TAX PAYMENTS
Talk of Changing Method
When Tax Payer Is
In Arrears

No business offering this morning at the committee meeting of the City Council an informal discussion took place in which it was suggested by Mayor Potts that legislation be secured to exempt from taxation for two years buildings erected for dwellings. His Worship also said he had under consideration legislation to allow the city to place a tax on the liquor kept in warehouses here, and to make payments on taxes apply on the whole bill a man might owe, instead of permitting payment of any one year, as at present.

Industrial Survey.
Commissioner Harding asked His Worship if it was his intention to recommend that a man be engaged to make an industrial survey of the city and find out what lines of manufacturing might be induced to come here.

His Worship said he had this in mind but was waiting to see how the assessment was before making any recommendation. If the tax rate was as high as \$10 or higher than last year, he did not think this could be undertaken. Commissioner Frink suggested that it would be well to find out from the men who had closed plants here why they had done so, and Commissioner Bullock said it should be carried further and find out why some plants had left the city.

Commissioner Wigmore suggested that it might be better to run only part time. Commissioner Frink thought this was a matter for the Board of Trade. The Mayor said that while the Board of Trade was doing its share, scattering information about the city, it was the duty of the Council to go out after industries.

Commissioner Bullock asked if there were to be any bills sent to the Legislature this year.

Legislation Suggested.
The common clerk said there would have to be a bill legalizing a part of the bond issue for the hydro system.

Mayor Potts suggested that the meeting be adjourned to the 13th. (Continued on page 3, second column.)

**CANADIAN WHEAT
EXPORT IS HIGH**

**Tremendous Increase in Trade
Since 1914 Shown by
Latest Figures.**

OTTAWA, Jan. 12.—(United Press)—Exports of wheat from Canada to countries of the world have increased 175,000,000 bushels since 1914, according to a report issued by the Dominion Bureau of Statistics.

Wheat shipments ten years ago amounted to 120,426,879 bushels with a value of \$117,119,217, the report shows, while in the year ending October 1, 1924, the Dominion exported 234,108,461 bushels of wheat worth \$80,666,379.

Exports of flour have shown a proportionate gain. Flour mills in Canada number 1284. Of these 123 are situated in the prairie provinces of Manitoba, Saskatchewan and Alberta which produce 90 per cent. of Canada's wheat crop. Domestic consumption of flour in Canada is only about one-quarter of the estimated capacity of Dominion mills.

AFTER MUSSOLINI
Assassination of Italian Dictator
is Predicted at an Early
Date.

By H. BAILEY.
British United Press.

LONDON, Jan. 12.—When will Mussolini be assassinated? This is the question that is being freely asked today by close observers of the Italian situation here, men who are not only staunch admirers of the Italian dictator but are men holding positions of political portents with the closest scrutiny assuming that the assassination is only a matter of time and they would not be surprised to hear that the deed has been accomplished at any moment.

**EIGHT KILLED BY
ILLUMINATING GAS**

NEW YORK, Jan. 12.—Eight persons were found dead or fatally poisoned from illuminating gas here yesterday. Three others who were overcome were revived and will probably recover. Only one of the eleven is believed to have turned on the gas with the intention of ending his life.

Marion Dunbar, a "Broadway Butterfly" of twenty years ago, was found among the victims. She was found dead in her room, gas flowing from a jet on the wall.

**MRS. SNOWDEN HAS
BITTER CRITICISM**
SAYS MACDONALD'S LEADERSHIP WORST YET.

MONTREAL, Jan. 12.—"Why did the government go down with a crash?" Mrs. Phillip Snowden, wife of the Chancellor of the Exchequer in the late British Labor Government, asked during an address here Saturday. "In my twenty-three or twenty-four years' experience," she said in reply to her own question, "I have never known such misrepresentation of facts. Other forces combined to defeat a government which was becoming too popular and getting too strong a hold on the affections of the people. They were the worst political leadership in modern times—our own leader. The man took too much upon himself."

Praises Royalty.
Digressing Mrs. Snowden made the following reference to the British throne: "The British King and his court have behaved to British Labor with so much courtesy and dignity, and so much fairness, that they have raised themselves immeasurably in the estimation of the working classes of Great Britain and have established their throne forever so far as we can see it, the throne."

**FALLS DEAD WHILE
LIGHTING STOVE**

Esra Miller, 82, Expires Suddenly at Home of His Son in Yarmouth.

YARMOUTH, N. S., Jan. 11.—The death of Esra Miller, a lifelong resident of Bear River, N. S., occurred suddenly at the home of his only son, Avarad H. Miller, Yarmouth South, yesterday afternoon. He was 82 years old. He had been in a fair state of health and was around town every day. Yesterday afternoon he stopped to light a fire in a small stove, and as he did so he fell prostrate and passed away in a few minutes. Mr. Miller with Mrs. Miller came to Yarmouth last fall to spend the winter with their son.

Besides the son mentioned, he leaves his widow and one daughter, Mrs. A. Lewis, of Yarmouth, N. S., also two sisters, Mrs. Franklyn C. Kinney, Yarmouth South, and Mrs. Byron Harris, Bear River. A funeral service, conducted by Rev. Bruce D. Knott, pastor of the Temple United Baptist Church, will be held at the home of his son Tuesday afternoon and on Wednesday the body will be taken by D. A. R. to Bear River for interment.

OTTAWA, Jan. 12.—Fire, of unknown origin, breaking out in the rear of the G. H. Holbrook tailor shop, Sparks street, yesterday, completely destroyed the Holbrook store and building overhead entailing a total loss of \$150,000. The Holbrook chambers were completely gutted, only the brick wall remaining, while smoke and water caused heavy damage to the Royal Bank Chambers and to the Bank of Toronto building which adjoin the burned property.

Soviets Bring To Trial Man Who Betrayed Comrades In Assassination 45 Years Ago

MOSCOW, Jan. 12.—One of the most extraordinary trials in the criminal history of Russia has opened here. The defendant is Ivan Okladski, 73 years old, who participated in the assassination of Alexander II in 1881. Okladski is on trial for his life on the charge of having turned traitor and betrayed his accomplices in that famous murder which shocked two continents. His confession following the slaying

**FOREIGNERS IN
SHANGHAI FIGHT
LOOTING TROOPS**

Panic Follows Seizure Of City By Chi Hsiuh Yuan SENDS WARSHIP

British Send Battleship Carlisle To Assist Protection of Foreign Colony There

SHANGHAI, Jan. 12.—A British warship was rushed here from Wei Pei today and strong contingents of police and coast-guard were posted along the boundaries of the foreign settlements for protection against possible incursions of panicky Chinese following Chi Hsiuh Yuan's seizure of the native city yesterday.

Almost without firing a shot, troops of the former Chi Li commander surrounded the native barracks here, rounded up three divisions of Hu Pei forces and effected a bloodless coup d'etat.

Guard Foreigners.
Meanwhile other of Chi's troops were defeating an Fu regulars in fighting about five miles from Shanghai. Immediately after coup became known, Americans and other foreigners took steps to guard the French and international settlements. They were none too soon, for within a few hours Chinese refugees were streaming into the native city and trying to make their way to the foreign settlements.

Ships Looting.
Defeated Fu troops started looting the native quarter, terrorizing the Chinese inhabitants. Stray shots spat into the French settlement, several of them lodging in the bodies of Chinese. No foreigners were wounded.

The British authorities sent for the warship Carlisle, which is en route. Several bands of soldiers which penetrated within the boundaries of the French settlement which was nearest the looting in the bodies of Chinese. The British immediately adjoining or surrounding the foreign quarter were at the mercy of the soldiers, but authorities of the foreign quarter today expressed their confidence that their defence units would be able to handle any emergency and that no fear need be felt for the safety of any foreigners in Shanghai.

INHERITS FORTUNE

Rich Deckhand Falls Heir to \$157,000, But Sticks to Job.

WILMINGTON, Del., Jan. 12.—Inheritance of a fortune of \$157,000 makes no difference in the life of William Tracey, a young deckhand on a William Line steamer plying between this city and Philadelphia.

Tracey, 21, married and said today that he planned to continue working as a deck hand as long as he could hold his job. The position, he said, pays him \$120 a month and he is "contented and satisfied."

MAINE LAWYER SUICIDES.

MARS HILLS, Jan. 12.—Howard Pierce, 64, prominent attorney, president of the board of trustees of the Aroostook Central Institute and former State Senator, ended his life by shooting himself with a rifle. Despondency because of ill-health is believed to have been the cause for the act, as he had been suffering from Bright's disease for some time.

GOVERNMENT CONVENTION.

**PROTEST GERMAN
RADIO PROPAGANDA**

LONDON, Jan. 12.—The Germans are taking advantage of the radio to broadcast propaganda. They employ men speaking perfect English who after a time tell listeners in what the Germans feel about the prolongation of the occupation of the Rhine zone and the reparations question. Many protests are being voiced against this new form of propaganda.

SUMMON BANEZ TO FRENCH COURT

PARIS, Jan. 12.—Vicente Banez Ibanez, the Spanish author, who has recently been denouncing the King of Spain and the Spanish Directorate, has been summoned by Examining Magistrate Baquet to appear before him in Paris January 13, together with Ernest Flammarion, Ibanez's French editor.

Senior Ibanez is reported to be in indifferent health at Mafomein, and according to announcement, he will not be able to appear on that date. He added, however, that Mateu, his counsel, would appear to answer the summons.

Defence of Author.
Deputy Paul Lafont, former Under Secretary of State, has sent Premier Herriot a letter saying that he had decided to interpellate the government on the Ibanez proceedings.

Fire Started in Pool Room and Spread Rapidly

WATER SHORTAGE

Volunteer Fire Brigade Also Hampered By Severe Cold In Fighting Blaze

MONCTON, N. B., Jan. 12.—Damage estimated at \$150,000 was done by a fire which broke out about five o'clock this morning in Pettibon, N. B. The blaze is supposed to have originated in a pool room which was totally destroyed, as was Price's restaurant with all its contents, S. L. Stockton's store and dwelling, offices of Doctors A. A. Marshall, and C. F. M. Purdy, the Kodak Hotel, with most of its furnishings, A. G. Parkin's store and dwelling, S. S. Goggin's store and dwelling, the last occupied by Mrs. Pollock, who lost all of her personal effects and the stock in the millinery establishment, which she conducted.

Hampered by Cold.
The Bank of Nova Scotia building which adjoins that of S. L. Stockton block, was protected by a double brick wall and the progress of the flames was halted there although at nine o'clock the town volunteers were still at work, hampered by the cold and lack of water, which must be obtained from wells.

Second Big Blaze.
This is the second disastrous fire which has visited the village within the past few years, the last covering practically the same territory, and a result most of the structures destroyed today were new.

The Kodak hotel was a new concrete structure and its furniture and furnishings were also new. Practically all the buildings destroyed today have been built within the last five years and this second destruction of the business district of the town in such a short time is a hard blow.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

TWO ORPHANS' WITH BIG CAST TONIGHT

Production Will be Memorable One—None Should Miss It—Ladies' Matinee Tuesday.

The Carroll Players will be considerably augmented for the big production of "The Two Orphans," which opens tonight. Mr. Carroll has spared no expense to give local theatre goers a Metropolitan presentation of one of the most popular of all stage plays, and large audiences should greet the Players during the entire week.

TONIGHT'S BIG SHOW AT THE IMPERIAL

Several years ago, when the sordid conditions of war were clouding the minds of the people of St. John, as everywhere else, the old Nickel Theatre in Caverton street and its handsome successor, the Imperial, brought numerous fine vocalists to the city and merged them into their film programme of entertaining the household element of St. John with edifying musical features.

Now, however, the Imperial has made changes which will allow of a grammar and last week's pleasing shows are being succeeded this week by nightly concerts of an orchestral and vocal character in which Bernard O'Mara, Irish baritone, and Jeanne Palara, contralto and pianist, will be prominent features.

This excellent singing duo will be heard at 8:30, in connection with the instrumental concert and again at 10:15, so that late comers will not miss them. The film programme for tonight and Tuesday will be featured with Thomas Hardy's remarkable English novel, "The Mayor of Trenton," in which a remarkable cast of favorite stars will perform for the Goldenwyn Cosmopolitan Company. The usual scale of prices.

Accompanying the band will be Mrs. C. O. Morris, F. J. Joyce and Miss Vera Trevis, who will give vocal selections. David Higgins, a member of the band, also will sing, and Fred Hasel will give a reading. The members will return early Wednesday morning.

Comedian's Wife Is Badly Burned

LOS ANGELES, Jan. 12.—Flames which wiped out the Harold Lloyd studio on Santa Monica boulevard, nearly burned Mildred Davies, wife of the comedian, to death. Mrs. Lloyd, herself a screen actress, was trapped when the blaze suddenly roared through the sets of cheap wood and canvas, and fell to the floor overcome by smoke. She further was injured by falling debris before being rescued by a stage hand.

J. Perchanok's in Dock Street is Broken Into Over The Week-End. Jacob Perchanok's store in Dock street was broken into some time between Saturday night and early this morning and ladies' dresses and sweaters were stolen. The thief or thieves forced an entrance through a small door in the rear, which is used for removing ashes. The case is being investigated by the police.

IS OPTIMISTIC AFTER VISIT TO GREAT BRITAIN

O. G. Branscombe of St. John, Completes 26th Voyage

ELECTION RESULT

Stability Follows Baldwin Choice in England Under Deluge in December

The stability afforded business conditions by the recent election results in Great Britain and the United States should have an effect for the better on the world's markets in the opinion of O. G. Branscombe, buyer for Manchester Robertson Allison Ltd., who completed his twenty-sixth round-trip annual trip to Europe on his arrival here Saturday on the C. P. liner Montserrat. Mr. Branscombe spent about three weeks in England, and later crossed to Paris.

During the Labor Government regime, he said, the large conservative element, composed of big investors, were fearful to go ahead with their plans, but the advent of the Baldwin Government ushered in one of the strongest regimes in many years and this, coupled with the results of the United States elections, should have a markedly improved effect throughout the world.

Export Business Poor.
Export business in Britain, however, Mr. Branscombe found to be poor. Due to the heavy rate of exchange between Britain and the continental countries, the market had been considerably restricted. Where formerly the Frenchman paid 26 francs to the pound, he must now pay 47 francs. Italy was worse, Russia was hopeless, and Germany was only getting to his feet. There were some bright spots on the horizon, however, that led close observers overseas to think that 1925 would show improvement.

Very Rainy.
As to the outstanding incident of his visit, Mr. Branscombe said it was "Rain." Never in many years had England been so deluged with rain as during December. The Thames became so much swollen that it overtopped the banks, causing thousands of tenants to remove to higher lands, particularly in the London suburbs.

FINE PROGRAMME
Selections of Sacred Music Are Given in Fairville Baptist Church.

A concert of much merit was given in the Fairville Baptist church yesterday afternoon. Alexander Cruikshank, organist of the Christian church, Douglas avenue, assisted by the McCaechern quartette, had the programme in charge. Mrs. V. R. Henderson was the soprano soloist and William McCaechern the tenor.

Good Programme.
The programme was as follows: Anthem, 'Glory to God,' Eastman, sung by the quartette; organ solo, 'I'll Sing of Thee,' Tannhauser, by Wagner; Mr. Cruikshank, tenor solo, 'The Ninety and Nine,' by Campbell; William McCaechern, organ solo with an a, b and c, the first two being 'Rejoice,' 'In the Springtime' and 'Pastoral Movement.' The organ composition of Mr. Cruikshank, played by special request was 'The Rosary' by Newman. The selection by quartette was followed by two selections by Mrs. Henderson, 'O for the Wings of a Dove,' by Mendelssohn, and 'Now the Day is Over' by Barnby. The first number was an organ solo, 'March of the Marionettes,' by Shepherd.

ATTENDED FUNERAL.
Mr. and Mrs. Clifford Atkinson and Alexander Sherwood and son, Farley Sherwood, motored to Dipper Harbour on Sunday, to attend the funeral of their cousin, Leon W. Francis Campbell, who was buried on Sunday.

Edith Avenue and St. Patrick Scouts Have Get-Together

Jolly Time is Enjoyed at Silver Falls—Other Activities.

The Boy Scout troop No. 6, of Edith Avenue, East St. John, had a visit to the St. Patrick's troop, No. 20, at Silver Falls on Saturday night and when the members had thoroughly enjoyed the outdoor pleasures of coasting and skating they assembled in the recreation room of the Boys' Industrial School at the Falls where the Edith Avenue troop, under the direction of Miss Ada A. Foley, R. N., gave an excellent first aid demonstration.

Biting Cold Greeted Folk Out Early
Milder as Clock Hands Travel But Weather Man Says Continued Cold.

The thermometer registered six below zero this morning and five above at noon. It was snappy enough in the early morning. The wind blew at eight miles an hour, coming from the north, which accounted for the cold atmosphere, which was clear. The promise, as given from the Observatory on Douglas Avenue, was continued cold, fair weather throughout today and Tuesday.

ST. JOHN, N. B., JANUARY 12, 1925

CANADA'S BORROWINGS.

A statement has been issued showing that in the year 1924 all Canadian borrowings exceeded \$500,000,000. Of this amount \$234,991,400 was on account of the Dominion and Provincial Governments.

WHERE SOME MILLIONS GO.

Gladstone once asked Chauncey M. Depew who the wealthiest man in the United States was, and when he was told the name of Rockefeller, Vanderhilt, Russell Sage, Carnegie and others, he was amazed and expressed fear that such fortunes were being accumulated.

FAITH IN THE WEST.

We read so much about the Hudson Bay Company in the early days of Canada, when the area which was governed by the company and its factors included all of the western provinces and north to the Arctic circle.

THE EVACUATION OF COLOGNE.

The tenth of January, 1925, was the date fixed by the Treaty of Versailles for the evacuation of Cologne by the Allied forces. It has been known for several months, however, that the evacuation would not take place on this date, and the failure of the Allies to retire from their bridge-head on the Rhine will cause no surprise to the Germans.

Two of the obligations imposed upon Germany, to which the Allies have attached special importance, have been the payment of reparations and disarmament. After five years of continual effort and negotiation the reparations issue has been finally placed upon a footing satisfactory to the Allies by the adoption of the Dawes plan.

The Allied requirements with regard to the disarmament of Germany have been clearly defined. In the note prepared by the Conference of Ambassadors on March 5 last, Germany was called upon to furnish the Military Commission of Control with satisfactory evidence under five heads:

The British attitude on the question of evacuation has been much more moderate than the French. To Premier Poincaré's contention that the five-year period of occupation allowed under the Treaty does not begin to run until Germany has fulfilled the letter all her obligations, Great Britain has refused to assent.

We are to have an eclipse of the sun on the 24th of this month. So far as we can learn the part of the country will not be plunged into gloom. The eclipse will be visible in more favored communities such as Toronto, Hamilton and London, and it is said that the best point of observation will be Hamilton, where upon the mountain an observation post will be raised to view the phenomenon.

Odds and Ends

"You never know what you'll find among the odds and ends"—From "Notes by a Wayfarer."

Is It Fair? (Everybody's Magazine) None but the brave deserves the fair—and none but the brave can live with some of them.

Municipal Coincidence. (Exchange, British) Here is a municipal coincidence: The new Lord Mayor of London is Sir Alfred Bower, and the new Lord Mayor of Birmingham is Alderman P. Bower.

Very Particular. Good Hardware. "Yes, m'inn, we keep cut-openers," said the one-eyed hardware merchant.

State Competition. (Johannesburg Times) On one side we have ferret and patriotic appeals to the public to support South African industries, if for no other reason than that every penny spent on South African commodities remains in the country and is circulated again.

U. S. Business Success. (The Scotsman) What is the secret of American business success? Why does the American worker receive higher wages and enjoy a better standard of living, in spite of higher prices, than the workman in this country?

Skyscrapers and Traffic. (New York Evening Post) The solution of the traffic problem is never to be found along the line of present search and experiment, declares William O. Ludlow of this city.

Maine and Potatoes. (Portland Press Herald) The readers of the Press Herald are taking a great interest in the potato problem in this State.

The Cat's Mew. An English snapper, in revolt against criticism dashed off a snappy reply, as follows:

Reserved Seats. (De Pauw Yellow Crab) Dumb Don (street office)—"Oh, John, it says, 'Entire balcony 25c. Let's get it, so we'll be all alone.'"

Apple Sauce. (The Progressive Grocer) Uncle John—"Now, Bobby, if you had 12 oranges, and I gave you one more, how many oranges would you have?"

Learning Farming. (Good Hardware) "How old is your cow?" "Two years." "How can you tell?" "By her horns." "Oh, yes. I see. It only has two."

WAR IN EUROPE

UNLESS GERMAN INDEMNITY GOVT

Paish Fears Outcome Of Reparations Issue

FRENCH POSITION Noted British Financier Says German-Russian Alliance Is Likely

PHILADELPHIA, Pa., Jan. 12.—Sir George Paish, eminent British financial authority, said today that unless Germany's reparations indemnity was reduced and the French left the Rhineland, another European war was inevitable.

"Unless a solution, just and reasonable to all is reached," declared Sir George Paish, "I do not believe that the French will stay in the Rhine territory until reparations are paid and it is physically impossible for Germany to meet the original amount."

"Germany will not make the mistake she made the last time in having Russia as an enemy, but will have that nation as a friend. Germany and Russia will be able to overrun Europe and establish a military despotism."

The Dawes report did not entirely solve the reparations problem, but it improved the situation, the speaker said. He added that people in all parts of Europe looked to America to bring about a better spirit of international friendship.

Germany and Russia. "Germany will not make the mistake she made the last time in having Russia as an enemy, but will have that nation as a friend."

WARNED BY BRITAIN TO STOP IRAK RAIDS

BAGDAD, Irak, Jan. 11.—In consequence of raids recently made by Akkawi tribesmen—followers of Ibn Saud—on the Irak tribes 70 miles southwest of Nasiriyah, a strong force of airplanes located the raiders and attacked them with bombs and machine guns, killing 50 men and many camels.

The British High Commissioner has sent a strong note to Ibn Saud to the effect that the raids must cease and the loot be returned; otherwise the raiders will be severely punished in future.

NEW AGREEMENT WINS APPROVAL AT PARIS CONFAB

Army Cost Payments To Extend Over 20 Years

U. S. POSITION Changes From Mere Observer to Actor, Is Comment of European Observers

PARIS, Jan. 11.—General satisfaction at the United States, through the agreement reached at the conference of Allied Ministers, has become "one of the contracting parties to the Dawes plan and the general reparations question," was expressed by all the European statesmen here today.

The European statesmen here held that from mere unofficial observers the United States had become an "interested party" in the solution of the reparations problem.

From British sources it was learned today that by the Anglo-American agreement the army cost payments will be spread out over a period of 20 years, from 1923.

This seems to be considered a success for the British. The payment of the United States reparations claim will extend over the whole period of the Dawes annuities in the form of a fixed percentage—the figure not being disclosed pending the receipt of Washington's approval—beginning from the extinction of Belgian priority late in 1928.

French Seem Satisfied. The United States figure of \$300,000,000 for the total United States war damage were not accepted by the British, and the compromise agreement is under a fund received from the Dawes plan, France's share of the first three or four years of the annuities would be equivalent to about \$100,000,000 gold marks.

Intensive studies will be made of the work being done by the railroad bureau, organizations interested in traffic regulations, government departments and all other public or private agencies working in the general field of transportation.

COFFEE HOUSES BACK

VIENNA, Jan. 12.—Banks may come and banks may go, but the Vienna coffee houses must stay on forever. Austria as a nation is still sailing in a stormy financial sea, and far from port, but the café capital city has almost come into its own again as a quiet rendezvous where families and friends assemble after their day's work. The famous coffee houses are returning to normalcy.

OLD ROMANS WERE DWELLERS IN FLATS

Leading London Architect Says Pompeii Had Goodly Number of Such Houses.

LONDON, Jan. 12.—In the midst of a white-out housing shortage, Britain's oldest city has been found to have had a goodly number of flat-dwellers. To let for the space of five years next to the 15th day of August next to the 15th day of the sixth August thereafter, the Venus Bath, fitted up for the best people, shops, rooms over shops, and second-story apartments, in the property owned by Julia Relix, daughter of Spurius Julius, a Roman aristocrat, was brought forward by a separate staircase from the street.

NOVEL OPERATION

Berlin, Jan. 11.—An iron splinter, one millimeter long, has been removed from the eye of a locksmith with the aid of a gigantic magnet. The splinter had been in the patient's eye for three months before it could be located.

50 Freight Cars Run Over Two Railwaymen

LONDON, Jan. 12.—Arthur Gierston and George Saxton, fireman and driver on the London, Midland and Scottish Railway at Crofton, near Wakefield, were standing on the "plaster" when the engine suddenly broke away from the tender and dropped the two men to the line.

They had no chance to escape. The tender passed over their legs and dragged with it fifty freight wagons, all of which ran over the two men.

Blood Will Tell

You've got to hand it to the old boy! Winter or summer, he's in the pink—sound as a bell—game for the game of the minute. Winter is one swift song for him.

Does Zero bring blood to you the fact that your blood stream is not just as clear and wholesome as it ought to be. When the mercury takes a fall, do your feet and fingertips feel like ice below thermometer readings? These are the indications of a sluggish blood-stream and poor circulation.

More clothes or thicker clothes are no more the true solution than rouge is a real remedy for a pale complexion. Your warmth should come from the inside—from the stomach to the blood—of your body to the extremities of your body.

If your internal organs are functioning properly, your blood-stream will be pure and virile. Your body will glow with the joy of health from top to toe.

All you need to do is start in now and keep up the Kruschen habit of "the little daily dimufu!"—as much of the magic powder as will lie on a ten-cent piece, in your breakfast cup of coffee or tea every morning. You will never be the effect of those six salts that nature provides in truly thermometer readings! These are the indications of a sluggish blood-stream and poor circulation.

Get a 75c bottle of Kruschen Salts at the druggist's to-day—160 morning pinches, nearly a six months' supply. Feel the new refreshed blood coursing through your veins, pounding its way to the parts that need it—ears, toes, and fingertips. Let every fibre of your body tingle with "that Kruschen feeling." The winter was meant to be enjoyed. Get the bottle and get the habit.

KLAN WARNING TO FREDERICTON MAN REPORTED

Woodstock Reports Klan Emis-sary From Maine Did Try To Organize Lodge

FREDERICTON, Jan. 11—A professional man, who is said to be a prominent member of the Knights of Columbus, is reported to have received a "warning" from the Ku Klux Klan. The so-called "warning" is said to have been in the shape of a printed form left upon his office desk by some unknown person while he was out of the place.

According to a report published here, Ku Klux Klan organizers, who have been active in the State of Maine, and who have crossed the international boundary into New Brunswick, formed a branch with 40 members at Woodstock.

Doubt Expressed.

WOODSTOCK, N. B., Jan. 11—With regard to the report emanating from Fredericton to the effect that a branch of the Ku Klux Klan had been organized here, all that can be ascertained is that an organizer of the Klan did pay a visit to the town about a week or ten days ago. He interviewed some of the citizens but whether he actually organized a lodge of 40 members cannot be confirmed. It is possible, however, that something resembling an organization has been formed with fewer than 40 members.

DEATHS

Winthrop Robinson.

HOPWELL Hill, Jan. 11—Very widespread regret was caused throughout his own and neighboring communities by the death of Winthrop Robinson, son of the late Council Robinson, a well known and highly esteemed young man. He passed away at his home in Harvey Friday after a short illness of pneumonia due to a relapse after a partial recovery from a severe cold. Great sympathy is felt for the young man's mother, sister and brothers, who were deeply bereaved on former occasions when two members of the family met with tragic deaths.

Winthrop Robinson was 86 years of

age and was a young man of most exemplary habits, industrious, upright and honorable. He was greatly liked by everyone. He leaves to mourn his mother, who was a daughter of the late Allen Dow, three half-brothers and one half-sister.

The half-brothers are Raymond Robinson, manager of the branch of the Bank of Nova Scotia at Havelock; Arnold, in the employ of T. McAvity & Sons, Ltd., St. John, and Gordon, manager of the branch of the Bank of Nova Scotia at Albert. The sister is Miss Greta Robinson, of St. John. A brother, Clyde, shortly after graduating as a civil engineer, was drowned while bathing at Hamilton, Ont., several years ago and more recently a half-brother, Ronald, was the victim of a shooting accident at his home when he was almost instantly killed by the discharge of a rifle he was cleaning.

Thomas Polley.

Friends in St. John will regret to hear of the death of Thomas Polley, which occurred at his home in Roxbury, Mass., Dec. 27.

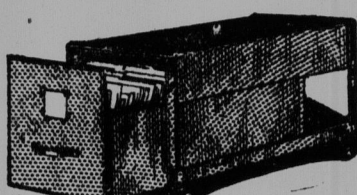

Mr. Polley was born in St. John where he lived all his early manhood. In recent years he made his home in Boston.

Mrs. Beatrice Violet Ryan.

The community was greatly shocked on Tuesday morning, January 6, to hear of the death of Mrs. Beatrice Violet Ryan, wife of Edward Ryan, of Minto, N. B. She was the daughter of the late John Gordon, of Halifax, N. S. She is survived by her husband and six young children, two sons and four daughters. She had been in poor health for a few weeks but the end came suddenly. She came to Minto ten years ago and by her kind and loving manner endeared herself to a large circle of friends. She will be very greatly missed and the deepest sympathy of the community is with the bereaved family. The funeral took place from her late residence on Wednesday afternoon and was largely attended. Interment was made in the Minto cemetery and obsequies were conducted by Rev. Father Moore.

William H. Smith.

The death of William H. Smith, son of the late John and Margaret Smith, of Moncton, occurred at 3 Peter street at 10 o'clock on Saturday morning at the age of 63 years, following an illness of only one week. Mr. Smith had been a sufferer from heart trouble for some time, but was taken seriously ill on last Saturday when he dropped in the street on his way home from attending a meeting of the advisory board of the Waterloo street Baptist church, of which he was a member. He was born in Millidgeville but had lived the greater part of his life in Moncton, coming to St. John in 1917 to enter the employ of the New Brunswick Telephone Company. He drove one of the company's trucks until about a year ago when ill health compelled him to give up his more strenuous out-door work and take over work in the store. He was a favorite with his fellow employes of the

company, and his death has brought much sadness. In the Waterloo street Baptist church Mr. Smith was a leader of many activities and his place in the congregation and Sunday school will be hard to fill. He was assistant superintendent of the Sunday school of the church, teacher of a class of boys in the Sunday school, a member of the choir and a member of the advisory board. He is survived by one sister, Mrs. Alice Smith Callahan, of 1690 University avenue, New York.

The funeral service was held at the residence last night at 8 o'clock, the service at the church having been specially shortened. The house was crowded with representatives of the Telephone Company and members of the Waterloo street church. The service was conducted by Rev. E. R. MacWilliam, pastor of the church, who took for the theme of his address "The Resurrection and the Life," finding his text in John 11: 25 and 26. The choir was present and the hymns sung by her parents, four brothers, and three sisters. The brothers are Florian, Michael, Lionel and Ronald, and the sisters are Mrs. A. Martin and Misses Mary and Kathleen, all of this

Miss Margaret Connor.

NEWCASTLE, Jan. 11—The death of Miss Margaret Connor, one of North Esk's most highly respected residents, took place Wednesday at Sunny Corner after an illness of a few days. Death was due to old age. Miss Connor was born at Sunny Corner in 1824 and lived there all her life, except for the last 12 years during which time she had made her home with John Connor. She was a member of the Baptist church and was a devout Christian. She leaves one niece, Mrs. Bella Anderson, Newcastle, and one nephew, Mont Connor, of Boom Road. The funeral was held on Friday and was largely attended.

LEON CAMPBELL LOSES HIS LIFE

Is Drowned at Dipper Harbor— Leaves Relatives in St. John.

DIPPER HARBOR, Jan. 11—A sad accident occurred at Dipper Harbor East, Friday afternoon last, when Leon Francis Campbell, 42, elder son of Mr. and Mrs. Francis Campbell of that place, lost his life by drowning. The unfortunate man was engaged at the time in making a transfer of gears from a power boat to a smaller dingy and in some unaccountable manner sank the small boat.

He was last seen attempting to swim to the shore, several yards away, when he presumably took cramps, sinking before aid could reach him. He was 25 years of age and is survived by his wife, two small children—one three years and another one month old, his parents, two sisters, F. V. Cascadan, and Miss Grace, of St. John, and one brother, Harry, at home.

He served during the war with

No. 7 Sledge Battery, under Major Barker. Funeral services were conducted by the I. O. of Foresters from his late residence Sunday afternoon, Rev. Norman P. Fairweather officiating. Interment was in the denominational cemetery, Dipper Harbor, west.

GIVES UPKEEP COST OF CANADA MILITIA

National Defence Ministry's Report Shows Permanent Force Half Strength.

OTTAWA, Jan. 11—The present strength and cost of maintenance of various regiments of the Canadian permanent force is revealed in the report of the Department of National Defence. The report states that the permanent force is carrying on with barely more than half their authorized strength.

The total strength of the permanent force—known as the permanent active militia—is 418 officers and 3,183 men. The enrollment is limited by statute to 487 officers and 6,008 men, from which it would appear that the policy of the department is to keep up an almost complete complement of officers for training school purposes.

By Regiments.

The Royal Canadian Dragoons consists of 17 officers and 242 men and the net expenditure for the regiment was \$64,814 during the fiscal year ending last March. Lord Strathcona's Horse maintained 16 officers and 188 men at a cost of \$64,817. The Royal Canadian Artillery kept 86 officers and 617 men at a cost of \$208,970.

The three infantry regiments were: Royal Canadian Regiment, 458 all ranks, \$104,631; Princess Patricia's Canadian Light Infantry, 269 of all ranks, \$59,891; Royal 22nd Regiment, 189 of all ranks, \$43,286.

The Royal Military College at Kingston cost Canada \$898,092 in the last fiscal year. The attendance for the year was 165 and, as well as the regular studies for the cadets, the college carried on staff courses for officers of

the permanent and non-permanent militia.

Cadet Expenditures.

For cadet services \$450,000 was spent in 1924-25 which was the largest amount spent for this work during the last 10 years. The estimates for cadet work for 1925 have been reduced to \$400,000. The total number of enrolled cadets was 110,120 for the year ending last March. Four hundred and eleven teachers obtained cadet instructor's certificates. The annual report states that "unless cadet training which is now receiving the whole-hearted support of educationalists and medical authorities, is to be seriously curtailed, increased appropriations must be made in future." Ontario and Quebec head the provinces with 24,000 and 50,000 enrolled respectively.

Valuable Diamond May Be In Wine Shipment

LONDON, Jan. 12—A prominent wine merchant in Soho has received a letter from a continental exporter stating that possibly a bottle in a consignment of an inexpensive brand of red wine contains a valuable diamond pin.

A STORY ABOUT CEMENT.

He watched his chance and ducked in and shook his cement into the bowl and stirred it up.

Snitcher Snatch was very happy for, as he stood near the door of the beauty he was up to a whole peck of mischief.

HAD BOILS ALL OVER HIM

There is only one way to get rid of boils and that is by going right to the seat of the trouble—the blood—as the bad blood must be made pure before the boils will disappear.

BURDOCK BLOOD BITTERS

cleanses the system and removes all the foul matter from the blood in a way that few medicines will do.

Mrs. Chas. Rankin, Sulley, Sask., writes:—A few years ago my husband had a terrible time with boils.

But he was, Snitcher Snatch was, I mean, he walked out of the beauty shop under her coat and into the elevator, and on down to the first floor—sticking right under her coat.

Once in the street the rest was easy. He made a dive for the cement—dipped in both hands, and stuffed his pockets as full as he could.

"Hi, there!" yelled a workman. "Did you see that kid stealing that cement?" Snitcher Snatch stuck out his tongue and was gone.

"There's that pipe again," said the beauty shop girl. But she looked uneasy. She spread on the mud with the cement in it, as thick as pie-crust.

And it began to dry and get harder and harder. "The lady tried to say that it didn't feel just right, but mind you! She couldn't open her jaws. When the beauty girl came back, there was the lady all turned to stone.

And they had to take a hammer and break her out, and it nearly ruined her. "Whoop—ee!" cried Snitcher Snatch. "Get out of here, you bad little boy," cried the beauty shop girl suddenly spying him.

Snitcher Snatch skeddaddled. The Twins and Johnny Sweep were just a second too late to find him at that place. (To Be Continued.)

SPANISH RIVER SOARS AGAIN IN EARLY TRADING

Denver and Rio Grande Keeps

Course

MONTREAL, Jan. 12.—Only a few of the more important stocks received attention during the early trading at the opening of today's stock market. The feature was Spanish River preferred, which, after attracting considerable attention last week by establishing a new high at 124 and closing for a net advance of 10 1/2 points at 123, jumped another four points this morning to 127, a new high for all time. The common, which rose 7 1/2 points in last week's trading, was up another point at 111.

The strength in this company's stock is explained by an undated report that a merger between Spanish River and Abitibi is imminent and speculation is rife in the street as to how this amalgamation will affect the market value of the respective stocks. Abitibi's last week's rise of 5 1/2 points to 67, was maintained this morning, the issue being in good demand at that figure. Only two other stocks were prominent, these being Brantford, up 1/2 at 86 1/2, and Montreal Power, up 1/2 to 109 1/2.

Shriners Extend Work of Helping Crippled Children

This new hospital shown in the picture is for crippled children. It is being erected in Montreal by the Shriners Order, and practically has been completed and will be ready for formal opening in a few weeks, according to Charles Robinson, recorder for Luxor Temple, St. John. Only details of interior finish and equipment remain to be attended to and the seventh institution of this kind under the operation of the order will be caring for unfortunate children. These hospitals of the Shriners are purely charitable, conducted without regard to creed or race, and in no case is a fee accepted. The construction and maintenance of the hospitals is met by an assessment of \$2 a year on each of the more than 500,000 members of the Shrine, while several generous benefactors have been admitted to these hospitals, and 500 have been dis-Shrine was commenced in June, 1920, and wonderful success has been attained since then. Reports show that 700 children have been admitted, and 500 have been discharged as restored to normal, or very much improved.

Orthopedic surgery, the science of straightening crooked legs, restoring club feet, making diseased spines straight and strong, is not new, but it has made wonderful progress within the last decade. It has been but a short time since a club foot or a crooked spine at birth was looked upon as a "curse of God," and parents resigned themselves, often concealing the defect as best they could. Those who grew up did so under a fearful handicap. But now those crooked limbs are straightened, diseased bones built up by operation and care and children who go into the hospitals literally crawling on all fours, are sent away erect and strong, able to fight the battles of the world on a equal footing with others.

ENGLAND DOES HUGE TRADE IN HORSE MEAT NOW

Majority of Product
Shipped To Con-
tinent

LARGE PROFITS

Flesh Deteriorates Rapidly and
Thus Cannot Be Conserved
In Cold Storage

LONDON, Jan. 12.—(United Press)—A huge and profitable export trade in horse meat for human consumption has been developed here since the war. At present an average of more than 1,000,000 pounds of horse meat is being shipped from London to France and Belgium every month. Smaller quantities are sent to Holland and other European countries.

The demand exceeds the supply. Every worn out, but undischarged horse in England is eyed enviously, so to speak, by continental butchers, and, as a result, the French price, which has averaged about one franc per pound, is increasing.

The English supply for the prevention of cruelty to animals is respected, indirectly, for building up this new and important business. Before the war, and several years thereafter, broken down English horses were usually sold, alive, to French and other European buyers. They were shipped across the Channel and either slaughtered at once and sold as steak, or worked for a while longer in France before being butchered.

S. P. C. A. Protest.

The S. P. C. A. protested on two counts. First, that if the horse was unfit to work longer in England, he should not be worked anywhere else. Second, that the French slaughter-houses for horses did not use sufficient humane methods. For these reasons the society forced a great decrease in the export of broken-down live horses. There was nothing left for the dealers to do except slaughter them in England and export the carcasses.

Business has become much larger than the live horse meat trade ever was. Several special slaughter-houses for horses have been built in London. They are supervised by representatives of the S. P. C. A. and the meat is inspected by government officials, to insure strict compliance with the French standards.

Can't Store Meat.

No cold storage is used with horse meat. The flesh deteriorates very rapidly. So the best possible method must intervene between slaughtering a horse in London and eating him in Paris. Each night about ten officials in Paris telegraph London the estimated quantity of horse meat. Paris can consume the meat for about 11 at night and three in the morning. The London abattoirs slaughter enough horses to yield the amount of meat Paris is estimated. By daylight that meat is on its way to France, by late afternoon it is in Paris butchers shops and for dinner it is on the table.

To Much Talk Gets Boy Term in Prison

COUNCIL BLUFFS, Iowa, Jan. 12.—Ray Snoderly, 16-year-old boy, who talked himself into a 28-year penitentiary sentence for a Council Bluffs robbery and shooting, was taken to prison, although officers are convinced he had no part in the crime.

Snoderly entered a "full and voluntary confession" of the robbery and a shooting of two men. He started talking after he had applied for lodging at the city jail on a cold night recently.

MARITIMES HAVE CHANCE FOR CANADIAN BASKETBALL TITLE

TROJANS EAGER TO GET CHANGE IN BIG SERIES

Must Defend Maritime Championship to Be Eligible

There is a possibility that the senior basketball team winning the Maritime championship this year may compete for the Dominion title.

The finals will be held immediately after Easter and will consist of a series of two games played within three days.

This is the first time in Canadian basketball that any concerted effort has been made to properly define the Dominion title.

JUDGE LANDIS has been true to his promise and is giving out all of the evidence in the Cogan-Dolan-O'Connell scandal.

"SAY BUDDIE, HAVE YOU GOT A MATCH?" was a question asked by a young man in the arena a few nights ago.

Hotfoot for Maritime Title. The Trojans are going out hotfoot for another Maritime title this year and get into the big series.

CLOSE MATCHES MARK PLAY IN CLUB BONSPIEL

Most Successful Event Held By Members In Years

The St. Andrew's Curling Club internal bonspiel held Saturday afternoon and evening proved one of the most successful held by the members in years.

The afternoon play finished about 6 o'clock and the happy curlers adjourned to the banquet room where an excellent dinner was served by an efficient committee.

Play was resumed at 7 o'clock, and at the conclusion it was shown that the rink skipped by C. B. Allan was winner, having the largest majority of any one rink over their opponents during the total play.

Albany Man Brings Word of Improvement in Conditions in England

The Canadian Pacific liner Minnosa, 14,000 tons, in charge of Commander A. H. Nolley, R. D. R. N. R. on Antwerp, Jan. 11, Southampton at Cherbourg, Jan. 2, arrived in port yesterday morning at 10 o'clock and secured at Sand Point. The ship experienced very rough weather during the voyage which had a devastating effect on the physical well-being of many of the passengers, but particularly among those traveling third.

334 Passengers. The Minnosa brought a total of 334 passengers, 65 in the cabin and 269 in the steerage. The majority of the steerage were Europeans and included a full party of Minnoscians bound for settlement in the West. The cargo being very light, some 671 tons, some of it shifted in the rough weather and the boat arrived yesterday with a pronounced list. There were 61 bags of mail and 296 bare parcels post.

English Conditions. Not only was there a feeling in England, among all classes, that 1925 was going to prove a good year for business and that industry would take on new lease of life, but the change for the better was already noticeable and dusty was at the present moment taker than it had been for several months, said Hermon Stevens, of Calgary, who arrived here yesterday on the S. Minnosa, after having visited his other at Christmas.

Better Known. Canada was better known in England, more than it had ever before, to the exhibit at the British Empire exhibition. Of all the people with whom he had talked, there was but one woman, who did not seem to be from the Dominion, and she was a woman from New Zealand who had concentrated the building of that country to learn as it was like.

Realize Chances Here. The Canadian exhibit had another effect, aside from introducing the country to the rank and file of Englishmen, and that was that it had made a capital sit up and take notice of the possibilities of this land, said Stevens. During his visit he had had conferences with business men and had learned all they could about the country, from one who had emigrated here from their own land and knew conditions as they existed, speaking of immigration from South Africa and Australia, more especially South Africa, were coming very heavily in the British isles for immigrants, whereas there seldom a mention of the fact that Canada needed more population. Being Canadian he remarked this was good.

HER NERVES SO BAD SHE COULD NOT SLEEP

Mrs. Grace Kitchin, St. George, writes:—After having a severe attack of pneumonia I was left in a bed for so long that I could not sleep. My nerves were so bad I could not sleep at all, and in the day time I had terrible fainting spells, caused by my not being well. Finally I got so bad that I had to take my bed for weeks at a time, but one day I read about MILBURN'S HEART AND NERVE PILLS.

MILBURN'S HEART AND NERVE PILLS

decided to try them. After taking one box I felt a slight improvement. I have now taken five boxes, and I have gained more than I had in any other way. I can now do all my own housework as well as considerable outside work. I can recommend Milburn's H. & N. Pills highly for those suffering I did."

PROHIBITION IN ONTARIO THEME

Rev. W. C. Millson, Social Service Worker, Speaks in St. John Churches.

Rev. W. C. Millson of the department of Social Service and Evangelism of the Methodist Church in Canada, was the preacher in Carleton Methodist church yesterday morning and in Centenary church yesterday evening and in the afternoon he gave the address at the session of the Sunday school of Queen Square church. He leaves the city today to continue his tour in the Maritime Provinces but will return to St. John to attend the St. John District meeting which will be held in Centenary church on Jan. 22.

Home for Girls. In Centenary church last night Mr. Millson referred to the recent vote on prohibition taken in Ontario. He pointed out that in the sections where the law had been rigidly enforced prohibition had carried with a large majority but in the cities where there was lax enforcement the Liberty League succeeded in carrying the vote against prohibition. The rural sections had given the majority which sustained prohibition for the province. Mr. Millson said the result had shown that the enforcement of the act was its strongest commendation.

Speaking of the social service work of the church he made special mention of the good being accomplished by the Maritime Home for Girls at Truro, very highly commending the superintendent, Miss Strother. With a knowledge of all similar homes in Canada and the United States, he declared there was none with a more capable superintendent, and none more successfully managed. He spoke also of the church orphanages and then described the latest work undertaken, a farm where juvenile offenders are sent for a primary course of training.

IF KIDNEYS ACT BAD TAKE SALTS

Says Bachache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water salts and you are obliged to seek relief two or three times during the night.

DIGBY MINISTER

Rev. E. L. Munns Preached on Sunday in Main Street Baptist Church.

The services in the Main street Baptist church yesterday were conducted by Rev. E. Lawrence Munns of Digby. In the absence of the pastor, Rev. David Hutchinson who was in Ontario, and who resigns from his pastorate of the Main street church at the end of April. Mr. Munns preached forceful sermons and large congregations both morning and evening heard his messages with close attention and much appreciation. His evening sermon was based on the story of Moses and the text "When he had come to years of understanding." Mr. Munns said that everybody must give up something in this world and Moses had decided to give up the pleasures of Egypt. Moses had made that decision because it was right, because he realized that pleasure endured only for a season.

SUES FOR \$252,500

Lawyer Claims This Amount For Introducing Attorney to Client.

NEW YORK, Jan. 12.—A suit has been filed in the Supreme Court against Henry M. T. Beckman, a lawyer, by William F. Reilly for \$252,500. The plaintiff, represented by the law firm of George W. Olvany, Tammany leader, alleges that on July 13, 1921, Beckman agreed to pay him half the fees received from a client introduced by Reilly. Reilly alleges that Beckman received fees exceeding \$600,000 from the client, Mrs. Beatrice P. Trenkman. This, he says, entitled him to \$302,500, but he got only \$50,000. Beckman said he would file a general denial in the case.

DOVER-FOXCROFT, Me., Jan. 12.—Mrs. Lyman Reynolds of Sebec, formerly Miss Grace Lewis, a wealthy Sebec, Mass., society leader, has been sued for \$100,000 for alienation of affections by Mrs. Reynolds' first wife, Mrs. Katherine Reynolds of Cambridge, Mass. The writ was filed in the Middlesex County Court in Massachusetts by the attorney for the plaintiff.

Divorced First Wife. Mr. Reynolds said to Sebec about three years ago, buying a good sized farm and putting the business in first class condition. After he had been in Sebec several months, he applied for a divorce in the Piscataquis County Court, but it was refused on the ground that he had not resided within the state a sufficient length of time to become a citizen.

At the next term of court, however, he obtained the divorce, and within a short time left for Massachusetts, returning in a few days a married man once more. Mr. Reynolds has told many of his friends, it is said, that he first met his second wife—then Miss Lewis—while he was confined in a hospital, where she came to bring flowers to the sick. It is reported that the hospital acquaintance will figure in the proceedings brought by the first wife.

SWALLOWS LIVE VIPER

PARIS, Jan. 12.—When an autopsy was performed on a young girl who died in terrible agony at Berny, a live viper was found in her stomach. The viper had eaten a portion of her intestines. It is thought that in drinking from a stream, she had swallowed a young viper or a viper's egg.

IS DEDICATED AT STONE CHURCH

Communion Rail Gate is Gift in Memory of William and Catherine Patton.

A gate for the communion rail in St. John's (Stone) church was dedicated at the morning service in the church yesterday by Rev. J. L. Fleming, rector. The gate, which is a very beautiful piece of art craft work and exactly matches the communion rail for which it is a continuation, was presented to the church in memory of William and Catherine Patton and was the gift of members of her family. The brief dedication service was most impressive.

GERMAN NOVELTY

Manufacture Note Books Out of Bank Notes Discarded in Berlin.

BERLIN, Jan. 12.—Quite the most original, and at the same time cheapest, present it is possible to buy in Berlin this year is the little note-book made of perfectly clean and unused one-hundred-million bank-notes from the worst months of Germany's inflation period, and priced at two and a half pennings—exactly one quarter of a cent.

CANT OPERATE

Metal Too Near to Brain of Frederickman, Injured in Fall.

FREDERICTON, Jan. 11.—Percy Rickard, of Barker's Point, is reported in a serious condition at Victoria Hospital. The man was the unfortunate victim of an unusual accident. While engaged several weeks ago in the construction of the new High School he fell from a gangway, wheeling a barrel of brick. He fell upon a plumber's heater, which was in operation. The molten lead penetrated his head and a portion of it remains there. An operation to remove it recently disclosed the mass so close to the brain that it was inadvisable to touch it.

Carrier Pigeon Was Hero in War PARIS, Jan. 12.—A hero of the war has died of old age at the age of 10 at Montreal, north of Tours. By name and description he was known as Carrier Pigeon. He was a small, round, fat bird, and was proud to wear on one leg a ring, equivalent to the Medaille Militaire, which was awarded to him after the following mention of his deeds had been made in despatches:—"On three different occasions, during the battle of Verdun, under heavy fire, the rapid transport of very important messages. In particular, ensured the communications of Major Raynal, defender of Fort Vaux, on June 3, 1916, at a time when his troops, who were surrounded, were deprived of any other means of communication." After the Armistice the pigeon was kept as an honored guest in the army barracks.

BISHOP WARNS AGAINST DANCE HALL DANGERS

TAG DAY MATTER

Commended By Many For
Stand Taken Against
Tagging

Speaking at the 9:15 o'clock mass yesterday His Lordship Bishop LeBlanc classified dance halls as "the plague of the present age." Referring to the matter of tag days, on which he had spoken last Sunday, he said that many people, Catholic and Protestant, had spoken to him during the last week in support of the stand he had taken. He was glad to find that a great many felt as he did in reference to these matters. Tag days were always a nuisance, he said. The principle was wrong and no matter how they might be held in the future he did not intend to announce them from the pulpit.

Give Warning

Yesterday was one of the two occasions during the year when it is necessary that Catholic pastors shall speak of the sacrament of matrimony and outline the teachings of the Church regarding it and the regulations governing the administration of it. In this connection, speaking on the association of young people company keeping, engagements and the like, His Lordship was very outspoken against the dangers of the dance halls. Girls went there, unaccompanied, he said. Often they followed automobile drives and a return home at all hours in the morning. He spoke strongly to parents on the duty they owed to their children to restrain them, to guide and counsel them.

A regular high mass will be celebrated in the Cathedral of the Immaculate Conception on Wednesday morning at 8 o'clock for the repose of the souls of the dead of the parish and in particular for those who had died during the last year.

DR. F. A. L. LOCKHART DIES IN MONTREAL

Son of Former St. John Mayor
Succumbs after Misfortune
on Hunting Trip

The death occurred on Saturday, Jan. 10 at the Montreal General Hospital, of Dr. F. A. L. Lockhart, formerly of this city. Dr. Lockhart had been on a hunting trip in the St. Maurice Valley and had the misfortune to have his feet badly frozen. At first his condition seemed not all serious, but word was received last Thursday by his half-brothers, William A. and George A. Lockhart, of this city, stating that his health was rapidly failing.

Mr. and Mrs. William A. Lockhart left by the evening train on Thursday with Dr. Lockhart when he passed away. He was the son of the late W. A. Lockhart, once Mayor of St. John, and later Collector of Customs, and the late Mrs. Mary E. (Lawton) Lockhart. Dr. Lockhart was a student in the St. John Grammar school and later studied in Merchiston Castle School in Edinburgh, Scotland, as well as at McGill University, Montreal, where he took special studies in gynecology. He was a professor in several of the Montreal colleges on a special subject and had for years conducted a private hospital in gynecology in Montreal, meanwhile lecturing in the leading universities of the city on gynecology. He has written several treatises on the various medical subjects in which he was expert, beside his specialty. Besides his wife, who is a Montreal woman, Dr. Lockhart leaves two daughters, also three brothers, William A. and George A. Lockhart, of this city, and Rev. E. B. Lockhart of Portland, Oregon, and one sister, Mrs. J. G. Henderson of this city.

The funeral will be held in Montreal on Tuesday and interment made there.

Rev. Father McDermott To Leave For Rome

Rev. J. J. McDermott, pastor of St. John the Baptist parish, announced to his congregation yesterday that it was his intention to visit Rome this year and that he expected to leave shortly after Easter on the trip. He had made the Holy Year pilgrimage in 1900.

Winnipeg Member To Speak in St. John

J. S. Woodworth, Progressive, M. P. Winnipeg, who is touring the Maritime Provinces, will arrive in the city Tuesday and address a mass meeting open to the public that same evening. What the exact subject of his address will be is not yet known by the executive of the Trades and Labor Council, under whose auspices he will speak here. The choice of a hall has not yet been made.

PROMOTERS APPOINTED.

At the monthly meeting of the Promoters of the Society for the Propagation of the Faith, in St. John the Baptist church last evening, 30 new promoters were appointed. Rev. J. J. McDermott spoke briefly, outlining the work of the society. A drive was started for new promoters, which will be in charge of Nicholas Krupny, George McDermott, Miss Jennie Stevens and Miss Maud Fraser.

HORSE INJURED

Saturday morning about 11 o'clock a horse owned by the Maritime Packing Company, 17 Hammond street, was frightened by a dog in St. James street, West St. John, and ran away. The horse broke through a fence at the foot of Ludlow street and ran along the C. P. R. tracks to the elevator, where it was caught. The animal received a badly injured foot and the sled to which it had been attached was badly damaged.

NEW MANIFEST USED

G. G. Coughlan, an inspector of the Immigration and Colonization Department, Ottawa, was in the city over the week-end to report on the success of the new manifest being adopted by passenger liners arriving here. He reported that the manifest was a marked improvement over that in use formerly because it presented at a glance all of the necessary information regarding each passenger. It is similar to that used on liners calling at American ports.

TAGGERS GET \$1,028.22

The tag day for the St. John Health Centre on Saturday netted \$1,028.22 and the committee in charge were very greatly pleased with the cordial reception they were given by the citizens generally. The weather favored the taggers and all sections of the city had been thoroughly canvassed by 1 o'clock. The Health Centre was headquarters for the workers and Mrs. E. Atherton Smith, convener of the tag day, and means committee was general convenor for tag day. The arrangements had been excellent, and the workers entered upon their task with enthusiasm.

AGED CHINESE ROBBED.

Song Lee, an aged Chinese who conducts a laundry at 117 Charlotte street, was held up by a lone bandit at 1 o'clock Sunday morning in Church street and robbed of \$25, his entire roll. The old gag of "Can you give me a match" was adopted by the thief, who stopped the Chinese at the corner of Church and Germain streets. While the laundryman was searching his pockets for a match to oblige the stranger, the man forced him into Church street at the point of a gun and relieved him of his day's receipts. Song Lee was proceeding at the time to North street, where several of his countrymen live.

St. John The Baptist Society Is Very Active

J. Butler and E. Lowe, upholding the affirmative of the question, "Resolved that union labor is beneficial to the country," were awarded the Judges' decision when they debated the question with Russell Killen and Leo Killen, at the meeting of the Young Men's Society of St. John the Baptist parish, in their rooms yesterday afternoon. This, the third debate, in which the members of the society have participated this year, was well presented. There was many people in attendance. Thomas Nagle, Anglin Gorman and James L. Sugrue, were Judges. While the society was addressing a decision the society was addressed briefly by Hon. R. H. Ritchie, M. P. Agas and Rev. J. J. McDermott. This evening the members will be at home in the rooms of the Ladies' Society of the church and tomorrow evening they will enjoy a card tournament.

C. W. ROMANS OF CANADIAN CLUB DIES SUDDENLY

Secretary of Local Organization Stricken
On Sunday

WAS 64 YEARS OLD

Earnest Worker For St. John Mourned By Many Friends

Suddenly stricken, Clifford W. Romans passed away at his home in Goodrich street, yesterday morning at 10:30 after an illness of only two days. For years he had been a sufferer from asthma and a weak heart, but he was taken seriously ill on Friday morning. As the sad news spread throughout the city yesterday there was deep sorrow and profound regret at the death of one who held the respect and esteem of all who knew him, and had rendered very valuable service to the city in which he made his home. As secretary of the Canadian Club of St. John, and recently as secretary of the Association of Canadian Clubs, Mr. Romans gave splendid service, contributing in a very large measure to the success of those organizations.

Born in Halifax

He was born in Halifax, and had lived to the 23rd of this month would have been 64 years of age. In his youth he was articled to a Halifax drug firm, and after he had graduated as a chemist he entered the employ of Armour & Co., Ltd., where he was extensively employed. He traveled throughout the continent of North America, and South America also. His faithful and successful service for that firm was specially recognized and Mr. Romans possessed a very handsome gold watch which was the gift of Mr. Armour himself. He returned to Halifax and went into the insurance business, and was associated with the militia in Halifax as a member of the Army Medical corps.

During the Rebellion of 1868 Mr. Romans as a member of the Ambulance corps attached to the 63rd regiment from Halifax, saw active service in the northwest, and amongst his most treasured possessions was the Northwest Rebellion medal.

Something more than 20 years ago Mr. Romans was moved from the Halifax office of the insurance company to the St. John office, and had been employed in the office of E. R. Machum & Co., Ltd., here since that time. His business associates held in high regard his perseverance and devotion to his work, and his efficiency in all his endeavors.

In religion he was an Anglican, and he was an active member of St. Paul's church, always ready and willing to assist in any of the church activities.

In Canadian Club

He was elected secretary of the Canadian Club in St. John in 1917 and had held office continuously since that time. To his zeal and enthusiasm in securing speakers for the club the organization owes a great deal of gratitude. Mr. Romans was always on the alert to discover what notable speakers might be in this part of Canada and to extend to them the Canadian Club's invitation. He also undertook the campaign in St. John for the annual observance of Magna Charta Day and his efforts in this respect also met with conspicuous success.

His Relatives

Mr. Romans is survived by his wife, who was formerly Miss Maizie Bell, of Dartmouth, one daughter, Miss Mary, at home and two brothers and one sister. The brothers are Bertou, of Moosejaw, and Ernest, of Boston, and the sister is Miss Louise, of Halifax. Deep sympathy is extended to the bereaved. The funeral will take place on Tuesday afternoon at 2:30 from St. Paul's church.
