THE "1900" WASHER SAVES WOMEN'S LIVES

EVOLUTION

**"'Tis not so much how much you pay.
'Tis what you get for what you pay."**

WE often have people find fault with the price of of our machine, saying they can buy others cheaper. There are all kinds of washing machines from the washboard up to the

"1900 JUNIOR"

Washer, varying in price according to cost and what they will save or do. The washboard probably costs the least of any, but considering the wear and tear of clothes, the hard work and the time it takes, it is without doubt the most expensive. We say to all those who find fault with the price that they can go down the line of all the different kinds that have been produced and select according to the price, and they will only get what they pay for.

We Illustrate This Point on the Opposite Page.

"Evolution!" The one who rode in the canoe washed what few clothes he had in the brook. There is certainly a difference in the value and cost of this rude canoe compared with the steamer that now runs beneath the massive structure of Brooklyn Bridge, as shown in the picture. Why should not the same difference exist in washing machines? One watch costs a dollar, another \$100.00. Everyone recognizes the difference in values. All we ask is that you compare the work of our machine with that of others before you purchase.

CONVINCING TESTIMONY

The following is a partial list of the people who have answered our advertisements and requested us by mail to send them our "1900 Junior" Washer on trial. These people, after testing our washer, write in the highest terms of their satisfaction with the machine.

It would be simply duplicating these letters to print all of them, so we publish but a few of them, and give the names and addresses of others. What our machine has done and is doing for others, it will do for you.

DUNNVILLE, ONT. April 1st.

THE BACH SPECIALITY CO.,

Gentlemen,--Please find enclosed \$14.00 for Washer. It would be impossible to tell you how pleased I am with the washer. I never could have believed such a satisfactory machine existed. I am more pleased every time I use it, and am continually telling my friends about its worth. They say, "why I thought no washing machine would suit you." But this washer would suit anyone. I was telling a friend to-day as she was watching it being worked, that if I were to live 20 years I would hate to part with it for its weight in gold. Washing is only a pleasure and the clothes look so beautifully white. I feel very grateful to someone---I scarcely know who--possibly the inventor and you for offering it on a month's trial, for I suppose I would not have bought one unless I could have tried it or had a recommend from someone I know.

Thanking you very much for your trial offer.

I am, Yours truly,

MRS. JOHN A. COOKE.

YARMOUTH, N.S., Jan. 5, 1904.

DEAR SIR;

I am writing to let you know I am ever so much pleased with the "1900 Junior Washer. You cannot say too much about it. I should have said so before but I wanted to let my neighbor know about you too. Everyone that has seen it is much pleased with it, and no one more than myself.

Yours faithfully,

MRS. J. J. GIETZ

Brantford, April 29th, '04.

Dear Sir,--Having given your "1900 Junior" Washer a thorough trial I find it to be the best I have ever used, and do not think it can beat and would advise every house-keeper to have one, as it makes washing easy and the clothes cleaner and whiter than any other machine or wash board.

Yours truly,
