BRITAIN'S POLISH POLICY UNCHANGED BY FRANCE'S ACTION

PONZI IS ARRESTED 40,000 INVESTORS PUT MONEY IN CARE

Fraudulent Use of Mails is Federal Charge Against Him.

STATE TAKES ACTION

Boston, Aug. 12.—Some 40,000 investors entrusted a total amount estimated at from \$15,000,000 to \$20,000,000 to Charles Ponzi in a money-making scheme, which United States postal officials today declared to be absolutely impossible of fulfillment.

Ponzi surrendered to the federal authorities this afternoon, explaining that he was unable to meet his obligations because of the closing yesterday of the Hanover Trust Company, where the bulk of his funds were deposited. He was arrested, charged with having used the mails to defraud, arraigned and held in bonds of \$25,000 for a hearing August 19.

Developments followed thick and fast today. As Ponzi was being arraigned before United States Commissioner Hayes, Edwin L. Pride, who is examining the books of the Securities Exchange Co. for the federal authorities, announced that he had already been shown that Ponzi owned \$7,000,000. State Attorney-General J. Weston Allen, who is conducting a separate investigation, made known his opinion that Ponzi's liabilities would run into the millions. State Bank Examiner Joseph C. Allen issued a statement declaring that the capital of the Hanover Trust Company, of which Ponzi was, until yesterday, a director, was seriously impaired and probably wiped out.

State Treasurer Fred Burrell attacked the bank commissioner for not (Continued on Page 2, Column 5.)

COLCHESTER ELECTORS CLAIM BALLOT RIGHTS

Truro, N.S., Aug. 12.—(By Canadian Press).—At the farmers' convention last night, when Captain Hugh Dickson was nominated as a candidate to oppose Hon. F. B. McCurdy, a strongly worded resolution was passed in which it was charged that a clique, by means of a frame-up, was endeavoring to return F. B. McCurdy by acclamation, thus depriving the citizens of Colchester of their right to express their opinion by ballot, and that therefore, a great vital principle was at stake.

WHEAT CROP ESTIMATE 262,338,000 BUSHEL

Official Forecast for Canada—Increase Over Last Year of Sixty-Nine Millions—Oat Crop to Be One Hundred Million Bushels Greater Than Preceding Harvest—Slightly More Ontario Wheat.

Ottawa, Aug. 12.—(By Canadian Press).—Canada's 1920 wheat crop is estimated by officials of her agricultural department at 262,338,000 bushels, as compared with the final estimate of 193,260,000 bushels last year. The oat crop is expected to go to 496,966,400 bushels, as compared with 394,687,000 bushels in 1919. Barley also shows a substantial increase, the figures being 63,435,500 bushels, as against 56,389,400 bushels last year.

These preliminary estimates are based on the actual condition of the crops on July 31. Daily reports to the department have been such that no appreciable change in the estimate is expected.

Less Hay and Alfalfa. The total yield of hay and clover is estimated at 12,353,900 tons from 1,409,150 acres, an average of 1.25 tons per acre, as compared with last year's record total of 16,348,000 tons. Of alfalfa the total estimate is 388,700 tons for the first cutting, as compared with last year's final total of 494,200 tons.

Flax seed is nearly doubled, the estimate being 10,507,700 bushels, as compared with 5,472,800 bushels last year. The preliminary estimate of the yield per acre of fall wheat for all Canada is 23.1-4 bushels, as compared with 22.1-2 bushels the decennial average for the period of 1910-19. The yield is, therefore, three-quarters of a bushel over average. The harvested area this year is 740,300 acres, against 672,793 acres last year, and the total yield, in round numbers, is 17,000,000 bushels, as against 16,000,000 last year.

POSES AS OFFICER TO EXTRACT MONEY

Woman, Frightened by False Charge of Selling Liquor, Surrenders Cash.

J. J. Thompson, whose right name the police believe to be Marshall, was arrested downtown yesterday for obtaining money under false pretences by a method which at least has the virtue of being original. According to the police, Marshall (or, if he prefers the name, Marshall) presented himself at a rooming-house on Jarvis street and asked to see the landlady. When the lady of the house appeared, Thompson informed her that he was a detective, and that it was his painful duty to arrest her for selling liquor.

According to all reports, the woman is absolutely respectable—never sold a bottle in her life, and lets her room to equally respectable bank clerks. She told the pseudo detective that he must be mistaken, but he produced a formal looking document with "vice department of the Ottawa police" heading. He told her that he was absolutely sure his information was correct, and she would have to get dressed and accompany him to the police station.

The woman was impressed with the legal-looking document and the man's manner, and started to comply. At this point, Thompson pointed out that she would probably be let out on bail after she had seen the authorities. She, unfortunately, fell into the trap, and asked how much, which was just what the impersonator wanted, and he replied: "About \$500." Then, of course, he told her that it could be arranged so that she would not need to appear at headquarters until the next day if she gave him \$100 as proof of her good faith. Being a woman, and not understanding legal procedure in such cases, she handed him the money.

ELWOOD ON HIS WAY BACK TO TORONTO?

Miami, Florida, Aug. 12.—Dewitt C. Elwood, wanted in Toronto in connection with a \$100,000 jewelry robbery, accompanied by an attorney, was on his way to Canada tonight, ostensibly to surrender to the Toronto authorities.

Elwood, who was arrested here Monday, was released on request of British Vice-Consul Hubbard yesterday when he appeared in connection with habeas corpus proceedings brought to obtain his release from custody.

No information to this effect has reached local police headquarters.

TIGHTENING LIQUOR LAW IN MONTREAL

Montreal, Aug. 12.—A tightening up in the prohibition regulations in this city was evident today when one hotel kept one club license for the purpose of paying heavy fines, while a number of other institutions were fined for breach of the law. The hotel was the Russell, near Bonaventure Station, the offence being its second one, and it lost its license and was fined \$300. Appeal will likely be taken against the sentence. The club, Viceroy, in a second offence, was fined \$300 and costs and also lost its license. On a first offence the Cosmopolitan Club was fined \$50 and costs.

Cancel One Hotel and One Club License—No New Permits Granted.

Grant No New Club Licenses. The license commission at its meeting today decided that no license could be granted to new applicants. It was asked to grant 25 licenses and refused to do so. The verdict of the commission was "that most of these new applications are not at all clubs in the true sense of the word, but just organized to sell liquor after hours, and we are therefore unanimous in refusing any further applications."

CANADA MAKING ROAD MAP OF SKY

Complete in Day or Two—Deals With Both Civil and Military Aviation.

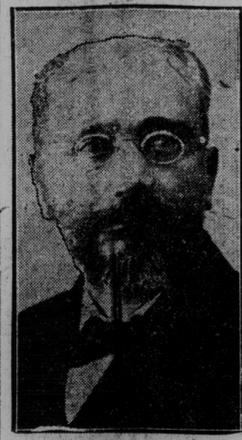

Ottawa, Aug. 12.—(By Canadian Press).—The road map of the sky for all Canada is, in the making; in fact, it is nearly complete, and will be published by the air board within a day or two, according to Col. E. F. Scott, director-in-chief of civil aviation. This map will cover every route laid out within the Dominion. One of its most important features is that it will be drawn to deal with both civil and military aviation. When revised and finally published, Canada will have a complete directory of the travel thru the blue ether as it is possible to get.

Involve an Aerial Survey.

There will be one great highway across the Dominion, which will take in all and sundry who happen to come within the precincts of its course. The map also involves an aerial survey of the whole Dominion. For this purpose, special cameras have already been secured, the first of them being used in the survey of the coast. Greek Premier Shot as He Was Boarding a Train for Nice. ONLY SLIGHTLY HURT

Paris, Aug. 12.—Premier Venizelos of Greece was attacked and wounded today as he was leaving the Lyons railroad station for Nice. As the premier stepped onto a train two men fired revolvers at him. He was wounded slightly. His assailants were arrested.

Eight shots were fired at the Greek premier. The shooting occurred at 8:45 p.m. Premier Venizelos was taking leave of friends when two swartly individuals rushed from the crowd, one firing three shots and the other five before they were overpowered. The premier was reported wounded in the right side and the left arm.

Winnipeg, Aug. 12.—With the departure of the provincial prison doctor and the governor of the provincial jail to the prison farm today, to examine the state of health of the strike leaders, it is believed in some quarters that the first step toward the release of the strike leaders has been completed.

Conan Doyle Says He Spoke With Dead "Face to Face"

Famous Novelist Declares He Held Spirit Hand of His Son and Knew by Sound of the Spirit Voice That His Son Was Immediately Before Him.

London, Aug. 12.—(Special).—When Sir Conan Doyle recently declared he had talked with the dead "face to face," he meant it literally, he says, but—

"He didn't see the 'material body.' He illustrated what he meant by telling of a conversation with his dead son, during which he held the spirit hand and knew further by the sound of the spirit voice that his son was immediately before him.

"My boy put his big, strong hand over mine like this," said Doyle, as his eyes lighted and he clasped one hand firmly over the other. "Then he asked tenderly, 'Father, is my hand cold?' I replied that it was not. That it was quite warm. 'Well,' he laughed in response, 'all that comes from you.' 'When I say I have talked with the dead face to face, you may take the words literally, but this does not mean that I saw the material body. That is compossible, because when dealing with spirits lights are as prejudicial in all phenomena dealing with materializa-

GREAT BRITAIN'S POLICY WILL NOT BE CHANGED BY WRANGLER INCIDENT

Nothing Yet Determined Regarding Proposed Conference With Premier Millerand—Lloyd George Makes Significant Statement Regarding Present Crisis—National Safety and Honor Imperilled Alone Can Justify War.

London, Aug. 12.—A significant reference to the present crisis was made by Premier Lloyd George, in addressing a meeting of Coalition Liberals today. After expressing fervent hope for co-operation between Great Britain and France, which, he said, had been "sanctified by the common sacrifice," the premier continued, apparently alluding to the possibility of war with Russia:

"When the terrible question of peace or war has to be decided, our first duty as a government is to the people, who trust us not to commit their treasure to any unjustifiable adventure. Nothing but the most imperative call of national honor, national safety and national freedom can justify war. Before this country is committed to it, even in the most limited form, we must be satisfied these things are in peril."

There was no formal cabinet council tonight, but a number of prolonged ministerial conferences were held at Downing street, after which Mr. Lloyd George received a deputation of the "council of action" of the Labor party.

According to the latest news nothing has yet been definitely settled about the proposed meeting between Mr. Lloyd George and Premier Millerand to discuss the situation brought about by recognition by France of General Wrangel, but it is understood to be the British government's intention to proceed as the Wrangel incident had not arisen and adhere strictly to the policy of taking no action against the soviet, pending the disclosure of Moscow's attitude toward Poland and an armistice.

Acces Poles of Delay. The Russian Bolshevik mission in London today made public another despatch signed by M. Tchitcherin, the soviet foreign minister, accusing the Poles of continually delaying a meeting at Minsk to discuss an armistice and claiming to hope that if Warsaw and the Baltic is swaying to and fro (Continued on Page 2, Column 3.)

CHARLIE CHAPLIN WILL NOT FIGHT A DIVORCE.

Worries Are Causing Film Comedian's Hair to Turn Gray.

Salt Lake City, Aug. 12.—(Special).—Charlie Chaplin will not oppose the divorce sought by Mrs. Mildred Harris Chaplin, if she will withdraw her request for an order to restrain him from selling his latest picture, he said here today.

"I will give her a divorce any time she consents to withdraw the restraining order against my latest picture," said Chaplin. "I offered her a substantial sum, but she clings to the restraining order. There is a state law here that prohibits service of a restraining order on me. I am going to stay here until the picture is sold. I have two years' work and \$300,000 of my money tied up in it. I am not a rich man."

The reporters noticed that Chaplin's hair is growing decidedly gray.

MAY FLY TODAY.

Prince George, B.C., Aug. 12.—It is possible that the United States army aviators will resume their flight to Hazelton, their next stopping place, tomorrow. Repairs to the damaged machines are being rapidly made.

ALLIES UNITED SAYS MILLERAND

Noyon, France, Aug. 12.—Premier Millerand, in the course of a reception at the city hall here today on his trip thru the liberated regions, after declaring that France placed no consideration above that of national reconstruction, continued:

"The allies are united and will remain so. There are unavoidable differences, due to the different characteristics of the nations, but their bond of unity was forged amidst severe trials, and a union firmly formed under such conditions must not be dissolved."

RUSSIANS DELIVER EFFECTIVE BLOWS ALONG FRONT LINE

Attack at Different Points Tends to Disorganize the Polish Defence.

SITUATION IS CRITICAL

Paris, Aug. 12.—The situation at Warsaw continues most critical. The Russian plan of campaign is proving most effective. It consists of delivering successive blows at different points along the front line which tend to disorganize the Polish defence, compelling the Poles to run to reserves to widely separated points. The Red northern forces have been heavily reinforced and pushed to within thirty miles of the capital. The Poles are making a desperate stand on defences hastily thrown up around Pultusk, and also badly equipped, half-trained and not well supplied with ammunition, they are holding their own, according to the latest news reaching Paris.

SUSPICIOUS DELAY SAYS LLOYD GEORGE

In Letter to Kameneff Declares It Does Not Make for Peaceful Solution.

London, Aug. 12.—Premier Lloyd George in a letter written last night to Leo Kameneff, soviet emissary here, acknowledged the latter's letter of August 11, covering the communication from Moscow which stated that representatives of the Russian command had waited for the Polish armistice delegates since the evening of August 9, but that the Polish delegation had not yet arrived.

The premier informed Mr. Kameneff that he had just received a message from the Polish government in Warsaw, dated Tuesday, at 9 o'clock p.m., stating that the Polish government was then without an answer from the Polish wireless proposals of August 5, which proposal had been finally accepted by the soviet service after three days' attempts by Poland to transmit it. In this message Poland expressed her readiness to send delegates to Minsk.

The only information reaching Warsaw that the Polish delegates expected to arrive in Minsk on Wednesday, the British premier said, was a Havas agency message from Hythe received in Warsaw Tuesday.

DELAY SUSPICION.

Mr. Lloyd George said he wished further to state that the British representatives in Warsaw also reported that the Polish government had repeatedly endeavored to get in touch with Moscow by wireless, both directly and by way of Norway, and that the messages always had been refused. He trusted Mr. Kameneff would see that immediate instructions were issued for the reception and passage thru the lines to Minsk of the Polish peace and armistice delegation, and that the Russian wireless stations were instructed to receive and transmit Polish messages without delay.

The letter added:

LORD MAYOR OF CORK PUT UNDER ARREST

LIVE STOCK MEN VOICE PROTESTS AT RATE HEARING

Declare Higher Freight Costs Would Prevent Prices of Food Lowering.

LUMBER MEN TESTIFY

Ottawa, Aug. 12.—(By Canadian Press).—Strong protests against increased freight rates were voiced by representatives of the live stock industry before the Board of Railway Commissioners today. C. W. Gurney, of the Eastern Live Stock Association, said that livestock prices were controlled by the European market, and that if railway rates went up the consumer would ultimately have to pay the increase. He dealt with the troubles of the farmers and live stock breeders in obtaining labor, declaring that the railway employees' eight-hour day, was working about half as long as the farmer and his wife.

J. L. Waters, representing the Western Canada Live Stock Association, expressed the opinion that this was a bad time for increasing freight rates on food. Prices for food were beginning to go down, but a freight increase would tend to stop this fall. Livestock exchanges representing western livestock business out of the country, Winnipeg market, and drive the live stock business out of the west. Although the industry has suffered heavy losses due to the hard winters and drought.

Views of Lumber Men.

Representatives of the lumbering and crushed stone industries also appeared before the board. Frank Hawkins, secretary of the Canadian Lumbermen's Association, advised the board to exercise great care in granting the increase. His association, he said, was not opposed to some freight increases at the present time, but urged that only those which were absolutely necessary should be made. Robin Boyle, appearing for the crushed stone industry of Ontario, took the ground that this industry was paying a good freight rate at the present time, and the railways deriving satisfactory revenue from its transportation. An increase in rates might put commercial stock off the market at once. During the war years the crushed stone industry had not shown a profit, and some plants had been forced to shut down altogether.

IRISH UNIONISTS FACING A SPLIT

Strong Deputation of Ulstermen Will Advocate Dominion Home Rule.

London, Aug. 12.—A despatch to The Evening News from Dublin reports a "significant split" in the ranks of the followers of Sir Edward Carson, leader of the Irish Unionist party. It states that a strong deputation of Ulstermen has gone to London to see Mr. Lloyd George and inform that a large proportion of their following is prepared to sink their old prejudices and advocate an immediate offer to Irishmen Dominion home rule.

ELLIS PROMISES GOOD CAR SERVICE

Members of Transport Body Take Office—Mayor Hopeful of Future.

The members of the new transportation commission, P. W. Ellis George Wright and Fred Miller, were sworn in yesterday morning at 10 o'clock in the presence of a party of civic officials. The oath of office was administered in the mayor's office. Before taking the oath of office Mr. Miller, who is a member of the contracting firm of Roger Miller & Sons, asked whether he would be barred by his oath from accepting contracts. "Not with the Dominion government; it only applies to the municipal corporation," replied the mayor.

Mayor Church spoke hopefully of the future of the transportation situation in the hands of the commissioners. He anticipated that sooner or later the commission would have to handle light and power as well as the street cars, but for the present he suggested that the organization be kept down to the minimum. The T. E. R. and the civic lines both had organizations as well as the light and power departments.

BUILDING PERMITS ISSUED.

The city architect's department issued permits yesterday for the following buildings: National Building Co., 12 pairs residences on both sides of Hillcrest drive, near Tyrrell avenue, \$22,000. H. Puddy, addition to dwelling, 54 Delaware avenue, \$4,000. Robert Luxton, detached dwelling, south side Stratmore boulevard, near Lansmore crescent, \$7,000. H. Price, store, dwelling and garage, south side Danforth avenue, near Monarch Park avenue, \$5,000. J. Krizer, dwelling, Keystone avenue, corner of Beck avenue, \$6,000. Herbert Lawlor, alterations to bake shop, 11 Davies avenue, \$7,000. R. Muir, detached dwelling, west side of Lansmore avenue, near Stratmore avenue, \$6,000.

DISMISSES O. T. A. APPEAL.

Justice Onda yesterday refused to quash the conviction under the O.T.A. against Antonio de Angelis, who was fined \$1,200 and costs, plus six months at the jail farm, by Magistrate Denison in the police court. His lordship stated that if the magistrate had expressly said that he was increasing the penalty because he believed the accused had been guilty of perjury, he might have interfered.

"SHERIFF WILL DO REST," DECLARES MAYOR CHURCH

Mayor Church seemed to feel yesterday that there would be no difficulty in getting the overdue percentages from the Toronto Street Railway Co. He intimated that an application would be made to the courts and that the sheriff would do the rest. The city, said the mayor, had no legal power to accept the company's notes in lieu of payments, and that if it had power, the security behind the notes was inadequate, as the assets of the company were all pledged and hypothecated.

AIRPLANE SERVICE PAYING POSSIBILITY

Passenger and Freight Flights Now Planned Between Toronto and Montreal.

Excellent commercial possibilities in the type of plane which the United States Army Aerial Express Company have landed locally are admitted by critics who viewed the craft yesterday in front of the Royal Canadian Yacht Club. An aerial express service will not, however, be a new venture to Toronto, as the Canadian Aero Films company points out that it operated during last year a Toronto, Montreal and Sherbrooke line.

According to Manager Blaine Irish of the film company, a passenger and freight express service was maintained over the above line for a period of 28 days. During this time some \$15,000 worth of business was handled, but operating costs were found to be in excess of the receipts. The plane which the company used was, however, a small land plane, capable of carrying only a single passenger and a light express load.

"Our experience was that aerial express with this type of plane was possible from a commercial standpoint only, where the publicity was desired," Mr. Irish stated, pointing out that the rapidity of the actual time in transit, was largely offset by the necessity of landing some distance from the city and having the cargo carried by truck to its destination.

A seaplane of the type which the American concern has brought to the city does, however, in Mr. Irish's opinion present marked commercial feasibility. The plane has a capacity of 24 passengers, and over 2,000 pounds of freight, with the additional advantage of landing both passengers and freight directly at the city's docks. This capacity is declared to be ample to take care of all operating charges and to leave a substantial profit.

WILL INSPECT RAILWAY.

The members of the Toronto city council will leave for London tomorrow morning and as guests of Sir Adam Beck will be taken on a trip over the London and Port Stanley Railway. The members of the transportation commission have also been invited. The party will travel by the Grand Trunk, leaving the Union Station at 9 o'clock, Toronto time.

FIGHT INCREASE OF RATES, MAYOR SAYS

Suggests Engaging Any Necessary Experts When Commission Comes.

The federal railway commission will be in Toronto on September 2 to hear the application of the express companies for increased rates, and Mayor Church suggests that steps be taken at once to fight the demands of the companies. He has addressed the following memorandum to the board of control:

The first hearing of the express companies re their application for increased rates will be heard in Toronto on September 2 before the railway commission. The increase at present asked for amounts to forty per cent.

Kent, together with Major Widger, Secretary Lane, Sergt. Bayfield, V.C., and Comrade Patterson of the Veterans' Reunion, visited the grounds yesterday with a view to the arrangements for the reception to the Victoria Cross men on the opening day.

LABOR NEWS

THE NEW UNION STATION

The two express companies, Canadian and Dominion, will keep pretty much to their present quarters in the old station. But the old train house will come down, and the two companies will load their cars on what is the north passenger track of the old train house, and the teams will load and unload where they do now. But there will be no street cars, cabs, motors or people to interfere with them, as now. There will be no trucks with express parcels to interfere with the passengers, as now, on the train platforms. The traveling public will be clear of all mail, express and baggage truck.

USE ONE-MAN CARS.

Some of the one-man cars were used on the Gerrard street civic line yesterday in the handling of passengers during the rush hours. There are now over a dozen of the new cars in the

WIVES SOMETIMES OBJECT TO LIFE ASSURANCE BUT WIDOWS NEVER DO

Many a man has failed to insure because of his wife's noble but misguided scruples. She didn't want even to think of her husband being taken from her. The thought of money forcing itself into such a tragedy filled her with horror. Such a woman overlooks the awful plight of a family left destitute. It's a husband's duty to protect his family from want and suffering after his death. A wife who opposes her husband in performing this duty is unfair to him, to herself and to her little ones. A few dollars each year invested in an Imperial Life policy will secure the payment of a regular, monthly income to a man's family after he's gone. FIRST AND PARAMOUNT. ABSOLUTE SECURITY TO POLICYHOLDERS.

He Didn't Know how Unjust He Had Been

"How do, Sergeant?"
"Why, how are you, Tommy, my boy? How are you getting along since you got back into civies?"

"First rate. How is it with you? Good. Say, Sergeant, what do you know about the W. C. T. U.?"

"Well, I know more than I did, Tommy. Why?"

"I see they are starting a campaign to raise \$150,000 to build an addition to Willard Hall."

"So I believe. And I hope they succeed in getting the money."

"You do?"
"I certainly do. The W. C. T. U. were great friends to the soldiers."

"What did the W. C. T. U. ever do for the soldiers?"

"Didn't you see the statement published in the papers on July 1st by the Y. M. C. A.?"

"Well, they raised \$39,000 to be used for serving free hot drinks for the men at the front, and they did it mostly by collecting jewelry for what they called their 'trinket fund' and selling it to the jewelers—bustled baskets full."

"I thought the Y. M. C. A. supplied the free drinks."

"The W. C. T. U. helped, but they gave the money to the Y. M. C. A. to handle at the front—\$54,026 altogether."

"Well, that's something I never knew."

"Did you know that the Toronto District members of the W. C. T. U. alone knitted over 18,000 pairs of socks for the boys at the front and supplied their own wool?"

"Didn't they get paid for some of them?"

"Certainly not. They were sent in the same spirit as a mother would send socks to her own boys. Why, there were over 1,000 men at the front belonging to W. C. T. U. women of this district, and 100 of them were killed. The W. C. T. U. sold flowers in the hottest days of summer in front of the theatres for the Prisoners-of-War Bread Fund. They worked night and day at Christmas time packing Christmas boxes and making up Christmas stockings for the soldiers. I know the most complete and nicest Christmas box I got in France was sent by the Woman's Christian Temperance Union."

"The W. C. T. U. was into every good move for the soldiers that came along. They had their girls out every day for the different patriotic funds. They collected and canvassed and worked night and day. They gave boys with no friends here a good time and a good send-off when they left for the front. They made bandages and good things to eat for them to take on the train. I suppose you didn't know they raised money at a garden party in the Normal School grounds and bought a field kitchen for the 204th Battalion in France?"

"No, I didn't know."
"Well, it's true, and the boys ought to know it. And they gave two ambulances to the Red Cross. Why, half the women that met the returned men at the stations with hot tea and coffee and sandwiches and cakes and pies were W. C. T. U. women. And so were the women serving at the Red Triangle Club. Their whole idea was to pay the boys back as well as they could for what they claimed we were doing for them."

"Say, Sergeant, are you sure you got this right?"
"Absolutely, and I can prove it. You see, I married one of 'em."
"Can you get me the figures?"
"I'll get them for you tomorrow."

WILL MARSHAL ALL BONE-DRY FORCES

Delay on Referendum Will Increase Majority, is View of Dr. Grant.

Rev. Dr. A. S. Grant, secretary of the Ontario Referendum Committee, stated yesterday that, altho his organization, as a result of the conference with Premier Meighen last week, had bowed to the inevitable and accepted April 13, 1931, as the date on which the referendum would be taken, they would proceed at once to marshal all their forces through the province in preparation for a big pre-election campaign in favor of prohibiting the importation of liquor into Ontario.

The work of recruiting the local committees of the organization will begin at once. When these committees are complete they will make a tour of the province, visiting every village and town in Ontario to ascertain the names of those entitled to vote in the April election. This work, which will begin in September, will involve as much labor and expense practically as the preparation of a new provincial voters' list, the cost of which was stated last week by Premier Meighen to be half a million dollars.

It is expected that the local committees will be completed in September, and they will at once set out to raise the funds to cover the cost of the canvass of the voters and to defray the expenses of a big publicity campaign, which will be launched in February, and continue to the date of the election. Bill boards, posters, newspaper advertising and public meetings are all to be employed to convince the voters that the importation of liquor into Ontario should be banned.

Dr. Grant declared that his organization did not want to see anyone who was entitled to vote deprived of the privilege. He thought the great lapse of time between now and next spring would give the Ontario Referendum Committee more time to prepare for the fight. "It will increase, rather than decrease, majorities," said he, "and it makes our chances of success next April seem even stronger than they would have been had the referendum been taken in October of this year."

In view of the fact that the Ontario campaign will not take place this fall, Dr. Grant stated that the Ontario Referendum Committee would probably lend aid to the temperance forces in the western provinces, where the vote will be taken October 25.

MUTILATED NOTES

Public Warned Against Fraud — Bills Being Presented in Ontario.

Some little time ago it was announced that fraudulently mutilated notes of several of the Canadian banks, principally \$20 notes but sometimes of the \$10 denomination, were being circulated in various cities in this part of Ontario.

Such notes are still being presented from time to time, and the public are warned against this form of fraud. Any bank note having a band of adhesive tape of about one-half inch wide running across it should not be accepted in making change, but the person presenting it should be told to take it to the bank for redemption. If scrutinized closely the mutilated note will be found to consist of parts of two notes, the numbers on the two parts being different—sometimes the numbers will be obliterated so that the difference will not be noticed. Occasionally the mutilation consists of removing one end of the note and then no adhesive tape is used. The purpose of the fraud is to make more notes than were originally cut up by pasting old pieces together, but of course such notes with parts missing are not redeemable at their full value.

PUBLIC TRUSTEE NAMED

Will Look After Bequest Made to Non-existent Institution.

Justice Orde has decided that the sum of \$1,300 bequeathed by the deceased Thomas A. Churchill to the Canadian Blind Babies' Home is to be deposited with the public trustee as there is no such organization as the one named by the testator.

TORONTO-OTTAWA DAY SERVICE VIA CANADIAN NATIONAL GRAND TRUNK.

The equipment on the fast day trains "Queen City" and "Capital City" between Toronto and Ottawa, via Canadian National-Grand Trunk, has been augmented by the addition of specially adapted, forty observation parlor cars, the "Okanagan" and "Rustico." These cars are divided into a general parlor section of twenty-two chairs for ladies and smokers; and a spacious observation and smoking section of eighteen chairs, affording full opportunity for the enjoyment of the charming scenery on the Lake Shore and Rideau Lakes sections. Wicker basket chairs, perfect ventilation and A1 service add materially to the passengers' comfort.

The "Capital City" leaves Toronto 12:00 noon, standard time, daily except Sunday, arriving Ottawa 7:15 p.m., actual running time 7 hours 15 minutes.

Tickets, reservations, etc., from Canadian National-Grand Trunk Joint office, northwest corner King and Yonge streets, or Union Station, Toronto.

PRISONER'S SANITY DOUBTED.

On a charge of theft Bocco Losoli was, in yesterday's police court, sentenced to one month in jail. There was a conflict of opinion as to the accused's sanity and the magistrate imposed the jail term. "From the jail he can be transferred to the asylum, if the authorities so decide," he ruled.

WILL EXAMINE EVIDENCE

Justice Orde yesterday at Osgoode Hall adjourned for a week the application to quash the conviction of Fred Foxton of Sydenham Village for having kept a bar in his rooming house. His lordship will examine the evidence before the hearing next week.

CATHOLICS WILL USE PUBLIC SCHOOL READERS

It is announced in The Catholic Register that the contract for the publication of The Canadian Catholic Reader has expired. Its renewal has been made impossible by the high cost of material and labor. "Until more reasonable prices prevail, when we hope to be able to issue our new Catholic Readers, the Separate Schools of Ontario are authorized to make use of the Public School readers." This arrangement has the approval of the Department of Education and of the Bishops' Educational Committee of Ontario.

PLEADS KINDNESS TO DUMB ANIMALS

U. F. O. President Felicitates Veterinary Association Upon Clinics at College.

Humane treatment of our dumb friends was the gist of a very interesting address delivered by Dr. Savage at yesterday's meeting of the Ontario Veterinary Association at the College Hall, University avenue. R. W. E. Burnaby, president of the U. F. O., was a speaker at the afternoon session. He congratulated the association upon the clinics held at the college halls, which, he stated, were of the greatest assistance to the farming community. Also he believed that one of the fundamental benefits accruing from the annual conventions was the inevitable interchange of ideas. "None of us," said the U. F. O. chairman, "is so experienced in the ways of the world, but he can learn new kinks from his fellow man." Mr. Burnaby expressed the hope that the rapidly-growing interest evinced in the activities of the association would reach a much-desired climax.

A letter of condolence is being sent to the family of the late Dr. Milne, one of the foremost veterinary surgeons in this part of Ontario, who died on Wednesday afternoon. Another matter of interest at the afternoon session was the election of three standing veterinarians—Dr. McAlpine, M.L.A., Brockville; Dr. W. Cowan, Galt; and Dr. C. Elliott, St. Catharines, to honorary membership in the association. A standing vote was taken in each case, and was unanimous.

Among those present were Dr. Torrance, director-general of veterinary services for Canada; Dr. Marlett, one of the outstanding veterinarians of Illinois; R. W. E. Burnaby, president of the U. F. O.; Dr. W. K. Savage of Macdonald College; Dr. Maughan and many other notabilities among the veterinarians of both Canada and the United States. It is the intention of the executive to make an intensive campaign for enlarged membership, and there are indications that The Canadian Veterinarian, the official organ of the association, will be enlarged and improved in many ways during the ensuing year.

The following members have been elected officers for the current year: President, Dr. J. A. Campbell, Toronto; first vice-president, Dr. Clark, Goderich; second vice-president, Dr. Thomas Butler, Toronto; secretary-treasurer, Dr. James F. Glover, 296 George street, Toronto; executive committee, Dr. W. A. Thompson of Bradford, Dr. J. P. Morgan of Shelburne, Dr. E. M. Oterwell of Toronto; legislative committee, Dr. O. H. Duncombe of Waterford, Dr. Fitzgerald of Hillsdale; education committee, Col. J. H. Wilson of London, Ont., Dr. J. E. Fowler of Toronto and Dr. Porter of Brantford.

WILLIAM FRASER DEAD

At his former residence, 41 Grace street, yesterday morning, the death occurred of William Fraser, well known in building and architectural circles, he having superintended the building of the new union station. For many years he was a member of the separate school board. Deceased came to Toronto from Leuzie, Scotland, 25 years ago. Four sons and three daughters survive.

STABLES NOT NUISANCE.

After a trial which lasted three days, Justice Orde has dismissed the action brought by Mrs. Elizabeth Preston against Hilton Brothers, in which she asked an order restraining the defendants from erecting a stable in the rear of property on First avenue. She claimed that the erection of the stables would create a nuisance.

ALLEGES ASSAULT ON GIRL.

Magistrate Brunton will pass sentence on Alexander McKee, a C.N.R. employee, who it was alleged, invited 16-year-old Ruth Stackman for a ride in his auto on Danforth on Wednesday evening. The girl's story of what took place in the car determined the magistrate to consider whether he would order a flogging for accused.

YOUTHS STOLE WHEELS.

Sentence of four months was imposed on Clarence McCarthy in yesterday's police court for selling bicycles which he and two chums had stolen. These two, Alfred Schastrie and John Downey, were sentenced to three months in jail for theft, they getting the lighter sentence as it was their first appearance in the police court.

MANSLAUGHTER CHARGED.

In the police court yesterday Wexler Wolfe was committed for trial on a charge of manslaughter. It is alleged against accused that he killed a little girl with his auto.

DRURY FAVORS GRANT.

Premier Drury informed a deputation of veterans yesterday that he was favorable to making a grant towards the entertainment of the V.C. men who will visit the city at Exhibition time but will first have to consult his colleagues.

DECLARES DANCES HURT VALUE OF PROPERTY

"The land is not worth \$85 a foot, and furthermore, the Knights of Columbus Hall, with its dances every night, is a nuisance," stated Henry Harris, 576 Sherbourne street, when he appeared before the court yesterday to protest against the assessment. The court cut it to \$70.

Yesterday J. Monahan, representing the Brothers of the Christian Schools of Ontario (Roman Catholic), secured exemption on a residence at 487 Jarvis street occupied by pupils.

"The rate per foot assessed is greatly beyond the market value," was the statement of John Stevenson, 514 Ontario street.

ALLEGED ATTEMPTED SUICIDE WITH LYSOL

Horace Alexander, an Englishman, of 227 Niagara street, is alleged to have attempted suicide at noon yesterday drinking lysol. He was seen wandering around in a peculiar manner by some workmen on Ashbridge's Bay, and then to drink from a bottle. A foreman notified the police who found Alexander in an unconscious condition and had him removed to St. Michael's Hospital. He remained unconscious for some time and late last night was reported to be in a critical condition.

INJURED BY MOTOR TRUCK

Percy Warren, 6 Bloom avenue, a C.P.R. messenger boy, aged 13, was knocked down and seriously injured by a motor truck driven by Clarence George, while crossing Church street, near King, yesterday afternoon. It appears that the boy ran from behind an automobile proceeding in the opposite direction, right in front of the truck. According to the testimony of eye-witnesses, the driver of the truck could not have avoided the accident, and the police saw no reason for detaining him.

WIFE'S ALIMONY INCREASED

At Osgoode Hall yesterday Justice Orde made an order increasing the alimony of \$16 per week formerly allowed to Mrs. Axworthy from her husband to \$25 per week. His lordship considers that defendant, who runs a taxi business with three automobiles, should be making more money now than in 1918 when the original alimony was fixed at \$16 per week.

Try it next Monday

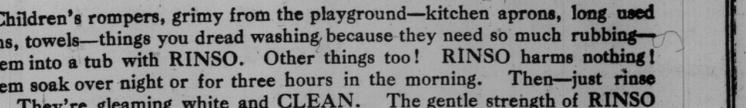

RINSO—not a cake soap, not a washing powder—a new form of soap in granules. SOAK the clothes; that's all.

—the very hardest things!

Children's rompers, grimy from the playground—kitchen aprons, long used curtains, towels—things you dread washing because they need so much rubbing—pile them into a tub with RINSO. Other things too! RINSO harms nothing! Let them soak over night or for three hours in the morning. Then—just rinse them. They're gleaming white and CLEAN. The gentle strength of RINSO has loosened the dirt. It just runs away. The bubbly tubful of rich RINSO suds has done all the work. Seems too good to be true, does it? Just one package of RINSO—enough for the week's wash—will prove it.

At night—soak the clothes with RINSO. Morning—rinse them out. That's all.

TRADING DULLED BY RECENT SLUMP

Speculative Activity Has Declined and Price Movements Are Irregular.
The actual position of the Toronto stock market was little changed yesterday. Outside conditions showed no improvement and the expected Polish armistice did not eventuate.

The movements in the Montreal issues were irregular and governed by the technical position of each of the specialties. Quebec Railway was put up, so was Abitibi Sugar and Spanish River, but Brompton was lowered.

EXCHANGING SECURITIES.

The weakness of the old speculative standstill on the Canadian exchanges suggests the changing of securities. There is a tendency to every stock put on the market and the investor who is astute enough to sell his holding at that time and replace it with something which has not had its day may be considered successful.

SMART UPTURN IN INDUSTRIALS

Decline in Pound Sterling Doesn't Perceptibly Chill Wall Street.
New York, August 12.—Prices of stocks were again advanced today. Apart from an interval of heaviness at the start, and some yielding at the close when traders took profits, the trend was upward.

The investment demand was dull and very few transactions were made in the issues recognized as in this class. Local bank clearings this week totaled \$102,856,813, a gain of nearly 40 per cent over the same week last year.

LOCAL BANK CLEARINGS.

NEW YORK CURB.

New York, Aug. 12.—The changes in price during trading on the curb today were generally small. The bears endeavored during the early part of the day to start fresh liquidation, but met with little success, and there was consequently, spasmodic short covering in evidence during the afternoon.
