BIRDSEYE VIEW OF NAKUSP, B.C.

NAKUSP, BRITISH COLUMBIA

THIS booklet is compiled under auspices of the business men of Nakusp with a view of placing its advantages before the home-seeker, the intending farmer, the capitalist, and the industrial worker, who may seek such opportunities as the town, and the district of the Arrow Lakes, offer. It is confidently felt that the 'afterwar' period will find thousands of families from the British Isles seeking new fields of activity and investment and it is but natural that similar scenic and climatic conditions as they have experienced at home, should find favour in their selection of a new location.

Nakusp, and the various points along the lakes, offer these ideal climatic and profitable conditions. The town (pop. 500) is the commercial, industrial and farming centre of a beautiful lake district extending 65 miles north and 92 miles south. It is headquarters and home port of all the modern, palatial and speedy Lake steamers of the Canadian Pacific Railway. It is the western terminus of the Nakusp-Slocan-Kaslo branch of the same Railway, connecting with main line at Revelstoke and Nelson for all parts of the continent.

REID'S STORE
NAKUSP

Nakusp lies prettily on the eastern shore, overlooking a crescent-like bay, of the Arrow Lakes, 3 miles wide, with a magnificent view 8 miles south. The snow-capped mountains in the far beyond with here and there sheets of clouds hanging idly between the glassy waters and the lofty peaks, added to the movements of steamers, launches, rowboats and canoes, give a picturesque panoramic view seldom equalled in any part of the world.

The Nakusp Hot Springs, alongside the Kooskanux Creek, 8 miles north east are famous for their curative qualities, and attract hundreds of rheumatically afflicted patients, who find permanent relief. These springs are free to all seeking health or pleasure, camps, saddle- and pack-horses being supplied at Nakusp at a reasonable charge.

To the tourist the town offers many attractions,—fishing, bathing, boating, and hunting, with good hotel accommodation.

For the farmer there are thousands of acres of good land available in the lake district, on the shores and benches above, both improved and in the virgin forest state, at reasonable prices, ensuring good returns to the industrious land worker and fruit grower.

MR. P. A. O'FARRELL, in *T.P.'s Weekly* of London, Eng.—

“Storms and tempests are utterly unknown, and as equally unknown are extremes of heat and cold. Picture Killarney on a vast and far more beautiful scale and free from the tempests and mists and rain and you begin to realize the Arrow Lakes with their beauty, grandeur and attractiveness. The picturesque beauty of these lakes and the sublime grandeur of the mountain scenery find no parallel upon this globe of ours. The climate and soil are all that is desirable. The apples that are grown on the shores of these lakes are the finest that I have ever tasted.”

GEO. BRADBURY, M.P., Selkirk, Man., said—

“I have travelled a good deal, but never have I seen anything to equal the trip down the Arrow Lakes from Nakusp to Robson.” Aug. 20th, 1909.

MR. W. R. HEARST said—

“I have seen the most beautiful lakes of Italy and Switzerland, but I have never seen anything fairer than the Arrow Lakes.”
