the straight and narrow path. Since the possibility of the movement was conceived by Clarence Noble, less than a year ago, he has been successful in securing the personal address of a number of boys in which he was able to reintroduce an element of respectability into a boy's life. The Christian churches had been enlisted in the movement and had added greatly to the effectiveness of the juvenile court.

Overhaul Your Habits If Your Eyelids Puff

By Dr. LEONARD KEENE HIRSBERG

A. B. M. A., M. D. (Johns Hopkins)

THE schoolboy's copy-book quotation, about the bull-frog who envied the bull and puffed and puffed until he exploded, has a lesson in it for everybody with puffy eyelids.

Alice in Wonderland, when she puffed herself up as high as the table in the underground cavern, where she met the mouse, did so unconsciously. She was not like the vain bullfrog.

Puffiness under the eyes is usually of the Alice in Wonderland type. No matter how wilful you may be, you cannot voluntarily, at your own sweet pleasure, puff your eyelids.

The puffy, bloated appearance beneath your eyelid comes willy-nilly, like a thief in the night. True enough, it is due to definite physiological causes, but these come on silently and insidiously, independent of your own control.

What, then, may be justly blamed for this condition? Why do some, like Alice in Wonderland, puff themselves up so high, while others, with malignant puffiness, lack the "oedema" or the optic cups?

When watery fluids issue forth from the human vermilion streams and the straw-colored lymph channels of the body into the adjacent, soft tissue, these tissues become soggy, puffy and swollen.

Suppose the analogy, which you often see of a garden hose broken and leaking. Over the leak there is tied a piece of linen, a handkerchief, or a rubber balloon. It is tied above and below the leak.

Why Eyelids Puff.

What happens? Why, the water which bubbles forth wells into the bandage. It swells and puffs up.

Exactly the same thing happens in the eyelids and below the eyes, partly for this reason and partly for others. It is not due so often to a leak in the other physiological disturbances.

If the blood and lymph become thickened by disease; if the tissues, outside of and adjacent to the vital fluid, become saturated with salt; if the blood pressure is too high; if the heart pumps too rapidly; if you receive a blow in the eye, the lower part of the eye and lids may become puffed.

Overeating, overdrinking and under-sleeping are among the intricacies that predispose you to puffy eyes.

"Black eyes" and bruises, the lymph and serum, which drain away from the inflamed structures, collect in the lower part of the eye socket. Thence they filter into the fatty, lower eyelid.

The Best Cure.

Bright's disease of the kidneys, diabetes or the sugar sickness, pressure in the eyeballs, the lymphatics, over-exertion, heart infarctus, fat-making and certain brain troubles all contribute at times in causing puffy lids.

It may be plain from all this that to avoid the puffy lids, all you need do is to prevent the distemper which produces that condition.

Perhaps this is not such a simple matter. Indeed, even the skilled physician himself may discover the presence of a brain malady by the observation of puffiness under the eyes!

Answers to Health Questions

STEADY READER—Recommend a safe lotion to promote the growth of eye lashes.

Two grains of resorcin in red vaseline; massage gently across the eyebrows exactly in the way they fall—not against the grain.

TWENTY-ONE YEARS OLD—I'm a girl in perfect health, except two black wells under my eyes.

Plenty of rest at night and plenty of sun baths by day, and the massage of the hollows with castor oil will help.

H. C. K., Philadelphia—After you have gained 50 pounds at a sanatorium and are said to be O. K. from tuberculosis, what is the best home treatment to stay cured?

Live at home just as you did at the sanatorium. Do not change the excellent outdoor habits, the fresh night air, the meat, milk and eggs, the cold shower or wash in the morning, the sunlight of the high noon.

The secret of cure in tuberculosis is gain in weight from plenty of sunbaths with nutritious, fatty, meaty papulum, fresh air and proper exercise. Work as much and walk as much out-of-doors as possible.

Dr. Hirschberg will answer questions for readers of this paper on medical, hygienic and sanitation subjects that are of general interest. He will not undertake to prescribe or offer advice for individual cases. Where the subject is not of general interest letters will be answered personally if a stamped and addressed envelope is enclosed. Address all inquiries to Dr. L. K. Hirschberg, care this office.

Advice to Girls

By Annie Laurie

Miss Annie Laurie:

I live in the country and have an unknown correspondent. We have corresponded for about two years but have never met. He is a traveling salesman, and when convenient he wishes to stop off at my home town and meet me there.

How should I entertain him?

COUNTRY GIRL.

WELL, little Country Girl, what in the world am I going to tell you?

How did you become acquainted with your "unknown correspondent?"

What do you know about him? Are you sure he is a single man?

There are a good many men in the world who amuse themselves by writing letters to girls they do not know.

Some of these men are fools—some are just plain men with too much time on their hands—some are lonely fellows who are trying to find a sweetheart and really trying honestly—and some are scoundrels who have gone half-crazy on the girl question and who can't keep up flirtations enough with girls they do not know.

Which one of these is your "unknown correspondent?"

There's just one thing for you to do to entertain him if you really insist upon seeing him when he stops off at your town.

Ask him out to your house—oh, of course you don't want to do that.

Your mother will object, your father won't understand, and your brothers will make it so disagreeable for him that you'll wish you had never heard of him.

Nevertheless, that is the one thing and the only thing that you can do and be sure of keeping his respect—and your own.

Besides, he'll never know a thing about you—really—until he sees you in your own home among your own people.

And you'll never know a thing about him—really—until you sit down at the table with him in your own home and see how he looks beside your father, and what he acts like when your brother is looking at him.

But no slipping out to meet him somewhere, no secret rendezvous from such things as these can come to you nothing but misery and despair; keep away from them as you'd keep away from a collie rattlesnake.

Annie Laurie

Miss Laurie will welcome letters of inquiry on subjects of feminine interest from young women readers of this paper and will reply to them in these columns. They should be addressed to her, care this office.

Useful Hints for the Housewife

By Ann Marie Lloyd

HERE are two recipes for serving fresh strawberries, both of which have stood the test of time:

STRAWBERRY SHORTCAKE. It has been said the delights of this dish cannot be described save in the song of a poet.

Remember, nothing but the real biscuit crust makes the genuine shortcake, and that all substitutes are shams and delusions.

Into two cups of flour sift three teaspoons of baking powder and quarter of a teaspoonful of salt. To this add three tablespoonfuls each of butter and lard and chop it with a silver knife till it is thoroughly blended and divide in halves. Put each half in a buttered round cake tin and pat into place with a floured hand. Bake 12 minutes in a hot oven. Separate the upper and lower

portions of each cake with a silver fork—the use of a knife is an epizootic crime—butter generously and spread with berries which have previously been hulled, crushed, sugared and left standing for several hours. Alternate with berries and biscuit crust, and pour the remainder of the berries and juice over the completed cake, top with whole berries and serve with whipped cream.

STRAWBERRY WHIP. Two cups of strawberries, one cup powdered sugar, tablespoonful lemon juice, whites of two eggs, fourth of teaspoonful salt. Crush the berries and add to them the sugar and lemon. Beat the whites of the eggs and the salt till the eggs are a froth and add the berries, beating constantly. Serve with custard or whipped cream in frappe glasses with a whole berry topping the cream.

Peter's Adventures in Matrimony

By Leona Dalrymple

Author of the new novel, "Diane of the Green Van," awarded a prize of \$10,000 by the Fairbank and S. S. McClure as judge.

The truth about "the girl in the case" distinguishes this new series by Miss Dalrymple. Her character studies will not appear unfamiliar to the majority of readers, who will follow the fortunes of "Peter" with interest.

The Literary Bee.

"I THINK," said Mary, "that really should be more literary. What do you think, Peter?"

"You mean write—poems?" I queried dubiously.

"No," she exactly, said Mary vaguely, "papers and things. I think it would be great fun."

"Sounds a little aimless," said I.

"Oh, dear, Peter," exclaimed Mary illogically. "You never get what I mean immediately. I'm going to join a club."

"Hum!" said I with increasing doubtfulness of tone, for Mary already belongs to several clubs and I get my worst dinners on club nights. I couldn't conscientiously look overjoyed at the prospect of adding another cold-meat night to the menu and yet I wanted to be perfectly fair and generous.

"What sort of club?" I ventured.

"Literary," said Mary decidedly. "They have wonderful meetings once a week and papers and discussions and it is truly very instructive. I really feel that it is my duty to know a little more about the literature of the world, don't you, Peter?"

"Well, I can't say I feel the need strongly," I said, "but do you please, Mary."

What "Pretty" Means.

"They had a cycle of meetings that were very interesting," said Mary timidly, "spring—summer—autumn and winter—and read of and references to the seasons and had appropriate music. Isn't it wonderful, Peter?"

"It surely is—wonderful, what women fuss about. I marvel at some suburban conceptions of what is literary and what not. Imagine a pretty, anemic discussion of the seasons passing for a literary afternoon. I'm afraid I smiled."

I state that sense of pretentiousness guides a woman's judgment. It vitiate her taste for good books and good music.

"When I like pretty books and pretty papers and pretty music and 'pretty' is merely in their minds a synonym for the good sentiment and my mind an automaton for strength. The big virile things get by the average woman merely because of that feminine sense of pretentiousness that blinds her with its sickly, emotional charm. Literary club, another cold-meat night crept into the menu and, in course of time, Mary wrote a paper."

I shan't forget the night that she began it. I took up my newspaper and was conscious of the part of my little wife. She was bustling about opening the drawers of a desk, fetching ready pens and ink and paper, humming busily and making altogether a very pretty noise and stir. I knew very well that she wanted me to look at her and make some comment. Therefore I did.

"Well," said I, smiling, "what's up, dear? You're the busiest person by far in the family."

Encyclopedic Essays.

"Well, Peter," glowed Mary in one of those delicious bursts of naïveté that make a man smile. "I just hoped you'd realize how very busy I am and you have. I'm about to write a paper."

"Dear, dear," I mocked. "What on earth, Sidney Carter, said Mary very proudly.

"A critical analysis of his work, I suppose," I ventured.

"Oh," said Mary with vague airiness, "likely it will run into that."

Whereupon she withdrew forth various books and encyclopedias and went to work with a vim, scratching busily until dark.

Mary read her article, was featured in headlines in the daily paper, and advised to take up literature immediately as a profession. This, I understand, is the invariable procedure in a literary club. A great deal of incurable action fever springs up out of an encyclopedic essay read before a literary club.

Mary was so delighted at the way she had improved her mind that she talked of it for days. A month later I asked her in a spirit of good-humored malice just how much of her article she remembered.

"Well, Peter," she confessed, "I don't remember much, and that's a fact. To tell you the truth, I've forgotten most of it. You see, I just copied great chunks out of the encyclopedias, and really it was most convenient, for I don't have to remember it. It's there any time I want to read it."

The ways of a woman's literary club are many and devious.

Bertha Shalek

"Talent Backed by Will Power Wins," Say Noted Prima Donnas

Bertha Shalek's Advice to Students.

Keep alert and watchful for opportunity. A glorious voice deserves a strong body. Eat simply; drink nothing stronger than pure water. Try always to strike chords in your daily life. I believe in tuneful thoughts as well as tuneful song. I believe in looking for good in your neighbor. We shall be accountable only for our own shortcomings. Keep so busy that there is no time for mischief. Do the best you can all the time. Look ahead, not back. Hope instead of regret. Try again and again when you don't succeed.

Helen Stanley's Singing Creed.

I believe in temperament—but not in temper. Keep the body in harmony to retain your voice. Try always to strike chords in your daily life. I believe in tuneful thoughts as well as tuneful song. I believe in looking for good in your neighbor. We shall be accountable only for our own shortcomings. Keep so busy that there is no time for mischief. Do the best you can all the time. Look ahead, not back. Hope instead of regret. Try again and again when you don't succeed.

By ELEANOR AMES

Other brilliant women who had applied for the position. They felt that she had accomplished so much in running a complex business in a peculiar community and had been so faithful and competent in the face of many discouragements that they would give her the chance to try her luck in bigger fields. Flooding means keeping everything at it. Which is the secret of accomplishment."

Miss Shalek nodded her plumes in hearty agreement.

"And plod pleasantly," she added. "As long as it is the truest fact in the world that we all have to work, why not work in the happiest spirit. Why not make ourselves love our work and make others love us for the love we have in our hearts? Is that complex? What I mean is that we none of us have genius enough to give us the right to make others uncomfortable or unhappy. Many singers are terribly one-sided individuals. Just because you are a singer is no reason why you cannot also be an intelligent human being. I have small patience with the eccentricities of genius."

"Nor I either," chimed in Miss Stanley. "Why should the possession of a voice give any one the right to tramp rough shod over the rest of the world? Let the sweetness of your singing tones set the standard of harmony for your entire life. If we all made that determination what a glorious world this would be!"

"During the course of the interview Miss Shalek spoke of opportunity. 'Did you ever think how small are the hinges upon which the door of chance swings open?' she asked. 'My own life illustrates it. I was born in Bohemia, and went to New York when a baby. My earliest recollection is a desire to 'make music.' I was a child prodigy as a violinist. I never thought of singing. One day when I was in my teens I went to the Metropolitan Opera House and sat next a woman who commented on the opera. Eager to discuss music, I listened and talked. She asked me if I sang. I replied with some pride that I was a violinist."

"When he was a singer, too," she said. "Your speaking voice tells me you can sing." That woman was Eleanor Broadfoot, now the Countess de Cisneros. She set me thinking. I began to study singing. My voice was first a contralto, but it grew higher and developed into a dramatic soprano. When I speak about the way to succeed I have experience to back me up. I would not ask a girl to work any harder than I have done myself. "Nor would I," said Miss Stanley.

Real Stories in Everyday Smells

By Winifred Black

Copyright, 1914, by Newspaper Feature Service, Inc.

AND now they're all talking about smells. Rudyard Kipling started the talk, when he began to say things about the smell of wood smoke and how it made him feel. And so, after the ancient fashion of the world and the people who live in it, we're all sitting around the fire and telling what smells we like and what smells we hate and what smells make us think of.

There's nothing in the world that sticks so close to the memory as a smell. I wonder if it's because the nerves of smell are the closest of all to the brain.

The more highly cultivated we are, the less we seem to know about smells.

Primitive people are very much like dogs. I've seen an Indian trace a man through the thicket by the smell he left behind him, and negroes can almost always tell which is your hat or your own particular pair of gloves, even if they have never seen either of those particular articles before, just so long as they know you and the peculiar perfume you most elect to fancy.

What do I like best in the way of smells?

First of all, lilacs, the old-fashioned kind, thick and purple and dewy and fragrant. I never smell a bunch of lilacs without feeling as if I were 10 years old in a gingham frock with my hair braided down my back.

Odors of Nature.

That's because I always took the first bunch of lilacs to the school to teacher, and was very proud of it.

And then I love lilacs-of-the-valley and the way they smell. It's always a surprise—the perfume of the delicate little things.

You think it is going to be faint and delicate like the perfume of a lily, and, lo, it's spiced and piquant.

In a Great City.

New York? Oh, New York smells—of money. All sorts of money, paper and silver and gold, but always money, always money. Sh-I can fairly hear it—smelling—can't you?

And then there are the ferriesboats, and police courts and hospitals. Each with a separate and distinct smell of its own.

I sat next to some one from a hospital at a concert the other day and all of the singing of the sweet violins was of a sudden hushed to me, and all I heard was the weird, monotonous chant the blood makes surging in the ears—when the surgeon nods to the assistant and says, "She's going and will begin to work before you can speak."

How full it is of sensation, this world of ours and the strange, subtle, complicated life in it.

I knew a burglar once who was going to kill a woman that screamed when she looked up and saw him in the room.

"But she had a bottle of camphor in her hand when she saw me," said the burglar, "and the scent of that camphor kind of came over me, and I couldn't do it."

"My mother had headaches a good deal and when I climbed into her lap I used to get a whiff of camphor, and when I smelled it again that night—I couldn't strike, that's all."

In and out, back and forth, up and down; wreathe the shifting shuttle of human destiny. How many strange threads are woven in it—after all.

CITY SHOULD SUE DEFAULTING FIRMS

Commissioner Harris Believes in Drastic Treatment for Contract-Breaking Concerns.

A new cure for firms that secure contracts from the city, and then do not fulfil them, was suggested to the board of control yesterday by Commissioner Harris. It was to carry the cases to court in an attempt to secure damages for the inconvenience caused and also to refuse to give further work to the defaulting firms. "I do not approve of the deposit fee. Instead, I suggest the contract should go to the next lowest bidder, and that then, we go to the courts for recovery of the added cost to the city. If we are not successful, I recommend that if we have evidence of carelessness, we decline to thereafter award contracts to those firms." The recommendation was sent on.

CITY COMMISSION WILL MEET TODAY

Mayor Reiterates Former Statement Regarding Hydro Rates.

SUPPORTED BY FIGURES

Ten Per Cent. Reduction Would Have Caused Big Deficit in Past Quarter.

Contrary to what was expected, the Toronto Hydro-Electric Commission held no meeting yesterday and deferred their important conference upon enforced hydro rate reduction until this afternoon. Mayor Hocken explained late in the day that it was his enforced absence on private business that prevented the meeting. Speaking on the Ontario commission's order, the mayor reiterated his statements of Wednesday, and to back them up gave to the press an interim approximate balance sheet for the first three months of 1914, ending March 31. In doing so he denounced a suggestion that his opposition to reduction was prompted by a political or personal attitude, and said it was on business principles solely he was averse to reduced rate just now.

The report shows that had the ten per cent. reduction been in force during the three months up to March 31, the commission would now face a deficit for the quarter year of \$5782 instead of now, a profit of \$31,194.69. Total income for the three months was \$368,775.48. Of this, operation expenses, current depreciation and such usual expenditures absorbed all but \$21,194.69 of the income, which represents profits, or 8.46 per cent. of the total income.

The ratio of expenses to gross earnings is:
Cost of current operation, 20.31 p.c.
Operation, 20.31 p.c.
Profit, 8.46

With interest, depreciation, sinking funds included, 37.28
100.00 p.c.
The appropriation of \$234,526.76 set aside for depreciation has been singled out of the report and called expensive by some persons.

This is thought necessary, nevertheless, because of a large expenditure planned by the commissioner in insuring an unbroken service and perfecting safety devices. The mayor has heard not one word of taking the case to the privy council in an effort to upset the provincial ruling. If such a thing were done it would cost at least \$15,000.

SHOULD BUY COAL IN OPEN MARKET

City Would Benefit by Abandoning Contract System, Says Chisholm.

Property Commissioner Chisholm has advised the board of control that if it entered the open market and bought its own coal instead of purchasing from dealers, he also states the city would do well to abandon the contract system so far as it relates to the purchase of coal. He had conferred with the board of education regarding the purchase of its supply, and the only difficulty in purchasing direct would be in storage here. This would be overcome if large cartage firm to deliver the coal from the cars immediately it arrived. "I see no good reason," the letter said, "why the city cannot purchase coal in the open market."

This summer the city will need 1200 tons of hard coal, 600 tons of bituminous, 2500 tons of coal slack and smaller amounts of other less used varieties.

BIG SUM FOR HARBOR WORK.

One and one-half million dollars is to be appropriated for the harbor development work, according to a decision of the board of control in private session yesterday with the harbor commission. The funds will be reported in instalments according to progress of the work.

FAVORS WEEKLY COUNCIL MEETING

Ald. Hiltz Thinks City's Work Would Then Be Expedited.

Ald. Hiltz has announced his intention to attempt to have the city council meet every week instead of bi-weekly as at present. He has been assured, he says, of substantial support for his motion by fellow-members, and for these reasons: The work would be divided more proportionately; a weekly meeting would take no more time than at present; the work would be expedited. "Since New Year's," he explained,

"It has been my experience that by meeting every two weeks council takes just as much time as if weekly meetings were held. As it is now, we meet twice every two weeks anyway. Under my plan there would be these same two meetings, but the work would be divided more proportionately. Urgent matters would not have to linger on for two weeks. They could be disposed of at once."

PARKS FOR ATHLETES.

Unusual activity is apparent in the property offices at the city hall with the return of spring, and besides the 39 baseball diamonds arranged in the parks, space is provided for 28 soccer fields, or 11 rugby fields when baseball is not played. There are also 105 tennis courts and 200 clubs have applied to use them, but all clubs with memberships less than 12 are to be disregarded. Eleven cricket creases, six bowling greens and one quoniam ground will be provided for Toronto sport lovers.

FAIR WAGE CLAUSE.

Employers and workmen of the city are appearing before the board of control this morning at 11 o'clock regarding the fair wage clause proposed as a part of contracts in work for the city which makes \$15 the minimum wage for any class of labor.

NINETY DOLLARS A FRONT FOOT IS A.D. WANLESS' ASSESSMENT

His Property at the Corner of Yonge and Eglinton is Rated Lower Than Adjoining Land, the Lowest of Which is Assessed at a Hundred Dollars a Foot.

That the assessment department needs a shaking up has been illustrated on many occasions, particularly when The World showed up the extremely low assessment of ex-Controller Foster's Marjory avenue property. Unequal assessments are everywhere, and on the main thoroughfare such discrepancies should appear as shown on the map herewith.

Yonge street and Eglinton avenue is recognized as the most important corner in North Toronto. Unlike the

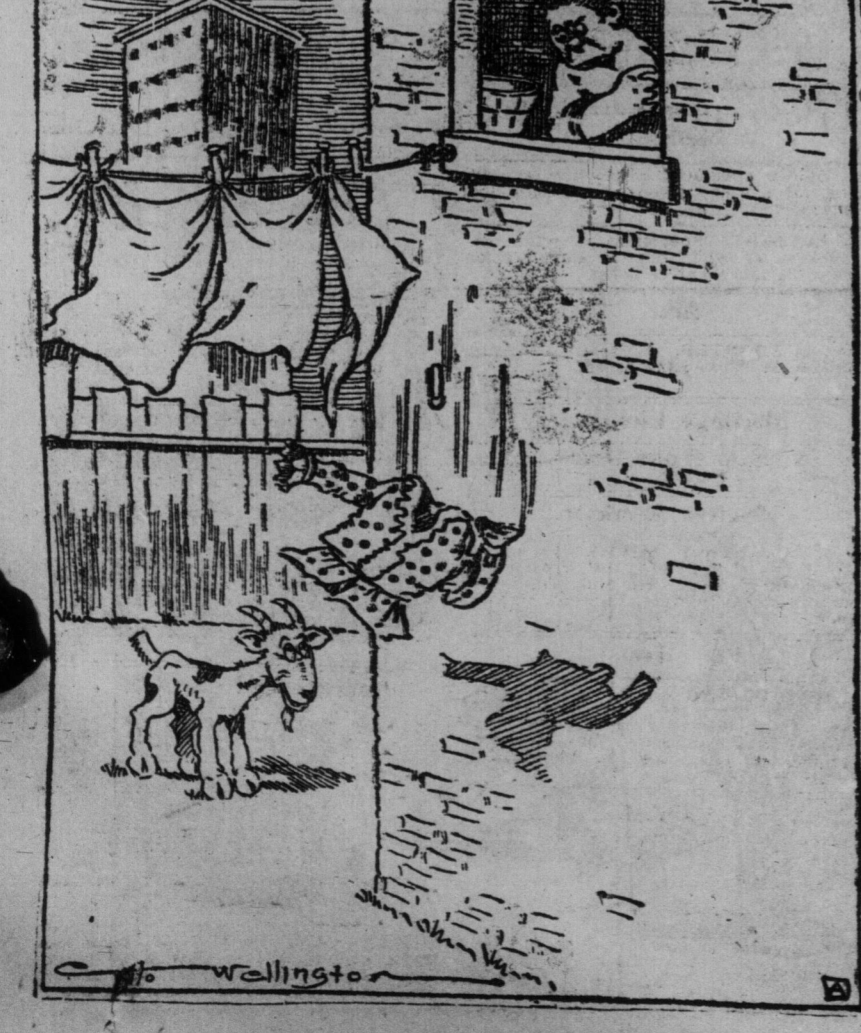

other streets north of St. Clair avenue, it is a thru concession road. Alderman John Wanless, who owns the southwest corner of Eglinton and Yonge, is fortunately only paying taxes this year on an assessment of \$90 a foot, while the Dominion Bank on the southeast corner is paying on \$145 a foot, James C. Mason on the northeast corner at 125 a foot and William Croft on the northwest corner at \$100 a foot.

When looking over the assessments of other Yonge street corners north of Eglinton avenue, in comparison, the natural conclusion is that the assessment of the corners of Eglinton and Yonge and the property in the vicinity has been kept down to the lowest level

WHAT SMART MEN WEAR.

Clothes make men to a larger extent than many excellent people suppose. First impressions are largely those created by external appearance and even after character is known and respected, the smart, well groomed man enjoys an unquestionable advantage in the realm of business and in that of ordinary life. Nowhere is this of greater advantage than in Canada, where the standard of self-respect is high and is expected to be observed.

From this point of view a firm like Ed. Mack, Limited, is rendering a very real service when it offers a selection of the finest tailored garments that the most fastidious of men can desire to put on. In a few minutes one can select and be fitted from a large and "catchy" selection of smart clothes. The variety in color, pattern, style and finish is exclusive enough to meet all tastes, and the prices rang-

ing from \$15 to \$28 are equally adaptable. The store, 167 Yonge street, opposite Simpson's, is open 7 to 9 evenings.

WANTS NEW YORK TOWN TO BE HEADQUARTERS

American Delegates to Mediation Conference Asked to Stay Across Niagara.

Special to The Toronto World.

NIAGARA FALLS, N.Y., May 7.—Mayor Laughlin this afternoon sent Secretary of State Bryan a telegram inviting the American representatives at the mediation conference to be held in Niagara Falls, Ont., to make their headquarters in this city. Representative Robert H. Gittine sent a similar message to Secretary Bryan.

Y. M. C. A. EMPLOYMENT DEPARTMENT.

During the year ending May 1, 1914, the employment department of the Toronto Y. M. C. A. made their headquarters at the Central Young Men's Christian Association held interviews with 11,987 men and boys seeking employment, 1467 were sent to positions and 763 reported that they had been successful. In connection with this work the names of 376 strangers were sent to laymen in different churches of the city, a great many of whom later became identified with the different activities of the churches.

Q. O. R.'s TACTICAL EXERCISE.

A voluntary parade has been called at the Toronto Armories for 2.30 sharp, the 18th inst., by the Queen's Own Rifles. All men and officers are requested to be at the armories sharp on time, men to wear ball pouches, but not side arms. From the armories the train will be taken to Leaside Junction, where tactical exercises of an hour and a half to two hours will take place, winding up with coffee and refreshments. The force will leave Leaside Junction at 6.30 for the city. A good turnout is especially requested, as this is the first chance of the season for outdoor tactics.

Oysters to Be Cultivated by New Brunswick Company.

(Special Correspondence.)

ST. JOHN, N. B., May 7.—The cultivation of oysters near the mouth of the Miramichi is to be started by a new company now being organized. The oyster beds at this spot are mostly productive, while others are barren. The fishermen of the district have been invited to join the new industry.

GEORGE KARPELE IN HOSPITAL.

Mr. George Karpele, K.C., who has been laid up at his residence for the past three weeks with an attack of acute cystitis, was removed to the Wellesley Hospital last Sunday morning and operated upon by Dr. Bruce. He is now progressing favorably and is doing as well as could be expected under the circumstances.

TO HOLD EUCHRE PARTY.

The ladies of the Sodality of the Holy Family Church are holding a euchre and bridge party tomorrow afternoon in Parkdale Assembly Hall from 2.30 to 5.30.

DELAY EXTENSION OF CRAWFORD STREET

Work Cannot Be Proceeded With at Present Time According to James C. Forman.

Extension of Crawford street north to College street, so much talked of lately, may not be carried out for a long time. James C. Forman, assessment commissioner, in reply to a request for advice by the board of control, on the matter, has responded as follows:

"In reply to the above request, I would state that I do not believe the work can be proceeded with at the present time under the conditions obtaining. To extend Crawford street northerly to College street, and to fill in the street as extended, requires the legislation which I mentioned in my last report in this matter. The only other way in which the street can be extended is to bridge Sully crescent, and I think it is clearly not the desire of your committee that this should be done. I would recommend again that the legislation necessary to do the work be applied for at the next session of the legislature."

GOING UP.

Measurements for the installation of an elevator in the vacant shaft at the James street entrance to the city hall were taken yesterday.

TO HOLD ELECTION THE END OF JUNE

Provincial Government Said to Have Fixed on Last Monday of Month.

PRINTING THE BALLOTS

No Official Announcement, But All Signs Point to Early Campaign.

Signs accumulate daily to point towards the provincial election taking place early this summer. Although rumors have been current to the effect that it may be postponed until September or even held over for a year, it is learned authentically that the government is preparing to go to the country on June 29. If this date should fall the polls will then be opened a week later, on July 6.

This variation of a week seems a possibility today because of the rush of work in connection with the necessary printing. It is understood, however, that the ballots are already on the press and that the date originally considered will be settled upon if practicable.

There is yet no official announcement from the cabinet, but members are coming in daily from the ridings to keep in touch with the progress of election affairs.

St. John's Trade With United States (Special Correspondence.)

ST. JOHN, N. B., May 7.—Exports from St. John to the United States for the first three months of this year amounted in value to \$519,254.58, which is an increase of over \$90,000 compared with the first three months of 1913. The principal exports were pulp and lumber, skins, hides, fish and fish products, and other exports were potatoes, milk, cream, hay and poultry.

MAORI CHIEFS LEAVE.

Three chiefs of Maori tribes, who have been visiting points of interest in Toronto, have left for England. They will sail next Saturday for England. Their mission is connected with the settlement of claims respecting native lands acquired by the New Zealand authorities.

SIR JAMES FOR SENATE?

OTTAWA, May 7.—In corridor gossip around the parliament buildings it is suggested that Sir James Whitney may enter the senate after the next provincial election, and that two other members of the cabinet, Alex. McLean, M.P. of Perth.

COMMISSIONS FOR SEVENTY CADETS

S. A. Training College Students Will Be Dedicated for Service.

The 70 cadets in the Salvation Army Training College on Sherbourne street are now taking their final examinations and will soon become officers in the organization to which they have given their service for life.

Two interesting ceremonies, which will be held on Friday, May 15, will conclude their term of training. One will take place in the Army Temple on Albert street and will be a dedication service. Commissioner David M. Howe, head of the Salvation Army in Canada, will officiate. Col. Maidmont and Brigadier Taylor assist. The music will be supplied by the Territorial Staff Band.

For the occasion will be the commissioning ceremony, the Massey Hall has been engaged, when these young people will receive their commissions and appointments. Commissioner Howe will be in chief command, assisted by Col. Maidmont, chief secretary, Col. Gaskin, field secretary, and Brigadier Taylor, assistant field secretary. The 70 cadets will be in uniform, numbering about 300 men, will provide the musical portion of the program.

The World's distribution of Heart Songs, the most popular song book ever issued, will continue until tomorrow night, provided the supply on hand lasts that long. The opportunity to secure one will then be past. If you would be possessed of a real Heart Song Book present your coupon today.

POLAR HERO DENIES RUMOR.

WINNIPEG, May 7.—"Of course it is not true," said Commander Evans when on his arrival in Winnipeg today he was shown a despatch from London, England, to the effect that it was rumored that he had been secretly married to Lady Scott. His contents at once amused and amazed him, and he asked for a copy of the despatch as a memento.

BRAZILS DOWN A POINT

Toronto Rails Are Being Sold Against Purchase of Rights.

There was no new evidence of change of heart on the part of traders yesterday and stocks in the local market were soft. Brazilians fell a point with consummate ease and there was no scramble for the shares on the decline. Shorts did not appear anxious to secure immediate profits and buyers otherwise were not many. Toronto Rails was another issue that seemed to meet with little support.

The decline in Maple Leaf to 32 1-2 was attributed to a falling off in the company's earnings for the past year. The statement is expected to be made public today.

PETERSON LAKE A DIVIDEND EARNER

Royalties From Seneca Superior Expected to Come Right Along.

It looks as though the Peterson Lake will pay good dividends for two or three years more, said J. W. Scott of London, a director of the company, and a holder of considerable stock. Mr. Scott was in the city yesterday.

There is over a quarter of a million available for dividends. The dividend just declared means only \$185,000 for the year. The mine looks well and development work is being steadily pushed. The ore at the mine is valued at \$18,750.

Seneca Superior has \$2,000,000 of ore in sight, a quarter of which will go to Peterson Lake as royalties. There are \$20,000 royalties now due Peterson Lake from Seneca Superior. It is likely that Peterson Lake will give an output of ore sufficient to pay expenses, or more, leaving royalties from Seneca Superior for the good.

Big Pulp Deal.

VANCOUVER, B. C., May 7.—The courts have approved of the big pulp deal, and the plan of the company, 200 miles north of here, is to pass under the control of a merger of Pacific coast pulp and paper interests. Financial difficulties have prevented the plan being operated. It is valued at about \$4,000,000.

Calgary Oil Boom.

LONDON, May 7.—The Calgary oil fields figure prominently on the financial papers, with a large map, signed by Louis F. Bowler, showing the positions of eighteen anticlines within the highly patrolled Calgary oil zone, which is claimed to possess all the necessary adjuncts to successful mining and adding largely to the world's oil resources.

Short on Orders.

KINGSTON, May 7.—There is a great deal of anxiety in Kingston at present over the announcement that unless more orders are forthcoming within the next three weeks, the Canadian Locomotive Works will have to close down for a time.

Enterprise in Montreal.

Montreal has now a financial commercial daily paper, The Journal of Commerce, has been changed from the weekly to a daily. A new company has been formed, with Hon. W. S. Fielding as president and chief editor.

LONDON BOARD OF TRADE.

LONDON, May 7.—The April statement of the board of trade shows a decrease of \$1,745,000 in imports and an increase of \$18,837,500 in exports.

NEW YORK STOCKS MERELY DRIFTED

Tendency Was Toward Lower Levels Despite Favorable Crop Report.

NET CHANGES SMALL

Northern Pacific and Missouri Pacific Were Among Weaker Issues.

NEW YORK, May 7.—The narrow and variable movement of stocks today had little effect on the general level of prices. The market was as dull and flat as during yesterday's session and traders made no attempt to force it out of the groove in which it had travelled for several days. Quotations moved alternately up and down, ending with small losses.

London cables quoted lower prices for wheat, which had been reported selling in that market by Paris and New York. Taking their cue from the quotations, traders made experimental offerings and succeeded in uncovering a few weak spots, and there has been a heavy sell-off in Northern Pacific, Missouri Pacific and Chesapeake and Ohio. Where little effect was produced and professional selling failed to bring out any volume of long stock.

Crop Reports.—The government crop report, there was no news of importance in relation to the financial markets. The apathetic reception given to the crop figures indicated the degree of inertia which prevailed. Although the highly favorable forecasts were fulfilled, winter wheat showing an improvement over the splendid indication of a month ago, the stock market was unmoved. In fact, the list receded to lower level of the day in the last half hour, after the crop figures had appeared.

Missouri Pacific was the conspicuously heavy stock on the late recession, yielding over two points. Selling of this stock was influenced by the continued delay in announcement of the company's earnings. Heading also was heavy, as was a few of the less active issues.

The late afternoon session was quiet, with a few scattered transactions. Chicago and Northwest general market four, and it was expected that there here would soon enter the market for funds.

Canada Landed.—The general market held steady. The general market held steady. The general market held steady.

DOMINION IRON AGAIN DECLINED

Stock Was Freely Unloaded on Montreal Market Yesterday Afternoon.

MONTREAL, May 7.—Dulness continued on local stock market today, and the movement of the whole was further narrowed as on the previous days of the week, and with the exception of iron there were no signs of selling pressure of any importance. The demand for stocks and securities continued light, and such offerings as came on the market were absorbed only at a considerable discount from quotations for leading issues at the end of a dull day were shaded to a point from the most active stock of the day, came into prominence in the afternoon. After closing an active session this morning at 2 1/4 asked and 2 1/2 bid, the stock came freely on the market in the afternoon and the price fell to 1 3/4. Dealtings thru the balance of the list were very light. There was some selling of Brazilian on lower cables from London, and finishing at 1 1/4. The price of the stock declined to 2 1/4. Toronto Rails to 1 3/4 and Ontario Power to 1 1/4. Laurentian was unchanged and Ottawa Power was firm around 1 1/4 to 1 1/2.

USING C.P.R.'S NAME.

MONTREAL, May 7.—The Financial News calls attention to the issue of a prospectus bearing the name of the Canadian Pacific Railroad Trust, inviting subscriptions for 100,000 shares in ninety-day trust deed shares, says a London cable to The Gazette, and suggests that the Canadian Pacific Railway Company take action by injunction to restrain the circulation of the document.

LONDON BANK STATEMENT.

Other securities decreased £23,625,000. Other deposits decreased £2,725,000. Public deposits unchanged £23,000,000. Notes reserve decreased £230,000. Government securities unchanged. The proportion of the bank's reserve to liability this week is 44.25 per cent. Rate of discount 3 per cent.

European Bourses.

PARIS, May 7.—Prices were steady on the bourse today. Three per cent rentes, 88 francs 80 centimes for the account. Exchange on London, 25 francs continues for cheques. Private rate of discount, 2-1/4 per cent.

BERLIN, May 7.—The bourse opened weak today on unfavorable reports from Albania. Prices improved later and closed steady. Exchange on London, 29 marks 48 pfennigs for cheques. Money 2-1/2 to 2-3/4 per cent. Private rate of discount 2-1/2 per cent.

BRAZILIAN EARNINGS.

Brazilian gross earnings for the week ended May 2 were \$438,000, as compared with \$428,575 for the corresponding period of 1913. The earnings of both years being converted at sixteen pence, the normal rate of exchange, an increase of \$9,225.

HOLLINGER RALLY IS FIFTY POINTS

Peterson Lake Strong and the Selling is About Exhausted.

Peterson Lake was slightly easier yesterday, selling down to 42, but closing strong at 42 1/2 bid. There was a little more profit-taking, but the stock looked pretty well sold out. A fairly good-sized short interest has been accumulating and it would not be surprising to see another sharp upturn. A good deal of investment buying is going on, and it will not be long before the market supply will be very much reduced. Word was received yesterday afternoon that the new vein is looking richer than ever. Peterson should sell a great deal higher.

Hollinger was very strong, rallying over 50 points to 415. The bears anticipated liquidation from the McMartin estate, but it was stated on good authority that none of this stock will come on the market. This caused a stampede of the shorts, and it was found that there was very little stock in the market.

Random Notes on the Mining Stocks.

McIntyre was sold down to 32 1/2. No reason was given for the decline, but it looked as if it was being forced down. McIntyre is showing better development work at any time in its history, and good grades of market value expect it to start on a good upward turn before long.

Timiskaming was steady around 12 1/2. It is said on the street that an upward movement will take place.

Dome Lake sold around 37. As most of this stock is held by the Timiskaming and Hudson Bay Company there is very little stock to come on the market. Developments at the mine are said to be very satisfactory, and a good rally will no doubt occur before long.

Beaver was steady around 24. The selling in this stock is about completed and a sharp upward turn would take place if any quantity of stock was wanted.

Porcupine Gold was at 9 1/2. It is said that all the machinery has been ordered and this company will start placed development work at once. (There is no doubt about the Vipond having values and the stock should be worth a good deal more money.)

The declaration of a dividend on Peterson Lake has caused an unusual demand on the Trust and Guarantee Company, the transfer agents. There is no mining stock in the market with such a wide list of shareholders and very much of the stock has always been held in brokers' names. In order to get the dividend shareholders are now having the registers made and this is expected to reduce the amount of the floating stock materially, and to prevent the short selling which has hitherto been used against the market. The result of the change in the technical conditions is being watched with considerable interest.

COBALT, May 7.—What will be the result of the adjournment of the meeting of the Chambers-Perland Mining and Development Co., which was held in Cobalt, representing the majority of the shareholders, objects very strongly to the sale of the mine to the Cobalt-Aladdin Co., which is owned and controlled by A. A. Amos, who represents the minority. The Cobalt-Aladdin Co. would force thru the bylaw for the taking in of the minority stock at a ratio of 20 to 1 if he wished, as Capt. Jorgensen has two-thirds of the stock in his own name, and that of his English associates.

He states that the assets of the Cobalt-Aladdin consist of the lease of the Silver Queen, from which 70,000 ounces were taken to date, and from which 50 tons of ore were milled daily. He puts great emphasis upon the market that could be created in London and the amalgamation was effected and upon the fact that there was no market at present for either stock. A. A. Amos states that he objects to the bylaw on the grounds that the ratio was altogether too high, the lease on the Silver Queen being factually worthless.

Capt. Jorgensen says the Cobalt-Aladdin is a holding company, not an operating company, and that they consider the buy a steal. He knew that it could be forced thru, but it was against all good ethics.

Hydraulic operations on the Nipissing commenced a little later than usual owing to the backwardness of the season, but the pump is now working on Cobalt Lake, and the big nozzle is sweeping the hillside back of Keewatin. This area of the mine is being stripped before the pump is moved over to Peterson Lake where it will work this summer. It is expected that the overburden will be cleared off in the course of a month or two, and the pump will then be immediately taken over to Peterson Lake, where foundations for it have been completed. In that southeast corner of the Nipissing territory nothing of great economic importance has been discovered so far. Some time ago in the course of trenching a high grade vein was found on the surface but it did not live up to the surface showing when a shaft was sunk upon it.

Peterson Lake shareholders are being advised by S. G. Forst, mining broker, to withhold their proxies for the annual meeting until they hear from him. He is supposed to be again trying to get control of the mine.

Mining Editor World: The majority of the assets of the Cobalt-Aladdin Co. were taken over on Tuesday. It was referred to June 10, George Taylor, president of the Hudson Bay, and the Cobalt-Aladdin Co. was the first to acquire the assets of the Cobalt-Aladdin Co. Mine. He could get no answer from the majority holders, and he told them to look upon the Silver Queen (Aladdin) as little or no value, and it should not be rated as an asset. If this deal is forced upon the minority, a great wrong will be done.—"Not an Easy Mark."

In a marked letter issued late yesterday afternoon, Hamilton B. Willis says that at the annual meeting of the Dome Mines on May 26 a dividend will be declared. He also says that an order has been given to continue increasing the mine's mill capacity until a total of 240 stamps are installed.

HAD TWO KINDS OF NO ACCOUNTS. Amalgamated Asbestos and Nevada Consolidated Broke.

PHILADELPHIA, May 7.—One of the ventures which are held as partly responsible for the failure yesterday of Cramp, Mitchell & Co., bankers and brokers, is the Nevada Consolidated Copper Company, which had been hard hit in the recent slump. The shares which sold at \$20 a year ago, sank to \$14 recently.

Cramp, Mitchell & Co. are reported to be heavily interested in Nevada Consolidated, which up to a year ago, was regarded as the lowest cost copper producer in the world. Copper was being produced at a cost of seven cents per pound, but within the last year the cost has risen to nine cents per pound, owing to the fact that the high grade deposits have been well worked out.

One of the unproductive business ventures of the firm, according to those who say they have knowledge of its affairs, was the marketing of the capital issues of the Amalgamated Asbestos Corporation, Limited, of Canada. The decline of the firm continued as other ventures were unprofitable.

American securities opened quiet and a fraction higher. Support was lacking and prices sagged until late trading, when light buying hadened in spots. The closing was decided.

BEST PURCHASE IN LIST

Now that Peterson Lake has been made a dividend payer, it is essential for holders to have the stock put in their own names if they expect to get the dividend checks. We will have this done for any holder free and return his stock without delay. Too much significance should not be attached to the fact that the stock did not sell higher yesterday. There may be reasons for holding the price down, but in any event, we still consider this the best purchase in the whole mining list. Peterson Lake has large speculative possibilities as well as a 15 per cent. return on the present investment.

OFFICIAL REPORT ON CROPS ROSY

Wheat Yield Placed Twenty Million Bushels Above Trade Estimates.

CHICAGO, May 7.—Well-grounded notions that the government crop report might turn out more bullish than had recently been looked for hindered today any decided advance in wheat. The Washington figures, however, indicating a harvest of 20,000,000 bushels more than trade estimates, came too late to have a direct effect on the market. A few minutes before-hand prices had closed easy on a decline from the advance of the night. Corn showed a net decline of 1/4 to 3/4, oats were 1/4 down to 1/2 up, provisions at 1/2 to 3/4 loss.

CATTLE MART FIRM HOG PRICES LOWER

Sheep, Lambs and Calves Were Steady on Thursday.

Receipts of live stock at the Union Stock Yards yesterday were 42 cars, comprising 383 cattle, 1503 hogs, 84 sheep and lambs, and 172 calves. There was a quiet, steady trade, with prices very firm, at Wednesday's quotations. The higher price reported for a load of choice steers was \$3.40, but there was one lot of six extra-quality steers sold at \$3.75 by H. J. Kennedy's salesman at \$3.50.

BRIGHT OUTLOOK FOR EXPORT OF WHEAT

European Crop Looks Normal, and Importers Have Not Stocked Up.

NEW YORK, May 7.—James A. Patten, the grain speculator, says: "I expect our winter wheat crop to be the European crop about normal, yet, in anticipation of our bumper crop, England and the Scandinavian countries and Italy have neglected to stock up, and the temporary maintenance of present prices, when our crop is marketed, Argentina, which surplus is nearly 125 million bushels surplus for export, will be able to supply only 50,000,000 or 60,000,000 bushels to these countries, which will be another factor in turning the European demand toward us. We may expect to have 250,000,000 bushels surplus for export, which will mean a total harvest for the year of 900,000,000 bushels, a high record, whereas in 1913 we had a crop of 750,000,000 bushels.

MINNEAPOLIS GRAIN MARKET. MINNEAPOLIS, May 7.—Close: Wheat—May 80c; July 80c; No. 1 hard, 35c; No. 1 northern, 92c to 94c; No. 2 do., 90c to 92c.

LIVED HERE FIFTY YEARS. Mrs. Catherine Shanklin died yesterday at 165 Roxborough street. Mrs. Shanklin was 82 years of age. She had resided here for half a century. The surviving children are R. G. Shanklin (nephew); Mrs. Shirley Thomas and the Misses Emily and Elizabeth Shanklin.

CAPTAIN MOULTON RETIRES. Captain George Moulton of the ferry boat "Bluebell" has retired after 29 years' service. He is credited with making over 100,000 trips to the island ferry from accident. He will reside at Oakville.
