INCONSISTENCIES OF HAZENITES EXPOSED

Stong Speech in the Legislature by Hon. J. P. Burchill—His Timely Criticisms of the Provincial Administration Have Been the Cause of Much Annoyance to Hazenites.

Mr. Burchill gave the government some very interesting things to think about. He drew attention to the fact that while the revenue is now considerably greater than it was in 1907, the last year of the old government's rule, the increase has been largely due to influence altogether out of the administration in this present cabinet. Incidentally he alluded to the increase of subsidy which, as Opposition speakers have often pointed out, has been gained entirely from efforts of the previous ministry. But he went on to say that while the revenue has been considerably increased the grants made by the government to various public services have not shown a proportionate growth.

Having figured the matter up Mr. Burchill showed that the revenue of 1910 was 30 per cent greater than the revenue of 1907. The grant to agriculture, however, showed an increase of but 14 per cent. Similarly the grant to education showed an increase of but 20 per cent. So the Hazen government has not, after all, been dealing with the public services so generously as its supporters would have us believe it has been doing.

The Northumberland man drew attention to the fact that when in Opposition members of the present government cried out that the then attorney general was profiting unduly from the collection of Succession Duties collected was a little more than \$14,800. The amount charged for the collection was \$258, or less than 4 per cent. In 1910 the duties collected totalled about \$22,500. The charge made by Attorney General Hazen for collecting this sum was \$190,05 or practically \$100. In this case the percentage of the cost of collection is nearly 5 per cent, as contrasted with less than 4 per cent in 1907. Yet it was in 1907 the other years of the old government, that the attorney general was accused of excessive charging in this respect.

By figures taken from the report, Mr. Burchill showed that the expenses of the Executive Government in 1910 were about \$4,000 greater than the similar expenses in 1907. The expenses for Immigration, too, were greater; Mining cost more; Fish, Forest, and Game Protection cost more. In connection with the latter item Mr. Burchill said that he understood that the wardens are paid for one day's work for some protection. If this is the case, the money so spent, he said, is simply thrown away.

MR. MALCOLM CREDITED WITH BIG SCHEMES

Montreal, March 20.—While he refuses to discuss the rumor that he was to build the projected railway line from St. John and Moncton to Quebec, Mr. Thomas Malcolm, railroad contractor, who is in the city on important business is said to have a much more extensive scheme on foot. He has purchased the entire charter of the Quebec and New Brunswick Railway, and it is stated that he will not only build the St. John River Railway, but will also carry out the larger undertaking of a line from Levis to Grand Falls, N. B., and thence down the Valley to Fredericton or St. John or across to Moncton from the former place and on to Halifax. The Federal government is already committed to a subsidy for about a hundred miles at about \$6,200 per mile and the New Brunswick government will likely guarantee the bonds of the part from Grand Falls to St. John up to \$25,000 a mile.

Chamberlain's Cough Remedy
Cures Croup, Whooping Cough,

Mr. Burchill also scored the government for its course in regard to the Central Railway investigation. He pointed out in the past two years alone this investigation has cost the people about \$6,000. The people have gained no benefit whatever, and the investigation has even failed to provide political capital for the government. It had been alleged that the purpose of the investigation was to bring about the refund to the province of some monies alleged to have been misappropriated in connection with the Central. As a matter of fact, there has not been a single dollar of such money regained but it has cost the people \$6,000 the so-called investigation just the same.

As was to be expected from a man who had studied the accounts of the past few years, Mr. Burchill had something to say about the inconsistency of members of the government in respect to Public Printing. In 1907 the amount spent by the former administration for Public Printing was about \$13,000 and this amount was branded by members of the then Opposition, nor the government, as grossly extravagant. Yet in 1910 the expenditure for public printing was not only \$23,000 it was \$14,400, odd, and this amount did not include the sum of \$1,275 for printing the Judiciary Act. Moreover since the close of the fiscal year 1910 over \$2,100 has been spent for printing.

Mr. Burchill was vigorous in his condemnation of the government for its attitude toward the lumbermen of New Brunswick. He pointed out that government speakers and the government papers cry out that an increase of the territorial revenue has been due to an honest collection of stumpage not to any increased cut on the Crown Lands. The inference he said, is not only that the former government was not as careful as it should have been, but it also is that the lumbermen of this province are thieves and rogues who tried, would still try to defraud the province. He protested vigorously against any such imputation being made against representatives of so important an industry as that of lumber. He also found considerable fault because under the government's present system, operators are practically compelled to board free of charge government scalders and cutters. For a time in their lumber camps, while these officials are engaged on public business.

SUDDEN DEATH OF MAJOR W. H. LAURIE

Halifax, N. S., March 19.—Mr. Walter H. Laurie, of Montreal, died in the I. C. R. express this morning as he was on his way to Sydney to assist in adjusting the insurance on the Steel Company Power house, which was partially burned last week. At an inquest held tonight the jury found that death was the result of heart failure caused by actual pulmonary tuberculosis. The train was near Harbord House when Mr. Laurie became ill, and he only lived about a half-hour. He was in his 60th year.

Mr. Geo. A. Cheese, who was with him on the train, will probably return to Montreal tomorrow with the remains.

D. W. T. Greenfell of Newfoundland and Labrador, who has been lecturing on behalf of fishermen in Great Britain reached New York the other day on the Manetania. He was accompanied by Mrs. Greenfell. The noted philanthropic worker will deliver a number of lectures in the United States before leaving for the far north.

I. C. R. OPERATION OF VALLEY RAILWAY

To Pay as Rental Forty Per Cent. of Gross Receipts—
If the Road is Not Constructed it Will be the Provincial Government's Fault.

Ottawa, March 21.—The early beginning of the Valley Railroad in New Brunswick appears to be assured.

Yesterday the House of Commons declared that the Intercolonial should undertake its operation as soon as built, and pay as rental forty per cent of the gross receipts. The resolution was put through in the face of strenuous opposition from Mr. Crockett of York, Dr. Daniel, of St. John and R. L. Borden, leader of the opposition.

Their attitude gives color to the charge which was boldly made by Hon. Dr. Pugsley and Mr. Carvell that Mr. Hazen and his government do not want to make good their undertaking to guarantee the bonds of the road to the extent of \$25,000 a mile, but that they have been all along bluffing as to their desire for the conditions for the guarantee to prevent a contract for construction being entered upon.

Mr. Crockett sought to carry this line of action boldly into the federal house by introducing an amendment providing that the federal government should undertake the initial equipment of the road with rolling stock.

Mr. Graham, Dr. Pugsley and Mr. Carvell pointed out that this would provide the New Brunswick government with the excuse they were looking for to get out of the promise of aid they have given, as the provincial act declared that the initial equipment should be undertaken by the construction company and the province could not give the aid unless this was done.

It was pointed out that the resolution of Mr. Crockett was a quibble, as the initial equipment would cost only \$1,000 a mile, and to make it certain that the Intercolonial would have to bear the future great burden of equipment. Hon. Mr. Graham changed the resolution to specify the declaration that after entering on the lease of the line and the initial rolling stock, the government would provide rolling stock for increase in the service for ninety-nine years.

That the government or Canada desires the construction of this line for the purpose of developing New Brunswick and giving the remainder of Canada a new line to St. John and an outlet to Europe, was shown by the attention which the prime minister gave to the debate. It started early in the afternoon and lasted until midnight and during the whole of the time Sir Wilfrid was in his seat giving his attention to the debate.

Mr. Graham moved a resolution declaring that as the New Brunswick legislature had passed an act providing a bond guarantee of \$25,000 a mile on a railroad from St. John to Grand Falls, on condition that the guarantee could not become effective until the dominion government made an agreement with the New Brunswick government "For the leasing of the railway when completed with its appurtenances and rolling stock, and for the operation, maintenance, up-keep and repair by the government of Canada as a part of the government railway system for ninety-nine years and for payment by the government of Canada to the New Brunswick government each year of forty per cent. of the gross earnings of the railway as rental, the rental to be applied in payment of the interest of the bonds so to be guaranteed;

and the surplus, if any, to be paid to the company."

It is expedient that the federal government should be authorized to enter into a contract "for leasing the railway with its appurtenances and rolling stock, when completed and equipped with rolling stock, and for the operation, maintenance, up-keep and repair by the government of Canada as part of the government railway system for 99 years and pay as rental 40 per cent. of the gross earnings, provided it is built to the general standard of the National Transcontinental through New Brunswick."

It is also provided the lease may be taken for sections of the line:

1. From Fredericton to Woodstock.
2. From Fredericton south, a distance of fifty miles.
3. Each twenty-five miles thereafter, until the line be completed and equipped from Grand Falls to St. John.

TOWN COUNCIL.

A meeting of the council was held on Tuesday evening. His Worship the Mayor presiding. Councilors present Messrs. Alexander, McDonald, McLennan and Richards.

Minutes of previous meeting read and confirmed at which time Town Solicitor A. E. G. McKenzie entered the meeting, as also did Councillor White. Communication read from Wm. T. Cook; asking permit for water and sewerage for his store on Roseberry Street.

Referred to water and sewerage committee. Telegram received from Peter Clinch of the Provincial Board of Underwriters giving his opinion of the request of the Presbyterian and Baptist churches regarding building in wood, which read "Think height of Presbyterian Church out of all reason but will permit both."

Communication placed on file. Regular order of business was then suspended and council proceeded to take up the question of proposed town legislation.

Town solicitor McKenzie introduced the matter of the proposed legislation and went over the various items very carefully reading over the draft bill provides for the guaranteeing of the bonds, the exemption of buildings and improvements from taxation, the legalising of the present voters lists for this year, the separation from the municipality as to the Public Health Act, and other small changes being taken as amendments to existing legislation. These items were all passed by council for transmission to the legislature, after which council returned to the regular order of business.

Petition from Ed. Alexander for Pool room and Bowling alley. Referred to Police and License Committee.

Report from Finance Committee recommending payment of accounts totalling \$115.00 which was approved.

The annual report of the Finance Committee was read by Councillor Alexander in the absence of Chairman Miller. The report was received and placed on file.

Report from the water authority (Continued on page 4.)

W. MAX AITKEN, M. P. HONORED BY NEWCASTLE

Given Freedom of the Town, Serenaded and Banquetted by Citizens of His Native Place.

Newcastle had a gala day Monday when its people turned out en masse to welcome its former citizen, W. Max Aitken, M. P. for Ashton-under-Lyne, England, who came home to spend a few hours in his birthplace. Pursuant to their previous resolutions the Mayor and Town Council, accompanied by members of the Board of Trade and many others with the Citizens' Band met the distinguished visitor at the station and with music escorted him to the Opera House. There the overflowing audience was called to order by Hon. Donald Morrison, chairman, who after a few well chosen remarks called upon Mayor McMurdo, who presented Mr. Aitken with the following address:

W. Max Aitken, Esq., M. P., Sir,
It is with feelings of pride and pleasure, too great for adjectives to express, we welcome you today to your native town.

The Town Council on behalf of the people of Newcastle on hearing of your visit to the home of your childhood have unanimously decided to give you the freedom of the town during your sojourn here and we now most heartily tender you the same.

Knowing you through childhood and early youth, your buoyant disposition, mischief and energy endeared you as a companion; but since you went out from among us your constant march up the ladder of success, with never a step backward, has been watched, rung by rung, with ever increasing pride and interest, until the great triumph of being chosen as one of the Legislators in the Empire's Central Parliament at Westminster fell to your lot.

The mother watches with joy and fear the struggles, successes, dangers and promotions of her soldier boy, and when he returns with his stripes and medals, especially without spot on his career, her love and pride and welcome have no language; and the same feelings toward you are the feelings of your native town today.

Your various financial ventures, and successes have been marked with honesty, and absence of anything that looked like wringing wealth at the expense of the people, and each enterprise was a boon to the people instead of what has marked those of many other great financiers, a squeeze out or other means dishonest. Your success, we have noted with pride, has been due principally to honesty, hard work and consideration for the public welfare.

We noted with amusement some of the comments of the English press during the election which placed you in the Imperial Parliament, such as "It was a whirlwind campaign." We, who knew you, knew it would be that or nothing; and again "He took off his coat

and landed in 'Ashton-under-Lyne' with both feet." We, who had watched your career, did not need to be told that when you went there at all. But, what gives us the greatest satisfaction is, we feel assured we can tell them that "Ashton-under-Lyne," England, and the Empire will be the better for your presence in the British House of Commons.

We are pleased to note that you are accompanied by one of England's eminent journalists, and as your friend and companion we welcome him also, and hope he will carry away pleasant recollections of his visit to Newcastle, as well as of Canada generally.

We regret your good wife is not here, also, to share the welcome we tender you; but we desire you to assure her for us, of our best wishes and highest regard, and trust you may both be long spared to enjoy continued and increasing happiness and triumphs.

In conclusion, on behalf of Newcastle, its men and women, its boys and girls, its children and babies, we bid you welcome! welcome! welcome!

Signed on behalf of the town of Newcastle,
L. B. McMurdo, Mayor.

Newcastle N. B., March 20th, 1911.
Mr. Aitken very feelingly replied, thanking his friends for their great consideration, declaring that he always remembered Newcastle with kindly feelings and could never forget her people. Stirring speeches warmly congratulating of Mr. Aitken and his work followed by his English friend, Mr. H. A. Gwynne, Editor of the London Standard, Alderman Butler, Rev. S. J. MacArthur, Judge Wilkinson, Ex-Mayor Miller, Frank D. Swim and Wm. A. Park.

In the evening Mr. Aitken was serenaded by St. Mary's Band, and late in the evening a large number of the business men of the town sat down to a sumptuous banquet in his honor in the Miramichi Hotel.

About 45 sat down to dinner at ten o'clock and the banquet was over and the guests gone by twelve when Mr. Aitken left for Montreal. The toast of the Governor General was responded to by Wm. A. Park, Ex-M. P. P., Lieut. Governor, by Sheriff O'Brien, the British Empire by Rev. S. J. MacArthur and H. A. Gwynne, the press by J. L. Stewart, T. W. Butler, E. A. McCurdy, W. J. Jardine, Mayor McMurdo and others spoke and the toast master was Chas. E. Fish, Ex-M. P. P.

Mr. Aitken made a brilliant speech, declaring that he stood for the extension of preferential trade within the Empire and the uplifting of the poor, degraded and disfranchised of Britain.

DIED

At the Stanley Apartments, Montreal, Tuesday evening, March 14th, after a long and distressing illness, Richard Everard Hutchinson, dearly loved eldest son of the late Richard and Elizabeth Hutchinson of Douglstown, aged sixty-five. Laid to rest in Mount Royal Cemetery, "until the day dawn and the shadows flee away."

MIRAMICHI PRESBYTERY

In the Presbytery on the afternoon and evening of the 14th instant augmentation of \$250 was granted Harcourt and \$200 to Bass River.

Messrs. Kirk, of Dalhousie, and Patterson, of Harcourt, applied for certification to the home mission board as catechists. The presbytery agreed to grant certificates upon certain formalities being complied with.

Mr. Robt. Watson of Doaktown was recommended to the home mission board for further employment.

The Tide Head congregation was authorized to mortgage their manse for \$2,000.

Rev. R. P. MacKay, D. D., of Toronto, was nominated for moderator of the General Assembly.

The following were appointed commissioners to the General Assembly: Revs. Archibald, J. R. Miller, MacKay and McLean; alternatives, Rev. Messrs. Hardy and Simpson.

Rev. C. Simpson presented the report of the Social and Moral Reform committee. There was no conflict in this district between Capital and Labor. There were practically no labor organizations. Temperance sentiment was increasing. Vice was not pronounced. Sabbath was fairly well observed. Dancing in some cases was doing considerable harm.

NOTICE OF LEGISLATION

Notice is hereby given that application will be made to the Legislature of New Brunswick at its next ensuing session for legislation.

(1) To exempt the Town of Campbellton from assessment by the Municipality of Restigouche for County or Parish purposes in which the town of Campbellton is not directly interested and for which it has already separate local jurisdiction, the expenses in connection with which are provided for by an assessment upon the ratepayers of the said Town.

Which is Your Choice?

Sloppy, leaky wooden troughs, or clean, durable Concrete?

Wooden drinking troughs are about as reliable as the weather.

They are short-lived and require replacing every few years—not to mention continual patching to keep them in repair.

The best of wood cannot withstand, for long, constant dampness and soaking. Its tendency to rapid decay soon shows itself in leaks and stagnant pools of water around trough.

Contrast with this the durability, cleanliness and well-ordered appearance of Concrete.

The dampness which destroys lumber only intensifies the strength and hardness of Concrete.

You can impair a wooden trough with comparatively little use; but it takes a powerful explosive to put a Concrete water tank out of business.

Which

is your choice—expense-producing Wood, or money-saving Concrete?

We'd be glad to send a copy of our book, "What the Farmer Can Do With Concrete,"—Free—if you'll ask for it. It tells the many uses of Concrete in plain, simple language—tells how to make

AT LAST, A CURE FOR RHEUMATISM

"Fruit-a-tives Cured Me" Says Mrs. Baxter.

"I was a helpless cripple from Rheumatism for nearly a year. All down the right side, the pain was dreadful and I could not move for the agony. I was treated by two physicians without help. I saw 'Fruit-a-tives' advertised in 'The Telegram' and decided to try them. After I had taken one box, I was much better.

When I had taken three boxes, I could use my arm and the pain was almost gone. After taking five boxes, I was entirely well again. The cure of my case by 'Fruit-a-tives' was indeed splendid because all the doctors failed to even relieve me. 'Fruit-a-tives' cured me.

Canada's Gift to the Twelve Nations

No doubt NOW that Canadian Farmers are to be Exposed to the Competition of all the Great Food Exporting Countries of the World

(From The Canadian Century)

When it was first made known that the Reciprocity Compact not only gave American farmers free entrance to Canadian markets and extended the same privileges to the United Kingdom and the British colonies, but also opened the door wide to the Argentine Republic, Austria Hungary, Russia, Spain, Norway, Sweden, Denmark, Switzerland, Japan, Bolivia, Columbia and Venezuela, Canadians in general thought there must be some mistake!

They could not believe that without getting any concessions whatever from any country except the United States our Government would admit farm products from all those countries into Canada to compete freely with Canadian farm products. The wording of the Reciprocity Agreement was very plain; there seemed to be no doubt about its meaning; and yet it was such an extraordinary arrangement, so unfair to Canadian farmers, and so likely to lead to disputes with the American customs officials that many people believed that the Government would give some explanation showing that the agreement had been wrongly interpreted. However, there is no longer any such hope. Mr. Robert L. Borden, questioned Hon. Mr. Fielding on this point and Mr. Fielding admitted that the Reciprocity Agreement meant exactly what it appeared to mean and that Canada would get nothing whatever in return from any of the twelve foreign nations or the

British countries that share with the United States the privilege of sending their farm products freely into the Canadian market.

If the Reciprocity Compact simply provided for free trade in farm products between Canada and the United States there might reasonably be difference of opinion as to whether it would be advantageous to Canadian farmers or not. We think that even such an arrangement would have been a bad bargain for Canadian farmers, because the surplus of farm products in the United States is enormously greater than the surplus of Canadian farm products, because the farming season is earlier and longer in the United States, and because our farmers would always be at the mercy of the tariff legislation of the United States Congress, while they would have no voice in the election of Congress, but still there would be room for argument as to whether our farmers would gain enough by admission of their products to United States markets to compensate them for losses in the home market; but from the farmer's point of view nothing can be said in favour of allowing twelve foreign nations and the United States to send their farm products freely into Canada without giving our farmers anything to compensate them for this unexpected competition in the Canadian home market.

the approach of Spring finds many people with unsightly face sores, eruptions, boils, etc. In this connection Zam-Buk is invaluable. An illustration of the way in which it cures even the most serious and chronic cases of eruptions, sores and ulcers, is provided by Mr. R. H. Barker, of Glen Cairn, Ont. He says:

"I never could have believed that any remedy could cure so quickly and at the same time so effectively as Zam-Buk cured me. My face began to be covered with a kind of rash, which itched and irritated. This rash then turned to sores, which discharged freely and began to spread. I first tried one thing and then another, but nothing seemed to do me much good, and the eruption got worse and worse until my face was just covered with running sores.

"Apart from the pain (which was very bad), my face was such a terrible sight that I was not fit to go out. This was my state when someone advised me to try Zam-Buk. I got a supply, and within a week I could see that the sores were rapidly healing. A little longer, and Zam-Buk had healed them completely, and my skin was as clear as if I had never had a sore. We shall never again be without Zam-Buk in the house.

Zam-Buk is unequalled for Spring rashes, eruptions, children's sores, scalp diseases, ringworm, ulcers, abscesses, eczema, tetter, piles, cuts, burns, bruises, and skin injuries and diseases generally. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, for price Refuse harmful imitations, Zam-Buk Soap, which may be had from any druggist at 25c. a tablet, should be used instead of ordinary soap in all cases of eruptions and skin diseases.

THE SMALLPOX SITUATION

Less Than 100 Cases in the County Mostly in Parish of Alnwick.

Smallpox up river and in the lumber camps is reported about stamped out. A number of new cases were reported from Grand Downs. A late issue of The Chatham Gazette says: "Travellers from points twenty miles or so down the river on the Neguac side, state that the smallpox situation is very bad. At Tracadie and Fair Isle there are many cases of the disease and it is moving from the back settlements now to the main road, at River Des Chenes there are said to be six or eight cases, and as in the back settlements the people seem to have no fear of the disease. They break quarantine and keep up intercourse with their neighbors, just as though there were no disease or no quarantine."

Lieut. Col. Maltby drove down river yesterday to personally superintend the smallpox situation there. Smallpox, which made considerable headway in Grand Downs, Legace Settlement and other villages before its presence was discovered, is being thoroughly handled. There are about 70 or 80 cases quarantined in the Parish of Alnwick, and in Grand Downs alone about 90 people have been vaccinated. Dr. Desmond is in charge up river. Three cases were relieved from quarantine in Redbank Monday, and only a few remain in the vicinity. About 100 men in the lumber-camps submitted to thorough fumigation before returning home. Col. Maltby has the situation well in hand, and vaccination is being generally applied.

HOMESEEKERS' EXCURSIONS.

The Grand Trunk Railway has issued a circular authorizing all Agents in Canada to sell Homeseekers' Excursion tickets to points in Western Canada. This is interesting information for those desiring to take advantage of these excursions on certain dates from April to September 1910.

The Grand Trunk Route is the most interesting, taking a passenger through the populated centres of Canada, through Chicago and the twin cities of Minneapolis and St. Paul, Ask Grand Trunk Agents for further particulars.

EVERY TEMPERANCE MAN BEATEN

Fredericton, N.B., March 1—The civic election day resulted in a complete victory for the citizens' ticket, all the members of which were elected by substantial majorities. The good government ticket had but eight men in the field, while the other ticket was complete with ten men. All the members of the old council offered for re-election, seven on the Good Government ticket and three on the Citizens' ticket. The election was marked by heavy polling, 1,174 voters out of 1,341 casting their ballots.

The main issue of the election was the enforcement of the Canada Temperance Act, and clergymen and others interested in Temperance took part in the campaign on behalf of the Good Government ticket.

MANY TRAINMEN

ON I. C. R. TO GET

INCREASED PAY

Moncton, N. B., March 14—It is announced that concessions in the way of increase of pay for which the Brotherhood of Railway Trainmen have been contending for some time have been granted by the I. C. R. Board of Management. At the conclusion of a conference between a committee of the trainmen and the board of management last evening, it was stated that an agreement had been reached.

The increase of pay will effect more than 900 men on the system of government railways, and will date from January 1, 1911. The trainmen to whom the increase applies are yard foremen and yard brakemen, or men employed in the freight service.

The new schedule calls for an increase of 20 per cent, for the class of trainmen referred to when working in the yards and an increase of ten per cent, when out on the road. This, it is stated, is not quite as much as the original schedule submitted by B. of R. T. called for, but it is understood that, generally speaking, it is regarded as fairly satisfactory to the men.

There are some other minor matters yet to be settled and these will be dealt with at another conference between the committee representing the trainmen and the board of management, to be held in Moncton on Mar. 22. Further consideration of less important details of schedule had to be deferred, as Deputy Minister Campbell was compelled to leave last night for Ottawa.

The Strength of Fit-Reform is The Weakness of the Tailor

SPECIALIZATION IN TAILORING is at once the strength of Fit-Reform and the weakness of the custom tailor.

Every man in the Fit-Reform corps is a skilled tailor—a master tailor—who devotes his talents to doing one individual part of the work of designing, cutting, shaping or hand stitching.

It is but natural that a number of experts—each doing one part of the work—will complete the garment quicker and better than one tailor who must measure, design, cut, sew, wait on customers and keep books.

The Morning Coat and Frock Coat, shown above, exemplify the perfection and economy of the Fit-Reform system.

RECIPROCITY.

The International Paper Co. of the United States has entered a vigorous protest against Reciprocity on the ground that if paper and pulp are allowed into the U. S. duty free the result would be that skilled labour and paper plants would be driven from the U. S. into Canada.

This is a point which all the opponents of the agreement would do well to think over. We have the pulpwood here and the International Paper Co., and many others know that Canada will reap the benefit of the labour and manufacture, in such an arrangement, as there would be no necessity to pay heavy freights transporting the pulp wood and returning the paper into Canadian markets when the whole operation could be concluded in the one district. This protest clears the air to some extent and shows us that all the many opinions expressed have been only to beg the issue, emanating from interested manufacturers and capitalists.

To go further, how is it that if the agreement was a give away of Canadian interests, that the U. S. Senate even under pressure from the President, refused to snap at the bargain, and adjourned even without a vote on the matter.

In the lumber business alone, we in the Maritime Provinces see the benefits which would accrue from an open market, and as we now see the farmers in the West standing solidly for the agreement we may take it for granted that the sooner the tariff is amended, the sooner we shall see a great forward movement in Canada's trade.

The articles on reciprocity from the Canadian Century are appearing in the Graphic as in many other publications, as advertising paid for at the current rate of advertising.

There is nothing more indicative of the trend of popular opinion in the West in favor of reciprocity than the antagonistic stand which Hon. Clifford Sifton's own Winnipeg organ has taken against him on that question and the way in which it mercilessly ridicules the loyalty-annexation cry. In a recent issue, it discussed the subject of "True Loyalty," saying:

"The citizen who is truly loyal to his home does not parade the streets telling everybody of his great admiration and affection for his wife and children."

"The true citizen of a country does not go up and down the land telling how much he loves the respective Lieutenant-Governors, Earl Grey, King George and the Old Flag."

"The man who doubts the loyalty of the highest type of Canadian, the courteous Englishman, the sturdy Irishman, the reserved Scotchman, or our good citizens from other countries, because the respective nationalities are not rushing up and down the thoroughfares calling for 'three cheers for Britain,' is a greeny of the greenest type. The best citizens of this Empire have their loyalty in their hearts, not on their sleeves."

"Britain has set the example to all the nations of the world in carrying on trade and commerce unhampered by taxes and tariffs. Canada has followed but slowly in the footsteps of the Mother Country, but, almost at the point of revolt on the part of the greatest producers in Canada, our Government has made a move towards gaining access to our nearest and one of the greatest markets in the world. And what a noise is heard."

"The noise is not made by the producers whose products are placed on the free list, and who will be in competition with like producers on the American side of the line. The noise is made by those who, not short-sighted, see that the success of all open market in farm products will soon lead to a more open market in manufactured goods."

The Canadian Northern is to

build 600 miles of track this year. Considering that Mr. Boden has told us we are to lose all our carrying trade, wouldn't it have been better for Sir William to have spent his money buying stock in Jim Hill's roads?

Be sure you're right, then go ahead. But if the average man did this he'd never move at all.

DRUNKENNESS CAN BE CURED

Old Fallacy That Drunkenness Cannot Be Cured Exploded.

Many men drink who desire to stop the habit. Whiskey, however, has undermined the constitution and created a craving that is not to be denied, and the man must have whiskey or something that will remove the craving and build up the system and restore the nerves. Samaria Prescription stops the craving, steadies the nerves, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless and odorless, and can be given with or without the patient's knowledge, in tea, coffee or food. It is used regularly by Physicians and Hospitals. It has cured thousands in Canada, and restored happiness to hundreds of homes.

Read what Mrs. G., of Hull, says of it and what it did for her. "It is four months today since I started to use your remedy. I followed the directions and had the best results. One week after I started using your Remedy, the patient stopped drinking, and has not drunk a glass of liquor since. I hope you will accept my heartfelt thanks. Hoping God will bless your remedy whenever tried, I remain,

Mrs. G., Hull, Que. (Name withheld by request.) Now, if there is anyone in your town who needs this Remedy, tell them of it. Practical philanthropy can take no better form. If you have a husband, father, brother or friend who drinks, help them help themselves. Write to-day.

A FREE TRIAL PACKAGE of Samaria, with Booklet giving full particulars, directions, testimonials, price, etc., will be sent in a plain sealed package to anyone mentioning this paper. Correspondence sacredly confidential. The trial package alone has often cured. Write to-day.

Transplanting the Englishman

The average Canadian born probably has not time to stop and consider how much it means to the Englishman of the middle class, to pick up his "baggage" and strike for Canada. It is a difficult thing to contrast the life in an old English town—a cathedral town for instance, with the life that is led in a brand new Canadian town. Mr. Augustus Bridle succeeds, however, in doing this, in his article on A New Town for an Old One in the March issue of MacLean's Magazine. The article is illustrated with photographs and etchings showing the old crumbling walls of England, side by side with the board shacks of a new prairie town. How Reginald Snippet, the imaginary son of an imaginary baker, living in the English Cathedral city of Highton—also imaginary, comes to Canada and learns to live and think and work like a Canadian after being almost swamped, is indeed a story worth reading.

ECZEMA CURE A BEAUTY WASH

Although D. D. D. Prescription has been recognized for years as the one remedy for Eczema, Psoriasis, and all other forms of skin diseases, it is now known that there is no other wash, even those used by the beauty specialists, that can compare with this mild liquid for cleansing the skin of pimples, blackheads, rash, and all similar skin affections.

For this reason alone, a bottle of D. D. D. should be kept on hand in every household. A free trial bottle will show you the merits of this great remedy as a complexion wash.

D. D. D. seems to remove the cause, whatever the trouble may be, cleansing the skin, and leaving it as soft, as smooth and clear as that of a healthy child.

EARTHQUAKE AT PROVINCIAL CAPITAL

Dishes Rattled and Were Knocked Down at Daoktown.

Fredericton, March 20.—An earthquake shock was distinctly felt here about 8 a. m. today during a snow storm. Reports from Daoktown indicate that the quake was felt worse there than here. In some of the houses the shock was felt so much that dishes rattled and in some cases were knocked down and broken.

Several residents in the vicinity of Queen and Pitt streets, St. John, assert that they felt a tremor like a slight earthquake this morning about eight o'clock.

TOWN COUNCIL

(continued from page 1) sewerage committee recommending payment of accounts totalling \$105.

Report received and adopted. Councillor McDonald as Chairman of the water and sewerage committee brought down the Annual Report of this committee. The document was a most interesting one giving details of all the work done during the year. The report was received and placed on file.

Councillor McDonald brought up the matter of the placing of water and sewerage connection on an unnamed street, and the Town Solicitor said that the deed of this street would be signed as soon as he got back from Fredericton.

Councillor McDonald and Councillor White thought that the pipe line which is supposed to cross a corner of Mr. George Duncan's lot should be removed. This raised up an old question as to why some one did not pay water rates and under what agreement they had that privilege. After desultory talk the tender of S. D. Harriman for 4th Water Main (70 yards) for the sum of \$268.42 was read and accepted, subject to the approval of the Town Engineer.

Councillor White brought in the report of the Police and License committee which recommended payment of accounts totalling \$88.50.

Report received and adopted. Councillor McLennan read the report of the Fire Protection Committee, recommending payment of accounts totalling \$114.95.

Report received and adopted. Councillor Richards submitted the report of Public Property and Street Committee recommending payments of accounts totalling \$289.75. Report received and adopted. In a further report Councillor Richards brought up the matter of widening O'Leary St., to 40 feet, recommending the purchase of a piece of land from W. T. Gray for the sum of \$115 and from Thos. Ellsworth for \$100. This is for 5 feet from each of these persons. The recommendation was accepted by the council.

Councillor Richards submitted a plan prepared by Town Engineer Black, and recommended that the plan of Andrew Street as so prepared by Mr. Black showing the permanent levels be accepted. This was the finding of the council. The Annual Report of the Public Property and Streets Committee was submitted by Councillor Richards, which was received and placed on file. Councillor McDonald on behalf of the Board of Health asked the sanction of the Council to allow the Chief of Police to appoint the Chief of Police as Sanitary Inspector. Councillor White thought it was a good idea to have the Chief take up this work, and moved accordingly. This was seconded and carried.

Councillor McLennan brought up the question of the sewerage at his shops, being without any sewer connections, and also being deterred from putting in a sewer. As the town have the power to put down sewers in private ground Coun. McDonald thought that the town should look into this matter at once. Mr. McDonald also brought up the matter of Building Permits and His Worship spoke of the necessity of Boarding Houses for the expected rush of workmen.

Council adjourned.

Notice

Public Notice is hereby given that under the first Part of chapter 79 of the Revised Statutes of Canada, 1906, known as "The Companies Act," letters patent have been issued under the Seal of the Secretary of State of Canada, bearing date the 28th day of February, 1911, incorporating Albert Edward Loosen, manager, Oliver Page, superintendent, Claude Middleton Mersereau, accountant, Allan Hains, navigator, and Angus McLean, lumber merchant, all of the Village of Bathurst, in the Province of New Brunswick, for the following purposes, viz:—(a) To construct, own, charter, operate and navigate vessels, steamships, boats, boats and all other kinds of water-craft including tugs and barges as well for the transportation of passengers and goods and merchandise and freight, and to sell and dispose of boats, vessels and water-craft; (b) To carry on the business of a common carrier of passengers, goods, freight and merchandise and of a forwarder, wharfinger and warehouseman; (c) To construct, own, acquire and use such docks, warehouses, machinery and other terminal facilities as may be convenient and necessary for the purposes of the company, and to make and enter into contracts and agreements with common-carriers and others necessary for recovery from and delivering to and for giving effect to the purposes of the company as aforesaid or any of them; (d) To carry on the business of towing, dredging and wrecking and all business that may lawfully be done by means of vessels, boats, barges, tugs and the appliances and machinery used therewith, and for the said purpose or any of them, to acquire, own and operate tugs, scows, boats, vessels, pumps, dredges, hoists, docks and other appliances and machinery; (e) To charge upon the property deposited or placed with the company or in their custody such fair remunerations, tolls and charges as may be warranted for services rendered for storage, warehousing, wharfage, dockage, coage, or any other care and labour in and about handling, conveying and delivering of such property on the part of the company, over and above the regular freight and primage upon the said property, or any of it, which shall have been carried or may be carried, by them; (f) To recover all fair and reasonable charges and moneys paid or assumed by them subject to which goods, chattels, merchandise or commodities may come into the possession of the company; (g) To subscribe for, purchase and hold stock in any other company duly incorporated by letters patent or by Act of Parliament; (h) To carry on any other business which may seem to the company capable of being conveniently carried on in connection with the above or calculated directly or indirectly to enhance the value of the company's property or rights. The operations of the company to be carried on throughout the Dominion of Canada and elsewhere by the name of "Eastern Transportation Company, Limited," with a capital stock of twenty thousand dollars, divided into 200 shares of one hundred dollars each, and the chief place of business of the said company to be at the Village of Bathurst, in the Province of New Brunswick.

Dated at the office of the Secretary of State of Canada, this 2nd day of March, 1911.

THOMAS MULVEY,
Under-Secretary of State.

March 24-4ins.

It will require 220 commissioners and will cost a million dollars to take the Canadian Census which will be commenced on June 1st.

"MAKE ROOM"
FURNITURE SALE
At KERR'S FURNITURE WAREROOMS
QUEEN STREET, EAST END.

March finds us crowded for floor space and big Spring shipments are soon to arrive. We need room for new goods. We must have handling and storage space. We have inaugurated a "Make Room" Sale. It is absolutely necessary to move the stock. We cannot store the new goods on the street. We have secured the biggest carving knife we could find and have flopped from our already sharp prices, a generous discount. We do not hesitate to do this. It is important that we make room for the big shipments. Here is a splendid opportunity to fit out your home. This Sale includes:

Furniture, Carpets, Rugs, Lace Curtains, Portiers, Couches, Beds, Bed Coverings, Dinner Sets, Tea Sets, Glassware, Chamber Sets, and many articles of interest to the economical housewife.

We have numerous enticing bargains to offer you and you will find we are in the van for keen, close selling and straight business methods. You are invited to participate in this profit sharing sale.

ANCIENT HISTORY AT BATHURST
The interesting case of MacIntyre vs. White was concluded before Judge McKeown, of the supreme court last week. This was an action for trespass of nearly 20 years standing. After hearing evidence, as he declared, unimportant evidence, the judge took the case under consideration until the 29th inst.

COLLISION AT SAYABEC
Early last Friday morning two freight trains collided near Sayabec. The force of the impact threw one car of coal on to the top of the engine, which quickly caught fire. This and two cars of pulpwood were utterly destroyed, and owing to the fire the line was blocked for a considerable time delaying the Maritime express.

LACE CURTAINS
Our import order of Lace Curtains, given just before the fire and afterwards cancelled, was through error sent along. The manufacturers have given us special inducements to keep the lot. We can offer you exceptional bargains. Ask to see them. White, Arabie and Two-tone. F. G. KERR, Furniture Warerooms, Queen St., East End.

VANCOUVER NEWS
Rev. Father Campbell, late of Charlottetown, has been doing some plain talking to his congregation at St. Patrick's Church, Mt. Pleasant. Reminding them that Lent was a time of self-denial, he said that there was no fine baby carriage for the Infant Jesus, when the Holy Family made their flight into Egypt, nor had they any choice corner lots for sale.

SUCCESSFUL RECITAL
Last Friday evening under the auspices of the Young Ladies' Society of the Methodist Church a most enjoyable recital was given in the Opera House by Miss Jessie Marguerite Atkinson, assisted by local talent. Miss Atkinson was very happy in her selections and especially scored decided hits in her Monologues, the audience being hard to satisfy. Mrs. Morris, Miss Lingley, the Misses Movat, and Mr. John G. MacColl assisted. Miss Atkinson, and a most successful concert would add considerably to the funds of the church, for which benefit it was organized.

HAZEN GOVERNMENT IN THE LEGISLATURE NO IMPROVEMENT

The government had contended that this year's surplus was about \$6,000, and that the public debt had only been increased about \$180,000, which he said meant that the government had spent last year \$211,000 more than it received. It has been the custom in the province to charge certain expenditures to capital account. Capital is something which a man puts into his business with the hope of getting some return thereon. The expenditures in this province on such works as permanent bridges, railways, etc., were charged to capital account. This should not be so charged, because the government gets no return on its investment, and there was no distinction, as far as he could see, between revenue and capital account since there was no return to the province on either.

On comparing the receipts of the province in 1907 with those in 1910 he found there had been an increase of \$271,395, or about 39 per cent. There had been a great increase in the expenditures of 1910 over those of 1907. In 1910 while the government had an increased revenue of 39 per cent over 1907, it had only appropriated 14 per cent more for agriculture. The amounts spent on contingencies in 1910 was only \$1,955 less than in 1907, according to the auditor's report.

It used to be charged against the late administration that such items as printing, etc., were not included under the one head, "contingencies," but were scattered throughout the report, but in this year's report the contingencies in the administration of justice are not under the general head of contingencies but are charged up to the administration of justice department, so that really the only saving in 1910 over 1907 is something over \$1,600.

On education, this government had spent \$45,142 more than the government of 1907, so it appears that increased expenditure in this department was only 20 per cent more, as compared with an increase in revenue of 39 per cent. The New Brunswick Coal & Railway investigation had cost the province in 1910 \$2,965, and in 1909 \$2,995.55, and in all about \$6,000. The country had received no benefit from it.

WHY HESITATE?

An Offer That Involves No Risk For Those Who Accept It.

We are so positive our remedy will completely relieve constipation, no matter how chronic it may be, that we offer to furnish it free of all cost if it fails.

Constipation is caused by weakness of the nerves and muscles of the large intestines or descending colon. To expect a cure you must therefore tone up and strengthen those organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our guarantee. They act directly on the nerves and muscles of the bowels. They have a neutral action on the other organs or glands. They do not purge or cause any inconvenience whatever. They will positively overcome chronic or habitual constipation and the myriads of associated or dependent chronic ailments. Try Rexall Orderlies at our risk. Two sizes, 10c. and 25c. Sold only at our store—The Rexall Store, Thos. Wran.

DIAMONDS DISCOVERED

IN BRITISH COLUMBIA

Ottawa, March 16.—The director of the geological survey announced that diamonds have been discovered by the survey in a British Columbia rock, the first recorded discovery of diamonds in Canada. The rock carrying the crystals is a peridotite of the variety known as dunite, consisting of olivine and chromite. The rock specimens in which the diamonds were found were collected by Mr. Charles Damsell, on Olivine Mountain, where Mr. Camsell has been making geological examination on behalf of the survey.

The Sapphire Reproducing Point of the Edison Phonograph

distinguishes the Edison from all other instruments. This point is not a "point," but a "button" that travels without friction, producing the perfect, life-like tones for which the Edison is famous.

There is no scratching, no harshness, no metallic sound and practically no wear on either the reproducing point or the Records. With this sapphire button Edison Records retain their sweet musical tones for years.

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Edison Amberol Records. Old samples changed from your dealer or from us. Edison Phonographs, \$16.99 to \$24.99. Edison Standard Records 400. Edison Amberol Records (play twice as long) 50c. Edison Grand Opera Records 40c to 60c.

1911 Model E. M. F. 30 Sets World's Record

ALL THE CARS THAT FINISHED BEHIND THE E. M. F. "30" ON THE ATLANTA SPEEDWAY SELL FOR AT LEAST \$500 MORE.—THAT'S THE BEST PART OF THE STORY.

STANDARD 1911 MODEL E. M. F. "30" TOURING CAR, \$1350.

Change the body equipment and it's a racer, just like Witt's, with which he won at the Speedway.

"E. M. F. '30' WINS." The old familiar shout was heard on the Atlanta Speedway again.—It was the same old story.

E. M. F. "30" WAS FIRST. It is an expression not limited to the race tracks of the United States either. E. M. F. "30" has won a lot of firsts, has won them just as cleanly and just as decisively as it did the race at Atlanta.

THE FIRST CAR HOME IN THE RACE. And to establish a new world's record, was produced by the company, which was the first to place on the markets of the world a genuine, practical car of the real touring type at a price within the reach of the man of average means.

ALL E. M. F. "30's" ARE FAST. Just as fast as Witt's "Polar Bear." They are made by automatic machinery—machinery, the purchase of which is possibly only to a company that builds cars in large lots and can consequently afford it, saving a large labor expense that would otherwise make the car unprofitable, if sold at twice the price in smaller quantities.

E. M. F. DURABILITY is something we can't show in a race, however. All the South knows, though, that our old E. M. F. "30 Bullet" has been run 60,000 miles and is better than when she came to us—the first E. M. F. "30" that ever came south of the Ohio.

E. M. F. ECONOMY is something we want to demonstrate any time we have the opportunity. The E. M. F. "30" is the best balanced car in the world. It shows in the small expense of tire maintenance. Light weight makes for small gasoline consumption, just as it does for speed. The most ingenious, if the most simple lubricating system in existence helps E. M. F. "30" owners save on their oil bills.

THE BIGGEST E. M. F. ECONOMY is the first cost. You can buy a duplicate of Witt's race winner with the added equipment of five passenger touring body for \$1350. Not a car in the field that finished behind the E. M. F. "30" on the Atlanta Speedway could be purchased, a stock form for within \$500.00 of the price.

BEST AND CHEAPEST. It's an E. M. F. "30". Price and performance simply can't be denied. They are in the record.

Are you in the market for a motor car? we have made some statements here that we will be glad to you still further.

SUBURBAN CREW WAS BLAMED

For Death of Harvey McDougall in the Derby Junction Smash-up

The enquiry into the death of Harvey McDougall, who was killed by a collision at Derby Junction on the I. C. R., on Thursday, March 9th, was brought to a close on the 10th and the jury brought in the following verdict: "We, the jury, empaneled to enquire into the death of Harvey McDougall, find that the said Harvey McDougall came to his death by a collision of trains No. 34 and No. 50 at Derby Junction in the Parish of Derby, Northumberland county, on the morning of March 9th. We find further that the death of the said Harvey McDougall was due to the neglect of duty on part of the crew of train No. 50."

Signed—Chas. M. Dickson, foreman; James P. Whelan, Hugh Morris, Daniel Hogan, Geo. T. Bethune, Wm. Kay and Daniel Alton.

The inquest was resumed Wednesday. Driver Henry Cameron testified he had moved the branch train onto the main line on the brakeman's signal, presuming the latter had the conductor's authority. His train was off the main line four minutes before the collision. The semaphores were very little protection against trains going east. The duty of the conductor and driver was not to bring the train ahead of time. They usually got to Derby Junction ahead of time, although it was contrary to the regulations, as no time was allowed by the schedule for shunting, and they were expected to reach Newcastle on time. The time table gave sixty-six minutes between Millerton and Derby Junction for 4:20 miles. He could see the semaphore set at danger, when he went out on the main line. He saw no one tamper with the semaphores.

Albert Forbes, the fireman, testified he got only the brakeman's signal for shunting. After the shunting he saw the switch open.

Station Master Atkinson said he did not reprove the branch train for coming in early. Rule 40 had not been observed at Derby Junction as to the west semaphore. It would require a man continually to apply it. He had instructions from Superintendent Price that Form 120 rule 31 was not necessary regarding the branch train.

The shunting that day was without his knowledge. He did not hear the shunting engine's bell. He had no opportunity to prevent the shunting.

Driver Cameron, recalled, said the bell had rung.

Driver Shaughnessy, of 34, swore he saw the semaphore down just before entering, and again on leaving the north bridge, but the next time it was up for danger. Had he seen the semaphores set for danger the first or second time he could have stopped in time to avert the disaster.

Did you ever know of a hat guarantee so strong as this?

Think of it—

a new hat any time within four months, to any man who can show a Buckley hat that has succumbed to wear and tear, or to accident, within that length of time after date of purchase.

The man who wears Buckley hats is sure of a reasonable hat-cost—because the makers of the Buckley guarantee that each Buckley hat shall be good for at least four months' wear.

The man who is Buckley-hatted knows that he is "hat-right" not only as to quality, but also as to style—the style supremacy of the Buckley has long been recognized. English as to quality, it conforms to American style tendencies.

BUCKLEY HATS

The Buckley creates styles where lesser makers are content to follow the beaten path. Another feature of the Buckley is that it is strictly a Union-made hat.

Note the "accident clause" in the guarantee. Many have wondered at its insertion, claiming that it makes it too easy for a man to get a new hat. That feature of the guarantee was prompted by a strong belief in the inherent honesty of mankind and a desire to remove all possibility of quibbling or questioning on the part of the merchant. Backed with that clause, your hatter is in a position to hand you out a new hat without hesitation and without suspicion.

Any good hat store can get you the Buckley—the price is no greater than for an ordinary hat. They sell for \$2.50.

Notice of Legislation.

Application will be made at the present session of the Legislative Assembly of New Brunswick by the Town of Dalhousie, for Legislation for the purposes following:

1 To empower the Town to purchase and acquire the title to and within the Town, and to convey or lease the same for a long term of years to Chappell Brothers to provide for them a free site for their proposed lumber mill or mills and plant, and to grant to them certain exemptions from taxation and other concessions as inducements to them to establish their proposed mill or mills and plant at the said Town.

2 To authorize and empower the said Town to issue debentures of the Town for an amount not exceeding \$12,000, at a rate of interest not greater than five per cent, payable in thirty years, for the purpose of enabling the Town to purchase said land and make provision for the granting of such concessions.

All in accordance with the expressed wish of a majority of the ratepayers of the said Town, as expressed by a vote of such ratepayers taken on the first day of March, A. D. 1911, by authority of the Town Council of the Town.

Dated the second day of March, A. D. 1911.

GENERAL NEWS

Wandering from home clad in little more than his night clothes, James Brown of 3000 Alice St. Montreal died from exposure. He was a retired grocer, 75 years of age, and had been irresponsible for some time.

After a stormy meeting which lasted for more than an hour the strikers of the Adams Express Co. New York voted unanimously last Thursday to return to work, leaving their grievances in the hands of Mayor Gaynor for settlement.

The claims of American fishermen against the government of Newfoundland for a refund of light and harbor dues following the decision of the Hague tribunal, are now being pressed. The amount involved is said to be in the neighborhood of \$75,000.

The strike of the French dock lands in Paris has spread to Breest, Toulon and other ports. It is feared that the strike will be followed by a lock-out.

A large number of weavers from Yorkshire England, have arrived in New York, their destination being the woolen mills of Rhode Island, Mass.

A local paper of Hamburg, Germany announces that four Germans and an Englishman have been arrested charged with having transmitted to Great Britain plans of German warships under construction.

Thirty firemen were overcome by the fumes of ammonia while fighting a fire which destroyed the warehouse of the Monarch Refrigerating Company Chicago, and caused an \$800,000 loss.

The morality squad in Montreal under Inspector O'Keefe are having a regular spring cleaning every day sees some of the dives cleared out and the inmates arraigned in the Recorders Court.

Crying that he had suddenly been stricken blind, Thomas Morrison one of Winnipeg's prominent old-timers dropped dead on the street last Saturday.

There were in February 88,498 deaths from the plague in India. India has a population of something like 350,000,000, but even while this fact is remembered the situation looks serious. Such loss of life from a disease that can be suppressed means that much has to be done to teach those most interested how to suppress it.

The charge against the Thunder Bay Elevator Co. for the alleged mixing of grain at Port Arthur, brought by the warehouse commissioner, was dismissed in the Police Court.

The pantaloons skirt has reached Rio Janeiro, and two girls who were engaged to popularize the curious garment were mobbed in the street. The police were called in to evict one from a cafe and she was jostled by the crowds that gathered, while the other was saved from complete denudement only with difficulty. The mob seemed greatly amused and gathered up portions of the garment as souvenirs.

Japan is said to be attempting to renew with Great Britain their treaty of offensive and defensive alliance four years before it expires.

Sir Almoth Wright, M. D., has been telling the people of London that washing takes away from the skin the power to resist the attack of microbes. So is the natural instinct of the small boy vindicated against the traditions which the soap-makers spread if they did not create. To dodge a washing is to secure protection against disease as well as to ensure the comfort of the hour.

Fire broke out on Saturday afternoon in the Gainsborough, summer hotel at Hubbards, thirty miles west of Halifax, and destroyed three rooms, with the contents, causing a loss of about \$1,000, practically covered by insurance. Villagers organized an impromptu fire brigade and this was the means of saving the rest of the hotel and several other buildings. The hotel is owned by M. W. Shatford.

Allan Line Delivered Two Infants From Quebec.

[Glasgow Daily Record and Mail.]

Strange are the duties occasionally performed by steamship officials, but an undertaking just completed by the Allan line will probably rank as unique. Messrs. Allan were recently asked to arrange for the conveyance from Beebe, Quebec, to Aberdeen, of two children, William and Margaret Clark, aged 4 and 1-2 years respectively.

Communication was at once established with the Canadian agents and arrangements made for the comfort of the children. They were conveyed by train from Beebe to Boston, Mass., and placed in charge of a stewardess of the Ionian, which left for home on the 23rd ultimo. During the voyage the ship's company became quite attached to their young companions.

The Ionian arrived in the Clyde on Saturday, and Messrs. Allan delivered their charges safely to the relatives who had come from Aberdeen.

UNIVERSITY NOTES

The University Basket Ball team has just returned from its tour of the Upper Provinces. The trip is regarded by the students as having been very successful. For though no games were won, the scores have been so close as to show that the game as played here is just as good as the Upper Canadian. The visitors were naturally hampered by the strange firs and slightly different rules. The games and scores were:—With Ottawa Y. M. C. A., 20-28; Toronto Y. M. C. A., 35-34; Hamilton Y. M. C. A., 35-32; Toronto Varsity, 55-38.

The Toronto Y. M. C. A., which is trying for the Canadian Championship, only won the game in last few minutes of play, for up to that time the U. N. B. team led them by several points; but they scored on several fouls, which the Eastern College men were so unfortunate as to commit just before the whistle blew.

The College Y. M. C. A. held a very successful and brilliant reception on Thursday night. The Mock Parliament sits Saturday night. The very strenuous elections put the Liberals in power with a small majority.

Do you know that of all the minor ailments cold sore by far the most dangerous? It is not the cold itself that you need to fear, but the serious disease that it often leads to.
