NEW RADIAL IN SIGHT TORONTO TO NIAGARA

Sir Adam Beck Proposes to Take Advantage of Hamilton Radial Insolvency to Start on Big Line Right Away--Only Three By-laws Needed to Ensure Taking Over of Present Line.

There is every chance that in the near future work will be started on the building of a Hydro-electric radial that being linked up with existing lines will give a new electric railway from Toronto to Niagara by way of Hamilton.

The movement to hydroize that line and the others controlled by the Dominion Power and Transmission Commission has come to a head in a very short time, and but little more need be exhausted in preparing the way for the actual commencement of work.

Police in Switzerland Arresting Any Person Suspected of Bolshevik Propaganda.

Paris, Jan. 17.—A despatch from Geneva to the Times says that on orders received from Berne any person in Switzerland suspected of being in Bolshevik propaganda work is to be closely interrogated.

LIBERALS OF ALBERTA ASK NATIONAL BANK ACT

Calgary, Jan. 17.—After listening to Hon. W. E. Rutherford, who told the delegates he was glad to be out of office, because he could now say what he pleased, the delegates to the Alberta Liberal convention passed a resolution urging the passing by parliament of a national bank act.

MAY TIGHTEN LAW BY PROCLAMATION AGAINST SINN FEIN

British Government is Uncertain How to Treat Calling of Assembly.

MAY LET THEM TALK Another Side Holds That Movement Should Be Suppressed by Force.

Dublin, Jan. 17.—The government, it is reported here, is about to consider a proclamation tightening the laws against Sinn Feiners. Some months ago a proclamation was issued under the name of the government.

Medical Profession Harassed by Spotters, Says One Member.

With the exception of the general public, the strongest objection to the working of the Ontario Temperance Act, now about to be amended, comes from the medical profession.

Dr. Burgess says that these spotters are not being sent only where there are grounds for suspicion, but are, either with the knowledge of the license board or without its knowledge, sent to various medical men all over the city.

FRANCE MUST HOLD GERMANS ON RHINE

Treves, Jan. 15.—It is the conviction of Marshal Foch that the Rhine must be the barrier between Germany and France. He expressed this clearly today when he received American newspaper correspondents.

GERMANS MUST HOLD

"It is on the Rhine that we must hold the Germans. It is by using the Rhine that we must make it impossible for them to recommence the coup of 1914. The Rhine is the common barrier of all the allies, precisely of all those who united to save civilization. The natural frontier involves a parliament for all affairs, other than imperial, common to Ireland, and three or four provincial parliaments with full power, including taxation, over local business.

Two trains of soldiers returning from overseas will arrive here tomorrow, said the first brigades of men, will arrive at the Union Station at 7.15 a.m., and the second, bringing 344 men, will arrive at North Toronto at 12 noon.

BRITISH GUN KILLS AT NINETY MILES

Big Piece of Artillery Which Had Been Prepared to Bombard Rhine Provinces.

London, Jan. 17.—A big gun, which was expected to be of even greater power than the "Big Bertha," among the secret productions of the Sheffield Cannon Works, it became known today. This gun, which is said to have been used to bombard Rhine towns, was about 83 feet long, and its weight, presumably when mounted, is given as 224 tons.

HUN MILITARISM RISES FROM ASHES AT FIRST CALL

Aggressive Kaiserism and Pan-Germanism Are Coming Out in the Open.

MOBILIZING FORCES Meetings Held Clamoring for Return of the Old System Wildly Cheered.

(Special Cable to Toronto World and New York Tribune by Joseph Saxe. Copyright.) Berlin, Jan. 17.—The Spartacus rebellion is crushed, yet Berlin and all Germany are in the heat of a recruiting campaign. The city is placarded with appeals for the trained officers and gunners as well as infantry to join this or that particular regiment.

It is not yet quite clear what all this means, but the government evidently contemplates military operations on a large scale, in the eastern provinces, especially against the Poles. Hindenburg is to assume command of the frontiers of defense. In joy over the defeat of the Spartacus group, Germany seems to have lost some of its self-control. Much which has seemed dead and gone forever appears to be very much alive, indeed.

Emperor Had Agreed to Accompany Fleet to Fight British, But Backed Out.

(Special Cable to Toronto World and New York Tribune by Arthur S. Draper. Copyright.) London, Jan. 17.—Mrs. Bernard Montelemani, sister of William Montelemani, first secretary of the Dutch legation in Berlin, says that the Kiel revolt before the armistice was not organized by the revolutionists, nor by the sailors, but was actually a revolt on the part of the high naval command against the kaiser. What actually happened was this, Mrs. Montelemani said.

GENERAL STRIKE TO FORCE RELEASE OF T. J. MOONEY

Chicago, Jan. 17.—A general strike of organized labor designed to paralyze every industry in the country, beginning the fourth of July next, was decided upon today by the National Labor Congress as a means of obtaining the release of Thomas J. Mooney and Warren Billings, if federal intervention and every other means adopted to procure the desired relief fail.

CONFERENCE OPENS TODAY ALL DETAILS COMPLETED

Full Conference Open Preliminaries in Secret Will Be One of Most Notable Gatherings of Statesmen World Has Ever Seen--Belgium's and Serbia's Representation Increased.

Paris, Jan. 17.—The opening official communique, dealing with the question of publicity at the peace conference, was issued this evening. It says in part: "The meeting of the supreme war council examined into the question of the publicity to be given to the discussions of the conference and unanimously approved the following text to be handed to the press in the name of the five great powers:

"The representatives of the allied and associated powers have given earnest consideration to the question of publicity for the proceedings of the peace conference. They are anxious that the public, thru the press, should have the fullest information compatible with the safeguarding of the supreme interest of all, which is that a just and honorable settlement should be arrived at with the minimum of delay.

"It is, however, obvious that publicity with regard to the preliminary conversations, now proceeding, must be subject to the limitations necessarily imposed by the difficult and delicate nature of their object. The proceedings of a cabinet than to those of a legislature. Nobody has ever suggested that cabinet meetings should be held in public, and if they were so held, the work of government would become impossible.

"Representatives of the allied and associated powers are holding conversations in order to solve questions which affect the vital interests of many nations and upon which they may at present hold many diverse views. These deliberations cannot proceed by the method of a majority vote. No nation can be committed except by the free vote of its own delegates. The conclusions arrived at in these consultations, therefore, can only be formed by the difficult process of reaching an agreement amongst all.

"This vital process would only be hindered, if the discussion of every disputed question were open, by a public declaration by each delegation of its own national point of view. Such a declaration would, in many cases, be followed by premature publicity.

"This would be serious enough if it were confined to controversy between parties within each state. It might be extremely dangerous if, as often would be inevitable, it would result in controversy between nations.

"Full Conference to Be Open. "In calling attention, however, to these necessary limitations of publicity, these representatives of the powers do not underestimate the importance of carrying public opinion with them in the vast task by which they are confronted. They recognize that unless public opinion approves of the results of their labors, they will be nugatory.

"This reasoning applies with conclusive force to the present conversations between the representatives of the great powers. "With regard to the full conference, the following rule was adopted: "Representatives of the press shall be admitted to the meetings of the full conference, but upon necessary occasions, the deliberations of the conference may be held in camera.

"It has been tentatively decided that three representatives of the press of each of the allied and associated powers will be admitted to the conference. The conference probably will be organized, with secret committee meetings to discuss delicate questions, with formal open sessions and with executive sessions.

Warsaw, Jan. 17.—Ignace Jan Paderewski, having received an agreement with Gen. Pilsudski, has succeeded partly in forming a new Polish cabinet. Gen. Pilsudski will be foreign minister under M. Paderewski as premier, which will permit Pilsudski to retain much of his power. Three members of the present cabinet will be in the new ministry, which will be constituted primarily of non-political experts. The new cabinet is subject to the approval of German Poland. It will continue in office until elections are held within the next fortnight.

Advertisements for various goods including soap, brushes, and other household items.

tween the delegates and responsible journalists.

"Fifth—Journalists should be permitted to attend the formal session of the conference.

"Sixth—It is recommended that there be abolition of the censorship in allied countries.

No Censorship Over News.

The semi-official Temps, reverting to the question of publicity of the workings of the peace conference, says the French censor is exercising no control over news destined to the allied or associated countries.

"Certain despatches sent from Paris to American newspapers," it remarks, "insinuate that the French Government exercises control over all news relative to the conference, and 'over all means of communication with other countries. These allegations are erroneous. Censorship is not exercised over news destined for allied or associated countries. The French press can render a service to the common cause by denouncing to our friends across the Atlantic the malevolent rumors which it is attempted to alter the truth."

German Delegates Appointed.

Zurich, Jan. 17.—The Munich newspapers state that the German delegates to the peace conference will be Count von Brockdorff-Rantzau, the foreign minister; Prince Lichnowsky, former ambassador at London; Count George Arco, and the Socialists Karl Kauley, former under secretary of foreign affairs in the Ebert Government.

List of Delegates.

The official list of the delegates may not be given out tonight, but its composition is known, in the main, as follows:

France: Clemenceau, prime minister; Stephen Pichon, foreign minister; Louis Klotz, finance minister; Andre Tardieu, French high commissioner to the United States; and Jules Cambon, French ambassador to London.

Great Britain: David Lloyd George, prime minister; Arthur J. Balfour, foreign secretary; Andrew Bonar Law, lord privy seal; George Nicoll Barnes, the labor leader, and another alternate delegate.

United States: Woodrow Wilson, president of the United States; Henry White, Cal. Edward M. House and Gen. Tasker H. Bliss.

Brazil: Vitorino Brasilão, prime minister; Baron Sominho, foreign minister; Antonio Salandara, former premier; the Marquis Salgado Razi, and the Italian minister of finance, who will succeed Francisco Nitti, who has resigned with the other members of the Italian cabinet.

Japan: The Marquis Saionji, former prime minister; Baron Makino, Baron Chinda, Baron Matsui and Count Hayashi.

Belgium: Senator Epitacio Pessoa, Dr. Pandia Caloeras and Deputy Raoul Fernandes.

Belgium: Paul Hymans, minister of foreign affairs; Emile Vanderveelde and M. Vanden Heuvel.

Serbia: Nikola Paichitch, former prime minister; and M. Trumbitch, former president of the Dalmatian diet, who will alternate with Dr. M. R. Vesitch, Serbian minister for France, and M. Reber.

Greece: Eleutherios Venizelos, premier; and M. Politis, foreign minister.

Rumania: M. Bratianu, prime minister and M. Mistr.

Czecho-Slovakia: Dr. Karf Kramarz, premier, and M. Benes, foreign minister.

Poland: M. Mmowski, Polish representative to the allied governments, and a second delegate representing Poland.

China: Lu Cheng Hsiang, foreign minister, and one other.

Canada: Sir Robert L. Borden, premier; Sir George E. Foster, minister of trade and commerce, with others of the delegation alternating.

Australia: William Morris Hughes, premier, and one other.

South Africa: Gen. Louis Botha and Gen. Jan. C. Smuts.

India: The Maharajah of Bikaner and Sir S. P. Sinha.

Spain: M. Chinarro, minister to France, and one other.

New Zealand: Wm. P. Massey, premier.

Portugal: Ejaz Moniz.

HAMILTON NEWS

Hamilton, Ont., Jan. 17.—Thirty-six Canadian war veterans who crossed the border from Toronto here today were accorded a very enthusiastic welcome.

It is stated the Toronto, Hamilton and Niagara are trying to secure an order of expropriation, to take over part of the mountain face, which, it claims, is necessary for the development of the Kinross yard. Mr. Justice Riddell has granted a one month's stay in the proceedings.

The Daughters of the Empire held an elaborate ball at the Royal Connaught tonight. Hundreds of people attended.

The G.W.V.A. will hold a tag day on Feb. 1, to raise \$20,000 with which to purchase a 1200 acre and subdivide the property into twelve-acre "intensive" farms.

At the inquest regarding the death of John Bottin, 41 Gregg street, who was felled with a revolver, shot himself in the head, a verdict of "accidental death" was brought in.

M'KINLEY LODGE HOLD BANQUET

Orangemen Cheer Controller Cameron's Denunciation of Bolshevists.

"The war is now over in France, we still have to live with the Bolsheviki before us at home," declared Controller R. H. Cameron at McKinley Lodge, L. O. L., 277, which held its annual banquet in Victoria Hall last night, with an attendance of over 300, with an average of 100 members from the Orange Lodges of Guelph.

This statement was received with uproarious applause by the Controller, who was but initiated at last night's meeting of the lodge. He regretted, he said, that he did not join the Orange Order before, but he did not want it said that he had used the order to push himself into public office.

Bolshevism, the speaker said, would tear down everything that the allies had fought for. It was a menace, which became stronger, the more it was tolerated.

Ex-Judge Joseph Oliver extended a hearty greeting to the Guelph visitors.

Mayor's Lodge.

Ald. Russell Nesbitt also told of the past and present of Toronto, McKinley Lodge, he said, was known as the Mayor's lodge, and it might again enjoy that honor in the person of Controller Cameron.

Ald. Don McGregor, who was called on to speak, saw several selections instead. Among those who sat at the head of the table were: E. L. Dyer, who presided; A. Clitall, T. Smith, Joseph Oliver, Fred. R. Cameron, J. D. Bailey, Wm. Stein and ex-Ald. Garnet Archibald.

MISSISSAUGAS MEET AT DINNER

Colonel Moss Proposes Building Rooms Where Regiment May Meet.

Returned officers of the various overseas battalions raised by the 9th Mississauga Horse of Toronto were the guests of Lieut.-Col. Herbert C. Cox, honorary colonel of the regiment, at the Ontario Club last night. Following a sumptuous dinner, the remainder of the evening was devoted to speech and song. Hon. Dr. H. J. Cody paid the eloquent tribute to the valor of the Canadian corps and the men of the various battalions recruited thru the Mississauga Horse. The Canadian corps, he declared, was one of the greatest fighting forces in the long course of human history.

Col. John H. Moss, officer commanding the regiment, outlined the military records of the various battalions raised thru the unit. Officers had gone from the regiment to practically every branch of the service, and two of the number were the first to open the portals of the Royal Naval Reserve to Canadians.

Col. Moss hoped that an active organization would be set going and a center established where the officers and men associated with the 9th Mississauga Horse could find a home. "We should almost at once open an office or rooms in this city and secure the services of a returned officer able to devote his time to getting the proposition on a going basis.

Dr. Cody endorsed the proposition as a means of preserving the traditions of the fighting members of the unit. He referred especially to the 75th Battalion.

Quoting from a recent letter from Sir Arthur Currie he stated that in the period from Aug. 8 until Nov. 11 of the past year the Canadian corps had fought and beaten 57 German divisions, or about one-quarter of all German divisions on the western front. There was no "returned soldier problem," he said. "They would take an active part in the political and moral life of the country and would endeavor to make a better Canada for the future than existed in 1914." "Play the Game" should be the motto of Canadians in the future.

ADVENT CHURCH BANQUET

A banquet was held at the Church of the Advent, 170 Adelaide street, last evening, under the auspices of the Anglican Young People's association, and was an entire success. The toasts proposed were: "The King," by the host master; "our empire," proposed by Mr. Jarvis, people's warden, replied to by E. A. Stuppard, president of Empire Club; "The Anglican Church," proposed by Mark Bredin, replied to by Rev. Herbert Taylor, vicar in charge; "our guests," proposed by Ernest D. Banting, president A.Y.P.A., replied to by Rev. Morley, rector St. Paul's, Hammersmith; "the ladies," proposed by Mr. Ineson, who has been over the top in France, replied to by Mr. Morris, who was the founder of the Church of the Advent. The program consisted of seven items, namely: baritone solo by Mr. Butler; soprano solo by Miss Plaxton; contralto solo by Miss Stevens; tenor solo by Mr. Docherty; and two soloists by the Messiah four quartette, and a slack waltz demonstration by G. Slovins, which was well received. A presentation of a clock was made to the choirmaster by the choir, and a presentation of a purse of gold was made to the brass band by the choirmaster on behalf of the church.

The chair was taken by the president, Ernest D. Banting.

RIVERDALE EARLS COURT

GENERAL GUNN SPEAKS TO SOLDIERS' CHILDREN

The second and last night of the Earls Court G.W.V.A. Christmas tree festivity was a larger affair than the first, as fully 1500 children of soldiers and relatives were present in the thousands of gifts presented by thoughtful and kind people to the happy little ones, who crowded the Belmont Assembly Hall, until a late hour on Friday night.

Alexander MacGregor, president of the Earls Court G.W.V.A., presided, and on the platform were his worship the mayor, Brig.-General John T. Gunn, O.C. No. 1 District; Secretary G. T. Lacey; Sgt.-Major James Stockley and officers of the G.W.V.A.

Alexander MacGregor congratulated the veterans on the splendid success of the Christmas tree, and promised to come again next year.

On One Mayor.

Brig.-General Gunn said he was glad to come to Earls Court to say a few words to the soldiers' children. He had four boys overseas, so that he had one over the water, and he was very fortunate. "Anything that I can do for Earls Court soldier boys I will gladly do."

Alexander MacGregor spoke to the children of the brave soldier father, brother, son, and mother, and asked them, as they grew up, to remember always the deeds of Canadians, and how they had astonished the world by their manly bravery.

Mrs. Bowler was in charge of the musical arrangements, and accompanied the children in singing patriotic songs.

SCARBORO

The annual meeting and election of officers in connection with Oakridge Park Soldiers' Association, was recently held in the Association Hall, Danforth, on the 17th inst., when Mr. Alan C.A. J. Kemp, delegates from the Birchcliff Association, thanked the members for their support.

Mr. Kemp was elected president, and Mr. E. T. Milton, president, in the chair.

The following officers were elected: President, P. T. Walsh, secretary, J. W. Bambar, R. Coates, Isaac Steepley and Ness; delivering lectures and Dr. Reid conducts the course in veterinary work.

Students will visit the stock yards at West Toronto and arrangements are being made to send a party to the city to provide refreshments to the party.

A banquet to the students at Thistleton will be given at the town hall at the close of the term.

DANFORTH

The new St. Barnabas Anglican Sunday school building, corner of Danforth and Hampton avenues, now in course of erection, is rapidly nearing completion, and it is expected will be opened in about a month's time.

Rev. E. Powell is rector of the church.

The large theatre now in course of erection on Danforth avenue, near Broadview, for J. J. Allen, is making good headway, the open part of the building is now almost finished, and the work will be pushed thru to completion.

Considerable dissatisfaction is felt among the residents of the Pope avenue district, owing to the new schedule of the Danforth avenue civic cars during rush hours.

Many passengers state that a wait of 10 and 15 minutes is a common occurrence on the morning and evening, and many have to stand in the open at the end of the building, as the cars are not allowed to stop at the end of the line.

According to the statements of the real estate brokers in the eastern district the present demand for stores on Danforth avenue is unprecedented.

TODMORDEN

Don Mills Methodist Church will be in the hands of Messrs. Lyle & Son, organ builders, next week, when the organ is to be installed.

Rev. W. H. Adams is pastor of the church.

Mrs. A. E. Sheik Woodville, a prominent member of Don Methodist Church, is at present confined to her home thru illness.

WESTON

Pte. Curry Thompson, a nephew of Mr. R. J. Bull of Weston, arrived at North Toronto station last night. He has been on active service since 1915, and was wounded in the Gallipoli campaign. After a short visit with friends in Weston, Pte. Thompson will proceed to his home in Bruce County.

NEW RADIAL LINE TORONTO-NIAGARA

(Continued From Page 1)

entering into an agreement with the company. In return the anti-radial mayor stated they had an arrangement with the company whereby the service would be resumed at increased rates of 25, 35 and 45 cents.

The remarks of Sir Adam were greeted with applause, and the Hydro was taken out of the sails of the anti-radials when Mr. Klimer took the floor. He stated that the council of Burlington had not jurisdiction to pass any such agreement or resolution with the company, or enter into any compromise, and that if they did so, any citizen could ride on the radial at the old rates until special legislation was passed amending the present conditions.

At this stage of the game the meeting got real warm, and a number of the residents made short speeches, in which they expressed the opinion that Burlington should stand by the Hydro and refuse to have the by-law with the corporation broken. Reeve Cleaver also got busy again, and submitted a resolution to the effect that no compromise be entered into with the company until the entire matter had been submitted by the ratemakers, that confidence be expressed in the Hydro, and that any proposition of the radial be submitted thru the Hydro commission.

Crowd Objected.

For some reason or other, Mayor Peart declared this resolution out of order, and amid the hisses of the gathering, adjourned until Saturday at 10.30.

Asked why the adjournment was made until such an inconvenient time, The World was informed that it was to permit the anti-radials to railroad the agreement thru with the company.

SIR ADAM ADDRESSES BURLINGTON COUNCIL

Hamilton, Jan. 17.—Burlington still stands firm against the corporation. Despite the strong efforts made by the anti-radial members of the council, at a special meeting tonight to railroad the corporation's proposition, the Hamilton Electric Radial Company, that would have been a complete victory for the capitalists. The meeting was very enthusiastic, and when the council defeated in its object of surrendering to the company by the strong opposition of Reeve Cleaver, adjourned until tomorrow morning at 10.30, the crowd hissed loudly.

When the meeting first opened, the council was notified that Sir Adam Peart would be present, so Councillor Leach, manager of the branch of the Dominion Canners, moved that the question of the Hydro be gone into immediately, in order to stall off any chance of their plan of capitulating to the corporation being frustrated. Reeve Cleaver objected, however, and through an agreement with the Hamilton Electric Radial Company, K.C.C. of Toronto, reached the scene of battle.

Proposed Arrangement.

Sir Adam requested Mayor Peart to state what the opinion of Burlington was in the matter of the intended

\$25.00 FOR A LETTER

CAN YOU WRITE ONE?

Thirteen Prizes to Be Awarded in a Letter-Writing Competition.

Some years ago the Dr. Williams' Medicine Co., of Brockville, Ont., offered a series of prizes to residents of Ontario for the best letters describing cures wrought by the use of Dr. Williams' Pink Pills for Pale People. Hundreds of letters were submitted in this competition, and yet there must have been thousands of other users of the pills who did not avail themselves of the opportunity to win a prize. To all these another letter writing competition is offered by the same company, cures through the use of Dr. Williams' Pink Pills have never been reported. These will furnish the material for the letter to be written in this contest. There is no demand upon the imagination; every letter must deal with facts and facts only.

THE PRIZES:

The Dr. Williams' Medicine Co., of Brockville, Ont., will award a prize of \$25.00 for the best letter received on or before the 30th day of February, 1919, from residents of Ontario, on the subject: "Why I Recommend Dr. Williams' Pink Pills." A prize of \$10.00 will be awarded for the second best letter received; a prize of \$5.00 for the third best letter, and ten prizes of \$2.00 each for the next best ten letters.

THE CONDITIONS.

The cure or benefit from the use of Dr. Williams' Pink Pills described in the letter may be in the writer's own case, or one that has come under his or her personal observation.

More than one cure may be described in the letter, but every statement must be literally and absolutely true.

Every letter must be signed by the full name and correct address of the person sending it. If it describes the cure of some person other than the writer of the letter, it must also be signed by the person whose cure is described as a guarantee of the truth of the statement made.

The writer of each letter must state the name and date of the paper in which he or she saw this announcement.

Fine writing will not win the prize unless you have a good case to demonstrate and not the style of the letter will be the basis of the award.

It is understood that the Dr. Williams' Medicine Co. shall have the right to publish any letter entered in this contest if they desire to do so, whether it wins a prize or not.

The contest will close on February 20th, 1919, and the prizes will be awarded as soon as possible thereafter. Do not delay. If you know of a cure write your letter NOW. Observe the above conditions carefully or your letter may be thrown out.

Address all letters as follows:

The Dr. Williams' Medicine Co.,
Brockville, Ont.,

Three Money-Saving Specials in Gloves for Clearance, Today

Boys' Gauntlet Mitts, 35c; Men's Wool Gloves, Less Than Half Price, 49c; Women's Kid Gloves, 75c.

To start the half day off with a rush today we've arranged these three splendid specials, and they all offer savings worth coming for at 8.30. The Boys' Gauntlet Mitts are a special purchase. Although they are "seconds" the defects will not interfere with their wear. They are made of sturdy split buckskin, with fleece lining, and fringe and star on cuffs. Sizes 4 to 16 years. Extra special today, pair, 35c.

Men's Wool Gloves at away less than half price, is surely good news. Such a remarkable offer is only made possible because they are a late shipment and we desire to clear them out before stock-taking. They are made of extra fine warm wool yarns with seamless fingers and ribbed cuff. Many have flaring or flat, with bound one-tan kid binding at wrist and one-dome fastener. In grey and heather. Sizes small, medium and large. Less than half price. Today, pair, 49c.

Women who take size 5 1/2, 5 3/4 or 6, can save considerably this morning on a pair of black "French" Kid or Lambskin Gloves. It is a general assortment of many kinds taken from stock and many of them away less than half price. In the lot are full pique soams, over-sewn seams and two dome fasteners. Sizes 5 1/2, 5 3/4 and 6 only. Extra special, today, pair, 75c.

—Main Floor, Yonge St.

Extra! Boys' Tweed Suits, Many Away Less Than Half Price Today, \$5.85

Here's one of the biggest money-saving opportunities in boys' suits for some time. Many are offered at away less than half-price, and in many cases this price only represents the cost of production alone. They are in medium and dark shades of grey and brown wool and cotton mixed tweeds. They are trench models with all around belt, and combination buckle and button fastener. Some have patch pockets, while others have slash pockets, fancy pleated and box backs; full fashioned bloomer pants with strap and buckle at knee; well lined throughout. Sizes 29 to 36. Many less than half-price. Today, \$5.85.

Also Small Boys' Suits at \$4.25

All these suits have been greatly reduced. Some are half price, many less than half, so surely that's sufficient for anyone to realize their big value, and induce many mothers and boys to come early this morning. They are of wool and cotton and wool mixed tweeds in medium and dark shades of grey. They are trench style, with all around belt, combination buckle and button fastener, slash pockets, box back and full fashioned bloomer pants, well lined throughout. Sizes 25 to 28. Today, \$4.25.

Three Half-Price Specials in Hosiery This Morning

To do a whole day's business in half a day is "some" undertaking, but these three half-price offerings in hosiery for men, women and children should assuredly achieve it! Be here early, when the selection is at its best.

For these items we cannot take phone or mail orders, the quantity being limited.

Women's Silk Hosiery, "mill irregulars," in black, sky, navy, taupe, grey, pearl, castor, sand, brown or tan, and sizes 8 1/2 to 10, but not all sizes in each color. The defects are very slight, and will not interfere with the wear of the stocking, being mostly in the finishing. All have lisle spliced suspender top and lisle spliced heel, toe and sole, also high spliced silk ankles. Made from 12-strand silk, and reduced to half-price for quick clearance. Today, per pair, 75c.

Clearance of Children's Black Ribbed Plated Cashmere Hosiery. Made from wool-faced cotton backed yarns, extra elastic fitting and seamless. In the lot are sizes 8, 8 1/2 and 9 only. Broken lines to clear at half and less than half usual price. Today, 3 pairs for \$1.10; or, per pair, 39c.

Men's Plain Grey Cashmere Half-Hose, made of all-wool Botany yarns and are reinforced at heel, toe and sole with extra ply, also fine ribbed seam fitting-cut. Sizes 10, 10 1/2 and 11 in the lot. Half price, today, per pair, 50c.

—Main Floor, Yonge Street.

Men! Now is the Time to Buy Furs and Fur-Lined Coats

That's If Substantial Savings Count

Note today's list—featuring muskrat lined coats of beavercloth, with shawl collars of either otter or Persian lamb. Sizes 40 to 46. Special, \$63.50.

Men's Muskrat Lined Coats, with black beavercloth shells, and collars of otter in the shawl style. Sizes 40 to 46. Special, \$102.50.

Men's Raccoon Coats, with large storm collars in the shawl style, and storm cuffs. Sizes 40 to 46. \$165.00.

Men's Soft Hats (manufacturers' seconds), in almost every style crown and width of brim. So slight are the imperfections that it is a difficult matter to detect them. Brims are either flaring or flat, with bound edges. In grey, green, brown and black. Not all sizes in each style, but in the lot are a full range from 6 1/2 to 7 1/2. Each \$1.55.

Soft Hats, a little unsorted in some sizes and blocks. In grey, brown and green. Not all sizes in each line, but a full range in the lot, from 6 1/2 to 7 1/2. Special, \$2.85.

—Main Floor, James St.

Come Early Today for Great Savings in Footwear

DIAMOND INDUSTRY IN BRITISH HANDS

Cutting of Stones May Yet All Be Done in England.

James Ryrie interested a large audience at the Electric Club (Friday) luncheon with a talk on diamonds. Beginning with Manlius, A.D. 16, he traced their history to the present day.

The diamond was called invincible because it was the hardest, most unquarrelsome and imperishable of minerals. Unlike other precious stones, it is found unattached in diamondiferous clay. There are grey, brown, yellow, blue, green and black varieties, but the steel-blue white is the most sought for. The slightly yellow to an off-color or by-water stone, but the rich deep yellow stone is very valuable. Diamonds are weighed in carats. A stone about the size of a pea is a half karat. The "best" or off-color stones are used for commercial purposes, mining, drills, etc.

Only one stone has been found in Canada, so far, and is not much to look at. Mr. Ryrie exhibited it to the audience. It was found in a gravel road within five hours of Toronto. The stone was at one time the

centre of the diamond world. They had a tradition there that when the great architect of the universe had finished creating the world at this place the stones left over from the job were diamonds.

Mr. Ryrie told the story of the South African diamond fields. Children playing with pebbles were the discoverers of the first stone which weighed 21 karats. The purchaser gave 600 sheep, some houses and farming utensils for it, and sold it for \$55,000. When cut it was subsequently sold to the Earl of Dudley for \$125,000. The South African diamond areas are not large, the Premier being 75 acres, and the Kimberly 10 acres. The shafts have been sunk 3700 feet or about half a mile deep. Mr. Ryrie described the process of cutting and the three styles—the table, the rose, and the brilliant. In the latter the crown has 32 facets and the bottom 24.

Amsterdam and Antwerp have long been the centre of the diamond industry, but during the war a large number of the cutters went to England.

Oppenheimer's, near Brighton, employs 400 cutters, and another establishment is under way. New York pays four times the wages paid in Europe, but Mr. Ryrie thought an effort should be made to concentrate the whole diamond industry in the British Empire, where alone they are found. Mr. Ryrie described the chief large diamonds. A stone of 100 karats is about an inch across. The Kohinoor, native cut, weighed 185 karats. Recently it weighed 105 karats. The "Star of the South" weighed 204 and was cut to 125 karats and was bought by the Gakwar of Baroda for \$450,000. He also owns the "Akbar Shah" and the "Empress Eugenie." The "Victoria" weighed 457 karats and was cut to 180, and was bought by the Nizam of Hyderabad for \$2,000,000, the Nizam being wealthy and having 500 wives and 80 motor cars. The "Excelsior" is a most important diamond, weighing 971 karats, and the Great Cullinan diamond, found in the Premier mine, and presented by the Transvaal Government to King Edward, weighed 3025 carats, or one and a third pounds. It was cut into nine large stones, the largest being 500 karats.

FITTING MEMORIAL TO HEROIC DEAD

Suggestion That University Schools Found Scholarships for Soldiers' Sons.

The scholastic and military record of the University Schools was reviewed yesterday on the occasion of the annual visit of Sir Robert Falconer, who was accompanied by Hon. H. J. Cody, minister of education. Particularly interesting was the record of the school in the recent war as outlined by the head master, Prof. H. J. Crawford. Of the 380 graduates and boys of the school who had enlisted for active service 56 had been killed or died of wounds and 30 had received decorations for gallantry in action. Prof. Crawford intimated that a fitting memorial to the fallen might take the form of scholarships, which the boys could finance from their own savings, and which would be open to the sons of soldiers.

MILITARY OFFENDERS PUNISHED

Magistrate Kingsford in the police court yesterday sentenced several soldiers for not having complied with the Military Service Act. Pte. Fred McCausland, who had been absent from his unit longer than his pass allowed, was given sixty days. Ptes. George Paquette and Len Kohlbrener were given each ninety days. Pte. Sylvanus Middings, 30 days, and George Carron, who claimed he had an attack of influenza, was remanded for sentence. Pte. Joseph Paquette deserted from the 27th Battalion twelve months ago and was sentenced to twelve-month imprisonment as a result. H. V. Armstrong was liable under the M.S.A. and for failing to notify the registrar of his change of address in the city, a fine of \$50 was imposed.

ONE OF BEST EVER IS LAID TO REST

Funeral of Captain (Dr.) Harry Smith is Impressive Ceremony.

With the rattle of muskets and the ringing sound of the "Last Post," Capt. (Dr.) Harry R. Smith was buried with full military honors in Mount Pleasant Cemetery yesterday afternoon. Never in the military history of Toronto had there been such an impressive ceremony. Five hundred men from the Hart House Hospital, General Gunn, officer commanding military district No. 2, Major Barton and other staff officers followed the gun carriage. After a short but very impressive service in the home of his father, W. J. Smith, brother officers, acting as pallbearers, placed the casket on the gun carriage, and to the strains of the "Dead March in Saul" the cortege proceeded west on Yorkville avenue north on Yonge street to the cemetery. Five hundred returned soldiers and officers, some of whom had been prisoners of war in Germany, crowded around the graveside, standing stiffly at attention in respect for the officer of whom they were all so proud.

A visit of Sir William Hearst to Chief Justice Sir William Meredith at Osgoode Hall has aroused the suspicion that the premier was probably asking the chief justice to be chairman of the royal commission which is to investigate the grievances of the Toronto police force. The latter refused to discuss the matter.

SEED RESTRICTIONS REMOVED.

Five Hundred Grandmothers Sewing Shirts for Serbians

The novel idea of a "grandmothers' campaign" has been launched by the University Supply Association, who are devoting this month to the Serbian relief. The idea is that 500 grandmothers should get together in the shape of an old-fashioned bee and knit a shirt each for 500 Serbian babes. Monday, Wednesday and Friday are the days set apart for the work, which will be carried on in the physics building of the university. Hundreds of yards of flannel and wool galore are waiting for workers. The girls of the university have taken charge of the layette. Other bodies of women are being appealed to take charge of other departments of the work.

The Canada Food Board has been informed that field and garden seeds have been removed from the restricted export list of the United States, and that American shippers in future do not require licenses for shipments of seeds coming into the Dominion. The removal of United States restrictions on flour also extends to Canada.

FISHERS OF MEN!

A Clergyman, who studied Salvation Army work, said: "They are not Protestants, and they are not Catholics; they are Christians. I see this in the Christ-like work they are doing."

They are fishers of men.

Citizens know vaguely that the "Army" does good work and occasionally drop a quarter into a Lassie's tambourine to help them along. But how few know the magnitude of it.

This is to tell you what the "Army" has done—what it aims to do—how it proposes to do it—and why your generous help is needed.

To cleanse souls from sin through blood and fire was its first purpose; but that grand old man, General Booth, quickly saw that souls could better be saved when their bodies were first nourished. So there was born the Social Work of the Army, the Daughter of the Spiritual—the beautiful offspring of a worthy mother.

Its Altar was, Service to Humanity. It carried bodily help and the Gospel to those places which churches scarcely touch, and it made its converts open witnesses for Christ.

The late ex-President Roosevelt said of it:

"They are an invaluable social asset, a force for good, who work effectively in those dark regions where, save for these forces, only evil is powerful."

We sing "Onward, Christian Soldiers," but to some of us it is only a poetical simile.

Not so with the Salvation Army. It wages continuous warfare against sin in its vilest forms. Its battleground is where there is the greatest need, and it challenges the world with its ringing war-cry, "Hallelujah!"

General William Booth once said:

"My work is to make war on the hosts that keep the underworld submerged, and you cannot have war without noise. We'll go on singing and marching with drums beating and cornets playing all the time. If, by standing on my head on the top of St. Paul's Cathedral, I could save a soul, I would do it."

This, then, is the creed of the Army.

"Blood and Fire" at Mons

The Army was first in the field at Mons on that memorable 18th of August, 1914. They shared the horrors of the Red Retreat, and Salvation Lassies proudly wear that priceless emblem, the Mons Medal of the "Old Contemptibles."

Responsibilities of Peace

Signing the Armistice made the work of the Army among soldiers even more necessary. Thousands of Canadians are still in France and Britain, and they need every possible care to guide them away from the terror that walks by day and the pestilence that stalketh in the night.

The Salvation Army must have money not only to fight evils overseas, but also to assist Returning Soldiers and their wives when they get to Canada. This, now, is our most important task:—

1. HOSTELS FOR RETURNED SOLDIERS.

Not only should the eleven existing Hostels in Canada be permitted to continue their useful operations, but the number must be increased. Real Homes must be provided for transient and lonely Soldiers.

2. EMERGENCY RECEIVING and MATERNITY HOMES for WOMEN and CHILDREN.

Thousands of our Returning Soldiers will bring young wives. Houses are scarce; suitable provision for nursing and treatment must be made against the time of sickness.

3. SOLDIERS' FAMILIES HOME-VISITATION FUND.

Innumerable demands are daily coming upon this Army of Service. Their splendid War Record justifies the confidence that they will solve many of the vexed and delicate problems of Demobilization.

4. OVERSEAS COMFORT DEPOTS.

The work already established in Great Britain and France must be maintained. While the necessity exists there must be no curtailment of the activities of the 197 Comfort Depots.

Hitherto the Army depended upon coppers, nickels, and dimes gathered at street corners and upon donations of their own people. But they cannot finance the work they have now undertaken with nickels and dimes and quarters. The poor and the needy will give of their pittance, and their pennies will shine bright in the record of good deeds, but it is upon the more fortunate and the more prosperous that they must depend.

Salvation Army Institutions are all economically managed. They have no high-salaried officers. Their books and accounts are audited by Edwards, Morgan & Company, Chartered Accountants of Toronto. A copy of the balance sheet will be sent free to any interested inquirer.

To-morrow we will tell you of some concrete examples of how they work. In the meantime, we come before you with high hopes and supreme confidence.

Values in Women's Velour Coats Coats Which Would Ordinarily Be \$35 Twice the Price. On Sale Monday \$35

We have never seen better values in Women's Coats. And we're sure you'll say the same thing when you see them. Handsome coats of heavy velours, some silk lined throughout, others lined to waist and interlined. All with splendid fur collars. How much would you expect them to be? For instance, how much would you expect to pay for a dark green velour coat with large opossum collar and silk-lined throughout, or a plum-colored velour coat with large seal collar and revers? Or models quite as handsome of brown, dark reindeer, navy or black velours? From \$60.00 to \$70.00, wouldn't you? Here is our triumph. Any coat in this collection is priced for Monday \$35.00

Eight Thrift Stamps Will be Given With Each Coat.

TO PRESENT MEDAL.

Sir William Heest will visit his birthplace at Tara, Ontario today, for the purpose of presenting a Military Medal to Mr. and Mrs. William H. Davis, of Arran, father and mother

of Lieut. Melville A. D. Davis, who died gloriously fighting on the battle-fields of France.

STROLLERS' CLUB OFFICERS.

At the annual meeting of the

Strollers' Club, the following officers were elected for 1919: Hon. president, Wm. Goulding; president, W. W. Cannon; treasurer, Jas. V. Bell; hon. sec., James W. Barry; committee, Messrs. Eccleston, Menzies, King, Sweatman, Lugstun, and Burden.

WOMAN TRUANT OFFICERS.

Hon. H. J. Cody, minister of education, intimated yesterday that there would be several minor changes made in the Education Act at the next meeting

of the provincial legislature. It is probable that the Truancy Act will be so amended as to permit the appointment of women truant officers. The school age will not be changed this year. As soon as there are a sufficient number of technical schools in the province to accommodate the children who desire to study the industrial arts, the attendance at school will probably be made compulsory up to the age of 16 years at least.

APPEAL AGAINST ORDER-IN-COUNCIL

Northern Ontario Opposers to O.T.A. Want Importation Law Rescinded. Frank Watkinson, of the Brotherhood of Carpenters, and A. W. Rosbuck, counsel for the two men, Watson and Cheesman, recently sentenced for possessing banned literature, were in conference yesterday with the minister of justice to secure, if possible, the release of these two men, and also a repeal of all orders-in-council detrimental to the interests of the workers. It was stated yesterday that interests in northern Ontario opposed to the O.T.A. were considering an appeal to the government to rescind the order-in-council of March, 1917, prohibiting the importation of liquor into provinces which have enacted prohibitory legislation.

ARE AGAINST RADICALISM

Officials of the Machinists' Union desire to entirely dissociate the union in Toronto from any sense of radicalism. "Those who know the makeup of our union are perfectly aware that out of our 2000 members there are not more than, say, a dozen socialists," said one official last night. "People often look upon the term ultra-radical as something even worse than that of socialism. We have no favor with ultra-radicalism. Look at the state of the alleged progressives at last night's election. Only four machinists, and at least two of these as moderate as the most critical could wish. No, the fact is the machinists, and perhaps also the carpenters, were fighting a reactionary spirit which favored altogether too much of a certain official of the district trades council, who aspired himself to high honors within the gift of the government."

The election of the educational organization and label committees of the district trades council showed an equal balance between the moderates and the ultra-radicals, but the trustees were all moderates. The elected men were as follows: Organization Committee: J. Corcoran, Sam Brown, J. Gillanders, Herbert Lewis and F. C. Stroud. Education committee: Miss C. Connor, W. J. Hevey, F. Morgan, John Cottam and Herbert Lewis. Trustees: Walter Brown, W. C. Hagen, and C. J. Mitchell. Label committee: Walter Brown, W. J. Hevey and Arthur O'Leary.

Fred Bush, general organizer for the Garment Workers' Union in Canada, has organized the shirt and collar workers at Waterloo. Fifth International Vice-President W. P. Covert of the Moving Picture Operators' Association, is in Kingston adjusting troubles of the union there.

Organized labor is giving a strong helping hand to the cause of the Red Shield Campaign of the Salvation Army in Ontario. Labor's support has been pledged by Tom Moore, president of the Canadian Trades and Labor Congress, who predicted unparalleled success for this cause.

HOW BELGIAN HERO IS IMMORTALIZED

Altho his real name may never be known to history, the heroism of one little Belgian peasant has been immortalized in D. W. Griffith's second Aircraft Production. "The Greatest Thing in Life," which is to be shown at the Allen this week after next. The incident made such an impression upon Mr. Griffith that he decided to put it into his new play. It forms one of the most tense and terrific scenes in the whole range of photo-drama. In the play, the Belgian at the telephone is shot and his daughter, Lillian Gish, takes his place. While the Huns are actually battering down the door of the room, she sticks by the telephone, giving priceless information to the American boys across No Man's Land.

Hockey

AURA LEE TOP DOG IN RED-HOT GAME

Parkdale Put Up Great Argument for Fifty Minutes of Contest.

The first clash between the two local crack junior teams supplied a hair-raising game at the Arena last night. Aura Lee downed Parkdale canoe club, 7 to 4, but it was only in the dying minutes of the game that the north-end youngsters came thru with a spurt and put on the goals to get the verdict.

About twenty-five hundred fans took in the fixture, but many others will be kicking themselves that they missed this red-hot contest this morning. The first fifty minutes of the game were as light an argument as any fan could ask for, and the hockey dished up was of the best.

The youngsters put every ounce of energy into the fray, and the fans roared with the thrilling stuff pulled in the pinches. Workers played like Vesuvius, and the good Aura Lee team did not give up the defence time after time, only to have little Workers come out and take the shot in session.

Defence Was Good.
The Aura Lee defence was air-tight. Parkdale did most of their shooting from outside this sturdy par. Green was very flashy with his pretty dodging, but he was not so good as he looked. A mighty puzzle, and he only got to close quarters on rare occasions. Burch, Rodden, Wright and Hutchings kept up the hot pace, and they strung out across the ice in pretty fashion, passing until they were well in, and giving Workers a tough shot to stop each time.

It was hanging-up hockey until the last ten minutes of play. Each club grabbed a goal in the opening period. Parkdale scored twice in the second twenty minutes of play, and Aura Lee duplicated the trick. Aura Lee outscored the canoeists four to one in the closing round.

Aura Lee showed the best team-play all thru the heat, but Parkdale kept coming down one and two at a time, and they let fly at Devitt as soon as they came within decent scoring distance.

The speed was simply staggering, and Aura Lee kept it up to the last bell. Parkdale broke a little under the strain in the last period, and Aura Lee took advantage of it.

The whole Aura Lee forward line were up to top hole, perhaps a little better than the other boys, but the work of all was up to top hole. Aura Lee played a strong game on the defence and a strong rusher in the early stages. Hogarth opened up link after link and was rushing in the last two periods was grand to watch. The Aura Lee pair were seldom out of the defence, and they worked the Parkdale forwards.

McCury was the pick of the losers' forward line. He rushed strongly, and a wicked shot from the wing, and grabbed off two counters. He tried in spots, but always came in, and he checked well and did some nifty dodging, but found Hogarth and Conacher a hard nut to slip around. Hueston, McGinnon and played the biggest part of the game. He was a tower of strength, but found the Aura Lee forwards buzzing around him. He had a very good game, and found trouble in trying to hold out the fast Aura Lee forward line. They piled in many times.

Pace Was Hot.
The boys put everything they had into the first minutes. McCurry was raining shots at Devitt from the wing, and Aura Lee goaler was hard put to turn them aside. The red and white forward line went in closer than they have in some time. Burch and Rodden, who showed beautiful combination, but found Hogarth and Conacher a hard nut to slip around. Hueston, McGinnon and played the biggest part of the game. He was a tower of strength, but found the Aura Lee forwards buzzing around him. He had a very good game, and found trouble in trying to hold out the fast Aura Lee forward line. They piled in many times.

HOCKEY TODAY AT ARENA.

Beaches and Maitlands will play at the Arena this afternoon. Beaches tossed away their chance to win during the week in their former meeting by resorting to tripping and hooking. This will not get them anywhere, and the coach has ordered every boy to pay attention to his knitting. Maitlands are coming to the arena, and the Beaches will try to get their best to beat them. The teams: Maitlands—Goal, Stone; defence, Ross and Ritchie; centre, Barnes; right, Waldron; left, Shaw; subs, M. Burt, S. Burt, Burch, Rodden, Wright, Hutchings, and Marshall; left, Adams; subs, McCaffery and Cooper.
Joe Ryan's Veterans seniors take on the Hamilton Tigers at the Arena tonight. The Vets went up to Hamilton and roughed with the Bengals, and got themselves into some lousy bumping before they created a little bad feeling between the teams, but it is hardly likely that they will renew it tonight. The Vets will try to get the Hamilton squad a lively game. The teams: Hamilton—Goal, Rheame; defence, Scott and Reiss; centre, Roach; right, McCarthy; left, Duncanson; subs, McKinnon and Cooper.
The following Crescent hockey team meets should turn out for the game with Parkviews today, at 8:30: Williamson, Freeman, Han, Berry, Peares, Macdonald.

NEW BOXING CLUB OPENED IN MONTREAL.

Montreal, Jan. 17.—Benny Valger, the French flash, defeated Joe Money in the feature bout of the new boxing club at the Theatre Francaise here tonight. The match was too one-sided to be interesting.

a face-off at the Aura Lee end. It was short-lived, for the Aura Lee squad came thru with the last two goals of the game. Parkdale shot one from a pretty three-man play for the other. The final was 7 to 4, and Aura Lee after a very satisfactory game.

UPPER CANADA UNABLE TO HOLD U.T.S. SQUAD

University Schools Score Ten Goals in Junior Prep. College Fixture.

Without the services of two of their best forwards, University Schools handed Upper Canada a bad dose of whitewash in their prep. college junior fixture at the Arena yesterday afternoon. U. T. S. simply ran all over their opponents and scored ten goals and held U.C.C. scoreless.

Munro and Frank Sullivan were the big ones for the winners. They had to play 75 per cent. of the time and walked right up to the net. Sullivan gathered in goals, Munro three and Rowell the other one.

Munro moved up to the forward line in the last period and enjoyed himself immensely. This was not like a Trojan and bored right in.

Aggett and Jeffrey were absentees from the U.T.S. forward line. It was not the same team without them, but Sullivan and Munro took things into their own hands and made the score what it was.

Kearns and Greck are not fast, and have not the stick-handling ability of Jeffrey and Aggett. Jeffrey is out with chickenpox and Aggett is nursing a wrenched knee. Both these boys will be back for the U.T.S. Michaels game.

Upper Canada, were outfooted, and found that U.T.S. broke up any attempt at combination with checking. Beatty broke loose with some good rushes, but shot from far out. Kirk was the best of the forwards, but also had the bad long-distance-shooting habit, which they were never in the hunt. Munro got the only two goals of the opening period. Sullivan scored three and Rowell one in the second, and the last period saw three U. T. S. goals.

Granite Club to Erect Tablet to Their Heroes

The first annual meeting of the new Granite Club, the organization that has taken over the Granite Skating and Curling Association, was held last night, with a large attendance. It was decided to erect a memorial tablet to the heroes who fell in the war. The men of the Granite Club who paid the supreme sacrifice were:

Major E. T. Powell, Lieut. Amaden, Capt. S. J. Murphy, Lieut. A. Nealon, Lt. R. B. Beatty, Lt. G. B. Copping, Lt. A. Eaton, Pt. G. Murphy.

The directors were elected as follows: President, E. B. Stockdale; vice-president, B. S. Crook; hon. secretary, pres., M. Rawlinson; D. T. Prentice and S. Harris.

Toronto Golfer Out in Semi-Final

Pinehurst, Jan. 17.—Don M. Parker of the Garden City Golf Club and W. M. McCord of the Huron Country Club will meet in the semi-final of the Ontario Golf Association's tournament at Pinehurst tomorrow.

Parker took only one putt on each of the first seven greens in his semi-final round. He closed with a 3 up in 28 and won by 4 and 2. McCord defeated M. C. G. H. Montgomery of Toronto, who had come thru to the handicap semi-finals in 1918, by 3 up in 28.

Without Park Lawn Bowling Club Officers

NEW ASSOCIATION FOR LOCAL SOCCER

At the joint meeting of delegates of the T. & D. and Provincial Leagues last night it was unanimously decided to amalgamate the two bodies, under the name of the United Football Association. A mass meeting of senior club delegates will be held next Wednesday at Sons of Emiland Hall at 8 o'clock sharp for the purpose of election of officers, and to receive the recommendations of the meeting last night.

The mass meeting next Wednesday will consist of equal representation from each league, that is, three each from the Provincial League clubs, and one from each of the T. & D. clubs. The following are the recommendations from the meeting last night:

1. That the new executive consist of eight members and president, secretary and treasurer.
2. That two divisions of the league be run, the new executive to select the clubs to form the first division.
3. That a committee be formed from the second division to run the affairs of the division.
4. That not more than one member from any one club be elected on the executive.
5. That no member of the executive be a member of more than one club.

St. Patricks' Great Win at Kitchener

Kitchener, Jan. 17.—The unexpected happened here this evening when St. Patrick's of Toronto duplicated the Dentale feat of winning away from home. Kitchener lost by a score of 2 to 1 on ice that was wretched in the extreme, in a game that was featured by anything but good hockey. It was a squelching contest, and drew forth every ounce of energy from each individual player, and as the final period came to a close the home crew showed visible signs of exhaustion, while St. Pat's were going at top speed by a score of 3 to 1 on ice that was wretched in the extreme, in a game that was featured by anything but good hockey. Water Polo

In the West End Y.M.C.A. Water Polo League a very fast game between the High Parks and the Dolphins finished in a win for the High Parks by 4 to 5, who played the best of games with a steady, sure combination that simply baffled the Dolphins, who lacked team play. Pilt and Chaffey starred for High Parks, while James and Ewins played the best game for the Dolphins. The teams:
High Parks—J. Wells, F. Chaffey, H. Pilt, C. Gay, R. Gay, A. Duff.
Dolphins—James, Ewins, H. Bell, K. Hall, C. Kennett, A. McCaldin.

Schedule of Prices for Minor Leaguers

New York, Jan. 17.—The minor league club owners held a meeting which lasted all day and up to a late hour tonight. At the afternoon session they decided to abolish the practice of receiving or agreeing to sell players under an option agreement. In future a violation of this mandate will incur a penalty of \$1000 in Class A.A., \$750 in Class A., \$500 in Class B., \$300 in Class C. and \$100 in Class D. leagues. From now on, the purchasing or selling of players will be in open market, and cash must be paid in every transaction.

New selected sale prices for players were adopted. For Class A.A. clubs must pay \$1500 for Class A players; Class A, \$1000 for Class B players; Class B, \$750 for Class C players, and Class C, \$500 for Class D players.

In drafting players, Class AA clubs can only take one player from Class A clubs, but there is no restriction to the number of Class B players, and Class C players can draft. Higher classifications, however, have the right to purchase unlimitedly. The drafting season will be announced from Oct. 1 to Oct. 10, and no cancellations of draft contracts will be permitted in this period that at any time during the evening, while the condition of the market was improving. The players who had the advantage in this period were the players who were drafted in the last period. It was the only one completely demoralized and was brought about on a lone rush drawing out the defence, and the defence was impregnable, while Crooks was at his best and saved what looked like sure goals on many occasions. Parkes and Trushinski were best for Kitchener, but the defence was completely demoralized owing to the condition of the ice.

The teams:
(1) St. Patricks—(2) Crooks, Hainsworth, Heffernan, Calkin, Kenefick, Hillier, Dye, Hillman, Wing, Eltherington, Merrick, Sub., Farr, Muston.
Referee—Crawson, Whitehead.

MAJORS' AND MINORS' WORKING AGREEMENT

National League Boosts Salary Limit—Dan Howley Coach for Detroit.

New York, Jan. 17.—A week of conferences and joint sessions between major and minor league baseball club owners will be completed tomorrow, when a working agreement is signed by the National Commission for the two major leagues, and a commission representing the National Association of Minor Leagues, to take the place of the national agreement, abrogated by mutual consent.

The minors will go their own way, under the control of their own board of arbitration, which will have jurisdiction until its term of office expires in 1921. There will be no more optional agreements in the National Association, and all players must be purchased by major and minor clubs on a cash basis. The agreement also provides for the minors for cash, all money and salaries to be paid by the major league clubs. At a special meeting of the National League today, the recently adopted salary limit of \$11,000 per month for club owners was declared to be insufficient, and a higher limit was agreed on.

Many trades and deals were rumoured during the week, but the only one that was consummated was a transfer of Dan Howley from Detroit to St. Louis. Howley was a catcher for the Tigers, but was traded to the Cardinals for cash. Howley is a former player of the Detroit Tigers, and was a member of the team that won the World Series in 1905.

VETERANS CUT HIS OWN THROAT WITH BROKEN BASIN

Two versions of the strange case of Harry Hutchinson, a returned man, who died very early yesterday morning, were presented to The World yesterday afternoon. A friend of Hutchinson stated that two weeks ago last Sunday Hutchinson left his home for a walk. He failed to return, and three days later his friend, J. Thompson, 255 Sunnyside street, received a letter from Hutchinson to the effect that he was ill in hospital, a victim of the "flu," but recovering nicely.

Early Resumption of Athletic Activities

Numerous cases were before the registration committee of the Ontario Branch, A.A.U. of C. for decision at their meeting last night. The desire of a number to get back into the fold, preparatory to the return of sport.

THAT OTTAWA ORDER.

Query, suggestion, amusement and wonder were expressed in the opinions given to The World yesterday upon the question of whether or not a militia officer who gained his spurs on Flanders' fields should revert to pre-war rank when discharged on his return from the front.

AUTO-INTOXICATION OR SELF-POISONING

"Fruit-a-tives" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that Auto-intoxication due to non-action of the bowels, is directly responsible for serious, kidney and bladder troubles; that it upsets the stomach, causes indigestion, loss of appetite and sleeplessness; that chronic rheumatism, gout, pain in the back, are relieved as soon as the bowels become regular; and that Pimples, Rash, Eczema and other Skin Affections disappear when "Fruit-a-tives" are taken to correct constipation.

"Fruit-a-tives" will protect you against Auto-intoxication because this wonderful-fruit medicine acts directly on all the eliminating organs.

War to Peace

War Service Gratuity

As soon as a soldier is discharged from the army his first concern is to find a job. He may not find a job at once. During his period of unemployment he will however be in receipt of his War Service Gratuity.

Before the Armistice was signed "post discharge pay" was granted to discharged soldiers. Upon the signing of the Armistice it was felt necessary to make certain changes.

A larger grant will now be made to all who have served at the front whether discharged before or after the Armistice. Those who were on active service on the date of the Armistice, but had not served at the front, will also receive a gratuity on a higher scale.

The War Service Gratuity is given over and above any "back pay," pension or clothing allowance to which a man may be entitled.

It is given in addition to all the care, attention and service which the Government will devote in order to restore our fighting men to civil life.

To Whom Awarded.

All soldiers discharged on or after November 11th, 1918, who have served with good conduct will receive War Service Gratuity according to their class.

Soldiers discharged before November 11th, 1918, will receive War Service Gratuity only if they served at the front in any actual theatre of war.

If a soldier discharged before November 11th, 1918, did not serve in an actual theatre of war he will be entitled only to post discharge pay—according to his class on the old scale.

The Amount of the Gratuity.

The gratuity consists of a continuation of a soldier's pay, field allowance and separation allowance for a period beyond his discharge.

This period is graded according to the length and character of service.

If his service has been in part overseas his gratuity is figured on a higher scale than that of the man who has served only in Canada.

The maximum gratuity for the man

who has served overseas is six months. This is given to the man whose total service amounts to three years or more.

Three months gratuity is the maximum for the man who has served in Canada only, and it is given for three years' service.

If the monthly pay and allowances for a man whose dependents have been receiving separation allowance should be less than \$100 he is given \$100 per month as gratuity. A part of the gratuity equal to separation allowance will be paid direct to the dependent entitled to it.

If the monthly pay and allowances for a man without such dependents should amount to less than \$70.00 he is to receive \$70.00 per month.

Further, every gratuity granted will amount to at least one month's pay, field allowance and separation allowance.

When Payable.

Men who have already been discharged will be given the gratuity to which they are entitled (less any "post discharge pay" they have received) after February 1st, 1919.

Application for an adjustment must be made to the paymaster of the district from which the soldier was discharged. The necessary forms to be filled out in support of each claim for adjustment may be obtained from the military headquarters of each district, from district and unit paymasters and from officers commanding militia units.

Men who are still in the service will receive their first month's gratuity immediately upon their discharge—unless they are "boarded" to receive treatment and full pay and allowances from the Department of Soldiers Civil Re-Establishment.

Men who are in the care of the Soldiers' Civil Re-Establishment will get their gratuity as soon as they cease to receive full pay and allowances.

By this token Canada will record her appreciation of her soldiers and sailors—to a degree more generous than that shown by any other nation.

"TIZ" FOR TIRED AND SORE FEET

Use "Tiz" for Puffed-Up, Burning, Aching, Calloused Feet and Corns.

Why lo limping about with aching, puffed-up feet—feet so tired, chafed, hot and sore? You can hardly get your shoes on or off? Why don't you get a 25-cent box of "Tiz" from the drug store now and gladden your tired feet?

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons, called toxins, sucked into the blood through the lymph ducts, excite the heart, which pumps the blood so fast that it congests in the smaller arteries, then, throbbing pain and distress, called headache. You become nervous, depressed, sick, feverish and miserable, your head aches and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides, which temporarily relieve you but do not rid the blood of these irritating toxins. A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast, begins the process of your system and cure you of headache, but will cleanse, purify and freshen the entire alkaline system. It is inexpensive, harmless as sugar.

WORKS COMMISSION DISCUSSES AWNINGS

The report submitted by the commissioner of works at the works committee's first meeting yesterday dealt chiefly with recommendations for the erection of awnings and the installation of gasoline tanks. In line with the war policy, the local improvements have all been suspended, but the commissioner brought forward a number of recommendations for public works.

LITERARY SOCIETY IS RESURRECTED

Students of University College will be given an opportunity of developing their oratorical powers during the present winter. At a largely attended meeting yesterday afternoon it was decided to reorganize the literary society on the basis on which it was founded in the days before the war. During the war the activities of the students were directed into other channels, with the result that the "Lit." was allowed to lapse. But with the return of peace the students are glad to see the society revived.

Ottawa, Jan. 17.—It is considered unlikely that the militia department will pursue a policy of returning all Canadian troops to Canada via the Panama Canal, as it was a very lengthy time whether or not boats would be available for the western Canadians on such a long trip via Panama, even

Florida Farms for Sale.

THE GROWING OF grapefruit is an honored and honorable enterprise; less hazardous than mining, more profitable than a profession. It offers you independence, old age insurance, and is a valuable legacy to one's family, assuring them a large annual income.

YOU ENGAGE A DOCTOR to make and keep you well, and a lawyer to keep you out of trouble; be certain that your grapefruit grove is planted and cared for by experts.

THE LAKELAND HIGHLANDS Co-operative Association is managed by experts; it was incorporated by grove owners who desired the best results at least cost; the saving is over 50 per cent.

THINK OF MAKING AN AVERAGE of \$500 a year above expenses from 7/2 acres, of getting \$6000 in cash for the crop of a five-acre grove all in one year, and imagine making a net profit of almost \$100,000 in eight years, from 23 acres of grapefruit trees.

THESE ARE THE PROFITS many grove owners are making now, and have been making for years (we will give you names of them). These are the profits that are attracting to Lakeland Highlands shrewd business men who are carefully investigating this form of investment.

THINK OF LIVING in a country with over 200 beautiful fresh water lakes, with 300 miles of asphalt paved country roads; here you can enjoy motoring, bathing, boating, fishing and golf every day of the year.

PHONE OR WRITE for full particulars of interesting try and arrange to join one of my personally conducted excursions leaving Toronto the following dates: Jan. 31, Feb. 14 and 28 and March 14 and 28. The return fare is \$77.50 and round trip \$155.00. It is necessary to secure accommodation. You will be entertained at Lakeland Highlands Country Club while making your investigation.

CORN MOVEMENT GAINING IMPETUS

Reports From Northern Iowa Tend to Put Bulls at Disadvantage.

Chicago, Jan. 17.—Northern Iowa reports of a free movement of the crop tended today to put the bulls at a disadvantage in the corn market. Prices closed unsettled, 1 cent net lower to 1-4 cent advance with February \$1.35 1-2 to \$1.38 3-4, and May \$1.38 3-8 to \$1.25 1-2. Oats gained 3-8 to 3-4. The outcome in provisions was unchanged to 27 cents higher.

Corn prices fluctuated sharply, and there was rather a broad trade. Many sellers here who were influenced by the Northern Iowa reports did not appear to understand until just before the close that none of the corn from that section was coming to Chicago, and that the prices obtained had been decidedly above the Chicago basis. Authoritative knowledge on the subject, however, brought about a rally just at the finish. Strength which characterized the market at the open-

ing and at various times later seemed to be principally due to advices that focussed attention on the urgency of transatlantic need of big supplies of food. Adverse weather impeding country roads also received a good deal of notice.

Signs of improved demand helped to strengthen oats. Exporters, who were said to be still out of the market. Provisions averaged higher as the result of commission house buying and short covering. The best call was for ribs.
