

GERMANS FIND THEMSELVES IN WARM CORNER

Unable to Find Formula Whereby to Compromise With the Entente Powers.

LOYD GEORGE USED PLAIN LANGUAGE

Boldly Accused Germans of Using Underhand Methods in Consummating Russian Pact.

Genoa, April 19.—The German delegates and experts have not yet been able to find a formula whereby to compromise with the Entente Powers, without sacrificing the Russo-German treaty, although they were in session at a very late hour tonight. Efforts are being made to have the conference formulate a Russian policy in which the Russo-German treaty can be absorbed, thus giving it the stamp of conference approval and removing the cause of hard feeling.

The plain language of Premier Lloyd George to the German statement today over the treaty incident, which at one time threatened to disrupt the Economic Conference, was believed to have cleared the political atmosphere, but as neither the German reply to the Allies nor the Russia reply regarding acceptance of the conditions for the restoration of Russia is forthcoming, the situation is still considered critical.

Some of the neutrals described the German embarras as to how to find a way out of the difficulty. Meantime, the work of the conference is blocked. The neutrals have officially indicated that the agenda of the conference be discussed in the Commons and not in private conversations among the chief delegates. To this the leaders rejoice that preliminary meetings are advisable in order to expedite the labors of the conference.

GERMANS EMBARRASSED

Some of the neutrals described the German embarras as to how to find a way out of the difficulty. Meantime, the work of the conference is blocked. The neutrals have officially indicated that the agenda of the conference be discussed in the Commons and not in private conversations among the chief delegates. To this the leaders rejoice that preliminary meetings are advisable in order to expedite the labors of the conference.

FAR EAST IS PUTTING TEST TO WASHINGTON AGREEMENTS

Japanese Are Withdrawing Troops from Shantung But Chinese Suspicion Is Not Satisfied

By Gardner L. Harding.
Far Eastern opinion has now thoroughly digested the Washington treaty and a wave of ill-humored criticism and distrust in the Pacific is recoiling to the prospect of seeing them at work.

China may smart as much as she does at the meagre recognition of her claims but she has brought back to Peking. But she is a full partner in the new order, and as Dr. Ferguson, her veteran American political adviser, put it the other day, she has a better position than she has ever had before. Her grievances are being met, and she is being treated as a sovereign nation.

Disunion to Blame

This is not to say that China is contented that she got what she should have got at Washington. It is simply to say that people in China recognize the fact that they have been treated as equals. The fact that they have been treated as equals is a new thing in the history of the Far East.

So the fact is that China is willing to appear to be satisfied with the conference largely because she wants to correct it, and to go after it with the full advantage of the very convenient vantage grounds the treaty provides. There is no question, for instance, that the Japanese are in the south in government and conservative and radical in politics, the country is unanimously and profoundly determined to fight every inch of ground in the restoration of Shantung.

One typical episode in this contest has recently been the trial in the Far East, though little has been heard of in this country. This is the attempted emigration of six weeks' residents of Tsingtao to get permanent possession of the land, the best land in the city, which had been occupied during their stay in the port by the Japanese authorities. The Japanese local government, pursuant to its promise to give up all its official holdings in the city, held a series of public auctions at which this land was sold practically in entirety to Japanese bidders.

CONSTITIION BAD HEADACHES FAINT, DIZZY SPELLS

Constipation is one of the commonest of ailments, and one too often allowed to go unlooked after until some serious complication sets in. A free motion of the bowels daily should be the rule of everyone there will be no constipation, sick or bilious, apathy, dizziness, heartburn, coated tongue, foul breath, sour stomach, floating specks before the eyes, jaundice, water brash, etc.

These are minor matters, of course, but Japan's dealing with China over Shantung is being taken as a symbol and a patent public example of what China may expect under every phase of the other results of the Washington treaty. Japan's opportunity for magnanimity far exceeds the value of the concessions she is being asked to make. If she can deal decisively with her own malcontents outside of Shantung, and honorably withdraw from the same of so many of her mistakes and so little glory, she will again win and deserve the respect of the world. There are plenty of loopholes in the Shantung treaty to carry her either way. On which way she chooses to take, the way of magnanimity or the way of renewed war, will depend the first step of the value of the new Pacific regime of the Washington treaties.

CUTICURA HEALS SCALP TROUBLE

On Child, Broke Out in Pimples, Head Scaly, Used To Itch.
"When my little girl was two years old she had to have some scalp trouble which broke out on her head in pimples. When the pimples came off her head was scaly and used to itch so that she was always scratching."
"I tried all kinds of remedies but in vain. I went for a free sample of Cuticura Soap and Ointment which helped her. I bought more and after two weeks she was completely healed." (Signed) Mrs. Lillian Foster, 194 Union St., Providence, R. I., Feb. 11, 1921.

Lady Astor About To Make First Visit Home Since Election

Will Attend Pan-American Conference of Women at Baltimore.

Baltimore, Md., April 19—Lady Astor, formerly Miss Nancy Langhorne of Virginia, is about to make her first visit "back home" since she was elected the first woman member of the British Parliament. She also will deliver her first address outside of England since she spoke at the International Women Suffrage Convention at Geneva, Switzerland, in 1920.

Lady Astor will be one of the speakers at a mass meeting of the Conference following the state president's dinner, and will tell what women have brought to politics in Europe since they became active in governmental affairs. She will come to Baltimore after addressing an evening mass meeting in New York city under the auspices of the League of Women Voters, and also will speak in Chicago. She will be the guest in Washington of Mrs. Gifford Pinchot, of Millard, Pa., a girlhood friend, and finance chairman of the National League of Women Voters. Miss Mary Garrett Hay, chairman of the New York City League, was appointed a reception committee to receive Lady Astor on her arrival.

RAISIN WEEK

Fresno, California, April 19—The California Raisin Industry with headquarters here, have set aside the week of April 23rd to 29th, as "Raisin Week." Raisin growers in this section, who are constantly increasing in number, feel that, while their product has advanced in popularity in leaps and bounds for the past few years, it has yet to be introduced in many parts of the world. It looks very much as if this appointment to control the Shantung for one faction. So at least think Wu Peifu, leader of the other faction, for he has protested vigorously against Mr. China's appointment and has moved troops toward Tsingtao to make good his threats. That Shantung, which has been exalted throughout China as a kind of Alsace-Lorraine, should become a factional battleground would be exceedingly unfortunate, for even what remains of the good name of the Peking Government, and it is certainly to be hoped that a more impartial appointment with some attention to technical qualifications will be made.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

Town Shaken By Explosion

Home of Livermore Falls Paper Maker Wrecked.

Livermore Falls, April 19—A four room framed house in Chisholm occupied by Thomas Grimaldi, was wrecked at 3 o'clock this morning by the explosion of a bomb, which shook every building within a radius of nearly a mile. No lives were lost. Officers are seeking information concerning four strangers who arrived in town on the afternoon train of Monday, two of whom left again this morning.

HARTLAND HAD SMALL FIRE SCARE

Hartland, N. B., April 19—Fire broke out about three o'clock this afternoon in the upper story of James Miller's house, Rockland Road. A large crowd soon gathered on the scene and, although a large hole was burned in the roof, the fire was put out before any great damage was done. It is believed that the fire was caused from a defective flue. The loss is covered by insurance.

HYDRO.
 The Government has already borrowed \$3,000,000 for the Musquash development, and interest at 6% is accruing on this all the while. This amounts to \$130,000 a year, and then there is the sinking fund to be provided for, and also replacement charges. This money has to be forthcoming from some source or other, and naturally the source to be looked to for it will be the users. Ten million k.w.h. at 1.5 will pay the interest alone, and the Government will hardly care to contract with the City for a smaller quantity than that named. If the City cannot raise all this quantity, it naturally follows that consumers must pay considerably more than 1.5 per k.w.h. The present sale to consumers is less than five millions, and according to Mr. Phillips the City may expect to capture 25 per cent. only of this amount the first year. The price therefore to consumers must be nearly 10 cents per k.w.h. in order to cover the cost of the ten millions bought, and this mind, does not include distribution charges.

Not until the whole ten millions is being sold to consumers can the price be as low as 1.5 cents, and assuming for argument's sake that the City could capture all the Power Company's present customers and sell as much as five million k.w.h. the price would be 2.4, plus another three or four cents for distribution costs. And that of course is only the average price for the whole output. This is practically the same figure as the Power Company offers to distribute the current at, with this advantage, that the City can get the Musquash current as soon as it is turned on, instead of having to wait a year or so while the civic distribution plant is being erected.

If the citizens on Monday by electing Mr. McLellan signify their desire to have no truck or trade with the Power Company, they can at once have their wishes carried out; but Mayor Schofield's plan of a tentative arrangement with the Company to see how the system works must commend itself to the great mass of electors, as a sane and safe proposition, instead of the alternative of rushing headlong into something that no one can satisfactorily estimate the ultimate cost of.

THE GENOA CONFERENCE.
 The latest reports from Genoa seem to indicate that notwithstanding the jolt which the announcement of the secret treaty between Germany and Russia gave the representatives of the various nations assembled, the Conference will continue its deliberations, though the German representatives are to be barred from taking any part in them so far as Russian affairs are concerned. The conclusion of a secret treaty between these two nations simply shows just how little either of them are to be trusted. The terms of the treaty as given out appear innocuous enough, and amount to little more than an agreement to wipe the slate clean of obligations and claims against each other, and start anew.

The disquieting element of the incident is that the two nations should come to any understanding without the knowledge and consent of the other powers. A Russo-German alliance has long been feared by the Allied nations. Against both nations the Allies have claims and both are disposed to resist these claims. The natural course would be for them to make resistance together. There is nothing in the treaty so far as made public to indicate that anything of that kind is contemplated or to show that it in any sense constitutes an alliance. But if Germany and Russia are getting together a new element of peril has been projected into the European situation, the possibilities of which are not pleasant to contemplate.

It is because of the fear of some such happening that France has refused to reduce her armistice. Certainly there will be no further talk of disarmament until the situation has been cleared.

FOR CANADIAN PORTS.
 Mail and Empire:—One of the Maritime members of Parliament introduced a resolution recently to confine the British preference to goods coming into Canada through Canadian ports. That would, of course, hit at considerable New York and Portland traffic in goods shipped in bond in Canada, and boost Halifax, St. John, Quebec and Montreal. The Western Progressive who spoke on the resolution opposed it, as being a local advantage at the expense of the Dominion. Traffic by the cheapest route is their motto, as in "they in the United States whenever independent offers." The resolution was not passed, but

WHAT OTHERS SAY
 Turkey and the Straits.
 (London Daily Chronicle.)
 We have in effect given way. The Greeks get Gallipoli, subject to an Allied control; but the Turks get free tenure of the Asiatic side. The obligation to keep it unfortified does not really limit Turkish control of the Straits; for, as 1915 showed, it is not permanent forts which can block them, but fire from moving batteries ashore. The Treaty of Sevres, however faulty in some respects, did at least ensure the Straits' freedom, as far as any human arrangement could. The new settlement, which has been forced on us by France, destroys this feature. We do not blame Lord Curzon, or the British Government whom he represented, for the number of treaties had combined to tie their hands. We regret it deeply notwithstanding, as we think most people will, who have thought much on the course and the lessons of the war.

Statue to a Slave.
 (St. Louis Globe-Democrat.)
 How these hideous evils of injustice, which reach us in the form of a noble memorial of the slave, become the objective of a national effort as earnest and devoted and inspiring as that called forth by some of our other problems of reproach. The statue design is attributed to this 8-foot statue to a former slave which rises from a half circle of masonry and which 100,000 negroes have erected as a noble memorial of their leader. May we not hope that his inscriptions frame a message for the guidance of the predicted movement for better things through racial peace at home as well as peace through good-will abroad? One of them is: "He lifted the veil of ignorance from his people and pointed the way to progress through education and industry. Education and industry are factors of such importance that no solution can be looked for without them. But there are other factors. 'I will let no man drag me down so low as to make me hate him.' What a factor of tremendous, paramount relation to the solution is suggested by these sixteen simple words of from one to four letters!"

OUR RAILWAYS.
 One of the surprising features of the railway statement presented by Hon. W. C. Kennedy to the House of Commons the other day, was the poor showing of the Grand Trunk Railway. While the Canadian Northern was able to cut its loss for 1921 over 1920 by ten millions, the intercolonial by two and a half millions, the Grand Trunk Pacific by three millions and the Transcontinental by two and a half millions, the deficit on the old line jumped from \$6,577,243 in 1920 to \$15,672,299 in 1921, or an increase of \$9,145,055. The explanation given was that the increase was due principally to variation in amount received under the guarantee of the United States Government following the return of the American units of the system to corporate control on March 1, 1920, and to an increase of \$5,219,346 in interest on funded debt. However, this explanation is not altogether satisfactory in view of the vastly improved showing of other lines, which do not tap the rich and populous country served by the Grand Trunk. Judging by the condition of some of the branch lines in various parts of the country, but little money is being spent on upkeep and improvements.

Too Old at Thirty.
 (London Daily News.)
 If Mr. L. C. Docker, the president of the Yorkshire Cricket Club, had his way there would clearly be no man playing in first-class above the age of thirty. That some athletes are in their decline at thirty, and others manage to retain at forty much of the resilience and energy of youth is a familiar fact. Less than a week ago Adrian Stoop resembled an echo of the past. In a first-class cricket match at Twickenham, and played like a master of the game. The next day he celebrated his 39th birthday.

Foreigners in New York.
 (Brooklyn Eagle.)
 There are now more Russians in New York than in Moscow, more Italians than in Naples, and more foreigners of all sorts than the combined populations of Chicago, Boston and Detroit. Not only that, but there are more Russians and Italians than there were Germans and Irish at the periods of the largest numbers of those races. In 1900 there were 190,000 Germans in the city, but in 1910, 748,000, and in 1920 only 520,000. In 1900 there were 236,000 Russians, in 1910, 764,000, and in 1920, 994,000. That is, there are now 200,000 more Russians here than there ever were Germans.

Trench Slang Dying.
 (New York Times.)
 The list of war slang collected by the British National War Museum during the past few years is becoming obsolete for the language of peace. Civilians turned into soldiers almost overnight found themselves at a disadvantage in the use of strange and novel that nothing but a new language could express their reactions. Once the circumstances passed the language they clung to, but they passed with them. So complete has been the going of that vivid vocabulary that almost its only legacy to the speech of today is one word, "shell," which, we fancy, will fade the flowers of speech now being transplanted to the banks of the Isis from Australia, the United States and Canada.

More Revenue Needed.
 (Mail and Empire.)
 When Finance Minister Fielding presents his budget statement, he will have to disclose some plan of raising more revenue. The estimates call for an expenditure, in the coming year of \$467,000,000. In the year just closed, revenue amounted to \$371,000,000. Customs revenue was down \$104,000,000, and while this may increase somewhat, there is no single source of revenue in sight that can yield another \$100,000,000 to make Treasury ends meet in the year just closed, about \$70,000,000 was added to the net debt of the Dominion. That amount does not look large, compared with the grand total of \$2,900,000,000, but it is much too large to be continued. The Dominion must get back to a pay-as-you-go basis. The Opposition leaders in the last campaign are now controllers of Government policy. Premier King and Mr. Fielding were loud-spoken in their demands for more economy, and promised to effect astonishing reforms if entrusted with the opportunity. They have now to make good. But Mr. Fielding will find the placing of new taxes on this already heavily taxed nation no easy matter. The income tax this year will be down, because it is based on the reduced returns of 1921. Corporation and sales taxes are likely to be down. The railway deficit has lessened somewhat, but there is still about \$70,000,000 that will have to be provided for. Sir Wilfrid Gren-

Benny's Note Book
 BY LEE PAPE
 My cousin Artie stayed at my home all night last night, and we layed in bed waiting to go to sleep and talking about different things such as who was the tuffest fello in the nuyber hood and who was the prettiest girl and wat things we would do together as if we had our choice of any 3, and I started to go to sleep and in another minnit I would of bin, and Artie sed, Hay Benny, hay Benny?
 And he hepp on saying it till I sed, Heh? Wata you want, I was asleep then, wata you want?
 Ware was Moses wen the lile went out? sed Artie.
 And he started to haff as if he thart it was funny at anything. Him being the only one thart so, and just wen I was almost asleep again he sed, Hay Benny, Benny?
 Me not saying anything, and Artie hepp on saying, Hay Benny for 5 minnts and I sed, Aw shut up, cant you loeve a fello stay asleep wen he's almost asleep, wata matter, wata you want?
 Down the cooler eating sour kramt, sed Artie laffing even harder than wat he did the first time. Me thinking, All rite for you, you wait till I have my revenge. And I waited till Artie stazk his nose down in his pillow, proving he was asleep, and I sed, Artie, hay Artie?
 Artie not saying anything on account of him being one of the tightest sleepers there is, and I started to shake him hard as anything, saying, Hay Artie, hay, hay, Artie. Wich after about the 10th shake Artie took his nose out of the pillow saying, Heh? Wat, wat? and I sed, I just wanted to know if you was asleep, was you? Wich the 3rd time I wook him up to ask him he got so mad he grabbed me by my hair and I grabbed him by his and we was making a fearse noise telling each other to loeve go wen pop came in with a rolled up newspaper and gave us each a crack some place with it saying, Now let that snuffe.
 Wich it did, and the next thing I knew we was both waking up this morning.

THE LAUGH LINE
 Can't Be Done in 1922.
 A minister opened his Sunday school class with the well known hymn, "Little drops of water, little grains of sand." In the middle of the first verse he stopped the singing and complained strongly of the half-hearted manner in which it was rendered. He makes a fresh start.
 "Now, then," he shouted, "Little drops of water, and for goodness sake, put some spirit into it!"
 But Oh, What They Think.
 "I dined at my fiancee's home yesterday."
 "I suppose they regard you as one of the family by now, don't they?"
 "Not exactly. They haven't reached the point where they bowl me out if I make a spot on the tablecloth."
 Boston Transcript.

Heavy Demand For Prussian Consols
 Quotations on Berlin Bourse Went Up on Account of Shortage of Offers.
 Berlin, April 19.—Heavy demand for Prussian consols featured today's trading on the Berlin Bourse, the shortage of offers driving up quotations. The rise was said to be based on expected international action in the direction of stabilizing the value of the mark. Most of the buying was said to have been on Italian orders.

Make the Roof as Good as the House
 RUBEROID SHINGLES make a handsome, durable, spark-resisting roof—a roof you'd be proud of. They come in hexagon design, crushed slate surface (ground in), 156 lbs. to the square.
 S.P.C. SLATE SHINGLES also make an excellent roof, but lighter. They come in rolls, 80 lbs. to the square.

STATEMENTS MADE AT MEETING REPLIED TO BY MAYOR SCHOFIELD

Declares Figures Given by Mr. Phillips on Cost of Current Are Misleading—Brands as False Statement That He Had Twelve Thousand Dollar Campaign Fund.

Mayor Schofield in talking with a representative of The Standard last evening had the following to say about the statements made at the meeting held on Tuesday evening at the Pythian Castle Hall, as published in the press:

"In reading the press reports today of a meeting held in the Pythian Castle on Tuesday evening, I notice that a great deal of attention has been directed to me, quite a lot of attention having been paid me by Mr. Phillips.

"Who is Mr. Phillips?"

"I would be well for the citizens to know who Mr. Phillips is. He was the engineer for the constructing company, who did the work on the contract at Musquash, and the gentleman, who reported at a meeting in the Board of Trade rooms, that he had made some money out of that work, or he would not be here now—He would have moved elsewhere; and yet he undertakes to discuss the question of taxation—and that there will be no increase. If he had said there would be no increase in his taxes, as he could move away, following his own words, it would be nearer right, but those of us who own property, and will be obliged to stay here, and under the proposed contract would have a rope around our neck for thirty years, can realize a little more what it would mean than Mr. Phillips, who has only paid two tax bills in the City of St. John.

"I note that the argument is not forth that the United Organizations stand for distribution at the lowest possible cost. What a surprise they will get when they come to that cost.

"The Telegraph and The Times, who seem to be running the city, or at least trying to stampede it in the interests of their owners, the readers will notice are now continually talking about taking over the hydro at cost. That of course means including all the expenditures that some one will have to pay for, including the cost of the land damages, due the owners of The Telegraph and The Times.

"It would seem now as though in changing their cry of 1.2 to Power at Cost, that they are the ones who are changing their policy. Even 1.2 is far from cheap power, until the total development is sold. It is one thing to buy and another thing to sell.

"The offer as we have it is 1.2. If we guarantee to take Ten Million k.w.h. it works out as follows on the basis of the switch board at Fairville—

1.2 is cost if Ten Million k.w.h. is sold.

2.4 is cost if Five Million k.w.h. is sold.

4.8 is cost if Two and a Half Million k.w.h. is sold.

10c is cost if One and a Quarter Million k.w.h. is sold.

To all of which must be added the overhead costs of going into the business or another 3c. to 5c. on the top of either one of the above prices, after business is secured to the extent of either of the above quantities, and when you consider that the entire consumption in the city is only about Five Million k.w.h. (exclusive of the street railway) the tax payer can figure for himself where he is going to get cheaper light or power, but of course by that time, it would not be a surprise to know that Mr. Phillips had followed out his already stated policy of 'moving out.'

"Mr. Phillips says particular stress on my policy, while all I was aiming at was to be in a position to take the hydro as soon as it is ready, instead of making them wait until his proposed new duplicate transmission line is completed, which could only after the whole matter goes back before the Council, and is worked up again from the start, the same as the present Council have done.

"It is utter folly to talk about this matter being settled by any one's pre-emption attitude, but the Council, whoever they may be, will have to start and go through the whole situation again to satisfy themselves to the point that the present Council have already reached.

"So far as public ownership is concerned, I have no hesitation at any time in looking into any of these proposals from a business standpoint, and if there can be anything figured out in the interests of the people, I would

Weddings

Graham-Strong.

A pretty wedding, and one of great interest to many friends in St. John took place at six o'clock last evening in the Baptist church, when the pastor, Rev. Dr. David Hutchinson, united in marriage Miss Marie Arthurs, daughter of Mr. and Mrs. Charles D. Strong of 63 Summer street, to Walter Ed- with Graham, son of Mr. and Mrs. C. Graham of Chatham street, St. John. The wedding march was played by Miss Edith Magarity. The ushers were Fred Strong, brother of the bride, and Bruce Graham, brother of the groom. The bride was unattended.

Immediately after the ceremony, the bride and groom left for the Boston train for a two weeks' trip to Boston and New York, after which they will reside in Montreal, where the groom is a popular member of the investigation department of the C.P.R., having been transferred from St. John last October. Among the out-of-town people here for the wedding were Mr. and Mrs. Arthur Keith of Sussex; Mr. and Mrs. Reid Keith of Moncton; and Mr. and Mrs. Frank Buck of Moncton.

McConnell-Shaw.

There was a very quiet wedding yesterday at 6 o'clock in Exmouth street Methodist church, when Rev. H. G. Clarke united in marriage, Miss Madeline West Shaw, daughter of Mr. and Mrs. William Shaw, Golding street, to Robert S. McConnell, son of Mr. and Mrs. Saul McConnell. Mr. and Mrs. McConnell left on the Boston train for Boston and New York. Special to The Standard

McMaster-Verka.

Fredericton, N. B., April 19.—Miss Gladys Verka, daughter of Mrs. Harold Yarra, of this city, and Austin McMaster, of Fairville, were married in the Methodist church here this evening. The pastor, Rev. G. M. Young, performing the ceremony. The young couple were unattended. A considerable number of relatives and friends were present. The bride and groom left by C. P. R. tonight for Fairville, where they will reside. The groom, who served overseas, was with the P. S. C. R. in France some time. He was appointed postmaster of Fairville upon leaving the D. S. C. R. Special to The Standard

Lawson-Beveridge.

Andover, April 19.—The home of Mr. and Mrs. Benjamin Beveridge was the scene of a pretty wedding at 4 o'clock on Wednesday morning of the 19th, when their eldest daughter, Kathleen, was united in marriage to Mr. Wm. Lawson, of Fredericton. Rev. Mr. Haigh, of Hartland, performed the ceremony. The bride, who was given away by her father, wore a white silk, with hat to match, and carried a bouquet of sweet peas and lilies. The groom wore a tuxedo and carried a bunch of American Beauty roses. Miss Helen Beveridge, of St. John, played the wedding march. After the ceremony a bounteous luncheon was partaken of and the happy couple left by train for a short wedding journey before taking up their residence at Long's Creek.

Among the out of town guests were Mrs. Thomas Bedell and Miss Phyllis Bedell, Miss Hazel Flewelling, of St. John; Mrs. Harry Chestnut, Mrs. Aubrey Clark, Mrs. Byron Harvey, of Bertha Harvey, of Fredericton; Mrs. Rae Everett, and Mrs. John Holman, of Fort Fairfield, Maine, and Mrs. Perkins of Fort Kent. The bride received many beautiful presents, the office staff of B. M. Hill, of which the bride was formerly a member, and of which the groom is a member, presented them a quantity of flat silver. Many friends join in wishing Mr. and Mrs. Lawson a long and happy life.

Earley-Wallace.

A wedding of considerable interest took place last evening at the home of Rev. F. S. Dowling, when he united in marriage Miss Catherine J. Wallace of Demersville, Scotland, and Patrick J. Earley, of Swift Current, Sask. Miss Wallace was a passenger on the Empress of Britain, and was met here by Mr. Earley. They will make their home at Swift Current where Mr. Earley is a prosperous merchant.

Lowry-Wilkins.

A quiet wedding took place at the home of the officiating clergyman, Rev. F. S. Dowling, last evening at 6:30 o'clock, when he united in marriage Miss Myrtle B. Wilkins and William A. Lowry, both of Moncton. They will make their home in Moncton.

Ross-Hannagan.

Moncton, April 19.—The marriage of Miss Mary Frances, daughter of Mrs. Hannagan, of this city, and Neil J. Ross, of Bonaventure, took place at St. Patrick's this morning. The ceremony was performed by Rev. Father Carroll. Mr. and Mrs. Ross left on the Ocean Limited this afternoon for Montreal and American cities. Upon their return they will reside in Bonaventure.

Laws were presented and there was present each time Mr. Campbell, President of the Union Bus Co. and before the Mayor put the passage of the individual sections. Mr. Campbell accepted the same on behalf of his organization. This same canvass is being used against me most unfairly. "I am of the opinion that the people generally can understand why the issue is being forced at a Civic Election, especially when they have not really had a chance to consider the contract, itself, nor is there anything definitely settled regarding the situation, that the people can intelligently vote on.

"If I should be elected, I would propose to carry the matter on till we can get a real definite proposal, and then place the facts before the people.

The Telegraph and Times evidently have a very great interest in forcing the issue, hoping to get the new Council committed to their policy, so that the owners may be taken care of in their land damages.

Brown Your Hair With "Brownatone"

Give the Natural Beauty of Your Face a Chance.

SEND FOR TRIAL PACKAGE. Every woman knows that a pretty face loses its beauty when frayed by faded, gray, streaked or bleached hair. Thousands use them to obtain relief and rely solely upon Dr. Hamilton's Pills to regulate the system and keep it in smooth running order. 25c. all dealers or The Cattaraugus Co., Montreal.

AROOSTOOK JCT.

Aroostook Junction, N. B., April 17.—Mrs. N. C. Turner has returned from a pleasant trip to her home in Fredericton.

Mrs. C. G. Kerrigan was called to Woodstock, Monday, on the early train on account of the serious illness of her mother, Mrs. L. M. Dow.

Mr. Gilbert Turner, of Fredericton, spent Easter with his brothers, Neil C. and A. R. Turner, of the C. P. R. E. Ammon Taber, of Vancouver, B. C., one of the oldest C. P. R. engineers who has retired on pension, is visiting his son, Conductor Taber, at Aroostook.

Miss Marjorie Richardson, of St. Stephen, is visiting her sister, Mrs. R. Grant.

A little daughter arrived at the home of Mr. M. Holmes, of the C. P. R., on Tuesday, April 11.

Miss Mabel MacDonald, of McAdam, is spending Easter with her friends, Mr. and Mrs. L. C. Trus.

Mrs. Wilsey West, of Cornwallis, has been in attendance on Mrs. M. Holmes during her recent illness.

On Easter Sunday afternoon and evening services, the Aroostook choir sang an anthem and special Easter selections, the singing being much appreciated. Rev. Mr. Howlett preached in the afternoon, and Rev. Mr. Piemington at the evening service.

In the Aroostook news of the 12th, a slight mistake was made with reference to a meeting held in connection with church matters. Owing to wrong information given to your correspondent, it was stated the meeting was held in building a new church at Aroostook; this should have been held on account of making repairs to the church on account of the large increase in school children at the Sunday school, there being now about 70 or 80 children attending.

"I should be elected, I would propose to carry the matter on till we can get a real definite proposal, and then place the facts before the people.

The Telegraph and Times evidently have a very great interest in forcing the issue, hoping to get the new Council committed to their policy, so that the owners may be taken care of in their land damages.

Obituary

Mary Ellen Astles

Newcastle, April 19.—The death of Mrs. Mary Ellen Astles, wife of William Astles, Nelson Harbour, occurred at her home there on Saturday afternoon at 8 o'clock after an illness of about four months. Deceased who was formerly Miss Knight, of Loggieville, was 49 years of age. She is survived by her husband and two sisters, Mrs. Thomas Stewart, Bangor, Maine, and Mrs. Allan Knight, Millerton. The funeral took place on Monday afternoon, to the Presbyterian cemetery, Moncton. Services were conducted at the house and grave by Rev. Alex. Fifth, assisted by Rev. W. J. Bates.

Infant Walters

Newcastle, April 18.—The death of the infant son of Mr. and Mrs. James Walters of Chatham Head, occurred on Sunday morning. The funeral took place on Monday morning. Interment in Miramichi cemetery.

Byron T. Bryenton

Newcastle, April 18.—The death occurred at Quarryville on Saturday of Byron T. Only son of Mr. and Mrs. Theodore Bryenton, aged two years. The funeral took place on Monday afternoon.

Mrs. Benjamin Gee

The death of Mrs. Benjamin Gee occurred at the home of her sister, Mrs. Henry Tapley, Kintora, N. B., on Wednesday evening, April 12, after an illness of two years and six months with tuberculosis. Although her suffering was very great, she bore it with patience and continued strong in the faith of God. The remains were taken on the morning train Saturday to Bath. Funeral service was conducted by Rev. G. A. Gibson at the Methodist church and was largely attended. Her favorite hymns were rendered by the choir. Interment was made at the Gee Cemetery. She leaves to mourn her husband, Benjamin Gee, one son, Milton, and one daughter, Mildred, of Birch Ridge, Wm. Gee, Bath, N. B., besides a large number of relatives and friends.

William R. Mackenzie

The death of William R. Mackenzie took place at Long Beach, California, on Tuesday after a lingering illness. Mr. Mackenzie was a son of the late William Mackenzie, of Mackenzie brothers, who, many years ago, carried on a dry goods business on King street. Deceased leaves a wife and daughter and a sister to mourn. His wife was a daughter of the Rev. Thos. G. Smith, formerly pastor of St. Andrew's church here, and is a sister of Mrs. Daniel, Rothesay.

Funerals

Hampton, April 19.—The funeral of Camilla MacPherson, the sixteen year old daughter of Mr. and Mrs. P. A. MacPherson, was held this morning from her parents' residence to St. Alphonsus' Church, where a solemn high mass of requiem was celebrated by Rev. Father Raymond McCarthy, of St. John. The mass was by Mrs. Julia Lawlor, of St. John and Mr. McDermott, of Hampton. Following the services interment was made in the Catholic cemetery at Hampton village. There were many beautiful tributes, amongst

"If I Could Only Sleep"

SLEEP is the greatest of restoratives. But unfortunately when the nerves are greatly excited or exhausted you cannot sleep, and nervous energy is wasted at a terrible rate by day and by night.

Dr. Chase's Nerve Food does not produce sleep in a narcotic way, but it does overcome sleeplessness by restoring the vigor and vitality of the nervous system.

For this reason it is Nature's greatest aid in restoring health and vigor to a worn-out, nervous system, no matter whether this condition is the result of overwork, worry or disease.

This well-known nerve restorative has made more friends through its ability to overcome sleeplessness than perhaps for any one reason. There is no keener misery than inability to sleep and the added worry of knowing that you are fast becoming a bankrupt so far as physical and nervous energy is concerned.

Should you be so unfortunate as to suffer from sleeplessness and other symptoms of nervous exhaustion you will appreciate to the full the gentle and potent power of Dr. Chase's Nerve Food as a means of building up the nervous system to health and vigor.

Dr. Chase's Nerve Food, 50c a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

others a large wreath from the Hampton Consolidated school and many spiritual bouquets as well. The funeral was largely attended by citizens of all walks of life; the school children of the Hampton Consolidated school, of which the deceased was a popular member, marched in a

EVERYBODY WANTS MORE WHEN MADE WITH WHITE STAR YEAST

WILLYS-KNIGHT Sleeve Valve Motor Improves With Use "100,000 Miles—and the Car Still Runs Fine" It's more powerful than you expect of a car, but not at all unusual for the Willys-Knight with the Sleeve-Valve Motor. Owners find, after this tremendous mileage, it is running as smoothly and powerfully as after the first thousand, almost never requiring repairs or even adjustment. The Willys-Knight Sleeve-Valve Motor is surprisingly simple and efficient in operation. Instead of noisy cams, push rods, stems and springs that weaken or break in a poppet-valve motor, there are two sliding metal sleeves to let gas in and out. No trouble and expense of valve grinding and carbon cleaning. The efficiency of this motor is matched with a chassis and body of equal distinction. Perfectly balanced, handsomely appointed, the Willys-Knight is a car that owners can justly be proud of. It is a luxury to ride in, a great economy to own! Touring \$2000 Now F. O. B. Houlton	2	4	333
Fredericton	2	4	333

Highest Average—Brewer, Fredericton, 96.3-17.
 Highest Single String—Jenkins, Y. M. C. I., and Anderson, Houlton, 122.
 Highest Three String—Jimmie Smith, Amherst, 316.
 Highest Team Three String—Black's, 513.
 Highest Total Pin Fall—Y. M. C. I., 1,421.

Racing neck and neck up to the very last box, Black's bowlers appeared in ahead of their nearest competitors the Calais team, for the Maritime Provinces and Eastern Maine Bowling championship, and the possession of the Brunswick-Balke-Colleender silver ten pin, on the Y.M.C.I. alleys last night.

Seldom if ever has the bowling classic of Eastern Canada produced such a close finish, the championship was in doubt not only to the last game, but to the very last of that game.

A win for Calais meant a tie for first place, and a roll-off. Everything pointed to the success of the Pine Tree Staters in the opening strings of the game. Black's came back strong and finally won out amidst much rooting by a majority of thirteen pins, with the proud and unique distinction of having won every game they rolled.

Following the deciding game the players adjourned to the gym floor upstairs, where a pleasant smoker and entertainment was put on by the Y.M.C.I. for their benefit. Prizes were presented to the stars of the most; addresses made by representatives of the different teams, refreshments were served, and the evening brought to a close by the screening of the Canadian Skating Championships, and the staging of God Save the King.

F. L. McCafferty presided at the smoker, and in a brief address congratulated the players on their fine showing during the two days' roll-off and introduced the president of the Y.M.C.I., H. J. Sheehan.

Mr. Sheehan regretted that the late hour prevented several members of outside teams staying over for the smoker. He thought the championship had been won in a supreme test, and congratulated Black's for the fine victory they had won. The Y. M. C. I., last year's champions, with the other losers, he said, were congratulating themselves with thoughts of the next year's battle.

The championship trophy was presented to Mr. Beattie, representing the Black's team. In accepting the pin, Mr. Beattie took occasion to thank the Y.M.C.I. for the many courtesies they had extended the visiting teams during the meet. He said they had left nothing undone in their endeavor to serve the victors, and it afforded him great pleasure in extending the thanks of the challengers to all the committees in charge, and in particular to Mr. Stack, the manager of the alleys. He was sorry Mr. Black had been unable to present to accept the trophy personally, and assured all the teams that Black's would have the pin all polished up and waiting for them next year.

The members of the other teams were then called upon. Mr. Norwood of the Calais team, said the present tournament had been the best his team had ever participated in. He hoped Calais would be in again next year, and would like to see his team win the trophy, as he was sure they would make good losers, even though he could not as yet say what kind of winners they would make.

Captain Brewer, who was presented with the high average prize, responded on behalf of the Fredericton team.

The Moncton, Amherst and Houlton teams were unable to stay over for the smoker.

Father Duke was called upon, and in a brief address congratulated the different teams for their showing in the two days' series of games. He said that Black's by standing up under the strain of the enthusiastic rooting which they had to face had proven themselves A-1 bowlers, and worthy champions, and the Calais team was also deserving of a like compliment.

The Y. M. C. I., he said, had been fairly beaten, but would strive harder than ever for honors next year. Fredericton, Moncton and Amherst had been strong contenders, and the showing of the Moncton team in its final appearance had been a most creditable one.

After commenting on what a fine game bowling was, Father Duke told the bowlers they could make the sport whatever they wished, and counselled them to see that in their home leagues as well as in the championships they endeavor to avoid personalities, so that the best of good fellowship and sportsmanship might prevail at all times.

Prizes were awarded for the highest average, high single and high three strings. Several of the winners were

Plans Complete For An English Tour

Canadian Cricketers Will Leave Montreal for Southampton on Wednesday, July 19.

Toronto, April 19.—Arrangements have now been completed for an English tour of Canadian cricketers, under the captaincy of Norman Seagram. The party will leave Montreal for Southampton on Wednesday, July 19, on the steamer Melita, arriving in Southampton on July 27.

Through the kind assistance of W. Finlay, assistant secretary of the M. C. C. of Lords, a strong fixture list has been arranged against some of the strongest amateur eleven in the south of England, including the Free Foresters, at the Surrey ground, the Oval, and also two matches at Lords Ground against the M. C. C. and a picked eleven selected from the House of Lords and Commons. The well known "incognito" eleven, who have visited the United States on several tours, and who played in Toronto in September, 1920, will also be met at their ground at Wimbledon, near London.

Basketball Games At Border City

Five Hundred Fans Witness Calais Defeat Milltown, and St. Stephen Trim Woodstock.

St. Stephen, N. B., April 19.—(Special)—Over 500 people witnessed two real good basketball games in the Curling Club tonight. The first game was between the Calais and Milltown teams. This game was played under the professional rules and was very close from start to finish, the Calais team winning out by the small margin of one point, the score being: Calais 15; Milltown 17.

The second game, played under the amateur rules, was between Woodstock, N. B., and St. Stephen. Although the game was over before a very interesting one with very many brilliant plays on both sides, the home team showing more speed and team work and at the same time they were in danger of defeat. Following is the lineup:

Woodstock: Forward—S. Bell, J. McGibbon, G. Nicholson, G. Morrison. Centre—A. Frye, G. O'Connell. Guards—R. Smith, J. W. Healey. C. H. Clark, W. Hayden.

St. Stephen: S. Shells, S. Lauchlin.

First half, Woodstock 7, St. Stephen 32, second half Woodstock 12, St. Stephen 20, total Woodstock 19, St. Stephen 52. Referee, Mashee of Milltown, Me.

On Saturday night of this week the Troop team of St. John will play the local team in the Curling rink.

Baseball Results In Big Leagues

AMERICAN LEAGUE
 St. Louis 15; Cleveland 1
 Cleveland, April 19.—St. Louis broke Cleveland's winning streak today by winning 15 to 1. Score: St. Louis 01010210—15 20 0
 Cleveland 10000000—1 3 5
 Van Gilder and Seaver; Coveleskie, Fott, Keele and Nunamaker, Shinnell.

Boston, April 19.—Boston and New York divided a double header today. Boston won the first five to three and New York the second six to one. Miller made a home run over the left field fence, a triple and two singles in the second game. Umpire Wilson put Harper, Ward and Higgins out of the second game for too vigorous remarks. Score:

First Game:
 New York 30000000—3 9 1
 Boston 00002210—3 10 1
 Mays and Schang; Quinn and Walters.

New York 6; Boston 1
 Second Game:
 New York 22001000—4 10 0
 Boston 00001000—1 5 3
 Hoyt and Schang; Russell, Fullerton and Walters.
 All other games postponed as a result of rain.

AMERICAN LEAGUE Standing
 Won Lost P.C.
 Cleveland 5 1 333

Backed Up By Toronto Officials

Covey Affidavit Scheme Approved—Absurd Statements Made in Halifax.

A Halifax sporting writer who is adverse to the Covey affidavit for reasons better known to himself, took the trouble to wire Secretary Norton Crow, at Toronto, to ascertain if President Covey was carrying the affidavit scheme through without the knowledge of the higher officials in Toronto, and the following reply was received:

"Mr. Covey's efforts to clean up sport in Maritime Provinces have received approval and hearty support of president of union, Judge Jackson, of Leithbridge, who stated that he could not understand why bona fide amateurs were not willing to clear themselves."

It is quite evident that the affidavit scheme is popular with the majority of sport followers, as was shown by the vote taken at a recent meeting of amateur clubs.

The Halifax writer in another article says:

"We are all puzzled down in Nova Scotia over the sudden appearance in the athlete armament of several new clubs around St. John. Just where and when some of the organizations were organized, no one in the east seems to know. When the Halifax delegates to the semi-annual meeting went into the meeting room they were surprised to find some hitherto unheard of clubs with proxies present. Why not let Nova Scotia do a little investigating?"

The comment on the face of it is absurd, as there was not one St. John club represented that was not beside. The clubs who had delegates present were—South End and East End improvement leagues, Commercial Club, St. Peter's, Y. M. C. I., St. David's, Y.M.C.A., Garrison Club, Rowing Club, St. George's, G.W.V.A., Pandemic. While the majority of the above clubs have been in existence for years, perhaps the youngest are the Garrison and Rowing clubs, and these need no introduction to the sporting public, in fact every St. John club represented at the meeting had staged several meetings and are well recognized.

As a little further information there are other recognized amateur organizations in the city and vicinity who were not represented.

ENGLISHMEN WON AGAIN

Ithaca, N. Y., April 19.—The Oxford-Cambridge Lacrosse team defeated Cornell University here today 6 to 2. The British team showed a strong defense against the Cornell team.

THE NORTH END IMPROVEMENT LEAGUE

Grounds Being Put in Shape for Coming Season—Grand Opening May 24.

The North End Improvement League is making ready for the coming season. The grounds of Lansdowne Avenue are being put in shape and will probably be used by Intermediate League ball teams this season. The league has received a fine new flag staff from James S. Gregory and the grounds will be opened on May 24th with a ball game and flag raising event.

The members of the North End organization intend to make sport boom in that section of the city.

The International League Opening

Rain Yesterday Prevented First Games of Season — Opening Will be Today.

New York, April 19.—Rain today prevented the scheduled opening of the International League's 1922 season. All of the games being postponed until tomorrow.

Only three of the seven games scheduled in the major leagues were played, the Yankees meeting Boston in a double-header while St. Louis played at Cleveland. The National League had but two games carded.

Improved Tone To Dealings On New York Exchange

Prices Registered Extreme Recoveries of One to Five Points—Rails Strong.

New York, April 19.—The stock market, today, threw off many of the reactionary influences which prevailed during the greater part of yesterday's session. Prices, in general, registered extreme recoveries of one to five points on dealings amounting to 1,700,000 shares. Irons from industrial issues, such as the steel trusts had made various advances on steel and iron production, continuance of relaxed money rates and the partial rally of international exchanges contrasted to the improvement.

Reactionary trend continued on Montreal Market. Activity greatly diminished and losses far outnumbered gains—Greatest Loss Four Points.

Reactionary Trend Continued On Montreal Market

Activity Greatly Diminished and Losses Far Outnumbered Gains—Greatest Loss Four Points.

Montreal, April 19.—The reactionary trend, evident in yesterday's trading on the local stock exchange, was carried still further today and activity was considerably diminished while losses outnumbered gains for the first time in weeks. Not gains were secured in 18 issues, ranging from fractions to 10 points, while 21 stocks were down, the greatest loss being 4 points which was registered by Dominion Canners at 30.

Papers Active. The papers were fairly active with gains still showing in most of the issues. Price Bros. was unchanged and the most active at 46. Abitibi closed for a net loss of 1.38 points at 61. Dominion was unchanged. Laur-outside was up half a point, and the Spanish issues gained 1-4 and 1-2 respectively.

Montreal Sales. (Compiled by McDougall and Cowan 55 Prince Wm. St.) Montreal, April 19. Open High Low Close.

TARIFF FIGHT BEFORE SENATE LIKELY TO LAST FOR MONTHS

Struggle Which Will Begin This Week May Hold U. S. Congress Through Winter Session.

Washington, April 19.—Congress faces tonight with great political significance as the controversies over the tariff and the navy take the center of the stage at the Capitol this week. Despite the spectacular fight that is waiting over the site of the navy's personnel, the launching of the greater tariff struggle in the Senate, scheduled for Thursday, promises to overshadow everything of a political nature.

Three Months' Fight. In all probability it will require three months to dispose of the tariff bill in the Senate. That does not mean the end of the long fight, by any means, for the differences between the two houses on the tariff are such that some leaders believe Congress will be forced to remain in session all winter if the tariff is to become a law.

Peruvian Gold To Be Deposited In London And N. Y. Lima, Peru, April 19.—Millions of dollars in Peruvian gold, lying idle in government depositories here as a currency reserve, will be placed at interest in New York and London under legislation adopted by the Peruvian Congress to establish a federal reserve bank and revise the country's financial system.

Winnipeg Wheat Market Picked Up Little Strength

Rush of Buying at Opening and Prices Worked Higher.

Winnipeg, April 19.—There was considerable strength in the wheat market and good gains were recorded over the previous close. May closed 3 3/4 cents higher and July 3 1/4 up. There was a rush of buying at the opening and prices worked steadily higher, the opening of both futures May 1.33 1/2 to 1.33 1/4; July 1.37 1/4 to 1.38 being the low points of the session. During the last half hour, May was steady between 1.33 3/4 and 1.40 1/4 and July at 1.38.

Cotton Market. New York, April 19. Cotton futures closed fairly steady. Closing bids: January 17.40 to 17.40; May 17.60 to 17.60; July 17.80 to 17.80; October 17.90 to 17.90; December 17.95 to 17.95.

Wheat Advanced Sharply On The Chicago Board

Brought About Largely by Higher Quotations from Liverpool, and Foreign Buying.

Chicago, April 19.—Wheat advanced sharply in value today owing for the most part to unexpected higher quotations from Liverpool and to enlargement of foreign buying on this side of the Atlantic. Closing prices here, although unsettled showed 2 1/2 to 3 1/2 net gain. Corn finished 1 1/2 to 2 1/2 up and oats up 1/2 to 1. In provisions, the outcome varied from 10 decline to 5 cents advance.

Quotations. Wheat, May 1.33 1/2; July 1.38 1/2; September 1.43 1/2; October 1.48 1/2; November 1.53 1/2; December 1.58 1/2.

Brothers of Prince Of Wales To Visit Canada

Duke of York and Prince Henry to Come in Fall.

London, April 19.—The possibility of the Duke of York and Prince Henry paying a visit to the United States is being considered by the King and Government. "Virtually definite arrangements have now been made for the trip of his two sons to Canada this fall and it is considered extremely likely that parts of the United States will be included, although the plan does not call for as extensive a tour as was made by the Prince of Wales just after the war. The latter incidentally is to be given a long rest from travel when he returns from Japan, and trips for his younger brothers will be substituted.

London Oils

London, April 19.—Close: Calcutta lines 22.10, per quarter. Linseed oil 98s, per cwt.; sperm oil 23 1/2 per ton. Petroleum, American refined 1s, 4d, spirits 1s, 6d, per gallon. Turpentine, spirits, 7s, 6d, per cwt. in barrels. Rosin, American strained 13s, type "Q" 13s per cwt. Tallow, Australian 60s, 3d, per cwt.

World's Products

Brazil raises the most coffee, Egypt grows the finest cotton, France manufactures the most wine, Syria produces the most sugar, Germany makes the best optical lenses, Smyrna is the largest exporter of figs, Australia is the largest producer of wool, England is the greatest textile producer, Italy and Spain are large exporters of sulphur, Ontario, Canada, is the greatest nickel producer.

Total Sales	1,671,000			

New York, April 19.—Almost 1,700,000 shares were traded in odd places on the market when afterwards who searched the cabin occupied on the shipping board liner Potomac by Vanyi Hamsel, a Hungarian, who died at sea. The Potomac arrived yesterday with the story of the finding of 9507 wrapped in tin foil in a jar of jam, 2500 in the hollow interior of a loaf of bread, 2500 in the skin of a pair of shoes, and other small amounts in exactly odd places.

Gas Baggies—It's The Little Things in Life That Make Us Weary.

Wifehood, for the most part, is a long and tedious task. The spring cleaning season is the time when the wife is most likely to be found in the kitchen, looking at the potatoes. The potatoes are the most important crop in the garden. A favorable crop in Vermont both sugar and corn. The state's main crop is potatoes. A favorable crop, except for a very damaged storm.

Lenine To Oust "Sam" Gompers

Soviets Declared to Have Opened Fight on A. F. of L. and R. R. Brotherhoods.
 New York, April 19.—The National Civic Federation charged yesterday that Lenine, making appeals at Geneva for American help and recognition, has set propaganda afoot in this country to corrupt the American labor movement and establish a "workers' republic." According to the Federation the drive is being conducted from Chicago by W. Z. Foster, who led the recent steel strike, and who has now launched the "Trade Union Educational League."
 The scheme, as the Federation called it from the Chicago Labor Herald, termed the official organ of Mr. Foster's league, is to put 1,000 labor men at work, each in his own locality, to foment trouble, arouse discord and generally to weaken the American Federation of Labor. One of the chief aims is to oust Samuel Gompers as president because of his protest against recognizing Soviet Russia. Secondly, but just as vital to the "cap-italists" of the railroad brotherhoods, it is declared.
 "Foster returned from Moscow last fall," said the officials of the Federation, "and he has since been busy with the fullest extent of his energies in as many localities, who in turn are to round up all brother 'rebels' in their respective unions. Then the 'boiling' process is expected to start."
 To Attend All Union Meetings.
 "That is, they are to attend faithfully all meetings of their craft, embracing every opportunity to create friction, and present leaders, acquire official and legislative game generally. Of course, they will capture neither the American Federation of Labor nor the railroad brotherhoods, but they will make trouble to the fullest extent through the union trustees offered by the coal strike, the textile strike or any other large capital and labor controversy. The public should bear this fact in mind when reading press reports of 'violent outbreaks.'"
 "The spirit of the Lenine-Foster movement is revealed by the following paraphrase of a 'Call to Action,' published in the Labor Herald: 'Militants! The time has come for action. We must now give our loins for a great effort to make a real fighting organization out of the trade union movement. We must now plunge directly into our vital task of amalgamating the many crafts unions into a few industrial unions and of inspiring them with genuine proletarian spirit. Nation-Wide Campaign Launched.'
 "The Trade Union Educational League has launched its nation-wide campaign to organize the militants everywhere to carry out this indispensable work of education and reorganization, a work for which the hard pressed labor movement stands in shrieking protest. The division of the workers into job hands with the league immediately."
 "The trade union," continued officials of the Federation, "will doubtless answer this ambitious programme by throwing all these 'key men' out of the unions as fast as they can be discovered. The process will not be a slow one, for most of them are already well known."
 "The true significance of the Lenine-Foster movement lies in its revelation of the real Bolshevik attitude toward American institutions, thus serving notice on all good citizens to be prepared to resist this malevolent influence at any and every point."
 Empress of Britain for Liverpool April 22. The Sicilian will also leave for Cuba and Jamaica, via Boston, April 22. This will complete the passenger service of the Canadian Pacific from St. John. The Empress of Scotland, which has just completed a cruise to the Mediterranean, will sail from Southampton for Quebec April 22, while the Empress of France will complete her cruise to the Mediterranean on May 3. Frank C. Clark, of New York, who chartered these Empresses for the two Mediterranean cruises this season, has been booking passengers for the past three months for cruises to be made next year. The Empress of France will leave New York on Jan. 23, 1923, for a round-the-world trip of 113 days, and the Empress of Scotland on Feb. 2, 1923, also from New York, for a 65-day cruise to the Mediterranean.

Better Outlook Now Reported In Western Canada

Farmers Going Into the Seeding Season With Confidence—Many Cattle Lost.
 With the approach of spring new hope is springing up in Western Canada, according to F. W. Crandall, an experienced large-scale farmer of Calgary, who has served the Canadian Pacific and other companies in agricultural operations on the prairies for years, who writes The Financial Post that he is now able to credit a larger area being seeded than seemed possible some months ago. Mr. Crandall has just returned to the West after a visit to Eastern Canada and the United States and the improvement in conditions which has taken place during his absence, is no doubt a reflection of returning confidence which better market for agricultural products has engendered. He says that the Canadian Pacific and the railways are coming to the rescue of many farmers in the drought areas, and that the banks are taking care of their customers to the encouragement of the production of another crop. Altogether the situation is much better than he could have hoped for, and with one good crop he predicts that confidence will be fully restored.
 Mr. Crandall states that somehow everyone seems to think that there will be a good crop this year and that with fair prices the agricultural class will come back to prosperity quickly. Moisture conditions are favorable and the wheat should germinate quickly after seeding. Fall rye is showing up 100 per cent. fine with an excellent stand. Farmers who were prepared with winter feed have brought their stock through the winter in good shape, but others have suffered heavy losses. Mr. Crandall says that he has not seen since 1907, so many deer, and that the railway right of way, as when coming west from Swift Current to Bassano; there were literally hundreds—and not only cattle but horses as well. This situation is still serious, but he says that the situation will be no new feed available until May; cattle that are lean and weak have a hard time to survive this period.
 The Coal Strike.
 The coal strike is a direct factor in the business situation in the West, and on the prairie provinces and in the country, not only because of the fuel situation, but because the crisis is one which primarily involves the wage issue. For the time being the coal reserves are sufficient to meet demands.
 The strike on the job in Nova Scotia is attracting wide attention. The men are making some wild charges about dividend on the earnings. There is much to criticize about this merger, but there is little to indicate that wages of workers are suffering from the division of the earnings. If dividends were being either earned or paid it might be another matter. On the other hand the situation in the steel industry is such that if costs are increased at this time, the output will undoubtedly suffer with attendant effect upon employment in that industry.
 In the West, the operators declare that they will not meet the demands of the men, which they claim are altogether unreasonable. They declare that they will leave the mines closed rather than continue to operate under the conditions which have prevailed; under the circumstances they rather count the strike as a means of bringing the issue to a head.
 Business is "Spotty."
 Reports indicate spotty conditions as regards retail business. In some localities there is a fair demand with improved buying on the part of the farmers, but in others there has been a slackening of demand and spring goods are moving slowly; this direction is a deterrent against forward orders for fall delivery. Over a considerable area the March-end blizzard had a depressing effect on demands for seasonal goods and better weather should help spring buying. Reports from manufacturers reflect the conditions indicated, some are finding few orders and collections slow, while in other lines there is a distinct improvement in demand, particularly where farmers are now displaying more confidence in the future.

Foreign Valuation Pleases Germans

Berlin, April 18.—The decision of the Senate finance committee to abandon the valuation of imports on an American basis was received with delight in Germany. American revision of the import ruling may modify the German attitude towards reparations by lessening the strain with France. Valuation of German goods on the basis of foreign currency has been a serious drag on German industry, preventing complete utilization of German labor. The latter is cheap, but raw materials are disproportionately exorbitant. This, with the rating of German goods on foreign valuations, brought local prices recently almost to the world market figures, cutting down Germany's competitive advantages. The Senate committee's action now affords Germany an opportunity to exploit its low-priced German labor. Some foreign contracts already are being

EASTERN STEAMSHIP LINES, INC.
 Until the resumption of service on the International Line between Boston and St. John, freight shipments for the Province from the United States, especially Boston and New York, should be routed care Eastern S. S. Lines, Boston, and same will come forward every week by the S. S. S. Co. and S. S. "Kaifu" Canal to St. John. This weekly service means prompt dispatch of freight. Rates and full information on application.

 ST. JOHN, N. B.

MANCHU UNITS WITH SOUTH CHINA
Forces Joined for Purpose of Defeating Troops Under Command of General Wu Pei-fu.
 Peking, April 19.—Jacob Gould Schurman, the American Minister, has been informed that a union between Dr Sun Yat Sen, head of the Southern Chinese Government at Canton, and the Gen. Chang Tsoo-Lin, Governor of Manchuria, has been effected for the purpose of defeating Gen. Wu Pei-fu, leader of the central Chinese forces. This alliance of forces, hitherto opposed, is considered likely to precipitate impending changes in the Peking Government.
 Gen. Wu Pei-fu, regarded as the most powerful military man in China, is rapidly concentrating 50,000 soldiers at the junction of the Yellow River with the Peking-Hankow railroad.
 Mr. Schurman has just returned from a tour of China. While in Mukden, Gen. Chang Tsoo-Lin told Mr. Schurman that he was sending 9,000 troops from Mukden southward merely to support contemplated changes in the Government. His purpose, so he told Mr. Schurman, was to call attention to the fact that he was not a "Manchu" or some other convenient cloak, within a month a convention of political and military leaders of the country to form a new government, revise the Constitution, summon Parliament and elect a president acceptable to all factions.
 He said Gen. Wu Pei-fu would be invited, but that if he opposed the purposes of such a convention he (Chang Tsoo-Lin) intended to fight. He declared Gen. Wu Pei-fu was obstructing plans for unification.
 Gen. Chang Tsoo-Lin assured Mr. Schurman that fighting would be avoided as long as possible, and that if it could not be avoided foreigners would be adequately protected.
 President Hsu Shih Chang has told the civil and military officials throughout the country that the present turmoil is depriving China of all the advantages it should have received from the Washington conference, and said that unless they could co-operate he would resign.

GOOD OUTLOOK FOR N. E. FARMERS
 Wakefield, Mass., April 19.—A good outlook for New England farmers as the spring planting season opens is seen by the agricultural statisticians of the federal department of agriculture, who make their New England headquarters here. In a statement issued tonight they said that the winter had been generally favorable throughout this season, with sufficient snow covering in most places to permit meadows and pastures to come through in good condition.
 The potato acreage was reported as likely in most districts, including Aroostook county, Maine, to be about equal to that of last year, with Rhode Island expected to show some gains in both potato and cabbage acreages. No important changes in acreage of other crops are considered probable.
 A favorable maple crop was reported in Vermont, with the quality of both sugar and syrup excellent.
 The statement said that for the most part commercial apple sections were looking for a good blossom and a good crop, except where orchards were severely damaged by the November frosts.

GOOD OUTLOOK FOR N. E. FARMERS
 Wakefield, Mass., April 19.—A good outlook for New England farmers as the spring planting season opens is seen by the agricultural statisticians of the federal department of agriculture, who make their New England headquarters here. In a statement issued tonight they said that the winter had been generally favorable throughout this season, with sufficient snow covering in most places to permit meadows and pastures to come through in good condition.
 The potato acreage was reported as likely in most districts, including Aroostook county, Maine, to be about equal to that of last year, with Rhode Island expected to show some gains in both potato and cabbage acreages. No important changes in acreage of other crops are considered probable.
 A favorable maple crop was reported in Vermont, with the quality of both sugar and syrup excellent.
 The statement said that for the most part commercial apple sections were looking for a good blossom and a good crop, except where orchards were severely damaged by the November frosts.
