AS YOU ENTER CARS GIVEN TRY-OUT

Passengers on Yonge Street Route Are Experimented With - The Real Test Will Come To-day - Ladies Slow in Tendering "Exact Fare."

Toronto had its first experience of "pay-as-you-enter" cars yesterday when the Yonge-street cars, 15 strong for the comparatively light Sunday service, showed the transforming effects of the company's new policy.

Besides the warning notices, there were two evidences of a new era as soon as the passenger mounted the rear platform. One was a metal receptacle of solid build with a glass case at the top framed in steel, and the other was the conductor standing on guard and looking somewhat anxious and nervous.

Conductors said that the women were less ready with the "exact fare" than the men. The average male jumped jauntily aboard with his nickel or ticket either reposing in his glove or easily reaching into his pocket.

Among the many amusing incidents yesterday as those who had a passenger who stood on the platform kept up a jocular refusal to pay his fare.

Mr. Fleming says he will have all Yonge-street cars equipped with the stationary boxes to-day, and may have another line so fitted out before another week.

Asked whether he thought it would work better for the company's viewpoint, if the rear platform were so

It is because both Nationalists and Socialists are aware that their darling projects are not in harmony with the considered will of the people," says Mr. Balfour, "that they press for the abolition of the only constitutional safeguard against critical moments which will enable that will to prevail."

VARSITY FOOTERS HAD TIME OF THEIR LIFE

Noisy But Harmless Celebration Followed Great Football Victory at Hamilton—Never Before Such Scenes of Excitement Over College Triumph.

The shouting and the tumult die and Varsity emerge from a fortnight of sustained excitement, Dominion football champions.

It was a day that will live long in the memory of the 10,000 who were fortunate enough to see the contest. Not alone was the game exciting and spectacular to the highest degree, but the attendant scenes were most unusual and diverting.

The hundreds of Toronto rooters who arrived about 1.15, paraded to the grounds, headed by the Highlanders' Band, and kept splendid order all the way.

The Tiger rooters were already in their bleacher seats, with two regimental brass bands and one big band, when the music of the blue and white delegation thronged in and circled the field, headed by the famous bulldog mascot, "Dooley."

When Tigers came out in the Hamilton rooters' chorus waved their plumes and chanted a war hymn with a very effective growling refrain.

After all the talk of a fortnight comparing the two teams, the actual play made it an undeniable fact that the collegians have the better team of the two.

THE "TORONTO RAFFLES" OPERATED BY HAMILTON

Articles Taken Found in Heap of Plunder at Baltimore—Auto Stolen From Garage.

HAMILTON, Nov. 27.—(Special).—Chief Smith announced today that Thomas H. Barnett and Florence Tomlinson, who were arrested some time ago in Baltimore, operated here. They broke into the residence of T. W. Watkins and stole a number of articles. These were located in the heap of plunder found at Baltimore.

The police were notified today that during last night Christopher's garage was entered and a seven-seated auto belonging to James Dixon, the father of hockey player of the Varsity team, was stolen. Enquiries were sent out all over the country, but up to tonight no word has been received of the car. Of course this theft is blamed on to some extent on the result of the excitement here last evening after the game three Toronto men and two local men were arrested. Adrian Rathbun, charged with being a disorderly, and Harry Sullivan, also charged with being disorderly, all hail from Toronto. They were arrested at different times by Acting Detective Barrett, and all got out on bail. David Fraser, of Barton-street, and Christopher Potage, 31 Gore, were the local men who got too outrageous.

Religion and Longevity. The anniversary services at First Methodist Church today were conducted by Rev. W. J. Hunter of Toronto. In the morning Dr. Hunter said that Christian people lived longer than any other people who were personally moral, but were destitute of personal religion. The death took place in the City Hospital of Miss Mammie Smith, whose relatives reside at 33 Bismarck-street, Toronto. The remains were conveyed to Toronto today for interment Tuesday.

Miss Alice Blaisdell of Lynden died at the residence of her son-in-law, T. H. Keller, 315 West Main-street, yesterday. She was 75 years of age. Mrs. Anna Linnin passed away yesterday at her late residence, 84 Gardiner-street, in the 78th year of her age. Arthur Weir, 75 years of age, died at his late residence, 122 North Catherine-street.

The remains of James H. Elliott, who died in Davidson, Sask., on Nov. 22, have been brought here for interment. The deceased was for some time a public school teacher in Hamilton. The funeral takes place tomorrow from Green's Undertaking Parlor, George Glasco was arrested last evening on a charge of robbing a man assaulting John Taylor. Both are colored boys.

Dedicated New Church. Bishop Dowling this afternoon dedicated the new Roman Catholic Church on the corner of Dundas and Market streets. It will be known by the name of St. Thomas Aquinas. The church cost \$300,000 and the dedication of this has been paid off. An address of thanks was read to his lordship on behalf of the congregation.

The members of the Brotherhood of St. Andrew attended corporate communion at Christ Church Cathedral this morning. Hotel Hanrahan, corner Barton and Catherine-streets, Hamilton, is excellently situated and easily reached from all parts of the city. Erected in 1906. Modern and strictly first-class American plan. Two policemen are to-night raiding the warehouse of W. H. Gillard & Co., wholesale grocers, to see that no burglars escape therefrom. Lights were seen in the building to-night, but a perfunctory inspection revealed no desperadoes. It is thought that the burglars, if such there are, are still in the building, and a thorough search will be made to-night. The two officers remaining on guard in the building are Constables Fred Cox, Hess-street, on Saturday night got his revolver from a repair man. While waiting for the gun he pulled the trigger to see if the weapon worked properly. There was a loud report and a bullet went through his hand. The repair man had left a cartridge in the revolver and Cox did not know it was loaded.

LET YOUR STOMACH HAVE ITS OWN WAY. Do Not Try to Drive and Force it to Work When it is Not Able or You Will Buffer All the More.

You cannot treat your stomach as some men treat theirs. You must drive or even starve it into doing work, at which it rebels. The stomach is a patient and faithful servant and will stand much abuse and ill-treatment before it "balks," but when it does you had better go slow with it and not attempt to make it work. Some people have the mistaken idea that they can make their stomachs work by starving themselves. They might cure the stomach that way, but it would take so long that they would have no use for a stomach when they get through. The sensible way out of the difficulty is to let the stomach rest if it wants to and employ a substitute to do its work. Stuart's Dyspepsia Tablets will do the work of your stomach for you and digest your food just as your stomach used to when it was well. You can prove this by putting your food in a glass jar with one of the tablets and sufficient water and you will see the food digested in just the same time as the digestive fluids of the stomach would do it. That will satisfy your mind. Now, to satisfy both your mind and body take one of Stuart's Dyspepsia Tablets after eating—eat all and what you want and you will feel in your mind that your food is being digested, because you will feel no disturbance or weight in your stomach; in fact, you will forget all about having a stomach, just as you did when you were a healthy boy or girl.

Stuart's Dyspepsia Tablets act in a natural way because they contain only the natural constituents of the gastric juices and other digestive fluids of the stomach. It makes no difference what condition the stomach is in, they go right ahead of their own accord and do their work. They know their business and surrounding conditions do not influence them in the least. They thus relieve the weak stomach of all its burdens and give it its much-needed rest and permit it to become strong and healthy.

Stuart's Dyspepsia Tablets are for sale at all druggists at 50 cents a box. They are so well-known and their popularity is so great that a druggist would be so sure of selling them that he would not think of being out of alcohol or quinine as of them. In fact, physicians are prescribing them all over the land, and if your own doctor is real honest with you, he will tell you frankly that there is nothing on earth so good for dyspepsia as Stuart's Dyspepsia Tablets.

MUTINEERS SURRENDER SHIPS TO GOVERNMENT

Action Followed Granting of Amnesty and of Demands For Higher Pay.

RIO DE JANEIRO, Nov. 27.—The ships of the Brazilian fleet, which had been in the hands of the mutineers since Wednesday night, were surrendered to the government at 7 o'clock last evening. This action of the mutineers followed the granting of their demands by the government of amnesty for all concerned in the revolt, higher pay and less work for the sailors, and the adjustment of certain minor grievances. The warships in the hands of the mutineers included the Minas Geraes, the Sao Paulo, the Bahia, the Rio Grande Do Sul and the Deodoro.

After the announcement of their surrender they proceeded out into the bay and re-entered the harbor after half-past one o'clock, no longer flying the red flag. Jean Candido, the leader of the mutineers, in company with forty other sailors, abandoned the Minas Geraes some time Friday, and the minister of marine despatched an officer to board the battleship to ascertain whether it was the intention to deliver other vessels.

About the same time it was rumored that the officers, who had been named to take command of the warships after their surrender, would decline to do so, fearing the fate of Captain Neves, former commander of the Minas Geraes, and several other officers, who were killed by the sailors, when they offered resistance the night of the outbreak.

This rumor proved to be without foundation. A meeting of the naval officers' club last night, called to consider protesting against the grant of amnesty to the rebels, was forbidden by the government.

LACK OF PUBLIC ENTHUSIASM IN FIGHT

could not legislate because, while sympathy was necessary to legislation, sympathy without knowledge was impossible.

F. E. Smith, in the course of a speech at Burnley, made reference to Redmond's "American dollars," and said he wanted no foreign country to help in the carrying out of a tariff reform which would keep their breath to cool their own porridge.

Lord Hugh Cecil emphasized the danger of anchoring a tariff reform on the opinion of the commonsense majority in the commonsense.

T. P. O'Connor, speaking at London, stated that if the Tories could get a description from Lord Curzon of the form, there would be nothing heard about dollars.

The Tories are making urgent appeals to the moderate man among the Liberals, and profess to be afraid of apathy on this occasion, but nothing else. The opposition expect to win half a dozen seats on the balance in London, but are looking with hope rather than confidence, to Lancashire. The stock exchange wagers shows that the opinion of the brokers is that the Radical chances are declining.

Lloyd-George Rebuked. LONDON, Nov. 27.—(New York Sun Cable).—Next week will see the hottest time on the hustings of this generation of Englishmen. The Liberals are undoubtedly better equipped than the Unionists in respect of campaign literature from a popular point of view. English workmen voters seem to have developed a lively appetite for "inspiration and rather vulgar forms of denunciation, which the Unionist speakers seem unable to gratify. The Unionist press, for example, prints Lloyd George's utterances freely in the natural belief that they will offend instead of attracting moderate men.

Some of the chancellor's attempts to arouse class hatred and personal detestation of the peers bring sharp rebuffs. Thus the Duke of Marlborough says: "Lloyd George has been down to Whitechapel where, as he said, he pees birds, and where, as he forgot to say, he does not reside himself. He spoke as the confidential adviser to the crown, and his tone was abusive of dukes. When Lloyd George did me the honor of staying at Blenheim nearly three years ago I certainly did not suspect that I should eventually become a target of his insolent and unsavory invective."

FOR GOVERNOR OF MANITOBA

D. C. Cameron, Manager of Rat Portage Lumber Co., Slated for Job.

WINNIPEG, Nov. 27.—(Special).—It is rumored here that D. C. Cameron, a defunct Liberal candidate for the house of commons at the last general elections, will succeed Sir Daniel McMillan as next lieutenant-governor of Manitoba. Mr. Cameron has had considerable legislative experience in Ontario, and it is expected that the announcement of his appointment will be approved by all. He is manager of the Rat Portage Lumber Company, one of the biggest lumber companies in the west, and is prominent in the business, social and political life of the province.

THE GREAT COAST SWEPT BY HURRICANE

Allan Liner Virginian Had a Hard Time Making Halifax—Two Washed Overboard.

HALIFAX, Nov. 27.—(Special).—For the past twenty-four hours the Nova Scotia coast has been swept by hurricane weather, which has played havoc with the telegraphic and telegraph wires, and delayed shipping.

The Allan liner Virginian, the first forward bound mail steamer, which sailed from St. John Friday afternoon, should have reached Halifax Saturday morning, and sailed for Liverpool last night, did not make port until this morning. After rounding the Nova Scotia coast, the Virginian ran into the teeth of the storm, and was forced to slow down to five knots an hour. A blinding snowstorm was raging, and it was with the greatest difficulty that the ship was kept on her course.

In the Bay of Fundy the D. A. R. liner Yarmouth encountered the gale. Robert Tupper of Round Hill, Annapolis, who was returning from Upper Canada with his bride from their honeymoon trip, was washed overboard and drowned.

In attempting to cross Halifax harbor in a gasoline boat last night, a machinist named Wambot, was swept out of his boat by the sea and drowned.

Grand Trunk Pacific Dining Cars. The volume of business which has been offered on the Grand Trunk Pacific Railway since their passenger service was put into effect last July, has necessitated the early increase of equipment, and the Canada Car Co. has turned out for the Grand Trunk Pacific three new dining cars, which are models of elegance and beauty.

The exterior length of the car is 37 feet 6 inches, the balance of the interior of the car being taken up by the modern kitchen, refrigerators and pantries, and the dining room is finished in plain and figured mahogany, with a harmony of colors that is pleasing to the eye. The cars are heated by steam, and lighted with electric light.

The dining room accommodates 30 people at one sitting. The floors are covered with handsome carpets of various colors, and with a pattern conforming to the general color scheme of the interior. These cars are equipped with all the improvements and appliances of a first-class dining car, and have been turned out from Canadian shops.

They will leave for the west in 10 days or two, and will be objects of interest as well as supplying comfort to western travelers, and will be an addition to the already well-known service of the Grand Trunk Pacific in western Canada.

ATTACKS WINSTON CHURCHILL

Male Suffragette Use Dog Whip on Home Secretary.

LONDON, Nov. 27.—Winston. Spencer Churchill, home secretary, returning to London last night after a speech at Bradford, was attacked in the train by a male suffragette with a dog whip, who cried out: "Take that you cur!"

Two detectives who accompanied Mr. Churchill, parried the blow and overpowered the suffragette. It is believed to be a man who interrupted Mr. Churchill during his address and was expelled from the meeting after a violent struggle.

When the train arrived at London three women tried to assault the home secretary, but the detectives drove them off. A little more than a year ago—Nov. 12, 1909—Mrs. Pankhurst was carried off by a suffragette and a dog whip, not unlike the one yesterday except that the suffragette was a woman. As the minister was descending with his wife from a train at Bristol a well-dressed woman broke thru the crowd and rushed up to Mr. Churchill with a dog whip. He grasped the whip and a sharp tussle ensued, the woman fighting and scratching like a tiger, according to the police, who finally separated the combatants.

JAP PREMIER MAY RESIGN.

VICTORIA, Nov. 27.—Count Komura's health, according to Japanese papers, is so poor that his resignation is expected at any time. Numerous suggestions are made as to a probable successor, the names of Baron Kato and Baron Motono being mentioned. The count underwent a surgical operation a few weeks ago, the physician thought he would recover quickly, but it is believed that the operation was too great a tax on his strength.

"Pneumonia"

Pneumonia is nothing more or less than "Lung Fever," or as it used to be called, "inflammation of the Lungs," and the results come entirely from a local source; such as taking a violent cold.

There is more or less difficulty in breathing; a cough, at first dry, but soon accompanied by raising a thick, sticky, rusty-colored matter, composed of a mixture of phlegm and blood.

There is only one way to prevent Pneumonia, and that is to cure the cold just as soon as it appears. Dr. Wood's Norway Pine Syrup will do this quickly and effectively.

Mrs. G. W. Bowman, Pattullo, Ont., writes: "Three years ago I caught a cold which ended in a severe attack of Pneumonia. Since that time, at the beginning of each winter, I seem to catch cold very easily. I have been so weak that I am unable to speak loud enough to be heard across the room. Last winter, however, a friend advised me to try Dr. Wood's Norway Pine Syrup, saying it had helped her. I bought a bottle and before it was half used I was completely cured. I also find it a good medicine for the children when they have colds."

THE VARSITY ROTERS

Continued From Page 1.

that ever worked on the gridiron. The much-touted Tiger wing line, which had been the whole game for comparison—outplayed. Two incidents in the play showed this to a striking degree. In the first quarter Varsity, the host, rotated the ball, and gained the necessary ten yards on three backs, started bucking again, and, Foules dropping the ball, Dixon seized it and in a twinkling was around the end for an easy try.

At the beginning of the last period, Tigers had the ball within a few yards of the goal posts, but after three smashing attempts to kick over, had to surrender the ball.

The field was in a slimy slippery condition, and the Varsity backs were badly hampered. Varsity would try a sharp turn to avoid a tackle, a trick they are adept at, they would slip and fall. But in spite of this, there were some remarkably swift passing plays, while the backs were superb. Dixon, who has been held to be a shade under his comrades, twinkled like the brightest of stars in the football firmament.

Varsity set out with a fine show of force and speed, and for the first two or three minutes had the collegians desperately on the defensive. Then the latter seemed to get their bearings and the first half's play was practically in their hands. The second touch was got when Gall started on a run, and passed long and high to Maynard, who sprinted across the line and around squarely behind the goal post. This goal was converted.

A Hot Finish. In the second half Tigers began to play like fiends again. Simpson began to boot for points, and forced Maynard and Dixon to make quick succession. At three-quarter time the field was within a yard or so of Varsity line. The last quarter began with a kick to the goal, and a quick buck over territory to cross, but they couldn't break thru the blue and white defence. Kid Smith's kick to dead line added three points, and almost right away Simpson kicked to touch in goal, another point. Tiger rosters were now making the noise they had had to keep from making on both sides of the field. Smith dropped a field goal, adding three to the score, making it 11 to 7, the outburst was tremendous.

But Varsity was not on the run from it, and for the next ten minutes, it was a punting duel that was as spectacular as it was exciting. At the same time, there was plenty of brilliant punting on both sides. Varsity wings were following up fast, and when Gall booted to Moore, Park was on him and forced a rouse. Dixon added the next one on a kick to Smith for a rouse. A duplicate play resulted in Smith knocking the ball into touch in goal, another point. Gall punted to Simpson, behind Tiger line, and he was passed to Moore or to Smith, who related to Dixon, and Biddy was there with a quick return for a touch in goal, and the score was 15 to 7. Maynard's long kick into touch added the finishing point.

The game began at 2.30, and was over soon after 4, there being few spectators. The first half was changed, a man in the first half, Kennedy replacing Murray Thompson on the college line-up. Only two men were sent to the fence, both Hamilton men, one for talking and the other for talking too freely to the referee.

The Tiger team, according to their own admirers—usually the loudest and loudest—were very good. Varsity game they were capable of. What they had in individual superiority in weight or in strength or in supposed all-round ability, they lacked in team play. The boys were very good, but in eight years they were defeated on their own field, and that only other defeat was by 2 points. Certainly "Old Ben" Simpson, who has been called "come back" after his punt exhibition against the Argos a fortnight ago, and performed almost faultlessly.

The After Celebration. The thousands of the spectators who had gathered in anticipation of the game were swelled up in a constant by excited collegians extending congratulations. Gall and Harry Griffith were elevated on the shoulders of their admirers, and the cheering of the field close together. Gall jubilantly extending his hand to clasp that of the coach who looked just as highly pleased, kept puffing contentedly at his pipe.

The Highlanders' Band, followed by the students, paraded around the field, and as they passed the Tiger rosters they were greeted with a cheer of triumph by waving their own colors and giving the collegians a hearty cheer. The parade then proceeded downtown. There was no crush or disturbance of any kind, and the sidewalks were thronged with Hamiltonians, and the cars were running. A procession resulted that, with the shouting of the boys, pennants and bunting, made it look like a fair day in Toronto. A bunch of Tiger suffragettes added to the merriment by making vicious, if playful, grabs for Varsity colors.

Alto the cheering and singing at time of cheering the familiar Bedlam, there was a shout of destruction or defiance of defiance on the part of the rab-rab boys. The uniformed police were discommodated and got along splendidly, but a plainclothes man representing the University of Toronto, invited to touch the match. Amid singing and shouting the flames leaped high, seized on the tiger, and in a moment the dummy was blazing merrily.

Just before the dummy was set ablaze, President Falconer appeared and congratulated the students on the great victory. "The team is a credit to the University of Toronto," said he, "and we are proud of them one and all."

It was midnight when the celebration ended. Inspector Cuddy of No. 2 police division, says he never saw the students try to act more like gentlemen than they did Saturday night, and they were as orderly and peaceable as they were when they were out of doors, but, tiring into the parade, tried to get gay, the students soon showed that their room was more desirable than their company.

During the afternoon the crowds around the newspaper offices were large and excited, and followed the same almost as keenly as those who were watching the actual play.

LAST WORD OF TOLSTOI ON CAPITAL PUNISHMENT

Only to Be Combated by Spreading Knowledge of What is Man and What His Destiny.
ST. PETERSBURG, Nov. 27.—The Associated Press has received from Vladimir Tschertkoff, literary agent of the late Count Leo Tolstoi, the last article written by Tolstoi. It is entitled "Effective Means," and was written by Tolstoi in the *Optima* Monthly Nov. 17 shortly after he began his self-imposed exile from home. The article was given to the Associated Press by M. Tschertkoff at the expression of Count Tolstoi, for dissemination to mankind. It says:
"I am naturally eager to do all I can against evil, which tortures the best spirits of our time.
"I think the present effective war against capital punishment does not need forcing; there is no need for an expression of indignation against its immorality, cruelty and absurdity. Every sincere thinking person, everybody knowing from youth the sixth commandment, needs no explanation of its absurdity and immorality; there is no need for descriptions of the horrors of executions, as they only affect hangmen, so men will more willingly become executioners, and governments will be obliged to compensate them more dearly for their services.
"Therefore I think that neither the expression of indignation against the murderer of our fellowmen nor the suggestion of its horror is mainly needed, but something totally different.
"As Kantwell says, there are delusions which cannot be disproved, and we must communicate to the deluded mind knowledge which will enlighten, and then the delusions will vanish themselves.
"What knowledge need we communicate to the deluded human mind regarding the indispensableness, usefulness or justice of capital punishment, in order that said delusion may destroy itself?
"Such knowledge, in my opinion is this: The knowledge of what is man, what his surrounding world, what his destiny—hence, what man can and must do, and principally what he cannot, and must not do.
"Therefore, we should oppose capital punishment by incultating this knowledge to all men, especially to hangmen's managers and sympathizers, who wrongfully think they are maintaining their position thanks only to capital punishment.
"I know this is not an easy task. The employers and approvers of hang-

LAST STATEMENT OF DR. CRIPPEN PUBLISHED

Protested Innocence and Contained No Confession—In Form of Letters to Miss Leneve.
LONDON, Nov. 27.—The last statement of Dr. Crippen, who was hanged on Nov. 23, at Pentonville Prison, is published in a Sunday paper, in the form of two final letters, written to Ethel LeNeve, one of which is dated Nov. 22. The letters are not reproduced in their entirety, it being explained that they contained certain personal confidences, but nothing in the nature of a confession.
Crippen thrust declares his innocence, and hopes that it will one day be revealed. The letters, which are printed as one, begin with protestations of passionate love for the girl, and repeat constantly the phrase: "God help us to be brave in the face of the end, now so near." Crippen continues:
"How can I endure to take a last look at your dear face? What agony must I go thru at last, when you disappear forever from my eyes. I am comforted in thinking that, through the years of friendship, never have I passed one unkind word, or given one reproachful look to her whom I loved best in life, to whom I have given myself heart and soul, wholly, entirely, forever."
Crippen asks that LeNeve have his body cremated, and if possible, obtain the ashes, and dispose of them as she may deem best. He complains that his statement, published on Nov. 20, omitted his criticisms of the crown's evidence, with reference to the scar and the absence of the navel, which he considered most important, and proceeds exhaustively to analyze the evidence on these points. He asks that Miss LeNeve goes to no further expense in trying to secure further evidence, adding: "I can safely leave further evidence to a just God."
He expressed the hope that Miss LeNeve will go to "Mrs. H.", where she will be free from the lying tales of newspaper men, and concludes: "I-to-morrow I will be in God's hands. I have perfect faith that He will let my spirit be with you always."
The paper prints a fac-simile of Crippen's will, bequeathing everything to Miss LeNeve.

CANADIANS TO VISIT WEST INDIAN ISLANDS

Trade Conferences to Be Held and Samples of Manufactures and Products Carried For Display.
KINGSTON, Jamaica, Nov. 27.—To encourage trade between Canada and the West Indies, it is announced here, business houses in the Dominion are arranging to send a large party of commercial men to visit Jamaica and some of the other islands this winter. A steamer of the Canadian Pacific Railway will convey the expedition. Trade conferences will be held on board during the cruise and at the various ports of call.
It is further announced that the steamer will carry nearly 1000 tons of samples of Canadian products and manufactures for exhibition purposes.
Secretary Morley of the board of trade said last night that no announcement had been made to the board as yet. Some years ago, J. D. Allan represented the Toronto board on a similar, the much smaller excursion.
"It is the best way of extending trade relations," said Mr. Morley, who said that in the United States it is a frequent thing for merchants and manufacturers to organize excursions of the kind for a friendly calling on the trade and customers generally in other parts of the state, with very satisfactory results.

Did you get one of the Sunday World issues? It had 48 pages, in six sections, and contained a complete story of the great Rugby final and attendant incidents. Fifty thousand copies went like hot cakes.
Canadian—
It is reported that Bishop Fallon of London has been summoned to appear before the ecclesiastical court in Rome, to answer charges arising out of his body-knocking from youth the sixth commandment, needs no explanation of its absurdity and immorality; there is no need for descriptions of the horrors of executions, as they only affect hangmen, so men will more willingly become executioners, and governments will be obliged to compensate them more dearly for their services.
O. S. McClure of New York addressed Ottawa Canadian Club on "Some Problems of Government," and lauding German progress, said, "we will have to do as the Germans have done. The owners of the railways will rule the nation, and we must own the railways."
Harry Spalding of Winnipeg was killed by Nicola Bryska, who struck him over the head with a shovel.

THE ESTON LEAGUE

Rolling in the Eaton League at the Toronto Bowling Club Saturday night, the Printers in No. 1 section had another put over on them when they dropped the first game to 3-5 Department, by only three pins. This was a sore touch for Jack Booth and his crafty cohorts, who thought they had the whole three games all sewn up, but Hadley spilled the beans for them in the opener, with a 94 count, while his come-back in the last two games was the feature of the night. It is needless to remark that Jack and the rest of his fellows fairly ate the pins in the last two struggles, routing home with both wide counts over the 500 mark, while J. 5 Dept. were all to the bad, getting totals less than 200 in each of their last two games, but were satisfied and still laughing at the finish over that three pin victory in the first game. In No. 2 section, G. I. 2 won the series from Printers No. 2, while Mall Order No. 2 did likewise to the Floor-men in No. 3 section. The scores:

Farthest North

It is a recognized fact among distillers that the finest Scotch Whisky is produced in the Highlands of Scotland.

In the North, the art of distilling has been handed down from father to son for generations.

The **Scotch Distillery**—established at Orkney over a century ago—is the farthest north of any distillery in the world.

The inference is plain.

The entire production of this distillery is devoted to "Old Orkney" Whisky and every drop is bottled by us.

Owen Moran Wins From Bat Nelson K.O. in 11 Rounds

San Francisco, Nov. 25.—Batling Nelson of Hesperich will no longer manage the lightweight belt. For the first time in his fighting career the Durable Dane, a shell of the once great pugilist, was knocked out today beyond all dispute. Owen Moran, sturdy lad from Birmingham, England, led the feat in the presence of one of the largest crowds that ever assembled at a prize contest in this city. Moran, a knock-out artist, won the eleventh round of a scheduled twenty-round event, his victory being clean and having no room for argument, as to his complete mastery over the one-time champion. But he was compelled to drop Nelson five times in this round, despite the force of the Briton's right-hand punches on the point of the chin, the winner fighting spirit of the Dane was ever present.

One second after the final count had been tolled off, and Referee Benjamin Selig above the din shouted, "Nelson out!" Nelson was standing on his feet, with blood streaming from his mouth and nose, loudly impugning the referee and having no room for argument, as to his complete mastery over the one-time champion. But he was compelled to drop Nelson five times in this round, despite the force of the Briton's right-hand punches on the point of the chin, the winner fighting spirit of the Dane was ever present.

OFFICIAL BASEBALL AVERAGES

McGee of Philadelphia is Champion Bateman of National League.

NEW YORK, Nov. 25.—Sherwood Magee, the Philadelphia outfielder, with an average of .331, stands out as the best batsman of the National League during the past season in the official batting averages of the league for 1910, made public tonight. Crandall of New York and Goodie of Boston outrank Magee in actual hitting, but they took part in fewer than fifty games each, so that the honors by general consent go to the Philadelphian, who played in 126 games. Campbell of Pittsburgh follows Magee with an average of .298, and Hofman of Chicago is close behind with .285.

Snodgrass of New York with .231 and Wagner of Pittsburgh, the leader last season, with .229, are others in the company of heavy hitters.

Beecher of Cincinnati leads the base-stealers with 79 stolen bases. Knabe of Philadelphia leads the sacrifice hitters with 37 hits of this character.

PHILADELPHIA, Nov. 25.—Nine of the twelve players of the champion Philadelphia American League Baseball Club left this city this morning for New York to board a steamer for Cuba, where exhibition games will be played. Three of the players who will take the Cuban trip are already in Havana next Wednesday, and will open with the Detroit team of the American League, now in Cuba on Dec. 2. Ten games in Havana will follow with the Alameda and the Havana Clubs. The players who will make up the Philadelphia team are: Catchers Thomas and Lepp; Pitchers Bender, Coombs and Plank; First-Baseman Davis, who will captain the team; Second-Baseman Deroin; Shortstop Barry, Third-Baseman McInnis; Left Fielder Hartzel, Center Fielder Lord and Right Fielder Murphy.

Wychwood Scots Football Club
The Wychwood Scots Football Club held its semi-annual meeting on Saturday evening in their club rooms. There was a great number of Scotchmen present, from which the following officers were elected for the ensuing year: President, Dave Baird of Patrick; secretary, McEwen Broughton; Perry; secretary, Dr. Langlands; Purser, and the smiling McSpiller was, of course, elected treasurer. He is a Glasgow man. McPindry was elected captain. Scotty Brown is the mascot, and the position of groundsman fell to that burly Highlander, MacLean. All those to whose names were mentioned were present.

Motor Manufacturer Killed.
DETROIT, Nov. 27.—David Hunt, Jr., general manager of manufacturing for the E-M-F. Company of this city, was instantly killed in an automobile accident near Yale, Mich., about 6 o'clock last night, due to the car skidding and overturning down a steep clay embankment. Hunt was standing on the left running board at the time and evidently jumped. He struck the opposite side of the ditch and when he fell back was struck by the bow of the top of the car which fractured his neck. Charles Adams, general superintendent of the company, who was driving the car, had his back wrenched, but was not badly injured.

Eager for an Education.
From The Jewish Chronicle.
A Poltava, South Russia, paper recently published an advertisement from a Jew who offered to pay the fees at a local gymnasium of three Christian children. The reason for the offer is obvious. By the admission of the three Christians an extra place, under the percentage law, would be provided for a Jew, and the advertiser hoped by this desperate means to secure the admission of his son.

STREET RAILWAY ELOQUENCE.

Mr. James Gunn has been patronizing the literary columns of one of our great dailies once more. On some previous occasions we have called attention to these contributions, once or twice for their plain common sense when the subject was "waiting till the car stops" or not going behind one car without looking to see if you were to be slaughtered by another, and at other times to point out the absurdity of the disquisitions. The present essay is on the great theme, "Pay as you enter cars." It ought to have been in blank verse, and there was a time when young gentlemen with five or six initials would have risen to the inspiration. We feel when we have read Mr. Gunn's great effort that the millennium is at hand. One gets a new faith in human nature, and feels prompted to buy stock in something. A golden age of street car travel is about to be ushered in. And the cause of it all is a measure of such sublime simplicity, that as Mr. Gunn eloquently says, "everybody will be wondering why such an important improvement was not made long ago." Great art is not exhaustive. It always leaves much to the imagination, and in these brief glowing sentences one is only brought close to the vivid details of life as viewed from the throbbing centre of the street car superintendent's office. But we can fill in the picture for ourselves. In old times we were accustomed to button ourselves up before we faced the chilly blasts of winter, and passing along to our appointed white post attain the coveted shelter of a street car. There we unbuttoned ourselves and dug into those recesses where bills and change and tickets were kept, precedent to the transaction which bestowed the legal right to sit in the moving palace. Then we buttoned ourselves up once more and sat, or stood, or depended, in rapid transmission. What waste of energy, what wear and tear on buttons, what annoyance to the over-burdened conductor! Now all will be changed. Ere we button up our clothes in our homes, before we emerge on the street, the first thought will be to have our fare ready. The last fond reminder of wife or child as we go to the door will be "Have you got your fare ready." Then grasping our tickets we shall emerge with a bold front upon the world, ready to face the conductor, Mr. Gunn, or even Mr. Fleming himself.

As Mr. Gunn truly and tersely says: "There is no real necessity for anyone to permit himself to run out of tickets." When you find your stock getting low, you can run down to Church and King-street corner and you never have to wait more than five minutes to be served. You can buy \$5 worth at a time, too, instead of doling out your quarters in the present parsimonious fashion.

"In order not to inconvenience other passengers, they are requested not to present large bills to be changed, and not, when traffic is heavy, to delay a line at the door by the purchase of tickets." This would be doubtless indeed. You who only travel at hours when traffic is always heavy, morning and evening, can spend your luncheon-time in going to King and Church-streets for tickets. It would be unfair to ask the company to have men with tickets and change at the crowded corner. Perhaps you can persuade your employer, especially if he has a departmental store, to keep tickets on sale.

"Passengers," as Mr. Gunn shrewdly says, "should cultivate the habit of purchasing tickets in hours of light travel and at other possible opportunities—but not during rush hours." When you are idle and ill at ease, buy tickets. When you have nothing else to do, or your friend has missed the appointment, buy tickets. When you are in doubt about the destination of a stroll, go and buy tickets. When you have that dreadful haunting impression that you have forgotten something, go and buy tickets.

The result is comparative immunity from the cares of life. One enters a haven of rest and peace by purchasing plenty of tickets. With one of these you stand at a white post. Young men especially on the brink of a city career, perchance at the parting of the ways, should note the emblem. Take your stand at a white post. Then as the majestic vehicle rushes proudly along you dash forward with your ticket in your hand, and as Mr. Gunn affectingly put it, "the transaction between passenger and conductor is closed as soon as the former passes the door. He can then go inside, and need not be bothered by demands for his fare, or difficulty over transfers." He can ask for all the transfers he

needs, and should accumulate stores of them as he does of tickets, for under the new rule, having paid his fare, he is always entitled to a transfer.

The World is satisfied that the pay-as-you-enter plan is a good one and will facilitate traffic, but the convenience of passengers must be consulted also. Facilities must be provided by the company for the purchase of tickets and for making change. It is absurd to expect at the rush hours that everybody can be so supplied. Nine out of ten may be, and a car with a hundred people may be held up by ten people. Mr. Fleming had better provide some means of obviating this difficulty. The people should on their part try to fall in with a regulation, which is meant for their own convenience and accommodation.

PARTY FEELING IN BRITAIN.

Party feeling is beginning to run high in Britain and the information is again gravely offered that never before in the history of that country has it been expressed with greater acrimony and personal abuse. The opinion may be genuine, but it is scarcely warranted. Bitter personalities are no doubt exchanged and will continue to be during the progress of the election, but they have never been absent and it is safe to say that not even Mr. Lloyd-George, that bete noir of the crusted Tories, will be attacked with the venom poured on John Bright in the days when his radicalism, mild enough in appearance now, was denounced as menacing the foundations of the state fabric. He outlived that phase of his political career, but a reference to the annals of the mid-Victorian period is all that is needed to show the virulence with which he was pursued.

In the height of a keen political contest many things are said which the speakers will later regret and deplore. This is inevitable, human nature being such as it is. Whether or not any particular moment is more or less conspicuous in that respect can only be measured by comparison. So judged, it will be found that political life is not more but less tinged with personal bitterness. The battle is strenuous, but it is conducted over measures and issues, not individuals. Hard words break no bones, and those who engage in politics give and take them as an inevitable part of the game. Continental observers have often expressed surprise that ministers and members, after exchanging verbal thrusts with the deadliest political intent, should a few minutes later walk or dine together with every appearance of genuine friendliness. The fact is strange to them and not exactly comprehensible. But it is the saving grace of British politics.

VALUABLE VIADUCT. Objection is taken to the building of the Bloo-street viaduct that the population to be served is not large enough to warrant the expenditure. It has a plausible appearance, but when it is remembered that the reason for the backwardness of the district is the lack of direct communication east and west, the objection loses all weight. The northeastern section is admittedly one of the most desirable residential locations in the city. Yet it has been and is stagnant. Toronto is rapidly extending in every direction but this and for that exception there must be a reason. Nor is the cause hard to discover, since it is simply its isolation and consequent difficulty of access. The viaduct will open up all this desirable section and the consequent expansion and increase in assessment values will not only sustain the present expenditure, but become an actual source of profit to the whole community.

MAYOR NATHAN'S SPEECH

Ex-Premier Pelloux Writes Premier an Open Letter of Protest. ROME, Nov. 27.—EX-Premier Pelloux, who on November 14 submitted an interpellation to the government in the chamber of deputies, relative to Mayor Nathan's speech attacking the Pope, has addressed an open letter to Premier Luzzatti. In this letter he recalls that it was he, then an officer in the army, who ordered the fire, which, on September 20, 1870, made a breach in the walls, whereby the Italian troops entered Rome, but says that, notwithstanding this, he strongly protests against the deplorable speech, and the interference of the government, which has offended millions of Catholics. In addition, he says, it has given the impression abroad that Italy is incapable of preventing a violation of the sacred pledge, taken by the nation when the papacy was deprived of its temporal power, which heretofore had always been respected.

SIXTH WARD CENSUS

Anglicans Lead Presbyterians by a Small Margin. The figures of the church census in the sixth ward were announced Saturday. With four out of the twenty-one divisions the figures are as follows: Church of England 12,213; Presbyterian Church 11,157; Methodist Church 11,157; Roman Catholic Church 4,799; Baptist Church 3,099. There were twenty-five other denominations recorded with a following of less than a hundred each, making a total of 118. It was found that there were seven denominations not printed on the information gatherer's list. Ninety refused to give information, and 822 had no church preference. Only 13 out of every 1000 can be classed as non-denominational—an exceedingly small percentage. Only two out of every 1000 refused to give information, which contrasts with ten other wards, is also a small percentage.

24 DEAD, 50 INJURED IN NEWARK FACTORY FIRE

Gasoline Explosion Started Blaze Which Had Fearful Results—Many Leaped to Death.

NEWARK, N. J., Nov. 27.—Ten minutes ago 24 girls were burned alive Saturday morning, or crushed to death on the pavement by leaping from the windows and fire escapes of the four-story brick factory at Orange and High-streets here.

Fifty were taken to hospitals, of whom two may die. Among the injured is Jose Sloan, deputy fire chief, who was overtaken by the falling wall and buried in bricks and rubbish. The rush of the flames was so incredibly swift and threw such unreasonable terror into the huddled working girls on the top story that the body of one was found still seated on a chair, and beside the machine which she had been busy when the first cry of "fire" petrified her with fright.

Horrible as must have been what went on in the smoke-filled, crowded upper room, what befell outside in the sunlight was more horrible yet. The building was furiously inflammable, and the first gust of wind cut off all possibility of escape by the stairways. The elevator made one trip, but took down no passengers and never came back.

The only exit was by two narrow fire escapes, the lowest platforms of which were 25 feet from the street. Onto these overcrowded and steep ladders, scorched, dancing hot by the jets from lower windows, pressed forward a mob of women, blind with panic, driven by the fire and the others behind them.

Jumped to Death. A net had been spread beneath the windows, and the girls began to jump. "Like rats out of a burning bin," was the way a fireman described that political descent. They piled out of the windows, rolled up on the heads of those below then and cascaded off the fire escape to the pavement, 60 feet below. Some of them stood in the middle of the street, and others were crushed clear; others from the landings, still others from the steps where they stood. The air was full of them, and the fall varied from three to 100 feet, on the necks of firemen, and 15 of them on the hard stone slabs.

When the awful rain ceased there were eight dead in the street and thirty of the girls in hospitals, so badly crushed that they died in hospitals.

Clouds of smoke and showers of burning embers spread over the street, and the firemen and police were ordered to shut down for the day. Thousands flocked to the fire and made the work of the firemen and police more difficult. Italian silk workers left the street and prayed and lamented pitifully. Priests and clergymen worked their way thru the press to give the last consolations to those of their different faiths. Ambulances and automobiles, commandeered for emergency service, were hurrying in opposite directions to the hospitals and back again. Before any semblance of order could be restored every police reserve in the city had to be called out.

STENOGRAPHER SUICIDES Donald A. Graham Ends His Life With Carbolic Acid. "My head is burning now, and I was never properly asleep or never awake." Leaving this message, Donald Archibald Graham, aged 25, a stenographer in the "head office" department of the Imperial Bank, ended his life in his room, 9 Homewood-avenue, Saturday night. Duncan J. McLehlan found him dead in bed at 11 o'clock and summoned the police. An empty carbolic acid bottle was found in the room. His health is given by the bank's inspector, William Moffat, as the probable reason for the act. The young man had complained about a month ago that he was not feeling well and asked to be removed to a different department, where the work would not be so trying. He came to the Imperial Bank from a bank in Scotland about three years ago. His home is in Burnside, Stafford, Scotland, and he has no relatives in this country.

THEATRICAL WARFARE MAY INVOLVE TORONTO Two Rival Syndicates That Are Reported to Be Contemplating Opening Theatres Here.

If the latest reports in theatrical circles are to be accepted as inspired, Toronto will before long see the establishment of two more theatres, one a popular-priced playhouse, which will stage a specialty of musical comedy, and the other a home of burlesque, each being a spoke in a "wheel" or circuit.

BERLIN, Nov. 27.—The Reichstag debated Saturday a Socialist intervention on the Kaiser's famous divine right speech at Koenigsberg on Aug. 30. In this address the Kaiser asserted to himself the office of a divine delegate, and in that character asserted his determination to rule in his own way, regardless of the views or opinions of the hour.

GERHARD HEINTZMAN SELF-PLAYING PIANO brings delight without bounds. The best music that the world is playing—the newest sensations of the great music centers, the majestic music of the revered composers, or dainty delicate music full of light and laughter can be had at its best—can be had any time, although no one "plays."

CANADA CYCLE EMPLOYEES ENTERTAINED AT BANQUET Seven Hundred of Them, and All Had Glorious Time—Addresses Were of an Optimistic Spirit. The second annual banquet of the Canada Cycle and Motor Co. was held Saturday evening, and proved one of the most successful dinners of the kind ever held in Toronto. With a large proportion present of the force of 700 men, the newly decorated McConkey banquet hall was taxed to its limit.

BROTHERHOOD OF ST. ANDREW Increased Interest in Extension Work Solicited. At the annual meeting of the Brotherhood of St. Andrew, held in Holy Trinity Church, Saturday afternoon and evening, P. W. Thomas, secretary-treasurer, said the organization was stronger to-day than ever before. He strongly advocated the appointment of a traveling secretary to keep pace with the work of the association. Only 20 per cent. of the membership contributed to extension work, and it was important that this percentage should be increased.

YORK COUNTY AND SUBURBS NORTH TORONTO. NORTH TORONTO, Nov. 27.—A meeting of the North Toronto Ratepayers' Association was held in the town hall last night. It was expected that the meeting would be principally on the subject of annexation, but, owing to the absence of H. H. Ball, who was expected to report on that subject, the meeting turned over to the sewage and lighting questions. T. W. Banton, president of the association, was in the chair. Councillor Reed was asked to give some figures, but he flatly refused, declaring that the press had misrepresented some of his statements at a former meeting. At last Saturday's meeting, the ratepayers voted in favor of a general rate as the best method of taxing the town for the payment of the sewerage system. The councillors, however, decided that their opinion was not worth much, and at the Tuesday night meeting voted in favor of the local improvement method. Last night Secretary Galtie took revenge on the council by submitting a resolution protesting against their action, and this was adopted.

THE EMBARGO LIFTED Mexican Government Have Again Opened Country to Telegraph. EL PASO, Texas, Nov. 25.—The Mexican Government last night lifted the embargo on the use of all telegraph wires, and furnished the Associated Press with its leased wire to the City of Mexico. For the first time in five days a full press report is going to the republic. This is taken as an indication that the situation is now well in hand there, and that there is no further fear of an outbreak, especially in the interior.

ALLIANCE PRESIDENTS FROM THREE PROVINCES

Temperance Leaders Address Field Day Mass Meeting at Massey Hall.

Temperance and local option was the theme of more than 200 sermons and addresses yesterday, delivered from pulpits and platforms. It was a "field day" under the auspices of the Ontario Alliance.

Three provincial alliance presidents addressed the afternoon meeting. The hall was almost filled by the large and enthusiastic audience, which attended.

Controller F. S. Spence presided. He said that not even the great reform of Christianity itself, in proportion to the time in which the modern temperance movement had been in progress, had so taken hold of the hearts and minds of women and men.

Rev. C. A. Lawson, Halifax, president Nova Scotia Alliance, said that prohibition prevailed in all the municipalities in that province with the single exception of Halifax.

Palpitation of The Heart

When the heart begins to beat irregularly or intermittently, palpitate and throb, skip beats, beats fast for a time, then so slow as to seem almost to stop, it causes great anxiety and alarm.

The least excitement or exertion seems to affect it. Many people are kept in a state of morbid fear of death, become weak, worn and miserable, through this unnatural action of the heart.

To all such sufferers Milburn's Heart and Nerve Pills can give prompt and permanent relief.

Mrs. John Thompson, Mill Cove, N.B., writes: "Just a few lines to let you know that Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness and palpitation of the heart; would have been choking spells, and could scarcely lie down at all. I tried many remedies but got none to answer my case like your pills did. I can recommend them to all suffering with heart and nerve troubles."

Milburn's Heart and Nerve Pills are 50c per box or 2 boxes for \$1.25 at all dealers or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Public Amusements

To-night at the Royal Alexandra it is predicted that the Grace Van Studdford Opera Company will clearly demonstrate that there is still no more popular form of musical diversion for our theatregoers than clean and wholesome comic opera of the kind that used to be the rage when the famous Bostonians were singing "Robin Hood."

Four Reasons of Success. Rev. Henry Harper, Orangeville, said that Dufferin County was now free of saloons, with the exception of two licensed in Orangeville. He gave four reasons for the temperance people's success: Churches working together, ward organization, splendid work of W.C.T.U., and aid from the Dominion Alliance.

Rev. W. M. Kinnaird, Strathroy, told of how much his town had prospered since the liquor licenses were voted out May 1 last. The three-fifths majority was obtained in spite of the fact that the Strathroy newspapers gave no assistance to the banish-liquor advocates and that a joint stock brewery had many of the citizens interested financially in it.

NEW B. C. LEGISLATOR. VANCOUVER, B.C., Nov. 27.—(Special.)—Alex. Lucas, formerly Conservative organizer in British Columbia, was Saturday elected by acclamation in a by-election in Yale, a constituency made vacant by resignation of Premier McBride, who also sits for Victoria City. The Liberals decided not to contest the seat, which at the general election gave the premier a majority of 1,000.

The Case for a Harbor Commission. The Canadian Club is expecting one of the best addresses of the present season to-day, when Controller Spence is to speak on the above subject, with perhaps some references to government by commission in general. Controller Spence has devoted a lot of time to the study of this subject, one of the most vital now before the Toronto ratepayers.

In time of war the account of each village makes interesting reading, but in time of peace to hear the many incidents related and see pictures made by one who has been on the battlefield, makes an evening of entertainment and instruction. Altho Signor Alessandro Bonci's greatest successes in the States have been on the stages of the Manhattan and Metropolitan Opera Houses, and he has been universally declared by the metropolitan critics to be the only living tenor who is able to satisfactorily handle the tenor roles in the operas of the older Italian school, he has forsaken opera to make his first appearance at Massey Hall on Thursday, Dec. 1, when he will entertain all in a program which will bring out all the beauty of his rich and flexible voice. Broomhall's Cable.
LIVERPOOL, Nov. 26.—The market at the opening was influenced by larger offerings and the weakness in Buenos Ayres future market. During the morning further heavy realising developed, resulting in an additional decline, with principal pressure in December. Liquidation in December was largely due to increasing stocks here, predictions of heavy Russian shipments this week, and expectations of liberal American shipments, as shown by Bradstreet's. The weakness in Winnipeg and the sharp decline in Manitoba spot grades, together with general realising reported in Argentina, and better reports from Roumania, led to liquidation in the distant months.
Roumania.—The sowing of new crop continues under favorable weather conditions and it is predicted that acreage under wheat will equal that of last year. (The acreage last year amounted to 4,707,000 acres.) Arrivals at the ports are light, and stocks are decreasing.
India.—Drought prevails in two districts in the Punjab; elsewhere in this province the wheat already sown is germinating satisfactorily.

Montreal Cattle Market.
MONTREAL, Nov. 27.—(Special)—Canada's live stock export for the month of Montreal for the season of 1910, was 25,000 head, against 24,000 for the same month of 1909. The total exports of cattle for the season 1910, as compared with 1909, was 214,000 head, against 212,000 for the previous year, a decrease of 2,000 head. The shipments of American cattle through this port for the season 1910, amounted to 170 head, against 227 for the previous year, a decrease of 57 head. This was due to the high prices paid for the Chicago market for export stock through the season, and a large decrease in the total exports may be accounted for to some extent by the fact that United States exporters were forced to come into the Canadian market for supplies, in order to fill their freight contracts from American ports, as prices were lower than in the former market. The total number of Canadian cattle were 214,000 head, against 212,000 for the previous year, a decrease of 2,000 head. The highest prices ever known to be paid for Canadian livestock were paid this season, viz., 74c to 75c for hogs, 12c to 13c for sheep, and \$1.50 to \$1.75 for calves, and in a few odd cases, \$1.75 to \$1.85, in the west, which figures were 5c per lb. higher than the top prices paid during the season of 1909. The highest price realized for Canadian cattle in the foreign market during the months of May and June, the range in London being from 14c to 16c and in Liverpool from 14c to 15c, and in the west, north-west ranchers from 12c to 15c per lb.
