

the labor representative in the war cabinet, the labor situation gradually is becoming more normal and the nation is to be congratulated on having gone thus far safely along the troubled road. Unemployment, Mr. Barnes added, was down to half the figure of last May, and the workers generally were showing a desire to avoid extreme and illegal measures to obtain their demands.

Premier Lloyd George is said to be particularly pleased with the way things are going, and his promised statement to the cabinet next Tuesday, defining the government's trade policy, is being awaited with great interest. It is asserted that Mr. Lloyd George will undertake that the miry, like the war office, shall make sweeping reductions in its estimates.

The minister of labor announced that a proposal is being considered, "in the interest of the general community" providing for the introduction of legislation making strikes and lockouts illegal unless one week's notice in writing is given to enable an inquiry into the situation causing discord and an attempt at its settlement. This program, it is said, will be strongly resented by a large portion of the laborers.

DEMOCRATIC ASSENT TO RESERVATIONS

Republicans in U. S. Senate Must Pledge a Score of Votes for Treaty.

Washington, Aug. 13.—The trend toward agreement on reservations in the peace treaty reached the stage today where the group of Republican senators advocating reservations received assurances which they accepted as guaranteeing Democratic assent to their program.

Word reached members of the group, it was said, that as soon as they could pledge a score of Republican votes for reservations to the League of Nations covenant along the line, recently agreed on by seven Republican senators, the administration forces in the senate would be willing to line up on that basis for ratification of the treaty.

There was an intimation also that the reservationists had reason to believe their ranks eventually would include Senator Lodge, chairman of the foreign relations committee and Republican leader of the senate.

Twenty Republicans, it was declared, would be announced with the administration Democrats to make up the two-thirds necessary for ratification. The program on which it is sought to unite these elements contemplates reservations to further protect the Monroe doctrine, to insure domestic control over domestic questions, to amplify the power of congress to decide questions of peace or war under article ten.

It was declared the information that Democrats were in a receptive mood toward such a proposal did not come from Senator Hitchcock of Nebraska, the administration leader, but from a source considered entirely authoritative.

THREE SOLUTIONS TO GRATUITY PROBLEM

To Be Lump Sum, Dollar a Day, or Amount of Captain's Pay.

Hamilton, Aug. 13.—Word was received in Hamilton today from what is regarded as a reliable source that the government is about to consider three different propositions concerning additional gratuity. They follow:

1. That a lump sum be paid in December to all men who served in France.
2. That all ex-members of the C.E.F. receive an additional gratuity one dollar for every day's service from enlistment to discharge.
3. That the equivalent to a captain's pay be paid to all ranks, according to length of service.

With respect to the second proposition it will be remembered that East Hamilton branch, some little time ago, passed a resolution asking for an additional gratuity of \$1.10 for each day's service in the C.E.F. and that it was sent to the Dominion command for action.

URGENT TRUCK LINE AS RADIAL RIVAL

Burlington Wants Added Service Quick, to Combat New Rates.

Hamilton, Aug. 13.—Reinauguration of a truck service, to combat the Hamilton Radial Electric Company's new tariff, which was announced today, to become effective on Monday, was being urged in Burlington tonight. Locally the city council flatfooted, but since the passing of the act, which scraps all existing agreements between municipalities and railway companies and gives the Dominion Railway Board authority to fix rates, a substantial increase has been expected.

All summer the company has been filling its coffers by providing a "gar-dine" service to the popular beach, the beach being attracted to that watering place daily. The beach season being almost at an end, and passenger traffic diminishing the company has announced its intention of keeping up with the summer receipts by increasing the tariff. In Hamilton it is taken to mean that the company knows that "its finish will come" when Sir Adam Beck's radial scheme is carried to completion, and the directors want to pile up profits, while the piling is good. From the D. P. and T. offices, however, comes the statement that the increase in wages to the suburban railway employees made the boost in the tariff necessary.

The hands of the city and the town of Burlington are tied by the act, made to Sir Adam Beck to get his construction program under way as soon as possible.

The New Schedule.

On Monday morning next the fare between this city and the town of Burlington will be increased to 45 cents return, and to Oakville, 55 cents. There will be a special workmen's commutation ticket of twelve single tickets for \$1.00 between this city and Burlington.

The company proposed to increase its rates during the winter when the town refused, under the provisions of the company's charter, the cars ceased operation and the town instituted a special motor bus system over which a suit for about \$2,000 is now being pressed by the motor truck owners. The cars were started again shortly before the winter, with the administration Democrats to make up the two-thirds necessary for ratification.

POLAND PREPARES TO FIGHT BOLSHEVISM

Another Invasion Expected as Result of Reverses Suffered by Kolchak.

Warsaw, Aug. 13.—Brigadier-General Pilsudski, chief of staff, and Premier Paderewski yesterday reviewed a large body of recruits for that portion of the new Polish army of 250,000 that is being mobilized against the Bolsheviki. Diminution of pressure, as a result of the reverses suffered by Admiral Kolchak, head of the All-Russian government of Omsk, is expected here to provoke another attempt by the Bolsheviki to invade Poland.

The whole national effort is being concentrated upon strengthening the eastern front. This effort militates against economic reorganization of the country.

The Polish government appears to take only a secondary interest in the Russian situation which has arisen in Hungary through the Rumanian invasion and the assumption of power by one of the Hapsburgs. This interest is confined to the fact that the centre of Bolsheviki agitation in Hungary has been stamped out.

The Polish government considers that there is no hope of a general peace in Europe until the Russian problem has been solved, and slender as their national resources are, the Poles say they must remain under arms to defend the national integrity.

TELLS AN AMAZING STORY OF ABUSE

(Continued From Page 1).

ignored my explanation, and, with the other men, I was deprived of legging, given one blanket, and quartered for the night in the stable of a Frenchman. The bed was the cobblestone floor of a stall, and no food was given the men that night. The weather was cold and raining. The next morning the men who had newly arrived at the prison camp were lined up. "Hard-boiled" Smith strutted before us, and down the lines, looking us over, the right of which to yell at us. "You birds are going to forget that. You never soldiered before. And you can't sleep out here. There are only two ways to leave this place. One is to go out in a long wooden box, feet first, and the other way is straight to the front lines to be blown to hell by the Boche. Yesterday a man thought he knew a different way to get out of here, but he was all wrong. See for yourself," and he pointed to a still form lying under an old army blanket.

Used Him Right.

"Finally I let the surgeon, He was all right, the only human I found in that camp. He saw I was wounded, heaved my story, and got out there as soon as he could. I've forgotten his name, but he used me right. I was returned to France, sent to the first camp at Stagnan, where a medical board placed me in Class B2, and I was invalided back to the States, where I got my honorable discharge.

"Hard-boiled" Smith himself is a little man, short and wiry, and as tough as any man ever saw. All of the men he had with him at the camp to run things were of his type. There was not a man there that I could find who had been up at the front, or who knew what a soldier's life is. They were deserters, slackers, men thrown out of different regiments because they were no good. These were the men "Hard-boiled" had done his dirty work. It was not in any prison camp, but "Hard-boiled" Smith's camp. I sure was glad to get out of that place."

YORK COUNTY AND SUBURBS

EAST TORONTO

COXWELL HOUSES NEAR COMPLETION

Housing Commission Building on Three Streets North of Danforth.

The Toronto Housing Commission's first fourteen workmen's dwellings on Coxwell avenue are rapidly approaching completion, and are ready for occupation. It is stated, in one month's time. Contracts have been let for 200 more houses with city builders and contractors.

The houses to be erected by contract, it is said, will be more substantial than the first fourteen built by day labor under the directions of the commission. The new houses will be better and more convenient. Three new streets immediately south of Danforth, between the new street and the car barns, have been opened, upon which the houses will be erected.

Regarding loans to returned soldiers and citizens, it is stated on good authority that the commission will not lend money to applicants, but urge upon all applicants for loans the great advantage of purchasing one of their houses.

According to the statement to The World of a prominent east end resident, a returned soldier with a building lot fully paid for in a good position in the east end, after considerable applications for a building loan, was refused by the commission. Many would-be purchasers of houses absolutely refused to pay the ten per cent. of the purchase price, and the alleged unreasonable payments demanded. They say it could be done on a workman's pay.

It is suggested by many real estate brokers and others that \$100 down and a reasonable amount per month, without the monthly interest, would be set out in the bill of sale framed by the commission, would offer real relief to the home-seeking citizen.

RIVERDALE

FAULT OF PARKS, LAVATORY LACKING

"The fault regarding the lack of lavatory accommodation at the busy Broadway and Danforth corners is at the door of the parks commissioner," declares Dr. E. A. McDonald, of Danforth, who is acting as a consultant to the World yesterday. "Commissioner D. Chisholm is willing that a lavatory should be placed in a convenient position on the general public, but the parks commissioner will place it away down the Winchester Hill road in a position out of convenient reach of the public, or against the eastern end of the viaduct, a situation also inconvenient for access for the bulk of the population. The money (\$14,000) has been placed in the estimates for its erection, and the work should be started at once," said Dr. McDonald.

Mrs. W. Dick, president of the North Riverdale Ratepayers' Association and the residents generally have been agitating for the convenience for the past three years.

DANFORTH

DAUGHTERS OF SCOTLAND MEET.

The regular meeting of the Daughters of Scotland, St. Margaret's Camp No. 2, was held recently in Playfair's Hall, Danforth avenue. Mrs. W. Dick, president, occupied the chair. Mrs. McLeod, secretary, reported that the committee, representing the members of the camp, had sent from the camp to the Bayville Hospital, and that the committee was formed to arrange the program and other details. There was a good attendance, over 50 members were present.

LAKE SHORE ROAD

There is a gang of counterfeiters operating in the vicinity of the Lake Shore road and Humber Bay, are asking the question with regard to the road, following numerous leaders of finding a way to the till. One merchant has been seen to pay the toll, and the toll collector has been seen to pay the toll. The gang is making the counterfeit till, and the toll collector is making the counterfeit till. The toll collector is making the counterfeit till, and the gang is making the counterfeit till.

Arrangements for the local fall fair were discussed at the meeting of the Ratepayers' Association held last night. It was decided to hold the fair on September 15th and 16th, with events, prizes, etc., were compiled.

WOODBRIDGE

CIVIC RECEPTION DISCUSSED.

Plans for an official civic reception to local veterans were discussed at a meeting of ratepayers held last night. A memorial to the men who died for the empire was also discussed.

CONSERVATIVES OF NORTH GREY AND LIBERALS OF ALGOMA PICK CANDIDATES.

Thessalon, Ont., Aug. 13.—Lieut. K. Spencer Stover, returned soldier, with three years' war record, received unanimous nomination as Liberal candidate for Algoma in the Ontario legislature by the convention held here tonight under the chairmanship of G. I. McArthur. Lieut. Stover will make a strong candidate.

The nomination brought out a pretty frank exchange of letters that has taken place between the secretary of the Algoma Liberal Association and Alton Dymond, chief election clerk. Also present were Mr. McArthur and C. F. Rothera, chief enumerator. There is a large number of voters, fire ranges, clerks, foremen and so on who make their regular domicile on the time, berths where lumbering is in operation. Mr. McArthur asked that these voters be recorded on the lists where they are working, a list of which he furnished. Mr. Dymond referred the matter to the chief enumerator, who in his reply dated August 10, said: "There will be no polls in the lumber camps. Those who are entitled will be put on the lists, but no booths will be established."

There was talk at the nomination of making specific charges to establish a motive for not allowing these voters to vote where they are domiciled rather than travel long distances to the booths.

BITING MEMBER DEFEATED.

Owen Sound, Aug. 13.—By a majority of twenty-two, Alexander S. Donaldson was nominated candidate for the provincial elections by the North Grey Conservative convention in Owen Sound. Mr. Donaldson is a farmer living near Killbuck, about eight miles from Owen Sound. Mr. C. S. Cameron, the present member of the provincial house, lost the vote of the convention by 129 to 107 in the second ballot.

In moving that the nomination be made unanimous, Mr. Cameron pledged his hearty and active support to the new standard-bearer. The principal speakers were Hon. T. W. McDonald and Mrs. Arthur VanKoughnet of Toronto.

There is to be a Farmer-Labor convention on Saturday, but also the U.F.O. are very desirous of having a candidate of their own, it is doubtful if there will be another candidate nominated.

VICTORY GARDEN PARTY.

Prospect Park Methodist Church held a victory garden party yesterday in the grounds of the church. This church was recently removed from McRobb's avenue to the corner of Caladonia and St. Clair, for the better convenience of the members. Patriotic songs were sung by the children and games were played. Refreshments were served during the afternoon. Rev. W. H. Oke is the pastor.

COL. GIBSON TO ATTEND.

Col. Goodwin Gibson, aide-de-camp to General John A. Gunn, has promised to attend the annual Earls-court fall fair on September 10. He will accompany General Gunn in his capacity of officer commanding No. 2 military district.

HAMILTON

Hamilton, Aug. 13.—The unveiling of a memorial roll of 15 names, members of the lodge who answered the call of King and country, was an impressive ceremony at the Sons of England Hall, Hamilton, tonight. The roll, which commemorates the condition of Miss Margaret Clark, 6 Ferguson avenue, who was struck by a freight engine at the late veterans' meeting at the Jockey Club grounds annexed to the city.

T. R. Gray, city engineer; Controller Halford and Halford and A. O'Hair went to Scotland today to inspect the gravel pits, which Mayor Stephens of Niagara Falls is desirous of bringing to the city. They will make a report of the inspection at the meeting of the board of control on Tuesday.

Chatham's agitation for a uniform power rate for all Ontario municipalities served by the Hydro Commission was declared to be absurd today by E. I. Sifton, chief engineer and general manager of the local department.

FIELD DAY EXPENSES.

A meeting of the committee appointed by the Joint G. W. V. A. war auxiliary and ratepayers' associations in connection with the field day at the residence of Dr. R. H. Fleming, on August 10, was held at the residence of Dr. R. H. Fleming, on August 10. The committee was formed to arrange the program and other details. There was a good attendance, over 50 members were present.

HAMILTON

Hamilton, Aug. 13.—The unveiling of a memorial roll of 15 names, members of the lodge who answered the call of King and country, was an impressive ceremony at the Sons of England Hall, Hamilton, tonight. The roll, which commemorates the condition of Miss Margaret Clark, 6 Ferguson avenue, who was struck by a freight engine at the late veterans' meeting at the Jockey Club grounds annexed to the city.

T. R. Gray, city engineer; Controller Halford and Halford and A. O'Hair went to Scotland today to inspect the gravel pits, which Mayor Stephens of Niagara Falls is desirous of bringing to the city. They will make a report of the inspection at the meeting of the board of control on Tuesday.

Chatham's agitation for a uniform power rate for all Ontario municipalities served by the Hydro Commission was declared to be absurd today by E. I. Sifton, chief engineer and general manager of the local department.

KERENSKY IN VIENNA.

Baile, Aug. 13.—Alexander Kerensky, former premier of Russia, is in Vienna, a copy of a paper received here says.

PROVINCIAL BANK OF CANADA

Adds \$3,000,000 to Capital

Montreal, Aug. 13.—Shareholders of the Provincial Bank of Canada at the annual meeting of the institution, held here today, gave authorization to increase the capital stock of the bank by \$3,000,000 to \$5,000,000. The new stock will be issued from time to time as the directors deem advisable.

The directors and board of censors of the bank were re-elected without change.

CONSERVATIVES OF NORTH GREY AND LIBERALS OF ALGOMA PICK CANDIDATES.

Thessalon, Ont., Aug. 13.—Lieut. K. Spencer Stover, returned soldier, with three years' war record, received unanimous nomination as Liberal candidate for Algoma in the Ontario legislature by the convention held here tonight under the chairmanship of G. I. McArthur. Lieut. Stover will make a strong candidate.

The nomination brought out a pretty frank exchange of letters that has taken place between the secretary of the Algoma Liberal Association and Alton Dymond, chief election clerk. Also present were Mr. McArthur and C. F. Rothera, chief enumerator. There is a large number of voters, fire ranges, clerks, foremen and so on who make their regular domicile on the time, berths where lumbering is in operation. Mr. McArthur asked that these voters be recorded on the lists where they are working, a list of which he furnished. Mr. Dymond referred the matter to the chief enumerator, who in his reply dated August 10, said: "There will be no polls in the lumber camps. Those who are entitled will be put on the lists, but no booths will be established."

There was talk at the nomination of making specific charges to establish a motive for not allowing these voters to vote where they are domiciled rather than travel long distances to the booths.

BITING MEMBER DEFEATED.

Owen Sound, Aug. 13.—By a majority of twenty-two, Alexander S. Donaldson was nominated candidate for the provincial elections by the North Grey Conservative convention in Owen Sound. Mr. Donaldson is a farmer living near Killbuck, about eight miles from Owen Sound. Mr. C. S. Cameron, the present member of the provincial house, lost the vote of the convention by 129 to 107 in the second ballot.

In moving that the nomination be made unanimous, Mr. Cameron pledged his hearty and active support to the new standard-bearer. The principal speakers were Hon. T. W. McDonald and Mrs. Arthur VanKoughnet of Toronto.

There is to be a Farmer-Labor convention on Saturday, but also the U.F.O. are very desirous of having a candidate of their own, it is doubtful if there will be another candidate nominated.

VICTORY GARDEN PARTY.

Prospect Park Methodist Church held a victory garden party yesterday in the grounds of the church. This church was recently removed from McRobb's avenue to the corner of Caladonia and St. Clair, for the better convenience of the members. Patriotic songs were sung by the children and games were played. Refreshments were served during the afternoon. Rev. W. H. Oke is the pastor.

HYDRO-ELECTRIC SEEKS REFUND

Claims Several Million Lost Due to Power Furnished Munitions.

PUBLIC SHOULD PAY Not Fair That Group of Municipalities Should Bear Burden.

The Hydro-Electric Power Commission of Ontario and the Ontario Power Company have made formal application to the minister of finance at Ottawa to reimburse them for the expenditures made for and on behalf of the municipalities on extensions to supply necessary power for the manufacture of munitions and war materials, as requested and ordered from time to time by the power controller.

The excess cost of the commission, above the cost during normal times, in extensions of transmission systems and equipment made during the war, necessitated by the power requirements of munitions, amounts to approximately \$1,750,000.

The amount of money paid in duty for equipment, etc., necessary to carry on the construction of the commission's power scheme on the Chippawa, development and the extension to the Ontario Power Company, amounts to \$650,000, which it is asked shall be refunded.

Due to Abandonment.

The amount of money that will be lost, due to the abandonment of the extension to the Ontario Power Company, which was required to meet the exigencies of power supply to war munitions, is approximately \$2,500,000.

Notwithstanding the large expenditures necessary for the supply of power to manufacturers of war munitions and materials, the commission and the municipalities continued to supply such customers at standard rates of the municipalities based on long-term contracts, no consideration being given to the temporary nature of the power demand of such service.

For Supplying Munitions.

"The commission, therefore," the request states, "being assured that the Dominion government will recognize the justice and equity of its claim on behalf of the municipalities of the province, formally presents its claims for financial assistance on account of expenditures made solely for war work, believing the government will recognize the fact that the financial burdens of the war should be borne by the people of the Dominion as a whole and not by one province group of municipalities, who, with the interests of the country at heart, did not hesitate in time of stress to place all their resources at the disposal of the government in order that the allied armies in France might be supplied with the munitions of war of which they were in dire need."

The commission also points out that the Niagara district was the only one under the control of the power controller, and that the United States compensated the power companies for additional expenditures consequent upon demands made by the government on the other side for additional power for munition purposes.

The statement sent to the Canadian government has been carefully prepared by the engineers of the Hydro-Electric Power Commission.

DID W. INGLIS RESIGN.

It was loudly whispered round the Labor Temple yesterday that William Inglis, a member of the metal group during the late strike, had resigned his membership of the Employers' Association. When seen yesterday Mr. Inglis was non-committal in his answers to numerous questions put to him. The only reply he has given was, "I will not say that I have resigned and I will not say that I have not resigned." When asked that if he resigned from the metal group would that necessarily mean resignation from the employments in which Mr. Inglis replied, "Not necessarily," and not another word would he say on the subject.

FLOWER MEN FORM NEW ASSOCIATION

Parent Body Decide to Organize Retail Branch—Officers Elected.

The second session of the Canadian Horticultural Association twenty-second annual convention was held yesterday morning in the Prince George Hotel. The major part of the session was taken up with a discussion on the advisability of establishing a separate organization, but at the same time one that would retain its affiliation with the C. H. A. After a lengthy argument it was decided to form such an association at once.

W. W. Gammage of London, Ont., declared such an organization as contemplated would entirely destroy the weight and influence of the parent body.

H. E. Dilleuth of Toronto, declared the idea of the new association was not to get away from the C. H. A., but was a movement in favor of the retailer, and would ultimately be to the advantage of those interested in horticulture. The constitution of the new association provided for that body to have a representative on the board of the C. H. A.

After the decision to organize the new body had been arrived at the following officers were elected: President, G. H. Geraghty, Toronto; vice-president, Victor McAlpine, Sudbury; secretary, Silas McFadden, Toronto; treasurer, Mrs. Percy Waters, Toronto.

During the afternoon, the delegates to the convention became the guests of the Toronto Retail Florists' Club, at their annual picnic at Long Branch. In addition to motor cars to convey the 500 guests and members of the club to Long Branch, two of the largest suburban electric cars were put in commission. Two pavilions had been secured at the picnic grounds, one being used for supper, and the other for dancing. A long list of sports were held; the great feature being a drawing contest. Each visitor was given three numbers, and the lucky numbers drawn entitled the holders to a valuable prize. A most enjoyable day was spent, and it was at a late hour before many of the guests returned to the city.

MOUNT PLEASANT PLANS NOT YET COMPLETED

The plans of the Mount Pleasant car line are still not completed. Alderman Ball appeared before the board of control yesterday and asked Deputy Engineer Powell when the plans would be ready, but the latter said he could not say.

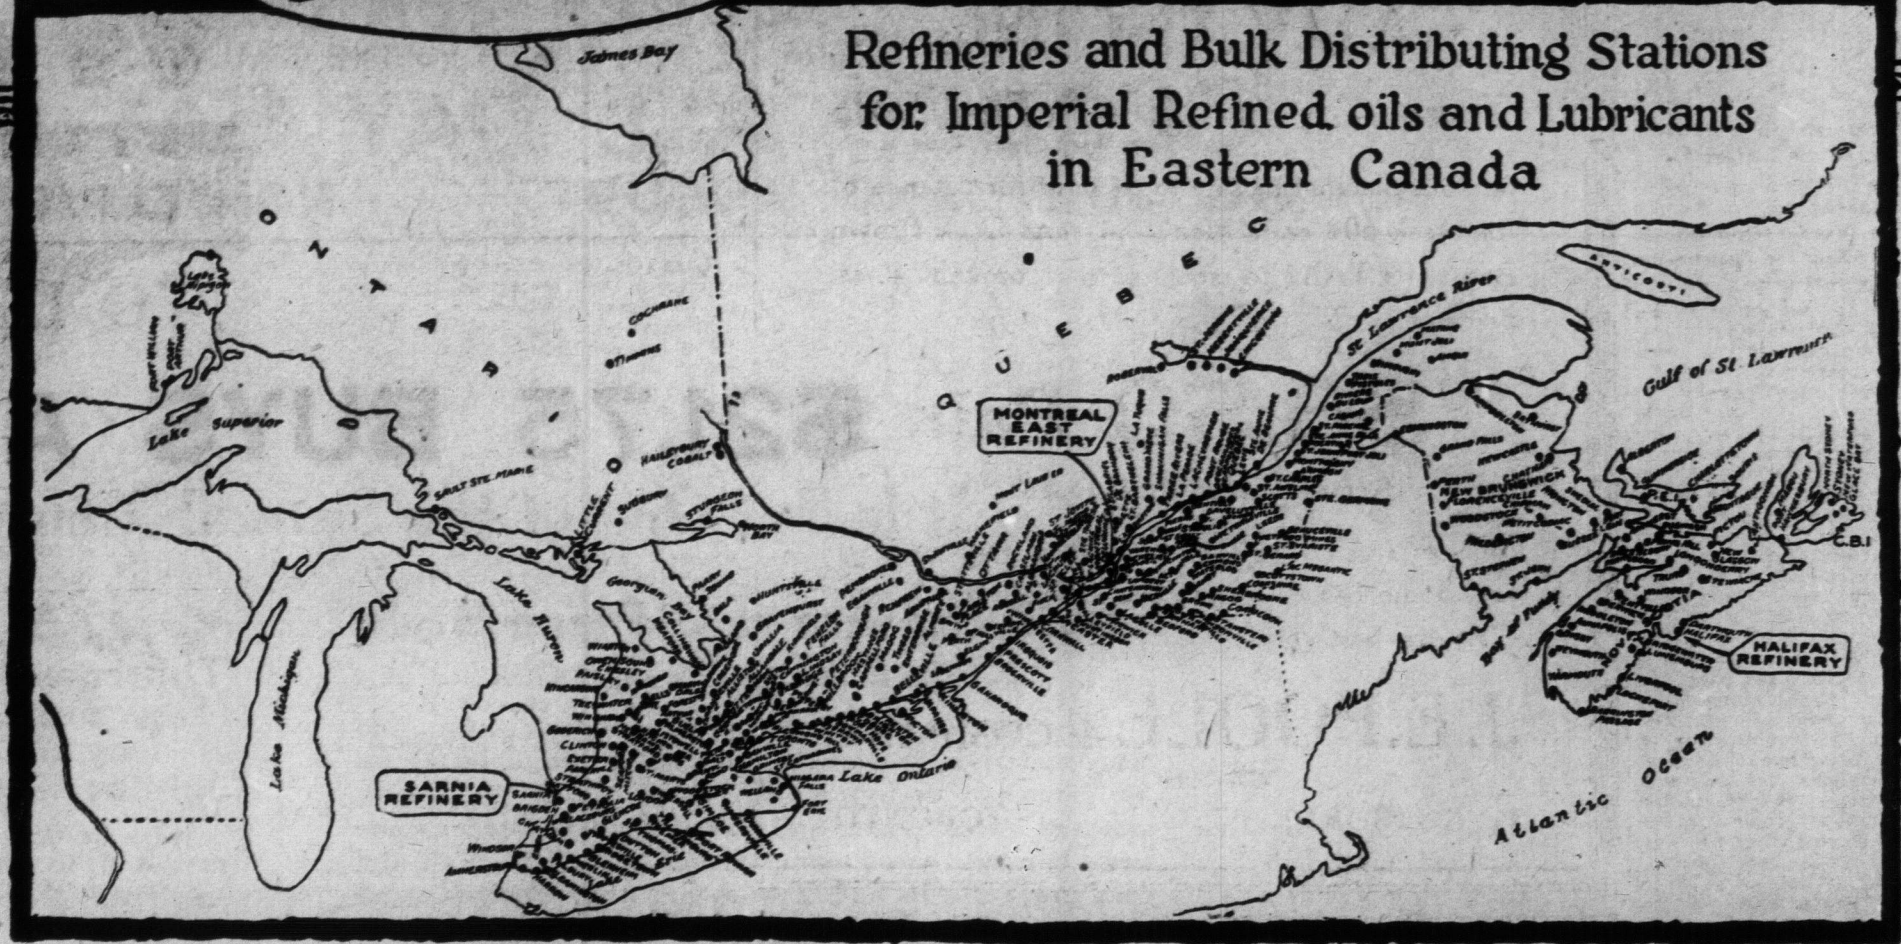

The works commissioner has informed the board that he is working on the plans and directly they are approved by the railway board tenders will be called for.

YORK RANGERS WILL RETAIN ST. PAUL'S

The 12th York Rangers will retain St. Paul's Hall and the 110th (Irish) Regiment St. Lawrence Hall as quarters till June 1, according to decisions by the board of control yesterday. The Dominion government, it was stated, had under consideration the question of new armories, and in order that provision be made in time it was agreed to write intimating the time limit set by the board.

DRUG FIENDS GO TO JAIL.

Two more drug habits appeared in the police court yesterday in the persons of William Carroll and John Cooper. Both men were charged with collapse, and as in former cases, Crown Attorney Corley asked for heavy sentences so that the men might be cured. Both men have already served jail sentences for using the drug, and Cooper had to be sent home from overseas by the army, as he was no use to them on account of his pernicious habit. Both men were sent to the jail farm for eight months.

SEEK SUMMARY HEARING RE SUBURBAN TICKETS

City Solicitor Johnston has been instructed by the mayor to bring on a summary hearing before the board of railway commissioners of the city's adjourned case dealing with the commutation tickets for the suburban area adjacent to Toronto.

"This has been before the railway commission many times, and the consolidated railway act has now passed all stages at Ottawa and become law," says the mayor in his communication. "I will be glad if you can apply for a summary hearing of this application so that Toronto may get the benefit of the cheap tickets as soon as possible."

TWICE SENTENCED.

Annie Markovitch, one of the striking garment workers, who was alleged to have assaulted one of the workers by tearing open her blouse, appeared in the police court yesterday and was fined \$1 and costs or ten days. This was her second offence.

TWO BIG BUILDINGS NOW IN PROGRESS

Ground was broken yesterday for a ten-storey reinforced concrete building for the Northern Aluminum Company on Sterling road off Dundas west. The building, which will be ready in a few months, will be used as a factory and office building. Archibald & Holmes are the general contractors.

Construction has been started on a big machine shop for the Wm. & J. G. Greig Company, near the corner of Church and Esplanade. The building will be of steel and brick and will have a frontage on the Esplanade of 88 feet with a depth of 180 feet. It will eventually be a five-storey structure, but only three storeys will be built now. This concern makes flour mill and other machinery and has been in business in Toronto over forty years.

INSPECTOR GREGORY BACK.

Staff Inspector Gregory returned yesterday from his holidays, which he spent touring the large border cities looking into the various systems in use by the police in handling morality cases and motor traffic. Morality cases, he said, were handled much the same way as in Toronto, but he stated that with the exception of Buffalo the motor bylaws were not as strictly enforced as they might be.

MIGHT CURTAIL COUNCIL HOLIDAYS

Mayor Talks of Holding a Special Meeting Next Wednesday.

A sort of an attempt to break into the city councillors' lengthy holidays was made at the board of control meeting yesterday, but it was not pressed with anything like resolution and nothing materialized. The mayor talked about holding a special meeting of council next Wednesday, and Controller McBride, who didn't seem to like the idea, wanted to know why. Controller Robbins said it would be held to consider various improvements and general matters.

Mention was made of officials and aldermen being on holidays, and the suggestion about meeting next Wednesday was allowed to drop.

Ninety-Six Items.

The board of control sat for close on four and a half hours, tackling an order paper of 96 items. This lengthy list did not imbue controllers with the necessity of being less scrupulous than usual, and at one time it was despaired of getting thru the business. The mayor, after about a third of the order paper had been cleared, proposed that the board adjourn till next day, by which time the others favored going ahead and the remaining 60 or so items were disposed of by 2.15.

FINED UNDER O. T. A.

Michael Small, an Austrian, appeared in the police court yesterday charged with contravening the O. T. A. and he was fined \$300 and costs or three months. The police found a wife case full of the liquor at Small's residence.

Massey-Harris

Harvesting the Corn—Right

No need for anxiety about getting your Corn when it is "right" if you use a Massey-Harris Corn Binder. Its reliability allows you to wait till the Corn is just right for it gets it in quickly and without fear of being late. Cut too early it would affect the grain, and if too late it would lessen the feed value of the stalks, so with the Massey-Harris Corn Binder you get the Corn at its best.

It is easy to handle, and so constructed as to give perfect balance, which makes for an even and light draft, with no neckweight. Strong, the Main Frame being entirely of Steel, in one piece. Powerful, cuts all kinds of Corn with ease. Corn is carried to Knives by Chains with Automatic Conveyor Fingers, which handle it as gently as human hands. No Packers to knock off the ears.

FOR AGAINST LIFE AFTER DEATH Spiritualists and Opponents Fight Battle in Sunday World.

Spiritualism, fostered thru the war until it now is one of the hottest arguments of modern times, is a subject with a world-wide appeal to human nature. Can the dead communicate with the living? might be called the question of the day. Some who went to spirit remained to believe, while others are still skeptical. It is a moot point. Great men have argued pro and con for years and the result of the parturition has been two men long in the public eye—Sir Arthur Conan Doyle and Sir Oliver Lodge. When they take a stand in favor of the question at hand, skeptics are convinced. But with Rupert Hughes and Sinclair Lewis against, scoffers become stubborn in their opinion that there is no such thing as a life after death. Others have taken a neutral stand and say, perhaps. Given the men, the debate was hot. But it speaks for itself. The Toronto Sunday-World is giving its readers a chance to take part themselves in what is perhaps the most interesting argument of the times. In view of the widespread interest, this paper is beginning the publication of an unusual group of what for lack of a better term has come to be called spiritualism. Roughly, they range themselves into three groups: For, against, neutral. Thus the series will be eight articles—will be in effect a debate. The articles will be well illustrated and will be the work of the well known authors, Conan Doyle, Sir Oliver Lodge, James H. Hyslop, Ph.D., L.L.D., for; Rupert Hughes, Sinclair Lewis, against; and Booth Tarkington, Harvey O'Higgins and Ollah Toph, neutral.

The scope of the articles is explained in the following introduction to the first article of the series, which is by Sir Arthur Conan Doyle: "Since the great war the peoples of the world have turned with a quickening interest and an almost insatiable curiosity to the eternal and unsolved problem of the ages—after death, what? "You—all of us—have a deep-rooted and instinctive human longing for light on the subject. Call it an intuition, a mysticism, psychic phenomena, what not, the fact remains that man today as never before is reaching out for all that is in an endeavor to break down the barrier separating this, the finite world, and what we have come to call the world beyond. "Only a few years ago the persons chiefly concerned with such a subject or in any event those conspicuously identified with it in general public knowledge were professional mediums, fortune tellers, clairvoyants, trinketers and stage performers. But that order has changed. Today, some of the world's best intellects are giving serious and scientific consideration to the matter. "Some of them believe that they have found the answer; they are convinced not only that proof of life after death has been scientifically adduced, but of the ability of the departed to communicate with the living. Others remain skeptical, yet wavering towards conversion. Still others are scorers, obturate and unconvinced. "The publication of the first of these articles is scheduled for an early date. The announcement means that what will be perhaps the most exciting problem given publicity thru the press will be featured in the columns of The Sunday-World."

NO DOMINION SHOOT FOR CRACK RIFLEMEN

Colonel Birdwhistle, of the Dominion Rifle Association, has officially intimated to Lieut.-Colonel Huggins, secretary of the Ontario Rifle Association, that the federal government will not hold any Dominion shooting matches in Ottawa this year. He further asks Colonel Huggins to get the association to make an aggregate match of the 200, 500 and 600 yards shooting and call it the Ottawa aggregate. The Ontario executive will make a selection of 30 or 40 of the highest scores and send them to the Dominion Association for use in choosing next year's Blesley team.

BRINGING BACK BODY OF JOHN M. RADCLIFFE

The body of John McCallum Radcliffe, who was drowned whilst on a week's vacation at Bala, is being brought back to Toronto. The deceased man was only 22 years of age. He was the son of the late Laclach Radcliffe of Toronto, and nephew of William Radcliffe, Selkirk Apartments, Sherbourne street. Prior to his enlistment with the Kingston Battery and a half year ago, he was in the mail order department of the T. Eaton Company. He returned from overseas two months ago. No particulars of the drowning have yet been received. He was well known locally, having been in the city for some time.

Lawrence Park Purchasers Dispute Property Assessments

The court of revision yesterday reversed decision in a number of assessment appeals by purchasers of Lawrence Park property. It was claimed that they bought the properties at the auction sale at a price far below the assessment. It was also asserted that the lack of improvements on Yonge street and inadequate facilities, especially for motor cars, would make it impractical for the owners to build.

"Chu Chin Chow"

One of the very few shows not affected by the actors' strike in New York city is "Chu Chin Chow," which opened at the Century Theatre, and was described by the New York critics as bigger and grander than ever. The second costume edition of "Chu Chin Chow" will be the exhibition attraction at the Royal Alexandra Theatre, coming direct from New York to Toronto in its own special train. Seats for all performances will be placed on sale next Tuesday morning at the theatre box office. Mail orders are being received now. PLAYS, PICTURES AND MUSIC

"Nothing But Lies." Never was there a comedy produced in New York that enjoyed a better reputation as a mirth provoker than William Collier's latest and most successful comedy of business life, "Nothing But Lies." This is the comedy which Edward H. Robins and his Players will present all next week, commencing Monday evening, as the farewell performance of the present Robins season at the Royal Alexandra. "Nothing But Lies" is the sequel to that other William Collier comedy, "Nothing But Truth," and like its predecessor, is a well-told story surrounding the lives of certain well-to-do business men. Seats are on sale today at the theatre box office for all performances of "Nothing But Lies," and the matinee will be as usual, Wednesday and Saturday. The Wednesday matinee will be the last popular Robins matinee of the season.

People Still Want "Mickey." Mickey has taken the city by storm. There still continues a demand for the latest capacity houses at the Allen Theatre at every performance, and notwithstanding the fact that it is now completing the eleventh week, a further extension of the engagement has been found necessary. Commencing with a matinee on Monday, this remarkable picture will enter upon its twelfth week, and will have played to nearly 300,000 people. The engagement can be classed as one of the few big events in the history of the theatre for the year, for in only a few cities of the United States can such a record be equalled. The engagement speaks volumes for the merit of the offering, and to say that it has not been a success is to acknowledge missing the best photoplay of the times. During the stay of "Mickey" at the Grand, a matinee will be given every day.

The Bill at Shea's. A bill in which novelty and comedy prevail has been arranged for Shea's Theatre next week, headed by "The Girlie Club," a musical tableau with a cast of twenty singing and dancing girls. The special feature of the bill will be Emerson and Baldwin in their laugh-provoking sketch, "So This is Paris." The pair juggle everything that is possible to juggle. Flirts, Milership and the Grand are well featured here and their offering, "A Musical Comedy Review," can be depended upon to provide high class entertainment. "Choosing a Wife" and "The South of Today," have an amusing character conglomeration. An artistic treat is an impressive posing act, while Pinley and Hill have a bright vaudeville novelty. Chic and Chiclets in "A Bit of Fun on Wheels," and a Harold Lloyd comedy complete the bill.

At the Hippodrome. Pretty Peggy Hyland, the versatile William Fox star, will head the bill at the Hippodrome in the new comedy-dramatic production, "Miss Adventure." It tells the story of the peculiar and thrilling development of a maiden bound for San Francisco. The boat on which she is crossing the ocean is seized by mutineers, she is mailed in a cask, rescued by smugglers, adopted by a sea captain, marooned on an island and finally when her true identity is learned, she falls into a vast fortune. The action is fast and the interest is cumulative. A number of high class vaudeville acts have been chosen to surround the picture, while a Harold Lloyd comedy and a "Lucky 13" Sunshine comedy are among the laugh-provoking features of an excellent bill.

At Loew's Next Week. Charles Ray has a unique art of making his admirers laugh at the awkward ways of the country youth and at the same time winning sympathy for the boy who is made the butt of jokes by his thoughtless associates. No story in which he has ever appeared affords greater opportunity to the development of this characteristic than "Hay Foot, Straw Foot," which will be shown at Loew's Theatre at the Madison Theatre today and for the balance of this week in "The Petal on the Current," a photoplay featuring the famous Regent Park beautiful Mary MacLaren achieves a striking success in this strongly dramatic vehicle.

Judge R. D. Gunn Chosen As Niagara Conciliator

Fred Bancroft and W. H. Moore, representing the men employed by the Toronto Electric Power Company of Niagara Falls, and the company itself, yesterday agreed upon Judge R. D. Gunn, of Ottawa, as chairman of the board of conciliation to arbitrate the wage and other demands of the employees.

Miss Nellie Hill and Miss Grace Garde left for Caesarea, Lake Scugog, last week, where they will spend the rest of the summer. Their little niece, Nona Romilly, accompanied them.

MILES—MEASURES

A very pretty house wedding was solemnized at the home of Mr. and Mrs. Richard Almond, 568 Palmerston street, Toronto, on Saturday, when Ralph Leonard Miles and Mildred Elsie Measures were united in holy wedlock. The Rev. Thomas Green, M.A., D.D., of Dunnville, Ontario, officiated. The bride was attended by Miss Helen Clarke and also by her sister, Miss Mabel Measures. Ernest Miles, brother of the groom, acted as best man, and Master Harold Measures, brother of the bride, made a handsome page. The bride was married in her traveling suit of blue serge and carried a bouquet of pink carnations. Her bridesmaid wore a pretty dress of moss green silk, and Miss Mabel Measures was attired in grey silk crepe de chine dress trimmed with pink satin. The happy couple left on a two weeks' honeymoon to Detroit and other points, after which they will reside at 183 Loughton avenue, Toronto.

POLICE UNINSTRUCTED RE PRINCE'S VISIT

Arrangements for the coming visit of the Prince of Wales are going merrily along from the government seat in the parliament buildings, but so far the matter of officially notifying the police departments of the share that body is to have in the festivities has been overlooked.

On former occasions when persons of that nature visited this city it has been customary for the police to be notified, but in this instance not only has the chief not been approached on that score, but he has not been given any instructions as to the extra patrolling of the streets or anything pertaining to the constabulary.

In speaking on the subject Deputy Chief Dickson said: "I know nothing officially of the coming visit of the prince. All that I do know I have read in the newspapers."

Col. Alexander Fraser has evidently forgotten one of the essentials. However, there are still twelve days' leeway.

PIONEER RESIDENT CALLED BY DEATH

James Gordon, a native of Leeds, Yorkshire, who has lived continuously in Toronto for 65 years, died yesterday at his home, 42 Belmont street, at the ripe age of 87 years. In the old days of volunteer firemen, Mr. Gordon was a captain of the Yonge street firehall. By trade the late Mr. Gordon was a whitesmith, and for many years past has been employed by the T. G. Wright Company. An example of his craftsmanship is left for all time in the iron railing of Queen's Park. Surviving Mr. Gordon are his widow, four daughters, Mrs. Albert Britnell, Mrs. F. W. Appleton, Mrs. Charles Tyler, and Miss Annie Gordon, and a son Robert Gordon.

WILLS AND BEQUESTS

According to the will of the late George Morris Reynolds, a varnish manufacturer who died in Toronto last July, his widow, Mrs. Rachael D. Reynolds, 122 Geoffrey street, has been named sole beneficiary, and executor. The deceased gentleman left \$1,553 in the bank, \$2,257 in book debts, a motor valued at \$800, stock in trade \$1,900 and an equity of \$3,400 in 122 Geoffrey street. Miss Mary Mahoney who died on July 4, left no will, but she possessed \$750 in cash, and the property at 217 Parliament street, valued at \$5,000. The heirs are the deceased's sister, Mrs. Ellen Phillip of Toronto, her brothers Thomas, John and William, a niece, five nephews and two grand nieces. Two other wills filed for probate are those of John Palmer who left \$3,705, and Alfred W. Kurtz who died worth \$2,200.

PRICE OF HIDES GETTING LOWER?

Tanner Affirms Ten Per Cent. Decrease, While Other Experts Deride Notion. NO SHOE INCREASE. No Likelihood of Further Advance Before Next Spring.

A prominent tanner wrote the following statement for The World: "I have now been in the daily press stating that the embargo recently placed on hides and leather by the Canadian government has had the effect of reducing prices. The facts of the case are that prices of hides were soaring all over the world, and reaching unprecedented heights. Such prices were bound to stop somewhere, and they did within the last ten days or two weeks. These top quotations only lasted for a short time and were not obtained. Hides are now being offered at from 5 per cent. to 10 per cent. lower than was previously asked, but even at normal figures they are abnormally high and not attractive to tanners. Leather only partially responded to the rise in price of hides, and also selling at high prices, has not yet been sold at prices equal to within 10 per cent. or 15 per cent. of its cost, made out of today's asking prices, which are previously stated, are now from 5 per cent. to 10 per cent. lower than last week's quotations."

A front street leather dealer said: "The government's embargo has had no effect whatever, and that stuff which is in the paper this morning about prices of hides and leather dropping was absolute nonsense. We do a large export business and are still doing it, and I see no prospect of an early cut in the price of leather. We are selling leather now lower than we can replace it at the present price of leather. We are not buying any hides just now, but I have not heard of any cut in the price of hides either."

A representative of Wickert & Craig, tanners, said: "There is no cut in the price of leather. We are not buying any hides just now, but I have not heard of any cut in the price of hides either."

The World obtained the following statement from the Hare abattoir: "The market for hides has not dropped as yet. The talk in the newspapers may have had some influence on country prices, but where buying among the farmers and butchers was Government's action as an argument for lower prices, but there is no change in the prices of packers' hides. Light hides are selling now from 60c to 65c and heavies from 52c to 53c a pound."

No Increase for Shoes. Shoe manufacturers when interviewed yesterday said there were no substantial grounds for the forecast that shoes would be selling around \$15 and \$20 before Christmas. There were really no reasons why prices should be any higher than they are now, the next month for spring trade. One manufacturer referred to the statement of Anthony H. Geuting, president of the National Shoe Dealers Association, in Philadelphia, that the probable price of shoes this fall would be from \$8 to \$11. Mr. Geuting said that retailers had their fall stocks all in now and had them in before the recent advance in the leather market. If the retailers take only a normal profit, say the manufacturers, there should be no advance over present prices before next spring.

TAX REMISSION HELD OVER. The board of control yesterday laid out for one week an application by the Canadian National Institute for the Blind for remission of their taxes, amounting to \$1,120.

At the hospital last night it was reported that Mr. Robinson's condition was serious.

NO GRANTS GIVEN FOR DECORATIONS

Prince Will Have to Be Content With Householders' Bunting. IRREDUCIBLE MINIMUM. Citizens' Committee Says \$25,000 Least Possible for Suitable Reception.

The board of control has rejected the recommendation of a special committee of citizens to spend \$25,000 for decorative purposes on the occasion of the visit of the Prince of Wales. The matter came before the board yesterday and after a proposal by the mayor that \$50,000 be allocated obtained no support, the recommendation that half that amount be utilized was turned down by three to two.

Controlled by Mayor, Cameron and Robbin against Mayor Church and Controller Maguire. The suggestions of Government House that the city decorate the north Glen Road bridge and erect a triumphal arch on Douglas drive met a like reception.

When the city's proposed share of decoration came up the mayor declared he was favorable to spending \$50,000 or more. This would be in keeping with Toronto's reputation as "the chief imperial city in the overseas dominions" and as "the most joyous city in the empire."

Day's Routine. The order which is signed by Dr. R. E. Johnston, medical superintendent, and dated August 12, is as follows: Parades, 9 a.m.—Parade of all patients, 9 p.m.—Patients will have their ward clean and in order, floors swept, lockers neat and will stand at the foot of their beds.

Parades, 9 a.m.—Parade of all patients, 9 p.m.—Patients will have their ward clean and in order, floors swept, lockers neat and will stand at the foot of their beds.

It is the last clause in the order which has caused such keen dissatisfaction among the men, and which led them to appeal to the G.W.V.A. to have the banner, "Business as Usual," and an old trick of the officials to run the hospital on the "cheap," said one of the patients.

Others were loud in their complaints against the discipline insisted on and which they say is carried to ridiculous extremes. As most of the patients in Spadina are discharged from service and have doffed the khaki for civilian clothes, they are dubious as to whether the hazards on the course are to be labelled pension board, S. WITH THE GREAT WAR VETERANS

Items of Interest to Returned Soldiers Will Be Printed in This Column if Phoned or Sent In. G.W.V.A. INSPECTS SPADINA HOSPITAL. SECRETARY MISSING; WARRANT ISSUED.

Patients Bitterly Complain of Fuss, Frills, Discipline and Overwork. Riverdale G.W.V.A. Official Gone Three Months, Also \$1000.

F. P. Stratton, former secretary of the Riverdale Branch, G. W. V. A., has been missing for the past three months, and it is stated that there is a shortage in the funds of the branch of about \$1000, according to the statement of the officials of the G. W. V. A.

A warrant for his arrest has been taken out, and the police are conducting a systematic search for the late secretary. The branch will not lose the money, owing to his having been bound with one of the local bonding companies, who it is presumed—have taken out the warrant.

Stratton served overseas with the 2nd Division, and was in the non-commissioned ranks. According to the statement of an acquaintance of the late secretary, he resigned his position with the G.W.V.A. to start in the automobile repair business in the east end, with his son, and had bills and stationery printed announcing the fact that the firm would shortly open for business.

"VETS" RECEPTION TO THE PRINCE. Headquarters Issues Details of Program for Big Affair.

Military headquarters has issued the following: "The naval, military and flying corps veterans parade to greet H. R. H. the Prince of Wales will take place on Wednesday afternoon, 27th of August, at the grand stand, Exhibition grounds, at 3 p.m. sharp. Tickets will be available for young men and ladies, and are not transferable. The space in front of the grand stand will be divided into six portions, as follows: Naval and flying, 1st, 2nd, 3rd and 4th Divisions, and one for all other troops including railway, forestry, engineers and corps troops, and you are requested to proceed to the division with which you served, and be in place at 2 p.m. sharp. The stand will be reserved for ladies."

"The general idea of the program is as follows: Bugle sounding one 'V' will be the signal for the entry of H. R. H. the Prince of Wales at the west gate, and H. R. H. should be greeted with spontaneous and hearty cheering right along the line and he takes his position, when the guard will present arms and the band play the national anthem. After the formalities are over and as the prince proceeds to depart the general officer commanding will call for three cheers, which every one will heartily participate in.

Communication has been established with a great many men, but if you should happen upon any who have not received tickets they will be supplied by applying to Captain R. A. Donald, 149 College street, who has charge of these arrangements.

"A special enclosure will be reserved for hospital cases and those receiving decorations, with their dependents. "Your attention is drawn to the establishment of the Beaver restaurant, which will be carried on under the auspices of the grand stand, for the whole period of the Exhibition, and meals may be arranged for here with perfect comfort.

"On Saturday, August 30, Major General Currie will be the guest of honor of the Exhibition directors. All ranks will watch the daily papers for details of the proposed reception by the veterans to the Canadian corps commander on that date."

CHALLENGE TO VETERANS. Comrade Hammond of the Silverthorn G. W. V. A., issues a challenge to any war veteran in the city of Fairbank, Silverthorn and Mt. Dennis in a 120 yards running handicap to a 25 a side. If more than one acceptance, winner takes all; must be returned soldiers.

SIMPSON AWAITS ISSUE OF WRITS. A story was in circulation in labor circles all day yesterday that the writ for slander, etc., which it is said, Arthur O'Leary and W. J. Hevey are issuing against James Simpson in connection with certain charges he made against them at the last meeting of the Labor Trades Council had been issued and served during the day. Up to a late hour last night Mr. Simpson had not been served with the writ and as he said to The World, "I am still waiting."

TORONTO IGNORED IN ROYAL VISIT Arrangements Upset Procedure of Hundred Years, Says Mayor. AT CITY HALL Address Should Be Made in Municipal, Not in Parliament Building.

The deep-seated conviction that the city of Toronto has been ignored by the royal visit still exists and today representations will be made on behalf of the city to the provincial government control to the provincial government. This was decided on following a telegram from Sir Robert Borden that an alteration be made whereby the civic address to the Prince of Wales will be made at the city hall and not at the parliament buildings.

When the matter was discussed by the board of control, Controller Maguire remarked that those who had made the arrangements did not seem to understand the object of the visit of the prince. "It is to meet the common people, not a select few."

The following telegram was received by the mayor from Sir Robert Borden in reply to a communication from his worship. "Telegram received, Sir Joseph Pope has left for St. John. Colonel Henderson states that he has already replied intimating that any alteration in arrangements proposed at Toronto should be made thru the lieutenant-governor, and that any change now would alter entire program and in addition would be departure from procedure followed at all other provincial capitals. R. L. Borden."

Contrary to Precedent. Commenting on the telegram, Mayor Church pointed out that the city of Toronto's official part in the program for the reception simply consisted of the presentation of a short address of four paragraphs at

the parliament buildings instead of at the city hall. "This is the only part the city will officially take in the whole program and is contrary to the reception of his Royal Highness's grandfather and father," declared the mayor.

It was decided by the board to make representations to the provincial authorities and the lieutenant-governor to have an alteration made to have the civic address presented at the city hall.

DRIVER EXONERATED FOR CHILD'S DEATH. Blanche Lenahan Ran From Behind Street Car Into Auto. A verdict of accidental death was returned by the jury at the morgue last night on an inquest on Blanche Lenahan, eight years old, 43 Church street, Weston, who died following being knocked down by an automobile at the corner of Main and Church streets, Weston, on Sunday the 3rd inst. The evidence went to show that the girl ran from the sidewalk in front of the automobile, which the driver swore was only going at eight or ten miles an hour.

Thomas Chapman, farmer, of Weston, deposed to seeing the girl dash across the road behind a street car. The next he saw of her was when she was lying on the ground behind an automobile. The driver of the latter got out and picked her up. Joe Chapman, laborer, Weston, said he tried to stop the girl leaving the sidewalk but failed. The automobile that struck her was under a slow rate and the driver pulled up within a few feet.

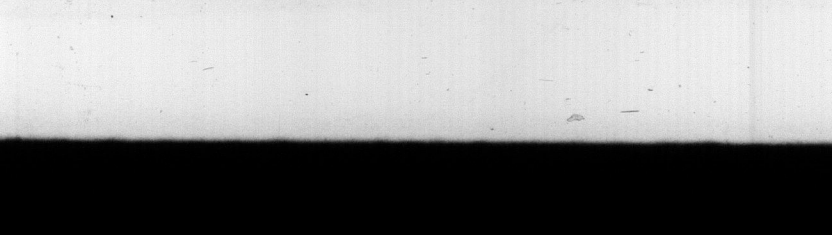

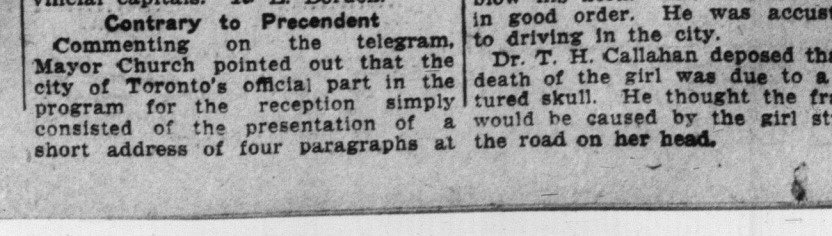

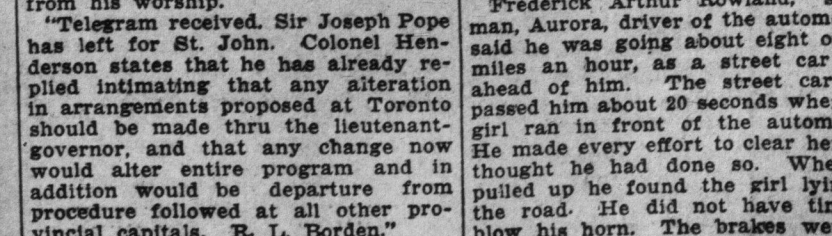

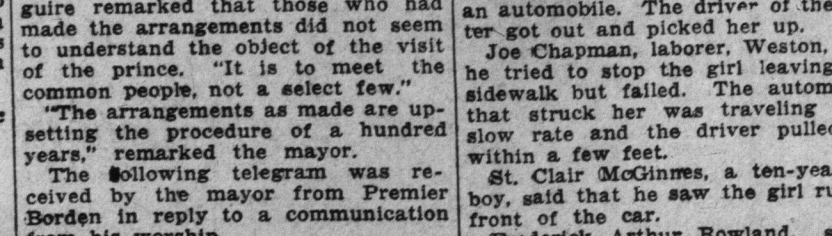

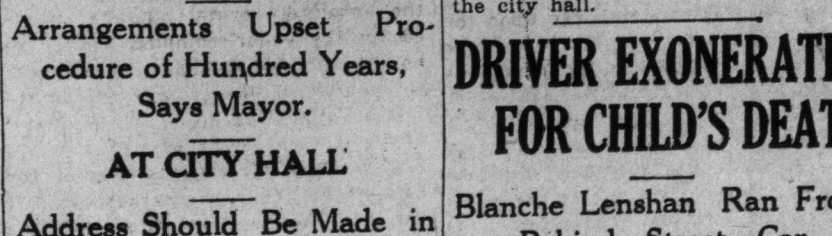

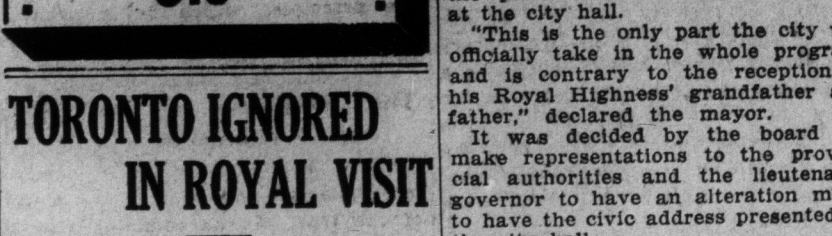

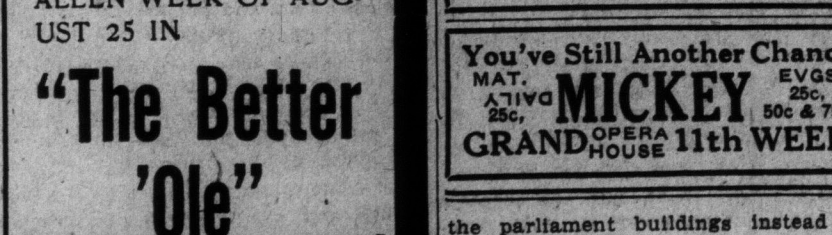

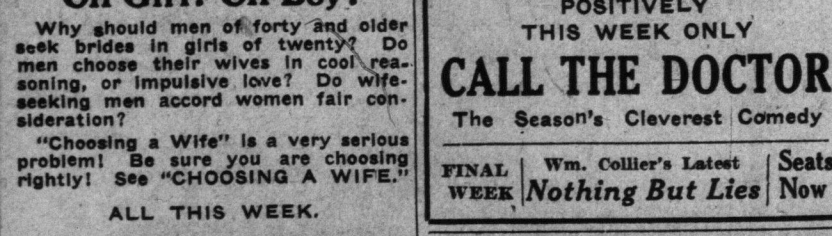

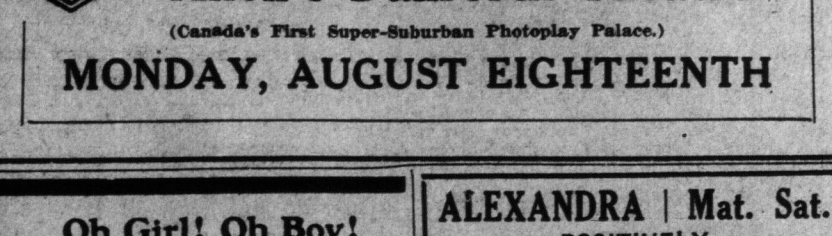

St. Clair McGinnis, a ten-year-old boy, said that he saw the girl run in front of the car. Frederick Arthur Rowland, salesman, Aurora, driver of the automobile, said he was going about eight or ten miles an hour as a street car had passed him about 20 seconds when the girl ran in front of the automobile. He made every effort to clear her and thought he had done so. When he pulled up he found the girl lying in the road. He did not have time to blow his horn. The brakes were all in good order. He was accustomed to driving in the city.

Dr. T. H. Callahan deposed that the death of the girl was due to a fractured skull. He thought the fracture would be caused by the girl striking the road on her head.

IDA ON THE GIBSON TRAIL

BY IDA L. WEBSTER. The Hymn Book says: "God moves in most mysterious ways his wonders to perform."

The Hymn Book says: "God moves in most mysterious ways his wonders to perform." The very same thing might be said about Mooney Gibson, because who is there in the entire game of baseball at the present moment who does more unusual things than he?

Certainly Gibson's idea of handling a ball club has not been a huge success to date, and it does seem that at this late day he might try methods used by his more fortunate predecessors.

Anderson plays well enough for this circuit, but he is used but seldom. Then when he does get a chance to go in and make a name for himself he is bench cold.

And now the mob is down to the point where they can be smashed around just whenever their opponents feel inclined to apply the stick.

GEORGE W. CREWSON LEADS ALL SALES CLUB MEMBERS TODAY

George W. Crewson of the third district, who is leading all members of the Salesmanship Club with 292,600 credits, according to the published list today, is one of the live wires, and has made a very creditable showing ever since he entered the race. He is a first-class wireless officer, at present being employed as assistant manager of the Dominion School of Ralloading and Wireless Telegraphy.

The second highest member, according to today's list, is H. C. Platten of St. Catharines, district ten, with 292,000 credits. Mr. Platten is a steady producer, and judging from his showing thus far, will be a top-notch at the close of the campaign.

Stratford Member Third.

J. A. Pearson of Stratford, district thirteen, has 291,000 credits this morning, and stands third highest in the list.

The fourth highest member is A. L. Reid of Amaranth, district fourteen, with 290,000 credits.

Howard M. Dawson of district one, city of Toronto, is the fifth highest member, having 289,500 credits.

This has been a very busy day for new entries, and nearly all of the new ones are showing remarkable speed. G. A. C. McAlpine of Woodstock entered in district eleven yesterday, and has 289,000 credits for the first day's work.

Surprises in Store.

That there will be some big surprises in the list of standings between now and next Wednesday, when "Double 'Em Up" offer ends, is a foregone conclusion. Every member is working hard while so many extra credits are given. Many are so busy that they have not taken time to report any subscriptions lately, but judging from the requests for more receipt books by letter and by telephone, there are going to be some record-breaking reports made one of these days.

The end of the race is nearly here, and it is not long now until the winners of the \$5000 home, the four automobiles and other awards will be decided. The work done between now and next Wednesday night will go a long way towards deciding who the biggest winners will be. The results between now and August 20 will also decide the winners of the six extra cash awards.

Six Extra Awards.

The three members in the city who make the best showings during "Double 'Em Up" period will be given \$200, \$100, and \$50, according to their standing.

The three out-of-the-city members who make the best showing during the same time will be given extra cash awards of the same size.

It is the last chance to win two prizes on the same subscription, and it is positively guaranteed that the offer of extra credits in effect the last week of the race will be of less value than the "Double 'Em Up" offer.

WORLD RECORD SMASHED

Texas Oil Paying Millions in Dividends to Investors Gusher Wells Scattering Fortunes to Lucky Thousands

Texas Oil continues smashing world's production record. Eastern capitalists flocking to the oil fields by the hundreds. Even staid old Standard Oil is raising one hundred millions for larger operations. World-wide boom is barely started. Oil men predict years of unparalleled prosperity.

Oil won the war against Prussianism, and it is daily winning the victory for commerce and progress. Oil is the most essential single product known to civilization—the vital life force of industry—the greatest fortune builder of the age. **OIL HAS BEEN AND IS TO-DAY PRACTICALLY THE ONLY BUSINESS IN EXISTENCE THAT OFFERS A POSSIBLE FORTUNE ON A FEW HUNDRED INVESTED.** No period in the history of the industry has ever offered greater promise for the participation of the small investor. Get in now if you wish to share in the wonderful profits of this fortune-building business.

Texas Fortune Makers—80% Oil Wells

\$200,000,000 invested in Texas Oil has already returned \$150,000,000 profit, or 75% on every dollar invested. 85 different companies have paid an average of nearly 200% dividends; practically all new small companies organized within the past twelve months. Burk-Wagoner paid \$3,000 for every \$100. Fowler Farm paid \$15,000 for every \$100. Texas Pacific is worth \$5,000 for \$100. Many other companies are quoted at \$2,000 to \$10,000 for \$100 invested. The fabulous profits per well and the high percentage of successful wells combine to make undreamed riches. 127 wells drilled with only four dry holes.

TEXAS OIL AND CANADIAN LAWS FOR PROFIT WITH PROTECTION

CANADA PETROLEUM & REFINING CORPORATION, Limited TO DRILL IN GUSHER FIELDS OF TEXAS

Canada Petroleum has acquired several unusually promising properties in Texas and Oklahoma within the past few weeks, and negotiations are now going forward to complete the purchase of a property in the heart of the famous gusher field of Desdemona. This is to-day the greatest field of Texas. Wells are coming in daily flowing thousands of barrels of liquid gold. Leases are running into thousands of dollars an acre in Sure Shot Oil property. Canada Petroleum will drill only in Sure Shot territory, where the chances for a gusher are 95 to 100.

Mr. John McLeod, director and general field manager, is now completing the leasing of several thousand acres in the Canadian fields, and expects to leave for Texas within the next ten days to contract for our No. 1 Texas well.

Buy Into Canada Petroleum for Safety and Profit

Don't overlook this opportunity to share in the wonderful profits of the oil industry. Remember Canada Petroleum and Refining Corporation is an all-Canadian organization, chartered under the Ontario Companies' Act, managed and directed by responsible business men of Toronto, and operating under the jurisdiction and protection of Canadian laws.

Canada Petroleum is a sound, substantial oil corporation owning thousands of acres of valuable Canadian leases and a number of oil wells in the Ontario fields in addition to its Texas holdings, and we do not hesitate to assert that the Canada Petroleum and Refining Corporation offers a very unusual assurance of safety as well as profit.

Avail yourself now—to-day—of this opportunity to participate in the oil wealth that is enriching thousands. Wise investors know that now is the time—the one and only time to buy oil securities to the limit. **A FEW HUNDRED DOLLARS INVESTED IN THE RIGHT OIL STOCK HAS ON MANY OCCASIONS MADE A FORTUNE FOR THE INVESTOR.** We recommend Canada Petroleum as that kind of investment.
