FIFTEENTH ANNUAL REPORT
OF THE
COUNCIL OF THE ASSOCIATION.

On behalf of the Council of the Provincial Rifle Association it is now my duty to present a report of the proceedings of the past year.

The usual grant of \$1300 was received from the Dominion Government, and was devoted to the Prize List of the Annual Competition and the expenses connected therewith. The Provincial Government has again kindly granted \$300, to enable this Association to send a representative Team to Ottawa to compete for places on the Wimbledon Team.

The Annual Competition took place at the Sussex range, commencing on Tuesday, August 23rd, and lasting till Friday afternoon. The sum of \$1099 was devoted to the Prize List, beside the several Cups and Medals which are the property of the Association, and also a number of valuable prizes given by individuals. The competition was, we feel justified in saying, satisfactory to the competitors and to the Council of the Association. The attendance was larger than it had been for many years past. There were over thirty competitors on the ground who had never before attended a Provincial competition, and many of these men were highly successful and are likely to take a front rank in rifle shooting.

The Council are of opinion that the changes suggested at the last Annual meeting, and adopted at this competition, have had much to do with the increased attendance, and hope that, by keeping down the cost of attendance to the lowest possible amount, the number of competitors will be still further increased.

The Council would again draw attention to the benefit which has resulted to the St. John County Association from the system of monthly matches which it has adopted, and it would strongly urge upon other County Associations to adopt the same practice.

The Association was represented at the competition of the Dominion Association at Ottawa by a team of fourteen men. This team won a large number of prizes and sustained the credit of the Province fully as well as could be expected considering the long distance they had to travel and the difficult range on which they had to shoot. The report of the Captain of the team will be laid before you.

The Council would ask the Association to consider whether it would be advisable to recommend to the Dominion Association the adoption of a range that would be perfectly neutral, as the use of the present range (though equally fair to all those who are not in the habit of using it), must certainly give an advantage to those who practice upon it constantly.

The Council have much pleasure in saying that after providing almost as large a prize list as last year and paying all expenses of the year, there is still a balance on hand, as will appear from the report of the Treasurer which is now placed before you duly audited.

The Council wish to express their thanks to the managers of the different lines of railways and steamboats in the Province for the facilities offered by them to competitors going to Sussex.

The Council would also thank the representatives at Ottawa, Captain Perley and Major Tilton, for their attention at all times during the year. They are also much indebted to the Press for full and accurate reports of their meetings.

Respectfully submitted,

JOHN H. PARKS, *Major.*

SAINT JOHN, Oct. 3, 1881.

Sir,—

Having, at a meeting of the New Brunswick riflemen held at Ottawa, been chosen Captain of the Team, it becomes my duty to submit to you the following report for the information of the members of the Association.

Of those holding places on the team, but fourteen reported themselves, and among these was divided the allowance of \$300. I found that entrances had been made for twenty competitors in all the principal matches; however, on making application, we were refunded the amount of the entries thus unfilled.

The team again met with but apparently slight success, though proportionately it was more fortunate than the representative teams of other Provincial Associations. The prizes won amounted to \$160, of which sum \$147 was divided equally among the members. Col. Sergt. Smith and Sapper Langstroth were of the fifty who competed for the Governor General's prizes, and the former, by his continued good shooting, gained a place on the Wimbledon Team for 1882. Sapper Langstroth, in a match at 200 yards, won the leading prize, a Remington Match Rifle. I would mention that every member of the team succeeded in becoming a prize winner.

The eight to represent New Brunswick in the Provincial Match was selected according to the scores made in the previous competitions. Five Provinces took part. The match was this year, happily made purely an inter-Provincial contest, none but the members of teams competing, and it was consequently of more than usual interest.

Ontario won, with an aggregate score of 412 points, Nova Scotia second with 385, New Brunswick third with 383. Quebec and P. E. Island fourth and fifth.

The meeting throughout was admirably conducted,—a new feature that occasioned much satisfaction to all competitors. It was a meeting well worth attending, repaying even for the trying journey necessarily taken by the riflemen from this province.

The opinion was generally entertained by the team that the present rule requiring a division of winnings should be rescinded, for there is now no further occasion for it, the expense of competing being so much less than in former years.

I have to recommend that teams to represent this Province in the affiliated and Provincial Matches be no longer selected from the scores previously made, but that the first few aggregates have the right to choose the remainder, each one so chosen to have a voice in the selection of the others.

At a general meeting of the competitors, held on the range, the rule excluding from the Canadian Team those who may have been at Wimbledon twice in five years was sustained, and a motion authorizing the use of any position at the Dominion Matches so long as it is allowed by the National Association was adopted.

Respectfully submitted,
