Mr. McGillivray Makes Position of Affairs Plain to All.

A PLEASANT **OUTING TUESDAY**

The Members Combined Pleasure With Business and Had a Good Time.

At the afternoon session of the high court delegates of the Independent Order of Foresters, P. H. C. R. A. Mc-Gillivray concluded his splendid ad- of Lo dress on the question of the change in rates.

The discussion was closed early, and the reception committee carried out their plans of showing the visitors the Forest City.

Special cars were chartered and the Carried Off Nine Scholarships at Jundelegates were taken to Springbank. All were loud in their praise of the city's beautiful park, and as many expressed a wish to stay longer and look around, it was not until some time after the hour arranged that a nection with the recent junior matricstart was made back to the city. Just before leaving, light refresh-

ments were served. Around the City.

The special cars then came up-town again, by way of South London, tario, winning no less than nine and then making the belt line trip, so scholarships. Another as to show everyone as much of Lon- student, C. G. Fletcher, stands third don as possible in a short time. As in the general list, winning three soon as the trip was completed the scholarships. Mr. Fraser, who is only visitors were free to do as they pleased 17 years old, won the Prince of and many of them spent the time be- Wales and Edward Blake scholarships fore supper in shopping and seeing the for general proficiency, the most imbusiness districts.

A Concert.

city hall was filled with people, who greatly enjoyed the excellent concert that was rendered. H. A. J. H. Hambly presided, and in opening the concert Windsor Boy Makes Serious Charge spoke of the pleasure the local Foresters felt in welcoming their brethren to this city. On behalf of all the city courts he extended a warm welcome to

CAUSED FAILURE

Wall Street Wrecked Brown & Co.

New York, Aug. 25 .- The failure of he big brokerage firm of A. O. Brown climax to the bewildering trade in last Saturday's market, the suspension created an extraordinary degree of ublic interest, but was looked upon by high exchange interests as offering an early solution of the tangle growing out of the most remarkable two hours' session the New York stock exchange has known in many years. A. O. Brown & Co. were members of the New York stock exchange, cotton exchange, Chicago stock exchange Chicago board of trade and the Cleve

land stock exchange. They had branch houses in Cleveland, Chicago, Buffalo, Erie, Pa., and Toronto. In this city they maintained expensive branch of fices in four of the fashionable hotels and at two uptown addresses. Their principal office was at 30 Bond street, but a few doors from the stock exchange building. Within the past few months the firm had spent \$75,000 in refurnishing its Broad street home. Friends of the members of the firm declared tonight that its collapse was due entirely to the clogging of its extraordinary Saturday business.

Saturday's trading will long be re nembered in Wall Street. With the opening of the short session of the exchange there was an almost immediate plunge in the shares of a few active favorites and in a little while the ordinary units of sale were raised from 500 to 1,000-share lots to 5,000 and 10,000 shares, and it seemed for a time as though the few brokers participating were playing game with so many pieces of paper. In all this wild flurry of buying and selling of shares whose face value amounted to millions of dollars, there was little or no change in the price of the securities *+*+++/>+*+*+*+*+*+*+*+*+*+*+*+*+* uspended firm early in the day declared there was nothing extraordinary in their trading on Saturday. The

STRIKE SYMPATHIZERS BEAT UP BREAKERS

Hamilton, Aug. 25.-Mayor Stewart First Serious Physical Clash Takes Place Near Montreal Shops.

Montreal, Aug. 25. - The first trouble in connection with the C. P. R. mission Company's electric line on mechanics' strike took place yesterday afternoon, when a mob of about 200 Sneering Attack in New Book men of various nationalities set upon a will apply to the railway board. It is small party of strikebreakers in the vicinity of Papincau avenue and badly injured four of the men, three of whom were French-Canadians and the fourth a Jew. Some of the mob used clubs and others stones. One of the strikebreakers had a leg proken. It is claim. ed that the trouble was not caused by the strikers, bur by sympathizers.

BACK TO ENGLAND FOR LIFE SENTENCE

Young Englishman Stopped at Sarnia Was Mixed Up in Murder.

Port Huron, Mich., Aug. 25.-Charles Knisley, a young Englishmen who has been in the county jail for several months while his case was being investigated by the immigration authorities at Washington, was yesterday sent back to England, where he is to enter a prison and serve a life sentence. Knisley escaped from the British officers and made his way to this country. He was stopped at the tunnel station of the Grand Trunk in January, and has been in jail since that time. He was implicated in a murder in his own country.

HUNGRY HARVESTERS

Moosejaw Folk.

Regina, Aug. 25 .- Two hundred harvesters, who arrived here in a destitute live glance. condition, held a meeting last night, protesting against the refusal of the husband and wife in high life are alallege they were brought in on misrep- wrote: resentations. They claim that only 650 men were required in Saskatchewan, and that the company has ship ped in 2,000, with two more trainloads

A dozen men who came here with the first contingent have just arrived here after walking to Moosejaw and some way down the Soo line looking for work, and now, wet, nearly starved, bedraggled, they are being loked after figure anyhow? His focus is horribly by the Salvation Army. The Moosejaw Board of Trade gave them two poor in his settlement work and all lieutenants, claim to be ignorant of his meals, otherwise they had no food for that sort of common rot.

starving. Over one hundred are huddled in the C. P. R. depot here, with not 50 cents ery and diamond mine, married only among the crowd, many having come for his money." all the way from Nova Scotia, with no prospect of getting back.

HUNT CLUB'S DONATION

Running Event at Western Fair for Farmers of London Township.

The London Hunt Club have generously donated \$100 to the Western Fair Association to be given for a running event which will take place Friday afternoon. This event is confined to horses owned by farmers in London Township only, and must be ridden by the owner or his son residing on the farm. The horse to be the property of the present owner and stabled by him in the township since June 1, 1908. The money will be divided into three prizes, \$60, \$30 and \$10 with an entrance fee of \$1. With these rules to govern it this event will be purely a farmer's one and should be of special interest to all.

The athletic events of Monday are creating special interest, and no doubt will draw entries as the medals and trophies given by the Western Fair Association are very costly and beautiful; they may be seen in the windows of Ward & Co. and T. Gillean. There will be two speed events each ARY surgeons. Office, 137 King street, day commencing Tuesday, Sept. 15, residence and infirmary, King and will no doubt be well contested. Wellington. Phones: Office, 668; resi- All information will be given on application to the general offices.

GIANT FUND TO HELP HAINS

United States Officers Will Raise a Million Dollars for His

Defence.

New York, Aug. 25 .- A fund of \$1,-000,000 is being raised among United report here, to be applied to the defense of Capt. Peter C. Hains, jun.,

and Thornton Jenkins Hains. Within the last three days officers of various forts have called upon General Peter Hains, father of the prisoners, and assured him that the army men are deeply in sympathy with his sons, and are eager to aid in getting

them out of their predicament. The gigantic fund was started last week, and already, according to the report, considerably more than \$100 .-000 has been pledged. It is doubtful if anything approaching \$1,000,000 will be required for the defense, but the army men have set that as the sum to be raised.

Thornton Jenkins Hains is putting in his time in his cell at the county Artist Earle Is Charged With Assault jail at Long Island City in writing a detailed narrative of the part he played in the murder of William E. An-It is not for the purpose of contrib-

LONDON, WEDNESDAY, AUG: 26. A POOR LINE OF ATTACK.

The Federal Opposition go into under one disadvantage-

The increase in expenditure is the principal theme for Opposition pens ludicrous in this croaking over the present financial position of the counbetween conditions twelve years ago and today. The Canada of 1896, heavy burden for a nation ried jauntily by a country growing quagmire, a slough of despond.

Government's - record

If comparisons are to be invited, the electors may be reminded that under the former administration there was deficits and the net debt was increased over \$20,000,000 in five years before 1896. In the ten years, 1886 to 1896, only \$37,000,000 was spared for public works on capital account. Between 1896 and 1907 the present Government spent \$89,000,000 on public works and reduced the public debt by \$5,000,000. It is only in the present year that additions have been made to the debt, by reason of the construction of the Grand Trunk Pacific, an enterprise which will return to the country infinitely more than it has cost.

A NEW RULER OF MOROCCO.

Affairs in Morocco, which have been in an unsettled state for close on ten years, have taken a new turn by the overthrow of Sultan Abdul Aziz and the accession of pretender and selfproclaimed brother of the Sultan, The lines on the forehead you once called Mulai Hafid. While it is impossible to predict what, if any, complications in the relations of the European powers will result, the French Government has strongly suspected that the uprising against Abdul Aziz has had assistance from an outside source.

Abdul appears to have himself caused the discontent with his rule by showing himself too friendly to the But we dole the love grudgingly, less an British, inviting them to develop mining and build railroads and in every way encouraging their progressive influence. The trouble began with the and punishment of a Moslem who murdered an English missionary The murderer fled to a mosque where he was captured, and this the Moslems claimed was a violation of the countenancing which the Sultan had shown himself to be no true Moslem.

establishment a few days ago and said to the shop-walker, 'Do you keep station-In 1894 Mulai Hassan, father of the ery?" Sultan, who for a score of years had been a popular and successful ruler, died. Abdul was then little more than a figure-head, the real ruler being Sidi Abmed Au Mura, the clever and cunning grand vizier. On his death over eight years ago Abdul Aziz adopted the policy which brought upon him Moslem emnity and fostered the rebellion of the Berber tribes under Bu Hamara. Fez, the capital, a GOOD REASON FOR HOSPITALITY. commercial concessions in Asia city of 140,000 population, was investeu in January, 1903, but later the rebellious forces were routed and the was once again apparently secure in power. But his rule became since the French occupation Mulai Hafid has been steadily gaing acces-According to the cable the French will likely recognize the new

KAISER'S HAND IN TURKISH REFORMS

Against Waning British Power in Sick Man's Kingdom.

London, Aug. 25. - Great uneasiness prevails here in regard to conditions in Turkey, and all kinds of views are expressed regarding it. Mutiny is common enough in the Turkish army, though it is the best organized of Turkish institutions. The troops going to or returning from Yemen, where the Arabs are in chronic rebellion, almost invariably revolt against their commanders in the Red Sea, and have to be pacified by force or bribes. Their disaffection becomes known because the transports touch Egyptian ports. but are less often noticed by foreign observers. The main causes are invariably the detention of the peasant conscripts beyond t ir legal term of service and the witholding of their pay. When the men are paid and disbanded, no more is heard of the mu-

The Monastir officers complained of the espionage system, by which the palace attempts to maintain absolute control of the army. The Young Turks and their foreign sympathizers may flatter themselves that all sorts of wonderful things are going to happen, but the Sultan is evidently only endeavoring to gain time, and it seems that this was the only thing he could do in the circumstances. Action by the powers is still possible

Germany Gaining Control. A writer in the Daily Telegram

PLAYS AND BOOKS

Playwrights, Dramatic Societies and Authors Teaching the People of Erin.

Dublin, Aug. 25. - Mention has often been made of the "revival of Ireland" in trade, finance, literature, language and national aspira-

There can be no doubt that such a revival is sweeping over Ireland, and few realize its far-reaching importance or its minute ramification into every phase of Irish life. For instance, within the last few years, no less than four dramatic societies have sprung up in Ireland for the express purpose of teaching the Irish people, by means of the stage, the principal events of their early national history, and trying to awaken in them a national spirit. The dramatic work carried on Ireland at present is most import-

ant. It is divided into two groups; the first group producing plays in Irish, ing water and turns another wheel, lish only. Irish plays are being produced in all the large centres, such as Dublin, Londonderry, Belfast. Cork, and even in the small! towns, like Bray, Dundalk, Trim, Kells and elsewhere.

Potent Factor in Revival.

even among the most stolid of the by Jan. 1, 1909, will employ 100 men. people interest is being aroused. By Sept. 1, 1909, they expect to treble While a number of these plays show that number, and by March, 1910, the comic side of Irish life there agree to be working 500 men. runs, even through the comedies, an they do this they get nothing but the undercurrent of national aspiration, use of the site, with the provision Mrs. Winks-How much better off a man is without doubt one of the most the company quits business or repotent factors in the Irish revival. moves or fails to come up to terms

The gas belt as it was are made for its members. printed books dealing exclusively formerly called is having an awakenwith Irish literature.

Women Helping Much.

Another phase of the revival is the work being done by women over Ireland. Up to recently, Irishwomen have been supposed to tak very little interest in national fairs. With the exception of a feof the "intellectuals," no women terested themselves in politics or even in the homes of Ireland, except, of course, as a matter of in dividual concern. The women Ireland are being appealed to not to purchase anything for the house-English Press Seunds Warning and from foreign markets, provided it is possible to obtain the same hold from foreign markets, providthings from home.

The Irish housewives throughout the whole country are responding splendidly to this national appeal Many of them are even depriving themselves of many comforts simply because they cannot obtain the articles they require from Irish sources. This policy on the part of the women of Ireland is saving millions of pounds to the country and is giving employment to thousands of workers in various Irish indus-

Already the effect of this policy is felt on the poorhouses, which are becoming more empty every year from the fact that employment is being found for people who would otherwise have no alternative but to become paupers. It has also had effect on emigration Similar troubles are no doubt as This year there were less emigrants frequent in other parts of Turkey, from Ireland than from England or Scotland, and this is considered to be wholly due to the revival of Irish industry. In all these industrial undertakings only the Irish are being employed, and this industrial Sinn Fein policy is beginning to tell.

STEAM ENGINE DOOMED

Motion Machine to Replace It.

Alexandria, Ind., Aug. 25. - The Alexandria Commercial Club, formed to encourage the location of industries, is considering a proposition from a company which calls "The Continuous Water Motor Company." The product of the company

is a new invention, which, if practicable, is a sort of perpetual motion. The principle on which the invention is based is the utilization of descending water to not only produce power to run machinery, but by it to re-elevate the water to be used over again. From a tall tower the water comes by its own weight wheel, which runs the plant, whatever it may be. A few feet below geared to a spiral water elevator running on ball bearings, which conveys the water back toward the top where another spiral, running at twice the speed of the first, creates a vacuum and throws and pulls it back into the

first tower for use over again. So confident are the inventors and These Irish plays are being well backers, Messrs. ORSINI BOMBS

Fifty Years Survivor Tells Astonuding Tale.

London, Aug. 25 .- Count Charles di Rudio, who was a companion of Felix Montreal, and says the western Orsini in his attempt upon the life of Napoleon III. on Jan. 14, 1858, and who was then sentenced to death, but pardoned through the intercession of dropped dead from heart failure at the Queen Victoria has, after fifty years' silence, thrown an altogether new light upon the affair in a letter to

well-known Italian notary, which is published by 'the '"Secolo." Rudio states that in 1857 he met, at Charing Cross Station, Mazzini, who asked him if he were still prepared to rid the world of Napoleon III. On Rudio replying in the affirmative Mazzini replied that the moment had arrived. The question arose what

silent rifle, to be used at a palace ball, being first thought of. Ultimately it was decided to use bombs, and they were accordingly made in a Birmingham foundry after the plans of an ex-colonel of the

Austrian artillery. The statement continues that Rudio and Orsini met in Paris at the corner of the Rue de Pelletier, with a stranger who asked how the affair was getting on. Having regarded him closely, Rudio exclaimed, "It is Francis Cristhrough a nozzle to an undershot pi." Orsini was much annoyed at his companion having recognized the future prime minister of Italy.

Several others, it is alleged, took twelve bombs were in the hands of the different persons ready for use, of which only three were actually thrown. The first was that of Gomez, which wounded Orsini himself in the temple. As the blood was streaming in his eyes Orsini put his own bomb, wrapped in a handkerchief on the night by a passer-by.

A Recent Great Invention

The whole world knows that during the last decade as many inventors have been striving for the solution of this vexatious problem as are today striving for the solution of aerial navigation.

SCREWS are driven today by a method which should have been discarded a century ago. Believing that the fault lay in the drivers, inventors have spent fortunes, and deluged the patent offices with improvements in screwdrivers intended to grip the head of the screw and thus hold it firm for driving. quite overlooking the fact that the fault lay with the head of the screwnail itself.

IT SHOULD BE AND IS a just cause for pride with Canadians that the solution of this problem emanates from Canada, by a Canadian, and that this grand little big invention is given to the world from Canada, and also that Canadians are putting themselves in a position where they will share largely in the profits from this invention.

SLOAN'S GIMLET-POINTED SCREW has taken its place in history as one of the greatest money-making inventions of the nineteenth century, having made scores of millions for its owners and shareholders.

THIS INVENTION bids fair to even eclipse Sloan's improvement, from a moneymaking point of view, coming as it does in an age when many times the quantities of screws are used as were in Sloan's day.

lengthy articles dealing with this new invention, and the company who are placing it on the market, in which article I opened subscriptions for \$10,000 of stock.

IN LAST SATURDAY'S ADVERTISER I laid before The Advertiser readers a

THE RESPONSE has exceeded my most sanguine expectations. It is now certain that this issue will be more than subscribed during my ten days here. MAKE YOUR MONEY WORK FOR YOU. This is the secret of success in the

business world. A modest sum of money invested in the making of this invention will have a great earning power for you. The value of the shares will continue to increase for years, under our exclusive patents, until each share will be worth many times what it costs today, while you are protected against any possible loss, just as well as though your money was in the bank at 3 per cent.

SCREW-MANUFACTURING is one of the most exclusive businesses on earth. I am in constant touch with the situation, and today I do not know where I can buy one share of stock in any screw concern, or where I could buy one second-hand wood screw-making machine. I challenge anyone to name another industry so exclusive.

IT IS NOT MY OBJECT to betray trade secrets, but make your own deductions from the following statement: 100 pounds screw wire costs \$2.40. It will make in average sizes, 100 gross boxes of screws. Many readers know what the gross boxes are worth each—the difference (less labor) is profit. The selling cost of screws is practically

ALEXANDER GRAHAM BELL, like many other inventors in years past was compelled to go to the United States to get money to float his telephone inventions. Canadians refused to risk their savings. If Canadians had invested in Bell's enterprise at that time it would have meant easily fifty millions for them now. But things have changed by such as the above experiences and today Canadians are loyally supporting

home industries. READ OUR ARTICLE IN SATURDAY'S ADVERTISER AGAIN CARE-FULLY. Orders for shares will be received by letter, by wire, or personally, at my office, In the Board of Trade, London, up to and including Sept. 2. Open evenings.

Experiments in Co-operative Wheat Growing.

Guelph, Aug. 25 .- Prof. Zavitz, of the Agricultural College staff, has issued a pamphlet showing the results of co-operative experiments with

autumn sown crops. Three hundred and seven farmers throughout Ontario conducted experiments with autumn sown crops during the past year. Reports have been received from twenty-six of the counties of the province. Those counties which furnished the greatest number of good reports of successfully conducted experiments were Bruce, Norfolk, Middlesex. Grey and Halton, The experimenters deserve much credit for the good work they have done for themselves and for the farmers generally. Average results of the carefully conducted co-operative experiments with autumn sown crops are here presented in a very concise form. Winter Wheat-Three varieties of winter wheat were distributed last autumn to those farmers who wished to test some of the leading varieties on their own farms. The following are the averages in yield of straw and of grain per acre: Imperial Amber, 1.4 tons and 25.9 bushels; Abundance, 1.2 tons and 23.3 bushels; and No. 5 Red, 1.2 tons and 22.2 bushels.

Not only did the Imperial Amber give the greatest yield per acre in the co-operative experiments throughout Ontario in 1908 and in 1907, but it also came first in popularity with the experimenters in each of these years. The Imperial Amber will again be distributed throughout Ontario this autumn as one of the three varieties for co-operative experiments. The Dawson's Golden Chaff, which we distributed, for co-operative experiments throughout Ontario in each of twelve years previous to the autumn of 1906, and which is probably grown more extensively in Ontario at the present time than all other varieties of winter wheat combined, has not

been included in the co-operative tests since 1906. Winter Rye-Of the two varieties of winter rye distributed in the autumn of 1907, the Mammoth White stood first in average yield of grain, with 34 bushels, and the Common second, with 28.6 bushels per acre. Last year the Mammoth White surpassed the Common rye by an average of 5 bushels

per acre throughout Ontario. Fertilizers with Winter Wheat - In the co-operative experiments with different manures applied in the spring of the year, the average yields of grain per acre for the past five years are as follows: Mixed fertilizers, 27.6 bushells; nitrate of soda, 25.8 bushels; muriate of potash, 25.7 bushels; and superphosphate, 25.3 bushels. The unbushels per acre. The superphosphate was applied at the rate of 320 pounds and the muriate of potash and the nitrate of soda, each, 160 pounds per The mixed fertilizer consisted of one-third the quantity of each of the other three fertilizers here mentioned. The usual cost of the fertilizers,

as used in these experiments, is between \$4 and \$5 per acre. Fodder Crops-In each of five years. the seed of Hairy Vetches and of Winter Rye has been distributed throughout Ontario for co-operative experiments in testing these crops for fodder purposes. In the average of the five green fodder per acre, but in 1908 the largest yield was produced by the

Distribution of Material for Experi-

ments in 1908. As long as the supply lasts, material will be distributed free of charge in the order in which the applications uniform. are received from Ontario farmers wishing to experiment and to report the results of any one of the following tests: 1. Three varieties of winter wheat. 2. Two varieties of winter rye. 3. Five fertilizers with winter wheat. 4. Autumn and spring applications of nitrate of soda and common salt with wister wheat. 5. Winter emmer with winter wheat or winter barley. Hairy vetches and winter rye as fodder bench and informed the magistrate crops. The size of each plot is to be that he and the district attorney had one rod wide by two rods long. Material for Nos. 3 and 4 will be sent by express, and that for the others by

HAINS ACTS

Insists That He Must Go Back to Duty and Bons His

Uniform.

New York, Aug. 25.—Captain Peter C. Hains and his brother, T. Jenkins Hains were taken from the Queen's County jail today and arraigned in the magistrate's court in Long Islan City, the former charged with the killing of William E. Annis, at the Bay fertilized land gave an average of 22.4 Side Yacht Club over a week ago, and the brother charged with being an accessory to the act.

The captain plainly showed the effects of a week's confinement, but his brother seemed unconcerned and calm The two brothers were handcuffed together when brought into the court An attorney representing John F McIntyre, of the Hains brothers' counsel, accompanied the accused men, who were taken to the court on a trolley

car by detectives. A crowd, mostly composed of women and children, was waiting at the court room door to get a glimpse of the prisoners and several photograph. ers took snapshots of the men as they hurried into the court.

Captain Hains were the uniform of a captain of the United States army to court. In explanation, counsel for the Hainses said that Captain Hains' leave of absence from his post at Fort Hancock expired today, and that when an officer returned to duty after a leave of absence he always wore his

Captain Hains and his brother were placed in the prisoner's pen, while the magistrate disposed of several minor cases. General Hains, father of the accused men, and Major Hains, their brother, were in the court room, but had no conversation with the prisoners. While the minor cases were still undisposed of, John F. McIntyre, of Hains' counsel, stepped up to the agreed to postpone the hearing in the case until Friday. The magistrate consented and the case was postponed.

The prisoners were then taken back to the Queen's County jail. Mr. McIntyre said he did not intend to waive examination when the case comes up Friday, but will proceed

with the hearing. After the hearing Mr. McIntyre join. ed General Hains, and the two left for the attorney's office in Manhattan where a conference was held. Major Hains and Attorney Shea went to the Queen's County jail, where the Hains brothers are confined, and they were admitted for an interview with Captain Hains and his brother. Asked the reason for Captain Hains wearing his army uniform, Mr. McIntyre said that the captain had the idea that he was going back to Fort Hamilton District Attorney Darrin, who is prosecuting the case, said today that he did not believe that the true motive for the shooting had yet come out Major Hains and one of the attorneys for the defense endeavored in vain to induce Captain Hains to remove his uniform and to discuss the murder after he had returned to the jail. The captain strode nervously back and forth in the corridor, in front of his cell, saying: "You don't understand My leave of absence expires today and must get back to my post of duty. I can't remain here any longer. I must get back to the fort."

Every time the counsel brought un the shooting of Annis the captain would repeat the performance and finally his brother and counsel left him with the keeper who was trying to induce him to remove his uniform.

ARRESTED AT DETROIT. Windsor, Ont., Aug. 25 .- F. I. Pish-Detroit last evening and later transswindling Norman Roos, president of tional Bank of Richmond.

We have been in the Telegraph Schoool business for three years, and have sible to thoroughly qualify any

person for a competent operator without actual practice on the main line wires. Realizing this difficulty, the G. T. R. came to our assistance and extended their MAIN LINE DISPATCHER'S WIRES into our class rooms in bath London and St. Thomas schools, as well as supplying us with the necessary blanks and forms required for the thorough supplying us with the necessary blanks and practical education of our students—

AN ADVANTAGE WHICH NO OTHER SCHOOL CAN BOAST OF. We also u THE STANDARD TWENTIETH CENTURY TEXT BOOKS.

compiled by a thorough, practical and competent author—the only text bool used by the large railroad colleges of America. This Great Advantage is the Most Vital Point

in the Choice of a School. It requires a school with the above-mentioned equipment, as well as teachers of ability and experience, to qualify students for positions such as the graduates of this school have been placed in.

It will pay you to call and see us before making a choice. If unable to call, drop a card or phone We are always pleased to explain our methods, and may save you considerable money and loss of time. LONDON COLLEGE OF TELEGRAPHY, LONDON, ONT. Canadian Telegraph and Business College, St. Thomas.

BLOOD DISEASES

Guaranteed Cured or No Pay.

If you ever had any contracted or hereditary plood disease, you are never safe until the virus or poison has been removed from the system. You may have had some disease years ago, but now and then some symptom alarms you. Some poison still lurks in your system. Can you afford to run the risk of more serious symptoms appearing as the poison multiplies? Beware of mercury or mineral drugs used indiscriminately-they may ruin the system. Twenty years experience in the treatment of these diseases enables us to prescribe specific remedies that will positively cure all blood diseases of the worst character, leaving no bad effects on the system. Our New Method Treatment will purify and enrich the blood, heal up all ulcers, clear the skin, remove bone pains, fallen out hair will grow in, and swollen glands will return to a normal condition, and the patient will feel and look like a different person. All cases we accept for treatment are guaranteed a com-

plete cure if instructions are followed. Reader if in doubt as to your condition, you can consult us FREE OF CHARGE. Beware of incompetent doctors who have no reputation or reliability. Drs. K. & K. have been established over 20 years. WE CURE Nervous Debility, Varicocele, Stricture, Blood and Secret Diseases, Kidney and Bladder Complaints. Consultation Free.

If unable to call write for a Question List for Home Treatment. DRS. KENNEDY & KENNEDY

NO CHANCE TO PLAY

Tigers Quit Washington Because Rain.

Washington, Aug. 25.-It began to rain at noon, and the game was called Zaza, blk. m. (Payne) 3 4 5 off by Cantillon. The Tigers left for Philadelphia at 3 o'clock. Today's contest goes into the discard, as the Detroits won't be in the east again this season, and there is hardly a \$1,000 PER MINUTE chance that it will be transferred to Detroit.

MAY MEET JOHNSON

Burns to Fight the Colored Man at Sydney.

Sydney, N. S. W., Aug. 25 .- "Tommy" Burns, who yesterday defeated "Bill" Squires, states that he is anxious to meet "Jack" Johnson in Sydney, and that negotiations looking to a match are now under way.

FOR STAR KETCHELL

Tommy Burns is not the only squared ring artist that is fattening his bank roll. Stanley Ketchell is gathering the currency so fast now that he is carrying several pass books. Ketchell realizes that the money will not come easy all the time and he is ready to tackle anybody, good, bad or indifferent. Ketchell, on Tuesday night, didn't disturb a hair on his carefully brushed head when he whipped Thomas in two rounds. For this little romp he received \$4,490 50. There was about five minutes of actual fighting, so that Ketchell earned close to \$1,000 a minute.

OF MIXED RUGBY JOE SEIGER DEFEATS

when the time comes. He is in a Four" Break from Federation.

Hamilton, Aug. 26 .- Gordon Southam, the great half-back of last year's Tiger Football Team, has decided to CHARLIE SMITH, the St. Thomas stick by his decision made last fall, umpire, recently returned home and not to play Rugby again. Partial objections are given as the reason, but Southam has stated to his friends that were the inter-provincial to come under the C.A.A.U. he might feel inclined to get into the game again. LONDON FANS will be pleased to pletive of "Silk" O'Loughlin, may of the Tigers, including George Baland along with many other members lard, first president of the inter-provincial, believes that the Big Four should become a member of the C. A.

Corner Rugby.

A. U.

It is likely that this subject will be thoroughly discussed at the annual SAM LANGFORD LOOKS meeting this fall, as it is felt that under the C. A. A. U. the "Big Four" could absorb every Rugby team in Ontario, making strong intermediate and junior sections, which would mean the end of the O. R. F. U. The held on Saturday evening when this subject will be discussed and the position of the local club ascertained.

LOCAL MARKET.

Wednesday, Aug. 26. Although there was twenty loads of hay offered there was a good demand and prices were firm at \$10 50 to \$12 per ton.

Straw sold at \$6 50 per ton. A load of new oats sold at \$1 30 per cwt, and a load of old went at \$1 50 per cwt. Straw sold at \$6 50 per

cwt. WEEKLY REVIEW.

Trade at the markets the past week was fairly brisk, and the quantity of produce offered was considerably over that of the preceding week.

The only lines that there were any material change in prices were potatoes and poultry, which were a little lower. For oats and hay, prices were higher.

Grains-That there is going to be a lot of poor oats, one has only to examine some of the loads that are brought to the market to see the big difference in the quality. Sales are made at \$1 25 to \$1 30 per cwt for choice and \$1 10 to \$1 12 per cwt for inferior. Old oats are very scarce at \$1 50 per cwt. The millers are offer-

ing 80c per bushel for wheat. Hay and Straw-There is a brisk demand for hay as there is hardly enough offered. Sales are made at \$11 and \$11 50 per ton. Straw is in good demand at \$6 50 per ton.

Butter and Eggs-Butter is quite plentiful and as there has been a lot shipped in from the small towns and villages, trade as a consequence is on the slow side. Prices are steady at 22c to 23c for crocks, and 24c for pound rolls in wholesale lots. Eggs are steady at last week's quotations, at 18c per dozen for crates and basket lots. Some lots, it is said, were sold

Potatoes-The market is not as strong as a week ago. Sales are made \$4.80; Ontario beet, in barrels or bags, at 70c to 80c per bushel or \$1 10 per \$4 80.

Fruits-The supply of apples is considerably smaller than in the preylous week. Prices are steady at 30c to 50c per bushel. Pears are coming in more freely. The demand is fair, at 85c to \$1 per bushel. Peaches are selling at 35c to \$1 per 11-quart The latter price for Crawasket. Plums are plentiful and slow fords. at 35c to 50c per basket. Grapes are now offered at 35c for the 8-pound

Poultry-The dealers quote lower prices, but say they are higher than this time last year. Old fowl sell at 7c per pound alive, or 9c dressed. Spring chickens, 10c per pound alive, or 12c dressed. Turkeys, 11c per pound alive, or 121/2c dressed. Ducks, Ic to 8c alive, or 9c to 10c dressed. Dressed Hogs-The demand is good, at

so per cwt. Live Hogs-Prices for Monday's shipment will be \$6 25 per cwt for selects and \$4 25 for fat sows. Butchers' Meats-Beef is in fair demand

at \$5 50 to \$7 per cwt; veal is a good sale, at \$8 to \$9 per cwt: lamb easier, at 12c to 13c per lb by the carcase. Wool is selling at 13c per lb for washed

Branton came from Talbotville, was about 55 years of age, and at one time ran the Balmoral Hotel. It is understood he was about to take a position 94% with Kelly & Co., cigar manufacturers, of London.

EAST KENT TORIES IN LOVELY ROW

Pessimism and Bad Feeling Marked the Annual Convention at Dresden.

Toronto, Aug. 25-The Globe's Chat ham correspondent sends the following picture of the spirit in which the Tories of East Kent are going into the general election campaign: Probably never in the history of Liberalism in Western Ontario was the strength of the party led by Sir Wil-191/4 frid Laurier so significantly illustrated as today in Dresden, where the Conservative delegates from the various subdivisions of East Kent assembled to select a candidate to oppose D. A. Gordon, M. P., the present member. Instead of selecting a candidate, after a meeting characterized by discord, pessimism, heated debate and numerous reflections, the delegates departed with nothing done and no one chosen, to assemble at a later date, when, if the appearance of affairs for the Conservatives in East Kent is more propitious, they may name a candidate to oppose Mr. Gor- Bosch, one of the stepdaughters of stirred to its centre today by the Lee De Forest Gets High Tower Privdon in what was characterized by

Birkett, Ottawa Nominee, Stirs as a hopeless battle. Everything seemed to frown onservative cause today. To start with, H. S. Clements, M. P., and Geo. W. Sulman, M. P. P., West Kent, who were billed to speak, were unable to be present. Mr. H. A. Stonehouse, Wallaceburg, who was frequently menex-M.
