## GRAND TRUNK HAS TO PROTECT CROSSING

### Coroner's Jury at Grimsby Condemns the Railway's Negligence and Appeals for Action by Commission.

GRIMSBY, Jan. 20.—(Special).—A verdict strongly censuring the Grand Trunk for not giving proper protection to the crossing and recommending the railway commission to take necessary steps to safeguard it was brought in at 6:45 p.m. to-day by the coroner's jury in the inquiry into the tragedy early last Saturday morning, whereby five persons lost their lives. The jury were out one hour and 15 minutes. J. H. Campbell of the firm of C. A. Lancaster, M.P., represented the crown, while Solicitor Pope and James Nixon, district passenger agent, appeared for the railway. The town hall was crowded.

The verdict was as follows: "That the said William Wilson, Ida Wilson, George Teeter, Jennie Gertrude Teeter and Gordon Nelson came to their deaths from being struck by a Grand Trunk express on the crossing at 2:55 a.m. Saturday, Jan. 16, 1909.

"We exonerate the train crew from any responsibility. "We censure the Grand Trunk Railway for removing the night watchman from the said crossing at only a single track, culpable negligence in view of the past accident, together with the former jury's verdict in not protecting the said crossing with a watchman and gate and thus preventing recent accident.

"We also consider it an extremely dangerous crossing and recommend the railway commission to take steps at once to have the said crossing properly protected."

After Dr. James S. Morrison had given testimony as to the injuries to the victims every one of whom had been struck on the head, Samuel A. Bonham, night operator at the station, swore that express trains sometimes passed at 45 miles an hour. His duties were to set the semaphore after trains had passed. The express which caused the tragedy might have been traveling faster than 45 miles an hour.

"There was no watchman or protection at the crossing. There were 10 empty cars in the yard which might have materially obstructed the view of an oncoming train. The night was very little cloudy, but not very dark, and there was little wind.

Section Foreman Terryberry, testifying to Mr. Pope, said the sleighing party had to pass Elizabeth-street, where there is a subway to get to the crossing, which is the charter of Grimsby. He had never seen the view wholly obstructed by cars.

## HOUSE S OPENED

### PREMIER EXPRESSES HIS REGRET THAT THE ENGLISH SYSTEM OF PERMANENT SPEAKER IS NOT IN VOGUE HERE.

OTTAWA, Jan. 20.—(Special).—Chas. Marcell, M.P. for Bonaventure, was elected speaker of the eleventh parliament of Canada which opened this afternoon. There was no other business. To-morrow the commons will be summoned to the senate chamber to listen to the announcement of the sessional program.

Mr. Marcell was deputy speaker of the last parliament and custom decreed he should have a step up. There was practically a full house when the clerk asked the members to choose a presiding officer. Hon. W. S. Fielding is in Paris. Sir Frederick Borden is on the ocean. Mackenzie King is in China, and Dr. Spruille Braden has not arrived from Markdale, where he is having a stock sale. These were practical objections to the British mode of electing a speaker. Hon. A. B. Acheson has no seat. Hon. A. B. Acheson, worth, while he left for Washington, first signed the roll.

When Sir Wilfrid Laurier made his entry after the commons had arrived from the senate chamber, the Liberal benches broke into loud applause and the galleries, which were not filled, looked down in admiration.

Of the importance of the speaker's position, said Sir Wilfrid, it was superfluous to say a single word, but in the case of the member selected for the chair, to the qualities that might be expected of him—wisdom, dignity, fairness and impartiality, there was an additional recommendation if he had also the experience of the same or similar duty. In the British mode, the mother of parliaments—there was an unwritten law that decreed that once a speaker always a speaker. This was calculated to produce the high measure of efficiency that characterized the holder of the office.

Discussed Years. Sir Wilfrid regretted that we had not developed a similar rule. In the early part of his political career, when he was leader of the opposition, he had made the suggestion to Sir John Macdonald, and in the British mode, he had discussed it with the then speaker, who had replied that while the honor was great, the sacrifice was greater, and unless there was a change in the methods of proceeding, it would be impossible to elect the English speaker. The British mode of electing a speaker on equal terms with judicial positions, with a salary of \$5000 a year, of course, was a great improvement. It was not in accordance with our traditions to re-elect a speaker for a second term. But the speaker, who had discharged his duties with grace, dignity, fairness and marked ability, Sir Wilfrid hoped Mr. Marcell would keep the scales of justice without fear or favor.

Mr. Borden's Sentiments. R. L. Borden said the prime minister had described very truly and forcefully the position of speaker and was inclined to share the regret that all the traditions surrounding the office of speaker in the British House of Commons had not been copied here. Mr. Borden recollected being in England in 1895, when there was a great deal of discussion as to whether or not William Gully should be re-elected speaker, but in the end he was re-elected without opposition.

In this country conditions were somewhat different and possibly it was not regarded as practicable to carry out the condition obtaining in the British house, but he thought that in other respects, such as the dignity and importance of the office, we had not been behind. He agreed with the prime minister that the office must be judicial.

## PREB. CHURCHES

### HAD GOOD YEAR

There was not a discouraging note in any of the reports presented at the many annual meetings of local Presbyterian churches held last evening. Especially were the increased offerings to missions to be noted. St. James-square Church, for instance, raised over \$15,000 for that purpose.

Fern-avenue congregation will have a new \$40,000 church; St. F. Dale has presented a \$7000 site to St. Mark's Church for a new edifice; West Church will move to College-street and Wychwood congregation want a new building.

Rev. Mr. Pasken of St. Paul's was voted an increase in salary of \$200; Rev. Mr. Stephen of Avenue-road Church was given an increase, and so were Rev. Mr. Black of Key Beach and Rev. Mr. Back of Eglinton. Rev. M. B. Davidson was appointed assistant at Westminster Church.

Substantially all the churches reported an increase in offerings. Knox congregation appointed a committee to consider the Southside Church and the Duchess-street Mission.

Bond-street Congregational Church voted an increase in the salary of Rev. Byron Stauffer.

Knox. The 79th meeting of Knox Church was notable for the excellent financial statement presented, the best in the history of the church, showing receipts of \$18,361.74; Sunday collections, \$481.40; ground rentals, \$896.45; church organizations, \$238.70, and a balance of \$13 from last year. The expenditure was \$16,537.21. A substantial increase in the membership of the church was reported. New communicants being received, with a net gain of 55 and a total of 321.

The following officers were elected: Deacons: J. A. E. W. Davidson, Dr. Alexander Davidson, C. W. Thompson, J. K. Niven, J. A. Humphrey, Albert Mass, A. Harris, W. Dalley, Albert Mass, A. Harris, J. A. E. W. Davidson, R. Duncan, A. Anderson, D. Collic and P. F. Paton; trustees, C. W. Thompson, A. Davidson, J. A. E. W. Davidson, J. K. Niven and J. McClelland.

One hundred and ten years of age and arrested for non-support of his wife is the strange plight of William H. Morgan, an old slavery days negro, who is locked up in the Court-street Station.

He says he was born in slavery and has been sold on the block like a horse three times. He was first sold at the age of 20 years for \$2000, when he was to use his own phrase, "a good-looking nigger." Eighteen years later, having been once sold in the meanwhile, he was disposed of for \$1000.

Mr. Kearney said that the system of underground roads as carried out in London, was a very bad one. It cost the city at the rate of \$1,000,000 a mile. The London underground railway cost \$3,000,000 per mile to build.

Curling Tankard Primaries: Hockey Guelph 6, Toronto 4: HOCKEY RESULTS: BOWLING SCORES

NOTE AND COMMENT: "Good morning, Willie..."

Scarboro Leafs Beat Queen Citys On Soft Ice in Tankard Primary

Granite v. Toronto and Lindsay v. Scarboro Remain in Group No. 1.

Tankard primary play in the Toronto groups began yesterday morning on keen ice, but late in the afternoon it reminded the old timers of the days they used to call on the games regardless of the probabilities.

In group 1 two games were decided in the morning on Queen City ice, Newmarket defeating Prospect Park, the winners being up in both rinks, Granite bowled over Toronto University because Tom Wilson pulled Tom Rennie out of a little hole.

St. Paul's defeated Prospect Park, the winners being up in both rinks, Granite bowled over Toronto University because Tom Wilson pulled Tom Rennie out of a little hole.

In the afternoon in the first round, Skip Rennie returned the compliment, pulling up his partner with a big majority of 3, over Toronto University, because Tom Wilson pulled Tom Rennie out of a little hole.

Over at the Victoria Rink the Lindsay champions tankard holders made their bow in the afternoon, both rinks displaying their class and defeating Lakeview.

The old Scarboro club bowled out Milton, due to Crawford's long margin over Dick Hemstreet, was up on Brown.

This leaves Granite v. Toronto and Lindsay v. Scarboro for the semi-final this morning.

In group five Rev. Lr. Burns, the sporting parson, took Brampton through the first round at Prospect Park by his long margin over T. Cannon, an ex-Mayor Tom Thauhauser finished 5 behind Coulter of Lakeview.

At the Granite, Queen City curled to form and Aberdeen were 29 down, with the returns all in, while the Scarboro Leafs had a margin of four on Boboeyan.

The soft ice just suited the Scarboro curlers and Alex. McCowan, M.L.A., almost audibly after the game, when Andy Robert allowed that it was as easy as rolling a log.

When Do They Curl? EDINBURGH, Jan. 20.—The Royal Caledonian Club gave a banquet of welcome to the Canadian curlers to-night.

GUELPH 6, TORONTO 4: GALT WINNERS AT BERLIN

Guelph Are Defaulting the Rest of Their Games, But St. Kitts Will Stick—Results.

GUELPH, Jan. 20.—(Special.)—Guelph hockey fans to the number of 500 saw the local pros win their first and probably their last victory, defeating Toronto by a score of 6 to 4 with one disputed goal for Toronto.

The hockey was a fairly good one, but it was fast and exciting at all times. Referee, Eric Lillis, was in the line-up.

A man who went by the name of Roberts and used to play centre with Guelph, was back on the line-up again and made his presence felt. He was an old hand at the game, and he showed his forward line and shot most of the goals.

Rowden, Manson and Mercer were hitting fast and scored all around the Toronto. Ridpath was a fast and effective Toronto forward. He played a consistent game and scored two goals.

Tyler in the line-up was the only other real star of the game. He made a lot of great stops and was consistently bombarded by the Guelph forwards, whose shooting was exceptionally powerful.

Doherty at cover and Sanford at point played the positions remarkably well, while with the exception of Doherty at cover and Sanford at point, Toronto's defence was weak.

Sanford at cover was awkward and was off his feet at times for slashing and tripping. In fact, except for his continual tripping and slashing the rest of the team was fairly clean on ice.

At the end of the second half, Guelph was leading 4 to 1. Rowden such a well on the ankle that the plucky little forward was laid off for the balance of the game.

Mirroring the Guelph attack was the line-up of the Toronto. Guelph (6): Goal, Bannerman; point, Sanford; cover, Doherty; left, Roberts; right, Mercer; rover, Manson; centre, Rowden.

Toronto (4): Goal, Tyler; point, Corbeau; cover, Doherty; left, Ridpath; right, Young; rover, Birmingham; centre, Roman.

Unless the deal that is now on between the Guelph Pro hockey management and Manager "Buck" Irving of the Guelph team is settled, the stars last night, the teams:

Goal: Heal; rover: Kent; centre, White; cover, Heal; rover: Kent; right wing, Galt; left wing, Curtis; right wing, Galt.

T.C.C. (2)—Goal, Reilly; point, Murphy; cover, Madill; rover, J. Murphy; centre, Galt; left wing, Manning; right wing, Galt.

Reference—Roy Thomas. BRANTFORD SIGN MEER. BRANTFORD, Jan. 20.—(Special.)—Brantford hockey fans, who were disappointed by 7 to 5 here to-night, in a game in which checking was very close and in which the Guelph team had three home brews on the line-up, Stagg, Fitzgerald and Collins, and all put up a good game.

Stagg, Fitzgerald and Collins, and all put up a good game. The Guelph team has been re-organized under joint stock company management, Robert Cameron the former manager, throwing up the sponge.

and Grand Opera the Free-for-All in Straights.

OTTAWA, Jan. 21.—(Special.)—Four thousand people witnessed the trotting of the greatest race ever seen in Ottawa, when the unfinished race was carried over from yesterday.

The day was ideal, with a moderate breeze, but not too hot. It was the fact that Grand Opus was the favourite of the stallion race in the city, and it is safe to say that the race was the largest attendance in Ottawa since the little daughter of Mrs. M. J. Pettit, the caru to-day, was made up of the free-for-all stallion race.

The free-for-all stallion race was opened to three starters. The Grand Opus, a two-year-old, was the favourite, and he was ever handled as for the first time in the 2 1/2 mile race, which was won by the little daughter of Mrs. M. J. Pettit, the caru to-day, was made up of the free-for-all stallion race.

The speculation in the biggest of the meeting, and it is safe to say that the race was the largest attendance in Ottawa since the little daughter of Mrs. M. J. Pettit, the caru to-day, was made up of the free-for-all stallion race.

## CAPS AND TECUMSEHS \$500 FOR JOE KELLEY

That \$500 still stays in Toronto—Echo of the Game.

OTTAWA, Jan. 20.—Ascent that \$500 remains in Toronto. The Capital Lacrosse Club for the exhibition game at Hanlan's Point last summer—where Capitals have never received.

Joe Soliman, president of the Tecumsehs, wanted Wm. Foran of this city to do the arbitrating act and decide whether or not the money should be paid. Mr. Foran is a diplomat as well as a personal friend of Soliman's and a member of the Capital executive. So he wisely told Mr. Soliman under no circumstances would he attempt such a thing.

As a result the \$500 is still up west, with the prospect of it ever coming farther east than Toronto.

The circumstances are still fresh in the minds of lacrosse followers. Capitals were billed to play Tecumsehs in Toronto last July in a league fixture. When they arrived at the grounds at Hanlan's Island the field was covered with pools of water as a result of a very heavy rain the previous night. Capitals declined to play their regular game on the grounds the following day. The league met and decided to back them up, Tecumsehs gave in.

There was a fierce crowd and a decided rather than lose the gate, Tecumsehs agreed to play an exhibition game, giving Capitals \$500.

The crowd, however, had to be dealt with, and three-fourths of them refused to remain to see an exhibition contest. After a threatened riot, those who wanted their money back were allowed it at the gate. The league met and decided each team should be given a loss. As Capitals never had the guarantee in writing, they were unable to get their \$500.

MARKET MOVEMENTS INSIPID BUT PRICES ARE NOT WEAK

Wall Street Speculators Get Little Play in the Market—Toronto Stocks Dull and Steady.

World Office, Wednesday Evening, Jan. 20. Considerable manipulation is going on in connection with Mexican, Rio and Sao Paulo in the local market at the present time.

At the directors' meeting of the Wisconsin Central, the majority stock of the road was formally transferred to Newman Erb, who with his associates, now holds control.

Business was not active to-day and offerings of stock in some speculative issues had the effect of forcing quotations to a lower level.

The undertone to the market as a rule was firm, particularly so in the investment securities.

Small purchases for the different banks were in the market and the filling of these orders necessitated higher prices in every instance.

Inactivity and narrowness of fluctuations at New York acts as a damper to local speculation and may therefore be considered to have had an influence on local business to-day.

There are few actual stocks on the market, but outside interest broadens these are sufficient to act as a weight against rising quotations.

The regular half-yearly dividend of 3 1/2 per cent. has been declared on Illinois Central.

Louisville earnings the second week of January increased \$19,000, and from July 1 to date have decreased \$30,000.

Since Friday the New York banks have gained \$4,000,000 from the sub-treasury.

Norfolk directors declare they know nothing of a plan to lease that road to the Panhandle on a basis of guaranteed dividends, and that the idea is in itself absurd.

Gross earnings of ten American roads the second week of January increased \$19 per cent.

Regular semi-annual dividend of 3 1/2 on Illinois Central.

Chicago and Great Western re-organization plan said to call for \$15 a share assessment on common and preferred B stocks, holders receiving amount of assessments in new preferred.

Reports of a rather positive nature.

THE DOMINGO BANK PAYS SPECIAL ATTENTION TO SAVINGS ACCOUNTS

specifying the provision made in the Bank of Nova Scotia's annual report for an anticipated loss of \$50,000 in connection with its advances to the Sovereign Bank, I desire, at the request of Mr. McLeod, to say that I did not make the statement attributed to me, namely, that the provision made by the Bank of Nova Scotia was for "ulterior purposes," and not as a matter of absolute "foresight" on the part of the bank.

I am, however, of the opinion that there was absolutely no necessity for any such provision by the Bank of Nova Scotia, and, if there had been, I see no reason for making the provision public any more than in the case of loss thru any other borrower.

On Wall Street. Char. Head & Co. say at the close: We do not recommend copper stocks on the present outlook for business, and the metal. The traders are undecided which stand to take. Easy money is like a stone wall to buck against, and for that reason the short side is not attractive and the shorts become easily scared.

Erickson, Perkins & Co. wired J. G. Peaty, 14 West King-street, the following: It was a very dull market, but with a steady undertone, except for Amalgamated Copper, which lost as much ground to-day as it made up yesterday.

U. S. Steel common was one of the firmest, advancing half point this afternoon and closing quarter higher than yesterday. A favorable Erie bond dividend would give the market a lift, but as to how far it would carry is doubtful.

The market was quiet but generally firm with new high prices for the movement in C. O., Norfolk and M. K. T. and strength in Distillers and Realty on reports of excellent business conditions. London did little here.

The Copper dividend is expected to-morrow at special rate, with a better showing as to surplus than was made last year owing to reduced payments to stockholders. The situation suggests that purchases should be made on concessions.

J. R. Heintz & Co. wired R. B. Holden: The market backed and filled to-day for the most part in an aimless sort of way, but after the delivery hour and following a reactionary period, there was a fair recovery. We would take advantage of bulges to sell A.C.P. and A.R. We would buy such stocks as B.O., P. A. Ills. Cen., At. and Hills for turns.

CANADIAN CONGRESS WILL LEAD THE WORLD

Call for the Greatest Missionary Gathering Yet Held on This Continent

General Secretary Caskey of the lay movement for missions is issuing this call for the greatest congress to be held here in the spring.

"Canada is about to take the lead among the non-theistic communities in the adoption of a national missionary policy."

"The theme of the congress will be Canada's national missionary policy. The sessions will be held during the afternoon and evening, and additional meetings, exclusively for ministers, for students, for women and for Sunday school workers, will be held during the day."

"An important feature will be the holding of denominational conferences for the various denominations. Members of the various denominations will meet separately and deal with their denominational problems and programs."

"The congress will be held in the city of Toronto in the spring of 1909. Massey Hall has been secured for the sessions of the congress, which will begin on March 31, and end on April 4."

"It is very important for the ends of justice that the idea should not be allowed to gain circulation that a man simply discharging his duty in the discharge of his duty is forced to pay damages."

Does every cold affect your back, and cause a feeling of chilliness, followed by disturbance of the kidney action?

WHY AM I ILL? HOW TO TELL... Does the rise of spirits, tea or beer excite the kidneys? Are you easily worried and annoyed over trifles? Are the feet and hands cold? Circulation bad? Do the feet and legs swell? Is there puffiness under the eyes? Do you have rheumatism, poor eyesight, headaches and backaches? Is there gravel or any unnatural action of the kidneys?

Do you have any of the above symptoms, your kidneys are either weak or diseased, and these symptoms are warnings of more serious troubles to follow: Bright's Disease, Diabetes or Dropsy.

Whatsoever you do, whatever you think you should do, get well to your kidneys at the first sign of anything wrong. Give them just the aid they require in Doan's Kidney Pills, the Great Quaker Kidney Medicine, and see how well and fit you feel after a few doses.

Price 50 cents per box, or 2 boxes for \$1.00. Sold everywhere. Doan's, Montreal, Toronto.

# Stock-Taking Comes Soon---Plenty of Bargains This Friday

## The Housefurnishing Club Endows a Home Library

THE New Book Cabinets had come home, and Mrs. Jack had hastened to get the books into them before Jack arrived for dinner. That evening they enjoyed the satisfaction of settling down for an hour or two in their own "library."

"Talk about Carnegie!" said Jack. "I tell you if people made nice little collections of books for their own homes like we intend to, it would be better for them."  
"I think bookcases look so distinguished," said Mr. Jack, complacently.  
"Especially with books in them," said Jack.  
"The Housefurnishing Club will be closed in a week or so; don't you think we'd better fix up the drawing room, too?" remarked Mrs. Jack.

always eager for fresh fields to conquer.  
Jack didn't reply at first. When he did, his answer had the weight that follows thoughtful consideration.  
"Upon my word," said he, "I don't see why not."  
"And why not? The Club plan is liberality itself. You can get anything in the furniture, the carpet, and the curtain department at cash prices, delivered NOW, and pay for

it at convenience by joining. Why not join? Are you a bona fide house owner? That is the only condition. We must emphasize one thing particularly, and that is the inadvisability of delay. The month will soon be up. The Club is a January Club. You must choose your goods at once.  
Why not see the Club Secretary in his office in the New Store, to-morrow, and secure the Club-privileges? It would pay to join this Club and leave your money on deposit in the
