THIS SALVE, prepared from the original Receipt procured from a celebrated Turkish Hakim, (physician) of Smyrna, in Asia Minor, and which has obtained an unprecedented celebrity in Great Britain and the East Indies, from the astonishing Cures performed by it in both these counties, has lately been introduced into Montreal. As might be expected, its popularity has followed it, and its use is becoming general among all classes. The Proprietors, prompted by the very flattering reception it has met with in the Metropolis, have determined on extending its useall classes. The Proprietors, prompted by the very flattering reception it has met with in the Metropolis, have determined on extending its usefulness to all other parts of Canada; and, for that purpose, have established Agencies in all the principal Cities. They flatter themselves that when its wonderful properties shall become more generally known, they will meet with that encouragement which the introduction of such a valuable medicament into a country justly entitles them.— The contracted limits of an advertisement necessarily precludes their entering into any adequate detail of its merits, but, for the information of the public, they intend to publish, from time to time, such statements of cures as have or may occur, and for the present will content themselves with merely enumerating some of the complaints for which it has been used with the most complete success—Such as Swellen Glands, Broken Breasts, White Swellings, Whitlows, Scalds from Steamboat explosions, or other causes, Barns, Fever Sores, Scrofulous Sores, Sore Nipples, Carbuncles, Scald Head, Guan-shot Wounds, Bruises, Boils, Frostbites, Wens, Chilblains, Ulcerated and Common Sore, Throats, and Bonions. If used in time, it will prevent or cure Cancers, also, Swellings arising isom a blow on the Breast, Ring Worm, Pains in the Back, Rheunatism, Gout, Pains, in the Chest, Palpitation of the Head, Swelled Face and Toothache. In fact, it is impossible to enumerate half the complaints that have been cured by the application of this Salve. It is very portable—will keep in any elimate, and requires little or no care in its application, as it may be spread with a knife on any substance, such as chamois leather, linen, or brown paper.

would not use the old kind, on account or the trouble attending it.

DURANTLETY.—In this respect this Ink is fully equal to the best in use.

LERKAGE.—Ink with a preparation is very apt to leak after it has been put up a year or two; and so are also most kinds without a mordant; but this Ink is scarcely more liable to leak than common liquids.

BREAKAGE.—This is wholly avoided, whereas there is hardly any thing more liable to break in transportation than the common kind of Indelible Ink.

Fakroiry.—As this link weighs less than one pound to the dozen, or only one quarter as much at the old kind, the saving in freight is worthy of onsideration.

Dr. David Marvin, celebrated Practitioner of New York, declared publicly, that one bottle of Halsey's Forest Wine contained more virtues than fifty in the large b.tiles of Sarsaparilla. Messrs. S. S.
